### VON HINDENBURG DEAD AND HITLER MASTER OF GERMANY

Paul Von Hindenburg of Germany passed on to his reward. Adolf Hitler, Austrian born, stepped into the vacant shoes of the old lion who was nearest and dearest to the heart of Germany than any emperor of the dead house of Hohenzollern or any of the warriors who have figured in German history for many decades. Von Hindenburg was a great soldier. He was a greater statesman. His courage was lion hearted, his loyalty to his people never questioned and his devotion to duty-linked with his patriotism made him the idol of the millions beyond the Rhine. He was a born monarchist. He was loyal to his emperor and loyal to his people. He won many victories in the early days of the World War. When defeat came he never faltered. He carried his ragged troops back to the homeland. In peace he was greater than he was in war. He had the confidence of all—the high and the humble. At an advanced age became president of the republic and he was as loyal to the republic as he had been to the empire and its emperor. He had the army behind him. He was its idol. He had a vast majority of the people with him. They had absolute confidence in this old lion of the Teutonic tribe. He was the iron handed chief magistrate. He held in check the radicals as well as the reactionaries. He was the safety valve of his country and its people.

Now Hitler is master of the situation. He has taken over the reins of government. He has the army behind him, that army ever loyal to Von Hindenburg. Will power make this dictator of Germany stark mad? Will he lead his people to the land of promise or into the dark valley of destruction? All the world is hoping for peace, all the religious minded are praying for peace and yet most of the practical thinkers of the world are fearful that Mars, the god of the sword, will let loose his furies in the near future and another carnival of blood will crimson the pages of coming history.

As for the lion hearted warrior and statesman who has passed out of the picture, he will occupy a large place in history for the rich material he had created in the activities of a wonderful career will be given proper recognition by the historians of the future as well as the chroniclers of passing events of the hour.

No citizen takes a real interest in his home city until he does something for it.

A city full of "buck passers" never gets very far in the March of Progress.

### City Dads—

(Continued from page 1)

straining the city commission from interfering with the rates when the company raised them from 67 1/2 cents to \$1.47 1/2 per 1,000 cubic feet, was raised, and Commissioner Sherrill accused Commissioner Johnson of having misquoted the facts and figures. Johnson said that he didn't know what Sherrill had been told, but that he had not mistaken the facts.

Spokesmen for the Eastland Fuel corporation were Forest Wright of Cisco, who represented the Hickok company in the capacity of attorney; R. L. Ponsler of Cisco, Horace Condey of Eastland, and Mr. Hickok.

In reply to questions, Mr. Hickok said that it was true that he had sought to contract his gas to the

Lone Star, but that since they turned it down and since he had begun installation of the gas distributing plant at Cisco and plans for similar plants other places, the Lone Star did not have enough money to buy his gas.

We are financially able to put in the plants we want and are not bluffing when we say we are not going to do a thing. We are not going into any fight or cut-throat proposition, however, and unless the Eastland city commission sees fit to give us a franchise on a basis on which we can survive we shall adopt other methods of getting it or leave the matter where it is, Mr. Hickok said in substance.

Samuel Butler, head of the Arab Gasoline corporation, was present and desired to be heard concerning a franchise for the Arab Gasoline corporation. John Turner, attorney for the Arab, stated that Mr.

Butler did not want to grant a franchise for the Arab Gasoline corporation. Mayor Donald Harrison argued the case for the Arab Gasoline corporation. The argument was rather pointed with the members of the commission in their presence. There is little chance of any other franchise being granted anywhere that has been discussed.

Tobacco is sold in open auctions. We buy the right kinds—mild and ripe—for Chesterfield—and pay the price

..but even that's not all there is to it

AFTER you receive the tobacco from the farmers you have to dry it just right and then store it away for ageing for over two years. Then you take the different types of home-grown and Turkish tobaccos and weld them together in such a way as to make a balanced blend.

The Chesterfield process of drying and cross-blending tobacco is different from others, and we believe it helps to make a milder, better tasting cigarette.

Down where they grow tobacco—in most places—Chesterfield is the largest selling cigarette.

### Martha Dorcas Class

#### Hears Fine Lesson

The Martha Dorcas class of the Methodist church heard a splendid lesson by the class teacher, Mrs. C. C. Roby, at the Sunday morning session in the Methodist church, with meeting opened by Mrs. H. O. Satterwhite, president. "Hymn, "Blessed Assurance" and the Lords prayer in unison was followed by a brief business session and announcements. The class regretted to learn that Mrs. Frank Pierce was to be operated on for appendicitis that day. The lesson was based on the topic "Sharing With the Needy" taken from Second Kings, fourth chapter. The speaker said, we receive blessings in relying on God's promises and leaning on the Lord. The session closed with the class prayer in unison by Mrs. J. Atchley, W. L. Godfrey, Betty Harris, W. C. Marlow, Verge Foster, Jack Noel, D. J. Jobe, Carl J. Johnson, C. C. Roby, Jack Dwyer, E. Sparr, Frank Allen Jones, Fred Hale, Howard Brock, W. A. Hart, H. C. Satterwhite, and Miss Loretta Morrish.

### Home Makers

#### Class

In the absence of the President, Mrs. S. D. Phillips, the Home-Makers class was opened with prayer by Mrs. Ray Lerner, the class teacher, followed by voluntary scripture quotations by members of the class, at the session Sunday morning, Baptist church. The theme of the lesson "Helping the Needy" was taken from the Second Kings, the current lesson for the day in all churches. The speaker dealt more particularly with the miracles of Elisha which were done for the needy. Corroborative scripture readings were given by class members in connection with this statement. The point was stressed that the Lord took care of those who were really in need and suffering and directed Elisha's efforts in this way. Those present: Mmes. Ray Lerner, T. L. Amis, William Shirriffs, S. C. Walker, T. O. Adair, William Cheatham, Ernst Harkrider, C. T. Lucas, Artie Liles, Morgan, and W. P. Palm.

### Visiting

#### At Home

Miss Gretchen Overton, formerly of this city, and who has been with an oil company in Houston the past two years, is visiting her parents, Mr. and Mrs. J. B. Overton. #### Class

The 9:49 Bible class had no regular session at their meeting Sunday morning held in Methodist church, as their class teacher, Judge J. E. Hickman is away on his vacation and the president, D. J. Jobe, was absent. The session was opened by Earl Bender, vice president, and a splendid song service was held, led by E. M. Collier with Mrs. T. J. Haley at the piano. A special number was sung by 6-year-old Ben Mays of Mangum "The Old Spinning Wheel" and who responded to an encore. There were 40 members present who adjourned to the Booster class as guests of the morning.

Judge W. P. Leslie presented a fine lesson at the morning meeting of the Booster class in the Methodist church Sunday with session opened by the class president, Mrs. Ed F. A special voice solo, "My Mother's Love" was sung by Wendell Hunter. Judge Leslie's lesson on "Help

Others to Help Themselves" was based on the scripture lesson for the day in use in all churches. The speaker brought out some fine comparisons showing that in order to help others we must first, ourselves, rely upon God's teaching and believe in his guidance. Those present: Mr. and Mrs. Ed F. Willman, Mr. and Mrs. H. Kelly, Mr. and Mrs. F. M. Lemmert, Mr. and Mrs. H. L. Hassell, Mr. and Mrs. W. W. Kelly.

### Commencing Tomorrow at Lyric

Lauree and Hardy and Lupe Velez in "Hollywood Party"

### Stunning Girls Were "Hand Picked" for "Hollywood Party"

Fifteen hundred of Hollywood's most beautiful girls take part in the latest multi-star extravaganza, "Hollywood Party." Metro-Goldwyn-Mayers new conglomeration of joy and music, romance and comedy, spectacle and synecopation which comes Wednesday to the Lyric Theatre. "Hand picked" from among the glamorous hostesses of the Green capital, this aggregation of fair femininity embellishes one of the most daring and original screen features in years.

The girls who take part in kaleidoscopic "Hollywood Party" sequences were chosen from some eight thousand applicants and appear with an elaborate cast which includes Lauree and Hardy, Jimmy Durante, Charles Butterworth, Polly Moran, Lupe Velez, Frances Williams, Jack Pearl, Ted Healy and others of note.

The picture brings an absolutely new form of entertainment to the screen. It is basically a logical play leaning toward comedy but with much romance as well. Into it as an integral part of the drama are woven the amazing spectacles and liting musical numbers. These include the work of three great song-writing teams.

Rodgers and Hart wrote the "Hello" number, sung by Jimmy

Durante, Jack Pearl and the huge cellophane-clad chorus of beauties; also the "Singing Wires" number in which Frances Williams appears with another crowd of beautiful and daintily-clad girls. "I've Had My Moments," sung by June Clyde and Eddie Quillan as the love motive, was written by Walter Donaldson and Gus Kahn. By an amazing trick of camera ingenuity "Mickey Mouse," the cartoon figure, actually appears with human actors and stages the "Silly Symphony." A spectacular dancing number staged in a huge glass and cellophane set, the entrancing Mystical Bop which whirls bevy of beauties in a rainbow-like effect, the sensational dance over the tables before the "Musical Wall"—a great orchestra suspended in mid-air—are some of the added thrills of the novel production.
