fine Foods Sweepstakes sale underway while picking up a chance to win a 1967 Golden Jeep Auto Grand Prize. While racing off with the many scheduled values for their kitchens during the 10-day sale at Affiliated Food Stores, Texas housewives will have the opportunity to register for hundreds of valuable prizes. No men allowed! But while their Texas Gals register—at no obligation—for the parade of prizes they can march through Affiliated Food Stores getting food savings by the through 11. The Eastland County JRB Stores are participating in the program. Jimmy Long is manager of the Cisco JRB Store; R. V. Robinson is manager in Eastland; and Hal Bogus, is manager in Ranger. Winners need not be present at the March 20 drawing.

The rugged Jeep first prize is ideal for family outings, camping, fishing, or picnics, and will handle any load. Many other prizes include four second prizes of famous brand color television sets. Six third prize awards will include four sail boats and two fishing boat rigs for family recreation. Other valuable prizes will be awarded during the Young Mother Sweepstakes Sale. No one—not even the Texas man—goes home without marking up big savings during the sale. Affiliated Food Stores has 860 member stores in Texas, reaching from the Red River to the Rio Grande. Free registration for the Shurfine Sweepstakes drawing, with no obligation, may be made at your local Affiliated Food Store.

Announces New Radial Tire Line
Horton Tire Co., Eastland and Brownwood, has announced the availability of the radically new Radial tire at their stores. In announcing the new tire, Co-Managers Hollis Clifton and James McCormick said: "The Radial tire is the first major breakthrough in tire manufacturing since the development of the balloon tire over the high-pressure tire. It's not just another 'improvement'—it's a brand, new kind of tire, radically different in many, many respects." As dealer for the Dunlop Tire Co., inventors of the radial tire, the Horton Tire Co. is the only firm in this area offering the drastically new tire. The local managers quoted in a Detroit executive in saying, "The radial-ply tire is the most revolutionary change in American tires in many years." Don Messinger, co-owner of Horton Tire Co., reports that he has had radial tires on his personal auto for several months and states that everything claimed for the new tires, he has found to be true. "This is not just an improvement on a present system, but an entirely new concept in tire manufacture," he says, "that is instantly recognized by drivers."

Court of Civil Appeals

(Continued from page 1) by as a "convenience for the people who use the court." In his practice of law for seven years, he said that he represented a "hue and cry" for moving the court to Abilene and entered no petitions.

Citing statistics, he pointed out that in 1925 when the court was established in Eastland, the oil boom population was some 60,000 and the Abilene population some 26,000, but the court had been properly placed at that time, but of now he said, times and populations have changed.

Eastland County has some 19,000 and Taylor County some 20,000, he said. Going to case-load of the court, he said that Taylor County files 25% of the cases, and that the five "eastern" counties in the District (Eastland, Palo Pinto, Erath, Stephens and Comanche) together file about 48% of the cases in the west file about 2%, he said.

"Taylor County is more centrally located both in population and geography," Mr. Dickson said.

"What does a lawyer do when he goes to Eastland?" he asked. "There's no place to stay and there's no place to eat. He must fly into Abilene or Dallas and rent a car to go to Eastland."

"Half of the court's cases come from other districts. Of 626 cases filed in the past five years, some 300 came from out of the district."

"It's not a chamber of commerce thing," he said, "it's a matter of convenience."

Griffin said that the best interest of justice would be served by moving the court to Abilene.

Committee Chairman Ray asked: "What are the wishes of the three judges?"

Rep. Dickson replied that he had had no expression from the judges.

Sanmestaban asked why it would be a convenience since there are no witnesses called in the appeals court.

Dickson said that it might cost the clients more when the attorneys are forced to come to Eastland.

Rep. S. asked about the landing strip.

"Yes, there's one but there's no commercial air service to Eastland," Dickson said.

Ray: "Are the present court facilities adequate?"

Dickson: "I don't know."

Dickson later called the airstrip "primitive" and added that while the court's facilities are probably adequate, they aren't as plush as those in Austin. "They could be a lot plusher," he ended.

Rep. Musgrove opened for

the "stay-where-it-is" group asking all who had come favoring the present location to stand, and it was a virtual total stand-up as the Eastland supporters came to their feet from the widely-spaced desks all over the House floor.

Attorney Virgil T. Seaberry Jr. made the major presentation, and began by explaining the investment the county has in the court. "We've spent money improving the 11th Court, I think that eventually someday, people would stop attempting to move it."

He explained how some \$25,000 had been raised to rent and remodel a court for the 11th when it was established in 1925 and how through the years money had been spent, including a \$313,000 courthouse one floor of which was given to the appeals court. The court's replacement value would be some \$250,000, he said, and last year we went into a remodeling project at nearly \$60,000 to centrally heat and air condition the court. The court now utilizes two floors in the courthouse.

Seaberry then showed that few of the state's 13 courts are located in the "center" of their districts. "Anyone can reach Eastland court from anywhere in the district in less than two hours," he said.

Quoting Dickson, Seaberry explained that in fact most of the cases are transferred in, then went on to tell the committee that these cases are generally heard by the court in the district they are filed in.

From 1960 to 1964, there were 417 cases heard. Some 47 percent were transferred in from other counties and about 33 percent were filed Abilene and west in the district.

"Lawyers are not inconvenienced," Seaberry said, "be-

County Judge Scott Bailey

W. B. Wright of Cisco

Rep. Temple Dickson

cause in the past two years, of 209 cases, 133 were from out of district, only 23 percent were from Abilene or west, with only 12 percent margin."

"Why move the court for six cases?" he asked, "And further why should the taxpayers of Taylor County be penalized by providing facilities when adequate facilities already exist."

"We have hotels, motels and restaurants," Seaberry said, "and we've heard no complaint about them. The judges would be penalized if they were forced to relocate their homes."

"The court represents some \$78,000 in payroll annual and 'yes,' that may be a chamber of commerce matter, but it's a vital matter to the town of Eastland."

Chamber President Jay Staggs pointed out that the all-weather airport facilities are adequate and that the city takes pride in the court.

Rep. Longoria asked: "How far is Eastland from Abilene?" "55 miles, and few lawyers appear before the court often than about once in five years," Seaberry answered.

County Judge Scott Bailey asked that the matter be put to rest for good, and pointed out a major "inconsistency" in the bill—it names Abilene, but it would be Taylor County that would have to provide the facilities.

Judge Bailey further stated that keeping the court in Eastland could be considered keeping a contract, in which the court was placed here so long as adequate facilities are provided. And they are, he said.

Ranger Mayor Morris Newnam said, "We hope it never comes out of committees."

James Myers, Gorman chamber president presented a petition of 105 names stating that a move would be "unjust."

Cisco Attorney and Chamber President W. B. Wright brought chuckles in the hall when he stated:

"If we followed Mr. Dickson's line of logic, we'd just have to move the nation's capitol from Washington, D. C., to St. Louis, Mo."

Others testifying for the local cause was Virgil Moore, formerly of Eastland and now of Breckenridge.

While not actually assisting with the presentation, Abilene Reps. Frank Calhoun and Grant Jones were on hand, assisting Dickson.

Dickson had the closing time, and used it to say that keeping the court in Eastland would make the court suffer because the county can't afford it. "It can be afforded in Abilene." (Results of the

EXPERIENCES WITH INDIANS DESCRIBED BY PIONEER HERE

(Editor's Note: Dr. E. R. Townsend died March 15, 1933 in Eastland. He was the father of the late Dr. E. R. Townsend who passed away Feb. 29, 1964, in Eastland.)

Among the early pioneers venturing into this country to blaze the path for settlers who were to follow Dr. Edwin Daniel Townsend, veteran physician of Eastland who came to this section more than a half century ago.

Dr. Townsend was born at Eddyville, Logan County Kentucky, Sept. 6, 1861. He left there in the fall of 1870, with his parents, J. T. and Mary Josephine Townsend who in company with a number of other families, made up an immigrant wagon train for Texas. The party crossed the Mississippi River at Memphis, Tenn., crossing on ferry boats. From here their route lay through Arkansas over the Cordor road, hitting the Texas line at Mills Creek, where the Red River was crossed on boats.

Once in Texas the elder Townsend struck for Kaufman where he had a cousin, Will Townsend. After visiting here for a short time, Mr. Townsend and his family started out again looking for a suitable place to settle. They passed through Dallas, then a small town with one railroad and another under construction, land around Dallas, Dr. Townsend says, could have been purchased at then for \$5 per acre. From Dallas the family went to Waco then the railroad terminal in the state.

While at Waco Dr. Townsend's father met a Mr. McNeely from Comanche who was there to buy lumber with which to finish a log cabin home. McNeely gave such a glowing description of the country, around Comanche that the older Townsend was persuaded to accompany him to Comanche where the family spent the winter.

At intervals during the winter at Comanche Dr. Townsend's father took trips into the western portion of the country looking for a location for a ranch. This ranch was finally located at what is known as Lem Switch, a few miles northwest of Eastland. In June, 1871 the elder Townsend moved his family to the new ranch.

From Bill McGough's ranch they blazed the road to their new ranch. On their way to their new location the Townsends passed through what is now the city of Eastland. They built a camp in which the family lived until their log cabin was finished. That fall, lumber with which the cabin was floored was hauled from Comanche. The Townsend home was the first in the county to be built of hewn logs and the first to have other than a dirt floor.

Dr. Townsend said that so far as he knows C. B. Jenkins of Cisco and himself are the oldest settlers in the county. There were only three other families in the county when they settled here, Dr. Townsend said. These were

Tuesday gond election weren't known at the time.)

The hearing ended at 10:10 a.m.

Ranger Mayor M. Newnam

Bill McGough, Peterson Davison and the Justus families.

At the time the Townsend family came to Eastland County, there was plenty of wild game such as bear, deer, turkey, wild hogs, buffalo, antelope, lions, etc. in the county. Buffalo by the thousands were to be found 15 or 20 miles west at that time, Dr. Townsend said. "I killed several bear near our ranch and captured two cubs which we made pets of, Dr. Townsend said.

In the fall of 1872, C. B. Jenkins, Jim Woodham and myself were out looking for beef between our ranch and where Cisco is now, a northern blow up and we stopped to build a fire. I was holding all three horses as we did not dare turn one of them loose, and as Jim Woodham stopped over to pick up some wood for the fire he heard Indians who were on raid through the country. Soon after hearing the noise from the feet of their horses, Woodham saw the Indians and gave a signal for us to get on our horses. The Indians saw us and gave chase but we beat them home.

They passed on through the county and killed some people at the head of Paluxie creek in Erath County, Dr. Townsend said. "Several days later the Indians came back through this section. They camped and killed a beef where Eastland is located. They broke camp about 4:00 o'clock in the morning, came by our ranch and stole most of our horses among which were some fine ones we had bought from Kentucky. A number of settlers pursued the Indians. They reached our ranch about 10:00 o'clock in the morning, and we joined them in the chase. After following the trail two days, we were forced to abandon the pursuit because of the buffalo having obliterated the trail.

The county seat was then located at Merriman. In August, 1875, an election was held to determine if the county seat should be re-located. One hundred and twenty-seven votes were polled, 67 of them were from Eastland and the rest were divided between Merriman and McGough Springs.

Dr. Townsend has in his possession an old chair in which his mother sat during the wagon trip from Kentucky to Texas.

Dr. Townsend was married in Eastland to Miss Ann Ray Scott of Dallas. He has two children, Dr. E. R. Townsend of Eastland, and Mrs. John Kimberg of Ranger.

Six Area Towns Are Represented At Youth Meet

Members of six churches within the Thomas Coke Cluster, Methodist Youth Fellowship, met in First Methodist Church, Ranger at 2:30 p. m. Sunday, Feb. 26.

The host church under the direction of Tom Golemon presented the program.

Youth and their sponsor from Cisco, Cross Plains, Rising Star, Eastland, Strawn and Ranger were divided into groups for discussion of two forth-coming legislature bills-liquor by the drink and pari-mutuel betting.

Following the program, the group enjoyed refreshments and a social hour.

RISING STAR REVIVAL
Evangelist Bob Thrower is conducting a revival at the new Seventh Day Adventist Church in Rising Star, according to a report. Services begin at 7:30 p. m. each night and will continue through Saturday, March 11. The church is located across from the Rising Star Rest Home.

Son Of Ranger Couple Dies In Arlington Home

Garland Winnegar, 52, died at his home in Arlington Thursday of an apparent heart attack.

Funeral was held in Arlington on Saturday with military rites following in the cemetery in Tishomingo, Okla.

A resident of Ranger from 1919-1940, he was a veteran of World War II, serving with the 36th Division.

Survivors include his wife, two sons, Max and Ronnie of the home; his father and step-mother, Mr. and Mrs. L. R. Winnegar of Ranger; two sisters, Mrs. Joyce McKeever of Irving and Mary Davis of Dallas.

Mr. and Mrs. Winnegar attended final rites.

Visiting this past weekend in the home of Mr. and Mrs. J. I. Brinkley was a daughter, Mrs. W. H. Raney of Freeport.

Steve Clark, who has been stationed with the Marines at Camp Lejeune, South Carolina, has been home for the past two weeks visiting his parents, Mr. and Mrs. Jim Quarry. He will leave for Vietnam in the near future.

KINDERGARTEN NEWS, NOTES

with its "hearts and flowers" was a most thoughtful gift at Green Kindergarten. The children were given a party in honor of their son, Gary Don. Sherri Phelps celebrated her sixth birthday on Feb. 11 at the school. A surprise birthday party was given for Mrs. Fern Green, teacher. On Feb. 14, Mr. and Mrs. Neaman Smith entertained the kindergarten children in honor of their son, Seth O'Neal Smith. Refreshments served included cup cakes decorated with Valentines. During refreshment periods in February the children played games, sang songs and enjoyed a big Valentine exchange. Each child made his own Valentine container for the Valentine Post Office. Mrs. A. E. Cushman, teacher, assisted by Mrs. Dorothy Williams, teacher, helped their group make decorations for their kindergarten room while the children assembled in Mrs. A. K. Garretts room to make Valentines for their families.

Rangers to Play Regional Contest In Amarillo Meet

The Ranger College basketball team will travel to Amarillo to participate in the Region V Tournament to be held March 2, 3 and 4 in the Amarillo College gym. Last year Ranger beat Amarillo College and Odessa College to advance to the finals, but a hot shooting Dallas Baptist quintet dropped the Rangers in the finals. Dallas Baptist and Ranger should be the teams to win this year as both teams bid for a trip to the national tournament in Hutchinson, Kansas.

The Rangers, currently 24-2 for the season, captured the Texas Junior College Athletic Conference title by defeating Temple 90-82 in Brenham. The Rangers will go to regional ranked No. 4 in the nation and will try to up their season record.

Circuit Supervisor Will Speak Sunday

A. Pate, representative of the Watchtower Bible and Tract Society of Brooklyn, N. Y., and circuit supervisor of Jehovahs Witnesses, Texas Circuit No. 12, arrived in Eastland Monday, according to Eugene Sipes, presiding minister. He was accompanied by his wife.

They will assist the local congregation in their door to door ministry, and he will address the group Saturday at 8 p. m. and the public at 3 p. m. Sunday. Subject of his speech will be "The Heritage of Youth, Will It Be Good or Bad?" A color film showing how parents can assist the teen age with their problems will be shown following his talks, Mr. Sipes said.

All meetings will be held at the Kingdom Hall of Jehovahs Witnesses, 204 North Dixie, Eastland, and the public has been invited to attend.

Final Rites For Former Rangerite

George P. Sides, 71, resident of Brazos, died in a Mineral Wells hospital on Thursday, Feb. 23.

Final rites were conducted in Brazos on Saturday with burial in Brazos cemetery.

Mr. Sides was a native of this area, spending his boyhood in the Oak Ridge Community near Caddo.

Survivors include two brothers, M. L. and L. A. Sides and one sister, Mrs. Lora Mitchell, all of Ranger.

Ranger relatives attended the funeral.

RUBINOFF DUE FOR CONCERT

When Rubinoff appears in Ranger in a program of popular concert music, he will play on one of the most precious instruments in the world, the famed Romanoff-Stradivarius Violin insured for \$100,000.

Rubinoff will appear at RJC Auditorium on March 15.

Mrs. O. M. White Hostess To Meeting

The Rebekah Circle of the First Christian Church met at 3 p. m. Monday, Feb. 27, in the home of Mrs. O. M. White.

The meeting was opened with prayer by Mrs. White.

During the business session, which was presided over by Mrs. A. D. Webb, a report was given on the bake sale held last Friday in the church annex. Also, it was announced that the group will furnish new clothing for an eight year old boy from the Juliet Fowler Home for Easter.

Rev. Eugene Williams, pastor of the church, presented the program. He showed many interesting slides on the country of Turkey.

The devotional, entitled "God's in Every Tomorrow", was given by Mrs. Porter Woods.

After a reading on "Heart Vision" by Mrs. Webb, the closing prayer was given by Rev. Williams.

Refreshments of apple pie with whipped cream, fruit cake, cookies, tea and coffee were served to the following members: Mmes. R. I. Malone, Webb, C. M. Oakley, Woods, White, Guy Robinson, Williams and M. G. Cartwright; also, Mrs. Birdie Reed, Rev. Williams and Mr. O. M. White, visitors.

Princess Telephone Rate Is Reduced

Southwestern Bell Telephone Company announced today that effective March 1 the monthly rate for a princess telephone will be reduced from 75 cents to 50 cents.

Charles Wilson, Manager of the Telephone Company, said the reduced princess rate is

in addition to the cut in long distance rates and other miscellaneous rate decreases which were announced late last year, resulting in annual savings of \$6 million to Southwestern Bell customers in Texas.

Texas is Ford Country.

Where '67 Mustang is king of the road

Mustang came galloping into Ford Country 2 1/2 years ago. Won king-of-the-road honors with the most phenomenal sales success of any new car in history. Gave you more style... more excitement... more of everything for its modest price tag.

'67 Mustangs are all-new!

Wider! Sportier new options! 49 more horses in a 390-cu. in. V-8!

SelectShift goes manual or automatic. New Fil-Away Steering Wheel shifts out of its way to welcome you in. New road-hugging wider tread is standard.

More buckets, carpeting, fully synchronized stick shift! So is the Mustang look! Hardtop, convertible, or fastback.

4-H Club News

Prepared

By

The 1967 Foods Show was a big success! There were 13 Junior and 3 Senior participants in the show. Miss Barbara Williams, Gorman, Senior 4-H club member will represent Eastland County in the District Foods Show, April 8. Other Senior participants were Lynne Pippen and Kay Green. All three girls earned a score of 90 and above thus received blue ribbons.

4-H members receiving blue ribbons in the junior division were Brit Ferguson, Cisco-Meat Group; Jeanette Jackson, Gorman and JoAnn Green, Cisco - Fruit and Vegetable Group; Brenda Browder, Gorman 4-H Club-Bread-Cereal Group; and Teresa Browder, Gorman, Milk, Group.

Receiving red ribbons in the junior division were Krista Henderson, Kathy Ripley, both of Gorman and Caddy Lee of Cisco—Meat Group; Annette Jackson and Sha Rogers of Gorman and Caryn Lee of Cisco, and Becky Miller, Morion Valley - Fruit and vegetable group; and Bill Farnsworth of Cisco— Milk Group.

Judging the event were 3 trained home economists from Brownwood. Contestants were judged on their knowledge of Foods Nutrition; their exhibit; their 4-H Foods Record; the days menu; and the exhibitors recipe.

The Eastland County Eliminations Contest was also held Saturday, Feb. 25, with 21 Eastland County 4-Hers participating.

Kid Pleasin' Meals was the title of the Vegetable Preparation Teams' Demonstration presented by Suzanne Harbin and Sherry Carey of the Eastland 4-H Club. The audience was made aware of "Fall-out Protection by Misses Caddy and Caryn Lee of the Cisco 4-H Club.

"Oh, My Achin' Back" was the title of the Farm and Ranch Management Demonstration. This demonstration was presented by a senior team from the Cisco 4-H Club, Lynne Pippen and Sandy Ingram. The Junior Poultry Marketing Team Demonstration, The Incredible Egg Machine, was presented by two Eastland 4-Hers, Stacy Kendrick and Katie Capers.

Eastland County Public Speakers were GREAT! They were Tommy Lee, Kay Green, Bobby Ables, and Pam Claborn, all of Cisco. Tommie's Teenage Challenge, is a challenge to adults as well as teenagers. Kay Green's speech What I Can Do About Crime, makes everyone aware of the crime situation—local as well as national. Bobby Ables keeps everyone's attention speaking about My Sheep. The Trials and Tribulations of Public Speaking were expressed by Miss Pam Claborn.

Sharon Steddum and Gloria McDonald made all aware of the construction and uses of the electric griddle through their electric Team Demonstration.

The audience shared the fun of OPERATION SUCCESS performed by the Gorman 4-Hers—Christi and Ricky Fuller; Kathy Ripley; Kris Brown, Danny Snider, and Krista Henderson. Also taking part in the Share-The-Fun Contest was pretty little Miss Nancy Copeland playing The Spinning Song on the piano.

Blue ribbon winners will compete for first place in the District 4-H Eliminations Contest April 8. You should have seen these 4-Hers in action Saturday, but if you would like to have a second chance, contact the 4-Hers, the local leaders, or one of the assistant County Extension Agents. These youngsters are eagerly awaiting an invitation to appear before club and civic organizations. Give them an opportunity to show you what they can do and what they know!

Good Physical Plan Important For Men Over 40

Many men over 40 fight their own physical fitness, says Today's Health, the family magazine of the American Medical Association.

These are individuals who assume that because of their age they are no longer capable of much physical effort. One of the greatest dangers to men past 40, says Today's Health, is falling into sedentary ways, either because of job confinement or sheer laziness.

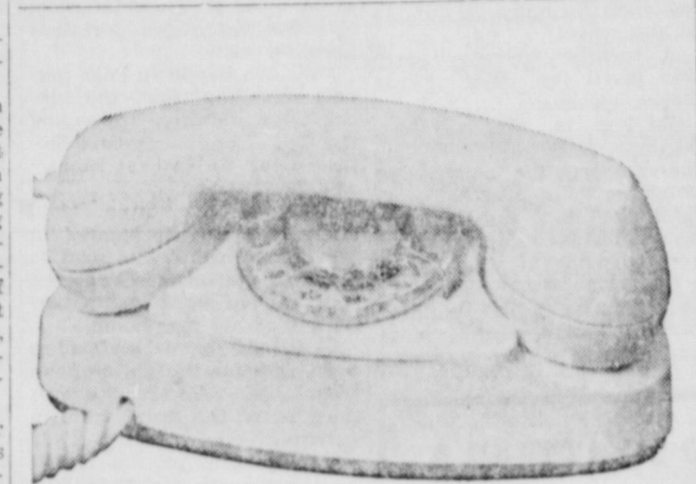

The male past 40 is advised to do two things with regard to physical exercise—If he is not reasonably adept at a specific sport—bowling, golf, tennis, or swimming—he should take instruction in at least one of these or some other form of physical recreation.

He should take an inventory of his physical activity in the course of his regular daily schedule. This includes physical activity on the job and at home. It might include such chores as gardening and maintaining the home, sports activity and what he is doing in the way of regular calisthenic exercises. Often these do not provide enough activity.

For the sedentary person who decides to become more active, a good starting point is walking. This means a brisk posture walk, holding the belt line level and raising the breastbone. Then in addition to regular physical activities start devoting part of the weekend to a pleasant physical activity like golf, bowling, dancing or swimming—something that is really enjoyable.

Fifteen minutes of regular exercise every other day is hardly enough to produce noticeable results quickly, but it is a good start. Over a period of time, nevertheless,

its benefits will be evident. For the man past 40 who decides to begin an exercise program, a visit to the physician for a physical examination is advisable, to make certain there are no conditions that would limit exercise.

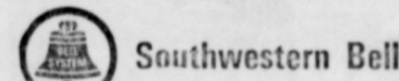

Charge For Princess Phone Is Reduced

EFFECTIVE March 1, the monthly charge for a Princess® telephone is reduced from 75¢ to 50¢ for Southwestern Bell customers in Texas—a 25¢ reduction.

This is in addition to reductions in long distance rates and some miscellaneous charges, announced late last year, which will mean a saving of more than \$6,000,000 a year to Texas telephone users.

In these times when almost all other prices are going up, we are glad to be able to make a further reduction in the cost of your telephone service...now a bigger bargain than ever before.

WHAT IN THE WORLD IS THE RADIAL TIRE?

The Radial Tire is the first MAJOR break through in tire manufacturing since the development of the balloon tire over the high-pressure tire. It's not just another "improvement"—it's a brand new kind of tire. Radically different in many, many respects. And the difference is immediately noticeable to you the driver.

Invented by the Dunlop Tire Co., the radial idea is presently being attempted by every major tire manufacturer. Chances are that it will be standard equipment on all new autos in less than five years.

To the consumer, what can Radials mean?

- 50 per cent more tread life than today's conventional tires.
- About ten percent more gas mileage.
- Quicker steering response.
- Improved traction on wet roads.
- Greater safety at super-highway speeds.
- A "surefootedness" on curves you've never known before.
- Substantially shorter braking stops, and less risk of skidding?
- Price for all this? About equal to a premium tire.

A top Detroit executive has said: "The radial-ply tire is the most revolutionary change in American tires in many years."

In construction, how does the Radial differ to the tires we're using now?

In the conventional tire, two or more overlapping layers (plies) of rayon or nylon cord run diagonally across the tire from one side to the other. This makes a rigid casing.

In the Radial-Ply tire, two layers of cord run straight across from bead to bead, and on top of them **FOUR** layers of cord or wire mesh run lengthwise around the circumference of the tire like a belt or hoop. This gives flexibility to the sidewalls and more rigidity to the tread area.

THE REST IS SUPERIOR PERFORMANCE in most of the critical functions of a tire.

The radial was first produced in France (as early as 1948) and later English, German and Italian manufacturers began to make them. Sports-car drivers were the first to utilize the new tire concept because of the fine cornering qualities.

Many of the advantages of the radial-ply tire stem from the fact that its sidewalls are more flexible than those of the conventional tire, and its belt-reinforced tread is more rigid. When you round a curve on a conventional tire, its stiffer sidewalls don't bend sufficiently to take up all the stress; the tire starts to roll under a bit, and part of the tread actually lifts off the road. When you round a curve on a radial-ply tire, its supple sidewalls bend and its tread stays flat on the road. This means more skid resistance, better steering control.

The new tires are subject for special articles in the March issues of "Readers Digest" and "Better Homes and Gardens"

Having secured the Dunlop line recently, the well known **Horton Tire Co.** of Eastland and Brownwood is the very first in this area to offer the all-new radial tire.

You are welcome to come in and let Hollis Clifton, James McCormick or any of the friendly sales people demonstrate for you the many advantages of the new radial tire. The firm has a complete line of sizes in stock.

In Paris almost everyone uses modern gas

In Paris, Texas that is, people use modern gas to cook their food, heat their water, dry their clothes... and to keep their homes warm in winter, cool in summer. Modern gas is fast, safe, clean, efficient, dependable, completely automatic and more economical than you know what. Whether you live in Paris, Texas or any other wonderful part of Lone Star Land, you've got a good thing going for you when you use modern gas.

Specialist Gives Program Here

Jim Gray of San Angelo, sheep and goat specialist from the Extension Service, presented a program Wednesday, March 1, at the Joe Jackson Ranch, twelve miles north of Ranger.

Topic for the program was "Classifying Goats and Hair for Market and Selecting Goats for a Herd."

A dutch treat lunch was served at the La Casa Community Center by ladies of the community.

Education In Public School Is Key for P-TA Meeting Discussion

Question of sex education as a part of the school's curriculum was presented to the members of the Parent-Teacher Association at their recent meeting.

Dr. Alexander pointed out that young people want sex information and most receive what knowledge they have from friends rather than parents.

Good mental health, he said, demands a healthy understanding of sex. Many ideas today need to be countered.

Health authorities report, he said, that today's youth is almost completely ignorant of venereal disease, which is increasing at an alarming rate.

Among his suggestions for sex education was that parents encourage their teenagers to see the current Billy Graham movie, "The Restless Ones."

ED. NOTE: The film will be shown at the Majestic Theater in Eastland Tuesday and Wednesday, March 28 and 29.

Mr. and Mrs. Bruce Dwaine Humphrey announce the arrival of a son, born Friday, Feb. 24.
The baby, named Brian David, weighed eight pounds, two and a half ounces.
Maternal grandmother is Mrs. Noreen Rourke and paternal grandparents are Mr. and Mrs. Dairl W. Humphrey.
