By H.V.O.

THE KEY TO conquering D.S.T. is to forget what time "It used to be." If in the evenings, say at 10, you tell yourself, "Way, it's really only 9," and you stay up another hour. Finally it's later than you think when you go to bed, and then it's really rough at getting up time when you say, "Gosh, it's really only 4 o'clock." And so you suffer. By October, when we all switch back, we expect to be fully adjusted. . . . John Kimble, pharmacist at Central Drug is one who got caught—last Sunday was his day to come in to work after a short-night due to the clock move-up.

"THREE-FOURTHS of Our Lana" is the theme for this year's observance of Soil Stewardship Week, now in progress, and symbolizes the fact that 75 per cent of the land in this nation is owned or managed by private citizens. And it is to these that we all look for food, fiber and shelter. The local office of the Upper Leon Soil and Water Conservation District, organized under State Law and administered by local landowners and operators, is an active supporter of the special week which began Sunday. The main job of conservation of land, water and other natural resources is done by the land owner and manager with the help from the local soil and water conservation district. Districts are assisted by the Soil Conservation Service of the USDA and other national, state and local agencies. Perhaps we can best celebrate the special week, by taking the time to thank Mr. E. E. McAlister and his efficient staff for keeping us reminded of the importance of our natural resources.

WITH TEMPERATURES on the downward side this week there has been some speculation whether or not there was a touch of frost Tuesday morning. . . . Mr. and Mrs. Hal O'Brien celebrated a wedding anniversary Tuesday. . . . Response to the Telegram's Baby Page Sunday has been so good that it'll become an annual salute to the Under Ones.

YOU'LL WANT to get your tickets for the Second Annual Teacher Appreciation Banquet now so you'll be insured a place at the big event, Friday. (Continued on page 5)

IH 20 Completion Due In County In 2 Years

Earl Bender Is Buried In Final Rites Sunday

It may be two years before all of the Interstate Highway 20 work in Eastland County can be completed, District Engineer E. M. Pritchard of Brownwood has reported. Work is progressing satisfactorily, however, and Resident Engineer R. P. (Buddy) Haun reported with a 5.6 mile project from one mile west of Cisco eastward around that city, virtually complete. The paving contract of the strip is expected to be let in 1968, it was said. A second major leg of the new county bypass project extends from the first leg eastward 5.374 miles to just east of State Highway 6 and will include the west half of the bypass around Eastland. This job is about 15 per cent complete, reports show. The east leg of the Eastland bypass likely will be put under contract this fall, Pritchard forecasted. There will still be two other projects in the county besides the Cisco and Eastland bypasses. They include the bypass around Ranger joining the already completed Into 20 east of Ranger, and some updating to interstate standards of the four-lane divided route between Eastland and Ranger. The Ranger bypass will get priority of those two jobs, Pritchard said. Construction is scheduled to begin this year for the last 36-mile stretch of IH 20 from Weatherford to the Eastland-Erath County line where it will join already completed IH 20 in the eastern portion of Eastland County east of Ranger. And the last portion of the bypass around Eastland is expected to be put under contract late this year.

Eastland Bank Resources Approach \$7 Million Mark

Total resources at Eastland National Bank are approaching the \$7 million mark, according to the current statement of condition, issued April 25. Deposits continue to climb, and now are reported at \$6,391,393.93 from \$6,244,622.15 reported Dec. 30, 1966, on the last bank call report. The current first quarter figure is especially significant in that usually the first period of the year is below other reporting periods. Total resources are listed at \$6,907,901.52 up from \$6,727,569.73 as of Dec. 1966 report. Loans and discounts are listed at \$2,892,333.86 as of the April 26 call — another increase from the December period when loans amounted to \$2,654,455.11. The report for the same general period last year showed total resources of 6,403,769.22; total deposits at \$5,928,947.71; and loans of \$2,654,027.44. In 1965, the first quarter report showed \$5,470,439.13 total resources; \$5,019,713.27 on deposit; and \$2,409,254.65 on loan.

Fire Insurance Rates Are Being Reviewed In Eastland

A field crew from the state Board of Fire Insurance is in Eastland conducting a periodic inspection, reviewing commercial fire insurance rates. Crew Chief Virgil Phelps reports that the review will be of commercial and business property only and will not include residential survey. The project is expected to require about a month. The last review was in 1939, he said. Other members of the crew are John Bramlett, Larry Reed, Marty Evans and Wayne Johnson. The men and their families are staying in Stephenville where they have finished a survey. Crew members are commuting to Eastland because housing and office space could not be found here, it was said. The crew is one of three operating in the state. Local agents reportedly review residential rates.

Passengers eagerly await turns for flights at the Jaycee Fly-a-Rama here, Sunday

Fly-A-Rama Is Good Success

Eastland Jaycees Fly-A-Rama held Sunday was a great success on every count. Local pilots were on hand to give the plane rides. The pilots were: Buddy Carter, Don Russell, Dr. Bob Alexander, Don Pierson, and James Sherrill. There were four to five planes up at all times to cover points of interest. About 90 per cent of the people who rode in the airplanes Sunday had never been up before. At the height of the afternoon a man landed to fuel up in an antique army trainer airplane which he bought in California and he was flying to North Carolina. Some \$250 taken in Sunday by the Jaycees will be used on the permanent paved land runway which has been laid out toward the east boundary of the airport.

Former Resident Dies In Austin

Word has been received here of the recent death of Mrs. Lennie Kimble McGlamery, 76, granddaughter of H. S. Kimble, secretary of the convention that wrote the Texas Declaration of Independence in 1836. Born in Eastland County, Mrs. McGlamery had lived in Austin for the past 22 years. Survivors include her husband, Bert McGlamery; two daughters, Mrs. Ross Coleman of Fort Worth and Miss Dorothy McGlamery of Riverside, Calif.; one brother, John Kimble of Gorman; and five grandchildren.

J. E. T. Peters Is Buried In Final Rites Tuesday Morning

J. E. T. PETERS

Funeral services for J. E. T. Peters, 87, pioneer educator and civic leader of Eastland County, were conducted at 10 a. m. Tuesday at Rust Funeral Home Chapel in Cisco. He died at 10:30 a. m. Sunday in Graham Hospital after a month's illness. The Rev. Frank Alverson, pastor of the First Presbyterian Church, officiated for the final rites. Burial was in Oakwood Cemetery, Cisco, with Rust Funeral Home in charge of arrangements. Serving as pallbearers were Joe T. Bacon, Billy Bacon Jr., Tommy Bacon, Jim Bob McCanlies, C. W. Graham and L. E. Booth, all of Cisco. Mr. Peters was born in Hornell, N. Y., on October 3, 1879 and moved to Texas as a child with his parents. He was graduated from Rising Star High School in 1897. For some 12 years until 1911, Mr. Peters taught and served as principal and superintendent of schools at Ranger. His teaching experience also included the old Britton Training School (now Cisco Junior College) and the old Scranton Academy, both early day colleges. He also taught in the Clyde and Abilene schools. From 1920 until 1931, Mr. Peters served as manager of Chambers of Commerce in Cisco, Denison, Ranger and Stamford. He joined the U.S. Department of Agriculture as a department head in 1931 and served in the Dallas offices until his retirement in 1947. He had lived in Cisco since that time. Mr. Peters was preceded in death by his first wife and two children. He was a long-time member of the Presbyterian Church of which his father, the Rev. J. H. Peters, was a minister. He was married Oct. 22, 1949, to Dee Bacon Gross in Eastland. Besides his wife, Mr. Peters is survived by one son, Major W. C. Peters, of the U. S. Air Force, Shreveport, La., and three grandchildren.

One of the most participated in 4-H projects is that of Foods and Nutrition. The 4-H Foods Show is an Achievement event for all of those girls and boys completing a Foods project. Miss Barbara Williams of the Gorman 4-H Club is an outstanding young 4-H Club member in all projects. Barbara is a junior leader in foods and clothing and has done an excellent job. Recently Barbara received a blue ribbon at the County Foods Show and placed third (a red ribbon) at the District Foods Show.

For the Foods Show, Barbara chose a Muffin Buffet Bread. The food chosen is not only different, but is very nutritious. Through Barbara's work in her foods project, she

has learned proper table settings, obtained much knowledge about food—its nutritive value, food preparation, buying of food, and meal planning and preparation. Her leadership ability has been greatly developed as she guided 8 girls through their foods projects and 4 on to the County Foods Show.

During Barbara's five years of club work she has completed projects in foods, clothing, poultry, leadership, home improvement, and public speaking. She has received many local, county, district and area honors and awards for her work in 4-H. Barbara, 14, is the daughter of Mr. and Mrs. Ray Williams.

Hats off to one of Eastland County's outstanding 4-H Club members—Miss Barbara Williams.

The Eastland County 4-H Gift program essays will be due in the Assistant County Agent's office on or before May 1, 1967. Don't forget to send the essay in.

Eastland County 4-H Club girl, Sandy Warlick, has obtained some good foundation stock that have the makings of a good Shorthorn herd. The majority of the animals are coming from Rambo Farms at Rosebud.

Any young 4-H'er who is interesting in working with pecan budding and grafting with an eye toward building a clientele and a source of part-time income could find plenty of opportunity in Eastland County. There is a shortage of people with pecan and other fruit budding and grafting skills in this area. A start on the part-time basis could easily provide skills and training that could be used on a full-time basis and maybe even a business for this. If you are interested in learning how you can avail yourself of this opportunity come by the County Agricultural Extension office and talk with one of the County Agents.

Dr. Stubblefield Retires in Baird After 50 Years

Dr. M.L. Stubblefield, Eastland County native and brother of three countians, closed his office door in Baird in late April after 22 years in that city and some 50 in the medical profession.

Dr. Stubblefield received his medical degree from the University of Texas Medical School in Galveston in 1917 and

entered the U. S. Navy. After service, he returned to Eastland County and opened an office briefly in Carbon, moving to Gorman in 1919.

He moved to Baird in 1945, and he and Mrs. Stubblefield live at 950 Cherry St. there. They have two children, Dr. R. L. Stubblefield and Mrs. Jack Bishop, both of Dallas. Mrs. Stubblefield is the former Adele Poe, daughter of the late C. B. Poe of Carbon.

Dr. Stubblefield is brother to Mrs. H. M. Gilbert, Mrs. H.W. Gilbert and Frank Stubblefield, all of Carbon.

225 Attend Teachers Dinner Tuesday Night

A report on the work of the Texas State Teachers Association and a review of the current legislative program was given by S. M. Anderson of Big Spring, the state president, in a talk Tuesday night at the annual meeting of the Eastland County Teachers Association.

The meeting was held at the Victor Hotel in Cisco with some 225 persons in attendance. R. B. Golemon of Ranger, the county association president, presided.

Mr. Anderson who is superintendent of schools at Big Spring, reported that the state association now has 118,000

members and that good progress was being made in all phases of the TSTA program. New officers of the association were installed by the state president.

James Couch, Cisco Junior high principal, was named president to succeed Mr. Golemon. Mrs. Oleta Wade of Olden was re-elected secretary. Other new officers named are Dave Smith of Gorman, first vice president; Rod Carter of Rising Star, second vice-president; and Keith Watkins of Eastland, treasurer.

Entertainment and dinner music was provided by State Band of Ranger Junior College. The invocation given by Charlie Garrett, O. L. Stamey gave the benediction.

**Hawaii, Isle Of Golden Dreams
Theme Of Junior-Senior Prom**

The romantic setting for the Junior-Senior Banquet was Hawaii Isle of Golden Dreams. The banquet was held in the elementary cafeteria Saturday night.

A tropical atmosphere was accented by palm trees, a tropical pool, a grass hut, and Hawaiian music in the background. Each table, seating four people, was decorated with miniature palm trees, bamboo candles, and colored table clothes—yellow, green, and pink.

Each student and teacher that attended the banquet received a lei and a live miniature orchid for place favors.

The program was as follows: invocation and welcome by Rhett Smith; response by Gene Wilson; "Tiajuana Brass" by Marsha Treadwell, Randy Beskov, Eddie Gallagher, Lela Lee Mr. John Foster, Sandra Harp, Karen Green, Mary Ann Turner, and Georgianne Sikes; Senior Class Prophecy by Steve Lund; "Bali Hai" by Sue Brewer, Marilyn Huckabay, Susan Miller, and Mary Ann Turner; and the Senior Class Will by Jim Herdridge.

The meal, which was prepared by the Eastland High School cafeteria faculty and served by the Freshman Homecoming girls, consisted of Hawaiian punch, baked ham, harvest pudding, green beans, fruit salad, pickles, rolls, ice tea, and coconut pie. The girls that served wore grass skirts which fit the atmosphere.

Following the banquet The Troils played for the prom.

**Watch Out, Boys
It's Twirp Week**

Twirp Week at Eastland High School was declared May 2.

Because of the way the boys have treated the girls, they proclaimed from May 2, until midnight on May 8, the right to every girl in E.H.S. the power to cast a spell over any boy of her choice.

She must conjure all schemes for providing entertainment; she must furnish all brooms or other methods of transportation; she may not glide through any door before he does; she must open all doors for him; she must walk him to at least one class; she must furnish all witches' brew or other nourishment; and she may bewitch him if she likes.

**Frank Sayre Is
Named Director
West Texas CofC**

Frank Sayre, division manager of Texas Electric Service, has been re-elected director of the West Texas Chamber of Commerce for the next three years, according to an announcement by Don Wooten, Abilene, president of the WTCC. The director was elected at the 49th annual convention in Del Rio last week.

"We hope that the new directors in each town will add important impetus to the WTCC program of work in the local community," Wooten said when the names of the new directors were announced.

It is the function of the director to act as liaison between the regional chamber of commerce, the local chamber of commerce and the members of both organizations. At the meeting of the board of directors he speaks for the entire membership in his town on matters of a regional nature and acts as communicator to the members on all matters concerning projects of the WTCC.

Quarterly director's meetings are held in various parts of the 152-county service area of the WTCC.

**Cancer Gifts May
Be Left At Banks**

Sam Kimmell, president of Eastland County Unit of the American Cancer Society, has urged any one in the county who has been missed during the recent Crusade Drives to contact their local bank, and they will be happy to take their donation.

Donations will be used in Service, Education and Research.

Pro-Am Is Held Last Saturday At Lakeside Club

The Pro-Am at Lakeside Country Club was held Saturday, April 29th.

Two winning teams tied for first place with a team average of 68. These teams were: Russell Walker, team captain and pro, Bruce Pipkin, Don McClendon, Mrs. J. L. Stafford, and Maynard Gulley.

Bob Sikes, team captain and pro, J. P. Mitcham, Joe Morris, Perry Jennings, and Harry Varner.

The team that was the runner up with 70 was: Jack Arrington, team captain and pro, Wallace Johnson, Mr. Shackelford, Mrs. E. G. Rice, and Susan Addy.

The country club served free lunches to the golfers who participated and to their guest.

Mrs. Loretta Brown said that they had a real nice turn out.

Carol Fox And Charles Cole To Wed Next Month

Mr. A. E. Fox of Eastland and Mrs. Vivian Fox of Baird have announced the engagement and approaching marriage of their daughter, Carol to Charles W. Cole, son of Mr. and Mrs. E. C. Bouffard of Georgetown.

Carol is a 1965 graduate of Baird High School, attended Hardin-Simmons University for pre-nursing courses, and is presently a student at Hendrick Memorial Hospital of Nursing in Abilene.

Charles Cole attended Georgetown High School, Jet Engine Technical School, and is currently a jet engine mechanic with the 516 field maintenance Squad at Dyess Air Force Base in Abilene.

A June wedding is planned by the couple.

League Plants Flower Boxes For New Season

The beautification committee of the Civic League, headed by Mrs. Tommy Magness has planted colorful flowers in the planter boxes around the city square. Those assisting her were Mesdames F. L. Bond, Richard Johnson and John Foster. The merchants who will be responsible for caring for the planters are Earl Conner, Jr., Western Auto, Fabric Shop, Eastland Drug, Eastland National Bank, Army Surplus Store, King Motor, Mode 'O Day Robertson's TV, the Court-house, and Jim Golden.

LOOK WHO'S NEW

Mr. and Mrs. Henry Van Geem Jr. of Wichita Falls announce the birth of a daughter, Lisa Dawn, on April 28 in Wichita Falls. The baby weighed seven pounds. Grandparents are Mr. and Mrs. Henry Van Geem Sr., of Eastland and Mr. and Mrs. T. J. Humphreys of Colorado City. Mrs. Ellen Lewis of Eastland is the paternal great-grandmother.

Norman Rhodes, who attends North Texas University, was home last weekend visiting his parents and friends.

Mr. and Mrs. Wayne Waldon and Butch of Sweetwater were visiting in Eastland with family and friends last weekend.

Girl of the Month

Miss Rosalee Williamson, daughter of Mr. and Mrs. A. W. Williamson, has been selected "Girl of the Month" by the AAUW, Andrews.

Miss Williamson, a senior at Andrews High School, is a member of the National Honor Club. She placed in the recent U.I.L. speech interpretation contests and won the Andrews Lions Club's contest for the best essay on Peace.

She is an active member of Grace Baptist Church where she sings in the choir. She plans to attend Angelo State College in the fall.

A tea in her honor was given Saturday by the Andrews AAUW.

40th Anniversary Is Observed By Couple

Mr. and Mrs. D. G. Fambrough observed their 40th wedding anniversary May 1.

They spent the weekend visiting in the home of their son, Mr. and Mrs. Rudy Fambrough of Abilene, and attended revival services at the Crescent Heights Baptist Church.

It is not every question that deserves an answer.

Drive the cost of living down, without giving up all this.

Chevrolet's room, ride and price. When Automotive News made its annual roominess study, Chevrolet got the most points. It's roomier inside, they reported, than any other American car. The ride is Full Coil suspension smooth. And Chevrolet hardtops and convertibles are all the lowest priced full-size cars of this kind you can buy. **Chevelle's quick size.** It's quick to climb, quick to turn. Other mid-size cars might be like Chevelle, true, but they're not as low priced. And they're not made by Chevrolet with Body by Fisher, GM-developed energy-absorbing steering column, inner fenders and Full Coil suspension. **Camaro's road-hugging stance.** At its price, Camaro is the only sportster to give you wide-angle design. It rides steadier, clings to curves better,

hugs the road closer. It's the roomiest car you can buy. Plus, you get a bigger standard engine.

Senior Bible Camp Planned At Lueders Soon

The Lueders Baptist Encampment is having a Senior Adult Bible Camp for the second year, for people 50 years of age and over, and adults of all ages are welcome. Registration for the camp begins at 1:00 o'clock, May 11 and the camp lasts through noon May 13.

Cost of the camp is \$7.00 per person and meals are available for non-campers. Several of the buildings have been improved and will have new heating and cooling systems.

An outstanding group of leaders has been secured for this camp and Rev. P. D. O'Brien, former pastor of this area, will again be the camp preacher. Rev. O'Brien is retired and living in Houston at present.

Sam Allen will lead the music and his wife will be instrumentalist. Mr. Allen is Music Director for First Baptist Church, Pampa, and leads music for revivals all over the state.

Earl Meade, who is known as Dean of Educational Directors in Texas, will bring devotionals and talk with the people about the problems of retirement. Earl Meade was Educational Director of Cliff Temple Baptist Church in Dallas for 38 years, before his retirement.

Rev. and Mrs. Robert Holt will be the Bible Teachers and will be coming from Abilene. Rev. Holt is Area Missionary for the Abilene-Callahan Association.

Director of the camp is Rev. Lawrence Trott, of Stamford, who is Baptist-Double Mountain Area Missionary. N. I. (Doc) Williams is camp manager and Mrs. Williams is registrar.

Rodney McCoy Finishes Basic With Marines

Marine Private Rodney L. McCoy, son of Mr. and Mrs. C. L. McCoy of 18 New St., Eastland, Tex., completed recruit training at the Marine Corp Recruit Depot, San Diego, Calif., graduating as Honorman of his platoon of some 75 men.

With the honor goes a Dress Blue Uniform presented by Leatherneck Magazine, and a meritorious promotion to private first class.

Marine recruits undergo more than 75 hours of physical conditioning, spend more than 80 hours learning how to drill, and devote two weeks to rifle and pistol marksmanship in their eight-week training program.

In physical fitness training, recruits run, lift logs, climb ropes, conquer five different obstacle courses, progress through a variety of body-building exercises, are taught water survival and participate in organized games. To measure their progress they are given two strength-measuring tests.

Following graduation, the new Marine reports to Camp Pendleton, near Oceanside, Calif., for individual combat training.

A graduate of Eastland High School, Eastland, Tex., McCoy entered the service in February, 1967.

Annual Scranton Homecoming Set Sunday, May 7

The annual Scranton Homecoming will be held Sunday, May 7, beginning at 10 a. m., according to Mrs. I. L. (Viola) Gattis.

The gathering will be held at the Scranton Community Club (formerly Scranton School) and scores of eyes from the school's beginning around the turn of the century to the early 1960s when the school was closed are expected to attend the affair consisting of morning devotionals and afternoon singing.

A catering service will serve the noon meal at \$1.35 per plate. Reservations may be made with Mrs. Gattis at 442-3980, or B. O. Speegle, 442-2751.

Private Mannke Completes Basic

Private Rickey A. Mannke, son of Mrs. George A. Mannke, 508 West Commerce, graduated from Army basic training April 28, at Fort Bragg, North Carolina.

Mannke will be stationed at Fort Dix, New Jersey, for more training.

What Is Fort Griffin Fandangle? It's Having Fun - Western Style

What is a fandangle? It is singing, dancing, and showing off—Western style. And the Fort Griffin Fandangle this year is a centennial celebration of the founding of Fort Griffin.

Presented annually by the people of Albany since 1938, the show is different each year—each production a fresh and happy blend of new songs and old favorites from past Fandangles.

The show is presented on an acre-size stage in its own Prairie Theater, carved from a hillside overlooking Albany. The theater fuses past and present, a ranch country heritage is unlocked from the dusty trunk of memory, polished bright, and transformed into enchanting entertainment.

Performances will be June 15, 16, 17, and June 22, 23, and 24. All seats must be reserved, and tickets go on sale May 29. Prices are: box seats, \$5; Chairs \$3.50 and \$2; and bleachers, \$1.50. Tickets may be ordered from Fandangle Office, Albany.

LVN TO MEET

The Licensed Vocational Nurses Association, Division No. 64, will meet in the Conference Room of the Eastland Memorial Hospital Monday, May 8, at 7:30 p. m., and all members have been urged to attend.

Putnam Church Homecoming Will Be Held May 14

A memorial service and homecoming will be held at Putnam Methodist Church Sunday, May 14, according to Rev. Vernon Whittington, pastor.

All former members and friends have been invited to attend.

All memorials of loved ones made to the Putnam Church will be dedicated at this time and the names will be engraved on a bronze plaque which will be presented to the church by Rev. Whittington.

Memorials gifts may be mailed or given to Mrs. I. G. Mobley, church treasurer.

HOMEMAKERS' HINTS

By JANET MEYERS
Home Demonstration Agent

Plans and arrangements for 4-County Camp were recently made by Home Demonstration women from Eastland, Comanche, and Brown and Mills Counties. The 4-County camp will be hosted by Comanche County on July 6. Attending this planning meeting from Eastland County included Mrs. C. T. Brockman, H. D. Council Chairman from Morton Valley, and Mrs. Joe Bond, H. D. Recreation Chairman from Olden.

These ladies reported that the day's activities will include fun as well as educational information. All women in the county are encouraged to make plans to attend.

Durable - press clothes are being bought today. One of the great advantages of durable - press is that they reduce the work required to keep family members well-groomed.

Proper laundry methods help retain the easy-care features of these fabrics. Launder before fabrics are heavily soiled and as soon as possible after soiling. Turn garments inside out to help reduce "fraying" or wear on creases. Launder in the coldest water that remove soil. If warm or hot water is used, then rinse in cool water before machine spinning or hand wringing.

For heavy, oily soil, perspiration, and food stains, measure heavy duty liquid detergent required for entire load and apply full strength to the most soiled area of garments. Soak in hot water, let water

cool to 90-110 degrees, then agitate for six to eight minutes.

Shorten the wash cycle to the minimum required for soil removal. Use slow agitation or a stop-and-soak, followed by a short time of normal agitation. Advance the control dial to shorten cycle.

Rinse well in cool water. If your water is hard, use a water softener in the first rinse or fabric softener in the final rinse. Fabric softeners reduce the static charge which attracts soil. Softeners also decrease clinging of man-made fibers.

For less wrinkling, dry in small loads, about half the dryer capacity. Dry at normal heat unless your dryer has a setting for "wash-wear" or permanent press. At the end of the dryer cycle, let the clothes continue to tumble for a cool down period of five to ten minutes after the heat is off.

As soon as the dryer stops, remove garments and hang or fold. If you have no dryer, shorten the final spin in the washing machine by advancing the dial, or remove the garments while dripping wet and hang on rust-proof hangers. If touch-up pressing is needed, use the iron at the low setting.

DATES TO REMEMBER
May 5 — The Home Demonstration Agent will be in Gatesville for a planning meeting to plan the District 8 4-H Congress to be held in Stephenville on June 13-15.

Winning Essay . . .

THE MEETING

Ann Boney, 16, is the daughter of Mr. and Mrs. Gene Boney. A sophomore, Ann is a member of Co-Eds, Spanish Club, Glee Club, and is a former FHA member. She belongs to Bethel Baptist Church and the Civic Theater. She was also a winner in the fall Fire Prevention Theme contest.

Ann enjoys charcoal sketching and oil painting, reading and swimming.

By ANN BONEY
Abraham Lincoln said, "If we would first know where we are and whither we are tending, we could better judge what to do and how to do it."

Tom Jones meant no disrespect but he often wondered if Lincoln would have been so positive if he'd been, as Tom was, an area scout for a large company.

The executive committee of the company made it clear where they were (at the point of expansion); and where they wanted to go (to a town which would meet the needs).

Finding the right town was Tom's job. He had already checked out several towns. Eastland, Texas, was next on his list.

The plane would be landing in a few minutes so Tom decided to go over the list of requirements once again.

1. The head of production wanted economical operation, low over head, low utility rates.

2. The head of distribution wanted shipping facilities.

3. The head of sales wanted people who would buy the products. There for the area must have a fairly stable economy.

4. The personnel director — well, this was one of Tom's biggest headaches. Employees come in all forms. Each employee wanted a home for his family, good schools for his children, places of recreation, and good hospitals. There were other things to think about, however. There had to be churches of different faiths, clubs, and in many cases, the wives wanted employment. Then, too, every employee would want to be accepted by the town.

As he waited at the Eastland International Airport, Joe Smith re-read the list of assets Eastland had to offer a company.

First of all there were the benefits for the company as a whole.

1. Natural resources
 - (1) Electricity
 - (2) Gas
 - (3) Water
2. Economical utility rates.
3. Land available at reasonable prices.
4. Low tax rates
5. Good transportation outlets

- (1) Highway
- (2) Railway
- (3) Airport
6. Stable economy
 - (1) Farming
 - (2) Ranching
 - (3) Oil Business
7. Good bank

Then there were several benefits for the employee.

1. Active housing projects
2. Good schools
 - (1) Elementary
 - (2) Jr. High School
 - (3) High school (extra-curricular activities)
3. Sufficient number of doctors

curricular activities)

- (4) Two kindergartens
- (5) Nursery school
- (6) Two area junior colleges

4. Good hospital and staff

5. Churches of all denominations
6. Places of recreation
 - (1) Good park
 - (2) Swimming pool
 - (3) Tennis courts

(4) Shows

- (5) Area lakes (picnicking, boating, fishing)
- (6) Bowling lanes
- (7) Baseball programs (minor, major, teenage)
7. Good businesses

8. Civic clubs

- (8) Softball teams (men and women)
- (9) Two golf courses
10. A welcoming attitude.
