"Starving the crows!"

D. L. Burnett, Waco, Texas

"I can go from sun-up until after dark with my 1500 Combine and never have to make any adjustments. You can't compare this easy-handling machine to the others; the 1500 is in a class by itself. I'm making more peanuts now than I ever made before. The 1500 is doing such a clean job that it's starving the crows. I'm really happy with it."

JURY FINDS...

(Continued from Page 1)
The victim was "terrified" and that intent to rape was clearly shown in the actions of the defendant. The jury retired for deliberations at 2:45 p. m. and returned at 2:56. A charge of burglary against Clark was passed on motion of DA F. W. Brown. Bill Lee was jury foreman.

Evidence was presented by County Attorney Perry Brown, assisted by Bill Thurston of Abilene as a special prosecutor, late Monday and Tuesday morning. Judge Frank Sparks was on the bench.

Jury selection in the case began at 11:30 p. m. Monday and by mid-afternoon the sheriff was instructed to go out and bring in more potential jurors. A total of 15 additional jurors was brought in.

(Continued on Page 5)
The 12-man jury was selected.

Picked for service in the non-capital case were Jimmy Wynn, Gene A. Agnew, Earl C. Brown, Ray Wyatt, Robert

Burns, E. H. Cook, L. B. Carlisle, Andy Taylor, John G. Lee, C. G. Stagner, W. M. Joyner and J. W. Harper.

B. G. Ogden, former Ranger police chief, was the first witness called by the state. The case occurred in Ranger. Witnesses called to the stand Tuesday morning by the state included B. J. Ogden, Mrs. Betty Jo Pierson, Mrs. Tanner, Mrs. Joyce Hunt, Highway Patrolman Bill Pruitt, J. W. Vinson, Mr. Perry P. Pierson and Supt. L. R. Clark.

The state rested its case at 10:30 a. m. and the defense did not put on any witnesses. Court was adjourned until 1:30 p. m. at which time the charge will be given to the jury, and final arguments made.

A civil suit, in which Vaughn R. Purdie and others are asking \$12,160 in damages from Ervin Addy III of Cisco was expected to get underway in the local court Wednesday morning Judge Frank Sparks predicted. Ben Sudders of Comanche will represent the Purdies and Brown, Day and Crowley of Fort Worth will represent the Addy family.

substance or incidents. Texas Rangers were in the courtroom Tuesday, assisting with the special guard.

A Cisco man, charged with sodomy among other things, was found insane Monday morning, and a Dallas Negro's trial began Monday afternoon. The Negro is being tried for assault with intent to rape.

No disturbances were reported.

COMMITTED...

(Continued from page 1)
The jury was given the charge about 10:40 a. m. by Presiding Judge J. Frank Sparks. Presumably Bowles could still be brought to trail for the morals indictments if and when he is released from the state institution, because he will have to be brought back to this county at such time, to have his sanity status returned by the same trial court, it was reported. The testimony Monday did not touch on his mental state at the time of the alleged offenses in Cisco.

Attorneys decided on the first 12 persons on the jury list and these were seated without qualification.

E. H. Cook and Mrs. J. W. O'Neal Sr., both of Goerman; Mary E. Houghton, Mrs. Jesse N. White, C. D. Stagner and Earl C. Brown, all of Ranger; D. D. Sandlin and Ruby Lee Norris, both of Carbon; R. C. Long and Mrs. Bill Medley, both of Rising Star; Cecil Alford of Eastland; and Gene Arlin Agnew of Cisco. Mr. Brown was foreman.

Visiting with Mr. and Mrs. Eddie Simms were their parents, Mr. and Mrs. W. M. Simms and Mr. and Mrs. Frank Hartesty, both of Fort Worth. Mr. and Mrs. Simms and Mr. and Mrs. Hartesty also attended the graduation of their granddaughter, Becky.

Conner Awarded Degree At TCU

Lonnie Clark Conner, son of Mr. and Mrs. Earl Conner, was awarded a Bachelor of Arts degree in history at the spring commencement at Texas Christian University on May 31.

The event was held in TCU's Daniel-Meyer Coliseum. More than 200 degrees were conferred by Dr. J. M. Moody, TCU chancellor, to mark this as the largest group of graduates in the University's history. The 1966 spring total was 754 degrees.

Extra Lawmen On Court Guard

Precautionary measures were taken in 9th District Court Monday as two criminal cases were tried. Sheriff L. E. Sublett and Deputies Loy Williams and John Shook were assisted by three state liquor control board agents, members of the Texas Highway Patrol and local and area city policemen. The law enforcement officers were scattered strategically around the courtroom and in the spectators section as safeguards against any dis-

knob" size in some cases, were so few in number. Hail in Ranger was reported to have been about the same, with a light showering of the bigger stones.

Sheriff L. E. Sublett reported Wednesday morning that he had had no reports of any damage from the weather. At Cisco, 4 inches of rain fell and power was off for ten minutes. Cisco had light hail that damaged gardens and flowers.

A twister was thought to have touched down on the west side of Lake Leon, hitting somewhere between Highway 570 and the lake, probably in open range country. Eastland Police Department Dispatcher Jack Wood said Highway Patrol units in the area reported. Wood said the severe storm conditions in the area were such that he thought for a time that he would have to alert the people in Eastland through the siren - warning system, but did not.

A heavy storm was situated between Eastland and Carbon, moving from the southwest, and another storm center was moving from the west toward Cisco and going on north. Hail fell at Eastland of up to golf-ball size and heavy hail was believed to have fallen between Eastland and Carbon.

Game Wardens Give Violation Tickets to 287

Austin — Texas game warden, delegated by the State Legislature to enforce the new water safety code, wrote 287 tickets for assorted violations in that category last month. The Texas Parks and Wildlife Department reported 234 of 287 such cases filed involved the life preserver, or life jacket, requirement.

Boat operators got 230 citations for failure to have a coast guard approved life saving device for each person aboard.

Four other tickets were issued for operating rent boats without life preservers.

The monthly Department report was issued as water sports fatalities continued at a record pace.

Here are the other boating violation items in the report:

Operating motor boat without number displayed, 23;

Operating motor boat without registration, 12;

Operating motor boat without rear view mirror, while pulling skiers, 6;

Operating motor boat without proper lights, 5;

Driving boat recklessly or at high rate of speed, 3;

No fire extinguishers, 3;

Operating motor boat in restricted area, 1.

While enforcing the safety code, the patrolling wardens issued 429 tickets for fishing violations, including 420 for lacking fishing licenses.

But the major fines marked some of the 159 hunting violations. Four men paid \$120 fines plus costs at Woodville for hunting deer with a light.

Two other night hunters each paid \$160 fines and costs for possessing a doe deer in closed season.

4-H Club

News Prepared

By Mr. Bob Cohen
Assistant County Agricultural Agent

here and everyone their heads to the fashions. This is of the 4-Hers and t leaders. One of ences in 4-H club is that they make new spring and fashions and some of do their own de- before very long we aring about the 4-H project group meet- one of the leaders-

houses and that they have learned to take better care of their clothes, or something bout grooming, probably you will hear that they have leav- ed to use the sewing machine, which isn't such an easy thing to learn for some of us. Then you will be hearing about the county dress revue, which is the highlight to every girl who carries a 4-H Clothing project.

Maybe you are wondering who is responsible for the work that these girls are doing. Those workers whom we call adult leaders, are people like you who have volunteered their time to work with this great organization of boys and girls called 4-H. These leaders attend adult leader training meeting such as the one held last week. These sessions were held from 9 a. m. to 2 p. m. on Tuesday and Wednesday and from 7 to 10 p. m. on Tuesday and Thursday. These faithful leaders who have attended these training sessions were: Mrs. W. H. Young, Olden; Mrs. Rosemary Miller and Mrs. Delores Tankersley, Morton Valley; Mrs. Irwin Phippen, Mrs. Dorothy Farnsworth, Mrs. Danny Claborn, Mrs. Alfred Green, and Mrs. Howard Ingram, Cisco; Mrs. Jack Hubbard, Mrs. R. R. Butler, Mrs. H. W. Callaway, and Mrs. L. C. Housnel of Rising Star; Mrs. Joan Harbin, Eastland; Mrs. Bob Browder and Brenda, Gorman.

We salute these women for the fine work that they are doing for the youth of our county.

A 4-H Club project which might be of interest to livestock feeders in the 4-H would be a commercial market steer project. This is a project in which grade steers (5 or 6) are put on feed and records are kept on the amount of feed eaten during the feeding period. From these records such things as pounds of feed per pound of gain, cost of putting 100 lbs. of gain on a calf, and other items of economic and scientific interest could be obtained.

Several livestock shows such as Dallas and Houston

have special shows for commercial steers. In these contests animals are graded and then sold at prices according to how they grade. The Dallas show pays a premium; however, the Houston show sells only at market prices. If you are interested in such a project contact the Asst County Agent.

\$2.4 Million Paid Non-Farm Workers In County Last Year

About 3,000 workers in Eastland County's nonfarm businesses earned taxable wages under the old-age, survivors, and disability insurance program, according to the latest edition of "County Business Patterns," according to R. R. Tuley, Jr., Social Security District Manager in Abilene.

751 workers, was in retail trade. The current edition is the 12th in a series showing county and industry statistics based on wage reports filed under the Federal social security program. The data are uniform and comparable from State to State and County to County and are shown for many kinds of business under the following broad industry groups: agricultural services, forestry, and fisheries; mining; contract construction; manufacturing; transportation and other public utilities; whole-

sale trade; retail trade; finance, insurance and real estate; and services. The publication shows the number and location of workers, the industries in which they are employed, and how much they are paid in taxable earnings. The publication furnishes businessmen with data to evaluate private demand for both industrial and consumer products, is valuable in analyzing market potentials and establishing advertising and sales programs, in analyzing the industrial structure of regional areas, and in making Reference copies of "County Business Patterns" may be examined at district and branch offices of the Social Security Administration, and at many public libraries. The complete set of 53 books (one for each State, D. C., and Puerto Rico) of "County Business Patterns, 1965, costs \$36.39. The book for Texas sells for \$1.50. Orders should be sent to the Superintendent of Documents, Government Printing Office, Washington, D. C. 20625.

Motor Boat Recovered After Sinking At Lake

A 14-foot aluminum boat recovered some 20-hours later had sunk in an accident at with little or no damage to the Lake Cisco last Saturday was boat and motor, according to reports Monday.

The boat, owned by Everett Wilcoxon of Hobbs, N. M., sunk in 50 feet of water at 7:30 p. m. Mrs. A. J. Strickland of 303 W. 19th St. had been water skiing and fell. Her husband, who was driving the boat, circled to pick her up. The motor, a 35hp Elgin, died and in restarting it, fire broke out. The motor also started and the gear was in reverse.

This caused the boat's rear end to be pulled under water and before anything could be done to prevent, the boat and motor sank.

Early Sunday, Mr. Strickland, Mr. Wilcoxon and others rigged a winch between two boats and began searching for the sunken craft. Eventually, they found it and tied a line to it and began winching it up. It was 4 p. m. Sunday before it was out of the water.

Mrs. Strickland's beach jacket with her rings in a pocket was still in the boat as were two tool kits, two batteries and other items. Only the top from the motor was missing.

The Wilcoxens were here to visit his brother, Melvin, and family.

DARWIN'S MISTAKE

Three monkeys sat in a coconut tree, Discussing things as they're said to be. Said one to the others, "Now listen you two, There's a certain rumour that can't be true, That MAN descended from our noble race! The very idea's a great disgrace! No monkey ever left his wife, Starved her babies or ruined her life. And you've never known a mother monk To leave her babies with others to bunk, Or pass them on from one to another, 'Til they scarcely know who is their mother. And another thing you'll never see Is a monk build a fence 'round a coconut tree And let the coconuts go to waste, Forbidding all other monks a taste. Why, if I put a fence 'round a coconut tree, Starvation would force you to steal from me! And another thing a monk won't do Is go out at night and go on a stew, Or use a gun, or club, or knife To take some other monkey's life. Yes, Man DESCENDED, the onnery cuss, But brother, he didn't descend from US!"
