And What Might You Be Doing at Mid-Summer?

is the halfway mark vacation for school. The Telegram asks you are you doing this and "How do you get ready for ten answers:

Burns, 12, daughter of Mrs. N. D. Burns, is swimming and doing of paint by numbers. Point them is lots this week end, I'm Bridgeport to visit for a week, then Weatherford with for a week. I'm for school to

football. This summer, I've mostly just been working on our farm."

Judy Carroll, 15, daughter of Mr. and Mrs. Bob Carroll: "I can hardly wait for school to start! I'll be so glad when we get back to school. Nothing much has been going on this summer. We spend our vacation in Corpus Christi."

Nancy Magness, 7, daughter of Mr. and Mrs. Tommy Magness: "I'm almost ready for school. My mother has already bought me some new

school clothes. We're going to Disneyland before school starts, though."

Johnny Paul Grimes, 12, son of Mr. and Mrs. J. W. Grimes: "I hate to see summer pass because it's so much fun. I've been swimming and water-skiing a lot and I went with Troop 6 to Camp Billy Gibbons last month."

Melody Bond, 7, daughter of Mr. and Mrs. Francis Bond: "I've gone swimming a lot and went fishing with

my grandmother from Winters. We're going to Six Flags soon. I'm almost ready for school to start. My mother is getting us some more clothes to wear because my sister is starting to first grade. Her name is Daria and she's excited. I think she's excited. She's wanting to go."

David Baze, 11, son of Mr. and Mrs. R. O. Baze: "Well, I guess I'm ready to go back to school and get another school year over. I've been

to Six Flags and been playing baseball and swimming all the time. I'm going to my uncle's at Fort Worth for a week."

Allen Leslie, 12, son of Mr. and Mrs. Bill Leslie: "I'm sure not anxious for school to start. I've been to Camp Billy Gibbons with Troop 6 and I'm going to Camp Echo Valley at Leakey Monday and stay a week."

Jill Wright, 11, daughter of Mr. and Mrs. J. E. Wright: "I'm not very glad summer is half gone and I'm certainly not thinking about school. I've been playing and swimming and all I plan to do is enjoy this summer while it's here."

Clint Lovelace, 13, son of Mr. and Mrs. Sue Lovelace: "I've been mostly earning money by mowing lawns and I went to Camp Billy Gibbons with Troop 103. I imagine I'll start going to the gym and get myself in shape for football. I'm ready for school to start."

Special City Election Scheduled for Aug. 29

FILING DEADLINE SET

A special city election has been called for Tuesday, Aug. 29, to fill a vacancy on the Eastland City Commission, created with the recent resignation of Commissioner Bill B. Hart it has been announced.

Commissioners called the election Tuesday morning, and prospective candidates may file to have their names on the ballot anytime between

now and Saturday 29, 30 days prior to the election, City Manager Lewis Tiner reported.

The Commission was in session Tuesday as a board of equalization with Mayor Frank Deaton presiding. During the tax session, six persons appeared and 29 tax cases were handled.

The commission will not meet Monday night, July 17, regular meeting night, Tiner

said because Commissioners Curtis Koen and Jay Staggs plan to be out of town.

Hart resigned recently giving as his reason, press of business. He was re-elected for his second term during the last spring elections. Person to be elected will serve his uncompleted term.

The election will be held at City Hall with election judges and other details to be announced.

Jaycee Carnival Opens Monday

The Border Land Carnival will be at the Wagon Yard July 17-22. Sponsored by the Jaycees, the carnival will be open from 4 to 10 p. m. each day.

The Border Land Carnival, which was also in Eastland last summer, features 15 concession stands and eight rides. There will be rides for all ages. Bob Phillips, chairman, said some rides are "little and ideal" for young folks and some are "big and wild" for teens and adults.

Dale Bakker is Jaycee president.

DR. J. O. JOLLY IS LVN SPEAKER

Dr. J. O. Jolly, Eastland dentist, was the speaker Monday evening at the meeting of the Licensed Vocational Nurses Association, Division 64, held at Eastland Memorial Hospital. His very informative talk concerned dental health and care and special information on fluoridation and implantations.

Swedish Viewpoints Are Lions Club Program Here

"Of course, the Swedish people are afraid of our very near neighbor, the Soviet Union, but then of course, we're afraid of the United States, too," an 18-year old Foreign Exchange Student told the Eastland Lions Club Tuesday.

Speaking at the luncheon meeting, Miss Marianne Landgraf, explained that her tiny, neutral homeland had enjoyed peace for over 100 years, and its people are naturally frightened by all the power possessed by the major powers such as the U. S. and the U.S.S.R.

The attractive miss, just out of high school, is here as a Lions Club exchange student, and has been staying with the

Wendell Siebert's. She was to move to the C. W. Hoffmann Jr. home Tuesday, and is to visit with the E. O. Moores before returning to her home. Mr. Moore was program chairman and introduced Miss Landgraf.

She told of native customs, and how they differ to those in this country. "When we first encountered Texas heat, we just looked at each other and smiled. Our summers are warm, we think," she said, "but you Texans would probably freeze."

Her most pleasant experiences here have been riding and attending the Stamford and Ranger rodeos, she said. Family-life is very similar in this country and in Sweden.

Hoffmann presided and Tip Arther introduced Guests O.L. Stamey of Cisco, Bruce Golemon of Ranger and Mrs. Ed Ethridge of Eastland.

Mr. and Mrs. Pat Miller, Janie and Susie, and Mr. and Mrs. Willis Bugg of Gilmer visited Six Flags Over Texas Sunday afternoon.

Exercising his veto to cut appropriations, Gov. John Connally said \$3,214,121 of the one-year general appropriation bill passed by the Legislature. The vetoed bills total annual expenditures of \$12,819,760 beginning in 1968.

Way of explanation item vetoes in the bill, Connally endorsed the actions the Legislature to the funds needed to state's increasing people. How-

ever, there are several items of expenditures for which money was appropriated that I do not consider essential or justified."

Connally deleted a \$300,000 appropriation which would have allowed the New Texas Research Institute of Mental Sciences at Houston to lease and operate hospital facilities. "This item was not requested by the Department of Mental Health and Mental Retardation in its budget request, nor was it included in my budget recommendations or those of the Budget Board," the Governor

explained.

A \$300,000 appropriation for additional Phase I construction at the Corpus Christi State School also was vetoed. Connally said it was not requested by the MHMR Department or in budget recommendations submitted by the Legislative Budget Board or by Connally. He pointed out that the 1965 Legislature appropriated \$2,224,000 for the proposed school.

Connally slashed \$890,000 off the appropriation for the University of Texas Medical School at San Antonio. "With construction of the medical school and teaching hospital and the recruitment of faculty and staff still in process, the number of students actually enrolled will be limited during the 1968 fiscal year," the Governor said.

"Even after vetoing this item," he continued, "the medical school's appropriation for the 1968 fiscal year will exceed my recommendation by \$685,795 and will represent a 145 per cent increase over the amount appropriated for the current year."

Also vetoed was \$325,000 earmarked to the State Department of Agriculture for expanding market outlets for Texas' agricultural commodities. Connally explained that "The appropriation of \$325,000 duplicated in purpose a major portion of the \$500,000 'special program' appropriation for marketing and market outlet research, quality research, statistical reporting and other programs relating to agriculture."

Other bills vetoed included those extending the curfew for alcoholic beverage drinking until 2 a. m. in the metropolitan counties, doubling retirement benefits for legislators and improvements in state employees' retirement benefits, prohibiting employment of youngsters under 21 in stores which sell beer and liquor, permitting broader powers for the State Soil & Water Conservation Board, allowing the State Comptroller to seize property for tax debts and sell

Panthers Beat Eastland Sox

Cisco Panthers defeated Eastland Blue Sox 7-5 Monday night in local Teenage League action.

The Panthers got seven runs on four hits, and Pence, winning pitcher, struck out four and walked one. George pitched the last two innings and struck out two.

Pence hit a grand-slam home run for Cisco, and leading hitter was Rhyme with two hits. Chrisman, Wells and Fink played outstanding games, according to a league spokesman.

Eastland got five runs on seven hits. Harbin was losing pitcher and struck out four and walked two. Thomas pitched the last two innings, struck out five and walked one. Leading hitters for Eastland were Plew and Williams, who got two hits each.

Cisco Cats defeated the Ranger Blue Sox 20-1 Monday night in Ranger. Details of the game were not available, according to the league spokesman.

Briefly Told

Mr. and Mrs. Homer Smith left Saturday afternoon for the funeral of his brother-in-law, Charles Morris, in Moline, Ill. Monday.

Mr. and Mrs. Al Pierce and family of Clyde were visiting in Eastland with family and friends last weekend.

Mr. and Mrs. P. A. Cox Jr. of San Antonio visited in Eastland last weekend with their parents, Mr. and Mrs. P. A. Cox Sr. and Mr. and Mrs. Lee Graham, and Mrs. Cox's sister-in-law, Mrs. Gary Graham.

it without court action, setting up special county boards to assess tax values on agricultural land near cities, and granting cities police powers on private property such as shopping center parking lots.

Careless Texas drivers will pay more for their car insurance on policies written after July 31. They will be charged more because of their accidents or traffic law violations during the nine months which ended May 1.

Penalties which range from 15 to 90 per cent, depending on the number and importance of the law violation — will add up to \$6,439,362 during the year starting August 1.

These penalties, feeding that much more money into the auto insurance "kitty", will prevent rate increases for most drivers.

State Board of Insurance held its annual auto insurance rate hearing and got a staff recommendation for a general rate reduction of one percent in insurance rates. It varies from area to area, and from classification of cars and drivers.

There would have been a general rate increase had it not been for the more than \$6,000,000 in penalties which will be charged against the drivers who violate the law and have accidents.

Board also took under consideration a proposal that high school and college students whose grades average B or better be given a 25 percent insurance rate reduction. State Farm Insurance Co. started such a program in 1962. It found that students who make high grades drive less and have fewer accidents. Hence it is a valid basis for lower rates for those who make the honor roll or the dean's list.

Short Snorts
State's first bale of cotton was ginned in the Lower Rio Grande Valley on June 11, setting a new record, reports the State Agriculture Department.

Inmate population at the Huntsville state penitentiary unit dropped by 480 — to 12,384 — during the last fiscal year, according to State Auditor C. H. Cavness.

State, county and municipal officials have been urged to encourage ringing of all available bells to celebrate July 4 — at 1 p. m. CDT — as part of "Bells of Independence Day" observance throughout the nation.

A \$22,048 federal grant has been approved for the Texas Parks and Wildlife Department, to be matched by the Department, to develop a recreational area at Copano Bay, located north of Rockport.

State Highway Department is observing its 50th birthday this month... and will celebrate the anniversary again in September in connection with National Highway week.

Final Rites For Lucie W. Smith Held Monday

Funeral services for Mrs. Lucie W. Smith, 67, an Eastland County resident most of her life, were held at 2 p. m. Monday in Rust Funeral Home Chapel with Rev. Mart Agnew, Baptist minister, and Rev. Jesse Cassle, pastor of First Baptist Church, officiating. Burial was in Oakwood Cemetery.

Mrs. Smith died at 11 a. m. Sunday in a Gorman nursing home where she had been a patient three years.

Born March 2, 1900, at McMenzie, Tenn., she lived in Rising Star for many years before moving to Cisco four years ago. She was a member of the Baptist Church.

Survivors are two sons, W. T. of Coliforma, and Charles L. of Austin; two daughters, T. of California, and Charles Mrs. Marie Owens and Mrs. Opal Bible, both of Cisco; 15 grandchildren, and 15 great-grandchildren.

One Sure Way To Find Out About Hay

There's one sure way to settle the "my hay is better than yours argument."

Have it tested.

Farmers have a great tendency to over-estimate the quality of their hay, says Al Novosad, Extension pasture specialist at Texas A&M University.

There are imposing differences in quality and feed value of forages, according to figures from the A&M Forage Testing Service.

For instance, the high sample of coastal bermudagrass tested last year had over 19 percent crude protein. The lowest sample tested only 3.7 percent crude protein. Average was 8.7.

Forage sorghum cut for hay ranged from a high of over 12 percent to a low of 1.9 percent and an average of 5.2 percent crude protein.

Crude fiber, digestible protein and TDN (total digestible nutrients) showed the same wide variation, says Novosad.

A relatively new figure is being included in the A&M forage analyses—net energy. Novosad says net energy is a more accurate indication of the worth of a forage to an animal than crude protein or TDN.

It is figured by subtracting

the various energies lost in the digestion process from the gross energy in a feedstuff.

Novosad says there are several items influencing hay quality. Among the more important are the amount of fertilizer the hay got and the stage of maturity at which it was cut.

Lower fertilizer rates usually mean lower quality, he says. And, as a general rule, the longer the forage is allowed to grow, the lower in quality it becomes.

MISS ELLEN COZART

WSCS Meeting Is Held Tuesday

Tuesday the Woman's Society of Christian Service had its summer once a month meeting in the Fellowship Hall of the Methodist Church. Mrs. C. T. Brockman's circle provided the refreshments, and presented the devotion which was given by the pastor, Rev. Layne.

Rev. Layne read scripture concerning Christ calling his disciples who accepted his calling and calling the rich man who rejected his calling.

Rev. Layne said that Christ is calling us today in four principal areas: He is calling us to attend worship regularly, to engage in the learning practice continually especially

by attending church school, to go out into the community and help people in need outside of the church, and to go out into the world through our giving to the church mission program.

He closed by stating that he hoped all of the members would reach and fuller life by accepting Christ's calling and not sadly reject his calling like the rich man in the Bible.

After a brief business meeting the members enjoyed a period of fellowship.

Rattlesnake In Striking Pose Is Prize Winner For Cisco Physician

The handsome Texas rattlesnake in striking pose above was the painstaking work of Dr. D. Ball, veteran Cisco physician, whose interest in photography has grown over the past two decades. The picture, as you might guess, won for Dr. Ball a page in the yearbook of a national photographer's organization. Making such a picture with a camera took some doing. A similar picture in watercolors appeared on the cover of a sports magazine a few years ago, and this probably was Dr. Ball's inspiration. But he chose the camera. The props included a sun-dried skull of a Texas steer and a live rattlesnake. The rattler had to be trapped and handled with care. To get ready for the picture, Dr. Ball placed the skull before the proper background. He used tiny cord to tie the snake to the area of the skull. He then set his camera up on a tripod and got set. He did a lot of talking and coaxing before the snake rose up, shook his rattles and got "shot" with a 4x5 Super Graflex. "Dr. Ball figured that it took him about 20 minutes to do the actual photography job after the props were assembled.

He has been hard at it ever since. He is a member of the Masonic Lodge here and of Moslah Temple Shrine. He is a member of the First Baptist Church and was a charter member of the Cisco Lions Club. Dr. Ball and his wife are the parents of three children - N. R. Ball of the Quartermaster's Corp in Gissen, Germany; Mary Ball Black, Abilene; and D. Ball, Jr., Big Spring.

DESDEMONA NEWS

There was an increase in the attendance at the Baptist Church Sunday. The nice rains received this week was very beneficial to farmers and greatly appreciated by all. Quite a number were in Lingville Sunday to attend the funeral of W. D. Caughman who had passed away following a lengthy illness. W. D. was the husband of Ruby Lee Riggs and father of two girls. Rev. and Mrs. Tommie Irvin and children of Nashville, Tenn., are here visiting her parents, Mr. and Mrs. Floyd Moore. Also visiting with the Moore's is their granddaughter, Miss Paula Branham of Seagraves. Miss Lizzie has been home several days following an extended visit at Possum Kingdom with a brother, Mr. and Mrs. George Moore. Mrs. Hattie Davis is home after an extended visit in Oklahoma with her children. Mr. R. H. Abel returned home from the Gorman Hospital where he had been a patient following a fall suffered at his home when he fell from a ladder two weeks ago Sunday. All his children are here for the weekend to visit him. There will be "Open House" at the home of Mr. and Mrs. Doyle Johnson Sunday afternoon July 16th honoring her parents, Mr. and Mrs. Bud Carter on their 50th wedding anniversary. Mrs. Dory Williams was in Stephenville last week and visited her two sisters, Mrs. Nell Christian and Mrs. Bertie Christian. The Albert Johnsons returned home Saturday after visiting in Ranger with her brother, Ernest Hunter. Miss Frances Warden of Ranger had been quite ill following an accident with her car. She is the sister of Mrs. Paul Diets. Mrs. W. H. Davis was in

Stephenville recently where she attended the "Friendship Club" in the home of Mrs. Max Brock. Mrs. Ora Fuqua is on the sick list as a house patient at her home. Mr. Raymond Anderson of Stephenville visited a white Sunday with his mother, Mrs. Sallie Huffman. Mr. and Mrs. Charlie Cooke (nee Halie Mae Pool) of Fort Worth have purchased the late Mrs. Ollie Fien home and have moved. Welcome to our town! Mr. and Mrs. H. T. Lane are at Granite Shouls for an extended outing. Mr. and Mrs. Bill Craig of Comanche visited his parents, Mr. and Mrs. Billy Craig, the past weekend. Also Mr. and Mrs. James Craig and children of Houston are here on vacation. Visiting with Mr. and Mrs. Roy Guthery was a nephew, Andrew Kimbrough, and fam-

Mr. and Mrs. Bob Koonce here with her sister, Mr. and Mrs. Alton Wright. Mr. and Mrs. Jack Beaty visited Monday with Mr. and Mrs. Roy Guthery. Mrs. Emma Cuming is here to be with her sister, Mrs. Beulah DeQuire, to help with their mother.

There's a good chance that there's a snorer in your family. If so, says Today's Health, the magazine of the American Medical Association, you are well aware that it's not very funny.

The assorted hisses, gurgles, buzzes, snorts and raspings of the snoring nuisance hold the seeds for the ruination of an ostensibly happy married. Many married couples find it necessary to set up a schedule wherein one spouse tries to precede the other in sleep. Other couples proceed to separate rooms and possibly even the divorce courts.

For the most part snoring is generated while breathing either in or out during sleep by several structures in the nose and throat. The sounds are due to vibrations in the soft palate and other soft structures of the throat in response to inflowing and outflowing air.

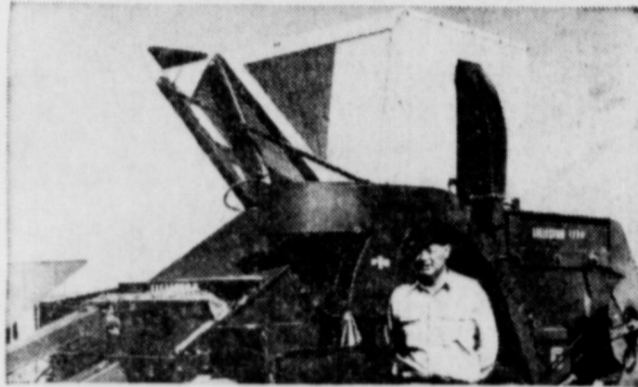

The frequency of the vibrations depends on the size, density and elasticity of the affected tissues and on the force of the air flow.

A number of causes of snoring can be helped and even cured. Most cases of snoring in children are cured by removal of enlarged adenoids and tonsils. A blocked nose may lead to mouth breathing

and snoring. Some can be corrected by surgery. If snoring by nasal congestion, the common cold, or antihistamines can bring relief to snorer and may stop snoring on the

INDUSTRIAL THEME...

WHY EASTLAND?

By LELA LEE and even from larger city schools. Welcome, Mr. Industrialist! I have been selected to tell you about our city. I know you must have many questions, and I shall try to answer them satisfactorily. Of course, the primary question is "Why Eastland?" The answer is not a short one. Someone else will give you facts and figures concerning Eastland; my main purpose is to tell you what Eastland can do for you and for your family.

For your children you will be interested in education. Eastland schools have a fine academic reputation. Perhaps most townspeople make the same boast for their schools, but Eastland students have actually proved themselves reader for college than students from surrounding towns.

Students enjoy other activities such as the annual bonfire, pep rallies, parades, banquets, junior and senior plays, and many other junior and senior activities.

Of course, high on any list of extracurricular activities are the sports. Sports available at Eastland High School include football, basketball, tennis, and track. Physical education programs for all students are available in the regular curriculum.

Living in Eastland, you can educate your children from kindergarten to junior college. There are two junior colleges within a twelve-mile radius. Many students find it practical to live in Eastland while attending Cisco Junior College or Ranger Junior College.

For you and your wife, sir, are clubs and civic organizations. You will find clubmen and clubwomen very active in their clubs, concerned about Eastland and its welfare, and pleased to accept new members to their organizations.

Some of these clubs and organizations are the Rotary Club, Lions Club, Civic League and Garden Club, Music Study Club, Art Club, Thursday Club, Eastland Civic Theater, Junior Chamber of Commerce, and Chamber of Commerce.

If you are interested in cultural activities that are normally found only in large cities, Abilene is a one-hour drive away, and the Dallas-Fort Worth area is a two-to-three-hour drive from Eastland.

For your entire family Eastland has much to offer in the way of recreation. Three lakes are in the immediate area. Lake Leon in particular is adapted to accommodate both local citizens and tourists, and the lake is available to fishermen, boaters, swimmers, and campers. Near Lake Leon is a country club with members from the Eastland County area. Other forms of recreation available include bowling, golf, horseback riding, tennis, and motion pictures. The city park has playground equipment, tennis courts, croquet and roquet courts, a swimming pool, and a large picnic area. If you want to take your family to something really special, Six Flags Over Texas is a short drive to the east between Dallas and Fort Worth.

For your family Eastland also has much to offer in the field of religion. Many faiths are represented, and the church members try to have programs that include everyone, especially the young people.

Of great importance are doctors and medical facilities. Eastland has four practicing physicians and a modern city hospital. We are very proud of that hospital; it was built through the efforts of the townspeople alone, with no federal aid.

Another thing we are very proud of is our post office. The post office has beautifully landscaped grounds, a tastefully and artistically decorated interior, a huge flag made of flowers, and a large stamp mural.

There are quite a few more things I think you should consider, Mr. Industrialist, before you reach a decision about having a home here.

Eastland. Other industries have found Eastland to be profitable. One in particular, Hollywood Vassarette, has been expanding continually since moving here.

Eastland has adequate means of transportation. It is a stopping point in train and bus lines, and the airport is suitable for landing small airplanes. Most important, a national highway runs through the heart of town, bringing business and activity.

The highway contributes greatly to one of Eastland's most important assets. Its people are accustomed to strangers and tourists; therefore they have a friendliness some towns lack. Small towns have a reputation for friendliness, and Eastland, as I have told you, is certainly no exception to the rule.

Small towns are sometimes thought of as quiet, restful little places where everyone knows everyone else and has the time for many things. Eastland is quiet, and yet it is active. It is a blend of the country and the city, and it is not far from either.

Perhaps there are other things you need to know, sir, and I am sure someone will be able to tell you what you want to know, but there is one thing I must say before you go. I believe that Eastland's most important asset for your industry is that the people of Eastland want you to come. We shall work to try to persuade you to come here, and we shall continue to work to make your industry as successful as possible if you do come here. We are progressively-minded people and are concerned about our town; we believe you can help us and we can help you. We ask you, Mr. Industrialist, to let us try. Our motto is, "We'll work to see that your work prospers."
