## Outcome Due This Week In Kirk's Residence Eligibility Challenge

Unfolds on EHS Stage Mar. 22, 23

Case Is Heard In 91st Dist. Court

By H. V. O'BRIEN Anytime four attorneys get together in a courtroom, there's bound to be a lot of talk -- and there was three hours and twenty minutes of talk during the Kirk eligibility hearing in 91st District Court Friday.

And a final decision isn't expected until late next week according to Presiding Judge E. H. Griffin of Breckenridge, sitting in for 91st Judge Frank Sparks. Judge Griffin admitted that he was "puzzled" by some of the testimony he heard during the hearing.

The hearing was held to establish a ruling on a petition brought by Earl Conner Jr., holding that Truman Kirk is not qualified by residence as a candidate for the May 4 Democratic nomination to District Judge. Both Conner and Kirk are announced candidates for the nomination (Nomination in this county virtually means election).

Represented by Eastland Attorney Virgil T. Seaberry that a man's legal residence is established "by where his family lives." Kirk's wife and children live in Abilene, where she teaches school, testimony showed, although the family spends much time in Cisco, and eventually plans to move to this county when school is out.

Bryan Bradberry of Abilene, counsel for Kirk, cited other test cases which hold that the test is "physical presence" and "intention." He further pointed out that the husband has the right to determine domicile.

The legal brief outlining all the cases cited by Bradberry was given to Judge Griffin, and Attorney Seaberry is to present his brief to Judge Griffin Monday.

"I can readily see the need for haste," Judge Griffin said, "but I want to take some time on this." He said it would probably be Thursday or Friday of next week before he announces whether he grants the temporary injunction to keep Kirk's name off the ballot.

The County Democratic Executive Committee will meet Monday, March 18, to draw for positions on the ballot.

The courtroom wasn't full, but had a good number of spectators including seven of the nine county election judges, who were jointly cited-in the petition, along with Kirk.

A meeting was held Thursday afternoon between the four attorneys, principals in the case, but a statement of facts apparently was not agreed upon, and the hearing went on as scheduled Friday. It had been reported that if certain facts could be agreed upon, the matter could be taken on up the judicial ladder for decision -- possibly directly to the State Supreme Court.

Kirk spent two hours on the witness stand himself, and volunteered more information than was asked for in nearly every instance. Only other witnesses were J. W. Pruitt of Abilene, Tom Stark and H. A. McCanlies, all of Cisco.

Kirk, 43, stated first that he was not separated from his wife, on questioning by Seaberry, and that they had three children. Much was made of when Kirk actually closed his Abilene law office and moved to Cisco. He said the close was gradual, and that he did business in both towns for quite a while. A series of documents was introduced, some of which stated that Kirk was a resident of Taylor County. His voter registration was pointed out -- he registered in Abilene, but did not vote there, he said. He was appointed a notary public in Abilene.

Deeds on record showed Kirk to be a resident of Abilene. He stated that he (Continued on Page 4)

## Committee Is Named For New Graham Film

The local committee for the March 18 and 19 premiere showing of the Billy Graham film, "For Pete's Sake" has been announced as follows:

Len Layne, inter-church director; E. O. Moore, civic clubs director; Charles Marshall, student groups director; Haston Brewer, Jay Staggs, Earl Williams and Eugene Williams, counselling; Pat

Collins, publicity director; Mike Collins, director ticket distribution; James Reid, treasurer; Bill Goff, prayer chairman; Dick Dixon, arrangements; and H. V. O'Brien, premiere chairman.

The special showing, a non-profit, non-denominational, effort will be at the Majestic Theater, with performances beginning at 6:15 and 8:30 Tuesday and Wednesday, Mar. 18 and 19. Admission is \$1 per person. Tickets will go on sale Monday throughout the county, and may be secured at banks or newspaper offices. Tickets purchased in advance will be good for either of the showings.

Special public school and junior college matinees are planned for each of the two days, with students expected from each of the schools in the county.

The film is a wide-screen presentation, shot in Denver, Colo., in Eastman Color, and in addition to the dramatic portrayal of young Christian life, also features excerpts from the Billy Graham Denver Crusade.

Committee members and others saw in a recent preview screening that the film has a dramatic shock equal to many commercial pictures, but to reveal the "secret" would spoil the effect of the film for viewers. Young people "swinging" motorcycle scenes.

Bradberry moved his client faster, establishing that he was active in business and civic undertakings in Cisco, that he was an instructor at Cisco Junior College, a position he gained by proclaiming that his intentions were to move his family to Cisco to become permanent residents. Other testimony showed that Kirk had

been appointed attorney in cases in 91st District Court for indigents as early as September, 1965. (Candidate eligibility on residence covers the period two years prior to the Nov. 7, 1968 election).

After a 30-minute lunch recess at 1 p.m., Kirk's witnesses were called and their testimony indicated that the Kirk family considered Cisco its home. A total of 22 affidavits were introduced, each of which was to show that Kirk was a legal resident of Cisco.

These included testimony from his barber, from school

officials in Abilene and others. Closing arguments were voted to legal points and appropriateness of test on which to judge the in question.

The case is believed to be a "milestone" -- the first CARGILL IN VIET NAM Army Private First Tom F. Cargill, 21, Mrs. Eursie L. Fletcher, E. Sixth St., Cisco, was signed to the 199th Light Infantry Brigade in Viet Feb. 5.

## SEEDING GETTING AWAY IN COUNTY

**N. O. SIMPSON**  
CONSERVATIONIST  
Seeding is now getting underway. Several range livestock farmers who have been scheduled to seed as soon as conditions themselves for so.

L. M. Files, Arl-H. L. King, Jeff Harrison, Bill Har- Mrs. Kenneth ve already seeded ses on brush land

Where the pastures already have a fair or better stand of native grasses, seedings are done only in disturbed areas from where the trees were removed.

If the pasture does not have enough good native stand to reseed it, the whole pasture is disturbed with heavy equipment-root rake, chopper, or tandem, and seeded during the same operation.

With the good deep moisture conditions, excellent stands are expected. Especially plantings made early enough for the seedlings to become rooted well below its mid-summer competition. January through April is the most ideal seeding time.

Seedings are being made of side oats grama and king ranch bluestar on shaley sites and other tight land sites. Sides outs grama and little bluestar and Indian grass are being made on our sandy loams and shallower on tight sands. While a lot of our deep blow sands are going to weeping lovegrass.

There is a cost-share in range seedings through the ACP. Also the Great Plains Conservation Program has a cost-share for those with GP-CP contracts.

## Irrigated Acres Account For Half of County Crop

Peanut-crop irrigation looms bigger and bigger as the bright star for Eastland County, judging from the reports just compiled.

With 1968 giving every indication of being another stellar year, the figures on dry, dry 1967 are quite impressive.

The irrigated acres, some 9,000 of them, accounted for virtually half of the total county yield, according to figures released by the ASCS office.

In 1967 the county's 31,826.6 acres produced 29,814,188 pounds for an average per-acre yield of 937 pounds.

The 90,000 irrigated acres had a per-acre yield of 1,604 pounds, accounting for 14,436,000 pounds of the total. The dry land crops yielded 675 pounds average per acre, for a total of 15,379,000.

It is no secret that 1967's yield at 937 was far below the bumper 1966's 1,259 per acre, but it's refreshing to note that even 1967 was ahead of 1965's 757; 1964's 597; and 1963's 520.

The value of the 1967 crop at 11 cents per pound came out to \$3,279,560.68.

Irrigation got its start here in 1964 and in 1966, there were 5,950 acres under sprinklers and 3,450 last year. Cost for installation is about \$135 an acre.

The Staff, Gorman and Deidemonia area, where the heaviest irrigation is concentrated, continues to report the heaviest yield.

Breakdown by area in 1967:

- Staff, Gorman and Deidemonia, 12,237.8 acres, 13,619,743 pounds and 1,113 yield.
- Ranger - Eastland — 335.5 acres, 229,138 pounds, 683 pound yield.
- Carbon - Flatwoods — 6,819.8 acres, 5,815,399 pounds, 853 pound yield.
- Cisco - Scranton - Pleasant Hill — 2,306.4 acres, 1,841,096 pounds, 798 pound yield.
- Long Branch - Rising Star — 7,112.1 acres, 5,690,268 pounds, 800 pound yield.
- Nimrod - Pioneer — 3,016.0 acres, 2,618,542 pounds, 868 pound yield.

County total: 31,827.6 acres, 29,814,188 pounds, 937 per acre yield.

**Easter Pageant Work  
Now Busily Underway**

Rehearsals are progressing nicely for the 1968 presentation of the Kendrick Easter Pageant, which promises to be the best ever presented, with a number of new scenes added. This year's production will consist of 60 scenes portraying the lives of Moses and John the Baptist as well as the full life of Christ from birth through the Resurrection, portrayed by a cast of laymen from every religious denomination, and all walks of life.

The pageant produced each year by the Kendrick families, J. H. Pierre, and James Phil — with the help of the wonderful cast from local and surrounding area, who donate many hours of their valuable time in rehearsals as well as the presentation, has become one of the states leading events, as the attendance has grown to better than twenty-thousand in the past years; and this year's pre-estimated attendance is hoped to reach a goal of fifty thousand. Reservations have already been made for people from several states who are planning to attend this year's production.

The pageant is held in the Kendrick Amphitheater, located four miles west of Eastland on U. S. Highway 80 as a pre-dawn service beginning at 3:30 a. m. on Easter Sunday.

Make your plans to attend this year's presentation of the best story ever written, as we feel that everyone present will receive a rich blessing as the Life of Christ unfolds in true life before you.

**Fort Trails To  
Be Marked In  
Eastland County**

Thirty markers outlining the Texas Forts Trails through this area are to be installed before April 1, according to Mike Collins, Eastland County chairman of the State Historical Survey Committee, which is working with a Texas tourism committee appointed by Governor Connally.

Sixteen markers will be the official blue disc with white arrow. The others will be white arrows. They will be installed by the Texas Highway Department.

Cost is expected to be about \$530, according to Collins, who stated that Eastland County will pay half of the total sum. The other half will be paid by county civic organizations. Pledging financial support were Ranger Jaycees, Eastland Chamber of Commerce, and Cisco Chamber of Commerce.

## Acree Meeting Set at Cisco JC

A meeting on certification of acreage is scheduled for Monday, March 11 at 7:30 p.m. in the Agriculture Building near Cisco Junior College. This meeting is for the young farmers in the Cisco area, as well as any other interested persons.  
Jesse G. Meredith, county office manager for the Eastland County Agricultural Stabilization and Conservation Service, will conduct the meeting. All farmers participating in price support programs in 1968 will be required to certify as to their acreages in the county ASCS office. These price support programs consist of wheat, feed grain, cotton, and peanuts.  
It is very important for farm producers to understand all aspects of this program, as it could cause drastic reductions in price support and create hardships should a producer certify wrong as to his acreages.  
There have been and will be other similar meetings scheduled throughout the county. All farm producers are urged to attend one of these meetings.

## Morton Valley HD Holds Meeting

The Morton Valley Home Demonstration Club met Wednesday afternoon with Mrs. R. W. Gordon presiding. Following the opening exercise of the club motto, creed, and prayer, Mrs. Joe Bond read the devotional Scripture, Proverbs 15:13-20.

Mrs. Bond, Council delegate, presented the council report and announced that the THDA meeting will be held in Hamilton March 8. Mrs. Gordon, a delegate to the meeting, will also be chairman of the health workshop. All club members were urged to attend the meeting.  
The club voted to cancel the meeting scheduled for March 13, in order to attend a March 14 covered dish luncheon at the Ranger Community Center. Host club will be Ranger Garden Club which will present a flower arranging workshop.  
Mrs. Bond read a poem titled "Our Git Up and Go Has Done Got Up and Went". Mrs. T. E. Castleberry brought notes on the first train to arrive in Eastland on October 19, 1880. Mrs. Josie K. Nix read the notes to the club.

## THIS IS JOHNNIE W. MORREN

Candidate for EASTLAND COUNTY COMMISSIONER Precinct 1 (Eastland, Olden and Ranger)

The two things which he is most concerned with in this election are:

**EASTLAND COUNTY AND PRECINCT ONE SOUND COUNTY FINANCIAL MANAGEMENT:**

"When I was first approached by many of my friends in Eastland County to run for the office of County Commissioner of Precinct One, I wanted to know why they were seeking someone else for this job. After checking with several people, the following information was furnished to me and after long hours of study I could understand why a change is needed.

"Records have been checked and they indicate that \$60,000 has been on deposit in four banks in Eastland County for a period of at least ten years. This money has not been placed in a savings account where it could draw interest for the betterment of Eastland County.

"If this money had been placed in a savings account, earning at least three per cent interest, this would have earned \$18,000.00 for the ten years. This money could have been put to good use for the county such as raises for the employees, better county roads, more help for various county department and much-needed improvement to the interior of the county courthouse. These are but a few of the many areas that need the attention of the Commissioner's Court.

"With the \$2,400 (in interest per year) that could have been earned for the county, and the \$2,700.00 (at \$75 per month), that is now being paid to the commissioners for expenses, a total of at least \$5,100.00 per year would be available for sound county use.

"I am sure that the people of Eastland County deserve and expect better management of the county funds. As a citizen, I do.

"I intend to seek the advice of experts including the banking officials of the county to best utilize the county's money.

"With your continued help and support, I can be elected County Commissioner, Precinct One, and I assure you that I will do my best to eliminate this type of operation."

"PLANNING IS BASIC: We will Plan our Work and Work our Plan" Mr. Morren says.

## Keeping the Barn Door Shut

... while the horse is still in the stable and property adequately insured before disaster. Sound advice to all classes of property. After the storm clouds have already gathered the kitchen fire is out of control, it is too late to begin arranging your insurance needs. Counsel with you now that you may be ready to have full protection when you really need it.
