

Russia Is Blamed For Stalemate In Germany

WASHINGTON, July 16. (AP)—Senator Vandenberg (R-Mich) told the Senate today that "substantial gains" have been made toward world peace but the goal still remains "far from total achievement."

Five Cities Urged To Get Their Water From Robert Lee Reservoir

Representatives from five West Texas cities, seeking supplemental water supplies, were urged by the Upper Colorado River Authority at Robert Lee Monday to "get the water you need, when you need it, and at a price you can afford to pay" from the projected Robert Lee Lake.

American Pair Released By Reds In Berlin

BERLIN, July 16. (AP)—The Russians handed over a missing American warrant officer and his petite wife to US Army authorities early today, and soon afterward the Americans announced they were releasing three Russian espionage suspects to the Red army.

The civilian-clad Russians, two of whom claimed to be Red army officers, had been arrested in the US zone two weeks ago, it was announced.

The Americans, warrant officer and Mrs. Samuel L. Harrison of San Antonio, Tex., disappeared 15 days ago when they ventured 500 yards into the Russian occupation zone to see a pet shop dog kennel. Harrison said he was held two days in virtually a dungeon; his wife said she was questioned repeatedly and at one time cried during an interrogation.

Two other Americans still were missing somewhere in the Russian zone. Gen. M. Dratvin, Russian deputy military governor, advised US Army authorities the Red army still was "collecting data" on the men in the neighborhood of Oranienburg, a Russian army district headquarters.

Water, Milk Supply Checked In Odessa

ODESSA, July 16. (AP)—State health officials have reported that the city's water and milk supplies are safe after an investigation of three cases of typhoid fever reported during the week end.

Combat Awards Given To Ralph E. Blount

The Distinguished Flying Cross and the Air Medal with two bronze oak leaf clusters were presented this morning at Goodfellow Field to Ralph E. Blount, Jr., former first lieutenant and combat B-25 pilot.

Col. George M. Palmer, commanding officer of Goodfellow Field, made the presentation in the presence of a group of student officers and Blount's parents, Mr. and Mrs. R. E. Blount, Sr., and his sister, Helen Blount.

meeting of foreign ministers in Paris, which he attended as an advisor. He voiced full endorsement of the conference report given the nation by radio last night by Secretary of State Byrnes.

Byrnes said that Russia is creating "doubts and suspicions" by her objections to a German disarmament treaty. He announced that this country is moving toward breaking down economic barriers in Germany, even if the Soviets do not help.

Vandenberg told reporters before he began speaking that he is making what he terms "a frank appraisal" of American - Russian relations.

Byrnes said in his speech that orders giving Russia a choice between cooperation or "economic paralysis" in Germany will go forward this week to Gen. Joseph T. McNarney, American military commander at Frankfurt.

The orders will be to cooperate with any or all of the other occupying powers — Britain, France and Russia — on finance, transportation, communication, trade and industry.

In a radio report to the American people on successes and failures of the Four-Power council of foreign ministers at Paris, Byrnes asserted:

"We will either secure economic cooperation between the zones or place the responsibility for the violation of the Potsdam agreement."

President Truman listened in and telephoned congratulations to the secretary immediately after the broadcast.

Russia declined at the Paris meeting to go along either on economic measures, guarantees for keeping Germany disarmed for a quarter of a century, or the writing of a peace treaty for Austria.

On these points, Byrnes observed, the conference "made no progress at all." He pinned the blame squarely on Russia.

"It does not believe," he declared, "that the Soviets realize the doubts and suspicions which they have raised in the minds of those in other countries who want to be their friends by the aloofness, coolness and hostility with which they have received America's offer to guarantee jointly the continued disarmament of Germany."

Both Kelley and Youngblood scored reports from some quarters that there were people "more interested in getting a good fishing lake" in the vicinity of Colorado City than in a water supply.

Kelley said that in the last analysis, the decision would rest largely on findings of engineers who could bring out facts on relative costs, suitability of the waters, engineering feasibility.

Representatives of the UCRA pointed out that they recently had submitted the project report on the proposed 670,000-acre feet Robert Lee reclamation lake project, climaxing 11 years of work.

Kelley said there was no desire to cripple the Robert Lee program. In turn, UCRA officials indicated they would not stand in the way of the municipal water project.

Three From B'Spring Processed By Army

Frank S. Salas, Vincent M. Aguilar and Nazario L. Nunez of Big Spring were included among the eight men processed through the local US Army recruiting station this morning for military service.

armament treaty. He announced that this country is moving toward breaking down economic barriers in Germany, even if the Soviets do not help.

Byrnes said in his speech that orders giving Russia a choice between cooperation or "economic paralysis" in Germany will go forward this week to Gen. Joseph T. McNarney, American military commander at Frankfurt.

The orders will be to cooperate with any or all of the other occupying powers — Britain, France and Russia — on finance, transportation, communication, trade and industry.

ASKED HELP — Joseph Freeman, Washington agent for the Erie Basin-Batavia Metal Products companies, tells Mead committee as witness that he asked Rep. Andrew J. May (D-Ky) for business help "six or eight times." (AP Wirephoto).

Annual Renewal For Exemption Called Invalid

AUSTIN, July 16. (AP)—A law requiring citizens over the age of 60 in cities of 10,000 population or more to renew their exemption certificates annually as a prerequisite to voting was held unconstitutional in an attorney general's opinion today.

The law questioned by H. Pat Edwards, civil district attorney of Dallas who requested the opinion, was passed by the last legislature. While the attorney general's opinion does not have the weight of a court decision, such constructions of the law are usually followed by election officials or others seeking opinions in the absence of court decisions.

Competent observers estimated the effect of the opinion would be to enfranchise at least 100,000 persons over 60 who otherwise would not have been able to vote in the July primary.

"It is the opinion of this department that a person who has heretofore received a permanent exemption certificate because of age may not be denied the right to vote at any election held in this state merely because he has failed for any reason to renew his certificate under the requirement of H.B. No. 344 passed at the regular session of the 49th legislature."

The right to vote, said the opinion, should not be denied any citizen "unless such right is forbidden in clear and unmistakable terms of law."

Texas Women Hurt In Auto Collision

COLORADO SPRINGS, Colo., July 16. (AP)—Mrs. E. D. Cunningham and Mrs. Vernon Tillery, both of Electra, Tex., were critically injured in an automobile collision here last night.

Husbands of both the women were treated for minor injuries, and Clinton McConagay, Colorado Springs, driver of the other car, suffered rib injuries. Deputy Sheriff Frank Sanders said.

Mrs. Cunningham received a fractured skull and brain injuries. Mrs. Tillery sustained a fractured pelvis and possible internal injuries.

House Rejects Senate's OPA, Makes New Compromise Effort

Fights Flare At Picket Line In Corsicana

New Trouble At Long-Shut Down Cotton Mills

CORSICANA, July 16. (AP)—Violence flared for the third time here today as 45 workers entered the Corsicana cotton mills, closed by a strike for seven weeks.

A group of non-union employees rushed the picket line of the AFL-organized employees at the southeast corner of the mill building.

The two groups began fist fights which were broken up by state, county and city officers. Police formed a heavy cordon through which the work-bound employees entered the plant amid sneers and remarks.

Pickets said some of the people entering the grounds were not regular millhands.

The 45 employees entered safely, and a few minutes later three more workers went through the cordon.

The first incident occurred early today when Riley Fausby, a picket, was struck by a non-union millhand. Fausby was given first aid treatment for severe scalp wounds, and his adversary was arrested.

Later when a man attempted to drive a car through the picket lines with several women passengers, pickets pushed the car back into the street. Intervention by police and union leaders prevented the automobile from being overturned.

The shirt was torn off the driver's back.

The employees who entered the plant did so almost two hours past the time when president J. N. Edens had said the mill gates would be open to any workers who wanted to go back on the job.

Water Usage Takes A Jump

Big Spring's water consumption leaped to 3,698,000 gallons Monday, as consumers continued to draw heavily from the municipal supply for the second successive month.

The load placed on pumping equipment caused a postponement in plans for re-opening the swimming pool at city park today, but the pool may be filled tonight, city manager B. J. McDaniel said.

A burned out transformer stopped a booster pump at the O'Barr water field in Glasscock county over the weekend, and parts must be secured before repairs are made. However, a normal amount of water is being received from the field by operating other equipment continuously, and an emergency order for parts has been placed.

CONDEMNED — Gen. Draja Mihailovic, Chetnik leader, listens to the closing arguments after making his own defense speech before the military court in Belgrade. The court condemned Mihailovic and ten of his followers to death before a firing squad for collaborating with the Nazis. (AP Wirephoto by Radio from Rome).

Mihailovic's Mercy Plea Rejected

LONDON, July 16. (AP)—The Belgrade radio reported today rejection of Gen. Draja Mihailovic's appeal for mercy after his sentence to death yesterday on charges of collaboration with the Germans.

The broadcast, recorded by the British Broadcasting Corporation, said appeals of his 23 colleagues who were also found guilty of collaboration and treason had been rejected too.

Ten of them were condemned to death along with Mihailovic, the Chetnik leader who rallied Yugoslavs against the Germans in the early days of the war in the Balkans and later was accused of joining the Germans in fighting the partisans of Premier Marshal Tito.

The first nation-wide step toward a buyers strike was set for today, meanwhile, when the CIO-United Automobile Workers called upon its 800,000 members to walk off their jobs during the afternoon to attend anti-inflation rallies across the country.

Union President Walter P. Reuther said in Chicago the quit work demonstrations "will herald a buyers' strike such as this country has never known."

More Officers For Army Authorized

WASHINGTON, July 16. (AP)—The house today passed a bill authorizing the army to increase the number of commissioned officers in the regular army from 25,000 to 50,000.

Gen. Dwight D. Eisenhower, chief of staff, testified at committee hearings on the legislation that approximately half the contemplated increase would be allocated to the air forces. The remainder will be split between the ground and service forces.

A bill similar to that passed by the house bears approval of a senate military subcommittee. The full committee has not acted on it.

Auto Output Drops

WASHINGTON, July 16. (AP)—The Civilian Production Administration today reported a sharp decline in the production of passenger automobiles during June.

Only 142,313 new cars rolled off assembly lines as compared with 152,948 in May, the agency said. Truck production also dropped to 58,739 in June, 15,911 fewer than in May.

Action Considered A Winning Round For The Administration

WASHINGTON, July 16. (AP)—By a vote of 211 to 64, the house today rejected the senate OPA bill and sent it to a house-senate conference committee for a new effort to write a compromise price control measure that President Truman will sign.

The vote was a victory for the president in this round of the week-long struggle over OPA, but administration leaders conceded that nobody could guess what OPA will look like, if indeed it survives at all, when it finally runs the gamut of the legislative processes.

Speaker Rayburn (D-Tex), immediately after the House action, appointed these House members to deal with the Senate in the effort to compromise the troublesome OPA issue:

Chairman Spence (D-Ky), of the banking committee, and Reps. Brown (D-Ga), Patman (D-Tex), Barry (D-NY), Wolcott (R-Mich), Crawford (R-Mich), and Gamble (R-Ill.).

Administration leaders drove hard for such a procedure, hopeful of getting a stronger price control bill than the Senate measure which President Truman has said "couldn't be any worse."

That bill would bar future ceilings on meat, dairy products, gasoline and several other items. No one would guess at the shape any compromise might take. But it was deemed certain the administration would fight to delete the Senate-approved decontrols on meat, poultry, dairy products, grain, cottonseed and soybeans.

In the midst of the clinic over how OPA may be resurrected, Rep. Voorhis (D-Calif) introduced a bill intended to facilitate buyers' strikes against goods jumping high above OPA ceilings. The measure would instruct the bureau of labor statistics to prepare weekly reports on price changes as a guide for consumers.

The first nation-wide step toward a buyers strike was set for today, meanwhile, when the CIO-United Automobile Workers called upon its 800,000 members to walk off their jobs during the afternoon to attend anti-inflation rallies across the country.

Union President Walter P. Reuther said in Chicago the quit work demonstrations "will herald a buyers' strike such as this country has never known."

Mercury Drops, Just A Little

By The Associated Press

The 100-degree temperatures over the state Monday seemed like a relief after a weekend during which 105 was commonplace.

Temperatures generally were two to four degrees lower, but still near the 100 mark. Highest in the state yesterday was 105 at Clarendon. Wichita Falls recorded 103 and Dallas, Abilene, and Big Spring 101.

There is no relief in sight, says the US Weather Bureau.

County Agents Gather Here In Two-Day Meet

County agricultural agents and home demonstration agents from the 39 counties of district six opened a two-day meeting in the Settles hotel this morning with a general session presided over by W. I. Marschall, San Angelo, district agent.

Marschall also was to preside at a special meeting of agricultural agents at 1:30 p. m., and home demonstration agents were to meet with their district agent, Mrs. Myrtle Negy.

At 8 p. m. the entire group will be feted at a picnic in State park arranged by Howard county 4-H club boys and girls and the chamber of commerce.

Polish Group Seizes Jews As Hostages

WARSAW, July 16. (AP)—Outlawed NSZ bands operating in the Kielce district were reported today to have seized nine Jews as hostages for nine Poles who were convicted of setting off the July 4 pogrom at Kielce—and it was disclosed yesterday—executed.

The nine Jews, according to these advices, were threatened with death at the time of their seizure if the lives of the Poles were not spared.

The nine Poles were executed in secret Sunday by a firing squad for their part in the pogrom, which cost the lives of 41 persons, most by Jews. News of the executions was not generally known in Kielce, however, since newspapers have not published it. A foreign ministry spokesman announced the shootings yesterday.

ONE DIES, ONE HURT

DALLAS, July 16. (AP)—Stanley Whittell, 23, flying instructor, was killed and a student flier, Thomas J. Wilson, 30, of Dallas, was injured when their light plane crashed 15 miles south of Dallas yesterday after striking an electric power line.

BYRNES AFTER RETURN—Secretary of State James F. Byrnes (left) converses with President Truman while looking over a newspaper account of the passage of the British loan bill after his arrival in Washington from the foreign ministers' conference at Paris. Senator Tom Connally (D-Tex), head of the senate foreign relations committee, is in the background. (AP Wirephoto).

Bikini King May See Next A-Blast

ABOARD MT. MCKINLEY, July 16. (AP)—Juda, king of the nation of Bikini, may see the second atom bomb shake the island where he and his people once lived in peaceful obscurity.

King Juda received an invitation today—indirect but valid—after he had been paid a courtesy visit by Vice Adm. W. H. P. Blandy and other American notables, at his present abode, Rongerik Island.

No one had any doubt that King Juda would accept. The admiral left word he would have a ringside seat for him—probably on this flagship.

Campaign Expense Filing Due Friday

Candidates for political office whose names are entered on the democratic primary ballot are required by law to have a supplemental list of their campaign expenditures on file with the county clerk's office by Friday, July 19.

Expense account blanks can be obtained through Lee Porter, county clerk.

After the planning board is selected, an adjustment board of four or five men will be named to study permits and determine if they comply with the zoning program.

Zoning Program Gets Started

Engineers have completed preparation of preliminary data for establishing a city zoning system in Big Spring, City Manager B. J. McDaniel said today.

An ordinance is to be prepared this week for creating a planning board, the first step in setting up the program. The measure which probably will be submitted to city commissioners on July 23, will provide for a seven-man board to be named by the commission. The engineers have materials ready to submit to the board as soon as it is named.

After the planning board is selected, an adjustment board of four or five men will be named to study permits and determine if they comply with the zoning program.

Water Usage Takes A Jump

# Miss Moore, J. M. Lowry Wed Monday Evening

Before a gathering of only close friends and relatives Maxine Moore, daughter of Mr. and Mrs. L. Y. Moore, was married to James M. Lowry, son of Mr. and Mrs. Guy Lowry of Levelland, Monday evening in the chapel of the First Methodist church.

A large picture hat of black felt. All accessories were black, and she had a corsage of red roses with gardenias.

Jean Johnson was the bride's only attendant and was attired in a black linen frock with white accessories. Her corsage was of gardenias. Don Burnam was best man.

The bride was graduated from Big Spring high school and attended Big Spring business college, and prior to her marriage was employed at the Big Spring Optical company. Lowry is a graduate of Levelland high school and was recently discharged from the Navy after serving for three years, with duty overseas.

Following the ceremony a reception was held in the home of Mr. and Mrs. A. S. Johnson. The table was laid with a lace cloth, and crystal appointments including the punch service and white tapers were set in crystal holders.

After the reception the couple left on a wedding trip to various points in Texas. Mr. and Mrs. Lowry will make their home in Levelland where he will enter the feed business.

## Mrs. Phil Smith Honored At Party

Mrs. Johnny Ray Dillard and Mrs. Bob Satterwhite entertained Saturday afternoon in the Satterwhite home with a pink and blue gift party honoring Mrs. Phil Smith.

The dining table was decorated with an arrangement of baby zinnias with pink candles set in holders on either side. The pink and blue color scheme was carried out in the refreshment plate.

Bridge was entertainment with Mrs. Dillard making high score, and Mrs. Roy Tidwell winning the bingo prize.

Attending were Mrs. Paul Soldan, Mrs. Pat Stacey, Mrs. Carl Madison, Dorothy Driver, Mrs. Ollie Anderson, Mrs. Elvis McCrary, Mrs. Clyde Johnston, Mrs. James Edwards, Mrs. Leo Cole, Mrs. J. O. McCrary, the honoree and the hostesses.

**SON BORN TO PRESCOTTS**  
Mr. and Mrs. Earl Prescott are the parents of a son born Saturday morning in a local hospital. He has been named Earl Dwin.

## Mrs. Carl Madison Has Kill Kare Klub

Mrs. Carl Madison entertained the Kill Kare Klub at their regular meeting Monday evening.

Mrs. Roy Tidwell made high score and Dorothy Driver bingoed. A salad plate was served. The house was decorated with arrangements of cut flowers.

Attending were Mrs. Roy Lassiter, Mrs. Robert Satterwhite, Mrs. Ollie Anderson, Mrs. Elvis McCrary, Mrs. Watson Hammond, Mrs. Rufus Miller, Mrs. Tidwell, Mrs. Driver and Mrs. Madison.

Mrs. Elvis McCrary will be hostess for the next meeting on July 22.

## Mrs. J. D. Benson Leads Bible Study From Joshua 21

Mrs. J. D. Benson gave the Bible study from Joshua 21 at the meeting of First Christian Women's Council Monday at the church.

Attending were Mrs. J. D. Benson, Mrs. Shelby Hall, Mrs. Harry Lees, Mrs. Brown Rogers, Mrs. Tom Evans, Mrs. J. T. Allen, Mrs. Willard Read and Brownie Rogers.

MISS AMERICA OF 1962... This bassinet charmer wears an heirloom dress of sheer batiste trimmed in cobwebby lace and delicate embroidery. It's meant for a fashionable christening or an extra-special junior soiree. Designed by Yolande.

## McWilliams Parents Of Son Born July 13

Mr. and Mrs. W. C. McWilliams are parents of a son born Saturday in a local hospital. He weighed six pounds and has been named Terry Lee.

Mr. and Mrs. J. W. Fryar are the maternal grandparents.

## Hughes Is Showing Some Improvement

LOS ANGELES, July 16 (AP)—Howard Hughes was somewhat improved today, nine days after his experimental photo reconnaissance plane crashed and burned in Beverly Hills on its maiden flight.

For the first time, the physicians' bulletin last night omitted reference to his condition as "still critical."

## First Baptist WMS Circles Meet In Members' Homes For Week's Sessions

For their regular weekly meeting members of the East Central circle of the First Baptist church WMS gathered at the church for Bible study.

Mrs. Frank Gary presented the opening prayer, and the lesson on "Giving as Taught by the Bible" was given by Mrs. R. V. Jones.

Attending were Mrs. Frank Gary, Mrs. Lina Lewellen, Mrs. R. V. Jones, Mrs. Bennett Story and Mrs. R. V. Hart.

Mrs. Cora Holmes was hostess to the Mary Willis circle, for a program opened with the repeating of the Lord's Prayer in unison.

Mrs. R. D. Ulrey led in the singing of "Blessed Be the Tie That Binds." Mrs. W. B. Buchanan led in the Bible study on "Salvation," after which Mrs. H. H. Squires closed the meeting with prayer.

Following the meeting Mrs. Theo Andrews, Mrs. Ulrey and Mrs. J. E. Hardesty visited with members who were ill and were confined to hospitals.

Attending were Mrs. Theo Andrews, Mrs. R. D. Ulrey, Mrs. W. B. Buchanan, Mrs. H. H. Squires, Mrs. J. E. Hardesty and the hostess, Mrs. Holmes.

Maybelle Taylor and Christine Coffee circles combined for a

meeting in the home of Mrs. E. B. Kimberlin, for a lesson on the "Government of the Church," given by Mrs. Kimberlin.

Mrs. W. J. Alexander dismissed the meeting with prayer.

Attending were Mrs. J. C. Pickle, Mrs. G. H. Hayward, Mrs. A. L. Hobbs, Mrs. W. J. Alexander, Mrs. J. E. Monteith, Mary Hobbs and Mrs. Kimberlin.

Mrs. Vernon Logan entertained the Lucille Reagan circle for a meeting directed by Mrs. P. D. O'Brien. Mrs. Roy Odom gave the lesson.

Attending were Mrs. P. D. O'Brien, Mrs. Roy Odom, Mrs. Carl McDonald, Mrs. J. A. Coffey, Mrs. Brooks, Mrs. Milton Meyer, Mrs. W. B. Younger, Mrs. Roy Cornelson, Susan Logan and a guest, Mrs. Barbara Davis of Dallas.

## Arkansas Votes On Congressmen

LITTLE ROCK, Ark., July 16 (AP)—In Arkansas' first experiment with separate federal and state primaries, Democrats in two congressional districts voted today on the nomination of US representatives.

The separate primaries stem from a 1945 law designed to allow the challenge of negro votes for state officials. Candidates for governor and for various other state and county offices will run in a July 30 primary.

Seeking renomination today against war veteran aspirants were Reps. Brooks Hays of Little Rock in the Fifth district and Aren Harris, Seventh district incumbent.

Lined up against Hays, who remained in Washington and let his opponents do most of the campaigning, were Parker Parker of Dardanelle and Homer F. Berry of Mayflower, each a former Army officer.

The state's new election laws call for another federal primary August 6 and another state primary a week later.

If cellar walls and pipes become moist during the summer, air the cellar out on cool nights or whenever the air outdoors is cooler than in the cellar. On days when the outdoor air is warmer, keep the cellar closed.

## E. J. MILLER Brown County

25 years active private practice in State and Federal Courts. 12 years as District Judge with a record above the average, asks promotion to

THE COURT OF CIVIL APPEALS to succeed Judge Gray, who has withdrawn. If you believe that the East half of the district should have one of the three judges, vote for Miller. (Paid Pol. Adv.)

## Attendance Good At Youth Revival At Baptist Church

The second day of the Youth Revival now in progress at the East Fourth Street Baptist church was concluded Monday with good attendance and enthusiasm, George McLellan, educational director of the church announcing.

In Monday evening's service Rev. Glen Norman, evangelist, spoke on "Running the Race of Life," telling his congregation that the "Christian should be just as concerned on running the race of life as is the athlete on the race track." This evening's message will be on "God's Place in Your Life."

Prayer meeting preceding the service was attended by some 25 young people Monday, hearing a program led by Anita Cate. Billie Kennon will be in charge this evening.

A large gathering attended the fellowship and discussion period which followed the evening service.

To be conducted each evening this week, the revival services are open to all young people.

## VISITS - VISITORS

Mr. and Mrs. McNeill Irwin and family of Houston are on a one-day visit with relatives in Big Spring including Mr. and Mrs. Marvin Sewell, Mr. and Mrs. Gene Haston, Mr. and Mrs. W. N. Irwin and Virginia Irwin.

Mr. and Mrs. Woodrow Campbell are vacationing in New York City and Chicago.

Don Miller of Houston has arrived for a several weeks visit with his grandparents, Mr. and Mrs. W. A. Miller.

Mr. and Mrs. J. D. Elliott have returned from a vacation trip to Denver, Colo., and points in Wyoming.

Mrs. R. O. Carnes has returned to her home in Lubbock after spending two weeks with her brother, J. E. Hardesty, and Mrs. Hardesty.

Helon Blount is vacationing in Cloudford, N. M.

Billie Jean Younger has spent several weeks visiting in Waco.

Mamie Jean Meader is spending a few days in Odessa with her cousin, Helen Smith.

Mrs. Grace Mann left over the weekend for Seattle, Wash., for lessons in interior decoration, wall decoration, color combination and drapery. She will spend three months, and return by way of Los Angeles, Calif., for a visit with her son, Lt. Jack Morris Mann and family.

Mrs. J. A. Coffey has as her guests Mrs. Barbara Davis and children of Dallas.

Mr. and Mrs. Rowe Verschoyle of Houston, former residents of Big Spring, were due to arrive Tuesday for a visit with Mr. and Mrs. Vernon Logan.

Mr. and Mrs. Everett L. Ellis had as their weekend guest, Mrs. Gertrude Woods from Ballinger.

## Wesley Methodist WSCS Has Meeting

Mrs. J. C. Pennikett opened the meeting of Wesley Methodist WSCS Monday with prayer, when members gathered at the church.

Mrs. W. D. Lovelace led the devotional on "Builders of Peace for Tomorrow," with Mrs. Arthur Pickle and Mrs. C. R. Donaldson taking part by discussing, "Children and Peace." Mrs. W. L. Porterfield closed the meeting with prayer.

At the short business it was announced that Mrs. Lovelace will be hostess to a social meeting next Monday at her home.

Attending were Mrs. Cecil Nabors, Mrs. R. L. Pitts, Mrs. W. L. Porterfield, Mrs. J. C. Pennikett, Mrs. Arthur Pickle, Mrs. C. R. Donaldson and Mrs. W. D. Lovelace.

## Group Five Has WSCS Program

Mrs. G. K. Chadd led the song, "Blessed Assurance," and the devotional for the meeting of the First Methodist church WSCS Monday afternoon in the church parlor.

Group Five was in charge of the program which was the last chapter of the study book, "The Divine Fatherhood." Mrs. Logan Baird gave the study on "One Brotherhood Today."

Mrs. Frank B. Wilson presided at a brief business session at which she announced the zone meeting to be held at Coahoma Wednesday at 10 a. m.

There were 25 present at the meeting.

Mrs. and Mrs. Emmett Ellison have as their guests his mother, Mrs. Maude Ellison of Sweetwater, his sisters, Mrs. Frank Hightower of California, and Mrs. Oscar Harris of Sweetwater and their families.

## Social Calendar

**TUESDAY**  
LOTTIE MOON YWA will have a meeting at the First Baptist church at 7:30 p. m.  
REBEKAH LODGE will meet at 8 p. m. in the WOW hall.  
ORDER OF EASTERN STAR will meet at 8 p. m. in the Masonic hall.

**WEDNESDAY**  
FIREMEN LADIES will meet at 3 p. m. in the WOW hall.  
LIONS AUXILIARY will have a luncheon meeting at noon in the Settles hotel with Mrs. Choc Jones, Mrs. Jimmy Greens and Mrs. K. H. McGibbon as hostesses.

**THURSDAY**  
CREDIT WOMEN'S CLUB will have lunch at 12 in the First Methodist church.  
MERRY WIVES BRIDGE CLUB will meet at 8 p. m. with Mrs. Steve Baker as hostess.

Can The SOAP SHORTAGE Get WORSE?

IT'S REALLY SERIOUS! The world-wide shortage of fats and oils to make soaps is desperate. We've got to depend on used fats from your kitchen, Mrs. Housewife! It's the only extra source we have...

Yes, it can - unless EVERY housewife gets back to saving Used Fats!

MORE USED FATS are needed! So get back in the habit of scraping and skimming. Tell your neighbor to do the same. Every drop is needed for soap and other peacetime goods.

TURN IN MORE USED FATS GET 4¢ FOR EVERY POUND

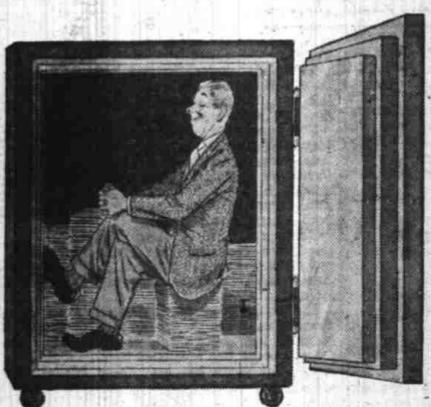

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of liquid Barcozate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly blot disappears—how much better you feel. More alive, youthful appearing and active.

THE BIG SPRING HERALD

## We're standing in line for materials, too

Most materials are hard to get. Some are available only in limited quantities. Others can't be had at all.

With you, it's butter and sugar and shirts and many other things. With us, it's copper and steel and lead and lumber and brass and textiles—and many other things.

A few months ago it looked as if things might be getting better. But disturbed conditions have tightened up the supply situation. In the past few weeks, shortages of materials have been more critical than during the war.

We have found many substitutes, made some old materials do, and practiced all kinds of short cuts to meet a situation that is far from normal.

Even though our program has been slowed down by conditions beyond our control, you can depend on this—

We're moving just as fast as we can, and as supplies improve, we'll get going full tilt.

# Wyoming, Arizona, Arkansas Primary Elections Are Being Settled Today

## Georgians Climax Battle Wednesday

**By The Associated Press**

A ding-dong ballot battle was under way in Montana today (Tuesday) with Senator Burton K. Wheeler's campaign manager predicting he would win democratic nomination by a close margin.

Primary elections also were being settled today in Wyoming, Arizona and Arkansas. Georgians vote tomorrow in a boiling contest marked by a "white supremacy" cry.

President Truman wrote Wheeler a letter which he said he hoped would stop "the smear campaign against Burt Wheeler." The senator's opponent is Lelf Erickson, former Montana supreme court justice, who drew the support of James Roosevelt, son of the late president.

With a moderately heavy vote of about 125,000 forecast, Wheeler's campaign manager, Bailey Storz, predicted victory by about 15,000 votes.

"An Erickson victory by 20,000 votes" was the forecast from Erickson's camp.

A special senate committee is investigating campaign expenditures as a result of Wheeler's protest that "unfair propaganda, financed by New York and Hollywood money" had been injected into the contest.

Other issues revolved largely around international affairs and the railroad strike, with Erickson contending the four-term senator had tried "to put shackles of slavery on labor."

In Wyoming, the principal contest was to choose a republican nominee to oppose Gov. Lester C. Hunt, who was not challenged for democratic renomination. The re-

publican contenders are former Gov. Nels H. Smith and State Treasurer Earl Wright. Senator O'Mahoney, democrat, and Rep. Frank Barrett, republican, were unopposed.

Arizonaans climax an indifferent campaign by choosing between Senator Ernest W. McFarland and Harry J. Valentine, Phoenix attorney, for the democratic senatorial nomination. The state's two democratic representatives, John R. Murdock and Richard F. Harless, have only one challenger—Albert H. Mackenzie, Prescott lawyer.

Democrats in two Arkansas congressional districts decide the

democratic primary bids of war veteran candidates for the seats held by Reps. Brooks Hays and Owen Harris. Hays is opposed by Parker Parker and Homer F. Berry, and Harris by Paul Geren and Bruce Bennett.

Georgia's democratic primary tomorrow is a four-way battle for the governorship nomination, with former Gov. Eugene Talmadge raising the "white supremacy" issue and warning "wise" negroes to stay away from the polls. He is opposed by James V. Carmichael, former Gov. E. D. Rivers, and Hoke O'Kelley. Carmichael has the backing of Gov. Ellis Arnall.

## Home-Grown Alfalfa Auctioned At Colorado; 30 Bales Bring \$87.50

**COLORADO CITY, July 16 (AP)**—As recognition of initial success with a crop new to Mitchell county and as an encouraging gesture to agriculture experiment, an auction sale of 30 bales of Mitchell-grown alfalfa was held on a downtown corner here Saturday. The alfalfa bales brought their grower a total of \$87.50.

The new feed crop was planted and harvested by H. M. Moore who lives one half mile west of Buford. Seeding was done March 15 on 10 acres of seepy, sandy soil where in the past excessive moisture has made the successive growth of any crop difficult. Moore, doing the trial planting as one of the co-operators in the Mitchell District Soil Conservation Service, seeded 12 lbs. of alfalfa seed to the acre at 40 cents the pound.

Agriculture enthusiasts and specialists here were more than optimistic this week over Moore's success with the feed. First cutting was done June 1st to clear the field of weeds, second cutting was

July 1 when 600 bales were baled. Moore's alfalfa patch has already grossed \$100 per acre and he expects two more cuttings and possibly a seed cutting later. Next year he hopes to plant an additional 20 acres!

Auction sale of the alfalfa bales, displayed all day, was handled through the local Chamber of Commerce with the chamber manager, L. A. Chapman, as master of ceremonies. Bob May, auctioneer of local fame, was crier, and Ted Roensch, county agent, and A. L. Robertson, Soil Conservation Service, assisted with the sale details.

The species of fish called Dipnoi have lungs as well as gills.

**NO MORE STICKERS**—Patricia Valois of Toledo removes the old \$5 auto use tax stamp from her civilian jeep. The wartime emergency tax was repealed by congress.

## Lufkin Drops League Leading Henderson

**By The Associated Press**

East Texas league teams in the lower brackets made a clean sweep of the loop leaders last night.

First place Henderson fell before cellar club Lufkin, 10-8, in a 10-inning battle.

Second place Tyler took a 2-0 defeat from Jacksonville.

Third place Paris took a double licking from Greenville. Greenville took a 12-inning opener 2-1 and repeated with a 10-3 victory in the nightcap.

Texarkana, fourth place club, split a doubleheader with Sherman 4-2 and 5-8.

## Off Limits Lifted At Amarillo AAF

**AMARILLO, July 16 (AP)**—The order declaring Amarillo off limits to personnel of Amarillo Air Field at night time has been lifted.

Col. J. K. Warner, acting commander of the field, said he was lifting the order "for mutual benefit and promotion of good will between military personnel and townspeople."

The order was issued last Tuesday by Col. Joel O'Neal, commander of the field, following a series of gang fights between soldiers and civilians.

## Brooks Smashed Again By Stan Musial & Co.

Boston can have Ted Williams. Its colorful thumping outfielder. St. Louis fans will take Stanley Frank Musial who is punishing National league hurling at a 367 clip and leading Eddie Dyer's Red Birds in their drive to overtake the league lead from the Brooklyn Dodgers.

Musial, who roamed the outfield for the cards prior to this season, has been holding down first base since early June and the left-handed slugger has been playing the bag as if he never perched at another position, in addition to belting the ball in his pre-war style.

The 25-year-old star, who leads his league in hits, runs scored, doubles and triples has enjoyed some of his biggest days at the plate against the Dodgers.

Last night, Musial sparked the Cards to a 10-4 victory over the Brooks by smashing four hits in five trips to the plate, including a homer and triple.

The victory was the Cards' third in a row over Brooklyn and it narrowed the Dodgers' margin to one-and-one-half games.

Chicago's third place Cubs advanced to within four-and-one-half games of Brooklyn as Hooks Wye pitched the defending National league champions to a 3-1 victory over the New York Giants.

Although defeating the Pittsburgh Pirates 3-2, the Boston Braves dropped into a fourth place deadlock with the Cincinnati

## Collins On Staff

**EL PASO, July 16. (AP)**—Ben Collins, former West Texas State star, has been added to the coaching staff of Texas College of Mines, Head Coach Jack Curties announced today.

Collins was All-Border conference halfback in 1941. During the war he served with the Marines. He will be a backfield coach at College of Mines.

## U. S. To Redeem More Securities

**WASHINGTON, July 16 (AP)**—The treasury announced today it would redeem with cash another \$1,250,000,000 of public debt securities maturing Aug. 1.

The money for this debt reduction will come out of the treasury's big idle cash balance, listed today at over \$12,281,789,000, since the government is still operating in the red.

The announcement brought to nearly \$13,500,000,000 the debt retirement accomplished or projected since March 1.

The total federal debt stood today at \$286,234,683,249.

The new redemption move also gave evidence of treasury confidence in the outlook for stability in the nation's economy in the near future.

# Two Church Loop All-Star Tilts On Tap At Park Tonight

### Legionnaires Test Mettle Of Losses In 7:30 Opener

Tonight's the night in Church softball league play. Not one but two all-star games are booked to be played at the city park diamond, with La Femme assuming the spotlight in the 7:30 opener and the boys descending onto the field for the 9 o'clock afterpiece.

Director Arah Phillips of the YMCA has picked a spangled aggregation culled from the Senior Girls' league to play the American Legion lasses, recognized as the top women's nine in this immediate vicinity.

The championship Y troupe will supply seven players: Jean Adams, Betty Brown, Mary Rush, Betty Henry, Jean Pearce, Helen Tubb and Mrs. Hazel Pearce. The St. Thomas Catholic church brigade comes in with four representatives, Eva Montanez having recently been added to the squad. Others are Olivia Subia, Euphelia Chavarria and Virginia Costello, the latter a pitcher who will get this evening's starting call.

Others who will see service are Nell Arrington, Pat Hubbard and Floyce Brown, Church of God; Joyce Worell and Ramona Sneed; First Baptist; Ramona Weaver and Jan Dickerson. First Methodist; Betty Beardson, Prairie View Baptist; and Caroline Hill, East Fourth Baptist.

In the boys' game, the front-running Salvation Army club comes to grips with an aggregation composed of the other six teams of the circuit.

The Army raced through first half play with ten triumphs in 11 starts but beat the Airport Baptists out by only half a game. The Airport troupe will have five operatives ready to serve the All-Stars tonight.

First Baptist will supply four players, First Christian, two; First Baptist, four; and East Fourth Baptist, three.

## LINKSMEN GUN FOR STRANAHAN

CHICAGO, July 16 (AP) — The golfing boys who play for keeps will be gunning for a slick lad who plays for fun, amateur Frank Stranahan, when a select 70-player field starts the \$10,000 Victory national open tournament at Medinah country club tomorrow.

Foremost among the top-drawer professionals who will be trying to smack down Stranahan for the embarrasment he caused them by winning the \$20,000 Kansas City Invitational last weekend, will be defending champion Byron Nelson.

Nelson hopes to take apart the rugged No. 3 course at Medinah—a hazard-pocked, par 71 layout that rambles 6,829 yards—for reasons more than humbling Stranahan, a fellow townsman from Toledo, O.

After a comparative slow 1946 start, Nelson appears to be regaining his brilliant form of last season and if he grabs the \$2,500 top swag in the Victory and the \$10,500 winner's share of the Tam O'Shanter All-American open the following week, Lord Byron will be pushing Ben Hogan for money-winning laurels.

Hogan, who also is in the Victory field, floundered badly at Kansas City, collecting a puny \$220 to hold his 1946 earnings to \$25,214, still some \$7,000 better than Nelson has harvested.

## REV. McCLURE ILL

## Samuels, Counted As Prominent Trackster, Also Good At Football

DALLAS, July 16. (AP) — When Perry Samuels, San Antonio's great schoolboy runner, announced he would be at the University of Texas next fall, track men began envisioning a new world's record for the 440-yard relay.

Texas already had Allen Lawler, Southwest conference 100-yard dash champion who has done the distance in 9.5. It also will have Charley Parker, who preceded him.

## Gold Sox Rally Late To Trim Lamesa, 8-2

LAMESA, July 16. — The Lamesa Lobos jumped out to an early lead against smiling Bill Evans Monday night but it soon dwindled away on four Lamesa errors and the Amarillo Gold Sox pulled in front to win 8 to 2, and even the series count at one-all before 7:42 fans.

Huge Cecil Hart, Lobo right-hander, walked 3 batters and hit 3 but he held the Gold Sox to 9 hits and only 2 of the first 6 runs tallied by the visitors were earned.

Bob Crues, a Lamesa cast-off, widened Amarillo's winning margin in the final stanza when he powered his 16th homer 390 feet over the deep center field fence with Williams aboard on a free ticket.

Lamesa's pair of tallies came in the second inning. John Melago singled to left, Jack Wilcox rapped a double to the same sector scoring Melago, and Rags Ragone drove a single to right to send Wilcox home.

Evans was in full charge the rest of the way, holding the Lobos hitless until the ninth when Wilcox singled to center. The kid from Colorado fanned 8 to run his strike-out total to 206, and notched his 17th triumph while pitching a 5-hitter.

The Gold Sox made two errors, but they came in a scoreless frame. Evans walked 2 men in the sixth after 2 outs; but Ragone, who made two bad throws, struck out.

Amarillo came back in the third to score enough runs to win. They combined a single by Al Duarte and a two-bagger by Ray Wilson with mistakes by Lobo skipper Bob Allaire, Ragone and I. B. Palmer for 3 runs. The Gold Sox got 2 more in the fourth on 2 singles and an error, and another marker in the sixth on a walk and a pair of one-basers.

Crues got 3 hits in 4 times at bat, scored twice, drove in 2 counters, and went far past the right field foul line to make a one-hand grab of Fortin's foul fly in the third.

Pepper Martin had 6 put-outs in center field for the Lobos, going back to the fence for catches of long drives by Lamprich and Duarte.

Left-hander Buck Huckabee will start the last game of the series for the Lobos if his lame back is ready; if not, the Lamesa moundman will be Jack Haupt.

## LOOKING 'EM OVER

With TOMMY HART  
Clarence Fox, Jr., one of the pillars of the Big Spring Athletic association, goes to Fort Worth this week to try to lure Iverson Martin and Derald Lehman to the Big Spring Invitational Golf tournament in late August.

Fox and Martin are in related businesses. Fox operates the Union Bus station here, through which are routed Greyhound busses. Martin is an official of the company in Cowtown. If Martin comes, Lehman is also sure to make the trip since they always play together.

It is quite probable that Martin will be chosen to captain the "foreign" team in the Hall-Bennett trophy matches, if he elects to show up. All the directors and Pro Shirley Robbins of the local course are said to be strongly in favor of the suggestion to have him made straw boss.

The presence of Martin and Lehman in the tournament would just about make the meet the greatest in the history of the club, especially if Doug Jones, the Abilene linksman, elects to come over and defend his crown. And Doug has assured Robbins he'll be on hand, if he can take leave of his duties.

John Ross Williamson, Fort Worth, a native of these parts, may go into the recreation business in a big way next season. He has leased an island in the Possum Kingdom lake, some 3-8ths of a mile off shore, and plans to erect a series of buildings, including cabins, lodge, dining hall, and others on the waterbound spot.

Power lines are being extended to it now, across a strait of the picturesque West Texas lake.

He's not saying anything about it but Ike Robb, who's due to be the top lineman in District 3AA football this fall, came away from Camp Stewart last weekend with practically all the athletic awards in the book.

He won the "best camper" cup for the second time, placed first in track, second in the swimming events and earned a Senior Life Saving certificate. He also earned a monogrammed sweater.

One of the counselors at the camp was Pete Shotwell, who'll coach at Abilene come September.

Another was Standard Lambert, Austin prep mentor. Ike may return to Stewart as a junior counselor next summer.

Billy "Rooster" Andrews, Texas university's all-American water-boy, will handle the managerial chores for the College All-Stars in their football classic with the Los Angeles Dons at Chicago Aug. 23.

Andrews goes to Miami in the fall to manage the professional Seahawks of the All-American league.

## Van Cuyk Routed By Exporters, Padres Lose

By The Associated Press  
The top three teams of the Texas league took a licking last night as ninth inning rallies and batting barrages brought wins for Oklahoma City, Beaumont, Tulsa and Shreveport.

The Beaumont Exporters turned on Fort Worth's John Van Cuyk with a vengeance last night, taking him for nine hits and six runs in four innings to grab the first game of a four-game three-day series by the score of 8-5.

The Oklahoma City cellar-dwelling Indians waited until the ninth inning to go on a rampage and scalp the San Antonio Missions, 4-3. The Indians trailed behind for eight innings.

Big Bill Reeder of the Shreveport Sports pitched a no-hit game for eight innings last night in leading a 2-1 defeat of the third-place Dallas Rebels. The series continues with a twilight double-header tonight.

Tulsa pushed across two runs after two outs had been registered in a ninth inning rally to provide the Oilers with a 2-1 victory over the Houston Buffs. Harry Marne walloped a homer over the left field wall in the first for Houston.

In the ninth, Tulsa's Jack Richards singled, Joe Rullo doubled and drove in the tying run. Pitcher Lester McCrabb dropped a Texas leaguer into right to score Rullo for the win.

### Texans Win, Lose

PHILADELPHIA, July 16 (AP)—Margaret Varner, El Paso, Tex., defeated Jean Cooper, Ocean City, N. J., 6-0, 6-0, in first round play yesterday at the Pennsylvania and Eastern grass court tennis tournament at the Merion Cricket club.

In the men's state title play George Ball, El Paso, took a first round victory off Tom Magnan, Merion, 6-4, 6-1.

James Schnaars, Haverford college, had a first round bye and advanced to the third round with a 6-1, 6-0 triumph over Don Lauderdale, Austin, Tex.

## First Of Weekly Boxing Classes Slated For Steer Gym Tonight

Boxing slips back into the local athletic picture at 8 o'clock this evening when Travis Griffin begins a weekly YMCA training program at the high school gymnasium.

There's no telling what the fist-cuffing drills will amount to but it could well culminate into a weekly fight card. If the interest warrants its continuation, the school should serve as a good conditioner for Big Spring's entries in next year's district Golden Gloves fight show.

The Big Spring Athletic association is a hundred percent behind the Y clinic and is supplying gloves, a mat and other equipment for the boys to use. If there's any talent to be had in the school, the association wants it understood that it will be welcome in next January's Golden Gloves tournament.

At least two of the youngsters who made impressions in the last GG spectacle will be pulling on the mittens this evening. They are Johnny Hooper, who won the novice featherweight championship of this year's tournament; and Billy Carlisle, who lost in the finals to Hooper.

Griffin is well qualified as an instructor. He was recognized as one of the best lightweightweights among the state's simon-pures for years.

Enrollees should have Y membership cards with them but it's possible to get in without them. Bill Dawes, the organization's general secretary, said arrangements could be made for the certificates, if the youths had not been able to obtain them.

Headquarters of active ASA directors and district commissioners include: San Angelo, Blondy Cross; Lubbock, Curtin Barrett; Amarillo, Putt Powell; Wichita Falls, Don Greer, YMCA; Brownwood, H. Don Rogers; Denison, Paul Toolsey; Kilgore, Raymond Wray; Beaumont, Bill Scurlock; Austin, Wilbur Evans, Corpus Christi, Bill Lee; Corsicana, H. C. Allen; Longview, Ed Leach; Texarkana, Lewis A. Graves.

## Mushball Czars Named For 1946 Tourney Play

HOUSTON, July 16. (AP) — Twenty-four of the 28 districts in the Texas Amateur Softball Association will be active this year and will send representatives to the men's state tournament at Houston August 16-17-18, Texas Commissioner M. M. Cunningham of Houston reported today.

Each district will qualify two teams — champion and runner-up — for the state tourney. The state girls ASA tournament will be held in Fort Worth August 9-10-11 and is open to all feminine teams in the state, Cunningham said.

Texas men's and girls champions will compete with teams from Oklahoma, New Mexico, Louisiana, Arkansas and metropolitan Houston and New Orleans in the Southwest regional ASA tournament at Fort Worth August 30-31 and September 1. The winners will qualify for the world's softball championships at Cleveland.

(Only games.)

National League  
Brooklyn at St. Louis (night)—Barney (2-4) vs. Hatten (5-7) or Pollett (9-4).  
Philadelphia at Cincinnati—Rowe (8-4) vs. Heusser (6-6) or Blackwell (4-5).  
New York at Chicago—Voiselle (6-7) vs. Schmitz (6-5).  
Boston at Pittsburgh—Cooper (7-7) vs. Strincevich (3-8).

● Yes, your most dependable helper, Reddy Kilowatt, works for still lower wages. That's because your electric rates are down.

Your electric refrigerator, your radio, lamps and the dozen or more other electric home appliances now cost less to use, right when practically everything else costs more.

The recent reduction in electric rates is in keeping with the Texas Electric Service Company's policy to assure customers a continued high standard of electric service at the lowest possible cost. Electric rates always have gone DOWN — never UP. Reddy worked for you during the war without any increase in wages. Now he works for less.

# Texas Moves To Coordinate Agencies Helping Veterans

AUSTIN — Veterans, who have spent long days and wasted many hours going from one government office to another trying to find information or get help will be happy to know that something is being done to coordinate the scores of agencies which deal with veterans affairs, either directly or indirectly.

Some time ago, Gov. Coke Stevenson appointed a committee known as the Governor's Committee on Veterans Advisory Centers. This was done because the federal retraining and re-employment administration has been urging the communities to establish one-stop centers where returning veterans and war workers can go to get information on jobs, housing, unemployment compensation, GI Bill of Rights and legal aid and the like under one roof.

E. I. (Tommy) Thompson, a Houston oilman who took the lead in setting up one of the nation's most successful such centers, was named chairman. A. O. Willmon, the state service officer, Claude Belk of the US Employment Service, Paul Wakefield of the Selective Service and J. H. Bond of the War Manpower Commission.

In its organization work, this committee began to see first, the need for getting full cooperation from all of the agencies with which it had to work. This cooperation was obtained by two big conferences, one of the federal agencies which deal with veterans, either as veterans or as civilians who are looking for jobs, and the second of all the many state agencies which deal with veterans. So the governor's committee on Veterans Advisory Centers began to realize that more was needed than just getting representatives from each organization under one roof in each city.

As a result, they suggested to the governor that their committee be enlarged, and now it is the governor's committee on veteran affairs. With preliminary conferences completed, they are expanding to take in still more territory. The heads of all of the state veterans organizations have been asked to become members of a veterans committee which will work with the governor's committee. The heads of the East, West and South Texas Chambers of

Commerce make up a committee representing industry, and representatives of the Texas State Federation of Labor, the Texas State Industrial Union Council, CIO, and the Brotherhoods of Railway Trainmen make up a labor committee.

All of those groups have been invited to meet in Austin July 18 to hear Major General Graves B. Erskine, who has been borrowed from the US Marines to head the Retraining and Re-Employment Administration, explain the need for coordinating the many agencies which work with veterans. Then they will be invited to join an over-all committee which will seek to boil veterans' services down to understandable form.

A frank discussion of this need was held at one of the preliminary conferences. John Hilliard of the US Employment Service told of the federal coordinating program in Dallas. He explained it this way: "This committee was organized in simple recognition of the fact that the United States has the most complicated government in the world, and to expect the average citizen to understand, to say nothing of being able to use it, is expecting too much, especially when there are 150,000 units of government affecting the lives of people."

**In Hollywood—**

**Picture Label Often Fools Public On Content**

By BOB THOMAS

HOLLYWOOD, July 11 (AP) — That perennial cigarette girl, Carmen, last night opened the symphony season at the Hollywood Bowl, just as she inaugurated the vast, open-air music haven 25 years ago.

Just a quarter-century ago, the Bizet opera opened and helped pay for the 15,000-seat bowl nestled in the hills above the heart of Hollywood. A production of "Twelfth Night" by Hollywood high school paid for the lights. Four years later the capacity was increased to 20,000 and during its 25 years the bowl has provided Bach, ballet and barrelhouse to 6,000,000 listeners during the summer months.

The bowl sells out once or twice a season, always for the Gershwin concert. Lily Pons holds the attendance record with 26,000 listeners. That includes those sitting among the sage brush and a few non-paying cheapskates who climb trees.

When he entered this fantastic business, Donald Nelson, former WPB boss, told me he had difficulty understanding its sales methods. In his former mail-order business, the customer knew what he was getting. But the movie patron gambles his money by paying first and hoping he'll like the picture. The current trend of movie advertising makes the risk greater.

For instance, I notice "Without Reservations" billed as: "Colbert—living a lie . . . Wayne—not knowing her past . . . she was one woman to him, another to the world." There is no indication that the film is a light comedy.

"A Walk in the Sun" is plurbed: "Desperate men . . . on the most dangerous adventure ever filmed." The public isn't supposed to know that it is a war picture.

Let the buyer beware. I guess.

**Bears Chase Elk**

MOSCOW. — A dispatch from Kl Gisepp (Leningrad Province) to the newspaper Trud reported recently that the amazed population of the village of Zabino watched two bears so absorbed in chasing an elk that they pursued the elk through the village streets.

Noticing people, the bears broke off the pursuit and fled. The frightened elk ran onto the frozen river. The ice broke and the elk plunged into the river. Villagers hauled the animal out by means of ropes thrown around his antlers.

**Sleeping's No Crime**

BALTIMORE — (P) — So far as Magistrate Walter J. Dewees is concerned, northwestern Baltimore men can wake up the whole neighborhood with their snoring — so long as their nocturnal noises are accompanied by slumber.

A man was hauled to Northwest-plaint of a woman neighbor that the man disturbed her rest with his snoring and groaning. She conceded that the offender snored during his sleep.

Said the magistrate: "You can't stop a man from sleeping."

**Big Retail Boom Continues In State**

AUSTIN, July 16 (AP) — Retail sales continue to boom in Texas.

The bureau of business research reports that sales by independent stores in June were 29 per cent above the figure for June a year ago. Here were some of the biggest gains:

Lumber and building materials — 93 per cent increase in June over June, 1945; 28 per cent increase in June over May this year.

Automobile dealers — 67 per cent more business in June than in June a year ago, although actual vehicle sales decreased 23 per cent from May to June this year.

Furniture and household retailers — increase 59 per cent in June above June, 1945.

Jewelry sales — up 26 per cent in June above last year.

**Temporary Picketing Restraint Ordered**

WACO, July 16 (AP) — A temporary order restraining CIO rubber workers from picketing the struck General Tire and Rubber company plant here has been issued by Judge W. M. Harman of the 74th district court.

The injunction was petitioned by Brown & Root, contractors. The firm said it was doing some work at the plant and that the pickets would not let its employees through the lines.

A hearing on a permanent injunction was set for July 24.

**"JOB DIVIDENDS" at General Electric**

For the year 1945, \$35,000,000 in addition to wages was spent by General Electric in extra benefits for employees

It isn't a new thing for General Electric to put more than money into pay envelopes for its employees.

"Job dividends"—these extras that G-E employees get in addition to wages—have a sound business reason. To be successful, a company must be efficient. A man with fewer worries can produce more efficiently, which makes further benefits possible.

Profit-sharing plans, relief and loan plans began over 10 years ago at General Electric. Life insurance for em-

ployees, cash for suggestions began over 20 years ago. Pension plans were started 33 years ago. And vacations with pay began 53 years ago.

Every employee has a stake in the future of General Electric. For out of its success—and only out of success—can come further advances in living standards. That is the aim of General Electric, not alone for its employees, but for the public, who gain by new and better products, continuously improved.

**GENERAL ELECTRIC**

# Wholesale Field Needs Growth

Figures compiled by the Sales Management magazine in its annual survey make interesting reading and point to a field of needed development here.

In announcing its retail sales figures, Sales Management placed Big Spring in 20th place among Texas cities, although it ranks 28th in population. The volume for 1945 was estimated at \$16,716,000 with only El Paso, Amarillo, Lubbock, San Angelo and Abilene ranking in that order above our city in West Texas.

Naturally, this is cause for pride in Big Spring as a shopping center. If the figures of Sales Management are accepted on this point, then we are in for a rude awakening on wholesale sales. In a list of 37 Texas cities which the magazine singles out as wholesale leaders, the name of Big Spring is nowhere to be found.

In West Texas the leaders are named in order: Amarillo, Abilene, Lubbock, San Angelo, Wichita Falls, Brownwood, Plainview, Borger, Midland. It is interesting that Midland barely makes the list with a wholesale volume of \$2,400,000. Thus, it is to be supposed that the Big Spring volume is under that amount.

There is nothing official about the figures, but if they are accepted where they look favorable, they cannot in good grace be rejected when unfavorable.

As to the accuracy, we cannot testify, but as to the implication that Big Spring is weak

in the wholesale field, we have no alternative but to agree. For a city of our size and with the trade area we possess, our wholesale picture is weak. Remove a handful of food, bread and beer distributors and you have about cleaned out the bulk of our wholesaling.

It is difficult to place a finger on factors which have retarded this phase of development. With all our advantages from a transportation standpoint, this item ironically is one of the reasons for wholesale weakness. These facilities are developed along the two principal highways crossing here. Naturally the railroad parallels the east and west route.

There is strong competition from Abilene to the east, Lubbock to the north and San Angelo to the south. The main areas in which we would have the best chance are the areas in which we lack good connections, to the Andrews area, and then to the northeast. Road possibilities are in the making to open up these sections, and some relief may be in sight in a matter of a year or two.

Another factor is the disparity of locally owned institutions in this field. Too, we possibly have not been as aggressive as we should in inducing others to locate distribution houses here. Whatever the causes, we should get at them and bring about a better balance between retailing and wholesaling for Big Spring.

Hal Boyle's Notebook

## German Girl Waits--

BERLIN, (AP)—The American officer was late in arriving.

Irma waited for him nervously. It had been an hour since she and her parents had finished their evening meal of potatoes and cabbage. It had been followed by a rare luxury—real coffee, supplied by the American officer.

Giving the coffee had meant nothing to him, because he had never had to forego coffee and other small luxuries long enough in his own lifetime to know what the gift meant to the German family.

As the moments passed, Irma looked more and more uneasily at the small clock. He had been late before, but never this late. She wondered idly again, as she had a hundred times, what it had all come to—this relationship between her and the young American.

Marriage, she knew, was at present out of the question. And what else was there left for her? She liked to be with him but she never felt quite at ease with him as she had with German boys. He was gayer, quicker to laugh, kinder, than anyone she had ever known. But sometimes the laughter evaporated in quick clouds of anger. Like last night, when they had got started on that foolish political argument. She had spoken passionately of her love for a strong new Germany, and he hadn't quite understood just what she meant—she had to speak in his language. And he had told her bitterly: "You're nothing but an unconstructed Nazi after all—just like all the others."

They had parted unhappily with stinging words and his half-hearted, "See you tomorrow." And here she was waiting.

Behind her back her mother nodded at Irma and lifted significant eyebrows to the father, who was quietly reading his newspaper. He immediately began to talk to Irma casually, trying to draw her into a discussion of the

Paris conference.

"I don't want to speak about it tonight, Daddy," she said. With a sigh she didn't hear him as he laid aside his newspaper and shuffled over to the radio and switched it on. A German waltz was playing.

"This has old memories," he said. "Come, Irma, I will teach you how we danced the waltz—your mother and I—before we bought your cradle."

He took her in his arms and they swirled slowly to the music. The music changed, but they kept on dancing, and for a time Irma forgot to look at the door.

After a half-hour the father felt his heart tiring, and they sat down. Mama heated the coffee she had meant to save for breakfast, and brought out the last half cup of salted peanuts.

They talked then of the times before the war, the parties they had had and the people who came to them. The moon sank lower, Irma suddenly felt overwhelmingly weary.

"I want to go to bed now," she said. Her father walked with her to her room, the room that had belonged to one of their maids. He pressed her hand and looked at her through eyes that would never quarrel with her or fail to understand her.

"Perhaps," he said gently, "the young American will come by tomorrow night."

"Whether he does or doesn't," said Irma, "I will never meet another man as nice as you, mein Vater." And she shut the door quickly so he wouldn't see her tears.

Of course, gravy must be good gravy. For interesting variations, add sliced onions, diced celery or mushrooms. These should be cooked in the drippings before the flour is added. For something more unusual, crumble a few ginger snaps into the gravy to give it a delicious, spicy flavor.

## Washington Merry-Go-Round—Drew Pearson

# KKK Head Must Pay Back Taxes

WASHINGTON.—How the Ku Klux Klan operates as a financial racket for high-up Kluxers is revealed in a hitherto unpublished decision of the US tax court which recently handed down an opinion regarding the Klan's one-time imperial wizard, Dr. Hiram W. Evans. Under this opinion, Dr. Evans was nicked to the tune of about \$300,000. He will now have to dig down in his jeans and cough up that no small amount of back taxes to the US Treasury.

How a former dentist from Dallas, Tex., whose practice never was anything to brag about could make enough money to owe \$300,000 in taxes is one phase of KKK activity few people hear about. Peddling hate is an extremely lucrative racket. The dues collected from suckers all over the USA has made several Klan officials millionaires.

However, in this case, Dr. Evans, in addition to dues previously collected, was working another juicy source of income. He had an arrangement with Georgia state officials, particularly ex-Governor E. D. Rivers, whereby he sold asphalt for Georgia road construction.

And as part of his deductible expenses, Dr. Evans claimed the cost of entertaining Georgia state officials. He told the government, for instance, that he had spent \$21,516 in 1937 for "promotional" expenses; and another \$15,320 in 1938. These were the years when Governor Rivers was in his prime. The US Treasury, however, claimed that Dr. Evans' only promotional expense was his friendship with high Georgia officials (through the Ku Klux Klan) and that this did not entail any sales expense. Governor Rivers was a member of the Klan.

### Family Corporation

Dr. Evans also claimed that it cost him \$3,918.90 to repair a dam on his country place, named Cochran Mill, outside of Atlanta, and that since this country place was used for entertaining state officials, the cost of repairing this dam would be deducted from his income tax.

The US Treasury, however, ruled otherwise. Dr. Evans also set up three different dummy corporations which the Treasury claimed were merely to escape taxes. He incorporated his wife, his three children, Ellen, Cecil, and Myrtle, and even his secretary, Mrs. Vines. The latter, incidentally, drew two salaries, one from Dr. Evans and the other from the Klan.

This corporation paid \$1,000 a month to the imperial wizard, plus all his expenses and a new automobile. One very significant statement in the report of the tax court typifies the manner in which the Klan has influenced politicians in many states, including Georgia, where the Klan played so close to its own member, Governor Rivers.

"Due to the influence of petitioner (Dr. Evans) with various state and county officials," said the tax court, "and his ability in

obtaining contracts, the business grew rapidly." Thus the prophets of bigotry waxed wealthy by peddling hate to the gullible.

### War Profiteers Row

Wayne Johnson, manager of Bill O'Dwyer's campaign for mayor of New York and dark horse Democratic candidate for governor, is all washed up politically as a result of going to bat for the Erie Basin war profiteers. Furthermore, Johnson now finds himself partly out of his Erie Basin job.

Johnson caused dissension in the ranks of war profiteers when he hired Henry Paynter as a public relations man and paid him \$2,500. This aroused the ire of Allen Gellman and Joseph T. Weiss, the other two top executives of Erie Basin and they have fired Wayne Johnson. He is still the personal attorney for the Garsson brothers, however.

### Klavern Minutes

Jottings from minutes of the Ku Klux Klan: Klavern No. 297, Atlanta — Exalted Cyclops Sam Roper made plea for election of Gene Talmadge. He reported that Georgia Power, the Atlanta Transit Co., the big trucking firms and farm organizations were supporting Talmadge. If Talmadge is elected, the Exalted Cyclops claimed, the Klan will have free rein in handling police jobs, riots, rape cases, and negro parades. Plans for reviving the East Point Klan discussed. An initiating team will go from No. 297 to Masonic Hall to participate in ceremony. Hope expressed that East Point crowd "have learned their lesson and will keep mouths shut about their activities." Boycott of Atlanta Journal and Atlanta Constitution proposed. Judge Luke Arnold scheduled to speak on plans to keep negroes from voting.

Notes from the minutes of Klan No. 1, Atlanta — Grand Dragon Green denounced Atlanta ministers who have condemned KKK, especially Dr. Louis D. Newton. Green waved copy of charter of Southern Regional Council and read names of its incorporators, including Bishop Arthur J. Moore of Methodist church in Atlanta, Dr. Howard Odum of University of North Carolina and Dr. Rufus Clement of Atlanta University. Grand Dragon exhorted Klakon committees to tighten probe of new members to prevent leaks. He also admonished Vittur to do likewise for Kavalier Klub. Considerable violent talk about the "traitor" who has been leaking Klan minutes. If found, it was threatened, parts of his anatomy would be nailed to a tree and the tree set on fire. The traitor would then be given a knife and the choice of cutting his anatomy or burning to death.

Another meeting of Klan No. 297, Atlanta — Exalted Cyclops Roper reported on conversation with Gene Talmadge. He asked Talmadge for his advice on the race problem. Talmadge did not

answer, but picked up a paper and pencil and wrote: "Ristols." If he were governor, Talmadge said, the state militia would never be called out in case of race trouble. Talmadge told of a long talk he had with Klansman Roy Harris and his promise to support him.

### Capital Chaff

Postmaster General Bob Hannon is lugging 20 cases of special bottled water with him on his globe-girdling junk. Speaking of cases, speaker Sam Rayburn's recent party at the Carlton hotel consumed eight cases of scotch, seven of bourbon, and one each of rye and gin. Columnist Arthur Krock's son was dropped from the State Department payroll in an economy drive, but is now back in a new post. Ambassador Beetsie Smith sent his wife from Moscow to Copenhagen in an Army plane to buy new diaperies for the American embassy. CIO Secretary Jim Carey thumbed a ride from Berlin to Paris with General Lucius Clay in Clay's private plane. Former Attorney General Francis Biddle, now one of the judges at the Nuremberg war crimes trials, was shocked at Supreme Court Justice Jackson's attack on his high tribunal colleagues. Lawyers just returned from Nuremberg believe all the Nazi defendants except Hitler's former minister of finance, Hjalmar Schacht, will face the firing squad. Schacht's powerful international financial friends are fighting to save him. Herman Goering greatly enjoyed each day's proceedings at Nuremberg. Goering feels he's living on borrowed time. John Snyder has appointed Winthrop Aldrich, one of the international monetary fund's bitterest enemies, to a Treasury Department advisory committee on Bretton Woods matters. Sidney Hillman's sudden passing deeply moved CIO President Phil Murray who suffers from the same type of ailment that killed the PAC chief. (Copyright, 1946, by the Bell Syndicate, Inc.)

# Sweatt Case Somewhat Of A Tie

Recently Heman Marion Sweatt, Houston negro, won a conditional victory in district court which would allow him to enter the University of Texas law school. The court delayed effect of its ruling for six months and now action is being taken to provide facilities at Prairie View for a balanced college for colored people and to establish a negro university. It is doubtful if the applicant ever intend-

ed actually entering law school. He possibly failed in part when the state declined to appeal to the court ruling, obviating a United States supreme court decision. On the other hand, the move may have forced action in providing better higher education facilities for negroes. And that is where the state is at disadvantage, for the action now becomes one of expedience as much as of service.

## The Nation Today—James Marlow

# All Voting Not Subject To Check

WASHINGTON, (AP)—Unless you ask your representative or senator, you'll never be able to find out where he stood every time he voted in congress. The reason: No full record on all the votes of individual congressmen exists. It never has. Yet such information might help you make up your mind in the congressional primary elections now going on.

Your congressman can produce a record, if he wishes to, on some of his voting. For the rest you'll have to take his word. Why? Because congress has several ways of voting and in only one of them is it possible to keep a record of the individual's vote. This is called the roll call vote. Which means: When one member requests it—and enough of the others agree—each congressman has to say "yes" or "no" by name. This then becomes a matter of record. All the other voting is done in a group, without any personal

identification. The congressmen vote by standing up or by shouting their "yes" or "no." This voting is decided by numbers or yams.

This group voting speeds up congressional business, since it's much faster than calling the roll. Also, since no record of his individual vote is kept, it can save a congressman from embarrassment back home.

But congress often takes pains to order a roll call vote when it's voting on something which can't bring a bad reaction back home.

## Broadway—Jack O'Brian

# Herman To Star Herman

NEW YORK.—Since everyone in Hollywood seems to be producing pictures, whether actor, actress, banker or former automobile dealer, Woody Herman, the swing bandleader, has decided to invest some of his capital gains in a motion picture starring himself, to be called "Livin' for Music." Woody says the story is the most normal and intelligent treatment of a dance-band theme that has been presented to date. Add minor superstitions. Lily Pone likes to snip off a bit of an opera-house curtain before she starts singing. Heleen Traubel won't sing until her husband kisses her three times. Have you any idea what those strange instruments are which are shaken or rapped together by members of such Latin bands as Xavier Cugat's and Noro Morales? Believe it or not, and I do, they include the jawbones of an ass with loosened teeth which rattle. . . native drums, or "bongos." . . . dried hollow squash played with a bow. . . gourds made into rattles. . . rectangular-rosewood sticks called "claves," and a large clay jug, the mouth of which is blown across to effect a bass undertone. . . Well, anyway, that's what Cugat told me. Buddy Lester, the comic who has been feuding with his brother Jerry for several years after an argument over who stole whose material, has been signed for films by 20th Century-Fox. . . Meanwhile, Jerry has jumped in to the \$3,000 a week class, \$4,000 when he plays theaters. . . Carl Brisson, the Main Dane of the fashionable saloon floor shows, will fly to his native Copenhagen, Denmark, in August, to make a film of his life. . . He will return to New York in October to start an engagement at the Versailles for a mere \$4,000 a week. Practically everywhere you turn along Broadway, some night club marquee screams the wares of one French entertainer or another. . . Charles Trenet had a big success at the Embassy. . . Roger Danne had the gals swooning at his Gallic charm at La Martiniere. . . Mademoiselle Mounie opened at Cafe Society Uptown, and while she didn't exactly startle the habitués out of their night club palors, she managed to cause a respectable stir. . . This new enthusiasm for French entertainment is a slight threat to the emphasis on South American, Cuban and Mexican saloon styles, although not many think it is more than a momentary fancy. . . Meanwhile, though, anyone with a French vocabulary who can carry a tune or an instrument can get a job. . . and a good one.

## Tollett Named Cosden Chief Seventh Time

Raymond L. Tollett was elected to his seventh one-year term as president of Cosden Petroleum Corporation at the annual meeting of directors here Monday.

His election, and that of other officers, followed on the heels of the annual stockholders meeting and the selection of the board of directors.

Marvin M. Miller and J. B. Mull, vice-presidents in charge of distribution and manufacturing, respectively, were re-elected as were A. V. Karcher, secretary and treasurer; V. A. Whittington, assistant secretary and assistant treasurer; and Nelson Phillips, Jr., general counsel and assistant secretary.

Stockholders named James L. Carey, Leo M. O'Neil, and B. H. Roth of New York City, A. V. Karcher, R. L. Tollett, and Marvin M. Miller of Big Spring, and Nelson Phillips, Jr. of Dallas to the board of directors.

## Water Supplies And City Growth Are Outlined

B. J. McDaniel, city manager, told Rotarians at the Settles hotel today that the question of additional water supplies should hinge on the answer to another question: "Do you want your city to grow?"

Two factors, he said, are to be considered: 1) That supplies cannot outgrow cities without financial jeopardy, and that 2) cities certainly cannot outgrow their supplies.

Discussing financial problems, he said that two principal sources of revenue were available for municipal operations, namely taxes and water revenues.

To the question of lower water, he gave as his opinion the alternative was higher taxes. Mitigating this, he added, would be the possibility of heavy increase in consumption to offset loss in gross revenue from lower rates.

McDaniel traced development of the city water system from incorporation in 1907 to improvements and extensions in 1920, 1927, 1930, 1941 and 1945. The latter two involved first the creation of two small lakes and the development of the O'Barr well area in northern Glasscock county.

He did not consider the O'Barr production disappointing, declaring 1,250,000 gallons daily were being produced from that source. Should other fields in the area be exploited, the potential would be 3,500,000 from the source, but warned that underground supplies cannot always be charted for longevity.

The speaker also outlined the proposed Colorado River Municipal Water association proposal of a lake above Colorado City to impound water sufficient for around 30,000,000 gallons a day for five cities, including Big Spring.

**Hogs At \$18.75 Top In Local Auction**

Hogs continued high in early sales at the West Texas Livestock Auction company today, with three head hitting \$18.75 per cwt. in the first run.

All hogs were bringing fancy prices and cattle prices were strong for early receipts. Although they were down considerably from last week, receipts are holding up well, officials said, with more than 1,000 head expected today.

## Ability The Issue, Says Price Daniel

Price Daniel, candidate for attorney general, declared in a statewide broadcast originating here over KBST Monday evening that the only basic issue in the race was the abilities of the candidates, based on their records.

"I have no politically established name to run on," he said, "only the record and the name I have made for myself." It was on the basis of his achievements as an attorney, a legislator and as a speaker of the Texas house of representatives that he appealed to voters for support, said Daniel.

He rapped, at the outset, what he said were efforts of his opponent to run on his father's name, charging that his opponent, Pat Neff, Jr., had made a statement that he could win this year on his name and that lately the "Jr." was being left off for campaign purposes.

Daniel left Monday evening after his broadcast for El Paso and was to return here Wednesday morning to visit with local citizens.

## Weather Forecast

**BIG SPRING AND VICINITY:** Partly cloudy, little change in temperature.

**WEST TEXAS:** Partly cloudy this afternoon, tonight and Wednesday.

**TEMPERATURES**

City	Max.	Min.
Ablene	101	73

## Cites 'Mistake' On Partner In Munitions

WASHINGTON, July 16 (AP)—Munitions maker Allen B. Gellman told the senate war investigating committee today that he had accepted Henry Garsson, his wartime associate, as a "super salesman" because "the proof of the pudding was in the eating of it."

Gellman testified that Garsson had backed up his claim of ability to obtain government munitions orders by (1) getting a big advance contract and (2) by showing him a letter from the chemical warfare service expressing hope that he (Garsson) would "share" in future business.

He denied, however, that Garsson had ever told him that he had "special influence" in Washington. Testimony has been introduced to show that Garsson obtained help from Rep. May (D-Ky) on problems of an Illinois munitions combine.

Gellman said that he had made a "mistake" by not having Garsson more thoroughly investigated before they decided to go into the munitions business together.

Testimony has been introduced previously to show that army officers, at Garsson's invitation, inspected a plant there in late 1941, in which Garsson had no interest, as a preliminary to giving him his first war order.

Chairman Mead (D-NY) said that the army officers "might just as well have been taken out to see Brooklyn bridge and have been told that they could buy it."

## Scouts Back From Barksdale Camp

Boy scouts from the central section of Buffalo Trail council, including 17 from Big Spring, returned Monday from a week's encampment at Camp Fawcett near Barksdale.

Most leaders and scouts regarded the 1946 encampment as the most successful ever conducted by the council. H. D. Norris, local scout executive, said. No accidents or sickness hampered the activity.

Some difficulty was encountered in securing food, however, but enough was obtained for the week's program. A meat scarcity was averted by the purchase of a beef yearling, and shortening and cooking fats were secured by purchasing hog fat and rendering lard at the camp site.

Scouts from the east section of the council, including troops from Snyder, Sweetwater, Roby, Rotan and Jayton, were to open camp today.

## Aug. 1 Deadline On School Transfers

All high school students residing in rural districts who plan on attending a school in another district must obtain their transfers through the county school superintendent's office by August 1, Supt. Walker Bailey has announced.

Approximately 30 student transfers have been made since July 1, Bailey said he expected as many as 200 children to signify a change before the deadline.

## Knott To Be Scene Of Political Rally

The Knott community plays host to the county's second political rally of the year at 7:30 p. m. Friday and most of the candidates entered in the Democratic primary election have indicated they will be in attendance.

A pie supper will be held in conjunction with the rally and all the candidates will take a turn at auctioning off the sweets.

Gay Hill was the scene of a similar party conducted two weeks ago.

## 21 Entertainers To Go To Colorado City

Twenty-one amateur entertainers who have appeared on previous weekly programs sponsored by the chamber of commerce at the City park amphitheatre will present numbers at Colorado City Friday night.

J. H. Greene, chamber of commerce manager, will accompany the group to Colorado. City and serve as master of ceremonies for the program.

Entertainers scheduled to make the trip include Arnold Marshall, Wanda McElhannon, DeAlva Graham, Roy Dwayne Smith, Mrs. Lola Smith, Larry Evans, the Melody Maids (Mabel Smith, Meta Frances Walker, Leslie Cathey, Janis Yates), Roy Rogan, Joe Fowler Brooks, Mary Ann Whitaker, Harry Echols, Kenneth Bryant, Alvin Hester, Barbara Lou Wright, Peggy Lamb, Ben Logan, Mrs. Ann Gibson Houser, Mrs. Roy Wilson and Helen Duley.

## Adm. Doenitz Claims Credit For Ending War

NUERNBERG, July 16 (AP)—The international military tribunal was told today that former Grand Adm. Karl Doenitz did nothing to start the war but took decisive steps to end it.

With this plea, Dr. Otto Kranzbuehler, defense counsel for Doenitz, sought to prove the innocence of the fleet commander and final head of the German state, who took over from Adolf Hitler May 1, 1945 and surrendered the battered nation eight days later.

The attorney presented the following version of Doenitz' role in the wartime reich:

At the beginning of the war he was an obscure U-boat commander, without influence.

He opposed Hitler's effort to withdraw from the Geneva convention and ordered the discontinuance of rescues of shipwreck survivors, only to save the lives of submarine personnel.

He never ordered the destruction of ship's crews.

"A survey by a British minister showing 87 per cent of the crews saved 'simply is not compatible with an order of destruction,'" he said.

Kranzbuehler said that ships' crews were genuine combatants and asserted that the Allies apparently took the view that the German civilian population was in that category, too.

"I am surprised at the indignation of the prosecution about the loss of about 30,000 men on ships which were armed and carried war material, and often enough, bombs destined for use in attacks on German cities," the counsel said.

Doenitz had to consider all the time a growing loss of U-boats, his attorney declared.

## Markets

NEW YORK, July 16 (AP)—The stock market steadied in spots today, with steels recovering, but many leaders continued to seek lower territory.

A little short covering and timid buying appeared on the idea that the sharp decline of the past three sessions entitled the list to at least a temporary comeback. Persisting as brakes on sentiment, however, was uncertainty over price controls, tightening short term money rates, consumers' strikes against rising living costs and lagging production in most fields.

## Livestock

FORT WORTH, July 16 (AP)—Cattle 6,000; calves 2,500; slaughter classes of cattle and calves extremely active, sharply higher; slaughter cattle 50 higher for two days, instances 1.00 higher; slaughter calves 1.00 higher for two days; good fat steers and yearlings 16.00-17.50; common to medium grades 12.00-15.75; medium and good fat cows 11.00-15.50; canners and cutters 6.50-9.50; bulls 8.50-13.50; good and choice fat calves 16.00-17.25; common and medium slaughter calves 11.50-15.75.

Hogs 250; butcher hogs and sows 50-75 higher; top 19.75; good and choice 180 lbs. up 19.50-19.75; mixed grades lights averaging 150-190 lbs. 18.00-19.00; sows 17.50-18.00; few pigs 16.50.

Sheep 14,000; killing classes fairly active, mostly steady to strong; some sales of spring lambs or steady with best prices; good 50 higher than Monday's average and a few choice spring lambs 17.00-18.00; common and medium springers 13.50-16.50; yearlings scarce, few good and choice grades 14.50; medium grade yearlings 13.50 down; good ewes 9.00-9.25.

## Cotton

NEW YORK, July 16 (AP)—The cotton futures market turned reactionary today under pressure of realizing sales. Recurrent flurry of commission house profit taking and hedging depressed values as much as \$4 a bale during the morning but prices consequently recovered partially on mill buying against textile orders.

Julia Mae Cochran plans to leave Wednesday evening for a two weeks' vacation trip to Chicago and Michigan.

Absentee voting total for the July 27 Democratic primary election reached 107 at noon today, which represents an increase of 29 since Monday morning.

Persons who desire to take advantage of absentee voting privileges must do so prior to Tuesday, July 23.

## Army Funds Approved

WASHINGTON, July 16 (AP)—President Truman today signed a \$7,263,542,400 appropriation bill financing the war department's first year of post-war operation.

It is approximately one-third as large as the army's last appropriation. The bill includes funds for continued operation of the atomic bomb project and for military relief and government in occupied countries.

Big Spring (Texas) Herald, Tues., July 16, 1946

## Woody Of Stanton Nabs Pistol Honors

AUSTIN, July 16 (AP)—Jesse N. Woody of Stanton, Tex., was winner in both divisions of the Texas state pistol championships held here Saturday and Sunday.

Byron Entle, Kansas City, won second in the state championship division and Col. Charles Dens-

ford, San Antonio, third. Al Sullivan of El Paso won third in the regional championship division.

**Legion Post To Elect Officers Thursday Night**

Describing the meeting as the most important of the year, officers of the Howard County American Legion post are drumming for a record attendance at the post session set for Thursday night. It will be at the Settles, beginning at 8 o'clock.

Prime topic will be the election of post officers for the ensuing year. To be named are post commander, two vice commanders, adjutant, sergeant-at-arms, chaplain and finance officer.

Said Post Commander T. A. Thigpen's letter announcing the Thursday meeting:

"The growth of the American Legion in our community will depend, to a great extent, on the men who are chosen to head it. Let's give serious thought to those who are the right men and then be there Thursday night to help put the best men into the various offices. The new officers will be undertaking a tremendous task and should not only be elected by the entire membership but should be pledged the whole-hearted co-operation and loyalty of the complete roster of members."

**Ford, Redcaps Chalk Up Wins**

Taking full advantage of the enemy's liberal pitching, Big Spring Motor outlasted the ABC club in a Muni softball league contest at the city park diamond Monday night to slide into the top spot in circuit standings. Tally was 6-4.

A short time later, the Redcaps representing Doc Wilkinson's service station outgassed the VFW team, 9-5, to deadlock the Motorists for the lead position.

The Fordmen were limited to two hits by three ABC hurlers but walked their way to victory. Leon Glenn Bredemeyer, who pitched a superlative game for Ford, collected one of the Ford hits, R. H. Weaver the other.

D. R. Gartman started on the hill for the losers and was succeeded by Lee Flowers and Jack Jones.

The ABC team put two runners aboard in the fifth round but Bredemeyer forced Kelly Lawrence to pop up and end the contest.

The Redcaps led temporarily behind in the fourth inning of their bout when the Vets scored twice but came back strong in their part of the frame to take a permanent lead by tallying four times.

Woodrow Harris paced the ninth-inning Redcap attack with a triple and single. Roy Tubbs and Skeet Davidson had two singles each while Chock Smith, Ocie Henson and Coleman Kyle Shelton broke the ice with a safety each.

Horace Bostick and Tommy Elliott collected bingles for the Vets.

**Doily Crude Output Is A Little Higher**

TULSA, Okla., July 16, (AP) — Daily average crude oil production increased 14,640 barrels to 4,933,760 in the past week the Oil and Gas Journal reported today.

Kansas output came up 17,000 barrels to 271,750, Oklahoma 1,500 to 384,850, Arkansas 1,000 to 79,800 and Louisiana 50 to 389,850.

Illinois slipped back 3,000 to 208,350, the eastern area 3,000 to 64,500, California 2,000 to 876,250 and the Rocky Mountain area of Colorado, Montana and Wyoming 1,701 to 163,300.

Texas, with 2,227,550, and New Mexico, with 98,150, were unchanged.

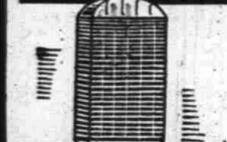

Mr. and Mrs. Frank Hardesty and Frank Jr., are moving to Big Spring from Austin. Son of Mr. and Mrs. J. E. Hardesty, Hardesty was recently discharged from the Army.

**Lady's Stomach Was Like A Gas Factory; Meals Turned To Gas**

One lady said recently that her stomach used to be like a "gas factory!" That is, when she ate a meal it seemed to turn right into gas. She was always bloated, had awful stomach gas pains, daily headaches and constant irregular bowel action. Now, however, this lady says she is FREE of STOMACH GAS and she says the change is due to taking INNER-AID. Her meals agree with her. No gas or bloating after eating. Headaches and constipation are gone. "Oh! what relief!" states this lady. "Why don't other gas and constipation sufferers get INNER-AID?"

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring. (adv.)

### Wade Named To State Safety Department Post

AUSTIN, July 16, (AP) — Roy L. Wade, Texas newspaperman who turned to police work "because he figured it would be less taxing on his energies" today was named administrative assistant to Homer Garrison, director of the Texas Department of Public Safety.

Wade joined the department in 1940, was given a dual assignment in 1941 as investigator and war duties officer and two years ago was made special investigator for the director. His new assignment is the first such administrative position in the department.

Wade entered police work by way of newspaper city rooms. He has been a news editor in El Paso, managing editor of the old Austin Dispatch by the time he was 20, managing editor of the Wichita Falls Post and managing editor of the Austin Tribune. He has also worked on the press in Houston and on the American and Statesman in Austin.

The new administrative assistant was also secretary to Austin Police Chief R. D. Thorp and records supervisor in the Austin police department. He served as a special investigator for the Texas

### Hearing Scheduled In Attack Case

GALVESTON, July 16, (AP) — A preliminary hearing has been tentatively scheduled today for a 28-year-old Houston man in connection with the alleged rape here Saturday of a 15-year-old Houston girl.

The man was arrested in Houston Sunday night and was to be returned here for filing of charges.

The girl was reportedly attacked in an automobile parked on the beach here. The Houston man and the girl, her sister and another man had driven to Galveston on an outing. The girl told police that the man threatened her life if she reported him.

### 500 Firemen Attend Training School

COLLEGE STATION, July 16 (AP) — Approximately 500 Texas firemen are attending the annual five-day firemen's training school which opened yesterday at Texas A&M college.

Class lectures in approved fire fighting and prevention methods and field demonstrations will fill each day's schedule. Examinations will be held Friday.

Liquor control board. His spare time, he says, he puts to public relations work and writing for magazines.

THE PRESSURE IS ON—Babe Didrikson Zaharias sinks putt for a one under par four on first hole of her championship match with Polly Riley, Fort Worth, in the Women's Trans-Mississippi golf tournament in Denver, Colo. Miss Riley watches in background. Mrs. Zaharias won, 6 and 5. (AP Wirephoto).

### V. I. P.'S WILL NEED STRATO-SUITS WHEN PLANE LANDS ON THE LILY

AP Newsfeatures

CHICAGO — There may be shortages of meat, shirts and nylons, but there's an ample supply of more than a half million old, established, staple and fancy words in the English language, and new ones are being thrown on the glutted market.

The newly published 1946 Encyclopaedia Britannica Book of the Year lists 170 words and meanings that "became prominent or were seemingly used for the first time" during the last two years. Here are some samples:

Atomobile: Future automobile driven by atomic energy.

Cloak and dagger: A double-jointed expression pertaining to the Office of Strategic Services.

De-vacuee: A returned evacuee.

DP: A displaced person.

Formation stick: An electronically operated control for planes.

Genocide: The extermination of racial and national groups.

Homing pigeon: Button to identify discharged servicemen.

Kriegler: Prisoner of war.

Liberee: One liberated from a war prisoner camp.

Lily: Pontoon-floated airstrip.

Loafar: A shoe for informal occasions.

Meastasy: A place where black market meat is bought.

Pedal pusher: Knee-length trousers for girls.

Ruptured duck: Identification button for discharged servicemen.

Selevision: The selling of citrus fruits by telegraph.

Stateside: Pertaining to, in or toward the United States.

Strato-suit: A suit, pressurized and heated by electricity, to make flyers comfortable at altitudes as high as 80,000 feet.

Superseniorty: Job seniority for veterans which supersedes all other seniority except that of another veteran in the same class.

VIP: Very important people.

### Fascism's Evil Roots Still Grow

By JOHN P. McKNIGHT

AP Newsfeatures

ROME—When a great wind topples a towering tree, some of its roots stay in the ground. From above, it is hard to tell how many they are, and how deep they go, and how far they spread, and how much life is left in them.

So with Italian Fascism, blown over by the wind of war. One year after it and the man who planted it 24 years before fell together, there is evidence that some roots—big or little—still live in the underground, and are pushing up tentative shoots.

The evidence ranges from opera bouffe bravado to purposeful terrorism.

It is a snatch of the forbidden Fascist hymn "Giovinezza" echoing from a dark alley; poorly printed, furtively distributed newspapers abusing the government; the words, "Viva il Duce," chalked crookedly on many walls.

It is an elusive man named Carlo Scorza, last secretary general of the Fascist party, who to hear rumor tell it, travels up and down the peninsula getting together his secret army against the day of "the return."

It is an organization—maybe big, maybe small, maybe Scorza's, maybe not—calling itself "SAM" (Squadristi d'Azione di Mussolini) which combines childish heroics with a hierarchical system copied after the Duce's.

It is the well-planned, skillfully-executed nocturnal theft of the rotting flesh of Mussolini from the grave in Milan's potter's field.

It is a nocturnal raid on a Rome radio station, timed for the eve of leftist Italian labor's big May Day celebration, to seize its transmitter and broadcast the Fascist hymn and slogans.

It is the bombing, early May Day morning, of national headquarters of the Italian Communist party and of the Rome Communist and Socialist newspapers, Avanti and L'Unita.

Some observers think they detect a nationwide plot.

Minister of the Interior Giuseppe Romita shrugs the activity off as "mere brigandage."

Police report no sign of a nationwide organization.

One thing seems evident: the ground is fast getting fertile for Fascism. Rations are short; some Italians face starvation. Unemployment is estimated at 3,000,000.

Veterans coming home from Allied prison camps—untouched by political regeneration—grumble. Disillusionment over the peace is widespread.

The parallel with the early 20's, which witnessed Mussolini's march on Rome, is inescapable.

The 86th and 97th Infantry Divisions were the only two sent to the Pacific to help in the occupation of Japan after they had seen action in Europe.

### Housing Shortage Halts Divorce Suit

ALBUQUERQUE, N. M., July 16 (AP)—District court, taking note of the housing shortage is considering Mrs. Earl Henry Vanderfecht's suit for divorce, decided it would impose "undue hardship" on her husband to vacate the house.

The result: Vanderfecht may continue to occupy the sleeping porch, provided he does not annoy his wife.

### POLIO VICTIM

DALLAS, July 16 (AP)—Robert Baker, 23, of Tyler, died at a hospital here last night of infantile paralysis. He was admitted to the hospital Friday night.

Mark Wentz Insurance Agency now in new location, 407 Runnels. —Adv.
