## Request for More Deputies To Be Made Monday

### Open Meeting Is Set For 10 A.M. Monday

Formal requests will be made to the Eastland County Commissioners Court Monday for more help for the County Sheriff's Department.

In a concerted effort, individuals and organizations have indicated that they will attend the 10 a. m. meeting on the second floor of the courthouse when the commissioners hold their regular semi-monthly meeting.

Stimulating the current push for more sheriff's deputies has been the recent jail breaks in which five prisoners escaped and the resulting kidnappings, armed robberies and manumptions. Three of the five prisoners have been re-captured and returned to County Jail cells.

Among the most spirited is the Eastland County Sheriff's Posse. Mr. Sam Kimmell of Cisco will be spokesman for the group and will be accompanied by Captain T. C. Fambrough and Secretary and Treasurer Alvin Kincaid. Eastland Attorney Virgil T. Seaberry Jr. will also be a speaker, requesting extra sheriff's help.

**PUBLIC INVITED**  
 Any number of individuals, including members of the Eastland Jaycee Club also are expected to attend. The meetings are open and the public is welcome.

Also expected is Sgt. Jerry Matthews of the Texas Department of Public Safety, whose men assisted in the manumptions and investigations, conducted by Field Deputy Loy Williams. Sheriff L. E. Sublett was injured in the second break and has been hospitalized, leaving Williams, Office Deputy Ott Williams and Jailor John Shook to carry on the work of his department.

Among the data to be given commissioners is the fact that, compared to Eastland County, sheriff's departments in adjoining counties virtually have an army of helpers. For example, Brown County with a population of 22,000, the sheriff serves six towns with three outside deputies, one office deputy, one jailer, one matron and four autos.

Comanche county (population, 10,000,) four towns, help besides the sheriff includes two outside deputies, one office deputy, one matron, three cars and one jailer.

Palo Pinto County, 45,000 population with seven towns, has six outside deputies, one office deputy, one matron, one jailer and seven cars.

Shackelford County, 4,900 population, two towns, two outside deputies, one office deputy, one matron, one special deputy and four cars.

Stephens County, 8,000 population, one outside deputy, one matron, two cars for two towns.

Callahan County, 9,000 population and four towns, three outside deputies, one office deputy, one matron and four cars.

Coleman County, 12,000 population, two towns, two outside deputies, one office deputy, one matron, one jailer and three cars.

**ONE OUTSIDE DEPUTY**  
 The Eastland Sheriff has one outside deputy, one office deputy, one jailer, one matron and two cars, serving eight towns and several communities in a county with a population of approximately 20,000. One deputy remains in the courthouse office at all times to answer the phone, deal with the public and take care of book work and run the radio.

The Jailor deputy remains at the jail as does the Jail Matron.

During all trials one deputy remains in the District Court as bailiff.

**WIVES MUST HELP**  
 When transporting prisoners, the sheriff's department must take them alone or have wives to help.

Sheriff Sublett is responsible for calling persons for jury duty and since the first of the year, 218 have been called for jury duty, two grand juries called and 18 person picked up for petit jury duty.

The following is the number of citizen citations the sheriff's department has served or posted since Jan. 1:

69 civil citations, 64 sheriff's foreman citations, 48 probate citations, 125 criminal warrants, 10 trips to Wichita Falls State Hospital, plus numerous trips transporting persons from other counties, states and to state pen. Plus 87 investigations of thefts and burglaries.

The number of prisoners placed in the Eastland County Jail since Jan. 1 — 132.

In addition there are hundreds of calls for investigations of disturbances, prowlers and family squabbles.

The county's May 31 financial statement shows that the county carries \$17,560.10 in the jury fund and \$50,000 on time deposit in a local bank.

Guests in the home of Mr. and Mrs. W. L. Wharton were their grandchildren: Kathy, Dee Ann, Lisa, Cindy Norman of Dallas. Dee Ann is still here.

**YOU'LL WANT** to be sure to get your tickets this week for the luncheon to be held at Lone Cedar Country Club on Saturday following the big Flag Day Celebration. Mighty things are being planned and there's no better time than right now to show our patriotism by participating and saluting our flag. A parade will form at the Post Office at 9:30 a. m. and, led by a 35-piece Fort Wolters band, make its way downtown around the courthouse square, and back for a brief flag-raising ceremony, and patriotic program on the P. O. lawn. There's to be a chorus from Wolter's and dignitaries on hand including highly decorated men and women who have served, and some talented young folk to participate, so we'd all better plan to make a Flag Day of it. Tickets are available at the chamber office for the luncheon (to help defray the costs), but of course the ceremonies are free. Our town has a reputation for patriotism and our people believe in it strongly, so let's help make this the biggest and best ever.

Surely we can give a Saturday morning to be counted among those who care.

**DOWN** for the Lone Cedar Tournament among many others is Norman Guess of Big Lake., whose daughters are over at the Cisco Junior College Twirling Camp.

Margaret Gibson Hynes, after graduating from Eastland High School thirty years ago, received a Bachelor of Arts Degree May 31 from Lamar Tech in Beaumont. She made the "A" honor roll.

# THE GORDON SPOT

By DeMarquis (Dee) Gordon  
Eastland County Extension Agent

Did you know that it takes several years of evaluations before a new tomato variety can be released? The plant breeders of the Texas Agricultural Experiment station breed tomatoes to meet a specific purpose. Then the promising varieties are grown and evaluated all over the state.

Charles Marshall of Eastland is one grower who is cooperating in this evaluation of new tomatoes. Dr. A. L. Yenson of Yoakum has been trying to develop a tomato that will be disease resistant and will produce well during the summer. He sent me seeds of five varieties that are known only as Y255, Y220-2 and other such numbers.

Marshall, his wife and two boys — Charlie and John, will keep accurate records on such things as number of tomatoes produced per plant, size of tomatoes, dates of first and last picking, occurrence of diseases, etc.

This same evaluation is done by growers in 240 other counties. If a new summer producing tomato is released in the future, we will remember that the Marshalls contributed to its development.

Cooperating growers also assist with the evaluation of other varieties and chemicals. Chester Marrs of Ranger is testing the value of four different fungicides to control pecan diseases.

A pecan grower in Rising Star used the same fungicides last year and found that

trees treated with fungicide produced as much as 60 pounds more pecans per tree than the untreated trees.

We call these demonstrations. Others who are conducting demonstrations of various kinds this year are R. L. Lewis, Menford Lewis and J. R. Grimshaw of Desdemona; Fred Perkins and Ike Hickman of Rising Star; Hardy Browder of Gorman; and Edwin Schaefer of Cisco.

Summer is almost here and many farmers and ranchers will be hiring boys and girls to fill in for the critical labor shortage during the summer months. But before employing such youth, certain requirements must be met under the Fair Labor Standard Act as amended in 1968.

Employers must abide by Labor Requirements when hiring youth under 16 years of age other than the owner's or operator's own children.

This law states briefly that youngsters under 16 cannot be hired to operate or ride a tractor; operate or unclog combines, haybalers, hay conditioners, forage harvesters, post-hole diggers, power driven saws; or work inside a gas-tight forage on grain enclosure or in a yard, pen or stall occupied by a dairy bull, boar or stud horse.

These standards do not apply when a youngster under 16 is employed by his parents on a farm owned or operated by such parent.

An employer can be fined up to \$10,000 for willful violation of the Labor Act.

### FREE INVESTMENT FORUM:

## Merrill Lynch takes a new look at GROWTH STOCKS

Co-sponsored by EASTLAND NATIONAL BANK

A program about companies with sales of less than \$100 million

Merrill Lynch has just published a Research booklet called "A New Look at Growth" covering selected companies with sales of less than \$100 million — companies that we feel offer exceptional potential for growth. And you are invited to a free investment seminar on the subject —

Thursday evening, June 12 at the Eastland National Bank in Eastland starting at 7:00 PM sharp

You'll learn the attributes that Merrill Lynch looks for in selecting growth stocks — how management, marketing ability, and specialization are taken into account as well as technological skills and research-and-development achievements.

You'll get an analysis of the potential risks and rewards of investing in smaller growth companies. And you'll find out which stocks Merrill Lynch considers most promising.

Today the whole approach to finding growth stocks is undergoing change. To keep up with that change, to help you find the growth stocks of today, be sure to attend this valuable forum. There will be a time for questions and a free copy of the booklet "A New Look at Growth" for everyone who wants one.

There is no charge or obligation, of course. If you'd like to come, either alone or with someone else, this is all the invitation you need.

# Rules Given For Senior Fair

The Eastland County Committee on Aging is working together to promote programs and activities, which will call attention to the talents of the Senior Citizens, and provide opportunities for them to contribute their experience, skills, and wisdom. And a Senior Citizens Fair will be held Saturday, June 14 on the courthouse lawn in Eastland.

The rules and regulations for the fair are very specific. They are as follows: All exhibitors must be 60 years of age or older. All entries must be hand-made and entered by the person making it. The entries may include such items as potted plants, fine arts, quilting, knitting, crochet, ceramics, home arts, and other miscellaneous items. Also, the exhibits must be entered on an individual basis. Each exhibitor will have to arrange, man and act as sales person for his entry. These entries will be accepted on the basis of a one day show only.

All entries are to be placed by 10 a.m. Saturday, June 14.

**YOUR FLORIST TALKS ABOUT FLOWERS**

**DID YOU EVER TASTE A FLOWER?**  
Did you ever eat a clove? It is simply the flower bud from a tropical tree. The seed from the flowers of anise, dill, coriander, cumin and lovage are used to flavor foods. In some parts of the world flowering daisies and lilies are eaten. Violets are made into salads and wine is made from dandelions. We feel they are to be seen, admired and enjoyed. Your order for flowers when placed with us, is given special attention. We love flowers, and it shows up in our efforts.
