Jamie Fry, Eastland County Chairman of the BCRIA said all landowners are encouraged to attend the meeting which will be held at the Eastland Livestock Auction at 8 p.m., May

Fry stated that the immediate goal is to obtain 1 cent per acre from each cooperating landowners each year for five years.

Oscar Schafer, County Screwworm Committee chairman will give a report on the serious screwworm situation facing livestock owners. " Brush control is a comp-

lex problem," Mathews said. 'Surveys show that nearly 82' percent of Texas rangelands have been invaded by brush, reducing the animal carrying 5 4-Hers To Go capacity by 50 percent more. Our universities and the U. S. Department of Agriculture have done much, but it's clear that greater financial support is needed for a crash research program if we are to solve the problem."

that they must help solve the Previously reported, \$140.35 brush problem.

"A man, feeling the need for medical attention, went to the Medicare building with that in view. Upon entering the front door, he found himself faced with a number of doors each marking with the name of an ailment: appendicitis, heart attack, rheumatism and so on. Suspecting his trouble would be diagnosed as appendicitis, he entered the door so marked.

"Upon entering, he found himself faced by more doors, marked Male and Female, He entered the one marked male and found himself in a corridor where there were doors: Protessant, Catholic Jewish.

"Being Protestant, he entered that door, only to find two more doors, one marked white and the other, Colored. Entering the appropriate door, he found two more marked: Taxpayer and Non-Taxpayer. Of course, he had to go through Taxpayer portal and found himself facing two mo doors: Married and Single.

"He had a wife at home, so he entered the proper door and once more there were two doors, one mark Republican and the other, Democrat. "He was a Republican, so he enter that door and fell nine

# Screwworm Threat Is **Great, Officials Report**

All livestock owners are to a mild winter and a wet asked to be on the alert for spring in South Texas and screwworm outbreaks this Mexico. year. The warning came from Dolph Briscoe, Jr. at air emergency meeting of the Screwworm Eradication officials and livestock men in San Antonio last Wednesday. Briscoe is President of the Southwestern Animal Health Research Foundation Board of Trustees.

Four Eastland County men attended the meeting. They were Oscar Schaefer, County Screwworm Committee Chariman; Doug Fry, President of the County Livestock Raisers Aeen.; DeMarquis Gordon, County Agent and Bob Cohen, Asst. County Agent.

Before the screwworm eralication program began in 1962, screwworms caused Texlivestock men to lose 100 million dollars each year, Officials estimated the program has saved farmers and ranchers over 500 million dollars ince it began in 1962.

Briscoe said there were 10,-000 cases of screwworms reported last year compared to only 800 the previous year. There are indications that there may be even more outbreaks in 1969. There have been 60 screwworm cases in during the first four months of 1969 compared to 40 cases on this date in 1963. Program officials said the large buildup of the costly pests was due

The Screwworm Eradication

Program was initiated by livestock owners who contributed money to get the program started. Several rancher's expressed the opinion that stockmen were ready to give again if necessary to continue the eradication program. Briscoe said the program officials were not asking for money at this time, but were asking for stockmen to do their part in keeping screwworm cases to a minimum. Ranchers were asked to observe their livestock closely, treat all wounds, send samples of all larvae cellected to the Mission Lab, and spray all livestock.

Schafer said plans were being made to alert all Eastland County livestock owners of the urgency of the screwworm

# Second Phase of III 20 Authorized By State Agency

The Texas Highway Commission has authorized con-struction of the second phase of an 11.1 mile section of Interstate Highway 20 on new location in Eastland, it was reported here.

The new section will pass south of the main areas of Cisco and Eastland and the present US Highway 80 between the two cities.

Approved was construction of base and surfacing for an expressway facility from 1.0 mile west of Cisco eastward to 0.6 mile east of State Highway 6, southwest of Eastland Construction of grading and surfacing on the section was authorized previously.

Estimated cost of the work is \$3.2 million

# **Conservation Urged**

The Land is a gift from God which must be used with understanding and with total dedicated stewardship; and Each individual is dependent upon the soil, whether he dwells in the country, town, or city, or whatever his vocation may be; its blessings and its demands touches all alike; and

Conservation is the preservation of our natural resources for food, fiber, economical use and for the preservation of the American way of life; and

These God-given resources of soil, water, land and wildlife must not only be conserved and replenished but improved; and

The worthy obligation that confronts us as stewards today is to leave this country unpolluted in nature and undepleted in resources; and

The responsibilities for the conservation of these resources is by law given to the Soil and Water Conservation Districts and their Supervisors in Texas, thus they are sponsoring Soil Stewardship Week.

NOW, THEREFORE, I, Scott Bailey, County Judge of Eastland County, do hereby designate the week of May 11-18, 1969 as SOIL STEWARDSHIP WEEK in Eastland County, Texas.

In official recognition whereof, I hereby affix my signature this 22 day of April, 1969 County Judge of Eastland County
