Silver Wedding Day Celebrated By Couple Here

Mr. and Mrs. Charles F. Shepperd Were Married July 6, 1904, at Shreveport, La.

Twenty-five years ago in Shreveport, La., Charles F. Shepperd and Miss Ethel McClelland were joined in marriage on the sixth day of July. Their honeymoon was spent in St. Louis during the World's Fair. Since 1919 they have resided in Eastland.

Saturday these two celebrated their silver wedding anniversary with a dinner at home. "Uncle" Charlie, as he is known to his friends over at the courthouse and in Eastland county, and his life's partner seem pleased at the significance of their silver wedding day, and are looking forward to many more years of happiness.

Uncle Charlie is a native Kentuckian, born at Somerset, January 16, 1865. Mrs. Shepperd was born near Jackson, Mississippi. Mr. Shepperd first came to Texas in 1888, went down East again, and then returned later, going to El Paso. He has made trips into 26 states, into 22 of which his mission has been as a peace officer, to escort persons wanted by the departments of justice in the various towns and counties where he has been employed. He was a peace officer 29 years, serving as jailer in Kentucky, as deputy sheriff in Kentucky and Texas, and as special officer and marshal in Texas.

Both Mr. and Mrs. Shepperd like Texas and Eastland very much. Mrs. Shepperd is a sister of Ben F. McClelland of Jackson, Miss., retired army officer. As a retired major general, he is one of the youngest retired officers of the United States army, in the belief of Mr. Shepperd, Mr. McClelland is not yet 50. Mr. Shepperd states:

Mr. and Mrs. Shepperd have ten children living. They are Mrs. James Little, Ft. Worth; Mrs. Jimmie Milam, Cameron; Frances, age 18; Ethel, 16; Susie, 14; Frank, 12; Mary, 10; Florence, 7; Virginia, 5; and Gordon one and a half years of age. There are two grand children.

Mr. and Mrs. Shepperd have the best wishes of their many friends on their silver wedding anniversary.

Fighters Prepare For Title Bout

SARATOGA SPRINGS, July 9.—Jimmy Braddock enjoyed a second day of rest today at his camp here, where he is training for his light-heavyweight title bout with Tommy Loughran, at New York, July 18. Braddock plans to enter the ring weighing 173—the weight at which he claims the most power.

HOOSICK FALLS, N. Y., July 9. Tommy Loughran, light-heavyweight champion, resumed training today for his bout with Jimmy Braddock next week. Loughran's day of rest yesterday was interrupted when he assumed the hero role by saving Miss Herta Ehmler, niece of Hans Ehmler, from drowning. Miss Ehmler fell from a boat in which she had gone out on the lake here.

Appellant Courts To Meet Here 1930

Chief Justice J. E. Hickman, and Associate Justices W. P. Leslie and O. C. Funderburk, of the 11th district court of civil appeals here, were in Amarillo last week attending the State Bar association convention.

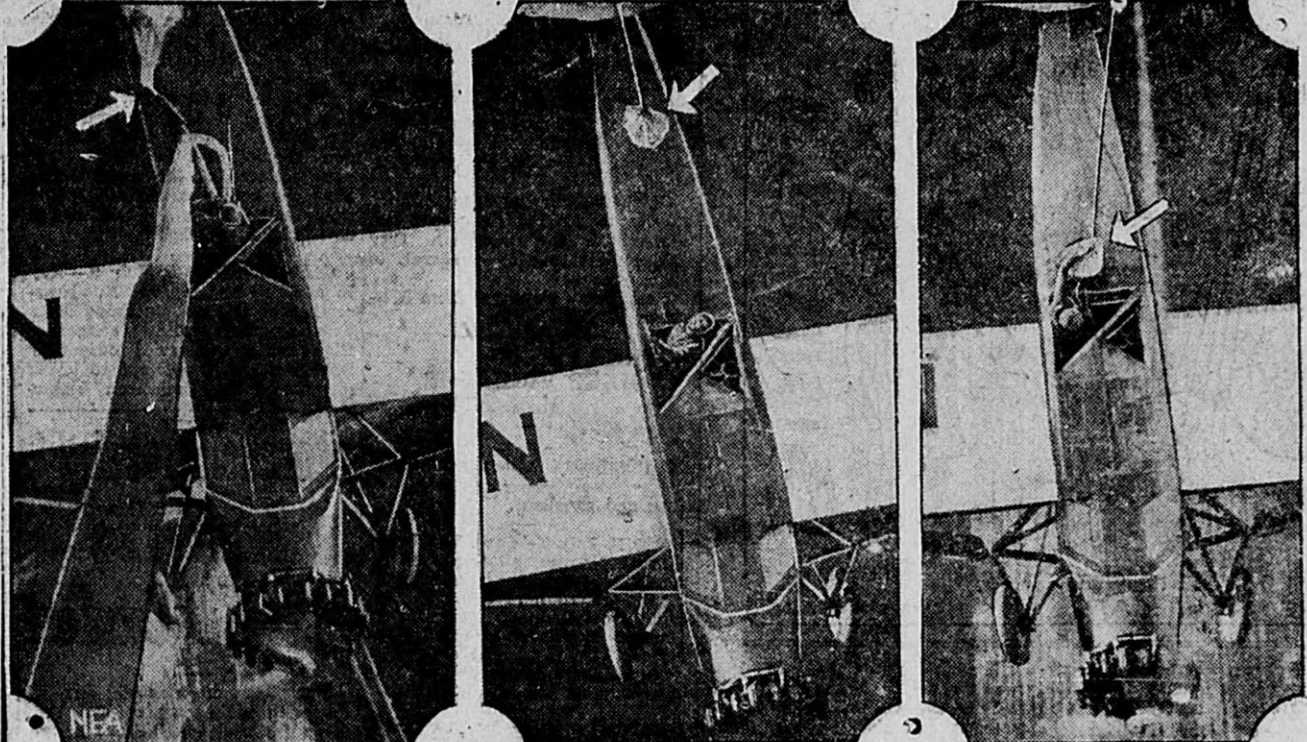

FATAL SHOOTING ENDS FARM PARTNERSHIP

OOTO, Tex., July 9.—A farm partnership had been broken today with the fatal shooting of Jim Wilson, 28, in a field three miles north of here Monday afternoon. Five bullets struck Wilson and Sheriff Barton arrested Sam Gibson, 45.

Gibson will be questioned today in an effort to secure a statement from him. No charges had been filed.

The two men had been farming on halves, it was said, and disagreement over their affairs was believed to have led up to the shooting. Both Wilson and Gibson were married. Wilson formerly lived at Mexia.

THEY LICKED THE STORM

ALL SET, TURN ON THE GAS! But the lurching of two airplanes a mile up, snatched the nozzle from the hands of Co-Pilot Byron K. Newcomb, official catcher-of-the-hose on the endurance plane City of Cleveland, with the result that some of the precious fluid was wasted, as shown at the left. In the center, a bag containing dinner for Newcomb and Pilot Roy L. Mitchell is being lowered from the refueling plane and at the right Newcomb is seen catching it. These remarkable pictures were taken by Fred Bottomer, cameraman for The Cleveland Press and NEA Service, aboard the supply plane during a refueling operation over Cleveland.

Piano Numbers And Readings Rendered Lions

Misses Clara June Kimble and Maxine Coleman attended the Lions club luncheon at the Connelley hotel today, Miss Kimble giving a number of piano solos and Miss Coleman rendering two readings.

Program chairman today was Ernest Jones. Visiting Lions were Saul Perlstein of Ranger, D. L. Orr of Cisco and Lion Hill of Miami, Fla.

Appointing of a number of committees occupied the attention of the club members.

\$1,000,000.00 In Opium Seized

CUSTOMS OFFICIALS at San Francisco Discover "Contrabands" in Trunks of Chinese Woman.

SAN FRANCISCO, July 9.—Instructions to deliver to United States Attorney George Hatfield more than \$1,000,000 in opium, silks and lace seized in the luggage of Mrs. Ying Kao, wife of the Chinese vice-consul here, were received today by customs officials.

The instructions came from Assistant Treasury Secretary Seymour Lowman, and were believed to indicate that Mrs. Ying, whose rank does not give her diplomatic immunity, may be charged with smuggling.

SAN FRANCISCO, July 9.—More than \$1,000,000 worth of opium and "other contrabands," including silks and lace, were seized when customs officers confiscated the trunks of Mrs. Ying Kao, wife of the Chinese vice-consul here, when she returned from a visit in the Orient, federal officials said today.

Estimates of the valuation were based only on information resulting in investigation of the contents of Mrs. Kao's baggage, government agents explained.

Church of God Revival Here

Meeting to Begin July 21; State Encampment Beginning At Gorman August 4.

A revival conducted by the Church of God here will begin Sunday, July 21, the sermons to be given by the Rev. A. J. Miller, of Newton, Texas. The campaign will be of two weeks' duration, and will be followed by the state camp meeting, at Gorman, of the Churches of God in Texas, this meeting to begin August 4.

The Rev. W. F. Chappel of New Hampton, Ohio, will be visiting minister to the state encampment. Sell May Be Gone Month.

The Rev. H. M. Sell, pastor of the Eastland church, will give his last message Sunday prior to the beginning of the local meeting and the state encampment. Thereafter, Rev. Sell's vacation may begin immediately, and if so he plans to attend the Oklahoma encampment at Decoma and visit at Wichita and Kansas City, the period of his absence to cover a month.

Church Class To Present Lesson

The class of evangelism of the Church of Christ will present a demonstration lesson at the church Thursday afternoon taking the subject, "The Rebuilding of the Temple."

The story of the history of the temple will be told by Mrs. Tom Harrell, and the absorbing history of the children of Israel is to be discussed.

Juarez Policeman Is Active At 85

EL PASO, Tex., July 8.—Persons who cross the international bridge here into Juarez are frequently amused at the dexterity of a member of the Juarez police who, despite his 85 years, 50 of which have been spent at his present job, still has strength and mental alertness fully equal to that of many a young man.

"Don Febronio" as he is known to his colleagues, recently demonstrated that he is not yet ready to subside a recalcitrant prisoner. Riding is his favorite exercise but he would rather break a bronco or ride a wildcat than attempt to ride a motorcycle, he says.

During revolutionary outbreaks which are not uncommon to "Don Febronio," the aged policeman remains on the side of the government, as he did during the late Escobar revolution. On several occasions he has had to come here for protection.

Amendments To Be Voted Upon One Week Hence

Proposed Amending of Constitution Would Pay Governor \$10,000 Yearly and Add Six to Supreme Court Judges.

AUSTIN, July 9.—One week from today Texas voters will ballot on two proposed amendments to the state constitution. One will raise the governor's salary from \$4,000 a year to \$10,000. The other will add six judges to the state supreme court.

Opponents of the amendments charge that the election was purposefully called for a day when there likely will be a light vote. Saturday is the usual day for state balloting.

The governor's salary is now just what it was in 1876 when the last constitution was adopted. It is more, however, than several other constitutional officers are paid. The state land commissioner, state treasurer and state comptroller get \$2,500 a year. The secretary of state is paid \$2,000. No residence is furnished for them in Austin, as is for the governor.

If the supreme court is increased to nine members, the six judges now serving as members of two commissions of appeals to aid the court, will end their services.

Farm Board Aid Is Anticipated

United Press Staff Correspondent. WASHINGTON, July 9.—Statistics relating to virtually every phase of the agriculture problem and a staff of nearly 1,000 experts are to be made available by the agriculture department to President Hoover's farm board when it convenes here next Monday, it was learned today.

GAS JET LEFT OPEN; DALLAS FIREMAN DEAD

DALLAS, July 9.—Andrew Hamilton, 38, city fireman, is dead today, and his wife severely injured because someone left a gas jet open. The result was a terrific explosion which only injured two persons and also caused property loss of nearly \$3,000.

The explosion and resultant fire wrecked the small one-story apartment house, blowing out large sections of brick. An open gas jet was found in the adjoining apartment and firemen expressed the belief that the gas escaped from this jet and was ignited by a gas fire in the Hamilton apartment.

Submarine Of Britain Sunk

H-47 and L-12 Collide; H-47 Sunk; 20 Believed Perished.

LONDON, July 9.—The crash of two submarines in St. George's channel at the lower end of the Irish sea off Pembroke district in Wales early today is feared here to have cost the lives of nearly a score of persons.

The H-47 submarine of the British navy, whose complement is 23 officers and men, sank. Two of those aboard were rescued. The L-12, with which the H-47 collided has a complement of about 30 officers and men. One of its crew is missing and another is in a critical condition.

The commanding officer of the H-47, Lieut. K. J. Gardner, and Radio Telegrapher Sydney Cleburne were the two saved from the sunken submarine. Chief Signaller Charles Bull is missing from the L-12 and Able Seaman Arthur Sampson of the L-12 is in a critical condition from injuries suffered as a result of the collision.

It is recalled that the H-47 collided with the H-32 Dec. 7, 1926, during maneuvers off Portland but both returned safely to the harbor. Beyond bare announcement of the accident, the admiralty was able to obtain only a few details of the crash immediately. It was announced that the sunken submarine was lying on the bottom in 50 fathoms of water about 20 miles west of Fishguard, in Pembroke, Wales.

The Evening News stated it understands there were 15 or 20 of the normal complement of 23 aboard the H-47 at the time of the disaster; and there were other suggestions that the sunken craft was operating with a short crew. In this case, assuming the men have already perished or cannot be rescued, the death toll would be under 20.

Fears 20 Lost. The Evening Standard fears more than 20 perished. In a public announcement at 2 p. m., the admiralty asserted that details were unavailable but that relatives of officers and men of the submarines will be informed as to further information is available.

Although all arrangements are being expedited to salvage the sunken submarine, many experts here are pessimistic regarding success of rescue attempts inasmuch as the 50 fathoms in which the admiralty says the submarine is lying is close to record depth at which rescue work has been conducted under the most favorable conditions. Such favorable conditions seem not likely to exist in the Irish sea. The location of the sunken submarine is about 22 miles northwest of a small light-house on the coast.

The destroyer Flanet, which left Plymouth today for Avran was instructed by radio to rush to the scene of the disaster.

Scouts Spending Pleasant Hours At Camp Martin

"Bugle Call," Small Newspaper, Discusses Activities At July Encampment On Llano River.

A copy of the Daily Bugle Call, a mimeographed small newspaper published by the Boy Scouts of the Oil Belt council at Camp Martin, has just been received at the Telegram offices. The copy is dated July 7, and regards the activities of the boys.

The following items are from the July 7 issue of the Bugle Call:

Visitors In Camp. Camp Martin was visited Saturday and Sunday by B. W. Draper, scout executive and Mr. Schuler, chairman of the camping for the Concho valley council Boy Scouts. They are making an inspection of camp.

All boys in camp were glad to see Mr. Perkins, chairman of the camping committee of the Oil Belt council, and Mr. Campbell, band director, come into camp yesterday, but we are sorry that they have to leave us today.

Mr. Lawrence has just arrived in camp with four boys from Olden and will stay the remainder of the camp period.

Visitors in camp Sunday were Mr. and Mrs. Bagley, Ruth Bagley, Miss O'Neil and Jack Bagley.

Apaches Wins Inspection. First place, Apaches; second place, tie, Cherokees, Comanches; Third place, Sioux (15) Tojas (10), Comanche Club (tie).

Beginning tomorrow personal inspection will count a great deal on camp inspection. Today only the camp appearance counts; however Mr. May said that the general appearance was greatly improved over yesterday.

Remember fellows, personal appearance may be the difference in whether your troop wins or not, so have your face clean, ears washed, finger nails clean and uniform spic and span.

Saturday Night's Campfire. Saturday night's camp fire opened with several new songs. B. W. Draper, scout executive from San Angelo and Mr. Schuler, chairman of the camping committee at San Angelo, led the scouts in a few

August 1 Last Day For Student Transfers Here

All students residing outside the Eastland independent school who are planning to attend school in this district must transfer at the office of Miss Beulah Speer, county superintendent, before August 1, according to Superintendent P. B. Bittle of the Eastland schools.

These transfers must be from the district in which the student resides into the Eastland independent district, and it is imperative that they be completed by the first day of August if the student would attend school here during the next long session, in the emphasis which Superintendent Bittle gives to the announcement.

One Killed In Street Fight

SAN ANTONIO, July 9.—One man was dead and two others injured as the result of a street fight here because a father disapproved of his daughter's choice of suitors. Lazaro Vasquez, 40, succumbed to a stab wound in the heart and his nephew, Willis Cruz, 36, was treated at a hospital for a knife wound on his left side. Joe Gorena, 19, was held in jail with minor bruises on his head and police sought a fourth man whom Gorena claims he knifed.

GRASS FIRES TODAY. Two grass fires caused the fire department to be called out today—one about 10 o'clock in the morning the other near 2 o'clock in the afternoon.

Chief Hennese requests that all alarms on grass fires be stated as such.

French Fields Keep Vigil For U. S. Aviators

Lebourget Field Lighted in Awaiting Plane of Fliers to Rome.

SANTANDEL, Spain, July 9.—An unconfirmed report from Llanes, a coastal city on the border between the provinces of Oviedo and Santander, asserts that a plane similar to the Pathfinder was sighted there at 8:47 p. m., flying eastward and going strong despite a high wind.

Llanes is on the north coast of Spain approximately where the Pathfinder might be had it been borne northeastward slightly by winds over the Atlantic.

Messages received here from Torreveja and Guardamar to the south of Alicante verified the passage of the unidentified monoplane flying high in a southeasterly direction.

It was officially announced that there were no government planes which had left Alcazares air base during the afternoon; therefore officials of the French Airway corporation conjectured that the plane might possibly have been the Pathfinder, but admitted that this was wholly conjecture.

PARIS, July 9.—The French war department issued an order today for all coastal, central and southern flying fields to maintain an all-night vigil for the American monoplane Pathfinder.

Lebourget field, where Col. Charles A. Lindbergh ended his famous lone flight across the Atlantic from New York, will be lighted as for another overseas flight to Paris. Floodlights, red indicator lights and a revolving searchlight will be in operation all night on or until the position of the plane is known.

ALICANTE, Spain, July 9.—An unidentified monoplane passed high over Alicante at 2:30 p. m. today and continued in a southeasterly direction.

Alicante is on the southeast coast of Spain. Aviation authorities are of the opinion that the unidentified plane was not the Pathfinder, flying from Old Orchard, Me., to Rome, since the southeasterly direction in which it was reported traveling is opposite from the northeasterly direction the Pathfinder was scheduled to take. Moreover, it is considered improbable that the plane could have traversed the entire breadth of Spain without having been sighted from some city or town.

NEW YORK, July 9.—Wireless stations along the entire Atlantic seaboard stood by today awaiting word of the whereabouts of the American monoplane Pathfinder, presumably nearing the coast of Spain in its attempted trans-Atlantic flight from Old Orchard, Me., to Rome.

In spite of the sharp lookout by dozens of steamers and freighters along the route proposed by the fliers, Roger Q. Williams, pilot, and Lewis A. Yancey, navigator, no word had been received of them since they took off at 7:40 a. m. EST, yesterday and disappeared in a heavy fog which hung over the western portion of the Atlantic.

If all had gone well with the fliers during the night, they were racing eastward toward the coast of Spain at 3 a. m. EST today, approximately 2,000 miles from their starting point after about 19 hours in the air. They expected to be within sight of Europe by 2 p. m. today.

The Pathfinder carried 440 gallons of gasoline, with sufficient oil and supplies to permit it to remain in the air for 45 hours. The fliers hoped to land at their destination, Rome, Wednesday morning.

PARIS, July 9.—Advices from the French meteorological service stated today that excellent weather conditions prevailed in the zone through which the American fliers enroute from Old Orchard, Me., to Rome, were expected to pass this afternoon.

There was bad weather reported north of the line which the fliers planned for their flight, but the zone south of the fortieth parallel between the Azores islands and the coast of Spain was reported to be clear and bright.

There were slight headwinds along the Pyrenees and over the Mediterranean, the last stages of the long route, but otherwise the weather was reported to be clear and bright.

SUBMARINE OF BRITAIN SUNK

(Continued from page 1)

HOPE ABANDONED LONDON, July 9.—Hope has been abandoned for the possible rescue of nearly a score of men imprisoned at sea bottom early today in the British naval submarine H-17. The H-17 collided with the British submarine L-12, 22 miles off the coast of Pembroke, Wales, in the Irish sea and sank.

It is reported that the disaster, which is classified as one of the worst in the history of British submarines, occurred while various officials were participating in combined maneuvers off the Irish coast. They were said to have been returning to Portland or Portsmouth. The maneuvers ended two days ago.

PORTSMOUTH, Eng., July 9.—Two British naval tugs, the Grappler and the Resolute, hastily coalled, took on provisions and rushed with salvage gear to the scene of the H-17 submarine disaster off Pembroke coast, Wales, today upon receipt of news at the dockyard here. It was stated that the L-12, which was not sunk, carries approximately 20 officers and men.

PLYMOUTH, Eng., July 9.—Great Britain's newest battleship, the Hood, with a destroyer flotilla, is heading toward Fishguard on the coast of Pembroke, Wales from Torbay, to assist in the salvage of the British submarine H-17 which sank this morning after a collision with the British submarine L-12.

LONDON, July 9.—The British submarine H-17 was sunk in collision with the submarine L-12 in St. George's channel off St. David's head, the admiralty announced today.

Two members of the H-17's crew were rescued, the admiralty's announcement said, while one man was missing from the L-12. The admiralty announced the receipt of the following signal: "Submarine H-17 sunk by Submarine L-12. Position 52.04 north, 5.32 west." The H-17 was commanded by Lieut. Commander E. S. Pelton and belonged to the sixth submarine flotilla. The admiralty informed the United Press that the H-17 was a fairly old type of submarine and that it believed only a few men were aboard at the moment of disaster.

No details were available as to what the submarines were doing when the accident took place. The usual complement of the H-17 is 23 men. The crash occurred about 12 miles northwest of St. David's head, off the Pembroke coast, west of Fishguard. The surface displacement of the H-17 is 440 tons. It carried one small gun and four torpedo tubes. It speed was 13 knots on the surface and 10 1/2 knots submerged.

Moody Proposes Investigating Dry Shooting \$1,000,000 Cut From \$55,000,000

Governor Points Out to Legislature Its Power to Reduce Amounts Appropriated for Specific Purposes.

AUSTIN, July 9.—A message of economy was sent by Governor Moody to the Texas legislature today. He proposed a ten-million-dollar cut in the \$55,000,000 appropriations already made by the 41st legislature most of which he has vetoed.

In asking for reduced appropriations bills, Governor Moody pointed out that the legislature has the power to reduce the amounts appropriated for specific purposes. When the bills come to him, he can only approve an item for the full amount or strike it out entirely. Moody Gives Views. "Personally I do not think that the appropriations ought to be placed so high that they would force the levy of the highest rate of taxation allowed by the constitution," the governor said. "I do

WHY MOTHERS GET GRAY THE NEW CAR. J.R. WILLIAMS. © 1929, BY NEA SERVICE, INC.

not believe that adequate support of the government requires it at this time. I believe the state departments and institutions can be adequately supported for the next two years by the appropriation of not exceeding \$45,000,000. Although it is within your power to make appropriations that will require a levy of the maximum of taxation (35 cents on \$100 valuation, I hope you will not consider that necessary.

"It seems to be the purpose of some to ascertain the maximum amount of money that can be collected under the highest rates of taxation, and then proceed to appropriate that sum. It doesn't seem to me that the matter should be approached in that fashion. I think the effort should be to ascertain what amount of appropriations are reasonably necessary to adequately support the government. If that attitude is taken I feel certain that you will not find it necessary to appropriate sums of money requiring the levy of the maximum rate of taxation.

"If you take the other attitude, of course the maximum rate of taxation will be the result. It will be possible by the use of the veto power to reduce the total sum, but it is evident that this power cannot be used to strike enough from the bills to have much effect on the tax rate."

Sharp Comment in Senate. Governor Moody's message caused some sharp comment in the senate which promptly repassed the same. A rural school aid appropriation was reduced from \$5,500,000 to \$5,000,000 and passed.

The house referred its appropriation bills to committee. A house resolution was adopted asking the governor not to submit anything but the appropriations at this session. A house resolution creating a committee to draft tax laws to submit to the next regular session was referred to the house committee on state affairs. If the resolution is adopted the members of the committee will be: Representatives Vignier, Gilbert of Baird, John T. Wallace of Teague, Cecil Storey of Weller, C. H. Waddell of Rosenberg, State Tax Commissioner P. C. Weiner of Seguin, James A. King of Travis county and John G. Willey of San Antonio, former state tax commissioner, and Dr. E. T. Miller, tax expert of the University of Texas.

OKLAHOMA CITY, July 9.—Federal investigation into the independence day prohibition raid shootings of two Pottawatomie county farmers was under way today with arrival of three federal investigators from Topeka, Kas.

Preliminary hearing of W. W. Thomson, federal prohibition agent, and his three aides was postponed today until Saturday to allow for further questioning.

The federal agents from Topeka questioned Thomson in his cell at the county jail here until early today. After that they went into conference with Bee De Monbrum, prohibition director for the western Oklahoma district. It was reported that Thomson would demand trial in a federal court.

MAJOR GENERAL WILL INSPECT CAVALRY CAMP MINERAL WELLS, Tex., July 9.—Maj. Gen. William Lassiter, commander of the eighth corps area, is expected in Mineral Wells tomorrow for an inspection of

Camp Wolters, where the 56th cavalry brigade is holding its annual summer encampment.

He will be escorted about the camp by Brig. Gen. Jacob F. Wolters, camp commander. A review of the entire brigade will be held tomorrow afternoon in Gen. Lassiter's honor.

Born in Napa, Cal., in 1856, James came to Hamilton in 1876 and had taken a prominent part in business and civic affairs ever since. He was reputed to be one of the wealthiest men in Hamilton county.

Surviving James are his wife and several children.

AMARILLO, July 9.—A joint committee composed of members of the Texas Hereford association and the national organization at a meeting here Monday selected Albert Mitchell, president of the American Hereford Breeders' association, as field man for Texas and the southwest.

Mitchell is a member of the firm of T. E. Mitchell & Son of Albert, N. M., and is recognized not only as a competent judge of good cattle and their pedigrees but as a practical ranchman.

He will take up his duties as field man at once with headquarters at Sweetwater. His selection conforms to a resolution adopted by the national association in June asking that a field man be named to look after the interests of Hereford breeders.

BERLIN, July 9.—Central Europe and the Balkan states were stirred today by startling disclosures of a vast political conspiracy to overthrow the present Rumanian regime and to establish a military dictatorship aiming to install former Crown Prince Carol to the throne now occupied by his young son, Michael.

In spite of official denials of a widespread plot it was known that more than 200 arrests have been made, including many persons high in Rumanian official and military affairs, and that extraordinary precautions have been taken by the Rumanian government to forestall the carrying out of a coup d'etat. The ministry of the interior at Bucharest later admitted a plot had been attempted.

Authoritative information reached here to the effect that the plot had been planned for several months by a number of influential political leaders headed by Former Minister of War Paul Anzelescu, General Brosteanu and Colonel Sturza and Stojca.

It was stated that the Rumanian government has known of the plot for some time and they began making arrests just a few hours before the "putsch" was to begin swinging into action.

The plotters were given significant warning on Friday when Premier Dr. Iuliu Maniu, the leader of the national peasant's party against whom the alleged plot had been directed, made the following statement during the course of a political speech: "Whoever attempts to move against the constitution must reckon with the iron hand."

But the plotters continued with their plans. According to reports to the Berlin Vossische Zeitung they hoped at the first blow to capture the Eubucharest post office and other public buildings. The newspaper also stated that the leaders, including General Brosteanu were imprisoned at the military jail at Jilova.

The Rumanian press has been forbidden to make any mention of the attempted coup d'etat and the only newspaper which made an effort to print the story, The Epoca, of Bucharest, was immediately suppressed and confiscated by the government.

Although news of the attempted "putsch" was incomplete and confused owing to the strict censorship in Rumania, everything indicated that the plot originated with a group of army officers, sympathizers with Ex-Crown Prince Carol.

HAMILTON BANKER DIES HAMILTON, Tex., July 9.—Suddenly stricken with heart disease, J. T. James, for many years president of the Hamilton bank and an official of the American Bankers' association, died at his home here Monday afternoon.

Ambitious youth often shuns the old home town to seek fame and fortune in distant lands. However, James P. Howland, above, wasn't of that type. He started as a junior clerk in a home town bank at Savannah, Ga., 25 years ago and today he is president of the institution, one of the largest in Georgia.

ers will continue 4,500 feet or more. TULSA, Ok., July 9.—Light oil production showed an increase throughout the nation last week while heavy oil registered a considerable decrease, according to the weekly report of the Oil & Gas Journal released today.

Light oil was 2,401,052 barrels with 2,371,937 barrels the week before. Heavy oil dropped from 456,285 to 450,116 barrels. California increased from 693,750 barrels to 702,000 barrels of light oil; heavy production remaining at 168,500 barrels.

The Gulf coastal area showed a decrease in heavy oil as did West Texas. The coastal region's average for the past week was 151,887 barrels against 154,459 for the week before.

West Texas heavy dropped from 79,046 barrels to 76,189 barrels for the previous week. Total midcontinent production was 1,508,170 barrels of light oil and 53,540 of heavy compared with 1,487,619 barrels of light oil and 54,280 of heavy for the preceding week.

Oklahoma climbed from 647,415 barrels to 717,150 for the week, increases in the Oklahoma City field contributing 7,485 barrels to the increase. West Texas increased from 271,687 to 277,670 barrels.

FRENCH FIELDS KEEP VIGIL FOR U. S. AVIATORS (Continued from page 1)

clear and excellent. ROME, July 9.—Capt. Charles E. Kingsford-Smith, piloting the famous Trans-Pacific plane Southern Cross, arrived here today on his flight from Sydney, Australia, to London. He landed at Littorio airport at 2:35 p. m. and expects to leave at dawn tomorrow, arriving in London in the afternoon.

CHICAGO, July 9.—The 'Untin' Bowler, Chicago Tribune plane, which is blazing an air pathway from Chicago to Berlin, is still at Great Whale, a Hudson Bay trading post, according to the Tribune today. Adverse weather is delaying its takeoff for Port Burwell on Cape Hildy.

No direct word has been received from the plane since Friday when it arrived at Great Whale from Lake Remi, Ont.

NO. 81226 SHERIFFS SALE The State of Texas, County of Eastland, By virtue of a certain order of sale issued out of the honorable 96th district court of Tarrant county, on the 23rd day of July, 1929, by order of said court, upon a judgment in favor of A. D. Hodgson, et al., vs. A. G. Rintleman for the sum of five hundred seventy three and 70/100 (\$573.70) dollars and costs of suit, in cause No. 81226 in said court, styled A. G. Rintleman, et al., versus A. G. Rintleman and placed in my hands for service, I, Virge Foster as Sheriff of Eastland County, Texas, did on the 8th day of July, 1929 levy on certain land property situated in Eastland county described as follows, to-wit:

One-sixth (1-6) undivided interest, being all the interest of said A. G. Rintleman, in a thirty acres (30) parcel of land out of section 27, block 4, Houston, Texas, Central Railway company survey, Eastland County, Texas. Bounded as follows, beginning at a stake 738 3/4 varas north of the south east corner of said survey, thence west 431 1-2 varas, a stake on the west line of a fifty acre tract deeded by Chas. Pettit and wife to R. C. Phillips, dated Aug. 19th, 1911 recorded in book 71 page 464 deed records of Eastland county, Texas, thence north with said west line 392 5-16 varas to a stake for corner. Thence east 431 1-2 varas an iron pin on East line of said survey, near fence, thence south with said east line 392 5-16 varas to place of beginning.

And levied upon as the property of said A. G. Rintleman and on Tuesday, the 6th day of August, 1929, at the court house door of Eastland county, in the city of Eastland, Texas, between the hours of ten a. m. and four p. m. I will sell said property at public vendue, for cash, to the highest bidder, as the property of said A. G. Rintleman by virtue of said levy and said order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale in the Eastland Telegram, a newspaper published in Eastland county. Witness my hand, this 8th day of July A. D. 1929. VIRGE FOSTER, Sheriff, Eastland County, Texas, July 9-16-23-30.

New Endurance Mark Looms Big

CULVER CITY, Calif., July 9.—Dawn today brought victory within the grasp of two confident aviators striving for a new record for refueling endurance flying.

At 3:30 a. m., PCT, Loren Mendell and Pete Reinhart enter their seventh day in the air and approach within six hours of the record established at Cleveland only last week by Byron K. Newcomb and Roy L. Mitchell in the "City of Cleveland."

Then, at 2:30 p. m., (Pacific Coast time) if all goes well with the motor of their Buhl air sedan, Mendell and Reinhart will have bettered by the required one hour the record of the Cleveland fliers and will have established a new mark of 175 hours.

CLEVELAND, O., July 9.—Roy L. Mitchell and Myron K. Newcomb, who alighted Saturday after breaking the world's endurance flight record announced today they were waiting to attempt to break any record the California endurance fliers might set up.

Stomach Upset, Sour? This Will Comfort

Don't let sour stomach, gas, indigestion make you suffer. And don't use crude methods to get relief. There's no use when millions know the quick way; the pleasant, harmless way.

Just take a spoonful of Phillips Milk of Magnesia in a glass of water. It is alkali in the best form. It neutralizes many times its volume of excess acid—and does it instantly. It will probably end your distress in five minutes. Then you'll know what to do the next time. Crude, harmful methods will never appeal to you again.

Phillips Milk of Magnesia is the perfect way to end digestive disorders due to excess acid for men, women, children—and even babies. It's the method doctors endorse; which hospitals use. For fifty years it has been supreme.

To know the many important uses of Phillips Milk of Magnesia is to keep a bottle in the house, always. Full information with each bottle. Your drug store has the 24c and 50c sizes. Insist on the genuine. A less perfect product may not act the same.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Chas. H. Phillips Chemical Co., and its predecessor, Chas. H. Phillips, since 1875.

Proven Relief For Stomach Troubles

This remedy has afforded hundreds of people relief from Ulcers of the Stomach, Gas on the Stomach, Indigestion, and other chronic ailments. It tones up the stomach, restores a normal healthy condition, allowing natural digestion to take place. Every person suffering in the least from LIPS'S STOMACHAL to relieve their stomach disorders should use PEIRER'S LIPS'S STOMACHAL to relieve their complications. This remedy is especially beneficial in the treatment of Ulcers of the Stomach.

Millions of Families Depend on Dr. Caldwell's Prescription

CLOVIS, N. M., July 9.—The inaugural trip of the Transcontinental Air Transport company apparently is reaching completion smoothly with Col. Charles A. Lindbergh waiting at Winslow, Ariz., to pilot the east-west air-rail passengers to their destination this afternoon.

West-east travelers took a train from here last night while the east-west passengers boarded a plane bound for Winslow, which took off at 7:45 a. m. Col. Charles Lindbergh will pilot the giant plane to Los Angeles this afternoon.

WASHINGTON, July 9.—The basis of what probably will be the first transcontinental "all-air" passenger route will be laid by the Boeing Air Transport, Inc., next fall when it places in operation a dozen trimotored transport planes between San Francisco and Cleveland, it was learned here today.

Announcement of this new air route was made by Harold Cray, Boeing representative. The San Francisco-Cleveland

Endorses It

"For six years I have been go-
ing through some of the best
clinics in Texas trying to regain
my health, but six bottles of Sar-
gon have done me more real good
than all the medicines and treat-
ments I tried put together. I have
gained fourteen pounds and am

DAN J. THOMPSON
In better health than I ever
thought I would be again.
" My health began to fail six
years ago and my weight dropped
from 145 to 123 pounds. My dig-
estive organs were all out of
order and often after meals I had
to use a rubber tube down my throat
to get rid of undigested food. I
couldn't eat any kind of solid food
without suffering and I almost had
to live on milk. I was told that I
had gall bladder trouble, and my
whole system was so poisoned that
my throat was actually yellow in-
side and so sore that I could hardly
swallow. My physician sug-
gested that I have my teeth ex-
tracted and I did, but still got no
better. I suffered with severe
pains in my back and through my
body, my circulation was poor, my
color was bad and I was run down,
weak and nervous.
"I have not had a minute's
trouble with my stomach or diges-
tive organs since I began taking
Sargon. I can now sit down and
enjoy a steak or anything else I
want. My nerves are steady, I
sleep fine and my strength and en-
ergy have returned. My circula-
tion is good and I feel better than
I have felt in years.
"Sargon Soft Mass Pills cleans-
ed my system of poisons. My
throat is normal again, my color
is good and I am like a different
man in every way."
The above statement was made
by Dan J. Thompson, principal of
the Reinheart public school, who
lives at 903 Waverly Ave., Dallas.
Sargon may be obtained in East-
land from Texas Drug Store; in
Rising Star from Star Drug Co.; in
Deshler from City Drug Store; in
Carbon from Dixie Drug Store; in Gorman from Cor-
nar Drug Store; and in Olden from
Central Pharmacy.

songs. The Sioux Indians, led by
Mr. Buckingham and the Texas In-
dians, led by Mr. Gettis were in
charge of the campfire program.
Mr. Gettis' tribe of Indians gave
their program first. This program
was featured with first aid and
life saving stunts.
Mr. Buckingham's tribe opened
their program with a wonderful
exhibition of military training.—
By Edward McCurtain.

Table Inspection

Dinner charges, July 6, 1929. The
table in charge of Mr. Bucking-
ham of Rising Star and Coleman
won the candy stars for the best
table manners. They were very
considerate of the waiters and after
finishing the meal those appointed
from this table secured cleaning
powders and left the table in a
very nice shape.

Water Polo This Evening

Another game of water polo will
be played this afternoon during
swimming period between the Ap-
aches and the Comanche Indians.
Scout Charles Rutherford makes
the suggestion that contributors to
this column should send their jokes
on this paper to make it easier
for the editor to see through them.

Water Polo

By Eagle Scout Fat Rotramel
An interesting game was played
at the evening period of swimming
yesterday. This game is called wa-
ter polo. Hagan McMahan was
chosen leader of one side and J.
W. Shepard had charge of the
other side. Two goals were fixed
at each end of the boundary line.

WOMANS MISSIONARY SOCIETY OF BAPTIST CHURCH
The Missionary society of the Baptist church enjoyed a well pre-
sented Bible lesson from the 20th
chapter of Genesis, discussed by
Mrs. Clyde Garrett, president of
the society, who substituted for
Rev. Curlee, the supplying pastor,
who left Sunday night for Dallas.
Hymn, "What a Friend We Have
in Jesus," and prayer by the pre-
siding officer closed the devotion-
al.

'I FIRMLY BELIEVE
IT SAVED MY LIFE'

Ranger Housewife Declares
Medicine That Will Do
What Orgatone Did for
Her. Deserves Praise.
"By the help of Orgatone I have
overcome troubles I had begun to
fear would end my life," said
Mrs. R. E. Gallagher, who resides
at 720 Foch street, Ranger, Texas,
recently.
" My stomach has been troubling
me for 20 years," she continued,
"and I had gotten to where I
couldn't even eat the lightest of
diet without suffering afterwards.
At times my stomach was so gas-
sy and upset that I couldn't re-
tain a thing. The doctors told
me I would have to have all my
teeth pulled out, which I did, but
this did not help my condition
one bit and I steadily grew weaker.
I was so nervous and miserable
I could hardly sleep at all and
could do no housework without
feeling completely exhausted. I
was badly constipated and would
often get so dizzy I had to lie
down.
" I took nearly every medicine
I ever heard of and tried in vain
to help me that I had begun to
think I couldn't get well. Then
I commenced to hear so much
about Orgatone and while I nev-
er got so much relief from my
first bottle, the second got me
to eating hearty and sleeping
fine I now have such a big ap-
petite that I can hardly get
enough to eat and my stomach
trouble is gone. So now I can
eat what I want, sleep like a
child and am praising Orgatone
for my wonderful recovery. I
firmly believe it has saved my life
and such a medicine is worth
praising."
Genuine Orgatone is not a so-
called secret or patent remedy
but a new scientific bile prepara-
tion and is sold in Eastland ex-
clusively by the Toombs & Rich-
ardson Drug Co. under the per-
sonal direction of a special Orga-
tone representative. (Adv.)

EARL GOUGH INVITES
FRIENDS FROM EASTLAND

Eastland music lovers remember
with pleasure the wonderful pro-
gram of cowboy songs presented
by Earl Gough of John Tarleton
college during the final week of
the Thursday Afternoon club in
May and will be interested in the
character of the program to be
given by Mr. Gough at the Fort
Worth conservatory of music to-
morrow evening. The schools in-
clude the German, the Modern
Italian, the Aria Romanza from
"Simon Boccanegra," by Verdi, an
English group of every fancy and
an American group which includes
