A LOT of Eastland counties are attending the Greater Southwest Billy Graham Crusade at the new Texas Stadium in Irving which continues through Sunday, Sept. 26. It was our pleasure to attend the opening night service Friday night, and it was the fulfillment of a long hoped for dream. That was the night the traffic was so bad, and in order to secure a close-as-possible seat, we worked our way to the press table some 35 yards from the platform.

Among many other things we found, the press is treated very kindly, but reminded that they are attending a religious worship service and prompted to act accordingly (no close-up photos of Dr. Graham after the first five minutes of his sermon.)

Joining us at the table was a kinsman, John Elliott, editor of the Irving Daily News, whose wife is the former Gtha Thompson, daughter of Mr. and Mrs. H. L. Thompson now of Lewisville and formerly of Cisco. John shot us a keepsake roll of film up close, and generally supplied us with data about the new Cowboy Stadium, and the advance Graham team activities.

The Team public relationsman Don Bailey also was a great host.

Sitting in that 63,000-capacity stadium, we couldn't help but draw some mental comparisons of years gone by in other revival services. Coming to mind were the summer tabernacle revivals of our youth (some 30 years ago), and what a comparison it was. Most things were so different, yet there were two things unchanged.

You think, here we are hearing the opening service of a gigantic religious crusade where Gov. Preston Smith is a special guest. The thousand-voice choir under the direction of Cliff Barrows. Specials by George Beverly Shea (How Great Thou Art), "In Times Like These," and "Rock of Ages."

And then the sermon by the celebrated evangelist. We were a little disappointed to be handed a press draft of his sermon of that night. You mean he reads a prepared speech? We asked ourselves. Not Billy Graham! We shouldn't have worried. He didn't follow the three type-written pages. They were given as printable quotes from the sermon.

Of course, one of the most moving experiences was the invitation when on that night some 900 came forward. You could double that number of those going onto the field because there's a counselor for nearly every decider, and the sight of all these was impressive.

The first to come was a young man in a janitorial-service type uniform, and when he reached the front of the area, he crossed himself and fell prostrate on the astro-turf. You couldn't help but remember "The Restless Ones" movie crusade held in our county several years ago.

On television, that's about where they leave the service, but in person you hear the exhortation by Dr. Graham to the deciders: 1. read your Bible; 2. pray; 3. witness; and 4. get into a church.

Physically it was a lot different from the old-time summer revivals we might remember. But two things are unchanged. Remember how the flying insects and bugs used to swarm, drawn by the bare electric bulbs, or in some cases coal-oil lanterns? Well, it was the same at the Crusade.

Another thing too. Regardless of the speaker, singers, the stadium or any other innovation - it was the same basic message.

That hasn't changed. Thank goodness.

Eastland Votes For 'Progress' 353-7

Eastland voters turned out Tuesday and approved by 353-7 a \$92,000 bond issue which is the city's share of a total outlay of \$196,700 needed to construct a new sewage treatment plant.

In a breakdown of the vote, property owners voted for the issue 332-7, and non-property owners approved it 21-0. A light vote had been predicted by City Manager Lewis Tiner because there were only 16 absentee ballots cast.

The city has applied for a \$106,700 grant from the federal government to cover the remaining portion of the cost.

The Texas Water Quality Board will buy 25 per cent of the \$92,000 bond issue voted Tuesday.

Tiner said Tuesday that construction is expected to begin

NOTES from around

Tickets for the Saturday, Oct. 2, Treasure Hunt in Eastland will be available from members of the First Baptist Church, North Seaman St., this Saturday. You'll want to get yours and be ready. Another participating firm is Triple D. Discount Store.

DID YOU KNOW
Did you know that you must have your Social Security Number when you apply for a marriage license? We didn't until County Clerk Deputy JoAnn Johnson advised that many are coming to make application, improperly prepared. We asked if failure to have their SS number was their only improper preparation.

A REGULAR WINNER
It seems that winning trophies is becoming a habit with little Jimmy Hayes. Last year he won second place in the punt, pass and kick contest for the eighth year olds in the city of Waco. Last week he won second place in the fourth grade division in a bicycle rodeo for the Leon Valley district of San Antonio. Jimmy is the son of Mary Ann Manning Hayes and Billy Hayes. They are both teachers in San Antonio. He is the grandson of Mr. and Mrs. Clyde Manning of 1402 S. Seaman.

P-TO Hears Therapist On New Program Here

BY GAY NELL O'BRIEN
PUBLICITY CHAIRMAN
Dr. Dwayne Carter, speech therapist with the West Texas Rehabilitation Center in Abilene, told approximately 60 parents, teachers and guests of the local P-TO what the new special education program is doing in the Eastland Elementary School.

President Mrs. Bob O'Neal welcomed parents and guests and presided over a brief business meeting. Minutes of the last meeting were read by Mrs. Kathy Stephens, treasurer, who also gave her report in which the purchase of a new slide was announced. This was bought with money which the P-TO annually gives to the school activity fund.

The P-TO voted several years ago, at the beginning of this project, to use the money given to the fund, for a permanent playground. However last year a more expressed need seemed to be for extra playground equipment, since there never seemed to be enough for the children at recess times. Also some P-TO members believed a paved playground might be dangerous to playing children and using part of the fund for a lawn seemed more practical.

So last year the P-TO voted to change the designation of such funds to playground equipment rather than to the permanent

Mavericks-Bearcat Battle There

The Mavericks play the DeLeon Bearcats Friday night in DeLeon, for what should be a very exciting game. In the first game, the Bearcats beat Hamilton with a score of 32-6 and then last week the Comanche Indians turned the tables on DeLeon and won 26-6.

DeLeon has a very good football team with nearly all seniors on the team this year. Last year they lost District play by only one point in the last seconds of play. Their top lineman, Rolan Almaguer, standing 5 ft. 11 inches and weighing 200 lbs. is also one of the captains, was All-District and All-Area last year.

Another top boy, is 223 pounds, who plays offensive tackle and nose-guard on defense. Their top back is Larry Kimmell who is 145 pounds and a senior. In the Hamilton game, he gained 200 yards rushing and made 4 touchdowns. Last week in the game with Comanche he carried six times for a total of 100 yards. Coach Fraizer stated that the team consists of all seniors, with the exception of a few underclassmen.

The Mavericks have been working hard Monday and Tuesday of this week trying to work on "not getting so many penalties." Last WEEK THE Mavs racked up 185 yards in penalties. Fraizer stated that they are trying to eliminate this.

Ruben Gaeta will be out for about three more weeks with a pulled ham muscle. Howard King, Thomas and McClesky have been running the tailback spot in place of Gaeta. In the last two years, the Mavs have scored only one touchdown in the second half with the Bearcats. TFraizer stated that he boys looked a lot better this last week, though they still have some problems that they must gradually work out.

Mr. and Mrs. Clois Earls of El Centro, California were weekend guests of Mr. and Mrs. Jimmie Garner of 215 North Hillcrest.

Carbon Goes To Sidney

The Hickman Nursing Home Volunteers will sponsor their monthly birthday party, Thursday, September 23, at 2 p.m. Patient having birthdays in September will be special guests.

Tuesday, September 21, Family night at Lone Cedar Country Club, Jean Myers, manager, was showered with numerous gifts, by 75 people. The occasion was a farewell to Mrs. Myers, as she moves to Kingsland.

hand cuffed make up the smallest number of children who need special therapy. "Extra Education," he said that he felt might be a better term than special education for such programs, since such children are not greatly different from others since mental capabilities have nothing to do with handicaps such children may have.

He gave examples in which persons with specific learning disabilities have accomplished great things. Abilities to do certain things are no reflection on intelligence necessarily, he added.

He listed the following things that could help identify a child with a speech or language disability:

adjacent to the southeast corner of the Eastland Cemetery. At present the city employs a plant operator who works half a day at the present sewage plant

constructed in 1919. However, Tiner said, the proper operation and maintenance of the new plant will necessitate full-time operator.

The May Tigers defeated the Carbon Wolverines by a score of 77 to 32. He action came in a nondistrict 6-man football game Friday night. This puts Carbon 0-2 for the season.

Mays leading scorer and top rusher was Larry Chambers. Larry Chambers came out of the game with five touchdowns and over 200 yards rushing for the evening. There was a lot of good running and tackling by the rest of the May team. Another one of the top May players was Bobby Rebble who made a lot of fine tackles and threw a lot of fine passes for touchdowns.

Carbon's leading scorer was Jimmy Cook. He caught two passes for touchdowns. Jimmy Cook caught a lot of good passes that set up touch down during the game. Also scoring for Carbon was Ricky Johnson, Robin Griffin, and Jimmy Wooley. These three players also caught passes for touchdowns. All of Carbon players played a real good game even though they did make a lot of mistakes.

All the Carbon fans will be behind the team when they travel to Sidney next week.

Almost every car dealer in Texas will begin showing the new cars for 1972, either this weekend or next. From the preview I have received, this should be the year for the GO look in New cars. They are beautiful.

Alsup's Fabels
by Herman Alsup

Yes, it all happened. Saturday. First the rain, the parade, reception, then the football game, and the rain continued. The people of Eastland and surrounding communities really turned out for the Peanut Bowl Parade even though it started raining just as the fire truck siren started blowing.

The new cars were beautiful, even the Mayor was driving a new "CAD." Our own Texas State Peanut Queen braved the rain and rode on the float all the way through the parade. Kay said it was a little "wet" but she loved every minute of it. Miss Texas, Janice Bain enjoyed the festivities very much. The plans were for her to put the top down on her convertible but decided against it at the last minute.

At the reception for the Queens, Kay and Janice finally convinced James Reid, Mayor of Eastland, to pose with them for a couple of pictures. Naturally they wanted him in the middle. After the pictures, I asked the Mayor if he was enjoying it, and he said "if he had known being Mayor of Eastland could be this nice he would have run for office 20 years ago..."

After High School band rehearsals all the afternoon, some of the students were playing pass football on the sidelines. In a few minutes I noticed everyone was on the ground looking for what I guessed to be someone's contact. Upon investigation, I found that Mickey Kendrick had thrown with the football, his senior ring. The search continued until almost dark, on hands, and knees, until Mr. J. D. Pittman brought out his giger counter. (or I think that's what it was.) In about 15 minutes, after covering the ground, we heard a loud buzzin, coming from the instrument. We found a piece of tin foil, a bolt, a piece of wire, and Mickey's Senior ring.

Our thanks to Mr. Pittman. Our thanks to the Eastland Police Department for a job well done on the parade and game Saturday.

I would like to have a few little more entries in the football contest this week. The Eastland Mavs travel to DeLeon to meet the Bearcats. Send the entries or bring them by the Telegram office no later than 2 p.m. Friday afternoon. Our prediction this week, Eastland 21, DeLeon 15.

4-Way Stop Plummer-Madera

The intersection at Plummer and Madera Streets in west Eastland has been designated a four-way stop location, as the result of action by the City Commission Monday evening. Local resident Mack Mahaney appeared before the commission and requested that the intersection be so designated. The matter met unanimous approval and passed on a motion by Commissioner Durrell Reid, seconded by W. Q. Verner. Other business at the meeting was routine.

City manager Lewis Tiner reported that progress is being made on the upcoming sanitary land fill program and that it should begin soon.

'What's Your Number?'

Joe and I are driving along in Abilene, minding our own business, watching the stop signs and the speed signs. A glance in the rear view mirror and I see the "Do Right Boys" coming behind us. "Guess they are after someone," I say.

We are driving along another block and I see their lights flashing. "Someone is really in trouble," I say to Joe. A few more yards and the siren sounds. I look back and guess what?

They're motioning for me to stop. I pull out, stop and wait. Here he comes, asks for my drivers license which I showed him. He then starts to write a ticket.

"Mr." I said, "I have been very careful to observe all the signs since we were in a school zone."

He keeps right on writing. When he had finished he said, "Your inspection sticker on your car has expired." We looked and "sure nuff" it said

Number 8 and this was the ninth month. "Do we have to pay a fine?" I asked.

"Yes, mam, just go to the city hall on 5th and Walnut and see the judge. Now you could get another ticket on the way home," he said.

"After we have already paid our fine?" "Yes mam, you sure could; good luck..."

We went to the city hall, took care of the REST of our business and came home without another ticket. Joe had the car inspected the next day.

Now In Hawaii...

GRAND PRIZE WINNERS of Southwestern Drug Corporation's Profit Markets were Mr. and Mrs. Don Stoner, Central Drug, Eastland, Texas. Their name was drawn from pharmacy registrants throughout the Southwest attending the wholesale drug firm's four fall gift shows in late summer.

Mr. and Mrs. Stoner won a "Pharmacist Week for Two in Hawaii" via a Braniff 747 jet, breakfast in bed for seven days at the new Sheraton Waikiki Hotel in Honolulu and cash to cover incidental expenses.

Pictured, from left to right, are Mr. and Mrs. Don Stoner, receiving their tickets from Mr. Bill Conroy, Sales Manager Ft. Worth Division Southwestern Drug and Mi. W. J. Parr, General Manager Ft. Worth Division Southwestern Drug.

Sausageburgers
2 pounds pork sausage
3 tablespoons water
2 large tomatoes, each cut into 4 slices
1 medium-sized onion, cut into 8lices and separated into rings
8 hamburger buns, warmed
Shape sausage into 8 patties, 1/2 to 3/4 inches thick, 3 to 4 inches in diameter. Place in a cold frying-pan, add water, cover and cook over low heat 5 minutes. Pour off drippings. Cook patties slowly on both sides until well done. Place patties, tomato slices and onion rings between halves of warmed hamburger buns.
Yield: 8 sandwiches.

CJC Wranglers Take 10th Bowl From RJC Rangers

Cisco frustrated thwarted, throughout the 12th annual Peanut Bowl with had breaks and an aggressive Ranger defense, finally got one big break in the last seconds and made it pay off for an 8-7 victory Saturday night.

Wranglers, getting the interference call at the Ranger one. Cisco quarterback, Walter Hargrove of Rotan threw a desperation 25-yard pass to split end Rocky Parr. Larry Reed blocked the pass, but the official ruled it was a pass interference call at the Ranger one. Cisco quarterback, Walter Hargrove of Rotan threw a desperation 25-yard pass to split end Rocky Parr. Larry Reed blocked the pass, but the official ruled it was a pass interference call at the Ranger one.

But before Cisco's dramatic victory, the Wranglers had endured a miserable evening, making costly mistakes that put extreme pressure on their defense throughout the evening. Ranger, which made only three first downs in the game and only one in the second half, scored its touchdown in the third quarter when a Cisco field goal attempt backfired.

Miller was trying to convert a three-pointer which would have needed to travel 60 yards, but it was blocked by the center of the Ranger defense and Larry Reed scooped up the free football and sprinted 56 yards for the touchdown.

Cisco's defense pushed Ranger into a hole a few minutes later when Rickey Hanning tried to punt out of the endzone. He fumbled the snap and was pinned deep in his endzone for a Cisco safety.

Cisco moved 78 yards from their own 20 to the Ranger two in the fourth quarter with sub-halfback Earl Zachery coming off the bench to gain 36 yards on seven carries. In addition, Cisco's jittery receivers finally began hanging on to some of Hargrove's passes.

Hargrove had gone 0-7 before Parr finally hauled one in for a 10-yard gain, moving to the Ranger 35-yard line. The drive ended with Earl Zachery fumbling the ball away on the two with Willie Dorsey falling on it for Ranger.

Cisco's scoring drive began at their 41 with 1:53 left in the game. Hargrove hit Parr with a 26-yarder to move the Wranglers to the Ranger 26. That's where the interference call came in.

The first half saw both defensive units dominate the game. In fact, offense was practically nonexistent, with Ranger's anemic unit managing only two runs in excess of five yards while Cisco was exploding twice with 19 and 31-yard gainers.

Neither came close to sustaining a drive. Still both teams had excellent opportunities to score early thanks to costly mistakes by both teams. Miller tempted the Rangers on the third play of the game by fumbling the ball away to Eddie Geter at the 36. But the Rangers refused to take advantage, ultimately trying to execute a 44-yard field goal which faded sharply to the left of the uprights.

The Wranglers, still in a generous mood, offered the Rangers six more points on the next series when Hargrove fumbled the ball.

Nothing doing. Willis Harrison, a Snyder graduate, sliced through for two yards on first down, gave it back with a two-yard loss on second down; then gained it back again on third down. With fourth and goal at the one, quarterback Glenn Printers rambled across for the score — only he didn't have the football.

Mike Waldrum fell on it back at the 31-yard line. Cisco's 31-yard run in the first half came when Miller took a pitchout around left end and raced all the way to the Ranger 24. Galberson Zachery immediately added eight more and the Wranglers appeared to have their offensive machine cranked up.

If indeed they did, it died after their next first down at the 14. Four plays later Hargrove threw incomplete into the end zone on a fourth and 11 play. The rest of the first half was a 1-2-3-punt routine.

OPEN Friday

EXCERPTS FROM MESSAGE BY Dr. Billy Graham GREATER SOUTHWEST CRUSADE
Irving, Texas
Friday, Sept. 17, 1971
TITLE: "Jesus Christ, Superstar"

TEXT: Luke 11:29-32
We are delighted to be back in Texas. We have held more crusades in California and Texas than any other states. This does not indicate that Texas needs a crusade more than any other state. Coming to Texas is like coming home.

We have warm memories of being in the Will Rogers Coliseum in 1951 and in the Cotton Bowl in Dallas in 1953. Vast changes have taken place not only in Texas but throughout the world since we were here in those days. At that time we stayed four weeks in each place. I was only about 32 years of age and could take life longer crusades in stride. However, I am now in the best health of my entire life and I suppose could easily stay here four weeks, but because of television and other means of communication we stay a shorter period but reach millions more people throughout America and other parts of the world than we ever dreamed possible in those days. A part of this current

Crusade will be telecast nationally at prime evening time on more than 300 stations sometime in the early part of December.

Morally and spiritually, Texas has undergone vast changes in these twenty years.

All you have to do is walk down your city streets and see the movie marquees, or look at some of the newsstands and see the moral permissiveness that prevails. Twenty years ago we never heard of drugs affecting young people. Ecology was an unknown word. We only dreamed in science and fiction of going to the moon. The Vietnam nightmare had not begun. A demonstration on a university campus was almost unheard of.

LEADERS ON THE FIELD AND OFF...
The Football Players

Since that first Rutgers-Princeton college football game a century ago, football has done much for the moral character as well as the physical strength of players of every age.

Football builds leadership, on and off the field. That's why we take pleasure in saluting the leaders of tomorrow... our high school football players.

Cadillac '72

Sedan deVille, more luxurious than ever. There's every reason to believe that Sedan deVille will continue to be the luxury car model enjoyed by more motorists than all others. It has the look of luxury—from its distinctive new grille to the new jewel-like interior metal surfaces. It has the feel of luxury—with even more comfortable seating. It has more of what adds up to lasting value. Like Cadillac's new bumper system for increased front-end protection. Sedan deVille—more than ever the popular choice.

One great car after another.

Eldorado, even more distinctive for '72. There's the incomparable Eldorado Coupe and the stunning new Eldorado Convertible, the only luxury convertible built in the land. They are even more elegant, even more exciting. Some things we didn't change. Such as the 8.2 litre V-8, the world's largest production passenger car engine. The precise handling of front-wheel drive and variable-ratio power steering. The Eldorados of 1972 are, more than ever, the world's most elegant personal cars.

Out of a 70-year tradition of excellence come nine great Cadillacs for 1972. In addition to the models above, there are the magnificent Fleetwood Sixty Special Brougham... the youthful new Coupe deVille... the new Calais Sedan and Coupe... and the most aristocratic of automobiles, the new Fleetwood Seventy-Five nine-passenger Sedan. Finally, there's the Seventy-Five limousine, the only limousine built in America specifically designed as a limousine. Cadillac '72 is one great car after another. Because Cadillac does not reject the past, but builds on it. Carefully. With Fleetwood coachcraft by Fisher. With styling continuity and contemporary flair that tells you at a glance that this is Cadillac. See for yourself at your authorized Cadillac dealer.

Stanc... of the World still stands alone.

**Sandra Sue Werley Becomes
Bride Of Bobby Lane Cagle**

Sandra Sue Werley became the bride of Bobby Lane Cagle in a solemnized Saturday in First Baptist Church of Olden.

Parents of the couple are Mr. and Mrs. Charles D. Werley and Mr. and Mrs. J. D. Cagle of Olden.

The Rev. Wallace Pierce, pastor, officiated. Pianist was Charlene Thackerson; soloist was Georgianne Adams.

Presented in marriage by her father, the bride wore a formal gown of peau de soie designed with empire bodice overlaid with peau d'ange lace.

Mrs. Claude Parks of Panhandle was her sister's matron of honor. Bridesmaids were Nancy Werley, sister of

the bride and L. Wanda Daniel. Their empire gowns were fashioned of gold velveteen and white crepe.

Janet Cagle was flower girl; Lee Allen Parks, ring bearer. Gary Copeland of Cisco was best man; groomsmen were Terry Collins and Fred Thomas of Olden.

Delbert Cozart of Ranger and Gregg Fox seated guests; candles were lighted by Billy Adams of Olden and Dwight Daniel of Morton Valley.

Mr. and Mrs. Cagle are graduates of Olden High School and attended Ranger Junior College. He is employed by Texas Lightweight Aggregate.

Following a trip to Bridgeport, the couple will live

at 706 W. Patterson in Eastland. Parents of the bridegroom hosted the rehearsal dinner in their home.

SHOPPING BAG**

ITEM: If a product is labeled "chicken meat" or "turkey meat," it refers to only the light and dark meat in natural proportions. The terms "chicken" or "turkey" alone refer to the meat plus skin and fat.

ITEM: The morning after the first frost is always a sad time for gardeners. But, cheer up - all is not lost! It's easy to start a bright indoor garden with professionally grown container plants.

ITEM: If you like to shampoo your hair in a lavatory bowl instead of under the shower, here's good news for you. A lavatory bowl is now available with your comfort and convenience in mind. There's a flexible spray arm at one side. The swing-away faucet is at the other side instead of the more common center location. This virtually eliminates the hazard of bumping your head as you shampoo. Because the faucet is "out of the way," the spacious lavatory bowl can also be used to bathe the baby.

LIVING- AS YOU LIKE IT
...and get more from the GOOD YEARS

Money is important in the retirement years, but it isn't everything. We know a couple who retired with enough financial security to be quite choosy about a retirement site. They have had retirement homes in three different parts of the country—and are still looking around.

The simple truth of the matter is that they are looking for a retirement paradise that does not exist. The climate is wrong in one area; recreational facilities are absent in another; a third does not offer convenient access to shopping, medical care, church, etc.

The average retirement couple cannot afford such costly mistakes. Where to live is determined by such factors as income, savings, cost of living, and, often, the opportunity to earn extra needed income.

If you are looking for a retirement home, look carefully and long. Consider the price of property or rental costs; state and local income and sales taxes, property taxes. All of these combine with food and service charges to make up the cost of living in that area. If your budget is limited, an area which offers all the desired recreational and cultural advantages may be too much because of high prices and high taxes.

Look carefully before you leap.

Thought For Food

How long should you keep bacon in your refrigerator? To maintain best quality, you should use it within one week.

Possibly a roast is the classic convenience food. Into the oven it goes and out it comes ready for the table. Yet what can equal a roast when it comes to eating satisfaction?

For a delicious open face sandwich, place smoked salmon and scrambled eggs on white bread. Sprinkle with chives.

Agriculture is a \$55 billion customer in the American economy, and export of farm products provide approximately one million non-farm jobs.

More than 7,000 varieties of apples have been grown and named, including hundreds in the United States alone.

Are cloth napkins more economical than paper ones?

Yes, over a period of time, cloth napkins are more economical. Sales of cloth napkins are up this year, but there is a controversy over whether they are actually making a comeback.

Few textile retailers or manufacturers think fabric napkins will ever completely replace the paper products, but they point to four reasons for the current trend to cloth.

The emergence of permanent press textiles has made cloth napkins easy to care for.

As people look for ways to tighten the budget, they see paper products as one place to cut down.

The ecology controversy, with its emphasis on reusing household items, has prompted many homemakers to eliminate paper products.

Because of distance from the sun, and vast water resources, earth may be the only planet capable of sustaining life.

Mrs. Brumbelow Hosts Zeta Pi

The Zeta Pi Chapter of Beta Sigma Phi met Monday September 20, in the home of Mrs. Don Brumbelow, with Mrs. H. D. Alsop, president, presiding.

In other business the club discussed a liability insurance plan, and an upcoming district convention in Abilene.

The club also finalized plan for rush activities.

Mrs. C. R. insert was in charge of the program, "Painting the Person" and for this Mrs. Lois Holder of Cisco gave a demonstration of a line of cosmetics.

Refreshments of chicken salad sandwiches, olive appetizers, chips, mints, cake, and cokes, were served to Mmes. Alsop, James Fullen, Kenny Payne, and Jackie Don Simpson by the hostess.

C. C. Cornelius Honored on 80th

The 80th birthday of Clarence C. Cornelius was celebrated Sunday at a dinner in his honor given by his brother and his sister-in-law, Mr. and Mrs. Victor Cornelius in their home.

Attending the dinner were Cornelius' wife, his sister, Mrs. Florine Miller of Eastland, and his two brothers and their wives, M. T. Cornelius of Abilene and A. B. Cornelius of Graham.

Mr. and Mrs. Edward Jaska and Judy of Houston, Mr. and Mrs. Thomas Dendy, Denise, Dianne and Delynn of Abilene, and Mr. and Mrs. Jack Germany and Lisa of Eastland.

Eastland Public School was able to contract for the service through the Rehab Center because of Senate Bill 230, which provided \$6,000 annually for our school.

Mrs. Simpson's room won the room count prize.

Refreshments and a get-acquainted time followed.

The next meeting will be held October 19. Sgt. Jerry Matthews will speak on "Safety Laws Affecting Our Children".

The sixth grade will perform. Mrs. Walton, also yearbook chairman, presented yearbooks at the meeting.

Gray Tells Rotary About Office

P-TO

Continued from pg. 1 as an older sibling or family history of a learning problem.

10. Seems to have difficulty with paper and pencil activities—can't copy.

11. Isn't able to draw a picture of himself adequately.

12. Has difficulty sequencing syllables or visual material.

13. Can't repeat verbatim a sentence of four words or more.

14. Can't match.

15. Hyperactive, distractible.

16. You feel this child is different from others his age.

Som clues he gave to deafness were that the baby stops making early gurgling and babbling sounds because they cease to derive the normal pleasure of hearing these, and in older children, not being aware of what one actually says or thinking he said something correctly because he can't hear what he actually said.

He said that 60 percent of their students have functional and articulation problems, and that only patient and understanding people can help.

Other problems treated that were mentioned were cleft palate (formed during the first three months of pregnancy, when the opening doesn't close as in others) cerebral palsy, and stuttering.

One third of the population, according to Dr. Carter, has some sort of special handicap. Anyone who cannot take what he receives and make it go out in some meaningful way is certainly a part of this number.

Persons with such problems as having difficulty in telling left and right or directions fall into the category also, he said.

Dr. Carter has screened all first and second graders and a Miss Williamson will in Speech. Older students will be screened on a teacher referral basis. Other therapists will conduct the special classes on certain days after which the children will return to their regular classrooms to work hopefully more effectively.

The staff wants the teachers and parents to know the kind of problems they are looking for and wants them to understand that the therapists want to help with what they have learned.

Perhaps only 65 to 70 percent of the children picked in the screening with difficulty and sent to the Re-Hab Center for further tests will actually prove to need therapy, he encouraged.

He said that children of one year should speak at least two to three words and by the time they are 16 to 18 months of age, they should be able to name simple objects. Four year olds should be able to tell you about different objects but instead if handicapped may think the thought and not be able to tell you about them.

An average first grader has a vocabulary of 23,000 words. Some may have twice that many but a child with a vocabulary of only 6,000 words is handicapped, he surmised.

Symptoms of speech and hearing difficulties are sometimes hostility and withdrawal, he injected.

"There's no place west of Dallas with available therapy and facilities equal to the West Texas Re-Hab Center," Dr. Carter lauded and reminded that the major portion of their budget is dependent on the charity dollar.

your week ahead

BY DR. A.W. DAMIS

Forecast Period: September 27 - October 4

ARIES Mar. 21 - Apr. 19 It seems as though you will be seeing things on the brighter side. Most members of your sign have developed an "emotional muscle" toward a chronic problem.

TAURUS Apr. 20 - May 20 According to your chart, a long range plan will go astray. Most important, take care: You are inclined to be impulsive with the opposite sex.

GEMINI May 21 - June 20 Take the "sword out of your belt." Your sign, more than the others, has the inclination to provoke an argument.

MOONCHILD June 21 - July 22 Apparently, several opportunities will be coming your way. Stellar patterns urge that you take action.

LEO July 23 - Aug. 22 Unforeseen circumstances, according to your chart, might delay your job, project or mission. The point is: Use a new and more determined approach.

VIRGO Aug. 23 - Sept. 22 Things should be on the plus side for most members of your sign—especially with the opposite sex.

LIBRA Sept. 23 - Oct. 22 Being over emotional could entangle you in a "cat and mouse situation" that might curtail your long range plans.

SCORPIO Oct. 23 - Nov. 21 During the present cosmic cycle, many members of your sign will turn the tide of adversity into total victory.

SAGITTARIUS Nov. 22 - Dec. 21 It's unlikely that you will be making any mistakes in the next few days. Your psychic and intuitive powers are at a high level.

CAPRICORN Dec. 22 - Jan. 19 Ironically, it appears that a few of your "do good" actions will backfire. Good intentions, might be your downfall.

AQUARIUS Jan. 20 - Feb. 18 Ever so many members of your sign will find this period to be the time when there's a drastic leak in the budget.

PISCES Feb. 19 - Mar. 20 Oh boy! The planets Neptune and Jupiter will be giving you a hard time in affairs of the heart. So, lay low and keep cool.

Cornelius Takes 12 To Graphic Show

Victor Cornelius and twelve employees of his printing firm were in Dallas Tuesday of last week viewing the latest in lithography printing equipment on display in Market Hall.

The men were guests of Cornelius for lunch at the Executive Inn.

Attending the exhibit with Cornelius were John Beil, Bill Jordan, Don Weryly, Jack Graham, Floyd Rice, Jack Germany, Eldress Gattis, Bob Phillips, Billy ohn Keith, Robert awson, Ray Prior, and Kenneth Bullard.

AM's Matador Gets Many Mechanical Changes

American Motors' intermediate Matador line for 1972 includes a four-door sedan, two-door hardtop and a station wagon, all incorporating major mechanical improvements. Trim and ornamentation refinements for 1972 include a new horizontal-lined grille with vertical color-keyed bars, new taillights and a rear center trim panel for sedans and hard-

tops. Station wagons have color-toned woodgrain exterior paneling. Any one of six engines may be selected, ranging from the standard six-cylinder 232 CID to a 401 CID V-8, all of which perform on regular grade, low-lead or no-lead fuel. AM's new "Torque-Command" transmission is another option. Matador goes on sale in late September.

WHY PAY MORE??

AMERICAN MOTORS INTRODUCES THE GUARANTEED CAR.

If anything goes wrong with one of our 72's and it's our fault, we'll fix it free. Anything.

AMERICAN MOTORS 1972 BUYER PROTECTION PLAN.

For years, car buyers in this country have been saying that instead of shiny new chrome every year, what they really want is a good car they can count on.

That's why American Motors and its dealers put together their 1972 Buyer Protection Plan. Here's how it works:

Every car (not one of 50, one of 5, every one) is road-tested for starting, handling, braking and overall performance. When the serviceman completes the test, he signs his report and slides it over the sun visor, where you can see it.

And, when a man signs his name to something, you can be sure he's done his job. And done it right.

A LOANER CAR WHEN YOU NEED IT. FREE.

Not only do we offer you a strong guarantee, we've set up a system to back it up without inconveniencing you.

If you have to leave your '72 overnight for guarantee repairs, over 2,000 dealers will loan you one of their cars. A nice, clean, well-equipped car in good condition. Free.

A DIRECT LINE TO DETROIT. TOLL-FREE.

We're making some big promises, and we fully intend to keep them. But, just in case you have a problem, we have a way of handling it. When you buy a '72, you get the name and toll-free number of a person in Detroit.

If you call, we promise you you'll get results. And fast.

These aren't just fancy words. We mean it.

Nobody in the business does as much for you after you buy a car, and it takes a lot of time, men and money to do all these things. But we think it's worth it.

Since we're giving American car-buyers exactly what they say they want, we should sell more cars than we've ever sold before.

4 STRONG GUARANTEE IN PLAIN ENGLISH.

When you buy a new 1972 car from an American Motors dealer, American Motors Corporation guarantees to you that, except for tires, it will pay for the repair or replacement of any part it supplies that is defective in material or workmanship.

This guarantee is good for 12 months from the date the car is first used or 12,000 miles, whichever comes first. All we require is that the car be properly maintained and cared for under normal use and service in the fifty United States or Canada and that guaranteed repairs or replacements be made by an American Motors dealer.

This guarantee gives you 12-month or 12,000-mile coverage on a lot of things most car warranties don't. It covers air conditioning, battery, radio, wiper blades, front end alignment, light bulbs—literally everything we put on the car except tires.

In other words, if something we did goes wrong with one of our '72's, you won't have to pay for the parts or the labor. We will.

A MORE THOROUGHLY-CHECKED CAR. FROM THE FACTORY AND THE DEALER.

Naturally, we wouldn't be backing our cars like this if we weren't more sure of them than

'we've ever been before. For 1972, we've put in more quality control steps, more tests and more people to see that every car leaving our factory is as perfect as man and machine can make it.

At the dealer's, it's checked over again.

STARTING TODAY, THESE AMERICAN MOTORS DEALERS WILL DO MORE FOR YOU AFTER YOU BUY A CAR THAN ANY OTHER DEALER IN TOWN.

For And About Teenagers

THE WEEK'S LETTER: I am having a problem with my parents. I was going with a boy who was 15 years old. I am only 13 years old. My boyfriend got in trouble with the police and my parents refuse to let me go back with him. I've told my mother how much we loved each other. I would like a reply from you. How do I help him change and help my parents to understand?

OUR REPLY: Are you certain that the boy wants to change? You cannot change him. He must help himself. One doesn't get in trouble with the police. The police enter the picture only after someone has committed a wrong act or violated a law. Your parents do understand the situation. You were going with a boy who

got himself into some kind of trouble, will probably do it again. Your parents have a responsibility to see that you do not get into trouble by being with him. It is that simple. You cannot get away from these facts by saying that you love one another. You're much too young and, in the final analysis, if the boy loved you, he would never risk getting you into trouble. Tell him to help himself, to avoid future trouble, and let time take care of the rest.

JACKIE

THE SON OF A HARD-BOILED COP

You think I'm a hard-boiled copper Writing tickets at forty-three. Well, perhaps I'm thinking of Jackie. And all that the lad meant to me.

How's that? Tell you about it? Well, stranger, the boy was my son. God! what I'd give to hear "Daddy" Once more when the day's work is done

The driver was just in a hurry; He didn't intend any harm, But the sun and the stars quit shining When I picked up my boy's lifeless form.

Well, Mister, I'll not give you a ticket, I don't want to "pinch" any one But I'd ride my motorcycle through hell To protect another man's son.

So the next time you feel like speeding Or passing a boulevard stop, ust pause and remember my Jackie, The son of a hard-boiled cop.

Annual Boy Scout Jamboree As Seen By Cisco Scout

By Mark Heidenheimer

At two o'clock a.m. July 27th, we left Dallas in a TIA DC8. We stopped in Seattle and again in Anchorage, Alaska to refuel. In Anchorage we were allowed to get off the plane. We stayed there for about an hour. The temperature there was a cool 47 degrees, and the mountains and trees were the most impressive I have ever seen. Finally, we got off again and headed for Japan. About 6 hours later we arrived in Osaka, Japan. The flight over had taken 16 hours. In Osaka, we went quickly through customs and received our packs and duffel bags. We then took a bus to our lodgings in Kyoto. We couldn't tell when we were in Kyoto or out of Osaka because the two cities meet each other. That night we took our first Japanese hot bath and then we hit the tatami mats. Everybody was bushed. The bath was very unusual and most relaxing, and I thoroughly enjoyed sleeping on the tatami mats. They are very comfortable.

Our hotel room was completely Japanese style, but the lobby and dining room were Western style. The next day we toured Deer Park in Nara where we saw many tame deer and the huge bronze Buddha. Then Friday, our third day, we toured Kyoto all day. During the morning we saw the Golden Pavilion and the Imperial Palace. That afternoon we saw the Mishi Honjan Temple which had 2,000 cement Laterns around it. We then went to the Kiyongi Temple. It was built on the side of a hill. There were 336 pillars used to hold the temple up and not a single nail was used in their construction. Also here was a spring water fed fountain whose magical powers would keep you healthy if you drank the water. I drank some and it was very delicious. The water all over Japan was very good. Then the last thing we saw that day was the Hian Shrine. There we were shown how the Japanese prayed. I immediately rejected the method when we were told that first you gave a donation to the temple. It was kind of like a penny for your thoughts only reversed. On the way to the bus I unexpectedly met the Addys, which was a most pleasant surprise. After a short conversation, we parted and went

being sponsored by the Eastland County Agricultural Extension Service, and all interested individuals are invited to attend the series of meetings.

One important way to prepare for such a future and at the same time protect family savings is for widows and families to take time now to evaluate your family situation. All families should consider the following ways:

Provide written instructions indicating how you want your financial affairs handled.

Make sure you have a properly drawn, up-to-date will.

Arrange your insurance and pension plan benefits payable such that they will definitely meet the wife's needs.

Seek the advice of a competent attorney when planning your estate to minimize the estate and inheritance taxes that must be paid.

Consider if your estate will provide adequate income for your wife and children, and determine if your wife will need to work to supplement income she will receive from your estate. Will she need more education and training before taking a job?

Make provisions for the educational expenses of your children and your wife.

Allow enough cash so that your wife can meet immediate payments.

Husbands need to teach their wives how to arrange the family investments and to invest the insurance proceeds efficiently. Or, arrange for competent advisors to carry out your investment plans and make needed revisions for your wife. Introduce your wife to the advisor who now works with you on financial and legal matters.

Estimate the income your wife will receive from various sources, as well as the major expenses and liabilities she will have to handle.

Show her the location and give her access to your important legal documents and papers.

The purpose of the FAMILY BUSINESS INSTITUTE is to assist families in planning for the future in the management of family business affairs.

The remaining meetings will be held on October 25- Family Insurance, October 12- Family Estate Planning, and October 19- Retirement Planning- Social Security, Medicare, and Old Agent Assistance.

in various ways. That night we went to a school where the various Japanese acts of defense, such as karate and judo are taught. They showed us the various fundamentals of each of the arts. The climax of the performance was when a Red Belter, smashed with his bare hand 20 roof tiles measuring 12"x12" and about 1/2" thick. It is commonly thought that the Black Belter is the highest in rank. However, he isn't. The Red Belter is 5 ranks higher. There are only 16 Red Belters of Karate in the world. The next day we left Kyoto for the Jamboree. We rode the Bullet train to Shizuka and from there rode buses to the Jamboree Site.

Our subcamp was named Taisho, which is the period of Japanese history lasting from 1911 to 1926. We were scheduled to arrive at the Jamboree at 9:00 a.m., but instead we arrived around 9:00 p.m. due to delays. You can imagine the disorder we were in. That night we made a temporary camp on a nearby open space of grass. The next morning and part of the afternoon was spent wholly on the task of setting up camp. We had to tow all our gear and the troop gear about a fourth of a mile to our camp site. Then from there we worked until everything was in

order. Part of this duty consisted of each patrol making its kitchen table, benches, and utility box. We were given the material and instructions. With the help of our leaders we were able to follow the instructions. Later that afternoon we went to the opening ceremony which was very impressive. During the ceremony a small group of boys from each country walked past the audience carrying the flag of their country and introducing their country over the microphone. After all the countries were introduced there were a few speeches and then it was over. In one speech a man quoted some of Baden Powell's closing words at the First World Jamboree of which the speaker had attended as a boy.

The next morning all the scouts at the Jamboree played wide games. The rules were as follows: Everyone was given a card with a color and a Japanese letter on it. You were to join with 6 other boys who all had different colored cards and letters. When all seven were put together they said "Be Prepared" in Japanese. If you succeeded in grouping with the 6 others you wop and got your card stamped.

That afternoon I went swimming. It was while I was swimming that the storm

moved in. That night the rain started, and the aluminum pole holding the front of the tent collapsed, which resulted in soggy belongings including my sleeping bag. Needless to say that night was not a comfortable one. The next day it continued to pour. There was never any lightning or thunder during the whole storm, but it made up for it with extra rain. There were many misconceptions about the Typhoon. It was 300 miles away, but it caused heavy rains which hit the Jamboree Area. That afternoon we were given the choice to go to dry lodgings which accepted readily since my sleeping bag was wet. We were taken to a Temple and given blankets, and we slept on tatami mats again. The Temple really looked more like a huge gym with large squares to tatami mats separated by aisles to walk on. The next day we were moved to a school gym. The gym looked brand new, and it had a beautiful wooden floor. We slept on our bags or in blankets which were given to us. We were transported to an Army Base to eat during meal time. The next day we were given basket balls and shot baskets. Late that afternoon we left to go back to the Jamboree.

It was sunny when we left the school, but it was raining at the Jamboree, which still had not cleared. The rest of the troop had left the day after my group had so our camp site was a wreck. It took us about 4 hours to fix things. That night I slept good but it still looked like rain.

Thurs., Sept. 23

The next day the sun came through and I did my laundry. I was forced to do this distasteful job only once during my stay. Nothing really exciting happened the next two days until the last night of the Jamboree when we had the closing ceremony. It was climaxed by a huge array of fireworks. The sky was completely full of fireworks for at least 5 minutes. When I got back to camp you could see where the arena was because there was a huge nebulae which had formed from the fireworks. The next morning we packed our stuff and went by bus to Tokovo.

In Tokyo we stayed at the Olympic Memorial Youth Center which had been used to house the athletes during the Olympics held there sometime around 1964. The next day we went to Nikko and visited Tokaga Shrine where we saw the sleeping cat and the 3 monkeys who see no evil, hear no evil, and say no evil. We then ate lunch and saw Lake Chizenyi, which is so cold no one can swim in it. Shortly afterwards I went to visit Mr. and Mrs. Yamasaki and their son, Kai. A few years ago Rima Yamasaki stayed in Cisco through the Lions Club Exchange Program. Unfortunately I couldn't see Rima as she was in Europe at this time. They showed me Tokyo and entertained me at their home. One of the highlights of my trip was spending the night at their home. They were most hospitable and I enjoyed being

with Kai and his good friend Tommy, who had also attended the Jamboree. There is possibility that Kai will be in this country next year, and we are looking forward to his visiting us in Cisco.

The next day we packed and left for home around 12:30 p.m. Japanese time on Tuesday we arrived in Dallas at 3:30 p.m. the same day. The trip back was really fast. It took only about 12 hours because the Japanese winds go toward the North American Continent.

I am very grateful to the following people for giving materials, material, and other supplies for trading at the Jamboree: Mr. Gerald Jackson, Dr. D. Ball, Mr. Marvin Hill, Mrs. Bill Welch, Mrs. Reba Merket, Mrs. Van Parker, Charles Clark, Jr., Mr. Roy Phippen, Mr. H. Dehan, Mr. Pepper from Brownwood, Mr. and Mrs. S. Chrysler-Plymouth introduces the 1972's. Built to stay new longer.

We've made quite a few changes in our cars for 1972. A lot of them you can see right away. Like the new looks of our Fury. And the new interiors and options we're offering this year. But more important are some of the things you can't see. The kind of things we're doing to fulfill our commitment—we're dedicated to building cars that will run better and last

longer than any car we've ever built before. So whatever Chrysler-Plymouth car you're interested in—from the little Cricket to the compact Duster, from the mid-size Satellite to the luxurious Chrysler—you can be sure it was built with this commitment in mind.

Coming through with the kind of car America wants.

Buy now while prices are still frozen.

1972 Cricket prices will increase slightly due to supplemental import duty.

Reliability featured in
1972 Chevrolet Light-Duty Pickup

Numerous changes for improved durability are featured in the 1972 Chevrolet light-duty truck. They include tougher acrylic enamel exterior paint which resists chipping and chemical spotting, larger rear brakes on some models, expanded use of finned rear brake drums, and engine changes to meet government exhaust emissions standards. Cab interiors are improved with molded plastic door trim panels, featuring styling keyed to the interior trim level selected.

Chevrolet adds distinctive appointments to
Luxurious 1972 Caprice Coupe

The 1972 regular Chevrolets have added distinction plus strong emphasis upon quality. There is a new squared-off look to the front with a lower grille and individualized headlights. This luxury Caprice has a special large grid grille, full length side moldings with a color insert plus exclusive interior appointments. All regular Chevrolets have stronger front and rear bumpers. Variable ratio power steering and power brakes with front discs are standard. Turbo Hydra-matic transmission is standard on regular V8 models. Introduction date for all 1972 Chevrolets will be Thursday, September 23.

LEGAL NOTICE

AN ACT relating to the recording and rerecording of livestock brands and marks; and declaring an emergency.
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. (a) This Act shall apply to every county in this State. In all the counties, each owner of any livestock mentioned in Chapter 1 of Title 121 of the Revised Civil Statutes of 1925 shall within six months after this Act takes effect, have

his mark and brand for such stock recorded in the office of the county clerk of the county. These owners shall record the marks and brands whether the brands and marks have been previously recorded or not.

(b) The owner shall have the right to have his mark and brand recorded in his name who according to the present records of the county first recorded the brand and mark in the county, or in event it can not be ascertained from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to

have the brand and mark recorded in his name.

(c) After the expiration of six months from the taking effect of this Act, all records of marks and brands now in existence in the county shall no longer have any force or effect and after the expiration of six months, only the records made after this Act takes effect shall be examined or considered in recording marks and brands in the county.

(d) Immediately upon the taking effect of this Act, the county clerk of the county shall have this Act published in some newspaper of general cir-

ulation in the county for a period of thirty days. The publication shall be paid for by the county out of the general county fund.

Sec. 2. All clerks in reregistering brands shall comply with Articles 6890 through 6899, inclusive, of the Revised Civil Statutes of Texas, 1925, as amended, and with Section 1, Chapter 273, Acts of the 41st Legislature, 1929, as amended (Article 6899a, Vernon's Texas Civil Statutes), and shall also be

aware of and comply with Articles 1484, 1485, and 1486 of the Penal Code of Texas, 1925.

Sec. 2. All brands and marks registered under the provisions of this Act shall be reregistered every 10 years in the manner prescribed in Section 1 of this Act.

Sec. 4. The importance of this legislation and the crowded condition of the calendars in both Houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days

in each House be suspended, and this Rule is hereby suspended; and that this Act take effect and be in force from and after its passage, and it is so enacted.

1972 Chevrolet. Building a better way to see the U.S.A.

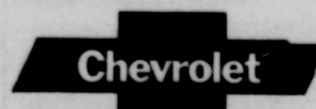

Caprice Coupe illustrated at Mt. Rushmore in South Dakota.

We want your new Chevrolet to be the best car you ever owned.

The best. No qualifications. No reservations. We want it to be the most beautiful, most trouble-free, most comfortable car you ever owned. So we've given the 1972 Caprice (above) power steering, power front disc brakes, refined power ventilation and an improved front bumper to provide added front-end protection. Plus a 400-cubic-inch V8 engine and Turbo Hydra-matic automatic transmission.

All standard, as you expect with a luxury car. And Caprice is but one of the new Chevrolets. There are 45 in all: pictured below (left to right) are the 1972 Monte Carlo, Chevelle, Nova, Camaro and Vega. Altogether, a lot of diversity. So there's bound to be a Chevrolet just right for you, your family, your budget and your kind of driving. Whatever your choice, we want your new Chevrolet to be the best car you ever owned. No less.

Eastland Mayor Enjoys Peanut Bowl Activities

Pictured above are Miss Texas, Janice Bain; Mayor of Eastland, James Reid; and Texas State Peanut Queen, Kay Hoffmann at the reception for the two queens held in the Eastland National Bank Community room after the Peanut Bowl Parade Saturday, in Eastland. Approximately 500 people attended the reception.

Results of the Parade competition in the Band division were as follows: Cisco Jr. College band, 1st place trophy; Eastland High School Band in Class 2-A, 1st place trophy; Santa Anna High School Band in Class A, and Rising Star High School Band in Class B, division.

In the float competition, the Beta Sigma Phi Float won 1st place, and will receive the \$50.00 1st place award. Second place went to the Eastland Memorial Hospital Float, and they will receive a \$30.00 cash award.

In the float competition, the Beta Sigma Phi Float won 1st place, and will receive the \$50.00 1st place award. Second place went to the Eastland Memorial Hospital Float, and they will receive a \$30.00 cash award.

In the Riding Club Competition, the Erath County Trail Blazers won the first place trophy.

In the Decorated Car Division, the Cisco Junior College Cheerleaders received the 1st place trophy.

The Shadow Drill Team from Abilene won the Drill team competition.

The Ranger Rangers and Cisco Wranglers battled it out to a very close finish Saturday night, and Cisco Junior College came out ahead with an 8-7 lead. Both coaches stated that it was a close game and that both teams would have to have some extra work this next week.

Mrs. Garner Is Club Hostess

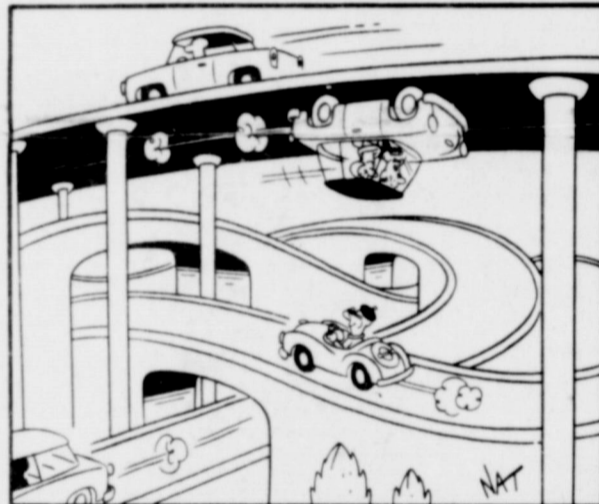

The Dutch Club met Tuesday, Sept. 14, at Bryan's Restaurant, in Ranger, with Mrs. Bonnie Garner as hostess.

His address is Dwight H. Hamilton; 457-747481 Co. A.; 1st Bn, 1st Bdg; Fort Ord, California, 63941.

Hot Dog Havoc

● THE SUCCESSFUL PEOPLE are the ones who can think up things for the rest of the world to keep busy at.

IT'S BEEN USED BEFORE, but it bears repeating in these days — this well-to-be-remembered modern fable:

Once upon a time there was a man who lived by the side of the road and sold hot dogs.

He had no radio, and he had trouble with his eyes so he read no newspapers.

But he sold good hot dogs.

He used advertising to tell people how good they were.

He stood on the side of the road and cried, "Buy a hot dog, Mister!"

And the people bought more hot dogs.

He bought a bigger stove to take care of his trade.

He used more advertising and the people bought more hot dogs.

He had so much business he brought his son home from college to help him out.

But then something happened.

His son said, "Father, haven't you been listening to the radio? Haven't you been reading the newspapers?"

"There's a big depression.

"The situation is terrible."

Whereupon the father thought, "Well, my son's been to college, and he ought to know."

So the father cut down on his meat and bun orders, stopped his advertising, and no longer bothered to stand out on the highway to sell his hot dogs.

And his hot dog sales fell almost overnight.

"You're right, son," the father said to the boy.

"We certainly are in the middle of a great depression."

SUNDAY'S SERMON

FAITH
Some of us take religion and faith for granted. We attend church regularly. We show our best side to the world. Until something goes wrong. When trouble comes, we may despair much too easily, failing to call upon faith, content to send out a single cry for help.

If we have faith, if our belief in God is strong, we will not soon quit the fight. We will believe that help will come if we help ourself.

God wills a life of happiness and eternal salvation for every man. The pathway to a good life, to salvation, was clearly marked in the life of Christ upon earth. Even this life was not free from temptation, not without trouble and turmoil, to the point of death. We shall not be called upon to face death for the faith we profess, but we shall have moments when our faith needs to be strong, needs to be proclaimed. When that moment comes, we should stand firm, knowing that we are the children of God.

a new Skylark 350
you can own
a Buick.

You'll find Buick's Skylark in a price class you're very used to. But with a lot of things that might be very new to you.

Like Buick comfort. The rich cloth seats standard in our new Skylark 350. Thick carpeting. Even a deluxe steering wheel.

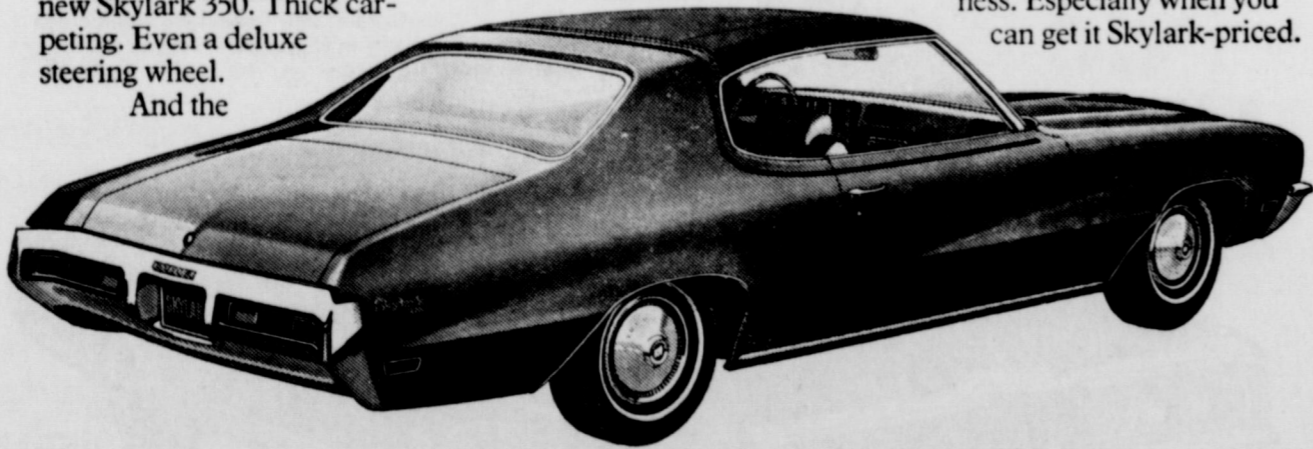

And the

Buick ride. Smooth and quiet.

Plus Buick engineering and performance. A standard 350-cubic-inch V8 that's responsive, yet economical. With Buick technical advances like

nickel-plated engine exhaust valves and a semi-closed cooling system.

This year, perhaps more than ever before, you ought to consider getting all this Buickness. Especially when you can get it Skylark-priced.

AS IT LOOKS FROM HERE
Omar Burleson, M. C.
17th District, Texas

WASHINGTON, D. C. -- MEMBERS OF CONGRESS RETURNING to Washington this week after an August recess, bring back a common comment. People back home are disturbed about a great many things -- inflation, schools, crime and drugs, the war -- to mention a few.

JUSTIFIED OR NOT, IT SEEMS we are mired in an age of disbelief which is eroding our will as a Nation and as individuals, not only to succeed but to survive.

SONS DO NOT BELIEVE FATHERS, blacks do not believe whites and vice versa. Stockholders do not believe corporate executives, and citizens have grave doubts about their government at all levels. Even clergymen are doubted because of the militant acts of a few.

DOES THIS SENSE OF DESPAIR and skepticism really matter? It certainly does if we believe that this Country was built on self-confidence, a pride in its past and a faith in the future. A great nation without self-confidence is as unlikely to continue its greatness as a businessman who is without determination.

AS HAS BEEN SAID IN THIS SPACE BEFORE, likely Government has promised too much to too many. When these expectations failed to materialize in a short time, many people seem to lack the maturity to deal with adversity.

BLACK LEADERS CASTIGATE THE WHOLE SYSTEM OF Government as racist because inequalities and prejudices persist. The fact that great comparative gains have been made is overlooked.

Civil libertarians characterize our Government as "repressive." They ignore all evidence that never in history

An innovative spring steel bumper support system that greatly reduces low impact collision damage is being introduced on the 1972 Oldsmobile Delta

85's, 95's and the Custom Cruiser station wagon. Shown here is the DELTA 85 ROYALE HARD- TOP SEDAN.

has there been a freer age than this.

MANY OF THE YOUNG DISPARAGE SOCIETY as "unresponsive." The fact is, never has a society been more oriented towards child welfare and the young than today.

In short, there seems to be missing in our society that sense of proportion upon which all good and healthy conditions depend.

OUR RIVALS ON THE WORLD SCENE -- the Russians and Red Chinese -- are able, determined, trusting, and are evidently endowed with a strong sense of purpose, of destiny, and, yes, patriotism. They have their problems, no doubt about that, but their national and international goals and ambitions appear to be intact, unneaten by the cancer of disbelief.

NO SUGGESTION OR EVEN INFERENCE is being made that we should blindly trust all the cliques and slogans which constantly bombard us -- it is our inherent right, duty and responsibility to seek truth on which to base our trust. In fact, the acceptance of "everyone knows" such and such may be contributing to our distur-

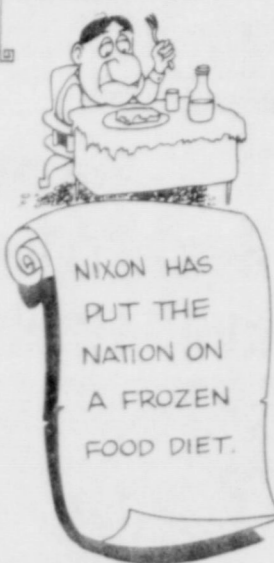

bance. A recent development may be a good example. Since Rachel Carson's book "Silent Spring" everyone has known that DDT is an awful thing. Now Dr. Philip Handler, President of the prestigious National Academy of Sciences says that no harm to humans has been proved and "the tales of damage to fish and wildlife appear to have been woefully exaggerated." A dozen or so top ranking scientists support this opinion. In this instance "what everyone knows" is wrong. The application can doubtless be made in many other correct situations.

BEN JOHNSON ONCE OBSERVED THAT "next to truth, a confirmed error does well."

BACK TO OUR DOUBTS, FEARS AND distrust, just maybe we need to recapture what seems to be our last innocence. Putting it another way, maybe our sophistication has run away with us.

REFERRING TO US AS A NATION, Emerson said, "We should have reached a maturity to prove that we are capable of listening, not only to what the hours tell us, but what ventures whisper."

How's Your Hearing?

Abilene, Tex. A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid ever made will be given absolutely free to anyone answering this advertisement.

Try it to see how it is worn in the privacy of your own home without cost or obligation of any kind. It's yours to keep, free. It weighs less than a third of an ounce, and it's all at ear level, in one unit. No wires lead from body to head.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Write to: Beltone Hearing Aid Service, Meadows Medical Center, 1325 Hicory, Abilene, Texas 79601.

From Mildred M. Smith, Bethany, Missouri: We all like to remember the days of long ago. Sometimes I wonder how people ever finished their work, but they seemed to have more time to really live than we do today with all our modern conveniences.

I remember butchering hogs was different than it is today on the farm. Most hogs are skinned now in this part of the country. In the old days they were scalded in a barrel of hot water, then scrapped leaving the rind on.

The meat was cut up. Hams were sugar cured with a mixture of salt, brown sugar, pepper and saltpeper. The flavor was delicious!

Sausage was made by grinding the trimmings and shoulder meat, then seasoned, made into patties and "fried down" - meaning fried until done, then packed into glass jars, hot fat poured over, and then sealed.

My, how good it tasted!

New 1972 engineering, styling, at frozen 1971 prices... Never a better time to buy a Ford!

Gran Torino.

One of nine all-new Torinos. Only Ford, among all U.S. car makers, brings you a completely new line of mid-size cars.

Newest mid-size value. The new Torino is the best built, best handling mid-size Ford we've ever made. **New engineering.** Better ideas like a steering system insulated against vibration.

Rugged because Torino's new computer-tuned body-frame gives excellent support and rigidity. **Smooth riding** because Torino has a new coil spring suspension system that offers sure handling and road-hugging stability. **Comfortable** because you get extra riding room in all nine new Torinos for 1972. **Quiet** because it's a Ford.

Gran Torino 2-Door Hardtop

Ford LTD.

World famous for its quiet ride... now one of the world's most luxurious cars. Ford LTD is quiet...plus.

LTD Brougham 2-Door Hardtop

Cars shown with vinyl roofs, white sidewall tires and other options.

Boys 8-13 register now at your participating Ford Dealer's 1971 Punt, Pass, and Kick Competition. Hurry, registration ends October 1.

Better idea for safety... buckle up.

Quiet... plus luxury. You get a 351 V-8. Automatic transmission. Power front disc brakes. Power steering. All standard.

Quiet... plus engineering. Rugged S-frame is computer-tuned to place body mounts precisely for comfort, quiet.

Quiet... plus durability. Aluminized mufflers, zinc-rich primer and galvanized key underbody parts all help fight rust and corrosion.

Thunderbird. Ford. Torino. Mustang. Maverick. Pinto. See the 1972 Better Idea Cars at your Ford Dealer's.
