New Insurance Agency Opens

Jimmie Crawford announces the opening of a new business to be known as Jimmie Crawford Real Estate and Insurance located at 201 West Avenue C in the Malone Building.

He is specializing in all kinds of real estate sales including farms, ranches, residential and commercial property. He can also assist you in Estate Planning, Life and Group Hospitalization Insurance.

The public is welcome to come by for a visit, and if thinking of buying or selling property, a listing would be appreciated.

Call office number 272-5204 or home number 272-3666.

Jennyslipper Golf Tourney Successful

The annual Muleshoe ladies Jennyslippers Partnership Golf Tournament was held September 23.

Tournament participants were treated to a barbecue luncheon with all the trimmings under the direction of Janie Daniels chairperson.

Door prizes were given and following the tournament, golf pro Ken Garrison awarded gift certificates to the winners. Tournament chairman for the event was Ruby Hart.

Winners of the championship flight were: Anna Crook and Gail Kenyon, Clovis-1st; Wanda Hardy and Alice Venton, Farwell-2nd; Sharon Hughes and

UNITED WE STAND.....Mule quarterback #10, Jeff Hamilton gets tough escort service from #35 Monty Hysinger in an attempt to score against a strong Idalou Wildcat team Friday night.

Texas Alcohol Producers Association Is Formed

Alcohol producers from across the state have united to form the Texas Alcohol Producers Association, a statewide nonprofit organization which will represent all phases of alcohol production, blending

and marketing.

Following an organizational meeting in Lubbock on Friday, September 18, the producers elected Ron Autrey of Friona to serve as the temporary chairman of the association. Autrey is currently engaged in producing alcohol from his family owned plant in the High Plains farming community.

The Texas Alcohol Producers was founded following the joint meeting called by the Texas Farmers Union and the Texas Alcohol Fuels Association. Recognizing the need for establishing a viable organization, the initial session was held in the Panhandle where most of the alcohol producing activity in Texas is a reality.

Robin Gregory, Farwell-3rd.

Winners of the first flight: Helen Fritz and Cindy Wood of Clovis-1st; Maxine Huddleston and Charley Zeigenfuss of Portales-2nd; Donna Alexander and Jackie Vaughn of Clovis-3rd.

Second flight winners were: Wanda Hopkins and Eunice Groves of Denver City-1st; Jane Curlee and Wanda Stansifer of Levelland-2nd; Mary Schaffer and Ruth Hyatt-3rd.

Winners of the third flight were: 1st place, Muzelle Lilley and Neva Hickey of Dimmitt; 2nd place, Dorothy St. Clair, Mule-2nd; Sharon Hughes and

Penalties, Injuries Plague Mules

The old saying "Cats always land on their feet" seemed to hold true for the Idalou Wildcats, as a tough Wildcat team used Mule penalties to turn their Friday Homecoming game into a 7-0 win over the Muleshoe squad in Idalou.

The Mules took the opening kick-off by Idalou's powerfield tailback, James Sherman on their own 20 yard line and completely dominated the first six minutes of the game. However, the story on the penalties began to unfold in that period.

The remainder of the first half proved to be a defensive game all the way, with both teams holding the lines well. Mules defense left nothing to be desired as they stifled try after try for 'Cats yardage'. Windy Williams teams suffered penalties that cost the Mules valuable yardage. Sherman, Vega the quarterback and Reid, Wildcat wingback, put in exceptional games, showing their excellent ability in moving the ball.

With 5:09 remaining in the 2nd quarter, the Cats began a short drive, lead by James Sherman in a 61 yard scamper to put the Cats on the board for the first score of the game. Sherman, a man of many hats, also kicked the PAT, putting the Idalou team on top 7-0. Three plays after the touchdown, Mule

guard, Jeff Meeks suffered an injury which took him out of the rest of the game.

Mule running back, Mark Denney managed to intercept a Cat pass with less than two minutes left. Cont. Page 6, Col. 4

Jaycees Plan Retreat

The Muleshoe Jaycees are planning a Father-Son Retreat to be held on October 24.

The Jaycees plan to purchase 40 tickets to the Texas Tech-Washington game to be played in the afternoon of October 24. These tickets will be on sale to all past and present Jaycees, who are urged to take part and invite their sons or some other deserving boy to accompany them to the game.

This is a worthwhile project for the Jaycees, in that it presents the opportunity for them to act as a sort of "big brother" to some boy who not otherwise be able to go.

Jennyslippers Plan Officer Election

The steering committee of the Women's Division of the Muleshoe Chamber of Commerce or the Jennyslippers met Thursday at 7 p.m. to draw up a tentative ballot of officers for the newly created organization.

The Jennyslippers will meet Tuesday, September 29 at 12 noon at the XIT Restaurant for a noon luncheon.

At that time, the constitution will be adopted and officers elected the first year's tenure. The Jennyslippers will make some plans for the Muleshoe area and hope to have a good enrollment of members to start the first year with. Emphasis is stressed on encouraging any woman business, housewife.

Miss Tri County Pageant Set: Early Entries Encouraged

The new Miss Tri-County will be selected in just three short weeks. The pageant is an annual project of the Muleshoe Jaycees. The deadline for entry is October 1 and a few entries have been received in three different age groups.

The crowning of the 1982 Miss Tri County will come on October 17, when, after the girls have been judged in an all-day session on beauty, poise and charm the winners will be named.

Entered in the Miss La-Petite division which includes ages from 4 to 6 is Keetha Lynette Glover, 4

year old daughter of Mr. and Mrs. Gary Glover. Keetha is active in dance, swimming and her Sunday school class. Her sponsor is Western 66 Company of Muleshoe.

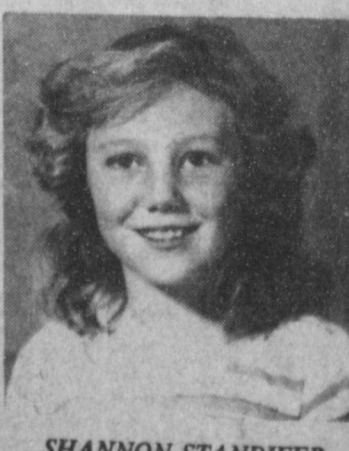

Shannon Kay Standefer

is the daughter of Clydeen Sandefer and is an entry in the Junior Miss Division of the pageant. Shannon is eleven years old and is a 6th grade Junior High student. She lists painting and

First Baptist Church Will Present Concert

Sunday night, Sept. 27, at 7:00 p.m. in the auditorium of First Baptist Church, the Hazel Family of Lubbock will present a concert of sacred and gospel music. Offering a wide selection of music from southern gospel to contemporary, from hymns to the songs of Dallas Holm and Bill Gaither, the Hazel Family is able to minister to the musical tastes of nearly everyone.

Headed by Glenn and Mae Hazel, the Family included daughters Carolyn and Donna, sons Barry and Wayland, and daughter-in-law. Since 1971 they have sung and given concerts throughout Texas, the west coast, Colorado, and Tennessee. Not only are they well known in the Lubbock-Panhandle area but also in the Dallas-Ft. Worth and the Midland-O-

Chamber Urges Vote For Proposition 4

During the regular monthly meeting of the Board of Directors of the Muleshoe Chamber of Commerce and Agriculture in September, the Board voted to encourage both its members as well as the general public to vote in favor of Proposition Four on the Ballot for the Special Election to be held November 3, 1981. This proposition would establish a Water Assistance Fund from any future surplus tax revenues. The funds would be used for water development and conservation,

that making a special effort to inform the public and to encourage them to vote in favor of this proposition was necessary for two reasons. First, since there are no candidates for public office on the ballot, general interest and therefore voter turnout is likely to be low. Second, because the subject of water is of such vital importance to the Muleshoe area, the Board felt that it was necessary for them to take a stand. It is the opinion of the Board that it would indeed be tragic if this measure were

Sheriffs' Office Report

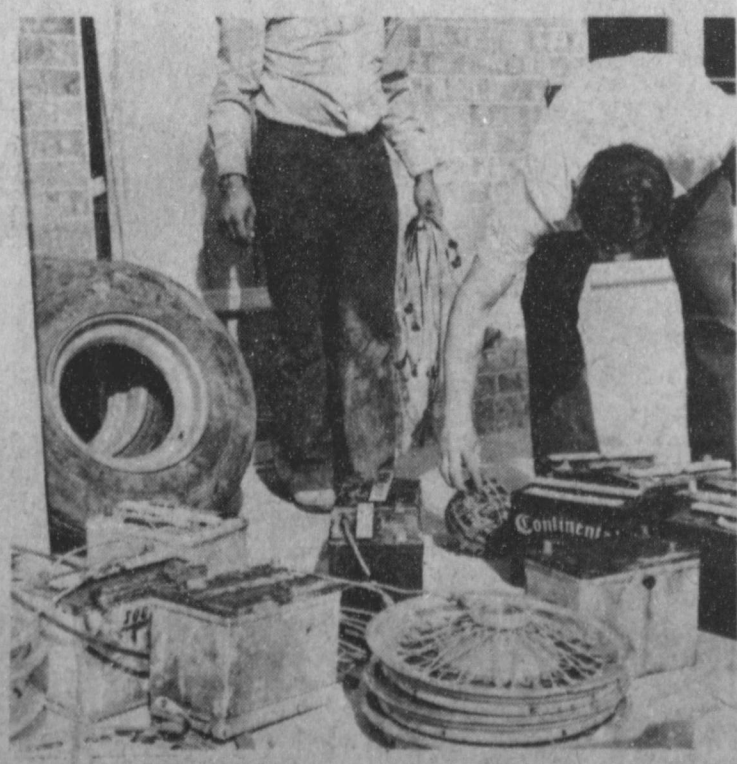

Tuesday afternoon Bailey County Sheriff's deputies arrested three Hispanic males in connection with several recently reported thefts and burglaries.

Items ranging from batteries, tires and wheels and wheel covers to hand tools and a large amount of CB radios were recovered. The recovered items were located in residences and vehicles that the suspects were occupying.

All of the articles recovered have not yet been identified by owners.

The articles were recovered when a routine check regarding some stolen batteries was made with a local wrecking yard. Following up, deputies were directed to the suspects' residences and thereby recovered the articles. Further recoveries were made on Thursday.

All three suspects were

West Texas Library Meeting In Lubbock

Librarian Anne Camp and Muleshoe Lay Representative Mrs. Isettr Shain attended a meeting of the West Plains Library System Wednesday in Lubbock. A business meeting was held in the morning with discussion of some changes in funding, and reports from committees. Anne Camp was appointed on the Program Planning

Committee for 1981-82 year. The afternoon session was an Orientation for new Lay Representatives to acquaint them with the System activities, and a film preview session for Librarians.

The Muleshoe Area Library recently received notification that our library has been accredited as a fully qualified member of the Texas Library System for the fiscal year 1982. System membership holds many advantages for every small public library, such as inter-library loan of

books and other material; the leasing of up-to-date book collections; a Young Peoples Paperback circuit; Grants for collection development; and Film and Film strip circuits along with projectors for public use. In addition regular workshops are scheduled to help librarians in the many facets of administration and library skills.

Miss Wheatly, McMillan United In Candlelight Ceremony

In a double ring, candlelight ceremony at 7 p.m. Saturday, September 19 in the Earth First Baptist Church, Miss Kelly Jo Wheatley became the bride of Larry Dean McMillan. Officiating was Rev. Mike Stafford, pastor.

Parents of the couple are Mr. and Mrs. Tommy Wheatley and Mr. and Mrs. W.B. McMillan, all of Earth. Grandmothers are Mrs. Reba Wheatley of Haskell and Mrs. Maudie McMillan of Lubbock.

The ceremony was performed before white candelabras entwined with garlands of asparagus fern and flanked by matching arrangements of white and orchid gladiolas laced with baby's breath.

Traditional music was

played by Mrs. Sharon Tunnell, cousin of the bride.

Escorted down the aisle by her father and presented by her parents, the bride wore a princess line gown of polyester organza with sheer front and back yoke, fitted bodice, split neckline and shadow sleeves trimmed with Venise lace. The skirt featured a chapel train also trimmed with Venise lace.

A bridal veil of illusion was attached to a capulet of lace with seed pearls. She carried a tapering bouquet of white silk roses, tiny orchid rosebuds, stephanotis and pearl hearts centered with two silk orchids, atop a white Bible, which was carried by her mother on her wedding

day.

In keeping with tradition for something old, the bride wore a diamond ring, belonging to the grandmother Wheatley; something new was her dress; something borrowed was a string of pearls, belonging to her aunt, Helen Wheatley; she wore a blue garter given to her by the groom's mother; and she wore coins in her shoe minted in the year of their births.

Mrs. Ann Mount of Earth served as matron of honor. Bridesmaids were Mrs. Christy Clark and Mrs. Debbie Lively, both of Earth.

The attendants wore matching floor length gowns of orchid Quiana knit with blouson tops and draped necklines. They each carried white fans with attached nosegays in the bride's colors.

Tommy McMillan of Plainview served his cousin as best man. Groomsmen were Ronnie McMillan of Plainview, cousin of the groom and Jack Allen of Plainview.

The groom wore a black tuxedo with a white ruffled shirt. The groomsmen wore gray tuxedos with white ruffled shirts.

Serving as ushers were Russell Wheatley, brother of the bride, Larry Tunnell of Earth, Jimmy Harding

of Lubbock and Dolan Fennell of Springlake.

Candlelighters for the ceremony were Miss Wendy Bulls of Earth and Miss Becky Cruse of Hale Center. They wore matching floor length dresses of white lace over orchid.

Wedding guests were registered by Miss Jonna Wheatley of Haskell, cousin of the bride.

Immediately following

the ceremony a reception was held in the church parlor. The bride's table was covered with a white chiffon cloth with gathered floor length skirt and white chiffon swags. The wedding cake consisted of three layers separated by white columns and decorated with orchids.

The miniature bride and groom on the cake were the same ones used on the

bride's parents wedding cake. Flanking the cake were two brass candelabra with votive candles. White mints with orchids, white napkins and brass appointments completed the table.

Serving at the bride's table were Stephanie and Stacy Tunnell, cousins of the bride.

The groom's table was covered with a tailored gray chiffon cloth with a

floor length skirt and matching swags. The groom's cake was chocolate decorated with purple grapes. Completing the table were a silver coffee service and a floral arrangement containing a miniature antique car.

Serving at the groom's table were Patty Wells of Snyder, cousin of the groom, and Rosie Davis of Springlake. Punch was served from a brass punch bowl by Becky Cruse of Hale Center.

Orchid rosebud rice bags were distributed by Miss Roan Nix of Earth.

After a honeymoon in Las Vegas, Nevada, the couple will reside near Earth. For traveling, the bride chose an orchid Quiana knit dress with white accessories.

Out of town guests in-

cluded the bride's step-grandmother, Mrs. Louise Tully of LaMarque, Texas and her aunt, Mrs. Billie Harmon of Sacramento, California.

A rehearsal dinner Friday night, Sept. 18 at the Wolverine Restuarant was hosted by the groom's parents, Mr. and Mrs. W.B. McMillan.

WOTS

Weekly Meeting

W.O.T.S. (Women of Talk Station) chose the XIT Restaurant as their "eat out" place for their Sept. 24 meeting. The group discussed ways that they might be able to help furnish the recreation room of the Senior Citizens complex. Several ideas were taken into consideration for the proposed project.

Members present were: Lois Martinec, Kay Madry, Mildred Williams, Mary Ann Ramirez and Josh Scott, Ruth Simpson, Faye Wellborn, Ramona Engram and Tammy Fletcher and Tiffany and Doris Fightmaster.

The next meeting will be a covered dish luncheon at the Tri-County Savins and the Tri-County Savings and Loan on Oct. 1 with Ruth Simpson and Mary Ann Ramirez as the hostesses.

For more information on WOTS contact Mildred Williams at 272-5260 or Lois Martinec at 272-3019.

Not all relaxing is achieved by loafing. Often, suggest psychologists, a few hours of vigorous exercise, or hard physical work, bring about a relaxation of body and mind. Many people feel more at peace after "working up a sweat." As they enjoy the peaceful fruits of their labors, many cap it off with a tall cool glass of low-cost iced tea.

How many people do you know who give more than they receive?

By Bill Wooley

A new, big threat to European cornborers is a tiny, one-celled animal developed by the USDA's Corn Research Laboratory. The tiny ally with the big artillery is the nosema pyrausta which, according to the CRL researchers, destroys the European cornborer in several days. Currently, work is going ahead with testing the effects of *N. pyrausta* on borers. Scientists also hope to find better ways to mass produce, store and apply the organism. If scientists can manage this, *N. pyrausta* may become an efficient new weapon in the corn producer's arsenal. The organism, so far, has been found most effective in combination with other stresses such as insecticide, bad weather or other disease organisms. However, scientists note that *N. pyrausta* is the most effective naturally-occurring pathogen of the European cornborer, reducing the number of cornborers in one test by 48 percent per plant.

MR. AND MRS. CLEO WEBB

PTA Meeting Deemed Great Success

"A great success!" was the comment of president Robin Neptune and many others who attended the first annual Muleshoe Elementary PTA meeting Monday, September 21.

Parents and teachers of children in kindergarten through the fifth grades enjoyed home baked cakes and punch and were grouped by grades for the Meet the Teachers program following the meeting. As they entered the cafeteria at MaryDeShazo, PTA members assisted them in finding their sections.

Preceding the program the first meeting of the 1981-82 year was called to order by president Robin Neptune. The invocation was given by Harold Horne superintendent of the Muleshoe school system. Mrs. Neptune then introduced her officers, chairpersons, and grade representatives.

Secretary Elaine Stout read the minutes of the last meeting and Kerma McGuire presented the treasurers report. Due to an increase in the PTA membership for 1980-81, the National Parents and Teachers Association presented the Muleshoe Chapter with a Certificate of Achievement.

Vice-president Doris Palmer showed the award and announced that it was all due to the effort Shirley Reynolds put forth in the membership drive.

The annual Halloween Carnival put on by the PTA was the next main topic to be discussed. Chairperson Debra Noble informed the audience that due to rising costs, the tickets needed to be increased. A motion

was made that tickets be raised in price from the past twenty five cents each to three for a dollar or thirty five cents each. The motion carried.

Mrs. Noble also said "that the costume contest this year will be held in the green room of the civic center starting at 6:00 p.m. This will enable the carnival to get started on time." More information about the carnival can be obtained from Debra Noble at 925-6755.

Harold Horne started the new business with a talk on the bond issues concerning the renovation of the schools in the Muleshoe school district. "The idea behind the whole program is energy consumption," said Horne. A question and answer session followed the speech with a good response from the audience.

Another topic brought before the PTA by Horne was the afternoon milk break that was abolished due to the cut of Federal Funds. Many concerned parents of children in kindergarten wish to have some kind of milk or juice snack during the afternoon because the children eat so very early. The subject was tabled for a later date until some research and planning could be done. "We do want all people to know that funds from the PTA Halloween Carnival will not be used to buy the snacks," a spokesman for the group said.

Following the business meeting both principals, Milton Oylor of Dillman and Bill Taylor of DeShazo Elementary schools, introduced their teachers and educational staff.

Announcements were then made concerning special school days. Fair Day for students is Monday, September 28 and school will let out early at 2:15 p.m.

School pictures will be taken October 7 for students in Dillman Elementary and Mary DeShazo. The end of the first six weeks period will be October 6th with report cards being handed out October 9th. November 9th through November 15th is National Education Week. Open house will be held from 6:30-8:30 p.m. on November 10.

The next meeting for the PTA will be held November 16. The program will be on the new math leveling program that has begun in the elementary schools this year. A question and answer session will be held with teachers of all levels there to answer any questions and explain how the program works.

"The PTA members wish to thank all those who attended our first meeting and make it such a great success. We need your ideas and support to work on issues brought before PTA. If we all work together we will be able to make our community a better organized one," committed Betty Bush.

The first golden disc awarded to a recording artist in recognition of a million sales, was Glenn Miller's "Chattanooga Choo Choo," presented to Miller in 1942.

WORTHY ADVISOR.....Vana Pruitt, daughter of Mr. and Mrs. Jarrell Pruitt, will be installed as Worthy Advisor, of Muleshoe Rainbow Assembly No. 161. The open installation services will be held on October 3rd at 7:30 p.m.

Young Homemakers Elect Officers

The Muleshoe Young Homemakers met Tuesday, Sept. 22 to elect officers for the new year. Officers elected include: president, Nanette Soto; first vice-president, Pam Zwickey; second vice-president, Lisa Johnson; secretary, Pam White; treasurer, Elaine Stout; historian/reporter, Valerie Reynolds; parliamentarian, Karen Trieder.

Different committees were also chosen. These committees are, phone committee, Pam Hancock, Carolyn Wiseman and Nancy Williams; project committee, Julie Cathey and Linda Turner; yearbook committee, Jean Richardson and Lisa Johnson.

Members present were Julie Cathey, Pam White, Pam Hancock, Jean Richardson, Karen Trieder, Pam Zwickey, Nanette Robertson and Dorine Harbin.

The next meeting will be Oct. 13 at 7 p.m. in the high school home economics room.

A guest from Arrowhead Mills in Hereford, will give the program on flour in breads.

sewife or professional to join this group and help with the activities. There will be something for everyone.

Remember the Tuesday noon meeting at the XIT. All ladies who signed up at the last meeting or who sign up at this coming meeting will become charter members of the organization.

acreage base is not exceeded on any other farms they own or operate.

Cross compliance will not apply. Participation in the wheat program is not required to qualify for program benefits on other crops grown on the farm.

No payment will be made to participants for the acreage devoted to a conservation use.

The following example illustrates computations for determining acreage required to be devoted to a conservation use. The farm has a 1982 wheat acreage base of 178.0 acres. To participate in the program, the maximum permitted wheat acreage that the producer may plant is 151.3 acres (178.0 acres time .85)

If the producer plants the entire 151.3 acres, an acreage equal to 15 percent of the acreage base (26.7 acres) must be devoted to a conservation use.

If the producer plants less than 151.3 acres, the conservation use acreage is equal to the number of acres planted times .1765. If the producer plants 50.0 acres, the conservation use acreage equals 8.8 acres (50.0 times .1765).

In other farm matters, the USDA proposes to institute a users fee for classing of producers cotton and increase fees for other services. The new fees and increases are scheduled to be effective on October 1, 1981 and the producers' users fee will be 60 cents per sample.

Sheriff...

Pageant...

Cont. From Page 1

crafts among her hobbies and plans to be a secretary, model or cheerleader in the future. Shannon is a 4'9" blond with green eyes.

Marleea Cox, a junior at Muleshoe High School and the daughter of Mr. and Mrs. Reagan Cox of Muleshoe, is an entry in the Miss TriCounty portion of the contest. Marleea is being sponsored by Lookin' Good.

She is 16 and enjoys swimming, watching football. (Especially if someone she knows is playing). She lists her hobbies as piano, reading, sewing and cooking. Marleea is chaplain in HERO and is active in student council, fellowship of Christian Athletes and Future Teachers Association. Upon graduation, she hopes to attend Baylor University.

Marleea is 5'3" and has brown hair and green eyes.

Susan Michelle Glover is the 17 year old daughter of Mr. and Mrs. Jerry Don Glover of Lazbuddie. She is an entry in the Miss Tri County division. Susan is active in basketball and water skiing and enjoys playing the piano in her leisure time.

She is an officer in FHA, and is vice-president of the Senior class at Lazbuddie High School and her college preference is South Plains Junior College at Levelland. Sponsoring Susan is the Lazbuddie Grain Elevator. Susan is 5'9 1/2" and has blonde hair and green eyes.

Cristal Kim Taylor is the 16 year old daughter of Mr. and Mrs. O.C. Taylor. She is sponsored by Poyner's White's Store and is a junior at Muleshoe High. Cristal's favorite sport is

softball and her hobbies range from all sports, writing and singing to reading. She is an active member of the Fellowship of Christian Athletes, FHA, FTA, Student Council and Speech theatre. She also serves the Muleshoe Chamber of Commerce as an ambassadorette. Texas Tech University figures highly in her plans after high school She is 5'6 1/2" and has brown hair and hazel eyes.

Don't forget that the deadline for entries in the Pageant is October 1. For further information contact any Jaycee member or call Hugh Young.

Church...

Cont. From Page 1

Besides their concerts in churches and in revivals, they have also shared Christ in song on KLLL's West Texas Saturday Night Opry and the Lubbock Art and Crafts Show. In the midst of their busy schedule they have recorded three albums over the past years.

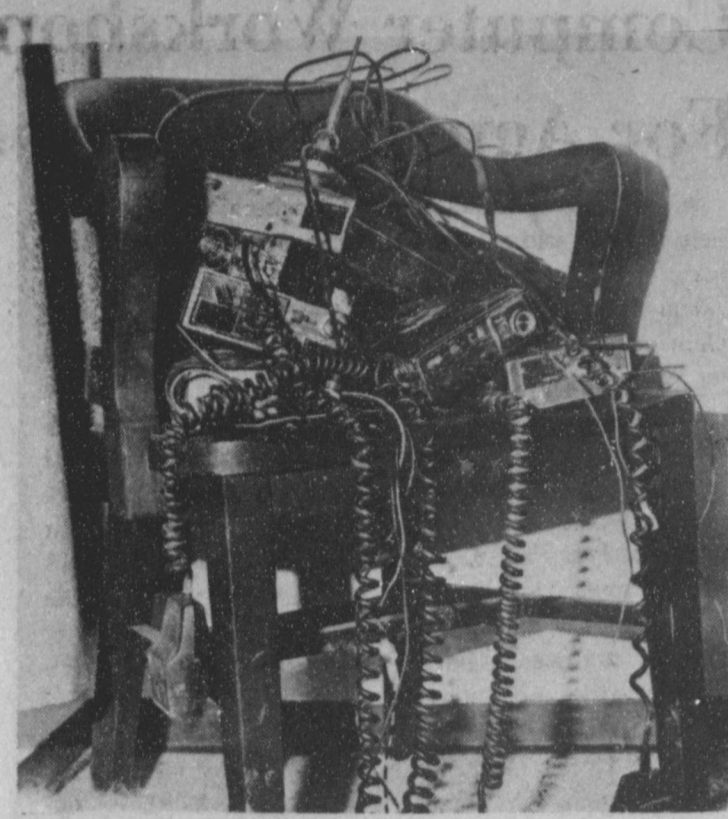

Each member of the Hazel Family has personally experienced the joy of knowing Jesus Christ as Saviour and Lord and they wish to share that joy with others through the medium that God has graciously given them, that of song. Each and everyone is welcome to attend.

Mules...

Cont. From Page 1

in the half. The Cats, however, continued pressure on the Mules and when the halftime buzzer sounded the Cats were on top 7-0.

At the end of the first half, statistics were fairly even on both teams with the Mules having 9 first

RECOVERED RADIOS.....This chair full of CB radios was also recovered by the Bailey County Sheriff's office. The stolen radios were just a part of the cache found.

downs to Cats 5; Mules drew 75 yards in penalties, Cats 55. Rushing yardage for the Mules was 95, Cats 109; Mules 32 passing and Cats 25. Cat quarterback Vega completed 1 out of 4 passes.

The second half was a game of swap-out with Mules and Cats about even and ended with the score still 7-0, Idalou.

The Mules actually beat themselves, as penalties stacked up on them again in the second half and some officials calls that hurt. Missed assignments and a smothering 'Cat defense thwarted Mules attempts to score also.

Angely, Denny, Hysinger and Hamilton had an exceptional game, as did several other Mules. Cat defense swarmed Angely, Hamilton and Orozco at every turn. And the Mules gave back as good as they got.

The Mules played ex-

cellent defense against Idalou, as they have in each game this season and seemed never to lose their fire and determination.

Coach Windy Williams will be able to take pride in this 'Angry Black' Mules, for they presented a united front and stood as proud at the end as they did in the beginning.

Interest Earnings Hit Record High

Warren G. Harding, State Treasurer of Texas, reports interest earnings for the State have hit a historical high of over \$1,000,000.00 per day. That day was Thursday, August 20, when the State earned \$1,010,003.63 The highest earnings for any day in August occurred on

Alcohol...

Cont. From Page 1

wise be flowing into OPEC bank accounts. Alcohol production creates jobs at home, provides a new tax base and will be of benefit to both the producer and the consumer."

State Representative Dan Kubiak of Rockdale, who sponsored the bill in the most recent session of the state legislature which will provide for a temporary exemption for alcohol which is blended with gasoline, will serve as the temporary vice-chairman of the TAPA. "After many years of waiting, we now have the incentive which will allow Texas to become the number one state in producing alcohol from renewable energy sources. Texas is the number one state in agriculture and energy production and we should become the number one alcohol producer which all others look to for leadership," Kubiak said.

The organization will hold a meeting in Dallas on Friday, October 2 to draw up guidelines for research, dissemination of information, promotion and marketing. Final changes to the bylaws of the TAPA will be made which will allow for the election of a slate of officers and to establish a central office.

Monday, August 31, when the State earned \$1,088,505.99.

During the month of August the State Treasurer had an average of 98.7% of the State's \$2,538,523,488.91 in interest bearing accounts earning 142% interest. The State's funds are placed in 1,493 depository banks in Texas and are secured by collateral pledged by the depository banks.

Depository interest earned during fiscal year 1981 (September 1, 1980 through August 31, 1981) amounted to \$254,999,511.13 which represents an increase of \$29,699,929.74 over fiscal year 1980. This equates to a 13.2% increase.

Ms. Harding stated that his primary objective is to continue to serve the best interest of the people of Texas by keeping their hard earned tax dollars working effectively for them.

Architect urges colleagues to return to pre-1940s design

COLLEGE STATION — Returning to the architectural standard of the pre-1940s would be a step forward in energy efficiency, says a Texas A&M University architecture expert.

In the days when cool air came with a change of the seasons rather than with a flip of a switch, architects knew how to design buildings that stayed relatively cool on their own, said R. D. Reed, a professor of architecture and a member of the American Institute of Architects (AIA) national energy committee.

The committee is developing a \$1.5 million program to reduce the nation's architects.

NOTICE OF TAX INCREASE

The Bailey County Commissioner's Court proposes to increase your property taxes by 25%.

A public hearing on the increase will be held on October 5, 1981, at 5:00 o'clock P.M. in the Commissioner's Courtroom - Bailey County Courthouse - 300 S. First St. Muleshoe, Texas.

The Bailey County Commissioner's Court has considered the proposal and voted in a meeting of the commissioner's court as follows:

Mrs. Rayford Masten from Maple and her daughter Mrs. Lamar Pollard from Whitharrel took Mrs. Mastens father Clarence Benton to Stamford Saturday and put him in the Stamford hospital.

Mrs. H.C. Toombs is a surgical patient in Methodist hospital in Lubbock.

Several women from the community attended a bridal shower at Pep Sunday honoring Jenifer Albus bride elect of Rickey Lee.

Mr. and Mrs. S.C. Long visited Mrs. H.W. Garvin Sunday evening.

The Three Way Baptist women met at the Three Way Baptist Church Monday morning for their regular weekly meeting.

Computer Workshop Designed For Agucultural Producers

A two day workshop to help farmers and ranchers learn more about an increasingly popular farm implement, the microcomputer, will be held Tuesday and Wednesday, Sept. 23-24, at the Lubbock Civic Center, 1501 Sixth St.

The workshop, "Computers in Farm and Ranch Management," is designed to give farmers and ranchers basic information about different types of systems available, computer programs that are available and applicable to agriculture, and how to use these programs to improve the decision making process, said Marvin Sartin, management economist with the Texas Agricultural Extension Service and one of the instructors.

"The primary use of a computer in assisting an

agricultural producer in his management," Sartin explained, "is the processing of the mass of information the producer needs at his fingertips to make his management decisions."

Many producers in West Texas already are using microcomputers in their operations, Sartin said. A special feature of the workshop will be a panel discussion by four such producers: Fred Vandenberg of Pampa, Dean Slaughter of Perryton, Bill Bradley of Estelline and Jack Whitten of Edmondson.

Participants in the workshop will have an opportunity to get some "hands-on" experience by operating several different computer systems now available, said Dr. Wayne Hayenga of College Station,

farm manager project group supervisor with Extension. "Everyone attending should have time to run a computer, using his own farm or ranch data," he said.

The first day of the workshop will feature discussions on microcomputers, their role in agriculture, how to select one, available programs, and the experiences of farmers who have used them. A social hour, dinner and a display of equipment and programs will conclude the day.

The second day will offer participants a choice of any three of four concurrent sessions. These will deal with microcomputer farm accounting systems, livestock management decision aids, crop management decision aids, and financial projections and pricing aids.

Registration forms may be obtained from county Extension offices in Texas or by writing to Sartin, Texas A&M University Agricultural Research and Extension Center, Route 3, Box 213AA, Lubbock, TX 79401. The registration fee of \$50 includes workshop materials, meals and refreshments.

THIRD FLIGHT WINNERS....From (L to R) Mozelle Lilley and Neva Hickey, 1st; Dorothy St. Clair and Nell Cooper, 2nd; and Marlene St. Clair and Pat Spradlen, 3rd in the Jennislippers Golf Tournament.

Gift Sales Held By General Services

On October 1, at 10 a.m., the General Services Administration will auction about 200 gifts to U.S. government officials from foreign governments. The sale will take place at the Departmental Auditorium, Constitution Avenue between 12th and 14th Streets, N.W., in Washington, DC.

The gifts include silver and gold jewelry, watches, china and silver tea services, wood carvings, jewelry boxes, silver trays and bowls, brass and silver vases, china, table linens, silver filigree boxes, and ivory carvings. Certain gifts bear armorial designations of donors and donor countries. Gift recipients include former vice presidents of the United States, secretaries of state and other cabinet members, U.S. Ambassadors, Members of Congress, military leaders, and former White House staff members. Donor countries include the Soviet Union, Egypt, Japan, Turkey, Iran, Italy, Mexico, Saudi Arabia, Pakistan, and the Republic of China.

Attendance at the sale by prospective bidders is required. The property may be inspected Sept. 29 and 30, from 10 a.m. to 3 p.m., at the sale location. Property listings will be available only at the sale site. Successful bidders will be required to pay for and remove their property by 4 p.m. on the day of the sale. Payment must be in U.S. currency, either by cash, cashier's check, certified check, postal or express money order, or personal check.

Section 515 of Public Law 95-105, August 1977, authorizes the public sale of eligible foreign gifts received by government officials. Prior to public sale, efforts are made to

determine any Federal or state requirements for such property. Finally, the gifts are offered to recipients at commercially appraised values. The gifts being offered for sale represent those which remain following these actions.

Enochs News

By Mrs. J.D. Bayless

Mr. and Mrs. F.L. Simmons of Lubbock spent several days in the Bula community the past week.

Company in the home of Mr. and Mrs. Tom Bogard last weekend was her brother, Mr. and Mrs. Andy Rhodes of Spearman. Other guests Sunday was their daughter, Mrs. Ray Kinnison and daughter Kim of Olton.

Mrs. J.W. Layton and Mrs. J.E. Layton was in Odessa Wednesday and they were dinner guests with Dr. and Mrs. Gerald Johnson.

Mr. and Mrs. Chester Petree were in Clovis one day last week and visited with their son, Kenneth Petree, they also visited Mrs. Donna Moon.

Mr. and Mrs. Ray Spencer and daughter Tammy of Friona were guests in the home of her dad, Mr. and Mrs. J.C. Snitker last Sunday.

Spending the week with their grandparents, Mr. and Mrs. Bob Newton was Billy Newton of Lubbock.

The twin grandsons Kevin and Kayle Autry of Muleshoe spent the weekend with Mr. and Mrs. Elwood Autry.

Mr. and Mrs. Earl Shields and children of Lelia Lake visited with her mother, Mrs. Lorella Jones and Wendall last week and Mrs. Jones and Mrs. Shields attended the shower for the Shields daughter, Roselyn and Baylan Sellar at Seagraves.

Dale Nichols went to Lubbock Saturday. He stopped at Shallowater and visited his sister, Mrs. L.B. Davis. He also visited his brother, Mr. and Mrs. Harold Dean Nichols at Idalou.

Kenneth Petree and a friend, Gene Choles of Clovis stopped and visited his parents Mr. and Mrs. Chester Petree one day last week.

Mr. and Mrs. Edd Autry of Clovis came through Enoch Wednesday and visited their grandson, the Dennis Turney's.

Old friends of Mr. and Mrs. E.N. McCall, Mr. and Mrs. Joe Miller of Elida, N.M. visited them on Sunday afternoon.

Mr. and Mrs. Buford Peterson are at home after spending their vacation at Red River and other places.

Mr. and Mrs. Brian Roberts spent a week visiting her brothers, Mr. and Mrs. Harl Hargett and Mr. and Mrs. Darvey Hargett at Denver, Colorado. They also did some sight seeing.

Mrs. J.D. Bayless took her sister, Mrs. Gracy Swanner to Muleshoe Wednesday and visited in the home of her nephew, The Jim Swanners.

Mr. and Mrs. Chester Petree was in Lubbock during the weekend and visited their son, Mr. and Mrs. Dannie Petree and family, they also saw her sisters.

Mr. and Mrs. Harold Layton of Dell City visited their grandson, Jeremy Derrington of Lubbock. Randy Snow and Robert

the J.W. Laytons during the weekend and attended the Baptist church with them Sunday.

Mr. and Mrs. L.T. Heady of Aledo, spent the weekend with their son, Rev. and Mrs. Mike Heady. They also were visitors at the Baptist Church Sunday.

Visitors in the McCall home last Friday was their children and grandchildren Mr. and Mrs. Robert George and Brent of Lubbock, also a granddaughter, Mr. and Mrs. David Mosser of Slaton.

Rev. Ray Cunningham of Fluvanna stopped in for a visit with Mr. and Mrs. J.D. Monday afternoon, Mrs. Leland Finley came Tuesday morning for a visit with them.

A fellowship followed the morning services at the Baptist Church Sunday, with ham and salad luncheon with pie, cake and home made ice cream.

Mrs. Winnie Byars took her granddaughter, Mrs. Randy Robinson and daughter, Machelle home to Whitarral Saturday. She had spent part of the week with her, then she drove to Lubbock and spent the weekend with her daughter, Mr. and Mrs. Jack Parr and family. She also visited her sister, Mrs. Ruby Nichols.

The women are very busy canning, some of the men are still poisoning the boll worms.

RECIPE

Autumn means pear time--succulent sweet pears have a place at almost any fall meal. There are many ways to serve them. These recipes are enjoyed in our home.

Pear Marmalade
1 peck of pears, grated
5 lbs. sugar
1 qt. grated pineapple
1 qt. marischino cherries.

Mix pears and sugar. Let boil 3 hours. Add pineapple and cherries which have been cut fine. Let cook 5 minutes. Pour into sterilized glasses and seal.

Pear Salad
2 c diced, pared pears or 1 cup each diced pears and unpared apples
2 T lemon juice
1 t sugar
1/2 c mayonnaise
1 c thinly sliced celery
1/2 c broken walnuts or flaked coconut
lettuce
French dressing

Toss fruits with lemon juice, sugar, 1 tablespoon mayonnaise. Just before serving, add celery, walnuts, rest of mayonnaise; toss. Serve on lettuce; top with French dressing. Makes 4 servings.

TRITICALE HAS PROVEN ITSELF AND IS HERE TO STAY

- More Beef or Milk From Every Acre.
- Research Proven
- Consistently More Forage

Mare-Foal Clinic Planned

Every broodmare owner wants to wean a healthy foal from each mare every year. Information to help him reach that objective will be presented at the South Central Texas Mare-Foal Clinic here October 9.

The clinic will get under way at 9 a.m. at the Washington County Fairgrounds, points out Dr. Doug Householder, horse specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"Broodmare Management" will be the leadoff topic. Dr. Bud Smith, a veterinarian serving the major stallion farms in the Brenham area, will discuss problem situations in mares, such as thriftiness, parasite load, infection, behavior and cycling status and how to deal with these before they come to the stud farm.

Breeding fat versus thin mares has been an area of controversy for some time, so a discussion on "Effect of Body Condition on Reproductive Performance in Broodmares" should be of special interest. Dr. Gary Potter, professor of animal science at Texas A&M University and horse researcher with the Texas Agricultural Experiment Station, will talk about research results from a Texas A&M investigation on the effects of pre- and post-foaling nutritional levels on the reproductive performance of broodmares.

Results of a field study on four ranches dealing with reproductive performance of broodmares also will be presented. This study involved 927 mares during the 1981 breeding season. Ranches involved were the Wilson Ranch,

Inc., Pattison; Shelton Ranches, Inc., Kerrville; Phillips Ranch, Frisco; and McDermott Ranch, Madisonville. Representatives from each ranch will be on hand to discuss findings of the study along with Potter and Texas A&M graduate student Don Henneke.

A demonstration on how to score the body condition of broodmares by Henneke and B.F. Yeates, Extension horse specialist, will conclude the morning program.

Following a barbeque lunch, clinic participants will have an opportunity to practice a set of mares as to their body conditions.

Dr. Jim Bowne, associate professor of veterinary medicine at Texas A&M,

will lead off the afternoon program with a discussion on "Recent Advances in Parasite Control in Foals." He will talk about the latest research in deworming agents and how these are administered.

Concluding the program will be a discussion by Yeates and representatives of the ranches mentioned above, of the condition of those broodmares scored earlier by clinic participants. This will allow participants to compare their scores with those of the officials.

DRUG QUIZ

by Curt Scarborough, Ph.D.
Used by permission; all rights reserved by DATE, St. Louis, Mo.
QUESTION - Which of these factors appear to help protect against coronary heart disease?
a) Weight loss and exercise
b) Smoking cessation
c) Moderate drinking
d) All of the above

ANSWER - A recent study funded by the National Heart, Lung, and Blood Institute has shown that weight loss, more exercise, smoking cessation, and moderate drinking (one or two drinks a day) are linked to an increased level of high density lipoproteins which may clear away cholesterol deposits from walls in the coronary arteries, thus lowering the risk of a heart attack.
However, NHLBI Director

Robert I. Levy, M.D., cautioned against increasing alcohol consumption since, he said, alcohol created other health risks. He noted that even moderate drinking has been linked to higher blood pressure and pointed out that higher alcohol intake has been associated with a variety of health hazards and an increase in the death rate.
Correct answer - d.

Terrible!
Jack-I'm smoking a terrible lot of cigars lately.
Jill--You certainly are, if that's one of them.
What?
Real Estate Agent--Now here is a house without a flaw.
Harvard Graduate--Goodness, what do you walk on?

Campbell Is Foreign Exchange Student

Muleshoe High School is pleased and honored to have sent a Foreign Exchange student to Norway this school year of 1981-82. Stacey Campbell, the 18 year old daughter of Mr. and Mrs. Tim Campbell, is Muleshoe's first student to participate in this exchange program.

The Rotary Exchange Program offered Stacey the opportunity to go abroad after showing the interest she did. This was a great opportunity for her to travel, which she has always dreamed of doing.

Stacey left for Norway on August 4 and plans to return home sometime in July. She then will get involved in planning for college and furthering her education.

Her school studies in

Norway consist of four electives, English, jazz gymnastics, political and world history, and four required subjects which are Norwegian, Norwegian history and religion and gym.

Stacey is enjoying her visit to Norway and is very devoted to her sponsor family.

In Muleshoe Stacey was involved with the Speech department, was 1980-81 flag girl for the Mighty M Band, a member of the National Honor Society, president of U.M.Y. and was the Rotary Sweetheart.

From Muleshoe to Norway, on this day, September 27, we the students of M.H.S., would like to wish you a happy 18th birthday, Stacey!

FFA Officers Meet

The Muleshoe FFA officers met Monday night, September 21, at 7 p.m. in the Ag building. The officers tried several different kinds of sausage and discussed the agenda for the meeting September 29.

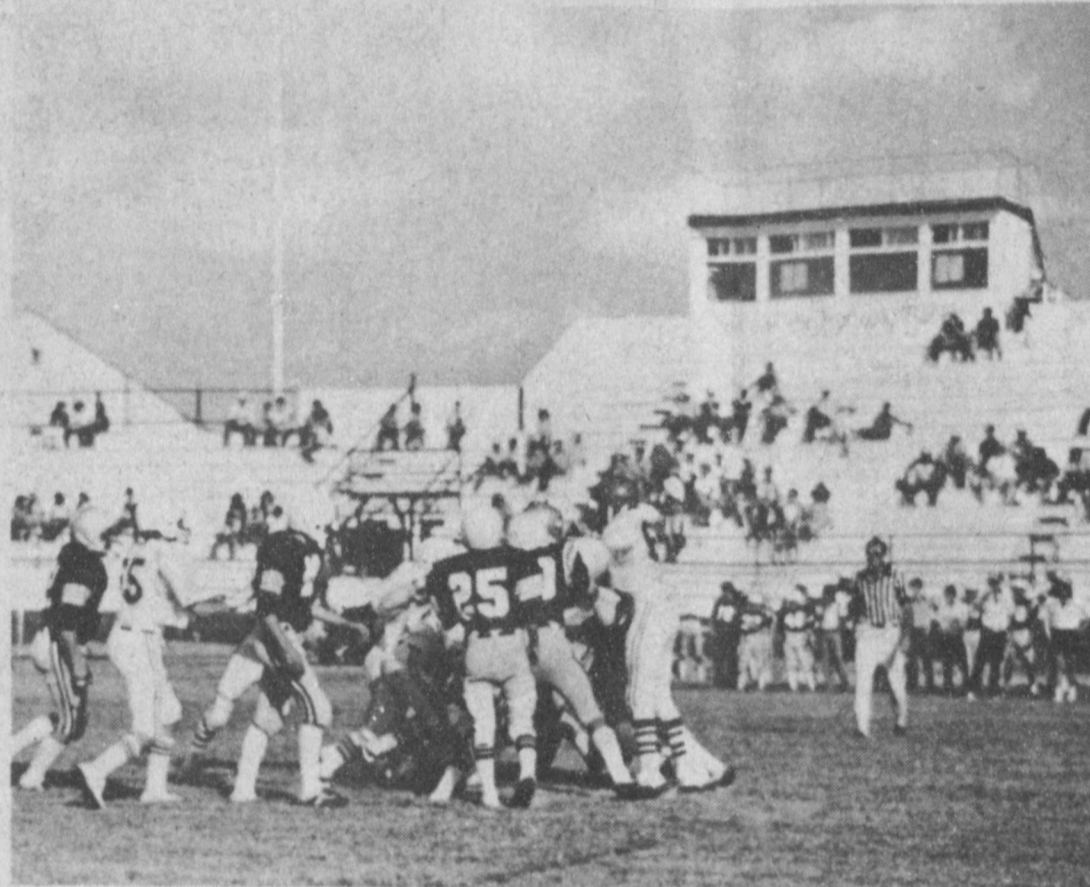

Representatives from the Blue and Gold Sausage Company in Houston traveled to Muleshoe to cook and allow students to test their sausage Wednesday morning. Sausage sales will be held in the near future.

Parents are invited to attend the meeting at 8 September 29, in the Ag building. Some parents will be participating as officers to perform the Greenhand and Chapter Farmer degree ceremonies.

Fund raising activities will be discussed and the Chapter Sweetheart and Plowgirl will be elected. Everyone is asked to attend this very important meeting.

It is better to begin doing our duty late than never.

-Dionysius.

JV Mules Hard At Work

Turner Will Head NHS

The Muleshoe High National Honor Society held a meeting Wednesday, Sept. 23 at 8 a.m. to elect officers. The newly elected officers for the '81-'82 year are: president, Cindy Turner; vice-president, Sherri Henry; secretary-treasurer, Susie Pierce; reporter and student council representative, Curtis Wheeler; parliamentarian, Robin Burgess; chaplain, Jan Whitt; bulletin board chairman, Shelley Davis. The members of the bulletin board committee are Wayne Precure and Dana Brewer.

The members decided to hold monthly dinner meetings on the second Wednesday of every month at 6 p.m.

Dues are \$1.00, and the Society will be selling notepads again this year.

The Society will award a scholarship to a graduating Senior who is member of the National Honor Society. The Muleshoe Chapter of the National Honor Society began the scholarship program in 1980-81. Clifford Watson, the son of Mr. and Mrs. W.T. Watson, was awarded a \$50 scholarship. Clifford is a college freshman at Texas

Tech University.

Two 1981 spring initiates of the Muleshoe Chapter are not students at MHS this year. Stacey Campbell is a foreign exchange student to Norway, and Michelle Bryant graduated from

FFA Students In Fair

Casey Stewart, Dondee Stewart and Beth Harmon will be representing the Muleshoe FFA Chapter in the South Plains Fair at Lubbock to be held Sept. 26-Oct. 3.

Casey and Dondee are the son and daughter of Mr. and Mrs. Donnie Stewart. Casey is 16 years old, and is involved in FFA and is the manager for the football team. Dondee is 12 years old and is a member of FFA, Band, Speech, and is active in church activities. They will exhibit one steer, a Hereford-Simmental cross, two suffolks, one Hampshire, and one Ramboulet in the Jr. Lamb show, and one ram and two ewes in the Open Lamb Show.

Beth Harmon is the 16 year old daughter of Mr. and Mrs. Bill Harmon. She is in FFA, and is the 3rd vice president of HERO. Beth will be showing one pig and three lambs in the Jr. Lamb Show.

We would like to wish these students the best of luck in the show!

Lubbock Christian High School with honors at the end of the 1981 summer session.

Lucy Faye Smith is the National Honor Society Advisor.

Student Council Has Party

The Muleshoe High School Student Council held a get-acquainted party Thursday, September 17, in the home of Mrs. Pylant. The members gathered in the back yard for a picnic with sandwiches and Cokes.

The Council then opened the high school gym and everyone played volleyball.

The membership of the Student Council is up this year, and we are looking forward to an exciting and active year. Everyone is urged to sign up and attend the meetings.

Hero Hosts Buffet

Put up your pots and pans, turn off your hot stove--HERO is cooking tonight!!! The MHS HERO Chapter will host the pregame supper October 2 when the Mules meet Abernathy Antelopes. The menu will consist of fried chicken, creamed potatoes, green beans, rolls, gravy, both chocolate and vanilla cake, and a choice of coffee or tea. Tickets will be \$4.00 for adults and \$2.50 for children under 12. Service will be from 6:00 to 8:00. Take-out orders will be available; however, there will be no delivery service.

More JV Mules Spotlited

Last week, some of the JV Mules were featured. This week, the Mule's Tale is also spotlighting JV Mules.

Rudy Cisneros is the 16 year old son of Rascual and Lupe Cisneros. His activities include football and track. He plays Tight End and Quick End and he is a freshman.

Jesse Navajar is the 16 year old son of Mr. and Mrs. Navajar. His activities include football and track. He is the sophomore #65, plugger and guard for the J.V. Mules. He says, "We need a little work to do yet, but I think we can accomplish our goals."

Freddy Vela, #10, is the 16 year old son of Joe and Susie Vela. He is a junior and is also in Speech. His team position is Half Back.

Chad Williams is the 15 year old son of Carter and LaJean Williams. His activities include Speech, Athletics, FCA, FTA, and football. He is the sophomore #46 Swing Man on the J.V. Mules.

Jim Holmes is the 16 year old son of Claude and Tana Holmes. He is in

Donna Horn Leads FHA

The Muleshoe FHA Chapter held their officer elections on Sept. 16 in the high school cafeteria. The votes were counted Sept. 17 during school, with the outcome as follows:

President for the new school year is Donna Horn, a sophomore. She is also the Area I Secretary-Treasurer. Charlotte Morris, a sophomore, was elected First Vice-President; Kristi Heathington, a freshman, Third Vice-President; Tina Ruthardt, a freshman, Fourth Vice-President; Lori Stroud, a junior, Fifth Vice President and Student Council Representative; Ginger Morris, a junior, Chapter Treasurer; and Annette Crabtree, a junior, Parliamentarian. Historian for the 1981-82 is Pokie Kingrey, a senior.

Sponsors are Mrs. Dorine Harbin and Mrs. Nonette Robinson.

Never get the idea that your section is the only worthwhile area in the United States.

football and track, he also plays in the band. He is the sophomore strong tackle and defensive tackle. He says, "I think we have a good shot at district this year."

Milton Norman is the 16 year old son of Jim and Ella Norman. He is in football and track. He is a sophomore and plays flanker and corner.

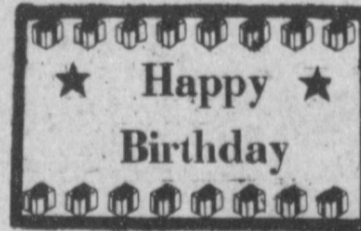

Homer Perez is 15 years old and is residing with Mr. and Mrs. Valdo Perez. He is a sophomore and plays swing man and defensive end. He says, "I think we have a lot of potential and we are a pretty good team when we want to be."

Leroy Hurtado is the 17 year old son of Julia Hurtado. He also is in art and basketball. He is a junior and plays defensive half-

Adrian Will Take School Pictures

School day pictures will be made Tuesday, September 29, beginning at 8:30 a.m. Lonnie Adrian of Adrian Photo will be taking these pictures. Students are urged to dress appropriately for the pictures, as the only retakes which will be approved are those where there is actually something wrong with the pictures. There will be no increase in price over last year's pictures, but we expect to have a very good pictures this year and we are happy that a local photographer will be taking the school day pictures.

A make-up picture day will be scheduled for those who are absent on Tuesday but students are urged to be present to have the pictures taken. These will be used in the 1982 Mule-train.

TFU Critical Of Reagan Proposal Of Farm Bill

"If the Reagan Administration has its way on the 1981 Farm Bill, we are going to have a record number of farmers going out of business during the next four years followed by an Agricultural Depression," misery, Congress has locked itself into a farm bill which comes no where close to providing realistic prices on commodities which will enable families to stay on the farm."

Because of the budget, cutting approved by Congress and passed into law, the 1981 Farm Bill is limited to \$2.1 billion "On top of that, another \$800 million is going to have to be cut from what the House recommended in the Farm Bill. All of that is due to the approval this summer of the Reagan budget," Moeller chided.

"Those Congressmen who are now working on the Farm Bill but voted for the Presidential budget

have created an almost impossible situation. While we appreciate their public performance, the cows are already out of the barn," Moeller said. "Those folks should be prepared to fight for a decent bill on the floor and to override a presidential veto if necessary."

Under the loan price levels proposed in the administration and Congressional committee bills, commodity prices increase less than five percent for the next four years. "I don't know of any business much less any government or elected official, who would lock themselves into a five percent pay increase for the next four years," Moeller stated.

In 1982, loan prices proposed by the Reagan Administration for wheat are \$3.50 a bushel, feed grains at \$2.50 a bushel, cotton at 52 cents a pound and peanuts at \$631 per ton. Dairy prices would be set

at 70 to 90 percent of parity with annual adjustments which can be deleted by the Secretary of Agriculture under certain circumstances.

"During the 1980 Presidential campaign, we had pledges from President Reagan for a farm program which guaranteed parity prices in the marketplace. The only way we know to achieve parity is with aggressive loan rates and a strong farmer owned reserve," Moeller stated. "History has proven this concept will work and in the long run will cost the government less money for the agricultural program."

Current USDA figures indicate production costs per acre on all commodities are increasing. Yet at the same time, prices on these same commodities are falling.

As an example, Moeller cited wheat, whose average price in July, 1981 was \$3.55 a bushel, was \$4.1 per bushel less than a year before. Yet the production costs were 15 percent more this year than in 1980. "Simple arithmetic shows the farmer is losing ground on the price he is receiving and the production cost," Moeller said.

Other costs have also increased during the past year. The USDA reported fuel was up 24 percent, fertilizer 14 percent and the costs of motor supply 13 percent over the previous year. To add to the bad economic news, FHA now reports more than 25 percent of their loans to farmers are more than 30 days delinquent.

Translated at the parity level, farmers nationwide are at 62 percent of parity. Wheat is at 50 percent of parity, grain sorghum at 60 percent, cotton at 62 percent and corn at 65 percent.

"What we are calling upon the Congress to do is pass a Farm Bill which will

increase loan levels to a 90 percent parity level with provisions for a strong farmer owned reserve which includes not only wheat and grain but also cotton," Moeller said. "We also need reinstatement of the disaster program which is scheduled to end this year a mandatory set aside and price protection against future trade embargoes," Moeller stated.

"But is Congress persists in following the budget restraints and knuckles under to the threat of a presidential veto, family farmers are going to be in dire economic straits next year. By that time, it will be too late to throw the drowning man the life preserver," Moeller Predicted.

Driver ed courses are not a cure-all

COLLEGE STATION — High school driver education courses are useful in teaching youngsters the basics of safe driving, but it is unrealistic to expect the programs to turn out perfect drivers, says a safety education professor.

"That's where driver education has gotten into trouble — by saying it can guarantee students won't have any accidents," said Dr. Maurice Dennis, director of the safety education program in Texas A&M University's department of industrial education.

By Spencer Tanksley
County Extension Agent

Now is the time to consider treating home lawns and improved turf for white grubs, says Spencer Tanksley, Bailey County Extension agent.

White grubs are the larvae or worms of the June or May beetles, which feed on the root system of turfgrass. Each spring and summer June beetles emerge from the soil, mate and the females lay eggs in turfgrass, the agent explained.

Texas has more than 100 species of white grubs, and approximately 96 species of the Genus *Phyllophaga* are known to attack the estimated 3.1 million acres of lawn and turfgrass, as well as several millions of acres of field and vegetable crops, Tanksley explained.

Control of white grubs must be coincided with the flights of beetles and subsequent egg lay and young larval development. Eggs usually hatch three to four weeks after they are deposited in the soil. Each of the various species of beetles may lay eggs over a 30-day period beginning in northern areas as late as July.

Lawns suspected of having white grub problems should be examined by cutting and digging one-square-foot sections of soil and looking through the soil and roots to a depth of about four inches. Four or more small grubs found per square foot justifies treatment. Grubs are most easily killed when small.

Most effective control in the South Plains can usually be achieved by lawn examination and treatment in late July to mid-August.

The most effective chemicals for treatment of white grubs in turfgrass

are those which contain chlorpyrifos and diazinon. Both granular and liquid formulations are available. Granular applications may be made with fertilizer applications, using a fertilizer spreader. At least a half-inch to an inch of water should be applied following dry applications.

Chlorpyrifos and diazinon may also be applied for white grub control in liquid sprays. Lawns should be watered with a quarter-inch to a half-inch of water prior to applying liquid sprays. No less than 10-25 gallons of spray mix should then be applied per 1000 square foot of lawn. About a half-inch to an inch of water should be used to wash the insecticide to the root zone.

Specified white grub control chemicals should be used according to label direction.

Factors affecting control: Poor control of white grubs may result if:

- 1) Insecticides are applied too early and materials degrade before eggs hatch.
- 2) Insecticides are applied too late and grubs are too large to be killed.
- 3) Insecticides are inad-

equately applied to reach root zone.

4) Soil conditions are extremely alkaline, materials may degrade more rapidly.

5) Heavy thatch (accumulated grass clippings) is present to prevent chemicals being moved down to the root and grub zone.

6) A number of species are present and varying sizes of grubs are present.

Re-examination of the lawn 45-60 days after treatment should reveal control of lack of control due to one or more of the above factors.

More information about white grubs, their damage, life cycles and treatment can be found in Extension Service Fact Sheet L-1131.

'Sole' Brother
"Do you know what one little toe said to the other little toe?"

"No, what?"
"Don't look now, but I think we are being followed by a couple of heels!"

Terse!
The girl smiled at the waiting line as she stepped into the phone booth.

"I won't be long," she said. "I just want to hang up on him."

CREATION...

ISN'T IT AMAZING... Scientists say that there are no two snowflakes alike! How many snowflakes do you suppose there have been since the beginning of time? Billions? It staggers the imagination when one thinks of all the things that God has created from nothing.

Genesis, the first book in the bible means beginning. It tells of many of God's more major creations, and how He created all these things for the benefit of man. Attend church, study God's word and learn more of God's plan for man.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Article 6899j, V.T.C.S., requires that all marks and brands registered prior to August 30, 1981, must be re-registered within six months of that date, and that the re-registration process must be repeated at subsequent ten-year intervals for then-current owners.

Brands may be registered in the County Clerks' office, Beginning Sept. 1st. 15-35s-5tsc

Researcher studies folk medicine cures

COLLEGE STATION — Old Indian cures used along the South Texas border are often European in origin rather than native, says a Texas A&M University researcher specializing in culture mixing.
Dr. Clarissa Kimber said many folk medicines used among South Texas Mexican-Americans are often referred to as Indian in nature — having been handed down from generation to generation — but usually can be traced back to Spanish or Portuguese explorers and settlers.

Gun Laws Fail To Curb Crime

A National Rifle Association analysis of the latest crime statistics published by the FBI reveals that those major metropolitan areas with strict gun laws lead the nation in their rates of violent crime.

Among cities whose populations exceed 500,000 Boston was listed as America's most violent town last year. The 1980 statistics are contained in the FBI's Uniform Crime Reports released on September 10, 1981.

Boston is followed by New York City, Baltimore, Washington, D.C. and Cleveland, all of which have extremely rigid gun laws.

Massachusetts, in 1975, adopted the Bartley-Fox Act, establishing a mandatory jail term for the unlicensed carrying of a firearm. In 1974, the year before Bartley-Fox took effect, Boston ranked fifth in overall violent crime. It now ranks first.

New York, which passed Bartley-Fox type legislation in 1980, has become

America's second most violent city since the law passed, jumping from fourth place in 1979.

New York City also leads the nation in armed robbery with 1,429.2 per 100,000 population, more than 100 thousand last year.

Baltimore, with stringent gun licensing and registration requirements, saw a 19 percent increase in its rate of robbery last year over 1980.

And Washington, D.C., where the private ownership of handguns was banned in 1977, moved from eighth place in overall violent crime before the handgun ban to fourth place in 1980.

Since the District of Columbia enacted its handgun ban its murder rate has risen 17 percent, according to the FBI's data. In near by Virginia, where there are relatively few restrictions on gun ownership other than those imposed by Federal law, the murder rate dropped 9 percent.

The UCR statistics show

that, overall, the United States' murder rate has fluctuated in recent years. It fell from 9.8 per 100,000 in 1974 to 8.8 in 1976 and 1977. Then it rose in 1979 and rose again to 10.2 in 1980.

Firearm involvement in murder, however, has declined during those years, down from 67.9 percent in 1974 to 62.4 percent for 1980.

Additionally, handgun involvement in murder has fallen from 1974, when handguns were involved in 54 percent of U.S. murders to 50 percent in 1980. This decrease has occurred despite the influx of more than 13 million new handguns into U.S. circulation during the same time period.

DRUG QUIZ

by Curt Scarborough, Ph.D.
Used by permission; all rights reserved by DATE, St. Louis, Mo.
QUESTION - It is well known that individuals can become addicted or dependent on Valium-type drugs. How quickly can a person become "hooked" on Valium, Thorazine, or Methaqualone?

- a) 30 days
- b) 60 days
- c) 90 days
- d) 6 months

ANSWER - A general rule of thumb is that anybody who has been discovered to have been abusing sedative hypnotics or anti-anxiety drugs including the barbiturates, greater than four times the recommended doses for more than 30 days should be admitted to the hospital for gradual detoxification.

Detoxification can be accomplished by using decreasing doses of phenobarbital or Valium over a 7-10 day period of time. Withdrawal should be done under a physician's care; in rare instances it is accompanied by delirium, disorientation, depersonalization, and hallucinations.

Correct answer - a.

Do you have a question or a comment about drugs? Write: TANE Texas Alcohol Narcotic Education, Inc., 6778 Greenville Ave., Dallas, Texas 75231

The Sandhills Philosopher

Editor's note: The Sandhill Philosopher on his Johnson Grass farm on Sandy Creek discusses mandates this week.

Dear editor:

The trouble with a lot of states, countries, cities and school districts is they don't know a mandate when they see one.

President Reagan said his election clearly was a mandate from the people to cut taxes and government spending and Congress believed it too and as a result the Federal budget has been slashed and income taxes out.

But now come these other taxing units around the country increasing spending and raising taxes. Balance the Federal budget and unbalance everybody else's.

You mean to say one mandate won't cover the whole nation, we've got to have one for every single taxing unit? If so, even the cost of mandates has gone up.

There is one way to increase government revenue a little without raising taxes: charge prisoners for room and board while in jail.

Take the white-collar convicts from the Watergate era of the Nixon administration. After they got out of prison a lot of them made big money writing books and lecturing. They should pay for their upkeep in jail. After all, colleges charge for educating people, why shouldn't prisons charge for rehabilitating high administration officials?

If a convict is unable to pay when he's released, take a judgement against his future earnings. A large percentage of burglaries

and hold-ups are committed by released convicts, so it's not as though their earning capacity has been interfered with.

I don't know what the daily rate should be, but some judges are ruling that jails should be at least as comfortable as a medium-priced motel room, so I suppose \$30 a day for the cell plus the cost of meals and room service would be about right. If the prisoner is an ex-government official accustomed to dining on an expense account, about \$50 a day for food would be in order.

Yours faithfully,
J.A.

Fair Sheep Show Judge Named

Sam Kuykendall of Me-nard has been named as judge of the open sheep show at the 64th annual Panhandle South Plains Fair here.

He will be picking winners in five breed divisions, including Rambouillets, Dorsets, Suffolks, Hampshire and South-downs.

Fair general manager Steve L. Lewis said premiums totaling \$4,830 would be offered in the popular show, which will be judged beginning at 9 a.m. Oct. 1 in the swine barn.

The fair run is Sept. 26 through Oct. 3.

Kyle Smith will serve as superintendent of the show and Thomas G. Gaither will be the assistant.

Competition will be in 16 classifications with payoffs ranging from \$5 to \$20. Exhibitors are limited to two placings only in each

class and one placing in the group classes.

The deadline for entering the show has passed, Lewis said.

A record of \$75,000 in premiums is being offered this year, with a majority of it earmarked for live-stock shows.

Meanwhile, tickets for the seven Fair Park Coliseum shows are selling at a brisk pace, but plenty of good seats remain for all shows, Lewis said.

Charley Pride, returning for a record 10th appearance, opens the eight-day run on Sept. 26.

The remainder of the lineup includes Mickey Gilley and Johnny Lee, Sept. 28; Don Williams, Sept. 29; Marty Robbins and Little David Wilkins, Sept. 30; Slim Whitman and Boxcar Willie, Oct. 1; Mel Tillis and the Maines Brothers, Oct. 2; Jacky

Ward and the Kendalls, Oct. 3.

All seats are reserved and tickets are \$6, \$7 and \$8. Tickets may be purchased at the Coliseum, Ed's Wagon Wheel, Dunlap's, Luskey's Western Wear and Hemphill-Wells' mall store only. Ticket information may be obtained by calling 744-9557.

Requests for mail order reservations are being accepted at P.O. Box 208, Lubbock, Texas 79408. Requests are being filled in the order in which received and must be accompanied by a stamped, self-addressed envelope.

INTERESTS & MARKET

NEW YORK -- Bond and stock prices plummeted recently in one of the worst days in Wall Street history amid fears the Reagan administration's 1982 budget deficit may be larger than expected and leave interest rates at near record highs.
