

Reds Yield Ground At Gates Of Stalingrad

Berlin Claims Its Men Are In City Streets

Invaders Said To Be Losing Heavily In Advance

By ROGER GREENE Associated Press War Editor

Russia's armies yielded fresh ground at the bloody western gates of Stalingrad today, but after 24 hours there was still no confirmation of a Nazi claim that German shock troops were fighting in the city's streets and had captured the main Stalingrad railway station.

"At heavy cost, the Germans advanced slightly," Soviet headquarters said in a mid-day communique.

Elsewhere on the slowly contracting defense arc, the Russians were declared to be holding firmly against an avalanche of battle-stained Nazi veterans and reserves.

A Berlin broadcast asserted that German troops had penetrated deeper into "the interior" of Stalingrad, but gave no details. DNB, the German news agency, reported "bitter street fighting against enemy nests of resistance" within the city.

German field headquarters reported merely that "considerable additional ground was gained in embittered struggles" around the Volga industrial center, and said the Russians were attacking in force at Babay and Voronezh.

Voronezh, on the upper Don river, lies about halfway between Stalingrad and Moscow. Rzhev is a key German bastion 135 miles northwest of Moscow.

Battlefront dispatches to Red Star, the Soviet army newspaper, said the Germans lost 3,000 troops when they attempted to capture a hospital in one outlying section of Stalingrad.

Red Star said tempestuous Nazi assaults west of the city hammered wedges into Soviet defenses, but declared that in most of these sallies the Russians counter-attacked and drove the Germans out.

Stalingrad itself was shrouded in smoke from fires, but its railways were reported still operating on a 24-hour basis despite incessant aerial attacks.

Soviet dispatches said the German advance into Stalingrad's western fortifications was achieved when Field Marshal Fedor von Bock sent masses of infantry, tanks and planes into a narrow sector and launched a series of attacks in the face of a deadly defense fire.

The Moscow radio, apparently referring to the same sector, reported that Soviet mortar batteries smashed 40 German tanks and killed a large number of infantrymen as the Germans, led by hundreds of tanks, sought to advance at all costs.

Southwest of the imperilled Volga metropolis, counterattacking Russian troops were said to have quickly mended a break in their lines and regained a lost position.

Yorktown Took A Big Toll Of Japs Before Going Down

NEW ORLEANS, Sept. 15 (AP)—The U.S. Aircraft Carrier Yorktown took a terrific toll of enemy planes in the Coral sea and the battle of Midway before she was finally sunk June 7, said two Louisiana sailors who served aboard her.

Ernest Joseph Boudreaux of New Orleans, 21-year-old cowboy, said "some of our fighters shot a lot of them down and our guns got others."

The Yorktown, William R. Henderson, 23, of Bogalusa, La., said, had been standing by the Lexington when it went down and "many of the Lex' men and planes came aboard our ship."

"Our planes accounted for more enemy ships and planes than any other carrier afloat," boasted Henderson, aviation machinist mate first class.

Held For Threat On Roosevelt

AUSTIN, Sept. 15 (AP)—Charged with making a verbal threat on the life of President Roosevelt, Kurt von Boeckmann, 70-year-old Texas born plumber, was in the Travis county jail today in default of \$1,000 bond awaiting action of a federal grand jury meeting Jan. 25.

Von Boeckmann was charged with having uttered and spoken the words "I wish President Roosevelt would get killed and I would not mind killing him myself."

William M. Jeffers Already At Work As Rubber Czar

WASHINGTON, Sept. 16 (AP)—William M. "Bill" Jeffers, bald, stocky, office boy-to-president of the Union Pacific Railroad, stepped in swinging today as the nation's new rubber czar.

"I am already at work," the 65-year-old railroader declared last night, as Production Chief Donald M. Nelson announced Jeffers had been picked for what Nelson called "one of the toughest" jobs in the war program.

Charged with reorganizing, consolidating and administering the government's efforts to alleviate the rubber shortage, Jeffers is expected to become, in effect, complete boss over the rubber reserve company and all other government agencies in matters affecting the rubber program.

"I am placing Mr. Jeffers in this post with the approval of the president," Nelson declared, "and I am delegating to him all my authority. From this point on, any problem connected with rubber is a matter for Mr. Jeffers' decision, and I know he will do this job."

Indicating he intended to use the authority given him, Jeffers declared he would do "whatever is necessary to carry out the assignment."

"We do not need talk—we need action," he said. Blunt, outspoken and energetic, Jeffers was regarded here as a choice obviously dictated by Nelson's desire to have the rubber program directed by an executive with no boots in the rubber or petroleum industries.

If the recommendations of the president's rubber committee, headed by Bernard M. Baruch, are carried out in full, Jeffers will take over control of funds for the program, thus far handled by the federal loan agency.

Among other things, to carry out the Baruch committee proposals, Jeffers must work out a 100,000-ton increase in butadiene output, to come into production in six months; build facilities for production of 100,000,000 gallons of alcohol for use in the synthetic rubber program; boost synthetic production to the point where it will be possible to relax restrictions somewhat on civilian driving; and increase the total annual output of Buna's all-purpose rubber from 705,000 to 845,000 tons.

Youth Calmly Confesses To Rape-Killings

BEDFORD CENTER, N. Y., Sept. 16 (AP)—As casual as a sight-seeer, a 17-year-old laborer stood near a huge reservoir early today and showed police where he tossed the body of one of the two young sisters he confessed he kidnapped, raped and killed.

"Over there," said black-haired Edward Haight, directing police to a creek in New York City's Kensico reservoir system, "that's it."

He was expressionless when they pulled out the body of Helen Lynch, 8—as stolid as when he confessed earlier, with a smile on his lips, that he had strangled the child's younger sister, Margaret, 7, in a nearby woods.

Police booked him on murder and kidnaping charges after he told of events beginning when he picked the children up in a stolen station wagon Monday night near their home here and drove four miles out of town.

"Then I stopped the car and tied them both up with a rope," Police Chief Frank Mallette said. Haight told him, "I put a handkerchief in Margaret's mouth to keep her from screaming."

The police chief said Haight related these details: He attempted to rape Margaret, but as the child tried to fight him off, he mutilated her with a large hunting knife; then he strangled her. He placed the body in the car alongside her gagged sister and drove back to town where he stopped in front of a store, went in and bought a package of razor blades.

He drove north a mile and tossed the body in a creek. Frightened children found it there yesterday, floating face up.

From there he drove to the top of an incline overlooking the reservoir, took Helen from the car and raped her, then placed her under the car and drove the machine over her. He mutilated the body and threw it into eight feet of water.

SAFE ROBBED

SAN ANTONIO, Sept. 16 (AP)—Knob-knockers blew open a safe at the R. M. Hughes & Co. vinegar concern and escaped with \$700 in jewelry and war bonds, police reported today.

Uncle Sam May Have A Christmas Gift For You: New Ration Book

WASHINGTON, Sept. 16 (AP)—The Office of Price Administration announced today it probably would give the nation a Christmas present—the first of four "all-purpose" ration books which Americans will be using for the duration of the war.

Providing a quick method of rationing any article or commodity as shortages develop, "war ration book No. 2" can be used for coupon rationing, such as is now employed in distributing sugar, or for point-of-sale rationing, such as that used in England, permitting a consumer to "spend" a ration on different grades and kinds of a general type of commodity.

Each book is adequate for rationing at least two major groups of commodities for a minimum of six months. A total of 125,000,000 copies of the book will be printed for distribution shortly before Christmas, OPA said. Each consumer will obtain a book on the basis of his previous registration for sugar rationing.

Japs Turn On New Power In The Solomons

Marines Maintain Positions During Heavy Fighting

WASHINGTON, Sept. 16 (AP)—Japan's expected grand-scale drive to recapture the Solomon Islands and again point a dagger at the Australian lifeline appeared developing with do-or-die fury today.

Battle-tired American forces were fighting back savagely and thus far successfully.

The navy reported last night that "heavy fighting" had been in progress by land, sea and air since Saturday night and that while details were lacking reports received to date indicate that the marines are maintaining their positions.

Creation of a new air command for the United States Pacific fleet and a shift in command of the southwest Pacific allied air forces indicated a tightening of grand strategy.

The changes in command gave weight to Admiral Chester W. Nimitz's warning: "Do not for one minute assume that we have the Japanese on the run."

In decorating 25 officers and men at Pearl Harbor yesterday, the commander-in-chief of the Pacific fleet declared the Japanese were "dangerous antagonists," but, he added, "they have learned by now that we also are dangerous antagonists who are willing and know how to fight."

Despite counterattacks on Japanese bases in the north and northwest of the main American stronghold on Guadalcanal Island, the navy reported the enemy was bringing pressure to bear with apparently increasing force, and had succeeded in landing small detachments of troops who tried vainly to recapture the Japanese-built airfield under cover of shelling by surface craft offshore.

While his bombers sought to distract possible supporting moves by attacking enemy shipping and supply bases over a wide area from New Britain to the Tanimbar Islands, but 300 miles north of Darwin, General Douglas MacArthur announced the appointment of Maj. Gen. George C. Kenney as commander of allied air forces in the area.

Kennedy, 63, a hard-bitten veteran of combat flying who began as a private in the World war, during which he shot down two enemy planes in France, and who rose through the ranks to his two generalships, succeeds Lieut. Gen. George H. Brett who was in the United States to undertake another assignment.

50-Year Pins To 7 Masons

Seven Masons, veterans of 50 years service, will be presented today with their 50-year pins.

In ceremonies set for 8 p. m. by the Blue Lodge in the Masonic Temple, Dr. E. M. Wood, Anson, grand master of Texas, will make the presentation to these men—four in person and three in absentia.

They are L. F. McKay, W. H. Homan, A. C. Walker and Jack Weir, who will be present, and P. O. Vaughn, E. Nelson and J. A. Hillis, who will get the pins in absentia.

These, said lodge officials, are the first 50 year pins given by the Blue lodge here. Some of the men have earned them a few years ago, but the presentation had never been made.

The local lodge was instituted in 1882, according to members, and chartered in December of 1883.

Sam Maceo Trial Postponed A Day

NEW YORK, Sept. 16 (AP)—The trial of Sam Maceo, Galveston, Texas, politician and night club operator, on charges of participating in a narcotics conspiracy, was postponed today until tomorrow.

Maceo, who was indicted in 1935, was scheduled to go to trial today. The adjournment was taken because no judge was available to try the case.

First Casualties In Europe, Africa

WASHINGTON, Sept. 16 (AP)—Losses in the African and European wars were reported today for the first time in an official army casualty list as the war department made public the names of 123 officers and men missing in action in various parts of the world.

State Revenue From Liquor Shows Gain

AUSTIN, Sept. 16 (AP)—W. J. Townsend of the Texas liquor control board estimated today that revenue from beer, wine and liquor during the state fiscal year just ended was \$9,886,819 or about \$1,600,000 more than for the preceding year.

This money is used for old age assistance and other social security purposes.

Aircraft Carrier Yorktown Lost In Midway Battle, Navy Reveals

Casualties Reported As 'Very Few'

WASHINGTON, Sept. 16 (AP)—The navy announced today that the United States aircraft carrier Yorktown had been sunk after the battle of Midway as a result of Japanese bombs and torpedo attacks.

Loss of the 19,900-ton carrier, with very few casualties, had been a well kept naval secret.

The department said that destruction of the ship apparently was not known to the enemy and that the knowledge was vitally linked to the operations which have been in progress in the South Pacific since early August.

The Yorktown first was successfully attacked by enemy aircraft with bombs and torpedoes on the afternoon of June 4, after the battle of Midway Island—a great American victory—had reached its full fury.

The vessel, which had a normal complement of 85 planes and 2,072 men and was only five years old, was put out of action at that time.

Tugs and salvage vessels succeeded, however, in getting her under control and she was removed, slowly but surely, from the battle zone.

Presumably the withdrawal was eastward toward Pearl Harbor. The navy said in its communique reporting the loss today that by the morning of June 6 the prospects of saving the great ship "appeared brighter."

They had been slender at first for the vessel had listed heavily, and, abandoned by her crew, was in imminent danger of capsizing.

But shortly after noon on June 6, an enemy submarine suddenly attacked the stricken carrier, scoring two torpedos hits amidship.

The sub put two more deadly torpedoes into the United States destroyer Hammann which was escorting the Yorktown.

The Hammann, loss of which had been reported by the navy department on June 14, sank shortly after being hit and the condition of the Yorktown "became critical," the navy said.

Early next morning, June 7, the communique continued, "the Yorktown capsized and sank as the result of the cumulative damage from aircraft bombs and torpedoes on the fourth, and submarine torpedoes on the sixth."

Before the end came, however, the navy said the submarine which had delivered the fatal attack was hunted down by American destroyers in the Yorktown's escort and repeatedly attacked through-

Carrier—This photo of a U.S. aircraft carrier was made some months ago during operations in the Pacific, and its identity was not disclosed for military reasons. It is one of the type of the Yorktown, a victim of the battle of Midway.

out control and she was removed, slowly but surely, from the battle zone.

Presumably the withdrawal was eastward toward Pearl Harbor. The navy said in its communique reporting the loss today that by the morning of June 6 the prospects of saving the great ship "appeared brighter."

They had been slender at first for the vessel had listed heavily, and, abandoned by her crew, was in imminent danger of capsizing.

But shortly after noon on June 6, an enemy submarine suddenly attacked the stricken carrier, scoring two torpedos hits amidship.

The sub put two more deadly torpedoes into the United States destroyer Hammann which was escorting the Yorktown.

The Hammann, loss of which had been reported by the navy department on June 14, sank shortly after being hit and the condition of the Yorktown "became critical," the navy said.

Early next morning, June 7, the communique continued, "the Yorktown capsized and sank as the result of the cumulative damage from aircraft bombs and torpedoes on the fourth, and submarine torpedoes on the sixth."

Before the end came, however, the navy said the submarine which had delivered the fatal attack was hunted down by American destroyers in the Yorktown's escort and repeatedly attacked through-

out the day.

The results of these depth charge assaults, the navy said, "indicated that the submarine was certainly damaged and possibly sunk."

As for casualties, the navy said, they were few and had been included in the total personnel losses previously announced for the battle of Midway as 83 officers and 215 enlisted men.

The Yorktown and the Hammann were the only United States ships lost at Midway while the Japanese had at least ten, including four aircraft carriers, sunk and at least 15 others, including three battleships, damaged.

The Yorktown was the second aircraft carrier lost by the United States, the first being the Lexington which blew up and sank in the Coral Sea after being attacked by Japanese dive bombers and torpedo planes in the great battle in those waters a month before the battle of Midway.

Vichy Reported To Be Seeking Terms In Madagascar

LONDON, Sept. 16 (AP)—A new British landing on Madagascar has caused the surrender of remaining French forces in one northwest coast area, the British East Africa command announced today, as radio reports from the Vichy-controlled island, still lacking official confirmation, said its government was seeking terms with the British.

Governor General Armand Annet, the reports said, has asked for a cease firing order and terms to end the hostilities.

This was not mentioned in the British communique, which reported the invading troops proceeding steadily toward the island capital with more than half the distance covered.

Of the new landing, it said only: "On the northwest coast, the pressure of our columns moving down from Antananarivo, combined with a further successful landing from the sea in the Maromandia area farther south, has resulted in the surrender of remaining French forces between those two places."

Maromandia is 35 miles south of Antananarivo, northernmost of the British landings last week on the west coast of the island.

The German broadcasts denied that Madagascar authorities had made overtures to the British. Vichy itself was silent.

There was no indication of the size of the new British landing. Informed British sources said the landing forces probably came from ships which had been held in reserve.

The British who seized the naval base at Diego Suarez in northern Madagascar last May sought complete occupation of the island to prevent its use by the axis. Local French administrations in areas thus far occupied have been left in charge.

Monday night the RAF gave one of its powerful jets to the German naval base and shipbuilding center of Wilhelmshaven. Yesterday afternoon RAF bombers escorted by fighters attacked shipping at Cherbourg in occupied France and other aircraft raked factories, railway yards and other targets in northern France with gunfire.

German planes raided the coastal districts of eastern England last night, but it was authoritatively stated that only a few bombs were dropped, causing but one fatality and damage.

Rio Grande Due To Rise Again

BROWNSVILLE, Sept. 16 (AP)—The Rio Grande, having flooded 20,000 acres on both sides of the border, will start rising again tomorrow morning, the weather bureau predicted last night.

The river was stationary last night at 19.05 feet. A slow rise was forecast at Mercedes and Hidalgo. A third crest was reported forming at Laredo.

Two Mexicans were arrested by Mexican soldiers and held for investigation, Mayor Antonio de Leon of Matamoros reported, upon being accused of attempting to open levees so as to flood 50 square miles.

Health Unit To Be Opened Here Oct. 1

A city-county health unit will be inaugurated in Big Spring October 1, it was announced officially Wednesday.

This unit will consist of the joint services of the United States health department, the state health department, the county health department, and the city health department.

The United States and the state health departments will bear 40 per cent of the expense of the unit while the city and county will make up the remaining 60 per cent.

The unit will function as a sanitary and disease-preventive board. It will make inspections, issue health certificates, enforce food laws, etc., but will not render medical service of any kind.

The state department of health will have complete control of the health unit which will be operated through the local medical society.

Two Are Killed In Army Plane Crash

LUBBOCK, Sept. 16 (AP)—Staff Sgt. Edgel I. Smith, son of Mr. and Mrs. Arthur Earl Smith of Binger, Okla., and Technical Sgt. Alex W. Uhl, son of Mr. and Mrs. Earl W. Uhl of San Antonio were killed today 12 miles east of here when a light trainer plane crashed.

They were stationed at the Lubbock Army Flying School awaiting assignment.

Two Destroyers Lost By British In Tobruk Raid

LONDON, Sept. 16 (AP)—The loss of the Destroyers Bilk and Zulu in recent operations off Tobruk was announced today by the British admiralty.

Most of the crew of the Zulu have been saved, the admiralty said, and it expressed the hope that many of the crew of the Bilk had been able to reach land safely.

Two Destroyers Lost By British In Tobruk Raid

LONDON, Sept. 16 (AP)—The loss of the Destroyers Bilk and Zulu in recent operations off Tobruk was announced today by the British admiralty.

Next Month's Oil Figures To Be Fixed

AUSTIN, Sept. 16 (AP)—Concerned over proposed nation-wide gasoline rationing, Texas oil operators convene tomorrow for a state petroleum hearing to canvass the petroleum outlook for October and to consider a plan to fix allowances on a lease or production unit basis.

With current production running in excess of 1,400,000 barrels daily, nominations submitted to the railroad commission will reflect whether the industry foresees war demands sufficient to maintain the production quotas of the last few months or whether a period of readjustment involving sharply reduced state allowances must accompany rationing.

State officials predicted that the threat of universal gasoline rationing would exert a bearish effect on October nominations, hastening the trend toward substantially increased allowances for fields producing crude needed in the processing of war materials.

Transition of the industry from a peacetime to a wartime basis was reflected in the September oil order which concentrated production in fields producing crude adaptable for war purposes while reducing the allowable in fields lacking transportation outlets of confronted with shrinking domestic markets.

T&P Freight Cars Derailed Near Weatherford

FORT WORTH, Sept. 16 (AP)—Fourteen cars of a westbound Texas and Pacific railway freight train overturned at Bennett, west of Weatherford, shortly before last midnight.

Officials were investigating today to determine the cause of the derailment. None of the crew were hurt, it was stated here. Traffic on the line was resumed at 6 a. m.

Other Areas Put Under Ration Control

WASHINGTON, Sept. 16 (AP)—Acting to curb what it called "unflinched rents," the office of price administration today ordered 54 more defense-rental areas brought under federal rent control Oct. 1.

All rentals for living quarters were frozen at the levels of March 1, 1942, except in Choteau, Okla., where the freeze date was Oct. 1, 1941.

The October freeze date was spread through 21 states.

Philips Book, A Local Sellout, To Be Read To Women While They Work

It's gone to the homes, the offices, and the schools, and now it's going to the Red Cross Surgical Dressing Institute. "It" is Shilse Philips book, "Big Spring, The Casual Biography of a Prairie Town."

This week the women volunteer workers at the surgical dressing institute voted to purchase a copy and while they fold bandages Mrs. Bernard Fisher, one of the captives, is going to read them chapters of the book. This is a novel method of keeping tongues still and hands busy while making up the bandage quota.

Around town the books were scarce as the proverbial hen's teeth pending new shipments due in town Thursday afternoon or Friday morning. The four merchants carrying the books reported they were completely sold out and had re-ordered much larger shipments this time.

Firms carrying the book are Sullivan's drug store, J & L Drug, Westerman Drug and Albert M. Fisher company.

Downtown Stroller

Maybe now, after the USO session yesterday, the cry of "what'll we do?" will be partly answered for the soldiers. Seeing the fellows all lined up around the courthouse lawn Sunday, in groups of twenty and thirty just watching people go by might give you some indication that steps need to be taken soon.

So far, we've heard only enthusiastic comment on SHINE PHILIPS' book now off the press. Personally, we read it with absorbed interest and chuckled through each chapter. It's the kind of a book that Mrs. WARD HALL typed when she said, "I sat up half the night reading Shine's book." You will too, if you start reading late in the evening.

First official fall opening of the country club will be tomorrow night at the clubhouse when Jack Free and his orchestra will furnish music for the event. Two orchestras in two weeks are going to spoil the good people of Big Spring who have been nickelodeoned to death.

Personally, we'd like to sit in on this men's class in home nursing that was set underway this week and hear some of the comments of the fellows when they learn things like making beds, washing babies, and using the proper sick room approach. If anybody would take our bet, we'd wager a cup of coffee that they don't master the art of tucking sheets and blanket corners, a la the Red Cross approved form. (We couldn't do it right either.)

Miscellaneous Shower Given For Opal Smith In C. E. Shive Home

Drum Major And Majorettes Are Selected

To honor Opal Smith, Billie Bess Shive and Janice Slaughter entertained with a miscellaneous shower and party Tuesday night from 8 o'clock to 9:30 o'clock in the Shive home.

Miss Smith, who is the daughter of Mr. and Mrs. O. H. Smith of Monahans, is leaving Sunday for 29 Palms, Calif. She will be married on September 22nd at Eagle Beach to Harold Kennedy, glider pilot instructor.

The ceremony is to be read at the First Methodist church chapel by the Rev. E. B. Fritchett.

The refreshment table was centered with an ice punch bowl surrounded with ivy and fall flowers. Pink and green were the chosen colors used throughout the party.

Emily Stalcup presided at the punch bowl and Mrs. Clyde Garner assisted with serving. Janice Slaughter was at the register.

Guests included Louise Martin, Stella Mae Wheat, Mrs. Ed Adams, Mrs. L. H. Sumner, Mrs. R. H. Miller, Abbe Drus Hurley, Caroline Smith, Mrs. Pearl Brady, Mrs. Jack Wallace, Lucille Meeker, Mrs. Lovie Wallace, Mrs. Gate Gilmore, Mrs. Johnny Stoops of Midland.

Janice Yates, Patsy Rossion, Lee Ida Pinkston, Anna Belle Edwards, Betty Lee Eddy, Kathleen Underwood, Joyce Croft, Kathryn Smith, De Alva McAllister, Martha Ehlman, Evelyn Flint, Pauline Sanders, Pauline Schrimsher, Mrs. Toots Mansfield.

Mrs. Jake Bishop, Betty Fay Kendrick, Dorothy Hayward, Martha Cochran, Fred Jo Bond, Falton Louise Walters, Eileen Killingsworth, Delores Gage, Mrs. Buri Kennedy, Mrs. Marvin House, Mrs. Al Ramsey, Mrs. W. M. Gage, Mrs. H. C. Fanninett.

Other candidates wereONEY Reeves, Woodine Hill, Barbara McEwen, Wilma Jo Taylor, Bobby Sanders, Dauphine Reese. Those trying out for drum major were Billie Bob Rogers, Stewart Smith, John Henry Day, Hardy B. Hethwa.

The band will drill at the half the football game and Gloria Hall, last year's band queen, will march with the band.

East Ward P-T. A. To Meet Thursday

East Ward Parent-Teacher association will meet at 3:30 o'clock Thursday at the school.

Famous to relieve MONTHLY FEMALE PAIN

You who suffer such pain with tired, nervous feelings, distress of "irregularities"—due to functional monthly disturbances—should try Lydia E. Pinkham's Vegetable Compound. It has a soothing effect on one of woman's most important organs. Also fine stomachic tonic. Follow label directions. Worth trying!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

HOOVER PRINTING CO.

PHONE 109

206 E. 4th Street

UNITEX Invisible Sanitary Pantie

Undrained of freedom and comfort for you. Made of a beautiful soft fabric, the pad fits into a secure pocket... no need for pins or belt. Order by hip measurement.

Barbecue Held At City Park

Steak barbecue was held at the city park Tuesday night by the Business and Professional Women's club with Sus Haynes and Wilrena Richbourg as hostesses. Assisting them were Ina Mae Bradley, Mrs. D. W. Webber, Maurine Wade and Constance Cushing.

During business meeting, the club planned a dance for Saturday night at the Settles ballroom from 9 o'clock to 1 o'clock. The public is invited to attend. Music will be furnished by nickelodeon.

Members also agreed to take part in keeping the newly established soldier center open on Sundays and to have someone at the center throughout the day. The club also agreed to assist with other entertainment at the center.

Others attending were Mrs. L. A. Eubanks, Glynn Jordan, Margaret Bruck, Fern Hornbach, Mrs. Frances Peters, Virginia Wenz, Mary Zoe Gardenhire, Ilena Barnett, Jewel Barton, Ima Deason, Mrs. G. G. Sawtelle.

Marie Gray, Winona Bailey, Velva Glass, Mary Reidy, Mrs. P. Teague, Jewel Johnson, Mr. and Mrs. D. W. Webber, Bert Read, Edith Gay, Maurine Word, Rose Word, Grace Wilkes, Fern Wells, Mrs. Fred Haller, Kitty Ford, June Matson.

VISITS AND VISITORS

Mrs. J. H. Kirkpatrick has returned from a six week vacation in Oklahoma, East Texas and other points. She visited with Mr. and Mrs. R. L. Carpenter in Longview for several days. The Carpenters formerly lived at Foran.

Ernest Wade Greer, who is employed with a shipyard on the west coast is here visiting Mrs. Lena Greer for a few days. He will be accompanied home by Billy McClelland.

Mr. and Mrs. Ed Thom of Wichita Falls, and former Big Spring residents, left Wednesday after a visit here with friends.

Mina Sennot of St. Louis, Mo., is spending several days here on vacation.

Mrs. Richard Coleman of Abilene is spending this week here visiting with her husband.

Dr. J. T. Shurley of Texas University is here visiting his grandparents, Mr. and Mrs. J. M. Choate and other relatives until Friday.

Mrs. L. N. Brooks has as a guest Mrs. Fannie Smith of Fort Worth, who will be here for an extended stay.

Mrs. H. F. Williamson is visiting this week in Eldorado with her son, Dr. Thomas Joe Williamson.

Charles Vines Family Hears Plenty About The Army And Navy

News about the army and navy is about all that Mr. and Mrs. Charles Vines hear these days as their two sons, their son-in-law and two nephews are all in the armed services.

Sgt. James Vines, who is stationed at Biggs Field, El Paso, has just recently been promoted to the rank of staff sergeant, his parents learned this week. James Sweet, a nephew, with the Pacific fleet, writes that he has been promoted to the rank of second gunman. Dick Hatch of Big Spring, son-in-law of the Vines', is now stationed at the University of Missouri where he will take a diesel engineering course given by the navy. Mrs. Hatch and children are with him at Columbia.

Another nephew, Woodrow Sweet of New Orleans, La., joined the armed services this week.

Officers Named By Colorado W.M.U.

COLORADO CITY, Sept. 16. (Sp.)—The members of the Woman's Missionary Society of the First Baptist church in Colorado City this week elected officers for the coming year in the two circles units.

In the Grace Rankin circle, Mrs. Jim Townsend will serve as chairman; Mrs. B. F. Wilson as secretary-treasurer; and Mrs. Charles Seal as vice-chairman.

Mrs. A. L. Whipkey was reelected chairman of the Elizabeth Truly circle; Mrs. Homan Posey was elected secretary; Mrs. J. O. Dockrey, vice-chairman; Mrs. A. E. McClain, treasurer; and Mrs. R. O. Pearson, Bible teacher.

Jap Officials To Visit In Turkey

ANKARA, Sept. 15 (Delayed)—A Turkish newspaper said today Vice Admiral Naokuni Nomura and Rear Admiral Katsuo Abe, chiefs of the Japanese coordinating committees in Berlin and Rome, would arrive in Turkey Thursday "for the purpose of making certain contacts."

United Nations naval quarters here said they could offer no immediate explanation.

Company Accepts Ruling On Wages

CHICAGO, Sept. 15 (Sp.)—Montgomery Ward & Company has advised the War Labor Board, officials announced, that it had accepted, under protest, the board's ruling granting an increase of five cents an hour for 4,800 Chicago employees.

G. I. A. To Have Meeting Thursday

The G.I.A. will meet at 8 o'clock Thursday at the W.O.W. Hall for regular session.

BUSINESS GIRL BRIDE: She wears a honey-beige felt bonnet with blue feather trim, diamond bracelet and ear-clips.

COLONEL'S LADY: Her hat is a green velvet Breton with brown horsehair chou, her twin clips are diamond tiger lilies.

Reception - Shower Held For Bride In R. E. Dunham Home Last Night

Friendship Night Held By Eastern Star

Baskets of dahlias decorated the Masonic hall Tuesday night when the Order of Eastern Star observed Friendship night. Included as guests were members of lodges in Colorado City, Lamesa, Coahoma, San Angelo, Garden City and Odessa.

Mrs. Rose Stringfellow was in charge of the program and refreshments were served to over 100 persons present.

The table was lace-laid and centered with a blue bowl holding a miniature ship. Globes of the world were on each corner of the table and surrounding them were balls of yarn and knitting needles used for soldier sweaters. Procession of soldiers and sailors marched down the center of the table.

Scholarship Winner Given Shower By Baptist WMS

COAHOMA, Sept. 16. (Sp.)—The Baptist Missionary Society met at the church Monday afternoon with the president, Mrs. C. A. Coffman, in charge of the business session.

Mrs. N. W. Pitts gave the Bible study and the topic was "Songs of Solomon and Isaiah." Those attending were Mrs. F. P. Woodson, Mrs. S. E. Nunn, Mrs. Ruffie Faris, Mrs. D. L. Townsend, Mrs. H. B. Stull, Mrs. Nando Henderson, Mrs. W. F. Stull, Mrs. C. A. Coffman and Mrs. N. W. Pitts.

At the close of the Missionary Society meeting Mildred Carter and Elsie Marie Rainey took charge and Virginia Satterfield was given a going-away shower. Games, under the direction of Mildred Carter, furnished the entertainment. Miss Satterfield was awarded a scholarship to Howard Payne from the Women's Missionary Society of District 8 of Texas. Others present were Mrs. W. L. Sandridge, Mrs. O. L. Satterfield, Gloria McGee, Marjorie Sandridge, and Bernadine Satterfield.

Those sending gifts included Mrs. R. A. Marshall, Mrs. T. A. Bartlett, Mrs. C. L. Carter, Mrs. H. E. Evans, Mrs. Rosa DeVaney, Mrs. Ernest Rainey, Mrs. Alene Gregg, Mrs. M. M. Denton, Mrs. D. S. Phillips and Mr. and Mrs. T. W. Faris.

VFW BARN DANCE will meet at 9th and Gollard from 9 o'clock to 12 o'clock.

Mrs. Kirkham Is Honored By Fidelis Club

Reception-shower was held Tuesday night in the home of Mrs. R. E. Dunham for Mrs. H. L. Kirkham, Jr., by the Fidelis class of the East 4th St. Baptist church. Mrs. Kirkham is the former Jerry Woods, a recent bride.

Hours were from 8 o'clock to 10 o'clock. The table was lace-laid and centered with a crystal basket filled with fall flowers. Mrs. S. N. Moreland presided at the tea service.

Full flowers decorated the rooms. Music was furnished during the evening by Wanda Don Reese.

Attending were Bessie Woods, Marguerite Cooper, Berta Davidson, Gladys Cowling, Mary Cowling, Dauphine Reese, Jessie Pearl Watson, Mrs. H. Reaves, Mrs. Bob Wren, Mrs. Reuben Hill, Mrs. Edgar Stringfellow and Peggy, Mrs. L. A. Coffee, Mrs. Moreland and Barbara Ann, Mrs. A. W. Page, the Rev. and Mrs. Dunham and family, Mrs. A. F. Gilliland, Mrs. Tom Buckner, teacher.

Sending gifts were Mrs. Otto Couch, Dorothy Moore, and Frances Cooper.

Party Given For Rayvel Moseley On Third Birthday

COLORADO CITY, Sept. 16.—Marking the third birthday of her daughter, Rayvel, Mrs. Tommie Moseley of Colorado City entertained with a birthday party at her home. After games were played and the gifts were opened, the hostess was assisted by Mrs. Carl Lady, Mrs. B. Whitely, and Mrs. Alton Moore in serving refreshments with balloon and candy plate favors.

Guests were Paul Carter, John Carter, Fern Coker, Patsy Coker, Jerry Leidy, Josephine Lady, Brenda Fay Whitley, Barbara Ann Moore, Richie Moseley, and the honoree.

Class Holds Annual Picnic In Colorado

COLORADO CITY, Sept. 16.—Nanthing the Rev. and Mrs. A. E. Travis as honor guests, the members of the Fidelis Sunday School class of the First Baptist church in Colorado City entertained with an annual picnic. The husbands and families of class members were included as guests.

A chicken supper was served in Ruddick Park. Hostesses for the evening were Mrs. A. E. McClain, Mrs. L. J. Taylor, Mrs. Grady Beach, Mrs. Bob McChesney, and Mrs. Grady Hale. Mrs. A. L. Whipkey is teacher of the class.

Rebekah Lodge To Celebrate Anniversary

Plans were laid for a birthday celebration on September 29th when Rebekah Lodge 284 met at the I. O. O. F. hall Tuesday evening.

The lodge also voted to buy war savings bonds during a business session held.

Attending were Mrs. Eva Goodson, Mrs. Mable Glenn, Mrs. Lovie Barlow, Mrs. Gertrude Newton, Mrs. Dossie Crenshaw, Mrs. Josie McDaniel, Mrs. Ella Lloyd, Mrs. Ruth Wilson, Opal Pond.

Mrs. Della Herring, Mrs. Eula Pond, Mrs. Sallie Kinard, Mrs. Hazel Lamar, Mrs. Maggie Richardson, Mrs. Rosalie Gilliland, Mrs. Opal Tatum, Ben Miller, Jones Lamar.

Ladies Bible Class Studies Book Of Corinthians

Ladies Bible class of the Church of Christ met Tuesday for study on First Corinthians as members gathered at the church. Next Tuesday study will also be on Corinthians it was announced.

J. D. Harvey, minister, was in charge of the lesson. Present were Mrs. H. D. Mansur, Mrs. Jack Reed, Mrs. T. A. Thigpen, Mrs. H. H. Long, Mrs. Pat Roberts, Mrs. Granville Glenn, Mrs. Jack Daugherty, Mrs. J. C. Rogers, Mrs. C. E. Higginbotham.

Mrs. Mamie Acuff, Mr. and Mrs. A. H. Tate, Mrs. Buel Fox, Mrs. A. N. Stephens, Mrs. E. E. Smith, Mrs. J. B. Collins, Mrs. Mary Locke, Mrs. Schley Riley, Mrs. Sarah Gibbs, Mrs. Worley, Mrs. Des Foster, Mrs. T. E. Martin, Mrs. W. L. Mead, Mrs. J. D. Harvey, Mrs. C. T. Gill, Mrs. R. W. Rogers, Mrs. W. W. Davis, Mrs. V. C. Cagle, Mrs. M. O. Dingler.

Tuesday Bridge Club Meets In Home Of Mrs. P. W. Malone

Mrs. J. G. Carner was included as a tea guest when the Tuesday Bridge club met yesterday in the home of Mrs. P. W. Malone.

Refreshments were served and others present were Mrs. R. B. G. Cowper, Mrs. Joe Pond and Mrs. Larson Lloyd. Mrs. Pond is to be next hostess.

WARNING! BEWARE OF BOWEL WORMS

Bowelworms inside you or your child can cause real trouble. And you may not know what is wrong. Warning signs are: "picky" appetite, nervousness, uneasy stomach, itching parts. Get JAYNE'S Vermifuge right away! JAYNE'S is America's leading proprietary worm medicine; used by millions. Acts gently yet expels roundworms. Be sure you get JAYNE'S VERMIFUGE!

Zinnias, Pinks Used At Shower Held For Bride

A lace-laid table was centered with zinnias and pinks for the bridal shower given Tuesday afternoon in the home of Myrtle Richardson honoring Mrs. Chappo Smith. Mrs. Smith is the former Morine Hill.

Party hours were from 2:30 o'clock to 5 o'clock. Assisting the hostess were Mrs. G. R. Smith and Mrs. L. C. Hill.

The table centerpiece was surrounded with miniature flags in gum drops which were also given as plate favors.

Refreshments were served and others present were Mrs. Miller Watters, Mrs. M. P. Hill, Mrs. Elmer Hensley, Mrs. Jerry Cottongame, Lillian Crowe, Nellie Russell, Welda Merle Smith, Jerry Hill, Robbie Hill, Bernadine Smith.

Sending gifts were Mrs. C. L. Kirkland, Mrs. E. C. Evans, Mrs. Annazine Glasier, Mrs. Elizabeth Davis, Mrs. R. M. Webb, Mrs. Foster, Mrs. J. E. Franklin, Mrs. Virginia Bell, Mr. and Mrs. Jack Shipley, Dewey Hill, Bonita Hill, Mrs. Bill Maxfield, Mrs. Bledsoe O'Brien, Mrs. Reymor Brown, Hazel Richardson, Wanda Richardson, G. R. Smith, L. C. Hill.

It Isn't TABOO any more for girls to know these truths

Some girls take CARDUI, as directed, three days before "bleeding time" to help relieve periodic pain due only to functional causes. Others take it as a tonic to stimulate appetite and aid digestion by increasing the flow of gastric juices, thus helping build up strength for those demanding days to come. A 62-year record says CARDUI may help. Try it, won't you?—adv.

That Extra Something! ... You can spot it every time

IT TAKES special skill to make a thing good. It takes skill to make Coca-Cola—the skill that comes from a lifetime of practice. There's a finished art that goes into its making.

In Coca-Cola there's a special blend of wholesome flavor-essences which merges all the ingredients of Coca-Cola into the taste that makes Coca-Cola so uniquely refreshing. No one can duplicate it.

Ice-cold Coca-Cola is more than just thirst-quenching—it is refreshing. The drink that goes into refreshing energy. The drink whose quality sets it apart in delicious goodness.

War-time limits the supply of Coca-Cola. Those times when you cannot get it, remember Coke, being first choice, sells out first. Ask for it each time. No matter how short the supply, the quality of Coca-Cola carries on.

THE WAR TODAY: Allies To Take Offensive In Egypt?

By DE WITT MACKENZIE
Wide World War Analyst
If one were inclined to bet on hunches it wouldn't be a bad idea to wager a few coins that the Anglo-American assault on Nazi Marshal Rommel's supply base at the port of Tobruk was the forerunner of the anxiously and not altogether patiently awaited allied offensive to liquidate the axis threat against Egypt.
I'm sufficiently psychic to be able to suggest that Britain's new Middle East commander, General Alexander—a fighting Irishman of great capabilities and hard-boiled characteristics—is maneuvering in preparation for a house-cleaning. Certainly we can at least say that this destructive operation by sea, air and commando forces was a heartening exhibition of initiative in the very midst of the enemy camp.
This means that the British eighth army, which is drawn up

opposite Rommel's forces in the narrow confines between the Mediterranean and the great Qattara depression in the flaming desert, has passed from the stage of back-to-the-wall defense to aggressive initiative. Alexander is flexing his muscles.
Of course it doesn't necessarily follow that the British intend to launch a drive within the next twenty-four hours. It wouldn't be surprising to see it come before long, however. General H. S. S. Sewell, British military expert, reserves:
"Morale is high and the soldiers of the desert army are thinking in terms of attack."
Well, soldiers don't think in terms of attack without good reason. The indications are that the British are either set for action or rapidly nearing preparedness. It's no secret that they have been receiving reinforcements and supplies.
With the fighting in the Caucasus in such a critical state, it's vital that the British break off the Libyan claw to the pincers which Hitler is trying to close about the whole Middle East. It can't be over-emphasized that Egypt is the keystone of Britain's control of the eastern Mediterranean, and that the loss of that country might spell allied disaster.
This being the case, it's vastly encouraging to see the allies demonstrate the strength and assurance necessary for an attack against the strongly defended port of Tobruk, which lies on a coast that is held by the axis for many miles east of that base.

Choosing laxatives? These 3 Questions may be important

Ques. What is the name of a laxative that has been a best-seller all over the Southwest with four generations? Ans. Black-Draught.
Ques. Is Black-Draught purely herbal? Ans. Yes, and you'll find it easy to take. Ques. Is Black-Draught gentle in action? Ans. Yes, usually, if you follow directions. 25 to 40 doses only 25c. Insist on Black-Draught. Follow Label directions.—adv.

Help Wanted In Furnishing Radford Bldg.

Selection of the Radford building where Miller-Oldham company was formerly located at First and Hunnels streets as the site for a temporary soldier center was approved by the War Recreation Council and representatives of churches and civic clubs in a session held Tuesday at the Settles hotel.
Two rooms in the building are to be equipped as reading rooms and entertainment hall. Furnishings for the building will be secured on a temporary basis of 90 to 95 days pending establishment of a permanent USO center.
On vote of the group, it was decided to ask women's clubs to gather equipment for the building. Each club will be contacted through its representative to the council and asked to provide a proportion of necessary chairs, tables, writing materials and game equipment.
Pledge was also made by Lawrence Robinson, representing the Lions club, to secure through the men's service clubs whatever equipment the women's clubs were unable to furnish.
Mrs. Oble Bristow presided at the session which was attended by 40 club and church representatives. B. J. McDaniel, city manager, told the group of the organization of the council, the delay caused by negotiation first with WPA center project and then a switch to USO facilities.
Roundtable discussion included plans of churches to provide miniature USO centers in church halls and efforts of individual clubs to provide some entertainment for soldiers.
Capt. H. W. Nolan, special services officer, spoke of the soldier's point of view in entertainment and urged inviting individual boys into the homes as well as giving them group parties. Capt. Nolan also stated that invitations were made public to the soldiers through the medium of a post daily bulletin.
Action to begin immediately to furnish the building was urged as representatives attending the session gave pledges of cooperation.

Aliens May Now Be Called To Service

Aliens may now be inducted into the U. S. army through the medium of selective service, the Howard county draft board has been advised.
This might open the way to selection of several alien Mexicans between the ages of 20 and 45 in this country, although it was believed most of the Mexican aliens were either older or burdened with large families.
No alien who failed to file an application prior to June 1, 1942, for relief from service may now claim relief from a selective service call on the ground that he is a citizen of another country. The date affects Mexicans because that is the time when Mexico became an active belligerent.

Al Schacht Will Quit The Diamond

NEW YORK, Sept. 16 (AP)—Al Schacht, baseball's crown prince, said today that tire and gas restrictions had forced him to abandon his diamond antics and that he would open a cafe in New York shortly.

Steers To Try Night Rehearsals In Prepping For Tahoka Game

All The Punch Disappears Bums Look Like A Beaten Club

By GAYLE TALBOT
NEW YORK, Sept. 16 (AP)—A thing so strange and baffling that it almost defies description has happened to the once-debonair Brooklyn Dodgers in the closing stages of the National league race. They look tired and bewildered and the fight seems to have gone out of them in the face of the Cardinals' remorseless drive.

The reason, a member of the Dodger family explained weakly, is that it is somehow numbing to see a thing slip away day after day and feel powerless to prevent it. After a time you begin to feel dazed, he said.

"I remember the night we started our last western trip," he quavered. "We had the pennant won. We even celebrated to the extent of a tub of beer on the train, because it was a Sunday and we were passing through Pennsylvania, which is dry on Sunday."

"Not that anybody over-drank. How is a whole team going to break training on one tub of beer? But, I mean, that's the way we felt. World series, here we come! Sure, we were in a little hitting slump, but we had a seven and a half game lead over the Cardinals, so what did a little slump amount to?"

"I still can't believe it's happened. Even when they cut us down to a three or four-game lead we kept thinking any day now we'll get started again. But we didn't."

Army Crew To Meet Brooklyn

BALTIMORE, Sept. 16 (AP)—The eastern army all-stars, about as rough, tough and ready an outfit as ever tore up a gridiron, tapered off with skull practice today before meeting the Brooklyn Dodgers in the second of three games for army emergency relief. While the all-stars brushed up on the technique of blasting the Dodgers in tonight's contest at municipal stadium, the Brooklyn pro squad arrived in town and ran through limbering up exercises.

Little leaked out of the army camp except the word that the upwards of 50,000 fans expected to see the stadium might anticipate that the Dodgers would furnish tougher opposition than the New York Giants who fell before the all-stars by a 16-0 score last Saturday in New York.

Jackie Field Looms As Texas Speedster

AUSTIN, Sept. 16 (AP)—When they talk about a field day at the University of Texas this fall, it won't mean that the sports year is knocked silly and they're holding a track meet.

It'll just mean that a 190-pound junior tailback from Mission who understudied Jack Crain last season has been running wild again, and that he's been doing some more of that gris-cross running that marked Crain's three years in the Southwest conference.

Jackie Field of Mission—"the home of the grapefruit," he noted on the Texas football questionnaire—is five feet 11 inches of up and going backfielder who takes off at a moment's notice and stops only after prolonged efforts on the part of the opposition.

Not all the field's running has been developed in moleskins. He was a member of Clyde Littlefield's sprint relay team last season.

Field is a physical education major in the university and has applied for admittance to the marine corps reserve.

Series To Open At Home Of Nat'l League Champs

CHICAGO, Sept. 16 (AP)—The world series will open Sept. 20 on National league grounds, but just what team will be at home that day to the American league's New York Yankees is a matter that is up to the St. Louis Cardinals and Brooklyn Dodgers.

Yesterday Commissioner K. M. Landis and officials of the two leagues decided dates and other details of the 1942 classic.

They include, in brief:

If the Cardinals win the National league pennant, the following dates will be in effect: Sept. 20, Oct. 1 at St. Louis; Oct. 5 open for traveling; Oct. 7 at St. Louis; Oct. 8 open for ticket distribution for the final game; Oct. 9 at St. Louis.

If the Dodgers win, these dates will apply: Sept. 20, Oct. 1 at Brooklyn; Oct. 2, 3 and 4 at Yankee Stadium; Oct. 5 at Brooklyn; Oct. 6 open for ticket distribution; Oct. 7 at Brooklyn.

Game times: All will start at 1:30 p. m., except in the event of Sunday games at New York or Brooklyn which would begin at 2:00 p. m.

Stewart Has Job On Hands With Ponies

DALLAS, Sept. 16 (AP)—The boys were discussing the point that while Southern Methodist University might be a pain in the neck to the favorites in the Southwest conference football race Jimmy Stewart might get one in his trying to coach and watch the cash register at the same time.

Why, said one of the fellows, Jimmy's neck would need to be on hinges with him glancing at what his boys were doing on the field then looking up into the stands to keep an accurate account of the crowd.

All this banter came about when Stewart, who already was business manager of athletics, was called in to take over the head coach job after Matty Bell joined the navy.

Seriously speaking, Stewart is under a handicap in his maiden appearance as a Southwest conference football coach. The first time he worked with the squad was this fall.

But the Mustang mentor is not downhearted.

"I never saw a bunch of boys take coaching better than that gang," he said proudly.

Stewart had many reservations when he spoke of his team's chances. The question of reserve strength was of major concern. General inexperience was next.

To hear the railbirds talk "good" isn't the word for it. Reason is Wayne (Red) Shaw, a left-handed passer and left-footed kicker. With Shaw bombing from the left and Howard (Red) Maley, as sound as ever after an operation to cure a knee injury, pitching from the right, visions of the aerial heuristics of old at S.M.U. come to view.

Shaw, a slender sophomore from Athens, is one of four sophomores who appear destined to push their way into the starting lineup. Francis Pualista, a fine blocking back from Waco; Tom Dean, giant Conroe tackle, and Grady Martin, tall wingman, are principal reasons for the optimism around Oweby stadium.

Missouri's Coach Training Casualty

COLUMBIA, Mo., Sept. 16 (AP)—Coach Don Faurot, University of Missouri football coach, was the only casualty in yesterday's heavy scrimmage—and he wasn't even playing.

He stood on the sidelines, watching. A lineman crashed into him. The coach is out of the hospital already, but still on crutches.

BASEBALL AT A GLANCE

American League
Boston at Chicago canceled.
National League
St. Louis 2, Philadelphia 2 (11 innings).

Cincinnati at New York—Derrieger (8-11) vs. Lohman (13-4).

Bivins-Mauriello Decision Is Close

CLEVELAND, Sept. 16 (AP)—Mugging Jimmy Bivins proved to 8,794 home-town customers last night that highly touted Tami Mauriello can be beaten, but he'll have to do it again soon in New York to convince everybody.

The 177 1-4 pound Cleveland negro let fly a vicious left hook which parked Tami on the floor for a count of one early in the first round, but the 10-stanza scrap was close enough that Referee Joe Sedley even saw it Mauriello's way, although the two judges thought otherwise and the crowd expressed little disagreement.

Afterwards Mauriello, who at 180 1-3 was a 3-3 betting underdog with few takers, said he thought he could beat Bivins in the Golden return match decreed in the pre-fight agreement, while Bivins naturally disagreed.

Sisler Named As Semi-Pro Leader

NEW YORK, Sept. 16 (AP)—George Sisler, former big league manager and star first baseman, was named national semi-pro baseball commissioner for 1942 today by Ray Dumont, president of the organization. Sisler has held the post since 1938. His home is in St. Louis.

Dibrell Lads Working On Pass Defense

The Big Spring High school Steers will get their first taste of after-dark work tonight while workmen adjust the stadium lights for nocturnal play.

Coch John Dibrell said that the boys would take advantage of the experiment at 8:45 p. m. and prepare for the opening game Friday evening here against the Tahoka Bulldogs.

Thursday evening his charges will be given another dose of night practice with a session set for little after 8 p. m.

Tahoka will be no easy mark, according to the dope, said Dibrell. He looked at Tahoka against Lamessa last week and said the team looked pretty fair. It runs off a box and did not use a shift. While the Bulldog ground game did not look so good, the passing attack cut loose in the fourth quarter and scored a touchdown against Lamessa. After Tahoka found out the class AA boys weren't too tough, they made a ball game out of it, for although Lamessa won 25-6, the last half count was only 6 in favor of Lamessa. Dibrell is figuring all the score is now out of the Bulldogs and the Steers won't have that advantage.

He and Assistant Coach Tommy Beene have been working hard all week on pass defense, and Dibrell says the boys have improved greatly. "They have come a long way," he said, "I am pleased with their progress, but they've a long way to go yet."

His starters likely will be Poppy Blount on one end and either Red Cagle or Wayne Dearing on the other. John Urley is being used as a sub-tackle instead of playing the other end. Glen Brown and Bob Boykin will be at tackles and Bob Coffee and Darrell Webb at guards. Ethel Barkley Wood or Billy Bob McDonald will hold down the center slot while Dewey Stevens, quarter, Ernest Bostick and Bill Mims at halves and Hunka Stewart at fullback will comprise the starting backfield combination.

SPORTS ROUNDUP

By HUGH FULLERTON, JR., Wide World Sports Columnist

NEW YORK, Sept. 16—Frank Frisch, whose Pirates may be the ones to knock Brooklyn clear out of the pennant race, figures the Dodgers still have a good chance if one hitter can get hot enough to bring the rest of the club to a boil...But apparently the only place the Dodgers are hot is under Larry MacPhail's collar...Canada's green light (with reservations) for pro hockey gives you an idea what to expect in baseball next year...By the time players eligible for military service and those useful in the war effort have been eliminated, the teams likely will be made up of creaky-kneed old timers and very young, inexperienced kids...But don't look for much minor league hockey—except that played by major league teams.

Sportsmanion—
When Mike Jacobs took over fight promoting at Madison Square Garden five years ago come October, the first scrap he arranged was between Hank Armstrong and Patsy Sarron for the featherweight title. Next week's Chalky Wright-Lulu Constantino bout will be the first 126-pound championship fight in the Garden since then—which might be Mike's way of saying: "This is where I came in"...After the Minnesota varsity had scored two touchdowns on three plays against the third-stringers scrub end Dick Burk hollered: "Come on gang, let's set a record this time. Let's stop 'em."

Today's guest star—
Willie Adams, Sacramento (Calif.) Bear "Football favorite" turn out about as well as bride's biscuits. Some rise, some fall and all contain innumerable mysteries."

Service dept—
Lt. Eimer Saltes, ex-Auburn drummer, fails to pry himself loose from three jobs at the Bainbridge (Ga.) basic flying school for the opening Auburn game against Chattanooga it will break a streak of 139 consecutive games he has built up since 1928...Latest athletic innovation at the Iowa naval pre-flight school is "bottle ball"—a form of basketball played with as many men as you want on each side and several basketballs in action at once...The only rule restricts forwards, centers and guards to their own zones to prevent traffic jams.

It's Material That Counts

STILLWATER, Okla., Sept. 16 (AP)—Each fall there is excited babble about this wonder coach or that miracle man, but all this football flapdoodle fails to impress Jim Lookabaugh, Oklahoma A. and M. college coach.

"It's just the same as it's always been," maintains the coach, who says it's the material that counts. "Last fall I saw a lot of fine teams in action, and during the winter I saw motion pictures of most of the others. And we've all got just about what everyone else has got."

Lookabaugh believes that about 90 per cent of all college teams operate from the single wing formation although one might never suspect from the exotic names pinned on the formations by the publicity departments.

"If you don't think it's the material that makes championship ball clubs, look at what happened when Clark Shaughnessy went to Stanford," says Jim. "He took the same T formation he had been using at Chicago University, and losing with it by 60-0 on good days and by 80-0 on bad, and came up with a winner."

Shark's liver, weighing 1-4 of the total weight of the shark, contains as much as 80 per cent of vitamin-rich oil.

Dodgers Have To Overcome Cards' Two-Game Lead

By JUDSON BAILEY
Associated Press Sports Writer

The dogfight in the National league became a two-ring circus again today as the Brooklyn Dodgers took up the chase of the St. Louis Cardinals after two days of idleness during which the Redbirds menaced to entrench themselves in first place by two full games.

The layoff which the schedule handed the Dodgers at this critical stage provided at least a temporary profit for the Cards because it gave them a working margin for their battle down the stretch. But there was a possibility that the open dates might favor Brooklyn in the long run.

This was because the fiercely fought series in Philadelphia took so much out of the Cardinals that they appeared groggy yesterday even though they dragged down a 3-2 victory over the Phils in 14 innings with the veteran St. John hurling all the way for the losers.

The Dodgers have now had time to relax before taking on the Pitts-

burgh Pirates today and tomorrow at Ebbets Field. If they are able to snap out of their five-game losing streak with a strong front against the Pirates, then the layoff will have proved beneficial.

Besides the Cardinals' contest the only other major league game yesterday brought together the Boston Red Sox and Chicago White Sox in the American league, but weather halted play in the fourth inning, forcing cancellation of the game. Chicago was leading 4-3 at the time.

Odom At Wingback For Rice Owls

HOUSTON, Sept. 16 (AP)—Pete Odom, a sophomore, will be at wingback for the Rice Institute Owls when they scrimmage Ellington Field today, Coach Jess Neely announced.

Jack Creager, another sophomore wingback who had been running with the first team, withdrew from school yesterday.

Cats, Sports Play 'Sugar' Game Tonight

By The Associated Press
Fort Worth and Shreveport tonight will decide which team will meet Beaumont for the Texas league championship.

The Cats and Sports are tied at three games all in the Shaughnessy playoffs after Hank Oana tossed Fort Worth to a victory last night, 1 to 0.

Last night's contest was a marvellous pitching battle between Oana and Doyle Lade, who retired for a pinch hitter in the eighth after allowing four hits, the same number allotted to the Sports by Oana.

Colorado mines the largest amount of molybdenum, an indispensable metal in manufacture of steel armaments.

REDDY KILOWATT'S Wartime Lighting Lesson No. 1:

Clean Fixtures Give **MORE LIGHT!**

BETTER LIGHT

WARTIME economy demands that we make the best use of what we have. **GOOD LIGHT**, so essential to good work, can be **BETTER** light, just by keeping light bulbs and glass diffusing bowls clean.

There's no rationing on soap and water, so improve your lighting in a few minutes this easy way. Disconnect your lamp and unscrew the bulb and wipe it with a damp cloth. Remove the glass diffusing bowl and give it a good bath in soap and water. Be sure the bulb and bowl are dry before putting them back in the lamp. You'll be agreeably surprised how much more light you get.

White Shade Linings give more light. You can "roll your own" by marking the shade outline on good white paper. Trim to fit inside of the shade and fasten with Scotch tape.

Keep Spare Fuses on hand to save you time and trouble if a fuse blows. First, disconnect any lamps or appliances that may have caused the fuse to burn out, and then replace the blown fuse.

Pickers Are Being Placed

Placement of cotton pickers is growing like wild-fire, O. R. Rodden, manager of the Big Spring district office for the United States Employment Service, asserted Tuesday.

In the past seven days the USES has placed 1,150 pickers, and there is now a demand on file for around 1,500 more. Little more than a week ago there was a surplus of pickers.

Crews migrating from the lower valley this year are materially larger, reported Rodden, who also ventured that there would virtually none of the smaller crews this season.

This, he explained, resulted from decisions of tire rationing boards in South Texas to grant rubber only to those labor units which were transporting large enough

groups to justify the issuance of tire purchase certificates. The small family crews of four to 10 members appeared out unless they happened to have good tires on hand.

The conclusion was that farmers with small parcels of cotton would have to arrange for local pickers or depend upon family labor. Some of the crews coming up from the south are capable of picking 12 bales a day. Yesterday evening there were two units, one having 70 members and another with 65.

1915 Dodge Goes To War Scrap Heap

EXCELSIOR SPRINGS, Mo., Sept. 15 (AP)—Uncle John Watkins' 1915 model Dodge car may see a lot of action yet.

Uncle John bought the car in 1928, put new tires and a top on it, had it driven to his farm north of here, jacked it up in the barn and there it stayed.

"Uncle John always said he knew a bargain when he saw one," relatives explain. Today the Dodge is down off the jacks at last, headed for the scrap heap and its bit in defense.

He Built Too Well

FORT BLISS, Sept. 16 (AP)—That new obstacle course built by an army captain at Fort Huachuca, Ariz., was just that.

After building the course, the captain sped over it on the first trial run. He failed to negotiate a deep ditch, tumbled and landed in the Fort Bliss station hospital with a fractured leg.

All Registrants To Be Classified Before November

Instructions have been received by the Howard county selective service board to arrange for the initial classification of all registrants by the end of October.

While the majority of registrants by the end of October.

While the majority of registrants with the board have been classified, there are some in the February group—particularly those above 45 years of age—who have not yet received their initial classification.

Indications were that the board soon would start a reclassification program, for copies of a new supplemental questionnaire have been received. Previously, the board had sent some 800 to 900 supplemental questionnaires to 3-A registrants, but when subsequent registrations came on at such rapid rates, this was halted until more pressing work could be done.

The new forms are far more complete than those sent previously, and presumably are intended to furnish ample information not only for reclassification, but for proper placement in categories in the 3-A class.

Rains Upset City Garbage Collection

Complaints have been pouring into City Manager Boyd J. McDaniel's office for several days about the garbage collection service and the street cleaning efforts.

Recent rains have resulted in upsetting the schedule for collection of garbage and has made impossible the use of some of the street cleaning equipment.

The situation is fast being corrected, McDaniel said, and he urges people to be patient and bear with the city for a few days longer until garbage collection, etc., will be back on a normal basis.

Fuel Oil Rationing Ordered In 30 East, Midwest States

WASHINGTON, Sept. 16 (AP)—Fuel oil rationing—possibly 25 per cent below normal use—has been ordered in a vast 30-state area for the coming heating season.

In addition to the 17 Atlantic seaboard states in which gasoline already is rationed, supplies of fuel oil will be curtailed in these 13 middle western states:

Minnesota, Wisconsin, Illinois, Indiana, Michigan, Ohio, Missouri, Iowa, Kansas, Nebraska, North Dakota, South Dakota and Kentucky.

In an order last night authorizing fuel oil rationing, Chairman

Donald M. Nelson of the War Production board said the shortage of oil "remains serious," despite shifts in transportation and conversions to coal.

"The fuel oil shortage, resulting as it does from a loss of (tanker) transportation, is a war burden that should be spread over the country as far as practicable," Nelson asserted.

"The middle western states, although present approximately in balance, are the nearest points from which fuel oil may be drawn, with a minimum of transportation facilities, to mitigate somewhat the eastern shortage. This withdrawal of fuel oils from the middle west necessitates rationing in that area."

Two additional states, Tennessee and Oklahoma, were considered for rationing, but passed over because of their small number of oil burners.

Under a coupon system to be set up by the Office of Price Administration rationing will vary in different regions. Details will not be announced until OPA has completed its plans.

Group Named As Officer Candidates

Nine men from the Big Spring Army Air Force Advanced Flying School have been selected for army air force administrative officers candidate school, it has been announced from headquarters of the AAFAPS here.

Each has been ordered to report to Miami Beach, Fla., reporting not later than Sept. 17, 1942 to enroll in the school.

Selected as officer candidates were: 1st Sgt. Arlynn E. Schnuelle, 818th Sch Sq; S/Sgt. William D. Denton, 818th Sch Sq; S/Sgt. Cecil M. Richardson, 818th Sch Sq; Sgt. Lloyd W. Feller, 818th Sch Sq; Cpl. John T. Chew, 365th Base Sq; Air Base Sq; Cpl. John R. Downs, 818th Sch Sq; Cpl. James W. Williams, 365th Base Sq; Air Base Sq; Cpl. John F. Woods, 365th Base Sq; Air Base Sq; and Cpl. Edward V. C. Nicol, 818th Sch Sq.

Singers Will Go To Stephenville

Several people will go from here to the annual state singing convention at Stephenville this weekend. Paul Attaway, a leader in Howard county and West Texas singing activities, predicted Wednesday.

For a time it had been hoped that enough could go to justify use of a big truck for the trip, but at an area singing held last Sunday at the Trinity Baptist church, interest was insufficient for getting the truck.

However, there will be a number who will make the trip anyhow, said Attaway. Normally, the state singing convention draws from 3,000 to 8,000 singers.

War Problems Of Schools Recounted

War is imposing some new responsibilities and some new problems on schools, W. C. Blankenship, city superintendent, said an address before the Rotary club Tuesday.

While enrollment in the elementary and the eighth grades have shown pronounced gains, the high school enrollment is down by five per cent. This, said the schoolman, is due to enlistment of some of the youths in the armed services and to the acceptance of good-paying jobs in other instances.

Schools are faced now with a new instructional emphasis on democracy. There are many drastic trends such as the demand of "world-wide" instruction, but the most pressing is to instill in the youngsters a burning conviction that democracy is the only way of life for free souls. They need this spirit to combat the fanaticism of totalitarian systems, he contended.

Joe Ratliff, pre-flight aeronautics instructor at the high school, was introduced by Blankenship, who told of Ratliff's experience as a teacher in the naval reserve base school at New Orleans.

The pre-flight training program here, explained Ratliff, is virtually the aviation cadet gets in his first three months of training. It embodies studies in seven fields such as aerodynamics, air craft identification, etc. The speaker said he had known of cases where lack of such fundamental knowledge had cost students their lives. He felt that the course was ideally adapted to youths of high school age because they are the most logical material.

The percentage of brown hair is 75 among Spaniards, 39 among French, and 16 in Scandinavia.

New Wildcat Locations In Mitchell Co.

Two wildcat tests have been staked in eastern Mitchell county by W. D. Casebolt, Snyder, and both will explore to 4,000 feet or pay at lesser depths.

No. 1 Thompson will be located 660 feet from the north and east lines of section 53-25, T&P, is approximately two miles west of Loraine and five and a half miles east of Colorado City. The No. 1 Smith, 660 feet from the north and east lines of the southwest corner of section 64-25, T&P, is around three miles southwest of Loraine and six miles southeast of Colorado City. Cable tools will be used.

In another Mitchell south test, the C. T. McLaughlin and Cosden Petroleum Corp., No. 1 H. H. Griffin, section 26-28-1a, T&P, reported past 1,768 feet in lime, topped at 1,407 feet. The test is contracted for 3,000 feet. Founding out developments in this county, the F. W. Merrick No. 4 Strain, in section 64-97, H&TC, pumped 99 barrels of 30 gravity oil following a 730-quart shot from top of pay at 1,589 to 1,732 feet.

Mid Continent No. 5-B Denman, in the East Howard-Istana area, was reported complete with a potential of 146 barrels of 31 gravity oil pumped in 24 hours following a 500-quart shot from pay top at 2,670 to 2,850 feet. Location is 997 feet from the south and 2,309 feet from the east lines of section 16-30-1a, T&P.

Reports were that the Ray Al-

baugh No. 1 Higginbotham, northern Dawson county wildcat, now four feet past contract depth at 5,204 feet in lime would be deepened. It is in section 5-H, H&TC.

Scurry county's deep test, the Humble No. 1 Newman, section 25-47, H&TC, was past 5,022 feet with broken lime and shale.

Brazil was the only South American republic to declare war on Germany in the first World War.

WAKE UP YOUR LIVER BILE

Without Calomel—And You'll Jump Out of Bed in the Morning!—To Go

The liver should pour 8 pints of bile into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then you have up your stomach. You get constipated. You feel sour, and the world looks pink.

It takes three good, old Carter's Little Liver Pills to get these 8 pints of bile flowing freely to make you feel "up and up" for a package today. This is distinct. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 15¢ and 25¢.

Announcing The Appointment of George W. Stimpson

As The Herald's SPECIAL WASHINGTON CORRESPONDENT

Washington, capital of a mighty nation at war and nerve center of the entire Allied campaign, has become the world's greatest news center.

Over the leased wires of the Associated Press, The Herald supplies its readers with news of President Roosevelt's activities, Congressional action, Army and Navy communique from the far-flung battlefronts, pronouncements of Donald M. Nelson and Leon Henderson and Harold Ickes that affect the everyday life of all of us.

Through the special Regional Service of The Associated Press it obtains news of particular interest to West Texas.

But amid world-reverberating news of war developments there are scores of happenings in Washington of especial concern to Big Spring people and other residents of this West Texas area.

To cover these important events and to interpret them in the light of other developments in Washington, The Herald has opened its own news bureau.

To handle this assignment The Herald has selected a man acclaimed by the capital press corps as one of the ablest writers in Washington—George W. Stimpson, veteran of 20 years' active reporting in the nation's capital.

Watch For Stimpson's Informative Dispatches

All America Knows Budweiser... but You Know This

FROM GLACIERS TO GLIDERS

Thousands of retailers of ice cream and frozen foods are using equipment made by our Refrigeration Division—a manufacturing activity which was developed from our years of experience in making ice in glacier-like quantities needed for the brewing of Budweiser.

This equipment is helping to keep America's foods fresher and more nutritious.

Today, however, orders for ice cream and food cabinets will have to wait, for this Division is working all-out on glider wing and fuselage assemblies for our Army Air Forces.

Year after year, we have striven with research and resources to better the methods and facilities for brewing Budweiser. To do this, a laboratory specializing in fermentation and nutrition was necessary. Discoveries made in the laboratory and in the plant have led to the development of products contributing to human necessity and progress. Some of these products would appear to have only a remote relationship to brewing, yet, they are the result of scientific research into many allied fields.

Endless research in making the world's leading beer has led to other products

VITAMINS, B COMPLEX—Our plant is one of the world's largest sources for manufacturers of pharmaceutical and food products.

VITAMIN D—Anheuser-Busch produces enough of the basic material for Vitamin D to supply the entire American market.

BAKER'S YEAST—We are one of America's biggest suppliers of standard and enriched yeasts and malt syrup used to make bread.

CORN SYRUP—many millions of pounds annually for America's candy industry.

SYRUPS—for food, table and confectionery uses and special syrups for medicinal purposes.

STARCH—for food, textile, paper and other industries—millions of pounds annually.

VITAMINS FOR LIVESTOCK—We are America's biggest supplier of yeast vitamins used to fortify animal feeds.

DIESEL ENGINES—Adolphus Busch, founder of Anheuser-Busch, acquired the first rights to manufacture this revolutionary engine in America and thus started our great Diesel industry on its way.

Budweiser

Softball Tourney To Start Tonight

DETROIT, Sept. 16 (AP) — The five-day battle for championship in the annual tournament of the Amateur Softball Association of America begins tonight, with 34 regional winners competing in mens and womens divisions.

In an open draw conducted by Governor Murray D. Van Wagoner, opponents will be named shortly before game time for tonights two battles.

The South Bend, Ind., Bendix, defending champions, head the field of 15 mens teams. The feminine divisions 1941 champions, the Tulsa, Okla., Higgins Midgets has disbanded.

Former President Of Uruguay Dies

MONTEVIDEO, Uruguay, Sept. 16 (AP)—Gabriel Terra, 69, president of Uruguay from 1931 to 1933 and brother-in-law of the present chief executive, Alfredo Baldomir, died last night.

Continued From Page 6

out suddenly. "But I don't want to be taken care of! I'm not a baby, and when I get married it will be to — to —" Anger died, left a strange lump in her throat.

"To whomever I please. And I don't need your advice."

She put a check rein on her own emotions, tried to remember that as a competent physician, she should be above quarreling with a patient.

"I should give you Priscilla's answer to John Alden," she tried to say flippantly. "Why don't you speak for yourself?"

Pete's smile flickered. "Don't hand me that, Julie. When I want your pity, I'll ask for it."

"Why, Pete! What are you saying?" Horrified, she tried to stop him.

He faced her, blue eyes cold and hard. "I'm telling you I'm no hero. I'm a damned fool. I had my chance to be of some real use and I muffed it. You're sorry for me. Everybody's sorry for me. And damn the whole pack of you — don't think you're fooling me with your fine praise and your jolly back-slapping."

Something gave Julie the courage to say what her doctor's training told her to. "Of course I'm sorry for you. But not because you had the rotten luck to crack up a plane. Hundreds of pilots have done that. And I lived through it. Certainly I'm sorry. Sorry that you haven't the will power to snap out of it, take what you have to take, and keep your courage."

For a moment Pete just looked at her, his face a white mask. Then he said, hollowly. "Thanks for the lecture, doc."

Julie didn't answer. She could only stand horrified at the cold fury in Pete's eyes, aware that that moment went the last possible hope that someday the Pete who had been her sweetheart might come back.

To be continued.

At Home —

Recently at home on furlough was this navy man, Clarence Sheffield, son of Mrs. Odessa Ray of Big Spring and nephew of Howard Jones of Foran. Sheffield is currently stationed at the San Diego naval base. His brother, Eugene, also in the navy, is on sea duty.

Airmen Use The Airmail

The air corps is certainly airmail mided.

Postmaster Nat Shick will testify long and late on this point, for the airmail poundage out of Big Spring these days is nearly twice what it was a year ago. A big part of this gain, believed the postmaster, was use of airmail by men and officers assigned to the Big Spring Army Air Force Advanced Flying School and to those attached to the Big Spring Army Air Force Gilder Training Department.

Most recent check showed that airmail had gained 58 per cent over a year ago and Shick felt that as personnel was increased it would be only a short time until this type of mail was up by 100 per cent.

Mail is dispatched from the school's postoffice in the afternoon in time to make the airmail closing at the postoffice. A surprisingly large number of those in the service use this faster method at six cents per stamp in preference to the ordinary mail service which costs free to them.

Man Named In An Assault Charge

Charges of aggravated assault have been lodged in county court against L. D. Reese, in connection with an alleged attack on Lilla May McLendon. The complaint charged that Reese had struck the young woman with his fist. He was arraigned and released under \$250 bond.

DRIVING CHARGE

A plea of guilty to dangerous driving was entered before Judge Tracy Smith of corporation court Wednesday morning by Joseph H. Edwards. He was fined \$50 and had his driver's license suspended for six months.

Cotton Group Airs Views On Price Control

WASHINGTON, Sept. 16 (AP) — State agricultural officials from the cotton belt opened a second front today on behalf of farm interests in President Roosevelt's anti-inflation program.

The senate agriculture committee called a special meeting to hear a group of state agriculture commissioners from the southern states express their sentiments toward the pending price control bill and its probable effect on farm prices.

At the same time, representatives of both farmers and organized labor were on hand to give their views to the senate banking committee, which is conducting a formal hearing on a resolution that would empower the president to stabilize prices at parity or the highest market price thus far in 1942.

Senator Thomas (D-Okla.) said he understood the cotton belt group would offer two resolutions to the agriculture committee. One would oppose any blanket granting of powers to the president by congress. The other would ask that suitable wage controls be linked with any control of farm prices.

"They don't want the farmer to be sacrificed for labor," Thomas said.

Members of the farm bloc in congress have proposed that the cost of hired hands be included in the computation of parity in farm prices, which means the equivalent of an index figure that represents a favorable past purchasing power. Farm labor costs are disregarded in the present parity estimates.

Wages would be considered in the future under a farm bloc stabilization bill by Rep. Steagall (D-Ala.) which comes up for a hearing before a house committee today. Secretary of Agriculture Wickard, as well as Price Administrator Leon Henderson, in their appearance yesterday, supported President Roosevelt's request of Sept. 7 that the parity basis remain as it is.

The president himself meanwhile adopted a hands-off policy for the time being, telling reporters at his press conference yesterday that he preferred to let congress work the problem out by itself.

To Idaho —

G. C. (Good) Graves, former Big Spring high school grid stalwart, and now in the navy's physical fitness program, is being transferred to Idaho for further duty in that field. He has been stationed in San Diego for the past two months as company commander. Good sent his regards to the 1942 crop of Steer footballers.

Hunters Go Out For Limit On Dove

All the shootin' does not mean that there's a second front in the West Texas pastures.

It means that the dove season was open today, and that the nirods were out in goodly number to get a bag limit on the first day.

Although there were no definite accounts of Wednesday's hunting, reports said generally birds were plentiful. A large number of Big Springers were in the fields during the day or planned to go during the afternoon.

Weather Forecast

WEST TEXAS: Few scattered showers or thunderstorms in Del Rio-Eagle Pass area and over the mountains in the Big Bend country late this afternoon or tonight; temperatures about the same as yesterday.

EAST TEXAS: Scattered showers in east and south portions this afternoon and tonight; little temperature change. Moderate winds on the coast.

Church Group Meets

Men of the St. Mary's Episcopal church met for a dinner affair Tuesday evening at the Settles hotel.

The Rev. R. J. Snell, rector, addressed the group, stressing the importance of fellowship for men of the church.

Hangars At Airport Are Coming Down

Another long converted project had been settled Wednesday, and the city airport hangars were being dismantled.

The city and the army came to an agreement whereby the army was to dismantle the steel hangars and the city would haul the material away.

City Manager E. J. McDaniel said that it would be stored in the city park game preserve area and might eventually be converted into a warehouse.

The galvanized iron building, in use previously by the Big Spring Flying Service, is to be moved to the north end of the space being vacated by the hangars and there set as storage for American Airlines, which will continue to maintain its daily schedules off the Big Spring field.

Art Wintheliser, who operated his Big Spring Flying Service from the field, had moved his materials and equipment out. He was reportedly out of town Wednesday and could not be reached immediately for a statement of his plans. Currently his service is contracted for an army pre-glider school here.

Air School Recruits Go Through That Period Of Being Yard-Birds

Look out for Snuffy Smith—he may be in the bunch of new recruits getting their elemental drill at the Big Spring Army Air Force Advanced Flying School.

They have a special little nook in the school's vast layout where, clad in their yard bird clothing, they are learning slant that left heel on the Hunt and Three! while keeping chest up and eyes to the front.

They're just like Snuffy Smith

For Men: It's Felt Hat Time Again

NOTE TO MEN:

If you hadn't noticed, the autumn season is at hand—and that means your summer straw hat should be discarded, for the duration, or maybe for good.

Friday has been designated as Felt Hat Day in Big Spring, and merchants who deal in such merchandise are cooperating to put forth the new idea that a man wants for fall and winter, 1942. Could be that jeep hats and helmets will be in store for some, but until that day comes, a decent felt item of headgear is much better for morale than a discolored straw. You are requested to take notice.

Personal Items From Coahoma

COAHOMA, Sept. 16.—Mr. and Mrs. Carl Bates, Billy Carl and Corp. Vernon Bates of Camp Barkley spent the weekend in Gatesville with Mr. and Mrs. J. R. Bates.

Mr. and Mrs. Virgil Henderson of Lottville were Sunday guests in the home of Mr. and Mrs. J. A. Roberts.

Mrs. J. D. Falkner, mother of Mrs. T. W. Farris, has returned here to make her home after spending the past several months in Midland and McCamey.

Mr. and Mrs. W. J. Jackson and Mrs. Mary Jane Adams spent the weekend in Midland.

Dow Keith and Jack Graham, who have enlisted in the U. S. army air corps left Monday for the induction center at Fort Sill, Okla.

W. L. Bell, son of Mrs. Rachel Bell, has finished basic training at the San Diego naval base and is now stationed at the naval hospital in Corpus Christi.

Mr. and Mrs. E. C. Roberts of Seagraves spent the weekend here with his parents, Mr. and Mrs. J. A. Roberts and her sister, Mrs. R. L. Powell.

The following are leaving this week for Lubbock to enroll in Texas Tech: Earlyne Reid, Amy Lee Echols, Mary Lee Logan, Ben Logan, Gray Ehrkead, Harold Ebovill, Herbert Lindley, Buzzie Hubbard, Sibby Nels, and Buddie Young.

Joe Owens is visiting in Temple this week and from here he will go to Austin where he will enroll in the university.

Mr. and Mrs. C. A. Coffman, Mrs. Mitchell Hoover and Julia Boyce were in Eden recently to attend the funeral services for Aubrey Cavin.

Mr. and Mrs. Burrell Cramer and Mrs. Hubert House of Levaland have been visiting relatives and friends here for the past several days.

Mr. and Mrs. E. E. Tamplin of Carlsbad, New Mexico, were recent guests of Mr. and Mrs. W. A. Hunter. Mrs. Tamplin is the former Mrs. Lee Able.

While visiting his son in San Angelo, Mr. J. W. Brock suffered a light stroke of paralysis but he was able to return to his home here and is reported improving.

Mrs. B. G. Shepard has returned from Dallas where she visited her daughter, Mary Frances, and other relatives.

Word comes from Dwight McCann, son of Mr. and Mrs. Tom McCann, and Cramer Thomason, son of Mr. and Mrs. G. W. Thomason, and they are in the signal corps and stationed at Camp-Upton, Long Island, New York.

Recent guests in the home of Mr. and Mrs. J. E. Rowe were Mrs. A. C. Jones of Flint, Oklahoma, Mr. and Mrs. Fred Jones and Fred die of Jal. New Mexico, and Mrs. Clyde Pruitt and Ronald of Odessa.

Mr. and Mrs. O. L. Satterfield were in Brownwood Tuesday to enroll their daughter, Virginia, in Howard Payne. Mildred Carter accompanied them and she will enroll as a junior.

Betty Jean Guthrie, daughter of Mr. and Mrs. G. T. Guthrie is convalescing from tonsillotomy.

T. W. Farris was a visitor in Sweetwater Monday. His grandson, Larry J. Farris, returned home with him to spend several days.

O. C. Evans of Heflin, Alabama, is visiting his cousin, D. S. Phillips and Mrs. Phillips.

Peggy Jo Perry and Billie Jean Dunivan left Monday after spending several weeks with their grandmother, Mrs. J. T. Dunivan. They will join their parents in Portland, Oregon.

Roger Eaton, a former band director in the school, was visiting friends here Monday.

Pvt. Ernest A. Brooks of Camp Claiborne, Louisiana, is here visiting Mr. and Mrs. Jimmie Brooks and family.

James Hunter of Sheppard Field was here last weekend to see his parents, Mr. and Mrs. W. A. Hunter.

L. E. Smith was in Roscoe recently to see his parents, Mr. and Mrs. M. E. Smith.

Former pastors of the Baptist church who were here Sunday to attend the homecoming and dedication of the church included Rev. W. R. Derr of Falls, Rev. A. A. Watson of Lamesa and Rev. E. E. Mason of Big Spring. About sixty out of town guests were present. Mrs. W. C. Rogers was general chairman of arrangements.

Incumbents Victorious In Most States

By The Associated Press

Returns from primaries in five states disclosed today relatively few upsets with most incumbents winning party renomination including Senator Henry Cabot Lodge (R-Mass.) and apparently Republican Governor Julius P. Hell of Wisconsin.

Yesterday's balloting which virtually completed the nation's pre-election voting also gave circuit Judge Homer Ferguson of Detroit a sizeable lead for the republican senatorial nomination over Gerald L. K. Smith, former lieutenant of the late Huey Long and an advocate of "fires for all."

The Massachusetts democratic primaries brought almost certain victory to U. S. Rep. Joseph E. Casey and Major Roger L. Putnam of Springfield for the senatorial and gubernatorial nominations. The latter held a fairly wide lead over former Lieut. Governor Francis E. Kelly while former Mayor John F. Fitzgerald, Boston, conceded the senatorial nomination to Casey.

Former Governor James M. Curley, one of the bay state's most colorful political figures, staged a comeback after four straight political setbacks to capture the democratic congressional nomination in the 11th district.

On the republican side, Governor Leverett Saltonstall was unopposed for renomination. The party's only state-wide contest resulted in a landslide for lodge over Courtenay Crocker, Boston.

The unofficial returns gave Ferguson a lead of nearly two to one over Smith in Michigan's senatorial contest with a third candidate, Elton R. Eaton, Plymouth weekly newspaper publisher, far in the rear. In the Nov. 3 election, the winner will face U. S. Senator Prentiss M. Brown who was renominated on the democratic ticket without opposition.

Representatives Paul W. Shafer, Clark Hoffman and Bartel Jonkman, republican who were termed pre-war isolationists by their opponents, took early leads for renomination. Democratic Governor Murray D. Van Wagoner and Harry F. Kelly, republican, were unopposed for their parties' gubernatorial nominations.

Wisconsin's comparatively light voting appeared to have been sufficient to give Hell the republican nomination to a third term over his two opponents, State Senator Milton T. Murray and Dr. James K. Robinson, Milwaukee.

In New Hampshire, U. S. Senator Styles Bridges obtained the republican renomination by an overwhelming majority. Francis P. Murphy, twice republican governor of the state who shifted allegiance to the democratic party last June, appeared to be the nominee to face Bridges on election day.

Republican Governor Robert O. Blood also appeared to have won renomination with a better than two to one lead over William M. Cole, former state senate president.

The New Jersey primary brought a nip and tuck race between Albert W. Hawkes, former president of the U. S. chamber of commerce, and Gill Robb Wilson, state aviation director, for the republican nomination to the U. S. senate. Both accused President Roosevelt's administration of bungling the war effort.

One of the incumbents who failed to obtain renomination was U. S. Senator Wall Doxey who lost out in Mississippi run-off democratic primary to a newcomer in politics, James O. Eastland, 37-year-old attorney and cotton planter.

Two Negroes Leave For Active Duty

Two negro reserves left for active duty in the army Wednesday, according to the Howard county selective service board.

They were Telle Turnerhill, a Big Spring negro, and Zepher Anglin, transferred from Limestone county.

Permits Taken On Five Residences

Residential building permits took a spurt Wednesday, with the filing of applications with the city by C. C. Broyles, Big Spring Housing corporation, for five houses.

Construction price on each is listed at \$3,000. The five are in a group of probably a dozen Broyles is planning to build in the Park Hill addition.

All the five structures, on which work has been started, are in the 800 block of West 16th street.

Three More Enroll In Specialist Corps

Three men from Stanton signed up for service in the army air specialist corps Tuesday. The men enlisted are: George J. Herzog, Ross Hay, and Edward A. Winslow.

Noel E. Glendening, Tarzan, and Morris C. Grauke, Big Spring, were also enrolled for this service.

Here 'n There

Groundwork for Big Spring's observance of annual Fire Prevention Week, which comes in October, will be laid this week. E. B. Bethel, former city fire marshal, will talk to high school students on this program at their assembly Thursday afternoon.

Pvt. Jim Wright, who is working under Sgt. Edwin R. Turner in the local army recruiting station, has just received notice of his promotion to private 1st class.

Calotabs

Next time you need calomel take Calotabs, the improved calomel compound tablets that make calomel-taking pleasant. Sugar-coated, agreeable, prompt, and effective. Not necessary to follow with salts or castor oil. Use only as directed on label.

TO MEN FROM 18 TO 35

If you fail to qualify for army combat plating due to age or minor physical defects, or to failure to pass air corps examinations, you have a chance now of going into the air forces as a glider pilot, transporting supplies, troops or equipment. This phase of the air force is new and offers rapid promotion. As soon as you have finished light airplane training for eight weeks, you will receive a staff sergeant's rating and pay of \$144 monthly as well as uniform and sustenance. Out of each class there will be a certain number of men commissioned second lieutenants, with pay from \$245 monthly. Entrance examinations for the new class will be held at 1:30 p. m. Sept. 18, with class to start training as soon as examinations are graded. For full information, phone, write or wire
