Vice-President's Son Accused Of Taking Bribes

Tractors Say Government Jobs Promised Them

K. Curtis, son of United States Vice-President, is Ordered Held For Questioning by Illinois State Attorney in Chicago

CHICAGO, May 21.—Harry Curtis, son of the vice-president, was ordered questioned today concerning complaints of Chicago contractors they have paid fees to Curtis in connection with government building contracts.

Pat Roche, chief investigator for the state's attorney, ordered Curtis to his chief's office and had taken into custody Malloy, who is said to have a go-between in deals contractors said they had paid Curtis for government contracts.

Malloy and Richard Jackson, assistant state's attorney, are handling the complaints of contractors for some time, it was said today and have accumulated considerable evidence.

One of the contractors, M. C. charged he gave Curtis a \$500 and was promised government contracts in Illinois or in his money back. As evidence turned over to Jack-canceled check with the Harry K. Curtis as indorsee.

The contract was not signed in 30 days, Devon said to Curtis' office and demanded the money and got back Devon said Malloy had dis- with him the possibility of the White House while for the contract.

Thorgerson, head of a company, also said he was promised \$500 and was promised in several towns. He did his money back, he told re was a lineup of 10 or more stores in Curtis' office when he was promised.

Mr. Zocco, architect, said he was promised \$500 and was promised of designing the new building in Ottawa, Ill.

He said evidence showed that contractors charged they had paid Curtis a total of \$3,250 but some of them had received amounts of their money.

He said most of the contracts were in the promises were for related federal buildings in Kansas, Kansas, Wis., Aurora, Minneapolis, Minn., and Fort Worth.

He said he did not believe Curtis had delivered any of the money that his investi- was for the purpose of find- whether any state laws had violated.

United States Secret Service is engaged in the investigation of rumored deals in government contracts.

LEE ADMITS DEFEAT BY BLANTON

RAYMOND BROOKS
AUSTIN, Tex., May 21.—Two million dollars a year for educational buildings and \$1,000,000 a year for hospitals and institutions will be the least on which the state can meet imperative needs for 1931-32, according to R. B. Walthall, member of the board of control.

Mr. Walthall now is at work surveying the budget needs of all state institutions.

The educational budget, nearly one-half of which must be for Texas Tech college at Lubbock, will include no buildings for A. & M. college or Texas university, and no dormitories for any school. The classroom buildings are the classroom structures and laboratories, with a hospital at the College of Industrial Arts, Denton.

University and A. & M. are to get their buildings from the university available fund, now being increased by interest from oil royalties. Legislative authority for self-financing dormitories has solved what was another problem.

San Marcos, Denton and Nacogdoches Teacher colleges will get most buildings of the group of normals, according to Mr. Walthall, this being their turn for enlargement of their plants.

The new C. I. A.—college of arts and industries—at Kingsville, will require several buildings to expand its work as provided by the legislature. John Tarleton and Arlington colleges will need buildings.

There is serious overcrowding of nearly all the eleemosynary institutions now and long waiting lists, Mr. Walthall said. Relief is in sight only for the insane, with buildings at Wichita Falls and Tusk already authorized to house 800 more patients. That will meet the needs of the insane, 1931. It has been estimated, and Gov. Dan Moody has pointed out that the state should build for use by 1932 another insane hospital somewhere in West Texas.

The worst condition of all exists at the state school for feeble-minded at Austin, Mr. Walthall said. This school, with 700 pupils, has more on its waiting list than within its walls. The legislature undoubtedly will either greatly expand this school next January, or create another similar institution, according to Mr. Walthall's view.

The state epileptic colony near Abilene has more than 150 patients on the approved waiting list, and nowhere to put them. One building is provided for in present appropriations, but will take care of only a few of those waiting admission.

The state orphan home at Corsicana, with 400 children, is seriously overcrowded, according to Mr. Walthall's survey, and has numerous children awaiting admission.

The home for dependent and neglected children at Waco needs to be enlarged.

There is a huge waiting list for admission to the tubercular hospital at Sanatorium.

"I am in favor of meeting the urgent needs of the unfortunates first, then making as liberal appropriations as possible for other purposes," Mr. Walthall declared.

State Needs Two Million For New School Houses

RAYMOND BROOKS
AUSTIN, May 21.—Plan for the state to sell off the present insane hospital within the city limits of Austin and build a modern, fireproof institution just outside the city with the proceeds has been advocated by R. B. Walthall, members of the state board of control.

He will ask his associates to join him in recommending this to the legislature, he indicated.

The action would eliminate one of the worst fire hazards existing in state institutions, would modernize a nearly obsolete plant, would take the 2,000 insane patients away from the city, and would give the city nearly \$1,000,000 of taxable property now tax-exempt, Mr. Walthall pointed out.

The institution needs fireproof buildings and needs more land for gardens, crops and dairy operations.

Proceeds of the sale of the valuable city land of the old building would be used to buy a 1,000-acre site and build a modern plant out several miles from the city, according to the state official.

The present hospital is on the Post road, main through north-south highway, and a constant hazard exists for the inmates who straggle near or across the roadway, it was said.

NEA New Orleans Bureau
The hollow steel wheel, with its glass sides, in which was juggled the fortunes of millions throughout the nation a half century ago when the great Louisiana Lottery was at its height, now rests in a New Orleans museum, having just been returned from Spanish Honduras, where it was taken when outlawed. Capital prizes of \$300,000 were actually paid and prizes of \$100,000 were common. Above are: a typical lottery ticket; the wheel from which a blindfolded orphan drew the lucky numbers; Governor Francis T. Nicholls who outlawed the lottery and whom a bribe of \$21,000,000 its leaders offered the state treasury couldn't buy. In vetoing this offer Governor Nicholls, a heroic Confederate veteran who had lost an arm in the war, wrote: "At no time and under no circumstances will I permit one of my hands to aid in degrading what the other was lost seeking to uphold—the honor of my native state."

Moody Not Yet Certain He Will Run, It Appears

AUSTIN, Tex., May 21.—Definite announcement upon Governor Dan Moody's contemplated race for another term was withheld by him today.

"We will know in a day or two," said R. S. Sterling of Houston. He and Cone Johnson of Tyler were in conference with the Governor just before Sterling left for Houston.

Sterling, who is chairman of the board of the Houston Post-Dispatch, in answer to a direct inquiry said it has not yet been decided whom the Post-Dispatch will support in the governor's race should Governor Moody decide not to run. "I never have run" was Sterling's laughing reply to inquiry about prospects of his own candidacy in that event.

From an usually well informed source today, it was ascertained that a political conference at Houston is planned. An effort will be made to prevent both Governor Moody and Senator Tom Lovv from being in the race together.

County Medical Association Met In Rising Star

The Eastland County Medical Association met at Rising Star last night with a good crowd present, doctors from every town in the county and from several towns in Brown county being in attendance.

The physicians of Rising Star furnished the visitors with a supper before the business meeting.

Those from Eastland who attended were Drs. J. H. Caton, F. T. Isbell, and H. B. Tanner.

Stephens County Has County-Wide School Exercises

BRECKENRIDGE, May 21.—The county-wide graduation exercises for seventh grade students of the rural schools of Stephens county was held Tuesday night at 8 o'clock in the Breckenridge high school auditorium.

Blake Johnson, popular speaker and citizen of Breckenridge, made the commencement address. County superintendent Mrs. Millie Blackburn, presented the diploma.

The exercises held Tuesday night were the first county-wide exercises ever held in Stephens county, and will continue to be held annually.

The invocation by N. S. Holland, superintendent of schools, preceded the professional played by Miss Annie Dye of Parks.

Theatre Circuit Changes Owners

NEW YORK, May 21.—Acquisition by the Radio-Keith-Orpheum Corporation of the Interstate circuit throughout Texas, Arkansas and Alabama has been formally announced.

Houses included are the New Majestic at San Antonio, the Majestic at Houston, the Majestic at Dallas, the Majestic at Fort Worth, the Majestic at Little Rock and the Ritz and Trianon at Birmingham.

The subsidiary company operating these theaters will be known as the RKO Southern Corporation. Karl Hobbelt, former owner, will be president of this unit.

Benefit Show At The Connellee

The South Ward Parent-Teacher association is planning a benefit show to be given at the Connellee Theatre Friday night. Mrs. E. E. Freyschlag, president of the South Ward P. T. A., and other officers of that organization, have the matter in charge.

Betty Compson's feature picture, "Woman to Woman," will be the attraction at the benefit show. Tickets for the show will be sold by children who will make a house-to-house canvass in the city.

"Jiggs" Returns Home And All Are Very Happy

After seven months of wandering "Jiggs" has returned home. John Mouser Jr., son of Mr. and Mrs. John Mouser of Eastland, was a happy youngster Saturday when a shaggy, matted haired dog with a blimp in one eye, a lame hind leg, and wearing a remnant of a cheap collar, bounded against him in frantic leaps, whinnying and yelping for joy.

"Jiggs," the boy's pet dog had suddenly disappeared seven months before and all efforts to find him had been in vain.

"Jiggs!" shouted John Jr., when he recognized his pet and the dog was so overwhelmed with joy to be called by his real name that he almost hid himself in a knot. Up to the house raced Jiggs and made his greeting to Mrs. Mouser and then proceeded to hunt over all the familiar places in the home. Then a visit to the garage where he instantly located his old accustomed nooks.

Boy and dog went running through the Prairie building with joyous calls from John and pitiful barks from "Jiggs."

"Look! Here is my dog, 'Jiggs,' has come back. Look!" shouted the boy.

Though rough in appearance and suffering from blows, "Jiggs" was fat and showed no signs of having been neglected in the way of water and food.

But there is a happy boy, a happy dog, and a happy household in Eastland, "for 'Jiggs' has come home."

Testimony May End Today Or Early Tomorrow

State Reveals That Defendant Married After His Arrest On Charge of Murdering R. C. Hill. License Was Not Issued Here

That Danny Leach, on trial for his life in the 88th district court of Eastland county on a charge of murder, was married after his arrest and indictment on the charge for which he is being tried, was revealed today by Mrs. J. H. Leach, his mother, when she took the witness stand in his defense at this morning's session of the trial. Leach was at liberty on bond at the time of his marriage. In the testimony Leach's wife was referred to only as "Billie." A search of the records in the county clerk's office revealed that the license was not issued in this county.

Mrs. Leach testified that A. B. Morton, state's witness who swore that Leach came to his hotel at 3:00 o'clock in the morning, and asked him to go with him to see a man, saying "I took a man out to rob him and got nervous and shot him, and am afraid he is going to die," went to her home and said if she would give him \$50 to give to carnival employees he would see that Danny was never indicted for the killing. She said she did not have the money, but let Morton who said he was broke, sleep in her home.

Morton, Mrs. Leach testified, also told her after he appeared before the grand jury, that he had not told the grand jury anything that would harm Danny.

It is thought it will be possible to finish the testimony in the case either late this afternoon or early tomorrow morning.

The State rested in the Leach murder case this morning at 9:45 after calling several witnesses to the stand for the purpose of identifying various exhibits which have been entered as evidence by Joe H. Jones, county attorney.

Late Tuesday afternoon A. B. Morton, typewriter mechanic of Beaumont, was called to the stand. He testified that he met Leach in Eastland the week before the murder of the man who has been partially identified as R. C. Hill and also as Jack Johnson. Morton stated that he went to the carnival with Leach on the night of the murder and that he and his wife had returned to their hotel about 11:00 p. m. and retired. At 3:00 a. m., he stated, the defendant came to his room in the Stuart Hotel in Cisco.

When Morton went to the door Leach seemed nervous, he testified, and when asked what was the matter he replied that he had just shot a man. Morton then asked him why he did it and he replied that he took a man out to rob him and got nervous and shot him in the head.

Leach then produced the billfold, the witness continued, and took from it a roll of paper around which was wrapped four one dollar bills, removed the bills from the roll and put them in his pocket and returned the roll of paper to the billfold.

Teacher, Shot Near Gorman In Play, Recovers

BEATTIE, May 21.—Hubert Kelley, 25, teacher at the consolidated high school here, who was shot through the head Saturday afternoon, was back at his home today, minus a tonsil but otherwise unimpaired.

Kelly was the victim of an "unloaded" pistol, a property in a senior play being rehearsed in the high school auditorium. Floy Evers, a member of the cast, had the gun and snapped it twice in the face of Ambrose Morgan, another teacher, before turning it on Kelly. Laughingly she pulled the trigger, there was a loud report and blood spurted from a bullet hole in Kelly's temple.

Kelly walked to an automobile, rode to Gorman without losing consciousness and was examined by Dr. George Blackwell, who decided to operate. Dr. Blackwell discovered that the bullet had passed from Kelly's right temple into his left temple and the tonsil, with the bullet imbedded in it, was removed.

Kelly left the Gorman hospital Monday morning, little the worse for his experience. The shooting occurred at 5 o'clock. Less than an hour later the auditorium, a separate building on the high school campus, was wrecked by a hailstorm with tornadic characteristics.

The storm broke windows, unroofed buildings, carried away structures, damaged fruit and young crops and killed livestock. Two hundred and fifty pedigreed Leghorns were killed at the C. C. Hampton Poultry Farm, near De Leon.

NEW WELL IS STARTED IN BRECKENRIDGE FIELD

BRECKENRIDGE, May 21.—Goodwin and White, drilling contractors, started a twin well this week to the shallow gas producer brought in over the week-end on the W. C. (Clint) Goodwin ranch eight miles south and two miles east of here. The new well is only 35 feet east of the 372 foot well completed late Saturday for an estimated production of 4,000,000 cubic feet of dry gas.

This is considered one of the most promising shallow producers to have ever been found in Stephens county. Goodwin and White plan to carry their new test to the 500 foot level.

Another Victory for the Women: Let us forget, the quadriennial general conference of the Methodist Episcopal church, South, adopted a measure deleting the words of serve and obey from the marriage ceremony.

Under a new rule it will be possible to convict a minister charged with immorality of the lesser offenses of gross impropriety and the punishment may be as great as for the greater charge, suspension or expulsion from his pastorate.

Deletion was in order. Woman has the ballot. Woman is eligible to hold major and minor offices. Woman is privileged to do jury service. Why should she promise to "serve and obey" any male brute? She never did it and she never will. She usually smiles and lets it go at that.

Eight Senators for Texas: If Texas voters should agree to a division of their commonwealth into five state what a wild scramble there would be for senatorial seats. In his hint of what may happen some day, Minority Leader John N. Garner pointed out that only an act of the Texas legislature was necessary for Texas to divide itself, not being bound by the constitution because of the act of congress annexing the former republic.

New England has five states—Maine, New Hampshire, Vermont, Rhode Island and Connecticut. All five would be lost in Texas. New England has 10 senators. A division would give Texas 10 senators. It would add eight electoral votes to the 20 cast by Texas of today in the electoral college.

Testimony May

Morton said that he did not accompany Leach to the scene of the killing. The court recessed after hearing the testimony of Morton, to convene again at 9:00 this morning. W. W. Manning testified to finding the billfold which Leach is alleged to have had in his possession. He stated that he took it to the Cliscó Daily News to advertise it and a reporter told him of the murder of the night before and suggested that he take it to the City Hall and turn it over to the police.

Dr. Graham identified the bullet shown him by the county attorney as the one he had taken from the head of the victim of the gravel pit murder.

Several carnival employees testified earlier in the trial to meeting Danny Leach in Cisco on the night of the murder and going with him to buy a pint of whiskey. They stated that Leach had a gun on him at the time. They also testified that Leach and R. C. Hill, known to them as "Slim" had left the Stuart Hotel together about 1:00 o'clock on the morning of the murder.

Higher Courts

Court of Criminal Appeals: AUSTIN, Tex., May 21.—John A. McKenzie's appeal from the refusal of a district court at San Antonio to grant him a new trial on the ground that he was insane when tried as the slayer of detective Sam Street was the last case presented to the court of criminal appeals here today. The court refused a writ of habeas corpus on a similar contention two weeks ago.

McKenzie is in jail in San Antonio, a jury having disagreed on his present sanity. If he is held sane a death verdict against him becomes effective.

Score Hurt In Crash Of Two Street Cars

BUFFALO, N. Y., May 21.—Fifty persons were taken to hospitals and a score more treated for minor injuries when two street cars loaded with school children and teachers collided here today. Almost 100 passengers in the two cars, most of them children, were bruised and shaken. One car had stopped in front of the Hutchinson High School to unload when the second crashed into it from the rear. William Sheperd, motorman of the second car, was jammed into a corner from which he was extricated with difficulty. At the hospital it was said he would recover. A. Frank Smith Elected Bishop At Dallas Meet

His Election Completes College of Bishops of M. E. Church, South

DALLAS, Tex., May 21.—A. Frank Smith of Houston, Tex., was elected bishop of the Methodist Episcopal Church, South, at the general conference here today. His election filled the college of bishops membership which was increased from 13 to 16 earlier in the conference. Two new bishops were chosen yesterday. Smith got 240 votes. T. D. Ellis of Louisville received 129 votes. The election came on the ninth ballot. Division of the Methodist Episcopal Church, South, into 16 episcopal districts was announced to the conference today by F. P. Culver of Cisco, chairman of the episcopacy committee.

The 16 bishops will meet during the day to decide on assignments, and they are expected to be announced Thursday. Junior bishops are usually assigned to foreign fields. Several minutes of applause greeted the announcement that R. P. (Fighting Bob) Shuler of California had arrived and was in the audience. He was released from jail Monday, where he had been serving a sentence for contempt of court.

The new episcopal districts and the conferences they embrace follow: 1. Baltimore and Virginia. 2. North Carolina, West North Carolina and Cuba. 3. South Carolina, Upper South Carolina. 4. North Georgia, South Georgia, Florida. 5. Alabama, North Alabama. 6. Louisville, Mississippi, North Mississippi. 7. Holston, Tennessee, Memphis. 8. West Virginia, Kentucky, Louisville. 9. Missouri, St. Louis, Southwest Missouri and Oklahoma. 10. North Arkansas, Little Rock, Illinois, Indian Missions. 11. Africa, Brazil.

Corns Removed For 10 Cents

Corn, Callous, Roots and All Come Out—Pain Gone Instantly. SHOES DON'T HURT RESULTS GUARANTEED. Many a man and woman has exclaimed O-Joy when they found their corns and callouses gone—pain gone—and shoes hurting no more. Pay a dime for an envelope of six O-Joy Corn Wafers. Press a wafer, thin as paper, on the corn, slip on shoes, pain is gone. Later peel off wafer and out comes corn, callous, roots and all. Absolutely guaranteed. No bulky doughnut pads or burning acids. Just a wafer, thin as paper. Avoid higher priced substitutes. O-Joys are newest, best remedy yet. Six for dime at druggists.—Adv.

12. Belgium, Czechoslovakia and Polish Missions. 13. China, Korea, Japan and Siberian Missions. 14. New Mexico, Pacific, Arizona, New Mexico Missions, Oriental Missions. 15. West Texas, Mexican Missions, Central Texas. 16. North Texas, Northwest Texas.

Compensation for bishops was fixed at \$6,000 annually, with a house rent allowance of \$1,500 per year. Traveling expenses will be \$500 per year, except for the Pacific Coast bishop, who will be allowed \$1,000. Widows of bishops will receive annuities of \$1,200, with \$300 for each child under 18. The report of the general board of christian education was adopted by the conference. It recommended unification and correlation of the educational work of the church. Smith rose from an "elect rider" in the North Texas Conference to wide recognition in Methodism. As a young man he thought he wanted to be a lawyer, but he changed his mind.

Born in Elgin, Texas, 40 years ago, he went to Southwestern University at Georgetown, preparing for a career as a lawyer. In his last year he decided to be a minister and then went to Vanderbilt University in Nashville, where he spent two years preparing for the pulpit. He entered the ministry in 1912. His advance was rapid from a tiny church in Central Texas he came to North Texas to take the job as "elect rider." Three years later he organized the Highland Park Methodist Church in Dallas, the same year Southern Methodist University was founded in the same neighborhood. From Highland Park, he went to Austin to be pastor of the University Methodist Church there, and later to San Antonio to the Laurel Heights Methodist.

Eight years ago he went to Houston to be pastor of the First Methodist Church there, the pastorate he now holds.

Old Age Pensions Are Advocated

FORT WORTH, Tex., May 21.—Plans to have the old age pension plan adopted throughout the United States were pursued by the fraternal order of Eagles, Texas branch, in annual convention here today. John S. Parry of Kansas City, secretary of the national order, told delegates that care of aged persons in public institutions costs the taxpayer an average of \$38 per month, whereas the old age pension plan would cost the taxpayer only \$3 per week. The meeting will be concluded today.

New Sources Of Radium Are Found

LENINGRAD, U. S. S. R., May 21.—Officials of the Radium Institute announced today a series of discoveries of new radium sources which they believed would revolutionize the radium industry of the world. Traces of radium have been indicated during borings in oil fields in the Caucasus and Dagestan. It was announced, and institute investigators reported unprecedented supplies of the substance.

Arrest Second Man In Houston Shotgun Murder

HOUSTON, Tex., May 21.—Police today arrested a second suspect in the W. L. Edwards shotgun murder, holding a 31-year-old Italian, reported to be in the liquor racket, for questioning. The move followed filing of murder charges against John Belois, late yesterday. A nation-wide search has begun for Belois, formerly of Kansas City, who disappeared shortly after Edwards was "taken for a ride." The death car, in which the aviator and former airport owner was killed, has been traced to Belois. Police surrounded the house in which Belois had lived, late yesterday, entered it with a pass key, only to find it vacant. Edwards, who had told police that he feared he was to be "put on the spot," was killed Sunday night, and his body dumped in the residential section. KANSAS CITY, May 21.—Police

San Antonio Is Third Largest City In Texas

SAN ANTONIO, Tex., May 21.—San Antonio took third place among the cities of Texas today when the United States census supervisor announced its 1930 population at 254,562. Houston went into first place this year and Dallas remained in second place. San Antonio had held its first place through many decades, but was overcome by the faster growing industrial cities of Houston and Dallas during the 10-year period ending in 1930. In 1920, San Antonio led Dallas by a scant 2,000. Houston was in third place, some 23,000 behind San Antonio.

IN THE REALM of SPORT

WITH THE TEXAS LEAGUE

Continuance of the battle for second places in the Texas league was scheduled at Beaumont today where the Houston Oilers, just out of first place, and the Explorers, in third, resume their series after splitting a doubleheader Tuesday.

With 24 wins and 12 defeats Wichita Falls still leads the league.

After Beaumont had won the first game, 2 to 1, the Houston Buffs came back to hold the Ex-

plorers scoreless and win, 1 to 0. Both games were pitching duels. Wichita Falls, taking advantage of loose fielding, rallied in the late innings to defeat Dallas 7 to 5. The Wichita Falls niners won in the ninth when two runs were scored on an error by Hap Morse, Dallas second baseman.

Piling up seven runs in the ninth inning, San Antonio defeated Waco, 9 to 6. Carson, winning pitcher hit a triple.

Fert Worth defeated Shreveport, 2 to 1, when Lil Stoner, Port Worth hurler, held the Sports to four hits and Grant, the opposing pitcher, lost the game when he walked in the winning run in the ninth.

Texas Longhorns Win 19th Pennant

AUSTIN, Tex., May 21—Uncle Billie Discan today had piloted the Texas Christian University Longhorns to their 19th Southwestern Conference baseball championship.

Texas Christian University faded out of the picture by dropping one game of the double header with the Steers yesterday while the Steers were taking the long end of a 3 to 2 score from the Texas Aggies.

The Farmers and Longhorns play again today, but the results will have no effect on the championship, as the latter would remain on top the conference heap by dropping the game.

The lowly Owls clawed the Prog name from the pennant race in the first game at Houston with a 2 to 1 victory. After the fat was in the fire, the Toadstook an easy 5 to 1 in the nightcap.

Claims Man Who Married Negro Cook Is Insane

CHICAGO, May 20—Efforts by a friend of James Banks, southern planter, to annul Banks' marriage to a mulatto continued before Judge Joseph Sabath today.

The attorney for Dolly S. Gardner, Banks' former cook in Atlanta, declared the planter married her after a courtship which lasted 40 years.

Mrs. Banks was only 14 years old when she met Banks, the attorney said, and he declared the courtship continued for years. The Georgia laws forbid interracial marriage and the two were married when they came here three years ago.

Joseph M. Lillie, Chicago business man, brought the annulment suit in behalf of Banks. His contention is that Banks was insane when he married. The planter is 79 and his wife 58.

Trophies For Bands

Here are some thirty loving cups to be given as prizes in the West Texas and contest staged at Abilene in connection with the West Texas Chamber of Commerce convention, May 29, 30 and 31. In the midst is Y. P. Kuhn of Simmons University, drum major of the Cowboy Band and athletic director of the school.

AMONG THE MAJOR LEAGUES

Connie Mack's world champion Philadelphia Athletics and the New York Yankees held the feature role today as Major League clubs shifted opponents for the second series of their current sectional competition.

The Athletics and Yanks are billed for seven games during the next five days.

A three run rally in the tenth gave the Yankees a 7 to 4 victory over the Boston Red Sox yesterday.

Herb Pennock, entering the game as a relief pitcher in the third allowed Boston only 3 hits in 8 innings.

Cleveland's Indians gained a full game on the Athletics and Senators, winning a double header from the Chicago White Sox, 7 to 3, and 7 to 5. The Indians now are only two and one-half games behind the league leading Senators.

St. Louis' Browns defeated Detroit, 8 to 2, and sent the Tigers back into the American League cellar. Dick Coffman allowed the Tigers only 7 hits.

The National League race remained in a virtual deadlock with only 11 1/2 games separating the first five teams. Brooklyn pounded out a 15 to 9 victory over Philadelphia to retain the lead.

Willie Sherdel's pitching and the St. Louis Cardinals' hard hitting gave them a 15 to 3 win over the Chicago Cubs and second place in the race.

The New York Giants dropped a 10-inning game to the Boston Braves, 4 to 3, and fell to fourth place.

Larry French shut out Cincinnati, 5 to 0, and the Pittsburgh Pirates advanced to third place.

Fake Possessions Of Film Sheik Sold To Gullible Public

LOS ANGELES, May 21—Movie fans who prize some trinket as a former possession of the late Rudolph Valentino, noted screen shiek today could literally "read 'em and weep."

It was only a chance turn of the dice that caused attorneys for S. George Ullman, disposed executor of the film shiek's estate to reveal how he asserted turned a debt of \$155,000 into a \$500,000 estate by exploiting the gullible public.

With coaching from his attorneys, Ullman told how he organized Valentino Clubs all over the world to aid in exploitation of toy films, which the estate owned.

"Valentino had about \$16,000 worth of hardware, swords, armor, and the like," Ullman said. "It cost me \$35,000 to fix up legends and publicize the stuff but I sold it for \$97,000."

"Rudy had lots of books, but he had only autographed a few of them and he didn't have a book mark," he had a bookplate designed and stuck it inside the covers of the books, which were worth only about two-bits apiece, and at the sale they fetched as high as \$10."

Plaintiff In One Of England's Most Noted Cases Dies

FORRES, Scotland, May 21—Sir William Gordon-Cumming, 81, who was involved in one of the most sensational cases ever heard in British courts, died today at his home at Altyre, near here.

Sir William was concerned with the so-called Trambly Croft law suit in which he was accused of cheating at cards while a guest of Arthur Wilson at Trambly Croft, Yorkshire, were King Edward (at that time the Prince of Wales) also was a guest.

Every effort was made to keep the affair a secret. A document under which Sir William would undertake never to play at cards

black ribbon.
Captured after officers went to extraordinary pains to run down a small clue to a burglary, William Putscher, 19, signed a confession today that he committed the murder.
His alibi in admitting more than a hundred burglary jobs made police suspect he had engaged in crimes even more serious and they suddenly confronted him with the "black ribbon" strangling when he told of being in the neighborhood of the west side apartment house where Mrs. Helms lived.
Putscher said the woman, who had been out shopping, came in as he was ransacking a bureau.
"She started to scream so I grabbed her by the neck," said the youthful burglar and former reformatory inmate. "Then she went limp and I got a ribbon and tied it around her neck, covering her up with a blanket."

Here's to Beauty!
Doris Hale
DU BARRY BEAUTY CONSULTANT

Are You Perplexed By One Of These Common Beauty Problems?

I ALWAYS answer personally every beauty inquiry I receive, but so many of you have written to me about the same beauty problems that today I want to answer a few of these typical questions here. I know that many of you who have not written to me yet also must be bothered with the same problems:

E. D. writes: "The skin on my eyelids and under my eyes is drawn and dry. What can I do about this?"
Reply: Never go to bed without applying plenty of tissue cream or skin food all around your eyes. This cream will be absorbed during the night, and will help the oil glands in your skin to perform their natural function of keeping your skin soft and lubricated. Nothing shows age so quickly as this dried-up condition of the eyelids, and nothing is so easy to prevent if you use tissue cream or skin food every night.

M. R. P. inquires: "What can I do about my elbows? They are becoming rough and hard."
Reply: Brush your elbows with a firm but not too stiff hand brush when you bathe. This will remove the little hardened bits of skin that tend to form. Every night put a bit of skin food or

tissue cream into the palms of your hands and rub it into your elbows. This will keep your skin soft and smooth. Then, before going out in the evening apply powder lotion to your elbows.
T. D. S. writes: "My skin is very dry, and I am afraid that frequent bathing, especially during cool weather, will take too much oil out of my skin."
Reply: Be sure to use a pure, mild soap. Then after your bath always rub your body with muscle oil. This will stimulate your skin, and help to prevent it from becoming too dry.

M. S. G. asks: "How can I prevent a shiny nose?"
Reply: Shiny noses often occur because the skin is inclined to be oily. After cleansing your skin thoroughly with cleansing cream, wash your face with warm water and a pure, mild soap. Then tighten your pores with a mild astringent before applying foundation cream, powder and rouge. A good astringent will tighten up your skin and prevent too much oil coming out on your face to spoil the lovely, smooth effect for which you are striving.

Besides this external treatment, oily skins usually require some definite treatment from the inside. Incorrect diet has much to do with oily skins, and as a rule cutting down on sweets and starches will help to cure this condition. I would not advise you to begin a strenuous diet without first consulting your doctor, but you can safely use a little care in selecting your food.

Extra Profit of \$29 From Acre of Cotton

Use of Nitrate Side-Dressing Adds 416 Lbs. Seed Cotton to Acre Yields

Side-dressing doubles yield on C. L. Wrenn farm, Garner, N. C. Yield per acre: Left, 1,862; right, 756 pounds seed cotton. Cotton on left from plot side-dressed with 200 pounds Chilean nitrate of soda; on right no side-dressing. Both fields fertilized alike at planting.

Knowing what and when to feed cotton for heavy fruiting and profitable yields is no longer a secret. For years experiment station workers have known that the cotton plant, in order to fruit heavily, needed an abundant supply of nitrate nitrogen. It has been found that this need is greatest about 35 or 40 days after planting, or not later than the appearance of the first blooms.
In 1928 and 1929, 1,007 cotton farmers conducted side-dressing demonstrations for the purpose of measuring the additional cotton made through this method of fertilizing. Fields where the usual planting-line fertilizer was applied were selected for making these tests. At the second cultivation after chopping, a part of each field was side-dressed with 150 to 200 pounds of Chilean nitrate of soda per acre. These farmers kept a careful record of the two parts of the field to determine the additional yield made from the side-dressing. The average increase from the 1,007 demonstrations was 416 pounds seed cotton per acre, worth at current prices approximately \$29.12.
From these records it is clear that side-dressing cotton is one of the best money-making practices on the farm.

BABY OF GREAT PROMISE IN "WOMAN TO WOMAN"

"And a little child shall lead them" was a fact when three-year old George Billings strutted his chubby baby stuff for director Victor Saville in "Woman to Woman," for George kept the three stars of this Tiffany-Stahl production—Betty Compson, George Berrand and Juliette Compton, stepping fast to keep up with him.
This is George's first appearance on the screen following thirty-three weeks in a Shubert stage play, and Tiffany-Stahl prophesies fame for him exceeding that of Davey Lee.
George is a tender-hearted and utterly unsuspecting baby. His interest in making good with Saville in "Woman to Woman" was so that he could earn some money to buy flea soap for a poor flea-suffering cat living under a neighbor's back porch.

"Woman to Woman," recorded by RCA Photophone, will be seen and heard at the Canneloe Theatre May 22-23. Its cast also includes Victor Sharland, Margaret Chambers and Winter Hall.

The Trade-mark

OLD SILVERSMITHS, in order to help people tell pure silver from cheaper imitations, marked the real thing "sterling."

In a like manner, manufacturers, who stand back of their wares, identify them with trade-marks that are your guarantee of quality. By advertising these trade-marks, they focus their products the searchlight of attention.

Only good goods, fairly priced, can flourish in this light of publicity. For no merchandise and no business can thrive under the weight of public condemnation.

That is why a manufacturer, or a merchant, places the noble reputation of his business at stake every time he advertises. His goods must be as advertised.

So, in looking through this paper, remember this: the man who spends his money to invite your consideration of his wares backs up his belief in his goods and leaves the final decision to you.

It pays you to read the advertisements. It pays you to buy advertised products.

THE combination of meat and fruit cooked together is rather out of the ordinary and unusually good. Tradition has taught us to serve certain fruit sauces with certain meats, but modern progressiveness has gone further and combined fresh or dried fruits with meats in cooked dishes. There's a definite reason why these fruit and meat combinations are so very much worth while. The acid of the fruit acts upon the fat particles, breaking them up and making them more easy for the system to assimilate. The mineral salts of the fruits are valuable in maintaining the balance of a meat rich in protein and in counteracting the effects of meat in the diet.

The fruits may be fresh, canned or dried. Often just the juice is used to give a piquant flavor. Other combinations use the whole fruit drained from the juice and others combine the chopped fruit with the meat.

The combination of ham and pineapple is not unusual, but Frenched pork tenderloins with apricots, lamb chops with orange, roast beef with pears, veal and raisin loaf with bananas, and beef roll with apricots are out-of-the-ordinary and delicious.

This season of the year particularly finds the fruit and meat combination appealing.

The following recipe can be varied by using other meats and fruits, but it is an excellent example of this type of dish.

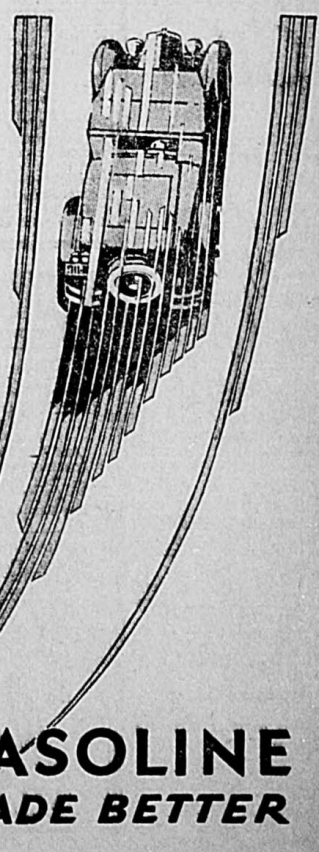

Planked Hamburg Steak
One pound round steak, 1 teaspoon salt, 1-4 teaspoon white pepper, 1-2 cup dried apricots, 1 cup stale bread crumbs, 1 egg.

Scrub apricots well and soak several hours in warm water to cover. Put meat and apricots through fine knife of food chopper. Add salt, pepper, bread crumbs and egg and mix thoroughly. Pack into a glass or enameled ware buttered pie dish and bake in a moderate oven until brown on top and bottom. It will take about 25 minutes. Reduce heat and let stand five minutes. Slide from pie dish to a hot platter and surround with a border of mashed potatoes. Add an outside border of buttered sliced carrots or finely minced buttered spinach.

NEW YORK, May 20—Police Commissioner Grover Whalen resigned today.

The resignation of the man who left a \$100,000 position to head the city's police at a salary of \$10,000 a year had been expected for some time. Whalen handed his resignation to Mayor James J. Walker at City Hall. The Mayor made no announcement concerning Whalen's successor. The resignation, he said, will take effect at noon tomorrow.
