## County History -

(Continued from Page One)

stituted, but as early as the colonization of Texas under Austin, companies of volunteers were formed to repel Indian invasions. The Congress of the Republic, after Texas had gained her independence, made provision for a mounted force to guard the frontier which, in 1836, was Nacogdoches, Houston and San Antonio; but "it was in the Mexican War of 1846-1848 that the Texas Mounted Volunteers in the service of the United States, under such noted leaders as Walker, Hays and Gillespie, achieved world-reowned fame and clothed the name of Texas Ranger with its traditional glory."

The "State Police" of the reconstruction period which became so odious to the citizens of the State was, in no sense, a part of the Ranger service. The former was characterized by outrage and lawlessness; the latter by intrepid acts of bravery, self-sacrificing courage, calmness in danger, and a recklessness of self-preservation that will be the admiration of ages. It was at first semi-military, neither officers nor men wore uniforms, there was no strict discipline, no music—only mid-night rides in tracking a foe, only cool daring in encounters.

The Ranger service was an outgrowth of the times. No Military in the world ever excelled the early Ranger in devotion to duty or obedience to orders.

When it is remembered that all over the broad expanse of Texas there was a moving frontier line made by the hardy Anglo-Saxon pioneer, and many hundreds of roving, hostile Indians composed of numerous tribes, each with a stronghold in the fastnesses of the mountains of the unsettled West, it will readily be understood that a mounted service for

frontier protection must from necessity be maintained. Again, when the vastness of the unsettled country is taken into consideration it is not to be wondered at that the Indians was not the only menace of the frontier, nor yet, his ofttime ally, the secretive Mexican, but the bands of desperadoes infested the country. In all times of frontier settlement there has always been a border warfare born of necessity—so it was in Texas.

When the Ranger service was organized Texas had no money; the times and conditions did not warrant an effort toward a strictly disciplined military body; but and armed force, both for internal and border protection, was demanded. This was not alone because of the foes mentioned that threatened her welfare, but the demand was accentuated by the loose characters that drifted hither and thither, ofttime renegades from justice, caring little if they did murder, or were themselves dispatched.

"Out of this combination of circumstances and the necessities arising there from, was the Ranger service evolved, and so efficient and valuable did it prove that, as soon as practicable the organization was given official recognition and a legal status and title."

When Texas was a part of Mexico she needed the Rangers; when Independence perched aloft her banner, the frontier Battalion sustained her; when she entered the galaxy of Stars as the one of the greatest possible magnitude, the Volunteer Companies protected her frontier; when she came out of the Union, standing with the glorious, honorable minority, she needed more than ever before the loyalty of her brave sons; and then when again she re-entered a united government, her Southern flag furled, her individual rights assailed and imposed upon, governed by aliens, and looked upon as a reprobate, did she need the fearless strength of the Texas Rangers.

In the year 18— Cape. White-

side, who formerly lived in Cisco, but now deceased, commanded a body of Rangers and was located at Ranger Camp. This was near the site of the town of Ranger and gave the village its name.  
 (Next: "The Moving Frontier line.")

## Inspection Time For Automobiles Is Here Again

Inspection time has rolled around again for more than four million automobile and truck owners in Texas.

The inspection period has been lengthened this year under a provision of a state law setting Sept. 1, 1957 until April 15, 1958 as the time in which all vehicles must be checked for mechanical defects.

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, in announcing the opening of the inspection period, recommended that every owner have his cars and trucks inspected at the beginning of the period. This, he said, will enable vehicle owners to obtain inspection stickers before the holidays and before the last minute "log jam" at inspection stations.

Garrison said that more than 4,200 licensed inspection stations in the state would have stickers on hand by the starting date and would be equipped to check vehicles without delay.

Coach Sammy Baugh

**22 Lettermen Back At Hardin-Simmons**

Smiles with glints of optimism are appearing on the faces of the Hardin-Simmons University football staff this week as the coaches plan for opening grid drills for the Cowboys Monday, Sept. 2.

What could be more heartwarming to a staff of coaches than knowing they will have 22 lettermen an eight starters returning plus the fact that close to 100 hand-picked players are expected to answer the call for practice on opening day?

That's what head coach Sammy Baugh and his associates face next week when the Cowboys open their rigorous four-a-day drills at Paramore Stadium in preparation for the 1957 season which sees them facing one of the toughest schedules in history.

Football players from a four-State area are expected to begin arriving here this week for the

months of hard work that confronts them. The coaches will probably receive the brunt of the punishment from the four drills each day.

Varsity players will drill twice each day, at 8 a.m. and at 2 p.m. Then the varsity coaches as well as freshmen coaches will join the newcomers in two more daily sessions. Freshmen drills are planned for 10 a.m. and 4 p.m. each day.

Baugh, who is beginning his third year as head coach of the Cowboys, has separated the varsity from the large number of freshmen in order to give the first-year men a better chance to show themselves. An expected 55 frosh will try for the team next week.

The four-a-day schedule is expected to continue for 10 days. After the freshmen list has been trimmed, the two squads will start working together for twice a day sessions until shortly before the Cowboys get ready for their first test of the season against the University of Tulsa at Tulsa. Baugh expects to have approximately 40 players on the varsity squad.

Altho Hardin-Simmons boasts one of its finest teams in recent years, the Cowboys have picked to finish no better than third in the rugged Border Conference. All six members of the conference expect to field better squad this season with the nod being given to Arizona State of Tempe and

Texas Western.

The Cowboys won only 10 games last year with three of the victories coming in the last games of the season against College of Pacific, New Mexico A&M and Texas Tech. The Poges dropped close decisions to Arkansas and George Washington. Another outstanding non-conference slate faces the Cowboys again this season. They take on Tulsa, University of Mississippi, Wichita University, Texas Tech and Oklahoma State University in non-conference action. Conference competition is against Arizona State, West Texas State, Texas Western, Arizona and New Mexico A&M.

Starters expected back this season include ends Joe Sharp and Keith Miles, tackles Pat Young and Burley Polk, guard Lawrence Hill, halfbacks Earl Brown and

Dewey Bohling and fullback Pete Hart. Outstanding among the other returning lettermen are quarterback Ken Ford, halfbacks Charles Massegee and Joel Honeycutt, fullback Don Sizemore, center Freddie Jonas, guard Joe Biggs and end Charles Shelly.

The football staff will be almost intact from last season. The only change is on the freshman staff where Carlos Berry, a 1957 H-SU graduate and a Cowboy starter at end last year, replaces Howard McChesney as frosh coach. Two graduate assistants are expected to be added later. Assisting Baugh will be end coach Wayne Miller and line coach Wayne Steber.

"Never promise more than you can perform."

Aug. 28, 1957

Dear Friend: This is the last of my newslet-

ters for this year. They will be resumed with the next session of Congress in January. Meanwhile, I am returning to Texas for rest, relaxation and some visits with old friends.

But since this is the last of my newsletters for the time being, I think it is time to take a look at the first session. It did not accomplish everything. No session can do that. But it delivered what it promised.

**ECONOMY?** The people called for economy and they got exactly that. The budget was cut by \$5,600,000,000 — 8.7 percent. A Democratic Congress saved that much money out of the proposals of a Republican President.

**CONSERVATION?** Important water projects were advanced. New ones were launched. Surveys were started on the Texas rivers. Most important of all, the Bureau of Reclamation and the Army Engineers agreed to work together and produce an overall water plan for Texas.

**MILITARY?** Military construction is important to Texas. Our State is a key part of the defense system. Congress appropriated \$72,375,000 for

further construction and expansion of facilities in Texas.

**MUTUAL SECURITY?** The Congress shifted from the "giveaway" concept of Foreign Aid to a sound respectable program of loans. It has been our experience that gifts create ill will and bad feelings. But na-

tions to whom we have lent money have a good record for repayment and feel better about the whole transaction.

The closing days of the session were featured by the debate over the civil rights bill. It was necessary to accept an amendment approved by the House. But this

amendment did not touch the Senate jury trial provision to any practical extent.

It represented primarily a method of coming to an agreement. But the conditions of the compromise are such that no prudent judge will hold a criminal contempt trial without a jury.

I want to thank all the people of Texas. You have been very understanding. It is a great pleasure to work for such wonderful people.

For the time being, so long. I hope to see you while I am in Texas this Fall. Meanwhile, goodbye, good luck and God bless you.

### Veterans to Get Increased Pay For Disabilities

38,068 veterans in VA Dallas regional area will receive increased compensation for service-connected disabilities as the result of legislation signed Monday by President Eisenhower. Scott B. Harrington Manager of the Veterans Administration Regional Office in Dallas, Texas said today.

With some exceptions, the raise is about 10 percent across the board for veterans with service-connected disability ratings, for dependents where the rating is 50 percent or more, and for those receiving certain statutory awards, Harrington said.

The big exception is those veterans rated 100 percent disabled. These veterans will get a boost of 24.3 percent to \$225 per month. Three other exceptions include statutory awards for loss or loss of use of one part of the body and arrested tuberculosis. These awards, which are payable in addition to the new disability ratings, are unchanged.

Harrington emphasized that the new rates apply only to living veterans and not to survivors getting death compensation. The veterans in the Dallas area are among 2,000,000 living veterans getting the boost in compensation under the new Public Law 85-168 with first checks due about November 1. No action is required by veterans receiving compensation since the increase will be automatic, Harrington said.

## Make seeing and studying easier!

### with proper light at the study table

School age youngsters need plenty of good light to prevent eye fatigue and to aid concentration. You'll be giving your children real help with their homework when you make sure they have good study lighting.

In most instances, a good table lamp with a 150-watt bulb will provide ample light. The lamp should be properly shaded to conceal the light source from the eyes and should be tall enough to spread light evenly over the work area.

Check home study lighting now. Be sure your youngsters have plenty of good light to make seeing and studying easier.

**LOOK UNDER THE SHADE!** To soften the light and prevent glare, a study lamp should be equipped with a diffusing bowl (A), or a 150 watt white indirect bulb (B), which has its own built-in diffusor. For three-way lamps use a 50-100-150 watt or 30-200-230 watt three-way bulb.

VARIATION ON AN OLD THEME—The gimmick is usually two men inside a horse costume, but in London, England, four legs are protruding beneath a sleek racing car body. Supplying the power under the lightweight fiber-glass body are its owner, Christopher Lawrence, and a friend. Lawrence demonstrated the body at a British Sports Car Club meet.

### Double Ring Ceremony Unites Mary Lou Lawson, Jimmie Vinson

Miss Mary Lou Lawson became the bride of Jimmie Earl Vinson at 6:30 p.m. Tuesday, August 20, in the home of the bride's parents.

The bride is the daughter of Mr. and Mrs. Bates Lawson, 820 West Avenue A., Lovington, New Mexico, and the bridegroom is the son of Mr. and Mrs. Claude E. Vinson of Maljamar.

The double ring ceremony was read by the Rev. W. M. Beauchamp, in the presence of the couple's immediate families.

The couple stood by a large picture window which outlined a basket of orchid mums, decorated with an orchid satin bow.

The bride wore a white embroidered organza dress with a tight bodice fashioned with a Peter Pan collar and three-quarter length sleeves. The full skirt was scalloped at the bottom.

For something borrowed and something blue, the bride wore a blue garter, given to her by Miss Patsy Buck, and borrowed a string of pearls. She wore a penny in her shoe. She wore a bandeau of white baby mums and a corsage of red roses.

Mr. and Mrs. Vinson left immediately after the wedding for a short trip. They will be at home on West Jackson Avenue after Aug. 25.

For traveling, Mrs. Vinson wore a brown dress, topped with a beige embroidered lace bolero, and brown accessories.

Mr. and Mrs. Vinson are gradu-

ates of Lovington High School. She was a cheerleader and a member of the chorus and Octet. She is presently employed at the Lovington National Bank.

Mr. Vinson is employed by Ralph Johnson Drilling Company of Maljamar. He is the grandson of Mrs. Tom Young of Ranger.

### Tommy Ford Attends Order of Arrow Meeting

Tommy Ford, member of Otena Lodge, Comanche Trail Council, attended the Order of the Arrow Area IX-D Convention which was held on Indian Creek near Ingram, Texas, from August 15-18.

Tommy was accompanied by his friend Biff Patton who was visiting him from Karankawa Lodge, Gulf Coast Council, Corpus Christi. The host lodge was Aina Topa Hutsi, Alamo Area Council of San Antonio.

The convention was held for the purpose of electing area chiefs and assistant chiefs, and also to discuss Order of the Arrow business.

Tommy has proudly reported that the Otena Lodge, with whom he danced in full Indian costume, won the Indian dance trophy which was donated by Curtis B. Dier of the Karankawa Lodge.

### Moore About—

(Continued from Page One)  
will probably be next year before work on Highway 185 out of Cisco begins. The highway will be re-routed around the narrow Lake Cisco dam. The project is a worthy one and we are pleased to see

it included in planned projects. —ven—  
That's it for now.

### Pep Rally

Albrey VanHoy announced Saturday that plans are underway to hold a pep rally Thursday night at the Majestic Theatre before the Friday night game with Cisco.
