## FIVE ESCAPE FROM BRUCEKENRIDGE JAIL TODAY

### Blackwell, Oklahoma, Storm Injures Many People

Wesley Jones in Texas  
Wichita Falls was given the first exhibition of the operation of the Wesley Jones federal law, who culprits appeared before a grand jury. One was given 90 days in jail and the other was fined \$100 and sentenced to 35 days. In addition to this their automobiles were forfeited and the chassis are the property of the state.

This is the first record of the operation of the Wesley Jones law for enforcement act under the terms of the Lone Star state. John Barleycorn appears to be a perpetual trouble maker on land and sea. Now the British lion is swelling over the sinking of 'Im one and the captain of the craft denounced the seizure and the king of his vessel as the most cowardly act of the year as well as a violation of the Anglo American treaty of 1923.

Medicos Are Busy  
It is announced that all bills on these subjects are to go to the legislature by consent of the regular session important bills submitted were side-tracked and on the calendar. Oklahoma makers defeated the sterilization bill and the Texas senate sent to its death without a show-up vote. Now this measure will be again at the special session of the chiropractors and the medical science healers will be given an opportunity to submit their bill. Mid-summer may come and the Texas lawmakers get ready for the special session.

Handall in the Big Picture  
Capt. John T. Randall of the schooner, "Im Alone" which was sunk as a runner near the Louisiana coast by coast patrol was a lieutenant in the world war days and has been an arctic explorer, received the distinguished service cross after a sea fight during World War and he also received the Croix de Guerre with palms for his battle service. He was hero while the World War was on.

A Wise Old Banker  
Early in March Andrew W. Inland advised the public to invest in bonds and let speculative stocks alone. Well, the buying public followed Mellon to be an old fogey ignored his advice, which had a given in the nature of a warning. Now the old fogey has laugh on the makers of paper who were caught in a black day as the month of March closed its close. Andrew W. Mellon speaks for a billion dollars on money. Mellons made the money and Mellons control the money. They know how to make it they know how to keep it.

The People Are the Masters  
There are four joint resolutions constitutional amendments which will be passed upon by the voters of Texas in the near future. The first resolution proposes to increase the salary from \$4,000 to \$6,000 per annum to be voted next July 15. The second resolution to permit counties to university lands within their limits, which will be submitted at the general election in 1930. The third resolution proposes to change legislative sessions to 120 days at per day and \$5 thereafter. The fourth resolution would be given to introduction, the second 30 to committee hearing and the 30 days to disposition of the bill. The fifth resolution is cut from 20 to 10 per mile. The sixth resolution is proposed to be voted on in (Continued on Page 6)

### RAIN, HAIL AND WINDS DESTRUCTIVE

No Deaths Reported But Property Damage Estimated At \$400,000—People Homeless.

By United Press.  
BLACKWELL, Ok., April 10.—The toll of the tornado which struck here last night included thirty destitute families, more than twenty injured and an estimated property damage of more than \$400,000.

The increase of the property damage over earlier reports came with the finding of the Hap Webb addition of Blackwell in a partly demolished condition.

By United Press.  
BLACKWELL, Ok., April 10.—Damage amounting to more than \$400,000, and at least 20 injured were seen today as result of a terrific rain, hail and wind storm which struck here late last night.

Roofs of apartment and business houses were ripped off and trees uprooted.

The roof of the Imperial apartment house was lifted, and carried more than two blocks. Smashing against the Behl business building, the roof dropped in the street, smashing ten automobiles. One wall of the apartment building, housing from 15 to 20 families, was ripped off.

Firemen and policemen were cleaning up the debris of frame houses and buildings today searching for bodies and injured. As far as could be determined no one had been killed. Hospitals are filled with injured.

The storm swept into Blackwell from the fair grounds near here where it did damage amounting to more than \$10,000. The Globe Oil refinery was wrecked and will be forced to shut down several days. Damage there, according to officials, will amount to \$10,000.

The storm, then sweeping through town, lifted a Santa Fe freight car off a siding and planted it in a neighboring yard. Billboards were picked up and sailed through the air for a quarter of a mile.

Two distinct showers of hail struck the town. The first, the size of marbles, was followed by a blast of wind of cyclonic velocity. Jagged hail stones larger than hen eggs tore their way through roofs and smashed automobile tops.

The storm later struck Blackwell Heights, a small suburb three miles from here, where it leveled approximately fifteen frame houses. Damage there had not yet been determined.

### Dawes To Be Ambassador To St. James

Former Vice-President Will Represent the United States in Great Britain—Appointment Pleasing to London.

By United Press.  
WASHINGTON, April 10.—Formal announcement of the appointment of former Vice President Charles G. Dawes to be ambassador to Great Britain was made at the White House today.

Word that Dawes would be acceptable to the British government was received by the State department this morning. The announcement followed immediately.

The appointment is subject to confirmation by the Senate.

### Boxing Draws Cheers From A Big Crowd

Plenty of Punching Features Scraps at Eastland City Hall Auditorium—Heavyweights Make Audience Weak From Laughter.

Some rapid-fire action was displayed in the bouts on the boxing program presented at the Eastland city hall Tuesday night in the presence of several hundred cheering fans.

Picking out the match that created the most excitement would be difficult. The scrap between Paul Edwards and Clyde Matthews was perhaps the fastest of the evening with honors about even. Delbert Myers, a lad who stood sideways and lunged dangerously when he suddenly whirled, put on a great battle with T. C. Dingle.

The left-handed position of Joe Bagley, southpaw puncher, made his bout with A. G. Gary an unusual one.

Seaman Garrison and Buster Bishop stepped three swift rounds in which there was plenty of solid smacks that could be heard in the back of the hall. Bill Mackall's aggressiveness and J. C. Day's counter blows made their set interesting.

Little Pete Garrison again pleased the fans by his hard hitting. His clever little opponent was Clyde Bouse. Newt Stafford and Don Kitley met in a fast scrap. Bill Ligon and Sin Hunt gave a demonstration of speed and science.

Comedy was provided in the bout between Bill Jenne, 240-pounder from Carbon, and "Red" Foster of Flatwoods. Foster's strategy was to tire his opponent. The first round looked like the seventh round in Chicago when Dempsey chased Tunney while the latter bicycled around the ring.

This footrace had the fans howling with joy. Jenne was remarkably fast runner for a man so big but he could never overtake the smaller "Red". In the second round, Foster eluded the punches by spinning like a top. Jenne was whirling continuously. The third round found both boys so tired that they seemed to have just enough strength to land a bunch of body blows.

J. M. Nunn was master of ceremonies. Tom Butler was referee. The audience voted unanimously in favor of more bouts enthusiastically in view of the generous offer of Dick Bowers, noted Breckenridge boxer, to donate his services in meeting a Ft. Worth boxer in the near future in the Eastland arena. Bowers is training several Breckenridge boys and he offered to bring them over to meet Eastland lads. No admission charge is made to the boxing matches but a free will offering goes toward improving the Eastland football field.

### LINDBERGH IS ENROUTE TO CHICAGO

Flying From Mexico City to Attend Herrick Funeral—Lands At Brownsville For Fuel.

By United Press.  
BROWNSVILLE, Tex., April 10.—Col. Charles A. Lindbergh who landed at the international airport here after a night during which his whereabouts were unknown, refueled his ship and took off at 10:55 a. m. for an unannounced destination.

He declined to say while here where he had spent the night, during which some anxiety existed because he had been unheard from since leaving Mexico City enroute to attend the funeral of his friend, the late Ambassador Myron T. Herrick.

Airport officials said he was enroute to New York to meet the body of Myron T. Herrick, late American ambassador to France, who befriended Lindbergh following the latter's successful transoceanic flight.

The "Flying Colonel" left Mexico City Tuesday noon after spending a week with his fiancée, Miss Anne Morrow, daughter of the American ambassador.

From the time of his departure until he appeared at the airport here no word had been received of him and some concern was felt for his safety.

### Rebel Units Merging For Protection

After Vacating Juarez, 2,000 Men Will Join Topete of Naco, Manzo of Sinaloa and Escobar, Commander-in-Chief.

By JACQUES D'ARMAND  
United Press Staff Correspondent  
NACO, Ariz., April 10.—Some-where in the mountain fastnesses of the Sierra Madre between the States of Chihuahua and Sonora, the remnants of Gen. Jose Gonzalo Escobar's rebel army marched westward today to join in a final battle in the State of Sonora, birthplace of the revolution.

Reports indicated the rebel forces from Chihuahua City and Juarez, evacuated yesterday, were proceeding westward with detachments of Gen. Francisco Manzo's revolutionary army in Sinaloa, to join Gen. Escobar and Gen. Faustino Topete, commanding the rebel army at Naco, Sonora.

By United Press.

### Pastor Tells How Mother Of Aimee Wood

They Met In a Picture Show. Declares Plaintiff in Breach of Promise Suit Who Is Seeking \$50,000.

SEATTLE, Wash., April 10.—A romance that started in a 15-cent motion picture house led to the \$50,000 breach of promise suit filed against Mrs. Minnie "Ma" Kennedy, the Rev. H. H. Clark, plaintiff, asserted today.

### Pastor Tells How Mother Of Aimee Wood

They Met In a Picture Show. Declares Plaintiff in Breach of Promise Suit Who Is Seeking \$50,000.

The "broken-hearted" minister-plaintiff, told the United Press that Mrs. Kennedy was responsible for the unconventional meeting.

"I was seated in a dark corner of the theater when Mrs. Kennedy came in and took a seat by me," Rev. Clark said.

"She began to lean over against me almost immediately and kept on doing it ever after I had moved as far away as I could without actually leaving. Soon, she spoke to me and when I went out, she followed and persuaded me to have dinner with her."

The meeting led to a series of "love trysts" in Seattle hotels, he continued. In the trysts, the mother of Aimee Semple McPherson assertedly "trapped the plaintiff into a compromising situation by promises of marriage," Rev. Clark charged.

Rev. Clark said Mrs. Kennedy was known to him as "Mrs. Mary C. Clark" and that Mrs. Kennedy used that name in all their meetings.

A check of hotels showed that "Mrs. Clark" registered on four different occasions in December and January, as charged in the Rev. Clark's suit. Records showed that "Mrs. Clark" registered at the Waldorf on Dec. 19 and again on Dec. 27, the date that the minister complained he was "trapped."

Rev. Clark asserted he and Mrs. "Clark" occupied the same room in the Bergonian Hotel on the night of Jan. 6 and adjoining rooms in the same hotel on April 22. The register, however, showed that Mrs. Kennedy was registered under her own name on those dates while Clark contended she registered as "Mrs. Clark" on both occasions. A room clerk recalled that the couple was registered and that they checked out Jan. 27 but he said he could not remember them by name.

While the minister continued his recital, Mrs. Kennedy was issuing denials to his story and accusing him of blackmail.

### FLASHES

By United Press.  
NEW YORK, April 10.—Calvin Coolidge today accepted nomination as a member of the board of directors of the New York Life Insurance company to succeed the late Ambassador Myron T. Herrick.

It is the first official connection, outside the writing, that the former president has made since his retirement from office March 4. He is the second former president to become interested in the life insurance business as Grover Cleveland served from 1905 to 1908 with the Equitable Life Assurance society.

AUSTIN, Tex., April 10.—Texas bluebonnets gathered at Austin were sent today to Mrs. Calvin Coolidge by Mrs. J. F. Coupal of Washington. Mrs. Coupal and her husband, personal physician to the former president, are making a vacation tour of Texas. They called on Gov. Moody today.

### HIGH PLACE GIVEN TO MRS. GANN

Sister of Vice - President Chas. Curtis Is Accorded Rank That Her Brother Insisted Upon, By Diplomats.

By United Press.  
WASHINGTON, April 10.—The diplomatic corps agreed today to give Mrs. Edward Everett Gann, sister of Vice President Curtis, the rank of the vice president's wife in seating guests at diplomatic functions, according to one of those participating in an extraordinary meeting of the corps at the British embassy today.

The decision reached at today's meeting will be communicated to Secretary Stimson in a letter from the British ambassador, which will express the pleasure which the diplomats feel on being able to accord Mrs. Gann as the vice president's hostess, the social precedence due to a wife of a vice president of the United States.

Following the meeting, British Ambassador Sir Esme Howard said all members of the corps wish to settle the matter in accord with the views of the State department. The letter addressed to Sir Esme by Secretary Stimson yesterday was taken by the ambassador to mean that the decision today would be in all respects satisfactory to the secretary of state.

### Farmer Held Prisoner By Bank Robber

When Told to Go On and See If Officers Were in Sight, Farmer Got Ahead and Then "Beat It."

By United Press.  
DENISON, Tex., April 10.—Belief that the lone bandit who Monday afternoon robbed the First National Bank at Bells, approximately \$700, was still hiding in or around Denison, caused officers today to renew their search through the wooded districts along the Red River here. All bridges and ferries over the river are being closely guarded.

Monte Padgett, farmer residing near Denison, Tuesday told a story of spending seven hours as an unwilling companion of the bandit.

Padgett said the robber came to the door of his house, which is about two miles from the spot where the lone bandit left a bus and took to the woods, and, at the point of a gun, forced the farmer to change clothes with him. He compelled Padgett to accompany him into the thickly wooded district of Choctaw Creek. The two men walked the railroad track to Denison.

Arriving near the city limits, the bandit told Padgett to go ahead and see if there were any officers in sight. Padgett got a short distance away and started to run, coming into Denison and giving the alarm.

A man arrested in Durant, Okla., answered the description of the bandit and was wearing clothes similar to those taken by the robber from Padgett, but bank officials from Bells, after a trip to Durant, said he was not the bandit.

Fifty dollars of the loot has been recovered. It was left by the robber in the seat of the rented car in which he made his getaway from the bank, and which he wrecked just outside of Bells.

### Southern Cross Report Is Not Regarded True

Belief Expressed That Report of Finding of Plane Is Due Only to the Imagination of Natives.

By United Press.  
SYDNEY, Australia, April 10.—Search for the missing monoplane Southern Cross continued without result today. Rescue planes flew over an enormous stretch of territory without sighting Capt. Charles E. Kingsford-Smith and his three companions, despite native reports from the Drysdale River Mission that the plane had been seen near there.

The Southern Cross has been missing since Easter Sunday, when it was forced down in the north Australian wilds while on a flight from Sydney to London.

SYDNEY, N. S. W., April 10.—Little confidence was felt today in the report of the finding of the airplane Southern Cross, forced down more than a week ago in the wilds of Northwest Australia.

A searching pilot flying over the Drysdale River Mission was signalled yesterday that the plane was down between the Mission and Port George. No mention was made of the four men in the plane, including Capt. Charles E. E. Kingsford-Smith and Capt. Charles T. P. Ulm, trans-Pacific aviators.

Missionaries here said they doubted the truth of the report, which they said probably was circulated at the Drysdale River Mission by imaginative natives.

The correspondent of the Sydney Guardian at Broome, on the western Australian coast, about 305 miles from the Drysdale river region, said there was no news of the plane there.

The Sydney Morning Herald believed the report merely a native rumor.

### FIVE ARE SAVED FROM DROWNING

DALLAS, Tex., April 10.—Five persons are suffering from cold and exposure today as a result of an accident on White Rock lake early this morning, when the outboard motor boat of Mr. and Mrs. L. Bonner was capsized by a wave and threw the Bonners and three guests into the icy waters of the lake.

The party was rescued from the water by B. L. Fletcher, an employee of the Dallas Power & Light, who heard the cries for help more than a mile away. Fletcher was fishing along the banks of the lake when he first heard the cries of distress. He immediately started to the rescue in his rowboat and found the boat, which had enough air under it to keep them all afloat.

Emergency hospital ambulances and fire trucks with grappling hooks were sent to the lake when first reports said that the five were drowned.

### HEAR APPEALS OF BANDITS

By United Press.  
AUSTIN, Tex., April 10.—Fresh efforts were made in the Court of Criminal Appeals here today in behalf of Marshall Ratliff, known as the Santa Claus bank robber, and Henry Helms, who was convicted as a participant in the robbery of a Cisco bank on Dec. 24, 1927.

Ratliff is under a life sentence and is seeking to be taken out of a death cell at Huntsville State prison. Helms is appealing from a death sentence. Two officers were killed in a fight with the bank robbers.

### SAWED THRU CELLS

Three Have Penitentiary Sentences — Officers of Stephens and Adjoining Counties Have Sought In Vain for Clues of the Men.

BRECKENRIDGE, Tex., April 10.—Five prisoners of the Stephens county jail here, three of them with penitentiary sentences, successfully made their escape from the third floor of the county jail here this morning.

Peace officers of this and surrounding counties took up the search for the men but up to a late hour today had found no trace of them.

The escaped men are Lloyd Tischmacker, sentenced this week to two years in the penitentiary on liquor charges and having a three year suspended sentence hanging over him from Fort Worth courts; Jim Vinson and Marshall Rose, held on theft charges; Dee Hutton, under five-year sentence for burglary, and William Nobles, sentenced to three years for theft.

The prisoners sawed their way out through the walls of their cell into a compartment housing the jail boilers, which lead to the roof. From the roof they reached the ground by means of the fire escape.

### Is Ex-Governor In Counterfeit Plot?

JACKSONVILLE, Fla., April 10.—Sidney J. Catts, former governor of Florida and a Baptist minister, was under indictment today, charged with having aided in an alleged plot of counterfeiters.

The war-time governor, who was also a candidate in the last primaries for the Democratic nomination, was alleged to have had an understanding with Julian Diaz, Tampa lawyer now under arrest in connection with the alleged plot, by which he would receive \$25,000 in counterfeit money in return for a \$5,000 investment.

Catts' bond was set at \$17,000. Former Governor Catts, reached by telephone at his home in DeFuniak Springs, Fla., today was asked to comment on the indictment.

He replied, "I am not making any statement." He then hung up.

CHILDREN'S OPERETTA  
DELIGHTFUL:  
The high school auditorium was  
only comfortably filled by an audi-  
ence that made up in appreci-  
ation and applause what was lack-  
ing in numbers, on the occasion  
of the children's operetta, "Let's  
Go Traveling," presented last  
night in a delightfully gay and  
happy manner by the Glee Club  
talent of the third floor of the  
South Ward school, assisted by  
the Glee Club of the second floor,  
under direction of Mrs. A. P. Tay-  
lor, with the very charming piano  
support by Mrs. Byron Hayes.

The scene opened on the in-  
terior of a living room, arranged  
with many touches of pillows and  
flower lamp, with a handsome bou-  
quet of flowers on the grand pi-  
ano, set in a frame of tall pedes-  
tal baskets, massed with bridal  
wreath and lilies, banked at ei-  
ther end tapering to front of  
stage, which was outlined with  
ferns and lilies.

Eight rousing choruses were in  
the production and the rhythm  
band of South Ward school, ap-  
peared, very tricky in their green  
and white costumes, and directed  
by Miss Helix Green.

The specialties were charmingly  
presented, the costumes very cle-  
ver and appropriate, and the dancing  
lovely.

The first number, by Olga  
Blanch, a skating dance, had a  
charming fur trimmed costume, of  
light bodice and full ruffled skirt,  
haired in fur.  
"Patrick O'Flanagan" was  
danced by Gwendoline Jones, Ag-  
nes Odom and Finis Burkhead, in  
Irish costumes.  
"Suki San," a delightful Japa-  
nese dance, was given by Maxine  
Jordan, Elizabeth Perkins and  
Carolyn Cox.  
"Huldah and Peter," Frances  
Russell and Odette Cashion, with  
chorus by Glee Club.  
A clever little pickaninny num-  
ber had Faye Tucker as soloist,

HENS AND WORMS.

and chorus by Ella May Taylor,  
Aline Harrell, Elizabeth Ann Har-  
rell, Carolyn Doss and George  
Dalton.  
A very attractive Chinese dance  
with chorus by Glee Club was  
presented by Faye Tucker, and  
Bessie Marlow.  
A deliciously delightful Italian  
number had a solo dance by little  
Anabel Lobough, about whom danc-  
ed with graceful gestures, strew-  
ing flowers, Betty Perkins, Caro-  
line Cox and Frances Caywood.  
A chorus climaxed this number.  
The little people deserve great  
credit for the very beautiful en-  
tertainment, which it is hoped  
may be presented again on some  
other occasion in the near future.  
The announcement of the num-  
bers was made by Mrs. Joseph M.  
Perkins, from the stage.

MRS. FURSE HOSTESS  
TO QUESTION CLUB:  
Mrs. A. H. Furse entertained  
the Question Club Tuesday morn-  
ing at ten o'clock with a very de-  
licious bridge luncheon following

half a dozen Madeira napkins, was  
awarded Mrs. Carl Angstadt, and  
club favor for high score, half a  
dozen green crystal salad plates,

The attractive home was de-  
corated with bouquets of tulips and  
a large green crystal bowl filled  
with these lovely flowers centered  
the luncheon table, laid in buff-  
et fashion, and lighted with rose  
candles in silver sticks.  
Luncheon was served on the  
card tables. The combination sal-  
ad, a fried chicken luncheon plate,

In addition to the features pre-  
viously announced, there will be  
presented the lovely Italian dance  
and song number by the little  
group that pictured this feature  
last night.  
Their appearance will be con-  
cluded with the chorus, "Let's Go  
Traveling."  
The McDowell Junior Music  
club will attend in a body, for  
the demonstration of MacDowell's  
classic, "To A Wild Rose," which

WORKERS COUNCIL  
OF METHODIST  
SUNDAY SCHOOL:  
Superintendent Caton of the  
Methodist Sunday School has  
reason to be particularly proud of  
the record of his assistant teach-

ers, all of whom submitted re-  
ports at the Workers' council held  
last evening in the Methodist  
church.  
The session opened with Scrip-  
ture reading and prayer by Frank  
Sparks, and the hymn, "Blessed  
Be the Tie That Binds."  
Plans were made for the re-  
vival which will start April 21,  
for which Dr. Alexander of  
Springfield, Tenn., will be the  
minister in charge.  
The first evening sermon, Sun-  
day, will be delivered by the Rev.  
George W. Shearer, and the re-  
mainder of the two weeks revival  
will be conducted by the visiting  
pastor.  
Reports were submitted of each

department as listed: Cradle roll,  
Beginners, Primary, Junior, Inter-  
mediate, Senior Young People,  
Adults and Home.  
The last named department, is

pertinent to shut-ins or those un-  
able to attend church, to whom  
the sermons are sent, together  
with Bible literature.  
The conference was held about  
the banquet table, arranged as a  
hollow square with the superin-  
tendent's table facing the open-  
ing. Vases of flowers and can-  
dles in crystal sticks made the  
scene an effective note. The  
evening class was hostess for the  
evening and served a delicious  
plate dinner of roast beef, cream-  
ed potatoes, hot rolls, gravy, a  
fruit salad, and last course of  
fresh fruit pies. Miss Jessie Lee  
Ligon, president of the class, was  
in active charge with waitresses,  
the class members.  
The nominating committee is  
composed of the seven district  
presidents, with Mrs. Joseph M.  
Perkins of Eastland, chairman.  
LADIES AUXILIARY,  
CHURCH OF GOD, MEETS  
The Ladies Auxiliary of the  
Church of God held the regular  
meeting yesterday afternoon in  
the church, when a fine study of  
evangelism was given by Rev.  
H. M. Sell, who based his address  
on three points, the Pure Life,  
the Powerful Life, and the Pur-  
poseful Life.  
During the brief business ses-  
sion, the resignation of Mrs. Jes-  
sup as recording secretary and  
treasurer was regretfully re-  
ceived. The vacancy will be fil-  
ed by election at the next meet-  
ing.  
The session was presided over  
by Mrs. D. M. Williamson, the  
president, with devotion by Mrs.  
Alma Lusk.

**Eastland Given a Night At Revival**

Dr. Len G. Broughton, formerly of the Broughton Tabernacle, Atlanta, Ga., and for years pastor of Spurgeon's tabernacle, London, has been secured by the First Baptist church, Abilene, to lead in a two week's campaign beginning, April 21. W. E. Young, noted singer of Wichita Falls, formerly of Boston and New York City, will have charge of the music, assisted by William J. Work of Simmons university and Mrs. Alex Miller officiating at the organ.

Rev. S. J. T. Williams has been secured to promote and manage the meeting with this crew of workers. And with the able leadership of Dr. Millard A. Jenkins and Educational Director Walter Jackson, it looks like a good meeting is assured. Four minute speakers were distributed throughout the entire organization last Sunday and will continue until the meeting begins.

Beginning Monday night the 15th, it is planned to have as many as fifty parlor meetings each night for four nights, Monday, Tuesday, (Wednesday all will be at the church) and Thursday and Friday.

Towns and communities are now asking for special nights to bring delegations. Eastland has been given a night and it is believed a great crowd will be coming to the Abilene meeting. Dr. Broughton is a man that everybody ought to hear.

**Says She Threw Her Money Away**  
 Abilene Woman Spent Hundreds Seeking Health—Orgatone Restores

"My troubles have been completely overcome since I began taking Orgatone and I am enjoying the best health I have in years and more than I ever expected to have again," said Mrs. H. Durante, residing on rural route 2, Abilene, Texas, while in the drug store the other day.

"I spent hundreds of dollars for medicines and treatments," she continued, "but it was just money thrown away, for I never got any relief from my suffering until I commenced taking Orgatone. I was in a pretty bad shape for five years and hadn't been able to eat a square meal because most everything I ate would sour and cause gas on my stomach. I would get nauseated and often would just belch up my food. I was so weak, nervous and run-down I couldn't do anything even a little housework was too much for me. I never got a good night's sleep and became extremely nervous."

"Well, I have just finished my fourth bottle of Orgatone and it is wonderful the way I have improved. Why, I feel so well and strong I do all my own housework without the least trouble. Last week I actually did the family washing and it has been many years since I did a thing like that. My appetite is fine and nothing disagrees with me. I sleep restfully and get up feeling refreshed every morning. The nervousness has entirely disappeared and Orgatone deserves every bit of the credit. It is the grandest medicine on earth, not only has it helped me but it has given me better health than I ever expected to have again."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific bile treatment and is sold in Eastland exclusively by Toombs & Richardson Drug Company who are direct laboratory agents.

#### Demonstration of New 'Cold Control'

Crowds of men and women today witnessed operation of Frigidaire's cold control, the latest perfection in the electrical refrigeration field, when the national cold control demonstration Frigidaire Corporation was held at the local room of the Electric Service company.

The demonstration will continue through Saturday and display room will remain open until 9 o'clock every night to care anticipated crowds, it was announced by R. S. Johnston, local Frigidaire manager.

Similar demonstrations are being held throughout the country, acquaint the public with this new Frigidaire feature which the first time gives the housewife complete control over the operating chamber of her refrigerator.

Mr. Johnston explained, "It is impossible to make in a household refrigerator, were prepared and frozen in comparative-

ly short time by domestic science experts and served to the visitors. Demonstrators explained the simplicity of the new device, which is now a part of all household Frigidaires and enables the Frigidaire owner to raise and lower the temperature in the freezing compartment without greatly affecting the temperature in the food storage cabinet.

Recipes for 115 new frozen desserts, made possible through the invention of cold control, were distributed along with other favors and booklets of interest to the housewife and hostess.

"Cold control," Mr. Johnston said, "greatly shortens the time required for freezing ice cubes, desserts and salads. It is operated by turning a small lever around a dial and various degrees of cold may be obtained."

### TELLS WHY HE IS BOY SCOUT

In the current issue of "The Oil Belt Gusher" the magazine of the Boy Scouts of this district, Wayne C. Sellers of Rising Star has a well-written article, "Why I Am a Boy Scout." Wayne is the son of M. S. Sellers, editor and publisher of the Rising Star Record. The article follows: "In joining the Scouts I achieved an ambition of long standing, for, as far back as I can remember, I have wanted the day to come when I could gain entry to a Scout Troop. "Then, too, my father has always taken an active part in Scout work for many years and he would tell me things about the Scouts that would make me want to join.

"I wanted to join the Scouts, not only because it is the world's greatest Brotherhood of Boys, and helps us to help one another, but it teaches us to do worthwhile things for other people.

"One of the greatest things by far I see in Scouting is that it teaches us to become good citizens. Above all things I want to be a good citizen and help my community all I can. My opinion is that no boy who lives up to the Scout teachings and ideals can fail to become a good citizen.

"Another reason I am glad I am a Scout is the many outdoor features it offers. It brings us boys closer to nature which within itself is a splendid study. On our hikes to the country and on our annual summer camp we have the opportunity of studying nature

and the animals, birds and reptiles. It teaches us to hike and trail like Indians. We learn to swim and dive correctly and save the lives of drowning persons and to administer first aid in any emergency.

"We also learn discipline, which is a subject a boy should be well versed in.

"Another feature that appeals to me is the opportunity of winning merit badges. Thus we learn to master certain crafts and in doing so, we might possibly find the subject we are best fitted for in life.

"There are more than 80 subjects covering all fields of trade. When we win one we want to win another and so the educational program is carried out.

"The above are only a few reasons why I joined the Boy Scouts of America."

### U. S. Golfers To Sail For England

NEW YORK, April 19.—The All-American Ryder cup golf team will sail this afternoon on the S. S. Mauritania for England, to defend the trophy of the American professional won from the British in 1927.

Two trophies, the Ryder cup and the British open trophy, rested on the speakers table last night at a "bon voyage" dinner at the New York Athletic club, in honor of the departing players.

Some two hundred guests, from New York and other cities of the East and Middle West, expressed themselves as confident that both trophies would return to the United States in June.

### First All-Talkie Now Being Shown

The advance notices of "Lights of New York," the first all-talking picture to be produced through the medium of Vitaphone, claim great things for this picture now showing at the Arcadia Theatre in Ranger. "Lights of New York" lives up to expectations, if the enthusiasm of the audiences that have seen it is satisfactory evidence. For the first time then, the spoken dialogue becomes an important part of the film. To a remarkable degree the illusion of the legitimate stage is created. The voice, modulated to the mood of the character, is conveyed to the ear in realistic fashion. And, of course, the spoken word gives the actors and actresses on the hitherto silent screen a better opportunity to make use of their dramatic talents. This is particularly evident in Helene Costello's portrayal of Kitty Lewis, a night club dancer.

In addition to the talking effects, the Vitaphone also is responsible for a musical accompaniment of unusual merit. A symphony orchestra of 75 pieces plays a specially arranged score which fits the fast moving tempo of the film to perfection.

### ISSUES CALL FOR SESSION

AUSTIN, Tex., April 10.—Prison reorganization, a State civil service and legislation to carry out the recent constitutional amendment for a State board of education are submitted as topics for the special session of the Texas legislature which Governor Moody called formally late yesterday to convene on April 22. The governor announced that other subjects will be added. There was no reference to appropriations in the call. Some members contend that appropriations can be considered at a special session without being formally submitted. It is possible that a second special session will be called for mid-summer to act on State appropriations.

### HOT-SHOT

(Continued from page 1)

the 1930 general election. As for the fourth, it proposes enlarging the scope of university fund investment to all classes of public securities instead and United States bonds. It is to be voted in the 1930 general election. All four amendments should appeal to the forward moving voters of the commonwealth. There is a new Texas and the new Texas is moving forward. Why should handicaps be permitted?

### Another Good Show Is Offered Tonight

"Broadway's Sweetheart," depicting the life of a cabaret girl, will be presented tonight by Brank's Comedians. The play has comedy, a love story and teaches a worthwhile lesson, it is declared. The first act is the interior of a dressing room and is a reproduction of the original show. A crowd that filled the tent to capacity viewed "Why Men Leave

Home" last night. The applause was frequent. All members of the cast did excellently. The wardrobe was exceptionally lavish. The vaudeville between acts and musical numbers were enjoyed.

### THEY SWAP WIVES

LINCOLN, Nebr.—Swapping of wives without the formality of a divorce court, has led to the arrest of two Benet, Nebr., men and the detaining of their wives. The men, Otto E. Slade, 31, and Horace Reed, 29, admitted they had traded wives by mutual consent Sunday, March 31. Each family had two children who made their homes first with one family then the other. "Strange goings on," at the two homes attracted neighbors' attention to the "trade."
