

MOORE about... EASTLAND by Virgil E. Moore

They have a display up at the bank which E. E. McAllister, local Soil Conservation unit chief, claims is one of the best he ever saw. The display is sponsored by Texas Electric Service Co. in cooperation with the Soil Conservation District. It deals with the subject of the value of grasses. When you are by that way making a payment on that note of yours, take a look.

Aubrey VanHoy offered the other day to give away a free pass good for one week at the Majestic Theatre to the first person who figured out a little jingle he submitted. We were both surprised that no one answered. Then we figured out why. All of the letters were not in the information given. We are gonna list 'em again, and the first correct answer will receive that week's pass. And the next 10 correct answers will get one free pass for any picture they want to see in the month of February.

We might point out—while Aubrey's back is turned—that the correct answer deals with movies and contains four words. Now here are the letters: One Y, five A's, three R's, one B. (Continued on Page 2)

Mrs. Fred Hale Taken By Death Friday Night

Mrs. Fred D. Hale died Friday night in Eastland Memorial Hospital after a lengthy illness.

Funeral services will be held at 2:30 Sunday at the First Methodist Church with Rev. Richard Smith officiating. Burial will be in Eastland Cemetery.

Mrs. Hale had made her home here since 1930.

Born March 31, 1886 in Stephenville, Mrs. Hale was a member of the Methodist Church, the W.S.C.S. and the Martha Dorcas Class.

She is survived by her husband; one son, Leon of Bryan; two daughters, Mrs. Andy Taylor of Eastland and Mrs. P. J. Cullen of Fort Worth; a brother, G. C. Oxford of Fort Worth; a sister, Mrs. Cleveland Autry of Washington, D. C.; and four grandchildren, Sandy and Jan Taylor and Mark and Becky Hale.

Mrs. Hale was the former May Oxford, daughter of Dr. and Mrs. L. G. Oxford of Stephenville. She was married in Clarendon June 6, 1910.

Hammer Funeral Home is in charge of arrangements.

Hilliard Paces Hornets to Win Over Gorman

Jack Hilliard had a field day as Olden's Hornets blasted out a 66-41 victory over Gorman in a District 32-B game Thursday night.

Hilliard had 28 points for the night to pace the Hornets to the easy win. Eddie Munn was second in line with 12, Jerry Colburn had 11 and Gary Woods hooped in eight. Delbert Smith was high for the losers with 14.

Olden's girls were smashed, 84-59, by Gorman. Ann Blair and Wilma Edwards had their usual scoring race, with the Gorman girl coming out on top. Ann had 45 points for the night to 35 for Wilma.

Olden plays Desdemona next in Desdemona. The Hornets are undefeated in district play.

Brotherhood Is Theme of Joint Club Meet Here

Eastland Rotarians and Lions Tuesday will hear a Catholic, Protestant and Jew tell why they believe in brotherhood of mankind. The occasion will be the annual joint meeting of the two clubs to observe Brotherhood Week.

Lions will serve as hosts this year, and the meeting will be held in the Fellowship Hall of the First Methodist Church.

Speakers will be H. C. Maiden Jr., vice president of the First National Bank of Dallas; Dr. C. A. Trimbos, of the Netherlands Government Information Office; and A. Robert Beer, Dallas realtor. Maiden, a Methodist layman, will serve as chairman of the panel. Dr. Trimbos is Catholic and Beer is a Jew.

Additional Farm Credit For Area Is Available

Additional farm credit, in the form of initial loans is now available to Eastland County farmers, Walter T. McKay, State Director, today advised H. P. Cole, local County Farmers Home Administration Supervisor.

The designation to authorize the making of initial emergency loans in Eastland County was made by Secretary of Agriculture Ezra T. Benson as a result of damages and losses sustained by local farmers from excessive rains, freeze and other adverse weather. Loans to finance 1958 operations are available to farmers who suffered actual production losses, who have a good record of past operations, and who are unable to obtain the credit they need from private or cooperative credit sources. Loans may be made for normal farm and home operating expenses. The interest (Continued on Page Three)

Eastland Seniors Attend Career Day At TCU

Eastland High School seniors were among the 1350 high school students to attend the fifth annual Citizenship and Career Conference at Texas Christian University in Fort Worth Friday.

A panel of business and industrial leaders answering questions from the floor, moderated by J. B. Thomas, president of Texas Electric Service Co., was one of the high points of the day.

Rangeland Cover In County Is Improved

(Editor's Note: The following article was written for this newspaper by local Soil Conservation Unit worker.)

Nineteen hundred and fifty-seven was a year of progress for conservation farmers and ranchers in this area. This story of conservation progress is best told in terms of water use and soil held in place.

Keeping soil and water on the land during record breaking rainfall comes about only through the application of complete coordinated conservation programs of land management by land owners. Conservation minded landowners in the Eastland Work Unit of the Upper Leon and Palo Pinto Soil Conservation Districts took advantage of the erratic weather in 1957 in applying conservation largely with vegetative practices.

Undoubtedly the greatest progress last year was in cover gained on rangeland. This gain in cover was brought about through proper use of the grasses by light or moderate stocking following the drought. It is estimated about 25,000 acres of range land had proper use.

Grandmother of Victim of Polio... Urges All to Aid Dimes March

"Survival Is Not Enough." That's the theme of the 1958 polio fund raising drive. It doesn't mean as much to the average person as it does to Mr. and Mrs. Jack Lusk of Eastland, however.

You see, Mr. and Mrs. Lusk are the grandparents of Michael Lefan. They were with him when the news of Dr. Salk's discovery of the polio vaccine. When he heard the announcement, Mrs. Lusk recalls, he "very softly and without any bitterness said, 'Oh, if Dr. Salk could have found that two years ago.'" Michael, you understand, had been struck down a year and a half before that.

Mrs. Lusk urged parents to give the shots to their children, "and take them yourselves."

"You can't know the heartbreak unless you watch a little child try so hard to do a few things when his little body is so helpless," she said. "I can't praise the March of Dimes too much, and the rehabilitation centers do so much for you, and do it with loving care. Wolfe Home in Houston has helped Mike. When first stricken he could move nothing but his tongue. Now, with the help of God and the folks at Wolfe Home, he is a busy happy young fellow, an excellent 'A' student in his sixth grade schoolwork. That's something, considering the fact that he does all his work with his feet and toes."

"He paints, plays tunes on the piano, does copper moulding... well he's busy all the time with his feet and toes. Without MOD and rehabilitation, Mike could have been a helpless little fellow! Believe me folks, your \$5000 and \$10,000 insurance goes with a swish in a case like this. Polio is no respecter of persons, rich or poor. Let's give all we can to the March of Dimes."

Albany's Fast Breaks Free Throws Beat Mavs

Albany's Lions made good use of their free throws and a fast break to down Eastland, 46-42, in the Mavs own gymnasium Friday night. The win handed Albany a clean sweep for the night. They beat the Mavericks, 63-35, and the B team, 56-35.

The Mavericks didn't hit enough of their free shots to count—getting only two in the entire game. But they got 40 points to the visitors 34 in the field goal department: Twelve free throws by Albany hurt the Mav cause.

It was Albany's counterpunching fast breaks that hurt the Mavs

School Census Is Short 35 First Grade Students

Only 45 children who will enter school for the first time in September have been listed on this year's census list today, Supt. Wendell Siebert revealed today.

Siebert said, "We're wondering where the remaining 35 or 40 are." Parents of children who will enter the first grade this year, were urged to get in touch with one of the grade school principals here so that their children's names will be included in the census report.

Last Week Rush To Pay Poll Tax Is Highly Likely

With just five more days to pay poll taxes, Eastland County has just about half the voting strength it did two years ago.

That's the word handed down by J. C. Allison, tax assessor-collector. He said this morning that only 1265 slips had been issued in the courthouse, and estimated that about that many more had been sold in sub-stations at Ranger, Cisco, Gorman and Rising Star. That would mean that just 2530 Eastland County citizens have the right to vote in this, an election year.

In 1956, Allison said, 5100 paid their poll tax. "We look for approximately that many this year," he said, "but they are sure going to have to hurry since Jan. 31 (Friday) is the deadline.

Citizens' apathy is not very understandable. This year Texans will

elect a governor and other state office holders, and county citizens will elect a half slate of county officers. Then there are school board and city elections in each Eastland County town.

Application Dates Set For County Crop Allotments

The deadline for making application for new grower cotton and peanut allotments was revealed today by Emmett E. Powell, county office manager of the Eastland County Agricultural Stabilization and Conservation.

Closing date for peanut applications is February 7, Powell said, and the closing date for cotton applications has been set for February 22.

Powell said that the applications are for farms that have no allotments.

"The owner or operator must not be interested in any other allotment farms," Powell pointed out, "and the operator must depend on the farm for his living."

Powell continued that in the case of peanuts, the operator must have had two years of experience out of the past five in growing peanuts.

Growers who do not plan to plant cotton or peanut allotments in 1958 may release the acreage to the County Committee for re-appointment to other producers.

Producers may make application for the released acreage.

Seats to be filled this year will be that of the county judge, county school superintendent, district clerk, county treasurer and commissioners of Precinct 2 (Gorman) and (Cisco). Voters will also choose a state representative and two members of the Eleventh District Court of Civil Appeals. All justices of the peace terms of office also expire this year.

So far there is only one contested county post. John S. Hart of Cisco seeks re-election as county judge, and he has drawn an opponent in Clyde L. Garrett of Eastland. Paul Brashear has announced that he will seek re-election as state representative. Johnson Smith seeks re-election as county clerk. C. E. Owen seeks a first term as justice of the peace of Precinct 1 and Mrs. Ellen Justice has entered the county treasurer's race.

Second Term Is Sought By H. R. (Pop) Garrett

H. R. (Pop) Garrett Saturday announced that he would be a candidate for re-election as county school superintendent.

Garrett is completing his first four year term. He previously taught at both the high school and junior college level in Eastland County, and is presently district governor of Lions International.

He plans to make a formal statement later.

Gray Matter

The American people don't get enough exercise in these days of so many gadgets to make life easier.

These days all a fellow has to do when he gets up in the morning is to light a stove and the room is soon filled with warm air. A generation or so ago he would have to put a match to the kindling and build a wood fire. Setting the morning's fire ablaze wasn't such an arduous task in itself; most of the heavy work had been done before. The wood had to be chopped in advance, then after it was chopped it had to be brought in.

Chopping wood is one of the best forms of exercise the human body can undergo.

Many a man has spent a lifetime

trying to educate himself so that he can afford to live in the lap of luxury and not have to chop wood for the morning fire or for the kitchen cookstove. After getting into middle age he has found, though that he needs more exercise than he has been getting, so he goes to a "health builder" or "trainer" to get in shape again. The trainer agrees to take care of him—at a very nice price.

One of the first things the paid exerciser does for our middle-aged friend is put him to work at a job of facsimile woodchopping. And the patient gladly pays the price.

Walking is a very good form of exercise. All of us should do more of it than we do. It doesn't (Continued on Page Two)

GOOD COVER—Local Soil Conservation workers say a good cover of native grasses holds maximum rainfall in place. Moisture penetration tests show that good cover as pictured above holds approximately five times more moisture than a similar area that is nearly bare of vegetation. Many landowners of this area were able to secure good ground cover last year through proper use and deferment of their range land, it was pointed out.

Go to Church Sunday

By OTTA JOHNSON
Church of Christ, Minister

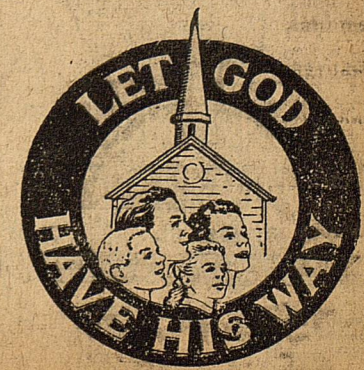

The persecuted Christians of the first century, who slipped away to the caves to worship God, never asked: WHY GO TO CHURCH? They went to worship despite all hindrances and rejoiced in every opportunity to get together to praise the Lord and to admonish one another—to pray and partake of the Lord's supper.

If our hearts were as full of faith and love, and humility, and the spirit of Christ as theirs were we would do as they did. No one would then ask: Why go to Church? All who love the Lord and hope to go to Heaven when they die, would do their level best to be in the worshiping assembly every time there is an appointment—morning—noon—or night.

To attend services of the church and engage in its worship is a divine privilege. Think of the promise of the Lord that where two or three are gathered together in His name, He is there in their midst—(Matthew 18:20). This scripture shows that you and I have a di-

vine appointment to meet with Jesus our Lord whenever His church meets. Any failure upon our part to attend these services certainly is a disappointment unto our Lord. Here then is the first and foremost reason that every man, woman, boy, and girl should attend every service of the church (1.) Because the Lord will be there, and He expects us to be there. There is also a danger of sinning willfully by neglecting to attend meetings of the church. Paul says, Let us not neglect meeting together as some do, but let us encourage one another; all the more as you can see the great day is coming nearer, for if we choose to go on sinning after we have so fully learned the truth, there is no sacrifice left to be offered for (Continued On Page Three)

cost a thing. And it's really good for what ails you.

Out in our neighborhood I notice that Virgil Seaberry walks to town every chance he gets. Some of the other folks in the neighborhood do the same thing. This is not only good for the system but it helps one get acquainted with the youngsters of the town. There are always some of them playing somewhere along the way, or if it is during the school week, one meets the youngsters as they make their way to the school.

If Virgil didn't have so many friends he could get in more walking. He hardly gets started before someone offers to pick him up. Being a considerate gentleman he doesn't like to offend anyone by not accepting their proffered ride so he will get in with the good neighbor.

In my case, however, it works a little differently. I set out from the house the other morning determined to get my morning's exercise. I made up my mind before setting out, though, that it might be well to see how far I could get down Seaman Street before someone offered me a ride like someone is always offering Virgil Seaberry. I found out. After I got to Jim Gilbreath's place I decided to turn around and come back to town.

But I got my morning's constitutional. The other morning I was walking to town while the kids were out playing. In the 7-, 8-, and 900 block of Seaman there are several

Back when we were in grade school our teacher fascinated all her students by making a "charcoal garden." Every since we've been trying to remember how she did it. It was some common household article, such as soda or something, that she sprinkled all over the charcoal. Then she sloshed that with numerous colors. In a day or so the thing started molding (or something) on the charcoal and took on the appearance of a real garden. Anyone know how it's really done?

The fact that Eastland was the only town in Eastland County to gain in total businesses listed by Dun and Bradstreet in the last five years is proof again that this city is on the rebound. Losses of businesses in the other towns was natural since the county was in a severe drought.

The other morning the kids were talking about how much money their fathers' make. Dave's youngster said he didn't know how much his father made but it must be a lot. They had to look it up behind a time vault every night before he could go home.

Doctor Lund's bright-eyed youngster added that his dad did better than that. He said he'd heard his father say that as long as he could sell a pair of glasses no one in his family would ever go hungry.

But my girlfriend, Aleen Smith, topped them all. She allowed she didn't know how much her daddy made. "But it must be an awful lot," she said. "It takes four men to bring it down the aisle to him each Sunday morning."

Clyde had a harder time than expected in beating Wylie, 50-48. That pushed the Bulldogs into a tie with Throckmorton in the District 10-A race. Both Throckmorton, who was idle last night, and Clyde have identical 3-1 records. Wylie and Albany have each won two and lost two and the Mavs are still looking for their first win at the close of the first half of play. Throckmorton goes to Clyde Tuesday night and Eastland goes to Wylie. The Throckmorton-Clyde game could easily determine the district championship.

PAYROLL SAVINGS
Now the easy way to save is better than ever!
The U. S. Savings Bonds you get through Payroll Savings pay you higher interest... faster!

Have you tried the Payroll Savings way to save yet? Eight million working people can tell you it's the best system ever devised to save for a goal systematically.

Here's how it works. You simply sign the Payroll Savings authorization card in your payroll office. Sign up for the amount you want. Then each pay period that amount is deducted and saved for you in a Payroll Savings account. When there's enough, a United States Savings Bond is purchased in your name and starts earning interest to add to your savings.

And now your Bonds earn higher interest than ever before. Every United States Series E Savings Bond issued since February 1, 1957 pays 3 1/4% interest when held to maturity. It reaches maturity faster — in only 8 years and 11 months. And redemption values are higher, too, especially in the earlier years.

If you haven't already done so, sign up for the Payroll Savings Plan at work today. Start piling up those Bonds for your future.

Incidentally, you'll be getting your Savings Bonds in a new "check" size — a lot easier to keep even in the smallest safety deposit box, a lot more efficient and economical for your employer and your government to process.

The piggy bank that can't be raided!
To see how fast small change can add up, put it into Savings Stamps. 10¢ and 25¢ denominations available at your post office along with handy albums to keep them in. Start a book today.

Christian Science

The fact that the healing, saving power of the Christ, Truth is always present will be explained at Christian Science services Sunday.

The Lesson - Sermon entitled "Truth" will include the following from Matthew (9:35): "And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing every sickness and every disease among the people."

Correlative selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (494: 30): "Our Master cast out devils (evils) and healed the sick. It should be said of his followers also, that they cast fear and all evil out of themselves and others and heal the sick. God will heal the sick through man, whenever man is governed by God. Truth casts out error now as surely as it did nineteen centuries ago. All of Truth is not understood; hence its healing power is not fully demonstrated."

Go To Church - (Continued From Page One) our sins, but only the dreadful prospect of judgment and that blazing indignation which is to devour God's enemies.

Let me briefly mention several other reasons why every person should regularly attend church services: 1. - Church attendance is good for you socially.

2. Church attendance is good for you physically. It will help you forget your worries, pains, disappointments.

3. Church attendance is good for you and me - spiritually. When we join in the gospel songs and fervent prayers, and gather around the Lord's table to commemorate the sacrifice of our Lord, we cannot help being made better.

Beethoven Music Club Meets for Music and Art Program Thursday

Music and Art was the theme of the program for the Beethoven Junior Music Club meeting Thursday evening in the home of Mr. and Mrs. Sid Faircloth with their daughter, Georgia Bess Faircloth as hostess.

"Junior Music Song" (Hamilton) being sung by the group was the opening of the meeting. Linda Huckabay was the pianist. The Lord's Prayer was prayed in unison.

Georgia Bess Faircloth began the program by playing "The Merry Huntsman" (Scher). Linda discussed an article on "Music and Art."

She also told of the recent piano duo concert in Fort Worth given by Mr. and Mrs. Wilgus Eberly, head of the music department at the Texas University for Women at Denton. They played numbers by Brahms, Saint Sals and Rachmaninoff.

Linda also told of Miss Harriet Emerson, violinist from New York. The program was concluded with Patricia Ann Liles playing "The Smugglers" (Edna Taylor).

Before the business meeting was held a quiz on Diminished Minor and Augmented Triads was led by Jo Ann Morren.

During the business meeting an election of officers was held. Suzanne Butler, president, presided over the meeting. The following officers were elected: Georgia Bess Faircloth, president; Jo Ann Morren, vice president; Joyce Robertson, secretary; Jan Robertson, pianist; Susan Johnston, assistant pianist; Linda Huckabay, critic; Suzanne Butler, reporter; and Sherry Decker, parliamentarian.

Most of the members enjoyed dancing to record music. Refreshments of open face sandwiches, cheese vienna sausage, olives, cookies, nuts, candy and Cokes, were served to Joyce Robertson, Jo Ann Morren, Patricia Ann Liles, Sherry Decker, Jeanne Morren, Georgia Bess Faircloth, Suzanne Butler, Linda Huckabay, and guests: Shelia Sneed, Jean Ann Edson, Fanis Faircloth, Mrs. S. S. Faircloth, house hostess, and Mrs. A. F. Taylor, counsetor and teacher.

The next meeting will be held Feb. 17 at 7 p.m. with Linda Huckabay as hostess in the home of her parents, Mr. and Mrs. L. E. Huckabay.

Rev. Turner Is Guest Speaker On Bible Day at Delphian Club

Rev. Roy Turner, pastor, First Christian Church, was guest speaker on Bible Day at the meeting of the Alpha Delphian Club Thursday afternoon in the Woman's Club.

Mrs. B. O. Harrell, president, presided over the meeting. The meeting was opened with prayer by Rev. Turner. After Mrs. Harrell welcomed the guests, Mrs. Roy Turner, program leader, presided over the program.

Mrs. Turner introduced her husband, Rev. Turner, and told of his great interest in music. He spoke on "How to Get the Most Out of Your Hymn Book." To put more emphasis upon his speech a group of hymn books were displayed.

As he spoke he told of some dangerous trends which are in our singing of hymns. He stressed the importance of singing of the words and not just for the tune. He also related the history of the hymn.

This day was also Guest Day. Before the social hour each member introduced her guest. Mmes. J. LeRoy Arnold, N.N.

Rosenquest, and C. M. Pogue, hostesses, served open face sandwiches, cookies and hot punch from a table laid with a lace cloth over green with crystal appointments. Mrs. Harrell presided at the crystal punch service. The table was centered with red berries and greenery arranged in a crystal bowl and two large Bibles.

Members and guests present were Mmes. Jack Tizer of Breckenridge, R. C. Ferguson, H. D. Penny, N. L. Smitham, W. A. Martin, D. J. Finsey, R. L. Carpenter, Earl Bender, Leonard Floence, M. B.
