Solons Laying Plans For New **Labor Battle**

Both Foes, Friends Of Taft-Hartley Law Predict Victory

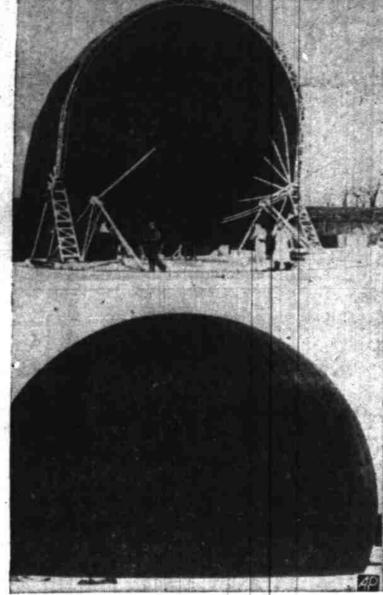

WASHINGTON, May 5. (AP) -Labor legislation strategists in both branches of Congress charted new battle plans today even as the smoke of the hectic House scrap still swirled.

Public prediction of final victory came from both camp-that is, from (1) those who want to get rid of the Taft-Hartley Law, and (2) those who want to keep most

This is the situation: In the house, the Wood Bill to keep much of the T-H law on the books is back in the labor committee-fired there yesterday by a narrow-squeak vote of 212 to 209. The house sent the measure back to the committee for further study and hence reversed its acceptance

of the bill on Tuesday, 217 to 203. That means there is no labor bill before the House. It also means the Truman administration can aunch another drive, starting in the labor committee, for house approval of its Taft-Hartley Repeal Bill-which got no place in this week's debate. However, the indieations are Democratic leaders will concentrate instead on a compromise measure which would keep

some of the T-H provisions. That compromise bill also was defeated in the first round House

AIR FORCES DISCLOSES NEW BALLOON HOUSE - The Air Force has developed this new house for its radar equipment, It is made of glass and rubber and is inflated. The top photo shows the house, called the Radome, put into place at Red Bank, N. J., by a special erecting gear of collapsible ribs which do not touch any radar towers or equipment. Below, the Radome is shown inflated. The Radome, a development for Watson Laboratories, Air Material Command, is held up by a vacuum cleaner blower.

65,000 Workers Strike At Ford Motor Co. Plant

Last Minute Peace Talks Broken Off

Ths Woman Has Dairy Problem

COLUMBUS, O., May 5. (#) -Dairy husbandry men of Ohio State University and the Ohio agricultural experiment station had a problem today.

It revolved about a cow-but if wasn't one of those simple problems such as getting the animal out of a silo or a hay loft. This was a mental affair.

An Ohio farm wife posed the problem in a letter, to wit: "Dear Sirs:

"Please write and tell me what you can do with a damn cow that has all the grass she can eat, all the water she wants to drink, and is bred, that just stands and bawls and bawls until she just about drives you nuts. "She doesn't have a thing to

(Formerly Brooks-Williams)

BUFFALO, N. Y., May 5. IR-A. The drug, named Priscol, quickof Brooklyn told the New York

State Medical Society. They said it had worked successfully, and often dramatically, on 120 polio patients last year at the Kingston Ave. Hospital in Brooklyn. The drug can be taken by mouth or by injection.

The polio victims got relief from pain within 24 hours or less, they said. They rested more comfortably by day, slept quietly at night, and their appetites improved. Arms or legs which they kept bent because of pain or spasm could be straightened out easily, permitting quicker exercise to keep the muscle strong and reduce the after-effects of

rare crippling disease, actually is some patients have been home or to orthopedic hospitals within a week or two, the physicians reported. The drug was tried on patients

from the ages of 11/2 to 45. Priscol did not halt the march of disability in only a small percent. the polio bug or virus along nerve pathways. No drug is known that Anderson spoke before a general can do this. But it reduced pain

did not. The Minnesota specialist said The drug works by blocking the polio has attracted more attention nerve pathways of the sympathetic than more important but less dra- nervous system. It doesn't affect the central nervous system, which This, he said, results from the is the main invasion ground for the

Drs. Smith. Graubard and Rosenblatt tried it after studying one of the pecular things about polio. swung around to the opinion that This is that some patients who

en recover completely. They reasoned that while only commented, range from 10-to-one part of the spinal cord in affected by the virus, waves or volleys of nerve impulses pass on through the sympathetic nerves. These sites far from the central infection, blocking the sympathetic pathways releases pain and spasm. Priscol is a relatively new drug. It's been used in Europe to relieve pain in diseases resembling

Associated Press Staff It's no surprise that Dallas, San Antonio and Shreveport won in the Texas League last night. But so did

Oklahoma City! It was the Indians' second straight victory, that 2-0 affair over Houston, and put them within one game of vacating the Class AA cir-

For Oklahoma City it marks a long haul up from a losing streak that stretched on and on and on at the outset of the season.

Dallas power exploded in the ninth inning for four runs and an 8-5 decision over Beaumont. San Antonio blanked Tulsa, 2-0, and Shreveport downed Fort Worth

The first division, from the top down, is Dallas, San Antonio, Shreveport and Fort Worth. Ray Murray's double in the fourth and Milt Nielson's triple in the eighth accounted for Oklahoma City's two runs and backed up five

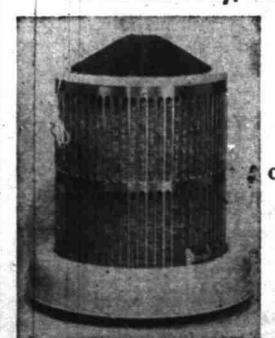

hit pitching by George Anderman. Pitching by Lefty Gerheauser beat Tulsa. He yielded only five hits as his mates bunched two runs

in the third. Beaumont bunched hits for three runs in the third, but Dallas collected four tallies in the fifth and

then cut loose in the ninth. Fort Worth Manager Bobby Bragan protested Shreveport's victory. He made his complaint in the third that two umpires called a balk on Cat Pitcher Joe Landrum and another didn't. Plate Umpire Mike Williams said later that when one ump calls a balk, it's a balk. Fort Worth gets another whack at Shreveport tonight, anyway. The

other games are also the same.

TAKE OFF UGLY FA

When you buy Barcentrata, you buy a preparation for taking off weight. You do not pay for any printed diet or for vitamina to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barcentrate is the original grapefruit juice recipe for weight reduction.

Just go to your druggist and ask for four sunces of liquid Barcentrate. Four this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonfuls twice a day. That's all there is to it.

Lost 56 pounds

Here is what Mrs. L. J. Bryant, P. & Box 56, Whitewright, Taxas, wrote us:

"I want to tell you what Barcentrate hee done for me. I weighed 268 pounds when I started taking it. I now weigh 212.

"I have taken my dress size down from size 50 to 44 and never felt better in my life and everybody tells me how much infour I look than I did.

"I am still taking Barcentrain as I want to get my weight down to 168 or 179.

Advice From Head Of Rubber Company Good For All Business

Some of the advice whir' J. P. Seiberling, head of one of the najor rubber sompanies of the nation, gave independent dealers associated with his co. pany in West Texas could be well taken to heart by businessmen in general.

Burden of this testimony was the urgent need to change attitudes acquired in the transition from peace to wa to peace. This is not a new message, but it was most forcefully put by Mr. Seiberling in his initial visit to Big Spring.

His thesis was that it is now imperative that businessmen who intend to stay in business, let alone prosper, acquire (if they do not have) wholesome attitudes toward their calling, their individual establishments, products, service, work and more than a modicum of sound business

In so many words he was making it plain that the buye, is back in the saddle and will have to be sold with good merchandising, good service, and consideration. The lazy and incompetent operator may be in the process of being weeded

As for the latter portion of his message, he appropriately called attention to the fact that "ours is not a profit system -it is a profit and loss system." The businessman who cannot appreciate the difference through intelligent operaton is in for a hard time.

But he was not dismayed by conditions. He seemed convinced that business -good business-is here and will be for years to come, but only to those who earn the right to harvest it

Lifting Of Berlin Blockade Is Proof That Airlift Successful

has been fixed by agreement between Russia and the Western powers.

While it is all too easy to blow this international manuever beyond its proportions and in disregard for some lingering and more fundamental issues, it is a victory of no mean proportions neverthe-

More than anything else, the abandoning by Russia of her ad mant position in Berlin is a sort of weather vane. Precipitated by a currency crisis, Russia, controlling the territory surrounding Berlin, sought the two fisted method of bringing the Western powers to terms by shutting off supplies from the western zone of Berlin.

Except for the miracle of the airlift, which cost millions upon millions of dollars, this simple blockade would have

would have been chased out of Berlin. But they weren't and as time went by the air lift proved it was no Sunday afternoon exhibition. On the contrary it got bigger and better until, as was explained here recently, the equivalent (i time as well as materials) of more than 100 trainloads of supplies went into Berlin by air in a

Russia understood the implications of this achievement. Russia understood, too, that it was making a vexing impression upor German nationals. She uncerstood also that it was a demonstration that the Western powers could extend and multiply that achievement in the field of military operations if the necessity arise. In the face of a demonstration by which she suffered or was sobered, Russia has at last said: "Let's talk this thing over."

Tile Contractor's Widow Makes Success Of Masculine Industry

who loves to putter about the kitchen, has the biggest ceiling problem in America today.

She is a plump, pleasant woman of 50 who operates a \$1 million-a-year business. one of the nation's largest tile contracting

Her workmen now are installing clay tile on the twin ceilings of the new \$80 million tunnel that will link Brooklyn and

"They are the langest ever installed in the United States-9.117 feet." she said. "That will take about 32 million-all set by

Mrs. Crocetti talked shyly of how as a widow she had made a success in an industry dominated by men.

"BEING A WOMAN IS NO HANDICAP." she smiled, "because I have such a reliable

group of men working under me. "My husband and I both worked on Italian language newspapers here a quarter century ago. But my husband opposed Mus-

solini at a time when many people still Forced to enter another field, her husban G. M. Crocetti, became a tile contractor. Upon his death she took over the

"I don't do much of the contact work, I like to do the collecting. It's more fun," she said.

Those in the industry say, however, that Mrs. Crocetti is a shrewd and capable executive who knows every detail of tile

"One of the biggest problems is to keep the tilesetters happy," she said. "They are skilled craftsmen, and they are as temperamental as any artist.

"THEY WORK IN TEAMS-A TILE setter and his helper. And we call them 'husband and wife.' A good team is something like a happy marriage. They want to stay together.

"But if the team quarrels and the two men don't work well with each otherwell, one of them has to take a trip to

About 75 per cent of the tile setters are of Italian descent. She has three children. One son teaches

sociology. Another is a graduate student in psychology. Her daughter, Emma, 17, is

"The only one in the family who wants to go into the tile business is my threeyear-old grandson," she said. "He wants to drive a truck for me."

Matter Of Fact-Joseph Alsop

U.S. Army Of Occupation Reigns Supreme, Unchallenged In Tokyo

town gives the traveler the odd sensation of being dragged back through five years in time and thousands of miles in space, For Tokyo is still remarkably like a big war-time city very far behind the battle lines-Algiers, say, after the fighting had moved up beyond Naples, or Naples after the fall of Rome, or Paris well after the Battle of the Bulge. The United States Army, in its rear echelon capacity, is

Here are those dimly remembered, omnipresent, ufficious Army signs come back to life-"Off Limits." "For General Officers Only," "For Military Personnel Onby." Here are the famil- r .nimeographed forms, which everyone fills out in triplicate, and no one ever looks at again. Here are the well-pressed G. I.'s, and the pinkfaced military police in their white helmets, trying to look Prussian but never quite succeeding.

Here too, are the generals, busy and authoritative, and the colonels, just a shade less busy and authoritative, and the

Today's Birthday

ARCHIBALD PERCIVAL WAVELL, born May 5, 1883, at Colchester, England, son of a major general. Now Viscount Wavell of

Cyrenaica and Wincheser, he was educated at Winchester College and Sandhurst. In 1901 he beme a subaltern in the Black Watch in time to serve in the last part of he Boer War. In 1908 he had won his second medal on the frontier of India. He lost an eye in France in World War L. Between wars he rose

from colonel to full general, commanding the Middle East in 1940, when he drove the the Italians from Sidi Barrani in Egypt and captured Tobruk in Libya. He became supreme commander for the Allies in the Far Pacific was made field marshal then vicercy of India and now is a constable bustling majors, bulging comfortably fore and aft. Here are the salutes, and the jeeps and the staff cars and all the outward trappings of a big city in the embrace of the military. And here is the familiar backdrop, the scarred city itself, with the grey, shifting, shabby mass of its people, scurrying endlessly about their mysterious business.

The visible evidence of the Army's hold on the city is confirmed by the invisible facts. There are American civilians here, thousands of them, from bobby soxers to experts on the migration of fish. Some of these civilians have influenced the course of the occupation-but only at

For no civilian (except occasional visiting firemen) has direct access to the supreme source of all power in Japan, General of the Army Douglas MacArthur. General MacArthur is tightly surrounded by his old subordinates and intimates of the Bataan days. The rare newcomers to this charmed circle wear a uniform and usually a West Point ring. The charmed circle makes certain that civilians are kept in their place.

Even the State Department men are huddled together in a powerless "diplomatic section" under the direct orders of the military. They send cables to Washington only through Army "channels" and at the Army's pleasure. On more than one occasion the Army has not been pleased. and cables to the State Department have

been briskly stopped at the source. More than any other city in the world since the war ended, this is the Army's city. This, indeed, is the Army's country, Here the Army reigns supreme, unchallenged, with all the Army's peculiar faults

Thus, the men with Army rank have ecome a special caste within the huge American community. But the American community has itself become, with all the best will in the world, a special caste-a new Japanese ruling class, as remote, isolated, all powerful and immensely rich as the "above-the-clouds dwellers" of the HOW DOES HE DO IT?

Key Leaders Of Administration In Senate Unable To Keep Ball Rolling

WASHINGTON - The Truman program continues to be slowed down in the Senate. This is partly because the President's key leaders have been torn apart by sickness and exhaustion.

Majority Leader Scott Lucas of Illinois has been in the hospital, worn out by the gruelling grind of trying to keep Democratic forces together. Before going to the hospital he had wrangled with Sen, Howard McGrath, chairworn out by the gruelling grind Committee. McGrath, according to a complaint Senator Lucas made to the White House, was trying to steal the spotlight as Senate spokesman. And this in turn brought some sour private comments from McGrath about

Meanwhile, two other Senate figures have been in the hospital Senate Secretary Biffle and Majority Secretary "Skeeter" Johnson. The Democrats have leaned heavily upon Biffle to keep peace between the Senate and the White House, and Biffle's office has been a rendevous where Demoeratic troubles were patched up over a glass of bourbon.

Before going to the hospital, Biffle himself clashed with the Senate's president pro tem. Senator McKellar of Tennessee.

On the more optimistic side. however, many Democratic committee chairmen have plugged ahead with legislation, and several key measures, such as federal-aid-to-education, are all set for debate.

A BRITISH DOMINION? British Foreign Minister Ernie Bevin is a lot more pleased than Trygve (Trigger) Lee over the inclusion of Norway in the Atlantic Pact-and Lie told him so when Bevin was in this country for the pact signing.

Bevin was jubilant over what he called the "brave stand" taken by Norway in joining the pact despite the persistent neutrality of Sweden, Meeting Lie, who is now secretary general of the United Nations, Bevin said:

"By this act you have moved closer to us. We feel toward you as we would toward one of our own dominions." To which Trygve Lie, with heavy sarcasm, replied, "Thank

Note - Lie says privately he would not have come running to Washington, if he had been Norwegian foreign minister - as he was once. He would have waited for the possible common action of all three Scandinavian coun-

CHAMPIONS NEGRO President Truman heard some straight-from-the- shoulder advice on the question of Negro education the other day from a southern congressman who gets around in a wheelchair. The White House visitor was 38-yearold Congressman Charles Bennett of Florida

Bennett served 58 months as an infantryman, won the coveted Silver Star for bravery, came out a captain, his legs crippled by polio contracted while fighting with Philippine guerrillas.

However, this doesn't interfere with Bennett's legislative interests, one of which is a burning zeal to improve educational opportunities for southern Negroes The federal government can't be proud of the way it has failed

Truman, "What many people forget is that the government countenanced slavery before the Civil War. In fact, a lot of the slave trade was carried on by north-

"Then, when slavery was abolished by fire and sword . . . "You remind me of my mother." broke in the President, who comes from Confederate stock on his maternal side.

'Well, I don't mean to be waving the Confederate flag," explained Bennett, "but it's nonetheless a fact that the government left Negro ex-slaves and their families to shift for themselves after the Civil War was over. The very least we can do now is to provide better and more schools to counteract the illiteracy that has resulted from that

situation. Truman promised to consider legislation Bennett has introduced to provide additional school facilities for Negro students-if Congress doesn't meet the need in the federal-aid-to-edueation program.

OUT OF GERMANY? One of the toughest problems Russia is likely to raise at the foreign ministers' conference is a proposal to withdraw all troops from Germany - both Russian and French - British - American. This would leave a German Comsians, in control of Eastern Germany and it wouldn't take long for this army to take over western

Secretary of State Acheson has been doing some quiet conferring with the British as to how to meet this problem, and they have now decided that the western allies will counter Russia's proposal with one of their own. They will demand that eastern Germany be merged with the free western zones into a new German state.

The western zones, they believe, are now sufficiently strong to dominate eastern Germany, once the Red army evacuates. But in any case they believe their proposal would never be accepted by the Russians and hence the troops of neither side would be withdrawn. MAKES GOOD

About the first man Jess Larson met after he was appointed Federal Works Administrator was Dave Vandivier, publisher of the Chichasha, Okla., Express, Meeting Larson by accident in the lobby of the Mayflower Hotel, Vandivier said:

"One of the first projects we're going to put up to you is the new water works for your home

Spiritualistic Book Wins High Praise From American Scientists

ded to the voluminous literature of Spiritualism-some good, some bad, but most of them perfectly medicare. It seems to me that one of the best that has been produced in this decade is Stewart Edward White's "The Unobstructed Universe."

I had been familiar with White's work since boyhood, but had known him only as a mighty hunter, an authority on outdoor life, and a successful writer of adventure fiction. Hence it may be imagined that it was with a good deal of astonishment that 1 read "The Unobstructed Universe," and realized White had become what some would describe contemptously as a "rank spiritualist."

It appears that White's interest in the subject was awakened soon after the death of his wife, "Betty," when, according to his own statement, he received through a medium a message purporting to come from her. Naturally skeptical, he made a careful investigation, and satisfied himself that the message was genuine. Thereafterward, he devoted all his energies to psychical research, and the result was a whole series of volumes, called "the Bet-

Ordinarily, when a man has written a spiritualistic book, his friends and neighbors set him down as a harmless cracknot but such a description hardly applies to Stewart Edward White. You don't call a man a crackpot when he happens to be an explorer of note, who can address the Royal Society, blaze a trail through an

Every year hundreds of books are ad- unknown wilderness, and stop the death charge of a wounded lion with his last

The theme of the "Unobstructed Universe" is that there is no barrier of any kind between our world and what we are pleased to call the "spirit world." It is merely a matter of higher and lower vibr tions, and the spirit world lies all about us, if we only could see it. White illustrates his meaning by the phenomenon of the electric fan. When the fan's blades are in rapid motion, we are able to see through them, and in like manner some of us, "tuned higher than the race," are able to see through to the spirit world.

Personally, I found "The Unobstructed Universe" a refreshing tonic; and, since reading it. I have learned that the book also has won the approbation of not a few of America's outstanding scientists. This new attitude on the part of science would have been incomprehensible a generation ago, but it must be remembered that the ground already had been cleared to some extent by Dr. J. B. Rhine with his amazing experiments in extra-sensory perception at Duke University.

Unfortunately, in the mind of the general public, spiritualism still is largely identified with charlatanry. Although I myself am not a spiritualist, and certainly would not advise anybody else to become one, I am of the opinion that such books as "The Unobstructed Universe" gradually are doing away with this prejudice .- R. G. MACREADY.

Nation Today-James Marlow

Trumanites Are Slapped Around On Civil Rights, New Labor Bill

promises of President Truman's Democrats-the promises of what they'd do if they won control of Congress this year, . which they did-are beginning to look

On two of the biggest issues-civil rights and a new labor bill - the Truman administration so far has been shoved around although neither of those two issues is definitely settled yet.

Republicans and southern Democrats have teamed up on both issue against the Democrats who followed the lead of Mr. Truman and the campaign promises of his Democractic party last November.

with its hopes pinned on new civil rights law-gave huge support to the Truman Democrats in the elections. FOR THE TRUMANITES HAD PROM-

ised both groups to push through new laws to their liking, on civil rights and on labor. The Democrats won control of both houses of Congress, with a majority in

Not all the Democrats, particularly the Southern Democrats, follow Mr. Truman's leadership.

And when the Republicans and southern Democrats join forces-as they have so far on labor and civil rights-Mr. Truman's Democratic followers find themselves in a minority.

Take the labor bill, for example-Labor wanted the Taft-Hartley Law knocked out and the old Wagner Act restored. The difference between the two laws was simply this: The Wagner Act put on restrictions on labor but T-H put on

So the Trumanites offered a bill in the House to wipe out T-H and bring back the Wagner Act, with a few changes. But last week, when arguments on a new

labor law started, a bill introduced by

WASHINGTON, W. - THE CAMPAIGN Rep. Wood, Georgia Democrats, got the

THIS BILL WOULD KEEP THE T-H act, except for a few changes, pretty much as it was passed in 1947. The Republicans controlled Congress then, although a lot of Democrats voted for T-H, too.

Seeing they were losing out, the Trumanites yesterday tried to get through a compromise bill, a little stronger than the first one. It got knocked aside in a hurry. Then the House, with Republicans and southern Democrats joining forces, voted

This was a temporary vote. The final vote was expected today. The vote for the Organized labor and Negroes-one with a bill yesterday was 217 to 203.

manites could get some of the opposition to swing over to their side today, but that seemed unlikely.

So by nightfall the final and deciding vote on the Wood bill was expected. This doesn't finish the labor bill.

IF THE HOUSE PASSES IT, IT doesn't become law unless the Senate also approves it. The Senate isn't ready to vote on a labor bill yet.

What it finally will vote for is anybody's guess. But it probably will be a lot tougher than the Trumanites or labor wanted. As for the civil rights issue-

There was a pretty good showdown on this earlier in this session when southern Democrats and Republicans joined forces.

There was a three weeks' filibuster at that time. It wasn't over the civil rights issue precisely. But the civil rights issue was at the heart of the discussion.

The filibuster was over a change in the rules. If the Trumanites had won they'd have a fair chance of getting some kind of action on a civil rights bill at this session. But the Trumanites lost and the chance of the Senate voting on civil rights this

Affairs Of The World-DeWitt MacKenzie

Moscow Wants To Shelve Cold War To Ease Economic Barriers

ing the Berlin blockade continues to present a complicated study of wheels within

The latest slant on the problem shows Moscow anxious to shelve the cold war to ease the economic barriers between eastern and western Europe, besides ending the Berlin blockade. Why? Well, an authoritative American source in Berlin puts it like this:

"Eastern Europe is starved for manufactured goods which Russia cannot supply Having mode concessions in Germany the next step (for Russia) is to nake others to relieve the plight of her satellites."

IN SUPPORT OF THIS THESIS WE see little Czechoslovakia send a delegation to Washington to ask for aid from the capitalists whom Communists damn so heartily. She wants credits of at least \$50 million and easement of the export controls on U. S. shipments to this once thriving state which now lies behind the Iron

man Czech delegation to Washington, reports that Czechoslovakia is threatened with an early economic crisis. The doctor, a former top official in " e Prague finance ministry, quit the delegation as soon as he reached America and asked the State Department for asylum as a political refu-

Edward E. Bomar, one of the AP diplomatic experts in Washington, reports that the request for aid from the Communistrun Prague government seems destined for a final, flat "no."

THAT'S STRONG MUSTAID FOR UN- 6 Big Spring Herald, Thurs., May 5, 1949

Relations were close until the Iron Curtain Dr. Hugo Skala, a member of the four-

descended. Czechoslovakia has tumbled from prewar prosperity to its present tough position. Early this year the Communist government put into effect the full Red nationalization program under which all for-

eign trade is controlled by the state. A chaotic condition developed, and Dr. Skala told the Overseas Writers Club in Washington that the government's foreign exchange resources have dropped from about \$400 million to some \$28 million, He predicted that the situation would become serious unless the country gets help soon.

This is no way to bring home to bring home the BACON!

Good intentions don't make a good savings plan. What's the emart way to save? A way that's-

- 1. Regular 3. Dependable
- 2. Convenient 4. Automatic

You can get this foolproof combination by investing in U. S. Savings Bonds. Either of these two ways:

Join your company's Payroll Savings Plan . . . or join your bank's Bond-A-Month Plan.

Then sit back and watch your dollars make pigs of elves, fattening up at the rate of four for every th you put in, every ten years.

That's one sure way to bring home the bacon some day. And by bacon we mean the things you dream about for the future: a home, a business, a college education, and freedem from worry.

Go reserve a slice of that for yourself . . . TODAY!

Automatic saving is sure saving -U.S. Savings Bonds

"There are only two known means of curing cancer," he stat-

Tornadoes Here

Lamesa's Tornadoes, beaten only twice this season and a big favorite to cop the District 3AA baseball crown, move into Big Spring Friday to do battle in a 3:30 e'clock game with Conn Isaacs' Steers.

The contest will mark the second appearance of the season for the Tornadoes here. Lamesa beat the Longhords here last month in a game briginally scheduled to be played in Lamesa.

Indications are Donnie Carter, heavy hitting first sacker, may go to the mound in an attempt to slow the Lamesa bats. Jerry Phillips may toss for Lamesa. Big Spring needs a victory to retain its chances for a first divi-

He said death was due to a completed 100 hours of civic servited that no other possible cause of defendant should be held for trial ice. They are Don Royalty, Don death was found. He testified that the girl was a virgin. The last witness to be heard was

Detective Frank Zajdel, who testified that Detective Capt. Adolph Kraemer asked Babich at one session, "Milt, were you alone when you killed Patricia?" and that Milton replied, "yes." Richter announced that he want-

ed to question all other detectives who had any part in questioning the youth, to determine whether Babich's constitutional rights were

But Judge Neelen explained that

TIRE CO. HEAD SPEAKS HERE

Seiberling Calls For Change In Attitudes Of Businessmen

Attitudes must be changed in mind and action to stand the test of business competition, J. P. Seiberling, Akron, Ohio, president of Seiberling Tire company told West Texas independent dealers here

Greatest business need of the day, said the son of the pioneer rubber manufacturer who founded Goodyear Rubber company and subsequently one bearing his own name, is to "get back to attitudes

we had before the war." Handwriting is on the wall for those who have wrong attitudes toward the industry, individual busjnesses, the product, services, work and profits, he asserted. No longer can businessmen con-

tinue the "toll bridge" policy of collecting fees while customers quove in line, he said. In their place will be those willing to do an He said he produced the gun to aggressive job of merchandising

Those associated with the rub-The youth sat between his at ber industry, said Seiberling, owe 19; E. W. Hickman, Richard Las- ward T. are not willing to work and "get out of the softness into which we drifted during the war not alert enough to be profit-wise

"You know," he told dealers,

Specializing In Good Steaks DINE and DANCE PARK INN Entrance To City Park

shaking." Everywhere he had been he said, prospects were looking good, particularly in agriculture. It is time to do a selling job-and Seiberling did just that by making a hand around Creighton Tire company, local dealer.

Harry Bobbitt, Dallas, manage of the Texas branch, told dealer that Seiberling was the "only tire manufacturer in the world ded cated 100 per cent to its indepen dent dealers," and that the wel fare of the company thus was it a large measure in the hands of the men who represented it in retail fields. If followed with industry, n business in the world returned as much on the investment, Seiberling thought.

Dealers were put through th paces by J. R. Lotze, Akron, Sei berling general merchandiser, o merchandising and the intricate engineering ("272 individual steps, most of them precision") in tire manufacture, and in sales and

luncheons? I find the salad course hot bread accompaniment. Here's Method: Put the salad oil, molasone of the easiest to pursue. The a salad dressing that's a little dif- ses, vinegar, cateup, salt paprisalad should be made of choice ferent-delicious with either vege ka, mustard, onion, and egg white, in a mixing bowl and beat vigorous-ly with rotary beater until thor-oughly blended. Cut garlic clove in two, add to dressing and allow to stand in it; impale garlic on toothpick for easy removal before serv-

For sophisticated dessert choose the Mock Baba Strawberry Ring pictured here. You can serve it without the strawberries if you like -as I have done and it will be delicious, too. In the latter case, however, be sure to accompany it with sweetened whipped cream.

Mock Baba Strawberry Ring Ingredients: 2 eggs (separated) 1-2 cup sugar, 1-3 cup sifted cake flour, few grains salt, % teaspoon cream of tartar, 1/2 teaspoon vanilla, rum syrup, strawberries, whipped cream.

Method: Beat egg whites stiff; add sugar gradually, beating constantly. Beat yolks until extremely thick fold into egg whites. Mix and sift fold in gradually. Add vanilla. Bake in greased ring mold (9 inches in diameter) or a small size coffee cake pan, in a moderate (350F.) oven for 25 to 30 minutes. Pour the following rum syrup over the cake: Mix 1-3 cup sugar and 1-3 cup water together in a saucepan. Stir over low heat until sugar dissolves; simmer about 3 to 5 minutes. Cool slightly. Add 1/2 teaspoon rum flavoring. Fill center of cake with sliced sweetened strawberries and whipped cream. Makes 6 servings.

FAIRMONT, W. Va., May 5. P-The two young wild west bandits from Ohio who boldly held up a Baltimore and Ohio passenger train two months ago have each been sentenced to 20 years in jail. Federal Judge Harry E. Watkins yesterday handed down the identical maximum sentences to Luman Ramsdell, 23, and George L. Ashton, 20. Both are from Youngstown, O.

mitted halting the B. & O. "Ambassador" near Martinsburg, W. Va. the night of March 9 and robbing some 100 fellow passengers of about \$1,000. They were captured the next day in Washington, D. C.

They were also sentenced to 10 years each on two counts of armed robbery of a passanger, but Judge Watkins ruled that the two sentences will be served concurrently Ramsdell's wife and Ashton's mother were in the court room but neither had anything to say. Ashton's mother has brought suit that her son, as a minor, was il-legally sold intoxicating drinks aboard the train.

tion group is shoulder high and waterway to hold all the water headed out Denton reported last possible on his field. week. Hairy vetch planted with the rye for soft building is two to three feet high an blooming. Denton planted the rye and vetch last fall on nine acres of sandy land for a cover crop to protect his soil from blowing and improve it by adding organic matter and nitrogen. He will combine the seed from the rye and vetch crop to use for planting more land to cover crop next fall. Other rye and vetch cover crops which will be harvested for seed are on the Big Spring State Hos-pital farm north of Big Spring and the farm of Clay Buchanan in the Center Point soil conservation

Rye cover crops which will be harvested for seed are on the farms of Ed Hatch, Tom Barber, Frank Loveless, E. A. ichters and V. H. Wolf.

Willis Winters, district cooperator in the Vincent farm group, reports that grass seeded the first week in March is up to a good stand. Winters planted side oats grama, blue grama, weeping love grass and sand dropseed on 20 acres of retired land. He plans to mow the weeds on the grass seeding to keep down moisture competition and give the grass a

chance to grow. Winters said he had 50 acres of Abruzzi rye and small grain for cover crops this year that carried 60 head of cows for 50 days. Grass seedings made on the Big Spring Sheriff's Posse farm, Joe Carter's ranch, Dr. Lee O. Rogers' farm, and Frank Loveless' director
