BIG SPRING, TEXAS, THURSDAY, MARCH 4, 1943

Twelve Pages Today

War Bond Score

Quota for March \$95,000
Sales to March 4 \$9,000
Still to go \$86,000

Jap Convoy Smashed; Nazi Points Again Raided; Yanks Hit Rommel

Fortresses Follow RAF Night Blows

First American Attack On Important Railway Point
LONDON, March 4 (AP)—U.S. Flying Fortresses bombed docks and warehouses of Rotterdam and freight yards at the German city of Hamm by daylight today following a heavy RAF attack last night on Hamburg in the round-the-clock air offensive.

Germans Turn To Fight Off Eighth Army

US Patrols Back At Pass Where Foe's Drive Started
ALLIED HEADQUARTERS IN NORTH AFRICA, March 4 (AP)—United States patrols were in contact with the Germans today three miles from Faid Pass, the jumping-off point for Marshal Rommel's abortive February offensive, and his surviving armored units were reported massing in the Mareth line area to the south against the mounting threat from the British Eighth Army.

Enemy Campaign In Pacific Said Fully 'Dislocated'

ALLIED HEADQUARTERS IN AUSTRALIA, March 4 (AP)—An entire convoy of 22 Japanese ships, including 10 cruisers or destroyers, has been virtually annihilated in the Bismarck sea and 15,000 Japanese warriors bound for the battlefields of New Guinea have been wiped out "almost to a man" by airmen of the Southwest Pacific command, an allied communique announced proudly today.

Texas Labor Signs No-Strike Pledge With Governor

AUSTIN, March 4 (AP)—Governor Coke R. Stevenson and representatives of organized labor in Texas have signed an agreement outlawing strikes, slow-downs, lock-outs or work stoppages for the war's duration and pledging that the governor will not interfere with industry or labor in any manner.

Miss Johnson Resigning As H. D. Agent

Fontilla Johnson, home demonstration agent for Howard county during the past year, has submitted her resignation to become effective this weekend.

They agreed that if unsanctioned or unauthorized strikes, lockouts, slow-downs or work stoppages occur, Stevenson "has our approval to do anything and everything within his power to stop or prevent such interference with the war effort."

Another Cold Wave Forecast

By The Associated Press
Texas thumbed out today from one of the coldest March seasons of winter on record only to face another.

The tag end of the cold wave which struck the Panhandle last Monday played out along the coast and Rio Grande valley last night but the weather bureau forecast another wintry blast for the Panhandle and South Plains tomorrow.

County Must Buy \$96,600 This Month In Series E Bond

Howard county has the same quota on war bonds for March as it had in February—\$96,600—but it must meet that figure in series E bonds alone.

Sites Announced For Alcohol Plants

WASHINGTON, March 4 (AP)—The War Production Board today announced selection of sites for five new plants to make alcohol from grain—Dubuque and Keokuk, Iowa; Moline and Peoria, Ill., and Carrollville, Wis.

Confidence Man Is Nabbed By The FBI

WASHINGTON, March 4 (AP)—The justice department announced today the arrest of Emory Spear King, 56, described by J. Edgar Hoover as "a notorious confidence man and swindler," at Las Vegas, Nev., on a charge of violating the national stolen property act for which he was indicted at Dallas, Tex., Feb. 6, 1941.

Solomons Islands Again Are Raided

WASHINGTON, March 4 (AP)—Five bombing raids on Japanese-held positions in the Solomons islands area, including the 82nd attack on Munda, were reported by the navy today.

Air Crash Fatal To Midland Youth

SAN ANTONIO, March 4 (AP)—William Scott Luton, 24, a student in the central instructors school at Kelly Field, was killed in the crash of his primary training plane yesterday afternoon, the field's public relations office announced today.

None Wounded In 19 Missions Prayer For Plane Keeps It Safe

ALLIED HEADQUARTERS IN NORTH AFRICA, March 3 (Delayed AP)—"God bless the crew of this plane. I will say a prayer for your safe return."

Navy Accepts Two Big Spring Youths

Two Big Spring youths have been accepted by the navy recruiting sub-station here for enlistment in the U. S. navy reserve.

Lease Conversion Survey Made For Local Housing

T. H. Brooks of the Home Owners Loan Corp., Herman Hossey, Abilene, also with HOLC, and O. E. Kirkland, with the HOLC headquarters, were here Thursday concerning a lease conversion project for Big Spring.

Jap Convoy Destroyed

ALLIED FLYING FORTRESSES AND Liberators swept to attack a Japanese convoy (arrow) hugging the New Britain coast, off Japanese protecting planes and sinking (1) at least five transports and damaging others, including warcraft, before continuing the aerial pounding which later destroyed the whole convoy of 22 ships, Allied headquarters in Australia announced.

Meat, Butter, Fat Products To Be On The Same Coupon

WASHINGTON, March 4 (AP)—The government plans to ration meat, butter, margarine, cheese, lard and other cooking fats and oils under a single set of coupons in Ration Book No. 2.

Odessan Wins Confirmation

AUSTIN, March 4 (AP)—The senate today confirmed the nomination of Arthur B. Knickerbocker of Odessa to be adjutant general for a two year term.

Cotton Quota To Be Hiked To Get More Needed Oil

WASHINGTON, March 4 (AP)—A ten per cent increase in the national cotton planting allotment for 1943 as a means of producing more vegetable oil for food and protein feeds for livestock will be announced soon by Agriculture Secretary Wickard, it was learned today from authoritative officials.

Fruit Loss Heavy In Wake Of Freeze

AUSTIN, March 4 (AP)—State Agriculture Commissioner J. E. McDonald returned today from a North Texas visit and reported a total loss of budburst fruit in Central and North Texas as a result of the hard freeze this week.

Tattoo Bill

AUSTIN, March 4 (AP)—The senate today concurred in a house amendment, finally passing a bill providing registration of tattoo marks for sheep, goats and pigs.

Suggestions On The Raising Of Baby Chicks

By O. F. GRIFFIN
County Farm Agent

Texas hatcheries are now running at full capacity. Soon the baby chicks will be coming off and the race will be on. There will be thousands of people raising baby chicks who never did before, and they will be confronted with literally hundreds of problems that they never knew existed before. The time to remedy these many difficulties is now, that is before they occur.

What kind of equipment is needed? Well we find people succeeding with very simple equipment and others failing who have the best equipment money can buy. There are two things necessary in any equipment you may use. The chicks must have a place where they can warm themselves and the outfit should be such that it is easily kept clean. For those who would raise only a few chicks, the Home Made Lamp Brooder is excellent equipment and economical to provide. There are hundreds of these brooders in the county, or you may be able to secure plans at the county agent's office. Even cheaper equipment can be made to do the job. A 60-watt electric light bulb will furnish heat enough for 25 or 30 chicks. In whatever you may use, though, don't forget about some ventilation.

If a brooder house is built it should be square in shape, with the corners fenced off so the chicks cannot get into them. Electric heat is best, because it does not use up the oxygen in the air, and because it can be regulated automatically. There are a num-

ber of electric heating units on the market. Or you can make your electric brooder. If electricity is not available for your brooder house, a gas or kerosene brooder will suffice, but will require more ventilation.

After you have decided on the kind of equipment you will use, your next step is to decide on the kind of baby chicks. The breed will depend on the purpose you want them for and your personal likes and dislikes. It does not pay to buy chicks because they are cheaper than others. Hatcheries where they buy all kinds of eggs from just anybody usually can sell cheaper, but their chicks are apt to be low in vitality or they may be diseased. The real cost of the chicks you buy is largely determined by the number you can raise. If you buy 100 chicks at 8 cents each and can raise only 50 of them, they have cost you 16 cents each. Another lot for which you paid 10 cents would be cheaper if you could raise more than two thirds of them. Some hatcheries sell only chicks from blood tested flocks and these are usually less expensive, although they sell slightly higher.

One of the most important requirements to successful chick raising is sanitation. This means, clean water at all times, clean feed and clean quarters. A litter on the brooder floor is necessary to keep it clean. This may be peat moss finely chopped hay, or sand. If peat moss is used it need not be cleaned so often, but it may be hard to get now. If sand is used it should be dry, and a supply of dry sand should be kept to replace that swept out with the droppings. The waters should be washed once each day and the feeders likewise should be kept clean.

There are a number of medicines recommended to put in the drinking water. These may be alright in their place, but they will not take the place of sanitation. If these medicines are needed they may be used, but if they are used to take the place of cleanliness, you had better never to have heard of them. In other words don't depend on medicines to overcome the ill effects of a filthy brooder house, unclean water or poor feed.

Now about feeding baby chicks. Use a good commercial starter feed, at least for the first few weeks. Chopped grain may be fed when the chicks are two or three weeks old, but be sure the chicks have grit before feeding chopped grain. Those who have skim milk may also begin feeding it at this time. If milk is plentiful, the starter feed may be changed to a growing mash or a mixture of ground grains, according to the supply of milk. The best way to feed milk is in the form of clabber. If fresh skim milk is fed, the vessels in which it is fed must be kept clean.

Most, if not all of the poultry raised in Texas is correctly compounded to furnish the correct amount of the various feed elements the chicks need. But when you begin to mix your own feed you are likely to leave out, or use too little of some of these elements. Such feeding would be poor economy. Ordinarily the poultry raiser, who does not have skim milk to feed, would find it more economical to feed commercial poultry mash. Where milk is available, however, there is no better source of proteins and minerals to balance the farm grains. Nor is there any better way to dispose of surplus milk than to feed it to chickens.

Now just a word about diseases that affect young chickens. If your chicks begin to die during the first week, there is usually one or two reasons. They have become chilled from your fire going out, that is their warm places not being warm enough, or it may be pullorum infection. After baby chicks are fed, their body temperature must be kept up, by artificial heat. If their body temperature goes down, the digestive process is stopped and the feed in them sours and a diarrhea usually follows. A dose of epsom is indicated.

If you have bought chicks, a few of which has pullorum infection, the affected birds begin to droop. The droppings begin to clump up around the vent. They usually quit eating and die within a day or two. Here sanitation is very important. Because the droppings from these affected chicks, taken with the water or feed, produce pullorum in the other chicks within a few days. It is not uncommon for a third, or half of a brood, to die within a week from pullorum infection. There is no known cure. However, if they are being handled under very sanitary conditions, and affected birds removed as soon as they are discovered, the loss may not be very heavy.

The next destructive disease, coccidiosis will occur when the chicks are 5 or 6 weeks old. This disease is spread by damp ground and in warm weather. A leaking hydrant may be sufficient to get it started. Sometimes a surface tank with wet ground at the edges is the cause. This disease should not cause much trouble in West Texas if precautions are taken to not permit a place for the coccidia to incubate. It is prevented in East Texas by feeding sulphur with the mash after the chicks are three weeks old. When milk is being fed there is very little danger of coccidiosis.

There was, last year, an epidemic of a disease called brooder pneumonia in baby chicks. Brooder pneumonia is caused by spores of

DUMMY TORPEDO RETRIEVED — During torpedo practice by British destroyers dummy heads are placed on the torpedoes. Here a dummy torpedo is retrieved after target practice.

common green mold. These spores lodge in the breathing passages, where they grow, and soon choke the chick to death. The affected chicks extend their necks to breathe, and have the appearance of gasping for breath.

Green mold may be started in the brooder or from old feed sacks. It is thought that, the reason it was so bad last year, there was lots of rain the fall before and nearly everything in the fields molded. The wind carried the mold spores everywhere. Under conditions like that, nothing could be done except

to give the chicks as much relief as possible. Some did this with chlorine powder dusted over the birds so they would breathe it. Others used kerosene placed on a hot surface to fill the air with the fumes. It is hoped there will not be a recurrence of this epidemic this year. However, had it been last year, there were some poultry raisers who overcame it with very little loss. The point is, if it does occur in your chicks, quick action will save them.

You see there are a lot of things that can happen to baby chicks.

But if you keep their quarters clean, warm, keep their quarters clean, see that they have clean water at all times as well as clean feed of the right kind, then if you have bought clean chicks you stand a good chance to raise most of them.

Read the War Board News Column for information on raising baby chicks.

The department of commerce advocates informative advertising by American industry and business in aid of the war effort.

THE WAR TODAY: Japanese Sea Positions Dislodged

By GLENN BARR

The Japanese disaster in the battle of the Bismarck sea has loosened the enemy grip on the whole southwestern Pacific area. It is a setback of strategic significance comparable to that of the failure to prevent the American lodgment in the Solomons. It shows that a new phase of the Pacific war is well under way, marked by such tremendous Allied superiority in the air as virtually to deny the seas to any major Japanese occupy attempting to move far south of the main enemy bases.

The annihilation of the Armada of ten warships and 12 transports, recorded so vividly in General MacArthur's communique, virtually neutralizes the great Japanese base at Rabaul for offensive purposes. It is the third time in less than four months that a big Japanese convoy has set out from Rabaul or nearby concentration points to deliver reinforcements to garrisons sorely beset by the Allied comeback. The first attempt was wrecked in the mid-November air and naval battles off Guadalcanal; the second paid a terrific toll to get a few ships into Lae, New Guinea, early in November. But the Bismarck sea fight was a more complete enemy disaster than the other two.

None of the Japanese ships reached its destination; nearly all the troops they carried, estimated at 15,000, perished; thousands of skilled naval personnel were lost; 55 of the aircraft that tried to

provide protection were shot out of action—all this at a cost of four Allied planes.

The battle of the Bismarck sea may take first rank in the lengthening list of air power's successes against surface vessels. The Germans have claimed larger tonnages sunk out of convoys on the northern route to Russia but their figures can not be considered dependable. For their effects on the strategic picture the Japanese attack on Pearl Harbor and the sinking of the Prince of Wales and Repulse off Malaya demand consideration, but they perhaps belong in another category. And the strategic effects of the Bismarck sea battle have yet to be fully worked out.

It indicates that the margin of Allied air superiority in the southwest Pacific is increasing at a rate which must be causing alarm in imperial headquarters in Tokyo. It speaks in thunderous tones of the strike power in all types of the world's best aircraft and some of its finest airmen that is being concentrated under General MacArthur in the Australian theater, a development which is being matched in Admiral Halsey's command to the east.

Japan's surge through the south seas was made possible largely through domination of the air. That domination definitely has been transferred to the Americans and their Allies, and the results soon may become apparent in the rate of their northward advance.

The Rubber Drive In Reverse Order

KNOXVILLE, Tenn. (AP) — The woman told her neighbor that since rationing had started she was buying more merchandise than ever before.

"Why do you know," she said, "that I heard all rubberized items would be rationed or scarce. And do you know what I did? I went up town and bought four girdles! I had never worn the things in my life, but I didn't want to be without them."

NOW SHE SHOPS "CASH AND CARRY"

Without Painful Backache Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 2 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

**Week Of Prayer
Observed With
Daily Programs**

The Young Woman's Auxiliary of the First Baptist church presented a special mission program on prayer at church services Wednesday evening as a part of the regular week of prayer observance. Afternoon programs have been presented by the Woman's Missionary Society, and an all day session is scheduled for Friday.

Helen Nunn gave the devotional at the Wednesday evening service and the group sang "America the Beautiful." Mrs. Dick O'Brien gave a prayer and Alice Drandmeyer spoke on "Columbia of Entrusted Countries." Miss Nunn also gave a paper on "The Hidden Voice."

Julia Cochran discussed "Home Missions" and Macky Roberts spoke on "Launching a New Kindergarten." The Yips Family finds a story of "The Yips Family Finds Christ" and Mina Mae Taylor discussed Annie Armstrong's work today. Mildred Watson gave a prayer and a solo, "Oh Bless Our Native Land" was sung by Claire Lou Blankenship. Eva Jim Martin talked on Annie Armstrong Offering. Mrs. B. Reagan gave a prayer and the Rev. Dick O'Brien spoke briefly on the Annie Armstrong Offering. The program was concluded with a song "My Country 'Tis of Thee."

Around 100 persons attended the service.

Mrs. J. B. Neill led the Woman's Missionary Society program Tuesday afternoon which centered around the thought of "Entrusted With the Opportunity of Soul Winning." Mrs. Alton Underwood gave the devotional and others on the program were Mrs. W. W. Maxwell, Mrs. R. C. Hatch, Mrs. H. Switzer and Mrs. W. J. Alexander.

Attending the meeting were Mrs. M. E. Harlan, Mrs. R. C. Hatch, Mrs. J. B. Neill, Mrs. Carl McDonald, Mrs. C. T. Clay, Mrs. J. L. Haynes, Mrs. Linda Lewellen, Mrs. E. E. Bryant, Mrs. B. Reagan, Mrs. W. J. Alexander, Mrs. W. W. Maxwell, Mrs. Dick O'Brien, Mrs. C. W. Fuglar, Mrs. E. H. Switzer, Mrs. Alton Underwood, Mrs. Ross Clarke.

Mrs. Alden Thomas was to have been in charge of the program presented at the church this afternoon at 3 o'clock.

**Benefit Dance
To Be Held Here
Saturday Night**

The Business and Professional Women's club of Big Spring is sponsoring an informal benefit dance at the Settles hotel ballroom, Saturday evening, March 6.

Proceeds realized from the entertainment will be donated to the Red Cross drive which began here Monday.

Music will be furnished by members of the Big Spring Bombardeur Post orchestra and a floor show, featuring song and dance numbers and comedy acts will be presented by the personnel of the school from 10:30 to 11 o'clock.

Tickets for the dance are 60c per couple and the public is invited to attend the entertainment which begins at 9 o'clock.

Parents Of A Son

Mr. and Mrs. C. B. Sullivan are the parents of a son born Tuesday morning.

The child weighed eight pounds at birth and mother and son are doing nicely.

**Miserable With A
HEAD COLD?**

Just try 3-moments Va-tro-nol up each nostril. It (1) shrinks swollen membranes, (2) soothes irritation, and (3) helps clear cold-clogged nasal passages. Follow the complete directions in folder. VA-TRO-NOL.

**New under-arm
Cream Deodorant
safely
Stops Perspiration**

1. Does not rot dresses or men's shirts. Does not irritate skin.
2. No waiting to dry. Can be used right after shaving.
3. Instantly stops perspiration for 1 to 3 days. Prevents odor.
4. A pure, white, greaseless, stainless washing cream.
5. Awarded Approval Seal of American Institute of Laundering for being harmless to fabric.

The Big Spring Daily Herald**

Thursday, March 4, 1943 Page Three

**Mrs. James T. Brooks
Re-Elected President
Of P. T. A. Council**

Health Program Dropped Due To Lack Of Milk

Mrs. James T. Brooks was re-elected president of the Parent-Teacher's council at a meeting held Wednesday afternoon at the high school. Mrs. J. E. Brigham was elected secretary and Mrs. M. E. Boatman, treasurer. The vice president's office has not been filled.

Mrs. Della K. Agnell, reporting for the safety council, told of the urgent need for a school nurse, and stated that scrap metal was being gathered from local schools grounds. Mrs. Agnell urged all unit representatives to attend safety council meetings.

Mrs. J. B. Mull, reporting from the health committee, advised that no milk was available for the proposed milk program, making free milk available for needy children.

Mrs. Elmer Dunham reported that programs had been presented over KFBT every Thursday since school started.

Unit reports were given by Mrs. Robert Hill of West Ward and high school, Mrs. J. B. Mull, representing South Ward and Mrs. J. E. Brigham, of College Heights.

The group voted to purchase new music for the P. T. A. Mother Singers, and the president announced that reservations for the P. T. A. conference in San Angelo, April 12, 20, should be made now.

Attending the monthly meeting were Mrs. Brooks, Mrs. Agnell, Mrs. R. E. Dunham, Mrs. C. R. Moad, Mrs. H. D. Stewart, Mrs. W. W. McCormick, Mrs. Robert Hill, Mrs. J. E. Brigham, Mrs. J. B. Mull, Mrs. W. B. Cox.

**Mrs. D. C. Pyle
Presented Lodge
Pin At Meeting**

The Firemen Ladies met at the WOW hall Wednesday afternoon at 3 o'clock with Mrs. Florence Rose presiding.

Mrs. D. C. Pyle was presented a part president's pin and the group voted to meet at the lodge half Friday afternoon at 3 o'clock to sew for the Red Cross.

Attending the meeting were Mrs. Florence Rose, Mrs. Billie Anderson, Mrs. Dora Sholtz, Mrs. Iona Graddy, Mrs. Leah Brooks, Mrs. Willie Pyle, Mrs. Irene Stegner, Mrs. Lula Mae Holley, Mrs. Ada Arnold, Mrs. Jewell Williams, Mrs. Gladys Sluser, Mrs. Rebekah McGinnis.

Mrs. Bessie Power, Mrs. Helen Gill, Mrs. Patty Manion, Mrs. Minnie Barbee, Mrs. Paulette Knott, Landora Ross, Mrs. Susie Weison and Mrs. Mattie Muneke.

**Miss Laneous
Notes**

MARY WHALEY

SOC-MISS LANEOUS NOTES

Remember back, way back, when people you know talked like this and you took it all for granted? It was common practice to hear somebody say, "Why don't you take my car and run down to the grocery?" For this and that, the grocery being just a few blocks away, you chugged down on a full tank of gas and on four good rubber tires.

Other famous words might include the oldy about, "Say, why don't you and your family come over for dinner Sunday." That expression is likely to become as extinct as the dodo bird, unless you promise to bring your two ration books and a light appetite.

Here's another one that has already gone by the board, "Oh, darn, I got a run in my stockings." If you own a pair of stockings, these days besides cotton ones and get a runner, that word "darn" won't cover the situation. A horrified shriek coupled with a faint is the least you should do.

There are a lot more sayings, too, like "let's whip up some fudge this afternoon," or maybe that old time mode of entertainment, "let's drive out to the country this afternoon, it's such a pretty day."

And the one about, "I have to have lots of shoes, I wear them out so fast," will be good for laughs about next year this time.

**Louisiana Goes
After Garfish**

NEW ORLEANS, March 4 (AP)—Louisiana, famed for seafood dishes but currently short on meat with the rest of America, has declared a new war on the cannibalistic garfish which devours thousands of pounds of edible fish monthly.

The offensive runs full tilt on two fronts. The state stimulates seining of garfish; and, what is more spectacular, encourages garfish rodeos, the poor man's version of the wealthy sportsman's tapon rodeo.

The sport of garfishing is a curious cross-breed between a trick roping act and a posse.

"Most fellows just let the poles float until they get a strike," James Brown, head of Louisiana's fish and wildlife branch, explains. "The pole slips under and when its butt bobs up again, you row out and lasso it. Use a regular cowboy rop."

"Gars don't explode atop the water like tarpon; but I've seen 'em drag a 14-foot skiff in figure eights for half an hour."

Every fisherman carries a rifle in his boat. It's about the only really neat way to kill a fish whose bony diamond-shaped scales were used as arrowheads by the American Indian.

**Robert Boadle
Found Dead Of
Gunshot Wound**

Robert Boadle, 50, was found dead Wednesday evening at his home, 707 North Gregg, from a 22 rifle gunshot wound in his forehead which was self-inflicted, according to a coroner's verdict returned by Walter Grice, justice of the peace.

Boadle, who had resided in Big Spring for the past 50 years, had been in ill health for sometime, and had made his home with his daughter, Mrs. Sophie Corcoran. His body was found on the bed about 6:15 o'clock last night when Mrs. Corcoran returned from work.

He is survived by his daughter, three sons, Joe R. and W. T., both of Big Spring, and L. A. of San Antonio, and 12 grandchildren.

Boadle formerly owned an ice cream factory on the north side of town until his retirement some 20 years ago. He was born in England.

Time of funeral services is pending and burial will be in the family lot in the Catholic cemetery beside his wife, Mrs. Fannie Boadle, who succumbed January 5, 1921. Eberley Funeral home will be in charge.

**Pull the Trigger on
Constipation, with
Ease for Stomach, too**

When constipation brings on discomfort after meals, stomach upset, bloating, dizziness, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those bowels combined with Syrup Pepsin for perfect ease to your stomach in taking for years, many Doctors have given pepsin preparations in their prescriptions to make medicines more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and stimulates in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's bestness. Get genuine Dr. Caldwell's.

**How To Test Your
Anti-Freeze For
Motor Safety**

DALLAS, March 4 (AP)—Simple tests by which motorists may determine whether the anti-freeze solution in their radiators is safe

were announced today by the Office of War Information, as follows:

Draw a small amount of mixture from the radiator and add to a glass of water. If the radiator mixture floats noticeably on the water, the anti-freeze contains injurious kerosene, fuel oil or naphtha.

Drain a cupful of radiator mixture into a clean tin can and boil until all liquid has evaporated. If substantial white or crystalline coating remains, the solution contains salt.

If either test reveals harmful ingredients, the radiator should be drained immediately.

SKIN ERUPTIONS
(especially around)
CHECK ITCHING—BURNING
the antiseptic-stimulating way with famous Black and White Ointment. Promotes healing. 10¢, 25¢, 50¢. Money back guarantee. Use only as directed. Cleanse daily with Black and White Skin Soap.

Longhorns Defeat Ags. For Share Of Conference Title

By The Associated Press
The Texas Longhorns were co-champions of the 1943 Southwest conference basketball race today, after sitting on the victory fence with the Rice Owls.

The Steers won the hard way last night, beating the Texas Aggies, 57 to 55.

It was one of the few times the Aggies ever came anywhere near doing anything nice for Rice Institute.

As it was, Rice and the University of Texas ended the season with nine wins and three losses. The game last night was one of those strictly for blood affairs, witnessed by 7,000 spectators.

The Steers were never behind after the first three minutes, but then they were never far out in front either.

Johnny Hargis led the Texas attack with 22 points. Longhorn Buck Overall got 17, as did Les Feden and Jamie Dawson of the Aggies.

At the half the score was 21 to 20.

Following the game Coach Bully Gilstrap of the Longhorns said his team was ready to meet the Owls for a playoff. He added however that no official move would be made until he had conferred with Athletic Director D. X. Bible and other officials.

At the half the score was 21 to 20.

Following the game Coach Bully Gilstrap of the Longhorns said his team was ready to meet the Owls for a playoff. He added however that no official move would be made until he had conferred with Athletic Director D. X. Bible and other officials.

SPORTS ROUNDUP

By HUGH FULLETON, JR.
NEW YORK, March 4 (AP)—Gus Welch, the old Carlisle football star now a coach at Georgetown Prep, has come up with a plan for "mass production" boxing in high schools under government supervision. . . We figure the schools can do their own job of supervising pretty well, but there's no doubt that school boxing—and wrestling—could do with a little encouragement. . . The army and navy can tell you about the value of these sports in teaching a kid to take care of himself when he has to fight. . . The drawback always has been that too many parents confused boxing with professional fighting. . . There's a difference that anyone can see this week-end when they hold the eastern intercollegiate tournament at Syracuse. The only person who ever appears hurt is the referee—when some fan can't wait for the end of the round to start cheering.

SHORT SPORT STORY
When Coach Johnny Barovich of Columbus, Mont., high school heard of the Smith mine disaster at Bear Creek, he left his basketball team flat and donned a miner's hard hat to go to work with the rescue crew. . . His father, Sam, is one of the 72 miners still entombed. . . Johnny is a brother of Nick Barovich, Utah's sophomore center.

THE BIG DRIP
(Headline: Allentown, Pa., police use tear gas to quell basketball riot.)
The basketball fans were whooping it up.
And the referee turned quite pale.
When in came the cops armed with tear gas bombs
And threatened to fling them in jail.
With tears in their eyes and hate in their hearts
The wolves continued to howl.
But the losing team's coach, with a moan of despair,
Merely reached for his crying towel.

TODAY'S GUEST STAR
Bill Reddy, Syracuse, N. Y., Post-Standard: "The army already has moved in on football at Syracuse University. The roomy quarters formerly occupied by Coach Ossie Soles and his assistants have become 'war college' headquarters. Ossie has moved to a smaller room next door. If your mind runs that way, it could be called symbolic."

HOT STUFF
Frank Winchell, the verve of Jacksonville, Fla., figures that this business of having baseball teams train in the north will be a good thing for his state (which hasn't room for 'em anyway). . . He argues: "After a couple of years they'll be happier than ever to get back where it's warm."

Gloves Finals Slated Friday

CHICAGO, March 4 (AP)—Thirty-two Golden Gloves fighters began reassembling in Chicago today for the championship finals of the annual event Friday night at the stadium. Four contenders remain in each class.

Of the 25 centers originally represented in the Chicago tournament, 16 still have representatives. Cleveland, Fort Worth, Minneapolis and Chicago lead the way with three apiece.

All Southwest Conference—Bill Closs of Rice and John Hargis of Texas were unanimous selections on the Associated Press' All-Southwest conference basketball team named by vote of the seven coaches. Clayton Wynne, Arkansas guard lacked just one ballot of being a unanimous choice. The 1943 all-conference is made up of six players, two men having tied for one of the guard positions. Teaming with Hargis at forward is Gordon Carpenter of Arkansas. Closs is the center. Guards are Wynne, Harold Lambert of Rice and Leland Huffman of Texas A.M. In the picture, reading from left to right, they are: top row—Wynne, Closs, Carpenter; bottom row—Hargis, Huffman, Lambert.

Closs Of Rice, Hargis Of Texas Standouts On All-Conference 5

By HAROLD V. RATLIFF
Associated Press Sports Editor
Bill Closs of Rice and John Hargis of Texas are the men of the year in Southwest conference basketball.

These two polled unanimous support on the all-conference team selected for the Associated Press by the seven coaches.

Closs, 6-foot-6 center who led the scoring race, was head man at center and also placed at forward in two votes. Hargis, keyman of the surprising Longhorns, was the leader at forward but got two ballots for guard.

Two men tied for one of the guard positions, thus giving six on the all-conference instead of the customary five.

Big Clayton Wynne of Arkansas was tops among the guards according to the coaches' ballot. He lacked just one vote of being a unanimous choice of the seven members, although one of his selections was at forward.

Pairing with Hargis, who played every position on the Texas team but landed at forward on the all-conference, was Gordon Carpenter, giant center of the Arkansas Razorbacks. Carpenter also was placed at center in one vote.

Leland Huffman of Texas A. & M. and Harold Lambert of Rice tied for the guard post opposite Wynne.

This is the team, with heights and classes given:
John Hargis, Texas, forward, 6-2 1/2, junior.
Gordon Carpenter, Arkansas, forward, 6-7 1/2, senior.
Bill Closs, Rice, center, 6-6, senior.
Clayton Wynne, Arkansas, guard, 6-4, senior.
Leland Huffman, A. & M., guard, 6, senior.
Harold Lambert, Rice, guard, 5-10, senior.

Here is the second team made up of players receiving first team votes but not enough to beat out any of the above six:
Forwards—John McDonald, Rice; Pete Watkins, A. & M.; Buck Overall, Texas.
Center—Tommy Tomlinson, Southern Methodist.
Guards—Bob McHenry, Texas Christian; Mike Cokinos, A. & M.

Tulsa Baseballers Go To Los Angeles
LOS ANGELES, March 4 (AP)—Five new players have been acquired by the Los Angeles Baseball Club, three from the Tulsa club of the defunct Texas league.

Catcher Harry Land, Shortstop Guy Miller and Pitcher Ed Malone are from Tulsa. The others are free agents, Pitched Ed Harvey, Oil Center, N. M., and infielder Robert Murphy, Van Nuys, Calif.

Bay Meadows Track Overcomes Another Little Difficulty

SAN MATEO, Calif., March 4 (AP)—They're off again tomorrow at Bay Meadows—the horses, not the races.

General Manager Bill Kyne, whose 20-day wartime spring meeting so far has done a magician's act (now you see it; now you don't), has won out in his latest scrape with trouble.

Kyne gave two labor groups until 4 p. m. yesterday to settle jurisdictional differences, else he would ask that the races be called off for the duration. There was a flurry of compromise, and the two groups galloped under the wire.

Before that it was rubber trouble. Rubber Administrator W. M. Jeffers had told Mr. Race Fan in effect: leave your car home; stay off the buses and the trains. That left the trolley for the 20 mile trip here from San Francisco. But that also left another mile and a half from the depot to the track. Kyne scored around for buggies, tally-hos and a stage coach. That was that.

Then a heavy track brought groans from the horsemen. They said they couldn't condition their entries. Kyne called off the races for three days.

The labor trouble first popped up last Friday. A walkout of clerks at the mutual windows necessitated cancellation of races that day. Yesterday officers of the Pari-Mutuel Clerks Guild recommended that members join that California race track employees union, an AFL affiliate. In turn, Guildsmen were assured protection of their rights as veteran pari-mutuel clerks and the retention of their own offices from president to business agent.

"We will run," said Kyne, a bit amazed at his positiveness. "Friday and Saturday and then operate on a full schedule starting Tuesday."

State Cage Tournament Is Underway
AUSTIN, March 4 (AP)—The Texas interscholastic league's 1943 basketball tournament gets under way here today.

Twenty-four teams clash for state titles in classes AA, A and B.

St. Joseph Player Near Scoring Mark
PHILADELPHIA, March 4 (AP)—Blonde George Sensky, St. Joseph's College basketball star, scored 36 more points last night to move within three points of the generally recognized one-season individual scoring record in so-called "big league" college basketball.

Sensky boosted his total to 506 points in 21 games as St. Joseph's beat Bowling Field, a Washington service team, 55-39. He has one game to go—against Temple Saturday—to meet the 590-point mark set in 22 games in 1940 by Rhode Island State's Stutz Medalist.

Honus Wagner At 69 Is Ready For 32nd Season Of Baseball

By ARDEN SKIDMORE
AP Features
PITTSBURGH—A pitcher did baffle Honus Wagner during several of his 21 years as one of baseball's brightest stars but it wasn't a Christy Mathewson, Cy Young, Grover Cleveland Alexander, or Rube Waddell.

"Those pitchers were great—I guess the best I ever played against or have seen—but I could always hit 'em," said the baseless "Flying Dutchman" of the Pittsburgh Pirates who has just observed his 69th birthday.

"The guy who had me going," he grinned, "was a bullpen pitcher for the Chicago Cubs. His name was Jack Taylor."

"Taylor," he recalled, "was only a fair pitcher, started in the box only now and then, but he was the toughest for me to hit. It looked like I ought to knock his pitches seven miles but for five years I couldn't do anything with him."

"Finally," snapped the man who won eight National League batting championships, "I got so disgusted I turned around and batted left handed against him. It worked! I got a three baser and my luck against Taylor changed."

Honus says Taylor always ribbed him, which never eased his embarrassment at the situation. The chaffing continues to this day, he reports, at their frequent meetings when Wagner travels as coach with the Bucs.

At a ripe 69, Wagner is just as anxious for baseball season to roll around as he was in the 1890's when heavy-browed Ed Barrow, now head of the N. Y. Yanks, found him throwing stones and signed him to a contract—the start of one of the most memorable careers on the diamond.

"I think I've got it worse than when I first started," declared Wagner as he sat in the sheriff's office of Allegheny county, where he is a deputy. "If I were starting all over again, baseball is just exactly what I'd do."

As deputy sheriff, Honus is assigned to cases of non-sporting something of which his Pirate teammates could never accuse him in 18 years (he spent his other three years with Louisville). He played 2,785 games for the Pirates in every position but catcher, pounded out 3,450 hits and posted the all-time batting average of .325. He scored 1,740 runs and batted .300 or better for 17 straight

years.

"Not that the teams weren't well balanced years ago, but they wanted more to win," he says. "There was lots more fighting by the players, and the spectators, too."

"This, he thinks, is the greatest difference between baseball now and baseball then."

Happy Days Here Again For Old Buc

Sheriff Honus Wagner Gives Up His Gun For Another Season.

seasons. He left many records still unequalled.

This will be the grand old star's 32nd season in the National League, and he describes his health as "tip top." He says he'll have only a quiet day on his birthday. But his two daughters, Virginia, 20, and Betty, 22—one a good basketball player and the other, like Pop, excelling at baseball—will see that he has his usual celebration, including dinner with all the trimmings.

Shy and sensitive, Honus is reluctant to express opinions. But he does cite the Pittsburgh Pirates of 1902 as the greatest baseball club of his time—or any other time in the National League.

"They all had brains and knew their business," asserts Wagner. "They didn't need a manager."

The Bucs finished 27 1/2 games on top in winning the flag that year, and Honus declared "you know a club has to be darned good to finish that far ahead."

He says he wouldn't like to win a championship with too narrow a margin, like the 1942 race between the Cards and Dodgers which Honus likens to "a dog chasing a fox until he finally gets him."

"Not that the teams weren't

Anthony J & L, Schlitz Bowling Teams Triumph

Matters split up in the women's bowling league Wednesday evening with J. & L. Drug, C. R. Anthony and Schlitz Beer coming out on the long end.

J. & L. had the 21 edge over Billy Simons Lanes; Anthony had the same margin over Bliss Liquor; and Schlitz duplicated the feat over Club Cafe.

Anthony paced the league with a team series of 2,018, but Bliss, which was in the loser's column, ranked second high with 1,996. For team game J. & L. was high with 711, well ahead of the 685 for Bliss.

Fern Wells of Schlitz paced individuals with a 210 high for single game and a 481 top on series. Sue Parks of J. & L. ranked second with 171 for game and 475 for series.

Boards from seaweed which are suitable for many commercial purposes are being produced experimentally in Ireland, says the department of commerce.

Large Number Of Scouts Receive Awards At Court

Mounting interest in Court of Honor sessions was evidenced Tuesday evening as a record number of Boy Scouts received a variety of awards.

At the same time, there were some 75 visitors—mostly Dads and Mothers—on hand for the meeting in the high school gymnasium despite cold weather.

Members of the honor court were J. H. Greene, Sheriff A. J. Merrick, Shine Phillips, George Melear and Dr. W. B. Hardy, district chairman. Troop No. 1, currently without a scoutmaster, won the attendance banner for the second consecutive time. Entertainment was furnished by Nolan Von Roeder, who projected all-color films he had taken on the Von Roeder farms in Borden county and in this area.

Second class awards went to James Mancill, Dennis Nell of troop No. 1, Bobbie Wilson, Clifford Forch; and Athol Atkins, troop No. 3. First scout awards went to France Meter, No. 3; Herbert Brown and Richard Causey, No. 4.

Winning Star Scout badges were W. D. Berry, Bobby Hickson, Ray Thomas of No. 3; Tony Castillo, Gilbert Hernandez, David Mendoza and Ben Valez, No. 7. James Brooks, No. 4, won his Life Scout award.

Service awards went to James Brooks, Lynn Spear and Donald Williams, all of No. 4.

Those receiving merit badge awards were H. W. Bartlett, Herbert Brown, James Brooks, Lynn Spear, Boyce Patton, Keats Watts, C. D. Wickson and Donald Williams of No. 4; Bobby Barron, Harold David Berry, Bobby Hickson, Billy Mims, Gene Smith, Jimmy Smith, Ladd Smith, Ray Thomas of No. 3; Joe Birdwell, Tunney Alfred Goodson, Harold Jones, Jack Merrick, Joe Dick Merrick, Clyde Smith, Jr., William Robert Watson of No. 2; Gene Anderson, Tom Ellis, Feta Fugle, Eddie Hickson, James Hickson, Bobby Pritchett and Barkley Wood of No. 1; and Gene Salazar, Ben Valdes and Manuel Yanez of No. 1.

Stretch That Wardrobe with gay accessories, such as this trio of hat, dickey and gloves. The dickey has a pussycat bow repeated on the small, shiny straw hat. Then, if you want to go frilly, dress up the same suit with a lacy organdie dickey, white lace straw hat, fresh white pique gloves with organdie cuff.

Young Lieutenant And Irish Rookie Wed In Bombardier Post Chapel

Can you imagine a shy blushing second lieutenant and an Irish private named Flannery walking down the aisle to the strains of Lohengrin's wedding march? For the first time in the history of the Big Spring Bombardier school, Cupid pulled a fast one, for Lieut. Gloria Klein and Pvt. John Flannery were married at nuptial mass in the post chapel this morning.

The story all began on November 18, when Pvt. Flannery broke his leg while wrestling at the Stamford Army Flying school. Doomed for 5, he was transferred to the local post and because of the injury was transferred to the post hospital. It so happened that Lieut. Klein was the nurse of the ward, and even though they never officially dated, friends discovered about a month ago that the young couple had decided to fight a private little war of their own.

The bridegroom, Irish as Flannery itself, was born in Ireland and came to the United States 10 years ago. He attended the University of Detroit where his parents, Mr. and Mrs. Patrick Flannery now reside. In college, he was a member of the debate team.

Lieut. Klein, formerly of Beaverton, Wis., is the daughter of John Klein. She attended Marquette College of Nursing in Milwaukee and received her commission, May 4, 1942.

Pvt. Flannery, of the 812th squadron, walked down the chapel aisle (with the aid of a cane) and nuptials were repeated by the young couple.

So far as can be determined, there is nothing in the books which says a second lieutenant and a rookie can't wed, but what's got us guessing is, will Pvt. Flannery be forced to give the little woman a smart salute every time she passes the butter at dinner!

City Hall Notes—Hoboes Referred To Employment Office; Clinic Hours Changed

Men who don't have anything better to do with their time in these days of manpower shortage than to ride the rods are being turned over to the United States Employment Service.

City Manager E. J. McDaniel has announced that the city, which jails trespassers (hoboes) picked up by T. & P. officers, is no longer freeing them after routine charges. They are being turned over to the USES office for possible assignment.

Hours for the city's venereal disease clinic are being altered, it was announced today. The Tuesday 8 a. m. to 10 a. m. clinic is still to be operated, but the Thursday clinic at the same hours is being abandoned. Instead, the more popular Friday evening clinic hours are being increased. Instead of operating on a 6 p. m. to 8 p. m. basis, this session of the clinic will continue as long as there is need.

Fencing has been placed around the city's filter plant in the southeastern part of the city, and only those having business inside may enter. Reservoirs to the south will be protected similarly, it was indicated.

Fairly good progress has been made on the addition to the airport administration building, cold weather, however, slowed operations the forepart of the week. The building is being enlarged to provide badly needed space for the weather bureau, the CAA and American Airlines offices.

A new employe is associated with the city water department. She is Orlena Massingill, whose father is one of the county commissioners for Borden county.

Red Cross Broadcast Planned for Friday

Part that women have played in the Howard-Glasscock chapter campaign to raise a \$10,000 war fund quota will be featured in a broadcast over KBST at 11:30 a. m. Friday.

Mrs. L. A. Mohanka, who has headed up the residential campaign, will be on the program as will Mrs. Moore Sawtelle, executive secretary for the chapter.

GANDHI OK
NEW DELHI, March 4 (AP)—Mohandas K. Gandhi, who ended a 21-day hunger strike yesterday at Poona, spent a restful night and awoke in good spirits this morning, a government bulletin announced today.

Many retailers believe that price control, requiring better business management, will induce elimination of wasteful methods of distribution, according to the department of commerce.

Make It A Man - Size Lunch

By **MRS. ALEXANDER GEORGE**, AF Food Editor
Anarchy-pamby lunch won't do for the war worker—man or woman. It should be attractive and appetizing, of course, but it has to be a square meal to keep the 48-hour-a-week worker fit for the job.

Sandwiches made of enriched white, whole-wheat or specially baked nut, raisin, peanut or fruit breads are the backbone of a substantial lunch. Baked beans, eggs, fish, cheese, peanut butter, as well as meat, chicken, or ham, are fillings. Pickles, salad dressing, mustard and catsup add taste-appeal.

A must for a good lunch is fruit which provides vitamins and sweets in their most healthful form. And don't forget raw vegetables—carrot strips, celery, radishes and tomatoes. These are loaded with minerals and vitamins and especially appetizing and gay in color.

Here are half a dozen new SANDWICHES:

1. Spread baked beans on buttered slices of enriched bread. Top with thin slices of cooked frank and spread lightly with chili sauce. Tuck in crisp lettuce.
2. **DIXIE SPECIAL.** Is made by spreading peanut butter with butter, then covering the slices with chopped cooked ham, seasoned well and moistened with salad dressing.
3. Cut long rolls in halves and spread with butter seasoned with a dash of horseradish. Add a filling of diced boiled ham mixed with sliced celery, chopped pickles, onions and salad dressing.
4. Cut bran muffins in halves and spread with butter and apple butter. Replace the halves.
5. Make plain whole-wheat bread and butter sandwiches and include 2 browned pork chops (wrapped in waxed paper) in the lunch box.
6. Mix together 2 slices liver-wurst, 1-4 cup finely chopped celery, 1 tablespoon each minced onions and parsley and 2 tablespoons cream. Spread on buttered or margarine rye bread slices.

MEAT ROLLS too are different. Spread thin slices of luncheon meat with salad dressing seasoned with horseradish or chili sauce and roll up. Peg with pickers. Or spread the slices with any crisp salad spread.

Fill the vacuum bottle with the preferred beverage—hot coffee, tea, cocoa, or milk. Grapefruit, orange and vegetable juices, or hot soups also can be carried to work in a vacuum bottle.

Individual fruit or berry pies are great. Fruit turnovers are delicious pastry finger-foods that are good lunch box travelers. When eggs have not been used elsewhere in the lunch, baked custard will help keep up the nutritional standards. Cookies, plain cake squares, slices of gingerbread, and puddings appeal to hungry workers. Include fruits in season—two kinds are better than one. Put in an apple and an orange, or an apple and some canned fruit in a small covered jar.

FLASHES OF LIFE

By **The Associated Press**
BUSINESS AS USUAL

NEW ALBANY, Ind.—The small matter of a fire didn't stop Mrs. Mary Mattox, who operates a cafe here, from carrying on business.

Smelling smoke, she discovered a blaze in the stairway, called firemen, and then returned to the kitchen to resume baking pies for the restaurant while firemen extinguished the blaze.

PAGE IRVING BERLIN
PORT DEVENA, Mass.—The long years of searching by soldiers everywhere has ended—a field artilleryman at Devens has found the guy who wakes the bugler.

He's Corporal Francis R. Hardman, a former Maryland farmer who has carried the early rising habit of his civilian days into army life.

Up at least an hour before reveille each morning, he insist on waking the bugler—and some of the boys complain, saying he disturbs the rest of the men in his barracks.

HONEST MAN
PHILADELPHIA—Temple University's honor system among students has met the acid test.

A senior found a one-pound can of coffee in a vacant classroom and turned it over to the lost and found department.

A classmate who reclaimed it commented, "no grounds for complaint."

THEY MAY WANT TO MOVE
SAN QUENTIN, Calif.—A new rumor had some of the 300 prison inmates worried.

The big state institution has been doing lots of war work, but Warden Clinton T. Duffy eased the prisoners' minds with a definite statement in his newspaper column:

"No one will be frozen at a job in this institution."

WELL, NEXT TIME
GRANTS PASS, Ore.—The little log church at Merila burned down; the village's volunteer fire department was a bit late.

The firemen were all busy at a meeting learning methods of fire control.

Thompson Urges Pipeline Action

AUSTIN, March 4 (AP)—Proposed diversion of the 20-inch oil products line originally planned from the Houston-Beaumont refining area to Seymour, Ind., threatens Texas' greatest industrial opportunity in history, Commissioner Ernest O. Thompson of the Texas railroad commission declared today.

Terminating the line part of the petroleum pipelines to Europe and Australia, Thompson in an interview stressed that "every day's delay in its construction possibly postpones our military successes."

At the same time he emphatically predicted that by 1945 the nation will be "alarmingly short" of oil and that a definite oil famine is inescapable by 1946 unless an immediate crude price increase is authorized.

Thompson labeled laying of the products line "the most timely issue before the oil industry today for pressing, immediate solution" and criticized midwest refiners and senators who are advocating that a substitute line be built from the Chicago area to the Atlantic seaboard.

The line is scheduled to ferry 25,000 barrels daily for transportation by tank car from Seymour to the east coast.

What You Buy With WAR BONDS

Hitler's U-boat menace must be liquidated. Nothing is more effective than the Depth Bomb or "sub case," as our sailors call them. Three hundred pounds of canned TNT deep into the sea does the job. They cost about \$105 each.

Our sub chasers must be equipped with enough of these cans of latent hell to drive the U-boats out of the sea. You can help do the job here on the home front by buying War Bonds, more and more War Bonds every payday. Americans must meet the acid test of War Bonds and War Taxes. What have you done for Freedom today? "Have You Done Your Bit—Now Do Your Best."

U. S. Treasury Department

Black Markets Are Booming in Belgium

LONDON (AP)—Food supplies are so inadequate in German-occupied Belgium that stores no longer are able to furnish authorized rations of many products and people are forced to resort to Black Markets and their sky-high prices, says the Belgian News Agency.

On the Brussels Black Market butter costs \$5.50 a pound, sugar \$1.25 a pound and a bar of soap 25 cents. The agency says flour costs \$1.80 a pound, a pair of men's shoes cost \$56.00, women's shoes \$40 and a shirt \$30.00.

Only second-hand shoes are available for children.

Sugar and cocoa-bean products normally constitute more than 60 per cent of the raw materials used by the confectionery industry, according to the department of commerce.

Tips Given On How To Get Most From Rationed Foods

Seven tips for careful buying and use of point-rationed processed foods have been offered by the U.S. department of agriculture.

1. Get food with high nutritional value that will fit into planned, balanced meals. Don't duplicate what you can buy fresh.
2. Read the label for all it can tell about quantity, quality of ingredients, and use. Three number of halves of peach or pear a can contains, for example, may be helpful in planning servings.
3. Choose the size of can most economical for use, keeping "buying arithmetic" in mind—1 pound can equals one fluid pint, or two kitchen measuring cups; 22 ounce can equals one quart of four cups, etc.

4. Buy quality for your purpose. You don't need grade A or fancy fruit to cut up in salad or pie. Fruits must be grade labeled under OPA rulings.
5. Keep processed foods at home in best places—tinners in dry spots to prevent rust; glass containers in dry, dark and cool place; dried fruits in cool place; frozen foods in freezer unit of refrigerator (and not too long at that, taking care not to try to repress such foods once they thaw).
6. Cook all foods quickly to avoid loss of vitamin content. Canned vegetables already are cooked and need only to be brought to boiling at the last minute before serving.
7. Use all good juices—waste none. Liquids in can or jar contain a goodly amount of vitamin and mineral content of the food and should be used with food or in soups, sauces, etc. Fruit syrups also should be utilized with fruit, or as sweetening and flavor for beverages or desserts.

Price ceilings have been a great factor in stopping frantic accumulation of inventories, according to the department of commerce.

Point Ration!

March 1st. Ration No. 2 becomes effective on many food items. Until you learn to budget your "points" you may find yourselves deprived of certain foods temporarily—remember how your gasoline was used up before the new stamps were effective? The same will happen to your food supply unless you spend your "points" wisely.

Plan your meals for at least a week in advance, using foods that are not rationed to give you plenty to eat, as well as rationed items to make your meals tasty and nutritional.

Harvey Analyzes Lions Qualities

Testifying from 15 years experience as a member of Lions clubs, Jim Harvey, Church of Christ minister, Wednesday said that the underlying principles of the organization "made it live."

From clubs that function as they should, there comes "fellowship which is a mutual distribution of our 'sending.'" From fellowship, he continued, comes increased manpower and men working together accomplish what these working alone cannot.

Lions clubs, declared Harvey, offer object lessons in courtesy and salesmanship; in fairplay, in courage and encouragement; in opportunity; and in unselfish service. It is this last quality, he asserted, which makes "Lionism live."

A Twin Who Can't Tell Who He Is

EMDEN, Mo. (AP)—At 87 years of age, Dave S. Sharp doesn't know whether he's the Dave or his twin brother, Dan.

From infancy they were so much alike friends and relatives couldn't tell one from the other.

When they were babies their sister mixed them and from that day even their mother didn't know which was who.

Menus For Your Approval

By MRS. ALEXANDER GEORGE
Keep A Full Cookie Jar

Orange Cookies
1-1/2 cup shortening.
2-3 cup sugar.
2 tablespoons cream.
1-4 cup orange juice.
1 teaspoon grated orange rind.
1 teaspoon lemon extract.
1-4 teaspoon grated lemon rind
1-3 teaspoon salt.
2-1/4 cups pastry flour.
2-1/2 teaspoons baking powder.
Cream shortening and sugar.
Add rest of ingredients and mix lightly. Drop portions from spoon onto greased baking sheets. Flatten each cookie with fork frequently dipped in flour. Bake 12

Nut Crisps
1-2 cup shortening.
1 cup light brown sugar.
1 egg, beaten.
1-3 teaspoon salt.
1 cup oatmeal flakes (coarse)
1-3 cup flour.
1 teaspoon baking powder.
1-4 cup broken nuts.
1 teaspoon vanilla.
Cream shortening and sugar.
Add rest of ingredients and drop portions onto greased baking sheet. Bake 12 minutes in moderate oven.

Victory Maple Cookies
3 eggs, beaten.
1 cup maple syrup.

1 tablespoon grated orange rind.
1-3 teaspoon salt.
3 tablespoons shortening, melted.
2-1/2 cups flour.
2-1/2 teaspoons baking powder.
Beat eggs and strap. Add rind, salt and shortening. Lightly mix in rest of ingredients and chill dough. Drop portions of soft dough into greased baking sheet. Top each cookie with piece of nut. Bake 12 minutes in moderate oven.

Cheese Takes Over Nutrition
Dinner Serving 3 or 4
Cheese and Tomatoes
Bran Muffins with Molasses
Lettuce Salad
Celery Seed Dressing
Chilled Fruit Cup
Milk or Buttermilk

Cheeseroni and Tomatoes
4 tablespoons margarine or butter.
6 tablespoons flour.
1-2 teaspoon salt.
1-4 teaspoon pepper.
2 cup tomatoes or tomato juice.
2-3 cup grated cheese.
2 cups cooked macaroni.
1-4 teaspoon dry mustard.
2-3 cup buttered crumbs.
Mix together margarine (melted), flour, salt and pepper. When blended add tomatoes and cook slowly until thick and creamy. Add cheese and macaroni and simmer 5 minutes. Stir frequently to prevent scorching. Add mustard and pour into buttered, shallow baking dish. Cover with crumbs and bake 40 minutes in moderate oven.

Bran Muffins With Molasses
1 cup flour.
1 cup bran.
1-2 teaspoon salt.
1-4 teaspoon soda.
1 teaspoon baking powder.
2 tablespoons sugar.
4 tablespoons molasses.
1 egg.
2-3 cup sour milk or buttermilk.
2 tablespoons fat, melted.
Lightly mix ingredients. Half fill greased muffin pans and bake 20 minutes in moderate oven (350).

Jute and silk are receiving current attention as potential products of the great Amazon Valley of Brazil, says the department of commerce.

War production schedules have been set high but our whole American industrial tradition proves that they are not impossibly high, says the department of commerce.

More than 200 airplane parts are being made from plastics and their uses are being rapidly expanded, says the department of commerce.

Advertising exists because it is the most economical way ever devised to stimulate mass sale of goods, according to the department of commerce.

No Orders Yet To Draft Men With Children

WASHINGTON, March 4 (AP)—Correcting an earlier statement, Chairman Paul V. McNutt of the War Manpower Commission today said local draft boards are still under orders not to draft men with dependent children until they receive authorization from national selective service headquarters.

At his press conference Monday McNutt said he knew of no such restriction on the local boards and declared "quite a number" of fathers of children were being taken.

In a clarifying statement issued today, McNutt said the only men with children now being inducted are those whose dependency was acquired after Dec. 8, 1941, or at a time when draft selection was imminent.

"Those registrants having wives and children, or children only, with whom they maintain a bona fide home, and who were married before Dec. 8, 1941, and at a time when selection was not imminent, may not be inducted through selective service until there is a direct authorization by national headquarters," McNutt's statement said.

The regulations have been designed, McNutt said, "to protect the bona fide family relationship as long as possible" to the extent that it is practicable to do this and still meet the requirements of the armed services for 10,000,000 men by this year and also supply the manpower needs of war industries.

However, after April 1 men who work in any of the "non-deferred" occupations listed last month will have 30 days to transfer to essential jobs or to register with the U. S. employment service before being placed in class 1-A.

New Workers Told To Protect Their Security Rights

New war workers, hired by the thousands by war industries in West Texas are urged to safeguard their rights under the Federal old-age and survivors insurance system in a statement made by Elliott W. Adams, manager of the Big Spring field office of the Social Security Board.

"We know that many of these new war workers have never before worked in jobs covered by our government insurance system," Adams said. "Many are young folks who have never earned wages at all. Some are women who are joining in America's battle of production, and who never worked outside their own homes before. Others have been in domestic service, where their wages did not count toward building up insurance credits, and some are older men and women who had stopped working before the system went into effect."

"The insurance rights these workers are building up, Adams explained, may provide not only monthly payments for themselves after they are 65 and stop work but also afford protection for their families. "Find out whether your job is covered by the old-age and survivors insurance system," he said. "Most jobs in business and industry are covered and wages from such jobs count toward insurance benefits for you and your family."

"Secure a social security account number card, if you do not already have one, and keep it, if you are working or are about to take a job in covered employment. "Show your social security card to every employer for whom you work. Do this whether you work full or part time. That card is the key to your social security account which is kept by the Social Security Board. Like an insurance policy, it is valuable."

Absenteeism Must Face A Trial

CHICAGO, March 4 (AP)—Absenteeism and tardiness in a Chicago war plant will go on "trial" next week—a joint labor management committee's plan designed to show employees the urgent necessity of staying on the job.

The plant of the Manufacturers Screw Products company will be converted into a courtroom for the staging of a mock trial of an unidentified employe on charges of being absent from work in the factory, which is engaged in war production. He also will be "tried" on a charge of tardiness.

The plant's members said they hoped the trial would illustrate to employees the reasons workers stayed away from their jobs and the extent which their absence affected war production. They said the trial also might uncover means of rectifying the absenteeism and tardiness of employes.

Speaker in a series of meetings today and Friday will be Dr. Joseph Hoffman, Cohn of the American Board of Missions to the Jews. Dr. Cohn will concern his addresses with the relation of the Jews to the events of the day as based on the Scriptures. At 2:30 p. m. today he speaks at the East Fourth Baptist church on "How a Jewish Rabbi Found Christ." Friday at 9:15 a. m. he will be heard over KBBT, at 2:30 p. m. at the East Fourth Baptist on "Some Homeless Jews of Europe," and again at 8 p. m. at the same place on "Some Star-Buck Forebears of Coming World Collapse and Redemption."

FDR Observes 10th Anniversary With Prayers

WASHINGTON, March 4 (AP)—President Roosevelt observed the tenth anniversary of his elevation to the presidency today by praying at a special religious services that God "grant us grace fearlessly to contend against evil and to make no peace with oppression."

The services, which have been held every March 4 since the chief executive took office in 1933, were in the east room of the White House, with high officials of the government, friends and members of the president's family participating.

The prayers were the standard supplications from the Episcopal Book of Common Prayer and were led by Lieut. Frank R. Wilson, a navy chaplain at Norfolk, Va., who is on leave of absence as rector of Mr. Roosevelt's home church at Hyde Park, N. Y.

DIES AT BEAUMONT

BEAUMONT, March 4 (AP)—Mrs. Lucy Gardner Morgan, 72, of Hankamer, wife of a prominent physician and sister of J. Alvin Gardner, president of the Texas baseball league, died of a heart attack last night. She will be buried tomorrow afternoon.

Farmers Sign On Production

Approximately 173 farmers in Howard county were contacted in four communities Wednesday afternoon by government agency representatives for a sign-up of producers for increased war crop production for 1943, reports to the AAA today revealed.

The first day of the sign-up revealed that producers were cooperative in agreeing to increase their production of livestock, poultry and war crops.

Contacting the Vincent area was O. F. Griffin, who said approximately 50, or about two-thirds of the farmers, were reached. In the Gayhill area, 51 were signed up, about half of the number of producers. At Lomax, 16 out of 20 were signed up and in Coahoma 78 out of 125 listed their war goals for 1943.

Other producers in areas where they agreed to come into the AAA office were beginning to arrive Thursday morning. The procedure is to continue from Friday of this week until Friday of next week at the AAA office.

Goals for the county include 65,000 acres of grain sorghum, 1,500 acres of peanuts, and 500 acres of soybeans, which M. Weaver, AAA administrative officer, said he expected to be accomplished.

\$27,000 Volume In Livestock Auction

Fluctuations in the market were noted Wednesday in the Big Spring Livestock Commission Co. sale, but 600 head through the ring grossed \$27,000.

In addition, there were some 80 butcher hogs, a larger volume of this class, which ran to 14,000. Bulls were steady with a 12.00 top, same as a week ago. Half cows were up to 11.00, about half a cent weaker on the top side and butcher cows were steady at 9.00-12.00.

Butcher yearlings showed strength, being a quarter up on the top in running to 13.75 while common butcher yearlings also were strong from 10.00-12.50. Stocker steer calves were up to 14.00, which was about two under the peak attained a week ago. Stocker cows went at around \$90, around \$10 less than the previous week.

Local Red Cross Fund Gains Another Notch, To \$9,731

Slowing but still packing plenty of punch, the Red Cross war fund drive moved along Thursday a little nearer the \$12,800 quota, for the Howard-Glasscock chapter.

At 1:30 p. m. Mrs. Ed Gabriel, who was receiving reports from workers at Empire Southern Service office, reported the total stood at \$9,731.67, which was barely \$4,000 under the quota call. This represented an increase of \$1,300 over the previous day and the rate of gain was off only about \$300 from the preceding day.

Roy Reeder, war fund chairman, urged all firms who were 100 per cent to display their 100

Scout Training Session Starts Here Tonight

Opening session of what is projected as one of the most ambitious training programs ever undertaken in the Buffalo Trail council has been set for 8 p. m. today in the First Baptist church basement.

Earl McClure, Dallas, assistant regional Boy Scout executive, will be here for the parley, under the direction of the Rev. F. D. O'Brien, leadership training chairman. McClure has been here all week helping shape plans for the meeting and for subsequent training sessions.

Troop committeemen, scoutmasters, cubmasters and assistants, commissioners and others are being urged to participate in this evening's meeting, the keystone of several future programs designed to give better and a more adequate supply of leadership to Boy Scout work in the Big Spring district.

This parley is to be followed by a series of one-night stands with every institution in the district which sponsors or which might sponsor a Boy Scout troop or Cub Pack. Captains and workers for these institutional sessions have been selected and from these will come material for the specific training courses for scoutmasters and others.

Sgt. Edward Harding Lavelle visited here with his mother, Mrs. Edith Lavelle, Wednesday.

First Baptist Church Home To Be Dedicated

Dedication of the First Baptist Church plant will be observed in three services Sunday, according to plans being developed by the institution's leaders.

Two former pastors, the Rev. R. E. Day, Fort Arthur, and the Rev. C. E. Lancaster, San Saba, will be on hand for the services, which commemorate the liquidation of the bonded debt against the church building.

The Rev. Day is to speak at the morning hour and the Rev. Lancaster at the evening hour. The former will remain here to conduct a meeting of one-week's duration.

Another feature of the Sunday services will be an organ concert during the afternoon with Mrs. M. A. Nelson at the console. Efforts are being made to have a record Sunday school attendance Sunday morning.

Wall Street

NEW YORK, March 4 (AP)—The stock market today extended its upswing to the best average levels since November, 1940, with gains in various leaders running from fractions to around a point. Volume compared favorably with the most active days of the year.

Transactions approximated two million shares. Steels and rails, yesterday's bellwethers, continued to have good support but some honors of leadership also went to a group of high priced industrial specialties.

Here 'n There

T. F. Hogue was treated at a local hospital Wednesday afternoon for loss of a finger. The member was severed when he got his hand in a bus saw at the H. H. Wilkerson ranch, where he was working.

Capt. W. E. Turner, public relations officer at the Big Spring Bombardier School, is moving about slowly these days. He was hurled from his car to the pavement when his machine and one driven by W. H. Butler were in collision at a street intersection here Wednesday morning.

Second Car Of Soybean Meal Is Due Here

A second car of soybean meal is to arrive here soon for distribution to dairymen and other feeders in desperate need of high protein feeds.

Orders for release of the car for Howard county came Thursday after approval had been secured Wednesday evening from E. F. Vance, state war board chairman.

The first car of the meal, a 51 per cent protein product, was received here the forepart of the week and was distributed by the Big Spring Cotton Oil Co., which also will handle the second car.

The Howard County War Board, working with the chamber of commerce and with Cong. George Mahon to overcome a critical feed shortage, previously had asked for 20 carloads of the soybean meal. At first the board was informed that 23 carloads released for the Southwestern territory 4 1/2 in 2 March only seven were for the state of Texas. Howard county got one of them. The initial car came from one of 13 carloads for Texas in February.

Weather Forecast

WEST TEXAS: Warmer tonight, except colder late tonight in Panhandle and South Plains, cold wave Friday in Panhandle and South Plains with strong winds and occasional snow. Protect livestock. Showers tonight in Del Rio-Eagle Pass area and east of the Pecos river.

EAST TEXAS: Occasional rains and warmer tonight, but becoming colder in northwest portion Friday morning. Fresh to strong winds this afternoon and tonight.

PALATABLE-ODORLESS

MILFORD'S BLUE RIBBON INTERNAL AND BATH CRYSTALS

Blue Ribbon MINERAL WATER CRYSTALS

Healthful Treasure From Nature's Storehouse!

These wonderful crystals are full of health-giving minerals. They're the concentrated distillate of prize-winning Mineral Water from the famous well at Milford, Texas. This water has brought relief to sufferers for half a century. Now available in leading drug stores everywhere, superior Blue Ribbon Crystals are mild, effective, and palatable. Simply dissolve them in ordinary drinking water for an exhilarating, healthful drink. Blue Ribbon Crystals have thrilled hundreds with new-found energy and good health!

Suffer From Constipation and Its Kindred Ailments—Headaches, Gastritis, Biliousness, Overweight, Eczema, Stomach?

Start now on a program of planned prevention. Use Blue Ribbon Mineral Water Crystals regularly. **CONSTIPATION AND ITS MISERABLE COMPLICATIONS** often lead to more serious troubles. Palatable Blue Ribbon Mineral Water Crystals, mild in action, yet beneficial, have helped many. They mineralize and tone up the system, induce regularity, and help eliminate toxic poisons. Don't go on suffering when thrilling relief may be yours! If you are not completely satisfied your money will be cheerfully refunded.

Read What Satisfied Users Write!

Praise and testimonials from grateful users and former sufferers come to us regularly. Mrs. Ruth Anderson, 116 E. Cypress, San Antonio, writes: "I feel I cannot say too much for Blue Ribbon Crystals. Am taking them for gastritis and having wonderful results." Michael B. McClellan, 350 W. Center St., Fostoria, Ohio: "Had been X-Rayed and an ulcer found at outlet of stomach. Tried everything but found no relief. After taking four boxes of Milford Blue Ribbon Mineral Water Crystals X-Rays showed ulcer healed." Mrs. Rose Wallace, 1056 Mandelane St., Shreveport, La.: "I have been benefited so much by taking Blue Ribbon Mineral Water Crystals." Mrs. Jeanette Gold, 2929 Young St., Fort Worth: "Suffered intensely from gas, dizziness, indigestion and constipation. Second dose of Blue Ribbon Mineral Water Crystals relieved me. I heartily endorse Blue Ribbon Mineral Water Crystals!"

Editorial -- Self-Government And Rationing

Many Americans are profoundly disturbed by the vast rationing programs now being applied. We do not mean those who rebel at the personal inconvenience...

Food Problem Will Continue--

Feeding The World After War Is Over

Food rationing won't end with the armistice. It's considered a certainty in Washington that rationing will continue at least through the first crop year after hostilities cease.

One announced purpose of the rehabilitation organization headed by Herbert Lehman is feeding the people liberated from the Nazis. Our allies, now drawing food supplies from our production pool, will have clear claim on further food supplies during the reconstruction period.

World's livestock is going fast. It's doubtful if broad expanse of country to supply Europe needs, even in the most exporting countries, for many years.

The enormity of the post-war feeding problem can be seen from the fact that in 1942, according to the Department of Agriculture, military and lend-lease requirements "will probably account" for 30 to 35 percent of our total supplies of beef...

Published Sunday morning and weekday afternoon except Saturday. Entered as second class matter at the Postoffice at Big Spring, Texas, under act of March 3, 1879. MEMBER OF THE ASSOCIATED PRESS.

Problem of the WIRE CAGE

Chapter 22 That look on Nick's face was gone in a flash, and Nick presented to them a vast, fishy calm which nothing could shake.

Room For Skepticism As To Post-War Trials

WASHINGTON--If the skeptics turn a fishy eye or a deaf ear at threats to hale Hitler, Mussolini, Tojo, et al, before a court of justice and sentence them to their just deserts when this is all over, they certainly have a good reason.

Mr. Celler, delving into the old files of the library of congress, has uncovered some food for thought. The new almost forgotten "Commission of Fifteen" at Versailles drew up a list of 900 persons to be tried before an international judicial tribunal and the crimes of each were listed.

Hollywood Sights And Sounds -- Luise Rainer Is Back

By ROBBIN ODONS HOLLYWOOD--A pretty little lady who won two Oscars and ran away from Hollywood is back in our town, friendly toward it and not frightened any more.

Luise even today won't say that she has changed. It frightens you. You become conscious that everything you do is being interpreted differently because you have had some acclaim...

And Nothing Can Be Done About It

Enlarged Program Mapped For Girl Scouts In Area

Twenty-nine counties will raise a quota of \$8,000 to finance a field worker and an enlarged Girl Scout program in the West Texas district for the next two years, area representatives voted here Wednesday afternoon.

The campaign will be a part of a state-wide effort to raise \$60,000 for financing the work in Texas and for setting up eight district field workers.

Shine Phillips, Big Spring, is to serve as chairman of the West Texas district, which extends from Lubbock to Sterling and from Abilene to Wink. Horace Reagan, Big Spring, is secretary-treasurer. The men's committee for Girl Scouts agreed that the entire sum would be raised in one drive rather than to halt it into two annual campaigns. Quotas will be assigned the various counties soon and the entire drive is due to be completed by April 15. Five days later another district committee meeting has been called for complete reports.

In Big Spring it is possible that an attempt will be made to exceed the quota with the idea of being able to get a full-time worker for

Notices To 'Delinquents' Sent Out By Draft Board

Notices of "suspected delinquency" has been mailed to 13 men registered with the Howard county selective service board.

This is the first step toward putting their case in the hands of the FBI for a round-up as draft evaders. Persons knowing the whereabouts of these men are urged to contact the board at once to avoid involvement of these registrants in any trouble with federal authorities.

They are Jonnie Tift (negro), Antonio Moun Estran, Raymond Aurelia, Soledad Granada Corral, Frank Howard Jr., Robert Vasile Hicks, Catalino Chavez, Vidal Ascosta, Chavez, Ladislado Chavez, Robert Coleman Sosa, Bill Author Riddick (negro), Nieves Aguilar Loya, Bernardino Caldera.

These men were listed as being delinquent by reason of failure to execute a military questionnaire and all mail to them has been returned as "undelivered." Percy Lee Jackson, George E. Wayman, Herschel Eugene Payne, Reyes Gomez Duran, and Raymond Le Lamanigo. Duran and Le Lamanigo also are delinquent on their occupational questionnaires. Persons having knowledge of whereabouts of any of the men are urged to notify the board in person or call 735.

Similarly, any knowing about the following men delinquent because of failure to fill out supplementary questionnaire or notify board of change of address, are asked to call 735 or appear in person: Froylan Lira Lopez, Juan Perez Valdez, Simon Velasquez Alvarado, Juan Robles, Francisco Gomez, Rodolpho Luevara Clavaran, Fred Dodson, Alfredo Larez, Noble John Kennemur, Earl Edwin Nowlain, Houston Munroe Nichols, Joseph Green Arnold, Jesse Eugene Rushing, Ponciano Salcido Lopez, Estanislao Roetha, James Glen Brown, Thomas Jackson Newman, Duward Oather Smith, G. C. Blankenship, Jr., Raymond Stewart Sylvester, Jose Trevino.

Grid Letters Awarded To Lamesa Boys

LAMESA, March 4.—J. H. Norris, principal of the Lamesa high school, announces the following as men receiving letters for the 1942 football season:

Ernest Hawkins, Osborn Drannon, Weldon Bratcher, Rex Dunn, Charles Russell, Owen Taylor, Fred Reese, Wayne Roberts, George Hamard, C. G. Eudy, Darrell Beck, Donald Reeves, Charles Privitt, John Waddell, and J. P. Aslin. Raymond Renner, and Gerald Barkhurst served as manager and assistant managers, respectively.

Reservist letters were awarded Leroy Gaultney, Dallas Wise, Hamilton Aslin, Billy Spencer, Herrell Rhoades, Robert Kirk, Doye Whitmore.

The 1943 Lamesa high school football schedule as announced by Coach Volney Egan is:

Sept. 17—Tahoka at Lamesa.

Oct. 29—Sweetwater at Sweetwater.
Nov. 5—Open.
Nov. 11—Abilene at Lamesa.
Nov. 18—Midland at Midland.
Nov. 25—Open.

Food Costs Down In One Texas Town

AUSTIN, March 4. (AP)—Reports on monthly per capita living expenditures in 23 Texas cities indicate that food costs increased during 1942 in all except one, the University of Texas bureau of business research announced.

A preliminary report on continuous cost of living survey disclosed Waco with a drop of 2.8 per cent. Other cities showed a rise varying from 8.1 per cent in Mercedes to 21.5 per cent in Greenville.

Actual per capita expenditures for food ran from a low of \$2.50 per month in Cotman to \$14.30 in Freeport.

In average per family rent costs, only two cities showed a decrease—Mercedes, 18.2 per cent and Corpus Christi, 1.8 per cent. The remainder showed an increase up to the 36.8 per cent jump recorded in Laredo.

British Sub Sinks 9 Ships

LONDON, March 4. (AP)—A British submarine in the Mediterranean has destroyed seven enemy vessels and damaged nine others, the admiralty announced today.

One of the submarines, it said, surfaced in the Gulf of Genoa near the Italian coast and fired on a shipbuilding yard, reporting that she "scored several hits with his explosive shells on two vessels on the stocks."

Another submarine operating close in shore shelled a train on a bridge.

"In addition to these two successful actions," the admiralty announced, "his majesty's submarines operating against Axis supply lines in the Mediterranean have destroyed seven more enemy vessels."

"These included a large supply ship, a medium-sized supply ship, two small supply ships, a minesweeper and two tugs."

Story

(Continued From Page 4)

he rope in against it. Dorrance complies. With his right hand—as he faces the net—he takes the right side of the rope, lifts it over his head, wraps it around his neck in a loop, pulls the left side of the rope tight, and settles the loop round his neck against the scarf.

"Nicholas Young has an inordinately powerful hand and arm, as any one will agree who has seen him propel his wheel-chair. He has only one hand; but he needs none. He now has Frank Dorrance's neck caught in a loop between two supports. One end of the rope is tied to an iron pole across the court. The other end is drawn against the opposite pole, like a pulley, and is then wound twice round that powerful left hand. Standing outside the wire mesh, he supports the weight of his body against the pole. Clothing is very tight, but it is also very strong. A twitch on that rope will cause Dorrance discomfort. A sudden, blinding, powerful pull—"

"It was soon over. The whole performance, from entering this enclosure to murder, took less than ten minutes. Our worthy Nick stopped in the twilight, his labours well done. He listened. He dropped his end of the line. He hobbled round to the other side of the court.

"There he cut the knot in the rope which Dorrance had tied round the opposite iron support. He did this with the clasp-knife he always carries; and which, I am told by those who have seen him pare apples with one hand, he can open with his teeth. He then began, swiftly, to snake in the line. You recall that Dorrance had been rolled—rolled over several times. When Nick began to pull in the rope from this side of the court, the body was rolled over as Nick jerked at it to free the line from the neck. Rope pulled over wet sand like this will not leave a trail.

"There was no fear, of course, of dislodging the scarf itself from the neck. As usual in cases of strangling, it adhered deep into the neck. But the rope was loose, and came back without trouble. The murderer folded up an innocent-looking coil of clothes-line and replaced it in the pavilion. He gathered up the few inches of cut line. And he made only one real mistake.

To Be Continued.

Lauds Press For Part In War Effort

WASHINGTON, March 4. (AP)—The nation's newspapers were hailed today by Representative Halleck (R-Ind.) as "one of the most essential and vital factors in the winning of the war."

In a speech in the house, the Indianan assailed "bureaucratic" critics of the press, asserting that "they are self-annointed, but if I were to choose between the bureaucrats and the newspapers for a guardian of the rights of men, I would unhesitatingly choose the newspapers."

Halleck called on congress not to tolerate any "carelessness and groundless opinions" on the part of those who drafted regulations restricting the use of newspapers.

"If there are some whose animosity leads them to attempt to destroy the newspapers, which stand between them and their goal, let us seek them out and render them harmless," he added. "For when you destroy the newspapers, you destroy one of the most effective internal implements of war and of peace which this nation possesses."

Burnett Pledged To NTSFC Fraternity

DENTON, March 4. —H. C. Burnett of Big Spring, junior student at North Texas State Teachers college, recently pledged the Falcon social fraternity on the Denton campus.

One of nine men students pledged by the Falcon group, Burnett will be accepted into membership after serving a five-week pledge-ship period.

Burnett, a major in mathematics, is working toward the Bachelor of Science degree.

Neely Opposed To A Title Playoff

HOUSTON, March 4. (AP)—Athletic Director Jess Neely of Rice Institute today said he definitely was opposed to a playoff between the Rice Owls and Texas Longhorns for the Southwest conference championships.

Australia Fights COUGHS

Due to Cold or Bacterial Infections —With Backley's "Canadifol" —It's extra fast for colds—yet gentle and mild for Mother and the Kid.

This means that those nasty irritating coughs—due to colds or bacterial infections—can be often dispensed with in a few days—without any harm to the child.

There's real economy in Backley's—all medication—no syrup, that is one test—specify the name—Canadifol—on the bottle—get the most effective cough medicine—Backley's—Canadifol—Cough Mixture that outshines all others in Australia—New Zealand—Canada and many other countries on every shore; all druggists.

Scrap Plans For New Year Mapped

E. L. LaFever, chairman of the local industrial center organization (ICO) for industrial salvage, has announced that S. W. Pappert, regional chief of the Industrial Salvage Branch, War Production Board, returned from Washington, where he attended a conference of regional chiefs devoted to outlining program, policy and special methods of handling industrial salvage projects in 1943.

Industrial salvage must produce a very large percent of the scrap necessary to keep America's steel mills, copper and aluminum plants at peak war operation during the year.

Copper scrap, the regional chiefs learned from Hamilton W. Wright, chief of the industrial salvage branch, W.P.B., which brought the conference together, is the number one industrial salvage problem for 1943.

Iron and steel scrap collection cannot be neglected, however, the regional chiefs learned at the Washington meeting from Paul C. Cabot, director of the salvage division, because 13 million tons of iron and steel scrap will be required by the nation's steel mills in the first half of 1943. Dormant scrap must fill a large part of this need, Cabot said.

Kids' Hard Work Buys Book For Soldiers

CAMP PHILLIPS, Kas. (AP)—In the place of honor in the library of Maj. Gen. Harry J. Maloney of the 94th division is a book presented the soldiers by the third graders of Lincoln School, Wichita, Kas.

In the book are the scrawled signatures of 42 children who also enclosed a note explaining how they raised the money to buy the book.

Such as: "Lots Myers — shampooed a pup for a quarter." "So-corra Galivan—washed dishes for teacher." "Donald McCurdy—did K.P. duty for mother."
