

PERSONAL TAX TEST CASE

First Jury Test For City Tax Suits Set

A contested personal tax suit filed by C. M. Kelley may set a pattern in the City of Eastland's efforts to collect delinquent personal taxes.

Kelley is fighting the City's efforts to collect taxes on his automobile. He has hired a Gorman attorney to fight his case in Justice of the Peace Court here.

The case was due to go to trial last week, but the illness of City Manager Jimmy Young caused postponement. Virgil Seaberry Jr., city commissioner, will try the case for the City.

City authorities expressed the

belief that the City would win the case unless Kelley's lawyer can find some technicality. Opponents of the personal tax have long maintained it was an illegal tax.

So far, according to Manager Young, the City has filed some 40 suits to collect back taxes. Most of the taxes have been paid off after the suits were filed.

At the present time the City is busy preparing other cases to be filed in small claims court. City officials say that eventually

suits will be filed to collect all delinquent taxes.

A date for the Kelly case, which will be heard before a jury, has not been set.

Animal Health Program Is Set For Tonight

Entertainment has been added to the countywide animal health program to be held at the Eastland Auction Barn tonight beginning at 7:30.

The "Teddy Bears" of Ranger High School will perform at the meeting, Lee W. Starr of Cisco, chairman, revealed.

Topics of discussion at the meeting will be "Brucellosis Control" and "Symptoms and Treatment of Undulant Fever in Humans."

Speakers will include Dr. H. J. Bulgerin, Eastland physician, who will discuss the symptoms and treatment of undulant fever, which is contracted by drinking milk from infected animals; Dr. John L. Wilbur, Texas livestock sanitary commissioner of Fort Worth, who will speak on Brucellosis; and Dr. L. R. Noyes, executive director of the Texas Livestock Sanitary Commission of Fort Worth.

Perry Re-Elected Eastland School Board Chairman

M. H. Perry has been re-elected as chairman of the Eastland Independent School District Board of Trustees.

The action came this week at the first meeting of the newly re-organized board. H. T. Weaver was elected vice president and Dr. J. O. Jolly is new secretary.

Trustees re-elected principals of four Eastland schools. Charles P. Marshall was given a new contract as High School principal, J. W. Bailey was re-elected Junior High principal, J. W. Turner was re-elected as West Ward principal and Mrs. Harold Durham was given a new contract as South Ward principal.

Other members of the Board of Trustees are H. L. King, W. E. Hallenbeck, Curtis Koen and J. T. Gregory.

Lions Are Shown Some 'Folding Money' By Parker

Guy Parker showed Eastland Lions some "real folding money" Tuesday at their luncheon meeting held in the Fellowship Hall of the First Methodist Church.

Parker, former president of Eastland National Bank, passed around some \$5 bills put out in 1918 by an Eastland bank. Five of the bills were still in their original form, Parker having never cut them apart. The bills were all signed by Parker, who was cashier of the bank at that time.

Parker was introduced by program chairman.

Safeway Store Manager Wins California Trip

Clarence Jenkins, manager of the Eastland Safeway store, has won a week's paid vacation to San Francisco.

The Eastland store was one of 14 Safeway stores in the Dallas Division to win a "merit award" for increased sales during 1958. The Eastland store was one of two winners in the Abilene District.

Robert A. Magowan, Safeway president, in a letter to Jenkins stated, "Please accept my congratulations on being one of the Dallas Division contest winners. Will you please convey to your store crew my appreciation for the hard work they put into the contest in your behalf."

Two other members of the Eastland store received cash prizes for outstanding work. They were M. O. Hazard, meat market manager, and Elbie Moore, produce manager.

Republicans Hold Primary County Election

There will be a Republican Party primary held in Eastland this year for the first time since 1930.

Dick Hunt, Republican County chairman, said that Republicans would hold the second primary ever held in Eastland this year. That will mean that Republicans will vote July 26 in Eastland and Cisco. Those will be the only two balloting places for the GOP in the county.

Odie Keane will be in charge of the Cisco voting box and Hunt will be in charge of the Eastland poll in his office above Davis Drug.

Hunt said there would be no local Republican candidates seeking county offices, but that there would be a state slate of officers.

Adults Urged to Attend Teenage Baseball Meeting

A meeting of all adults interested in Eastland's Teen-Age Baseball League's program will be held Monday at the Texas Electric conference room.

The meeting has been called by Larry Kinard and M. G. Cartwright. They said that a lot more interest in the program is needed by adults. Eastland will field two teams this year, which will pay teams from a number of other area cities.

Other Officers Are Sworn Into Office

Cyrus Frost, Eastland attorney and oilman, is new mayor of the City of Eastland.

Frost was elected by fellow members of the Eastland City Commission at a meeting held this week. Jack Germany was elected treasurer and Robert Perkins is assistant treasurer.

The new city officials were elected after Frost and Tom Wilson, newly elected commissioner, were sworn into office. Other members of the commission is Virgil Seaberry Jr.

Commissioners held a routine meeting Monday, attending to monthly reports and other regular matters.

The city dads did vote to help rebuild the roque courts at City Park. A group of Eastland men, headed by Curly Maynard, appeared before the Commission and stated they would help pay the cost and do some of the work.

Young Texans interested in a career in law enforcement may compete in state wide examinations for the positions of highway patrolman, driver license patrolman, license and weight patrolman and motor vehicle inspection patrolman. May 1 is the deadline for submitting applications to the department headquarters in Austin.

"Job security, paid vacation, sick leave and retirement are only a few of the benefits you will enjoy as a state law enforcement officer. Any Young man between 21 and 35, a high school graduate and in good physical condition can contact me at the County Courthouse in Eastland for an application," Cckrell said.

Band, Sheriff's Posse Greet Mobilgas Autos

The Eastland High School Band played, the Sheriff's Posse formed a line on each side of Highway 80 and hundreds of persons—including students who got out of classes for the occasion—cheered here Wednesday as car after car participating in the Mobilgas Economy Run rolled through Eastland.

A banner across the highway read, "Welcome to Eastland, Home of Old Rip."

It was a scene much like an

athletic event. Onlookers knew immediately who was driving what car, and what cars were leading the pack. They cheered as blonde Mary Davis, leading the low price class in gas consumption, eased through the city in her new Plymouth, making both traffic lights without stopping.

And they fumed noticeably when two cars which weren't in the race slowed down the Edsel Pacer driven by Don Rice, when they got away from the first traffic light at a slow pace, forcing Rice to come to a halt and use up some of his precious fuel.

Link Paola, driving an Oldsmobile and leading in his division, had his fans, too, as did Mel Alsbury Jr. and his Chrysler Imperial Crown, which is far in the lead for sweepstakes honors.

In all 29 brand new automobiles made the trip through Eastland.

The run started in downtown Los Angeles Sunday at 1 a.m. The finish will be at Galveston at 11:55 a.m. Thursday.

This year's route, the longest ever mapped out in the 22-year history of the stock car classic, is 315 miles longer than the 1957 course, previously the longest.

Eastland was one of 141 towns the caravan went through and this city had two of the 316 traffic signals the drivers had to face.

Cars making the run included Buick, Chevrolet, Continental, Chrysler, Dodge, DeSoto, Edsel, Ford, Imperial, Mercury, Oldsmobile, Plymouth, Pontiac and Studebaker.

The Joy Drive-In theatre will re-open for the spring and summer season Thursday, it was announced today.

DREADED MARINE HAZARD DESTROYED—Water and shattered rock erupt from the effects of 1,375 tons of explosive, one of the largest, non-nuclear blasts in history. The Canadian Department of Public Works set off the explosion to level Ripple Rock, an underwater hazard in British Columbia's Campbell River that has claimed over 100 lives and destroyed about 120 ships in the past 100 years. The three-million-dollar project was designed to shatter about 370,000 tons of rock. Wavy lines at right are from rockets fired by scientists testing the explosion's force.

MOORE about... EASTLAND by Virgil E. Moore

That Eastland is always ready to turn out for something a little unusual was certainly indicated Wednesday when Highway 80 was lined with folks down to watch the cars in the Mobilgas Economy run come through. It seems that everyone in town wanted a look at these cars that can get 21 miles a gallon. This may appear strange at first glance, but if you keep records on your car's mileage, it isn't. Our old hoop gets anywhere from two to 18 miles a gallon, depending on whether we are going uphill or downhill. We would like to use one gasoline exclusively, but frankly, we just have to hobble from one station to another to keep any gas in the car at all. We have heard some folks question the wisdom of having so many stations here in Eastland. They were for guys like us, who have to have one every block or so.

We noticed Carl Johnson turned out with a stool and Ben Hamner immediately said that showed who had been to the Kentucky Derby.

W. Q. Verner, of course was having the time of his life. The Mobilgas distributor's face dropped about an inch, however, when that Gulf truck rolled through between two of the race entries.

The Eastland High School band played some of the best music we have heard come from their direction in years, and the members of the Sheriff's Posse all stayed up on their horses for the occasion. School students, who got out of classes for the occasion, led the cheers for each car which came through—even Willis Moore's 1929 Chevrolet.

Courthouse workers, who are always too dignified to join the rest of us on hard pavement, were hanging dangerously from their windows as usual. We couldn't keep our eyes on the car, the band and the Sheriff's Posse for watching some of the courthouse crew. Any minute we looked for someone to tumble out of the third floor.

The clean-up drive here is getting more support all along. Noticed a new sign went up on the Library (Woman's Club), proving that those women mean what they have been saying about painting up signs around town. (Continued on Page Two)

Local Bank Among Largest In Nation

Continued growth of Eastland's pocketbook was indicated this week when the "American Banker" magazine revealed that the Eastland National Bank gained 227 places in its standing among the nation's 5600 largest banks.

Axford, editor of the "American Banker," stated: "The Eastland National Bank, which reported deposits of \$3,940,104 on Dec. 31, gained 227 places in its standing among the 5600 largest banks in the United States during 1957 and now ranks as 4476 largest in size compared with 5803 place at end of 1956. Eastland Is City Which Has More Than It's Share of Newsmakers (An Editorial)

In this day and time you can pick up a newspaper almost anywhere and sooner or later find something about Eastland in it.

The reason for this, of course, is that Eastland has just a lot of important folks living here.

Just for instance, if you had a nickle for everytime Virgil T. Seaberry, State Bar president, had had his name in print this year, you would be a rather wealthy fellow.

Don January, who is registering out of Eastland, has also put Eastland's name on the pro golfing circuit list. His second place finish at Greensboro, N. C. Sunday didn't hurt this little town.

H. R. Garrett, district Lions governor, and Mrs. Joseph M. Perkins, a candidate for treasurer of the General Federation of Women's Clubs, have also made their share of news during the year.

Of course there are others, too. Such as Art Johnson, who recently got a fine write-up in a regional paper; or Janis Little, who is in the cast of a U. of Texas play.

Eastland is full of newsmakers, and such citizens are certainly wonderful assets to a community.

Moore About—

(Continued from Page One)

Red Graham seems to have gotten in the mood, too. In fact, it looks as though he is going to rebuild the entire Gulf station.

Then we noticed (that's putting it mildly) that the A&P boys are installing a complete new meat department. In fact, they just about knocked our wall down in the process.

R. M. Sneed, contractor, has a couple of new signs up, too, and there are others which we know we have overlooked.

Speaking of overlooking something, we failed to report the other day in our account of the Maverick track team winning regional honors, that Bill Norwood won the 440 dash. Sorry Bill, just an oversight.

There have been a lot of tales about big fish in the last few days. We are about ready to take some pictures of a few of these big ones so you boys can prove your stories. Just bring 'em by the office.

That's it for now.

Billy Anderson, born in Morgantown, W. Va., without arms and feet, is looking forward to his 16th birthday, July 26. He'll celebrate by walking by himself around the campus of the Good Shepherd Home for Crippled Children and Old People in Allentown, Pa.

It'll be his first walk unaided . . . a tribute to his courage and to the care and training he's been getting during the three years he has been living in Good Shepherd Home.

In that time, Billy, who travels around in a low four-wheel carrier, received and learned to use an artificial arm. Now he's learning to use an artificial right leg and an artificial left foot attached to the stump of his leg. And Billy, for the first time in his life, is able to take steps with the aid of an arm crutch strapped to his mechanical hand. The Good Shepherd Home's physical therapist is on hand to guide Billy's steps, but soon will come his birthday and his first walk around.

Rev. Conrad W. Raker, D. D., superintendent of Good Shepherd Home where Billy lives with 187 other crippled children, young adults and old people, said Billy is the glistening apostle for the Home's golden anniversary this year. The Home was the first in the nation to house crippled orphaned children. It was established on Feb. 21, 1908, when Dr. Raker's late father, Rev. John H. Raker, also a Lutheran pastor, took into his home a crippled orphan girl.

Billy's rehabilitation is typical of the care given to handicapped children at the Home which has as its symbol open doors, "always open," Dr. Raker said, "in Christ's name, to care for those who are needy, regardless of race, creed or color, and who have no others to help them. No fees are charged for the care of those in the Home!"

The work of Good Shepherd Home, supported entirely by voluntary contributions from friends in all parts of the country, is told in pictures and words in the Golden Anniversary issue of its bi-monthly publication, "Sweet Charity," and a 32-page book, "Open Door." Copies of both are available without charge or obligation. For free copies write to Rev. Conrad W. Raker, Good Shepherd Home, 6th and St. John Sts., Allentown, Pa.

High School
Bands Hold
Clinic In Ranger

Junior and High School Bands will participate in a band clinic in Ranger at the school.

Purpose of the clinic is to pre-

pare the bands, for the Inter-scholastic League Contest to be held in Abilene April 25.

Mr. Jack Mahan, director of bands at Arlington State College will be present to conduct the rehearsals of the all-day affair. Each band will rehearse for one-half school day, three hours.

The intensive rehearsals are designed to locate and correct faults and weak spots. Frequently a director hearing his own direction continually misses needed improvement which a visiting clinician readily catches.

Mr. Mahan is considered one of the most competent directors and judges in his field throughout the State. During his long tenure in the Texarkana Schools he was given national acclaim and his

bands have continued to receive contest awards.

Mrs. House Honored By Federated Clubs

The Federated Club of Eastland entertained with a reception honoring Mrs. A. J. House of Yoakum, state president of Texas Federation of Women's Club Tuesday evening in the Woman's Club.

Mrs. Virgil Seaberry Jr. greeted guests at the door and Mmes. Joseph Perkins, House, B. O. Harrell, Anna Grace Bumpass and Iral Inzer formed the receiving line. Mrs. Frank Sparks presided at the guest book.

Decorations, throughout the Club House, was in purple iris and lilacs. An arrangement of purple iris, lilac and yellow iris centered the refreshment table. The table was covered with an orchid colored linen cloth. Crystal appointments were used.

Mrs. Inzer laddled punch from a crystal bowl on the table containing an assortment of cookies and nuts.

Mrs. James Horton welcomed the guests and introduced Mrs. Perkins, who in turn introduced Mrs. House. Mrs. Perkins presented Mrs. House with a ceramic horned toad to which was attached a beautiful orchid.

Mrs. House told what Federation means to her—"It's a way of life and path of service," she said. "I have got a lot more out of Federation than I have given—such as meeting new friends and new experiences."

She reviewed the scholarships which have been added by the

state federation and reported on three young people who are attending Texas colleges under the New Oriental Scholarship Fund.

Mrs. House reported the project of Federation this year has been to send heifer cows to Korea to supply milk for orphan children. So far this year heifers worth \$25,000 have been sent to Korea, said Mrs. House. Also many pounds of used clothing have been sent to Formosa by the help of Texas Club Women.

"Delinquents come from any home where children are not given character training. When a home deteriorates the country deteriorates. A home has an influence on its products and products are children." She stressed, "The way we meet our problems makes us stronger or weaker."

Mrs. House listed the following traits to leave off in life—(1) gossip (2) being the bearer of exciting news or bad news (3) exaggeration—sign of inferiority (4) seeking praise. Mrs. House concluded her speech by saying "Hold high the torch of Federation."

At the conclusion of the program the group gathered around the piano and sang "The Federation March," composed and published by Mrs. House. Mrs. House accompanied the group on the piano.

Guests attending were: Mmes. Anna Grace Bumpass, B. O. Harrell, W. P. Leslie, Ina Bean, I. B. Hassell, E. J. Turner, Iral Inzer, W. A. Martin, James Horton, R. I. Carpenter, R. C. Brittain, T. M. Drivers License—
(Continued from Page One)
At the same time, Major Speir pointed out that Highway Patrol-

men are intensifying their driver's license checks for drivers who are driving on expired licenses or no license at all.
"It is not the Department's de-

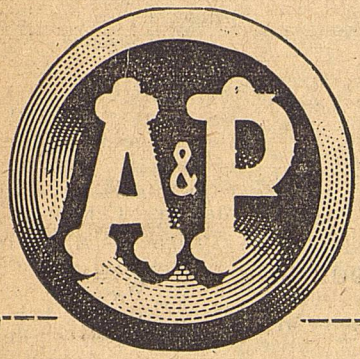

sire to surprise motorists without warning," Speir said, "So we would like to take this means of reminding the public they may expect these checks any time." Major Speir stated the Driver's License Law has been in effect al-

take advantage of this reminder and re-new their licenses before expiration."
Major Speir stated the Driver's License Law has been in effect al-

same as the plain wall color. USE OF COLORED LIGHTING
If you are not planning to re-decorate this summer, perhaps you would like to achieve new room proportions, color schemes, and moods with colored lamps. Colored lamp bulbs come in about 4 colors. Blue tends to soften and blend colors; green intensifies greens and yellows, and gives a cool effect; pink gives a warm

glow and compliments skin tones; yellow is sometimes harsh, but brings out the grain in some wood paneling, and is good on certain drapery material. When buying colored bulbs, remember to buy them in a size larger than the bulbs normally bought if the same amount of light is desired.

Thinking of doing some painting, papering, or refurbishing this summer? If so, choose colors for a reason to get the special effects that you may want and at the same time provide a comfortable, pleasant background for everyday living.

Begin by analyzing the room. Its use, shape, and exposure will determine colors best suited.

Decide how you want the room to look. Will it be light and gay, restful, or dramatic? Do you want it to be predominantly warm or cool?

A good color plan has few colors, usually no more than two or three in different values and intensities. The best color schemes come from a dark color, a light color and a bright color. Black, white and grey are not considered colors, but are often used to give a needed accent of light or dark.

Choose your favorite color if you do not need to consider the color or colors of furnishings which you must keep. Or select a picture or print which has your chosen colors and plan your scheme from that.

Good proportion of the different colors is important. This means that your color scheme will be definitely dark or light and that eight warm or cool colors will predominate. Proportions of 60 percent of area for one color, 30 percent for a second color and 10 percent for accent, insure good proportion.

When you place the colors in a room, choose the color for the largest areas first... floor covering, walls and large upholstered pieces. In most cases, these should be your most livable colors, or colors that are greyed in intensity. Next, choose colors for small upholstery and the window treatment. This treatment may be a blend of the room colors, or match or contrast with the walls. Lastly, choose your colors for accessories and small areas... pillows, lamps, ash trays, etc. Usually, this accent color is the brightest color.

One good plan is to have the ceiling of the lightest color, the walls a little darker, and the floor darker than the walls. Then use medium to bright colors in upholstery, slip-cover materials, small accessories, and sometimes in draperies, and use dark-toned furniture woods. Another good plan is to have the walls medium or dark, the ceiling lighter, and the floor still lighter. The furnishings against the medium or dark walls can then be of the light toned woods, light-colored fabrics, and light, bright colors in the small accessories such as vases, lamps, and flowers.

A room looks best when the colors of walls and draperies are not too different in tone. If either one attracts too much attention then the balance in the room is upset and the color scheme is spoiled. Walls that have figured paper need plain-color draperies to make an interesting contrast. When walls are plain, draperies of the same color or a little lighter or darker than the walls are restful. A third plan is to choose figured draperies with a background color like that of the walls, or with the most important color in the pattern the

Chasing the Fire Trucks—

... is an old American custom, even an international tradition. It all started when the first fire wagons drawn by hand and horse were invented years ago. This foolish pastime has grown with the years until today it is not only a nuisance but a problem of gigantic proportions. Such a practice costs many lives and thousands of dollars in property values every year. Why do we do it? Nobody knows. Its silly, folks, so let's quit it, thereby leaving the streets and alleys open for the boys who fight our fires.

Carolyn's MOVIE Comments By Carolyn Collins

Action-loaded "Saddle the Wind," showing at the Majestic is marked with background or the Colorado Rockies and is a two-act story starring Robert Taylor, Julie London and John Cassavetes.

The story tells of two brothers who come into conflict on two scores—the other brother (Taylor) attempts to suppress his trigger happy violence of Cassavetes in running off squatters on their cattle ranch and they both fall in love with the dance-hall girl, Miss London.

"Bonjour Tristesse" stars Deborah Kerr, David Diven, Jean Seberg and Mylene Demongeot in the romantic story of a playboy father who brings his daughter to spend a fabulous summer on the Riviera.

This film was filmed on location which gives the romantic scenes for the romantic filled movie.

The academy award winner, "The Bridge on the River Kwai," of the best picture is coming soon to the Majestic Theater.

"The Bridge on the River Kwai," winner of seven academy awards, stars William Holden, Alec Guinness and Jack Hawkins. This movie is one no one wants to miss.
