

VOLUME TWENTY-FIVE

## Moore... ABOUT Eastland

By VIRGIL E. MOORE

Certainly enjoyed the interesting talk John Wood, the wildlife expert, made Tuesday night at the County Agricultural Workers meeting. And by the way, the Ag Workers group is an unusual organization. In case you didn't know, it is made up of all men and women of the county who earn their pay teaching agricultural students or helping farmers in the area. The county agent, Soil Conservation men and others, are all active members.

Wood used the standard American method of getting into his speech. And the joke he told was a little more than a joke. He said a preacher once advertised high and wide that he was having a tent revival. When the time came, only one lone cowboy showed up. The preacher was a determined man, however, and he went right ahead and preached his most powerful sermon, with all the shouting and arm waving he could muster. When he finished he went down to the cowboy and asked him how he liked the sermon.

"Well," the cowboy said. "It was okay, but preacher, when we go out to salt the cows and just one little cow comes up when we call, we don't dump the whole load of salt there."

You deer hunters may be interested in a couple of things Wood had to say. He predicted a "pretty good" hunt this year. "The last 30 or 40 days have changed things a lot," he said. Good rains were the answer.

He also predicted that Llano county would probably have a doe hunt in part of the county this year to kill off the over abundance of does there.

Quote of the Day—"When you are getting kicked from the rear it means you're in front." Bishop Sheen.

Listed on today's birthday calendar are Frank Hodges, a n d Dan Finch. Friday four Eastlanders will celebrate. They are Betty Pryor, Ethel McCowan, Ellen Whately and Orville Lenhardt. George Thomas Ford's birthday is Saturday.

We also attended that egg meeting Tuesday afternoon. Bill Arthur of Arthur Feed & Seed has cooked up a deal with Brentwood Egg Co. of Fort Worth to open a market for graded eggs.

Arthur was asking the Brentwood representative at the meeting if "you offer automatic lick-ers with all those stickers you're going to send me."

Was a good meeting, but far too many of you producers didn't attend.

That's it for now.

## Joe Herring, The Clown, Injures Leg

Joe Herring, son of Mr. and Mrs. Sam Herring, 116 E. Burkett, injured his leg below the knee Saturday afternoon while playing circus.

Joe and a group of neighborhood children have been playing circus since the recent showing of the circus on the outskirts of Eastland. Joe was walking the rope when he fell and cut a gash below his knee which necessitated five stitches. When the doctor was working on his leg, he remarked, "Joe, you are the first clown I've ever treated."

## Keeping Eggs Clean Important, Area Egg Producers Are Told

"If you do a good job out at your farm, you can practically eliminate dirty eggs," H. B. Schlamb, poultry marketing specialist of A & M College told area egg producers Tuesday afternoon at a meeting held in the courthouse in Eastland.

Schlamb told the group dirty eggs were one of the big factors that lowered the grade of eggs.

The poultry expert said, "The hen laid the egg clean, and it's your job as a poultryman to help her keep it that way." He recommended five things to do to keep eggs clean from the hen to the consumer.

"First you can provide suffi-

## Homer Smith Is New Lion Prexy

Homer Smith was elevated to president Tuesday by Eastland Lions following their annual election held at the regular luncheon meeting in the Fellowship Hall of the First Methodist Church.

Other officers unanimously elected were E. E. Freyschlag, first vice-president; Harold Rasse, second vice-president; Fehrman Lund, third vice-president; W. K. Cooper, secretary - treasurer; Travis Wheat, tail twister; Jimmy Young, Lion Tamer; and Otto Marshall and Gene Haynes, directors.

Outgoing officers are Paul Cheaney, president; Homer Smith, second vice-president; H. T. Weaver, third vice - president; John Goode, secretary - treasurer; Otto Marshall, tail twister; and Ray B. McCorkle, lion tamer.

Lions were entertained by a group of Eastland High School band students. James Blackmon played a tuba solo, Richard Jones, Helen Taylor and Jane Ann Jerni-

## Olden-Strawn Game To Decide Zone Champion

Olden's Hornets take on the rugged Strawn Greyhounds at Eastland's Fireman's Field Friday night in a game that will decide the zone championship.

The tilt, due to start at 8 p.m., is billed as a toss up. Olden dropped their first start to the Hounds 4-0, but since that time have shown vast improvement. Strawn has made an impressive record since blanking the Hornets, however.

Carroll Nelson and Thomas Lindsey are the two likely pitchers Olden will choose from. Their battery mate will be Billy Butler.

## Thirty-four Miles Highway Construction Due

The Texas Highway Department Thursday called for bids for construction of 34.82 miles of seal coat in Eastland, Comanche and Stephens counties on seven different projects.

The projects listed include seven miles from Ranger southeast; 2.4 miles north from Farm-Market Road 8; from the Stephens county line to Ranger; from Comanche to Mercer Gap; from Proctor to 3.7 miles south; from Highway 136 to Pettit; and from Highway 38 to Crystal Falls.

The bids will be opened May 19. Plans and specifications are available at the office of B. R. Russell, resident engineer at Brownwood.

## Juan Jay Smith Injures Hand

Juan Jay was slated to play in Mrs. Homer O. Smith, injured his hand Wednesday afternoon at the Eastland Junior High School.

As Juan Jay started out the hall door, his hand slipped off the door guard and went through a glass pane. Three fingers on the right hand were cut at their bases. O. F. Scott, the principal, immediately carried him to the clinic, and the surgeon took about eight stitches in closing the wounds.

Juan Jay was slated to play in the National Music Contest in Abilene, May 20, but he will be allowed to play when the hand has healed sufficiently, according to Mrs. F. L. Drago, his instructor.

## STYLE - SAFETY - ECONOMY That's The DODGE for 1954 McGraw Motor Co.

gan played a clarinet trio selection and Janice Little played a saxophone solo. The group was under the direction of George Bledsoe, band director. Mrs. Bledsoe and Alice Cushman played the piano accompaniment.

## Louis E. Wood Fites Held At Hamner Chapel

Funeral services for Louis E. Wood were held Tuesday in Eastland at the Hamner Funeral Chapel with Rev. W. E. Hallenbeck officiating.

Mr. Wood died in his home in Oklahoma City of a heart attack Saturday, May 1.

He retired from the Rock Island Railroad Nov. 2, 1953 after 50 years service. He was born in Kilgore No. 2, 1883 and moved to Eastland with his parents when a small boy.

Survivors include his wife: four sons, Judd of Oklahoma City, June and Vic of Albuquerque, N. M., and Jack of San Bernardino, Calif.; five daughters, Mrs. F. J. Zbrali of San Diego, Calif.; Mrs. L. G. Metcalf of Burbank, Calif.; Mrs. S. H. McCollum of Dallas, Calif.; and Mrs. Ted Hanson of Bohurfield, Calif.; a brother, Albert Wood of Breckenridge; two sisters, Mrs. Frank Turner and Mrs. Roy Justice of Eastland; 20 grandchildren; and three great-grandchildren.

Burial was in Eastland cemetery.

## Death Takes A. L. Bond This Morning

Death took A. L. Bond, 77, a retired Eastland farmer, this morning at 8 at the Hendricks Memorial Hospital in Abilene.

Mr. Bond, who lived in Eastland most of his life, died after an illness of several months.

Funeral services are pending, with Hamner Funeral Home in charge of arrangements.

Survivors include five sons, Homer of Abilene, Raleigh of Hamlin, Clayton of Ennis, N. M., Ewell and Della Marie of Monahans; and four sisters, Mrs. Zetty Parrack of Eastland, Mrs. Buell McDaniel of Monahans, Mrs. Dan Barrett of Crowley and Mrs. J. B. Haralson of Spur.

## EASTLANDERS URGED TO PAY HOSPITAL DUES. GET STOCK

Eastlanders, new residents and old, were urged Thursday to be sure and pay their \$36 on the Eastland Memorial Hospital fund and gain their voting stock, by Horace E. Horton, chairman of the hospital board.

In a prepared statement, Horton said:

"It is three years since the citizens of Eastland voted to pay \$1 each month for our hospital. This \$1 was to be paid to the City of Eastland, along with our water meter payment, and to be paid over a period of three years.

"Many paid the \$36 in one lump sum. Many more have been paying their \$1 each month, and June of this year will be the last payment.

"Of course, the water meter

payments have not been 100 per cent. People paid several months and then moved from town, and a few have dropped their payments.

"If you have been one that has dropped the \$1 per month payment, or, you have moved into town since the beginning of the water meter payments, let me urge you to make these payments. Payment of your meter assessment goes to the hospital capital fund for additional equipment and buildings, and in addition, this payment will also give you credit toward voting stock in the hospital corporation.

"Voting stock, to be issued this August, entitles you to vote for your future board of directors of the hospital. Votes will be in proportion to the credit received in donations and labor to the hospital. If you are behind in your payments, find out today how much more you will have to pay for your \$36 and pay it. Make yourself eligible to own stock and have a voice in the hospital operation."

## Exro Hooks, 65, Dies In Pampa

PAMPA (Spl.)—Funeral services were held in Pampa at 10 a.m. Wednesday, April 29, for Exro Hooks, 65, one-time district manager of Southwestern Bell Telephone Co. in the Cisco district, who died suddenly of a heart attack at 10 p.m. Monday, April 26, in the home of his brother-in-law, D. L. Parker, in Pampa.

The body was carried overland to Grandfield, Okla., where graveside services were conducted.

He is survived by his widow, Mrs. Kathryn Hooks of Grandfield, Okla.

(Continued On Page 5)

**BE KIND TO ANIMALS**—This is be kind to animals week throughout the nation, and Eastlanders join hands with other animal lovers throughout the U. S. in making this the week their pets will remember. The girl? No, she's not from Eastland, but she did get your attention, didn't she. Her name is Rexene Stevens.

## CHRIS TOLOS AND MANAGER ADD COLOR TO ARENA CARD

There have been a lot of good Greek wrestlers in the history of the mat game but the first man to come along in recent years who could eclipse George Zaharias, the famous Crying Greek, in roughness is the hulking heavyweight from Montreal, Canada, Chris Tolos who will meet Bill Steddum in the semi-final event at the Sportarena this Monday night.

Tolos was born in Athens and learned a lot about physical culture from men who prized the way the ancient Greeks lived. He learned his wrestling in the traditional Greco-Roman style, but at an early age his family migrated to Canada and Chris infused the ancient ideas of his forefathers with the modern trend of the Canadians and Americans.

Chris was getting along as a better than average grappler until he teamed up with Count Pietro Rossi the mat managing Italian who has a reputation for shrewdness in picking his stable that is unmatched in the sport.

Rossi let Chris keep his knowledge of the scientific way to wrestle but insisted that the younger learn the rough way to do things, too. At first Tolos recalled the glory that was Greece

and refused to put his heart into it but when Rossi threatened to quit him cold unless he forgot his inhibitions, Tolos opened up with such success that he became tagged with the terrifying title of "Killer."

Now Tolos and Rossi make a team that is hard to whip with the Count calling the signals and the Killer putting them into operation. It could make a combination that will carry through to the world's title, the dream of both of them.

In the other matches this week, Cyclone Anaya will meet Frankie Murdoch in the main event and Enrique Guzman and Alo Leflani will meet in the opening event.

## Comanche Trail Boy Scout Camp To Have First Seccion June 14

The Comanche Trail Council's Summer Camp will open for its first session June 14th to 20th — Second session June 21st to 27th. Scout officials are looking forward to what they expect to be one of the largest attendances in the history of the Council. Registered troops and posts in the following towns will be expected in attendance: Breckenridge, Woodson, Ranger, Eastland, Cisco, Carbon, Gorman, Stephenville, Dublin, Comanche, Rising Star, Bangs, Brownwood, Blanket, Brooksmith, Priddy, Mullin, Goldthwaite, Lampasa, Lometa, San Saba, and Richardson Springs.

One of the best camp staffs is being developed that the camp has had in recent years. Camp activities such as Life Saving tests, First Class Swimming tests, Merit Badge tests, Marksmanship, Hiking, Mule-train, Indian Lore, Knife and Axe-manship will be carried on as well as games for fun. The camp is located fifteen miles south of Richardson Springs in San Saba County on Brady Creek. Many Scouts see wild turkey and deer for their first time. Small animals are in abundance on the ranch where the Scouts get an opportunity to really study Nature. The dam which afforded a lake 1-4 mile long and had a wash around the end three years ago is now being repaired and the lake will be full of water for this coming season. Funds are now being raised for that purpose.

The Camp is equipped with a mess hall that will accommodate 350 Scouts and Scouters. A ranch-style porch was added to this building last summer which affords plenty of shade for Scouts and visitors. The Camp fee this year is \$14.00 for each period. The Scouts and parents have a choice of an accidental insurance for an additional fifty cents fee.

Through the generosity of a number of doctors living in the council, a program has been set up whereby one will visit the camp each day for any necessary check-ups and be a guest of the Scouts at the mess hall and any features of the program that they may desire to attend. They may even want to bring along their fishing tackle.

Sunday services will be held each Sunday morning for Scouts and visitors. Each period will end with the Sunday noon meal where

## Prospects For Summer Ball Program Increase

### Band Will Give Annual Concert Friday Evening

The Eastland High School Band, under the direction of George Bledsoe, will present its annual formal spring concert Friday evening, May 7, at eight in the High School auditorium.

The program will consist of the music which the band played at the recent band contest and several lighter works.

In addition to the band numbers, James Blackmon will play a tuba solo; Richard Jones will have a clarinet number with band accompaniment; and Richard Jones, Helen Taylor, and Jane Ann Jernigan will have a clarinet trio selection.

Admission is free. The public is cordially invited to come and share with the students a musical hour.

George Bledsoe, the director, is from San Antonio. He is a graduate of the University of Texas with a Bachelor of Music degree. His work towards the Masters will be complete with the writing of the thesis. He as a fellow in conducting the University Symphony Orchestra and the opera workshop at the University of Texas and he and Mrs. Betty Bledsoe were in the San Antonio Symphony Orchestra for three seasons.

### Politics In Full Swing As Deadline Passes

The political merry-go-round was in full swing Thursday following the Monday midnight deadline for filing candidates to file for office.

Only one last minute candidate cast his hat into the ring. That was C. S. Eldridge, who made his bid for the County Judge's post. County Judge John S. Hart already had filed for re-election.

That left four office holders without opposition. They are Tax Assessor Stanley Webb, County Treasurer Richard Cox, County Clerk Johnson Smith and County Attorney Joe Nussle.

Four candidates are seeking the County Commission, Precinct 1 post. They are Frank Castleberry, Joe Faircloth, James R. Lanier and J. B. (Tip) Arthur.

Three candidates are running for sheriff. Frank Tucker is seeking re-election and his opponents are J. B. Williams and E. L. (Jug) Dennis.

Carl Lillott and H. R. (Pop) Garrett are in the race for County School Superintendent.

Jan. R. Boggus is seeking re-election as Justice of the Peace, Precinct 1. He has two opponents: C. W. Cooper and C. C. Street.

Roy L. Lane seeks re-election as District Clerk. John C. Nicholas is his only opponent.

### In Eastland

#### Construction of Building Set By Hiway Dept.

Bids for the construction of a resident engineer's office building to be constructed "near the northeast city limits of Eastland" are being accepted by the Highway Department in Brownwood, it was announced today.

Plans and specifications are available at the office of Robt. J. Milligan, district engineer in Brownwood, or at the office of G. L. Smith, resident engineer, Eastland courthouse.

Bids will be opened at 2 p.m., May 24.

#### Services For Gonzales Will Be Held Friday

Funeral services for Jose Rogales will be held at the Saint Rita Catholic Church at 10:00 a.m. Friday morning. Father Boesmans will officiate.

Gonzales was born March 4th, 1896 at Vallandera, Durango, Mexico. He lived in Ranger since 1945 at 402 Cherry Street. He was a retired Texas and Pacific Railroad employee.

He is survived by his wife of Ranger; two daughters; Mrs. Wil-

### THREE TEAMS WILL PLAY IF YOU'LL HELP

This story is for anyone between the age of 2 and 100. It concerns baseball.

Usually such a lead paragraph would just be another ball story. That, unfortunately is not true in Eastland, where boys can talk about baseball and watch their friends in Ranger, Cisco and Carbon play, but cannot participate themselves.

This story is written in an effort to get more adults interested in giving the youth of Eastland something to do this summer besides sit around in the halls of the courthouse waiting for their time to see the juvenile judge.

Eastland has at least one man who is interested in what the boys of this city do this summer. He is J. T. Wright, who found talking about baseball wasn't doing much good and decided to do something himself. He called a meeting of the boys, thinking he might get one team. He got more than enough for three instead. His plans now are to field three ball clubs: a Little League team, a Pony League team and a Senior Teen-age team.

Wright found one businessman who felt the same way he does. Don Pierson will field the Pony League team, calling them the Pierson Rockets, or a group of business men and individuals to pay the cost of fielding the two other teams.

But money isn't all Wright needs. He needs help, and he needs it bad. He hopes to get adult managers for all of the teams so that he can act as business manager for the teams, scheduling their games and subbing as manager.

Wright asked that anyone interested phone him at 111. He has asked that all boys, up to the age of 18, who are interested in playing, also phone him at that number.

#### Ranger WAC To Participate In Anniversary

Cpl. Jodie Anne Stroud, daughter of Mr. and Mrs. Joe Faircloth of Rt. 1, Ranger, will help celebrate the 12th anniversary of the Women's Army Corps at Sandia Base, New Mexico, May 14th.

A member of the 8454th Army Administrative Unit, (WAC Detachment), Cpl. Stroud serves as a medical technician at the Sandia Base hospital. She is a graduate of Ranger High School.

In 1941, the bill which led to today's Army Corps was introduced by Congress - woman Edith Nourse Rogers "for the purpose of making available to the national defense the knowledge, skill, and special training of the women of the Nation."

Highlight of the 12th anniversary celebration at Sandia Base, will be an informal ranch-style picnic on the evening of the 14th.

## Ag Workers Told Public Must Help Halt Illegal Game Kills

"Until we get the cooperation of the people in protecting their own property, we cannot possibly stop illegal killing and selling of game," John R. Wood, regional game warden with the State Fish and Game Commission told Eastland County Agricultural Workers Tuesday night at the regular monthly meeting held in the courthouse.

The well known wildlife expert outlined the work of the commission and brought the agricultural workers up to date on wildlife activities throughout the state.

Wood said the Game and Fish Commission is doing its best to educate the public to the fact that they must protect their game. "We do law enforcement wardens we

have in the state are doing their best," he said, "but they must have your help."

Speaking of the serious problem of polluted water, Wood said, "Eastland county has water in places that is polluted so bad I wouldn't drink a glass of water for anything. Just about every body of water entering the Gulf of Mexico is polluted."

Wood stressed boat and gun safety, calling accidental deaths from drowning and fire arms "a waste of lives."

Outlining the work of the commission, Wood termed it a "servant of the people." He told the group the commission sponsors 11 fish hatcheries, has seven biologists, operated a coastal division for improving commercial and game fishing, does contracting to weed out rough fish in Texas lakes is in charge of wildlife restoration and law enforcement, operates a

division of conservation, education and publication, and is in charge of the sell of sand, shell and gravel from public streams.

Asked about the disappearance of quail in Texas, Wood said, "If we had more sloppy farmers, we would have more quail." He said quail must have natural surroundings and that native grasses are important for their survival.

"The State Game and Fish Commission has spent a lot of time and money on quail study," Wood told the Ag workers, "but as far as I can see we have accomplished very little."

Aubrey Goss was program chairman, and introduced the speaker. Also present was Game Warden Maurice Dry of Eastland.

### SWBell Continues Training Course

Miss Laura Lou Trammell attended an all-day training course in the offices of the T&P Station in Fort Worth, Tuesday, April 27. Southwestern Bell Telephone Co. has a management development course. Supervisory personnel is giving the course which consists of training the employees to better understand company policies, employees and their problems, employee training, and ways of better serving the public. Management people from the different departments participate in the program. After having received the initial course, a continuation training program follows at intervals in which a review study is made and new ideas discussed. The meeting that Mrs. Laura Lou Trammell attended in Fort Worth was one of the continuation program training meetings. This meeting was conducted by A. B. Chastain, personnel supervisor of Dallas. Those attending were E. G. Holzman, construction foreman of Sweetwater; Mrs. Marie Sears, chief operator of Hereford; J. H. Spence, manager of Graham; J. R. Washom, engineer of Fort Worth; W. S. Fair, representative foreman of Fort Worth; W. R. McKinney, wire chief of Amarillo; F. H. Shew, plant foreman of Plainview; Mrs. Lois Stewart, chief operator of Lubbock; C. R. Jones, construction foreman, Wichita Falls; C. W. Fisher, manager of Big Spring; Mrs. Bessie Mershon, night chief operator of Fort Worth; F. G. Maloy, engineer of Fort Worth; Laura Lou Trammell of Eastland.

### THAT'S A RELIEF

Geologists say a volcano is located about 2,500 feet below Midnight, Miss, but there's no need for worry—it cooled off 60 million years ago.

### No Buffalo Milk From This Herd

COLDWATER, Mich. — One of the nation's few remaining buffalo herds roams freely across the 150-acre ranch of Ed Butters near here.

The herd now totals 70 animals. Butters has a strict rule that no more than a half-dozen animals will be taken for meat purposes each year.

Butters bought the herd from a group of Sioux Indians in South Dakota and brought it here in 1945. Since then, he has received several additions from zoos. He hopes to increase the herd because of requests for buffalo meat and related products.

Aside from meat orders, Butters gets requests for such things as Buffalo skins for lamp shades, heads for mounting, skulls for lamp stands and teeth for den decorations. He tries to fill the requests whenever possible, but there was one he wouldn't even consider.

It was for buffalo milk. "You just don't milk buffaloes," Butters said. "At least I don't."

\$2 BOTTLE

More than two years ago a merchant seaman, Carl E. Manthey of New Britain, Conn., dropped a bottle into the Atlantic. It contained his home address and a promise of \$2 to anyone finding the bottle. Recently a Norwegian wrote Manthey asking for the \$2.

### Second In A Row For Ranger Nine

With a win last Sunday over Strawn the Ranger baseball club came back for a 6 point lead at the finish to take Gorman Tuesday.

In the first inning Gorman brought five across the plate leading in the first by 5 to 1. In the second no one crossed the plate for either team, and in the third both teams added three runs. At the end of the third the score was Gorman 8, Ranger 4. In the fourth Gorman ran a rally around the corner and added six runs, thus taking the lead with four runs. In the first of the 9th, Scott tripped bringing in three runs and ending the game with a score of 15 for Ranger and Gorman, 9.

Ranger will play Brownwood on Thursday night, here, and Olden Sunday afternoon. Both teams have a good record behind them and the games should be close.

### Plastic Chip Saves Loggers Money

PORTLAND, Ore. — A "plastic chip" may be the answer to the plywood industry's problem of how to make use of logs which now have to be rejected because of pitch seams or radial cracks.

The chip is the idea of Irwin L. Pearce, a Broadbent, Ore., logger whose logs were being reduced in value because of flaws.

The plastic chip is blade-shaped and can be "stitched" across pitch seams or radial cracks in the ends of logs. It is similar to the "iron dog" in use now by many plywood mills to salvage cracked logs. Chief advantage of the plastic device is that the plywood lathe can cut through the plastic without damage to the blade. When the iron dog is used the peeling operation must stop some two inches from the metal and the cracked section is then "slabbed off."

The chip is less than five inches long, two inches deep and about a quarter inch wide. A special air gun is needed to shoot the chip into logs. Pearce said by using the chip mills can peel a log to the core with waste limited to a small area on each side of the pitch seam or crack. The chip can remain part of the veneer section or can be removed like any other plywood veneer flaw.

### New System For General Motors

DETROIT — For the first time since pre-war, Chevrolet customers are taking deliveries on new cars at the Flint, Mich., factory.

Resumption of this popular customer service offers freight savings and a chance to combine car purchase with a vacation trip. Now limited to certain sections of the U. S., the service will be extended gradually to the entire nation, E. L. Harrig, national service and mechanical manager, said. A monthly volume of 1,000 to 1,500 cars is anticipated when the department is in full operation.

A special booklet containing detailed instruction on taking car deliveries will be distributed to customers coming to Flint. It describes Chevrolet's Flint operations and offers tourist information on the city.

Formerly an assembly plant for the Chevrolet Corvette sports car, the customer delivery building is located adjacent to the assembly plant. A comfortable lounge room in ultra-modern appointments has been outfitted for the customer and plant tours may be arranged. Steps in using the customer delivery service, Harrig said, are:

1. Place an order with a local authorized Chevrolet dealer, specifying model, color, equipment, accessories and delivery date. Arrange also for title and license.
2. Chevrolet confirms delivery date by letter to dealer and customer.
3. Customer receives instruction booklet and arranges transportation to Flint.
4. Customer picks up new Chevrolet at Flint, serviced, complete with accessories and ready for the trip home.

### DOG GONE

City Jail Sgt. Phil Coker, of Fort Worth, finally got rid of a persistent vagrant by sending him to county jail, along with a load of prisoners. The vagrant, who tried three times to get into city jail, was a tail-wagging mongrel dog.

### 4-H Winners To Get Awards

State winners in any of the four national 4-H programs recently accepted by the State Extension Service for 1954 will be awarded a 19-jewel wrist watch.

The programs and the donors are: Leadership, Edward Foss Wilson; Dairy Foods Demonstrations, Carnation Co.; Beautification of Home Grounds, Mrs. Charles B. Walgreen, and Entomology, Hercules Powder Co. In each of the last two programs there is one state winner. In Leadership there are two—the outstanding boy and girl, and in Dairy Foods three—the highest ranking individual and team demonstrators.

County awards are gold-filled medals of honor, the same number in each program as last year, excepting Beautification of Home Grounds and Entomology, in which they have been increased from one to four.

Eight state winners each in 4-H Leadership and Dairy Foods Demonstrations, and 12 in Entomology will be selected for a sectional award of an all-expense trip to the National 4-H Club Congress in Chicago. The trip award also is given to eight national winners in the Beautification of Home Grounds program.

National awards of \$300.00 college scholarships will be presented to four winners in Leadership and six in Entomology.

All four programs are directed by the Cooperative Extension Service.

"BUMS" COME HOME—"Preacher" Roe, dean of the Brooklyn Dodger pitching staff, eases the road home for outfielder Carl Furillo, seated. The team had just arrived in New York prior to the opening of the baseball season.

### STATE RENEWS EIGHT 4-H NATIONAL PROGRAMS WITH \$18,000 IN SCHOLARSHIPS

Eight 1954 National 4-H awards programs, in which a total of \$18,000.00 will be awarded to the highest rating winners, have been accepted by the State Extension Service.

The programs, number of \$300. national scholarships, and award donors are: Achievement, 12, Ford Motor Co.; Canning, 6, Kerr Glass; Farm and Home Electric, 6, Westinghouse Educational Foundation; Food Preparation, 8, Kelvintor; Girls' Record, 6, Montgomery Ward; Health, 6, Kellogg Co. of Battle Creek, Mich.; Home Improvement, 8, Sears - Roebuck Foundation, and Safety, 8, General Motors.

County awards in the programs have been increased to four gold-filled medals of honor, with the exception of Food Preparation and

Girls' Record, which offer one each.

State awards remain the same as in 1953. Each boy and girl state winner in the 4-H Achievement program will receive a set of two miniature statues, and state winners in the other seven programs will be awarded an all-expense trip to the annual Club Congress in Chicago. The number of sectional trips to the Chicago Congress offered in the Achievement activity have been increased from 16 to 24.

Each state winner in the above programs will be awarded a certi-

ficate of honor, as well as four 4-H Clubs in each county in the Safety program.

These national 4-H programs are all directed by the Cooperative Extension Service.

There were 437,870 firearm hunting licenses sold in Michigan in 1953; 30,170 bow and arrow deer hunting licenses were sold.

### NOW! YOUR BABY'S OWN SHOES

"ETERNALIZED" III EVERLASTING BRONZE

Too precious to lose or store away... there's only one satisfying thing to do with those irreplaceable Baby Shoes. Have them "Eternalized" by our Genuine Electroplating Process. This amazing process deposits a heavy coating of actual Bronze on your Baby's Shoes. Moisture, temperature changes, decay—never can harm them. They'll last forever—a constant reminder of your Baby's first toddling steps. Baby shoes thus "Eternalized" will become an heirloom your children will pass on to your grandchildren—a priceless keepsake that will endure for generations. Send your Baby's First Shoes today for "Eternalizing". Be sure to attach card to shoe giving your name and address. Or, phone and we'll be glad to pick them up. If you prefer, just send your name and we'll send a free circular showing ten attractive mountings and the prices on each. Prompt delivery! All work done by a fully licensed Graduate Plating Technician. GUARANTEED to please or money back. Phone right now or send shoes or name to

### Ice Cream Treats Easy To Make With Packaged Cereal Garnish

**Date Cereal Tart Shells**  
1 cup pitted dates  
1/4 cup water  
1 1/2 cup butter or margarine  
4 cups Corn Flakes  
1/2 cup chopped nuts  
Cook dates and water over low heat until a soft paste is formed (about 5 minutes). Add butter and

stir until blended. Crush Corn Flakes into fine crumbs; mix with sugar and nuts. Add to date paste and mix well. Press evenly and firmly around sides and bottom of tart pans. Chill. Fill with cooked custard, chiffon pie filling, or ice cream. Yield: 8 to 10 tart shells.

**Cereal Ice Cream Pie**  
1 teaspoon butter  
1/2 cup marshmallow creme  
2 cups Rice Krispies (oven-popped rice cereal)  
Ice Cream  
Melt butter in sauce pan. Add marshmallow creme and stir until well blended. Remove from heat. Add Rice Krispies and stir until coated with syrup. Press into pie pan to form shell. Chill. When ready to serve, fill with ice cream and top with fruit, if desired. Yield: 1-9-inch pie.

**Frosty Ice Cream Balls**  
Shape ice cream into balls. Roll quickly in slightly crushed Sugar Frosted Flakes. Place in freezer to harden but do not store longer than 2 hours. Serve with any suitable sauce — hot fudge, butterscotch or sweetened fruit.

**Jasper Park Lodge**

Photo—Canadian National Railway

**JASPER NATIONAL PARK**, in the northern Canadian Rockies, is one of America's greatest playgrounds. Its heart is Jasper Park Lodge, the famous resort hotel operated by the Canadian National Railway, shown in an aerial photograph. In the picture are part of the 15th hole of the golf course (foreground); a corner of Lac Beauvert; the open air heated swimming pool; the Central Building; a few of the bungalows; the motor road to Jasper Town; the Athabaska River (left) and in the background, a portion of the Athabaska Valley and the Colin Range. The main line of the Canadian National Railway follows the left bank of the Athabaska.

**IT'S THE LAW**  
*in Texas*

Law Protects Attorney—  
Client Confidences

Most people do not realize how zealously the information given by a client to his lawyer is guarded. It is a fundamental principle of the legal profession that all information confided to lawyers must remain secret. It is the property of the client the same as though it were money, and is not the property of your lawyer to give away. There are only three people in whom you can confide and know that your confidence is protected. They are your lawyer, your doctor and your minister.

Even the law itself protects you in your relationship with your lawyer. No one can compel him to divulge any information confided to him by a client. The reason for this protection is obvious. Unless you are able to confide fully and completely in your lawyer, he is unable to help you. He cannot protect your interests unless he knows all the facts.

There is an exception to this protection, however, for under the Canons of Professional Ethics to which the lawyer subscribes, the announced intention of a client to commit a crime is not included within the confidences which he is bound to respect. The lawyer may properly make such disclosures as may be necessary to prevent the act or protect those against whom it is threatened.

**HANDY FOR SUNDAY DINNER**—Next time, Mrs. Pierce Judun, of Lock Haven, Pa., will be less trusting of friendly fowl. Biddy insisted on living in the house rather than in the barnyard. The result—first of all, a clutch of eggs in the parlor, and now—nine chicks and a peckish mama underfoot.

**NEWS FROM LACASA**  
By MRS. D. B. RANEY

Mmes. Jim Gant of Breckenridge and Ernest Decker of Midland visited Friday in the homes of Mmes. Vallie Jones and Effie Newnam.

Non-residents who attended the cemetery working were G. A. Guess, Tommy Guess, Mrs. Lula Newnam and Ollie Sides, of Ranger; Ivan Mitchell, Strawn; Mr. and Mrs. J. L. Sides, Odessa; Mr. and Mrs. J. N. Causey and family, Denver City; Mrs. H. A. Salters and family and Olivia Mac Salters, Albany; Mrs. Emily Riddle, Wichita Falls; and Ennis Jackson, Mr. and Mrs. George Crabtree and baby, Mr. and Mrs. Lewis Pratt and children, Jackie, Lucille and Mary Lois of Mineral Wells.

Mmes. Emily Riddle, Wichita Falls, and Perry Pittman, Archer City, visited this week with Mrs. Effie Newnam and M. I. Lassiter. Mrs. Riddle spent several days with Mrs. Newnam while Mrs. Pittman visited friends in Ranger.

Mr. and Mrs. J. B. Jennings and daughter, Judy, of Midland, spent Sunday afternoon with his sister, Mrs. Mary Herrington.

On Monday Mrs. Mary Herrington accompanied J. W. Graham of Ranger, Mr. and Mrs. M. Graham, Dodson Prairie and Mrs. Maude Newnam, Midland, to Fort Worth to visit Aunt Lucy Millholland who is ill at the home of her daughter, Mrs. Monroe Herrington.

B. C. Crabb, Sr., and Mr. and Mrs. Carson McNabb and baby went to Alice after Mrs. McNabb, who has been staying with her daughter, Mrs. Melvin Truesdale. Mrs. Truesdale was recuperating from an operation and Melvin had pneumonia.

**Employees Give Firm A Plaque**

**PHILADELPHIA** — Employees of a wool-sponging firm here have given the company's management a plaque for service above and beyond the call of its labor contract.

The plaque was presented to Mrs. Frederic Lee Hess, wife of the late president of the Schwarzwald Co., "in grateful appreciation of more than 20 years of mutually co-operative relationship."

"These years," the plaque reads, "exemplify the finest traditions of collective bargaining and have brought an everlasting measure of security, dignity and respect."

When a worker retires from the firm he receives his usual retirement pay from the CIO Amalgamated Clothing Workers Union. But the company kicks in some more money, although it is not contractually obliged to.

An ill worker gets weekly sickness benefits from the union, but the company adds enough to bring it up to the worker's base pay, also without contractual obligation.

The firm's 64 employees receive Christmas gifts annually from the company.

The first labor contract between the workers and the firm was signed when the depression was at its worst.

**UNBALANCED EARRINGS LATEST JEWELRY FAD**

The newest trend in jewelry design is the "unbalanced" look.

Judith McCann, who invented the earring which hangs from the inside of the ear instead of the lobe, is out with earrings which match in design but mis-match in size. One is small, the other large.

Her "unbalanced earrings" for summer feature flowers and pearls combined. One set includes a large earring, looking like a miniature bouquet about four inches long and a smaller one, of smaller flowers, only about one inch long. She is making the same unbalanced earrings in pearls for fall and winter wear.

**Time Your Drapes To Wall Designs**

Take a good, long look at a room before you make curtains, draperies, or slipcovers, advises Magdalene Pfister of the University of Nebraska extension service.

She says plain fabrics are best if walls have figured paper. With plain materials, there is no competition for attention between draperies or slip covers and the walls.

With solid colored walls, Miss Pfister said, the homemaker can choose either small, indistinct all-over designs or a bold prominent design in a patterned fabric. The small figured fabrics are best in a small room and the bolder designs for a larger room.

For modern furnishings, she said, choose a fabric with either geometric or abstract designs, or textured fabrics in plain colors. For that quaint, old-fashioned look select either geometric or conventional designs in small scale.

Oil is now produced commercially in at least 39 counties in Michigan's southern peninsula.

### Inzer Installation, Treadwell Program Inspire West Ward Officers, Parents, Teachers, May 4

Mrs. F. N. Sayre, 208 South Dixie, became the president of West Ward after being duly installed by Mrs. L. C. Inzer during an outstanding meeting of the P-TA in West Ward, Tuesday, May 4, 3 p.m.

Mrs. E. E. Garner, president, led the group in the Lord's Prayer. She then heard various reports. Mrs. O. B. Shirley read the minutes. Mrs. J. R. Powers reported \$188.19 in the treasury.

Mrs. Garner then introduced new mothers who had come into the district for the first time.

Mrs. W. L. Garner moved that \$100 be given to the faculty to use for necessary items, and the motion carried.

Mrs. A. V. Edwards and Mrs. Sayre reported on the convention that was held in Brownwood last week in April. They were very impressed by Supt. McFarling's speech and the life membership honors for Mrs. E. C. Easton and Mrs. Carl Horn.

Mrs. B. H. Green reported that the fifth grade party would be held Monday evening at 7:00. It will be a Hobo party at the City Park for the fifth grade and their parents. Hot dogs, candy bars, and cokes will be served. Mrs. Green moved that the P-TA approve the expense and motion carried.

Graduation for the fifth grade will be May 26 at 8 p.m.

Mrs. Homer Smith's first grade won the room count.

Mrs. M. A. Treadwell spoke on "How Did We Do?" She reminded the group that often people think of the success of P-TA with

the amount of money that they raised, and the West Ward raised money by having a Halloween carnival, a rummage sale, a talent show, and by selling Christmas cards.

She further pointed out that the membership was 85. One way of increasing this membership would be by getting the fathers interested in joining and coming. One room, Mrs. Thornton's first grade, had 100 per cent membership.

Mrs. Treadwell said, "P-TA helps parents and teachers cooperate. It gives teachers a chance to see parents in action and gives parents understanding of teacher's problems." She also mentioned that the mothers are glad the teachers discipline their children, open their classes with scripture, and are interested in their physical and spiritual growth as well as their mental. She called attention again to the P-TA objectives and said that the South Ward could well be proud of their work during 1953-54 in attaining the ideals as set down by the P-TA Congress.

Mrs. Inzer asked the officer to come forward. She then placed in front of them on a table a well-worn loafer, a slightly worn shoe, silver house shoes, old timers, and new shoes. She opened her installation with Jessie Lee's "O give me patience when the little hand tugs at me..." Then she turned to the shoes and said, "Our shoes are helpless without us in them, and they go only where we take them." In speaking of the well-worn loafers, she remarked that we change jobs just as we change shoes, but

we do not complete our task of service here on earth. She let the worn shoes represent the officers who did their work well during these last twelve months.

As she held the slightly worn shoes, she expressed the feeling that no one would want to profess ownership of these since they looked as if the owner might have accepted a position but not a responsibility.

The silver house shoes seemed fit for only loafing and for lounging and not for real service.

The old high-top shoes reminded Mrs. Inzer of the days past. They were cramped, inflexible, and had no room for growth. They were definitely out of place and had no place in a progressive organization.

The new shoes represented tremendous possibilities. She asked, "I wonder how well you new officers will wear your new shoes? If they are worn well, they will bring happiness and satisfaction." Then she challenged the officers to wear their shoes well, and she asked the officers to pledge themselves to the principles that are set down for Parent-Teacher organizations and to work faithfully for their attainment. She then received the pledge from the following: president, Mrs. F. N. Sayre; first vice-president (program), Mrs. M. A. Treadwell; second vice-president (membership), Mrs. B. C. Hardin; third vice president (finance), Mrs. Wendell Siebert; secretary, Mrs. M. G. Key; treasurer, Mrs. R. M. Sneed; historian, Mrs. W. M. Brown, Jr.; parliamentarian, Miss Louise Snoddy; hospitality, Mrs. O. B. Shirley; publicity, Mrs. A. V. Edwards; goodwill, Mrs. W. V. Lewis; publicity, Mrs. Tom Lovelace.

Mrs. Sayre expressed confidence that with the wholehearted help of every officer the 1954-55 year would be a successful one. She thanked the parents for their trust in her and her fellow workers' abilities.

Mrs. E. E. Garner, president, adjourned the meeting and assisted in serving light refreshments.

Mrs. Ed Sargent's sister, Mrs. English and daughter of Fremont, is visiting in her home this week.

## SOCIETY

### Dinner-Dance Program Marks Sororities' Founder's Day

Zeta Pi and Exemplar Chapters of Beta Sigma Phi met Saturday night for their regular spring banquet at the roof garden of the Connellee Hotel at 7:00.

Table were arranged in a circle with an arrangement of multi-colored roses in a wrought iron container on a table in the very center. The hall above this table was decorated with a Maypole of pastel shades of crepe paper. Hanging from the crepe paper were miniature umbrellas. The tables were decorated with gold ming trees about 18 inches tall with tiny umbrellas hanging from their limbs also.

The general theme for the banquet was spring. Place cards had spring flowers on them. At each place setting was a figurine with one pixey playing a musical instrument and the other sitting under a flower. Also, a gift from the Phi pal was at each place. Upon opening this gift, the pal's name was revealed. Printed programs had colorful flowers on them.

The dinner consisted of prime rib roast, creamed potatoes, steamed potatoes, steamed prunes, Eng-

lish peas, hot rolls, custard pie, green salad, onions, olives, celery and iced tea.

The mistress of ceremonies was Frances Walters. The invocation was given by Ann Perry. Dorothy Hoffman welcomed the new members, and Evelyn Gage responded. Jerry Leslie read the Founder's Day message. Jan, Irma, and Sandy Taylor gave several musical numbers.

The president, Virginia Collings, presented her gavel in pin form to Frances Walters; Catherine Germany and Evelyn Gage responded. Mrs. Marlene Johnson presented jewel cases to the outstanding Betna Sigma Phis, Francis Walters from the Exemplar Chapter and Evelyn Gage from the Zeta Pi. Runners-up were Catherine Germany and Dorothy Hoffmann, who received similar gifts.

At the close of the program, the whole group sang "When You Were a Tulip." Then the husbands joined the group for an evening of dancing.

Two out-of-town guests were Mrs. Jimmie Hardrider and Mrs. Don Doyle of Lone Star, former Eastland residents.

Those present were Helen Lund, Jerry Leslie, Mattie Collings, Beulah Graham, Dorothy Hoffmann, Marjory Hooker, Dorothy Horton, Merlene King, Ann Perry, Mildred Sayre, Frances Walters, Marlene Johnson, Janie Wilson, Mary White, Mildred Gorley, Doris Pipkin, Mary Jane Arthur, Mary Sneed, Jeannie Hurt, Joyce Horn, Sue Goode, Catherine Germany, Evelyn Gage, Jane Eldson, Alene Brown, Dorothy Black and Gladys Cooper.

### Cubbers Enjoy Wieners At Ninth Meeting

Mr. and Mrs. Travis Wheat were in charge of the wieners which was held in the Fellowship Hall of the Methodist Church at 6:30 May 3. The roast, originally planned for the canyon near the high school, but was changed due to the unseasonable cold spell.

Den Mothers assisted in serving wieners, potato chips, buns, relishes, cookies and lemonade.

Cubmaster Charles Foster announced that the dens would continue their training during the summer in preference to reorganizing in the fall.

Mrs. Tom Lovelace Jr. will offer swimming to Cub Scouts. The only charge will be the regular admission price to the pool. The Cubs will have one hour before the regular opening of the pool to the general public. The boys will be divided into small groups, perhaps about eight in number, as a precautionary measure, and other safety measures will be in effect. A life guard will be on duty.

Terry and Jerry Moore's names were left off the list published recently. Each boy has earned a bear badge, 1 gold arrow, and 1 silver arrow.

Cubmaster Foster conducted ceremonies. O. R. Scott led the group in a sing-song with Mrs. Scott accompanying. The meeting adjourned.

### Las Leales Club Has Jolly Hour

The members of Las Leales Club enjoyed an evening at the home of Mrs. W. Q. Verner, Monday, May 3, in Hillcrest.

The club had a luncheon served buffet style. The table held an arrangement of roses and bells of Ireland. Mrs. Verner, Mrs. Patterson, Miss Johnson, Miss Ligon, and Mrs. Frazer served chicken spaghetti, green beans, tossed salad, potato chips, sweet pickles, olives, bread brushed with garlic butter, and iced tea. Coffee was served with the lemon pie.

The group then went to the theater to see "How to Marry a Millionaire."

Those present were Meses. Anna Grace Bumpass, Wayne Caton, Opal Cross, Eldress Gattis, H. L. Hassell, Clyde Horner, Horace Horton, L. E. Huckabay, Verna Johnson, Jessie Lee Ligon, Rudolph Little, E. E. McAlister, Eunice Nall, Don Parker, Guy Patterson, Wendell Siebert, Homer Smith, W. Q. Verner, Thura Taylor, Hubert Westfall, J. C. Whately, James Hortherl.

### Scott's Secrets

Mrs. Winnie Wynne has been enjoying making hooked rugs during her spare time. One of the smaller ones is 3 1/2 x 6 1/2 feet. It is called "Susan" although it is chiefly a rug of roses, morning glories, and pansies which combine to make a colorful bouquet. The background is maroon.

Mrs. Wynne's larger rug is "The Grumpy Rose," a 5 1/2 x 7 1/2 foot, which treats roses again with the American beauty and various colored buds, and the leaves giving many shades against the maroon background. These rugs are made with blanket strips which are cut and dyed. Mrs. Wynne uses a heavy rug needle for pulling these through the burlap base.

Mrs. F. T. Isbell, another long-time Eastland resident, spends her spare time making pillow slips with Italian and Mexican drawn work. Grand children are very fortunate to be able to place this delicate work in their hope chests. A few friends have been the recipients of these pillow cases for gifts on special occasions. Mrs. Isbell uses Indian head with embroidery and heavy duty threads. She also does some towels in Swedish weaving.

### Treadwell Shows Comedy Sat.

Mrs. M. A. Treadwell announces the kiddies will have a special treat during Story Hour Saturday at the Woman's Club from 10 to 11.

She will have a movie along with her stories. All children who like comedies are invited to come out and have fun.

### Happy Is The Day When Backache Goes Away . . .

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer from backache—feel miserable. Minor irritations due to cold or wrong diet cause getting up nights or frequent waking. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 10 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

### CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing Resident Engineer's Office Building, Eastland, Texas on Highway No. US 80, near Northeast City Limits of Eastland, in Eastland County, will be received at the Highway Department, Brownwood until 2 p. m., May 24, 1954, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of Robt. J. Milligan, Dist. Engineer, Brownwood, Texas and G. L. Smith, Resident Engineer, Court House, Eastland, Texas.

## The Reed, Kiker Recital Wins Local Plaudit

The musical lovers of Eastland, Gorman, Olden, Ranger, and Cisco showed their approval for the talents of Miss Rhelinda Reed of Cisco and her instructor, Charles Kiker of Ranger Junior College of Breckenridge, Sunday evening, at the Methodist Church in Eastland.

Particularly pleasing were the renditions of Bach numbers and the "Rhapsody in Blue" by George Gershwin. Miss Reed who so ably played the "Rhapsody" with accompanist Charles Kiker will receive the Wilda Dragon Scholarship at Ranger Junior College.

Mrs. Marjorie Johnson fixed a cross in the church which was had a callidum for the background and the white calla lilies which were given by Mrs. Drago in memory of her daughter, at the base of the cross.

Mrs. Joseph M. Perkins gave a reception after the recital for the two performers, their relatives, out-of-town guests, and the members of the Eastland Music Club. She had a Maypole in the center of the table with miniature May baskets hanging from the streamers. Mrs. Donald Kinnaird, chairman of music week, and Mrs. Grady Pipkin, only charter member of the Music Club who is still an Eastland member, served at the table. Mrs. Fannie Belle Taylor, president of the Music Club, and Mrs. Marjorie Johnson received guests. Mrs. T. E. Richardson helped in the dining room. The ushers were in formal dress.

## Methodist WSCS Plan Breakfast

The WSCS during their regular business meeting, prepared plans and selected committees for the senior breakfast which will be given May 18 at the Fellowship Hall of the Methodist Church.

Those present were Mrs. W. P. Leslie, president, in charge of the meeting, which opened with the song, "Jesus Is All the World to Me", followed by prayer by Mrs. Fred Davenport.

Mrs. Leslie called for reports of committees and Mrs. H. L. Hassel, general chairman for the senior breakfast, reported the seniors would meet in the Fellowship Room, May 18.

The president appointed the following committees: program, John Goode, Mrs. Jackson Oglesby, and Mrs. Hubert Jones; decorating, Mrs. Clyde Young, Mrs. A. E. Fushman, Mrs. W. P. Leslie, Mrs. Mayland, Mrs. Patsy Young, Mrs. Rudolph Little, and Mrs. Herman Hassel; food, Mrs. Charles Harris, Henry Van Geem, Pearson Grimes, Frank Castleberry; flowers, Mrs. James Horton, Turner Collie, W. P. Leslie; tables, Mrs. O. M. White, Roy Stokes, Wendell Siebert, Clyde Young, H. L. Hassel. Mrs. Gene Haynes will serve the Pioneer biscuits for the breakfast.

Mrs. Leslie announced the district WSCS meeting will be in Rising Star May 12 at 9:30. Each one who attends will take sack lunches.

## Utility Company Has Right Idea

NEW LONDON, Conn. — Salvatore J. Piscitello complained that every since the Connecticut Power Company converted from manufactured gas to natural gas five months ago his steaks aren't cooked properly.

"Every time I shut the oven country from Mex."

door," said Piscitello, "the flame goes out."  
 The company offered a suggestion which Piscitello accepted without hesitation. The company said it would send a representative and a steak to his home to show Piscitello how to cook the steak.

The Poinsettia flower is named for Joel Poinsett, a South Carolina politician who introduced it into his

and here is *Universal* gas range  
 with the *3-Way Top!*

Here's a real vote-getter... the griddle-top range! In space that used to be only a work surface, you have a large pancake griddle or a giant burner for canning or largest pans!  
 And with this 3-way top you have a waist-high broiler and a large 17-inch oven. And it's built to CP standards!

This popular Universal range is only \$10 down, 36 months to pay during the big Spring Showing now in progress! See it today at Lone Star Gas Company!

Everybody is Talking About the Weather—  
 ... but nobody does anything about it. That sounds like Will Rogers. So far neither science nor the politicians have been able to fix up the weather so we could control it. Until they do, we will have to worry along with weather troubles, including tornadoes and hail, for a long time to come. But we can prepare for the weather. One of these preparations should be adequate protection against financial loss through insurance.
