"COVERING EASTLAND COUNTY"

VOLUME TWENTY-FIVE

EASTLAND, TEXAS, THURSDAY, MARCH 10, 1955

## Gorman Moves Out Front In Red Cross Fund Drive; Quota Near

Gorman put out the warning signal to the rest of the County this week.

Mrs. E. E. Todd, chairman of the Red Cross fund drive there, reported that more than \$400 has been collected in Gorman so far. The Gorman quota is only \$500 and Mrs. Todd said it was hoped that the goal could be met this week.

Gorman is nearer their goal than any other of the larger towns in the county. Mrs. Todd said, "People here have been wonderful in the way they have pitched in to help meet the quota set for Gorman so quickly."

Gorman's quick response was also praised by Mrs. E. E. Freyschlag of Eastland, county drive chairman.

## Estimated \$600 Collected In Red Cross Drive

An estimated \$600 has been raised so far in the Eastland Red Cross fund drive, Mrs. E. E. Freyschlag, city and county chairman, reported today.

Mrs. Freyschlag said the amount represents almost a third of the city's goal of \$1,900. The money was collected during the first week of the annual drive.

The Eastland County goal is \$6,150. Mrs. Freyschlag said scattered reports had been received from other towns and rural areas, but she said the first official county-wide report is still lacking.

In a message to the volunteers participating in the solicitation of funds, Mrs. Freyschlag reminded them that in the past large numbers of persons had been missed in the canvass, and cautioned them to redouble their efforts in an attempt to make membership in the Red Cross available to all those desiring to contribute to the 1955 fund for the benefit of the local and national organization.

## Good Eastland County Producer Is Reported Well Fills Storage Tanks In Six Hours

Completion of the No. 2 S. B. Mize by Lowell Suttles, et al of Lubbock, has been announced. The well, located in Section 1, Block 4, H&TC Railroad survey, flowed 300 barrels in the first six hours, according to Frank Day.

Mr. Day said all storage facilities were filled in six hours and the well was shut in. The well is located in the south half of the southeast fourth of the section and is on the Holcomb Estate land. The lease is a farm-out from Mr. Day and is about 700 feet southwest of the No. 1 S. B. Mize.

Pay was found in the Straws sand from 1,457 feet to 1,500 feet, Mr. Day said.

Both wells are located near the original well Mr. Day drilled in 1936, which is still producing.

The same company has staked another try on the Courtney lease four miles northwest of Eastland. It is due to go to 1,000 feet.

In other area oil news: Gilchrist Drilling Co. of Abilene announced location of a new Eastland County wildcat five miles northwest of Okra.

It will be No. 1-B-O. G. Joiner, spotting 990 feet from the north and 2,691 feet from the west lines of John Sayers Survey 35. Proposed depth is 3,500 feet with rotary.

Seven miles south of Eastland, Friona Production Co. of Eastland staked No. 1 Clyde Penton as a 1,600-foot cable tool project in the regular field.

Location is 350 feet from the north and 150 feet from the east lines of the northwest quarter of Section 31, Block 2, H&TC Survey.

## West Texas C-C To Convene In Lubbock

LUBBOCK (Sp.) — The West Texas Chamber of Commerce will meet here March 27-29 in its annual convention, John A. Couch of Haskell, president of the regional chamber, has announced.

Registration begins on March 27.

A "West Texas Congressional Forum" will be the big event on the morning of March 28, Couch said.

Nine U.S. Congressmen whose districts include territory within the sprawling 132-county territory of the WTCC, and the Texas Congressman-at-Large, Martin Dies of Lubbock, have been invited to participate in the forum.

The general public is welcome to participate along with the members of the West Texas Chamber in directing questions to this panel of Congressmen, Couch said.

The forum will be presented from 9:00 a.m. to 12:00 noon in the Lindsay Theater here.

West Texas Congressmen who have been asked to appear include George Mahon of Colorado City, Frank Ikard of Wichita Falls, Walter Rogers of Pampa, J. T. Ruth of Odessa, Clark Fisher of San Angelo, Omar Burleson of Anson, W. R. Poage of Waco, Jim Wright of Weatherford, and Olin Teague of College Station.

Committees of the regional chamber will meet during the afternoon following the forum to review activity reports of the year and to make recommendations for work during the next year.

New officers elected to serve for the next 12 months will be announced during a general business session on the morning of March 29.

## Former Ranger Resident Dies In Harlingen

Funeral services were held in Harlingen Monday Feb. 28 for George Owen Owens, formerly of Ranger, who died there the preceding Friday after a heart attack.

He was buried in the cemetery at Combs, five miles outside Harlingen.

He is survived by his wife, five children, two sons, Edward and Robert and three daughters, Mrs. Jack Foust, Mrs. Alton Hall, and Mrs. Clyde Wallace; three brothers, Frank, Charles and Fred and two sisters, Mrs. Ralph Moore and Mrs. Margaret Armour and stepmother, Mrs. Mildred Mihills Owens.

## Scoreboard Halfway Assured By Pledges

Maverick Stadium is more than halfway assured of having an electric scoreboard when the next football season rolls around. That was the word today from Hubert Westfall, who is spearheading a movement to get Eastlanders to subscribe enough money to pay for the scoreboard. Almost \$600 has been pledged.

Mr. Westfall said that most of the pledged donations so far have been in larger amounts than the "average fellow could give." He suggested, therefore, that all Eastland grid fans be given an opportunity to pledge to the fund—even if it is just a quarter.

Mr. Westfall, who is attempting to get the scoreboard ordered for the school on his own, pointed out that no money is being collected at present. "We are just asking for pledges," he said.

A form in today's Telegram gives you an opportunity to get in on the "Get the Mav's" A Scoreboard Drive. Pledges may be sent to Mr. Westfall or to the Telegram.

If every adult Eastlander gives 50 cents, the Mavs will get their scoreboard.

## Final Services Held Today For Ranger Resident

Funeral services were held in the Killingsworth's Funeral Chapel in Ranger today for George H. Stewart, 82, who died at his residence at 1201 Spring Road Tuesday night.

Mr. Stewart, a farmer and livestock grower, had lived in Ranger for 17 years. He lived in Breckenridge for 35 years before moving to Ranger.

He was born Aug. 15, 1872 in Brown County, and married the former Eddie Elizabeth Rains in San Saba in 1898. She preceded him in death Oct. 1947.

Mr. Stewart is survived by four daughters, Mrs. Mary Kitchens, Strawn; Mrs. Lella McGough, Cisco; Mrs. Geneva McCain, Cisco; four sons, Emmett of Breckenridge, and J. D., Johnny, and Cecil, all of Ranger; 34 grandchildren and 20 great grandchildren.

Graveside rites were conducted in Green Leaf Cemetery in Brownwood at 3 p.m. with Llozon Sides officiating.

## Judy Hassell Fine After Surgery

Judy Lee Hassell, 13-year-old daughter of Mr. and Mrs. H. L. Hassell, 212 S. Ostrum, underwent surgery at Scottish Rite Hospital Monday and is getting along satisfactorily. Her first surgery was in July. She is expected to come home in about two weeks.

## Salk Polio Vaccine To Be Discussed Tonight

The story behind the new polio vaccine, which may be given to 773 Eastland County school children this spring if it is licensed for use, will be told at a special meeting of county leaders tonight at the Texas Electric conference room in Eastland. Representatives from all organizations in the county have been invited, and Dr. L. C. Brown, county health officer, has especially urged that representatives from all Parent-Teacher Association groups in the county be represented. The meeting will begin at 7:30 p.m.

## Final Rites For Tom Northcutt Held Saturday

Final rites for Tom H. Northcutt, 93, retired Eastland County farmer, were held Saturday at the First Baptist Church in Desdemona with burial in Shiloh Cemetery.

Mr. Northcutt died Friday morning after a lengthy illness. Born April 28, 1864, Mr. Northcutt married the former Eula B. Hollifield in Comanche Dec. 16, 1891. The Northcutts were married 63 years. Mr. Northcutt had been a member of the Freewill Baptist Church for more than 40 years.

Survivors include four sons, Roy and Virgil of Desdemona, Bennie of Rising Star and Lyman of Kilgore; four daughters, Mrs. H. H. Kullenburg and Mrs. Dan Johnson of Pampa, Miss Eva Northcutt of Desdemona and Mrs. R. W. McDonald of Fort Worth; nine grandchildren; seven great-grandchildren; and two brothers.

## Burleson Says

## County Not Out Of H-Bomb Blast Range

Is Eastland County safe from the possible terror of an atomic or hydrogen bomb attack?

According to Rep. Omar Burleson, of the 17th District of Texas, no. Rep. Burleson, in his weekly press release, said, "Ordinarily we think of our towns and communities in West Texas as being safe from this terrible weapon, but actually they are not."

He went on to say that Val Peterson, Federal Civil Defense administrator, disclosed that according to experts, a single H-bomb blast could contaminate an estimated 7,000 square miles. "Our area," said Mr. Burleson, "is not beyond some of the sensitive target areas. No person living even on the most remote farm or ranch can consider himself entirely safe from this awful threat."

Mr. Burleson also pointed out some safety factors.

"A simple, old-fashioned, dirt-covered, storm cellar, like a lot of us used to frequent when we were being raised up out in the country, is about the best protection against the threatened radiation fall-out," he said. "Such a family shelter" (Continued On Page Seven)

## Sgt. Lowe To Replace Sgt. Collier Here

S-Sgt. Edward Lowe has been assigned to serve the Eastland County area as recruiting officer for the Army, replacing Master Sgt. Martin Collier. Sgt. Lowe will be stationed in Breckenridge.

A native of Aiken, South Carolina, Sgt. Lowe is a veteran of the Korean conflict. He has served in the Army for nine years. He was attached to the Second Division in Korea.

Married, the new area Army recruiter is the father of two children, Johnny, 4, and Nancy, 2.

## Kinnaird Is Director On Safety Council

D. L. Kinnaird of Eastland has been named an honorary director of the Texas Safety Council.

A letter from Pierce P. Brooks, president of the Council, informed Mr. Kinnaird that he had been nominated and elected as an honorary director.

"The Council and Citizenship of Texas appreciate the sincere effort of the business men and women of Texas, who are directing their efforts toward conserving the lives of our citizens, and we take this means of honoring those of you who are participating in this fine work," Mr. Brooks said.

## Use Of Emergency Feed Coupons Urged

Holdings of dealers' certificates under the emergency feed program in this area are urged to use them before they expire.

Expiration date is 120 days from the date they are issued, C. H. Moseley, director, Dallas Commodity Stabilization Service, pointed out.

After the deadline date, the certificates will be worthless, he added.

These are the certificates issued to feed dealers who have supplied grain to farmers and ranchers under the emergency program. They are used to help purchase replacement grain from Commodity Credit Corporation.

Under the emergency feed program, eligible ranchers and farmers are issued purchase orders for the supplemental grain they need up to a 60-day supply. These purchase orders are worth \$1 per hundredweight for the amount of grain involved. They carry a 120-day expiration date.

When stockmen buy grain they turn over the orders to their feed dealers who must convert them into dealers' certificates within 120 days of issue. This is done in the county Agricultural Stabilization and Conservation office in the county where issued.

These dealers' certificates, also good for 120 days, carry the dollar value of the purchase orders. They are turned over to regular suppliers of CCC when dealers by replacement grain.

Issuance of purchase orders ended Feb. 15. Dealers who accept approved purchase orders after that date will have a 120-day period to convert them into dealer's certificates.

"Feed dealers who wait too close to any of the 120-day expiration dates may not have time to make the transfer. This means they may lose out on the dollar value of the certificates when they buy replacement grain from CCC," Moseley emphasized.

States taking part in the program in this area are Oklahoma, Texas, New Mexico, Arkansas, Louisiana, Mississippi, North and South Carolina, Georgia, Alabama, and Tennessee.

## Ranger Girl In Cast Of University Play

Petty Louise Hagaman of Ranger, is one of a huge cast that will take part in the University of Texas drama department's production of "Hamlet."

The play will run April 23-30.

## The Car With The Forward Look DODGE FOR '55 McGRAW MOTOR CO.

SURE, I WANT THAT SCOREBOARD . . . And I gladly pledge \$ . . . toward the cost of the board. I understand that I am to send no money now, but only pledge to give. I also understand I will be out no money unless the scoreboard is purchased.

"ENQUIRE" ISN'T THE WORD FOR IT—"He Who Would Duly Enquire" is the legend over this mural in the statehouse at Lincoln, Neb., but "enquire" is too mild a word for the row kicked up over New York Artist Kenneth Evett's work. Titled "Labors of the Hand," it depicts, from left: Craftsman, Cattleman, Miner, Builder, and is executed in the modern manner. It caused little comment since its installation several months ago, until Evett's bill for \$25,000 was received by the legislature. Commented one senator: "The artist is old enough to paint a round head on the bull." Another solon said that the work was executed with a "T-square."

## Eastland Echoes

By Casey

Thought for Today: "When a man dies, they who survive ask what property he has left behind. The angel who bends over the dying man asks what good deeds he has sent before him."—(The Koran).

In the writing profession, as in other walks of life, frequently there's a courtesy, large or small, to brighten the day. Thus it was with a story for this issue which this writer's lady was shaping up. She was writing about a picture of President and Mrs. Eisenhower and Congressman and Mrs. Omar Burleson which Eastland's Rosalie Leslie (now the wife of Judge Charles A. Loreto of New York) had sent back to her mother, Mrs. W. P. Leslie. It concerned a Washington function she had attended. Quite coincidentally, we received an appreciated favor from prominent Washingtonian Ralph D. Pittman: A "mat" of the picture, such the delight of Mrs. C. who, with the photo is brightening up the Women's Section of this edition of the Telegram. That's what's called "getting the breaks." Mr. Pittman: Mucho gracias . . . We hadn't anticipated such good fortune!

"Doctor," she said loudly, bouncing into the office. "I want you to tell me frankly what is the matter with me." He surveyed her from head to foot. "First, you should take off 40 pounds. Second, use half as much make-up. And third, go up one floor—where the doctor's office is. I'm an artist."—(Selected).

Wonder if we properly evaluate and appreciate our freedom? Maybe the observation of Daniel Webster, long ago, will bring inspiration in that direction: "What light is to the eyes, what love is to the heart, Liberty is to the soul of men. Without liberty there comes suffocation, degradation, a n d death. Liberty is a condition of Progress; without liberty there can be no brotherhood—only a return to barbarism."

Sheriff J. B. Williams is hoping for a large group to turn out for tonight's organizational meeting of the Sheriff's posse. Officers are due to be elected, plans talked, and the project really put into motion. Want to be a "charter" member?

**State Newsmen To Gather In Dallas Friday**

Texas newspapermen will gather in Dallas March 11-13 for the state convention of Sigma Delta Chi, according to A. Pat Daniels of Houston, president of the state organization of the national professional journalism fraternity.

Sigma Delta Chi is an honorary journalism fraternity with both collegiate and professional members in the journalism field. Members from five Texas professional chapters and six collegiate chapters will attend the week-end convention to be held in Dallas.

Panels have been planned which will include three of the top armed forces information officers who will answer questions about military news policies. Other panels will take up problems of libel, the handling of business news and also will discuss special departments. A student editors panel will feature the editors of the leading college newspapers in Texas.

Speakers for the luncheons and dinners will include Wesley Izard, editor and publisher of the Amarillo Daily News, and W. R. Beaumier, vice president and general manager of the Lufkin Daily News and president of the Texas Press Association.

Is all-out war with Russia likely? To this question, the US Air Force answers "No"—after a study which indicates Russia's leaders will continue the "cold war" with the West for at least the next five years but will avoid an all-out conflict in that period. So reports Nation's Business.

Other conclusions reached in the study, made by the Russian Research Center at Harvard—who interviewed hundreds of Soviet escapees to determine psychological and social vulnerabilities of the USSR—included:

1. The struggle for power among the top leaders of the Soviet Union will continue.
2. The Red regime appears to be secure, despite "palace revolutions" such as that which brought the demotion of Georgi Malenkov.
3. There is little likelihood of a revolt in Russia.
4. The Soviet regime appears to be clearly committed to stabilization and consolidation both at home and abroad.

There apparently is a ray of hope for peace in the study that has been made, but we must not lose sight of this fact: Communism is committed to try for world conquest, one way or another so we still think we'd better keep a sharp eye out and "our powder dry" and social vulnerabilities of the USSR—included:

### Band Booster Club Meets At Hi School

The Eastland Band Booster Club met Tuesday night at the high school and discussed the Band Calendar.

Progress was reported fine but it was announced that the club needs 200 more listings of birthdays, anniversaries or memorials, and 100 more calendars to be sold. Hubert Jones gave a good report on the advertising for the calendar.

The listing deadline is Friday, and those who have not listed their birthdays or anniversaries or bought a calendar are asked to contact Mrs. Fern Green, Mrs. A. E. Cushman or Mrs. J. R. Lusk, Jr., it was announced.

### "JIM BO" IT SWIMS

JIM BO—the most sensational invention in the history of fishing—the artificial minnow that swims. No more live bait to buy. This is the lure sensation of the 20th century.

IT SWIMS—no springs, no fluff, it swims as long as you leave it in the water. Swims by unique process of balance and gravity. Fish any desired depth—in lake, stream, gulf bay. Any fish that will strike a minnow will strike JIM BO. This is no gadget. Looks and swims like a live minnow.

This is the look of all lure—big and small. Buy one for you and your friends. Satisfaction guaranteed. Send \$1.00 only, for 100 JIM BO. Send check or cash. We pay postage. Sold by mail only.

## HOMEMAKING CHATTER

by Minnie Mae Billingsley and Julia LaFaye Mason

To most of us spring is an inspiration. A time when we want to improve, to make different, or give our surroundings a "face-lifting."

One thing that most of us could profit by is personal improvement. Think about the qualities you like in other people. Learn to be dependable, and to depend on other people when needed. Try to help other people in ways they want to be helped. One important thing most of us need is to learn to control the way we express our feelings about things and people. Good grooming, good manners, learning to take part, taking the lead, and planning good work habits are other personality improvements. Last, but not least, we need to learn to use divine help and guidance and to express gratitude and reverence.

In grandmother's day there were saupur and molasses, sassafras tea, and "store bought" tonic to tone up the blood each spring. Today this toning up is done the year around by including a variety of vegetables in the diet.

Green vegetables are important in the diet mainly because of their

Vitamin A and C content. The intensity of the vegetables' green color and the part of the plant from which it comes are clues to the food value. In general, the greener the vegetable, the richer it is in minerals and vitamins. The fresher the green vegetable, the better flavor and crispness, and perhaps some food value, too, are lost when vegetables wilt or are stored.

Homemakers are asking many questions about cotton rugs. Pleased with the lovely colors and the variety of weaves, now available, families are eager to include them in decorating schemes and home furnishing budgets. Common questions are "How much wear will it take?" "How much will it shrink?" and "Will it fade?" Tests conducted show that they will last through an abundance of hard wear, have little shrinkage, clean easily, and most of them hold their original color with practically no change. For more information on these tests, if you are in doubt, please come by our office.

We have a recipe that we would like to pass on to you, hoping that you will find a use for it.

### French Peas

1-2 tablespoons butter or margarine  
2 tablespoons water  
1-2 cup thinly sliced mushrooms  
1-2 cups fresh peas, or 10 oz. package frozen peas  
1 small onion, thinly sliced  
1-2 teaspoon salt  
Melt butter or margarine and add the other ingredients. Cover the pan tightly and cook over moderate heat until the peas are tender, shaking the pan occasionally to prevent sticking. Cook fresh peas until tender, 8 to 20 minutes. For frozen peas, begin counting time when steam begins to escape. Cook 5 to 10 minutes. Makes 4 servings, about 1-2 cup each.

For quick cooking of vegetables, use a pan with straight sides, flat bottom, and tight fitting lid. Quick cooking is a good practice because it conserves more of the food nutrients which are so vital. Many times homemakers find they have a lot of scraps left when they put new linoleum on the floor. These scraps can be used for room brighteners. Recently we made an attractive waste basket by using a large pail and pasting linoleum around it. Other uses of scrap linoleum are to cover shelves, make card table covers, make wall hangings by painting designs on the plain colored linoleum, make cube shaped book ends, and table mats. There are numbers of things which you will think of to use your scrap linoleum. Think twice before you throw yours away.

As we close our chat with you, let us leave you with a thought. "A smile goes a long way, but you are the one who must start it on its journey."

**MARK SHEFFIELD PLEDGES ATO FRATERNITY AT TECH**  
Mark Malon Sheffield Jr., a student at Texas Tech from Okra, was one of 249 men pledging social fraternities this week at the close of spring rush activities. James Whitehead, assistant dean of student life at the college, announced.

Sheffield, freshman business administration student, son of Mr. and Mrs. M. M. Sheffield, Star Route, Okra, pledged Alpha Tau Omega.

## Bapt. Homemakers Class Meets For Program Supper

Mrs. Guy Patterson was program guest at the First Baptist Homemakers Sunday School Class meeting Tuesday night. The occasion was the monthly bring-a-dish supper and Mrs. A. W. Cartledge was hostess to the group at her home, 410 S. Dixie. Co-hostess was Mrs. Clarence Hastings.

Mr. Patterson gave excerpts from the book, "The Word of the Brazos" which is a series of Negro preacher tales from the Brazos bottoms of Texas, compiled and written by J. Mason Brewer. Mrs. Patterson first gave a background for the tales of the happenings among the devout Christians of the deep South Texas Brazos who till the cotton plantations and still do till the soil in these fertile bottoms. Then she re-appeared in blackface and gave a number of the humorous stories in the dialect of the colored people in that section. Between her two appearances, Mrs. Don Parker, who had introduced her, played two typical Negro religious songs of that section on a tape recording machine which had been borrowed from Darrell Gene Basham. The president, Mrs. H. M. Hart, thanked Mrs. Patterson for appearing on the program and Mrs. Patterson expressed appreciation for her courage of white carnations, presented to her by the class.

Mrs. T. L. Amis, teacher of the class, offered the invocation prior to the supper; and Mrs. Roy Young, superintendent of the department, gave the closing prayer.

Covers were laid at quartet tables in Mrs. Cartledge's living room and at the dining table, which was centered with pink carnations, for the supper.

Guests of the class were Meses. Guy Patterson, B. W. Patterson, Roy Young, and M. A. Treadwell, Jr.

Members present were Meses. Amis, Cartledge, Hastings, Parker, Hart, Ba R. Parrish, Frances Zernial, Lois R. Mosley, Victor Cornelius, G. C. Cornelius, Varsie Bell, D. L. Kinnaird, Artie Liles, Ed Layton, Ruth Daniel, C. T. Lucas, and Floyd Casbolt.

## Flatwood HD Club Meets Lunch-Program

The Flatwood Home Demonstration Club met recently and braided rugs in the morning, held a covered dish luncheon at noon and a business meeting and program in the afternoon.

Mrs. Minnie Foster was hostess to the group at her home and Mrs. Beulah Turner, president, conducted the business session. Roll Call, by the secretary, Mrs. Foster, was answered with current topics of interest. Mrs. W. M. Bricker gave the devotional.

Miss Minnie Mae Billingsley, County Home Demonstration Art, gave a demonstration on making hot beds and transplanting tomato plants.

The club voted to give \$1 to the Red Cross.

Ten members were present and the following guests attended: Mrs. Alma Sullivan, Mrs. Mindy Webb, Mrs. H. C. Jordan, and Totty Connell of Odessa.

Mrs. Dwight Eisenhower a new Congressman and Mrs. Omar Burleson, when the President and his lady were honor guests at the Congressional Club's reception. In the receiving line with them were the Burlesons of Texas.

Ruth Shumaker, covering the reception for the Washington Post, pointed out that Mrs. Burleson is club president, and wore a dress of black peau de soie with low V-neckline and a little hat of white silk petals that looked like feathers. Mrs. Eisenhower was wearing a Mollie Parnis dress of navy blue taffeta with a full skirt of unpressed pleats and a tailored neckline finished off in a big taffeta bow. Her pale pink hat was a Howard Hodge creation. Both wore corages of white orchids.

Congressman Burleson is a cousin of Mrs. Cyrus B. Frost of Eastland.

Mrs. Loreto, writing her mother here, told of the International Christian Leadership meeting whose program theme was voiced by LeBannon's Ambassador

Charles Malik — "Begin a Spiritual Offensive." Dignitaries of the clergy attending included the famed Evangelist Billy Graham, who was the chief speaker.

Mrs. Loreto was active in the Christian Leadership organization where she was assistant dean of women at the University of Maryland.

Last year Mrs. Loreto's husband, Judge Loreto of New York City, attended the Washington event with her, but this year his official duties prevented his being present and she attended with friends from New York.

## STANLEY POWERS PLEDGES PKA FRATERNITY AT TECH

## Cisco Women Complete Home Nursing Course

Eleven members of the class in Red Cross Home Nursing in Cisco, which was concluded Wednesday, Mar. 9, will receive a certificate showing that they have completed the course entitled "Home Care of the Sick."

The 14-hour class has been a study project of the Cisco Parent-Teacher group, according to Mrs. Bill Tucker, authorized Red Cross instructor who is currently serving as county chairman of Red Cross Home Nursing.

Lessons, two hours in length, explaining the principles underlying the nursing procedures to be learned, followed by demonstration and guided practice by the students, are designed as a contribution to the community in the ever expanding Civil Defense program. The lessons teach the care of the sick, especially the aged and chronically ill and the care of small children in the home.

Anyone interested in similar classes may contact the local office of the American Red Cross in Eastland.

Forty-two Eastland women, including 8 colored women, have completed the course during 1953 and 1954 and received certificates.

### Mrs. Dick and Mrs. Patterson Speakers At Las Leales Club

Las Leales Club, meeting Monday night at the Woman's Club, had for its subject, "Bit of Texas." Carrying out this theme Mrs. G. H. Dick spoke on "The Biggest Store in the Biggest State"—Joske's of San Antonio; and Mrs. Guy Patterson gave excerpts from the book, "The Word of the Brazos" which is a series of Negro preacher tales of that section compiled and written by J. Mason Brewer.

Mrs. Dick, in giving the mammoth merchandising story of Joske's said almost everything could be bought there; she told of the vastness of the store, its Camellia Room, its parking lot with pseudo-trains to convey custom-

ers to an awning just across the street from the store and the many other services offered for the shopper.

After Mrs. Patterson had given the background for "The Word of the Brazos," two Negro religious songs, "I'm Gonna Walk All Over God's Heaven" and "The Ark is A-movin'," were played on a tape recording machine. Then Mrs. Patterson returned, attired in gingham frock and in black-face, to give several of the humorous stories in the first person in Negro dialect.

Mrs. J. C. Whatley, president, presided at the business session and Mrs. Eldress Gattis, secretary, read the minute and called the roll, which was answered with unusual Texas laws. Mrs. E. E. McAlister was hostess and leader for the program. The club voted to be listed in the Band Booster's calendar.

Others present were Meses. Wayne Caton, Opal Cross, D. E. Frazer, H. L. Hassell, B. F. Hanna, Rudolph Little, Eunice Nall, Don Parker, Homer Smith, Thura Taylor, W. Q. Verner, Herbert Westfall, Ella Birmingham and Misses Verna Johnson and Jessie Lee Ligon.

### Former Eastland Girl's Husband Receives Grant

Robert E. Page, director of choirs at Eastern New Mexico University at Portales, N. M., has been given a Danforth Foundation Teacher's study grant. His wife is the former Miss Glynn Castleberry, daughter of Mrs. T. E. Castleberry and the late Mr. Castleberry, and is an accomplished musician and singer in her own right.

Mr. Page was reared at Abilene, was graduated from Abilene Christian College, received his M. A. degree from State University, Bloomington, Ind., and is former choral director at Odessa High School and Odessa College.

The grant will permit Mr. Page to study music at New York University for 12 months with all expenses paid. His picture and cut-lines about his receiving the grant appeared in the papers at Odessa, Albuquerque and Portales.

### Friendship Class First Baptist Church Meets

When the Friendship Class of First Baptist Church met Monday night in the fellowship room of the church, Mrs. Mary Copeland, teacher of the class, brought the devotional. Her Scripture was from Psalm 27 and she began her devotional with a prayer.

Mrs. Annie Stokes presided in the absence of the president, Mrs. Myrtle Anderson. The meeting was opened with prayer by Mrs. W. A. Owen. The closing prayer was by Mrs. Paul McFarland.

Others present were Meses. A. H. Brown, A. E. Hallford, S. H. Peel, W. H. Greer, D. L. Kernell, Sara Thornton, Jess Cavanaugh, Frank Martin, W. A. Owen and Eula Ayers.

### Parties Given In Dallas and Fort Worth Fete Miss Turner and Fiance

Complimenting Miss Jeanne Turner of Dallas, formerly of Eastland, and her fiance, Luther E. Terry of Dallas, several parties have been given recently in Dallas and Fort Worth.

Their wedding is to take place at 8 p.m. Saturday, March 26, at First Methodist Church in Eastland.

#### Reception Given in Dallas By Bride-Elect's Cousins

The bride-to-be and her prospective bridegroom were honored by her cousins, Mr. and Mrs. Thomas Broad, at a reception at the Broad home, 5534 Wenonah, Dallas.

Greeting the guests at the door were the host and hostess, who introduced the honorees. The gray-green walls formed a rich background for the living room decor, accented with bouquets of pale pink carnations, while the long polished mahogany table in the dining room bore at one end a tall silver candelabrum whose multiple pink tapers shed a soft glow over the table.

From this point a swirl of lace, 12 inches wide, a part of the hostess' wedding train, extended to the other end of the table which was embellished with an antique silver tea service the hostess had purchased in London.

Beginning near the candelabrum and outlining the swirl of lace were cutglass bowls of pale pink carnations mixed with white candy-tuft which extended to the other end of the table, the bowls and arrangements graduating in size from large to tiny flat ones at the tea service. Completing the artistic table appointments were period silver containers of decorated sandwiches, cake squares frosted in pale pink, pink and white mints and nuts.

Mrs. John Turner of Eastland, mother of the bride-elect, presided at the tea service in the dining room, while coffee was served from a copper service at a table on the terrace.

Among the 65 guests who called were Mr. and Mrs. Charles Ragland and daughter, Mary, of Fort Worth.

#### Raglands Entertain With Supper Party, Fort Worth

Mr. and Mrs. Charles Ragland, uncle and aunt of the bride-elect, entertained with a supper party at their home, 2305 Edwin, Fort Worth, honoring the couple.

Part of the guests were seated for supper at the long dining table, which was laid with a white satin

Mrs. Bert Slate and Mrs. Delma Adams of Strawn were guests Tuesday of Mrs. Annie Stokes.

### Martha Circle of First Christian Holds Meeting

The Martha Circle of the First Christian Church met recently at the home of Mrs. R. L. Carpenter. The opening song was "What a Friend We Have in Jesus," with Mrs. F. L. Smitham at the organ. Prayer was given by Mrs. C. A. Peterson. The group voted to send money to the Juliette Fowler Home for purchasing Easter shoes for the children there.

Mrs. T. A. Bendy gave the lesson from the study course, "A Faith to Live By." The devotional was offered by Mrs. Curtis Young.

After the benediction, refreshments were served to the following members: Meses. Guy Robinson, Smitham, Peterson, Bendy, Eugene Day, H. R. Corbett, Young and son, Gary. Mrs. H. B. Grizzle and baby were visitors.

# MORE PEOPLE BOUGHT FORD CARS IN 1954 than any other make!

Ford passenger-car sales to customers outnumbered those of any other make by thousands

## AND IT'S EASY TO SEE WHY!

Ford is the leader in styling

Motorists know that Ford has set the style trend in the industry for years. And now, with styling inspired by the fabulous Thunderbird, Ford is farther out front than ever!

Ford is the leader in V-8 power

Ford was first in its field (by 23 years) to provide the advantages of V-8 power. Since that time, Ford has built over 14,000,000 V-8 engines—more than all other makers combined! For 1955, Ford offers two new and mighty V-8's, as well as a most modern Six—all with the split-second response of Trigger-Torque power!

Ford is the leader in ride

Ford was first in its field to introduce Ball-Joint Front Suspension—the greatest advance in chassis design in 20 years. And, for '55, it's even better. Springs are set at an angle to smooth out even the tiniest bumps. It's the new Ford Angle-Poised Ride.

Latest developments on Cheaney's story of last week about the stranger comes from the Flatwood community. It seems that a person whom we shall call Obie, read the story in the local paper or heard it being circulated through the usual channels, and upon retiring for the night, locked the doors of their home. Mrs. Obie, not wanting her husband to know that she was afraid, waited until his sound snores assured her he was asleep. Stealthily she crept from bed and apparently locked the doors. She calmly went to sleep, not realizing that she had unlocked the doors. We thought the story might amuse our readers.

**Years to Build, Seconds to Destroy—**  
... is a tragic reminder to those who are unfortunate in losing their worldly possessions without adequate insurance protection. Years of effort, savings and accomplishment—wiped out in a single catastrophe. It may be only an explosion, a fire, a tornado, or something worse if we can imagine such a thing. It can happen anywhere, any time, to any one, without warning. Insurance is the only answer. So why be unprepared when the cost is so reasonable?

## ABOUT SPORTS

By VIRGIL E. MOORE

Dale Slotton was named on the second-team Class A All-Area five by the Abilene Reporter-News. That's quite an honor for Dale, a sophomore at Eastland High. The 5-9 sparkplug played outstanding ball with the Mavs this year, and his eligibility next year, along with that of almost every other starter Coach Bobby Blair had this season, should assure Eastland of a good year.

Coach Carrol Shelton has twelve boys he is right proud of. They are a group of boys who are working out with the track team, although they are not actually members of the team.

The boys are called "my P. E. squad" by Shelton. They are J. C. Jarrett, Leo Smith, Terry Warren, Wayne Phillips, Ronnie Rich, Wayne Benson, Elton Williams, P. A. Cox, Gene May, Don Ward, Don Lowrance and Neil Pogue.

See you Sunday.

**STYLED FOR RUGGEDNESS**

In an unusual styling departure, Chevrolet gives its various series of 1955 truck models distinctive designs. This is the front-end of one of the heavy-duty models with a single massive element dominating the grille. Roomier cabs, increased visibility and "Safety Steps" are among scores of improvements to all the 75 models on 15 wheelbases.

**New Chevrolet Trucks Go On Display March 25**

Chevrolet introduces a fresh approach to the design of commercial cars and trucks in a completely new line of 1955 models that will be unveiled at dealer showrooms, Friday, March 25.

The vehicles climax a two-year development program. To produce highway carriers that would answer more closely the specialized demands of modern traffic conditions, company engineers talked to hundreds of farmers, merchants, manufacturers, cross-country transporters and the most important man in the trucking industry—the driver.

Recommendations from these sources were assembled and analyzed in Detroit. They played a dominant part in eventual design. As a result, Chevrolet states its 1955 "Task Force Trucks" have advanced more impressively in efficiency and performance than any previous models. And for the first time, says the company, "trucks combine a striking appearance with genuine utility."

The presentation at dealer showrooms will consist of representatives of 75 models on 15 wheelbases in the light, medium and heavy-duty field. This is an increase of four wheelbases over 1954 models, which contributed another year to Chevrolet's record of consistent sales leadership.

GUARDIANSHIP OF JAMES PAUL LANHAM, STEPHEN LANHAM, MARTHA LANHAM, DENNIS LANHAM, MICHAEL LANHAM AND RALPH LANHAM, MINORS.

IN THE COUNTY COURT OF EASTLAND COUNTY, TEXAS TO ALL PERSONS INTERESTED IN THE ABOVE MINORS OR THEIR ESTATE:

You are notified that I have on the 4th day of March, 1955 filed with the County Clerk of Eastland County, Texas, an application under oath for authority to make a correction oil and gas lease on that certain tract of land in which the said minors have 6/10 of an undivided royalty; 1/42; the land being more particularly described as follows:

Being the North one-half (1/2) of the of the Southwest one-fourth (1/4) of Survey No. 5, Block No. 7, of the S P Ry. Co. lands Certificate No. 17481 and containing 80 acres more or less. Also one (1) acre of land out of the Northwest corner of the South one-half (1/2) of said Southwest Quarter (SW 1/4) of said Survey No. 5, Block No. 7 S P Ry. Co. Lands, said (1) one acre tract being described by metes and bounds as follows:

BEGINNING at the Northwest corner of said South one-half of said Southwest 1/4 of said Survey; THENCE South 16 varas to public road; THENCE in a southeastern direction with said public road 137 varas; THENCE North 68 varas to the South line of said North 1/2 of the Southwest 1/4 of said Survey; THENCE West with said South line 132 varas to the place of beginning and containing 81 acres more or less;

and that the Judge of the County Court of Eastland County, Texas, on the 4th day of March, 1955, duly entered this order designating the 21 day of March, 1955, at 10 o'clock A. M. in the county court room in the time and place when and where such application would be heard and that such application will be heard at such time and place.

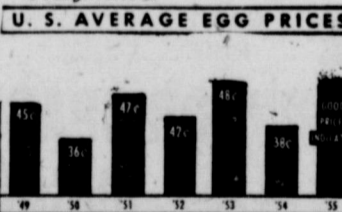

Mrs. Winona Lanham Guardian of the person and estate of said minors.

It's just plain silly to be stingy with hot water on wash day! Clothes won't get clean in dirty water—the soil will be driven right back into the fabric. So for the sake of really clean clothes, do use freshly prepared water for each load of clothes. With hot water, an all-purpose soap or syndet, and bead bluing, you'll hear words of praise for your laundering techniques.

**HIGH EGG PRICES expected by fall**

For 5 years, a year of low egg prices has always been followed by a year of high egg prices. Why? Because many folks get discouraged after a low-price year and don't start chicks.

The graph tells the story. Average prices are higher in some areas, lower in others, but the down-one-year up-the-next picture is the same everywhere.

Will you be ready with a full laying house? Let the other fellow quit. We urge all our friends to start a full brooder house to cash in next fall. And start 'em now so you can start getting lots of eggs as soon as prices begin to hit their fall and early winter peak.

Please call or drop in and place your order this week.

This would mean, of course, that a cellar should be equipped with facilities to take care of the family during these few hours. A geiger counter, along with a battery-operated radio, food and water, would be a useful piece of equipment to have.

"Mr. Peterson also urges that geiger counters be acquired by every fire station, police department, and by high school science departments for the training of students in their use.

"This is not intended to be any "scare" story, but it certainly does not make the danger any less by ignoring it. If the worst should come, a few simple precautions could provide our greatest chance for survival," Mr. Bureson concluded.

**There's even more to Chevrolet styling than meets the eye!**

This is beauty with a bonus... for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

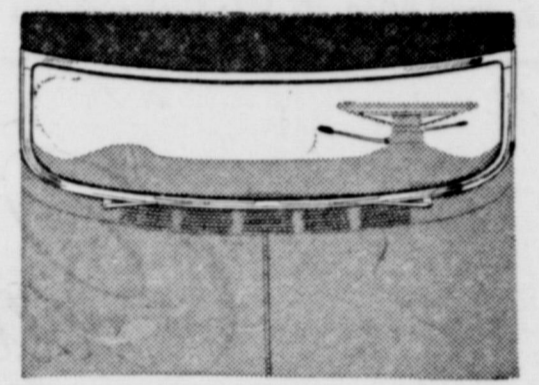

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield... a dramatic style note, certainly, but one that stems from the need for wider, safer vision. Or take high-set taillights—they add to the impressive length of line... but they are up there where they can be seen for safety's sake, and as convenient guides in parking. So, too, with the jutting peaks over the headlights.

The smart louvers across the hood aren't just decoration... they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body—its lowness, the dipped belt line—is merely a reflection of a lowered center of gravity, the added stability.

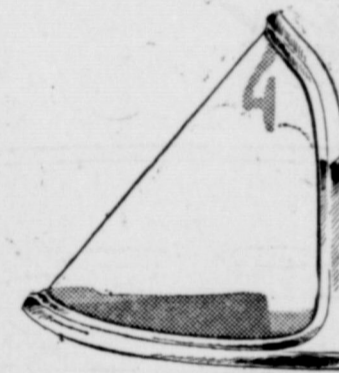

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher—another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!

# Indian Trail Meet Is Entered By Mavericks

Twenty-two teams will compete for honors in the annual Indian Trail Track Meet to be held Saturday in Gorman. Teams from Eastland, Gorman, DeLeon, Comanche, Abilene, Baird, Granbury, Crawford Gap, Rising Star, Santa Anna, Fort Worth Tech, Abilene, Leuters, Diamond Hill, Hico, Richland Springs, Hamilton, Boyd, Stephenville, Cisco, Early and Meridian will vie for awards.

Eastland will enter a 30-man team in the meet. Track and field men from the 22 schools will be trying to break records, including Eastland's J. D. Hanson's time of 20 seconds flat in the 180-yard low hurdle event. Hanson graduated and will not be around to protect his time.

Other records which may or may not be broken include Herman Johnson's discus throw of 155 feet and seven inches. Johnson is from DeLeon. Mavs who will com-

pete in the event this year will be Larry Tankersley, Burt Norris and Carl Freeze.

Johnson also holds the shot put record, with a toss of 54 feet. Trying to break the record this year will be Tankersley and Freeze.

The pole vault record is 11 feet and one inch, held by Comanche's Don Pyburn. Bill Norwood, Leo Murray and Bill Upehureh will compete this year for Eastland.

Tony Munger's 9.9 time stands as best in the 100-yard dash. Munger is from Mineral Wells. Eastland runners entered in the event are Charles Dry, Jack Akers, Stan Blevins, Dick Corbell and Saul Pullman.

Bangs' Jim Pierce holds the record in the 120 yard high hurdle event with a time of 15 seconds flat. Bill and Jack Akers will try to break the record for Eastland. Lupe Herrera, Clyde Evatt, Dale Slatton and Duard Turner

will be trying to break the 440 yard dash record of 53.8, posted by Alvin Lee of Comanche.

Jimmy Webb of Cisco holds the high jump record of five feet, seven inches. Jimmy Phillips, Mike Tuggle, Don Smith, Ronald Robertson and Johnny McMahan will try to win the event for Eastland this year.

Entered in the broad jump event from Eastland are Lupe Herrera, Bill Smith and Saul Pullman. They will be trying to outperform the 18 feet, seven inch record recorded by Mineral Wells' Tony Munger.

Comanche holds the record in the 440-yard relay event with a time of 45.6. Eastland will not compete in this event.

A time of two minutes, seven seconds was registered by Mineral Wells' Flores last year in the 880-yard run. That record will be shot at by Eastland's Wayne Durham, Don Smith, Ken Watson, Raul Herrera, Allan Miller, Clyde Young, John McMahan and Harvey Lewis.

Munger also holds the 220 yard dash record with a time of 22.1. Clyde Evatt will be Eastland's lone entry in this event.

Entered in the mile run here are Paul Fuentes, Tony Johnson and Bill Upehureh. They will be trying to break the record of 4:45.9 nailed up by Wilson o Comanche. One of that trio will join with Lupe Herrera, Henry Sims and Duard Turner in the mile relay. Highland Park of Dallas holds the best Indian Trail-time in that event with a 3:41.2.

The meet will begin at 9:30 when the 120 yard high hurdle preliminaries get underway along with the shot put prelims and finals. At 9:50 the 100-yard dash

event is scheduled. At 10 the broad jump event and at 10:10 the 440 yard dash; at 10:30 the 180 yard low hurdles and the discus event; at 10:50 the 440 yard relay, and at 11:10 the 220 yard dash.

Afternoon finals will begin a 2 p.m. when the 120 yard high hurdle event, the pole vault tries and the high jump event begin. At 2:10 the 100 yard dash finals are set, at 2:20 the 440 finals, at 2:40 the 180 yard low hurdle finals, at three the 440 yard relay, at 3:10 the 880 yard run, at 3:30 the 220 yard dash, at 3:50 the mile run and at 4 the mile relay.

Al Langford will be meet director. David Goodwin, clerk of the course; Graydon Baze, starter; Dick Wynne, Jack Everett, and Jimmy Hughes, timers; D. P. Warren, Glen Mehaffey, Arlon Smith, E. M. Bennett, Oda Monroe, Othel Clark and D. R. Clark as finish judges; Jack Harrison, Neal Clark and Rayford Burgess as turn inspectors; E. C. Bramlett in charge of high and broad jump; Marvin Moore in charge of the pole vault event; Bill Little the shot put event; and Floyd Sorley the discus throw.

## Acting on a 20-Year-Old Decision!

Let's suppose it was a couple of decades ago when a young lad, with his book strap over his shoulder and his lunch basket under his arm, started slowly down a dusty road that led to a country schoolhouse. But his walk was short that day. For a big, handsome Cadillac—with its smiling driver traveling in the lad's direction—stopped and gave him a "lift." And as he stood there on the schoolhouse lawn and watched the big car roll off into the distance, he made a decision. He decided that, some day, he would own a Cadillac. And here you see him, his dream come true—taking the keys to a new 1955 Cadillac!

—not realizing the Cadillac car is practical as well as wonderful—wait too long to make the move. The lowest-priced Cadillac, for example, actually costs less than twelve different models of other makes. Its economy of operation is far beyond anything you could logically anticipate from a car of Cadillac's size and luxury. And at the time of resale, a Cadillac traditionally returns a greater share of its owner's investment than any other car in the land. If, like the gentleman in the picture above, you have been looking forward to a Cadillac of your own—you should give careful consideration to these remarkable Cadillac facts. It is entirely possible that the time for your Cadillac has come—and, as we said, it is always a pleasure to help make such a dream come true. Better come in and see us today.
