

Moore... ABOUT Eastland

By VIRGIL E. MOORE

Sometimes, when the wrecks are not too plentiful and death takes a short holiday, being a highway patrolman isn't such a bad job. In fact, Les Strawn and Alfred White occasionally run into a humorous situation. Not long ago they clocked a foreign-make car—one of these pint sized jobs—and found it was going 72 miles an hour. They pulled up, stopped the car and started through the fundamentals of getting name, drivers license and the works from the driver. As you could expect, the driver of the car wasn't too happy with the situation, and started complaining.

"Do you realize you were going 72 miles an hour?" one of the patrolmen finally asked.

The driver of the foreign job looked up, smiled and said, "No, we really? Boy, that's something to ask? The national record on a cheap like this is just 68 mph!"

We asked White what he thought of radar duty, and the patrolman confessed it wasn't as easy as it sounds. Getting the cars to stop is a problem sometimes, he asserted.

"For instance," he began, "the other day I was standing on the edge of the highway signaling a woman driver to stop. She almost ran me down before I could drive off the highway. Then a little way up the road she stopped and started backing right down the highway, with cars zooming all around. I tried to control the oncoming traffic to keep her from getting hit, and she ran me off the highway again. Then, when I walked over to her car, she looked up and asked, 'Were you trying to stop me offees.'"

Chatting with Paul Brashear Saturday about the upcoming session of the Texas Legislature, and the 76th District representative, put us in the know about one of the key problems facing the Legislature this year. Paul said that plans are being completed to keep all the secretaries off the floor so that legislators may spend more time listening to what goes on and less time to eyeing some of the beauties that adorn the floor. Legislators are known for their ability to pick beautiful, if not so brilliant, secretaries, it seems. Brashear says he favors the move, but it seems mighty unpopular among a lot of the members. Telephones are being placed on each member's desk which connect directly with their secretary's desk on another floor. We still predict the 55th Legislature will not be a dull one.

The other day The Cisco Press ran a want-ad that said Frank Ditmore would pay up to \$1 for old Christmas trees and 10 cents each for old Christmas cards. Now J. W. Sifton, editor, is having to do a lot of explaining. Seems someone else inserted the ad, and that a Ditmore has little need for the material. "Later, The Press learned that it was all a surprise to Frank," Sifton explained, "that someone was playing a prank on him. He reports that he had a good many opportunities to buy Christmas trees and cards."

If Sifton gets off that easy he's a skier fellow than we are! We have always heard about it, but Friday was the first time we ever saw it happen. In the Olden basketball tournament, Scranton was playing host Olden in what at first appeared to be a close game. It was so close, in fact, that players on both teams and even the officials forgot which goal was which. The referee called traveling on an Olden player and signalled for Scranton to go to the far basket. The ball was pitched in to Jerry Blackwell, and he started dribbling for the far goal, which was Olden's, not Scranton's. Olden players rushed down court and set up a perfect zone defense, and all four of the other Scranton players got set up under the basket. But about the time Jerry got to the midstrip he remembered that he was going for the wrong goal. He reversed field and made a two pointer, without anyone in his end of the court. Five minutes later they got the game going again.

And we still haven't got any action on this city charter situation. (Continued on Page Two)

Rotarians Go First Class; Move To Cafe

Eastland Rotarians had a pleasant smile on their face this week! They had their first meeting in the new White Elephant Cafe. More than 40 members, guests and visiting Rotarians attended the meeting. There are 35 members of the club. Victor Cornelius, owner of the White Elephant, was a special guest of the club.

The move to the White Elephant ended 10 years of meeting in the Roof Garden of the Connellee hotel. The 35 year old club first met in the Elks Club (now the Coca Cola building) then moved to the old Athletic Club (now Coats Furniture Co.) then to the old county club, then to the high school cafeteria, then to the Methodist Church and finally to the Connellee.

Ministers Plan Area Meeting

Dr. Harry C. Munro, professor at Texas Christian University, will be the guest speaker at a workshop on "Christian World Problems" planned for Feb. 4 at 6 p.m. in the First Methodist Church. It was announced at a meeting of the Ministerial Association Monday morning at the Bethel Baptist Church. Rev. Eugene Surface led the group with devotional and a reading "The Baptist Church as One Minister Sees It," was given by Rev. James Flaming, pastor of the Bethel Baptist Church. Another date set at the meeting was the County meeting of Ministers which will be Jan. 22 at noon in the White Elephant Cafe. All ministers of the county will meet together at that time. In celebrating the birth of his new son, Rev. Flaming served coffee and rolls.

Postal Receipts In Past Year \$105,091

Figure Is Second Highest In History

Postal receipts in Eastland increased almost \$1000 during the past year. It was the fourteenth year out of the last 16 that the local post office has shown an increase in business.

Total receipt during the past year were listed at \$105,091 as compared to \$104,253.98 in 1955. Receipts this year were the second highest in the history of the local post office. Only in 1954 was the \$105,091 mark exceeded. The total business here was listed at \$106,448.63. Again Victor Cornelius Theatrical Advertising Co. was the number one customer. Mrs. Marene Johnson, postmaster, credited the increase mainly to a heavier number of letters mailed by individuals. She said Eastland had an extremely busy Christmas season as far as the Post Office was concerned. Almost a million cancellations were made here during the rush. Mrs. Johnson again said thanks on behalf of postal workers for the assistance given by local patrons in wrapping their Christmas cards after sorting them in local and out of town stacks.

The Eastland Post Office became a first class post office in 1947 when receipts here jumped above the \$40,000 mark. It climbed into a higher bracket in 1954 when receipts climbed above the \$100,000 mark. (Continued on Page 2)

Robert E. Harrell Services Held Monday At 3 p.m.

Funeral services for Robert E. Harrell, 65, were held at the First Christian Church of Ranger at 3 p.m. Monday with the Rev. Ralph E. Perkins, pastor of the First Baptist Church officiating. Burial was in Evergreen Cemetery under direction of Killingsworth Funeral Home. Mr. Harrell passed away in a Ranger hospital on Saturday, Jan. 5, at 5:00 p.m., following a long illness of several months. He was a prominent citizen of Ranger, having moved here from Tennessee in 1920, and he was well known all over this area of West Texas; having been engaged in the ranching business for several years and a breeder of pure-bred cattle. He later conducted a dairy business that reached over a large section of this area. Mr. Harrell was born on August 5, 1891, at Surgoinsville, Tennessee, and was married on March 11, 1911, to Miss Ida Frances Vaughn of that same city, and the couple moved to Ranger 37 years ago. Mr. Harrell was a member of the First Christian Church and the Ranger Masonic Lodge No. 738. He was also a past Worshipful Master of the Lodge. Survivors include his wife and (Continued on Page Two)

Brashear Bill Will Seek Redistricting

Paul Brashear, state representative from the 76th District, left Monday for Austin where he will begin his second term in the House of Representatives with the opening of the Texas Legislature today. Brashear won his first term of office by crusading against going away with the 91st District Court, after Omar Burkett, then representative from this district, had introduced a bill which would have abolished the court. Brashear, who took office in January 1955, served on the committees on agriculture, military and veterans affairs, penitentiaries, examinations of comptrollers and treasurers accounts, and legislative districts during the past session of the legislature.

DeLeon Lady Gets Gift From President

DELEON—Mrs. Marene Johnson, Eastland postmaster, was one of the officials on hand Friday to help inaugurate city delivery service here for the first time. A combination of three unusual circumstances led to a decision to establish city delivery service in DeLeon, according to George A. Gray, regional director of Dallas.

First Baby... of Year Born

The girls began where they left off in 1956 this week: they took the lead in the annual battle of the sexes. Cathy Jo Jordan is the first baby born in Eastland in 1957. She was born Sunday at 2:30 p.m. in the Eastland Memorial Hospital. Cathy Jo is the daughter of Mr. and Mrs. Billy Jordan of 406 South Oak Lawn and the granddaughter of Mr. and Mrs. J. Y. Jordan and Mr. and Mrs. Harvey Fox.

Eastland Girls Tourney Winners; Mavs Win Two

Eastland basketball teams won and lost in the consolation finals of the Olden Invitation tournament over the weekend. The Mavs dropped a 44-39 decision to Olden while the Mavettes took a 38-20 victory over Putnam's girls. Sue Day paced Eastland to the easy win with 20 points. Sue got 10 field goals while Jo Ann Hollis, who took runner-up honors, netted 13 points on four goals and five throws. Eastland outshot Olden from the floor, getting 17 field goals to just 11 for the Hornets, but were swamped by 22 free throws. Olden led all the way, getting off to a 9-6 headstart in the first quarter, held on to a 21-19 score at halftime and built it to a 34-27 lead going into the final period of play. The Mavs, still suffering from too much football, had 18 fouls called on them, as Johnny McMahan and Harvey Lewis went out via the five-foul road. They were also bothered by Olden's defense, which completely tied up Dale Slatton, the Mav ace. Slatton moved to a guard spot in the final quarter and quickly sunk six points. He earned every point he got in the pivot spot, having to make impossible shots. Dale was the high scorer for the Mavs with 16 points, however. Eddie Munn got scoring honors with 20 points. The Mavs knocked off Putnam's boys 61-32 in gaining the consolation finals. Slatton got 30 points in the game, all on field goals. Dale was high scorer for the tournament with 66 points in three games. The Eastland girls gained the consolation finals by downing Scranton. Scranton, Carbon Win Scranton won honors in the boys' division, downing Ranger in the finals, while Carbon downed the Olden girls for first place honors. Ranger went into the final quarter with a 10 point lead, but Scranton put on a full court press and the Bulldogs seemed to lose all their control. Slatton, Paul Hinds of Ranger, Pete Mendez of Putnam, Eddie Munn of Olden and Buddy Starr of Scranton were on the all-tournament boys' team. Ann Mangum of Carbon, Elizabeth Fox of Olden, Geraldine Johnson of Eastland, Perks of Scranton, Butler of Putnam, and Payne of Carbon were named on the girls' all-tourney team. George W. Cole Dies In Gorman

An inquest verdict of "death by natural causes" was returned Monday by Justice of the Peace Em Boggs of Eastland after George Washington Cole, 80, was found dead in his home in Gorman. Parents said Mr. Cole was found in his bed by a neighbor. He was born April 19, 1876. Funeral services are pending with Higginbotham Funeral Home in charge of arrangements.

Tom's Sport Cars Is Eastland's Newest Dealer

Eastland is now West Texas headquarters for foreign made automobiles. Tom's Sport Cars is the newest automobile dealership here. Tom Calves of Abilene, brother-in-law of Don Pierson, owner of Don Pierson Olds-Cadillac here, opened the new dealership this week. The firm would stock Hillman station wagons, four door sedans and convertibles as well as other brand names such as Metropolitan, Triumph, and Nash Rambler. "We can get almost any foreign make car," he said. The firm opened this week after remodeling of the building was completed. V. T. Moser of Eastland will be manager. Moser formerly was a new car dealer here himself. Calves said the firm would operate over a wide area, making Eastland headquarters. Located next door to Don Pierson's, Tom's Sport Cars now has a number of foreign and domestic cars on display. Calves said the firm would stock Hillman station wagons, four door sedans and convertibles as well as other brand names such as Metropolitan, Triumph, and Nash Rambler. "We can get almost any foreign make car," he said. The firm opened this week after remodeling of the building was completed. V. T. Moser of Eastland will be manager. BAND CALENDARS GO ON SALE; FEATURE MAVERICK GRID TEAM

The Eastland High School band calendar has arrived and is now on sale. All band members have the calendars and you can get yours by asking, Band Master Howard Gill said today. The calendar, which usually features the band, this year has a large 13 by 10 inch picture of the 1956 Mavericks, state Class A semi-finalists. "The 1956 Eastland Mavericks, Champs All the Way," is featured wording at the top. "It matters not whether you win or lose, but how you played the game," is inscribed below the picture. The only other wording is, "We helped our team and the Maverick Band in 1956."

Breckenridge Blaze Is Fought By Local Firemen

Local firemen helped fight the fire which destroyed a radio shop, insurance agency, cafe, barber shop and service station in Breckenridge Sunday afternoon. Firemen from Eastland, Ranger, Cisco and Abilene answered the Breckenridge call and Eastland firemen helped put out the blaze, which was out of control for two hours. Two Southwestern Bell telephone trucks in the service station were also destroyed. Fire was believed to have started in the Little Kitchen Cafe. All of the businesses destroyed were located in the Swenson Building, which was built in 1918 and is still owned by S. T. Swenson.

Perhaps, the chamber of commerce should spearhead the move. Herb Tanner says he did some work on the situation some years back, but met with little enthusiasm. We would like to see him present his recommendation to the board of directors again. If anyone can get the job done the chamber of commerce can. \$100,000 Gift Goes To Texas Cancer Center

AUSTIN — The M. D. Anderson Foundation has presented to the University of Texas a \$100,000 gift, first of five annual payments under a \$500,000 grant, for the University Cancer Foundation. The Cancer Foundation operates at the M. D. Anderson Hospital and Tumor Institute, a component

unit of the University in the Texas Medical Center, Houston. The Cancer Foundation is dedicated generally to strengthening the hospital's educational and research program.
The gift from the Anderson Foundation, one of the hospital's principal benefactors, was announced at a University Board of Regents meeting held primarily to give initial consideration to recommendations for a Permanent University Fund investment policy which will become operative early next year.

The Board will give full consideration to this policy at a Jan. 11-12 meeting. It has the task of outlining objectives, policies and procedures for a more diversified investment program authorized by a constitutional amendment approved in the Nov. 6 general election.
Permanent Fund investment heretofore had been limited to government bonds. Under the recently approved amendment, up to 50 per cent of the total fund (currently about \$267,000,000) may be invested in corporate bonds, corporate stocks and guaranteed real estate mortgage paper.

WRAPPED FOR WINTER—Wrapped in shimmering polyethylene, this old house in Lafayette, Ind., is the result of one cold winter night when the temperature fell to 10 degrees below zero. The goldfish bowl in the living room froze over, despite the fact that the oil burner was on. Purdue University Agricultural Experiment Station suggested wrapping the poorly insulated building in polyethylene film. Agricultural engineers are still testing the temperatures inside and out, but the residents of the house have been able to turn down the oil burner at night, even in coldest weather.

STORY NO. 4

Buy, Scare or Kill Him -- That's The Duval Rule For Successful Bossism

By—FRANZ ROSENWALD

SAN DIEGO, TEX.—The first thing any smart dictator does is destroy the freedom of the press. Dictatorship, whether it be called Nazism or Bossism, and a free press cannot exist together.

In a later article I want to tell you how the press played an indispensable role in the collapse of the Duval Duchy.

But right now I want to talk about Manuel Marroquin, who was beaten because his little newspaper published things the boys didn't like. It's a lot like other things I've seen in other places, halfway around the world.

The first Nazi storm trooper I ever saw was at a Hitler birthday rally in the Berlin Sports Palace. He was a smiling, affable fellow, booted, wearing a Sam Brown belt over his neat khaki shirt. On his left arm was a swastika, emblem of good luck. At his side hung a dagger in its sheath.

Hundreds of his fellows were there about to hug him, all smiling, all good natured, wearing photographs of Der Fuehrer and copies of "Mein Kampf."

My storm trooper worked in a bakery not too far from my home. I knew him well. He was a bit on the rotund side, jolly, and he wouldn't hurt a fly.

This was long before Hitler came to supreme power in Germany.

Hitler made his grand entrance—and a man near me laughed at the strutting little bantam rooster with the funny moustache.

My mild-mannered baker was on him in a second, beating him in the face with his fists, tearing his glasses off and flinging them in the aisle. Another storm trooper moved in, deliberately crunching the glasses under his heel, his dagger drawn and pointed at the man who was being beaten.

Nobody in the vicinity moved, and the ovation for Der Fuehrer roared on. The storm troopers hustled the man out. My mild-mannered baker returned in a few minutes, jovial, smiling, selling his pictures of Der Fuehrer.

The first pistolero I ever saw was just the other day in the Windmill Cafe in San Diego, Texas.

He was a smiling, affable fellow, booted and wearing a neat khaki shirt. Belted to his side was a 45 in a holster.

That same day I tape recorded the story of Manuel Marroquin, publisher of a little political paper called "New Duval," a paper dedicated to the destruction of the dictatorship of George Berham Parr.

The incident, the parallel with

the peace and resisting arrest. He was acquitted in court. A Jim Wells County court.

Let's take one more parallel case—and there are literally hundreds that might be cited. We'll consider Manuel Sanchez, a grocer. He's a Latin-American and his name is Spanish. The name is curiously close to that of Don Quixote's roly-poly squire in the famous Cervantes satire. But this Sanchez, also a roly-poly man who weighs over 400 pounds, isn't tilting at windmills.

Manuel Sanchez' name might have been Schultz and he might have lived in Berlin. His experience would have been the same.

Sanchez' sin in San Diego was to vote—and talk—against the machine of George Berham Parr.

Sanchez' business was placed under a strict boycott. He was threatened. People on relief (and these are many in Duval, particularly at election time) were ordered not to trade with him. His business was ruined. He might just as well have had "Juden" written on his forehead. He was soaped on his window and storm troopers posted at his door.

In Hitler's Germany the terror hours were at night. It was a favorite sport of the storm troopers to route suspected enemies of the Reich out of bed, line up the family and glare powerful flashlights into their eyes. The troopers would say nothing, just stand back of the lights. Sometimes this would be repeated night after night for weeks. Eventually some member of the family would crack and blurt out a confession. The next stop would be a concentration camp.

Manuel Sanchez and his family were subjected to the same treatment in a modified form. Parr's hully boys would drive up to the Sanchez home at night and throw the blinding beams from strong flashlights into the faces of Sanchez and his family, into the frightened eyes of Sanchez' mother, who was ill. Sometimes George Parr took a personal part in these expeditions.

Hitler's storm troopers didn't bother to get search warrants when they pulled a raid. Parr's men at least went through the motions. Parr's sheriff obtained an illegal warrant and ripped Sanchez' store apart in a search for alleged narcotics. Sanchez was smart enough to get witnesses. No narcotics were found.

The story of a dictatorship cannot be fully told except in terms of living people—and we could go on and on with stories of Duval, each story with a counterpart in the Germany that I knew, the Germany from which I escaped. There's the story of Cristobal Ybanez who was personally beaten by Parr who swung a rifle at his head. But why go on?

Manuel Marroquin's story illustrates the pattern. A smart dictator and a spunky newspaper don't mix. That's one of the big reasons why the Duval machine broke down, as I'll tell you about in another article.

'Federation Affairs' Is Studied By Thursday Afternoon Club

A program on Federation affairs was given at the Thursday Afternoon Club in regular meeting on January 3 with Mrs. Frank Castleberry as leader.

Mrs. Joseph Perkins discussed "Education in a Changing World" basing her comparisons of the changes in education on excerpts from Lloyd C. Douglas' last book "Time to Remember", a series of reminiscences of the "good old days". Mrs. Perkins prefaced her talk by asking the members to participate in a literary education which was compiled by Mrs. Perkins as chairman of the education Department of the General Federation of Woman's Clubs.

The second part of the program was a description of the club home in Austin, owned and operated by the Texas Federation. It was pointed out that the buildings and furnishings are valued at one half million dollars and represent a federation home of which Texas Club women may be very proud.

Mrs. Sparks, president, presided at the business session. Reports were approved as read, and it was announced that the election of officers will be held on January 17. It was voted that each member contribute one dollar to the Hungarian Relief fund sponsored by the Federation.

UNKRA allocated eight-and-one-half million dollars for the plant, which will have a potential capacity of 200,000 tons of cement per year.

For the holiday seasons ahead Mary Carter introduces ruffles upon ruffles of fine nylon tulle. The shirred torso bodice sweeps into a dramatic back interest of French silk roses and streamers.

Cadillac

Finally Believed His Eyes and Ears!

He has heard and read a great many wonderful things about this new 1957 Cadillac since it made its first appearance a few brief weeks ago—

—about its magnificent new luxury, for instance... its brilliant new power and responsiveness... its marvelous new handling ease... and its extraordinary new smoothness of ride.

And so, quite frankly, he began to wonder if it weren't all too good to be true. Could any motor car be as wonderful as this latest "car of cars" was reputed to be?

Well, he's decided to put his eyes and ears to the test today. And the verdict is unmistakable!

It's a joy just to lean back into those deep, soft cushions and look out over that graceful hood into the beckoning highway.

And what a revelation the car is to drive!

A curve in the road ahead? He simply follows it with the arc of his hands and the car responds with perfect obedience.

A hill in the offing? He just nudges the accelerator and the car sweeps up and over as effortlessly as if it were traveling the level road.

A stop light coming up? He presses his foot—ever so gently—on the broad braking pedal and comes to the smoothest, surest stop imaginable.

Yes, it's true what they say about this newest of Cadillacs. *This is far and away the finest motor car ever to travel the world's highways.*

How about you? Have you heard the wonderful things they're saying about the 1957 Cadillac? Well, the proof is in the driving—and the facts about Cadillac have never been more convincing.

NEW "JEEP" MAKES BOW

The "Forward Control Jeep" FC-150, all-new addition to the expanding line of Willys Motors four-wheel drive vehicles, is now being introduced by Willys dealers. Key feature of the new model is the "up-front" location of the cab, which allows maximum usage of the vehicle's compact wheel-base for payloads, and at the same time places the driver in the best position for split-second all-direction visibility. The FC-150 is powered by the same F-head "Hurricane" engine proved for ruggedness and economy in the "Jeep," and is engineered with four-wheel drive for off-the-road service over all types of terrain.

FIVE NEW FORD glamour wagons long, low and loaded with Go!

Leave it to the station wagon leader to make the big news for '57! And what news! Wagons so big, so full of fine-car prestige that you'll wonder how it can be done at low Ford prices.
If your choice is the Country Squire, you'll be proud to pull up at the finest places in this new glamour wagon with its wood-like trim.
If your needs call for a 6-passenger wagon with four doors, you'll love the new Country Sedan. It has almost nine feet of loadspace—nearly a foot more than ever before.
There's still another 4-door Country Sedan. It has the extra third seat for 9-passenger room. And, as in all Ford wagons for '57, you have the new single-control handle

which opens both the wrap-around liftgate and tailgate with one motion. And they can't be opened from inside!
There's good news, too, about Ford's popular Ranch Wagon. This 6-passenger, 2-door model features Ford's new subdued tones, and smart interiors which defy muddy little shoes and drippy chocolate cones.
In the wonderful way that Ford can take a fine thing and make it even finer, the Del Rio Ranch Wagon goes beyond the Ranch Wagon in style, fabrics and trim.
Better take a Ford wagon for a spin. You'll agree that for styling it's a sweetheart... for work and power, it's an obedient slave!

New '57 Fords have toughest shake-down cruise in history!
The '57 Ford broke 458 national and international records from 1 kilometer to 50,000 miles at Bonneville, Utah. For 50,000 miles, two '57 Fords averaged over 100 and 108 mph respectively. This time included all pit stops... the greatest endurance feat of all time!
