

Cisco, Ranger Lions Join Garrett Parade

Cisco and Ranger Lions clubs have joined the Eastland Club in sponsoring H. R. (Pop) Garrett in his bid for District 2-E governor. That announcement was made today following a planning meeting held here Tuesday.

Garrett, present deputy district governor, is an active member of the Eastland Club. In the past, however, he was a member of the Cisco club for 17 years, serving as president in 1947-48. He has served as director of both the Eastland and Cisco clubs. He also served as zone chairman.

Garrett also served as chaplain of the American Legion Post at Cisco, as chairman of the Church Board for several years, as post commander of the VFW and as District commander of the VFW. He is listed in Who's Who in American Education and is a

member of Phi Beta Kappa. Eastland club members plan to visit a number of clubs in the district to gain their support for Garrett. Folders are being printed to distribute to all clubs as well.

Dr. Fehrman Lund, president of the Eastland Club, said the help offered by Ranger and Cisco clubs was gratefully accepted by Local Lions. "It proved that Garrett is the man for the job when the tri-cities joined hands," he declared.

At present Garrett is county school superintendent. He previously taught at Cisco public schools and at Cisco Junior College.

Lions, Retarians Hear Dr. Jackson Speak This Week

Dr. Douglas Jackson, professor of sociology of religion at Southern Methodist University, was guest speaker this week at both the Rotary and Lions club meetings.

In his address before the Rotary Club, Dr. Jackson pointed out that Americans put too much stress on four things: "How big is it? How much does it cost? Is it the latest fashion? Did it break a record?" He declared that these are secondary questions. "The primary questions are: is it good, does it please God?" he concluded.

Speaking to Lions Tuesday, the SMU professor, who is leading the First Methodist Church Holy Week Revival here, pointed out that we are prone to do only things we know we can succeed at. He said Americans too often refuse to try to do things, "fearing we might fail."

Ronald Burton also spoke on atomic energy and solar energy at the Rotary meeting. He said that Texas Electric Service Co. is now a member of a group studying the possibility of using atomic power generators someday. "At present," he stated, "the cost is too high."

Eastland Players May Play In All Star Grid Game

Coach Carrol Shelton has received an invitation to nominate a lineman and a back from among the seniors on last fall's outstanding Eastland High School team to appear in the Ninth Annual Greenbelt Bowl Game. This all-star game will be held in Childress, on Friday, August 16, and will feature the top players from many high schools in West Texas and Oklahoma.

Coaches for the game have not been named yet, but they will be of the same high calibre that have made past Greenbelt Bowl Games a high point in the athletic experience of the boys participating in the game. The coaches, when they are selected, will have the difficult task of selecting the 48 boys who will make up two all-star squads to appear in the game. Many of the boys who have participated in this game have received athletic scholarships as a direct result of their performance in this game.

And let's be practical about this thing. Let's quit accepting mail that we lose money on. If a first class letter does require four cents postage, let's charge it. And if it takes that much to handle a newspaper, magazine or piece of advertising junk mail, let's charge for that too. And if we see that the post office is still going to lose money, let's get the government out of the business. We can't help but believe private industry could handle the job just as cheap for the taxpayer and still make a profit.

We had a reader powerfully upset this week because her name didn't get in the paper when it was suppose to. And we publicly apologize to her and all the folks she has told about it. But we deny that we sit with our feet on our desk all the

Pittman, who was elected "Miss Service Battery" recently to represent the Ranger unit of the National Guard in the contest for "Miss 49th Armored Division." Miss Pittman will compete against 25 other contestants for the grand title in Dallas before June 1. The winner of the Dallas contest will be escorted to the Governor's Day Parade and other social functions of the division during the week-end of June 7-8. Miss Pittman is 18 years old, has brown hair and blue eyes and weighs 110 pounds.

Writer Calls Crappie King Of The Panfish

(Editor's Note: Since Lake Leon is getting to be known as Texas' best crappie fishing spot, this story which appeared in this month's Texas Parade magazine seems appropriate.)

By L. A. WILKE
If all the fish caught in Texas in a year could be rolled in cornmeal and dropped in the frying pan at one time by far most of them would be crappie.

There's a mighty good reason. There just is no better pan fish. They propagate easily, they mature to fair size, can be caught on just about any kind of fishing tackle.

Creeled count over a given period, just issued by the Texas Game and Fish Commission, show some four million crappie—black and white—were taken during the same period of time that yielded only 2 1/2 million of those mischievous little sun fish.

For one thing crappie will hit 12 months of the year. There are reasons when crappie fishing is better, such as right now. But they can be caught anytime and worms, minnows or small lures and under some of the craziest conditions.

Both white crappie (Pomoxis annularis) and black crappie (Pomoxis nigromaculatus) abound in Texas. It is no exaggeration to call them the "king of panfish." Their characteristics

and feeding habits are almost identical. In fact most fishermen fail to distinguish the difference by the male white and black crappie. They look exactly alike, except that the white crappie has five to seven dorsal spines. The black has seven or more dorsal spines, and is heavier built than the white crappie.

Successful crappie fishing is pretty much of a trail and error proposition. Their MO runs somewhat uniform for the season, however. Year in and year out, a good crappie fisherman knows about when to do what, and comes up with good strings.

Right now we are talking of the catch as catch can fishing. There are baited holes where crappie fishing is good almost any day and in any kind of weather. Most of the major lakes in Texas have one or more places where they charge so much per day to sit in comfort under a roof and fish through holes in the floor. Below the fishing hole was baited the night before. Mostly women and children fish these places and mostly the fish caught are small, although there are times when some very fine large crappie are taken.

A pretty good crappie will run a couple pounds. Anything over a pound is a fair fish. Sometimes they'll run to three and four pounds, while a few have been caught that weighed as much as five pounds.

Mostly crappie are taken on minnows. They do like worms, however, and many times a good

Mays Finish Fourth As Owen Wins Mile

Two From Eastland Qualify For State

BROWNWOOD — The Eastland Maverick track club grabbed off one first place here Wednesday and added seven other points to it to take a close fourth place in the regional track meet.

Norman Owen, the Mays' fine mile, was the only Eastland boy to break a tape during the day. Owen stepped off a 4:49.8 mile

to win that division handily. Bill Upchurch tied for second in the pole vault and Clyde Young finished fourth in the 440-yard relay. Saul Pullman was second in the 220-yard dash and the Eastland mile relay team finished fourth.

Richard Springs won the meet with 25 points. Hawley had 15, Mason 13, Eastland 12, Rising Star 11, Hubbard 9, Cross Plains 9, Early 8, May 6, Eden 6, Clyde 5, Blanket 5, Sidney 3, Llano 3, Cranfills Gap 3, Carbon 3, Walnut Springs 2, Scranton 2, Meridian 2, Bangs 1, Hico 1, Albany 1, Goldthwaite 1 and Rochelle 1.

The only record held by an Eastland boy was smashed in the meet. Calvin Cooley of Hawley ran the 120-yard high hurdles in 14 seconds flat to erase a record held by Eastland's J. D. Hanson (14.7) since 1954. Cooley actually did it twice. Once in the prelims and again in the finals. His performance equaled the national record.

Owen and Pullman will represent Eastland in the state meet in Austin. The Eastland High golf team, regional champions, will also go to the state meet, which will be held May 3-4.

Eastland Aggies To Muster At Possum Kingdom
The 1957 Aggie Muster for Eastland, Stephens, Throckmorton and Shackelford counties will be held at Boyd Brazee's Cabin on Possum Kingdom Lake, Saturday, Barbecue will be served at 6:00 p.m., and the program will start at 7:00 p.m., according to Ed Steele, Jr., Muster chairman.

The road will be marked with maroon and white streamers from both Graham and Ivan.

The meal will be free as J.M. (Hap) Graham is furnishing the beef and the other Aggies from Young County are furnishing the rest of the food. It was the thought of Graham and the other Aggies that the Aggies from this 5-county area would like to have a scholarship fund for the Opportunity Awards Program. After the program, the hat will be passed and all who desire will be invited to contribute.

Henderson Shuffler, head of the Publicity Department at A. and M. College, will be the main speaker and will explain the Opportunity Awards Program and discuss other activities at College Station.

Each year for the past 54 years former students of Texas A. and M. College gather together to pay homage to their fellow classmates who have passed on and humble tribute to the Texans who won the freedom of the State at the Battle of San Jacinto near Houston, 121 years ago.

Members of the Eastland Independent School Board have re-elected M. H. Perry as president of the Board.

H. T. Weaver was also re-elected as vice president and Billy Frost as secretary-treasurer at the regular meeting of the Board. Dr. J. O. Jolly was sworn in as a new member of the Board and Curtis Koen, re-elected in the recent trustee election, also took the oath of office.

Board members also re-elected school principals. Charles P. Marshall was re-elected high school principal, J. W. Bailey as Junior high principal, J. W. Turner as West Ward principal, Bernice Parkman as South Ward principal and Garland Washington as Douglas School principal.

Paul Brashear's Game Bill Goes To House Wed.

AUSTIN — The game bill for Eastland County that had local residents argued for fear of a completely closed season was tempered to apply only to the Sabana game preserve and set for House passage Wednesday.

The bill as amended will apply only to wild turkey and deer within the limits of the game preserve. It also gives the Eastland County commissioners court a veto power over season limitations proposed by the State Game and Fish Commission.

Boxing Meet Set For Desdemona

DESDEMONA — An invitational boxing meet will be held in the Desdemona gymnasium Saturday beginning at 7:30 p.m.

The Senior Class of DHS is sponsoring the meet, and entries must be in by 6 p.m. Saturday. All weigh-ins also must be made by that time.

Classes are high school, open, pee wee and novice.

Eastland Will Host Legion Convention

Eastland has been selected as the host city for the Fall District 17 American Legion convention. Selection of the city has the next meeting place same Sunday at the annual Convention held in Breckenridge.

Troy S. Bowen of Roscoe was selected commander of the district at the Breckenridge convention, Herman Fitts of Mineral Wells was elected vice-commander, B. McDaniel of Mineral Wells was chosen sergeant-at-arms and Richard Cox of Ranger was named adjutant.

Mrs. Joe M. Overton of Albany was elected president of the Legion Auxiliary. Mrs. H. C. Croom of Ranger was named vice president. They will be installed at the Houston departmental convention in July.

About 350 registered delegates, including members of the Auxiliary, attended the Breckenridge convention and over 50 percent of all the posts in the district were represented, according to Cox. The convention went on record as supporting Dr. Cyrus B. Cathey, past district commander of Hamilton, as a candidate for Fifth Division commander.

Drew S. Clifton, Tarrant County judge, was principal speaker at the program. He told convention delegates that, "The relationship of such of us to our government depends on us. We should think and talk again about the privileges of freedom. We go to battle to fight for freedom we believe in and then we come home and for-

Union Easter Services Are Planned Here

Special union Easter Services will be held this Sunday in Eastland.

The service, sponsored by the Ministerial Association, will be held in Maverick Stadium if weather permits beginning at 5:59 a.m. If weather is bad the service will be held in the First Methodist Church.

Complete plans will be announced in Sunday's paper.

A "RENOIR" FOR EASTER SUNDAY — Inspired by this painting by famous French artist Auguste Renoir, "Young Girl With a Rose," is this flower-laden Easter bonnet. Called by its designer "Flower Shower," the hat combines leaty pink and red roses with white wood violets on a silk net base. This millinery masterpiece is but one of a series in the designer's Renoir collection, capturing the mood of the painter's work.

Don't Be Late On Matters About Social Security

Ever miss a bus or a train for a station because you got to the station or terminal a few minutes after the time table said was departure time? That wasn't too bad in most cases, for there was another train, bus, or plane coming along not too long afterwards that you could still take.
However, R. R. Tuley, Jr., Abilene district manager for the Social Security Administration, reports that being late on some social security matters might mean missing out on thousands of dollars of protection against income loss by reason of death, disability, or old-age.
Space doesn't permit giving a detailed report on all such possibilities, but Tuley suggests our readers give the following a thorough going-over and make certain to get in touch with his office if any of the items seem to apply to them:
1. Clergymen, if ordained before 1955, must file their waiver forms with Internal Revenue before 4-15-57, in almost all cases, if they expect to ever get any social security credits.
2. Persons severely disabled for more than a year probably will never benefit from the disability provisions of the law if they delay inquiry until after June 30, 1957.
3. Certain school district employees who do not have to have state certificates to hold their present jobs cannot get social security coverage unless the school district takes affirmative action before 6-30-57.
4. Persons receiving social security benefits who were under age 72 for part of 1956 must file annual reports on 1956 earnings if

such were more than \$1200. Such reports filed after 4-15-57 may result in penalties.
5. Insured persons past age 65 with annual earnings of less than \$2088.01 are losing money by not filing their social security claims now.

TELEPHONE TALK

by W. H. McNally, Manager

9,000 CALLS A MINUTE

Have you ever thought, as you picked up the phone, how many other people were doing the same thing that very minute?

Well, believe me, you're not alone—you've got lots of company. Texas people used their telephones 9,000 times a minute last year.

That's just for local calls, Long Distance lines were busy, too, as Texans called out-of-town 98 million times in 1956. This was a record number of both local and Long Distance calls, but it looks now as though 1957 will be an even busier telephone year.

What's behind the steady increase in the number of telephone calls? For one thing, thousands of new telephones are added each year, but there's more to it than that.

Nowadays, people seem to count on their telephone to do more errands for them, to help them keep up with the faster pace of living and doing business.

Personally, I think it makes a lot of sense. You can do just about everything faster and easier with the telephone.

LOOKING AHEAD TO WEEKENDS

If you're like most people, you look ahead to weekends. That's when family and friends get together to relax and have fun.

Unfortunately, sometimes all the family can't be on hand, or perhaps you haven't heard from some old friends for too long a time.

There's no point in letting this dampen your weekend fun. Just reach for the telephone and call them Long Distance. They'll be glad you called... and so will you.

Rates are lower all day Sunday, and after 6 p.m. weekdays.

And remember to call by number—it's twice as fast.

CONVENIENCE IS HERE TO STAY

All around the house, every day, we see convenience and more convenience.

Dad has his easy chair conveniently located next to his favorite reading table. Mother has a novel or her sewing basket near her. And the youngsters like to have a radio or record player in their room.

Maybe this is the time to take another look at your telephone service to make it more convenient for you and your family.

Why not have telephones where you want them, when you need them? We'll install additional phones wherever they serve your family best—in kitchen, bedroom, or any room in the house.

The cost is low, only \$1.10 a month and a small one-time installation charge. Just call the telephone business office.

Homes and Gardens Are Toured On Annual League Pilgrimage

A coffee at the home of Mrs. Billy Frost, 139 Dixie, and then a tour of that house began the annual Home and Garden Tour of the Civic League and Garden Club Wednesday.

The gardens of Mrs. H. L. King, 613 South Daugherty, and of Mrs. James Horton, Halbryan and Pershing, were then visited by club members and their guests. Mrs. Fehrman H. Lund was leader of the tour.

Hostesses with Mrs. Frost at her home were Mesdames Virgil Seaberry, Jr., James C. Whittington, and Jack Carol. Members of the houseparty were Mesdames J. E. Spencer, Wiley Biggs, Cyrus Frost, Jr., and Horace Horton.

A large arrangement of iris decorated the dining table where Mrs. Arthur Murrell, president of the club, poured coffee from the silver service. Miniature doughnuts were served.

Other arrangements of spring cut flowers decorated the attractive two-story home which has recently been redecorated.

Mrs. King and Mrs. Horton each led guests through their respective gardens where they were complimented on the interesting landscaping, luxuriant plants, and early blooming spring flowers. Iris of many colors, pink lilacs, purple thrift, pink and purple bouganvillea, verbena and others.

time. Every now and then we take 'em down, pull off our shoes and socks and scratch our feet.

Something may happen this year that could make Eastland County be the most talked of high school golf section in the state. Eastland's Mavericks are rated a good chance to win the Class B state title, having easily won regional honors, and the Ranger Bulldogs, also regional champs, are favored to repeat as Class A state champions. That would really be something. And by the way, those lively boys that we thought we would have this year, are really setting the world on fire down at Athens too.

We never did receive that copy of the amended bill on fishing and hunting which Paul Brasher promised us. As soon as we get it we will publish it.

...ring can be caught on worms, especially the large garden worms.

They are excellent little game fish for fly rods with bugs and spinning tackle with light lures. Little spinners and such small lures as Tiny Tads, Sonics and Runts on light tackle will sack 'em up!

Crappie do so many crazy things it is difficult to say just how they will be caught on any given occasion, except as the season pattern.

A lot of early fishermen who catch big crappie fish close to the banks, in about three feet of water, using minnows. They have found that the crappie will not hit unless the minnow almost hits him in the face. These fishermen fish in known crappie habitats. This usually includes where a shelf or ledge drops off. Plenty of plankton covered brush is almost a sure bet.

Here it is good to use a cane pole, with a line about equal to the length of the pole. It should

be fairly heavy line, equipped with a quill type float, with a shot sinker and a No. 4 or thereabouts snelled wire hook.

Hook the minnow either through the lips, the back or tail as you prefer. The larger the minnow the larger your fish likely will be, although some small fish can take a pretty big minnow.

Make plans to welcome back Eastland's ex-students now. June 8-9—date for the first annual all-school homecoming—is just around the corner. Do your part to make this Texas-Biggest Homecoming.

Pound of Feathers Really Outweighs Pound of Gold

Would you believe that a pound of feathers weighs more than a pound of gold? Well, it's true.

Do you know that for hundreds of years gold was thought of only as "yellow" but that today far more women seek white gold diamond rings than those with yellow gold?

A pound of feathers weighs more than a pound of gold because feathers are weighed on an "Even-Balance" type of scale which uses 16-ounces to the pound while gold weights are measured on a "Troy

Scale" which takes 12-ounces to the pound.

According to the research division of Feature Ring Company,

leading manufacturer of diamond rings, the American woman favorings showed up years ago. But white gold over yellow gold in the past year or two have rings she wears. In the bigger cities women in the rural areas display-

ed their taste for white gold.

Here is the kind of palatability, fast gain, top feed efficiency hog raisers really like to see.

In tests conducted by Doane Agricultural Service, Inc., Nutrena Creep-20 and Pre-Shoot 16 produced these booming, economical gains under practical farm conditions.

These are research results you can really depend on to help you pick a pig starting program this spring.

(Tests started when pigs averaged 17.9 pounds—results verified by Doane)

FOR LAS LEALES CLUB

Mrs Don Russell Reviews Musical

"My Fair Lady," said to be the best musical of the century, was reviewed by Mrs. Don Russell Monday night for members of the Las Leales Club and guests in the Women's Club.

Julie Andrews, will never make it. But Higgins is relentless and pounds away at Eliza until she is ready to "do 'im in!" Suddenly all the grueling work begins to show results.

Local Music Students Present Program At Music Study Club

With Mrs. B. F. Pryor as program leader, Howard Gill presented five members of the Junior High School Band at the Wednesday, April 3, meeting of the Music Study Club.

First Christian Services Being Well Attended

The Holy Week Services of the First Christian Church, now in progress, has had excellent attendance, Rev. Roy Turner, pastor, said today.

Employment with T.C.U. Mr. Campbell served as the Director of Extension and Education for the Supreme Lodge of the Knights of Pythias.

An important part of each service is the period of fellowship singing led by Bill Collings assisted by a Men's Chorus.

"The Friendly Church Presenting The Vital Gospel" invites the community to come worship with them during this wonderful series of services.

FORMER RESIDENT VISITS

Mrs. Carl Springer of Abilene, formerly of Eastland, was an Eastland visitor Tuesday.

VISITS THIS WEEK

Visiting in the home of Mr. and Mrs. Frank Sparks this week are Mrs. Joe Sparks and children of Lubbock, formerly of Eastland.

Have you invited an ex-student to be a guest in your home during the Eastland High School homecoming, June 8-9? If you haven't, do so today.

Now, That it's Spring Again--

... we are reminded of the many joys and pleasant memories for which this season is noted. But Spring may bring hail and windstorms, too, which are not so pleasant, and sometimes they bring death and much destruction of property, without warning.
