MOORE about... EASTLAND

by Virgil E. Moore

Every since Billy Frost hung that liberal label around our neck in his letter to the editor the other day, we have really been taking the kidding. To quote Gov. Price Daniel, "Me 'n' Dot!"

And we should have spotted J. O. Earnest coming from a mile away when he cornered us in the drug store to tell us a joke. J. O. said a fellow he knew was fixing to get married, but wanted his future wife to know all about his family. The guy pointed out that his father was a bootlegger, his mother a shop lifter and his sister a narcotic user.

"What about your brother?" the sweet young thing asked. Her to-be bowed his head and said, "Honey, I just can't tell you about him."

Alpine, a city of some 5,200, sits on a hillside overlooking the Rio Grande. It would seem that a city its size deserves accommodations that are no better, (if as good) as here in Eastland. The city does have a beautiful mountain area, of course, but it is not centrally located.

We probably could land quite a few salaried conventions (in the 200 to 500 class) if we got on the ball. Since our hotels and inns have most to give, they probably should be the reasons working through the chamber of commerce, of course.

Talk hasn't gotten very public yet, but you can look for work to begin on a new extension to Eastland Memorial hospital in the not too far future. The present facilities are being taxed heavily. The Hospital Board still has the \$10,000 donation given them by the Ford Foundation, but that will probably not be enough money to build and furnish the new section.

The donkey ballgame at Fireman's Field tonight should really be something to see. Forget who it was who wanted to know if there would be programs available, so that fans could tell the players from the donkeys, but it sounds like a good idea.

They tell us that Larry Kinard is to wear a Lone Ranger get-up and that M. H. Perry will come dressed as Roy Rogers. Two will be your one that neither one of 'em even manages to get on one of those donkeys, much less make it as far as first base.

It will not be long until United Fund time rolls around. We hope that you will start making plans right now to give generously to the fund. When the UF volunteer gets to your door, make him realize you know he is just helping out his community, and not begging for himself. Why not have your check waiting for him this year? You certainly must realize it is much better to give once than it is to contribute numerous times. Let's keep the UF strong in Eastland.

The Fayette (La.) County Union carried some good advice not long ago. We quote: "When you argue with a fool be sure he isn't similarly engaged."

See you later. We've got to go polish our trophy!

Visitor From Israel Finds America 'Big'

By FRANCES MOORE
"America is such a big, wonderful country and Israel is so little!" Those are the words used by Mrs. Anna Lasnick of Haifa, Israel, to describe what she thought of America. Mrs. Lasnick has been visiting her uncle and aunt Mr. and Mrs. Henry Pullman. She has been in the United States since May 9.

Mrs. Lasnick stated that with two or three thousand refugees moving into Israel each week their country was very crowded. She added that the schooling system was much like that of America's with the children starting to school when they were six and going on through the twelfth grade. She also said they had a fine University.

"Because of the large number of people in the cities of Israel," the Israelite explained, "the housing mostly consists of small efficiency apartments. On the farm though, the people have bungalows."

Mrs. Lasnick's home is located on a farm. "What do your people think of the Russians?" she was asked. She replied, "All of my people want freedom."

Thirty six members of Mrs. Lasnick's immediate family were killed by the Germans, during World War II, giving her ample reason to hate war.

The black-haired woman is the mother of two daughters. One of her daughters served in the Israeli army for one year before her marriage. When an Israelite girl reaches the age of 18, she is obligated to serve two years in the army, but can withdraw if she gets married during that time. Her daughter was a corporal at the time of her resignation.

Mrs. Lasnick, the daughter of Pullman's sister, left Eastland by bus Tuesday evening for Dallas where she will visit another uncle before flying to New York, Aug. 28. She will board a ship there for the 12 day trip back to her home land.

I Give You TEXAS

By BOYCE HOUSE

One of the most colorful individuals I have ever met was Dr. Brinkley — frequently spoken of as "Doc" Brinkley — whose name was linked with gland operations.

He was living in Del Rio and was the owner of a radio station on the Mexican side of the Rio Grande. The station was so powerful that it could be heard over a large part of the United States. A large part of the mail handled by the Del Rio post office consisted of thousands of letters and cards from listeners and much of the patronage of the hotels was made up of visitors there in connection with the Brinkley Sanitarium.

Dr. Brinkley owned two planes. In fact it was at the Del Rio airport that we met. Walter D. Cline of Wichita Falls, the president of the West Texas Chamber of Commerce, flew down in a private plane to speak at the annual Del Rio Chamber of Commerce dinner and D. A. Bandoen, then WTCC manager and I came along for the ride. (I was staff correspondent for the Fort Worth Star-Telegram).

The celebrated doctor was on hand to greet us. Also on hand — on his left hand to be exact, was one of the largest diamonds outside the British Crown Jewels and in his tie was the mate to this dazzling gem.

He wore costly clothes, was handsome had an impressive manner and a beard.

We saw one of his planes — a luxurious cruiser — and met his private pilot. Later we visited his mansion and admired the spacious landscaped grounds.

In the yard was a fountain and that night as we returned from across the river, we saw the shimmering waters, first a royal purple, then a brilliant green and then a rich crimson. The fountain was the first of the kind I had ever seen. It cost several thousand dollars.

It was related that a man who had had several drinks in Villa Acuna was returning to Del Rio and when he saw the rapid succession of colors, he figured he was "seeing things" and he exclaimed "I'll swear off drinking."

Some years later, I was in Del Rio to speak at the high school graduation and the greatest applause of any senior was accorded Dr. Brinkley's son.

EASTLAND COUNTY MELON—Bob Perkins, left and Chamber of Commerce Manager, H. J. Tanner found that it was an 87 1/2 pounder when they finally put the big watermelon, which has been on display in the Eastland National Bank, on the scales. Willie Speaker was the man of the day. He guessed 87 pounds and won the melon. The giant watermelon was grown by Larry Harding of Route 1, Rising Star. (Photo by Arrow Foto.)

GOOD CASH CROP

Melon Growing In County Increasing

Eastland area citizens were amazed at the size of the watermelon which was on display here all last week at the National Bank. The melon, the largest grown in Eastland County which was brought here, was put on display by the Chamber of Commerce.

H. J. Tanner, C-C manager, presented 14-year-old Larry Harding, Route 2, Rising Star, with a cash bonus for the melon. It weighed 87 1/2 pounds, and was won by Willie Speaker, who came within half pound of guessing it's weight.

Actually, melon growing in Eastland County has been going on for some time. In fact, Larry's father, E. B. Harding, has planted melons for some 10 years.

Like all farming, there are risks you have to take in melon growing. This year, for instance, insect damage was very small, but the market wasn't what it would have been.

There were not enough truckers either. About half of the Harding's crop went unsold. They were not completely disappointed, however, for they did fairly well on the melons they did sell.

The Hardings plant both Orange-Meat Tender Sweet melons and Charleston Greys. They find a

market for both types. Watermelons isn't the only crop on the Harding farm, however. Besides the 40 acres of melons planted this year, they also have 33 acres of peanuts, and 20 acres of cotton. They have fine fruit and pecan orchards on the homestead, too.

Larry, who has been active in 4-H Club work, will become a member of the Future Farmers of America this year. His dad admits he is a top hand on the farm.

Other farmers in the area who grow melons include Charley Blue, Buck Gregory and Oscar White.

Feed Is Basic Crop of C. C. Mahon Farm
The C. C. Mahon farm, which readers of this paper had such a hard time identifying in a recent Mystery Farm Contest, is located two miles south of Eastland on the Carbon Highway.

Mr. and Mrs. Mahon have owned the farm for six years. It was previously known as the Reynolds Dairy Farm.

Feed is the basic crop. The Mahons have 14 acres of oats, one acre of corn, a half acre of cane and some peas and watermelons. They list water melons as their favorite crop.

Crop rotation is stressed at the farm. Mr. and Mrs. Mahon are members of the Church of Christ.

Donkey Baseball Game At Fireman's Field Tonight

It will be man against beast tonight, when a group of Eastland men participate in the Donkey Baseball Game, being jointly sponsored by the Little League and Teenage League.

At present, the odds favored the donkeys, but the local group said plans were complete, and predicted the men will win out. Actually the men will be playing each other, with the donkeys being around to ride so that the players won't have to run the bases.

In truth, however, the players are expected to have more trouble with the donkeys than they are their opponents.

A number of new players have been added to the roster in hopes

of getting enough men to last out the game. When the game begins at 8 p.m. tonight at Fireman's Field these men have volunteered to be on hand:

Carroll Shelton, Elton Ables, Earl Lebrado, George Ford, Harold Reese, David Fry, Dr. F. H. Lund, Willard Griffin, James Reid, J. C. Butler, Raymond Caudle, Bill Holliday, Larry Kinard, Herb Weaver, James Smith, Button Humphreys, Edwin Aaron, Dr. M. A. Treadwell, M. H. Perry, Rabb Steadum.

Willis Moore, Milton Underwood, Wells Dalton, J. D. Wilson, Gerald Ables and M. Q. Cartwright.

Donkeys are being furnished by Cliff Durham of Crescent, Okla. He says the donkeys are well trained.

A special attraction will be "Bonzo," the baby donkey. Fifty percent of the proceeds will be split by the Little League and Teenage League.

Reason Is Given For Delay In New Dial Service

W. H. McAnnally, district manager of Southwestern Bell Telephone Co., said this week that construction of new dial telephone exchanges in Eastland and Ranger had been delayed because citizens of both towns had indicated they were in no hurry for the service.

McAnnally said both Ranger and Eastland now have adequate service, and that since many other cities are faced with more acute situations, the dial service here had been set back.

He predicted, however, that construction on the two buildings would begin in the not too far future.

When dial exchanges are built in Eastland and Ranger, both cities will have no operators. Long distance service will be handled in Cisco.

We will have plenty of openings in Cisco to fill with operators from Eastland and Ranger, however," McAnnally explained. He pointed out that present employees of the company will still be able to live here and commute to Cisco, since it is only a few miles.

Sgt. Yarbrough Is Named Crew Chief of Month

Staff Sgt. James A. Yarbrough son of Mr. and Mrs. C. A. Yarbrough of Olden, has been named crew chief of the month at Hurlingham Air Force Base.

Sgt. Yarbrough was praised by Col. B. E. Hanson, for a "job well done." Col. Hanson, base commander, said as crew chief, Yarbrough's plane flew a total of 106:55 hours during the month while the average time flown by similar aircraft at the base was only 61:40 hours.

"The accomplishments in maintaining this aircraft are noteworthy and deserve special recognition," Col. Hanson declared. "The cleanliness of the aircraft was above normal and the aircraft forms kept in a neat and orderly manner."

Tommy Edwards of Olden and Randall Hoover of Ranger pitched the first game. David Wharton of Ranger pitched the second.

THEY LAUGH AT THE CROWN—An Iraqi soldier points his bayoneted rifle at a crown on the wall of the late King Faisal's palace in Baghdad. His laughing comrades in arms appreciate the grim jesture. Not far from here, Faisal was machine-gunned to death when the army-led coup took the country with sudden violence.

Letters To Editor

Dear Sirs: Tuesday, Aug. 5, I, through the generosity of the Eastland Telegram, put an article in your paper which stated I would bleed your

dairy cattle free of charge provided you would do certain things, one of them was to meet me at the Connelley Hotel and discuss means whereby we could accomplish the job efficiently. Due to the fact that you failed to show up I presume that you can afford to pay to have it done

and I am sorry that I asked you to do anything you shouldn't have been doing the last 25 years and I promise you that I will never pay a nickel of income tax so they can hire a government veterinarian to test or vaccinate one head of stock unless you build a chute. And apparently that is the reason you didn't show up. You didn't want to build a chute. It reminds me of a little boy who said that he liked to eat, but he had to be spoon fed. People, I'm not worth much at spoon feeding people that are supposed to be grown up. Now you go get your money from the widow women and children and the other people that pay taxes so you can get someone to spoon feed you. I am not very truly yours, Dr. Ben W. Clyatt.

Gorman Gatherings

- A wholesale firm is one which sells in quantities to a retailer who intends to re-sell the merchandise to his individual customers. The reason the wholesaler can sell at wholesale is because he does sell in quantities—and does not have to deal directly with each individual retail customer. A good question to ask then is: How can a wholesaler print and distribute thousands of catalogues to individual consumers, stand the cost of each sales transaction and still sell at "wholesale" prices? The answer is: He can't. He is mis-using the word "wholesale." By actual comparison, the cost of some merchandise listed in such catalogues is even higher than that charged for comparable items by the retailer.

CAUTION - CHECK THE PRICES IN THE "Wholesale" Catalog YOU MAY SAVE MONEY!
