

Moore... ABOUT Eastland

By VIRGIL E. MOORE

Received the nicest picture post card from Norman and Ruth Guess this week. Norman, the Olds-Cadillac salesman at Don Pierson's, took his wife to Mexico on their vacation. The post card was postmarked Laredo.

What was on the front of the card. A colored picture of Allan Shivers riding a horse. Maybe we will live this election before they start counting two years from now.

Nine years ago today Japan signed the surrender treaty with the United States. That was in 1945. It would do well for us to pause at least briefly today to thank God for the nine years of peace we have had - troubled though they may have been.

By the time you read this we will probably be gone. Not permanently, as some of you no doubt hoped, but for a brief vacation. Our substitute will be Mrs. Irma Parker, who is far better known in Eastland than Moore About. Will be back in time for the opening Maverick game, of course.

A glance at the birthday calendar shows us that there will be plenty of celebrating in Eastland during the next few days. Today, for instance, Barbara Stephens, Ray Pryor, Letha Lee Yancey, Linda Fay Powers and Allye Looney all become exactly one year older. And Friday W. C. Ivie and Mrs. L. E. Huckabee will be celebrating. Saturday Lucille Taylor and Sue Lovelace have birthdays.

That was some buttermilk Lion District Governor Joe Weaver was telling Lions about Tuesday.

Weaver told of the gentleman that stopped at a farm house for a drink of water. The farmer's wife was very nice and asked him if he would prefer some buttermilk which she had just churned. Naturally he said yes, and after drinking the first glass accepted a second. This time the farmer's wife added a little mountain dew without the gentleman knowing it and then she offered him a third glass and he accepted added even more of the fire water.

Thanking her, the man started to drive on, then paused and said, "Mam, I know you don't want to get rid of your cow, but if she ever has a heifer calf I sure would like to buy her from you."

It might not be quite cricket, but Eastland has declared war on those fiddle playing insects. When we got to work Wednesday morning the street was full of them, where businessmen along the block had swept dead ones away from their doorways.

Miss Minnie Mae Billingsley, the new home demonstration county agent just graduated from North Texas State College in Denton Tuesday. We surely do welcome her to Eastland, since we know she is top rate - as are all graduates of NTSC.

If you have seen her, we don't have to tell you she is an attractive young lady. She claims, however, that she plans to break the tradition of all former Eastland County Home-Eco agents and stay single.

We'd like to get a bet on that. R. J. (Josh) Billings Jr. representative of the USO, was in to see us this week.

The USO is something that we are prone to overlook in peacetime, and something that is actually more important in times like these than it is in wartime. The reason: A man knows why he is drafted into the army during a shooting war. In peacetime morale gets a little low, however.

No, the USO drive doesn't start tomorrow. See you... well, we will be back to see the Mavs beat, or should we say meet, Cisco.

By District Governor

Lionism Described To Eastland Club

"Lionism is an individual proposition," District Governor Joe Weaver of Olney told Eastland Lions Tuesday at their regular noon luncheon held in the Fellowship Hall of the First Methodist Church.

Speaking on the subject "Lionism and the Individual," Weaver told the group, "I like to think of Lionism as helping an individual as well as a community."

He said Lionism helps to improve an individual's thinking, helps an individual grow and makes an individual stronger.

Speaking of the Lions' Crippled Camp at Kerrville, Governor Weaver said, "If you want to have your heart softened a little bit, you might visit the camp. It will make you realize how much more we could do."

He went on to declare the camp as one of the most constructive things Texas Lions have ever done. Pointing out that the new Lions motto is "We Serve," Weaver said, "The things that we do that

Connelllee Hotel Is Purchased By Dr. Claude Reeves

The Telegram learned today that Dr. Claude L. Reeves of Oklahoma City, owner of the Victor Hotel in Cisco, has purchased the Connellee Hotel in Eastland.

The property, reportedly changed hands Wednesday. Dr. Reeves purchased the hotel from Don Hill of Eastland for an undisclosed sum. The Connellee is Eastland largest hotel. It contains some 80 rooms and several ground floor business locations.

Shelton Speaks To Rotarians On Grid Outlook

Coach Carrol Shelton told Eastland Rotarians that "we expect an interesting season" when he spoke to the club this week on the outlook for the Mavericks this year. Shelton and Assistant Coach Bobby Blair were guests of the club.

Shelton gave a review of his 51 candidates for the grid game. Visitors include D. Joseph and Hugh Smith of Ranger, and L. C. Davis and Pete Nance of Cisco.

Mrs. Lovelace Named Red Cross Safety Chairman

Mrs. Tom Lovelace Jr. has been named Eastland Water Safety Chairman for the Red Cross, J. W. Sitton of Cisco, county chairman, said today.

Mrs. Lovelace plans to teach several swimming courses for the Red Cross here next summer. There will be no charge.

DeLeon, Gorman Open Area Grid Wars Friday

DE LEON (Spl.) - De Leon and Gorman will kick off this area's grid season Friday night when they meet at 8 p.m. in De Leon. The game is the only one scheduled in the Eastland County area.

Last season De Leon edged out Gorman 7-6, and this year's game is expected to be just as close.

Coach Al Langford is the Bearcat's new head coach.

Norman Durham... gets doctor's degree

make us grow and make us be of help to our fellowmen" are what makes Lionism great.

"In a group like this there is a lot of strength," the governor stressed in concluding his remarks. "As a Lions Club we are made up of individuals and if we will all get together, we will learn, be softened and be a little more use to our community and to our nation."

Weaver was introduced by Homer Smith, president.

HUNTING GOOD FIRST DAY IN COUNTY AREA

Eastland County hunters got off to a good start Wednesday with most of them reporting good luck. Thursday found the hunters waiting for the noon go-ahead signal for another shot at the gun-shy doves.

No accidents were reported in this area opening day to make the record even better.

Many of the hunters came back home with their limit the first day. Several could hold up their fingers when asked how many they got. Others complained that there might be a lot of birds this season, but they couldn't find them.

Apparently there are a lot of native birds in the county and others have moved into the state enroute to their wintering grounds in Mexico and Central America.

Experts say the best time to hunt mourning doves is late in the day when they are moving to and from feeding and watering areas. They point out that the birds "loaf" in the shade in the heat of the day and do not move about much.

The favorite feed of mourning doves is grass seed, weed seed and seed of domestic grain such as red top cane, hegari and other kind of small grain, according to the boys who say they know.

The daily limit is ten doves. Possession limit is the same. Daily shooting ends at sunset. Shotgun must be plugged to three shots and rifles are prohibited.

One more bit of advice from the experts: Get the landowner's permission before hunting on their premises and if you are in doubt about legal provisions, check with Maurice Dry, county game warden.

Norman Durham Receives Doctors Degree From TU

AUSTIN (Spl.)—Norman N. Durham, son of Mr. and Mrs. Harold H. Durham, 909 South Seaman, Eastland, has been awarded the degree of Doctor of Philosophy in bacteriology with a minor in biochemistry at the University of Texas' August commencement exercises.

A member of the Society of American Bacteriologists, Dr. Durham did research in protection of cells from radiations; induced mutations in cells treated with mutagenic agents; and studies of the physiological process of cells damaged by radiations.

In May of this year he attended the national meeting of the Society of American Bacteriologists in Pittsburg, Penn. at which he presented a paper on the research in induced mutation studies and mutagenic action on living cells.

Dr. Durham will take over his new duties as assistant professor in the Department of Bacteriology at Oklahoma A&M College in Stillwater in the near future. He will teach and do research in the agricultural experimental station.

Dr. Durham graduated from Eastland High School in 1944 and after a year and a half in the Navy he entered North Texas State College in 1946. He majored in biology and minored in chemistry for his B.S. degree and later received his M.S. degree in biology with a minor in education.

He married the former Jane Stovall of Muleshoe and they have one child, Susan, one-year-old.

STYLE - SAFETY - ECONOMY That's The DODGE For 1954 McGRAW MOTOR CO.

VETERANS—Pete Hellenbeck and his wife, Eleanor, work in their Lucerne, Ind., garden, which is rated one of the best in the community. And no wonder, for Pete is 100 and his wife is 96. They claim the distinction of being the oldest married couple in Indiana, celebrating their 73rd wedding anniversary last June 7.

Mavericks Continue Twice-Daily Drills

With an increase of six players, Coaches Carroll Shelton and Bobby Blair have sent their charges through hard drills during the early part of this week with several rugged scrimmages.

Fifty-three boys are now trying for berths on the Mavs starting lineup.

Sickness has kept some of the boys from reaching their peak yet, but Shelton seems well pleased with the way his crew is shaping up.

Large crowds of fans have been watching the Mavs evening workouts and a few of the more loyal followers have managed to make it be the time the 7:30 morning drills get underway.

Shelton and Blair are still plugging the conditioning angle, but they are also drilling game plays into the Mavs heads. Opening game will be against rugged Class AA Cisco a week from Friday.

Team spirit is high, and despite the team's lack of experience and weight, the prospect is not entirely dim. Shelton hasn't called for the crying towel yet, but he isn't exactly optimistic about things either.

West Texas Army Platoon To Be Formed

Captain Don L. Stewart, commanding officer of US Army Recruiting Main Station at Abilene announced today that he had received authority from Headquarters Fourth Army to enlist 40 men for the month of September 1954 as an Army Platoon. These men will be enlisted on Sept. 27 in Abilene, placed on a chartered bus for El Paso and complete their entire basic training at Fort Bliss in the same platoon. This authority is a guarantee that all persons enlisted for the platoon will remain together during training except in case of prolonged illness and other unusual circumstances.

Eligibility for the West Texas platoon is as follows: Male, age 17 to 35 without dependents and be mentally and physically acceptable for military service. First come, first serve, will be the basis for selecting men for the platoon. At such time that 40 men are qualified, enlistment for the platoon will be stopped. In no case will men be enlisted for platoon if he does not apply by 25 September 1954. Men from the same town and buddies will be placed in the same squad.

Persons interested in enlisting in the platoon should see M-Sgt. Martin L. Collier, Eastland Recruiting Station, County Court-house immediately. Persons enlisted for the Platoon may choose their branch of service.

Lions Year Book Is Off Of The Press

The 1954-55 Lions Club Year Book is off the press and it lists 44 members.

Program chairman for the coming year are outlined in the booklet and the Lions Club Objects and Code of Ethics are printed.

Travis Wheat and his program committee were given a hand of appreciation for "a job well done" at the Tuesday meeting of the club.

Bids On F-M Road Work Is Being Taken

Bids for the construction of eight miles of surfacing on Farm-Market Road 1027 from three miles south of Sipe Springs south to Highway 36 and east to Sipe Springs are being taken by the Highway Department.

Plans and specifications are available at the Comanche Highway Dept. office. The work involved is in Eastland and Comanche county.

Junior High Gridsters Get Workouts Started

COACH JIMMY HUGHES GETS LARGE SQUAD

Coach Jimmy Hughes found 41 boys waiting for him Wednesday when he issued his initial call for Junior High grid workouts.

The new Junior High coach issued equipment Wednesday morning and held an afternoon drill that afternoon. He plans workouts twice daily until school starts.

Answering Hughes' call were Billy Mack McCleskey, Kenneth Hudson, Kay Denny, Bobby Drake, Pat Akers, Mickey Garner, Larry Coplen, Jerry Lawrance, Billy Jones.

Charles James Lewis, Perky Jones, Wayne Dodson, Don Hazard, Johnnie Rodriguez, Phillip Lewis, Bobby Phillips, Billy Live, John Powell, Larry Beggs, David Whitten.

Otis Green, Robert Lee Hall, Freddy Miller, Glen Lively, Terry Tuggle, Truman Lane, Jim Webb, Virle Lee, Mickey Manning, Larry Hollis, Clinton Humphreys, Larry Allredige.

Wayne Stanley Reed, Martin Day, Joe Martin, Billy Don Turner, Gary Lusk, Jim E. Carter, Jerry Robinson and Knicky Arther.

Oral E. Davis Named Member of Eastland County FHA Committee

Oral E. Davis of Rising Star is the newly appointed member of the Eastland County Farmers Home Administration committee, George I. Lane, the agency's county supervisor announced this week. The appointment became effective August 27. Davis operates a general farm.

The other two members of the three member committee are Leslie H. Hagaman of Ranger and Ewing Baker, Jr., of Eastland.

School Staffs Are Named By W. G. Womack

The completed staffs of Eastland's five public schools were announced today by Supt. W. G. Womack.

High School teachers will include Bob D. Blair, Edna D. Conner, Chas. B. Harris, Verna F. Johnson, Carrol R. Shelton, Evelyn Whatley, and Ethel Wolozyn. Junior High M. M. Sheffield, principal; Opan Hearn, Ruth Poe Herring, James L. Hughes, W. C. Robinson and Bernice Stephen, teachers.

South Ward: Mrs. H. H. Durham, principal. Teachers are Ruby Frazer, Sue Goode, Mrs. H. M. Hart, Ruth Layton and Ann Patterson.

West Ward: J. W. Turner, principal; Mildred Amis, Frances Cooper, Sue Goode, Hazel Green, Mrs. Marvin Hood, Beulah Smith and Nettie Thornton, teachers.

Douglas School: Garland L. Washington, principal and Mrs. Elna James, teacher. W. T. Siebert is principal of High School, R. W. Scott is band director, W. M. Crow is vocational agriculture instructor and Loretta Morris home economics teacher.

First Grade Registration Set Tomorrow

Registration of first grade pupils will be held Friday at 9 a.m. at the High School building.

W. G. Womack, superintendent of schools, said all students who plan to enter the first grade this year should register. The registration will be used to determine how many first grade teachers will be needed and to see if there will be any openings left for pre-school age students.

At Bastrop State Park Outstanding Carbon 4-H Girl Tells Of Leadership Training

Editor's Note: The following story was written for the Telegram by Nancy Norris, daughter of Mr. and Mrs. G. A. Norris of Route 1, Eastland. Nancy was one of six county youths who won trips to the Texas 4-H Club Jr. Leadership Training Lab.)

By Nancy Norris I would like to tell you a little about my trip to Bastrop 4-H Junior Leadership Training Laboratory at Bastrop State Park.

When the Eastland County group arrived at the park our cabins were assigned to us. The registration time was between two and four p.m. Monday. At four we had a lab meeting. The meeting was to tell us what all we were to do while in the Training Lab.

Each morning at nine we had a meeting to discuss how to better ourselves as Junior Leaders in our county. This discussion usually lasted two and a half hours. Dr. Diddine (a professor from Ohio) conducted this class.

In the afternoon we had a choice of two group classes. They were creative arts and nature study. In creative arts we drew pictures of different scenes around the park, also ash trays were made. Dr. Airman (another professor from Ohio) conducted this course.

In nature study we studied the soils of Texas. We took a tour to find fossils. There were some fossils found that were millions and millions of years old. They were found on the banks of the Colorado River some 12 miles from the park. Everyone enjoyed the tour.

In our next class at four we were divided into groups. Some were in citizenship, ceremonial and night program. In citizenship we learned about the flag and took it to the group. In ceremonial we planned the inspirations for the group. In night program we planned the entertainment. In this way everyone participated in making

Car Inspection Period Set To Begin Sept. 15

Homer Garrison, Jr., Director of the Texas Department of Public Safety, said in Austin today that the Public Safety Commission has officially set the dates for the new inspection period for autos under the provision of the State's Motor Vehicle Inspection Act.

Texas motorists must secure the annual inspection of their cars between Sept. 15, 1954 and April 15, 1955, according to the Commission Order.

At the same time George Busby, Chief of the DPS Motor Vehicle Inspection Division, said that the inspectors from his office have filed 106 cases against car owners who failed to have their cars checked during the current inspection period. These, he said, are in addition to those cases filed by members of the Texas Highway Patrol and by various local police departments throughout the State.

Unable to give an estimate of the actual number of violations for which arrests have been made during the 1953-'54 period, Busby said that he "believed the figure to be comparatively low" due to the fact that frequent spot checks indicate that Texans have conformed with the law "almost 100 percent."

Jim Carter Funeral Set For 10:30 Friday

Funeral services for Jim Carter, long time Eastland resident who died at 7 p.m. Wednesday at his home following a long illness, will be held at 10:30 a.m. at Hanner Funeral Home in Eastland.

Rev. J. C. Oglesby, pastor of the First Methodist Church will officiate. Survivors include his wife, Jewel Carter and one son Jim Ed. Mr. Carter was the son of the late Dr. and Mrs. Charles P. Carter.

Air Force Recruits For Month Of August Released

The Eastland Air Force Recruiting Station announces the following enlistments for the month of August.

J. M. Bush of Ranger re-enlisting. He served formerly with the US Army. Leslie U. Hale re-enlisting. He was returning to AF duty.

James D. Jessop of Eastland; Don K. Wilks of Breckenridge; R. G. Gandy of Breckenridge; Lonnie Jordan of Graham; R. C. Thetford of Graham; Floyd R. Burgess of Graham; Robert Layman of Comanche; L. C. Stanley of Comanche; all of these men will go to Lackland AFB to begin the first of their AF career. Some of the changes that went into effect for AF personnel were 1. Two paydays monthly; 2. A buddy system of enlisting; 3. A much larger re-enlisting bonus.

For men interested in an AF career the Eastland Recruiting office is open from 8 till 5 Monday through Friday and from 8 till noon on Saturday. Sgt. Hoyle is on duty to guide and counsel any one interested in the Air Force.

COUNTY LABOR DAY GOLF TOURNEY SET

Qualifying rounds in the Eastland County Labor Day Golf Tournament will get underway Saturday at the Lakeside Country Club in Eastland.

A Pro-Am Tournament will also be held that day. Matched play will begin Sunday and continue through Monday.

Approximately 80 area golfers are expected to participate in the annual affair.

A barbecue is planned for Saturday afternoon.

McCotter Service Set For Monday

Funeral services for Mrs. Mamie McCotter, who died at 8:30 a.m. Monday following a long illness, will be held at 10 a.m. Monday in the Methodist Church in Olden. The body will lie in state at the Church one hour preceding the services.

Rev. Alfred Nelson, pastor of the Olden Baptist Church will officiate. She was a member of the Methodist Church. Mrs. McCotter was born in Lee Center, Mich. April 24, 1878. She was married to the late William McCotter in 1903. She was at the home of her son Max McCotter in Olden and had been ill for about four months. Survivors include her son, Max; three grandchildren; two brothers Howard D. Wood of Denver, Colo. and Louis D. Wood of Colorado Springs, Colo. Burial will be in the Eastland Cemetery under the direction of Hanner Funeral Home.

Eye Difficulty Can Warp Child Personality

It isn't fair to send a child to school with neglected seeing troubles, says the Better Vision Institute. Such troubles can result in great harm not only to the youngster's scholastic standing but to his entire personality. And it has been found that visual conditions during the early years are powerful factors in determining one's character as an adult.

The child with poor, uncorrected vision cannot keep his school-work up to the standards expected by teachers and parents. This is apt to make him resentful, as people consider him stupid, and he develops a dislike for school. All too frequently he looks about for activities in which he can excel, and a behavior problem results. Most authorities believe that behavior problems are caused by demands upon a child which are beyond his achievement level.

So it's important to have a schoolchild's eyesight thoroughly examined every year. He may have visual troubles that no one is aware of. The encouraging thing is that today's eyesight specialists are so skillful at correcting these troubles.

WOMEN AND WHEELS

Four Checks When You "Fill 'Er Up"

By MARY LOU CHAPMAN

A "dip-stick" is not a new type of ice cream cone. It's that gadget under the hood of your car that shows you how much oil is in the engine. And if you have anything to do with cars—even if your husband generally takes care of such things—you should be familiar with it.

There are actually four other items besides gas that ought to pop into your mind every time you drive into a gas station. They are: checking the oil, the water in the radiator and in the battery, and taking a look at your tires.

Just because you may not understand the engineering intricacies behind these items, don't be intimidated. Get out of your car anyway and watch what the attendant does.

IT'S FLATTERING

He'll probably be flattered to have you watch him do his job, and will do it better—and maybe you'll learn more about your car in the process. Lots of men we know get out every time that hood goes up. There is something fascinating under that metal canopy. Of course you don't have to carry this motor-peering to extremes and start your own repair shop. But bear the following in mind when you go gasoline trotting in the future:

Check the oil. This is where the dip-stick comes in. Your gasoline attendant should show you the car's oil level on the dip-stick. This is how you read it: The level should be between the "add-oil" mark and the "full" mark. If the level drops below the "add oil" mark, add only one quart of oil.

Check the radiator. This is where the level should be between the "add-oil" mark and the "full" mark. If the level drops below the "add oil" mark, add only one quart of oil.

Check the battery. This one too is primarily a water problem. Each cap should be removed to see that the water is at the proper level. Normally, the battery should be checked about every two weeks, but in hot weather or while you are on a long trip, have it checked every week.

TIRES TIRE, TOO

Check the tires at least once a week for signs of small breaks and for proper pressure. Your dealer will tell you what pressure is best for your particular tires, but it averages out in most to about 24 pounds when they are cool and 27 pounds after they have been rolling awhile. Never let air out of tires immediately after a long journey, though, as tires are built today to stand expansion. Just be sure that they are properly inflated when moderately cool, and you'll be safe.

Periodic rotation to different wheels helps all four tires plus the spare to wear evenly. This should be done at every 3,000 miles.

More complete servicing of your car is done when it is lubricated. This is every 1,000 miles or once a month.

(Fashion writer, artist and TV personality, Miss Chapman is a native of Detroit, and has spent the last several years working with automobile stylists, designers and engineers at Chrysler Corporation.)

Clear Thinking Symbolizes The Sapphire, September Birthstone

Clear thinking is symbolized by September's birthstone, the sapphire. The roster of September-born notables, entitled to wear the sapphire as a good luck emblem, includes author William Faulkner, tennis star Alice Marble, actress Greta Garbo and cowboy hero Gene Autry. From the pages of history there is England's Queen Elizabeth I, also born in September.

Imaginative legends from many cultures and ages surround the sapphire, the Jewelry Industry Council reports. The Persians believed the earth rested on a giant sapphire, whose color was reflected into the sky to give it a clear blue color. It was the Stone of Stones for ancient Orientals, who thought it would prevent capture by enemies and win favor with princes.

A gem highly esteemed by many religions, a sapphire is said to have been engraved with the Ten Commandments and, according to tradition, Solomon's Seal was a star sapphire.

Most sapphires are found in Burma, Australia, Siam and Ceylon, and steel-blue sapphires have been found in Montana. Either the plain or starred sapphire is traditionally worn by the September-born. The star in a sapphire, by the way, is an optical effect, formed by bands of light reflected from within the stone when it is seen in sunlight or a bright light. This star appears when a rough star sapphire is cut into smaller pieces, if each piece is properly cut cabochon.

Sapphire jewelry for women—rings, pins, earrings, bracelets and necklaces—blends or contrasts beautifully with virtually any color. Sapphires are often seen in combination with diamonds or other colored stones. Especially popular and practical for men are sapphire rings in platinum or gold settings.

It doesn't muss easily because this dress by "Prissy Missy" of Westway Sportswear is made of Bates Disciplined Broadcloth. Contrasting tone-on-tone broadcloth is used for the three tiered gathered skirt and the bodice with contrasting puffed sleeves and Peter Pan collar. Brown/clay/beige pearl; ceramic blue/periwinkle amethyst; pine green/mint green/celeston. Sizes 16-6. Style #D-3107

OIL'S EXPENSIVE

The level should be watched quite closely, because if it goes over the full mark, the oil is likely to be wasted. It churns around in there and leaks out. Oil is just too expensive for that sort of thing. Yet too little is dangerous, because the function of the oil is to keep the wearing surfaces of the engine smoothly lubricated, and lack of oil may ruin it. You should see that the oil is kept clean, too. A filter is helpful for this. If your car has one, remember that these filters also need periodic changing (every 5,000 miles) as they become filled with the dust and dirt they remove from the oil.

Check radiator water. This is important. The water is circulated from the radiator through a "jacket" surrounding the engine. It keeps the engine (which often gets as hot as 2,000 degrees in the combustion chamber) cooled down to a mere 160 degrees or so. That is, as long as you keep enough water in it.

Check the battery. This one too is primarily a water problem. Each cap should be removed to see that the water is at the proper level. Normally, the battery should be checked about every two weeks, but in hot weather or while you are on a long trip, have it checked every week.

TIRES TIRE, TOO

Check the tires at least once a week for signs of small breaks and for proper pressure. Your dealer will tell you what pressure is best for your particular tires, but it averages out in most to about 24 pounds when they are cool and 27 pounds after they have been rolling awhile. Never let air out of tires immediately after a long journey, though, as tires are built today to stand expansion. Just be sure that they are properly inflated when moderately cool, and you'll be safe.

Periodic rotation to different wheels helps all four tires plus the spare to wear evenly. This should be done at every 3,000 miles.

More complete servicing of your car is done when it is lubricated. This is every 1,000 miles or once a month.

(Fashion writer, artist and TV personality, Miss Chapman is a native of Detroit, and has spent the last several years working with automobile stylists, designers and engineers at Chrysler Corporation.)

Work, Sleep, Play In Comfort

Without Nagging Backache
Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting-up nights or frequent passages. Don't neglect your kidneys. If these conditions bother you, try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 16 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Beef-And-Eggplant Casserole*
Servings: 6
Temperature: 375 degrees F.
Baking Time: 25-30 minutes
2 teaspoons butter or margarine; 1-2 cup soft bread crumbs; 3 tablespoons butter or margarine; 1 mashed clove garlic; 1-4 cup minced onions; 1 lb. ground chuck; 2 pared medium eggplants, cut in 1-2 to 1" cubes (about 6 cups); 1 1-2 to 1" cubes salt; Dash pepper; Dash dried thyme; 1 can condensed tomato soup, undiluted; 1 cup evaporated milk, undiluted.

Heat oven. Melt 2 teaspoons butter in skillet; toss with crumbs; set aside on waxed paper. In same skillet, in 3 tablespoons butter, lightly brown garlic, onion, and chuck. Add egg-plant, salt, pepper, thyme; cook over low heat 10 minutes. Stir in soup and milk. Pour mixture into 2-quart casserole; top with buttered crumbs. Bake until crumbs are browned.

SCHOOL'S OUT—Indian school children cross a flooded field as they return home from school in Assam. They ignore a hovering helicopter, belonging to an oil company, which was called on to make a survey of flooded areas.

Rummage Sale By The Castleberry WSCS Circle

The Lottie Castleberry Circle of the First Methodist Church will open the Pullman building at 8:30 a.m. Saturday, the 4th to hold a rummage sale.

The proceeds from these sales is to augment the circles donation to the church fund for repairs or additions as the need might be. The chairman stated that the Fellowship Hall is one of the many needs which they hope to improve.

Baptist Chapel Initiate Fellowship Program At Lake

The Adult Training Union of the First Baptist Church, 1309 West Main, had its first Fellowship and monthly business meeting Tuesday night at 6:00 at the Ringling Lake.

The Union members and their families met at the chapel and then drove out to the lake for a weiner roast and chili supper.

After the meal they all gathered around the camp fire for a sing-song. Mary Ann Garritt closed with the devotional thought "Vitamins for Faith Deficiency."

Welcome to the new members and the closing words were given by the pastor, Jim Hicks.

Mrs. John Garritt and Mrs. William Beggs were in charge of the plans and the preparations. James Wright led the sing-song.

The following members and their families attended: Mrs. John Garritt and Mary Ann Garritt, Mr. and Mrs. Bill Pryor, Mr. and Mrs. Bill Pryor, Mr. and Mrs. A. W. Wright, Mr. and Mrs. Carson Holdridge, Mr. and Mrs. J. B. Jessup, the Pastor and his wife, Jim and June Hicks.

Mangum Baptist Church Celebrates 50th Anniversary

MANGUM — The Mangum Baptist Church will celebrate its 50th anniversary with a homecoming Sunday, Sept. 5.

A basket lunch will be served at the noon hour and a full days program has been planned.

The sermon will be at 11 a.m.

PERSONAL

Mr. and Mrs. Winston Boles have just recently been transferred to Athens Texas. He has been associated with Lone Star for a number of years.

Mrs. Jos. M. Weaver has returned after a months vacation in California with friends and relatives.

Y.W.A.'s Are Special Guests Of Virginia Buddin Circle

The Young Women's Association of the First Baptist Church were special guests in the home of Mrs. G. Morgan with the Virginia Buddin Circle as hosts, Monday evening the 30th.

Rev. and Mrs. Buddin presented the special program with Mrs. Buddin singing several numbers in Portuguese, and Miss Helen Taylor at the piano, as a background to the educational tour to be presented by Rev. Buddin, who showed pictures of Brazil's churches and missions, the coffee plantations, the customs and habits of the natives.

various bric-a-brac, vases, a clock, statues and many of the handicrafts of the Brazilians.

Rev. Horace and Virginia Buddin, as well as her mother, Mrs. Morgan and the late Dr. Morgan were missionaries in Brazil for many years.

Enjoying the tour, the delightful refreshments and social hour were: Misses Helen Taylor, Doris Bounds, Dorothy McKinney, Ida Chandler, Edith Cox, Allene Williams and Guyrene Robinson; Meses. H. T. Weaver, H. W. Simms, J. W. Wallace, Frank Lovett, J. F. Williams, H. E. Denney, Jim Drake, C. C. Street, Rev.

and Mrs. H. E. Buddin and three children, Mrs. Morgan and Little Edith Monk.

Mr. and Mrs. Louis E. Powell and young daughter, Paula, have just returned to Eastland to live. They have lived in Littlefield for the past seven years. He will be associated with the East Side Barbershop. They live at 406 South Seaman.

J. R. Mahaffey of Inglewood California is visiting his mother, Mrs. C. H. Mahaffey west of Eastland and his brother, Hugh Mahaffey of Olden.

Miss Cooper Is Honoree For Tea In Weaver Home Sunday Afternoon

Miss Sallie Cooper, daughter of Mr. and Mrs. J. M. Cooper, was the honoree for a Sunday afternoon tea August 29th in the home of Mr. and Mrs. H. T. Weaver, South Seaman Street. Misses Jana Weaver and Eileen Vaughn, of Robert Lee, were hostesses.

The Co-Eds of '52 Class chose the early date to honor Miss Cooper, a Co-Ed sister, before they returned to college. Members who made up the house party were: Misses Pat Simpson, Delores Warden, Bettie Robinson, Earline Miller. Others in the house party were Misses Patti Robinson of Victoria and Sara Ellis of Abilene. Meses. D. L. Kinniard, J. M. Cooper, Robt. Vaughn, of Robert Lee, and H. T. Weaver.

Miss Miller escorted the guests to the registration where Miss Warden opened the pages of the handsome book, gift of the hostesses to the honoree.

The Tea Table had a cut work linen import in bridal white and resting on a reflector was a bride, complete with veil, surrounded

with white carnations and white tapers. Additional arrangement of pastel flowers enhanced the crystal punch service where Miss Patti Robinson helped the guests. Frosted cake squares and mints, in cool green, completed the refreshment plate.

Friends who called for the hour of visiting were: Misses Delories Hagan and Arleen Durkee of Abilene, Guyrene Robinson, Janis Little, Lou Ann Corbell, Alice Joyce Cushman, Helen Taylor, Emma Lee Miller, Jeanette Caton, and Mrs. Marene Johnson-Johnson who was sponsor for the 1925 Co-Eds.

Abileneans Here To Confer On Music Convention

Mrs. E. E. Trawick, president of the Sixth District Federation of Music Clubs and her program chairman, Mrs. Gypsy Ted Sullivan Wylie, of Abilene, were in Eastland yesterday to confer with the president of the Eastland Music Study Club, Mrs. A. F. Taylor, and her Committee for the Sixth District Music Federation convention.

Eastland Music Study Club will be hosts to the Sixth District convention which will meet Nov. 18th, 19th and 20th, in Eastland.

The group met in the home of Mrs. Taylor to formulate plans for entertainment as well as business meetings. A special "Fine Arts evening," will be planned for Friday evening 19th for the general public to enjoy.

Christian Women Fellowship Meet

The ladies of the Christian Women's Fellowship of the First Christian Church met Monday in the Church annex for a covered dish luncheon and to spend the day sewing for their project, the Juliet Fowler Home.

The reporter, Mrs. Lon Horn, stated that because of the sincere interest of the women, a great deal was accomplished, aside from enjoying the fellowship.

Those attending were Meses. N. L. Smitham, T. A. Bandy, N. T. McNatt, B. H. Clifton, T. L. Cooper, J. W. Watson, H. L. Sheppard, Joe Tow, Cyrus Miller, M. G. Cartwright, N. T. Johnson, Lela Malone, Pat Murphy, Bobby Blair, H. E. Williams, Otto Marshall, Lela Day, J. R. Gilbreath, C. A. Peterson, Millie Brittain, Henry Ferrell, Curtis Young, Mrs. Lon Horn, Meses Sallie Day and Jeanette Caton.

Many others dropped by for the afternoon.

Hospital News

Patients in the Eastland Memorial Hospital today are:

Mrs. H. F. Vermillion, E. C. Satterwhite, Mrs. Bessie Bennett, all medical patients of Eastland. W. J. Greer is a medical patient from Carbon.

Mrs. Billy D. Tucker of Eastland has a baby boy.

The Wives Of The Volunteer Firemen Organize Auxiliary

The members of the Volunteer Fire Department and their wives met Monday night at 7:30 at the city hall for an ice cream supper.

The assistant chief, Guy Robinson, proposed the meeting to effect the organization of an Auxiliary. Twelve women were present for the charter membership and Chief Robinson was in charge of the meeting during the election of officers.

Mrs. Gordon Taylor was elected president, Mrs. M. G. Cartwright, vice-president; Mrs. Don Daniels, Secretary-treasurer; Mrs. D. J. Walker, reporter and Mrs. Otto Marshall, Chaplain.

Many ideas for projects were discussed and tabled until the next meeting which will be held at the City Hall, Sept. 9th. Every fireman's wife is urged to be present for the next meeting.

Those present for the organization were: Meses. Sammy Herring, Guy Robinson, Don Daniels, Foy True, Wayne Jackson, Gordon Taylor, Roy L. Smith, D. J. Walker, M. G. Cartwright, Otto Marshall, Johnny Grimes and Allen Squires.

Watermelon Feast For The Men's Fellowship Class

The Men's Fellowship Bible Class of the First Christian Church are planning a Watermelon feast at the City Park for September 2nd, (Thursday) at 6:30 p.m.

According to the reporter, Larry McGraw, it will be a stag affair and the president, Tom Earnest, insists that all membership and their friends attend.

McGraw stated that there would be plenty of good cold melons and plenty of good entertainment and that a large crowd is expected.

EASTLAND RANKS FOURTEENTH IN STATE BY COACHES; DUBLIN NINTH; WINK FIRST

According to a copyrighted story by Darrel Freeman of Lubbock, a poll of Texas high school coaches has revealed that Eastland is ranked as the fourteenth best Class 'A' high school eleven. This comes as a surprise since the Mavericks have been considered one of the weakest teams in District 7-A.

The poll doesn't go along with most others made. McCamey, the favorite in most such checks, ranked only a lowly fourth, while Wink is ranked tops.

Wink rated 22 per cent of the coaches' votes; Albany was next with 18 per cent; Ranger in third place with 15 per cent, but Ranger has been moved into AA; and Deer Park next with 10 per cent. Following in order are McCamey, Paducah, Fort Stockton, Lyford, Luling, Dublin, Whitewright, Hawkins Sonora, White Oak, Eastland, Granbury, Canton, Clif-

ton and Giddings.

In the super AAAA conference three top heavy favorites stand out, Abilene, Baytown and Odessa. Abilene and Baytown didn't even get out of their districts last year, but Odessa went all of the way to the state finals before bowing to Lamar of Houston, 33-7. Paytown and Abilene are tied in the "number one" spot of the poll, both are the choice of 24.42 per cent of the coaches, whereas Odessa is the selection of 21 per cent. The Lubbock Westerners, '51 and '52 champs, guided by a new coach Pat Farris, and 19 returning lettermen, are in the fourth place spot with 8 per cent of the coaches picking them to win the super teams' crown. Three of the top four teams, Abilene, Lubbock and Odessa, are all in the same district, 1-AAAA, often called the "Little Southwest Conference."

Port Arthur and Waco are tied in fifth place with 6 per cent of the coaches' nod each. Other schools receiving mention in the poll are Ray of Corpus Christi, Wichita Falls, Miller of Corpus Christi, Wilson of Dallas, Beaumont and Lamar of Houston—in that order. Defending champion Lamar received only two votes to repeat again in 1954.

In the AAA conference, 37 per cent of the coaches don't think any one can stop Port Neches from winning their second consecutive football crown. However, a number of coaches think there is enough power out in West Texas to stop them. Big Spring is the state crown selection of 16 per cent followed by their arch rival Breckenridge with 15 per cent. Big Spring and Breckenridge are in the same district; last year Big Spring went all of the way to the state finals after squeezing by Breckenridge 6-0. Temple, a veteran state finalist, is in fourth place with 14 per cent of the nods. Other teams receiving mention in the order of their standings are: Kilgore, Texarkana, Sherman, Longview, Harlingen, Gainesville, Texas City, Lufkin, Edison of San Antonio and Brownwood.

In the AA conference, 20 per cent of the coaches give Huntsville the nod to repeat as state champs; Terrell is in second place with 13 per cent; Comanche third with 11 per cent; fourth, Nederland with 7 per cent; in fifth place Stamford and Phillips are tied, each with 6 per cent; followed by Colorado City with 5 per cent; other teams receiving mention, in order—percentage wise, La Vega of Waco, Jasper, Weatherford, Childress, Andrews, Gonzales, Port Lavaca, Columbus, Refugio, Ballinger, Mexia, Stephenville, Bay City Pecos, Athens, Ennis, Killeen La Marque and Yoakum.

Bill Yung Back On Horned Frog Squad for 1954

According to reports from Texas Christian University, the Horned Frogs are expecting to see a lot of action from a Ranger guard during the 1954 football season.

He is Bill Yung, son of Mr. and Mrs. Ben Yung, who live on Highway 80 east.

Bill is a senior at TCU and is listed on the 1954 Frog roster as being six feet in height and weighing 210 pounds. The pre-season sketch on him states that he was a star lineman in high school and star of freshman team in 1951. He did not play in 1952 but lettered as substitute guard in 1953. "Big and agile, very good blocker."

The Frogs began drills Sept. 1, with 51 men reporting to Coach Abe Martin. This was five short of the expected squad of 56.

Sports News

Schreiner Institute Will Depend On New Material For Grid Team

KERRVILLE — Eight lettermen will form the nucleus of Coach John Hamberger's 1954 Schreiner Institute grid machine, with a number of promising prospects expected to round out the squad into a strong junior college contender.

Wednesday, September 1 is the day when scores of hopefuls will first show their wares to the Schreiner coaching staff, although some of them will start arriving on the campus this weekend.

Hamberger and Assistant Coach Mal Fowler expect to lean heavily on backfield lettermen Gene Leach and Jerry Sam Clifton of Wichita Falls; Pinkie Brown of Kerrville; Jon Harrell of Uvalde, and squadman Jarvis Wilson of Wills Point.

Four South Texans who will contribute their 832 pounds to the Mountaineer forward wall again this year include lettermen Ramon Ruiz of Kingsville; Harold Coates of Taft; Joe Marcha of McAllen, and Bob Manglberger of San Antonio.

Thirteen other linemen who will vie for starting positions at Schreiner are Bob Eddings and Cardis Rodriguez, Freer; Wallace Sloan, Taft; Bobo Wiegand, Edna; Jerry Florez, Raymondville; Charles Truitt, Larry Louis Kerns, Lloyd Hebert and Henry Waldren, Port Arthur; Bob Freeman, Brazosport; Duke Braselton, Nacogdoches; Don Sachse, Wichita Falls, and Ray Fraser, Abilene.

Schreiner's backfield will be strengthened by newcomers Don Dodd, all-district quarterback from

Port Arthur's AAAA Thomas Jefferson High team; Joe Glenn Williams, another Port Arthur quarterback who doubles at halfback; Joe Rimes, fullback from Lake Charles, La.; fullback Jimmy Robinson from Wichita Falls; Dick Stanford, all-district honorable mention quarterback from Dallas' Hillcrest High; Walter Schulle, halfback from Karnes City; Harold Turner, all-district halfback from Melvin, and Harold White, another promising Melvin grinder who played on the freshman team at SWTSTC, San Marcos, last season.

The Mountaineers open the season this year with a home game in Antler Stadium against the Navarro College Bulldogs from Corsicana. They close the season with Ranger Junior College at Kerrville on Nov. 20.

Western observers report that Communists are stepping up their antireligion campaign within Russia to discourage young people from embracing Christianity.

SHE STILL SHINES—Esther Ralston, blonde beauty of the silent screen, who was known as "the American Venus," is now Mrs. Esther Lloyd, a grandmother, and the one-woman office force of the Seventh Church of Christ, Scientist, in New York City.

Humble To Give State Live TV Grid Telecasts

Addition of the American Broadcasting Company's program of live NCAA football telecasts to the 1954 football coverage by The Humble Company has been announced in Houston. Humble has arranged to sponsor the games in Texas.

The scheduling statewide of an outstanding live telecast each Saturday will complement Humble's 21st year of Southwest Conference football broadcasts on Texas radio networks.

The program will include 12 weekly games, starting with the Oklahoma-California meeting on Saturday, September 18, plus a Thanksgiving Day telecast.

Games involving Southwest Conference teams will include the Rice-Wisconsin, Texas-Baylor and SMU-Notre Dame contests. Other top football powers to appear include Michigan State, Ohio State, Illinois and Michigan from the Midwest; Georgia Tech, Maryland and Alabama from the South; Southern California, Oregon and Stanford from the Pacific Coast, and the colorful Army-Navy game.

The Humble Company's weekly statewide television program, "Texas in Review," will also show film highlights of the previous Saturday's outstanding Southwest Conference games.

The complete schedule: Sept. 18 California vs. Oklahoma

Sept. 25 Iowa vs. Michigan State
Oct. 2 Stanford vs. Illinois
Oct. 9 Wisconsin vs. Rice
Oct. 16 Oregon vs. Southern California
Oct. 23 Pittsburg vs. Northwestern
Oct. 30 Pennsylvania vs. Penn State
Nov. 6 Baylor vs. Texas
Nov. 13 Georgia Tech vs. Alabama
Nov. 20 Ohio State vs. Michigan
Nov. 25 Maryland vs. Missouri
Nov. 27 Army vs. Navy
Dec. 4 SMU vs. Notre Dame

Longhorns Expect Tough '54 Season

AUSTIN — In less than a week the University of Texas Football squad starts preparations for what appears to be the toughest undertaking attempted by the Longhorns since they first went in for this rugged recreation 61 years ago.

Since that Nov. 30 inaugural in 1893, the Longhorns have played 545 football games and have compiled an all-time winning percentage of .722. They have not fared that well, however, against the opponents who will face them this year, nine of whom have been met previously.

The only newcomer on the schedule is Washington State. Texas has made 316 appearances against the other nine. There have been 204 victories, 97 losses and 15 ties for a winning percentage of .669.

Louisiana State and Notre Dame have been constant nuisances, while Oklahoma, the fourth non-conference foe, has been an irksome nemesis in recent seasons. Texas owns a 7-6-1 won-lost-tied record with LSU, a 1-3-0 mark with Notre Dame and a misleading 30-16-2 standing with Oklahoma.

The Sooners' current stature is much better represented by the fact that Oklahoma has won five of its last six meetings with the Longhorns.

Ed Price's defending Southwest Conference co-champions will open their schedule on September 18th against LSU less than three weeks after the opening day of practice. Two-a-day drills are set for the first ten days of training, with afternoon sessions only billed for the week prior to the LSU game.

Twelve lettermen from last year's team will be missing from the scene Wednesday, but Coach Price will have 22 award winners for his rebuilding nucleus. Approximately 45 other candidates will report for training, two-thirds of whom will be varsity squadmen for the first time.

It's a Tricky Time of Year—

... for the fellow who decides to take a vacation in the family car. The highways are jammed with people who had a similar notion about the same time. All statistics show that July and August are on the heavy side for auto casualties. But don't let this condition knock you out of the trip. Go ahead, but drive carefully, be on the alert, and carry plenty of insurance. We have what it takes and can fix you up on a moment's notice.

Eastland (Insurance Since 1924) Texas

Contour Farming Is Economical

Contour farming will help to save the soil, but it will do more. It will save on tractor fuel costs compared with the amount used where the rows run up and down hillsides. Tests show some amazing results when rows are level as in contour farming. Tractors use 10 percent less fuel when they are pulling mold board plows on the contour. They use almost a fourth less fuel when pulling a disk plow and about a third less when disking plowed land. Time saved is 10 percent.

Saving time, saving fuel and saving the soil mean more efficient farming. It's good business to farm on the contour.

It's good business to save a part of your income. Saving ten percent for 10 years will give you one whole year's income.

Eastland National Bank

This bank backs its farmer customers in sound farming practices.

SALE 10% Summer Discount Only 10% Down 36 Months to Pay!

Economical Comfort

with Ward or Empire Gas Floor Furnaces!

Styles and Capacities For Every Room!

Don't let that first nother catch you unprepared! Install modern, flue-vented gas floor furnaces now, before fall rush. Get a 10 percent discount on furnace by buying now!

With automatic, thermostatically-controlled floor furnaces, you simply set controls for the room temperature you want, and forget it... even at night or when you leave the house! You get just the heat you need, and no more! It's economical... and safe!

And with flue-vented gas floor furnaces, the major cause of wall and window sweating is eliminated. Your family has healthful, comfortable heating for the whole winter. Install now... be ready for the 5 months of real heating weather!

Other modern vented-to-a-flue equipment such as perimeter central heating, circulators, and wall heaters on sale at summer savings. Small down payment, balance up to 36 months to pay. Save now!

Lone Star Gas Company

All models, heating capacities available during Summer Sale. Buy now at discount and assure yourself of comfortable heating at a turn of a valve when cold weather comes! Call Lone Star now for free heating survey.

UNHAFFY LANDING—A cyclist is helped to his feet by two cameramen in Pontedecimo, Italy, after he ran into an over-zealous cameraman at the finish line of the annual Pontedecimo bike race. The cameraman quickly recovered from the fall in time to take the above picture.

New Figure Line Prompts Hairdo Changes Says Beauty Experts

Headlines about M. Dior's figure lines will be a lively topic of conversation for all girls headed back to school. But it stands to reason, says Katherine Potter who heads the beauty and grooming department for Procter & Gamble, that if a girl decides in favor of this little boy look and little boy figure, her little boy haircut has to go.

Young men we've talked to, reports Miss Potter, are divided on the style issue. They seem to think that a girl knows best how she wants to dress and if she looks smart in new fashions, they're all for them. But hair is a different story. Men, both young and not so young, like it long. Butch and very short Italian cuts are all right for the beach, but look out of place with date or dance clothes they say, and they say it emphatically. Soft, shiny coiffures, long enough to bounce when you walk or dance, are the men's choice.

This brings up a question of how long it is, and what can you do when your hair is growing out. The first consideration, Miss Potter says, is to keep your hair scrupulously clean, . . . so it shows off to advantage no matter how long it is. Detergent shampoos give it an extra polished look you can't get with other types of hair cleansers.

Then, if your hair is very short, and cut in uneven lengths, try rolling it over mesh rollers on top and turning pin curls around the side and back. If it is too short for rollers, cover the ends with a small strip of cleaning tissue to hold them together, then use the rollers. When dry, brush your hair straight back from your face and hold it with one of the new flat metal or tortoise shell clips. The ends will have just enough wave

to give width to your hairdo. This makes it look longer, and gives it style.

Modify the style to fit new lengths as your hair grows. Then you'll never have a droopy, growing out look, you'll always look fashionably coiffed. And if your hair grows at a normal rate, it will be long enough to cover your ears and reach your collar in time for Christmas parties.

The lowly earthworm is one of the most important of all animals. It plays a most important part in keeping the soil continually fertile.

Know What Your Fruit Dollar Buys; Protect Family's Health

Do you know the good that fruit brings your family? Do you know what you really get from your fruit dollar? To check returns on your fruit investment, consult nutrition tables on foods that you can get by writing to your Food Editor, or to the United States Department of Agriculture.

You will see that fruit ranks high in the "protective group", known for the way their vitamins and minerals help in protecting good health. Most fruits are amply supplied with vitamins and minerals, though they vary in amounts. Because fruits supply these important nutrients, as well as energy yielding carbohydrates, they are an economical food, compared to value received, and should be included in adequate amounts each day.

Important among the protective foods are bananas, long recommended by doctors as one of the first solid foods for infants. Bananas have a well-rounded supply of vitamins, and essential minerals as well as fruit sugars and pectins.

Know Storage of Fruits
It is important to know the proper storage of fruits, to utilize them to best advantage. Apples, berries, grapes and citrus fruits like oranges and grapefruit belong in the refrigerator. But bananas, peaches and pears should not be put in the refrigerator. They should stay in the fruit bowl at comfortable room temperature, until fully ripe. The banana tells when it is fully ripe by its peel. When the peel is green-tipped or all-yellow the banana is partially

Unusual Profit Opportunity in Insurance Stock

Thousands of comfortable fortunes have been and are being created through the large Capital Gains in the Common Stocks of well-managed Life Insurance Companies.

Such an opportunity confronts the alert investor today!

WE OFFER

(subject to prior sale)
the common shares of a limited expansion issue in

A VERY SUCCESSFUL YOUNG LIFE INSURANCE COMPANY

- Paying regular cash dividends
- Capital and Surplus exceed \$1,000,000.00
- The Company prudently expanding
- Seasoned, successful Management
- Recent spectacular developments affecting capital gain.

We believe that it may be some time before there is a comparable opportunity for the average investor. For information concerning the above issue and for challenging brochure or profits in Life Insurance Company Stocks, SIMPLY MAIL THE ATTACHED COUPON.

ripe. To use it to advantage at this stage, it should be cooked. When the peel is yellow and flecked with brown, the banana is fully ripe, and at its best for sweet-mellw flavor. At this stage, it is just right for eating "out of hand," for infant feeding, for salads, desserts, milk shakes and as an ingredient in baking.

Air Force Major Arthur Murray recently broke the world's altitude record flying a Bell X-1A rocket plane to a height of about 90,000 feet. Exact height is a classified secret.

To The Voters of Precinct No. 1 . . .

EASTLAND, RANGER, OLDEN

and surrounding territory

I want to take this opportunity to thank the voters of Precinct I for the leading vote in the County Commissioner's race.

I will make every effort to justify the confidence extended me in this election.
