them. I don't know what it would do if I could actually smell them in the oven right now. I'd probably drool all over the place. Mrs. Richard Jones has a recipe for angel food cake that calls for the whites of 11 eggs. You can't buy a cake like this at the grocery store these days for 49c; think of what it would cost to get the ingredients for a cake like that at these day's prices.

My mother used to make a cake that used this basic recipe. She went the recipe one better and put an even dozen eggs in her cake! It was some of the best eating I've ever sank a tooth in. If anyone knows of anything finer than a large slice of angel food cake with angel food — on top. I think I could this with a place of black-eyed peas just as long as the cake held out.

We used to eat a dozen-egg angel food cake at one sitting. Then we were ready for more. That's one reason some of us fellows around here a few years ago

couldn't get hungry if we wanted to. We knew some of the good ladies that make up the Civic League. Those gals could cook better than a French Cooking School, and it makes me hungry just to think about it. I've got to go to the kitchen and look around for a little between-meal snack. Anyone wish to join me?

General Medaris is the first commander of America's new Missile Command. He has been a member of the Armed Services since 1918, when he enlisted in the U.S. Marine Corps at the age of 16. Prior to that he worked as a newspaper boy in Springfield, Ohio—and supplemented this with another job; turning gas street lamps on and off along his newspaper route!

# A salute to America's newspaper boys

from a former member of their ranks — Major General John B. Medaris, Commanding General, U. S. Army Ordnance Missile Command

"You're a mighty important young man. First, because you keep us supplied with one of the most vital needs of our day: news of the world. We know we can depend on you for that. Second, because you are one of America's future leaders. And we already have evidence of your ability to "sell America" in the way you and your fellow carriers have helped sell Savings Stamps and Bonds ever since 1941. Today thousands of carriers are in-

vesting part of their weekly earnings in Stamps and Bonds—saving for the future.

This is more important today than ever. Every U.S. Savings Bond or Stamp sold helps strengthen America's Peace Power, by providing money to keep our country strong, to advance science and education, and to keep our economy healthy.

So—in honor of Newspaperboy Day, 1958, I salute you. You and your circulation managers are doing a great job. Keep up the good work!"

Gorman to Play in H-SU Tourney

ABILENE — The eighth annual Hardin - Simmons High School Girls Invitation Basketball Tournament will open Thursday morning at Rose Field House with Abernathy as the defending champion. Abernathy, undefeated in 53 games in 1958, is defending Class AA state champion as well as tournament champion. The Antelopes are coached by Pete Wilson, former Avoca coach, and hold a 17 to 3 record this season, losing only to Dimmitt, Tulia and Sudan.

Along with Abernathy the e tourney will have three other former champions. Roby won the first annual tournament in 1952, Eula won the next two tourneys and Hawley won the following three.

Thursday's opening games will see Hawley play Jim Ned at 10 a. m., Clyde against Wylie at 11:15 a.m. Roby against Merkel at 12:30 p.m., Winters against Baird at 1:45, Avoca against Eula at 5, Noodle against Old Glory at 6:15, Abernathy against Anson at 7:30, and Trent against Gorman at 8:45.

The three-day tourney will also feature such individuals as Rose Mary Jones, Trent forward with an average of 36.5 points per game, and two guards who were on the 1958 All-Tournament first team, Billie Houston of Abernathy and Florence Erdman of Old Glory.

High school students who want to go to college but are low on funds should take advantage of the loan applications, in Ranger and all over the nation.

Funds for the total loan program authorized for the fiscal year 1959 are \$47,500,000.

Dr. Ashton said to qualify a student must be accepted for enrollment — or already enrolled in college. He must be capable of maintaining a good standing in his course of study and be in need of the loan to continue his education.

Repayment of the loan, which is not to exceed \$1,000 annually, begins one year after the borrower gets out of school. The 3 per cent rate doesn't go into effect until repayment starts.

Under ordinary circumstances the loan must be repaid within 10 years in either equal annual installments or in graduated periodic installments.

If the borrower dies or becomes permanently disabled, the debt is canceled. Up to 50 per cent of the

TODAY, YOU'RE STILL PAYING WORLD WAR II "EMERGENCY TAXES" ON YOUR TELEPHONE BILL

Next time you're checking over the charges on your monthly telephone bill, take a real close look at the second line from the top. Notice the figure indented under the word TAX.

I imagine you've seen it so often you hardly even pay any attention to it any more. And yet, it deserves your very special attention because it's about the closest thing to an unfair tax you'll ever be required to pay.

10% FEDERAL EXCISE TAX

Most of that amount represents federal (U. S.) excise taxes — 10c on every dollar of local and Long Distance phone service.

Doubtless few people even remember, but federal excise taxes were World War II emergency taxes designed to help raise money for defense, and to discourage use of vital telephone lines which were then needed for essential war time purposes. When they were put on the books the Chairman of the Ways and Means Committee told Congress, "The increases on present excises, and new taxes, are temporary and will expire after the war."

Well, the war is over. But you and I are still paying the taxes.

Continuing World War II emergency taxes on an essential item like telephone service is so unbelievable it's almost funny. Except it's a little hard to laugh when you're being belted in the pocket book that hard.

ONLY ON TELEPHONE SERVICE

Of the four essential household utilities—gas, water, lights, telephone—only your telephone service is subject to excise tax.

And as if the tax itself isn't enough, there's also a hidden cost involved. You pay that, too. You see, we have to collect the tax and pass the proceeds along to Uncle Sam. This extra bookkeeping and billing adds to the expense of running the telephone business. Since we get the money to operate the business from only one source . . . our customers . . . you not only pay the tax, but the cost of collecting it as well.

If you feel as I do, that this unfair tax should be repealed, I invite you to write Senators Lyndon Johnson and Ralph Yarborough and Representative Omar Burleson and tell them so. One more reminder won't surprise them. They'll already have heard about it from me.

DON'T MISS THIS TV TREAT!

The second Bell Telephone Hour on television will feature a host of musical stars, including Duke Ellington, Ella Fitzgerald, Grant Johannesen, Rise Stevens, Martha Wright and Russell Nye, with a wide variety of American Music by American artists. You can see it Tuesday, February 10, on KRBC-TV, Channel 9, at 7 p.m.
