LAKE LEON—From the air, flying near the dam, looks like this. A slight tilting of the airplane at the time this picture was taken prevented the dam from showing here. Private and commercial docks can be seen on both sides of the lake, along with a number of roads. The lake is backed up for a considerable distance beyond the dam, as can be seen here. MOORE about... EASTLAND

by Virgil E. Moore

What happened to the Quarack Club's July Fourth is for a carnival? A committee named to make plans for a fair returned an indictment against the carnival and that ended that. Members of the committee believed July 4 was not a good day to have a carnival.

Several times a week the produce boys drop off a load of bananas next door to the Telegram at A&P. It's a temptation to us not to borrow a monkey from someone and turn him loose. Can't you just see old Willis Moore's face when someone tells him a monkey is in his bananas?

Some of those trophy hunting folks got on us for accusing some of them of trophy hunting. In fact, they claimed we do the same thing.

This is absolutely a falsehood. There is not a flight low enough for us to do any trophy hunting in. We barely can qualify for the last flight.

It seems that Kernel Gene Baker of The Gorman Progress and J. W. Sifton of The Cisco Press are trying to see who can tell the biggest one about figs.

The Kernel claims H. D. Martin brought in a fig that weighed 6 1/2 pounds and measured nine inches by 10 inches. And he swears that Irving Frasher of the Duster community grew one that was 9 1/2 inches around.

Then Jerry says that Harvey Holloway and R. W. Spearman each brought figs by his office which were "... easily as big as pears."

Of course we're going to come up with a bigger fig than any of these, but before we do we want Benny Butler at Rising Star and Ronald Waters at Ranger to come out with their fig tales. Unless you're last in this business, you can't possibly have the biggest fig!

Roy D. Harris is going to find it interesting reading when he gets last Tuesday's Telegram and finds out he is fixing to leave for Fort Hood for two weeks' training with the National Guard. Roy, you see, is at present taking six months active duty and won't make that Fort Hood trip.

That cold spell that came in last week had us worried. We knew something was going to happen though. Just before the front hit Mrs. J. D. Pittman had just ordered the Telegram's 1958 supply of Christmas cards, and when we went home for lunch "Jingle Bells" was playing on the television set.

We hunted all over this town for someone who would say he or she saw some snow fall, but it never could come up with them. See that the Dallas reporters were a little more fortunate than we were.

Leon Fowler set our ego back a bit the other day. We were in a small crowd of men at a picnic when Leon asked if we had heard that Ralph Yarborough was to be in Eastland. It just happened that we had carried a banner story on that fact the day before, and we pointed out to Leon that he must have read it in the Telegram.

"Nope," he says, "I just heard it. Haven't had time to read the paper recently." Every (Continued On Page Three)

MRS. JOE B. ERNST

Miss Diane Jernigan, Joe Ernst Wed in Candlelight Ceremony

A blue and white setting was arranged in the Odessa Second Baptist Church for the candlelight wedding of Miss Mary Diane Jernigan and Joe Bowen Ernst, Saturday evening, June 21.

Blue carnations and white gladioli filled baskets set with candleabra on either side of a white wrought-iron arch twined with greenery to form the background for the bridal party. The bride was dressed in traditional white for attendants in pastel blue.

The bride is the daughter of Mr. and Mrs. G. G. Jernigan, 2725 Walnut, Odessa, and the bridegroom is the son of Mr. and Mrs. John L. Ernst, 805 South Daugherty, Eastland.

Rev. Ed Welsh officiated at the double ring ceremony and the bride's father gave her in marriage. Her maid of honor was Miss Millie Hilliard of Odessa. Bridesmaids were Misses Deba Redenburg and Patsy Summers, both of Odessa. Little Miss Mary Ann Young of Abilene, cousin of the bride, was the dainty flower girl, and Randy Brenek of Houston, also a cousin of the bride, was ring bearer.

Serving his brother as best man was John Ernst Jr., of Austin. Ushers were Mark Knox and Don Jernigan, both of Odessa.

Music was furnished by Gene Fetterman, who sang "Because" and "The Lord's Prayer," accompanied by Mrs. Jack Hollowell and Mrs. Willis Thomas.

The brides gown was styled with fitted bodice of French chantilly lace. The yoke reembroidered with seed pearls, and ruffled tulle skirt with white front panel of the lace.

She carried a white Bible topped with a shower bouquet of gardenias. Her fingertip veil of illusion was fastened to a cap of pearls and sequins. She carried a

veil and lace handkerchief that belonged to the mother of Mrs. Ella Birmingham of Fort Worth, a close friend of the bridegroom and his family.

The bridal attendants wore frocks of light blue satin with bouffant skirts and puffed sleeves and each carried a colonial nosegay of blue and white carnations.

Mrs. Jernigan wore a blue lace dress for her daughter's wedding while the bridegroom's mother was dressed in a green lace. Both wore white accessories and had harmonizing corsages.

The reception was held in the church reception hall. The table was spread with white ruffled, floor-length cloth of white net and held a three-tiered wedding cake topped with a miniature bridal couple. Carnations in the wedding colors made the floral arrangement for the table. Mmes. A. C. Ryan, Johnny Hilliard and Charles L. Phillips all of Odessa, ere at the refreshment table, and Miss Doris Johnson registered guests.

When the couple left for a wedding trip the bride was wearing a mint green silk suit with white accessories.

Mrs. Ernst graduated from Odessa High School and attended Odessa Junior College. Her husband, an Eastland High School graduate and a graduate of North Texas State College, is employed with the First State Bank of Odessa. They will reside in Odessa.

Out of town guests included Mr. and Mrs. J. C. Ernst and Dr. J. H. Caton, Eastland; Mrs. Ella Birmingham, Fort Worth; Mr. and Mrs. Dudley Westbrook, San Angelo; Mrs. Jack Ammer, Monahans; Herby Weaver, Austin and Mr. and Mrs. G. A. Plummer, Midland.

TELEPHONE TALK

By W. H. McAnall, Manager

The Telephone business is similar to all other businesses in some ways and different from all other businesses in other ways. You may comment, "So what?" or "Is that news?" I'll admit that the statement in itself is not startling. But it does do one thing. It leads me into one of the similarities. We want our customers to have the best service possible. We want them happy with the telephone service we are providing. That's why we strive constantly to improve. The other day Bill Walters and I were talking. (Most of you know Bill, but to the few that do not, he is in charge of the plant forces in Eastland that installs and keeps the telephones in working condition.) We were discussing ways to improve service to our customers. He told me that now we have the necessary wire and cable to provide all customers with one family service. If you are now sharing, and sometimes getting unhappy over sharing, a telephone line with some other family, this should be welcome news. True, there is a slightly higher cost to you and we earn less money on a pair of wires when only one family uses it, but we had rather have it that way because we know you would be getting better service.

FOR PARENTS ONLY

Now that summer is here and the children are out of school, I imagine the family's telephone service is getting an extra-good workout.

I guess teenagers, and even the smaller fry, need the telephone more often during vacation months. They use it to line-up sand lot ball games, swimming parties, movie dates, and a good many other things, as we all know.

It would be hard to find a better time than now to order an extension telephone. Put it in a room where it will be handiest for the youngsters. They'll enjoy the privacy and so will you. Best of all, you'll save yourself no telling how many dashes to answer incoming calls that always seem to be for them.

To order an extension, just call the telephone business office, Number 1. The cost is only \$1.00 a month for a residence extension, plus tax and installation.

MEMO TO BUSINESSMEN

I heard a businessman remark recently that he's going over his operations with a fine-tooth comb to trim unnecessary expenses. And one item he planned to cut was Long Distance.

I wonder if he wasn't making a mistake. I can understand the desire to cut costs. But, rather than cut Long Distance, he should use his telephone even MORE for out-of-town calling.

Many businessmen have proved it for themselves, and here's how: Instead of you or your salesman taking a day to visit several prospective customers in other cities, call them Long Distance. It saves travel on the highway, and turns travel time into selling time. And a telephone call is almost as personal as a visit and just as appreciated.

Try it yourself and watch the results. I think in the end you'll agree with our belief that Long Distance doesn't cost, it pays.

Call by number. It's twice as fast.

It's Not Just an Accident-

. . . that Eastland enjoys a good fire record year after year. Usually it is the fire department or the City Commission, or both, that get the credit and they deserve all the credit they get. But without the co-operation of the individual no town would have a good fire record. Elimination of the common fire hazards such as defective wiring, faulty flues, greasy rags and mops, weeds and grass, and the worst of all, the careless smoker, among others, is a direct result. Do you have any of these hazards in or near your home?
