Mavs Test Hamlin In Season Opener Friday

MOORE about... EASTLAND

by Virgil E. Moore

We are worried sick about Gene (Dusty) Rhodes. Here it is on the eve of the first Maverick football game and Dusty has laryngitis. How in the world is he going to be able to give the boys that old "Go-Go-Go..." he isn't able to yell?

The Eastland Chamber of Commerce Board of Directors has passed a resolution of commendation in their minutes paying respect to Carl Johnson, Carl, whose unexpected death shocked this city a few weeks ago, twice served the local C-C as president.

Mike George, manager of the Hollywood Vette Vassarettes plant here, says that sales of Eastland-made brassieres have skyrocketed in recent weeks. George credits the big increase in sales to an extensive nationwide advertising campaign. He sees the possibility of expansion at the local plant.

The transfer of Leon Fowler to Graham by Texas Electric Service Co. again started the old rumor the TESCO is moving out of Eastland. Untrue, Texas Electric bigwigs tell us. In fact, one high ranking official says that Fowler will likely be the last person moved out of Eastland who will not be replaced.

Eastland certainly lost a fine family when the Fowlers moved, of course, and we aren't happy about that. Leon was in to have the Telegram sent to him in Graham, however, and says he will likely still work here a couple of days a week.

Eastland can also mark up as setbacks the loss of Bob King and Bill Arther. Bob and Myrlene have moved to Breckenridge where he recently purchased the Ford house, and Bill and Mary Jane are moving to Littlefield where he will operate a feed store and poultry farm.

Thanks to Harold Reese and the Humble Oil Co. for a fine night's entertainment Tuesday. Humble entertained managers, service station operators, area football coaches, newspapermen and radio and TV representatives at their annual football banquet in Abilene.

By the way, Eastland coaches had to miss the affair. They didn't think they could afford to miss Tuesday afternoon's important practice session.

We don't know about this schooling. Our oldest boy entered the first grade at South Ward this Tuesday night and we were giving him the third degree about day's activities.

He was letting us know in no uncertain fashion that he didn't consider us very smart. We reminded the lad that we had already completed not only the first grade, but grammar school, junior high, high school, junior college and college as well. That didn't impress him, however.

"Everything that's worth knowing was discovered after you got out of school anyway," he declared in rebuttal.

They tell us a lot of Eastland dove hunters are having a hard time getting the broken eggs out of their hair. We for one don't believe a single man in this area would shoot into a (Continued On Page Six.)

Right-of-Way For 2nd Leg of 20 Being Secured

Purchase of right-of-way for the second of Interstate Highway 20 in Eastland County is now underway, E. M. (Boss) Pritchard told Eastland Lions Tuesday.

Pritchard, former Eastland resident engineer, is now assistant district engineer out of Brownwood. He was introduced to Lions by Everett Plowman, program chairman.

Lions were told that right-of-way from the Callahan County line to Cisco is now being secured by Resident Engineer Gordon Smith. Contract on the first section of the super highway was let last month. Low bidder was Collins Construction Co. The 3.7 mile section from the Erath County line to 7.2 miles east of Ranger will cost \$935,745.75. The Federal government pays 90 percent of the cost and the State pays the other 10 percent. For the first time the state (with Federal funds) is also purchasing right-of-way. In the past the county has had to provide right-of-way for all highway projects.

Work on the first project is to begin this week. Pritchard said the second section construction would begin soon after the work in the east part of the county is complete. A third stage project will bring the limited access highway from Cisco to one mile east of Eastland, he stated. That is as far as planning has progressed so far.

In all, Eastland County will have 40 miles of super highway, with 17 interchanges. Pritchard termed the work the greatest highway project ever started. A total of 41,000 miles of super highways will be built in the United States with 3,033 miles in the state. The Eastland County work amounts to almost one percent of the state's quota. Completion target date on the entire national system was originally set for 1969. Pritchard said Tuesday that due to the high cost of construction, work will probably not be completed until 1971 or 1972, however.

The highway, designed for 70 miles per hour traffic, will mean more traffic in Eastland County, Pritchard believes. He said the new highway would be three times as safe as conventional highways. Studies have shown that one life per year for every 10 miles of super highway will be saved. That would mean four fewer deaths a year in Eastland County and 290 in the state. (Nine persons have died this year on the 3.8 mile section of Highway 80 which is now being constructed. Traffic experts agree that all of the deaths possible would have been avoided on the new super highway.)

Pritchard also pointed out that the average motorist will save one cent a mile in car expenses traveling the new route. That will stem from the fact there will be no stop signs and no traffic signals.

One of the big expenses of the new highway will be signs, the highway engineers told Lions. Motorist, not having to worry about crossroads and oncoming traffic, will look ahead and not notice the side of the highway as much, surveys show. That means that new type signs, larger and overhead, will have to be used. Signs on one intersection on the Eastland County project let last month will cost some \$8000, Pritchard explained.

Highway signs will also get a new modern look. Interstate 20 markers will be red, white and blue.

Enrollment In Schools Here At 759 Mark

Seven hundred and fifty-nine students are enrolled in Eastland schools this year.

A breakdown shows High School as the largest enrollment, with West Ward running a close second. High school enrollment totaled 193 Wednesday. Junior High has 170 students enrolled. West Ward has 190, South Ward 160 and Douglas School 46.

In South Ward there are 71 first grade students, 83 second graders, 67 third graders, 63 fourth graders and 67 fifth graders. Here is a breakdown by grades at the two elementary schools:

Grade-Teacher	Enrollment
First—Mrs. E. E. Layton	26
Second—Mrs. D. E. Frazer	31
Third—Mrs. H. M. Hart	38
Fourth—Mrs. J. M. Cooper	26
Fifth—Mrs. Harold Durham	39

Grade-Teacher	Enrollment
First—Mrs. Homer Smith	22
First—Miss Nettie Thornton	22
Second—Mrs. Eugene Green	26
Second—Mrs. Tom Amis	26
Third—Mrs. Frances Cooper	29
Fourth—Miss Gladys Green	34
Fifth—J. W. Turner	31

Junior High has 61 in the sixth grade, 55 in the seventh grade and 51 in the eighth grade.

There are 65 students in the ninth grade at High School, 50 in the 10th, 30 in the 11th and 18 in the 12th.

Cindy Fox Is Candidate For Fair Sweetheart

Cindy Fox, daughter of Mr. and Mrs. H. E. Fox of Olden, will be honored at a banquet in Abilene Thursday night. She will be a guest of the West Texas Fair Association. Cindy is a candidate for West Texas Fair Sweetheart.

The candidates will ride in the opening day parade, Sept. 13. The winner of the contest will receive a \$300 scholarship to the Abilene College of her choice.

Cindy is the sweetheart of the Olden F.F.A. Chapter. Attending the banquet with her will be her parents and Mr. and Mrs. Gilbert C. Peland, Olden F.F.A. Advisor.

Funeral services will be held Friday morning at 10:30 in Hamner Funeral Home chapel for Edward T. Cox, pioneer Eastland County settler and author of a book on the county's history.

Car Crashes Into Tank And Ends Theft Spree

A '55 Chevrolet wandered off Highway 80 east, crashed through two fences by Don Kincaid's Turkey Farm and landed up in a cattle tank Tuesday afternoon, ending a car-theft spree of three teenagers from Midland.

Don Butler, assistant chief of police, said that the driver of the stolen car was apparently asleep at the time of the accident. Upon investigation it was discovered that the three youths were driving a stolen car taken from a used car lot in Midland.

Earlier the group had taken several cars, driven around and left them within one-half mile of where they were taken, according to admitted confessions. They admitted taking two '51 Fords and one '50 Hudson.

Upon questioning, the youths also admitted to breaking out window glasses at the junior high school building in Midland. They said they had taken a '56 Oldsmobile and a truck in December.

Three shotguns were found in the car, a 12-gauge single shot gun, a .410 and .22 combination and a .22 rifle. Although the juveniles claimed the guns, ownership had not been determined at last report.

Claiming to be on their way to Louisiana, it was the first time the group had been apprehended. They had taken five-gallon cans of gasoline from over-head tanks at Midland, Butler said.

Two of the boys were 15-years old and the other 14. Damage to the fence was estimated at \$65.

Bill Ogden made the arrest. The youths were turned over to a

Facts About Your UNITED FUND

By JAMES GILKEY
Saving the life of another person through knowledge of first aid is a heart-rending experience, and has been reported many times; but it is not often that you hear of someone proving the adage "The life you save may be your own."

A sixteen-year-old girl in Tennessee did just that when one of her arteries was severed in an automobile crash. Using information she had just learned a few days before in an American Red Cross first aid class, she applied direct pressure to the wound until she reached the hospital. The physician stated that she might have died from loss of blood had she not known what to do in the emergency. The need for safety education does not diminish for accidents continue to be the leading cause of death among all persons aged 1 to 35.

Introduction of a new method of artificial respiration for infants and small children was the highlight of last year in first aid training. The new procedure is a revised version of the Biblical method of reviving a person whose breathing has stopped by breathing directly into the mouth. This method is being taught in addition to the back-pressure arm lift technique. Part of the research on the new method was financed by the American Red Cross.

First aid training gives the individual a sense of personal security knowing that he can look after himself or a loved one should the need arise. The knowledge of what to do—and what not to do—when accidents take place can mean the difference between life and death. And first aid also creates an attitude of consciousness that is most important, for the preventive aspect of first aid is just as vital as the remedial.

City to Clamp Down On Drivers Of Motor Bikes

Eastland city officials have announced that effective immediately a bill enacted by the last Legislature making it mandatory for operators of motor scooters to have a state drivers license will be enforced here.

The new law states that "...any person between the ages 14 and 16 years" can receive a special combination operator and commercial operator restricted license to operate "...only a motor cycle, motor scooter or motorized bicycle whose horsepower does not exceed five brake horsepower."

Such licenses can be secured from the Drivers License Division of the Texas Highway Department.

Under the new law, it is unlawful to operate any of the above mentioned motor two-wheel vehicles without a license.

Carbon Schools Opened Tuesday

School doors opened Tuesday at Carbon with two new teachers and four new subjects.

New teachers are Garner Rice, formerly of Brooksmith, who is basketball coach for the seventh and eighth grades; and Mrs. Juanita O'Connor, who is teaching homemaking. Both came to Carbon from Gorman.

New subjects include lab, biology, typing and homemaking. Bob Browder is superintendent of the schools again this year and Ronald Services, principal

Band Boosters to Open Concession Stand at 7:30

The Band Boosters concession stand at Maverick Stadium will open at 7:15 Friday night and a number of fans have been invited "to come on out early and eat before the game."

A spokesman for the Band Boosters said there would be plenty to eat before and during the game. She reminded fans that the Band needs help.

First Baptist Church Awards Banquet Tonight

Rev. H. C. Garber, pastor of the First Baptist Church of Mineral Wells, will address the annual awards banquet to be held tonight at the First Baptist Church.

The banquet will begin at 7:30 p.m. in the Fellowship Hall. Some 350 persons will receive awards for completing training courses. R. B. Hall, educational director, will make the presentations and Rev. Harvey Kimbler will serve as master of ceremonies.

Eastland Is Ranked As Two TD Underdog

An Eastland Maverick team which hasn't been looked at twice by Texas gridiron experts will get a stern test here Friday night when they play host to the Hamlin Pied Pipers in a non-district clash at Maverick Stadium. Kick-off time is 8 p.m.

It will be the initial game for both teams but Hamlin is generally regarded as a two touchdown favorite. Hamlin is rated a close second to Stamford in District 6-AA (Stamford down the Pipers just 9-0 last year to win that district), while the Mavs are picked by just about everyone to occupy the cellar in rough District 7-AA.

Eastland, climbing up into AA this year after a fair year last season in Class A, is short of four important things: Experience, weight, speed and reserve strength.

The Mavs will field an offensive starting team which average just 156 pounds a man. The backfield will average out at just 145 pounds a man and the line averages 162 pounds a man.

Eastland has whipped into shape in short order, however, and the Red and Black may possibly fool someone Friday.

Coaches Carroll Shelton, Jon Tate and Bennett Ragsdale will be able to field lettermen at nine spots, although few starters are back from the 1957 eleven. Three year lettermen lead the pack. Quarterback Clint Humphrey, Halfback Larry Hollis and Guard Knicky Arther are tri-captains of the team and are seniors.

In all Eastland will start seven seniors, three juniors and one sophomore.

Other seniors are End Stanley Reed, Tackle Charles Martin, Guard Mike Lisenbee and Back Mike Manning. Junior starters are Center Don Hazard, Tackle Marvin Agnew and End Phillip Lewis. The lone sophomore is Back Jimmy McElreath.

Other Maves due to see action Friday night are: BACKS—Billy Don Turner and John Stroud.

CENTER—Mickey Garner. GUARDS—Jerry Chaney and all seniors.

Head cheerleader is Patricia Fulen, a senior, and senior cheerleader is Kathy Williamson. Junior cheerleader is Charlotte Vaught and Kathy Jones represents the sophomores. Jo Ann Moran is freshman cheerleader.

That's all for now so until next week, goodbye and we'll see you at the ball game.

Dr. J. T. Spratt Dies Wednesday; Services Set

Dr. John Thomas Spratt, 83, a medical doctor for 52 years in Mingus, died at 2 a.m. Wednesday following third degree burns he received while burning grass at his home Tuesday afternoon.

Funeral services will be held at the First Baptist Church in Mingus at 2 p.m. Friday, with the Rev. Howard Forman, Stephenville pastor, officiating.

Walter Murray Dies Tuesday; Services Today

Walter Murray, 70, former general manager of a chain of newspapers including the Ranger Daily Times and Eastland Telegram, died of a heart attack at his home in Dallas at 5:40 p.m. Tuesday.

Funeral services were to be held today at 1:30 p.m. at the Sparman-Brand Funeral Chapel in Dallas. Burial was to be in the Hillcrest Mausoleum.

Murray had been confined for about two months with a heart condition, but Tuesday had been permitted to get out in the car. He returned home, and was resting on the patio when he complained of feeling "stuffy" and went inside the house. He died about 45 minutes later.

Coming to Ranger in 1921 to become business manager for the Ranger Daily Times during the oil boom, he later established the Eastland Telegram. In the late 1920's he became associated with Marsh-Pentress in the Cisco Daily News, Breckenridge American, Mineral Wells Index, Cleburne Times-Review, the Times and Telegram.

Mr. Murray served as general manager of the chain at the same time holding a partnership in the papers. In 1936 he purchased the Marsh-Pentress interest in the chain, and operated the papers for a number of years before selling all but the Mineral Wells Index, which he still published at the time of his death.

Helping to organize the Eastland National Bank of which he served as president for a number of years before selling his interest, he also had been president of the Cleburne National Bank since 1949.

Prior to moving to Mineral Wells, Murray had made his home in Ranger for a number of years. After moving to Dallas in 1950, he returned weekly to Mineral Wells to actively supervise the publication of the Daily Index.

He married the former Ella Mae Callaway at Dallas in 1940. Survivors include his wife; four daughters, Mrs. William Rowland of Cleburne, Mrs. Farrell Smith of Corpus Christi, Mrs. Bill Houghton and Mrs. Bob Hickey of Mineral Wells; 12 grandchildren and two great grandchildren. Mother of the four daughters is Mrs. Blanche Murray of Ranger.

Among the pallbearers will be W. P. Cameron, business manager of the Daily Index, and Joe Dennis of Ranger, co-publisher of the Ranger Times and Eastland Telegram.

Carbon to Test Moran Friday

With only eight boys on the squad, Carbon opens their six-man football schedule Friday night. Carbon will journey to Moran for the tilt.

Fontier News

100 Years Ago in Texas
 August 31.—September 6, 1958
 We hear the sickness in the Brazos bottoms, and elsewhere west of us is abating a great deal. In Fort Bend, very fair crops will be made.—The sugar cane is producing much from drought.

A letter from a mercantile house in Lavaca says that there is no yellow fever there; and they think it too late to have any; but should there be any, the public will be advised. And in that event, the correspondent thinks there would be no danger to teamsters on the 5 1/2 miles of railroad road.—The sugar cane is producing much from drought.

forms us that on Thursday night of the 19th inst., Indians came to the house of Mr. Keys, on the Colorado, in San Saba county, and stole a number of horses subsequently they stole fourteen head of horses on Cherokee; and they have also stolen the horses of Mr. Mulky; others have been stolen lower down upon the Colorado river.

A party pursued the Indians north westward. They recovered the horses by jumping them over a bluff, upon the Colorado river; but could not overtake the Indians. They are very troublesome.

The Huntsville Item has hoisted a miserable seedy looking image, intended doubtless to represent a rooster; the thing looks as though it had been in a fight and got all its feathers pulled out, and was badly used up generally.

A new Post Office is to be established at Pleasanton, Atascosa county.

ADVERTISING
 "A THING OF BEAUTY IS A JOY FOREVER!"
 Why will people endure Pimples on the "human face dividend," or eruptions of any kind, such as Salt Rheum, Teeter, Ring-Worm, Itch, Boils, Rash, Prickly Heat, etc., when it is a fact well known that DR. GUYSCOTT'S EXTRACT OF YELLOW DOCK AND SARSAPARILLA cleanses the skin from all impurity, removing Pimples, Sores and Blotches, leaving the affected parts as healthy, smooth and soft as the skin of a babe.

RETURNS FROM VACATION
 Mrs. Pete Tucker and children, Suzanne, Forrest Lee and Jerry Dean, have returned to their home at 304 East Plummer after a three weeks visit with Mrs. Tucker's mother, Mrs. Minnie Moseley and Tech, Sgt. and Mrs. James W. Taylor in Lincoln, Nebraska.

While visiting in Nebraska they enjoyed seeing the capitol and visiting points of interest in Lincoln and Omaha and Council Bluffs, Iowa.

Mrs. Mosley and Sgt. and Mrs. Taylor accompanied Mrs. Tucker and children to Topeka, Kansas, on their way home they returned from Topeka by train.

ATHENS VISITORS
 Mr. and Mrs. Winston Boles and sons, Bill, Randy and Jerry Wayne, are guests in the home of their parents, Mr. and Mrs. John Little and Mr. and Mrs. Claul Boles, over the weekend.

Moore About—

(Continued from Page One)
 nest, but we do know an old boy who has to shoot his birds twice. James Smith, the Perry brothers manager, downed a dove with a fine shot and stuffed it in his bag on opening day. Then when he got his second bird he opened the bag to put it in. Out flew dove number one. Smith waited for it to fall, but it didn't, so he lowered the old 16 again and brought it down. That should settle the argument he and Dr. Fehrman Lund were having about whether you should pull off the birds' heads or not.

See you on the 50 yard line.

VISITS CARLSBAD CAVERNS
 Dulon Sandlin and children, Billy and Kathryn, of Carbon accompanied Mr. Sandlin's brother and sister-in-law, Mr. and Mrs. Wendal Sandlin of Springtown, on a trip to the Carlsbad Caverns during the holiday weekend. Also making the trip were Mr. Sandlin's mother, Mrs. C. D. Sandlin, and brother Ralph.

RETURNS HOME
 Mrs. R. F. Haun and daughter, Ann, visited with Mrs. Haun's parents, Mr. and Mrs. L. E. Newton, in Cross Cut while Mr. Haun was in Marine camp at San Francisco, Calif. Mrs. Haun and Ann also visited Mr. Haun's grandmother, Mrs. E. K. Thomson. The Hauns returned home Monday evening.

WHY DO MORE AND MORE STUDENTS CHOOSE
RANGER COLLEGE??

- ★ Two successful years at Ranger College provide the foundation needed for success in a specialized field at a four-year college or university.
- ★ A well-rounded program of extra-curricular activities develops leadership and adjusts the student socially to meet the problems of competition and leadership in future work.
- ★ Small classes taught by well-trained instructors insure adequate individual attention to each student in order that he may develop his full potentials.
- ★ TUITION IS ONLY \$50 per semester.
- ★ Dormitory rooms \$12.50 per month
- ★ Delicious meals in Cafeteria \$40.00 per month.
- ★ Fully accredited courses in all departments.

Ranger College is known as the little college with the cultural and spiritual atmosphere—where everybody is somebody.
 Link your future with people who want to help you be a success!

39 years in the Insurance Business in Eastland

You couldn't Pick a Better Time—

... than right now, in the midst of rapidly changing values and creeping inflation, to have your insurance needs and present coverages carefully surveyed and accurately appraised. Are you carrying too much insurance, too little or none at all? Are you sure your policy covers what you think it does? A survey by this agency might be enlightening and help you to get more out of your insurance dollar. There is no obligation. The service is free.

Applications For Housing Show Increases

Applications for Home Loan Guaranty and in GI housing starts during July showed sizeable increases over those for July, Edward P. Onstot, Manager of the Veterans Administration Regional Office in Dallas, said today.

Rises in these two categories, Onstot said, were preceded as long ago as last April by a steep climb in appraisal requests for proposed structures, a bellwether of both future GI construction and sales.

Applications for home loan guaranty during July rose 40.93 per cent to 420 (compared with 298 in June).

GI starts in July were up 9.1 percent to 392 from June's 359.

Appraisal requests for proposed structures during July totaled 773, a rise over the 540 recorded in June.

Appraisal requests for existing structures reached 67 in July as compared with 64 recorded during June.

Nationally, Onstot said, VA reported 19,312 applications for home loan guaranty during July, a 31.1 percent increase over those in June; 10,620 GI starts in July as compared with 8,482 in June; 28,510 appraisal requests for new homes against 28,391 for June; and 14,629 appraisal requests for existing homes as compared to 14,014 the previous month.
