Management Big Role In Winter Grazing Results

COLLEGE STATION — Management plays a big role in the success of small grains and annual clovers for winter grazing. Don't turn in the livestock until the new plants have at least six inches growth, says E. M. Trew, extension pasture specialist.

Gas Poisoning Threat With Winter Coming

AUSTIN — The cold winds of winter will whip up a new threat to Texans' safety. The threat comes from carbon monoxide, which, Dr. Henry A. Holte, State Health Officer, characterizes as being invisible, odorless, and tasteless — but deadly.

If grazing gets too far ahead of livestock, mow the excess to prevent early booting. If allowed to make too much growth, the specialist says small grains are more susceptible to winter killing.

Remove animals from grains which later will be harvested before the plants start to "joint." Later grazing will reduce grain yields.

Winter grazing usually is very succulent and a little dry hay should be proved to help balance the diets of livestock.

First year plantings of broom-corn, fescue or perennial rye grass should not be razed except where under irrigation or on very fertile soil, says Trew. This delayed grazing gives the plants a good chance to become established.

I will be in Eastland at the Corner Drug Tuesday, Nov 9th to hold a FREE hearing clinic, from 12 noon to 1 p.m. So, if you are having difficulty understanding in group conversation, in church, seducing yourself from friends and family due to being hard of hearing, then you should come in and let us run an audiogram of your hearing. We probably can help you.

We also have batteries and repair service for all types hearing aids.

it because someone found them before it was too late. The burning of any fuel that contains carbon may produce carbon monoxide. This is true of coal, coke, wood, oil, kerosene, gasoline and such gaseous fuels as natural or manufactured gas.

All heating equipment should be vented to a flue. Keep all rooms ventilated. Do not turn the heater higher than it was intended to run. Never leave gas heating appliances burning while you and your family are asleep.

If a person is overcome by carbon monoxide they should first be removed to fresh air. In addition open windows and turn off the gas in the room. If the victim has stopped breathing, administer artificial respiration and if possible an inhalator should be used to administer oxygen. Keep the patient warm and lying down until a doctor comes.

Rev. Otto Marshall . . . to speak on "Unnecessary Weights"

### Christian Science

On the subject "Adam and Fallen Man" the Christian Science Lesson-Sermon for this Sunday's church services will explain man's true selfhood as the spiritual image and likeness of God.

Man's heritage of God-given control will be brought out in passages from the Bible and the Christian Science textbook. These verses from Psalms will be read (94, 6): "What is man, that thou art mindful of him? and the son of man, that thou visitest him? Thou madest him to have dominion over the works of thy hands; thou hast put all things under his feet."

And from "Science and Health with Key to the Scriptures" by Mary Baker Eddy this selection concerning man's unfallen status will be read: "His birthright is dominion, not subjection. He is lord of the belief in earth and heaven, — himself subordinate alone to his Maker. This is the Science of being" (p. 518).

### Services At Christian Church Are Announced

"Unnecessary Weights" will be the morning worship sermon of Rev. Otto Marshall Sunday at the First Christian Church. Morning worship begins at 11 a.m. following Bible School at 9:45.

### Pythian Sisters Will Assist In Honoring Chiefs

The Pythian Sisters accepted the invitation extended by the Knights of Pythias to join them in roll call followed by a covered dish supper to be held on November 9th at their meeting Monday evening.

Mrs. Florence Crabb, excellent chief was in her station and presided over the business session. Reports of officers were heard.

Others present were Meses. Frank Williamson, C. C. Street, Bill Darr, of Cisco, Don Daniel, Lee Campbell and A. M. Hearn.

### More Than 300 Civic Movie Tickets Sold

The Civic Movie ticket sales have gone over the top, Mrs. Horace Horton, president of the Civic League and Garden Club, and promoter of the sales said today.

The first of the movies, "Tales of Hoffman" was shown Wednesday night. Hostess for the occasion were Meses. Willys Smith, Hubert Gage, and Milton Fullen. They wore after 5 hostess dresses, white Carnation corsages, bearing ribbons of the Civic League and Garden Club. They welcomed the guests and alternated in presiding over a table arranged in the lobby, where year books and civic movie books were obtainable. The table was attractively laid with a bronze cloth and decorated with an arrangement of

ried flowers and grasses with jinnia in driftwood. A wooden bowl holding colorful mints completed the appointments.

A number of out of town visitors were noted among the large group attending.

Mrs. Jack Frost and Mrs. James Horton were winners in the ticket sales contest. Each sold more than 50 books, Mrs. Horton said.

### 'Saga of the Delta Queen' To Be Sketched By Mrs. Schooler For Civic League and Garden Club

"Saga Of The Delta Queen" an interpretative sketch depicting in "mental word pictures" the movement of a river boat from California through the Pacific to its home port in Cincinnati, Ohio will be given by Mrs. J. S. Schooler of Sweetwater, for the November meeting of the Civic League and Garden Club, Wednesday at 3 p.m. at the Woman's Club.

Also presented on the program will be, Wendell Siebert, soloist, who will sing "Old Man River" accompanied by Mrs. Ima Ruth Taylor.

Interpretative sketching, which Mrs. Schooler originated in Sweetwater and which has brought her many invitations to appear before both men's and women's groups all over the state and in several

out-of-state points, is defined as "an individual's artistic way of expressing their thoughts or conception of a place, a thing or a person—a story told by drawing a mental word picture."

In addition to tracing by interpretative sketching the progress of a river boat from California to Cincinnati, Mrs. Schooler will give her afternoon audience a colorful wordy picture and history of "one of the greatest river systems on the face of the earth."

Mrs. Schooler emphasizes the fact that this sketch will not be the story of her river cruise made early this summer with Mr. Schooler on the Delta Queen, although of course she drew much of her material from the cruise. The boat's captain has sent her a small replica of the Delta Queen which will be used on the tea table, following the program.

Mrs. Frank Sparks will be program leader and will introduce Mrs. Schooler.

### Golden Topaz Is November Birthstone

November's birthstone, the golden topaz, is a clear, glowing emblem of fidelity and true friendship. Sharing this month's birthstones are distinguished persons from both past and present—

poet Robert Louis Stevenson, explorer and colonizer Daniel Boone, and beloved New England authoress Louisa May Alcott. Also celebrating November birthdays are England's Prime Minister Sir Winston Churchill, pianist Jose Iturbi, baseball champion Joe Di Maggio and Symphonic Conductor Eugene Ormandy.

The word "topaz" comes from the name of an island in the Red Sea called Topazos, meaning "to seek." The ancients found certain yellow-green stones on this island and later all yellow stones were known by the same name—topaz. Today most of the stones the jeweler knows as topaz actually are members of the quartz family, according to the Jewelry Council. Chemically, this stone is a combination of oxygen and silicon and the cause of its color is unknown. It is found in six-sided crystals, most of which come from Brazil. Some call the stone "strine," topaz quartz or quartz topaz.

Rare "precious topaz" is different chemically from the quartz variety and has been found in several colors. There is blue and pink topaz, but the golden-brown variety is best known.

Quartz topaz ranges in color from the palest yellow to deep sherry brown. Adaptable to many types of jewelry designs for both men and women, the topaz is particularly effective when set in modern multi-colored gold mountings. A handsome ring stone, it can be carved into cameos and intaglios. Combinations of two shades are particularly effective.

### P-TA Officers Make Report On Carnival Money

Mrs. Wendell Siebert, finance chairman of West Ward Parent Teacher Association and Mrs. Gene Rhodes, finance chairman of South Ward P-TA make the following report of proceeds from the schools' annual Halloween Carnival held last Saturday evening at the High School Gymnasium.

Proceeds were \$348.85, with expenses of \$108.41, which left a profit of \$240.44 to be divided between the two organizations.

This year all the prizes for the different events were purchased, with the exception of the Country Store and the Food booths where much of the food and merchandise was donated. There were 15 booths in operation, the reporter said.

The officers wished to thank all of the patrons who helped in any way to make the carnival the success that it was. They were delighted with the response from the public, in enabling them to make more money.

The proceeds will be used in the organization's work in the betterment of the schools through out the school year.

### Olden's Wed. Luncheon Club Resumes Meetings

### TOPPER BRAND PEANUT SEED

THIS IS TO CERTIFY that Durham Peanut Company will guarantee Southwest Spanish Peanut Seed of good germination and at a reasonable price to producers for 1955 planting season as follows:

To the producer who sells his peanut crop to this company, we positively guarantee as stated above, sufficient seed to plant his 1955 quota acres. This guarantee is to expire May 1, 1955.

To the producer who, due to crop failure, has no peanuts to market or the producer who has peanuts to market but does not sell us his crop, we guarantee, as stated above, sufficient seed to plant his 1955 quota acres. PROVIDED he comes to our office by December 15, 1954, and makes special arrangements necessary for us to offer him this protection. This guarantee will hold good only until our supply is exhausted.

As you know, Durham Peanut Company has specialized in TOPPER BRAND PEANUT SEED for many years and we are very grateful for the splendid public acceptance of this fine product. We are again making every effort to accumulate sufficient high quality, high germination peanut seed to assure all of our customers throughout our entire trade territory of adequate good quality seed to plant their 1955 quota acreage. This company feels it has a very definite responsibility to see that our entire planting area is supplied with good quality seed and we are entering the season with a full realization of this responsibility at the same time asking the wholehearted cooperation of every producer to the end that there will be ample seed for himself and his neighbors.

To the producer who does not care to avail himself of the protection afforded him under the above outlined plan, please rest assured that this company will make every effort to furnish your 1955 seed requirements; however, we must depend upon our buying for our seed stock and hope that you will cooperate with us in our all-out effort to acquire sufficient tonnage from which to select your seed, by selling your peanuts to this company.
