## MOORE about... EASTLAND

by Virgil E. Moore

Want a dog or a cat? We've located some pretty good buys for our readers. You can get yourself a five month old Springer Spaniel or a blue kitten for nothing down and nothing a month just by promising them a good home.

Mrs. E. M. Hickerson, 301 South Bedford, has the puppy. He says he will make someone a fine dog.

The kitten belongs to Mrs. Gus Bird who lives about 1 1/2 miles west of Eastland on Highway 80. She has six kittens to give away, so you can have your choice.

The boys over at Hamner Appliance Store have been having a good laugh at Doc Davis' expense, but after what happened to the Braves Monday the last laugh might be Doc's.

Davis is a loyal Yankee fan and all the other TV World Series watchers who have made Hamner's headquarters, are for the Braves. The Braves fans partitioned the viewing area with a piece of cardboard and have made Doc sit all by himself on one side.

We are worried about Everett Plowman, the Corner Drug Hadacol salesman, recently got in some new Texas Delights candy. The candy was plainly marked "one buck" but Everett wrote in \$1 just so folks would know for sure. That boy isn't helping Texas' tall tales any.

We took in the State Fair in Dallas over the weekend, and it's just about all we can do to keep our eyes open today. The Fair is just about like always, only more so.

The Notre Dame-S.M.U. football game was something to see. We read in the Dallas paper the next morning that Notre Dame didn't play dirty ball this year, just rough. We don't know about that, but we do think that the Pones would have won if they hadn't run out of quarterback. From the looks of the poor man under, it seemed that Notre Dame was sending in men off the bench to pile on top of him.

We rode the roller-coaster while we were there and the Fair public relations man said he would send us our stomach the minute it comes down. That thing isn't rough, just kinda like going off the park hill on the south side in a pickle barrel.

The one thing we noticed most about the Fair this year is that they are not giving away as many things as they used to. Instead they are selling a lot more things in the booths. The end result is that it costs about \$20 to take in the Fair now than it did 10 years ago, and you come back with a lot less.

There were about 40,000 FFA boys and girls at the Fair Saturday and we had to admire their spunk. We also noticed that the number one attraction for the boys was the girls and the number one attraction for the girls was the boys. We think perhaps that's what makes the Fair more attractive for the teenager than for anyone else.

We would recommend the Fair to you, though. It will certainly realize your age!

## Gary Fox Named President of Olden FFA

The Olden F.F.A. Chapter met in a regular meeting Thursday night to elect officers for the coming year.

Officers elected were Gary Fox, president; Leroy Fairbrough, vice president; Butch Cooper, secretary; Doyle Norton, treasurer; Ben O'Brien, reporter; and Milton Rodgers, sentinel.

Gilbert Copeland is Advisor for the Chapter. The group will attend the State Fair on Saturday which is F.F.A. day.

## Local Guardsmer Complete Rifle Training Course

M Sgt George E. Hull, Rt. 2 Eastland, and SFC Stanley D. Lynn, 518 S. Bassett St., both members of the Cisco National Guard unit, recently complete the first Rifle Marksmanship Instructor's Course in the new Train fire concept at the Infantry School, Fort Benning, Georgia.

The Trainfire Course, designed to develop a new type of marksmanship instructor, was the first of its kind to be used in the Army.

Instead of the familiar knowledge of distance firing with large bore weapons—Trainfire has as its objective to provide the soldier with the training necessary to use his rifle effectively in combat. The course is based on the principle that the combat soldier's target is enemy personnel, not a big black bull's eye. To achieve this effectiveness the rifleman must be skilled at target detection, aiming a detected target and firing with out disarranging his aim.

The principles learned at the two week school by Sgt. Hull and Sgt. Lynn will be taught other members of the battery so that they will be able to fire the Train fire Course when it becomes available in the 4th Army area.

Sgt. Lynn, with five years in the National Guard, is a chief of Howitzer Section, Sgt. Hull, a veteran of 14 years and reserve service, is the first sergeant.

## Vocational Agriculture Important During Changing Agriculture Time

(This is the first in a series of articles in which Gilbert Copeland, Olden High School Vocational Agriculture teacher, will discuss the importance of agriculture in our educational system and in our society.)

Thirty years ago a most remarkable model "A" automobile was made in Detroit. It captivated the American people. This automobile was a tough, long-legged car possessing many of the virtues and a few of the vices of the

## Roundup Time Is Here For Area Scouters

It's Roundup time for Cub Scouts, Boy Scouts, Explorers, and their Leaders in the Boy Scout movement in the eight-county Comanche Trail Council this Fall.

"The program is designed to recruit 500 new members, roundup all registered members and organize an additional 10 Scouting units so that more boys age 8 through 17 may have the opportunity to benefit by Scout training," stated W. Doyle Graves of Stephenville, who is chairman of the organization and extension committee.

Each member who recruits and trains a new member will receive a pair of miniature cowboy chaps for the neckerchief slide and each Pack, Troop, and Explorer Unit that registers six new members from Sept. 1 to Dec. 15, will receive a national award and the leader will receive a plaque.

The theme for this month is "go western" with the suggestion that every unit conduct an open house for parents and friends and present badges to the boys with decorations creating a western atmosphere with songs of the old west.

Roundup barbecues will be held in November sponsored by many civic clubs with a special program around the campfire with a branding ceremony inducting all new members.

"We invite all organizations to sponsor the Scouting program for boys in their community and we pledge cooperation in the development of those new units," stated Graves.

**MYSTERY FARM**—White seems to be the theme of Mystery Farm No. 24. Readers of his newspaper have a chance to win two tickets to the Majestic Theatre if they can correctly identify the farm. The names of all persons calling or writing the newspaper office and correctly identifying the farm will be placed in a hat and one name will be drawn out. That person will get two free tickets. The owner of the farm will be given a free enlargement of the aerial photo if he will call for it at the newspaper office.

## Firemen Hold Quarterly Meet Here Tonight

Firemen from 11 cities will meet in Eastland tonight for the quarterly meeting of the North-Central Texas Fireman's Association.

Guest speakers at a banquet at City Hall will be Abilene Fire Chief D. C. Musick and Chief O. A. Kimbrough of Dyess Air Force Base. The two will speak on how to control jet fires.

Pumper races will be held at 7:30 p.m. at the corner of White and Green and the banquet will follow immediately afterwards.

## Gray Matter

By JOE GRAY

A lot of our people get around over various parts of our earth and every time a fellow travels for his home people. Some people, though, love to show off a little when they get into other sections of our nation. This got so bad during the war that Texans got the reputation for being braggers throughout all parts of this earth. The good thing about all of our war-time bragging was that Texans do have something to brag about. And what we do have, we have in more abundant quantities than a lot of other states.

Sometimes some funny things happen to a fellow when he gets away from the home fireside. John Pritchard is one of the best county agricultural in all of Texas. He's the county agent for the free state of Freestone, with Fairfield as his county seat.

John does his work well and attends all the meetings and conventions one ought to in his work in order to keep up with all the new developments and new methods being used in agriculture. It's part of John's job to return to his home people all of the new methods and procedures so the people who are actually paying his salary may benefit from what he knows about farming.

Our county agents are a fine group of men, dedicated to the betterment of agriculture and to the work on the farm. If we had agricultural agents and home demonstration agents for our farm people a generation or two before they came onto the farm scene we might have been able to have a lot of good people on the farm who eventually left it for greener pastures to graze in.

Farm life today is a lot better than it was when Eastland County was one of the leading cotton-producing counties in Texas. Part of this increase in farm-production is due to the influence of our county agents. They've done a good work over the years. Most of them are good men, although one does see a good county agent fall from grace now and then. Doc Rubman was a good county agent before he got into radio and television work.

Our own county agent, J. W. Cooper, is doing a good job. J. M. is one of the best county agents in the land. He attends all the conventions he should to keep himself alert and mentally awake to progress in his field of agriculture.

Let us take a look at some of the agricultural changes that are occurring in Texas and the United States that are effecting our agricultural industry and our high school vocational agriculture programs.

1. Population changes. Our rural population is declining. Only 13 percent of the nation's population are needed to produce the food and fiber needed by the remaining 87 percent of the population. It has been predicted that in the very near future only 5 percent of the population will be required to produce the food and fiber needed by the remaining population.

2. Industrial changes. The nations of the world are highly industrialized. They went into the coffee shop of the station in New York and ordered a cup of coffee. Cooper was one of the boys and the other was the other boy. The coffee was brought to the coffee and our County Agent sauced

## Hess Holds Big Lead In District Scoring Battle

Ken Wigington, Ballinger's top running, got within one point of holding his own with Cisco's sensational Randall Hess last week in the scoring race, but Hess easily stayed on top with a total of 65 points.

Wigington has 44 points for the

**FACTS ABOUT YOUR UNITED UNITED FUND**

By JAMES GILKEY

The acuteness of the Far-East situation around the Quonoy Islands and Formosa brings to the American mind appalling thought of an all-out atomic war. And thinking American are alarmed over our lack of preparedness for the nation's civil defense.

The American Red Cross, one of Eastland's United Fund agencies, plays a supporting part in the nation's civil defense. Defense of the civilian population under enemy attack, involving as it does the protection and welfare of all American people, it necessarily responsibility of the government.

This responsibility has been delegated by the Congress to the Federal Civil Defense Administration and to regional, state, and local civil defense authorities. However, the American Red Cross, an organized community force of trained volunteers, recognizes a responsibility to assist the civil defense authorities in all ways that it can.

With its 77 years of experience in more than 7,000 disaster relief operations, Red Cross has gained competence and experience in the recruiting and training of volunteers in emergency feeding, clothing, and sheltering of displaced persons, and in blood collecting.

Through mutual understandings between the two organizations this Red Cross know-how has been available to the Federal Civil Defense Administration. Red Cross chapters have been urged to participate in emergency planning with local civil defense authorities. In addition, the Federal Civil Defense Administration and Red Cross are promoting streamlined Red Cross training in first aid, emergency mass feeding, and a home nursing course, "Care of the Sick and Injured."

The Federal Civil Defense Administration also requested Red Cross to prepare a national plan for providing whole blood for the mass casualties that might result from enemy attack. Under the terms of this request, Red Cross is asked to direct the plan, if armed conflict should come, under the supervision of the Federal Civil Defense Health Office. Red Cross has accepted these additional responsibilities.

During the past 12 months 145 persons in Eastland County received certificates for having passed courses in first aid training. Of this number 86 passed the standard course and 60 passed the advanced course in first aid training. The course requirements are: For the standard course, a minimum (Continued On Page Two)

season to rank second and Pat DeBusk of Coleman held on to the third place spot with 38 points. Charles Wolford got just two points Friday night, but that was enough to hold him in a tie for fourth with Jerry Harris of Coleman. Both boys have scored 30 points. Eastland's Clint Humphreys retained his sixth place position with 27 points.

Cisco and Winters were the most impressive teams in District TAA last week. Cisco mopped up DeLeon, 45-0, and Winters upset Hamlin, 8-0. Ranger had a harder time than expected in beating Dublin, 26-6, while Coleman rose up to tie Haskell, 14-14. Eastland took a sound whipping from Albany, 37-14, and Ballinger was upset by Lake View of San Angelo, 34-6.

This week Cisco will entertain Haskell and Winters plays host to Colorado City. Eastland, Ballinger, Coleman and Ranger all have open dates.

## Pontiac Makes Its Local Debut Thursday

Unmatched in beauty and unprecedented in fresh styling approach, the 1959 Pontiac debuts with 14 all-new, breath-taking body styles, on display Thursday at Muirhead Motor Co. in Eastland.

The new line of automobiles, from the luxurious Bonneville to the lowest priced Catalina models, is lower and wider. Window area is up to 37 per cent greater. Imparting added appeal is the standardization of dazzling Magic Mirror acrylic lacquer finishes, 15 solid colors and 42 recommended two-tone combinations. The high gloss lacquer, introduced by Pontiac in 1956 is two to five times more weather resistant than other paints.

From every angle, clean, tasteful styling highlights the dynamic new cars. A 60 per cent greater area Vista-Panoramic windshield extending into the roof and a large wrap-around rear window, lend a spectacular effect of aircraft design. The startling new four-door Vista hardtop, available in all series, features a modernistic roof over-hang in the rear.

Dual head lamps mounted in twin grilles, wrap-around two-bar bumper, and a V-shaped hood design extending rearward from the grilles, are predominant features of the front view. The Pontiac or Bonneville name in gold script adorns the chromed rectangular grill work on the left side. Parking signal lights are located between the bumper bars at the outer edges. At the vertex of the V-shaped hood design is an attractive triangular, white plastic medallion trimmed in chrome and embellished by a center gold star. Narrow, (Continued on Page Two)

H. J. Tanner, chamber of commerce manager, said the contest would be held in all five schools here. It will be directed by the chamber's Fire Prevention Committee headed by E. E. Freyschlag. Other members are Earl Bender and Fire Chief Billy Jack Johnson.

Cash prizes will be offered for the best essays.

## Funeral Services Held Monday For Mrs. Crowley

Funeral services for Mrs. Viola Ethel Crowley were held Monday at 2:30 p.m. in the Caddo Baptist Church with Rev. James Fleming, pastor of the Bethel Baptist Church in Eastland, officiating.

Mrs. Crowley was born Sept. 9, 1877. She married O. B. Crowley Nov. 5, 1951. Survivors include her husband, O. B. Crowley of Eastland; one son, Howard Kidd of Harlingen; one grandson and two great-grandchildren; five sisters and four brothers.

Hanner Funeral Home was in charge of arrangements and burial was in Caddo Cemetery.

## Area Students Win Scholarships

Two area students are listed among the 71 University of Texas students who have received Achievement Scholarships for the fall semester.

Chosen on the basis of "demonstrated participation in student activities" were Alice Joyce Cushman of Eastland and James Lewis Raney of Ranger.

Both received scholarships in the amount of \$100.

REPRESENTING THE MOST progressive change in Pontiac Motor Division's 51-year history is the Catalina Vista. The beautifully contoured Vista-Panoramic windshield and large, wrap-around rear window provide unparalleled vision for driving safety. Absolute simplicity in styling is achieved with the twin "air scoop" grille housing dual headlamps and a low, cleanly styled body, topped by a slim-line roof. Vista models are also featured in the Bonneville and Star Chief series.

Impressive tail gate design and full chrome decor around the rear window are standard with the Bonneville Safari. A wide block letter Bonneville name plate, bordered by two stars, ornaments the area between tail lamps. The tail gate contains the Safari name in script at the center which divides the upper moulding. Star Chief models also feature extra width tail lamps. A distinctive wide crest emblem is centered on the deck lid. As on the Bonneville, an indented ribbed section centered below the deck lid, displays the Pontiac name in block letters. Simplified styling also marks the rear view of Pontiac's Catalina series. Narrow tail lamps and a lettered Pontiac name plate on a 16-rib panel below the deck lid contribute to the sleek, clean lines characteristic of this series. Catalina Safari station wagons are distinguished in the rear by the Safari name in modernistic letters, situated centrally between stainless steel upper mouldings. Pontiac letters, set on a background of indentations, grace the lower panel.

agers on farms and in cities with nothing to gainfully occupy their time.

Changes in behavior of youth. As a result of many socio-economic changes, we have a distressed and confused generation of youth. J. Edgar Hoover states that, "Teen Age crime is the most pressing problem in America today." According to E. V. Walton, head of the Department of Agricultural Education at Texas A & M, juvenile delinquency increased 36 percent in 1956 in the United States. Rural or small town juvenile delinquency increased 58 percent during the same period. Rural youth may not be as "mean" as their city cousins, but the frequency of rural delinquency is almost twice that of city delinquency. Such an increase in delinquency among rural youth is probably due to their mobility—i.e. the ease with which they can get from one place to another. Too, they read and are influenced by newspapers, television, and radios. If an epidemic of vandalism occurs in Chicago on Saturday, it can, because of modern communication media, become common talk in Texas or Georgia by Monday.

This quick look around the corner of tomorrow calls for a bold new look at our educational program in vocational agriculture and an examination of the ways in which the program has kept pace with the agricultural changes that have occurred. We should also look at the program and examine the means by which the program proposes to cope with conditions that are expected to arise in the future.

### Thursday Afternoon Club Opens Year with Morning Fall Brunch

The Thursday afternoon Club opened its club year Thursday morning in the Woman's Club with a fall brunch honoring the Library Committee, Mes. Cecil Collins, D. L. Houle, Harold Durham, Joseph Perkins and Frank Crowell.

Hostesses for the brunch were the Yearbook Committee Mes. M. A. Treadwell Jr., Frank Castle-

berry and Tom Wilson.

The refreshment table was covered with a beautiful cutwork linen cloth and appointments were in wood and brass. Fall colors were the theme for the table setting throughout the club.

The centerpiece for the refreshment table consisted of beautiful gold and bronze baby chrysanthemums which had miniature books scattered among the flowers. At one end of the table a large brass scale held sugar glazed grapes. Also on the refreshment table was a large metal tray holding a brass arrangement from which miniature dumplings, cheese marbles, sausage and olives were served.

Mrs. Inzer presided during a business meeting after the brunch. She introduced Mrs. Treadwell, chairman of the yearbook committee, who conducted the program. Mrs. Treadwell announced the theme this year for the club will

be "Progress Through Knowledge." She also announced the next meeting will be a Federation Dry Tea held at 3:00 o'clock in the afternoon on October 16, in the Woman's Club. The club will honor Mrs. Richard Mosley, president Sixth District T.F.W.C., and will also have as guests the Las Leales and Alpha Delphian members.

Mrs. Collings, library chairman made a report on the library and the renovating of the library which took place during the summer. Mrs. Collings reported Miss Hass resigned May 1 as librarian and Mrs. F. T. Isbell in charge of the library during the month of May. Mrs. J. C. Whatlev was librarian during the summer months and Mrs. A. E. Cushman is now librarian for the coming year.

Mrs. Collings reported the library committee, with the help of Mrs. Inzer and Mrs. Turner Collie, removed covers from all books and a short synopsis and any information about the author was cut from the cover and placed in the book. Mrs. Collings reported that shelves were cleaned and repainted where needed; fiction books were arranged alphabetically by author; a shelf is being used for Texas collections and all Texas books marked with a gold star; other sections arranged and labeled are Music, Travel, Religion, Philosophy, Recreation, Quotations, Poetry, Drama, Biography and History; a section contains Memorial Books; mystery books were moved from front room to west wall of the back room and arranged alphabetically by author; three new book cases, three dozen bookends and new card file was added to the library and numerous other additions and improvements were made.

Mrs. Collings encouraged the public to benefit from the library during the opening hours which are from 2:00 p.m. to 5:30 p.m. on Mondays, Wednesdays, Fridays and Saturdays.

Mrs. Collings commended J. C. Whatley who did a wonderful job of helping the committee during the summer.

At the close of the meeting members toured the library.

Attending were: Mes. Harold Bulgerin, Frank Castleberry, C. C. Collings, Frank Crowell, Fred Davenport, Ben Hamner, C. W. Hoffmann, James Horton, Iral Inzer, Hubert Jones, Larry Kinard, Donald Kinnaird, W. L. Leslie, Milburn Long, Frank Lovett, W. S. Martin, Arthur Murrell, B. W. ### Shrinks Hemorrhoids Without Surgery

Science finds healing substance that relieves pain—Shrinks Hemorrhoids

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne\*)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H.\* At all drug counters—money back guarantee. \*S

**Creamy Nut Caramel Sauce**

**THIS HOMEMADE DESSERT** sauce surpasses any "ready made" one we've found—and it's perfect for cakes and other desserts in addition to the ice cream we've pictured here—keeps beautifully in your refrigerator, too, so you can store it for ready use. (Once the family tastes it, we can't promise how long you'll be able to keep it, however.) New instant cream gives this nut caramel sauce its special goodness; you'll find it an invaluable addition to your pantry shelf.

**CARAMEL NUT DESSERT SAUCE**  
 2 cups sugar                    ¼ cup shortening  
 1½ cups Instant Cream      ¼ cup corn syrup  
 1 cup water                    ¼ teaspoon salt  
 Combine sugar and Cream. Add remaining ingredients and cook over medium heat, stirring frequently as mixture thickens, constantly as it darkens. Cook to 230 degrees or when a little dropped in cold water forms a very soft ball. Add ¼ cup chopped nut meats. Serve warm on ice cream, cream puffs, warm cake squares, etc. Can be made ahead and kept refrigerated. Reheat over hot water. Makes about 2½ cups sauce.

**FAVORITE RECIPES**

A luncheon plate featuring chicken salad, garnished with sliced pineapple and ripe olives served with old favorites as brown bread and cream cheese sandwiches and vegetables soup is perfect for club luncheon or just a family meal.

**Ingredients**  
 1/2 cup mayonnaise  
 1 teaspoon lemon juice, lxx  
 1 tablespoon prepared mustard  
 2 cans (5 or 6 ounce) boned chicken  
 2 cups sliced celery  
 1/3 cup chopped ripe olives  
 2 tablespoons chopped onion salt, pepper, crisp salad greens  
 4 to 6 slices canned pineapple.  
 Mix mayonnaise, lemon juice and mustard. Add cubed chicken, celery, olives and onion; toss lightly. Season to taste with salt and pepper; Chill. Put mounds of crisp salad greens and garnish with chilled pineapple.

Who in the world built this beauty . . .  
 the only car with wide track wheels?

**EXCLUSIVELY YOURS—WIDE-TRACK WHEELS**  
 Wheels moved out 5 inches for the widest, steadiest stance in America—better cooling for engine and brakes—lower center of gravity for better grip on the road, safer cornering, smoother ride, easier handling! You get the most beautiful roadability you've ever known—in America's Number 1 Road Car!

**PONTIAC!** America's Number 1 Road Car!

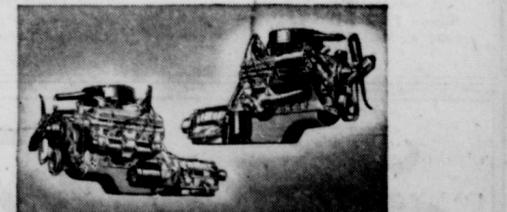

Those exclusive Wide-Track Wheels sparked a chain reaction of wonderful new ideas: You can see the trim, tailored new look . . . it's inches lower without sacrificing roominess or road clearance. The first time you drive it, you'll discover this beauty handles city corners and clings to country curves in a way the conventional narrow-gauge cars can't hope to imitate. And the ride . . . the miraculous freedom from sway, dive and bounce . . . this is an experience in buoyant travel that you won't believe—until you try it.

But there's still more to the new Pontiac to stamp it as the big change for '59:

Vista-lounge interiors with full 360-degree visibility . . . seats actually wider than a sofa . . . Air-Cooled True-Contour Brakes for smooth, effortless control, stop after stop after stop.

The industry's most advanced V-8, Pontiac's Tempest 420, gives you spectacular new responsiveness. And there's a new companion power plant, the Tempest 420E, that delivers phenomenal extra mileage—and does it on regular octane gas!

Compare see why no other car can possibly be so new as the new Pontiac—three series: magnificent Bonneville, dramatic Star Chief and brilliant new Catalina.

**2 Great New Engines**  
 If you love action—you get the liveliest on wheels with the new Tempest 420 V-8, acclaimed by automotive experts as America's most advanced power plant.  
 If you want the accent on economy, choose Pontiac's new Tempest 420E. This new V-8 actually delivers better mileage than many smaller cars with so-called "economy engines" . . . and it uses regular octane fuel.

### Mrs. Sims Installs Officers For Morgan's Girls Auxiliary

Mrs. H. W. Sims, president of the Woman's Missionary Union of the First Baptist Church, was the presiding officer at the installation of new officers of the Morgan Girls Auxiliary. The meeting was held in the school hall of the church Wednesday.

Janet Kimbler called the meeting to order and welcomed the members and guests. Mary Ann Manning led the girls in singing the G. A. Watchword, and the G. A. Hymn was sung with Patricia Liles as accompanist.

Two auxiliaries were formed with two complete sets of officers. Counselor for the girls aged 9-10 is Mrs. Gene Rhodes, and counselor for girls aged 11-12 is Mrs. Herbert Ekurt.

Using a Book Satchel service, Mrs. Sims likened the presidents' duties to a ruler. Presidents are Anna Kay Smith and Sally Perkins. Vice presidents duties were compared to a protractor, Reggie Cook and Dixie Young were installed as Vice Presidents.

Various other school supplies had an application to the duties of secretaries, Janet Kimbler and Marsha Treadwell; treasurers Ernie Mae Lane and Marsha Treadwell; pianist, Mary Ann Manning and Chorister, Sharon Gist.

Program committees were installed as follows: Sharon Sayre and Judy Crosby; mission study;

Brenda Jenkins, Janice Dendy, and Andrea Rhodes; community missions, Sharon Cook, Mary Ann Manning and Brenda Cook; Forward Step, Lois Ann Sims; and Sharon Hail, Andrea Rhodes.

Mrs. Harvey Kimbler, G.A. director, presented the plans for advancement and the Forward Step Program of Girls Auxiliary. She presented Patricia Liles a certificate of promotion into the Sarah Henley G.A. for intermediate girls.

Mrs. Sims closed the meeting with prayer.

During a social hour which followed, Patricia Liles poured fruit punch from a crystal punch bowl and assorted cookies were served. The tea table was covered with a lace cloth over a green back ground, and centered with an arrangement of yellow chrysanthemums and tall green tapers. Yellow napkins completed the G. A. color scheme.

Special guests were mothers of the new girls Mrs. A. G. Crosby, M. A. Treadwell Jr., and Jimmy Young. Dianne Young and Susan Kimbler were visitors.

All girls between the ages of 9-12 are invited to visit the next G. A. meeting which will be held Wednesday at 7 p.m. in the junior department of the First Baptist Church.
