Nixon Backs Sending Troops To Aid French

ELKS INSTALLATION — New Pampa Elks officers were installed Saturday night at ceremonies in the lodge hall, Culbertson building. Here Earl McCroskey (second from left), past president of the Oklahoma Elks association and present Exalted Ruler of Lodge 1640 in Ada, appears with the four top local Elks who were installed. From left to right they are Quentin Williams, Exalted Ruler; Newt Seaman, esteemed lecturing knight; John A. Wells, esteemed leading knight; and George Ingram, esteemed loyal knight. Other Elks officials on hand were John M. Collin, Shawnee, Okla., past state president, and Bert Wyser, Holdenville, Okla., executive state secretary. Paul Camp and Hugh Morrow are the new trustees. Other Elks installed were Al Schneider, secretary; A. B. McAfee, treasurer; and J. M. Foster, tiler.

Statement Termed 'Personal Opinion'

WASHINGTON, April 17—UP—Vice President Richard M. Nixon would back the use of American troops in the Indo-China war if the French ever gave up the eight-year-old struggle against the Communists.

Nixon is the "high administration official" who made the controversial statement to a luncheon meeting of the American Society of Newspaper Editors Friday. His remarks set off a debate here and abroad.

The State Department said Saturday Nixon had merely stated "a course of possible action which was personally prepared to support under a highly unlikely hypothesis."

The department said Nixon had announced no new U. S. policy in regard to Indo-China and the threat of Communist aggression in southeast Asia.

At Nixon's request, he had been identified in news dispatches Friday only as a "high administration official." Subsequently, British and French dispatches named him as the man who made the statement.

McCarthy Refuses To Quit Committee During Hearing

WASHINGTON, April 17—UP—The Defense Department Saturday gave Sen. Joseph R. McCarthy the information he requested on how many members of Congress sought special treatment for servicemen.

The Defense Department did not make the information public, but said that if the Wisconsin Republican wanted to do so "that's his business."

McCarthy flew back to the capital from Houston. He had spent about two weeks in the Southwest, resting and recuperating from a throat virus.

Citywide Clean-Up Campaign Begins Monday In Ward Four

Pampa Monday begins its annual two-week clean-up. L. B. (Bush) Haggard, sanitation superintendent, and other city officials Saturday were making final plans for the drive which begins in Ward Four and lasts for three days in each of the city's four wards.

This is the schedule: Ward Four Monday to Wednesday; Ward Three, Thursday to Saturday; Ward Two, April 26-28; and Ward One, April 29-30, May 1.

Pact Nations Set Meeting

WASHINGTON, April 17—UP—The 16 nations of the proposed Southeast Asia defense pact will begin secret meetings here next week in an effort to weld a united front against Communist aggression before the Geneva Far East conference opens on April 28.

Diplomatic informants said U. S. officials plan to begin talks Tuesday with representatives of Britain, France, Thailand, Australia, New Zealand, the Philippines, and the three associated states of Indo-China, Laos, Cambodia, and Viet Nam.

'Sweetie Pie' Starts Monday

Be on the lookout for SWEETIE PIE in Monday's edition of The News. She's a lovable, laughable little mischief-maker who raises havoc as her favorite pastime. You'll even discover that she has an occasional sweet streak, too. Watch for this hilarious new comic panel each day in The News.

U.S. Forces Face Recall From Korea

WASHINGTON, April 17—UP—The Army and Air Force have drawn up plans to withdraw virtually all combat units from Korea in the year beginning July 1, it was learned Saturday.

The plans are still tentative. Whether they will be carried out depends upon the outcome of the forthcoming Geneva Conference on Korea and Indo-China.

Withdrawal of Army and Air Force units would be in line with the administration's policy of disengaging U. S. forces from such areas as Korea so they could be in a more mobile position to meet Communist aggression anywhere in the world.

'Chastised' Boy Dies Of Exposure

CROCKETT, Tex., April 17—UP—Four-year-old Joe Davis, who vanished in a 1,000-acre forest Friday after his mother spanked him, was found dead Saturday, lying face down in the cold mud of Elkhart Creek.

Searchers believed that Joe, who ran off barefooted, wearing only a T-shirt and boxer shorts, died of exposure in the fog and bitter cold. His T-shirt had been torn off and he had tried to wrap it around him.

Ramsey Is A Candidate

AUSTIN, April 17—UP—L. Gov. Ben Ramsey Saturday announced his candidacy for re-election to a third term as the state's number two official.

The 50-year-old veteran legislator and state official said he will formally file for a place on the Democratic primary ballot "in the near future," making a further statement then regarding his race.

Shivers Mulls Over Decision

AUSTIN, April 17—UP—Gov. Allan Shivers flew to his Rio Grande Valley home near Mission Saturday, ostensibly to make up his mind over the Easter weekend whether he will seek an unprecedented third term.

Some observers saw signs indicating the governor will run again. There were equally strong indications that he won't.

NEW LIBRARY TAKES SHAPE — Foundation work (above) on the proposed Lovett Memorial Library, which will be turned over to the City of Pampa upon completion, was well underway Saturday. Tri-State Construction Company, Amarillo, is building it at a cost of \$237,000. John F. Moss, Tri-State representative, has said it will be completed Nov. 1. The Fannie Lovett estate is providing the funds for it. Of face brick and stone, it will have one floor, will be air-conditioned and will hold 50,000 books. This picture was taken on Houston, between Foster and Kingsmill, facing west. In the background is the old Pampa hospital. B. K. Cantrell, Pampa architect, designed the building.

IN THE GARDEN — Pope Pius XII meditates as he walks through the Garden of the Holy Spirit. The Pontiff will give his annual Easter blessing today to thousands of pilgrims in Rome for the holy season. (NEA Radiophoto)

Salutes French Like Appeal Is Previewed

AUGUSTA, Ga., April 17—UP—President Eisenhower will make a new appeal next week for international peace to replace the present "atomic hysteria and horror."

The President will direct this appeal to members of the American Newspaper Publishers association in a speech in New York next Thursday night.

Fledgling Paratroopers Bolster Fort

HANOI, Indo-China, April 17—UP—Scores of volunteer French Union infantrymen Saturday parachuted to death or victory at isolated Dien Bien Phu, where Communist vanguards clung grimly to their "beachhead" within rifle-shot of Brig. Gen. Christian De Castries' headquarters.

City Is Host To 31st Annual Eighth District P-TA Meeting

Pampa plays host this week to the 31st annual conference of the eighth district of the Texas Congress of Parents and Teachers.

The two-day affair gets underway officially at 7:30 p.m. Monday with a formal dinner in the Hotel Schneider, followed by three general sessions Tuesday between 8:30 a.m. and 4 p.m. in the Pampa high school auditorium.

MRS. T. W. WHALEY ... state vice president

Excise Cuts Backfiring

WASHINGTON, April 17—UP—Members of Congress disclosed Saturday they are getting mail complaints that some of the federal excise tax cuts have not been passed on to consumers.

A random check of offices indicated that these complaints are not, yet at least, flowing in any significant volume. Without price control, Congress could do nothing anyway.

Press View Not Slanted

WASHINGTON, April 17—UP—Norman E. Isaacs, managing editor of the Louisville Times, said Saturday American wire services and newspapers have been notably free of bias in reporting the news.

He conceded that a few newspapers permit "slanting" of the news, but "the vast majority report the news as fairly as they can and as honestly as they can."

City Is Host To 31st Annual Eighth District P-TA Meeting

An estimated 500 persons — visitors, guests and Parent-Teachers Association officials — are expected to be on hand for the conference which has for its theme, "Concerted Action: Richer Dividends for Every Child."

Mrs. T. W. Whaley, state vice president, and Mrs. James P. Cornette, Canyon, district president, will head the state of Texas P-TA officials in Pampa.

Heavy Day For Troopers

Highway patrolmen in the Pampa area Saturday reported a heavy run of pre-Easter traffic violations.

Six citations were handed out Friday night. Three were for speeding; one for driving on the left; and one for failing to dim headlights.

Oppenheimer Trust Doubt Called 'Gag'

WASHINGTON, April 17—UP—The Federation of American Scientists said Saturday that to challenge atomic scientist J. Robert Oppenheimer's loyalty because he opposed building the H-bomb threatens to "stifle" free expression of scientific views.

In a statement on the security risk suspension of Oppenheimer, the federation indirectly defended the scientist's loyalty and called for an early resolution of the case now being heard by a special government panel.

Only One North Of Amarillo Pampa Chiropodist Has Wide Open Field In Top O' Texas

By ED NASH
Pampa News Staff Writer

Born and reared in Pennsylvania, schooled in Illinois, married in Michigan and settled in Texas, that's the story of Dr. Nicholas G. (Nick) Kadingo, Pampa's foot doctor—the only one in the Top O' Texas area.

And he took a 2,000-mile tour of Texas, too, before he finally made up his mind to stay in Pampa.

A Pampa for the last six months Dr. Kadingo is 25 that lives at 414 N. Somerville. His wife, Jane, is a reporter for The Pampa Daily News.

Though he thoroughly enjoys his work, he was once an electrician and has a wide spread of outside interests: Dixieland jazz, reading, sports, cooking, fixing things.

Pennsylvania Boy

His home town was Shamokin, Pa., and from the first he can remember, the dark-haired doctor wanted to be an engineer. An electrician's mate in the U. S. Navy, Dr. Kadingo finished high school after his discharge from service and went on to take the freshman year of engineering at Lehigh university, Bethlehem, Pa.

But one year of pre-electrical engineering was enough. And, almost before he quite realized it himself, he was enrolled in the Illinois College of Chiropody and Foot Surgery in Chicago. Four years later he was graduated and a full-fledged Doctor of Surgical Chiropody (D.S.C.).

"I plan to stay in the Pampa area," says the only foot-doctor from Amarillo and east and west, north of Amarillo, from Oklahoma to New Mexico.

FROM FOOT TO MOUTH — Dr. Nicholas G. (Nick) Kadingo, Pampa chiropodist, treats feet all day, then comes home late in the afternoon and likes to try a few licks with his trombone. The only footdoctor in the Top O' Texas area, he is a deep lover of Dixieland, that "beat" that began down on the levees of the Mississippi delta country. (News Photo)

Was Here and Left

Dr. Kadingo came to Pampa once before — and left. That was at the beginning of his tour throughout the state, a tour that took him and Mrs. Kadingo to Lubbock, Texas, Ark., Galveston, almost every place but El Paso and Corpus Christi, "the Panhandle is the best," he decided.

Dr. Kadingo is one of 150 licensed chiropodists in Texas, 25-30 of whom practice in the West Texas area. Boy way of comparison, there are 1,000 chiropodists in the United States and 850 of those are in Chicago alone. Amarillo has five.

Before he could practice his profession in Pampa, however, Dr. Kadingo had to pass the examinations of the State Board of Chiropody Examiners, a group appointed by Gov. Allan Shivers. He took the exams in June, 1933, four months before he settled in Pampa and two months before he married in Monroeville, Mich. "I knew I wanted to live in Texas," he says.

Study Is Difficult

Becoming a foot-doctor is no easy matter, the way Dr. Kadingo tells it. It's not just a question of studying the body, concentrating on the lower extremities (from the hip down), he recalls. So many different things can affect the feet, is the explanation he gives.

The college he attended is one of six such schools in the nation. Only those half dozen are accredited, recognized in all 48 states.

When Dr. Kadingo goes home from the office each afternoon though, there are other things he concentrates on.

If there is any one thing he likes to do more than the others, it is probably playing Dixieland. He used to play both a baritone horn and a trumpet in school and in the Navy. But now he's busy learning the intricacies of the trombone, a la Jack Teagarden, Vic Dickenson and Georg Brunis.

"I like to play Dixie," he states, simply, speaking of that slow New Orleans rhythm. And, evidently, it doesn't matter very much to him the medium he uses. But, at the same time, he appreciates opera and other types of music, too.

An Avid Reader

"I read like mad." That's how he describes his reading habits. A prolific reader, he likes all kinds of written matter, be it mysteries, essays, chiropody books, or whatever. "I just like to keep busy."

Baseball, football and basketball. That's the way he'll take his sports. He never cared much for the third one till he came to Pampa. Then he saw the Pampa Harvesters, 1934 state champs, play three games and — "that's pretty good

"I'd rather do it myself," he says of things that need fixing. That goes for the family radio, a watch, a light socket, anything. "It's just a bug, I guess."

Is A Joiner

It must be a "bug," too, that he is quite a joiner. For he belongs to the Optimist club (charter member), Lions club, Shamokin Moose club, Pampa Chamber of Commerce, Veterans of Foreign Wars and the American Legion.

But still Dr. Kadingo hadn't explained how he happened to pick Texas out of the 48 states for his home.

"I roomed with Texans for three years," he said, "and it sorta rubbed off on me."

U.S. Prepared to Retaliate In Event Germ Warfare Starts

Editor's Note: In case another war breaks out and the enemy uses germs, gas and other horror weapons, will the United States be ready to retaliate in kind? The answer is an emphatic YES. Read about it in the following exclusive United Press dispatch written by a veteran reporter who is up to date on the situation.

By LOUIS CASSELL
WASHINGTON, April 17 — UP—The United States is quietly stockpiling two weapons which some scientists consider more sinister than the H-bomb.

One is a new poison gas—odorless, colorless, tasteless, and so deadly the vapor from three drops can kill a man within minutes.

The other kills just as silently, but not quite so swiftly, by spreading disease germs.

Lending special urgency to this program was an Army warning to Congress recently that Russia is stockpiling similar poisonous gases which are tasteless, odorless and colorless.

Gases in Production

In heavily censored testimony, Col. A. W. Betts of the Army's research section, reported that his staff has had "some success" in devising means to detect the new poison gas.

The Armed Forces do not talk much about these weapons — first, because they are highly secret; and second, because Communist propagandists would have a field day with any official admission the United States has such instruments of horror in its arsenal.

But it can be stated on good authority that both types are in production at heavily guarded bases of the Army chemical warfare service, principally at Camp Detrick, Md., and at the Rocky Mountain arsenal near Denver.

They are being produced and stockpiled because U. S. officials know Russia also has such weapons and believe the best defense against them is the ability to strike back in kind.

The great retaliation kept both sides from using poison gas in World War II, and American officials are hopeful gas and germ weapons would be similarly shelved by mutual consent in any future war.

Have Serious Drawbacks

This hope is reinforced by the knowledge that chemical and bacteriological warfare have serious drawbacks from a strictly military point of view. Their effectiveness depends largely on surprise and favorable weather conditions. They are hard to control, and if they get out of hand, the attackers may suffer heavy casualties from their own weapons.

On the other hand, gas and germ

FARM ONCE STATE LAND — The Case farm, located southwest of Pampa, was once state land until the father of H. L. Case and Mrs. H. B. Tiemann, present owners, homesteaded it back in 1897. Case was the first child born in the city of Pampa after the Iowa was established by the White Deer Land company.

H. L. Case's Area Farm Of The Week

A prominent Gray county farmer was the first native-born Pampa.

H. L. Case, who with his sister, Mrs. H. B. Tiemann, owns a big 1,040-acre farm near Pampa, was the first child born in this city after it was established.

There were only two or three families living here at that time and Case has seen the city grow from practically nothing to its present population of approximately 20,000.

Part of the Case farm was first settled about 1897 when his father acquired the state land as a homestead. The family resided in Canadian at the time and in order to claim title to the land some of the family had to live on it for a short time in each of three years.

Case said that while his father remained in Canadian during the summer months, the rest of the family resided on the farm, living in a small shack. At the end of this three-year period, the entire family moved to Pampa and built one of the few homes here at the time. That was in 1902. The house was moved to the farm in 1908.

Shortly after acquiring the state land, his father purchased more land adjacent to the farm from the White Deer Land company. Case has never lived on the farm, but his sister and her husband farmed the land until Mr. Tiemann's death in 1946.

The farm is now being operated by a tenant, Joe Keel, who has been on the farm since 1949.

Until recent years, wheat has been about the only crop grown on the farm, which is located four miles west and four miles south of Pampa. However, drought conditions have caused the owners to turn to the raising of row crops in addition to wheat.

However, Case said that wheat still is his favorite crop.

Case was married in 1946 to the former Corinne Fowler of Pampa and immediately after the ceremony they went to Colorado to live for a while, but returned to Pampa to make their home at 717 N. Gray.

He is a member of the Masonic lodge in Colorado. He says he has no hobbies at the present time, but in former years he did quite a bit of hunting and fishing.

His sister was born in Kansas. She has two daughters, Mrs. Madge Zuerker, Pampa, and Mrs. Edward Lutz, Cleveland, O.

Recent improvements on the farm include having the old home stuccoed and the building of two huge diversion terraces.

Women Polled On HDA Need

MIAMI — Roberts county is conducting a poll on whether or not the women want a home demonstration agent. The action was taken by the county commissioners, as a result of opposition arising from the court's previous decision to hire one.

Ballots have been printed in the Miami newspaper, and must be signed and submitted to Judge Ed Haynes of that city by May 8.

basketball they play around here. "Amateur Chef

Then there's that home-cooking. Dr. Kadingo, whose grandparents were Russian, enjoys bending over a hot stove and whipping up some of his specialties. Like pork chops and Spanish rice and a tasty dish that might be called "Kadingo chicken." Mrs. Kadingo, naturally, doesn't mind her husband's activity in the kitchen — it gives her a "vacation" from the cooking detail.

As for fixing things, there is apparently no limit. A one-time garage mechanic, the foot-doctor has "worked with my hands all my life." He even had a job as an electrician in Chicago while going to college.

Lefors Personals

By SAMMIE COBERLY

Mrs. Leon Wyche and children are visiting in Ft. Worth and Weatherford over the week end. Plans are being made for a group of Lefors citizens to attend the annual Easter pageant at Lawton, Okla., over the week end.

Rehearsals are well underway for the production of "Here Comes Charlie" to be presented in May by the Wesleyan service guild. The play is under the direction of Mrs. Pearl Daugherty, sponsor of the group.

Mr. and Mrs. Carl Wall of Shamrock visited his brother Frank Wall and family of Lefors recently. Mrs. Mathews, mother of Mrs. Carl Wall, visited with them. She lives in Monroe, La.

Mr. and Mrs. Ralph Ogden visited in Gruber recently with their son Joe and family.

Mrs. Bruce Bull of Lefors and daughter of Perryton have gone to Hot Springs, Ark., for 10 days.

Shirley Teeters is home from college for the Easter holidays.

Mr. and Mrs. Curly Parker of Sisseton visited with Mrs. Winnie Robey of Lefors Sunday. Mrs. Robey formerly lived in Borger.

Mr. George Daugherty of Canyon was in Lefors on business recently.

The Bill McBees visited over the Easter holiday with her sister, the former Bobby Hedrick at Bay City.

Mrs. Winnie Robey was in Sisseton last week on a business trip.

Mrs. Helen Lette and Billie Bennett are going to Canyon to attend a choral concert this week end.

Afternoon Services At Barrett Mission

Worship services will be held at 2:30 p.m. today in the Baptist Barrett Mission, corner of Boyd and Henry. Rev. Carroll B. Ross, pastor of the Central Baptist church, will give the sermon.

It was previously announced that Rev. Lee Roy Harris, mission pastor, would speak. Rev. Harris will be the pastor, but will not preach the sermon today.

Country Club Sponsors 'Hunt' Egg Decorating Has Long Been Part Of Easter Fun

By JANE KADENGO
Pampa News Staff Writer

During the last few pre-Easter days, Pampa housewives have been busy preparing myriads of colored and otherwise-decorated eggs, for the Easter bunny to hide—and for the "little-ones" to find.

And out of many a Pampa kitchen has come some quite unusual creations. Mrs. Robert Rasmussen, 626 N. Russell, is one who turned out some unique models—eggs with faces, hair and Easter bonnets of various styles.

Mrs. Rasmussen's recipe is to take an egg and "break a little hole in the bottom of it," shake out the contents and the egg is ready for decoration.

Next ingredient used is construction paper. From this, you "cut out a band about one-half inch deep, and three inches long. It's about 1/4 inches wide where you "log up to make two horns," or darts, she advised.

This band is pasted around the bottom of the egg with the "horn" part at the back. Bring the band around the egg and paste in front.

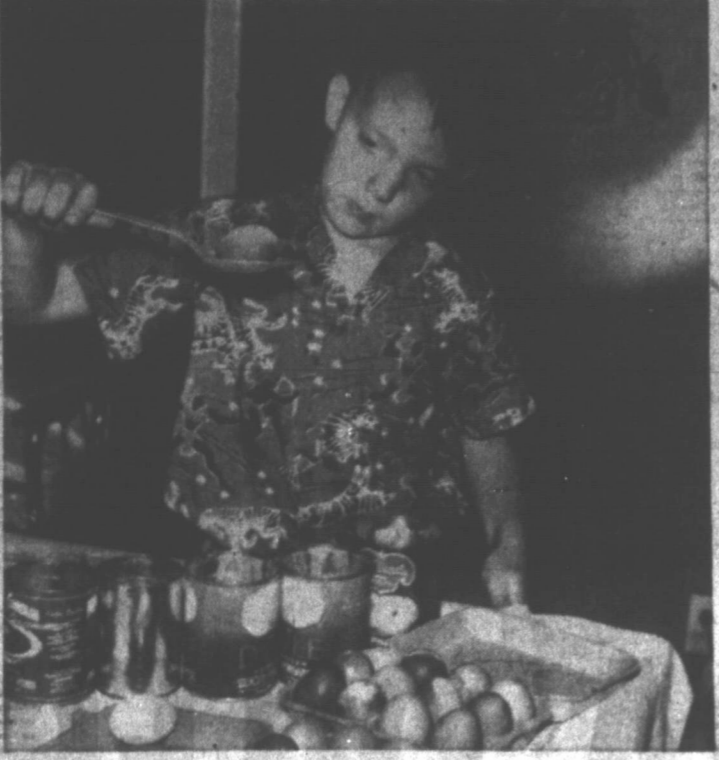

"This makes a sort of nest for the egg to sit on and looks like a collar," Mrs. Rasmussen explained.

Next step is to take a "pretty big pinch of cotton and spread out to shape for the hair." For the painting of a face on the egg Mrs. Rasmussen uses oil paint, but says crayons can be used just as effectively. After making the face and pasting on the hair, she makes "different little hats" from construction paper, using pieces of nylon hose for veils.

Mrs. Rasmussen pointed out that her children keep her pretty busy, but she managed to make one of the above eggs for each child of her bridge club members.

"I made two for my own children, which they have already smashed," she related.

Other Pampans busy coloring eggs over the weekend were Dr. and Mrs. Joe Donaldson, 1187 N. Starkweather, and Judge and Mrs. J. B. Maguire Jr., 1900 N. Russell. The Donaldsons and Maguires

IT'S FUN — to color Easter eggs, stated Mike Maguire, 9, son of Judge and Mrs. J. B. Maguire Jr., 1900 N. Russell. He is shown above preparing eggs for the Pampa Country club egg hunt, set for 1:30 p.m. today. The Maguires and Dr. and Mrs. Joe Donaldson colored over 500 eggs for the event—aided by Mike. (News Photo)

egg coloring was on a large scale, however, for the Pampa Country Club egg hunt, slated for 2 p.m. today. They colored more than 500 eggs.

"They're just plain colored eggs, though," Mrs. Donaldson advised. "We didn't do any fancy ones." Six colors were used, "of various shades," she added.

"When the dye got weak, we mixed it together," Mrs. Maguire put in.

The two couples and several other Country club members were to hide the eggs, early this morning. "We're going to hop around and hide one on each hop," laughed Judge Maguire.

For the hunt, the children will be divided into three age-groups.

Lions Sponsor Easter Hunt

SHAMROCK — (Special) — The largest Easter Egg Hunt in Wheeler County is scheduled for Sunday afternoon in Lions Park. The Shamrock Lions Club is sponsoring the hunt for all children 13 years of age and under. The hunt, the first of its kind in this area, will begin at 3 o'clock in the park located just west of the underpass on Highway 66 out of Shamrock.

Lion A. C. Brown is in charge of the hunt. The Wheeler County Sheriff's posse will be on hand to patrol the area prior to the hunt. Several prizes will be given to children finding certain colored and marked eggs, Brown said.

Any person wishing to contribute colored eggs is requested to leave them at the Club Cleaners. Approximately 500 eggs have been donated.

GIANT CARRIER—The British claim that the Blackburn Beverley is the largest air freighter in the world. It supposedly can lift 25 tons and can be converted from a freighter to a passenger plane capable of carrying 122 passengers. Powered by four engines, the Beverley can operate from 1000-foot runways and can land down to land like a helicopter. The plane is being tested in London for the Royal Air Force.

Waters, Braly To Attend Law Enforcement School

County Atty. Bill Waters and District Atty. Tom Braly are scheduled to attend the attorney general's fourth annual conference on law enforcement at Baylor University, Waco, April 26-28.

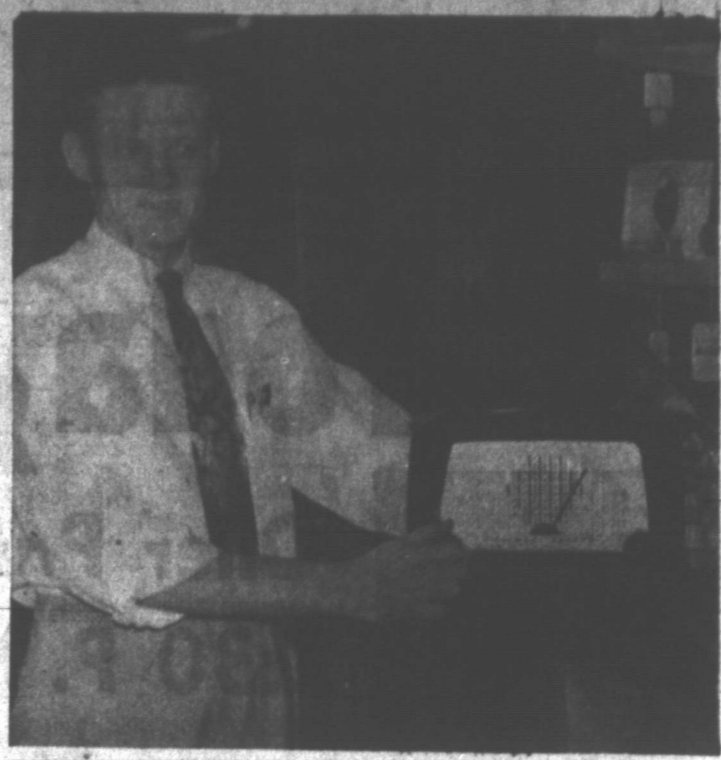

Atty. Gen. John Ben Shepperd called the meeting to discuss problems and new methods of prosecutors, judges and peace officers in Texas. It will be co-sponsored by Shepperd's office and the Baylor School of Law.

Featured speakers at the get-together will be William J. Jameson, president of the American Bar association, and Erie Stanley Gardner, attorney and novelist of "Perry Mason" fame.

Topics for discussion will include state-wide crime report, prison and jail problems, control of narcotics, juvenile delinquency, lie detector techniques, hot check legislation and trial and appeal of criminal cases.

Not Government Pilots
The United States government does not employ air-mail pilots. Air mail is carried under contract and air-mail pilots are employed by the private contractors.

Played Part
The shaving mug played an important part in man's effort to keep himself clean-shaven during the 100-year period from 1830 to 1930, according to the Encyclopedia Britannica.

COOKING SCHOOL DONATION — of White Auto Store is a Stewart Warner table model radio. Above, Chester Martin, assistant manager, plugs it in for a check before presenting the award to The Pampa Daily News cooking school, to be held Tuesday and Wednesday. Prizes and awards for the school, contributed by local merchants, have a total value of more than \$600.

Skellytown Personals

By MRS. CLIFTON HANNA
Mrs. Loyd Cowart left Thursday for Odessa where she will spend the Easter holidays with her son, Max Cowart, who is employed near there.

Mr. and Mrs. Curtis Huckaby were called to Lubbock upon the death of Mrs. Huckaby's brother, David Bradford, son of Mr. and Mrs. R. E. Bradford, is home for the Easter holidays. David is attending the University of Texas.

Lee Kimball left Thursday to spend the week end with his father in Lubbock.

Mr. and Mrs. Carl Keys had as their guests for Easter, Mr. and Mrs. Lee Keys of Carter Nine, Okla.

Mr. and Mrs. Sidney Jasper and children of the Cabot camp spent Friday and Saturday with Mr. and Mrs. Roy Christopher at Wheeler. The Christopher family are former Skellytown residents.

Mrs. Katie Strickland is spending the holidays in Arkansas with her daughter and family.

Guests in the Willis Aubert home over the holidays were Mrs. Aubert's parents, Mr. and Mrs. Anson Lee, from Rule; Mr. and Mrs. James Hunter and sons, Richard and Bill, of Plainview; Mrs. A. L. Lee and daughters of Amarillo and Mrs. Annie Loyd.

Mr. and Mrs. Paul Stedum and children of Sunray visited recently in the home of Mr. and Mrs. Frank Carpenter.

Mrs. J. F. Davis was the guest of Mr. and Mrs. Henry Lamb last week. Mrs. Davis is Mrs. Lamb's sister. She accompanied the Lambs on vacation Friday. They will take her home to Sulphur Springs and will visit other relatives at Dallas while they are away.

Mr. and Mrs. J. R. McKernon and children, Jim, Pat and Judy left Thursday for Del Rio, where they will visit during the holidays with Mrs. McKernon's sister and family, Mr. and Mrs. Ralph Paulsey.

Mr. and Mrs. Carlos Beck and daughter are visiting with Mrs. Beck's mother this week at Decatur, Ark.

Mr. and Mrs. Joe Wedge were week-end guests of their daughter and family, Mr. and Mrs. R. J. Slattery, in Amarillo.

Miss Wilma Watkins is spending the holidays at Wichita Falls with her parents.

Miss Bud Frazier, seventh grade teacher, is spending the Easter vacation with her parents at Felt.

Red Stephenson and son Phillip and Leo Dyer and son, Steve, are fishing at Red River in New Mexico over the holidays.

Mr. and Mrs. Howard Moore and children are holiday guests of Mrs. Moore's mother, Mrs. Penston, at Duncan, Okla.

Security Group Meets
LAREDO, Tex., April 12 —UP —The Southwest branch of the National Secretaries Association has selected Austin as its 1955 convention site. The association ended its two-day convention in Laredo Sunday.

The Chinese have farmed dogs for their fur for centuries, according to the Encyclopedia Britannica.

BY DEMAND — In response to numerous requests for a stamp with a religious theme, the Post Office Department will issue the one shown above. Done in red, white and blue, it features the Statue of Liberty with the words "In God We Trust."

City To Be Taken Over By Teen-Agers Tuesday

Teen-agers take over the city and county government Tuesday in courtrooms. The Pampa City Commission — the real one — regularly meets at 9 a.m. Tuesday, but will postpone its time till 10 a.m. During the day, the DeMolays will be assisted by regular officials.

Traditional conclusion of the day's activities will be a dance at the Pampa Country club Tuesday night, Sheilhamer said.

DeMolays have other appointments in the wind, too. Monday night, Kath Bonny, Wayne Griggs and Richard Fleming will decide on their appointees for four months, beginning May 3. They are the master councilor, senior councilor and junior councilor, respectively.

A new slate of DeMolay officers and appointees takes office three times a year.

AMERICA'S GREAT ALL-AROUND PERFORMER!

Pontiac's mighty engine delivers more power where you need it—right in your driving range. That extra punch means vastly better getaway... easier, safer passing... more eager "drive" for hills and open highway traveling. It's a Pontiac specialty, and it adds immeasurably to your pride and satisfaction.

Pontiac's handling ease, roadability and reliability are very special, too, providing something decidedly better in effortless, tireless driving. You rest when you ride in a Pontiac. You are at ease in every way.

But these are just words—and you want action. You can get it right now! Come in... drive a Pontiac and let the car prove fine-car performance.

Little League fans are expected to fill Oiler Park at 2:30 p.m. today to witness the game between the Pampa Ex-Pros of the Pony League and the Pampa Little League. Proceeds from the game will go toward the construction of the new stadium in the city during the next few months. Manager Doc Prosser has announced the lineup that is expected to start in the game. First base: Bill Garrison; second base: Bill Garrison; third base: Bill Garrison; shortstop: Os En; pitcher: Doug Lewis. The Ex-Pros are expected to start the game against the Little League players in the last inning. The game is expected to start at 2:30 p.m. on Tuesday.

Ceremonies Planned Here For WT-NM Opener On Thursday

League Will Open Season Wednesday

Plans have been completed for the opening in Pampa of the 1954 baseball season Thursday when the Oilers clash with the Borger Gassers at Oiler park, the game getting underway at 8:15 o'clock.

The Oilers will open the season Wednesday night in Borger and return home for the local opener on the following day.

A parade has been planned for former major league hurler, at 8 p.m. Thursday, in which players Lubbock; Herahel Martin, another from both teams and two bands from Amarillo and Lubbock are to be featured.

Bands from Allison-Briscoe and Wheeler will march in the parade, and Jay Henry at Abilene, and "Hotdog" managers from last year including Grover Seltz, Clovis, dean of managers in the league; Tom Jordan, Albuquerque, and down Cuyler to Brown, then west to the ball park.

A 15-minute band concert by the combined Wheeler and Allison-Briscoe bands is scheduled at Oiler park at 7:30 p.m., followed at 7:45 p.m. with flag raising ceremonies and introduction of players.

Just before the gates get underway, Pampa's Mayor Tom Rose will toss the rubber and throw the first ball. Dressed in all of the catcher's equipment, Mayor L. Do Paton of Borger will be back on the plate to receive the pitch.

Other opening games Wednesday find Clovis at Albuquerque, Plainview at Amarillo and Lubbock at Abilene. On Thursday the schedule is Albuquerque at Clovis, Abilene at Lubbock and Amarillo at Plainview.

Pampa returns to Borger Friday and then entertains the Gassers here again on Saturday.

The season's schedule calls for the closing date to be Sept. 10, with the Oilers playing in Borger.

Four new managers will be on the field this year. They are Doug Lewis, popular Pampa Oiler star each of last year; Japhet (Red) Lynn,

BATTING ORDER—Brooklyn expects this batting order to win a third consecutive pennant and beat the Yankees in the World series, for a challenge. They are, left to right, Junior Gilliam, Pee Wee Reese, Duke Snider, Jackie Robinson, Manager Walter Alton, Roy Campanella, Gil Hodges, Carl Furillo, Billy Cox and the pitcher, in this case Carl Erskine. (NEA)

Wes Santee Runs Mile In 4:03.1

LAWRENCE, Kan., April 17—UP—Wes Santee of Kansas smashed the Kansas relay mile record Saturday, winning in 4:03.1 before 16,000 wildly cheering home fans. Santee turned on the speed as he hit the final lap. It was his greatest showing of the season, barely missing his American record of 4:02.4, set at Compton, Calif., last year.

The time was far below the old mark of 4:10.1, held jointly by Blaine Ridout of North Texas State (1940) and Don Gehrman of Wisconsin (1949).

Clock Only Competitor
Santee had only the clock for competition. His churning legs left his rival far behind. He paced second place Bjor Rogerud of Oklahoma A&M by 80 yards. Bruce (Bulldog) Drummond, defending champion, was third and Ray McConnelly of Drake was fourth. Drummond ran for Oklahoma last year. This year he is unattached.

Rogerud shot to the front at the start but on the first turn Santee took over. Santee ran the first quarter in :50. At the half his time was 2:02. His time for the third quarter could not be heard above the cheers. And in the final quarter, he opened up and applied his famous "kick."

Another mark fell before Santee went into action.

Flying Texans ran to a new relay record in the 440-yard relay. Their time was 4:0.3, which is better than the world, American and intercollegiate record of 4:0.5 set in 1938 by Southern California, but the new figure may not stand.

Tailwind for Help
The University of Texas four-some ran out of a chute and had a tailwind on two carries. Officials believed, however, the record would stand as far as the Kansas Relays were concerned. The team included Dean Smith, Jerry Fre-

wit, Al Frieden and Charles Thomas.

Santee said after the race he did not really start thinking about a record until after the first half. Earlier he worried about the wind, and a loose, lumpy track full of holes.

"The track wasn't as bad as I thought it would be," he said afterwards. "The wind didn't seem to bother me much."

Santee's 4:03.1 performance was his second-best open mile. His coach, Bill Easton, had predicted flatly that Santee would "give a real effort" for the home crowd in the Glenn Cunningham mile event. In two previous years, he had passed the mile in favor of running in relay events.

CHECKING AN ASSET—Casey Stengel closes his eyes in blissful anticipation feeling Mickey Mantle's knees, from which a cartilage was removed. The manager of the Yankees was delighted when the young slugger did not miss the early going. (NEA)

Amateur Net Stars Fight For Tennis Title Held By Mulloy

HOUSTON, April 17—UP—The 20th annual River Oaks Invitational tennis tournament gets underway Monday with nearly all the nation's top-ranked amateurs shooting for the title now held by aging Gardner Mulloy of Coral Gables, Fla.

Mulloy, 40-year-old attorney and the nation's fourth-ranked amateur at present, is one of two persons to win the title three times, capturing it both last year and the year before as well as in 1948.

Blitz Grant also won the title three times before retiring.

Davidson pulled one of the big surprises of the season at the Dallas Country Club Invitational by downing Larsen in a quarter-final match.

The field was considered by tournament officials as probably the best in the history of the highly regarded affair at swank River Oaks Country Club.

It was preceded this week by a junior tournament.

Oilers Down Clovis Pioneers On Pampa Diamond Friday

One of the best exhibition baseball games seen here in several years was witnessed at Oiler park Friday night when the Oilers took the measure of the Clovis Pioneers, 5-4, before a very small crowd.

Two young left-handed hurlers on the Oiler staff showed much promise against Grover Seltz' Pioneers. They were Bybert Clark and Joe as Gaines, who gave up nine hits between them.

In the only three innings he worked, Gaines fanned four bat-

ters, all of them in succession. He whiffed Tom Weaver, the last Clovis batter to face him in the seventh inning, then fanned Hank Paskiewicz, Bob Taylor and Bill Mitchell in the eighth.

The Pioneers staged a light rally in the first half of the ninth inning to push across one run, but fell one run short of tying the score.

Gene Haurédon, Manager Doug Lewis and Karl Heron paced the Oiler hitters with two hits each. Haurédon and Lewis each hit a double.

WT-NM To Enforce New Glove Ruling

Business Manager Jimmy Hamilton and Field Manager Doug Lewis of the Pampa Oilers have been notified by President Hal Sayles of the West Texas-New Mexico League that the controversial rule 3.16 must be enforced.

The new rule, which has brought much criticism from baseball officials throughout the country, requires players to bring in their gloves at the end of each half inning.

Sayles, in a letter to officials of all clubs in the league, said he had been notified by George Trautman, president of the National association, that the rule must be enforced.

"While a majority of club owners, managers and league presidents oppose the rule, I am informed that rule 3.16 is an official playing rule and, as such, remains in effect until such time as it is deleted or amended by the president committee," the league president said.

"I am, therefore, withdrawing action of the April 13 bulletin to you in which I stated that the rule would not be enforced in the West Texas-New Mexico league," he continued.

Penalty for failure to observe the rule, as pointed out by Commissioner Ford Erick, could be forfeiture of a ball game, Sayles added.

He pointed out that umpires will be instructed to see that the rule is enforced and will recommend fines should the enforcement bring about evidence of stalling on any occasion.

"I am personally opposed to the rule and hope that the rules committee will, before too long, delete the section," he concluded.

Easter Parade

TOP LEFT . . . Mrs. Creel Grady, 1221 N. Charles, in an ever-popular wide brimmed sailor of white straw trimmed with peacock blue in the exact shade of her suit. The two-piece suit she wears with the hat is beaded at the pockets and has a co-ordinated blouse trimmed with the same beading.

TOP RIGHT . . . Mrs. W. F. Vanderburg, 403 N. Purviance, will be all ready to hear her husband's Easter address at the Hobart Baptist Church. Her Easter bonnet is small and pert and on-the-level.

CENTER . . . Male members of the Eben D. Warner family will be in clover when they appear with the lovely feminine half of the family, Mrs. Warner, left and Thero. The Warners live at 1436 N. Russell.

CENTER RIGHT . . . Candy Cooper, three-year-old daughter of Mr. and Mrs. Eugene Cooper, 616 N. Gray, is a pint-sized vision complete with crocheted gloves and pocketbook. A crisp crinoline skirt gives her the appearance of a tiny ballerina.

BOTTOM LEFT . . . Beverly Matthews, 4, leads her rather reluctant little brother, Billy, 2, along the Easter Parade to Sunday School. Beverly and Billy are the children of Mr. and Mrs. William L. Matthews Jr., 2117 N. Russell.

BOTTOM RIGHT . . . Cooperation in the Frank Smith family at 1336 N. Russell, produces that bright and shiny Easter perfection. Left to right are David, 14, Mr. Smith and Duggan, 15.
