Solons Wants To Cut Taxes

AUSTIN, March 19—UP—A powerful member of the House Revenue and Taxation committee said Friday the special session of the Legislature should cut state taxes \$46 million instead of raising them \$37 million. Rep. Jack Fish of Wharton said he will vote against every spending bill that comes before the House. His committee must approve Gov. Allan Shivers' proposal for the tax increase. "That's the way I feel, and I think the majority of the people of Texas feel the same way. Asks 10 Per Cent Cut Fish, recently named to the revenue and taxation committee by House Speaker Reuben Setzer, filed a bill providing for a flat 10 per cent cut in state taxes. It would apply to all levies except the poll tax. That amount is fixed by the state constitution. The tax cuts, if approved by the Legislature, would take effect Jan. 1, 1955, a few days before the next regular session of the lawmakers. "At that time, the Legislature can cut 10 per cent on selected agencies—we could abolish about half of them," Fish said. The Wharton lawmaker said he

would vote against administration-sponsored measures, including: "The Flak Plan," a \$22.5 million pay raise for Texas teachers. An estimated \$2.5 million pay boost for state employees. An \$11 million state institution building program. The Flak plan, chairman of the House Rules committee, dubbed his proposal "The Flak Plan."

Red Patrol Kidnaps 2 Canadians

CANADIAN BRIGADE, Korea, March 19—UP—Two Canadian soldiers said Friday a Communist patrol crossed the truce line, captured them and held them prisoner for 29 hours. The two Canadians said they had expected they would be shot. But instead they faced a battery of questions about movies, life at home and books. The Canadians, Pvt. James Andrew Piercy, 23, of Toronto, Ontario, and Pvt. Douglas Grant Phillips of Kitchener, Ontario, said they were seized by a Red patrol near the truce line on Wednesday. They told Army officers Friday they were questioned by English-speaking Chinese soldiers who spoke "better English than the average Chinese encountered in Canada." They said the Reds discussed movies—no politics or military secrets. The men were held in a bunker and given "normal" treatment by the Red patrol that ambushed them on the UN side of the truce line.

Solons Behind Drive To Give Out H-Data

WASHINGTON, March 19—UP—Demands mounted among worried congressmen Friday that the government give Americans more facts about the "almost unbelievable destructive" power of the hydrogen bomb now being tested in the Pacific. These were some dissents, however, and it seemed unlikely the Atomic Energy Commission would comply. Rep. Carl Albert (D-Calif.), a member of the Joint House-Senate Atomic Energy committee, back from the Bikini-Eniwetok atomic proving ground, expressed concern that people do not yet comprehend the H-bomb's awful abilities. "Holifield 'Under Wraps' "Under wraps" himself as a result of his official visit to the test site, Holifield called for lifting of the security curtain that has blocked out official information about atomic experiments. On the other side of the Capitol, Chairman Alexander Wiley, of the Senate Foreign Relations committee, took note of widespread unofficial reports on the staggering implications of the H-bomb and told the Senate, "It is incumbent on the government to inform the people of the facts." "Let us be through with conjecture," the Wisconsin Republican demanded. Wiley said Americans must know the facts about atomic energy so they can decide for themselves vital questions about national defense needs. Should Plan Defenses He also said Congress should help, said Congress should help, said Congress should help.

Pentagon Asked For 'Monitored' McCarthy Calls

Farm Bloc Lashes Out At Benson

DENVER, March 19—UP—Secretary of Agriculture Ezra T. Benson was accused of deception, misrepresentation, insult, and inability to meet his responsibilities at the National Farmers Union convention here Thursday. Benson, the NFU's favorite target, spoke at the convention Wednesday under NFU President James M. Patton's promise of respectful attention from the delegates. Apparently nobody missed a word he said, or liked them. Benson came out for flexible price supports. The NFU Friday was expected to adopt a resolution calling for supports of 100 per cent of parity. M. W. Thatcher, manager of the St. Paul, Minn., Farmers Union Grain Terminal Association and president of the National Federation of Grain Co-operatives, told the convention Thursday that Benson had revealed "either a lack of understanding of the farmers' plight, or a malicious indifference to it when he practically called for punishing better farmers with what he now pretends support prices and those who do not."

COLONIAL DRESS MATCHES ANTIQUE LAW—Calling herself "Mrs. Voteless," Mrs. Ambrose Martin Walsh, of Washington, D. C., dresses herself in a colorful costume to protest the fact that residents of the District of Columbia can't vote. Carrying a revised slogan of the Revolutionary War and an income tax form, Mrs. Walsh paid a visit to a Senate committee asking support for a home-rule bill. She represents capital's League of Women Voters.

Solons Wants Text Bared To Public

WASHINGTON, March 19—UP—Sen. Stuart Symington said Friday he would demand that the Pentagon produce texts of "monitored" telephone calls involving Sen. Joseph R. McCarthy's explosive clash with the Army. The Missouri Democrat said he would ask that the texts be turned over to the subcommittee investigating the dispute "to let the public know what's going on." Pentagon officials seemed unwilling. They have been holding the records as reserve ammunition to back up Army charges that McCarthy's chief counsel, Roy M. Cohn, used threats and pressure to seek special relations for his friend and former McCarthy aide, Pvt. G. David Schine—who was drafted into the Army. Charges Investigated An investigation of the Army's charges and the denials and blackmail countercharge by Cohn and McCarthy is being conducted by McCarthy's own permanent investigating subcommittee. McCarthy has stepped down as chairman during the inquiry. Symington, a member of the subcommittee, and the Senate Defense Department have records of some of the telephone calls on which the Army partially based its charges. Pentagon counselor H. St. Clair Hensel said the department does not have tape recordings of the telephone conversations. Hensel said he has records of "monitored conversations" apparently the standard practice of many government officials of having a secretary listen in and take notes on important calls. Wilson Testifies Defense Secretary Charles E. Wilson and other top military officials will testify before the subcommittee. (See PENTAGON, Page 3)

Shivers Plans Comment On Laughlin Today

AUSTIN, March 19—UP—A spokesman for Gov. Allan Shivers said the governor probably will have something to say Friday about the appointment of a successor to C. Woodrow Laughlin as judge of the 9th Judicial district. The governor, however, may take his time in selecting a successor to Laughlin, who was fired by the State Supreme Court Wednesday for partiality and official misconduct. The 11 South Texas lawyers who go Laughlin through asked Shivers Thursday to name one of their number to the post. But State Sen. Abraham Kazan Jr., of Laredo, in whose district George Parr's political empire lies, asked the governor not to do so. "I don't want to do a white-wash job," Kazan said. "On the other hand, I don't want a man who will go in there and get a grand jury that will start indicting people out of hate, anger or revenge because of a political situation." Laughlin was fired Wednesday by the State Supreme Court because he disgraced the bench by discharging a Jim Wells county grand jury for fear it would indict his brother. It was the first time the Supreme Court had ever fired a district judge. Spring boys in and winter ends officially at 9:54 p.m. Saturday.

Poison Dart Scare Alerts New Yorkers

NEW YORK, March 19—UP—Police warned Friday that a handful of poison darts dipped in the fabled poison curare were missing somewhere in New York. The American Museum of Natural History reported that someone snatched 20 to 30 darts from the headress of a South American Indian while the museum was open Thursday. Police said there was only a slight possibility that a prick or scratch by one of the darts would produce a serious reaction in a healthy child or adult, but anyone who might have come in contact with them was urged to see a doctor. Curare is a powerful poison obtained from certain South American trees. Museum officials said they did not know how many of the stolen darts had been dipped in curare or how potent the drug remained.

Final Hearing On Gas Today

AUSTIN, March 19—UP—District Judge Jack Roberts was scheduled to hear closing arguments Friday in a suit dealing with natural gas rates at Pampa. Empire Southern Gas Co. sought to stop enforcement of a Feb. 17 Railroad Commission order that fixed the rates below those asked by the utility. Empire Southern's attorney, F. L. Kuykendall, told the court Thursday that forcing the utility to sell gas at rates fixed by the commission "would constitute confiscation of property for public use without just compensation." He presented an affidavit by the utility's president, James A. Davis, which said a fair value for Empire Southern's Pampa property last Oct. 31 was \$1,447,807. The commission used a rate base of \$82,536 when it set the rates, on an appeal by the utility from the Pampa city commission's refusal to grant an increase. Davis and J. C. Sells, Fort Worth were called for cross-examination Thursday, and the City of Pampa, joining with the Railroad Commission, also called Ross Bell, chief auditor of the commission's gas utilities division. Swallows Due at Capistrano SAN JUAN CAPISTRANO, Calif., March 19—UP—Flocks of swallows were expected to fulfill a century-old tradition Friday by their annual return to the Mission-San Juan Capistrano.

Pampan Finds 'Lost' Money

A Pampa man, who has been "down in the dumps" during the past few days, was in high spirits again today. Doyle Jones, 1659 S. Hobart, Thursday afternoon found the \$1,400 in 100-dollar bills which he thought he had lost Monday night. Chief of Police Jim Conner said today that Jones apparently had forgotten that he had hidden the money among the wires behind the instrument panel of his automobile. He looked there Thursday and there it was.

U. S. Survey Shows . . . Public To Buy Less

WASHINGTON, March 19—UP—American consumers plan to buy fewer new cars, new houses, refrigerators, televisions and other durable goods this year than they did in 1953. This is what the Federal Reserve Board found out in a nationwide sampling survey. It also learned consumers generally are "somewhat less confident" about their personal financial situation than a year ago. A belief that "prices are too high" was the most frequent reason cited for holding back on purchases. More people this year feel prices of durable goods are going to decline. Economists Not Discouraged Government economists were not too discouraged by the report. It was about what they had been predicting, and they also pointed out that the survey still leaves a strong possibility that business this year will be second only to the record prosperity of 1953. Commerce Secretary Sinclair Weeks and other administration officials have been urging businessmen to intensify sales efforts to help reverse the economic decline. The federal reserve survey, made public Thursday night, showed a majority of consumers feel the nation's business prospects are "generally good" despite their uncertainty about their own position. A "reasonable number," however, are also pessimistic about the national outlook. Car Buyers Drop The number of consumers planning to buy new cars this year is 1 per cent less than last year. The proportion looking for used cars remains the same, 6.2 per cent, but they expect lower prices.

Steadily Gains Converts Graham Overcomes Criticism

EDITOR'S NOTE: Evangelist Billy Graham is the third American evangelist to invade Britain in 75 years, preaching nightly to thousands packed in London's Harringay Arena. The following dispatch, summarizing the first three weeks of his 12-week mission, finds that he not only is gaining converts but also has managed to overcome much of the early criticism of his visit. By ROBERT MUSEL LONDON, March 19—UP—American evangelist Billy Graham looked at the few empty seats that greeted the second night of his greater London crusade and predicted: "Soon this arena won't be big enough to hold the crowds." He was right. As he hears the end of the third week of his 12-week mission here, Graham has broken all records for attendance and converts and has succeeded by his own evident sincerity in ranging on his side most of those who were his public critics before he started. 21 Major Meetings In 21 major meetings since his "dedication message" Feb. 27, Graham has addressed in Harringay Arena alone more than 207,000 people. On each of the two past Saturdays—March 5 and 13—he has had to hold three meetings, speaking to total audiences of 25,000 each day. Almost every night of his crusade, except the second night when there were 9,000 in the 12,000 capacity arena, from 2,000 to 3,000 people have been turned away. Since his crusade to "return Britain to the church" started, 4,650 people have made what Graham calls "declarations of Christ"—a term which covers converts seeking salvation and those who are renewing their faith in formal worship. Still, Voices of Doubters Graham is not exultant. His faith is so simple, so deep and so unshakable that it has been un-

Less Than Three Days Remain For Filing In School Election

Pampans and Gray County residents who have intentions of filing for posts on any of the county's seven school boards late today had only 2 1/2 effective days in which to file their intentions. For 5 p.m. Tuesday is the deadline for Pampans to file with County Judge J. B. Maguire Jr. and County Schools Superintendent B. R. Nuckols. A half-day Saturday and full days Monday and Tuesday will be the only times that city and county offices will be open. Election is scheduled for 8 a.m. to 7 p.m. April 3. Absentee voting will take place from Wednesday till March 30. Late this morning only two candidates were in the field for school board posts—Aubrey Steels for the Pampa board and Marvin Tibbets for the Lefors board. A total of 12 school board posts is on the election ball this year. Lefors, McLean, Albreed, Grandview and Gray County boards each has two open jobs. Pampa and Hopkins each has one post. Steels announced for the Pampa board early in the month, some seven weeks after incumbent H. R. Thompson (who is board president) announced he would not be a candidate for re-election. Tibbets is now on the Lefors board and is running for re-election. These are the locations of the polling places: Pampa, junior high school corridor; Lefors, school bus office; McLean, City Hall; Albreed, school business office; Grandview, the school and Hopkins, the community center. Voting for the county board takes place in all the polling places.

More Boats Radioactive

TOKYO, March 19—UP—Radioactivity was detected Friday on several more Japanese fishing boats, including one which claimed it never was nearer than 1,200 miles to the site of the March 1 test explosion of a super-powerful American hydrogen device. Ambassador John M. Allison has assured the Japanese government the United States will pay "fair and just compensation" to fishermen burned by the hydrogen blast "if the facts so warrant." The latest reports of widespread showers of radio-active ash from the colossal blast set off a new wave of atomic hysteria in Japan and raised a public clamor for international control of future tests of the mighty new thermonuclear weapon. All political groups in Japan—Liberals, Socialists, Progressives and Communists appeared to be united in demanding such controls. The United States has announced it will test, sometime next month, a hydrogen device several times more powerful than the one set off March 1 in the Marshall Islands with a force believed to be equivalent to an explosion of 15 million tons of TNT.

McCarthy Will Answer Adlai

MILWAUKEE, March 19—UP—Sen. Joseph R. McCarthy (R-Wis.) was in bed with a case of virus laryngitis Friday but said he would deliver his counterattack against Democratic spokesman Adlai E. Stevenson despite the illness. Dr. Raulf Hanson examined McCarthy on his arrival here and said the senator had a virus laryngitis with a sore throat and a high temperature. I strongly advise against his working today, "but he insists he is going to." McCarthy Friday night will answer in a speech before the Milwaukee Young Republican Club what he calls a personal attack upon himself by Stevenson. Clear channel radio station WGN of Chicago, affiliate of the Chicago Tribune, and the Mutual Broadcasting System will carry the speech from 8:30 to 9 p.m. and pipe it to at least four other stations. The broadcasting arrangements were the best the senator could get after the National Broadcasting Co. and the Columbia Broadcasting System refused to grant him free air time to answer Stevenson's recent Miami, Fla., speech.

Fireman Is Found Dead

HOUSTON, March 19—UP—The sheriff's office reported Friday the body of a fireman missing for 10 days had been found in thickly-covered bottom lands along the San Jacinto River near Humble in north-east Harris county. It was not known immediately how the young fireman met death but officers at the scene called for a justice of the peace to conduct an inquest. A short time before the body was found, a service station operator telephoned the sheriff's office to report he had sold gasoline to a man he believed to be the missing fireman—Johnny Lee Kelley early in the night of March 8. The station operator, L. C. Romaine, said a second man was with the fireman. Kelley's body was found by menbers of a mounted posse who were called into the area after Kelley's automobile was spotted parked near the river bank, apparently not stuck and in running condition. If it comes from a hardware store we have it. Lewis Hardware. Adv.

Protestant mission work in Europe was discussed by a pane headed by Mrs. Carl Hills at the monthly meeting of the Women's Auxiliary of the First Presbyterian church Wednesday afternoon. Mrs. E. J. GRACE FRIEND

Dear Grace Friend: I am writing you for advice and help as I don't know what to do. I have lived in this area for eight years. One reason I'm writing you is that I have been taking your paper all this time.

I am sick and have been in the Orange County Hospital. They let me come home recently. Before I went out there I had a personal doctor.

They told me not to do anything for some time. The only thing they told me was I had a heart condition, fluid on the lung and other things.

I may have to go back as I don't feel as well now as when I left the hospital. Now this is what I'm writing you about — my wife went to work and only makes \$22 a week, my son works after school a n d makes \$15 a week. That will only feed us; our lights, gas and water are all past due and will be cut off soon. We are a month and a half past due on our rent, and our car payment is also overdue.

My wife went to the welfare and asked for help. They said as long as my wife and son were working they couldn't do anything. We are not asking for permanent help, just until I can be able to go to work.

We are members of a Baptist Church and try to live right. I have four children and if we can't get help we are going to lose everything we have... which isn't much. I have always given cheerfully to the American Fund, and it doesn't seem right that when we are this way because of sickness that we can't get help.

We are willing to pay it back when I can work again. The doctor said he couldn't help me if I worried. I can't help it.

We are respectable people and are trying to raise a respectable family. If you can help us in any way, may God bless you richly.

Respectfully yours, L. D.

Dear L.D. If you are a war veteran you may be able to get help through a veterans agency.

And you might find help through your church. Have you talked your problem over with your minister? I have been wondering what your wife does that she only makes \$22 a week. Almost any job which I can think of would pay more. If she works a 40 hour week at the minimum wage of 75 cents an hour she should earn \$30 a week.

It might be that she can find work which pays more, even though she probably isn't trained for anything. Have her ask about a better paying job at the state employment agency.

In the meantime I have turned your name over to a philanthropic organization which, I am sure, will offer you aid until you are on your feet again.

Pork Adds Flavor To Swedish Dish

By GAYNOR MADDOX
NEA Food and Markets Editor

Shortly after the beautiful new white Kungsholm, flagship of the Swedish American Line, sailed proudly into New York harbor on her maiden voyage, we went aboard for luncheon. Of course there were Swedish meat balls.

The special menu, prepared by chef Reif Svensson, consisted of smorgasbord (many varieties of herring, smoked Swedish salmon, Virginia ham, chicken salad, stuffed eggs, and salad Nicoise), Jansson's Temptation — meat balls, Swedish venison hunter style, Fresh fried potatoes, lettuce, parfait Kungsholm and petits fours.

Naturally, on a Swedish ship, there was much talk about Swedish meat balls. Here's a recipe we think outstanding:

It combines twice-ground round steak and boneless pork. The use of pork is a change from the customary all-beef meat balls and adds wonderful flavor as well as fat. The double grinding of the beef and pork gives the more compact meat balls which are traditional in Swedish cooking.

For regular meat balls or patties where all-beef is used, select either the fresh, ready-ground beef which your dealer displays or have round steak, chuck, flank, neck or sirloin tip ground. If the meat is quite lean as in the case of round steak, have your meat dealer grind a bit of suet, about 2 ounces to a pound of meat, with it for a more flavorful, juicy product.

Swedish Meat Balls (4 to 5 servings)
Three - quarters pound ground round steak, ¼ pound boneless pork, ¼ cup finely minced onion, ½ cup soft bread crumbs, fat, 1½ teaspoons salt, ¼ teaspoon pepper, 1 egg, 1-3 cup milk, ¼ teaspoon allspice.

Have steak and pork ground together twice. Brown minced onion shortening. Combine meat, browned onion, bread crumbs, seasonings, egg and milk. Mix well and form into small balls; fry slowly in hot fat until well browned. Remove from skillet and serve hot. If desired, gravy may be made in meat drippings.

ENGAGED — Mr. and Mrs. O. R. Turlington, 846 S. Banks St., announce the engagement and approaching marriage of their daughter, Joyce, to Charlie Blevins, son of Mr. and Mrs. C. L. Blevins of Wheeler.

The wedding date has been set for 2:00 o'clock Sunday, March 21, at the First Baptist Church in Wheeler.

Our Hidden Heroes

Reds Revengeful Against Informers

By DOUGLAS LARSEN

WASHINGTON (NEA) — A handful of U. S. citizens who joined the Communist Party in various cities to report on its activities to the FBI have made a vital contribution to breaking the back of the Party's treasonous activities in America, according to FBI Director J. Edgar Hoover.

These persons have received numerous national awards for outstanding patriotism and have been widely acclaimed as heroes. At the same time, Hoover warns that the Communist menace in the U. S. is far from ended. Proof of the truth of this warning is the shocking effectiveness with which the Party has been able to strike back at the FBI's former undercover workers.

The Party's motive is two-fold: Revenge, and the need to discredit the credibility of the group against possible future testimony they might give.

One of the most unfortunate victims is William G. Cummings, a Toledo Negro who is considered one of the most effective witnesses of the group against the Party by the Justice Department. He infiltrated the Party to its top echelon in Ohio, traveled all over the country in Party work and became intimately acquainted with the top Reds in the U. S. and their activities.

His testimony in more than a half-dozen Smith Act trials around the country has been of great help in sending many of the top Communists to jail. Not one shred of the information he has supplied has been proved wrong, Justice attorneys claim, and his facts have stood up under the withering cross-examination of Communist attorneys.

Yet today Bill Cummings is beset by numerous personal and financial woes, due exclusively, he contends, to Communist Party retaliation.

He has been dropped from his regular job as a skilled machine operator and is barely able to keep his large family eating and clothed thanks to part-time consultant work the department of Justice has given him.

A great many of the Negroes in the neighborhood he lives in have been turned against him, his family and the handful of friends who have remained loyal to him, through whispered hate campaigns.

In a stinging pronouncement he was publicly thrown out of the church in which he had been a faithful member for many years. Just after his undercover role was revealed, the city council tried to give him a public commendation for his contribution to the security of America. But it was killed by a bitter attack on his character which got widest circulation in Toledo.

He has received awards from a Toledo Municipal League, however. Cummings, a giant of a man who looks amazingly young for his 43 years, is astonishingly good-natured about his plight. "Just got it all with the punches," he says. "I've made an awful lot of good friends through this work, and that's worth plenty," he adds.

He's most upset about his 18-year-old son, William, Jr., who is attending Ohio State University. He is an outstanding athlete who made the freshman football team last fall and is a sure bet for the varsity. Cummings is having a desperate time keeping the boy in school and feels some left-wing influence somewhere is keeping him from getting the financial help afforded most college athletes of his son's caliber.

He tells about another son, Lemuel, 21, now in the Air Force, in Japan, who suddenly began having unreasonable trouble from one of his high school teachers. He found that the teacher's husband had worked with him in the Communist Party, but as a regular supporter. Cummings insists his being out of his regular job has nothing to do with any left-wing influence, however. "I'm temporarily laid off."

JOHNSON IN HOLLYWOOD

By ERSKINE JOHNSON NEA Staff Correspondent

HOLLYWOOD (NEA) — Exclusively Yours: Columbia's current "Bad for Each Other" couldn't be more aptly titled. The stars, Charlton Heston and Elizabeth Scott, quarreled during production and now don't even bother to nod in public.

Candidates for the orange-blossom path: Jack La Rue, the still-handsome heavy of many a film melodrama, and pretty Kitty Buhler. She wrote the first 21 television plays that started "Dragnet" as a home-screen show.

Republic studio's annual report is the first big sign that all of the major film studios eventually will turn to telefilm production. Republic's profit from movies was down, but its income from telefilms was up.

President Herbert Yates, long TV-minded, says the studio will intensify its films for home-screen scheduling.

Columbia studio also is increasing its telefilm output via "Screen Gems." The latest show to be filmed by Columbia will be the Robert Young series, "Father Knows Best."

Ed Wynn breaks in a new stage musical revue in San Francisco late this month, with Broadway as its eventual target.

Maxine and Laverne Andrews lost sister Patty from their act in a row over money. They talked to Jane Withers about stepping into her shoes but Jane bowed out because of TV. Now they're talking about a male warbler to keep it a three-girl act.

TV oddity: A Los Angeles advertising man named Daniel Boone writes the local commercials for the "Annie Oakley" series.

El Brendel, the one-time film star, has joined the cast of "I Married Joan," as a permanent member. He'll play Joan Davis' father.

Now it's Red Buttons junking his variety show format for situation comedy. The reason is the same as with other comedians who have given up the puppet: lack of good comedy-sketch material. The story line is the TV line for the laugh-getters.

Nat "King" Cole is still far from the sunny side of health street, despite his recent stand at a Mollywood bistro. A personal physician stands by at all performances when Nat sings.

Shelley Winters won't be telling a U. S. judge about Vittorio Gassman's habits before summer, she hopes to London for Arthur Lubin's "Rochoco" after completing "Mambo" in Rome.

Such troubles for movie actors these days. Now one of 'em says he was replaced by a puppet and there's a possible lawsuit cooking. It's George Dolenz's complaint that he was verbally hired to star in "Ring Around the Sun," then notified that all breathing actors called for by the script would be replaced by mechanical puppets.

It's not the kind of communique that would be flashed to the waiting world by a studio publicity department, but Fox offered to pay Marion Brando's psychiatrist the fare to Hollywood, set up an office for him at the studio and shell out for Marion's treatments—IF the Brando rebel would only report to the sound stages to play the lead in "The Egyptian."

Brando's big "NO" was the prelude to the \$2,000,000 lawsuit again him by the studio.

A Hollywood press agent is still blinking. He telephoned Claire Trevor to tell her he'd seen the first showing of "The High and the Mighty," in which she's one of the stars. Her first words were: "Tell me — how was Phil Harris? He was great while we were shooting."

"To me, that one call was worth the price of a year's telephone service"

It wasn't the most important long distance call ever made. Just a youngster celebrating his 5th birthday calling his Dad who couldn't be home.

But never have a few childish words done more to lift a man's spirits and chase away loneliness. Life just doesn't hold many richer moments. To me, that one call was worth the price of a year's telephone service.

Years ago, people thought of long distance only for emergencies. Today, long station-to-station and night and Sunday rates make long distance service practical for any kind of out-of-town message. Next time... whether it's an emergency, a family affair, social or business... talk it over by long distance.

Please remember, too, long distance calls go through twice as fast when you call by number. It pays to keep a list of out-of-town numbers. Ask for a free long distance numbers booklet at the telephone business office.

Measurement Of Gray County Wheat Started

Four agricultural reporters have begun measuring the wheat acreage in Gray County, according to Miss Evelyn Mason, manager of the Agricultural Stabilization and Conservation office here.

The reporters now working are Charles Warmink, Grandview; Amos Harris, Pampa; Lawrence J. Kurtz, Laketon, and Homer Abbott, McLean.

Miss Mason urged all farmers to be at their farms on the day advised as the reporter can save time if he can measure all the farms in one neighborhood at one visit.

It has been determined that all farms are eligible for green manure, which means that a farmer may designate a part of his wheat for cover and grass it or plow it under and it will not be counted in his wheat allotment, she stated. This applies to every farmer in the county regardless of whether he filed a sketch before seeding time.

Good is not found in matter which is changeable and limited because it has no basis in God's kingdom—this is the theme of the Lesson-Sermon to be heard at Christian Science services Sunday.

In the Lesson-Sermon to be heard on "Matter" this Golden Text from Isaiah will be read: "The grass withereth, the flower fadeth; but the word of our God shall stand for ever" (40:8).

The following passages from "Science and Health with Key to the Scriptures" will also be included: "The perfect Mind sends forth perfection, for God is Mind. Imperfect mortal minds send forth their own remembrances, of which the wise man said, 'All is vanity.'"

The only fact concerning any material concept is that it is neither scientific nor eternal, but subject to change and dissolution" (pp. 259, 27).

Another Biblical selection is from Psalms: "O Lord how great are thy works! and thy thoughts are very deep" (92:5).

The Weekly Message Of Inspiration

"The Divine Principle of Forgiveness"

"I say unto thee, 'till seven times: but until seventy time seven times." — Matthew XVIII, 26.

Resentment and vengeance are incompatible with true Christian spirit. That spirit exacts generosity, magnanimity, and forgiveness. It is not too much to say that our parable is nothing more than a re-statement of the law of charity in terms of forgiveness; for, forgiveness is only an element in the more fundamental principle of charity — without which no man can be saved.

Have we the Christian spirit of forgiveness? Sometimes people, otherwise just, nurture a grudge or a desire for revenge for years. Meanwhile they parade their piety and expect to share in the joys of the kingdom, entirely oblivious to the principle which our parable teaches.

This they will never do: for as Christ makes plain in the parable, there is no place for the unmerciful.

Remember the master calling the steward to make an account of his debt . . . the forgiveness of the master.

Applicants For Kid Baseball Loops Here Continue To Soar

Little League Now Up To 139; Pony Loco Climbs To 61

Applicants for the Little League and Pony League continued to soar during the past 24 hours as the Little League total reached 139 and the Pony League 61 — an even 200 boys for the two leagues.

The Optimist Club, sponsors of the two proposed kid leagues, held a special meeting last night to iron out further details on handling the large group of boys.

It was decided at the meeting to field a six-team league in the Little League and a four-team loop in the Pony League. Actually there are enough boys already signed up in the Little League to form eight teams but the Optimist Club felt that not enough sponsors could be obtained for another two teams.

The deadline for getting the local leagues franchised is April 1 and the goal of obtaining 10 team sponsors — six in the Little League and four in the Pony — hasn't been reached.

However, if 12 sponsors can be found by April 1, another two teams would probably be added to the Little League setup here.

The Pony League, by passing the 60 mark yesterday, fully qualified for a franchise. The Pony Leaguers now have enough boys signed up

Pampa Oilers Pitch In Helping Local Kid Baseball Leagues To Get Started

THE PAMPA OILERS, WHO have already reported interest in the two proposed kid, baseball leagues in Pampa, came up with a fine gesture yesterday when they accepted an offer to play the ex-Oilers now residing in Pampa in a Little League-Pony League benefit game.

The game will be unrescheduled Sunday, April 18. All proceeds above expenses will go toward financing the Little League and Pony League here.

There are 10 ex-pros now living in Pampa, nine of them formerly played for the Oilers. If all were in the game today they would be classified as "veterans."

So the Oilers, with only three vets on their entire squad, will have their hands full in this game against the vet-filled lineup of the ex-pros.

The 10 men who will make up the "Pampa All-Star" team are Joe Fortin, George Payte, Deck Woldt, Newt Secrest, Oz King, Bob Bailey, Max Molberg, Foster White, Bill Ridgway and Lloyd Summers.

These 10 fellows last night were appointed managers of the 10

teams in kid leagues to be conducted here this summer — six in the Little League and four in the Pony League.

That will certainly give the youngsters a tremendous start in baseball as they'll be under the guidance of fellows with plenty of baseball know-how.

THE QUESTION has been raised "Will Little League and Pony League" teams play out-of-town teams?"

Out-of-town games involving teams in Little League and Pony League are prohibited with the exception of the post-season tournament games in which a community has a chance to send a team to the World Series of the two leagues.

Skelly Oil and Supply became the first business firm to agree to sponsor a Little League baseball team this summer.

The Skelly team will be managed by Max Molberg, former Pampa Oiler.

Efforts are now being made to obtain other sponsors for the Little League and Pony League teams. Ten sponsors will be needed for the two leagues.

Any business firm interested in sponsoring a team are asked to contact any member of the Optimist Club, sponsors of the kid leagues.

to form the required four teams with 15 boys on each squad.

Following are the Pony Leaguers who have signed up in the past 24 hours:

D. W. Davis, Teddy Mastin, Brice Palmer, Johnny Ayers, Karl Kitta, Tommy Murray, Don Mills, Wesley Crites, Dale Lake, Buster Baird, Billy Wells, Ray Smith.

Michael Conway, Robert Langford, David Marler, John Bob Wilkinson, Roy Morris, Jim Brown, Larry Joe Powell, Albert King, John Wilkinson, Larry Cruise, Billie Morse and Don Brooks.

Little Leaguers signing up since yesterday's meeting are as follows:

Dan Campbell, Eugene Brock, Joe Dan Brock, John Campbell, Wendell Winkler, Mike Gentry, Rodney Miller, Billy Gene Wray, Buddy Foreman, Ernest Lawrence, Joe Fisher, Robert Dean Kelly, Gerald Wright, Jim M. Y. Barnes.

Jerry Nichols, Robert Hill, Dickie Hopkins, Robert Garrett, Lee Kent Stephens, Wayne Denson, Ronny Eberhardt, Franklin Lawrence, Joe Fisher, Raymond Nance, Robert Duane King, Rickey Graham, Jerry Wilson, Jimmie Hayler, Corky Godfrey.

Dick Batson, Homer Johnson, Tommy Lynn Chase, Richard Brown, James Morris, Clark Moore, Harold Gabriel, Leroy Watson, David Loy, Ray B. Webb, John Brown, Kent Camp, Randy Gleaser, Donald Ray Snider, Phillip Ray Fielding, James Fielding.

Best feat of the night for the Panhandle boxers, who are competing against fighters from three other cities in the two-night show, was taking double victories in the lightweight and welterweight divisions.

Lightweight Russell Morrow defeated Royce Porter, Sweetwater, in first round then went back in the ring in the semifinals in which Richard Farrell of Sweetwater won a decision.

Welterweight Billy Cooper TKOed Conrad Jenkins, Sweetwater, in 0:38 of the first round and defeated Wesley Sims of Sweetwater in the semifinals.

In Friday night's fights Jesse King of Pampa will meet Sweetwater's Roy Collier in the featherweight semifinals for a chance at the finals later in the evening. All other Pampa scrappers are in the final round already.

Pampa was represented in 12 of the 18 weight divisions and stands to win the team trophy to be awarded, plus individual trophies in each bracket.

Boxers from Hamlin, Sweetwater and Rochester are here in addition to Pampa.

Results in which Pampa boys figured:

Lightweight — Russell Morrow, Pampa, Dec. Royce Porter, Sweetwater.

Welterweight — Billy Cooper, Pampa, TKOed Conrad Jenkins, Sweetwater, 0:38 first round.

85-70 pound class — Carmon Britton, Hamlin, dec. Tommy Mercer, Pampa.

Unimpressive in 1953

Houtteman's 1953 record was an unimpressive 9-13 but he won seven and lost seven after he was acquired by the Indians and was reported in sound condition and eager to return to the pitching heights he knew with the Tigers in 1949 and 1950, when his records were 15-10 and 19-12. He had a \$20 campaign with the toothless Tigers of 1952.

Rookie Don Fracchia wasted Houtteman's fine effort Thursday when he yielded seven runs in the seventh and eighth innings as the Baltimore Orioles rallied for a 7 to 6 triumph. The erstwhile St. Louis Browns now have won 10 games and lost only two in the Grapefruit League.

Twenty-game winner Carl Erskine pitched one-run, five-hit ball for six innings as the red-hot Brooklyn Dodgers beat the New York Yankees 4 to 1 for their ninth straight triumph. It was

100TH LITTLE LEAGUER — Randy Matson, above, became the 100th local boy to sign up for the Little League program here. Matson put his name in the "pot" about 3:30 p.m. yesterday. The 9-year-old Randy will bid for a first base position. (News Photo)

Matson 100th Little Leaguer To Sign Here

Danny Matson, nine-year-old Horace Mann school student, became the 100th boy to sign up for the Pampa Little League yesterday.

Matson, son of Mr. Duane and Mrs. C. W. Matson, 520 West Browning, called in at 3:30 p.m. yesterday to be included in the Pampa Little League.

Young Matson will bid for a first base job on one of the Little League teams.

Matson moved to Pampa two years ago from Berger.

He has never participated in baseball before but has played softball at school.

Matson says he is interested in all other sports, too, but when asked what his favorite sport was, Randy replied: "Baseball."

Randy was born March 5, 1945. His father is sales engineer for Dowell, Inc. Randy has one brother, Charles, 16, and one sister, Carol, 14.

While Matson became the 100th Little Leaguer to sign up here only yesterday afternoon, the total now stands at 139.

2-Way Tie For Miami Lead

MIAMI BEACH, Fla., March 19 —UP—The Dutch Harrison-Julius Boros and Freddie Haas-Art Wall teams led the blue-ribbon field into the second round Friday of the unique "Miami Invitation Four-Ball" golf tournament at the Normandy lake course.

Both of the tournament-tested teams carded a best-ball 62 in Thursday's opening round of the \$15,000 competition, but they could not afford to breathe easily because one team was right behind at 63, three at 64, and no less than nine at 65.

Harrison of Ardmore, Okla., and Boros of Mid Pines, N.C., made possible their share in the lead by manufacturing a brilliant 29 on the outgoing nine, including eagles on the sixth and seventh holes. They covered the back nine in 33.

In contrast, Haas of New Orleans and Wall of Pocono Manor, Pa., carded 61 out and 31 back, putting his own ball on 12 of the 18 holes.

In second place at 63 was the dark-horse team of Bud Holscher of White Plains, N.Y., and Bob Rosburg of Chicago, who also had a 29 on the outgoing nine with eagles on the seventh and ninth holes.

Tied at 64 were another dark-horse team — Earl Christiansen of Miami and Bob Kay of West Hartford, Conn., and two veteran teams — Dave Douglas of Grossinger, N.Y., and Jim Turnesa of Briarcliff, N.Y., and Jack Burke of Ford of Yonkers, N.Y.

The defending champion team of Lew Worsam of Oakmont, Pa., and Ted Kroll of New Hartford, N.Y., was 10 strokes off the pace at 72.

Former Tiger Sparkling Houtteman Bids For Bob Feller's Position

United Press Sports Writer

Earl Houtteman, the trim right-hander with a penchant for fast curves and automobiles, made a strong bid Friday to oust Bob Feller from the Cleveland Indians' "big mound" four.

With three strong Grapefruit League performances under his belt, the 26-year-old "hard luck kid of the majors" easily shaped up as the Indians' most effective pitcher this spring. Feller, meanwhile, was hammered for six runs in three innings in his initial outing and Manager Al Lopez admits the once-great strikeout artist no longer can pitch every fourth day.

Houtteman, acquired last June 15 in an eight-player deal with the Detroit Tigers, turned in his third powerful showing Thursday when he limited the Baltimore Orioles to a single run in three innings. Including six shutout innings in his previous stints, he has a spring record of having yielded a single run in nine innings.

Unimpressive in 1953

Houtteman's 1953 record was an unimpressive 9-13 but he won seven and lost seven after he was acquired by the Indians and was reported in sound condition and eager to return to the pitching heights he knew with the Tigers in 1949 and 1950, when his records were 15-10 and 19-12. He had a \$20 campaign with the toothless Tigers of 1952.

Rookie Don Fracchia wasted Houtteman's fine effort Thursday when he yielded seven runs in the seventh and eighth innings as the Baltimore Orioles rallied for a 7 to 6 triumph. The erstwhile St. Louis Browns now have won 10 games and lost only two in the Grapefruit League.

Twenty-game winner Carl Erskine pitched one-run, five-hit ball for six innings as the red-hot Brooklyn Dodgers beat the New York Yankees 4 to 1 for their ninth straight triumph. It was

TCU will play Sam Houston State at Huntsville today and tomorrow.

Score by innings:

SMU 032 500 100-11 10 1

Semi-Finals In NCAA Tonight

KANSAS CITY, March 19 —UP—One of four surprising basketball teams was only two games away from the National Collegiate Athletic Association championship Friday, but few would hazard a guess on which it would be.

Southern California will meet Bradley in the first semi-final, with Penn State and LaSalle tangling in the all-Pennsylvania nightcap. The winners will meet for the championship Saturday night in a nationally televised game following the consolation tilt.

Cosch Forrest Twogood of Southern Cal figured any "hot" team would win, and rated his Trojans with as good a chance as any to be the hot one.

Bradley beat USC 79 to 64 earlier in the season to give the only reliable test of strength between any of the teams. Although both the other teams were from the Keystone State, they have never before met in a basketball game.

USC moved into the NCAA tournament after capturing the Pacific Coast Conference championship, while LaSalle was Mid-Atlantic Conference titleholder. Both Bradley and Penn State are at-large entries.

Son Of Richard Dix Begins Film Career

HOLLYWOOD, March 19 — UP — Another famous profile was repeated when Robert Dix, son of matinee idol Richard Dix, began a movie career at MGM. But, he revealed, it's against the wishes of his late father.

The 15-year-old former University of California student won a contract at the town's biggest studio, and is studying at MGM for his first role in an Esther Williams movie.

But Richard Dix did not entirely approve of his son's yearning to be another luminary of the silver screen, said young Robert.

"He always warned me about the pitfalls of acting," the handsome actor said. "That was the word he always used—pitfalls."

"He died Sept. 20, 1949, and right before he died he kept telling me, 'Be sure—be sure.'"

The late Dix first discovered Robert's thespian urge when the boy appeared in a play at the age of 11.

"I'd libbed like a trouper," Robert went on. "And when I sat on my sword, I moved it out of the way without losing a line. My dad said, 'It looks like you've got acting in your blood.'"

"But he'd always wanted me to be a doctor. So he asked that I complete at least my high school education and try what he called other walks of life. Then, he said, 'I still wanted to be an actor, okay.'"

Robert, respecting his father's wishes, worked as a gas station attendant, radio announcer in Wichita Falls, Tex., dance ranch guide, logger and farm hand. Then he and his twin brother, Richard Jr., entered the University of California at Santa Barbara.

But Richard Jr. was killed in a skiing accident last fall.

Two-Headed Child Is Ill

PETERSBURG, Ind., March 19 — UP — Indiana's two-headed baby was rushed by ambulance to Indianapolis Thursday when a rash broke out on the head affected by a circulatory disorder requiring oxygen treatment.

Dr. J. W. Elbert ordered the three-month-old boy sent more than 125 miles to James Whitcomb Riley Memorial hospital, where he was under observation for several weeks from the day of his birth at Washington, Ind.

The baby had been receiving oxygen several times daily. Elbert reported it had "difficulty breathing" in one head which turned "rather blue."

An emergency oxygen supply was placed in the ambulance. The baby's mother accompanied him. Elbert said the infant's condition could not be called critical, but it is "serious."

Airman Cited For Daring Feat

ENID, Okla., March 19 — UP — The Air Force revealed Thursday that an airman from Paterson, N.J., repaired hydraulic system of a bomber 6,000 feet in the air, dangling without a parachute in an open bomb bay to perform the feat.

Airman I-C Pat Corrado's exploit took place last September, but wasn't made public until he was named "Airman of the Quarter" at Vance Air Force Base.

Col. Chester T. Gilger, Vance commander, said Corrado discovered a break in a hydraulic line while the B-26 of which he was a crew member was in the air. The bay's doors couldn't be closed without losing more fluid.

Corrado volunteered to enter the bomb bay, although the entrance was so small he couldn't wear a parachute. A rope was tied about his waist, and he went down with a fire ax to bend the line and prevent further leakage.

Hobbs Well Fire Snuffed

HOBBS, N. M., March 18 — UP — Sinclair Oil Co. troubleshooters set off a nitroglycerin blast to put out a roaring gas well fire near Monument Wednesday and the explosion rattled windows here, some 20 miles away.

The blast snuffed out a fire that had been raging since Sinclair's barber number 13 blew in unexpectedly last Thursday.

After the blast was set off, fire fighting crews dragged the white hot wreckage of the drilling rig and other melted equipment away from the well so that the gas would not be re-ignited.

Deserted Boy Puts 'Finger' On Parents

CHICAGO, March 19 — UP — Mrs. LeRoy Sherer said Thursday her 14-year-old son "did the right thing" when he blew the whistle on her and her husband for abandoning the boy and four other children.

Mr. and Mrs. Sherer were arrested at a bus stop Wednesday on a request by their son, LeRoy Jr., who pointed them out to police.

Mrs. Sherer, 38, said she had been suffering conscience pangs ever since she abandoned her children five years ago.

She said she and her husband left the children here in 1948 because they had difficulty providing for them and had been evicted from their home.

They walked out one night while the children slept.

LeRoy and the other children, Helen, 13, Linda, 11, Susan, 9, and David, 8, have lived in foster homes ever since that night.

Police said the parents who were held on open charges, never inquired about their children's welfare.

LeRoy learned they had returned to Chicago from his grandparents and went to the police to ask they be arrested.

THE BURDENSOME JOB of running the affairs of state was forgotten for a few minutes Thursday when Governor Allan Shivers lifted a smiling, brown-eyed little girl to his knee. Five-year-old Karen Albrecht of San Antonio, the National Easter Seal Child called on the Governor to ask him to buy the first sheet of Seals in the 21st annual Easter Seal Campaign now in its second day. Karen, victim of cerebral palsy due to a birth injury, was selected to represent the thousands of crippled children who have been aided by the Easter Seal Societies. Her face will appear on billboards, car cards, in newspapers and on television during the 30-day appeal.

Graham Drive Spurs Britons To Vent Spleen

LONDON, March 19 — UP — Billy Graham Thursday rode out the second wave of protest to break over his London evangelical crusade in a month.

Graham's comments on British drinking, divorce, and illegitimate births published recently in an American newspaper (the New York Journal-American), brought testy rebuttals from several London papers.

It was the British press's most truculent reaction to the American evangelist since he was denounced shortly before his arrival for having said socialism played a part in Britain's postwar troubles. Graham apologized for this, saying he meant secularism, not socialism.

In his new summary of British morals, written after a first-hand look at Britain, Graham reported "drunkenness is becoming a national menace, immorality is at an all-time high, and one in four of all first births are conceived out of wedlock."

The Daily Express retorted that the divorce rate has dropped sharply since 1947, while the percentage of illegitimate children has decreased from 5.9 to 5.5 per cent in recent years.

Graham's headquarters countered with a mimeographed handout saying "the statistics are proven to be inaccurate, then I will certainly see that the accurate ones do appear."

Graham added, however, that "morally, Great Britain is still probably better off than the United States."

Negro Woman Goes Beserk In Station House

BEAUMONT, March 19 — UP — A huge Negro woman, who had just stuffed another woman more than 30 times with an ice pick, went on a wild-eyed rampage when arrested Thursday and wounded two persons with a policeman's gun she grabbed at the police station.

The other man wounded was George Shepherd, 33, who had just been fined \$15 on two minor traffic violations in corporation court.

Police arrested Susie Dyess, 44, in a Negro neighborhood after she shot in a fight with Sophie Brown, a woman who was stabbed more than 30 times and was in critical condition at Hotel Dieu hospital.

Two officers brought the Dyess woman to police headquarters without incident and put her in the booking office. There trouble broke out.

Officer W. S. Andreas walked in, turned around and started out when the Dyess woman grabbed his .45 caliber automatic from his holster and began firing.

The first slug struck Perricone. The next was aimed at a desk sergeant in the next room separated from the booking office by only a glass partition. The glass was shattered by the bullet which whizzed by the desk sergeant's head.

His changing facial expressions, his noise and his mannerisms, all were applauded by Lions after the youngster, dressed in T-shirt and levis, finished each number.

A former Pampian, Larry Fuller, brought the program over to the basement of the First Methodist church at the instigation of Murray Sealey, Thursday's program chairman.

"I sure hate to miss school, but I'll do it," Sealey quoted Jerry as saying when Jerry agreed to come to Pampa for the meeting.

Boss Lion Ralph Thomas announced that Bob Quick, who had been nominated with James Evans for club second vice-president, has asked that his name be withdrawn as he is moving to Brownwood in the near future.

Annual election of officers will be at noon Thursday. Six officerships and three directorships will be on the election block. Other nominations, if on a petition signed by at least 10 members of the club, can be presented to Thomas any time before Thursday. The new men take over July 1.

Paul Brown, attendance chairman, spoke of the laxity in attendance of some of the club members and quoted the Lions International ruling that anyone who
