Rodeo Pace Intensified

Gov. Allan Shivers comes to Pampa tonight to take part in rodeo activities ushering in first night of the second go-round of the 10th Annual Top o' Texas Rodeo. The governor will ride in the Grand Entry and later in the program will address the crowd. Dust chevin' cowboys, performing to another capacity crowd, got their second wind in Thursday night's competition and bettered marks in all time events except one, calf roping. The Grand Entry Thursday night lacked a bit of the opening night spectacle, but a less crowded arena enabled riders to go through their routines with ease and dexterity to the strains of music by the Amarillo Air Force Base Marching Band. Paul Crouch, president of the Top o' Texas Rodeo Association who missed the rodeo opener because of illness, rode in the entry and was introduced along with other officials.

Entertainment in three short intermissions was provided by the Bobby Williamson cowboy band of Dallas, Portia Sims and his Liberty Ponies, and the Sahave Indian Dancers of Uvalde. In bareback riding to entrants stayed aboard their broncs for the required eight seconds. The best time was made by Don Bronwell, Pampa, Kan., who rode a time of 13.5 seconds. Other riders who failed to close their loop in this event: Jerry Hodges, Iowa Park, 17.5; Doyle Spartin, McLean, 23.5; Pete Reed, Breckenridge, 37.4; John Burris, Hamilton, 14; Jack Newton, Abilene, 15.4; H. B. Taylor, Jr., Pampa, 18.5; and Virgil Peacock, Quitaque, 30.1 (two loops).

Candidates Come Close To Meeting

Gov. Allan Shivers and Ralph Yarborough, the two candidates in the Aug. 28 runoff primary, came close to meeting tonight in the first half of the second go-round of the Top o' Texas Rodeo. Erroneous reports had it that both Shivers and Yarborough would be on hand for the Grand Entry. But Yarborough will not be in Pampa until Tuesday afternoon.

Arrives Tonight Shivers is expected to arrive here about 7 p.m. today. He will go directly to the Rodeo Grounds, east of Pampa, where he will participate in the Grand Entry. Then he will retire to his special box seat where he will watch the performance. He will make a short non-political talk midway in the show and will leave Pampa at its conclusion.

Yarborough is scheduled to arrive about 1:15 p.m. Tuesday at Perry LeFors Field, according to Jimmy Thompson, his county chairman. Some 25-30 of Yarborough's supporters in the county will meet the plane and escort the gubernatorial candidate into the city.

Yarborough To Meet Press A meeting of Yarborough and his supporters will then be held probably in the District Courtroom of the courthouse, Thompson said. Yarborough will meet the press either shortly before or after that session. He will give a brief talk on the courthouse lawn sometime between 2 and 3 p.m. and will follow it with a radio speech over Station KPDD. He is not expected to remain in Pampa overnight.

Shivers and Yarborough both ran well in Gray County in the July 24 Democratic primary, though the governor beat the challenger. Shivers got 2751 votes and Yarborough, 2011.

Some residents today, thinking that both Shivers and Yarborough might have been present in Pampa tonight, commented: "Shivers, Yarborough, all this and the rodeo, too."

RIDIN' SIDE-SADDLE—Saddle bronc riders tamed five cayuses last night at the second performance of the 10th Annual Top o' Texas Rodeo. It's a tough job as can be seen in the above picture where the cowboy seems to be teetering on the brink of disaster. (News Photo)

'Jury' Nixes TV Shots At Hearings

WASHINGTON, Aug. 6 — UP — A six-man Senate "jury" called a meeting Friday to plan its study of censure charges against Sen. Joseph R. McCarthy but most members were already agreed the proceedings should not be televised. Informed sources said Sen. Arthur V. Watkins (R-Utah), senior Republican on the special committee, probably would be named chairman at a secret session Friday morning. Other members of the committee, appointed Thursday by Vice President Richard M. Nixon are Republican Sens. Francis Case (S.D.) and Frank Carlson (Kan.) and Democratic Sens. Edwin C. Johnson (Colo.), John C. Stennis (Miss.) and Sam J. Ervin Jr. (N.C.).

Riots Blamed On Teenagers

BREMENHAVEN, Germany, Aug. 6 — UP — The U.S. Army said Friday teen-age agitators from Soviet Germany probably were to blame for West Germany's first serious anti-American outbreak since World War II. An official Army statement said "local citizens" believe the housing riots in which two German police officers and a number of housewives were reported injured this week were "the result of Communist agitation." No Americans were directly involved in the disorders. "The demonstrations may have been the result of a Communist-sponsored meeting held at a local meeting hall..." the statement said. "At the meeting were approximately 150 teen-age youngsters from (Soviet-held) Rostock... who were in Bremerhaven allegedly to attend a cultural meeting and dance."

Equalization Board To Meet Thursday

All interested taxpayers today were urged to be on hand at 9 a.m. Thursday in the County Courtroom for a public hearing conducted by the Gray County Commissioners' Court, acting as the county board of equalization. That is the first day the equalization board will hear local property owners, those with inventories and those not on the oil and gas rolls, according to County Judge J. B. Maguire, Jr. They will also be heard Aug. 13, 16 and 17. Oil operators, independents and royalty owners and owners of fee land on the oil roll will be heard Monday through Wednesday. Four Airmen Dead In Crash

FAIRFORD, Eng., Aug. 6 — UP — Four American airmen, en route home to the United States, were killed Friday when their Air Force six-engine B-47 Stratofort bomber crashed and burned on takeoff. Witnesses at the field said the 600-miles-an-hour bomber stalled in an almost vertical climb from the field here, and plunged to earth. Brown & Hinkle Inc. DEATH BREAKS UP QUINTS — The world famous Dionne quintuplets are pictured above as they appeared recently. Emilie, (standing, second from left) died today. She was the first of the quintts to learn to talk, back in 1935.

Death Takes One Of Dionne Quints

ST. AGATHE, Que., Aug. 6 — Emilie Dionne, 20, one of the famous quintts, died here suddenly Friday. L'Acquiesse Guay, a home for the aged where she had gone for a rest, reported Emilie died at 8:30 a. m. The cause of death was not disclosed, although it had been reported Emilie had been ailing for some time. Nurse Cecile Bellevue at the institution operated by a Roman Catholic lay organization, said the cause of death was being withheld at the request of the parents. She said relatives of the girl were on their way to St. Agathe, where they are expected to arrive Friday night. It was believed both Oliva Dionne and her wife were on their way from Callander, Ont., birthplace of the famous quintts.

Less than a month ago Emilie had been wandering along a Montreal street in a daze. She told police she became lost while on her way to Quebec City to see Marie, her sister who quit convent life last month because of her physical condition and home sickness. Emilie had been studying domestic science at a northern Quebec convent, along with her sisters, Cecile and Annette. Yvonne was studying fine arts at the Notre Dame convent in Montreal. Emilie went to the rest home at Lac Brule, two miles from this Laurentian resort town, some time ago. Oliva Dionne, the father of the quintts, disclosed only late last month that Emilie was considering entering the religious order of the Oblate Missionary Sisters at St. Agathe Que. after spending a month of their summer holidays there.

Committee Votes 9 To 6 In Favor

WASHINGTON, Aug. 6 — UP — The administration seemed assured Friday of congressional authority for a boost in the federal debt ceiling after a year's delay. Last-minute jockeying in an adjournment-bound Congress will determine how much of a hike can be made in the \$275 billion debt ceiling — and how long the increase can apply.

Crash Wipes Out 2 Families

PLAINS, Kan., Aug. 6 — UP — Eight persons, including four tiny children, were killed near here Thursday night in a highway collision that wiped out two entire families. Two other persons were critically injured. The dead were Mr. and Mrs. Eugene Elliott and their two children, four-year-old Connie Jean and Marc Allen, aged one and a half, and Mr. and Mrs. Boyd Boyer and their two children, Edward J. Boyer, two years old, and Cynthia Kay, five weeks old. Plains. All were occupants of an auto mobile which collided with a pickup truck loaded with cables, copper wire and other electrical equipment. The occupants of the truck, Raymond Porter and L. L. Clark, both of Mayfield, were injured critically.

The two vehicles collided at the intersections of Highways 160 and 54 just east of here. A California family identified only as Mr. and Mrs. Sears and their three children was sleeping at the roadside almost at the point of collision and had a narrow escape. Meade county Sheriff Alvin Johnston said.

Chairman Eugene D. MIKHIN (R-Colo.) said he favored a proposal of Treasury Secretary George M. Humphrey who asked the committee for an increase last year, sponsored the temporary plan. Chairman Eugene D. MIKHIN (R-Colo.) said he favored a proposal of Treasury Secretary George M. Humphrey who asked the committee for a \$10 billion increase — with half of that total on a temporary basis. The Senate committee made its \$6 billion increase an amendment to the House approved bill which granted the administration's full \$15 billion request a year ago. That set the stage for possible Senate-House maneuvering.

Distillery Ruins Yield Six Dead

PEKIN, Ill., Aug. 6 — UP — Firemen stood guard Friday over the smoldering ruins of a two-day distillery fire that killed six persons, injured 38 and burned up almost 5 million gallons of whiskey. Damage was estimated at \$7.5 million by President Russell Brown of the rubble-strewn American Distillery Co. He said, however, that the plant, which employs 650 persons, would be back in operation Monday. The fire, touched off by a bolt of lightning early Wednesday, was declared out of danger Thursday night. The blaze, once subdued, erupted into several explosions and alcohol flames shot high into the air before it was brought under control.

If anything, it may get a few degrees hotter Friday than Thursday, the U.S. Weather Bureau said. Only a sprinkling of rainfall was reported over the state. The biggest amount for the 24-hour period ending at 6:30 a. m. Friday was 11 of an inch at Presidio where Thursday's high of 108 degrees was recorded. Other precipitation included .05 of an inch at Marfa, where the overnight minimum of 60 degrees was reported, 0.1 at El Paso and traces at Wink and Salt Flat.

Heat Respite Due Panhandle

By UNITED PRESS A weak, almost stationary cool front was expected to provide some heat relief Friday for the Texas Panhandle. But the picture over the rest of the state was the same — more hot weather.

Rise In U. S. Employment A Favorable Economic Sign

WASHINGTON, Aug. 6 — UP — Employment rose by 50,000 and unemployment decreased by 1,000 last month, the government reported Friday. A nationwide survey showed that total employment in the week of July 5-11 was \$2,148,000, the Commerce and Labor Department said in a joint statement. The number of jobs was 3,346,000. The total civilian labor force rose by 49,000 to 65,494,000. The slight changes in the number of employed and unemployed followed predictions made before the report was issued. In July, 1953, employment dropped off \$2,900 and unemployment decreased by 14,000. In July, two years ago, employment decreased by 338,000 and unemployment dropped 124,000. Last month, non-agricultural employment decreased by 290,000. But employment gains were registered in construction, finance, and service occupations. These gains were offset by a drop of 227,000 in factory employment and other seasonal decreases in retail trade, and public schools. Most of the drop in factory em-

Lila Austin Wins PWGA Golf Meet

By BUCK FRANCIS Pampa News Sports Editor Miss Lila Austin, 17-year-old sister of Pampa Golf Pro John Austin, won the annual Panhandle Women's Golf Association tournament near noon today over Mrs. Jean Duenkel, 1953 champion, 1 up on the 19th hole of the Pampa Country Club. The new champion closed out the match on the first extra hole with a par four. Mrs. Duenkel's third shot on the 19th from fifty yards away was 30 feet short of the cup while Lila's third shot came to rest four feet away. The match ended when Mrs. Duenkel missed her par putt while Lila calmly sank her shorty for a par.

It was a nip and tuck match throughout with neither gaining more than a 1-up lead. The two Pampans made the turn all even, each posting 40's. Both had 35's on the back nine as they were still even. Miss Austin missed a chance of winning over the regular route when she took a 1-up lead at 16 only to lose 17 by three-putting. The two then halved 18 to send the match into overtime. These two Pampans met in the finals for the second straight year. Mrs. Duenkel won last year's title match two and one on Huber course in Borger. If it comes from a hardware store we have it. Evangelist Hits Nudism

BATTLE CREEK, Mich., Aug. 6 —UP—A crusading evangelist said Friday he had evidence to show that life in the raw at nudist camps "stimulate" many young people to the point where they hold sex parties when they return home.

Dr. Braxton Sawyer of Fort Smith, Ark., said he saw no signs of "daytime immorality" while filming the American Sunbathing Association's national convention at Sunshine Gardens near here.

However, he said he had wire recordings to prove that the "thrill" of such activities didn't die out when the conventions end.

"I have recorded confessions of many teenagers," Sawyer said. "They said nudist camps stimulated them to hold nude meetings on a smaller scale when they returned to their homes."

"Leads to Immorality" "They admit that these local parties led to immorality on the part of most young members who attended them," he said.

Sawyer, who was thrown out of Sunshine Gardens when he refused to strip earlier this week, said he would use his latest information to plug for legislation banning nudism in Arkansas, Oklahoma, Kansas and Missouri.

The evangelist said his film, tape recordings, nudist publications and "confessions" pointed up the "disgusting vulgarity" of nudism.

"Perhaps my worst piece of evidence is a roll of colored film of a nude wedding," he said. "It shows a nude boy and girl standing before a nude minister. The best man, the attendants, everybody—they're all standing there nude."

Movies of Nude Dances Sawyer said other movies he took included nude dances. One of them, he said, showed "a 60-year-old woman, without a stitch of clothes, bouncing around like a jitterbug."

"I admit that I didn't see any signs of immorality at this camp while I was shooting pictures during the day," Sawyer said. "But when they pair off for moonlight bathing at night, I don't know."

Sawyer wasn't on hand for Friday's crowning of the king and queen of the national convention. He said he had sunbathing association officials had reached a "truce."

The truce, he said, called for an exchange of film which was lost in the scuffle when he was thrown out of the camp last Wednesday afternoon.

'Col. Dior's' Wife Backs Scanty Ban

FRANKFURT, Germany, Aug. 6 —UP—The wife of Col. John H. Dilley, now called "Colonel Dior" by angry Army dependents, Friday defended his order banning bare midriffs and the wearing of shorts, jeans and hair curlers in public.

"My, I would never wear such scanty dresses," the colonel's lady said. "There's such a thing as decency."

Dilley, of Kansas City, Kan., took full blame for the furor arising from the order which soon will be duplicated by Army European headquarters and affect up to 50,000 American women.

"I wrote that order myself," Dilley said. "I didn't even consult my wife."

An official spokesman said "inappropriate attire can and has, in some instances, adversely affected the best interests of the United States."

"Inappropriate attire" was assumed to mean the shorts, plunging necklines, bare backs and midriffs, jeans and pin curlers which now are taboo in the Frankfurt area because of Dilley's directive.

The Army's sudden interest in attire is believed to come from German criticisms of the "taste" of American women.

New Pampa Minister Takes Over Sept. 5

Wesley Mickey of Fort Worth will become the new minister of the Church of Christ at Harvest and Mary Ellen, effective Sept. 5.

He will replace Granville W. Tyler, the present preacher, who is moving to Arkansas, church officials reported late this morning.

Mickey is now preacher in the North Side Church of Christ, Fort Worth. Until Mickey arrives in Pampa, visiting ministers will conduct services in the Pampa church.

Boy Seriously Hurt In Crash

Emmett McEntire, 14, son of Mrs. Marvin McEntire, 913 E. Denver, is being treated in Highland General Hospital for a fractured skull following an accident Wednesday night when the motor bike he was riding with a friend collided with an auto.

The other youth, Freddy Thurman, 11, 500 N. Warren, was given first aid at the hospital and released. McEntire's condition Friday was reported as satisfactory.

Police said the driver of the car, Travis Rogers, 20, Davis Trailer Court, was making a left turn at the intersection of N. Cuyler and Browning when he came upon the bike operated without lights. Rogers told police he didn't see the boys.

No charges were filed.

Last Service Set For Old Church

The congregation of St. Matthew's Episcopal church will hold final worship services in their old building at 11 a. m. Sunday.

Prior to moving into the new church, which is expected the first Sunday in September, Sunday morning prayer services will be held at the Seventh Day Adventist church.

The building, at 707 W. Browning, was sold to the Church of Christ, Skellytown. Moving starts Monday.

On the same site, in a vacant corner of the lot, the new \$124,000 structure is nearing completion. Most of the furnishings of the old building have been sold with the exception of the altar.

United Fund Campaigners Meet Tuesday

A date for the 1954 Pampa community United Fund drive will probably be picked up Tuesday night.

A meeting of the fund's campaign committee, representatives of the eight participating agencies and John Campbell and Ed Myatt, drive co-chairmen, is scheduled for 7:30 p. m. Tuesday in the Pampa Chamber of Commerce office in City Hall.

Campbell late this morning said final plans for the drive would be made at that time and that the drive date should be picked. Reason for the holdup on the announcement of the drive date is that local fund officials have been awaiting word from Amarillo on when that city's drive will be held.

—so Pampa can have its drive about the same time.

Twenty Jobs At TEC Office

Twenty jobs are available at the Pampa, Texas, Employment Commission office, Bill Ragsdale, manager, reported Friday.

Openings are for a saleslady waitress, salesman, credit manager, electric motor repairman and housekeeper.

"Peak of employment," Ragsdale said, "was reached during harvest, and the number has dropped off since then, which is the normal situation for this time of the year."

"Employment will pick up during September and October," he said.

Guardsmen Win Bars

Two members of the 474th Field Artillery (Observation) Battalion, of which Pampa National Guard unit is a part, will go before an official—federal recognition board at Fort Sill, Okla., Aug. 15, the first day of summer encampment.

Second Lt. Bobby Purcell, Shamrock, commander of "C" Battery, will become a first lieutenant and Sgt. J. C. Chalmers, H. Keeton football line coach in Lefors High School, will become a second lieutenant and survey assistant. Guard officials reported this morning.

Only medical excuses will be accepted for keeping out of the two-week summer camp, officials emphasized.

Sunday Sgt. J. C. Leon Howell and Sgts. Bobby Birdwell and William J. Wilson will go to Fort Sill to pick up two trucks for the battalion.

During the summer camp at Sill, there will be a softball tournament with six teams, four of them furnished by this battalion. One each will be furnished by the 41st Corps and the 8th Field Artillery, the latter the 1953 winner. Winning unit will receive a plaque in February.

17 Request Absentee Ballots

Seventeen requests for absentee ballots for the Aug. 28 Democratic primary runoff were on hand late this morning in the office of County Clerk Charlie Thut.

That will send out the ballots Monday morning, the day absentee voting begins. Residents can vote absentee through Aug. 24.

Congress Gets Drouth Aid Work Outline

WASHINGTON, Aug. 6 —UP—Agriculture Department officials planned to brief Congress Friday on the administration's efforts to aid drouth-stricken farmers.

Congressmen from parched areas of the south and west were invited to sit in on a meeting of the House Agriculture committee to hear the testimony of Kenneth L. Scott, director of the emergency drouth program, and R. B. McLaughlin, Farmers Home Administration director.

The meeting was called as President Eisenhower was reported "a little vexed and somewhat irritated" over appeals for drouth aid from sections of the country he feels do not need it.

Mr. Eisenhower's attitude was described by Rep. Dewey Short (R-Mo.) after he and three other Republican congressmen called on the President at the White House. Short said the group told Eisenhower about the "extremely critical" drouth situation in Missouri.

"We are having the most devastating drouth in our history," Short said.

Complaining about what he considered to be less deserving areas, Short said: "The first time they have a drouth they want aid, including a federal relief program, and then everybody wants to get on the gravy train."

He declined to identify the areas he was criticizing.

MUSIC AND MIRTH — Bobby Williamson and his cowboy band entertain nightly at the Top o' Texas Rodeo. Trying to get a rise out of Williamson is James Kimble, Sand Springs, Okla., one of the two rodeo clowns. The other is Jake Mitchell, Dalhart.

RODEO

(Continued from Page 1) day's performance. Successful riders were: Con Coleman, Archer City; Bill Barton, Abilene; Jimmy Moore, Post; Joe Collier, Wichita Falls; and Wes O'Neal, Palo Duro.

The Cowgirl Sponsor barrel ride produced a first go-round winner in Daythene Vineyard of Tulla with an excellent time of 16.7 seconds. Bad luck continued to plague Pampa's Betty Osborne as her mount knocked over a barrel in mid-performance adding three seconds to her official time. Her time, with penalty was 19.7 seconds.

Other Cowgirl riders and their times in seconds: Wartie Cordell, Childress, 18.2; Sis Newsum, Lefors, 21.1; Darlene Parker, Borger, 19; Bobbie Vineyard, Kress, 19.1; Julia Marie Dawkins, Pampa, 19.2; Edna Earl Lewis, Groom, 18; Shorty Johnson, Pampa, 20.3; Helen Harrison, Woodward, Okla., 16.8; Irene Giles, Dumas, 17.7; Phyllis Ferguson, Woodward, Okla., 18.8; and Joan Mayo, Pampa, 22.

Bulldoggin' Firsts Twin firsts were recorded in bulldoggin' by Tuff Pinnell, Vega, and Davey Hummer, Perryton, in the first time of 8.8 seconds. Four of nine bulldoggers failed to flop their steers. Receiving times were: Fenny Frabier, Abilene, 52 seconds; Freddie Cordell, Childress, 20.5; and Booger Red Nixon, Breckenridge, 71.2.

Another mark fell in the double muggin' contest as Ng Wright, Breckenridge, and his partner set their calf in 15.4 seconds. Second best time in the first go-rounds was H. B. Taylor, Jr. of Pampa with a time of 17.3 seconds. Third place went to John Burris, Hamilton, with 17.4 seconds.

Other muggers who received times were: Jack Morris, Waynoka, Okla., 17.8 seconds; Tuff Pinnell, Vega, 21.2; and Harvey Brothers, Vega, 25 seconds flat.

Only one wild mare was subdued during the entire first go-round as this event was easily the most action-packed. Spike West and his two buddies seemed to have little trouble in saddling and riding the required course in this contest.

Everyone was riding the so-called wild brahma bulls Thursday night as only six riders out of 19 waddlers were unseated.

Riders were given: Don Bromwell, Plains, Kans.; Jim Keenan, Lefors; Sam Bond, Pampa; Ray Sewell, Natchez, Miss.; Gene Frasier, Abilene; Sydney Johnson, Snyder; Twain Mickler, Stamford; Bill Barton, Abilene; Davey Cruzon, Pampa; Sonny Mayo, Petroli; Ed Renfro, Borger; Spike West, Jayton; and Rusty Huff, Pampa.

Unlike Wednesday only one minor shakeup was recorded in the arena. Bob Brummett of Moscow, Kans., was tossed from a bucking brahma, but suffered only loss of wind and a small cut on his head. He was given first aid at the arena.

Competitors Friday and Saturday in the second go-round have their work cut out for them in the light of Thursday's performance.

Texas' New Lake Named "Leon"

EASTLAND, Tex., Aug. 6 —UP—The state's newest lake will be known as "Lake Leon."

Mrs. Bob Young of Baird won a \$100 name-the-lake contest. Twenty-five other persons submitted the same name, but hers was the first received. Nearly as many suggested "Leon Lake."

More than 1,700 persons from as far away as Mexico City and Fairbanks, Alaska, entered the contest. The lake is located equidistant from Eastland and Ranger and was built by the two cities. It will be formally dedicated later, probably this fall.

Gen. Agee To Be Rodeo Visitor

Celebrities will be in evidence at the Top o' Texas Rodeo performance Saturday night with the appearance of Gen. Walter Agee, commanding officer of the Amartillo Air Force Base, and the C. of C. tourist-of-the-week, who will be arrested at 3 p. m. Saturday.

Gen. Agee will attend the Saturday performance with members of his staff and their wives.

Hosts for the Chamber of Commerce tourist-of-the-week promotion will be Mr. and Mrs. H. L. Gunter, and Mr. and Mrs. Bill Fannon.

Following the TOT performance, the yet unknown couple will attend the rodeo dance at the Pampa Junior High School Auditorium.

Poole's Steak House will give the "arrested" couple dinner Saturday and Murphy's Motel will furnish them with a night's lodging. Johnson's cafe will serve them breakfast, before they are "released" Sunday.

Led Vineyard's Magnolia Service will service their car with Parker's Blossom Shop providing flowers, and the B&B Pharmacy, the candy.

Rain Slows Bridge Work

Rain at the Top o' Texas which has periodically swelled the Canadian River has kept the work on the bridge, between Pampa and Perryton, at a sluggish pace.

Resident highway engineers late this morning reported construction men were working on the Bent No. 30. There are 41 bents, which are rows of piling, and workmen began with Bent No. 41.

"Every time it rains upstream, it slows down work," one engineer commented today.

Pampa Water Loss 720,000 Gallons

Pampans lost almost three-quarters of a million gallons of water in storage in the 24 hour ending at 7:30 a. m. today.

Total consumption was 7,168,000 gallons and total production was 6,448,000 gallons, leaving a storage deficit of 720,000 gallons. That brings the month's total production to 27,855,875 gallons.

EMPLOYMENT

(Continued from page one) per cent, unchanged from June. This has been the postwar pattern. Since 1946, the percentage of unemployed has dropped a few tenths of 1 per cent three times in July. It has gone up slightly three times and remained unchanged twice.

It was 2.4 per cent in July, 1953, and 3 per cent two weeks ago. Unemployment rose steadily from 1,240,000 last August until March when the monthly gain was only 34,000 for a total of 3,725,000. There was a drop of 260,000 in April and a further decrease of 160,000 in May.

State Gets First Drouth Aid Check

AUSTIN, Aug. 6 —UP—State authorities received a \$125,000 check Thursday as the first installment of the federal government's drouth relief program for Texas farmers and ranchers.

The money will go for a hay program in the 23 Central and West Texas counties which have been designated as drouth disaster areas, Agriculture Commissioner John C. White said.

Jane Talk

Pampa News Women's Editor

A WOMAN'S HANDS are one of her most important features. They're as important as her face, her hair and her clothes — and are noticed as much.

To find out how you should take care of your hands to keep them looking attractive, I talked with Mrs. Jackie Tynes, Edna Prescott and Mrs. Mable Cathey, all beauty culturists.

One of the women stated she once heard Eleanor Roosevelt speak. She said Mrs. Roosevelt's hands were beautiful and she used them frequently during her speech. Everyone was so enthralled by the beauty and eloquence of her hands, they forgot what she looked like.

These women stated that learning what not to do is as important as learning what to do as far as hand grooming is concerned.

A regular beauty routine for the hands is to use an oil made for that purpose each night. A hot oil is the best, the women advised. If you have particularly "bad" or dry hands, you should use a good hand cream each night, sleeping in white cotton gloves, to keep the cream on the hands and to allow it to soak in. Kid gloves are best because they "winkle the hands," they stated. Using the oil or cream regularly "helps reduce hangnails and dry cuticles."

Did you know that you should never cut your nails? That is what these specialists say. You should always file them. And emery boards are especially hard on nails. The ideal file is a diamond dust one. They tried an emery board and diamond dust file out on me, and you can really tell the difference!

Nails should be filed from the corner to center in one stroke, the women pointed out. Never "saw." Another rule is to never cut cuticles more than necessary. "Over-cutting of cuticles ruins the hands — it only makes more grow," one of the women stated. "Use removers and oils." Nails should also be cleaned with a smooth instrument, or you may bruise the tender skin under the nail.

Those white spots that appear now and then on the nails are bruises, the women advised. If you bruise your hands around the base of the nail, the white spots are apt to appear. There is nothing that can be done about them, the women stated, and they may keep re-appearing time after time. However, it might help if you rub gently around the base of the nail, they advised.

"To have beautiful hands never pamper your hair with frequent shampoos during hot summertime — three or four times a week is not too often. Have your shampoo and shower at the same time, then towel-dry and set in pins. It's a breeze if you wear your hair in a neat, abbreviated hairstyle.

Always start with an immaculate head, before applying make-up. Then, smooth on a light tinted foundation and fluff on face powder. Brush your brows until they are smooth and glossy and define them with pencil. Touch your eyelids with cool, green shadow. Outline your lips with a vivid shade of pink. It's a pretty way to look on a hot day.

If you have shed your stockings and are wearing those airy, bare-foot sandals, be sure your legs are smooth and untanned and that your toenails are pedicured. Place tufts of cotton between the toes while nail polish is drying to avoid smearing.

House Warming Given To Honor New Pastor

SKELLYTOWN — (Special) — A house warming was given recently for Rev. and Mrs. Logan Harper and their small daughter, Glida, Rev. Harper is the new pastor of the Assembly of God Church.

Hostesses for the occasion were Misses Inaue Wall and Anna Kramer.

Refreshments of ice tea and cake were served to the families of Messrs. and Mmes. L. C. Cook, J. L. Mills, B. T. Ross, B. C. Harris, Lewis Harris, John Kramer, Clay Dykes, Merle Kramer, Amos Cook, I. N. Howard; Mmes. Nancy Thompson, Amy Cook, Elva Wall, Tony Harris; also Rev. and Mrs. W. T. Harper of Odessa, parents of Rev. Logan Harper; and John R. Kramer of Paconia, Calif.

Cook's Nook

Do you know your summer vegetables? There's lots of good eating and good health for you in fresh garden produce. Let's consider Swiss chard. It is a type of beet that develops no enlarged root. In the market in April, its peak season is June through October. When buying, look for crisp, tender, fresh leaves with stalks that are fleshy and crisp.

FRESH SWISS CHARD RECIPE

(8 servings)
Two and one-quarter cups boiling water, 1 teaspoon salt, 1 1/2 cups uncooked rice, 1 teaspoon fresh lemon juice, 1/4 pound fresh Swiss chard, 1/4 teaspoon ground black pepper, 1/4 teaspoon sugar, 3 tablespoons margarine or butter.

Combine boiling water and salt in a saucepan. Gradually add rice and lemon juice. Cover. Cook until rice is almost tender. Chop Swiss chard and add. Cover. Cook until tender (about 5 minutes).

ADD REMAINING INGREDIENTS, VEGETABLE CREOLE IN SKILLET

(8 servings)
Two tablespoons margarine or butter, 1/2 cup chopped onion, 1/2 cup chopped green peppers, 1/2 cup sliced celery, 1 1/2 cups diced fresh tomatoes (medium size, 2-3), 2 cups shredded cabbage, 1 cup sliced celery-cabbage (Chinese cabbage), 1 1/2 teaspoons salt, 1 teaspoon ground black pepper.

Melt margarine or butter in a frying pan. Add remaining ingredients. Cover. Cook slowly, 10 to 15 minutes or until vegetables are crisp-tender (do not overcook).

get married and never do any housework," one of the women laughed. However, since this is not possible for most of us, she stated that you should always wear rubber gloves when you have your hands in water — doing the dishes or scrubbing. Detergents are especially hard on hands.

A rather startling bit of information for me was that dust is one of the hardest things on hands. While cleaning, the women advised, you should always wear household gloves.

"They don't have to look like work gloves," one of the women advised. "They have real cute flowered ones on the market now."

HERE ARE some beauty briefs especially applicable during these hot summer days.

When temperature soars to new heights and the weather is the all-absorbing topic of the day — take a few short cuts to summer beauty: Bathe in tepid (not cold) water and use light floral cologne lavishly. . . wear cool, tubular cottons. . . eat lots of crisp green salads and fresh fruits. . . drink quantities of fruit juices. . . keep your beauty creams and lotions in the refrigerator.

MATURE PARENT

By MRS. MURIEL LAWRENCE

One luncheon some months ago Mrs. S. gave her three-year-old daughter a dish of stewed apricots. After taking a spoonful, Carla spit it out. She was given to understand that food is to be savored, not spit out.

Now, in great anxiety, Mrs. S. tells me that Carla has found her own solution to the problem of unwanted food. Instead of spitting it out, she holds it unsavory in her mouth.

"Though she's been slapped, put to bed and sat on chairs for two hours, she insists on refusing to swallow what she doesn't want."

"I do not want to break the child's spirit," writes Mrs. S., "but I know that I must make her do what is right for her no matter how it hurts us. How can I break this habit?"

Carla's habit is not her mother's real problem. Her real problem is her need to demonstrate devotion to Carla. Carla's refusal to swallow is her way of saying to her mother: "I won't cooperate with your passion to prove you are a fine mother at my expense."

Carla, her trust in her own tastes still uncorrupted, has not yet learned to believe that others always know what's "right" for her.

She still knows what she wants and rejects what she doesn't want. But if the spanking, sitting on chairs and anxiety continue to press her, she won't know it long.

Her mother does not possess similar trust in herself. I think that her anxiety has little to do with Carla's refusals to swallow.

What she wants from Carla is not more food in her stomach, but reassurance that she's doing the "right" thing. She wants to wrench compliance from Carla that will enable her to think, "Well, now I've done my duty by this child. I'm in the clear. Nobody can accuse me of neglecting her."

Suppose someone did? Suppose someone said coldly to Mrs. S., "You are a bad mother not to push food down Carla's throat." Must she, too, swallow whatever is fed to her?

Why? Does she believe herself a bad mother? What enemies make her so doubtful as to whether she knows what is right that I have to say, "Don't swallow accusation, Mrs. S. Be like Carla—Spit it out. It cannot nourish you."

If Mrs. S. would find relief from a medical opinion on Carla's food needs, let her get it. It will give only temporary relief. The permanent kind comes harder.

It will begin to come when she can realize that she's doing to Carla what was done to her — and supremely trust her desire to support Carla's inborn spirit, rather than please someone else.

WHITE DEER — (Special) — The Kezia Mae and Lottie Moon Circles of the Women's Missionary Union met together at 9:30 a.m. Wednesday at the First Baptist Church.

Mrs. C. R. Pickens was a program leader, using the theme "A sinful world, a sufficient Savior."

Part of the program were Mmes. Joe Wheeler, Bill Boyd, Clifton Kelly and L. V. Ratliff, Jr.

Prayers were led by Mmes. Kelly, Ratliff, and Jessie Pearson. The meeting was closed with the song, "Come Thou Almighty King."

Members present were Mmes. Jay Phillips, W. E. Moore, Jessie Pearson, C. R. Pickens, Clifton Kelly, L. V. Ratliff, Jr., Joe Wheeler, and Bill Boyd.

RUTH MILLET

Betty has been selling herself short for years. And now even her friends have come to accept her as she is. She has deliberately put on herself.

Betty never has a good word to say for herself. And she seems to grab at any opportunity for running herself down.

If she drops something, she remarks about how clumsy she is. Actually she is no clumsier than most people, but she has convinced an awful lot of people that she is.

She rarely compliments another person on an accomplishment without insisting, "I could never do anything like that." Perhaps she could if she tried, but she has convinced herself and her friends that she couldn't.

She doesn't seem to know how to accept a compliment without using it as a springboard for self-criticism. Compliment her on a dress she is making, and she'll turn it wrong about to show you what a sloppy seamstress she really is.

And Betty never forgets any blunder she makes. She will tell you about them long after they happened, as though she had to prove to everyone how tactless she is.

Well, Betty has done a first-rate job of selling the idea. She has everyone convinced she is clumsy, tactless and inefficient.

The pity is that she didn't use her salesmanship to sell a better picture of herself.

If she had only played down her faults and mistakes and played up a few of her good qualities, she could have sold friends and acquaintances on a far different kind of Betty.

For, of course, she has her good points. Everyone does. But they can become pretty much overlooked if a person works at selling himself short.

GRACE FRIEND

Dear Editor: We have been in the Navy for quite awhile. We don't have any girls back home, therefore, we don't get much mail.

At mail call each day we wait patiently but every day it's the same story—No mail.

Do you think it would be possible for you to put this in one of your columns?

We would like to correspond with some girls in our age group. Please have them write about themselves and include a photo, if possible.

Address all mail to: Richard Polito TE3 or Harold Heicken TESN Communication Center PRNC U. S. Naval Gun Factory Washington 25, D. C. Our ages are 22 and 20 respectively.

Thanking you in advance, Dick and Ha

BIRTH CERTIFICATE

Dear Grace Friend: Please tell me how I can get a birth certificate.

I was born in Seattle, Wash., in 1918 and I have written to the Bureau of Vital Statistics there for a copy but they have made a search for it and can't find any record of my birth.

I am very anxious to get it so would appreciate it if you would give me complete information how to go about it.

Dear Anxious: Each state has its own Delayed Birth Certificate law. I would suggest that you write to the county clerk of the county where you were born and ask him for the requirements in Washington for the establishment of your delayed birth certificate. He will notify you as to the proper method.

BABY'S SHOES

Dear Grace Friend: My daughter has a new baby less than a month old and already she is putting shoes on the little thing. Of course they aren't the kind she runs around in later on when they are walking. Nevertheless they seem hot and unnecessary for a tiny baby, especially during the hot weather.

I notice she always bundles him up when she takes him anywhere and that too seems silly when we adults are actually suffering from warm weather.

Dear Grandma: I have never understood why mothers put shoes and caps on their small babies for any reason other than keeping them warm. But some seem to delight in bundling their babies up regardless of weather.

It has always seemed to me that their feet should be left bare to kick and exercise so that they can grow strong for walking. I feel that too early use of shoes slows up this process.

I believe babies are warmer blooded than their parents and a good rule is not to put more on them than we ourselves would consider comfortable.

Guests were Messrs. and Mmes. Lawrence Cleveland, Bud Webb, George Tubb, Earl Blackmore, Harry King, Ben Parnell, Bob Ward and Robert Holt of Wheeler.

Exercises Improve Chin, Neck Contour

At the first sign of a double chin, or even if one has formed already, the mature woman should try some helpful exercises that will improve her chinline.

Sometimes it's a question of good posture. The woman who holds her head high at all times will never develop a double chin.

After checking your posture, try the following exercises each day for best results. Don't expect a great improvement immediately, though. Remember, it took several years to develop a really prominent double chin. But, after doing these exercises for just a few months, you'll see a marked improvement. Just knowing that you can restore youthful contours to your neck and jawline will encourage you to do the exercises faithfully each day.

First, stand erect with feet about 18 inches apart, abdomen flat, chest high and head up. Do not tilt your chin. Place your hands on your hips for greater balance. Then, without moving body, turn your head sharply to the right six times, then to the left six times.

Next, turn your head so that your chin is over your left shoulder, stretch your head further backwards, so that your eyes look up to the ceiling. Then, turn the head so that the chin is over the right shoulder and repeat the exercise. Repeat alternately six times.

Finally, sit down in good posture. Relax the head and neck muscles. Roll the head around in a circle, going as far forward and back on the neck as you can. Do this only twice as it may cause dizziness at first.

A watermelon feast was given in the D.M.F. Auxiliary of Gasoline and Production Departments recently in the Hobart Street Park.

Later the guests played Samba in the company club room west of Pampa.

Present were Mmes. N. E. Dunaway, C. V. Davenport, C. H. Darling, Al Beuselink, Keith Smith, L. F. Batson, W. L. Booss, E. H. Eaton, Herb Willis, H. V. Turner, R. E. Engle, A. W. Griggs, W. R. Hardin, J. A. Knox, S. W. Jones, E. E. Leland, W. C. Hutchinson and I. U. Bryant.

Mrs. Vernon Pirkle was elected president; Mrs. Ernest Winborne vice president; Mrs. Charles Elliot secretary; Mrs. Bob Young, treasurer; Mrs. Shorty Fuller, social chairman; and Mrs. Will Powers, cheer chairman.

BIRTHDAY HONOREE — Mrs. W. S. McCoy of Shamrock celebrated her 83rd birthday Tuesday with family and friends. Four generations were represented at the gathering.

WCS-Plans Made For Coming Year

The work of the coming year was planned at a recent meeting of the executive board of the Women's Society of Christian Service of the First Methodist Church.

Mrs. Coy Palmer, presiding at the meeting, announced August 18 to be the date for the School of Instructions which will be held in the church chapel. This school follows the Seminar which is scheduled at the Harrah Methodist Church August 17.

Delegates to the School of Missions in Lubbock last month gave reports at the general meeting of officers and members which followed the board meeting.

Mrs. Lee Harrah, assisted by Mmes. E. E. Sides, Coy Palmer, R. I. Davis, Sherman White, and Woodrow Adcock, told of Christ's valuation of women and the place of women in the church today.

A special report on the work of Christian Social Relations was given by Mrs. R. I. Davis.

Miss Peggy Ward and Miss Nancy Cole reported on the clinic and training course they attended.

A report from Mrs. Melvin Stephens was read by Mrs. G. F. Brannon.

Great-Grandmother Celebrates Birthday

SHAMROCK — (Special) — Mrs. W. S. McCoy celebrated her 83rd birthday Tuesday at her home in Shamrock.

Her children who were present for the occasion were Mr. and Mrs. W. L. Coward, Shamrock; Mr. and Mrs. C. L. Jones, Childress; Mr. and Mrs. M. C. Middleton and Nancy, Dumas; and Bill McCoy and son Bucky, Corpus Christi.

A granddaughter and her husband, Mr. and Mrs. Bill Harwell, brought their son Mike to represent the fourth generation of the family. Mrs. McCoy has two great-grandchildren.

Members of the family unable to come were Mr. and Mrs. Cecil McCoy, Dalhart; Mr. and Mrs. Earl McCoy, Reydon, Okla.; Mr. and Mrs. Clarence McCoy, Corpus Christi; Mr. and Mrs. Buck Daniels, Tulsa, Okla.; and Marvin McCoy, Austin.

A number of Mrs. McCoy's friends called during the day.

VIRGIL PATRICK MISSES LOOP

Lake Water Still-High
WOODSON, Ark., Aug. 6—UP—“Revenors” with the federal alcohol and tobacco tax division said Wednesday an accused moonshiner they arrested had an ingenious hiding place for his still.

They said Tomer Lee, 42, who pleaded innocent to charges of evading the federal liquor tax, placed the still on a 10-foot platform in the middle of a lake. No one ever investigated the apparent piece of junk protruding from the water.

The arrangement worked out fine the agents said, until the current drought dried up the lake, leaving the still high and dry.

Dog Owners Warned To License Pets

Eleven dogs have been impounded this week and more will be picked up soon if 1954 licenses are not obtained for the canines, according to Carl Blue, city dog catcher.

A normal day's catch for Blue is about four dogs, and those are usually at the request of householders, he said.

Blue pointed out that late summer weather invites rabies, but that no cases have been reported thus far.

All dogs in the city pound are auctioned off each Monday, Blue advised. Dogs not sold within a specified time are put to death.

Film Comic's Will Upheld
HOLLYWOOD, Aug. 6—UP—A court bid by the brother and niece of the late film comedian, Hugh Herbert, to garner half his \$163,342 estate has failed.

Airmen Held In Robbery
SPOKANE, Wash., Aug. 6—UP—Two young air policemen from Geiger Field in Spokane have been charged in connection with the Ranch motel robbery near Geiger last Monday.

They are Dale H. Burley, 19, Ray City, Mo., and Billy R. Henderson, Houston.

Sheriff Ralph M. Smith said Burley's furlough has been cancelled and Henderson is reported AWOL. Burley is believed on his way to Detroit and Henderson headed for Houston. Warrants have been issued for the pair.

Trio Held In Series Of Holdups

LES ANIMAS, Colo., Aug. 6—UP—Authorities Thursday were holding a man and his two young women companions for questioning in connection with armed robberies in Ohio and Texas.

The man was tentatively identified as Clarence Allen Bryant, 28, wanted as a suspect in the \$6,300 robbery of a supermarket in Springfield, Ohio, and as a suspect in connection with the \$15,000 armed hijacking of a Dallas liquor dealer near Longview, Tex., last May 21.

The FBI, called into the case by Ohio authorities on an unlawful flight warrant, said they were not yet certain that the man being held was Bryant, but Dallas county Sheriff Bill Decker said the description given him makes it "pretty certain" the man is Bryant.

Local authorities identified the two women as Bryant's wife, 24, and Dorothy L. Harris, 22, of Houston.

Bryant is believed to be one of three men, wearing Halloween masks, who robbed an Atlantic & Pacific supermarket of \$6,300 at Springfield, Ohio.

He was also said to have been identified as one of several gunmen who hijacked a load of liquor near Longview, Tex.

Mother Accused Of Beating Fatherless Child To Death

NEW YORK, Aug. 6—UP—The crippled "problem" daughter of a wealthy Westchester contractor was charged Thursday with beating to death her fatherless two-and-one-half-year-old son.

The blackened and emaciated body of little Joseph Mahony was found in the closet of a West Side hotel room where he and his mother were living on relief with a small time ex-convict.

Police said Margaret Mahony, 29, had admitted beating her child because "he wet his pants and wasn't behaving himself." They said the blond, blue-eyed youngster had been lashed for days, apparently with a metal curtain rod and a wide leather belt which were found in the hotel room.

Arrested with the mother was Alfred Bates, 23, a some-time gardener with a long record of small crimes. Miss Mahony said he was not the father of the child.

Miss Mahony identified herself as the daughter of Thomas Mahony, wealthy Scarsdale, N. Y., contractor. Her mother was quoted as saying the girl, youngest of six children, had "always been a problem" and had left home some time ago, apparently about the time her child was born, refusing to return.

Killer To Go To Gallows

BLOOMFIELD, Iowa, Aug. 6—UP—William Karston, 29, who confessed he killed an Iowa farmer in an \$81 robbery, was sentenced Thursday to be hanged by District Judge Heinrich Taylor.

The judge sentenced Karston's half-brother, Almer Anderson, 23, South St. Paul, Minn., to life imprisonment.

Life imprisonment or hanging were the only sentences Judge Taylor could pronounce under Iowa law after he found them guilty Wednesday of first degree murder in the July 25 slaying of Wendell Jones, 56, Pulaske, Iowa, farmer.

They pleaded guilty to an open charge of murder in the slaying, Judge Taylor held a hearing to determine their degree of guilt.

Texan Still Hunted By FBI

SAN FRANCISCO, Aug. 6—UP—The FBI continued its widespread search for Texas badman Bobby Joe Rine Friday but declined to say whether or not they believed he was still in northern California.

Rine, 34, of Royston, Tex., is wanted for last week's \$22,000 robbery of the Farmers National Bank in Brink, Okla.

The search concentrated in this area Wednesday after two of Rine's accomplices, James Darrell Holland, 25, and James Earl Springer, 23, were arrested in Modesto and Los Gatos.

The FBI found more than \$6,000 on the two men, believed to be part of the bank loot.

The Weekly Message
Of Inspiration

Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap.

For he that soweth to his flesh, shall of the flesh reap corruption. But he, that soweth to the spirit, shall of the spirit reap life everlasting.

And let us not be weary in well doing for in due season we shall reap if we faint not.

As we have therefore opportunity let us do good unto all men, especially unto them who are of the household of faith.

When we think of sowing we think of seed and generally of good seed. There are three important things about seed:

1. It must be planted; 2. It must grow; 3. It must bring forth fruit. Failing in any one of these steps it has failed in all, did not serve its purpose at all.

Christian friend, we can get a real lesson from the seed. Do not bury your talents. Yes you have talent, but you may have to develop it.

Where is help? At the end of a wasted life. Read St. John, chapter 15.

Oilers Return To First Place In WT-NM Race With Twin Wins

TOURNEY FINALISTS — Jean Duenkel, left, and Lila Austin are shown in a little chat before teeing off today in the championship finals of the eighth annual Panhandle Women's Golf Association tournament on the Pampa Country Club Course. It's the second straight year the two have met in the PWGA finals. Mrs. Duenkel won last year's title match. 1-up. (News Photo)

All Pampa Finals In PWGA Tourney

Defending champion Jean Duenkel and medalist Lila Austin, both Pampa lady golfers, teed off this morning in the finals of the eighth annual Panhandle Women's Golf Association tournament on the Pampa Country Club course.

It's the second straight year for the two Pampa girls to get together in the PWGA tourney finals. In last year's finals, played on the Huber course in Borger, Mrs. Duenkel defeated young Lila by a 1-up margin for the title.

Mrs. Duenkel gained the final yesterday with an extra hole win over Marjorie Austin while Lila was advancing to the finals with an easy 8-5 win over Jane Farquhar of Amarillo.

Marjorie Austin encountered trouble on the 19th hole of her semi-final match with Mrs. Duenkel taking a double-bogey while the defending champ won the hole and the match with a bogey.

Lila, in posting her easy win over Miss Farquhar, had a 38 on the first nine despite the strong wind and held a 8-up margin at the turn.

Miriam Luedders of Pampa and Maxine Rigdon of Phillips met this morning in the championship flight consolation finals.

In a putting contest held yesterday, Lila Austin won first place with Marjorie Austin coming in second.

Following are the complete semi-final results in both the winner's and consolation flight brackets:

CHAMPIONSHIP FLIGHT
Jean Duenkel, Pampa, def. Marjorie Austin, Pampa, 1-up (19); Lila Austin, Pampa, def. Jane Farquhar, Amarillo, 4-5.

The Oilers returned to first place in the heated West Texas - New Mexico League race last night for the first time since July 21 by sweeping their second consecutive twinbill from the Albuquerque Dukes, 15-12 and 4-3.

The twin victories, coupled with Clovis' 6-4 loss to Abilene, moved the Oilers one-half game ahead of the Pioneers in the battle for first place.

Last night's double win also extended the current Oilers win streak to seven in a row. The twinbill sweep was the third for the Oilers in as many nights.

The Oilers will take the next two night's off as the scheduled series with Plainview tonight and tomorrow night have already been played. The games were played earlier in the season to avoid conflict with the Top of Texas Rodeo.

In last night's twinbill, the Oilers had to come from behind in both games for the triumphs. The Martinmen spotted the Dukes an 8-0 lead in the first game before pulling the game out with last inning uprisings.

And in the second game, Albuquerque moved ahead 3-1 after 2½ innings but once again the Oilers arose to the occasion and snuffed out the lead with two runs in the bottom of the third and a single marker in the sixth that broke a 3-3 tie and gave the Oilers the victory.

Hairston Drives In Winning Run
Back-to-back goubles by Ben Felder and Dick Hairston after two were away accounted for the winning Oilers run in the sixth inning of the nightcap.

Curtis Hardaway had tied the score at 3-3 for the Oilers in the third inning with a two-run single. The first Oilers run was driven in by J. B. Palmer in the initial frame which gave the Oilers a 4-0 lead until Albuquerque broke loose for all its runs in the third.

Jonas Gaines, who was batted out of the box in the first game, came back in the nightcap to hurl the Oilers victory. It was Gaines' 12th success of the season against four losses.

The first game was a wild and woolly affair. The Dukes put together four runnings in the third and fourth for what appeared to be a comfortable 8-0 lead. But the Oilers, who were held hitless the first three innings by big George Socha, found their batting eyes in the fourth, scoring seven times and shelling Socha from the hill.

Hardaway featured the big fourth inning with two singles that drove in three runs. A two-run single by Felder was another big inning in the big frame.

Lewis Homers
The Oilers dropped three runs behind, 10-7, when the Dukes picked up a pair of runs in sixth but a three-run rally by the Oilers in the bottom portion of the inning tied the score at 10-10. Doug Lewis' 10th homer of the season, driving in Gene Hauradou ahead of him, deadlocked the count.

Albuquerque moved ahead once again in the seventh, 12-10, on Luis Villodas' two-run single.

But the Oilers still weren't to be denied as they pulled the game out in the final inning with a five-run uprising. Hardaway blasted his 29th homer of the season with two out and the score tied at 12-12 in the seventh to give the Oilers the victory.

John Coddington, the fifth Oilers to see mound service, gained credit for the win.

IN GREENBELT TILT West Offense Versus East Defense Tonite

CHILDRESS, Tex., Aug. 6-UP — The West pits its offense against the East's defense in the fifth annual Greenbelt Bowl, a high school football game Friday night before a crowd expected to overflow the 3,500-capacity Fair Park Stadium.

There seems little to choose between the two teams. It's been close in four previous games with each side winning twice - the East winning 14 to 13 in 1950 and 7 to 6 in 1953, and the West taking the 1951 game 20 to 14 and the 1952 contest 14 to 0.

The West's backfield strength was deep with quarterbacks Kenneth Ford of Breckenridge and Carl Schlemeyer of Odessa; halfbacks Ed Dudley of Pampa, R. V. Alcorn of Odessa, Kenneth Helms of Anson and Lindsey Davis of Childress, and fullbacks Ray Masters of Brownwood, Douglas Duncan of Wellington, Don Waygood of Sundown and Sam Wrinkle of Childress.

Powering the East's line were end Ronnie Mason of Dallas Wilson; tackles Jerry Cornelison of Temple and Gil Pelton of Anson; guard Norman Noble of Breckenridge and center Bill Hawkins of Fort Worth Paschal.

Lafayette Fans Mob Umpires

LAFAYETTE, La., Aug. 6-UP — Evangeline League Umpires Dick LeFrier and Carmen Conte were mobbed by Lafayette fans Thursday night after the home team beat Lake Charles 9 to 8 in 11 innings.

Both umpires were struck and LeFrier's shirt was ripped as they were escorted from Clark Field by city police. At least one fan was taken into custody after he snuffed Conte from behind. He was not identified and it was not known if charges were filed against him.

The two umpires were involved in several minor rubebarbs during the closely fought game, but the crowd's anger was stirred when LeFrier's catcher Dick Anderson was ejected in the 11th inning for protesting a called third strike.

WE MAY BE "STEALING" COPY from our society editor, Jane Kadingo, but, inasmuch as it deals with baseball, guess we're not doing too wrong in giving you a "play-by-play" account of recent queen tour of the West Texas-New Mexico League.

We got all our information of the tour, of course, from "Miss Pampa Oiler" - Shirley Olsen.

"It was the most wonderful thing that ever happened to me," Shirley said of being chosen as the Oiler queen and of the tour around the WT-NM League.

"I enjoyed every minute of the tour," Shirley said, "as every one was so nice to us."

Shirley vowed that the only hardship of the tour was the lack of sleep during the week's trip.

"We traveled mostly at night," Shirley said, "and with every club having some sort of a luncheon or some other social event planned for us from noon on it didn't leave much time for sleep."

"But, through it all it was a wonderful experience for me and I wouldn't trade it for anything," Miss Olsen declared.

We're glad to relay along to you that Miss Olsen said the other queen candidates raved throughout the trip what a nice time Pampa citizens showed them during their stay here.

And much of the credit for this goes to Red Wedgeworth and his gang in the Chamber of Commerce office. Red is tops in arranging treats for occasions such as this.

The tour, as you know, started here. A luncheon was held for them in the Schneider Hotel. Then the girls were guests of Radio Station KPDD during the afternoon. Understand Warren Hesse was "floating in the clouds" during the radio station visit here.

"I believe the crowd reception at Albuquerque was the best," Shirley said, "with Plainview and Pampa a close second."

Shirley was impressed with the way Clovis fans backed the Pioneers. "I can see now why they are leading the league," Shirley said in referring to the fine backing of the fans there.

As you know, each girl was escorted by a ball player from the home teams in each park.

Shirley was escorted by I. B. Palmer in the Oiler Park appearance.

The girls were presented with various items of cosmetics at virtually all of the league cities in addition to the luncheons and other social affairs.

"Prize for the biggest steak served us during the trip," Shirley said, "was at Abilene." The girls were guests of Mrs. Hal Sayles, wife of the league president, at the Abilene luncheon.

Another bright part of the trip to Shirley was the TV appearance over KPDA-TV in Amarillo. "We all had a big time during the TV appearance," she said.

The girls went from Amarillo to Plainview to complete the jaunt around the league. They had to stay an extra day at Plainview as their scheduled appearance there Monday night was rained out.

"But Mr. and Mrs. Ernie Brock of Plainview, our chaperons for the league tour," really made our extra day's stay in Plainview a most pleasant one," Shirley said.

"We attended a dance at Plainview Monday night after the game had been rained out with most of the ball players present including the Oilers who were in Plainview for a series," she said.

The winner, Miss Jerry Dee Miller of Plainview, was crowned as "Miss West Texas-New Mexico League" Tuesday night in the Plainview park.

"I've certainly missed all the girls since I got home," Shirley said. "We all became very closely associated with each other during the trip, and it was certainly hard for us to have to part," she concluded.

Rex Baxler, 2 Others Share Lubbock Medalist Honors

LUBBOCK, Tex., Aug. 6-UP — The mayor of Lubbock and a couple of young collegians shared the favorite's role as the Lubbock Country Club Invitational Golf Tournament headed into the first round of its 72-hole medal play Friday.

Mayor Murrell Tripp, Rex Baxler Jr., of the University of Houston via Amarillo, and Dallas' Floyd Addington, a Southern Methodist star, tied for medalist honors in Thursday's qualifying round with five-under-par 65's. They will play off for the medal as part of today's round.

Fifty-seven players made the championship flight for medal play competition, while 45 others who tried but failed dropped into the Class A division, which will compete in match play.

Three former champions qualified from a total of 356 golfers who entered the tournament. They were Tripp, Dick Jennings of Lubbock, the defending champion, and Chris Gerg of Oklahoma City, the 1951 champion.

Other players bettering par were Bobby Wright, Big Spring, and Ray Leggett, Midland, both with 70's; Billy Ezrurth, Lubbock, 69; and Ray Ferguson, North Texas State College, George McCall, Austin, and Marion Hiskey, North Texas State, all with 68's.

Lion Blocking Looks Good
YPSILANTI, Mich., Aug. 6-UP — More passing drills were in store Friday for the Detroit Lions, after a scrimmage Thursday, Coach Buddy Parker conceded "the blocking looks good," but our rushing attack is a lot better than our passing.

Speaking of the hops from city to city, Shirley said the trip from Pampa to Albuquerque was the hardest on the troupe. "We drove all night after watching the Oiler game here that night and arrived in Albuquerque between six and seven the next morning," Miss Olsen said.

The girls went to bed, of course, upon arrival in the Duke city but a luncheon was planned at noon for them and they arose at around 11:30. The queens were the guests of the Albuquerque Kiwanis Club.

Most of the afternoons during the trip was spent in rehearsing for the coming night's show.

"The trips from Albuquerque to Clovis and Clovis to Abilene were also hard on us," Miss Olsen said.

"We left Albuquerque at 4 a.m. and got into Clovis shortly before noon at which time we were to be guests at a noon luncheon," Shirley said.

What Shirley remembers about the Clovis visit was the beautiful lilac colored Cadillac convertible she rode in at the park ceremony there. "It was just out of this world," Shirley said of the convertible.

Another bright part of the trip to Shirley was the TV appearance over KPDA-TV in Amarillo. "We all had a big time during the TV appearance," she said.

Stan Musial Goes On Another Spree

By MILTON RICHMAN
United Press Sports Writer

Stan (The Man) Musial in bound to slow down sometime but that's mighty little consolation for National League pitchers who mean that he's hitting even better than he did 10 years ago.

A comparison of Musial's current batting achievements with those he recorded a decade ago proves that the pitchers know what they're missing about.

Here's Musial's table:

Year	Games	HR	RBI	Pct.
1954	103	30	100	343
1944	145	12	94	347

The 35-year-old Musial, with seven weeks still left to add to those totals, gave one of his typical Ebbe Field batting displays by driving in seven runs Thursday as the Cardinals smothered the Dodgers 13 to 4.

He smashed a three-run homer off Preacher Roe in the third inning, connected for his 30th homer again with two on off Ery Palica in the fourth and then drove in another run with a sacrifice fly in the sixth. Musial, serving his 13th season in the majors, thus became the first man in the majors to drive in 100 runs this year.

Two Years From Record
It also marked the seventh time in his career he has batted in at least 100 runs and it put him only two years short of the National League record held by Mel Ott of the Giants.

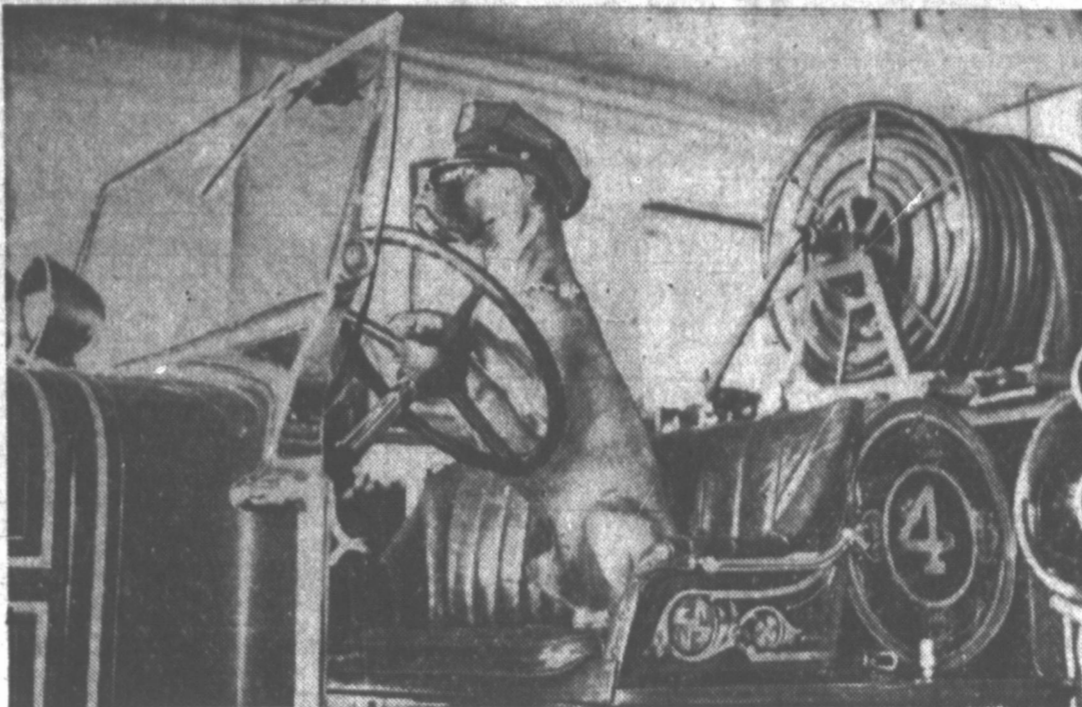

Despite the defeat, the Dodgers stayed five games behind the league-leading Giants, who bowed to the Cubs, 4 to 1.

Ernie Banks drove in three Chicago runs with a homer and a single, his 14th homer in the eighth dissolving a 4-1 tie. Eddie Miksis then followed with another homer off loser Jim Hearn. The Cubs went in front with a three-run cluster in the fourth inning and after Frank Baumholtz' homer gave them a 4 to 0 lead in the fifth, the Giants tied the score in the bottom of the inning with the help of homers by Bill Taylor and Alvin Dark

PICTURE NEWS AROUND THE WORLD

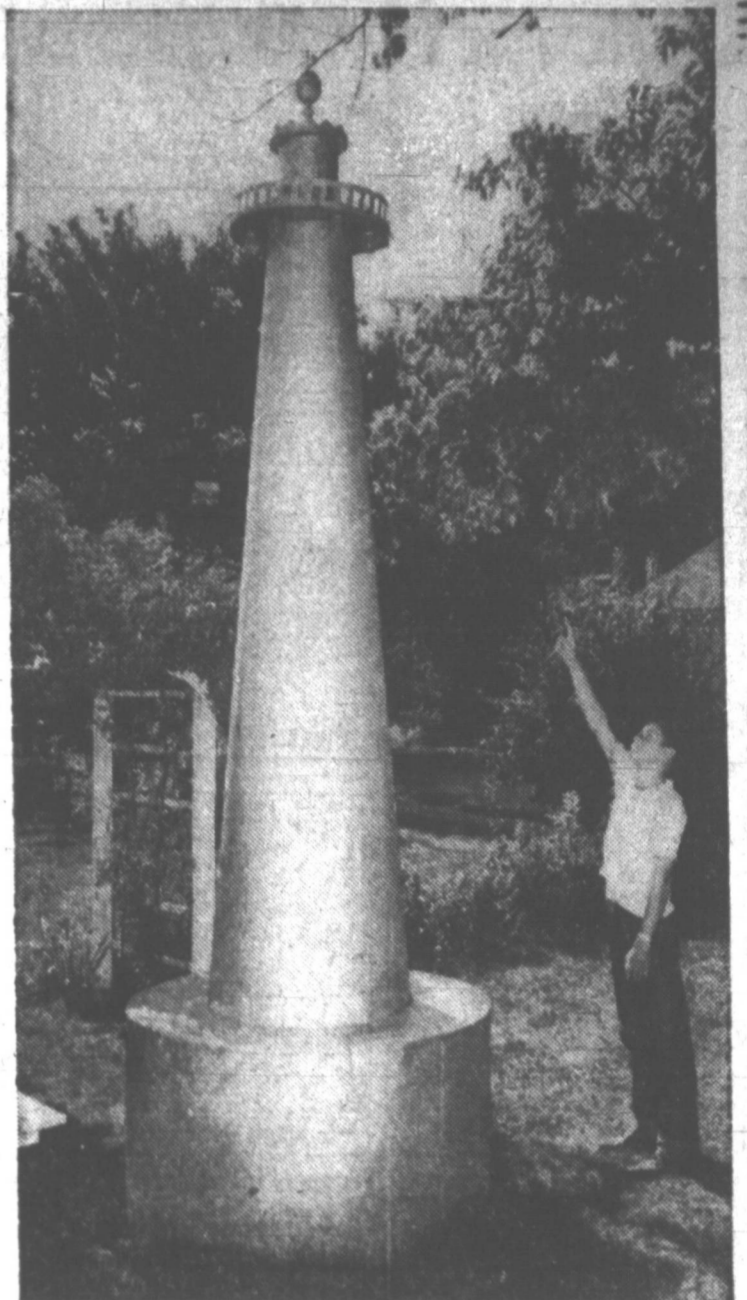

SAFE AT HOME—Brooklyn Dodgers Jackie Robinson slides safely into home plate during a game with the Chicago Cubs at Ebbets Field, Brooklyn. Covering the plate is veteran catcher Walker Cooper. Robinson's deft footwork scored the first run of the day.

FIRE DOG—Many times a fire-fighter leads a dog's life, but it isn't often that a dog leads a fireman's life, as Smoky of the Athol, Mass., Fire Department seems to be doing. Here he sits on an old number four engine with a gleam in his eye that would warm any chief's heart.

MATRESS RACE—Inflated rubber rafts hit the surf at the start of a race near Rye, N. Y., as contestants head into Long Island Sound for the annual Rubber Mattress Regatta. Paddlepower provided the 24 entrants with enough push to complete the six-mile trip.

INLAND LIGHTHOUSE—A lighthouse in the Midwest may seem a little off course, but Mr. and Mrs. Glen Durbin, of Bement, Ill., have one set up in their backyard. Their son, Ronald, is pointing to the top of the 16-foot structure which serves a four-fold purpose. Besides guiding friends for outdoor steak fries, the light illuminates a picnic area and serves as a birdhouse for wrens. The bottom of the lighthouse opens up for use as a storage space for bonfire wood.

KEEP IT IN THE FAMILY—Winner of the 1954 Baby Hawaii contest is two-year-old Patricia Ann Kelly, who succeeds her sister to the title. Colleen, the 1953 winner, placed the crown on her sister's head at Waikiki Beach. Of Irish-Korean ancestry, the girls are the daughters of Mr. and Mrs. Lonnie C. Kelly of Honolulu.

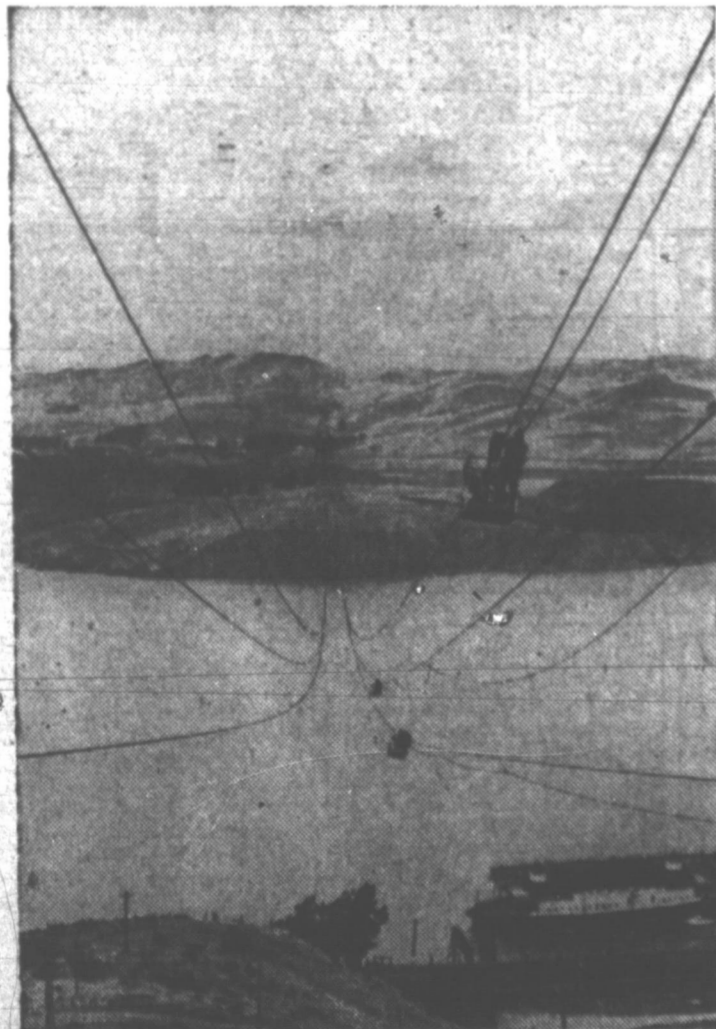

FLORIDA BEAUTY—It's a great treat for visitors to St. Petersburg, Fla., when they spot lovely Sherry Brockwell adorning the local scene. Visitors get to see her for only a short time, but year-round residents get a better break because Miss Brockwell lives in that city.

OUTDOOR CONCERT—New Yorkers strolling among the skyscrapers of Rockefeller Center hear an outdoor band concert. Conductor Paul Lavalle turned the famed sunken skating rink at the Center into a bandstand and an outdoor broadcasting studio for a 48-piece band.

LONG STRETCH—These folks are having an enjoyable time as they visit the zoo in Rome, Italy. The little girl is holding out an apple for the giraffe and even though he has a very long neck, he still finds it a tough job to grab the morsel. He should leave some for his pal.

HIGH IN THE SKY—High above the earth, but only a short distance from the 110,000-volt wires at left, workmen repaint the steel power cables of the Pacific Gas and Electric Co., spanning Carquinez Strait, near San Francisco. Suspended from the de-energized cables, over 200 feet high, the painters were pulled along in trolley cages. Scraping, priming and finishing required three long trips across the 4427-foot span.

SILENT PIANO—For those who like their music soft, here is just the thing. Pert Mae Munro, with earphones set in place, plays a weird "88" that can be heard only by herself. The electronic piano, on exhibition in a Chicago hotel, can be tuned so that only the pianist hears it.

WELCOME SCOTTISH BALLERINA—Donald Mutford, six-year-old mascot of the champion pipers of the Ninth Regiment of New York, is presenting flowers to Renas Steele, leading dancer of the Celtic Ballet, which arrived in Manhattan aboard the liner Georgia. Surrounding the young couple are members of the dance troupe and Ninth Regiment pipers.

LITTLE TRAVELER—Tiny Paquito Peralda is a very unhappy boy as he hunts for the cookies he expected to find in that travel basket. Paquito arrived in New York from Mexico and he must have been counting on a little snack before continuing on to Canada.

Good Pattern For All Cities

ALVARADO, Mex. Aug 6 UP—Unpaved streets here prove municipal authorities obtained Thursday that citizens of this Gulf Coast port city are not "nasty talking."

Alvarado instituted a "clean-talk" campaign earlier in the year. Under its provisions four-mouthed persons were fined varying numbers of sacks of cement. Similar fines were levied against persons creating disturbances or caught smoking in movie houses. Sacks of cement paid in fines

were used to pave Alvarado's dusty streets. City fathers reported that the street paving project is progressing but that, during the past six months, only five sacks of cement have been collected in "nasty talk" fines.

At the time most automobiles are consigned to the scrap heap, they are about 14 years old and have gone 121,000 miles.

Dallas Bank Is Burgled

DALLAS, Aug. 6—UP—The First National Bank of Streeman (Freestone county) was burglarized of \$182 in nickels and pennies and an undetermined amount of valuables from safe deposit boxes, the FBI office reported Thursday.

Special Agent in Charge J. K. Mumford said the burglary took place sometime Tuesday night, and entrance was obtained by prying apart bars over a rear window of the bank.

Hunt Is 'Jillionaire' Among Millionaires

Editor's Note: A United Press survey has indicated that for the first time in history the unofficial title of "richest man in the world" has passed to an American. This is the second in a series.

By PRESTON MCGRAW
United Press Staff Correspondent
The "richest man in the world" now is a pink-faced, white-haired 65-year-old American oil man, He drives his own car, belongs to the Presbyterian church and is said to be a good poker player. His name is Haroldson Lafayette Hunt. According to the best guesses, he is worth around \$2 billion.

That figure, ordinarily used only by the U. S. Budget Bureau, apparently makes Hunt richer than any man on earth.

The Nizam of Hyderabad, who held the title for 30 years, has been cut down to the one-billion class by the new government of India. The Aga Khan also is a runner-up.

Around Texas, where there are millionaires by the score, Hunt is in a class by himself. They call him a "jillionaire."

Largest Independent Producer
He owns or controls huge oil reserves in 13 states and two provinces of Canada. His Hunt-Oil Co. is the largest independent producer in the United States. His interests are spread so widely he probably couldn't tell you exactly how much money he has.

Most Americans had never heard of Hunt until a couple of years ago when he became associated with the MacArthur-for-President movement. Since then he has established the controversial "Facts Forum," a foundation that produces radio and television programs on national issues.

He is a registered Democrat but supported Eisenhower in the 1952 election. He once said, "I have no faith in either the Republican or Democratic parties."

Little is known of Hunt's personal life. He seldom grants interviews. He owns a Cadillac for his family but drives a less pretentious car around Dallas. He belongs to the Highland Park Presbyterian Church and now and then invites the Timothy Bible Class to meet at his home.

His home is a replica of Mount Vernon, only bigger. Texas it is five times bigger than the original.

A Borrowed \$50
Hunt was born at Vandalia, Ill., attended only grade school and worked as a ranch hand and lumberjack in his youth. He made his first oil speculation on a borrowed \$50.

Hunt's fabulous fortune and the way he made it is typical of the new crop of Texas millionaires that has risen since the 1930's. If you were to pick the 10 richest men in the country, at least five of them probably would be Texans.

Hunt and the others have shown a genius for bringing in gushers. But another reason the Texas oil men have become so rich is a federal depletion allowance that permits oil men to pocket 27.2 per cent of their gross income before paying any taxes. This is designed to promote exploration for new supplies of oil.

Probably the closest rival to Hunt as richest of them all is Sid Richardson, a 63-year-old bachelor who lives in Fort Worth and is even more publicity-shy. He owns oil reserves that may be as great or greater than Hunt's.

Richardson recently teamed up with another of the richest Texans, Clint Murchison, 59, to help Robert R. Young get control of the

New York Central Railroad. The two bought up \$20 million worth of New York Central stock and voted the proxies to help their friend take over.

Diversified Investments
Murchison typifies the Texas millionaire who has spread his oil millions far and wide in other business interests. He is sole owner of 23 companies and deals in such diverse products as chemicals and candy. He has a controlling interest in a New York publishing house, several banks and an office equipment company.

Probably the most famous Texas millionaire is Howard Hughes, better known as a playboy and aviator than a businessman. He is worth an estimated \$500 million, most of it from the Hughes Tool Co., which makes oil field equipment, and his investments in airlines and motion pictures.

Hugh Roy Cullen, 72, of Houston, another of the top money men, has donated an estimated \$160 million to colleges, hospitals and charitable organizations in the last few years.

Hunt and his wife take little part in the Dallas social whirl. Five of their six children are married. Hunt credits his success to his wife and a great deal of luck.

Texas Polio Incidence Up

AUSTIN, Aug. 6—UP—Polio incidence in Texas climbed to its highest point this year last week, when 162 new cases were reported, the State Health Department said Thursday.

The new cases brought the 1954 total to 1,140, compared with 945 at this time a year ago and 2,371 in 1952, the peak polio year in Texas.

A Health Department spokesman said the 162 cases in the week ending July 31 might be the top for 1954.

Harris county headed the state with a listing of 32 new cases, bringing to 236 the number of polio cases reported thus far this year.

Other counties reporting included:

- Lubbock 14, Dallas 10, Nueces 8, Howard and Morris 6, Tarrant and Wichita 5, McLellan, Bell, Bexar and the armed forces 4, El Paso, Jefferson, Polk, and Tom Green 3, Brazoria, Cochran, Falls, Hale, Hutchinson, Midland, Moore, Navarro, Smith, Travis, Victoria and Williamson 2, and Aransas, Borden, Bowie, Burnet, Cameron, Ector, Gaines, Gray, Gregg, Guadalupe, Hidalgo, Hunt, Karnes, Kimball, Lamb, Lavaca, Menard, Mitchell, Orange, Potter, Randall, Scurry, Taylor, Wheeler and Winkler 1 each.

Davis Backs Yarborough

DALLAS, Aug. 6—UP—Cyclone Davis, who ran fourth in the governor's race in the Democratic primary, said Thursday he would speak at 2 p.m. Saturday in Fort Worth in behalf of Ralph Yarborough.

Davis said a Dallas group would accompany him to Fort Worth for the talk there at the courthouse. Davis also said he would speak at 7 p.m. next Monday in Center and in Tyler at a date yet to be announced.

The elderly Dallas fender repairman, who has run for several public offices unsuccessfully, emphasized Yarborough's campaign headquarters was not financing his trips. He said they were being paid for by a retired Corsicana banker and life-long friend.
