Train Wreck Toll is 26; Runaway Truck Kills 3; Explosion Dead Unknown

WORMS, Germany, July 24-UP—A speeding train crashed into an excursion bus loaded with factory workers at an unguarded crossing near here Saturday, killing 26 persons and injuring six.

Witnesses said the bus was not traveling fast, and it appeared that grain fields may have obscured the driver's view of the tracks. There were no skid marks in the road.

Three persons were killed and at least 10 injured. The driver of the truck, "yelled hysterically" as it careened into town, its brakes gone and its speed increasing on the downgrade.

Defense Department Ditches Plan To Cut Troop Strength

WASHINGTON, July 24—UP—The Defense Department, after a reappraisal of the Red menace in the Orient, has abandoned plans to withdraw nearly all U. S. Army units from the Far East by 1957, it was learned Saturday.

It also has discarded plans to reduce total Army strength to less than one million men in 1957.

All I could hear was the mashing of cars against one another, sort of tinnny, scraping, pushing-along-the pavement sound. The front wheels tore off the truck and its cab began dragging on the ground. That's what stopped it."

Terrorists Kill Bey's Chief Guard

TUNIS Tunisia, July 24—UP—Tunisian nationalist terrorists, who have killed, wounded or kidnaped some 300 persons in the past three months, Saturday shot and killed the chief of the Bey of Tunis' palace guard.

The assassin escaped in the crowd after shooting and killing Col. René D. Benoit De LaPallionne, a French officer who for four years headed the Bey's private guard.

The dead were identified as Thelma Kleinman, Liberty; Martin Diamond, 21, Monticello, and Robert Wolf, 21, of the Bronx. Diamond and Wolf were in automobiles hit by the truck. Mrs. Kleinman was pinned against a retaining wall by a hurdling jeep.

Security Talks Asked By Soviets

MOSCOW, July 24—UP—The Soviet Union proposed Saturday an international conference of European nations and the United States be called soon to discuss the setting up of a new collective security system for Europe.

Russia proposed that Communist China attend the conference as an observer.

It was reported that the barge was operated by H. W. Pearson Co., of Houston, Tex.

Titoists Imprison Prelate

BELGRADE, Yugoslavia, July 24—UP—One of the highest ranking prelates of the Serbian Orthodox church has been arrested on charges of anti-state activities, church sources revealed Saturday.

Arsenije Bradavac, metropolitan of Montenegro and vice-president of the five-nation national permanent executive group of the Orthodox church, was jailed in Srebrenje, Montenegro, July 6, the sources said.

Metropolitan Arsenije probably will be tried in Srebrenje next week. He was charged with "conspiracy aimed at forcible overthrow of the present political order, spreading racial and religious hatred... and slandering high state officials."

Mrs. Irving Dies At 58

Mrs. Frances Florence Irving, 58, a former Pampans, died Friday afternoon in Albuquerque, N. M., following a stroke.

Funeral services will be held at 2 p. m. Monday in the Church of Christ, Harvester and Mary Ellen, Pampans, with Luther G. Roberts, pastor, officiating. Burial will be in Fairview Cemetery under the direction of the Duane-Carmichael Funeral Home.

Church sources said the July 5 indictment brought against Metropolitan Arsenije was based on the testimony of three Monte Negrin priests tried last year for anti-state activities. They claimed the 71-year-old prelate for encouraging them to "campaign against the state authorities."

Pampans Cast Eyes Skyward

Pampans looked forward to predicted widely scattered afternoon and evening thundershowers with mingling as they watched cloudless skies and expanding mercury.

Saturday proved a perplexing day weatherwise with a fringe of early clouds contrasted with a high temperature of 95 degrees at midday. By 4 p. m. Saturday the red line stubbornly stood at 95, just three degrees below the day's high.

This is the second time since World War II that a high-ranking Orthodox churchman has been arrested. Shortly after the war the bishop of Sarajevo, Marasa Nastic was sentenced to four years in prison for preaching political sermons.

Upham Gas Wins Decision

Judge Lewis Goodrich Friday decided in favor of the Upham Gas Co. in their suit of trespass to try title involving 1,200 acres of Gray County land.

Defendants in the suit were Mrs. Margaret A. Upham of Palo Pinto County, Robert R. Upham of Tarrant County and James A. Upham of Knox County, Ohio.

Church sources said the July 5 indictment brought against Metropolitan Arsenije was based on the testimony of three Monte Negrin priests tried last year for anti-state activities. They claimed the 71-year-old prelate for encouraging them to "campaign against the state authorities."

Farewell Party Honors Maj. Pogue

Maj. James C. Pogue, Army advisor to the Pampans National Guard unit, Friday night was the guest of honor at a farewell party.

Pogue is leaving the Pampans area. He was presented a cigar lighter, engraved with the crest of this battalion.

Church sources said the July 5 indictment brought against Metropolitan Arsenije was based on the testimony of three Monte Negrin priests tried last year for anti-state activities. They claimed the 71-year-old prelate for encouraging them to "campaign against the state authorities."

Grass Fire On Oil Lease

One grass fire was reported Saturday at 11 a. m. on the Sinclair-Martin lease, about five miles south of town.

Pampans firemen dispatched on truck to the blaze, which caused no appreciable damage.

Close County Judge Race Forces August 28 Runoff

(Continued from Page 1) The third man in the race, was enough to toss it into a run-off.

The voting habits of Gray County confounded the usual predictions of observers in that more voters were cast in the county treasurer's

race than in those for county judge or district attorney. Total of 5106 was cast in the Gregory-White tilt, while 4906 were cast for county judge and 4381 for district attorney throughout the county.

Pampa Water Worries Fade

Pampa's water worries seem over, at least temporarily. During the 24-hour period ending at 7:30 Saturday morning the city's water reserves had increased 720,000 gallons, according to city officials.

Other candidates sweeping the boxes in their precincts were Henry, Andrews and Fish. Losing in only one of their voting boxes were Carpenter, Combs and Cledennan.

There were a whole flock of write-in votes in the various races. Sheriff Rufe Jordan, unopposed, had six "opponents." LaVenia Claims 'Playboy' Title Affected Clearance

By HERBERT FOSTER
WASHINGTON, July 24 (UP)—Thomas W. LaVenia, investigator for Sen. Joseph R. McCarthy's subcommittee, claimed Saturday the Defense Department denied him security clearance apparently because of a "playboy" role he assumed for the secret service in 1943.

The investigating subcommittee agreed to keep LaVenia on the staff late Friday after Defense Department general counsel Wilbur M. Brucker refused to say why he was denied access to defense secrets. He said the denial was based on confidential FBI reports.

LaVenia's job with the McCarthy subcommittee had been in jeopardy since the Defense Department denied him security clearance. "Special Assignment" Sen. Charles E. Potter (R-Mich.) said the subcommittee agreed that LaVenia "is not to handle classified documents." Potter said he hoped the case could be cleared up by a statement from either the Defense or Justice Department.

LaVenia said he told subcommittee he acted out his "playboy" role in Hyde Park, N. Y., in a special assignment involving "the security of President of the United States"—then Franklin D. Roosevelt.

to Secret Service Chief Frank J. Wilson in 1943 when the episode occurred.

"My instructions were to go to Hyde Park and be a playboy," LaVenia said. "I received money to do just that."

"Throw Money Around" "I had to go into gin mills (bars), dives and places like that and throw money around."

He said Wilson had written a letter to the Senate committee outlining LaVenia's assignment and offering to testify.

LaVenia said the FBI apparently picked up reports of his Hyde Park behavior and based its report on him on it. He said it was the "only thing" he could "think of" that would be cause for an FBI report and security clearance denial.

'Wheatheart' Entries Grow

PERRYTON (Special)—Two more entries were received this week for the "Miss Perryton" beauty contest to be held August 19 in connection with the "Wheatheart of the Nation" contest to be held August 21. This brings to five the number of entrants in the "Miss Perryton" contest.

The fourth entry was Miss Ann Osborne, daughter of Mr. and Mrs. Fred Osborne. She represents the Lions Club. She was the Lion Sweetheart and represented the club at the district convention this year. She graduated from Perryton High School this year.

Barbara Powell, daughter of Mr. and Mrs. Raymond Powell was the other entry this week. She is sponsored by Sooters store. She will be a junior in Perryton High School this year. In high school she is active in speech and drama, and she takes part in many other school activities.

President, Mrs. Take Brief Rest

WASHINGTON, July 24 (UP)—President and Mrs. Eisenhower planned to motor Saturday to Camp David in the hills of western Maryland for a brief respite from the busy White House schedule.

The President and Mrs. Eisenhower were scheduled to be accompanied by their son, Maj. John Eisenhower, his wife and their three children.

YOUNGEST SKATER

Leslie Karen Watkins, 6, daughter of Mr. and Mrs. V. L. Watkins, 1520 Hamilton, is the youngest Pampan ever to receive the speed bar, dance bar and bronze figure bar for skating proficiency. Leslie has not entered in skating competition, but will be ready for the regional tournament next year. She is shown above performing the "sitting duck," a difficult task for a juvenile. French Chief Wins Vote, Problems

PARIS, July 24 (UP)—Terrorist-ridden Tunisia and Morocco moved Saturday to the top of busy Premier Pierre Mendes - France's crowded schedule.

Mendes - France was enabled to turn to these problems after winning an overwhelming vote of approval, 501 to 93, from the national assembly for the Indo - China peace he negotiated at Geneva.

The premier's victory, representing the biggest support given by the lower chamber to any premier since Gen. Charles DeGaulle's post-war provisional government, came Friday night after former Foreign Minister George Bidault criticized the cease-fire as abandonment of the Indo - Chinese states to communism.

Deputies first gave voting priority to a motion noting "with satisfaction the cessation of hostilities in Indo - China" by a 561-to-3 vote. Then, in a paragraph-by-paragraph vote, the deputies balloted 501 to 93 on a crucial statement asking Mendes - France to stay in power. Later the entire motion was approved, 417 to 14.

Army To Test GI's Memory

WASHINGTON, July 24 (UP)—More than 15,000 men who thought they were done with basic military training will be tested by the Army to see how much they remember. Written tests will be given selected enlisted men in both the active Army and the reserve during the next few months.

The aim is to provide data on which to base refresher courses for persons now in service and those who would be called to active duty in an emergency.

Tests will be given to personnel selected from five reserve divisions including the 89th of Kansas at Camp Carson, Colo.

SCHOOL'S OUT—Betty Jo Rihl, 24-year-old Lexington, N. C., schoolteacher, has been crowned Miss North Carolina, 1955, and will represent her state at the Miss America contest at Atlantic City, N. Take Caribbean Cruise

Pampa Teachers Shoot The Works

By ROY SULLIVAN
Pampa News Staff Writer
Ever dream of a leisurely vacation in Jamaica, or Cuba or perhaps Haiti? Ever dream of swimming in the ocean or dancing under the tropic moon or just lounging beneath the sun?

Puerto Rico, Miss Allen's nephew, Major Kenneth L. Allen, stationed at Ramey Air Base with his family, met the couple in San Juan and escorted them over the eastern portion of the 40-mile-long island. They attended a native church service and saw a baptism later in a nearby river. A boat ride in the phosphorescent water of Puerta Bay ended their tour of the territory.

PUERTO RICO — Lounging under the poinciana flowers at the officers quarters at Ramey Air Force Base, 30 miles from San Juan, are two Pampans who toured the Caribbean this summer. They are Miss Minnie Allen, left, and Mrs. Nelle Ralston. Miss Allen's nephew, Major Kenneth L. Allen, is stationed at the base.

Trading In Stocks At 3-Year Peak

NEW YORK, July 24 — UP — Trading in stocks during the past week rose to a new high since Feb. 3, 1951 for the second successive week. And this week's deal total was made without benefit of a three million share day which helped a week ago.

Youngstown Sheet and Tube started upward when its company reported higher earnings. Bethlehem Steel makes its report for the second quarter next Thursday. On Tuesday, the U. S. Steel report is due.

Prices moved higher again with the industrial average closing at 343.48, up 3.52 points on the week and a new high since Oct. 15, 1939, and rails, 117.95 up 0.79 and a new high since Oct. 8, 1930. The utility average lost 2 cents to close at 59.54. It hit a new high since 1931 on Monday.

The week's news included in addition to the Indo-China truce, a long list of items considered highly favorable to the market. Douglas Aircraft reported sharply higher earnings and declared an extra dividend. Du Pont reported record second quarter earnings. So did General Electric. General Foods net was nearly double that of a year ago.

U. S. Urges Allies To Set Indo-China Defense Line

Firm Plans To Rebuild Ancient Indian Villages

OKLAHOMA CITY, July 24 — UP — Organizers of a new corporation said Saturday they wanted to build a series of Indian villages at Anadarko, Okla., to show how various tribes lived before the white man came.

homes they used by tribal custom. Anadarko calls itself the "Indian Capital of the World," and the village will be a year-round tourist attraction. The Central Oklahoma town already hosts the annual Indian exposition, and an Indian Hall of Fame is being developed.

Charles F. Goodwin, chairman of a stock selling committee which he said already had raised \$50,000, said the development "will authentically reproduce the way of life of the Indian in the past."

U. S. Urges Allies To Set Indo-China Defense Line

WASHINGTON, July 24 — UP — The United States is urging its allies to draw a defense line around free Indo-China and warn the Communists that stepping over it could mean all-out war. Diplomatic officials said Saturday that U.S. negotiators are pressing this strategy as they push for quick agreement on a Southeast Asia defense alliance to halt further Red aggression.

Dulles said nothing in the Indo-China ceasefire agreements prevents a defense line being drawn by Allies around Laos, Cambodia and free Viet Nam. Violation of that line by Communists, he said, would be treated as an active aggression calling for action under the proposed treaty.

to include the three states in the defense pattern. Dulles' statements added up to a renewed request for full speed ahead on a conference expected to be held about the first of September to set up a Southeast Asia defense alliance. Dulles and the foreign ministers of at least six other nations are expected to attend.

McMath, McClellan Square Off

WASHINGTON, July 24 — UP — Arkansas and Louisiana citizens will vote Tuesday to decide whether two veteran Democratic senators, John L. McClellan of Arkansas and Allen J. Ellender, return to the Senate.

In the Arkansas preferential primary, the 55-year-old, conservative McClellan has formidable opposition for a third term in former Gov. Sid McMath, a Truman liberal who charges McClellan is backed by Texas oil millionaire H. L. Hunt.

A third candidate, Democratic National Committeeman Paul Chambers, is given no chance but could poll enough votes to force the hard-pressed McClellan into a Aug. 10 runoff election with McMath. Nomination in Democratic Arkansas is tantamount to election.

CANDIDATES

Two main contestants in Arkansas Democratic Senatorial primary July 27th are Sen. John McClellan, left, and former governor Sid McMath. On of important issues in the campaign is McClellan's part in the Army-McCarthy feud hearing fame, and Allen J. Ellender, return to the Senate.

Egyptologists On Verge Of Important Historical Discovery

CHICAGO, July 24 — UP — The "ghost ship" recently uncovered near the great pyramid in Egypt may tell scientists more about the ancient Egyptian "passports to heaven."

Egyptian nobles believed that before they could reach paradise, they would have to recount to the spirit who ferried them from this world to the next all the parts of his ship. The names of these parts were written on "spells" inside the nobles' coffins that are not known.

may give scientists a better understanding of these "spells." John A. Wilson, an archaeologist with the University of Chicago's Oriental Institute, said scientists hope enough equipment will be uncovered on the ship to aid identification of the still unknown items listed in the coffin "spells."

No ships have ever been preserved in a completely preserved state, he said. It is known that at least 51 items are listed in the coffin "spells," however. Some like rowing benches, oars, and looting, can be readily identified and another third can be reasonably guessed at. But one thing of the parts listed are still mysteries.

'Angel' To Meet Ike Thursday

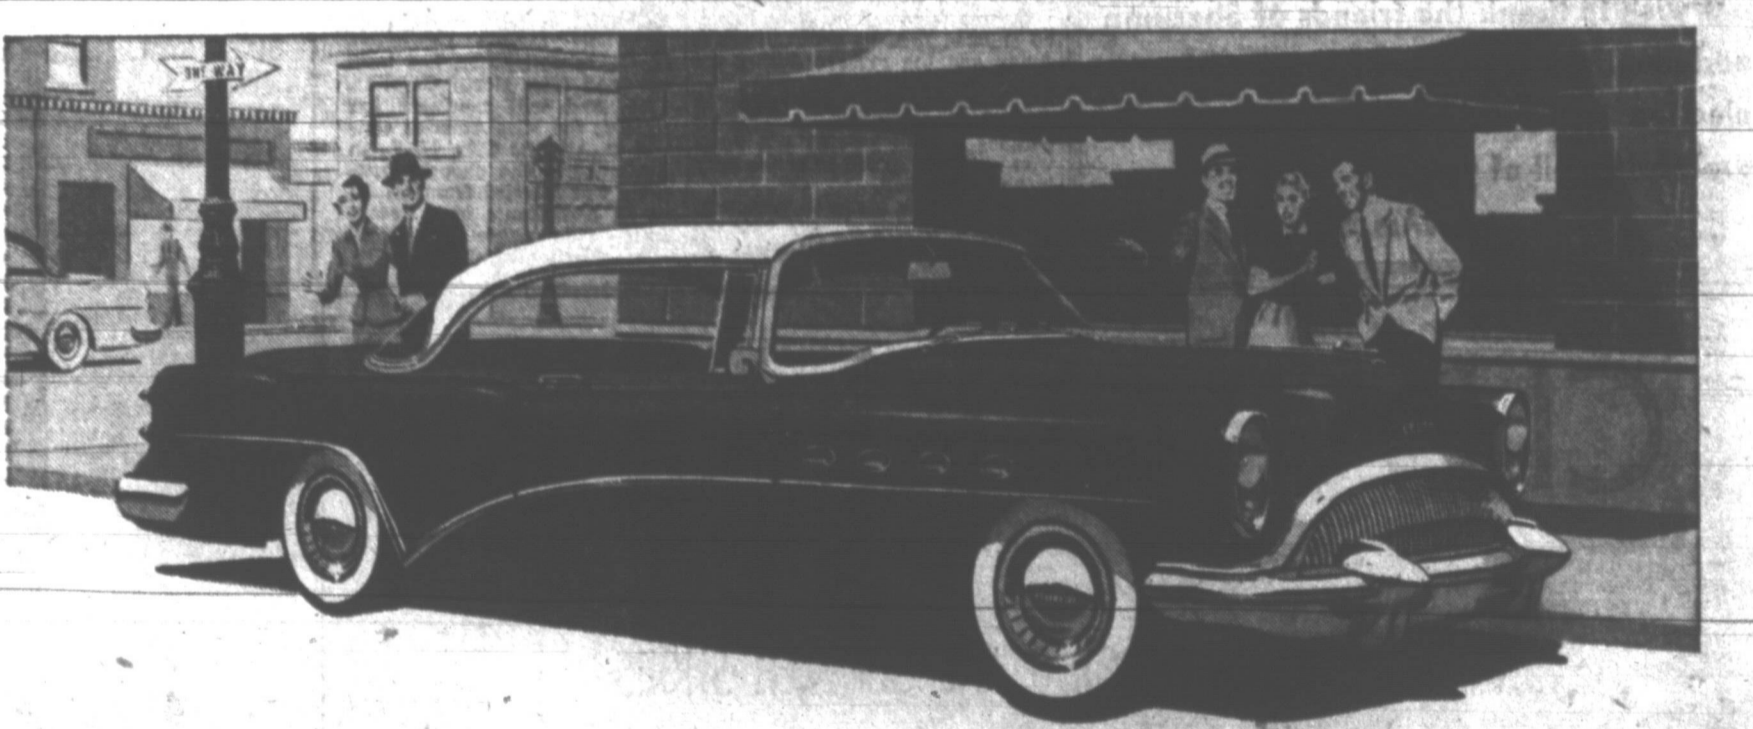

WASHINGTON, July 24 — UP — Genevieve DeGalard - Terraube, "the angel of Dien Bien Phu," will meet President Eisenhower at the White House next Thursday.

The brave French nurse, who stayed with her patients until the Communists over ran the Indo-China bastion, will arrive in New York Monday morning for a round of official receptions. The itinerary also calls for visits in Chicago, Reno, Nev., San Francisco and Scott Field, Ill., prior to departure from New York for Paris Saturday, Aug. 14.

TV AIDS ARTIST — Susanne Silvercruys Stevenson, of Hartford, Conn., works on a model of Sen. Joe McCarthy she started during the TV session of the Army-McCarthy hearings. She believes it is the first time a "silhouette" has posed in this manner. The senator promises to let Mrs. Stevenson finish the portrait by posing in person for her in Washington, D. C.

S. Carolina Beauty Picked Miss Universe

LONG BEACH, Calif., July 24 — UP—Blonde Miriam Stevenson, a wholesome beauty from South Carolina, reigned Saturday as "Miss Universe" of 1954.

The 21-year-old Miss Stevenson was the first contestant to capture the title for the United States when she was selected Friday night over 33 foreign beauty queens.

Miss Stevenson, who won Miss U.S.A. title Wednesday night, was an upset winner over favored Maria Rocha of Brazil.

"All-American Type"

For her "wholesome all-American type" of beauty and her bust to hips measurements of 36-24-36 Miss Stevenson will receive a \$250-a-week movie contract from Universal-International Studio in Hollywood.

Besides her salary, guaranteed for six weeks, she wins a snappy \$4,000 convertible and other prizes which totalled almost \$8,000 in cash value, not including opportunities for advertising endorsements.

Miss Stevenson won a convertible when she won the "Miss United States" title but because contest rules prohibit one contestant from winning two cars, the second went to runner-up Miss Brazil.

"I can't believe it has happened," said the southern charmer.

The other three runners-up were Miss Hong Kong, Virginia June Lee, 20 (36-25 1-2-35); Miss Germany, Regina Ernst, 18, (36-24-35); Brombergerstrasse, Germany, and Miss Sweden, Ragnhild Olsson, 19, (36-21-34) Stockholm.

Most Perfect Features

The judges, who included movie stars Piper Laurie, Susan Ball, newspaper columnist Earl Wilson, and makeup expert Bud Westmore, said they selected Miss Stevenson because her measurements, her speaking voice, personality and posture were the most "perfect."

Miss Stevenson stands five-feet, six-inches, weighs 120 pounds and was described by the other contestants as the "wholesome, all-American type."

She said she planned to leave Lander College at Greenwood, S.C. where she is a senior majoring in home economics and try to develop her contract at Universal-International studio into a movie career.

She admitted, however, that her dramatic experience she has was a role in a class play at school.

Mrs. Dan Rees is in Shamrock for a visit in the Fluke George home. Her daughter, Mrs. George went to Miami for her.

Suspect Quizzed In Officer Death

OKLAHOMA CITY, July 24 — UP—James E. Skinner, third man in trio suspected in the killing of an Oklahoma City detective, was returned to Oklahoma City Saturday.

"He came back like a lamb," said a police spokesman.

The 21-year-old Skinner, of Dallas, was brought here from Houston by Deputy Sheriff O. E. Higginbotham and city detective E. B. Meala. He had earlier surrendered to officers in Houston.

Booked in first at the county jail at 1:35 a.m., Skinner was then taken to the city jail for questioning during the day about the grocery robbery that brought death to detective Bennie Cravatt.

Officers said the trip from Houston was uneventful and Skinner was "congenial" all the way.

Meanwhile, the police are seeking the missing pistol of another suspect, Herbie (Ducky) Farris. It may be the one used to kill Cravatt.

O. K. Bivins, chief of the State Crime Bureau, said ballistics tests prove that neither Cravatt's gun nor the guns used by other suspects fired the fatal shot.

By elimination, officers decided Farris' weapon is the murder gun. But that pistol has not been found.

Farris, one of four persons who tried to rob a grocery here, was shot in the abdomen and dumped from a car in Shawnee an hour after the gun battle in which Cravatt died.

Earlier, officers had believed Cravatt's own gun fired the bullet into the officer's heart during a scuffle with another suspect, Raymond Carroll Price, Dallas.

Army To Test Food Exposed To Radiation

DENVER, July 24 — UP—The stage is being set at Fitzsimons Army Hospital here for one of the most important medical tests in history — to see if food exposed to atomic radiation is harmful to humans who eat it.

Playing a leading role in the history-making test will be 12 conscientious objectors. Nine of them who volunteered were examined earlier this week. Two of them were rejected because of their health Friday, leaving five still to be chosen.

Col. Howard E. Reed, Colorado State Selective Service director, announced the test late Friday. He said it would be the first such experiment in history with humans.

Reed said the 12 men would be subjected to various test diets to measure the nutritional adequacy of the diet and to enable scientists to determine the energy intake and output as they perform measured work.

Only expensive meat will be fed the "human guinea pigs" at first. But later, liquids and vegetables will be added to their diet when scientists learn safe methods of radiating them.

Reed pointed out that rats had been fed food exposed to ionizing radiation since March without ill effects.

He explained the food would be exposed to the radiation under great care at Idaho Falls, Ida, and flown to Denver to be eaten within two or three days.

PAMPA HIGH SCHOOL did all right in getting college athletic scholarships for its graduating seniors off last year's football and basketball teams.

Seven of the 10 seniors off the starting football lineup received college athletic scholarships while one of the two basketball seniors has been awarded a scholarship.

Texas A&M heads the list in landing the most Pampa athletes with three. Footballers Ed Dudley and Bobby Holder and basketballer Jimmy Bond are headed for Aggie land.

In landing Dudley and Bond, Texas A&M is getting the most heralded players that have come out of PHS in several years. Either Dudley or Bond could have named their school.

North Texas State is getting two Harvester athletes, footballers J. N. Wright and John Darby. Darby will also be a member of the famed NTS trick team.

Baylor's Bears have promised Baylor's tackle, Bob Prigmore, to attend their institution. That means that Prigmore will be playing against Dudley in college ball.

Two schools of the Texas Conference have come up with a Harvester athlete, McDermott Center. It is getting the other Harvester tackle, Chick Jordan, while end Travis Taylor, winner of the "Fighting Heart Award" last fall, is headed

well pleased with the manner in which Wells accepted us on our visit.

Abilene Superintendent Sides In With Pampa

Don't get me wrong, I'm not condoning the Abilene superintendent, A. E. Wells, for his statement on this subject. I'll admit I was rather disturbed at first over Walter's actions toward trying to get Pampa out of District 1-AAAA following the football season last fall.

But when the eight-man Pampa delegation which included yours truly visited the Abilene superintendent personally to find out what was behind all the rumors that they would vote Pampa out of 1-AAAA, I was very

MEET THE OILERS

DICK HUTZLER

Dick Hutzler, catcher-outfielder for the Pampa Oilers, was an all-around athlete in high school where he lettered in four sports, baseball, football, basketball and track.

Hutzler, who was 21 last New Year's Day, attended high school in Yonkers, N. Y., which is still his home. Dick was born in near-by Bronx, N. Y., Jan. 1, 1933.

Dick, who is making his first start in professional baseball, played two years of American League ball in Yonkers and later played semi-pro ball in Canada.

Hutzler played for Southern New Brunswick in a semi-pro league in Canada.

Hutzler's high school team won the Westchester County title his senior year.

Dick was captain of the Yonkers American League team.

Hutzler's pet hobby is photography albums.

Dick stands at 5-10 and scales 185 pounds.

Junior Oilers To Clarendon

The Pampa Junior Oilers will journey over to Clarendon today for a Cap Rock League encounter.

The league leading Pampa nine will be seeking to get back into the win column after suffering defeats the last two outings.

Gerald Mobley or Dale Tucker will likely get the mound assignment in today's tilt.

Hobbs, Clovis In Pony Finals

HOBBS N. M., July 24 (Special)—Hobbs and Clovis reached the finals of the District 1 PONY League tournament here Saturday night.

Clovis eliminated Lea County, New Mexico, in an afternoon game, 11-7, and then came back tonight to defeat Hobbs, 2-0.

Both Clovis and Hobbs have now lost one game apiece in the double-elimination tournament. The finals were scheduled to be played tonight but were moved up to Sunday at 2:30.

In Saturday night's Clovis-Hobbs game, only three hits were registered by both teams, two by Clovis and one by Hobbs.

Clovis built up an early lead in its afternoon game with Lea County and then withstood a four-run rally by Lea in the seventh.

Following are the line scores: LEA COUNTY 000 120 4-7 9 7 CLOVIS 401 204 x-11 8 3 Corbett, Reeves and Morris; Henson, Gentry and Cook.

CLOVIS 101 100 0-3 2 2 HOBBS 000 000 0-0 1 9 Blair and Gentry; Pierce and Hill.

Redleg Home Runs Beat Pirates, 5-3

CINCINNATI, July 24 (UP)—Ted Kluszewski hit his 27th homer of the season and Ed Bailey blasted his seventh Saturday enabling the Cincinnati Reds to snap a four-game losing streak with a 5 to 3 victory over the Pittsburgh Pirates.

Rookie Art Fowler was credited with his eighth triumph of the season although he was replaced by Frank Smith with two outs on base and two out in the seventh inning. Smith pitched the remainder of the game yielding only one hit—a ninth-inning homer by Jerry Lynch.

The Reds surged off to a 3 to 0 lead in the first inning against Max Burkott, who suffered his 15th loss, when Johnny Temple bunted safely, stole second and scored on Gus Bell's single. Kluszewski then hit his homer to cap the inning.

Doubles by Bob Skinner and Frank Thomas plus a single by Lynch gave the Pirates two runs in the fifth inning but the Reds increased the lead to 4 to 2 in the bottom half of the frame on singles by Chuck Harmon and Bell and Jim Greengras' sacrifice fly.

Rocky Postpones Exam NEW YORK, July 24 (UP)—Heavyweight champion Rocky Marciano will undergo a physical examination by the New York State Boxing Commission next Monday or Tuesday to determine whether his gashed left brow has properly healed. Marciano, who suffered the gash in his June 17 defense against Ezzard Charles, postponed the examination Friday because of other business.

BACK IN ACTION—Gus Moreland, the old Walker Cup ace returns to the amateur golf scene as a competitor in the Public Links Tournament at Dallas. (NEA)

USGA Allocates Places NEW YORK, July 24 (UP)—The U. S. Golf Association announced Saturday that only two members of Canada's America Cup team have entered the National Amateur championship, rather than the five for whom exemptions from sectional qualifying play previously had been reserved. The three additional places thus made available in the championship field have been allocated, one each going to the sectional qualifying rounds at Seattle, Wash., New Orleans and Portland, Ore. The tournament will be played in the country club at Detroit, Aug. 23-25.

SATURN, Ore., July 24 (UP)—Hallback Kyle Rote and defensive end Jim Duncan Saturday were named co-captains of the New York Giants of the National Football League.

Gaines Tosses Oiler Shutout

ALBUQUERQUE, July 24 (UP)—The Pampa Oilers and Albuquerque Dukes traded shutouts here Saturday night in a West Texas-New Mexico League double header, the visiting Oilers winning the first game, 4-0, and the home-standing Dukes rebounding to win the nightcap, 12-0.

Jonas Gaines spun the shutout for the Oilers in the opener while Ernie Bartolomei was the Duke hurler registering the whitewashing job in the nightcap.

Gaines scattered six hits in the opener for his 10th win against three losses. Bartolomei gave up only three hits in the second game as he won his third game of the year against five defeats.

Gaines was never in trouble in the opener after big Allen Maul gave him a 2-0 lead in the second with a towering two-run homer, his first since joining the Oilers.

Bartolomei also was given a 2-0 edge after the first two innings of the nightcap and was never in serious trouble. Ben Felder got two of the three hits the Oilers collected in the nightcap. Catcher I. B. Palmer got the other Oiler safety off Bartolomei.

The Dukes held their queen contest between games of tonight's doubleheader. Miss Charlotte Robbins was named "Miss Albuquerque Duke" and will appear with the other queens of the league in a tour of the WT-NM League next week.

Queens Here Tuesday The queens are scheduled to appear in Pampa next Tuesday when the Oilers return home for a two-game series.

After scoring single runs in the first and second innings, the Dukes sailed the game away with big seven-run rally in the fifth to move ahead, 9-0.

Three Oiler pitchers saw action in the second game. Sad Sam Williams started and was charged with the loss, his eighth against as many wins. He was followed on the mound by Jim Lemons and Maul.

Doby's Homer In The 10th Beats Yankees For Tribe

Indians Go Ahead By 2 1/2 Games

NEW YORK, July 24 (UP)—Larry Doby's 20th homer with one man on in the 10th inning gave the Cleveland Indians their second straight victory over the New York Yankees Saturday, 5 to 4, and stretched their American League lead to 2 1/2 games.

Doby, who walloped his 18th and 19th homers against the Yankees Friday night, drilled Saturday's blast off reliever Johnny Sain with two out and winning pitcher Bob Lemon on second base, Lemon, who succeeded starter Don Mossi when the Yankees tied the score at 3-3 in the seventh inning, singled to open the 10th and advanced on Al Smith's sacrifice.

After Bobby Avila popped up, Doby deposited his game-winning blow into the lower right field stands.

The Yankees got one run back in the bottom of the 10th on Mickey Mantel's double, which routed Lemon, and Yogi Berra's single off Hal Newhouser. But Rookie Ray Narleski strode in from the bullpen to retire the side despite an error by Sam Dente.

Narleski struck-out pinch-hitter Gil McDougald for the final out leaving the potential tying and winning runs stranded.

Red Sox Jolt Chisox, 5-2

BOSTON, July 24 (UP)—Jackie Jensen's three-run homer provided the punch, and four-baggers by Ted Williams and Del Wilber of the Boston Red Sox led the way for Leo Killy's fourth 5 to 2 victory over the Chicago White Sox Saturday before 12,507 fans.

Jensen's 13th homer of the year was capped off losing pitcher Bob Keegan in the third inning after singles by Billy Conzolo and Williams.

Then, the left handed hitting Williams, who had three hits for four trips to the plate, slapped his 15th homer over the left field wall in the seventh. Wilber hit his first of the season two out later.

Killy, a six-foot two-inch south-paw, gave up all four hits in a two-run Chicago third inning. Then he retired the next 18 men in a row to gain his fourth victory against six defeats.

Sportsman Award Winners To Be Named By Mayor Friday

Mayor Tom Rose Friday will present sportsmanship awards to six Pampa children, a boy and a girl from Sam Houston, Baker and Carver playgrounds, who have participated in the 1954 summer recreation program.

Earlier in the day, Earl McConnell, local film enthusiast, will make colored pictures of the Houston program, the film footage to be added to the film he already has, according to Homer Craig, summer recreation director.

Wind Up '54 Program
Those two events will wind up the 1954 program, which is to be followed by a water safety school to be conducted at the municipal swimming pool. A majority of the children participating in the recreation program have indicated interest in the school, Craig said.

ENTRY

James Evans and Jessie Rong hit homers for the Houston boys while little Robert Peterson blasted a home run for the losers. Many a Sam Houston regular was absent for the Pony League tournament out of town. James Evans was the winning hurler in the game.

Parr Foes To Impound Primary Votes

ALICE, Tex., July 24—UP—Lads of force opposed to political boss Gory B. Parr said they will ask court orders impounding primary ballot cast in Saturday's primary election in Duval, Jim Wils, Brooks and Starr counties.

Both former Judge C. Woodrow Laughlin, who was thrown out by the State Supreme Court for official misconduct and who is strongly supported by Parr, and his opponent, Marki Hath of Falfurrias, predicted victory.

Hath's supporters said they will file petitions in all four counties demanding impoundment of the ballots in the past.

Laughlin predicted he will win a 79th district judge. Hath expressed similar confidence.

Parr's foes say a victory for Laughlin would make it difficult, if not impossible, for the state to continue its fight against Parr. The state has already won more than 50 indictments in Duval county, two of them against Parr himself.

The election was in doubt. Laughlin was expected to carry Duval county. Hath was expected to win in Jim Wils and Brooks counties, with Starr county a question mark.

Troubled 79th district senator, Judge Maxwell Wich granted Donato Sr. an injunction restraining Duval county commissioners from interfering with Sr.'s taking office as Duval county auditor.

Duval county commissioners "abolished" the post of county auditor after Sr. was appointed. Victor Woods, representing the county that it was not mandatory for a county to have an auditor.

It said Wich's ruling will be appealed to the Court of Civil Appeals at San Antonio.

Border Briefs

OKLAHOMA CITY, July 24—UP—Alford J. C. Agan, 34, Hobart, Okla., was arrested Friday on charges he robbed the First National Bank of Sentinel, Okla., of \$1,500 last Tuesday. He was held in lieu of \$25,000 bond, set by U.S. Commissioner Philip Douglas, who ordered a hearing July 29.

OKLAHOMA CITY, July 24—UP—The Supreme Court Friday (failed) for the second time, to agree whether a \$7.2 million bond issue for improving state parks is constitutional. A third meeting on the question was set for Aug. 2.

ENID, Okla., July 24—UP—Henry Orlando Baker, 38, Enid, drowned Friday in the great Salt Plains Lake.

DALLAS, July 24—UP—Five Texans were acquitted Friday of charges they violated Neutrality Act by shipping arms and ammunition to Mexico. They were Thurman Randa and Thomas D. Park, owners of a Dallas sporting goods store; E. A. Beckhlymer, Laredo, sporting goods store owner; and Merced and Pedro Munes of El Paso, who own a furniture store.

RIO GRANDE CITY, Tex., July 24—UP—William F. Buckelew, 35, Laredo, and Donald Kee, 45, Mission, Tex., were killed Friday when their Border Patrol plane crashed into the Rio Grande and burned. They were on a low altitude spotting mission for border patrolmen on the ground, rounding up wetbacks, when the accident occurred.

EL PASO, July 24—UP—Capt. Gerald H. Wildenhans of Dayton, Ohio, was found dead Friday on the sket range at Biggs Air Force Base. He had been shot in the head and officers said there was a shotgun near the body.

Peg O' Pampa

Well we had a little respite from the heat this week. Peg, for one, is all for it! There seemed to be a few more social activities this week than last — especially among the younger set. But, we old "ons" seem to have been more or less secluded in our homes, trying to escape the heat.

BEEN AND HEARD ABOUT TOWN—Thelma and Howard Cruise in front of their new home on Williston gazing lovingly at their lawn on which the whole family has spent so much time. It really looks good. They also have a cute boat emblem out in front—very clever! Opal Lake and Phyllis Marler avidly talking about the All-Star Pony League team on which their sons play. Sometimes Peg thinks it means as much, if not more, to the parents than to the boys. Grover Worley all puffed up over his new son, Howard Wayne, 3 lb. 3 oz. Congratulations! Carolyn Groninger with fiancé Roy Sullivan, all aglow. Oh, those stars in their eyes! Ain't young love wonderful? The new Las Cressas, Kit Kat and Suh Deb pledges, with buckets, pennants, and beanies, going through all sorts of antics. Understand the Suh Debs had to make their own pennants and receive a foot-long black ribbon for things not done right. Mamie Tull exclaiming about the heat in Fort Worth. After days of 100-ish temperatures, she decided to hurry back to Pampa. Robert Fleming sporting a new car—a birthday present. Attractive Mrs. Harold Fabian, the Horace McBees' daughter, with a beautiful tan. Her doctor husband has joined the Overton clinic staff. Good to have them in town. Speaking of doctors, saw Dr. Philip Gates with his brother, Dr. Joseph, who has joined the Medical and Surgical Clinic in the Ross Building.

MANY BRIGHT PAMPA FACES are missing these days with so many folks off on vacation. Peg heard that lovely Anita Southard is vacationing in Hawaii. M. K. Beas and Keith Griffith returned not so long ago from a sight-seeing trip to Niagara Falls and Toronto, Canada. Alta and Kenny Lane are away now, also taking in Niagara Falls, as well as Quebec, Canada. Rita and Nita Cartwright have just returned from a trip to California, accompanied by their mother. Heard the Lea Harraha were away for a few weeks, and the Wayne Washbournes. Haven't been able to find out where they've gone, though. Ed Cleveland and family plan to make the trek to Colorado in a week or so. Ed was saying this is a vacation mainly for the kiddies. As a sideline, the Cleavelands just celebrated their 17th wedding anniversary—it was also the eighth year this week for Vida and Jim Dean. Back to vacations, Mrs. John Haggard and nephew, John Lee Bell, have gone to Honolulu. The Waldon Moores took off this weekend for Red River, quite a popular spot with Pampans. The J. B. Phelps Jr. family was to go last week but changed their plans. Howard Lockhart, Claude Matheny and Bob Ewing left on a fishing trip Thursday, but Peg hasn't been able to discover where they planned to go. The Jay Meadows left this week for Oregon. Harry Gordon and family are vacationing in Colorado. And Dr. Bob Thompson and family are traveling Pennsylvania-ways.

THE JAMES POGUES ARE GETTING READY to leave us for Alaska. We sure will miss them. Elaine will be doubly missed by the Gray Ladies and her church. She was so active in them both. Linda Coleman, the Bill Coleman's daughter, gave little Carol a going away party the other day. It sounded very clever. With maps and signs around, Mrs. Coleman said they treated Carol to a "roo" tootin' Western movie so she wouldn't forget what Texas was like. I just love her cute accent!

SPEAKING OF PAMPANS LEAVING, the old town won't seem the same without Doug Nelson around. His adult Sunday School class was to give him a picnic-party Saturday at the Price ranch, with swimming and all. It sounded like quite a deal. The late to get in this column, but maybe Peg can tell you all about it next week. That is, if they let her crash the party.

SAW LEON AND DOROTHY HOLMES the other day in Raton. Heard they still have at least one horse in the running, despite previous talk that they were going to give it all up.

KIDS MUST COME SMARTER THESE DAYS—Frances Hofess was telling me about the accomplishment of her youngest—Julie, 6. She can name the capitals of all the states. It seems her grandmother taught them to her in song form. Guess I'll have to ask Julie to teach me!

SURE WISH I HAD Nina Spoonmore's energy. She sure goes all out for things. Said she had been traveling all around the area during the week helping with plans for the forming of the new Top of Texas district of the service station association she's so active in. They've had their home remodeled and I understand she has a simply fabulous fireplace. Guess she hasn't been home long enough to enjoy it much lately, though.

IT'S ALWAYS A PLEASURE to find a new way to fix eggs. Here's one I ran across the other day:

EGGS BENEDICT
Two-thirds cup mayonnaise or salad dressing, 1/2 teaspoon lemon juice, 3 English muffins or 4 slices toast, butter or margarine, 4 thin slices boiled or baked ham, 4 eggs. In the top of a double boiler, blend mayonnaise or salad dressing with the lemon juice. Cook over hot water until mixture is thoroughly heated, stirring occasionally. Meanwhile, split muffins and toast the cut sides. Spread lightly with butter or margarine. Arrange each muffin half, toasted side up, on a heated plate. Top with ham. Poach the eggs in gently boiling salted water, spooning the water over them constantly. Top the ham with a poached egg. Then spoon the hot mayonnaise mixture over each serving. Garnish with ripe olives if you wish.

REV. BOOK CREWS AND FAMILY are back from vacation. One of the highlights of their vacation, they stated, was hearing a missionary to China speak. The man was in a Communist concentration camp for two years and has written a book about it. Sounds very interesting.

SAMMIE COBERLY SURE IS PROUD of little son, Mike. He's entered in the youngest kid division for the Rodeo. He must be just a chip off the old block. Sammie was telling me one day about her Rodeo days.

SINCE WE DEVOTED THE COLUMN to Claudine Vail's letter last week (wasn't it interesting, with we could do some globe-trotting), Peg didn't get much of a chance to comment on the Oiler Queen contest. Did you ever see so many lovely girls in one spot? Don't see how they keep their poise in front of all those people! The judges sure must have had a hard time making a choice!

IF YOU GET CAUGHT without a curl and it doesn't matter with some of the new hair cuts) dampen the ends of the hair with cologne and apply a few bobby pins. In a few minutes the curl will return. Besides that you smell simply awfully! Speaking of hair, overheard Dorothy Whitsell telling someone the other day that short hair is here to stay for quite a while. She's going to Fort Worth to learn about the latest hairdos. She sure does keep up with it! Understand her husband, Bill, has an idea for a new type of club. Sounds intriguing!

HATS OFF TO MRS. BURL LEWIS'S GIRL SCOUT TROOP they're just back from a trip through New Mexico. The girls worked hard all year to earn the money for it. Seems they had a wonderful time! It's wonderful when young people can do it themselves, without expecting Mom and Dad to shell out. Many, many laurels to you all!

BETROTHED

Mr. and Mrs. G. E. Groninger, 1101 N. Starkweather, announce the engagement of their daughter, Carolyn Sue, to Roy F. Sullivan, son of Mr. and Mrs. Roy Sullivan, 909 N. Somerville. The couple plans a late October wedding. Miss Groninger was graduated from Pampa High School and attended Oklahoma University, Norman, and Hardin-Simmons University, Abilene. Mr. Sullivan is a Pampa High School graduate and received his bachelor of science degree from Texas A&M College, College Station, in June. (Photo by Smith's Studio)

Watch What Child Wears On Feet During Summer

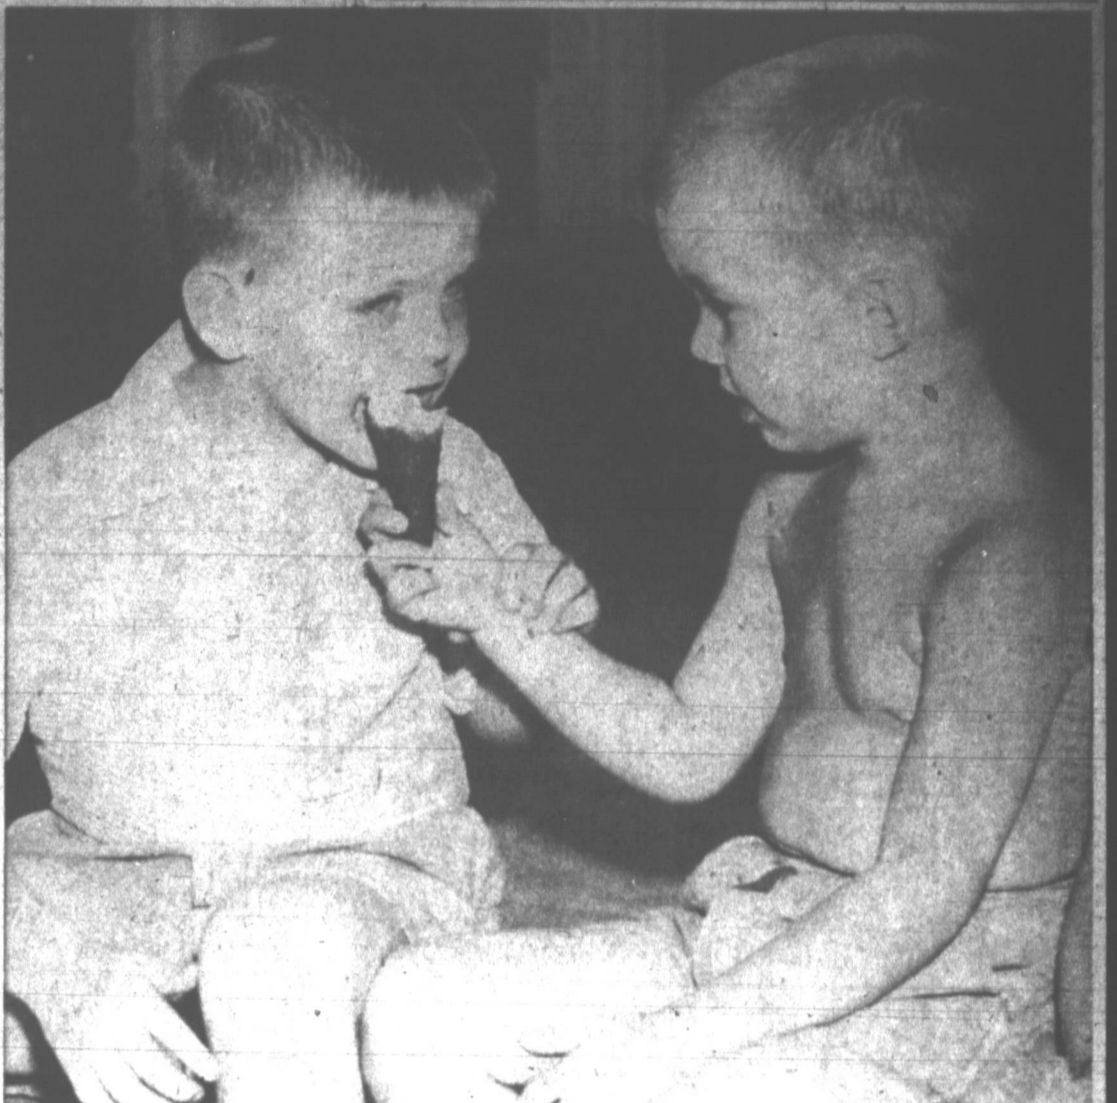

Summer is rough on children's feet, particularly youngsters who spend their vacation days in the city—and that means most children, since only a small percentage of them go away to camp. If your child is one of the millions who will be playing most of the summer on sizzling pavements and hard-surfaced playgrounds, you should give some thought to what he's wearing on his feet. For many children are permitted to shed their regular shoes at the first sign of hot weather. When parents allow them to spend the next few months in sneakers or the like, they're laying the ground work for foot troubles. Although sneakers may be acceptable for tennis or other sports played on grassy surfaces. They give little support to active young feet. To keep youngsters' feet strong and healthy during vacation time, foot doctors recommend that children wear lightweight summer shoes made of leather, top and bottom, suited for the "hard-play" months. The extra-supple leather uppers and resilient leather soles are put together on the same lasts and with the same careful attention to fit and comfort as the regular winter-weight shoes. The lighter leather "gives" easily when the summer heat and humidity causes feet to swell, and the natural fibers of leather keep feet cool by allowing air to pass through to the inside. Today, all children's shoe stores carry lightweight leather shoes that not only conform to all the rules of summer health and comfort, but also meet the younger set's demand for the latest thing in fashion. For the tricycle brigade of both sexes, there are leather sandals in a wide variety of colors, while older girls will step lightly in one or two-strap leather pumps which come in gay shades to go with their summer outfits. For boys, there are woven-leather oxfords, lace-up moccasins with perforated vamp, or cool, suede leather buckers—all with the lightweight construction that will keep them foot-strong and fancy free all summer. However, when his family takes off for a week end in the country or a vacation, by all means let Junior race around barefoot on the beach or in the grass. It's good exercise for all the tiny muscles and ligaments of his feet.

WSCS Conference Will Begin Monday

The Women's Society of Christian Service, Northwest Texas Conference, will hold its annual school of missions Monday through Friday in Lubbock. Among the workshop and clinic leaders are Mrs. Cook, E. Cook and Mrs. Woodrow Adcock of Pampa. Registration will be held from 9 a.m. to 1 p.m. Monday in Knapp Hall, Texas Tech campus, where the women will also stay during the school period. Class titles will be "Jesus' Teachings Concerning Women," "The City," "That They May Have Life," and "India, Pakistan and Ceylon." The workshop topics will be organization and work of the WSCS, led by Mrs. Cook and Mrs. G. C. Coffey of Lubbock; teaching principles and practices, led by Mrs. Adcock and Mrs. Sam Gholson of Wellington; committee on program work; Methodist women and the United Nations. The eight clinics will be on promotion, under the direction of Mrs. Cook; children's work, with Mrs. Adcock in charge; vice presidents; mission education; Christian social relations; spiritual life; Wesleyan Service Guild; and literature and publications. Other meetings include a training period for district officers at 1:30 p.m. Tuesday, taught by Mrs. Cook; and a meeting of the district planning committee at 2 p.m. Wednesday. Morning meditation will be held each day in St. John's Methodist Church.

Cedar Closet Ranks As 'Most Wanted' Household Feature

An old standby of American homemakers, the cedar closet, is making a strong comeback, observers of home building trends report. In many communities it ranks among the "most wanted" features, right along with automatic dishwashers, garbage disposal units, air conditioning and other new-fangled inventions unknown in Grandma's day. More and more families having homes built to specifications are including one or more cedar closets in their plans. Many operative builders, too, are providing such closets as a means of sparking up the sales appeal of their houses. **NEED SEASONAL STORAGE** The new wave of popularity for a feature whose moth-repellent property made it a favored item generations ago coincides with the need for more adequate closet and storage space. Homemakers are insisting on at least one good, roomy closet where they can store seasonal clothing without fear of moth damage. In some of the better homes as many as five or six cedar closets are specified. Where this is the case, even closets intended for daily use often are lined with cedar. In such instances the cedar is selected as much for the glamor it imparts to a home as for its moth repellency. **AROMA HAS APPEAL** The clean, refreshing fragrance of the wood carries a universal appeal, while its lovely grain pattern and rose-red and white coloring capture the fancy of everyone who appreciates the natural beauty of wood. Women also are influenced in their choice by the fact that cedar closets require virtually no maintenance aside from occasional dusting. Periodic painting or other finishing treatment can be forgotten, since the wood properly is left in its natural state. Application of finish would seal in the fragrant cedar fumes, thus nullifying the moth-repellent capacity of the wood. A light sanding about once a year is recommended to reopen any closed pores in the cedar and thereby renew the strength of the aroma.

"DON'T TAKE TOO MUCH"

During one of our hottest days this week, John Braly, 4, (right) was busily munching on ice cream cone while big brother, Tom, 5, watched longingly. Tom, by the way, had already consumed his. Finally John shoved his cone toward Tom, watching carefully to see he didn't take too large a bite. They are sons of Mr. and Mrs. Tom Braly, 1133 Christine. (News photo)

DIZZY DAME IS CORRECT! NOT JUST AN EXPRESSION

"I hang my head over the side of the bed until I'm so dizzy I go to sleep," a woman confided to psychologist Peter E. Siegle in a recent survey on sleeping habits. One of the "dizziest" antics for inducing sleep offered yet, it is a needless discomfort. All that is really necessary to promote slumber is a calm mind coupled with good bedding.

Sound Off By A Leaguer

What they say about the League in Pampa. "The League of Women Voters have the most important goal in America—trying to interest the voter in the ability and background of the office seeker—and to get out the vote," so says Harry Miller, carpenter, of 317 E. Francis. The League's principal activity the past weeks has been to inform the public through the voters guide and the political rally. These things would not have been possible were it not for the co-operation of individual members, local publications and service organizations. We offer our grateful thanks you. Monday the board accepted, with regrets, resignation of Mrs. Kenneth Chalmers, our public relations chairman, who is moving to Amarillo. However, we know she will be a valuable member of the League in her new home, as she has been here. Want to know how you will vote in November? In the recent issue of Women's Home Companion there is an opinion poll of how women will vote this fall. According to this poll women are planning to vote in large numbers, although their vote is normally light in non-presidential years. Now is the time to catch our collective breaths and start planning our next activity. Mrs. George Hrdlicka, second vice president, has already started the wheels of our future campaign. We shall need a lot of workers for this, so please plan to attend our next general meeting.

Marriage Announced Of Eda Gill, Miami, To William Keaton

MIAMI—(Special)—Mr. and Mrs. Alton Gill announce the marriage of their daughter, Eda Beth to Bill Keaton, son of Mr. and Mrs. W. L. Keaton of Amarillo. Mrs. Keaton is a 1952 graduate of Miami High School and is a junior student at Texas Tech, Lubbock. Mr. Keaton is a graduate of Amarillo High School and Amarillo College. He attended Texas A&M and Texas Tech. He is in partnership with his father in the plumbing business in Amarillo. The couple is at home at 1208 19th St., Amarillo, this summer.

Dual Purpose Bedding Ideal For Cottages

As people who own summer cottages well know, getting away from the hustle and bustle of the city draws visitors like an ice cream man attracts small children. Frequently, there just isn't enough seating and sleeping space to accommodate the overflow of guests without uncomfortable crowding. Dual purpose bedding, last becoming a standard item in the American home, is an obvious, but often overlooked, solution to the problem. What could be more at home in an informal setting than a single sleeper or rollaway cot? With the addition of bolsters and covers, either provides both an attractive lounge by day and a bed by night. Contemporary design, spring construction assures round the clock comfort.

Traveling With Kids Can Be Made Easy

Sensible planning before vacation-time will make traveling with the children easier for Mom and the other adults in the car. Aside from planning the wardrobe, itinerary and frequent stops, here are a few suggestions to keep in mind. Use separate luggage. Infants' garments should be packed separately, with immediate needs on top for easy access. Turn attention to the spirit of the vacation when they are allowed to fill their own suitcases—even if Mother finds them packed with unmatched shoes and toys, she can rearrange the selection later. There are inexpensive sets of miniature luggage designed expressly for children which include little train cases, overnight bags and hat boxes; many are decorated with favorite cartoon, fairytale and television characters. Give older children responsibility. Allowing a boy or girl to be keeper of the extra key case (should father misplace his) gives the child a feeling of importance. Junior navigators will be thrilled to have custody of the map case with the vacation route marked in heavy crayon for easy following. Provide extra comforts. Refreshments are best kept in one of the new "feed bag" containers which fasten over the backrest of the seat; food and liquids are kept at an even temperature, never get spread out all over the car. Provide five-and-dime store games, one at a time when the trip gets boring. Many families use a shoe bag with individual pockets in which they pack games, damp sponges for sticky hands, tissues, etc.

RUTH MILLET

"You've got me. Now try to hold me." Judging from the mail that comes to me from women readers, that must be the attitude of an increasing number of married men. If it is, it's no wonder. Week after week and month after month every kind of advertising—women are told that if they fail to do this or neglect to do that they can expect to lose their husbands. Such advice is supposedly aimed at women—but men can read, too. And if they get to thinking they are some kind of lucky prize their wives have won, no one should be surprised. And once they get to thinking of themselves as prizes their wives have fought for and are wholly responsible for holding onto age! In any and all competition, the become mighty poor risks as husbands. For they quit thinking of themselves as a partnership supposed to endure for a lifetime. They start thinking of themselves as having been "caught" by a lucky girl, whose job it is to hold them—of course. Of course, no man who is mentally mature believes such rubbish. But a lot of spoiled, selfish, immature men do find it easy to take all this "hold your husband" advice to heart. Such men are anything but a prize to any woman. But unfortunately a lot of women today are finding themselves stuck with men who think any woman is lucky to have them.

MRS. DON BURSON LIGHT

Donna Stubblefield Of McLean And Don Light Of Panhandle Are Married

McLEAN — (Special) — In a candlelight service recently in the First Methodist Church here, marriage vows were repeated by Donna Gail Stubblefield, daughter of Mr. and Mrs. E. Earl Stubblefield, and Don Burson Light, son of Mr. and Mrs. O. Z. Light of Panhandle.

Rev. H. A. Longino, former pastor of the church officiated at the double-ring ceremony. Garlands of plumosa studded with mums draped the white satin-covered chancel rail. In the background were tiered candelabra with lighted cathedral tapers, flanked by baskets of white gladioli, mums and jade palms.

Miss Peggy Jo Eastus of Dallas, cousin of the bride, played an organ prelude of nuptial music including "Serenade," "Aw Maria," "O Promise Me," and "I Love You Truly." She also accompanied Miss Peggy Jean Lovelace of Dallas, who sang "Because" and "Through the Years" preceding the ceremony and "The Lord's Prayer" as the couple knelt before the altar. The traditional wedding marches were used for the processional and recessional.

Miss June Stubblefield was her sister's maid of honor, and bridesmaids were Misses Dortha Chase, Florida Cubine, Mitzi Wilson, all of Dallas, and Miss Ann Cooper of Tucumcari. N. M. Junior bridesmaids were Lynn and Kay Stubblefield of Amarillo, cousins of the bride, and flower girl was Elaine Stubblefield of Amarillo, also a cousin of the bride.

The honor attendant wore a gown of dream-blue tulle. The fitted bodice was styled with a gathered-off-the-shoulder drape which fell in knee-length streamers down the back. The bridesmaids' gowns were identical to that of the maid of honor, but were of heaven-blue net. All wore identical blue picture hats. The junior bridesmaids wore similar dresses and blue half hats trimmed with white forget-me-nots. All carried matching bouquets of spider mums. The flower girl wore a dress of white net and half hat trimmed with blue bows. She carried a white basket filled with pink rose petals.

Bill Weeks of Plainview, cousin of the bridegroom, served as best man. Groomsmen and ushers were Tom Jinks, Canyon; Dale Roselius and Delmer Tuggle, both of Panhandle; and Charley Chambliss of Borger. Junior groomsmen and candlelighters were Bob and Jerry Stubblefield, brothers of the bride.

Given in marriage by her father, the bride wore a gown of crystal white french lace and tulle over slipper satin. The sculptured, elongated bodice of lace was designed with an oval neckline, edged with a tiny-band of shirred lace. Minature lace buttons fastened her gown down the back, and the long sleeves tapered to deep petal points over her hands. The bouffant skirt of tulle over satin had scalloped shirred bands of lace below the hips, and fell into a formal-length train. Her finger-tip veil of French imported illusion fell from a tiara of seed pearls. She carried a white Bible topped by a bouquet of stephanotis centered with a white orchid and tied with a satin ribbon.

For her daughter's wedding, Mrs. Stubblefield chose a dress of mauve lace over silk shantung with navy accessories. Her corset was of white roses.

The bridegroom's mother wore a dress of blue lace over silk shantung with white accessories and a white rose corsage.

The bride chose a delph blue, two-piece dress of Italian shantung for her traveling attire. She wore the white accessories and a white orchid corsage.

Immediately following the ceremony, the bridal party was honored with a garden party in the home of the bride's parents. The serving table was covered with a blue net cloth over blue satin. The centerpiece was of white mums and gladioli in a silver and crystal epergne. The three-tiered wedding cake was topped with a miniature bride and bridegroom under an arch of forget-me-nots and wedding bells. Wrought iron hurricane lamps and baskets of gladioli and mums encircled the table and the receiving line. Bride's aunt, Mrs. C. T. Cline Jr. of Amarillo, presided at the punch bowl, and another aunt, Mrs. Dwight Stubblefield of Amarillo, served the wedding cake. Miss Peggy Jo Eastus of Dallas registered the guests.

The bride is a graduate of McLean High School. She attended West Texas State College last year where she was a member of Tau Beta Sigma sorority.

The bridegroom is a graduate of Panhandle High School and will receive his degree from West Texas State College in August. He was a member of both his high school and college football teams.

After a wedding trip to points in New Mexico and Colorado, the couple will be at home in Dallas, where Mr. Light will serve as assistant coach in the Ralls High School.

Out of town guests attending the wedding included Mr. and Mrs. T. Cline Jr., Mr. and Mrs. C. T. Cline Jr., and Jimmy, Mr. and Mrs. Grady Burson and Cheryl, Mrs. Bill Thompson, Mrs. S. L. Edwards, Mr. and Mrs. Dwight Stubblefield, Lyman, Lynn, Kay and Elaine, Mrs. Art Knorpp and Jimmy, Mrs. Nancy White, Mr. and Mrs. Art Knorpp Jr., Raymond and Nancy, and J. A. Stubblefield, all of Amarillo.

Mr. and Mrs. Richard Nunn, Mr. and Mrs. Don Hubbard, Mr. and Mrs. Ralph Rasmussen and Margaret, Mr. and Mrs. Sam Lanning, Mr. and Mrs. Guy Tripp, Martha and Dorothy, Mr. and Mrs. Mic Held, and Mike, Mr. and Mrs. George Tackett, Jr. and Mrs. H. L. Mohon, Jr. and Mrs. J. Bonalius, Carol, Jay, Mr. and Mrs. A. W. Ellis, Mr. and Mrs. A. J. Walser, Mrs. A. C. Walker, Mrs. A. M. Pemberton, Mrs. Iva Pullen, Mrs. Faye Granstaff, Mrs. Pauline O'Keefe, Mrs. Nava Lee Dowlen and Mrs. Everoyd Ellis, all of Panhandle. Mr. and Mrs. Shelby Haynes, Silverton; Mr. and Mrs. Odie White, Bovina; Mr. and Mrs. Clint Doolen, Mangum, Okla.; Mr. and Mrs. W. J. Stubblefield, White Deer; Mrs. Roy Eastus, Dallas; Mrs. John Cooper, Tucumcari, N. M.; Mrs. O. R. Gray, Tulla; Mr. and Mrs. George Close and Bernice, Shamrock; Mrs. Jack Lemley, Lubbock; Mr. and Mrs. Bill Weeks, Plainview; Mr. and Mrs. C. A. Marrow, Mr. and Mrs. Austin Crowell and Jerry, all of Groom; and G. A. French of Springfield, Ore., great-grandfather of the bride.

TO BE MARRIED

Mr. and Mrs. Clem T. Pinson of Forney announce the engagement of their daughter, Patricia, to Elmer Dean Wilson, son of Mr. and Mrs. Elmer E. Wilson, 1607 Duncan, Pampa. The couple will be married August 14 in Forney. Miss Pinson attends Texas Technological College, Lubbock, where she is a member of Kappa Alpha Theta and Alpha Lambda Delta sororities. Mr. Wilson also attends Texas Technological College. He is a member of Alpha Tau Omega fraternity, of the Red Raider football team and the Double T Association. He is also a graduate of Pampa High School.

Baking Soda Is A Vacation Aid

Whether you're contemplating a motoring trip, summer cruise, or a few quiet weeks at that summer cabin, vacations take a lot of planning. What to take is always one of the greatest problems. Besides a comfortable summer wardrobe, there are a million and one little things, which take up suitcase room, a long time to collect, to say nothing of how they cut into your vacation budget.

It's a thrifty planner who can save on such little necessities by packing a single item which has many uses. For instance, a box of baking soda can be one of your greatest helps. Baking soda, which is pure mild U.S.P. bicarbonate of soda, with its myriad of medical and household uses, costs just a few cents. Here are some of its special vacation uses:

As a dentifrice, baking soda cleans and whitens teeth, leaves your mouth fresh and sweet, and is the softest, smoothest of cleansers.

Acid indigestion, or any slight stomach upset, can be quickly and effectively relieved by taking 1/2 teaspoon baking soda in 1/2 glass water.

To soothe the itch and sting of poison ivy, burns, insect bites and stings, apply a paste of baking soda and water to the affected area. Tingling sunburns, aching muscles from tennis, gardening and similar strenuous activities are quickly relieved by baking soda baths. Just add 1/2 pound soda to a tub of water—relax and be refreshed!

Automobile and grease fires are quickly extinguished by throwing baking soda on the blaze. Baking soda, when heated by a fire, creates carbon dioxide. Since carbon dioxide is heavier than air, it settles around the blaze, cutting off the oxygen necessary for combustion.

Soda's cleaning uses are many. A solution of 3 tablespoons soda to a quart of water will sweeten combs and brushes, vacuum bottles, lunch boxes and the like.

MR. AND MRS. POWELL HENSON

Mary Ruth Holloway And Powell Hinson Wed In Double-Ring Service In McLean

McLEAN — (Special) — The first Baptist Church of McLean was the scene of the recent marriage of Miss Mary Ruth Holloway and Powell Hinson. Miss Holloway is the daughter of Mr. and Mrs. Clyde Holloway and the bridegroom is the son of Mrs. J. D. Hinson of Lubbock.

Holloway chose a dress of beige linen and lace with pink and brown accessories. She wore a corsage of pink carnations. The bridegroom's mother wore a beige satin dress with white accessories and a corsage of orchid-colored carnations.

Hinson Appliance Store in Lubbock but plans to enter the Baptist Theological Seminary in New Orleans, La., in September. The couple is at home at 2521 Fortieth St., Lubbock, where they will reside until summer school is over.

Tiered candelabra with lighted orchid-colored tapers, flanked by baskets of greenery, formed the setting for the double-ring service, read by Dr. C. Truett Smith, professor of Bible at Texas Technological College, Lubbock.

The bride party was honored with a reception in the church's Fellowship Hall immediately following the ceremony. The bride's table was covered with a white hand-made lace cloth over orchid with an arrangement of white daisies as a centerpiece.

Out of town guests attending the wedding included Mrs. Dora Stewart and Earl, and Mr. and Mrs. H. E. Barrett, all of Amarillo; Mrs. R. M. Hinson and Jerry of Sundown; Mr. and Mrs. Logan Cummings, Janie and Carol of Falls; Mr. and Mrs. Roy Westall and Sharon of Zanesville, Ohio, and Mr. and Mrs. Bobby Williams of Phillips.

L. D. Casey Jr., Mr. and Mrs. Perry Boby, Joyce Lewilyn, Laverna Williams, Janet Ogle, Mr. and Mrs. Tommy Canon and Mike, and Mr. and Mrs. Bruce Stewart, all of Lubbock.

GRACE FRIEND

Dear Grace-Friend — Thank you for your many helpful suggestions. We are newcomers here, or perhaps I should say, we are guests. We came here with the intention of renting for a while. Later we would like to buy a home.

We found an unfurnished downstairs apartment in a four-apartment house and we were quite gay and happy about it until the people upstairs started shaking their dust mops and rugs down on us. Yes, they even turn their dirty wash-water out on the upper porch and it runs down all over our porch. Their pumps must not work on their washer.

But now, here is what worries us. They have put small jars of flowers on the upper porch directly over our front entrance. We are afraid the children will accidentally push one of them when someone is coming in, causing an injury.

A few evenings ago I finished sprinkling around our front and was shutting the water off when one of the boys threw a two foot piece of lumber down, just missing me by inches. I asked him why he did that and he said "Shut up. It's none of your business." And here is the tragedy of it all. The grandmother thinks it's cute.

Is there no law here governing pots and pans over other people's doorways? Where we came from we could not shake rugs or mops or place objects on second story porches.

Our landlord does not live on the premises and he does not seem to have supervision.

Newcomer Dear Newcomer You might check with the plumbing inspector as I imagine it would be against the law to dispose of laundry water in the manner you describe.

I rather think that there is no law against flower pots on second story porches. However if the pots fall off and injure anyone the people who placed them there would be responsible and could be sued. Perhaps even the landlord could be sued. Ask him if he has considered this possibility?

Cue Make-Up Tones To Lighting For One Of Those Evenings Out

Whenever you apply make-up for evening wear, remember that your face will be seen in lighting which may give your skin a yellowish tone.

Be sure your foundation is matching or in harmony with your own skin tone. Then, apply powder with a clean puff. If your gown has neckline cut low, apply powder to your face and shoulders so that the skin is completely covered.

Your evening rouge should always be a pastel or true red. Never choose one with a blue cast. This blue-red shade causes shadows which make the cheeks look sunken or old.

Your lipstick, too, should be a

true red, one that will remain brilliant in all lighting conditions. Apply it with a brush, blot, then reapply for a lasting lipline.

Next, pencil in your eyebrows. If you want to experiment with different shapes, the hour before an important party isn't the correct time. In any case, following the natural browline is always the rule in making your eyebrows look thicker.

Mascara can be applied more heavily for evening wear, but remember to brush the lashes after applying it, to make sure each lash stands out alone.

Sylvia Smith Wed To Harold L. Lee

MRS. HAROLD LEE

WHEELER — (Special) — Rev. and Mrs. M. E. Smith announce the marriage of their daughter, Sylvia Nell, to Harold Loyd Lee, son of Mr. and Mrs. Loyd Lee of Wheeler.

They were married in a double ring ceremony in the Emanuel Baptist Church of Las Vegas, N.M. The bride was attired in gray-blue suit with white trim and white accessories.

Those attending the wedding were Mr. and Mrs. O. W. Elliot and grandchildren, Claudia and Mark Emmen, of Wheeler.

Mr. Lee was graduated from Wheeler High School with the class of 1954. Mrs. Lee attended Wheeler High School where she would have been a junior this year.

The couple is at home on the Ernest Lee Ranch near Mobetie.

Modern Design Is Direct, Not Brutal

CHICAGO, — UP — Most American women have accepted modern design in home furnishings, say five of the nation's top designers.

The five, interviewed during the recent mid-summer home furnishings show referred to today's styles as "contemporary." They defined it as "modern undergoing a continuous process of refinement."

William Bassler, of the Willett Co. said, "Borax, the ugly, overly ornate style of another era, has almost disappeared. Today's design is direct but not brutal."

Designer Baryen Flagg said good woods whose grains show up in their natural beauty, use of the new materials of this age, and the machines involved in their manufacture, are part of the good design of today and the future.

Forest Wilson said the simplification and improvement of design also had cut costs.

The future of modern furniture depends on producing items which can be lived with "pleasantly," said Lionel C. Allen.

Frank Helms, of the Cavalier Corp. summed up his approach to good design as "making the most of contemporary materials, manufacturing processes and the specific needs and tastes of the users."

The designers agreed there was a lag of about two years between design and the American consumer's acceptance of it.

Bridge Party Fetes Bride-Elect, Couple

Mr. and Mrs. G. F. Branson and Mr. and Mrs. Robert F. Ward were hosts recently to a dessert-bridge party in the Branson home, 1009 Mary Ellen.

The event was in honor of Miss Joan Thompson, bride-elect of Don Thompson, and in honor of Mr. and Mrs. Don Morrison, recently married. Mrs. Morrison is the former Frances Huff.

Decorations were arrangements of yellow and toast brown flowers, carrying out the chosen colors of Mrs. Morrison and Miss Thompson.

Refreshments were ice box lemon pie and coffee. Each table was covered with a white linen cloth, centered with a yellow rose in a rose bowl.

Bridge prizes went to Mr. and Mrs. Clint Taylor for high score, and to Mr. and Mrs. Horton Russell for low. Mr. and Mrs. Lee Moore Jr. won the traveling prize.

Guests present were Messrs. and Misses Clint Taylor, Horton Russell, Don Cain, Lee Moore Jr., Dick Stowers, John Spearman, Bob Carmichael, Ray Thompson, Don Morrison, and Miss Thompson.

Mrs. A. L. Smiley, 728 N. Wells, and Mrs. H. M. Brown, 700 Deans Drive will leave Sunday for the United States Indian School in Santa Fe, N.M., where they will take a volunteer training course for Girl Scout leaders.

The course is advanced training for the women and they had to take a number of other courses before being eligible for this one. Its purpose is to give the women a more complete understanding of skills which they will pass on to the leaders here to help build a better Girl Scout program in Pampa.

While taking the course, the women will have the opportunity to assist the professional workers at the school. They are expected to return July 31.

A Stitching Before Laundering Saves Garment And Hours Of Sewing Later

By KAY SHERWOOD
NEA Staff Writer

A stitch in time saves nine, as the old saying goes, but the trick in a busy household is to find the time to take the stitch.

Prompt repairs of torn sheets or a ripped shirt before the tear has a chance to be enlarged by the washing machine is good planning and will, as a rule, lengthen the life of the garment.

I know as well as you do that there will be fewer family crises if missing buttons are replaced before a freshly ironed shirt is hung in the closet. One way to keep the mending load from piling up is to have sewing baskets, buttons thread and such nearby on wash day.

Another aid to this end is found in a new sewing machine, housed in a table-top kitchen cabinet, which will fit neatly into kitchen, utility room or laundry. Top of the cabinet is of linoleum or laminated plastic so that it makes a serviceable work space when the machine is not in use.

The machine swings up from the base, like a typewriter, and incorporates some unusual automatic features. No hand-wheel, for example, which means both hands can be kept on the work at hand. And there's a permanent timing of stitching so that there is little risk of skipping stitches. Tension control of stitches is calibrated in numbers to eliminate guesswork. This is an important help when you're sewing modern miracle fabrics and plastics.

A planned routine of inspection and repair before laundering, followed by a further check of clothing as you dampen it for ironing, is worth trying if you have an active family and lots of sewing. It pays, too, to keep buttons on hand in the most-needed sizes, and separated by size. I've found small jars such as the drugist uses for pills convenient for segregating collar-size buttons from other small buttons in your collection.

If you do a great deal of home sewing, you'll find it's easier to sweep up threads, scraps and pins from the smooth-surfaced floor of a kitchen or utility room than it is from a carpet. Often the kitchen is the best-lighted room, which means less eye-fatigue for you.

Kenny, who was flown to Plainview after tests revealed his ailment as definitely polio, is reported to be in "good" condition and thus far no signs of paralysis have been reported.

Perryton's first polio patient Gary Knowles, who was admitted to the clinic on July 13 is also reported to be in good condition and he has no signs of paralysis.

Buildings Burn In Perryton

PERRYTON — (Special) — The biggest fire of the year, to date, for Perryton destroyed several buildings and an electric gate manufacturing plant early Thursday.

A building owned by O. A. Schuster was consumed as was the stock plant of A. L. Schnell, 708 S. Main. The building and its contents were a total loss according to reports.

Apparently two drums of paint thinner exploded, shooting flames throughout the factory building, Schnell said. He had driven his car inside the building around midnight but saw no fire or smoke at that time, he said.

A Banner Housing Year Seen In '54

WASHINGTON, July 24 —UP—Home builders predicted Saturday that the easier home-buying credits in the new housing law will turn 1954 into a banner housing year.

The bill, which will soon receive President Eisenhower's signature, cuts down payment requirements across the board for homes insured under the Federal Housing Administration program.

Some builders thought the government might give their industry still another boost by cutting interest rates on FHA mortgages. They noted that some private lenders are issuing mortgages below the government's.

But Federal Housing Chief Albert Cole recently denied that any such move is now in the works.

Builders have been predicting they will sell one million and more homes this year. But with final approval of the new housing law they have increased this estimate as high as 1.3 million.

The major change in the FHA home-buying terms is the cut in down payment requirements. Builders figure that many thousands of potential home-buyers have been kept out of the market because they have not had the ready cash for this down payment.

Another important factor is the increase from \$16,000 to \$20,000 the amount the FHA can insure in a home mortgage. Extending the mortgage terms from 25 to 30 years will ease monthly payment requirements.

Most of the changes are directed at helping low and middle-cost housing financing. It is in this area that builders figure they will be producing most of their houses in the years ahead.

Monthly Payment Up
Under the new law, a \$9,000 house can be bought for a \$450 down payment instead of \$950 in the old law. Monthly mortgage payments will be roughly \$50 — two dollars higher than before and extend five years longer.

These monthly costs do not include taxes, insurance or utilities. The new law allows a 5 per cent down payment on homes costing up to \$9,000. On homes costing more than \$9,000, the down payment must equal 5 per cent of the first \$9,000 and 25 per cent of the additional cost.

The old law required a minimum of 8 per cent on homes costing up to \$7,000, 7 per cent on the remainder up to a \$9,450 mortgage, and a 20 per cent down payment on homes costing \$12,000 or more.

Under old law, a \$12,000 home could be bought for a \$2,400 down payment and monthly mortgage payments of \$87.55 for 25 years. Under the new law, the down pay-

Mrs. E. C. PATTON of Guymon, Okla.

Says— "I always look for ECONOMY and my ELECTRIC Home Freezer gives it to me!"

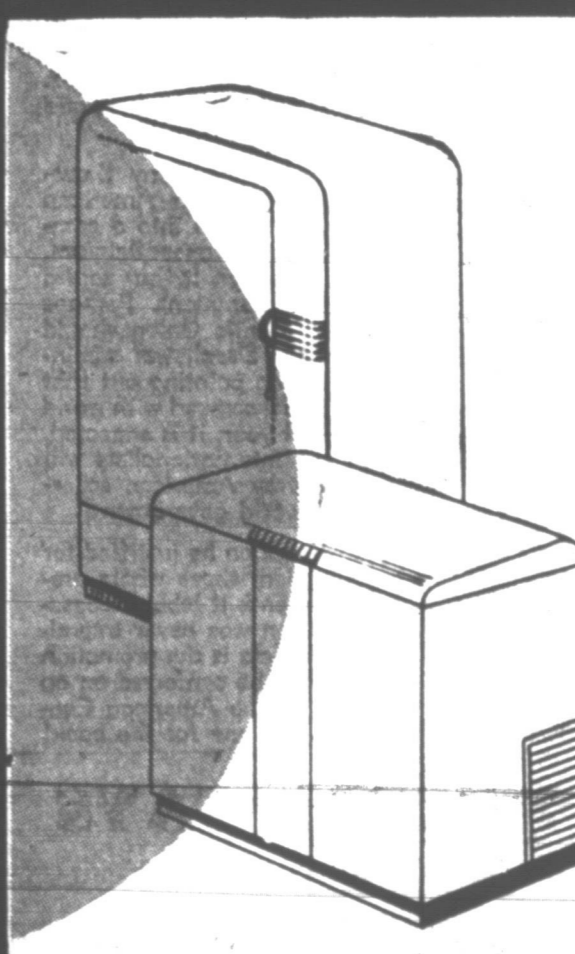

Mrs. E. C. Patton of Guymon, Oklahoma: "I use my left-overs for planned-overs! There are many reasons my home freezer is a saving. I always look for economy, because with four growing boys, it takes plenty of food and clothing."

"Behind my home freezer door, I have a store at home that is open 24 hours a day, 7 days a week. No more trips to the grocery store when unexpected company drops in. I have complete meals in my freezer which include a variety of meats, vegetables and desserts."

ELECTRIC HOME FREEZERS ARE AVAILABLE IN UPRIGHT OR CHEST MODELS

All homemakers are looking for economy these days, and the home freezer is one of the best places to find it. Better meals at lower cost, with less work, is the assurance a home freezer will give you.

Freezers save as much as \$250 a year on food costs, and completely eliminate food waste and spoilage, which "eats up" 10% of the amount of money that you spend for food.

WHO'S THAT?—It's Charles Brightup, of Liberal, Kans., and his new pal, the owl. The 12-year-old boy found the prairie owl while mowing the lawn and despite the owl's look they get along fine together.

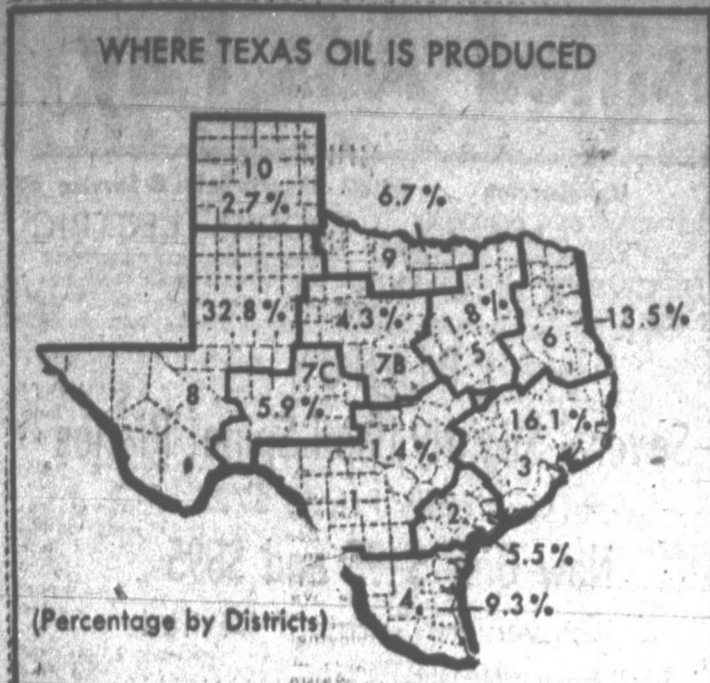

Carpenter Rites Scheduled Monday

Walter Walton Carpenter, brother of County Commissioner Arlie Carpenter, of Lator, died at 7 p.m. Thursday in a Muskogee, Okla., hospital.

Funeral services for Mr. Carpenter have been scheduled for 2 p.m. Monday in Matador.

Mr. Carpenter, who had been ailing since December, lived in Oklahoma, just south of Coffeyville, Kan.

"I freeze my ground meat in patties, which is a big time saver. Any time my family decides on hamburgers, it takes but a few minutes to have them ready for eating. I also freeze my cakes in slices, so I can take out just the amount needed for meal time."

RAILROAD COMMISSION DISTRICT 8 in far West Texas leads oil producing districts with 32.8 per cent of state crude oil production, according to this map from "Texas Oil and Gas," published by Texas Mid-Continent Oil & Gas Association. Upper Gulf Coast produces 16.1 per cent and East Texas accounts for 13.5 per cent, much of which comes from the 22-year-old East Texas field, according to the reference book.

Oil Made Texas Industrial State

DALLAS, July 24 — Texas oil's billion-dollar-a-year impact on the state's economy as well as a history of its use — ranging from 18th century boat patching material to jet fuel — is covered in "Texas Oil and Gas," published Saturday by Texas Mid-Continent Oil & Gas Association.

The 60-page booklet is the newest edition of the Association's periodic round-up of facts and statistical data on the state's petroleum industry. Its chapters cover oil search, production, natural gas, transportation, refining, petrochemicals, industry taxes, conservation and history.

Top Oil Year Is Predicted

TULSA, Okla., July 24 — This will be the biggest drilling year in the history of the oil industry in the United States, the Oil and Gas Journal will say in its mid-year forecast issue published Monday.

The rate of drilling oil and gas wells has hit unprecedented high levels so far this year, with a total of 25,904 wells completed during the first six months. The Journal predicts that the rate will slacken off only very slightly, and its forecast for the last half of this year, based on a survey of operators' programs, is for completion of 25,636 wells.

This will bring total 1954 drilling to 51,540 wells. The total for 1953 was 48,778 wells, a record which few people in the industry expected to be surpassed this year. Drilling programs drawn up last January were for a total of around 48,000 wells for this year. Normal drilling is lower during the first half of any year, but this year the situation was reversed and has been abnormally high this spring.

Wildcat drilling in new territory is down a bit this year, as greatest emphasis has been on development wells in proven areas. A total of 8,351 wildcats were completed during the second half. The ratio of wildcats to all wells will be about 21 per cent for all of 1954, which is a little below the rate of exploration during the past few years.

Greatest increases in drilling this year have been in the new producing areas of the Rocky Mountains and in the shallow fields of older producing areas, notably Illinois and North Texas. Operators scheduled for the remainder of the year call for more drilling in deeper areas, so that the total gas drilled during the last half year will be greater than during the first half although the number of wells will be slightly fewer.

CHANGING INDUSTRIAL PATTERN — Chemical manufacturing, a major part based on chemicals from petroleum, has become the agency of Texas state government, every Texas schoolroom, every college and everyone who receives a welfare check. The 1953 industrial state tax bill: \$164.5 million.

Rubirosa Seeks Permit — HOLLYWOOD, July 24 — UP — Handsome Portfiro Rubirosa, international playboy turned actor, sought a work permit from the U. S. Immigration Service Friday to play opposite girlfriend Zsa Zsa Gabor in a western movie. The Dominican diplomat, who has made a career of marrying the world's richest women, told District Immigration Director Herman Landon Thursday he had been signed to play himself in a picture with a Hungarian actress.

GSDOIC Meets Aug. 5 in Santa Fe — Gearing petroleum's public information and services program, 10 present day conditions gas top billing when oil industry readers from six states gather in Santa Fe, N. M., Aug. 5-4.

It will be the mid-year meeting of the Gulf-Southwest District Oil Industry Information Committee.

Announcing the meeting, Chairman Roy M. Stephens, Humble Oil & Refining Co., Houston, said a large majority of the 134 oil men and women invited from Alabama, Arkansas, Louisiana, Mississippi, New Mexico and Texas will participate in his important working meeting.

The OIIC group will make a progress check-up of its program, discuss ways of expanding activities throughout the six state district, review plans for the Oil Progress Week celebration set for Oct. 10-16 and set its course for the remainder of 1954.

Highlights of the meeting include a welcome address by New Mexico Governor Mechem and the principal speech by Harold Dunn, Shamrock Oil president from Amarillo, at the general session.

Mohammed Mossadegh government seized the multi-billion dollar properties of the British-owned Anglo-Iranian Oil Co. Shutdown of the vast fields and Abadan refinery followed. The "big five" American companies made up much of the huge oil deficit by expanding their own Middle-East operations.

These were Standard Oil of New Jersey, Gulf, Socony - Vacuum, Standard of California, and Texas Company. Together with Anglo-Italian, Royal Dutch Shell, and Compagnie Francaise de Petrole, they have formed a consortium which, with Herbert Hoover Jr., State Department trouble-shooter, is working out final settlement of the dispute.

Under the tentative pact which deals generously with the Iranian government — the American companies will share a 40 per cent interest, Anglo-Iranian 40 per cent, Royal Dutch 12 per cent, and Compagnie Francaise 8 per cent.

A spokesman for the consortium stressed that companies will compete with each other in the world market even though they are participants in the consortium. This keeps them well within the spirit of the anti-trust law which, with Herbert Hoover Jr., State Department trouble-shooter, is working out final settlement of the dispute.

Separate Mishaps Injure Trainees

FORT SILL, Okla., July 24 — UP — Two separate artillery training accidents which injured seven soldiers, one a muzzle burst of a cannon shell and the other an airplane crash, were investigated Thursday by Army authorities.

Five cannonners were hurt, two seriously, late Wednesday when a 105-millimeter projectile burst after leaving the tube of a howitzer on Fort Sill's west range, the Army announced. And an Army pilot and his observer were injured Wednesday night when their plane crashed into a wooded section on the range.

Seriously injured in the muzzle blast were Pvt. Glen L. McDuffy and Pfc. Paul B. Curtis, whose home towns were not immediately available. Hurt in the plane crash were Lt. Lester Scott, an Army reservist from Oklahoma City, and Lt. Ralph M. Donley, the pilot.

The shell mishap was the second of its kind on the Fort Sill firing range in five days. Eight men were killed last Saturday when a high explosive shell went off prematurely in a 105-mm self-propelled gun.

JUDGE HAS READY ANSWER

SAN FRANCISCO, July 24 — UP — Abraham Booker told a municipal judge Wednesday it didn't mean he was drunk just because he was dogging cars.

"What were you doing on the street?" asked the judge.

"I was on the street — I was on the sidewalk," Bookers replied.

"What were the cars doing on the sidewalk, then?" asked the judge.

"Ah," said Booker, "that's the mystery."

"Thirty days," snapped the judge.

SLEEPING SENATOR

Senator Wayne Morse (I-Ore.) relaxes on cot just outside Senate chamber shortly before he took floor early this morning in all night Senate debate on Atomic Energy Revision bill.

HOLLYWOOD TODAY!
 MOVIES - TV - RADIO
 by Erskine Johnson

HOLLYWOOD (NEA)—Close-ups and Longshots: Marlene Dietrich in "The Shooting of Dan McGrew," based on the famous Robert W. Service poem, is the latest new independent movie idea. "But there's a big 'IF' attached to the talent. Sid Kuller, inspiration for the glamor grandmas. Cameras will turn only if MGM relinquishes its foreign celluloid rights to the classic. Agents and lawyers are haggling about it.

That's boy friend Philip Liebmann's moolah behind the independent production company Linda Darnell has formed to coproduce two pictures in Rome with Giuseppe Amato. Linda, I hear, is about to leave a big talent agency to return to the fold of the agent who was responsible for her greatest movie hits.

Steve Cochran is admitting that the pepper has gone out of the romantic enchilada he shared with John Wayne's ex, Esperanza. But what he says about Esperanza will be news to John: "She's a wonderful person. She has the biggest heart in Hollywood."

MGM OFFICIALS looked over the bookkeeping ledgers and decided that Ann Blyth plus music spell box office. Her first picture since the birth of Timothy McNulty will be a remake of "Girl of the Golden West."

A ranger's dialogue at Yosemite National Park sounds like it was written by one of Bob Hope's gag men. Explaining the duties of U. S. rangers at the park, the green coat says: "We're here to protect the park from the people, the people from the park and the people from people."

Oscar nominations every three months by members of the film Academy is the latest suggestion, and a good one, in Hollywood's search for another "Movies Are Better Than Ever" publicity campaign. The idea was submitted to Charles Brackett, president of the Academy, by Producer George Class.

At year's end, finalist would be selected from a master list of 20 films, 40 best starring performance and 40 supporting role candidates. "The idea would give Hollywood the opportunity for year round drum beating and provide additional box-office lure."

PATTY ANDREWS' click as a solo performer in Las Vegas is the talk of the town. There were dire predictions about her future when she broke up the Andrews Sisters' act. Rising film profits indicate the public's acceptance of Hollywood's new quality films. Fox profits for '54 to date are 100 per cent above last year's. Universal's half-year profits top the preceding six months by \$375,000. MGM will reuse two of Judy Garland's big film hits, "Easter Parade" and "Meet Me in St. Louis."

Jeanette MacDonald's explanation for her long absence from the screen: "It's hard enough to find a good story, and it's twice as hard to find one set to music." On the same subject, Joan Bennett's explaining "We're No Angels," her first movie in three years, with: "Paramount lured me back in a very clever manner. They asked me."

Burl Ives, back on the screen in "East of Eden," is checking his guitar and folk songs for a straight emoting career...Slick performance you'll never see on the screen: Marlon Brando's deadpan imitations of piano-thumper Liberace on the set of "Desiree."

JEAN PETERS' millionaire groom, Stuart W. Cramer, III, just gifted her with a 50-carat diamond brooch. Any questions as to why Jean doesn't want to make any more movies?...Exhibitors are screaming for prints of "Appointment in Honduras" now that front pages have been banning Latin-American fireworks. The Ben Bogavous flicker, starring Ann Sheridan and Glenn Ford, didn't exactly set the woods on fire the first time around.

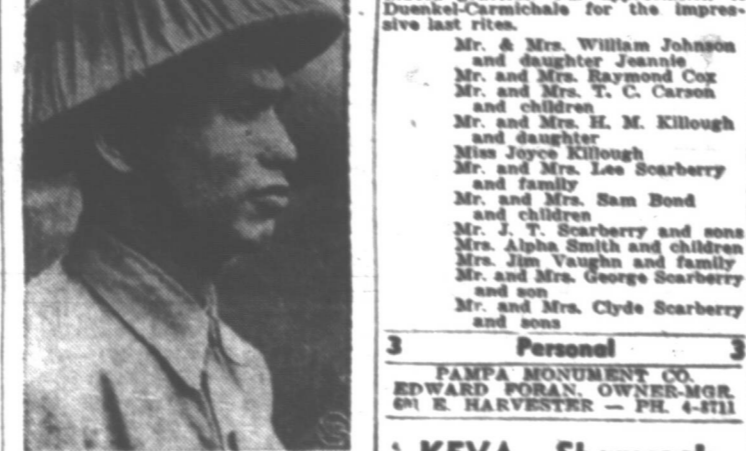

If Jeff Chandler and Tony Curtis can invade Crosby's field, so can Rory Calhoun. He's in the middle of confabs that may lead to a contract with Decca records as a singing star.

Pampa Band Students At School

Four Pampa high school and junior high school students are attending the sixth annual vacation band school at McMurry College, Abilene.

The four youthful musicians are Bill Clements, Dan Teed and Rebecca and Martha Skelly. Clements is the son of Mr. and Mrs. R. O. Clements of 1028 S. Dwight and is a Senior. Teed, son of Mr. and Mrs. Arthur Teed of 1822 Charles, is a junior. Rebecca and Martha Skelly, daughters of Mr. and Mrs. Jack S. Skelly, 916 N. Somerville, are in the ninth and eleventh grades respectively.

The school, which teaches music theory, twirling, conducting and chorus, will end July 30.

Gore Asks Air Time For Retort

SAUK CITY, Wis., July 24 — UP Editor Leroy Gore waited an answer from the Mutual Broadcasting System Saturday on his request for time to reply to what he called "a wholly untrue" report by commentator Fulton Lewis Jr. In a wire to MBS President Tom O'Neil, Gore said that Lewis' Friday broadcast about the movement to recall Sen. Joseph R. McCarthy (R-Wis.) was "wholly untrue" and asked for equal time to answer the commentator's "malicious fabrications."

Gore said Lewis had incorrectly reported Circuit Judge Bruce Balluff's action Friday refusing to take jurisdiction in a dispute over the petitions calling for McCarthy's recall.

JEAN PETERS' millionaire groom, Stuart W. Cramer, III, just gifted her with a 50-carat diamond brooch. Any questions as to why Jean doesn't want to make any more movies?...Exhibitors are screaming for prints of "Appointment in Honduras" now that front pages have been banning Latin-American fireworks.
