Farmers Eligible For Flood Loans

WASHINGTON, June 16 (UP)—Farmers in 118 additional counties and parishes have been made eligible for emergency flood loans to replace crop and property damage caused by recent floods and windstorms, the agriculture department announced.
Texas counties included in the order are:
Austin, Anderson, Angelina, Bell, Camp, Cass, Elta, Duval, Ellis, Gregg, Hamilton, Harrison, Henderson, Houston, Jasper, Lamar, Liberty, Madison, Marion, Morris, Nacogdoches, Newton, Polk, Raines, Red River, Rusk, Sabine, San Augustine, San Jacinto, Smith, Titus, Trinity, Tyler, Upshur, Van Zandt, Victory, Walker, and Wood.

FIFTEEN INJURED IN TEXAS BUS ACCIDENT

BROWNWOOD, June 16 (UP)—Two passengers of a Fort Worth-Brownwood bus were hospitalized here today after the bus overturned two miles east of Blanket, Texas, last night injuring fifteen persons.
The two were Mrs. W. H. Cooper of Cleburne, Texas, and Mrs. Amelia Leggett of Grand Rapids, Mich. A soldier passenger was treated at Camp Bowie hospital.
Twelve other persons aboard the 29-passenger bus received minor injuries.

HICCUGHS FLEA WINS

HOUSTON (UP)—Haled into county criminal court to face a drunken driving charge, a 45-year-old motorist presented a new, and convincing, defense. His snaking driving, he said, was due to a violent spell of hiccoughs, not whisky. The jury, in sympathy with the hiccough victim, returned a verdict of innocent.

PIN-WORMS At Last—A Real Treatment!

You may not realize how many of your neighbors—grown-up as well as children—have Pin-Worms at this very moment. People don't talk about this nasty infection because they are too embarrassed to mention the tormenting itching and up to now they have usually suffered in silence because they had not known of any effective way to deal with this dreadful pest that lives inside the human body.

Important Medical Discovery
Today, thanks to a valuable scientific discovery, a remarkable new treatment has been made possible. It is based on a special drug, known as pin-worms. This drug is the vital element in P-W, the new Pin-Worm tablets developed by Dr. D. J. Jervis & Son. America's leading specialists in worm medicine, P-W tablets are small and easy to take, and they act in a special, gentle way to destroy Pin-Worms.
It is very easy to "catch" this nasty infection, and the only common one some feel distress. So watch for the signs that may mean Pin-Worms: itching anal, uneasy stomach, bed-wetting, nervous sleeplessness. If you suspect Pin-Worms, get a box of P-W right away and follow the simple directions given.
P-W means Pin-Worm relief!

SHORTAGE OF TRUCK AND TRACTOR TIRES Revealed In Survey Made By Board A shortage in truck and tractor tires which barely will take care of the county's quota for the month was revealed in a survey made this week by Sonora Murphy, chief clerk of the war price and rationing board. The tire picture is brighter in relation to automobile tires, with tire supplies in excess of the quota although there is a shortage in some sizes, a check with several dealers by The Herald revealed. The rationing board check with six dealers showed the following supplies: 825x20 and larger truck tires, 54; 900x36 tractor tires, 9; 1000x36 tractor tires, 7; 1125x24 tractor tires, 21; other rear tractor tires, 46. "The stock is almost as small as the quota," Miss Murphy said. Although dealers are far from obtaining all the passenger car tires, there appeared to be no shortage except in certain sizes. Although in some counties numerous tires are lying idle on shelves while car owners beg for certificates, that situation appeared to be true in lesser degree here, possibly because local dealers supply a large number of tires to Martin, Glascock and Borden county certificate holders in addition to those of Howard county. With a new shipment expected momentarily, the stock was smaller than usual. It was estimated at one store, however, that enough tires to cover the month's passenger tire quota for the county were in stock in that store alone although some "odd sizes" were absent. Another dealer presented a gloomier picture, saying he could "sell a lot more than I can get." At times he has had an oversupply, however, he said. Another dealer reminded that only a certain number of tires is allocated to the district and distributed in proportion to past sales and "if we have 100 certificates, we may get only 25 tires." A fourth reported sufficient tires except in certain sizes. The sizes missing in stocks here apparently are not popular sizes used on majority of automobiles, but some for new and larger cars not used in large numbers. Numerous motorists are begging for certificates. The rationing board is approximately 400 applications and five weeks behind in its action, the quota now allowing for issuance of certificates in those cases.

Sox Join Browns In Wins

By JOE REICHLER
AP Sports Writer

The Boston Red Sox joined the St. Louis Browns in running the longest winning streak of the season when they defeated the Philadelphia Athletics 5-1 yesterday for their ninth straight victory.

Tex Hughson, Red Sox ace righthander, gained his ninth victory by bringing his team to within a half game of the league leading Browns. Hughson thus ties Hal Newhouser of the Tigers for the most victories in the American league. He allowed the Athletics six hits to five the Sox a clean sweep of the four game series. Bob Johnson hit his fourth homer for the Red Sox.

The New York Giants defeated the Brooklyn Dodgers 9-2 at night to move into a tie with the Cincinnati Reds for third place, and Mel Ott smashed his 17th homer in the first inning with three on.

Washington made it three out of four over the New York Yankees, with Mickey Newer outpitching Joe Page 8-2. The Senators scored all their runs in the sixth inning abetted by Roberto Ortiz' triple with two on.

Bookie Paul O'Dea's single in the 11th inning scored Oris Hockett to give Cleveland a 3-2 win over Detroit. Joe Heving, who twirled the last four innings was the winner and Paul Trout, going all the way, the loser. The victories advanced the Senators and Indians a couple of notches into a fourth-place tie.

Pittsburgh defeated Cincinnati 1-0, scoring the lone run in the ninth on Bob Elliott's single scoring Jess Hadley. Max Butcher bested Tomas De La Cruz, although the Red Cuban allowed but four hits.

The Philadelphia Phillies came from behind twice to win from the Boston Braves, 5-4. Ford Mullen's single with two out scored Jimmy Wasdell, who had doubled to start the eighth. Jim Tobin, in relief, was charged with the loss and Ken Raffensberger received the win.

The St. Louis and Chicago clubs in both leagues were not scheduled.

Nelson Not Satisfied With Margin; Hies To Green For More Practice

NEW ROCHELLE, N. Y., June 16 (AP)—The folks around Wykagyl country club knew today why Byron Nelson of Toledo, O., has finished in the money in 51 straight tournaments since January of 1941.

"Lord Byron" fired a 69 yesterday over the narrow-fairwayed, soggy layout where the \$13,333 New York Red Cross tournament went into its second 18-hole round today. The 69, three under par, wasn't good enough for the lead, as Sgt. Vic Ghezzi, the tall New Jerseyite who beat Byron for the 1941 P. G. A. title, blazed around in 67 without benefit of a practice round.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
NEW YORK, June 16 (AP)—We hope the person who buys that Japanese "Paul Wauer" bat when it is auctioned on a war bond radio program tomorrow will donate it to the museum... The bat, you remember, was found by Marine Corp. Charlie Truitt of Wilmington, Del., in a shell crater on Namur Island, surrounded by seven dead Nips... Truitt sent it to Wauer, who contributed it to the war bond drive.

Just A T'ser
Due De Groot, the Washington Redskins' new coach, thinks he can talk Mrs. Andy Farkas into letting her fullback husband play football again next fall... "The clincher, I think," says Dud, "will be the fact that we are using the T formation. She's alarmed about the battering Andy takes trying to run against major league lines from the single wing formation."

MIDLAND, June 16 (AP)—Qualifying rounds will be completed this afternoon in the Midland country club invitation golf tournament. Match play opens tomorrow morning.

Dorothy Bundy Crowds Champ From Top Seat

DETROIT, June 16 (AP)—Dorothy Bundy, who rocked the tennis world six years ago by defeating the great Alice Marble at Forest Hills, has contributed another notable upset in knocking Pauline Betz from the national clay court championship.

She reached another pinnacle yesterday at the Detroit Tennis club, where she eliminated Miss Betz, 7-5, 6-3, to reach the finals tomorrow of the week-long meet. Her opponent will be the winner of a match today between second seeded Dorothy Hart of Miami Fla., and fourth-seeded Mary Arnold of Los Angeles.

Miss Bundy's steadiness was her strong point in the conquest of Miss Betz, two-time winner of the national lawn title at Forest Hills. Pauline, who barely pulled out a three-set victory Wednesday over Shirley Fry of Akron, O., obviously was handicapped by a lame right shoulder, but she declined to make mention of it after the match.

In the men's division, Francisco (Pancho) Segura of Coral Gables, Fla., and Billy Talbert of Indianapolis, the two top seeded players, continued to make a rout of opposition. Segura gained the semi-finals by defeating unseeded Jack McManis of Los Angeles, 6-2, 6-3, 6-4, and meets the winner of today's match between Pfc. Rex Norris of Lansing, Mich., and Buckley Field, Colo., and Sam Rotberg of Bay City, Mich.

Talbert whipped sixth seeded Hubert Manire of Detroit, 6-0, 6-1, 6-0, and tomorrow meets Ralph Dilley of Cleveland, who downed Wendell Chapin of Bay City, 6-2, 6-0, 6-1. The men's finals are Sunday.

Armstrong Flattens Davis In 2 Rounds

NEW YORK, June 16 (AP)—Henry Armstrong still is one of the best fighters in the business. The former triple champion demonstrated it last night by flattening Al "Bummy" Davis in less than two rounds at Madison Square Garden.

Hammerin' Henry battered the Brooklyn bad boy to the canvas four times, twice in the first round, before Referee Frank Fullam stopped it after 69 seconds of the second stanza. Davis was stretched full length, flat on his face, when Fullam, without bothering to count waved Armstrong to his corner.

Bartzen To Compete In Championship
SAN ANGELO, June 16 (AP)—Bernard (Tut) Bartzen, San Angelo's mighty mite of the tennis courts, will again compete in the national interscholastic championships.

The citizenship is raising a fund to send the Texas schoolboy champion to Haverford, Pa., June 26 for the national meet. He also will play in other eastern and mid-western tournaments.

Bartzen was a member of the San Angelo doubles championship team three years ago and for two seasons has won the singles title.

Parker Capable Of Beating Record?

NEW YORK, June 16 (AP)—Daniel J. Ferris, secretary-treasurer of the Amateur Athletic Union, figured that four records are in danger in the national junior and senior A.A.U. track championships Friday and Saturday.

Ferris considers Charley Parker, the Texas schoolboy sprinter, capable of beating the junior 100-meter record of 10.4 seconds and that Coast Guardsman Clayton Farrar is likely to surpass J. Errol Vaughn's junior 10,000 meters record of 32:37.3. In the senior events, Lieut. Cornelius Warmadam may beat his 15 feet 2 3/4 inch pole vault record and Earl Audet may better Jack Torrance's 55 feet 5 inch shot put standard.

Great Lakes To Play Milwaukee Top Team

GREAT LAKES, Ill., June 16 (AP)—The Great Lakes baseball team, fresh from an 8 to 2 win over St. Louis, American league leaders, were today scheduled to meet Milwaukee, the American Association's top team.

The Sailors, with a former major league player at every position, hammered two Browne pitchers for 11 hits yesterday while Virgil (Fire) Trucks ex-Detroit pitcher, held the league leaders to five blows. The victory was the 13th consecutive for the Sailors against no defeats.

Germany's 1939 production of oil was estimated by U. S. experts at nearly four and one-half million barrels.

Italians Afraid Of What May Happen When Country Is Given Back To People

By EDWARD KENNEDY (Substituting for Hal Boyle)
ROME, June 1 (Delayed) (AP)—Every doughboy wants to get home as soon as the war is over but many an Italian helping the Allied armies will stay here for long after that.

A large part of the population, especially business men and others with property are fearful of what may happen in Italy when it is given back to the Italians.

Some think Italy will go communist; some think there will be civil war; some think the country will founder about for lack of leadership.

Some Italians are saying the present Bonomi government is a Kerensky government which will lead to communism.

The communists certainly are the best organized and best disciplined of the country's political parties and seem to have fine leadership in Palmiro Togliatti and his aides. At present they are cooperating wholeheartedly with the Allied command in the war effort and with the Bonomi government. They have accepted the lieutenant general of Crown Prince Umberto as a suitable expedient for the present.

Italian help to the Fifth army in the battle of Rome came mainly from the Partigiani who joined in the battle outside the city. They are not necessarily communist party members but they were organized and led by communist-trained men.

And then he said: "I'm afraid that as soon as the war is over America will go isolationist again and the British will pull out, too. Then there's almost sure to be civil war and communism."

There's another powerful factor in the Italian setup: the church. The Vatican is high in influence these days. It has survived fascism as it survived countless reforms before and many Italians are clinging to it in their distress.

At present the Vatican seems to be concentrating on trying to prevent moral decay from setting in among the disheartened Italian people.

Yesterday the pope gave this advice to Roman women in these trying times:

The women of Rome should face the invading army with dignity and modesty, behaving and dressing properly at all times and winning the respect of the soldiers by their virtue.

Committee Policies Not In Violation Of Segregation Laws

WASHINGTON, June 16 (AP)—Policies of the Fair Employment Practices Committee are not in violation of Texas segregation laws, FEPC Chairman Malcolm Ross asserted in a letter to Governor Coke Stevenson of Texas in answer to questions propounded by the governor.

Ross cited in detail the presidential orders creating FEPC and declared the purpose of the agency was to aid the war effort by eliminating racial discrimination. He added that a perusal of the Texas segregation laws disclosed nothing that conflicted with the committee's function.

The questions asked by Stevenson, in a letter to Leonard Brin who later resigned as Texas regional FEPC director, were (1) By what authority does the FEPC operate in Texas? (2) What is the scope of operations and the objective sought? (3) Do the purposes of the activities include the violation of any Texas segregation laws? (4) Is it the purpose of the FEPC to establish policies which are in violation of state laws?

Simultaneous with FEPC's release of Ross' reply, the agency announced Brin's resignation had been accepted effective June 30.

The third and fourth questions, Ross asserted, were two aspects of a single question. None of the Texas segregation laws "requires or countenances any discrimination in employment," but relate to such matters as intermarriage, separate coaches on railroads, separate schools for the races, he contended.

Labor Leaders Get The Works At Camp

TEMPLE, June 16 (AP)—Ninety two Texas labor leaders... CIO and AFL... celebrated Infantry day the hard way at Camp Hood yesterday.

The union men, in GI equipment, followed routine of the infantry replacement training center and sampled what the army's rookie foot soldiers go through in preparation for battle.

At the obstacle course they saw a crack company go through and 23 of their number volunteered to try it. None made it.

Their eyes literally popped out at the battle conditioning course where live ammunition was being used to accustom trainees to battle field conditions. About 40 volunteered to go through this course... all of them got through, a little shaken by the experience.

SHOULD I BECOME QUINTUPLETS?

By JAMES MARLOW and GEORGE ZIELKE
WASHINGTON, June 16 (AP)—Some congressmen, facing elections, ponder: Should I become quintuplets?

A quintuplet-ed congressman could turn on the campaign charm in five different places at the same time.

A Washington outfit, called "Business Films," has sent congressmen a little printed pep-talk which says:

"How can you be quintuplets? The motion picture is the one way your personality can reach all your voting public."

It's very simple, the pep-talk says. A congressman pays \$300 for a one-minute motion picture of himself in sound, talking. He gets five prints of the picture.

So the picture can be shown in five different theaters in his home district at the same time and

Rep. Randolph (D-WV) says he expects to have seven sets of films made. He says he will ask his theater-owner friends—and ask his friends who are friends of other theater-owners—to show the pictures.

The spruce Mrs. Luce—Connecticut's republican Claire Boothe Luce with the coronet hair-do—is considering the proposition but has reached no decision.

The picture firm is preparing a set now, apparently figuring on congressional business. An employe explained:

"The set will look like an office with a desk for the congressman to sit at. If he wants it, he can have his name on a name-plate facing the camera."

"If he wants junk on the desk like on President Roosevelt's desk, we have junk."

Delegates Of Water Assn. Go To Capital

EDINBURG, June 16 (AP)—A. L. Cramer of Elva, president of the Rio Grande Valley Water Conservation association, says the organization plans to send a delegation to Washington this week-end in an effort to end what he described as maneuvering by California to block the United States-Mexico water treaty through use of a "political smoke screen."

Cramer said representatives of valley water conservation districts meeting yesterday at Weslaco said they had been advised that "California had succeeded in inducing the Federal Farm Bureau to approve a resolution urging the preservation of the sovereign rights of the state in one move and that a second step had raised an issue with the American Federation of Labor that the pact would allow Mexican laborers on the proposed dam to cross into the United States to compete with higher prices of American labor."

Yesterday and Today

Yesterday many leaders in the work of the church often spoke of an inevitable "Summer Slump." So many people were away on vacations; so many children were engaged in camping activity of one sort or another; so much company came for which the woman of the house "must" stay home and cook and hubby "must" stay to act as host that Bible School and Church attendance quite regularly fell below par.

Today conditions are or should be reversed. It's patriotic to stay at home therefore we shouldn't be troubled with too much company. Legal gasoline is scarce so picnics will be at a minimum. The trains and busses are overcrowded. Consequently our children should stay at home. It all adds up to this—this summer instead of a "Summer Slump" we should expect and experience a "Summer Hump" in our Bible School and Church at attendance. All of us will want to be among those who show their love to God by being a "Humper" and not a "Slumper." It's more fun being a "Humper" than a "Slumper" any day.

Tune in and listen to the regular broadcast of the Big Spring Pastor's Association each Saturday evening at 7:15 over KBST.

O'Brien Urges Bond Purchases

"Big Spring and Howard county should have already completed their quota for the Fifth War Loan Drive," said Rev. Dick O'Brien in a bond boost talk at the American Business Men's club meeting today.

"Our hands, our hearts and our dollars should all be at work," he said. "Don't wait, let's do it now. We aren't going to win by wishing, we are going to win by working. We are a part of that thing over there and we have a heart to heart connection. It will be us who make it possible for our boys to win or lose."

Big Spring people should respond to that patriotic urge to buy bonds. More than ever, this is no time for us to let up. We need to pray, pay and stay, continued Rev. O'Brien.

Betty Bob Diltz was introduced as a new club sweetheart and sang and danced during the program. Helen Duley played accompaniment. Frank Davidson was introduced as a new member.

Guests included Lieut. McBrien, Howard Bell, Lonny Coker, Arch Lewis, L. W. Gillett.

Reports were given concerning the block bond canvases by the APC members. It was also announced that the club will broadcast over the radio Monday evening at 9:30 p.m.

The club will meet Tuesday at 6 p.m. at the ABC park to make repairs. Election of new officers will be held at next luncheon meeting. A minute of silent prayer was given for the men overseas to conclude the program.

"The boys who flew the raid last night now know that there are defenses there, but they also know that they are not as formidable as they have been made out to be by the Japs. From first to finish, it was an American show, with American planes, American bombs, American apparatus and American crews.

"The primary result of the attack against Yawata was surprise. The first dips over the target found that the area was unguarded against the destructive results of the bomb-loads. In itself, that since the iron and steel company in the harbor area is the factory that Japan needs to keep her war machine running against us and our Allies. What effect this bombing mission may have on the course of the war not even the people who have planned the raid will know, but it is an assured fact that the whole plan, mapped out long ago and carried through to relatively successful conclusion, has brought more importance to our long-range bombing program and similarly to the enemy's often-publicized defense plan.

Candidates' Names Given To Chairman

All candidates who have announced for county and precinct offices have filed their names with the county Democratic executive committee chairman, L. S. Patterson.

None have filed in addition to those who have made newspaper announcements, said Patterson.

A meeting of the county committee has been set for 9 a.m. Monday in Patterson's office. Assessments from candidates to pay election expenses will be determined and candidates will have until midnight Saturday, June 24, to pay the assessments. The ballots will be printed later.

Cubs Plan Collection

Dens No. 1, 2 and 4 of Cub pack No. 13 will make their next collection of paper on June 24. D. M. McKinney, Cubmaster, said Friday. In their last trip around the youngsters picked up a total of 4,000 pounds of paper, thanks to the help of Jimmy Beale, who furnished a truck, and the aid of D. K. Shelton, Mrs. L. D. Jenkins, Mrs. McKinney and Mrs. H. D. Stewart, said McKinney.

Allies Continue Speedy Advance Through Italy

ROME, June 16 (AP)—The Allies smashed forward from the Adriatic to the Tyrrhenian Sea today, some troops advancing as much as 25 miles in 24 hours, and capturing such important highway towns as Acquapendente, Narni and Terni along the way.

Farthest advance came by the Eighth Army in the capture of Todi, approximately 60 airline miles northeast of Rome, and only 85 miles south of the Pisa-Rimini line, where the fleeing Germans may make a stand.

There has been no sign of any organized enemy defense in front of a line running from Pisa on the west coast through the city of Florence to Rimini on the Adriatic.

The Fifth Army pushed above Lake Bolsena and captured Acquapendente, about seven miles north on Highway Two.

The Eighth Army captured the important industrial and communications center of Terni, 45 miles northwest of Rome, and the highway junction town of Narni, about seven miles southwest of Terni.

Other Eighth Army troops advanced ten miles north of Orvieto, and in the Adriatic sector the Nazis have withdrawn so rapidly that the Allied troops have been able to maintain only a slender contact with the enemy.

East of the lake besides taking Narni, whose capture first was announced yesterday, Terni and Todi, the Eighth Army sped on and reached Massa Martana, 16 miles north of Terni.

Just to the west of this area the Eighth Army pushed up Highway 71 to Ficule, 10 miles beyond Orvieto.

With the break in their lines the Germans have been suffering considerable casualties the last three days. Some have been running away, throwing down their equipment, and one Eighth Army armored regiment took so many prisoners that help had to be sent to bring them in.

Bombardier Team To Meet Angelo

Determined to break back into the win column, the Big Spring Bombardier School baseball team will tackle Goodfellow Field of San Angelo here Sunday at 3 p.m. in a game open to the public.

The tussle, which promises to be a lively affair, is scheduled for W. 8th and San Antonio, location of the old West Texas-New Mexico league diamond.

The Bombardiers have dropped their last three games, but two of them by close margins. They lost 4-3 to the Amarillo servicemen's team which only days before had dropped a 5-4 decision to an air corps squad studded with such big leaguers as Joe Gordon, Yankee great, etc.

Weakness of the Bombardiers has been in hitting. They have worked opposing twirlers for a good portion of walks and have landed lots of men on bases through errors but in the clutches somehow could not punch them around.

In batting practice the men have shown a disposition to hit more solidly and their fielding has shown substantial improvement. Stewart likely will be on the mound for the Big Springers.

Four Cases Brought Before Officials

Arrest of a man, indicted for forgery, fining of another for selling liquor to minors and fining of two drunks were included in county court and law enforcement activities Thursday afternoon and Friday morning.

William E. Peach, indicted for forgery in the last term of district court here, was arrested by the sheriff at Colorado City and transferred to Howard county jail Thursday afternoon.

James Swed, who was charged Monday with selling liquor to two youths under 21, pleaded guilty Friday morning in county court and was fined \$100.

Two persons were fined \$1 and costs for drunkenness in the court of Walter Grice, justice of peace.

Right Turns From Alleys Only Ones Legal, Says Chief

In an effort to avoid traffic jams and to reduce the number of minor automobile collisions, Police Chief J. B. Bruton said Friday that officers had been instructed to enforce rules which permit only right turns on entering or leaving alleys.

Left turns have been both a source of danger and confusion especially in the downtown section, he said. The chief also urged motorists not to cross traffic lanes when making turns. This simply means left turns should be made from the inside (near center of street) lane and right ones from the outside (next to curb) lane.

As for lanes on Gregg street, Bruton pointed out that the inside lane is the fast one and those driving in the lane next to the curb should regard this as a slow traffic lane.

Bible School Figure Gains At Assembly Of God Church

Enrollment had climbed to 210 Friday as the Assembly of God rounded out the first week of its annual Vacation Bible School.

Steady gains boosted the figure from 103 on Monday, the opening day, according to the Rev. Homer Sheats, pastor.

Friday morning the children were addressed at the general assembly hour by J. H. Greene. Saturday from 1 p. m. to 1:15 p. m. they will be heard over KBST.

Directing the program, which ends with graduation exercises the evening of June 23, are the Rev. and Mrs. Donald Walker of West Fork, Ark., who are now in their third vacation Bible school for the local church.

Farmers Urged To File Reports Soon

Acres measurements for 1944 practices may be determines for most farmers in the AAA office, M. Weaver, administrative assistant, said Friday in urging farmers to file compliance reports soon.

Some farmers may be delaying filing reports because they are too busy to measure acreage of contour listing and farming and other practices which will entitle them to payments. Most of the measurements may be determined by maps in the AAA office.

Approximately 100 compliance reports have been filed.
