

ATLANTIC HURRICANE WASHES SAVANNAH

The New 1948 Model

Presidential Candidates Shopping for Delegates

WASHINGTON—(AP)—Dixie Republicans had advance notice today that the presidential candidates are coming on an open hunt for support among the 200-odd delegates a dozen traditionally Democratic states will send to the 1948 GOP convention.

Harold E. Stassen announced that he is heading south in November for speeches and conferences in Little Rock, Ark., Dallas, New Orleans, Gulfport, Miss., St. Petersburg, Fla., and Orlando, Fla. His move may be matched the same direction.

Clayton Quits; To Stand by as Unpaid Adviser

WASHINGTON—(AP)—William L. Clayton quit today as undersecretary of state for economic affairs but agreed to stand by as an unpaid adviser to the secretary of state.

Phillips to Pay More for Crude

Phillips Petroleum Company officials at Bartlesville, K. S. Adams and Frank Phillips, announced today that the company has increased by 20 cents a barrel its offer for crude oil from producers.

Veterans to Organize For Military Funerals

All ex-service men are invited to a meeting at the American Legion Hall tonight at 8 o'clock.

Unskilled Laborers Needed in Pampa

Laborers are needed for jobs in Pampa, with openings for about 25 unskilled workers. Other jobs now open are for bookkeepers, sales clerks, domestic help, waitresses, printer, acetylene burner, pressmen in laundries and dry cleaning plants.

Two Intoxications

Fines of \$20 each were imposed on two men today, charged with intoxication, by Judge Clifford Braly in Corporation Court. No other cases were heard.

Winds of Gale Force Are Heading Inland

SAVANNAH, Ga.—(AP)—A hurricane sweeping in from the Atlantic lashed Savannah and its environs with 80 to 100-mile an hour winds today and moved on across Georgia losing force rapidly.

Towering waves whipped up by the wind battered lowly beach areas and high tides caused some flooded streets and roads along the Carolina-Georgia coast.

No casualties were reported here, but an unidentified Negro man was crushed to death by a falling tree near Charleston, S. C.

Winds of gale force were expected to reach inland 15 miles before subsiding.

First reports indicated limited property damage, but the National Guard said Chatham Airport had been hard hit. Several hangars were said to have caved in. At least two C-47's belonging to the National Guard were destroyed.

U. S. Highway No. 80 into Savannah was still open, but was littered with fallen trees. Worst damage in Savannah appeared to be uprooted trees and smashed windows. The brick front of the Rollinson Engineering Company collapsed into Bay Street in the downtown section.

The hurricane, which split the tropical storm which moves across Florida and out into the Atlantic last Sunday, passed over the Georgia coast between 6:30 and 7 a. m. Hunter Field reported 95-mile gusts when the anemometer blew away.

Tides were piling over the seawall at Savannah Beach and the Weather Bureau said further high tides were expected to inundate two-thirds of Tybee Island, on which Savannah Beach is located.

Waldo Spence, reporter for the Savannah Evening Press said a pavilion was unroofed at Savannah Beach and several small homes collapsed.

Evacuation of the beach areas was accomplished during the night. The highway linking Tybee Island and the mainland was under water. Spence, who crossed the causeway just before it was closed, reported the main blow struck the beach about 5:30 a. m.

At West Savannah Airport, Louis Spott of the Fleet Air Service reported two hangars unroofed and several planes damaged.

At Blitchton, Ga., trees were uprooted and small buildings damaged.

The Red Cross said it had been unable to make a check of damage due to the high winds which endangered lives of workers.

The Savannah Evening Press reported that numerous trees had been blown down. It also had un-

Brewers Offer New Grain Saving Program

WASHINGTON—(AP)—Representatives of the nation's brewing industry came up today with a grain conservation program they hope will be satisfactory to the Citizens Food Committee.

Meanwhile the committee, having eased the rules for "meatless Tuesdays" to encourage use of such by-products as liver and kidneys on that day of the week, promised further shifts in policy any time somebody thinks up a "better and faster way to save grain."

Chairman Charles Luckman said he does not want the people "to feel that this is an ironclad program and not subject to change."

The brewers planned to outline their grain-saving ideas to Luckman during the day in reply to his demand for "a reasonably substantial reduction" in the use of wheat and corn for beer and ale.

A high industry official who asked that his name not be used said the group would offer Luckman "a definite program." The chairman expressed dissatisfaction with previous pledges by the United Small Brewers Committee to:

1. Recommend to individual brewers that they eliminate use of wheat and barley grades of rice.

2. Ask them to release all wheat stocks on hand or under contract. Brewers use relatively little wheat.

Luckman said yesterday that the brewing industry had shown a "very cooperative" attitude in preliminary talks and that he expected it to express dissatisfaction with previous pledges of the United Small Brewers Committee to:

1. Recommend to individual brewers that they eliminate use of wheat and barley grades of rice.

2. Ask them to release all wheat stocks on hand or under contract. Brewers use relatively little wheat.

NO KIDDING! ALL YOU CAN GET FOR FIFTY CENTS—An Ozark, Mo., restaurant, operated by Mr. and Mrs. Art Smith, always has a big crowd of customers waiting to get in. Reason? For fifty cents you get all you can eat and the Sunday menu includes chicken and dumplings, roast beef, gravy and dressing, lots of vegetables and side dishes, and desserts. The family-style serving takes care of over 800 persons every Sunday.

Passengers, Crew Are Rescued From Giant Flying Boat

NEW YORK—(AP)—All 62 passengers and the crew of seven have been rescued from the giant flying boat, Bermuda Sky Queen, which was forced down in the storm-tossed north Atlantic yesterday.

Coast Guard headquarters here announced today.

Completion of the rescue, which began last night, was reported by radio shortly after 5 a. m. (CST) in a message from Capt. Paul B. Cronk, skipper of the Coast Guard cutter Elbb, which took the 69 aboard after standing by the stricken plane since it landed in high seas 820 miles off the Newfoundland coast.

The Coast Guard said it had notified the Bibb to destroy the abandoned plane as a menace to navigation and to proceed to Argentina, Nfld., with the rescued passengers and crew. The Bibb is expected to arrive at Argentina early Friday morning.

The message from Cronk said: "All passengers and crew aboard. Will advise further passenger details after careful check. Recommend plane be destroyed. Pilot Martin agrees."

A second message from the cutter captain fixed the number of rescued at 62 passengers and seven crewmen. Earlier reports had a total of 62 persons aboard the plane.

Seventeen men and a woman remained aboard the wave-tossed airliner last night awaiting daylight and the resumption of the Coast Guard's rescue operations which earlier had transferred their companions to the Bibb.

The plane was forced down when it ran short of fuel while bucking heavy headwinds on a flight from Ireland to Gander, Nfld., and the Coast Guard cutter went to its aid.

Milk Price Hike Slated for Pampa

Pampa milk consumers will soon feel the effects of the 70 cents per hundredweight milk increase when they have to dole out two extra cents per quart of milk here.

The two-cent hike will become effective at Heard's Creamery on October 18 while officials of the Plains Creamery here said they had no statement to make on the price increase yet.

B. S. Watkins, milk sales manager of the Borcen Creamery in Amarillo, said today that the milk will "in time have to go up" in line with the 70 cent boost forced on them by the dairymen. However, he added there has been no raise in prices set definitely for Pampa consumers, or for Amarillo consumers. He added that he did not know when it would go up.

The two-cent raise applies to sweet and homogenized milk.

The overall raise was expected since the dairymen's demand this week on the 70 cents increase per hundred pounds of raw milk. The dairymen told Amarillo newspapers they were taking the full blame and the rise was no fault of the creameries. The dairymen in turn blamed the increase costs of producing milk as reason for their action.

In addition, to the milk price jump, a grade "A" milk shortage has already hit Amarillo and is fast reaching Pampa. The shortage is being attributed mostly to the long summer drought and the drying up of producing cows during the calving season. City Health Inspector Ray Salmon revealed several days ago.

PAAF Not Reopening Maintenance Chief

The rumor that Pampa Army Air Base is to be reopened has a good deal of persistence.

Robert E. Knott, facility supervisor for Rudy-Prins Co. of Dallas, told The News from the field this morning that a number of persons each day have been calling him, asking for a job "when the base opens again."

Knott, who heads a crew of nine men charged with "protecting" maintenance by contract through Rudy-Prins, said he had checked all sources and had found nothing to indicate the base was to be reopened.

The present rumor began several days ago, but it has been circulated intermittently almost from the time it was closed two years ago.

School Officials Explain Pampa's Salary Situation

An Associated Press story stated yesterday Pampa is among five schools having protested the provision of the state school salary law.

The State Board of Education Monday authorized a subcommittee to present salary schedules and arguments of these school districts to the attorney general for an opinion on whether they meet the requirements of Texas school laws.

The story continued that L. A. Woods, state superintendent of public instruction, quotes Pampa teachers as saying some Pampa teachers are below the state pay schedule, while the majority are far above.

"Supr. Knox Kinard said this morning no protest had been filed, that a letter had been sent outlining the situation here, at the request of the State Board of Education.

"We haven't told anybody we wouldn't do anything," Kinard said, "but we believe we have complied with the spirit of the law, and we think the local system should have some voice in application of the law."

Both Kinard and Ray Wilson, president of the school board, said the state's only question concerning the Pampa pay schedule was one of increment, or yearly increase in pay for experience. Pampa also has \$60 per year, while the state schedule calls for only \$54. However, the local system allows only one increment for two years' experience.

Local Bakery To Cooperate in Saving of Grain

Pampa's only wholesale bakery, The Pampa Baking Company, 643 W. Foster St., this morning indicated its intentions of cooperating with the President's food conservation program by eliminating as much as possible the heavy stocking of grocery stores and food markets in order to cut down the pick up of stale bread.

Frank Rapstine, manager of the plant, said this morning he believed the eliminating of this system, or its modification, will aid a great deal in grain saving. He estimated that at least five percent of baking flour could be saved by a more constant delivery system.

For the past several months the Pampa Bakery has been cutting down on the overloading of bread counter of grocery and food markets in Pampa and vicinity.

According to Amarillo sources, Brown Bread of the Main Bakery has been asked to take the initiative on a Pampa-wide bread conservation program. A meeting of wholesale bakers of the Panhandle area is in the offing, but no definite date has been set for the session.

This too came in line with the President's four point program calling for cafes not to serve bread and butter unless requested by the patron.

What those persons who do have to depend on cafe and restaurant for eating is a matter of conjecture.

During the afternoon meeting of the City Commission yesterday afternoon, Mayor C. A. Huff approved the naming of a local Citizens' Food Committee in conjunction with a form telegram sent to the mayor of each city in the United States under the signature of Charles Luckman. The full committee has not been named to date.

KNOW YOUR NEW UNIFORM HIGHWAY TRAFFIC CODE

"Sec. 104. The driver of a vehicle upon a highway outside of a business or residence district upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus but may then proceed past such school bus at a speed which is prudent, not exceeding 10 miles per hour, and with due caution for the safety of such children." (b) All vehicles used for the transportation of pupils to and/or from any school or college, shall have a sign on the front and rear end on each side of said vehicle, showing the words "School Bus" and said words shall be plainly readable in letters not less than eight inches in height and the words "School Bus" shall be removed or covered when the vehicle is not in use as a school bus.

ROSTRUM DEBUT—Head delegate to the U. N. from the new Moslem state of Pakistan, Sir Mohammed Zafrullah Khan, is pictured making his first major speech before the world organization. He declared that partition of Palestine into Arab-Jewish states was "physically and geographically a monstrosity."

Contract Is Let For Tax Survey

Without participation of the County Commissioners' Court, a joint meeting of the City Commission and Pampa Independent School District yesterday afternoon entered into a contract with the Southern Appraisal Company to conduct a tax equalization survey of all real estate property, industrial, commercial, and utilities inside the city limits and school district property located outside the city limits at a total cost of \$12,500.

In the agreement the city will get a survey of all real property in the city, business, commercial establishments, utilities and industries. On the other hand the School Board will get a survey of all real property in the city, business, commercial and industrial except utilities and will get in addition a survey of all lands and buildings outside the city limits that are in the Independent School District territory.

The move came after the public hearing set for 2 p. m. to hear objections was held. The hearing itself was devoid of any citizens approving or protesting the survey. It had been advertised three times in The Pampa News.

Cost of the project will be divided equally between the two agencies.

Since July 16, when the recommendation for a scientific property valuation survey was first made to the City Commission by the Equalization Board composed of William T. Fraser, DeLea Vicars, Charles Burton, Irwin Cole and C. P. Buckler, the City Commission, School Board and County Commissioners' Court have met at intervals in joint sessions to determine the advisability of the survey.

In the Equalization Board's recommendation to the City Commission, he declared that partition of Palestine into Arab-Jewish states was "physically and geographically a monstrosity."

Phillips to Pay More for Crude

Phillips Petroleum Company officials at Bartlesville, K. S. Adams and Frank Phillips, announced today that the company has increased by 20 cents a barrel its offer for crude oil from producers.

The price, which will make the top price \$2.15 here in the Panhandle, according to the statement, became effective at 7 o'clock this morning.

The top in the Panhandle heretofore had been \$1.95.

Veterans to Organize For Military Funerals

All ex-service men are invited to a meeting at the American Legion Hall tonight at 8 o'clock.

A firing squad and escort for military funerals is being organized, for service at local funerals, especially at re-interment ceremonies where bodies are being returned from overseas.

Unskilled Laborers Needed in Pampa

Laborers are needed for jobs in Pampa, with openings for about 25 unskilled workers. Other jobs now open are for bookkeepers, sales clerks, domestic help, waitresses, printer, acetylene burner, pressmen in laundries and dry cleaning plants.

Lewis Is Fighting Battles With AFL

SAN FRANCISCO—(AP)—John L. Lewis, stripped of a vice presidency in the AFL after a historic outburst of name-calling among the Federation's top leaders, faced still another battle today over his miscellaneous collection of unions in Mine Workers' District 50.

Underneath the current bitterness which swept the 66th annual convention was the growing threat that Lewis still might take a walk with his 600,000 United Mine Workers over the District 50 controversy.

His organizers have been stepping on a lot of toes within the Federation, even since his return to the AFL in January, 1946.

But anti-Lewis forces cheered by the ease with which their overwhelming numbers set down the UMW president yesterday, went right on with plans to bring the jurisdictional squabbles with District 50 before a tribunal which he could not control.

The fight was due to come over conflicting resolutions offered by a majority of the resolutions committee headed by a long-time Lewis critic, John P. Frey of the metal trades department, and a minority represented by Thomas Kennedy, secretary-treasurer of the UMW.

Lewis took the gloves off in his first convention speech yesterday, stinging the leadership into fighting mood by calling them "intellectually fat and stately asses," and adding:

"On this issue I don't think the federation has a head. I think its neck has just grown up and haired over."

The issue he referred to was the signing of non-Communist affidavits. That's what started the convention floor battle which was perhaps the hottest since Lewis topped William L. Hutcheson, the carpenter's boss, with one punch at the Atlantic City convention in 1935.

Lewis took the members out of the federation after that and formed the CIO. He fell out with the CIO after 1940, however, and made his peace again with the federation six years later.

Hardware Dealers Hold Meeting Here

Pampa was host last night to members of the Panhandle Hardware and Implement Dealers Association at a group meeting held in the Palm Room of the City Hall.

Following the banquet served to members and guests, E. O. Wedgeworth, manager of the local Chamber of Commerce, delivered the welcoming address to the organization and led them in group singing, accompanied by Ken Bennett at the piano.

The business meeting was carried out with discussions on business policies pertinent to the dealers, in their particular types of business, with A. S. Metzger, president of the organization, of Lubbock; Travis Lively, of Pampa; W. T. Richey, of Amarillo; Lloyd Boxwell of Dumas; and Howard Lane, of Panhandle, leading the discussions.

Attempt Made to Rob Grave of Gypsy Queen

MERIDIAN, Miss.—(AP)—An apparent attempt has been made to rob the grave of Kelly Mitchell, Gypsy Queen buried here in 1915, authorities discovered yesterday.

Informing that a man arrested in Texarkana, Texas, carried a diagram of Rosehill Cemetery and clippings saying gold, silver and jewels had been buried with the Gypsy Queen, officers led by Sheriff's Deputy A. B. Ruffin investigated.

Ruffin said he found intruders had dug holes through the concrete vault in which the Gypsy Queen's casket lies but had been unable to penetrate the steel vault itself.

DEIVED SYSTEM

Dr. A. E. Douglas, who devised the system of dating ancient ruins by the growth of rings in the trees used by the ancient builders, is an astronomer. By studying these annual rings it is possible to tell almost to the year when the timber was felled.

Most spiders have eight eyes arranged in rows across the head.

O'Daniel Declares Marshall Plan Is Perfect for Russia

LUPKIN—(P)—U. S. Senator W. Lee O'Daniel declared in an interview here yesterday that the Marshall Plan could not have been more satisfactory for Russia if it had been written in Moscow.

He told the Lufkin Daily News that "for the six years I have been in Washington I have constantly warned the nation of the danger from Communists in high government positions. This plan for giving all of our wealth and resources to European countries is proof of this."

The Texas junior senator said Russia's chief desire was to lower this nation's economy to a point where America would be a fertile field for Communist efforts and the plan for giving "all of our money" to Europe was in line with the Communist plan.

"Russia knows that sooner or later it will take over Europe so it is waiting for us to put those countries on their feet at the expense of our own economy, and then it will not have to do the job itself."

O'Daniel has traveled 5,000 miles over the state since his return from Washington after Congress' adjournment. He said he was not campaigning for reelection but "it looks like my enemies are going to mob me if I don't run."

O'Daniel's term expires next year.

Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalies to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy peeps SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

Railroad Commission Sets Public Hearings

AUSTIN—(AP)—The Railroad Commission has set public hearings on applications for discovery allowables, as follows:

Nov. 5—Application of Coastal Refineries, Inc., and M. L. Mussingill for a discovery allowable and new field designation for their Garcia Land and Livestock "A" well No. 1, Hidalgo County.

Nov. 14—Application of the Standard Oil Company of Texas for a discovery allowable and new field designation for its Covery-Bates No. 1, Grayson County.

Bombs in Car Trunk Prove to Be Fireworks

CLEVELAND — (P)—Six bombs confronted Steve Loska, 19, yesterday when he opened the trunk of the used car he had just purchased.

Hurrying to a phone, he had a squad car, several detectives, a ballistics expert and a few assorted policemen on the scene in a jiffy.

Investigation disclosed the car's former owner was a fireworks manufacturer, who had forgotten to remove all of his samples.

GILBERT'S PRESENTS THE AND 3 DAY CLEARANCE THURSDAY - FRIDAY - SATURDAY

GILBERT'S
"PROGRESSING WITH PAMPA"

Just How Far Can a Bible Salesman Go?

HOUSTON—(AP)—How far can a Bible salesman go when he is selling a Bible at around \$22, illustrated, printed in large easy to read type and brought up to date with latest translations?

Police debated this question today as they held stocky, personable young salesman on the complaint of a housewife that he tried to hypnotize her.

The 27-year-old housewife told police the man stopped at her house, got his foot in the door, and that a moment later she was sitting on a divan with the salesman, the Bible between them.

"You're going to buy this Bible," she said the man told her. "You're going to buy this Bible."

She told police she said she didn't want to purchase the book and that she wished he would leave.

But, she said, the man, speaking in low, spaced words, replied: "You're going to buy this Bible. You're going to buy this Bible."

CARNIVAL

BY DICK TURNER

"I'm sure Stacy's don't want you to fret over the bill I can there! See? Right here on the envelope it says 'In five days return to sender!'"

The housewife said the man peered at her with the intentness of a hypnotist and held the Bible before him.

She said he followed her across the room until she backed over a chair. The fall, she said, broke the spell and she was able to run to a neighbor's house and call police.

The man was arrested as he pressed the door bell at a home in the next block.

Spider webs usually are built on the south sides of trees.

Mobeetie Items

MOBETIE (Special) — Mrs. Clifford Walser has been elected president of the Parent-Teacher Association which was organized at a meeting of the parents and teachers at the high school here last Thursday.

Other officers elected during the meeting were Mrs. G. J. Van Zandt, vice president, Mrs. R. C. Martin, secretary, and Mrs. Alfred Hill, treasurer.

Following the election, the president appointed chairmen for several necessary committees. The second Thursday night of each month was designated for regular monthly meetings.

During a hour of fellowship after the business session, refreshments of cake, coffee and punch were served.

Historical Group Reelects Officers

AUSTIN—(AP)—Officers of the Texas Library and Historical Commission today began new terms after reelection here yesterday to serve until Aug. 31, 1948.

Reelected were L. W. Kent, Houston, chairman; Laura Aline Hobby, Dallas, vice chairman; and Mrs. Herbert P. Gambrell, Dallas, secretary.

Employees to Receive Year-Long Vacations

LOS ANGELES—(AP)—The American Electric Motors Inc. of Los Angeles, announced today a plan to give one year paid vacations to em-

ployees who have completed 10 years service.

Philip W. Zorn, vice president and treasurer, said that "primarily we are seeking to build a permanent family of steady-working, faithful employees and prevent any management-employee problems."

Tax Survey

(Continued From Page 1)
property interests in Gray County. The Board has as its reasons for undertaking the survey the fact that the city was growing and new types of businesses, new homes, and buildings of new construction material were being erected resulting, in their honest opinion, that it was next to impossible for them, or any other Equalization Board, to make a fair equalization of taxes throughout the city.

The three groups consulted with the representatives of three firms, covering the services rendered along with their prices. The three firms answering the call for bids and consultation were The Southwestern Appraisal Company, an associate of Fritchard and Abbott of Fort Worth; George G. Ehrenborg Co.; and The Whitney Appraisal Company.

The tax survey will be conducted under a "unit value system" and will be made by engineers taking the true measurements in length, breadth and depth of buildings and lots, the building's construction and its present condition and then applying a 1941 or 1942 value to them.

Lots will also be valued as to their accessibility taking into consideration approaches to them by paving, curb and gutters, alleys, sewer lines, water mains and fire hydrants. However, the engineers will not take inventories of stock on hand of business houses but will use the available inventories on hand as made

by the owner. A land board, composed of local citizens, will be appointed to aid the engineers in an advisory capacity in setting up the lot and land value according to the mentioned accessibility. Upon completion of the survey next year another equalization board will be named to meet and hold public hearings on the property assessments. The survey is to begin within the next few days and is expected to be completed in time for use in making up the 1948 tax rolls.

Mayor C. A. Huff stated openly yesterday afternoon that the employment of this firm will not do away with the local Tax Equalization Board and has been designed to equalize the taxes locally and not to increase them.

Scheduled joint meetings between the mayor, George Scott of the Pampa School Board and the County Commissioners' Court have been called on several occasions during the past three weeks, but have always been postponed because of the absence of one or more county commissioners.

As a result the City Commission and the School Board met yesterday afternoon in joint session and entered into the contract with the Southwestern Appraisal Company.

This same company has conducted similar surveys for Alice, Orange, White Deer Schools, Wilmer-Hutchins Dallas County Schools, Ector County, Troup, New London Schools, Jones County, Gregg County, Monahans, Gainesville Schools, Hawley Schools, Pank County, Jim Wells County, Odessa, Lamesa city and schools, Chambers County, Titus County, Spearman Schools, Perryton city and schools, Gladewater Schools, Henderson Schools, Slaton, Uvalde, Andrews County and Anson.

Winners

(Continued From Page 1)
cott, Narita Lynn Sasser, Harold Hammit and Billy Hogan; Fifth Grade: Gary Griffin, Jeanne McInturf, Patricia Lunford and Kent Upton.

Baker School poster winners were: Fourth Grade, Gladys Tice, first; Norman Jean Salmon, second; and La Wanna Andrews, third. Fifth Grade: Donna Sue Daniels, first; Joyce Ann Brooks, second; and Patsy Teague, third.

Riding a fire truck from Baker School were: First Graders Gary Wills, Buddy Miller and Jimmy Brown; Second Grade, Glenda Adams, Joe Eldon Prater, and Gene Davis; Third Grade, Carla June Rhodes, Betty Lou Fleming and Fred Broadbent.

Association Names St. Louis Man Head

FORT WORTH—(AP)—Dr. Neil S. Moore of St. Louis was elected president of the South Central section of the American Urological Association here yesterday. He succeeds Dr. Harold T. Low of Pueblo, Colo.

Other officers named included Dr. Frank S. Schoonover of Fort Worth, vice president, and Dr. W. J. McMartin of Omaha, Neb., secretary-treasurer for another term. New directors include Low, Dr. Everett Angle, Lincoln, Neb.; Dr. Robert Akin, Oklahoma City, and Dr. Daniel R. Higbee, Denver, Colo. St. Louis was selected as the 1948 convention city.

Plans Made for Quartets' Parade

Officers of the Top o' Texas Chapter of the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America, report that plans are complete for the staging of the first official Parade of Quartets to be held in Texas, which will be presented in the Junior High School Auditorium, Saturday night, November 22.

Several of the outstanding quartets of the Southwest have accepted invitations to attend the Parade, including the Flying L Ranch Quartet, of Tulsa, which is the official quartet of Governor Roy J. Turner, of Oklahoma; the Borsome Foursome, of Oklahoma City; the Faith City Four, of Wichita Falls; the Hub City Four, of Lubbock; and many others.

Tickets for the event went on sale this morning and may be secured from any member of the local SPEBQSA chapter. From the interest manifested to date officials anticipate a complete sell-out of tickets before show time.

The local unit boasts a membership of 40 singers, headed by Dr. Calvin Jones. The sole purpose of the chapter is to provide wholesome entertainment to its membership and to provide a source of

entertainers for local civic organizations and clubs. Several of the local quartets have appeared at local gatherings and at gatherings throughout the area, and on all occasions have been accepted overwhelmingly.

School Days

So you are going to educate that child of yours. Fine! But you owe him more than "reading, writing, and arithmetic." Someone has said: "An uneducated thief will steal a piece of coal; an educated thief will steal a railroad."

To train a child's mind without regenerating his heart is as dangerous as putting a loaded gun into his hands. You are increasing his capacity for evil. The primary duty of Christian parenthood is to bring the children God has given us to a living faith in Jesus Christ, their Savior. "These words which I command thee this day shall be in thine heart; and thou shalt teach them diligently unto thy children."

Are you setting your child a Christian example? Have you taught him that "the fear of the Lord is the beginning of wisdom"? Have you spoken to him about Christ and His salvation? If not, our church—its pastor and its people—stands ready to help you. Come thou with us and we will do this good.

By HAL BOYLE
BEMIDJI, Minn.—(P)—Chance lies behind the founding of many towns and cities, but in none more so than this community that likes to be called "Icebox of America."
 The Bemidji—named after a famous Indian chief—owes its existence to a man who thought he had found something he hadn't. And the town has also made itself famous as the birthplace of a man who never lived—the legendary woodlogger Paul Bunyan.
 The man who thought he had found something here he hasn't was a homesteader who plected up a brilliant stone in 1894 and thought it was a diamond.
 Well, it wasn't. By the time New York experts got around to deciding it was only quartzite, the town of Bemidji had been born.
 There were no diamonds but the whole area was a sea of emerald wealth—great stands of forest pine that made it a lumber center. Tales of Paul Bunyan, the granddaddy woodlogger of them all, became folklore of the region, and a number of years ago Bemidji staked out its claim as Paul's home town.
 Townspeople built a twenty-foot painted concrete statue of Paul and "Babe," his blue ox, on the shores of Lake Bemidji. The monument is visited annually by an estimated 300,000 vacation tourists.
 In the adjoining colorful "fire-side of states," built with stones from every state in the union, they hear tall stories of the mighty Paul, such as:
 How his hotcakes were cooked on a griddle as big as a pond, greased by ten swamper who skated across it with slabs of bacon tied to their feet.
 How the "winter of the blue snow" was caused by Paul swearing blue streaks after hitting his thumb with a 16-pound hammer. Conversation froze in the air that terrible winter, and when spring came and melted it there was a terrific din of backed-up words.
 How it took one man's full time to keep Paul's pipe shoveled full of tobacco. Everytime he took a puff the loggers thought it was a new forest fire.
 How Bunyan built a bunkhouse so large the top stories were hired in order to let the moon go by; and a cookhouse so large one cook got lost between the flour bin and root cellar, and almost starved before he was found.
 How the blue ox "Babe" once made the Mississippi River flow backward by taking too deep a drink, and created Minnesota's 10,000 lakes by her stamping and pawing.
 How Bunyan's camp bookkeeper, Johnny Inksinger, ran a hose from a barrel of ink to his pen and thus invented the fountain pen. He saved five barrels of ink one winter by not crossing his "T's" or dotting his "I's."
 How Paul and his men, hearing Kansas was covered by whisky trees, went down to set up lumber camps there. Between drinks they cut down all the whisky trees—and Kansas is still dry to this day.
 In Bemidji the local residents feud with other Minnesota communities claiming cold weather records—it fell to 45 degrees below zero last winter. They're proud of the nickname—America's Icebox.

Faculty Commended On Care of Veterans

AUSTIN—(P)—President T. S. Painter yesterday commended the University of Texas faculty and other members of the staff on "the splendid way" they met the demands of veterans during the past year.
 Dr. Painter told the general faculty that a review of events during the past year indicated the outstanding development at the university was the great increase in student enrollment since the spring of 1946.
 The major accomplishment, he continued, was the "way in which this faculty and other members of this staff unselfishly met the many problems incident to this huge increase with a minimum of confusion and delay."
 Dr. Painter acknowledged that the university has "many problems to solve," but added that "as long as we are guided by a spirit of doing what is best for the university in the long run, we need have no fear of going astray."

Weightlifting Becomes Literal

PHILADELPHIA—(P)—The art of weightlifting, it seems, can become very literal at times.
 Two scales were sent to Philadelphia Convention Hall for the recent world weightlifting championships. When the scales company called for the scales Saturday, only one was to be found.
 Sponsors of the championships began searching with growing concern. The missing scale—all 400 pounds of it—finally was located in a room of a hotel five blocks from Convention Hall.
 The walrus lives in northern near-polar regions in small herds.

Alice Faye Wants to Make Another Picture

By BOB THOMAS
HOLLYWOOD—(P)—Alice Faye, who was the queen of 20th Century-Fox musicals for a decade, wants to make another picture.
 Since her return to the screen in the middlingly successful "Fallen Angel" two years ago, Alice has been content to devote her talents to her family and her air show with Phil Harris. Although she has turned down "Sitting Pretty" as well as other scripts, she has told her studio she wants to work again.
 Alice and Phil have agreed that she should return at her best, which means a color musical. She would like to be with the old troupe of Ty Power, Don Ameche and Jack Cagney. That's a combination that would set the marquee humming again.

GOOD HOOD on a sporty shorty topper fashioned from De Land's wool and camel hair by Tilly Schanzer.

The Smart New Millinery is off the Face

Every Hat in Anthony's large selection . . . is new . . . smart . . . beautiful . . . the rich soft felts in fall's newest colors will brighten any costume . . . and they are at prices that you can't resist.

A break in the Al Jolson-Larry Parks difficulties may be in the offing. They had lunch together and discussed their differences of opinion. Jolson feels sure Larry will appear in the sequel to "The Jolson Story." Larry however, says the situation is still the same and everything hinges on his suit to break his Columbia contract.

The Cornell Wildes had a phone booking to New York Friday but missed it by oversleeping. So they booked themselves on four other flights to make sure they got on. Cornell balked at going "Walls of Jericho" but agreed on condition he would get a three-month vacation when he finishes it, plus chance to do a play next summer.

Joan Fontaine and Robert Montgomery have long yearned to do a picture together and next spring they may get their wish. They are hoping to do a drawing room comedy. Each owns stock in the other's production company, but the only problem is which company would make the picture.

Glenn Ford may not get his vacation after all. He thinks he might do "Carmen" with Rita Hayworth. Theatre owners would welcome a re-teaming of the explosive combination of "Gilda." Glenn hasn't had more than five days away from picture making since he got out of the Marines two and a half years ago, but he isn't complaining. "I'm lucky to be working these days," he says.

Four Beauties to Give Governors Competition

MEMPHIS, Tenn.—(P)—Governors of two states and beauty queens of four will vie for a share of the spotlight when Texas and Arkansas, two Southwest football powers, tangle in neutral Crump Stadium here Saturday.

Gov. Beauford Jester of Texas has made reservations to stop over for the game en route to the Southern Governors' Convention at Asheville, N. C. Arkansas' Gov. Ben Laney also plans to attend.

But these executives stand a chance of going virtually unnoticed in a promised sellout crowd that also will include Miss America—Barbara Walker of Memphis—and the 1947 queens of Texas, Arkansas and Mississippi.
 The beauties will occupy a single box on the 50-yard line. Besides Miss America, they are Pam Camp of Little Rock, Miss Arkansas; Lynn McClain of Lufkin, Miss Texas, and Kitty Bailey of Oxford, Miss.
 Less than 1,000 tickets remained unsold today and a capacity crowd of around 36,000 is assured.

'47 Attendance In Major Loops All-Time High

CHICAGO—(AP)—For the second consecutive season American League teams played before more than nine million fans, helping to set a new all-time high for Major League baseball attendance.

The official 1947 attendance for the A. L. of 9,485,609 was a decrease of 135,113 from the 1946 total. The drop was mainly caused by poor weather at the start of the season.

The National League drew an unofficial count of 10,390,289—boosting the overall total to a new high of 19,875,898. The paid total last year was 18,534,444.

The world champion New York Yankees led all clubs by drawing 2,178,937. They took the pennant so easily that it may account for the drop from their last year gate of 2,265,512. The 1946 mark set by the Yankees third place club stands as the Major League record.

The Brooklyn Dodgers' drive to the National League flag attracted an unofficial 1,807,596 which topped the senior circuit turnstile count. This was a climb of 10,772 over 1946.

Babe and Polly Riley Lead Women's Tourney

FORT SMITH, Ark.—(AP)—Led by Mildred (Babe) Zaharias of Denver and Polly Riley of Fort Worth, nine entrants started a second day of medal play in the Hardacre Country Club's annual Women's Open Golf Tournament here today.

Mrs. Zaharias and Miss Riley yesterday shot 76's—three under women's par of 79—in the first 18 holes of the 72-hole event. Patty Berg of Minneapolis and Carol Dinger of Tiffin, O., were close behind with 77's.

Other first-round medal play scores included:

Betty Jameson, San Antonio, 79.
Betty Mims White, Dallas, 84.
Mrs. R. E. Winger, Fort Worth, 85.

Passing Seems to Be Best Way to Hit Enemy's Goal

NEW YORK—(AP)—College football coaches are leaning, it appeared today, that the surest way to push a pigskin toward the other fellow's goal is to throw it—provided you have somebody who can propel it in the proper direction and somebody else

This was indicated more or less clearly in the weekly statistics of the National Collegiate Athletic Bureau, which show that the outstanding forward passers of 1947 are far ahead of their predecessors in the matter of accuracy and that all aerial records are in danger.

Rex Olsen of Brigham Young University, the leading passer at the moment in the number of successful tosses, has completed 91 forwards in four games covering a total of 599 yards.

Behind him in the bureau's rankings come Charlie Conerly of Mississippi with 46 completions, Norm Van Brocklin of Oregon with 38, Gene Bourdet of Montana State with 34, Johnny Rauch of Georgia with 30, Johnny Bowler of Texas Mines with 27 and five others with 25 each.

Most of them have played four games, but Perry Moss of Illinois has completed 25 passes in three contests, and Johnny Lujack of Notre Dame has been on the throwing end of 25 successful pitches although the Irish have participated in only two games.

The terrific pace being set in the aerial department is accentuated by the fact that Travis Tidwell of Auburn was leading the country at this point a year ago with 27 completions and that in the history of college football only two players have completed more than 100 passes in an entire season.

Wilson (Bud) Schwenk of Washington State led the nation in 1941 and Ray Evans of Kansas completed 101 in 1942.

Tidwell completed only 79 passes last year when he led all the passers in the country.

Olsen, or any of a dozen other aerial artists, could wipe out Schwenk's completion record as well as mark of 1,457 yards gained on passes in a season—set by Davey O'Brien at Texas Christian in 1938 and tied by Schwenk in 1941.

FRANKS WINS EAST TEX. OPEN
TYLER, Tex.—(AP)—Lafayette Franks of Longview captured the East Texas professional golf tournament here yesterday with a two-over-par 298, three strokes ahead of Ralph Morgan of Tyler.

Franks and Morgan tied for the title last year.

Jack Smith of Marshall finished third with 303.

GOODY TO FIGHT IN EL PASO
EL PASO, Tex.—(AP)—Arturo Goody, South American heavyweight champion, and Jack Marshall of Dallas, Southern heavyweight fighter, will meet here Oct. 22 in a ten-round bout.

Meat supplies will drop in the year ahead, leaving consumers even more meat-hungry than now—John F. Krey, chairman, American Meat Institute.

Javelinas Seek Two Scalps For Complete Revenge

KINGSVILLE—(AP)—Two more scalps and the rampaging Texas A. & I. College Javelinas will have exacted as complete revenge as possible for their disastrous 1946 season, when seven out of nine teams downed them.

Each of A. and I.'s four straight victories this fall has been over a team that defeated the Javelinas last year.

McMurry, whom they play at Abilene Saturday night, and Corpus Christi Naval Air Station, which comes here Nov. 8, are the only teams remaining on the schedule of those who defeated the Javelinas last year. Abilene Christian College beat A. and I. in 1946 but the two teams do not meet this fall.

There have been intimations that the Javelinas are getting even with the Lone Star Conference—and A. and I. has been three teams from that circuit—for not approving their bid for entrance into the loop. But full-back (Frog) Adams of Poteet says: "We haven't anything against any conference; we're just out to get the teams that got us last fall."

This doesn't mean that Coach Dewey Mayhew's men are taking lightly the teams they beat last year—Sul Ross and Stephen F. Austin. Both, beaten only after bitter struggles, are reported considerably stronger.

As an indication of the Javelinas' comeback, a year ago they had not scored a point, while their opponents had made 109. To date they have made 79 to their opponents' 34. Here are their results with last year's scores in parentheses: Howard Payne, 19-14 (0-27); Sam Houston, 28-7 (0-20); Southwest Texas, 13-0 (0-20); and University of Houston, 13-0 (0-34).

As miraculous as the A&I comeback looks on paper, there is nothing supernatural about the Javelinas' improvement.

First, they have experience. There is nothing outstanding about a total of 14 returning lettermen, but that is vastly better than the three Mayhew started with last season.

Furthermore, this year the Javelinas are operating with the full number of athletic scholarships permitted by the Lone Star Conference, 55 (although some have been allotted the "minor" sports), instead of the 30 utilized last fall. Injuries haven't been quite as numerous as in 1946.

Most important, however, has been the line play. "Aggressive and alert" is the way Mayhew describes the forward wall.

And how has Kingsville, whose chief claim to sports fame for the past few years has been the race horse Assault, responded? Well, overflow crowds have attended all three home games, (the 7,000 crowd at the University of Houston game ranks among the best for the smaller Texas colleges this year) and to be certain of a seat, fans are showing up two hours before game time.

Mayes Has Scored More Than Half of Harvester Points

Completing the first five games of their 1947 season, the Pampa Harvesters have an open date this week before swinging into their five game conference schedule in Plainview, October 24.

The Harvesters finished their non-conference tilts with a record of three wins and two losses. They scored 95 points to their opponents' 82.

Of the total 55 points, the local grid men have scored Carl "Red" Mayes, 175 pound halfback and fullback has run the ball across the opposing teams goal line nine times for a total of 54 points, more than half of the total Harvester points. The pass combination of Laifoon to Davis was good for the three touchdowns and Anderson and Williams have scored one each. Anderson has kicked nine points after touchdowns; Davis has kicked two.

Longhorns Open Conference Play Against Arkansas

MEMPHIS, Tenn.—(AP)—Titanic Texas, third-ranked among the nation's college football teams, opens its Southwest Conference feud with once-beaten Arkansas here Saturday and Coach Blair Cherry figures the time couldn't be less opportune.

"The Arkansas boys probably lost last week because they were looking over Baylor's head to this game," comments the new top tactician of the unbeaten Longhorns. "They'll be on the rebound."

Cherry describes his crew, which has rolled up an average of better than 30 points a game in disposing of Texas Tech, Oregon, North Carolina and Oklahoma, as "a good team—not a great team."

Then he adds: "Arkansas is capable of beating us."

Drawing Coach John Barnhill of the Razorbacks, conference champions and Cotton Bowl hosts last year, says he has learned. "They should beat us by 50 points," he says.

Plainview Fighter Outpoints Kenny in Eight-Round Match

BROOKLYN, N. Y.—(AP)—Lavern Roach, the ex-Marine from Plainview, Tex., racked up another victory here last night, outpointing Jack Kenny of Newark, N. J., in the eight-round feature match at the Broadway arena.

Roach, who weighed 158 1/4 at Kenny's 162, had little trouble in downing the Jersey fighter.

Kenny staggered Roach with a right to the jaw in the fourth round, but Roach's superior boxing dominated the fight.

Roach's left eye was cut in the bout, and Kenny's right eye was cut.

Referee Ruby Goldstein voted five rounds for Roach, two for Kenny and one even. Judge Joe Ryder gave Roach six, Kenny one and even.

Judge Harold Barnes awarded Roach seven and Kenny one round.

This choosing up of sides in Europe is following a policy that leads to war and not to peace—Gov. J. Strom Thurmond of South Carolina.

Southwest Conference Grid Chart

Team	W	L	T	Pct.	Pts.	Opp.
Baylor	3	0	1	1.000	69	16

Odessa-Sandie Duel Feature Of Week's Play

By The Associated Press

Thirty conference games bring the Texas schoolboy football race slam-bang into the big middle of the battle for the championship this weekend.

Six of the contests are major affairs, one of them matching unbeaten teams as Thomas Jefferson of San Antonio makes its bid for a repeat as District 15 titlist against favored Corpus Christi.

And while a dozen districts are slugging it out with important conference games, mighty Odessa, the defending state champion and favorite to win again, will be clashing with unbeaten, untied—and possibly underrated—Amarillo in a top sectional battle.

Of almost as much significance as the Thomas Jefferson-Corpus Christi game will be the collision of Waxahachie with Waco in district 10 and Poly's tussle with North Side in the Fort Worth district.

Unbeaten, untied Waxahachie is the district 10 favorite but Waco, which has lost only to Austin, a District 15 powerhouse, is considered the challenger—probably even more than Corsicana, which is undefeated and untied.

Poly hasn't lost a game, although it has been tied, but won't be expected to lick the fine North Side eleven that has bowed only to Odessa.

Mineral Wells, a favorite in District 9, clashes with Weatherford, which is undefeated; Tyler, a well-ranked team in District 11, meets Texarkana and Goose Creek, favorite in District 14, tangles with Beaumont in other important conference affairs.

Leahy Should Have Asked Hoople; Coach Will Know Better Next Time

By MAJOR TMOB B. HOOPLE

Egad, millions of gentle readers! Though a modest man at heart, justice compels me to congratulate you on having a football forecaster of my caliber to fall back upon.

I am driven to this conclusion after perusing some of the literature composed by Coach Leahy of Notre Dame, to whom every one of the opponents appears to be an unconquerable ogre, breathing atomic fire from 11 sets of nostrils.

In his pre-season dope, the indefatigable mentor of the South Bend Powerhouse placed Michigan, Iowa, Ohio State and Northwestern ahead of Illinois, in the order named.

In the deep south ratings, the redoubtable coach did not deem Vanderbilt worthy of mention, a team that trounced Northwestern and Alabama on successive Saturdays. In the east, Mr. Leahy rated Navy second, ahead of Yale.

Odessa-Sandie Duel Feature Of Week's Play

Thirty conference games bring the Texas schoolboy football race slam-bang into the big middle of the battle for the championship this weekend.

Six of the contests are major affairs, one of them matching unbeaten teams as Thomas Jefferson of San Antonio makes its bid for a repeat as District 15 titlist against favored Corpus Christi.

And while a dozen districts are slugging it out with important conference games, mighty Odessa, the defending state champion and favorite to win again, will be clashing with unbeaten, untied—and possibly underrated—Amarillo in a top sectional battle.

Of almost as much significance as the Thomas Jefferson-Corpus Christi game will be the collision of Waxahachie with Waco in district 10 and Poly's tussle with North Side in the Fort Worth district.

Unbeaten, untied Waxahachie is the district 10 favorite but Waco, which has lost only to Austin, a District 15 powerhouse, is considered the challenger—probably even more than Corsicana, which is undefeated and untied.

Poly hasn't lost a game, although it has been tied, but won't be expected to lick the fine North Side eleven that has bowed only to Odessa.

Mineral Wells, a favorite in District 9, clashes with Weatherford, which is undefeated; Tyler, a well-ranked team in District 11, meets Texarkana and Goose Creek, favorite in District 14, tangles with Beaumont in other important conference affairs.

The Old Boy Himself
Father of It-Come-and-Reverse

Kansas' George Sauer lists the requisites for a good football player as spirit, speed, stamina and size in that order.—The Chicago Bears scout they have one of the youngest teams in pro football, but they still depend on Sid Luckman, who is playing his ninth pro season.

CLEANING THE CLUFF

A Texas observer (maybe slightly prejudiced) argues that Euboy Layne is "the most valuable single player in Southwest Conference history and probably the best football player as well"—Ernie McCoy, Michigan's chief football scout, claims a scout just begins to get an idea of an opposing team's personnel and plays in the three looks allowed by Western Conference rules. The guys scouting Michigan just take one look, then close their eyes and suffer silently.

These School Kids Go in for Band BY HAL BOYLE

MASON CITY, Ia.—(AP)—Here the school kids learn to spell Tschakowsky as soon as they do Mississippi.

This is one of the most music-conscious small cities in America, and it has a high school band that hasn't been defeated in state or national competition in 18 years.

Their gym school children for band and orchestra work here as intensely as Notre Dame goes in for football. And the training starts in kindergarten.

These junior members of the bubble gum set are too young to huff and puff through regular wind instruments, so they begin by learning the basis of all music—rhythm. Each kindergarten has its own small rhythm band, and the concerts are more fun than Mother Goose.

Band playing is something you have to sink your teeth into. The children therefore aren't encouraged to start playing wind instruments until the third grade.

"Before that their teeth aren't too good, and they have trouble with the reeds," smiled Carlton Stewart, high school band director and president of the National High School Band Association.

The city was so proud of its band that in 1934 its citizens voted to erect a \$25,000 school building devoted exclusively to instrumental music—the first of its kind in the nation.

"Our band really starts in kindergarten. A good band has to be planned years in advance. It's too late to start in senior high school. You have to have continuity of

Woman Fined in Hit-Run Crackup

Mrs. Harriette J. Davis was fined \$100 and costs by Judge Sherman White in County Court this morning after pleading guilty to a charge of driving while intoxicated. Her license was suspended for 6 months.

Mrs. Davis was arrested after she became involved in a hit-run crackup on W. Atchison St., about 30 feet west of its intersection with the Canadian river at Canadian Cuyler at 7:10 p. m. The 1941 Buick coach was traveling east on Atchison when she sideswiped with the 1938 Packard sedan of Max E. Crocker, 41, of Box 531, Pampa. Crocker told police and a reporter at the scene that Mrs. Davis did not stop to render aid. A police radio check revealed her address. Checking the woman's home, police discovered that she had not returned and started looking for her. In the meantime, the woman returned home and was immediately taken to the police station by her husband where she was jailed and later released to her husband after spending the minimum four hours behind bars, according to Texas law.

Canadian Man Named Association Officer

L. A. McAdams, secretary of the Canadian Chamber of Commerce, has received the proceedings of the Great Plains, U. S. 83, Highway Association meeting which he attended in Garden City, Kans., on September 22.

Highlight of the meeting was the resolution that body prepared and sent to the Texas State Highway Commission asking for early action on the building of a new bridge over the Canadian river at Canadian, stressing the fact that the present bridge is old and inadequate to carry the traffic of two transcontinental highways, (U. S. 83 and U. S. 80).

A list of officers elected at the meeting is as follows: President, J. C. Nitsch, Oberlin, Kans.; Ist vice-president, A. R. England, Murdo, S. D.; 2nd vice-president, L. A. McAdams, Canadian; sec'y-treasurer, Coburn Jones, Garden City, Kans.

MOVIE-GOING DOG IS A BUCKAROO

BERKELEY, Calif.—(AP)—Theater Manager William E. O'Neill tried to usher out a dog that had followed his young master in. Bitten promptly on the right leg, O'Neill retired. Police Officer M. M. Thomas took over, was bitten on the hand, also retired. Patrolman N. E. Harstad took over successfully. He used a lasso.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unsightly weight and helping to bring back alluring curves and graceful slenderness. Just get from your druggist, four ounces of liquid Barretrite. Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercises or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose belly weight and help regain slenderness, your druggist will return the empty bottle and get your money back.

HEAP BIG MARSHAL—Jasper Saunkeah, 58, is a U. S. marshal at Oklahoma City, Okla. He is also chief of the Kiowa Indian tribe. He is pictured here in full ceremonial dress at Medicine Lodge, Kans., to celebrate the signing of the Medicine Lodge peace treaty in 1867 between five tribes and the U. S. government.

City Calls for Bids on Cement

Bids on 800 barrels of cement for use in the soil cement bases on streets now being paved were called for this morning by the City Commission.

City Engineer Dick Peppin advised the commission that the soil cement bases would be needed for construction on N. Nelson St., as soon as the cement is delivered. Meanwhile, the curb and gutter layers are going ahead steadily, he reported.

In addition to the paving progress, City Attorney Bob Gordon read the assessment ordinance on those property owners who have not yet paid their share of paving.

Final decisions on grass fire damages to be paid by the city were held up this morning for further investigation by the Commission after a short report was given them that one claimant made a misstatement in the area of grass land damaged by a fire emanating from the city dump ground.

Three lots on E. Atchison St., petitioned for rezoning several months ago from residential to commercial, were rezoned after a recommendation from the Zoning Board. The owner of the lots stated he had an opportunity to sell the lots to a commercial establishment for a warehouse. There are no private residences in the block or near it.

One visitor appeared to request information on sewer lines for the Finley-Banks Addition. He was advised that, with good weather, the lines would be started there within a month.

This afternoon the commission was holding its public hearing on tax revaluation by tax engineered surveys.

Slavs Made New Stab at Marshall Plan

LAKE SUCCESS—(AP)—Yugoslavia charged today that Secretary of State Marshall's program to overhaul United Nations peace-keeping machinery was designed to destroy cooperation between Russia and the Western powers.

Dr. Vladimir Popovic, Yugoslav Ambassador to Moscow, declared that U. S. Delegate John Foster Dulles, Australian Chief Delegate Herbert V. Evatt and others did not like to see cooperation between the East and West and for that reason were seeking to destroy it.

Addressing Dulles directly, the Yugoslav delegate shouted: "You are attempting to impel the small countries, to accept a program which would constitute a complete waiver on the principles of San Francisco." This was a reference to the U. N. Charter meeting there in 1945.

Popovic spoke before the 57-nation Political Committee of the General Assembly which earlier has heard China and Uruguay support the United States plan for a continuous year-round sitting of the 57 member nations as a so-called "Little Assembly" of the U. N.

Meanwhile, the American source said Dulles would ignore Andrei Y. Vishinsky's bitter attack yesterday on the "Little Assembly" proposal.

Dulles was reported to agree with Dr. Herbert V. Evatt of Australia, who told the committee shortly after Vishinsky's blistering 37-minute speech yesterday that attacks on the motives of other delegates are becoming "stale."

The feeling within the American delegation was reported to be that Vishinsky's repeated rambling attacks were only bolstering the Marshall proposal and confidence was expressed that the plan for a year-round "Little Assembly" would be adopted. A series of amendments was anticipated, however, and the major task appeared to be to keep the plan within bounds laid down by Marshall. Dulles planned to take the floor again to elaborate on his points after hearing the speakers.

City Calls for Bids on Cement

Bids on 800 barrels of cement for use in the soil cement bases on streets now being paved were called for this morning by the City Commission.

City Engineer Dick Peppin advised the commission that the soil cement bases would be needed for construction on N. Nelson St., as soon as the cement is delivered. Meanwhile, the curb and gutter layers are going ahead steadily, he reported.

In addition to the paving progress, City Attorney Bob Gordon read the assessment ordinance on those property owners who have not yet paid their share of paving.

Final decisions on grass fire damages to be paid by the city were held up this morning for further investigation by the Commission after a short report was given them that one claimant made a misstatement in the area of grass land damaged by a fire emanating from the city dump ground.

CARNIVAL BY DICK TURNER

"This shot's going in the family album alongside that one of me in my birthday suit!"

Schools

(Continued From Page 1)

elsewhere, and in some few cases (7 out of 140) this lets some new teachers here fall below the recommended pay schedule, estimated in some cases as \$25 to \$45 per year less.

Kinard stated that the maximum transferable increment here was five, and that this was in accord with practices in a number of schools. He also stated, however, that Pampa schools continued this credit for experience through 15 years, while the state schedule called for only 12 yearly increases.

Kinard said he believed the local system should have some voice in evaluating experience. He noted that experience of a teacher, teaching with minimum preparation in a small school with few facilities, was different from a fully prepared teacher, teaching in a large and adequately equipped school.

The state's base pay rate is \$2,007. Pampa's base rate is \$2,220. Pampa schools have an additional cash payment of \$40 per year for unused sick leave, which actually brings the base pay here to \$2,260. The maximum rate of pay for Pampa is \$505 more than the state scale maximum. Kinard said the local salary schedule was drawn up by a full, representative group of teachers and principals, and both he and Wilson felt the scale was a credit to the community, that the local scale would compare very favorably with salaries in other state schools.

Both the school board president, Wilson, and Kinard, said there had been no question concerning salaries in colored schools, merely the variation of the scale caused by increment evaluation.

INJURED IN CRASH

RIO HONDO—(AP)—Red Williams of Portland, Texas, was slightly injured here yesterday when his croqueting plane crashed into the mudbanks of the Arroyo Colorado near here.

Texas Today

By JACK RUTLEDGE AP Staff Writer

The little Irish town of Shamrock, Texas, celebrated its 46th birthday this October and Mrs. Frank Exum, the first woman to arrive in Shamrock back in 1891, did a lot of remembering-when.

Sometimes things were pretty rugged, but she says she wouldn't trade her experiences for a marble palace in Dallas.

In fact, she likes it so much she says she hasn't been out of Shamrock for longer than a few weeks at a time in 46 years.

The Exums built a one-room shanty on the site still occupied by the Exum home. Water, she said, was the major problem.

"We paid 30 cents a barrel to have water hauled from Lela, and by the time it got to Shamrock, half of it had sloshed out. When it rained, we got water from nearby ponds, and hauled some on slides from the Lehman place, about one and a half miles from town.

"There was a water hole near where a bottling plant now stands, and the railroad gang would take their baths there if it rained before Saturday nights."

She said the life of a Panhandle pioneer was certainly varied.

"I've done almost everything. I guess—emptied coal oil barrels, loaded wagons, stood on bundles of dried cow hides while they were being tied together for shipment."

They had one horse, and when they ran out of food they would go to Mobeetie for supplies, taking their baby son, Mrs. Exum would ride and hold the baby until it fell asleep, then Mr. Exum would ride a while, holding the sleeping child.

Frank Exum built the first general store there, and dead-headed lumber from Sayre, Okla., for it. Later, he served as postmaster, mayor, and member of the school board.

The R. G. Griswold family, still Shamrock residents, also are pioneers, having arrived just after the Exums.

"It was a great life," says the still-active pioneer.

RUSSIANS RELINQUISH SZECCZYN TO POLAND

SZECCZYN, Poland—(AP)—The government has announced that the entire administration of the port of Szczecin now is being handed over by the Russians to the Poles.

Since the Nazis fled from Poland in 1945, much of the port has been Russian-controlled, but the Poles now say only a small strip is still leased to the Soviets for shipments between their country and their occupied zone in Germany.

There are 20,000 drug addicts in the city of Nanking alone, according to estimates of the Chinese government.

HOOD-CONCEALING collar on a water-repellent gabardine twill, alpaca lined sport coat.

Off-the-Beam Horse Fouls Up Airport

CHICAGO—(AP)—A stray horse got off the beam last night and stopped operations at Chicago's municipal airport for 30 minutes.

The horse appeared on the field suddenly, flicked its tail assembly, and without clearance from the control tower, galloped around the busy runways.

Thirty planes were held in the air awaiting an unobstructed runway. Air takeoffs were delayed while a squawker took off—to round up the frisky nag. The chase took a bit of squad car ground-looping before dobbie finally was brought to halt.

Hurricane

(Continued From Page 1)

confirming reports of buildings being unroofed.

The last hurricane to strike Savannah was in 1946. Many of the city's oak trees were blown down then and exposed buildings were damaged.

The hurricane appeared to be centered close into the Savannah area. Brunswick, another port city 81 miles to the south, reported high winds but no damage. Fear was expressed, however, that expected high tides might isolate St. Simons and Sea Island, thickly populated beach resorts.

Most of the shrimp fleet at Brunswick, numbering about 750 boats, was moved to safer waters.

The hurricane was part of the storm that swept over Southern Florida Saturday and Sunday. It swept out into the Atlantic and traveled northward. Yesterday it developed a second center. It was this second center that developed rapidly in intensity late yesterday and turned into the Georgia coast.

FAIR ENOUGH

By WESTBROOK PEGLER
(Copyright, 1947)
NEW YORK — Larry MacPhail served 17 years in the baseball industry and, from first to last, was known to the laity as a picturesque, even turbulent, fellow. There is a form of noblesse oblige on the sport side of our honorable profession which forbids us to spell out the reasons why such a one socked another. But, after years and years, that shrewd, salty fellow, the man in the street, begins to wink and smirk and the secret is all over town.

So now the mystery of MacPhail is revealed and we find that our picturesque, outspoken, uproarious fellow is just another copy of the same noisy nuisance who is tolerated by the owner, the help and the clients at the corner saloon until, finally, he turns an ashtray through the back-bar mirror and the old man takes him by the slack of the pants and heaves him out for good.

Now the World Series is both an athletic, or sporting, and a social fest only our calendar. The athletic, or sporting, phase is public; the social phase is confidential. During the long rebellion against the foul amendment, the Volstead Act nowhere was mocked with more ardor and determination than in the corridors and cells of the retired and discarded players, managers and scouts and the World Series journalists, except by the statesmen at the National Political Conventions held one year in four.

The method of the World Series hospitality varies. In New York in the three old autumns of golden memory when the Giants and the Yankees were playing at the Polo Grounds, the main festivities were discoursed in large rooms at the

NOW - make a date to OIL-PLATE!

It's a lot easier to feel friendly toward a car with an OIL-PLATED engine.

So why not drive in today; let us drain out worn and dirty summer oil and change to fresh Conoco Nth winter oil!

Conoco Nth Motor Oil (patented) includes an added ingredient which fastens an extra film of lubricant so closely to metal surfaces that cylinder walls are actually OIL-PLATED!

This extra OIL-PLATING resists gravity... won't all drain down even overnight! So, you're extra-protected from metal-etching, combustion acids... from "dry-friction" starts... from carbon and sludge due to wear!

For extra power, extra protection when you're first starting up, or when you're running hot... make a date to OIL-PLATE today!

Your Conoco Mileage Merchant

The Hard Way!!!

PITTSBURGH — (AP) — Emmitt Thompson, 37, arraigned here on a charge of stealing a 30-foot steel derrick, explained he had a lot of trouble dismantling the apparatus piece by piece before selling the parts to a junk man.

Judge Thomas M. Marshall listened to Thompson's hard work story, then ordered him released after he had paid the costs of prosecution plus \$500—the estimated cost of the derrick.

my party named Knott, of the New York Times. Mr. McNutt announced in the rejoicing room that he would sing.

"When you say that, smile," said Mr. Knott, with a sneer.

Mc. McNutt roared and then suddenly lay still. Mr. Knott was never seen again at that World Series, and the legend grew that he had left town believing he had killed Bill McNutt.

Mr. Knott explained later that this was incorrect.

"I was afraid," he said, "that Bill McNutt would kill me."

Mr. McNutt, on his part, related there was a gap in his recollection.

"I said I would sing and the next thing I knew I was buzzed to see so many shoes walking around on the level of my eyes," Mr. McNutt said. "I couldn't understand how they could be walking around way up there. Then with the keen brain of the trained observer, I saw it all. They weren't way up there. I was way down there."

King's Daughters Hold Election

LEFORS, (Special)—Wednesday afternoon of last week the Junior 11 and 12 year olds, met in the home of Mrs. C. H. Butrum for election of officers.

Those elected are: president, Sherilyn Ann Peeters; vice-president, Jane Rose Boucher; secretary, Marion Elaine Pouch; assistant secretary, Mary Helen Florence; Bible quiz, Nancy Caroline Atchey; social chairman, Jane Rose Boucher; social committee, Anita Faye Tillman and Gloria Faye Bewley; Marion Elaine Pouch, and Mrs. C. H. Butrum.

During the social hour bingo was played and refreshments were served.

Circle 3 of WMU Is Soliciting Clothing

Circle 3 of WMU of First Baptist Church will meet Wednesday at 7:30 p.m. with Mrs. T. J. Gilchrist, 704 North Dwight for reorganization of the circle. Members are asked to bring any used clothing they wish to contribute to Buckner's Orphan Home, and also to bring shoes and other clothing for overseas relief.

Mrs. R. W. Tucker will bring the devotional and missionary—events and Mrs. M. K. Gurley, new circle chairman, will have charge of the meeting.

All women who are members of the First Baptist Church who live west of North West Street, north of Alcott are included in this circle and are urged to attend this important meeting.

DR. NELSON WILL SPEAK

Dr. Douglas Nelson will be the guest speaker at Junior High School Parent-Teacher Association, when it meets Thursday, October 16, at 2:30 in the red brick building at Junior High School. His subject will be "The Fun That Eyes" will lead the program and Girl Scout Troop 16 will present the special music and the devotional.

Indian ant bees build honeycombs 18 feet high.

Wheeler News

Mrs. T. M. Caldwell and little daughter, Mary Louise of Amarillo were guests for the past week in the home of the former's parents, Mr. and Mrs. T. M. Britt.

Mrs. Jerome Brigham is visiting in the home of her sister, Mrs. Chester Lewis before leaving for Seattle where she will make her home with her son Bill and his family.

Mrs. Mildred Isaacs of Amarillo is the guest of friends in Wheeler. Mrs. Isaacs and Miss Reba Wofford will spend the weekend in Oklahoma City.

Mr. and Mrs. Tom Griffin have returned to Wheeler from Kansas City where Mr. Griffin has been attending school.

Floyd Lee of Fort Worth visited his parents, Mr. and Mrs. Ollie Lee, Monday. He reports that his little son, Clifton, who is in St. Joseph's Hospital with a rare blood disease is slowly improving.

Mrs. S. Y. Allgood, wife of the Methodist pastor is convalescing in her home after a minor operation in Amarillo recently.

Mrs. D. O. Beene is in Oklahoma on business.

Mrs. Flaucy Holt has returned from Kansas City and Fort Worth where she visited relatives the past month.

Family Reunion Is Held at Davis Home

Mrs. R. I. Davis, 918 East Fisher, held a family reunion at home last Saturday evening. All the children and grandchildren were present except Mr. and Mrs. Roy Barron.

After a wienner roast in the backyard Keith Davis entertained the group by projecting colored kodak pictures on a screen.

Those present were Messrs. and Mesdames W. B. Franklin and daughters, Patricia, Zelma, and Delma; C. A. Holmes and daughter, Madeline, from Lubbock; John R. Davis, children, Jerry, Dale, Derel, and Rodney, H. T. Hampton, Jr., and Taylor Campbell, Keith Davis, and Miss Jolyne Jones.

WE, THE WOMEN

By RUTH MILLET
NEA Staff Writer

Observing meanness Tuesdays, isn't going to be any hardship on the American housewife.

In fact, she ought to welcome the fact that her government is backing her up in her determined effort to cut down on her food budget. Now, instead of just economizing for the sake of keeping her food bills down, she will be economizing as part of a national effort.

Food rationing was no hardship in wartime, because everybody was rationed. Voluntary food economy, now that is being outlined, will work just the same way.

When there's no meat on the table on Tuesday, families will accept it as a matter of course. It won't be a matter of "We've had to cut out meat part of the time because we can't afford it," but "We're doing what is asked of us as a small but necessary part of the food economy program."

AMERICA IS SPOILED

In a way we are a spoiled nation, used to having what we want when we want it, or at least feeling that we should have what we want when we want it, or at least feeling that hard for us individually to cut down.

But if it's the thing to do and everybody else is doing it, that's an entirely different matter. Now that we're all together in this food saving program we shouldn't mind it at all.

Twixteenagers Look Ahead to Halloween

A party is always lots more fun when everyone has a hand in the planning and in the preparation for the occasion. So when the youngsters beg to have a Halloween party, let them pitch in and plan it themselves. You, of course, will be there to guide the activities.

The basement recreation room is ideal for a teen-agers' party, or a large backyard is quite likely to be just the spot for a gathering of the witches and goblins.

The youngsters can put their talents to work in making the invitations. For instance, invitations may be cut from heavy orange paper in the shape of pumpkins. Give them a jack-o'-lantern air by writing in the date, time and place instead of drawing eyes, nose and mouth.

And now on to the refreshments. Plan to serve food that can be prepared in advance and served right from the containers in which they were prepared. Porcelain enameled utensils are ideal for informal buffet lunches for they can be brought to the serving table from the refrigerator or range. They are easy to handle and look clean and inviting.

Just for a sample, here's a menu that teen-agers will love to help

Minnesota Family Visiting in Pampa

Mr. and Mrs. Merle H. Manner and son Bennie Charles of Redwood Falls, Minn., are the guests of Mr. and Mrs. Earl Griffin and of Mr. and Mrs. M. P. Broxson. Mrs. Manner who is the daughter of Mr. and Mrs. Earl Griffin is the former Aurora Edmunds of Pampa.

They are en route to Lubbock and Dallas, where they will attend the State Fair of Texas and to Sulphur Springs, Texas, where they will visit the grandparents.

The Security Council can recommend for or against but it can't decide—and the veto decides, according to Dr. Jose Arce, Argentine delegate to the UN.

Ladies Aid Studies Neighbory Love

SKELLYTOWN, (Special)—Love Thy Neighbor was the text of last week's lesson of the Community Church Ladies Aid.

The lesson was given by Mrs. A. D. Parsons. Others present were Mesdames Hardy Boyd, Bert Castleberry, J. B. Galtner, Carl Moran, Earl Thoes, G. Bewley, Frank Genett, and J. C. Jarvis.

MATRON IS HONORED

SKELLYTOWN, (Special)—Mrs. V. E. Norton was hostess Friday afternoon at a layette shower in honor of Mrs. H. M. McClendon. After gifts were presented and games played, refreshments, with color scheme of pink and blue, were served.

Others present: Mesdames Albert Weyrick, T. C. Coker, John Ledgerwood, B. C. Wilkerson, Willis L. Albert, Sr., Robertson, R. R. Roach, E. E. Crawford, and Albert Shanks, of Pampa.

Drinking of Beer By Jurors Protested

CORPUS CHRISTI, (AP)—The Rev. L. L. Roloff, pastor of the Park Avenue Baptist Church here, appeared before Judge Cullen W. Briggs in 11th District Court here to protest drinking of beer by jurors in a murder trial now in progress.

Judge Briggs announced two days ago that jurors could drink beer with their evening meal. He set the maximum at two bottles, and said jurymen would have to pay for their own beer.

Mr. Roloff was one of the Baptists who had objected to the granting of an honorary degree to President Truman by Baylor University because he said the President drank

Young People's Union Is Calling All Youth

SKELLYTOWN, (Special)—The young people of the Community Church have organized a young people's union, and officers have been elected.

It was stated that all boys and girls not affiliated with any other church are invited to join.

Officers are: president, Carolyn Thoes; vice president, Ann Watkins; secretary-treasurer, Nancy Castleberry; reporter, Bebie Price; and pianist, Betty Lou Cofer.

The sponsor is Mrs. Tom Oates. The group meets every Sunday evening at 6:45.

Priscilla Club Meets for Sewing

SHAMROCK, (Special)—White mums made attractive decorations in the home of Mrs. E. K. Caperton Wednesday afternoon when she entertained the members of the Priscilla Club.

The afternoon was spent in doing various types of hand work. Refreshments were served to two guests; Mrs. S. P. Britt and Mrs. Tom Britt of Wheeler, and these members: Mmes. Wm. Kyle, M. E. Risk, H. E. Perry, Harry Mundy, Fred Holmes, Flakr George, B. F. Kersh, and O. T. Nicholson.

Announcement

The Pampa Jaycee-Bettes will have their regular luncheon at the Terrace Grill at 12:15 on Thursday.

Speaker Says Peace Is Essential to World Survival

In his talk on "Living and Working Together," Dr. Douglas Nelson, pastor of the Presbyterian Church stressed the fact that it is an actual necessity for people to work and live together in harmony if the world is to survive. He said, "We can no longer regard living together peacefully as just a virtue, but something that is essential." Dr. Nelson was the guest speaker at Woodrow Wilson P-TA meeting last Tuesday.

The musical part of the program consisted of the group singing "America" and the Girls' Sextette accompanied by Miss Hart Anderson singing "Almost Like Being in Love" and "Old Devil Moon".

Plans were discussed for Fun Night which will be held Friday Oct. 24. Fathers' Night, which was originally announced for November 13, will be held on Nov. 11.

Miss Minnie Allen's room won first place in room count and Miss Oleta Marlin's room won second.

Do you suffer distress from periodic FEMALE WEAKNESS

With Its Nervous, Highstrung Feelings?

Are you troubled by distress of female functional monthly disturbances? Does it make you feel so nervous, cranky, restless, weak, or so moody—at such times? Then so try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! Women by the thousands have reported remarkable benefits.

Pinkham's Compound is what doctors call a uterine sedative. It has a soothing effect on one of woman's most important organs. Taken regularly—Pinkham's Compound helps build up resistance against such distresses. It's also a great stomachic tonic! All druggists.

Change of Life

If the functional "middle-age" makes you suffer from hot flashes, weak, irregular, or unstable monthly periods, Pinkham's Compound will relieve such symptoms. It's famous for this purpose.

Monthly Female Pains

Pinkham's Compound is very effective to relieve monthly cramps, headache, backache, when due to female functional monthly disturbances.

Texas Most Consistent Newspaper
Published daily except Saturday by The Pampa News, 221 W. Foster Ave., Pampa, Texas, Phone 608. All dates are correct. MEMBER OF THE ASSOCIATED PRESS (Full Licensed Wire). The Associated Press is entitled exclusively to the use for republication of all the local news appearing in this newspaper, as well as all AP news dispatches. Entered as second class matter at the post office at Pampa, Texas, under the Act of March 3rd, 1879.

Articles 'Wrong' But They Helped!
When Scripps-Howard columnist Robert C. Ruark published a series of articles charging Lt. Gen. J. C. H. Lee with mismanagement of his Mediterranean Theater, he knew what he was talking, would at least, it is reasonable to believe, when one considers this journalist's integrity at reporting in the past, and considering the fact that he spent several months gathering the information.

Needless to say, the charges, which were straight from the shoulder about such things as mis-use of Army staff cars, disciplinary measures taken against men, and so on, brought down a good deal of comment.

They had not much more than been published than there came a lot of gripes from men who served under Gen. Lee. Dozens of letters to the editors of papers which carried the articles confirmed some of the things, more or less, that Ruark wrote.

However, Maj. Gen. Ira Wyche, Army inspector general, made an investigation of the charges, and the results of his findings, usually a matter of highest secrecy confined to the War Department, were made public due to the unusual public interest shown in the articles.

Among other things, the report said Ruark's articles "present a wholly false picture of conditions in the theater." And the Wyche report said his office did not believe that Gen. Lee would foster, condone or permit to the slightest degree any system of trial and punishment that was not in strict accordance with Army regulations.

In summing up, one would get this impression from the Army's findings in regard to the charges: The picture drawn by Ruark was "wholly erroneous" and the investigation found only "minor discrepancies and irregularities."

Well, we didn't expect the Army to find conditions just as they were painted, for the simple reason of pride in the service; but we are sure that the "wholly erroneous" "wrong," as stated by Ruark, according to the report.

At any rate, a lot of enlisted men are probably pleased that the series was written.

Gracie Reports

By GRACIE ALLEN
Well, I see that a Nebraska osteopath says that we control all fly-like birds if we had an extra collar bone on each side of our necks with feathers attached. Offhand this may sound wonderful, but I think of the sleep we'd lose trying to decide whether to put our feathers outside or under the covers. And that wouldn't be the only drawback.

Incidentally, I think that George's eyesight must be flying. When I told him about this flying idea, he said I could probably fly now because I'm already feather-headed, but I looked in the mirror and I couldn't even find a bit of down.

The United States is resolved to support the United Nations with all the resources at our command. President Truman.

WHEN IS A WITCH HUNT?

You doubtless will be hearing the expression "witch hunt" with increasing frequency and fur as election timing forces Truman to make a show of ousting Reds from government jobs and the House Committee on Un-American Activities turns up more and more Reds under the President's nose.

The expression flourished for a time just before the war, then died down after the FBI smashed Nazi spy rings and FDR took the Red witches into his bosom.

My assistant, Major Robert H. Williams, whose counter intelligence offices at Army Air Force bases handled thousands of files on suspected Nazi and Communist sympathizers during the war, tells me that the term "witch hunt" infiltrated even intelligence offices after Roosevelt pardoned from the penitentiary the then U. S. Communist leader, Earl Browder, "in the name of unity."

Major Williams, now in the Military Intelligence Reserve, states that he never once heard the expression "witch hunter" thrown at an intelligence operative or investigator working on a Nazi case. It was obviously one of the words flourished by the Marxists, and it worked especially well among some of the younger intelligence officers of a "liberal" persuasion.

Common Ground

By R. C. HOILES

Propaganda and Education
There is a great deal of confusion among high schools and colleges today. The publication to which you refer presents some definite viewpoints on political economy, and the question you raise is whether the teacher should be criticized for using it.

This question was asked by a high school student. The answer was written by F. A. Harper, the author of "Freedom and Enterprise." I quote the answer: "This question illustrates a live issue among high schools and colleges today. The publication to which you refer presents some definite viewpoints on political economy, and the question you raise is whether the teacher should be criticized for using it."

Propaganda, as now commonly used, is a term without meaning. Beyond that its meaning is not too clear. How did you intend to use it? "Do you mean that the author said something he didn't believe? Or was it something you did not believe? As to the first, the author denies guilt. As to the second, you alone can judge."

"Difference of opinion will always persist. Respect for it becomes a priceless heritage in a free society. Progress is nurtured only if new ideas, new products or new ways of doing things are allowed to have their days in the court of judgment. Progress is retarded when honest disagreement is smothered with the charge of propaganda."

"A more useful concept of propaganda would seem to be: untruths offered as truths. In other words, when one practices mental dishonesty in dealing with truth and untruth as he sees it, he is guilty of propagandizing. This places the responsibility on the author or the teacher where it belongs, who then become the judges of their own guilt."

"Some persons seem to believe that propaganda is the taking of a decisive stand on any issue. By this concept, one could not propagandize only by taking the 'middle way,' or complete straddle. This viewpoint probably is founded on the popular belief that there are two or more equally valid sides to every question. For one to show any preference, he also decides that it would be advisable to tip off his support outside his own state."

"Scurrying between and beneath the legs of these more prominently mentioned men will be a covey of 'favorite sons,' who no expectation of going any place, but the publicity which mere mention of their names bequeaths. And, in view of the fact that it will be a wide open session, they will stay in there plugging longer than they otherwise would. Their presence should be a handicap to Governor Dewey, for he must win quickly or not at all."

"In view of this spreacende field and in view of the new, popular disinterest in him, the practical boys are looking around for a more certain winner, even though they concede that the prospect of his carrying New York's forty-seven electoral votes is always a powerful asset."

Levine for a time after arriving here, wrote in one of his textbooks on labor: "A violent revolution is necessary to seize the powers of government. Violent methods must be used afterwards to eliminate the capitalists and large land holders who are hostile to the socialist idea. The violence involved can diminish in severity only as the workers succeed in establishing their power and in destroying resistance to the construction of socialism."

"This book was not written in Soviet Russia for Russian Communist schools. It was written for the Russification of American youth. Lorwin has been for some years on the government payroll and is now drawing \$10,000 a year of taxpayer's money. It was my privilege to bring this case to your attention in this newspaper last spring. Some Senators and Congressmen tried to pry Lorwin loose from the payroll and were sure they had him on the 'temporary' list so he could not get a permanent Civil Service appointment."

Today I am informed that he is nevertheless up for permanent appointment and that as one of the Office of International Trade Recruiters, he is to master-mind a phase of the spending of Marshall Plan money in Europe.

Has Henry Wallace scared the President by throwing "witch hunter" at him? (Copyright)

HOW WAT, MR. KIRK - IF THE COX IS BAD, I'LL TAKE IT BACK AND BE GLAD TO REPLACE IT!

YOU'LL TAKE IT BACK - I CAN GET COAL! THAT'LL BURN!

AND THAT GOES FOR ME, TOO!

Texas Today

By JACK RUTLEDGE
Associated Press Staff

Complaints are a dime a dozen in the offices of those harassed gentlemen known as tax collectors, but in East Texas a citizen came up with one the county official would like to have gold plated and hung on the wall.

Edward Shamburger of Hawkins wasn't happy when he received a school tax bill amounting to exactly \$1.00.

"Back in the '30's my taxes ran almost \$30 and I couldn't pay them," said Mr. Shamburger. "Now I have plenty of money and you want only two dollars."

The collector, anxious to please, invited him to render his own evaluation.

A Tyler amateur detective discovered that circumstantial evidence can be very deceiving.

He entered the Smith County Courthouse and noticed that the steps on the right side, used by incoming traffic, were very deep. The left steps, for outgoing traffic, were not as badly worn.

He checked the other three entrances. There, too, he found the same thing.

This, he deduced, would indicate that there was more incoming traffic than outgoing traffic. That sounded simple enough until he reached his next deduction: to wit, the place must be awful crowded with people who went in but didn't come out again.

A custom solved the mystery for him, says the Tyler Morning Telegraph: both doors remain open in summer, but during the winters, left doors are always closed and both ingoing and outgoing traffic use the right side.

Safecrackers have professional pride, too. They get pretty scornful when an amateur bangles a job, says a Henderson County official.

A store in Athens was burglarized. The safe was cracked. County officers wanted an expert's opinion on who might have done it, and discovered that they had an expert on tap—in the county jail.

They took him to Athens and after one indignant glance, he told officers that they must look for amateurs—the first rate, he said, would mess up a job like that.

Obviously we cannot continue periodically to provide this jargon to the entire non-Communist world if we expect to remain financially solvent.

Sen. Styles Bridges (R) of New Hampshire.

This view, is to be subject to the charge of engaging in propaganda.

"Any such concept as applied to the teacher, at all levels, including economics, should be challenged. Are there two or more sides to the question of two plus two? Or the area of a circle? Or the composition of water?"

"The answer to any problem will, to be sure, remain in obscurity until it is solved. Until then, any one of several answers may appear to be the right one. But there is only one correct answer to any one question, whether in economics or in algebra."

"This is not to deny that the mentioned men will be equally remain in some doubt. In a young science, like economics, uncertainty is great and the need for further study is correspondingly great. In arithmetic, on the other hand, doubt in the answers are treated as 'certainties.' But in any subject at any time it is necessary that truth be judged on the basis of the best evidence available to the right one."

The Duty of the Teacher
The duty of the teacher is to teach the truth as best he can. He will present, with clearness and logic, the evidence and the logic by which he arrived at his beliefs. The student can then accept or reject the teacher's opinions on their merits.
