GOP and Administration Draw Up Controls

Special Session May Strengthen Marshall's Hand

By JOHN M. HIGHTOWER
WASHINGTON (AP)—The prospect of a fresh flow of American dollars into Europe's weakened economy is regarded here as a strong stimulant also to Secretary of State Marshall's diplomatic offensive against Russia, both in and out of the United Nations.

That is the immediate significance attached by American diplomatic officials to President Truman's action in calling a special session of Congress.

They agree with the President's contention that this is certain to be a decisive winter in Europe due to the differences between the United States and Russia and the fact that Europe is caught in between.

At the moment, these officials say, the United States has fully recaptured the initiative taken when Marshall laid down the long-range proposal for European self-help now known as the "Marshall Plan."

During the weeks when President Truman was saying he saw no need for a special session of Congress and State Department officials were bombarding the White House with figures to prove a need, the picture was different. During that period the officials of the American government in France and Italy got pretty nervous, according to reports reaching here. The Communists meanwhile laid down precise lines of attack.

They began a drive which American officials regarded as clearly aimed at setting up a government in Italy. However, in the face of strong evidence of American support for the present government they met with decisive rebuffs and failed to discredit the De Gasperi government.

Meanwhile they set up their nine-county international Communist organizations with headquarters at Belgrade and membership including both the French and Italian Communist parties.

In France in the recent election they made a costly try to see AID PROGRAM, Page 8

Disaster Area Is Declared for Maine

BAR HARBOR, Me.—(AP)—The entire state of Maine was a disaster area last night—so proclaimed by President Truman—as forest fires spread new destruction in the northeastern states.

New outbreaks in New England came as rising daytime winds threatened the defense gains made during a calm night.

The forest fire death toll mounted from 18 to 20 in the nation and in New England property loss now stands at \$27,000,000.

Sixty families fled from sections north of this center at Ireson Hill and Salisbury Cove, spared in the wide flame paths which drove 3,500 out of here Thursday night and destroyed mansions of the nation's notables.

White Plains, N. Y., reported two fresh fires nearby as other parts of the state listed their blazes as under control.

The situation by states was this:

Maine—resurging fires spread new destruction in York and Washington counties at the opposite ends of the Maine sea-coast and state arson investigators probed fire reports. One man was held for questioning at Biddeford.

Fires still burned on Mt. Desert Island, scene of the Dunkerque evacuation Thursday night at Bar Harbor by sea. Winds in wind direction eased the threat to Northeast Harbor, but brought a new menace to Salisbury Cove, another island village.

Massachusetts—fires were reported out of control in Fallmouth and Gloucester. One man was jailed for setting a fire in leaves "on a dare." The fire for a time threatened a hospital, which had to be evacuated.

New Hampshire—a million dollar loss was reported in the city of Rochester. Two fresh fires sprang up there Saturday and one is still spreading.

New York—fire fighters, bringing under control seven major woods fires, were called to two new blazes spotted in southeastern New York state near the Kensico Reservoir, north of White Plains.

New Jersey and Pennsylvania officials reported a number of woods fires, but the worst were under control.

The Maine situation was the most serious in the nation as freshening winds fanned into life fires which wiped out seven communities and part of the summer resort colony at Bar Harbor.

In all, Maine counted tonight a total of 13 dead, 6,000 homeless or displaced and 100,000 acres—much of it valuable timber land—burned over.

Smoke-weary fire fighters, including thousands of volunteers, National Guards and Army men, from Mitchell Field, New York, were disheartened by Weather Bureau predictions of rising winds.

See DISASTER, Page 8

President Grabs Number One 1948 Political Issue

WASHINGTON (AP)—White House advisers were reported yesterday at work on blueprints for rigid federal controls over grain and other world-shortage foods, while Republicans drafted their own plan of battle against high prices.

An informed official, who withheld the use of his name, told a reporter of the developing controls plan.

One Republican, Senator Flanders of Vermont, said that President Truman has outwitted the GOP by grabbing a prime 1948 political issue—the high cost of living—before Republicans awakened to its voter appeal.

Flanders and Senator Ferguson (R-Mich.) revealed in separate interviews that Republican lawmakers are drafting anti-inflation plans to match those which will be offered by Mr. Truman to the special session of Congress opening Nov. 17.

At a closed session of the 19-member Foreign Aid Committee headed by Secretary of Commerce Harriman, it was learned meanwhile a demand for food allocations at the producer and distributor levels was made by Chester Davis, president of the Federal Reserve Bank of St. Louis and wartime food administrator.

White House advisers, it was reported, are working on such a plan.

In the wake of Mr. Truman's broadest plea Friday night for "prompt and courageous action" by Congress to combat inflation and provide an estimated \$1,072,000,000 program of foreign aid this winter, came these developments:

1. A nine-member House committee, formed from Europe, declared "continued aid should be immediately furnished." Seven of the signers of the statement, including Chairman Dewey Short of Missouri, are Republicans.

2. At least 95 percent of the distilling industry whiskey manufacturers—alike—were shutting down last night for 60 days to conserve grain.

Chairman Charles Luckman of the Citizens Food Committee announced.

3. Three-dollar wheat fell off the board of the Chicago Board of Trade in further apparent response to Mr. Truman's special appeals.

4. Some 90 business, labor and government leaders—including a high proportion of returning military men—were invited to an "off-the-record" meeting at the White House Monday by Presidential Assistant John R. Steelman. The plan was said to be to swap ideas on foreign aid.

"TO DO MY DUTY TO GOD and my country." These Scouts and Scouters of the Adobe Walls Council, BSA, are exemplifying the first parts of their Scout Oath concurrently as they prepare for church services around Camp McClellan's flag staff during their fall camporee. Scouts the world over make it a point to always hold church services on Sundays wherever they may be camped. The fall camporee held last weekend was the largest in attendance in the Adobe Walls Council history.

52 Persons Perish In Canyon Rim Crash

BRYCE CANYON, Utah.—(AP)—Sober-faced workmen and officials removed torn and burned bodies yesterday from a canyon rim where a flaming four-engine sky giant fell Friday and 52 persons perished.

Promising that the investigation would go into minutest detail to find the cause of the United Air Lines DC-6 crash, James R. Peyton, regional Civil Aeronautics investigator from Los Angeles, said:

"Our investigation likely will continue for weeks."

Fire broke out in the baggage compartment of the Los Angeles-to-New York plane carrying 47 passengers and a crew of five. Pilot E. L. MacMillen of Balboa Park, Calif., flew beyond the scenic canyon, then radioed he was turning back to land here.

Whether the craft exploded in the air or as it struck ground was a subject of theorizing. Official investigators kept silent pending a report to the Civil Aeronautics Board in Washington. The plane crashed in a 200-foot deep canyon.

This small settlement in southern Utah filled yesterday with on-lookers and scores of officials representing the CAB, Civil Aeronautics Authority, United Air Lines, Douglas Aircraft Company, maker of the plane, and the National Park Service which has charge of the canyon park.

As teams of aircraft experts examined burned wreckage, the bodies, most of them 100 miles north of here, attempts at identification began.

There was no request. The coroner, Hans P. Ipson noted only that the crash caused the deaths and left the rest to federal and local officials.

Currency, papers and clothes were widely strewn with the shattered wreckage. Postal inspectors.

PLANE CRASH, Page 8

Texas-Oklahoma 100-Year Border Controversy Ends

WASHINGTON (AP)—The 100-year-old controversy over ownership of a strip of land along the Texas-Oklahoma border has been ended officially by the Interior Department, Secretary Krug announced yesterday.

The strip of land—166 miles long and 600 feet wide—has been a subject of controversy since 1850. Some 9,000 acres and 50 Texas and Oklahoma farm families are involved, Krug said.

Krug stated that under a law enacted by the last session of Congress, plats of a survey of public lands in the area had been filed with the Bureau of Land Management and regulations have been issued giving long-time occupants of the disputed tract one year from Nov. 14, this year, to make application to buy their holdings for \$1.25 an acre.

Krug said in a statement that the land involved will not be subject to disposal under any other law during that time, thus allowing those who have lived on the property to secure legal title.

The applications must show occupancy of the tract for at least 20 years prior to August 7, 1946.

Ownership of the strip became an issue in 1850 when the federal government and Texas agreed by compact that the north border of the Lone Star state should extend along the parallel of 36 degrees 30 minutes north latitude, west from its intersection with the 100th meridian.

Congress in 1858 authorized two official commissioners to establish the boundary and work was started by two civil engineers, John H. Clark, for the government, and William R. Scurry for Texas. In 1860 Scurry withdrew from the survey and left Clark to complete the work.

R. O. Chaney and W. W. Smith, general land office surveyors, in 1881 surveyed the Cimarron Base line to govern the public land strip in Oklahoma, then federal territory, supposedly along the same parallel of latitude.

Later their survey was found to be in variance with that made by Clark, and the 156-mile strip was not included in the U. S. surveyed territory.

See CONTOVERS-Y, Page 8

Committee of 57 Nations to Vote Monday

LAKE SUCCESS.—(AP)—The United Nations Political Committee last night refused to send Russia's "warmonger" resolution to a drafting sub-committee, thus handing the Soviet Union a setback in the first test ballot on Moscow's key plan before the 1947 General Assembly.

The vote was 29 to 12 with four Latin-American countries, India and Ethiopia joining the Soviet bloc in the minority.

As a result, the Soviet resolution will now come before the 57-nation committee for vote on Monday with delegates saying there was no chance of passage.

Other ballots will be taken on the Australian, French and Canadian versions, which run virtually counter to the Soviet proposal.

Dr. Carlos Stolk, of Venezuela, sponsor of the sub-committee motion, said he felt that delegations who opposed the step did not wish to conciliate the differences between Russia and other countries.

Czechoslovakia asked for adjournment immediately after the ballot. Russia agreed and their appeal carried over British objections 36 to 9.

In the last hour before the test vote, Russia took a conciliatory stand and appealed for a joint resolution acceptable to all. Previously Russia had pumped strenuously for adoption of its proposal with a series of slashing attacks on "war propaganda" in the United States and on the American Press.

The Soviet bloc, headed by Soviet Deputy Foreign Minister Andrei Y. Vishinskiy, carried its fight to the very end of general debate.

Ukrainian Foreign Minister Dimitri Manuilishvili warned the U. S. that if the U. S. persisted "in the role of a policeman."

See WARMONGER, Page 8

Moisture Needed to Keep Wheat Crops From Dying Here

Considerable wheat in this area will perish if additional moisture is not received within the next two weeks, County Agent Ralph Thomas said yesterday. Sufficient moisture is present in but about one-fourth of the county.

Cotton pulling progressed during the week as there has been no rain and less dew, although grades have been somewhat lower since the recent showers. Around 75 cotton pullers are needed.

Harvest of combine milo continued throughout the week, and most feed crop harvests have been completed.

Three Accidents Reported Friday On Area Hiways

Three highway accidents in the area Friday night have been reported by highway patrolmen.

Raymond Addison, 29, Hollis, Okla., lost control of a 1946 Ford pickup as he was going down-grade about a half mile north of the McClellan Creek bridge at 6:45. Patrolmen said he ran off pavement on right, then turned over as he pulled back to the left side.

George T. Barnett, 32, also of Hollis, were taken to a Shamrock hospital by a Womack ambulance and were treated for minor injuries.

Damage estimate to the truck, owned by Southwestern States Telephone Co. of Frederick, Okla., was \$600.

The second accident, another turnover, occurred around 8 o'clock about 8 miles east of Shamrock on U. S. Highway 66, as Willis C. Whitehead, 32, of Shamrock, driving a 1929 Ford pickup, started around a truck just after coming over the crest of a hill. Another car was approaching, and to avoid a collision, he pulled off the pavement and his pickup overturned. Whitehead was carried to a Shamrock hospital, where he was treated for injuries. Two other passengers were uninjured. Patrolmen.

See ACCIDENTS, Page 8

Rodeo Directors To Elect Officers

Members of the board of directors of the Top of Texas Rodeo, Horse Show and Fair Association Inc., will hold an election of officers at their organization meeting at 7:30 p.m. tomorrow in the Chamber of Commerce offices, City Hall.

Retiring President Wade Thomason, asked all 33 directors to make a Special effort to attend the meeting when plans for next year's rodeo are expected to be discussed.

Scouters Pleased With Progress of Pampa Council

Deputy Regional Scout Executive Glenn Singleton and M. M. Ammerman, after a visit here this weekend, informed local officials they were well pleased with the progress being made by the Adobe Walls Council, stating that nearly all objectives for the year had been reached. They said the camping program is at a high level.

W. B. Weathered, council president, said plans are now being studied by the regional executive for another field Scout executive to be added, to cover Wheeler, Hemphill, Collinsworth, Hall and Donley Counties, the southern district of the council. The local council, which operates under one program and one budget, is composed of 15 counties, with three of these counties in the Panhandle of Oklahoma.

The Adobe Walls Council estimates a growth in membership of about 100 Scouts and Boy Scouts as well as an increase in membership of Senior Scouting units, which include boys over 15 who belong to Air, Sea and Exploring Scout programs, during the present Scout "Round-up" program in progress around the country.

This week W. B. Weathered invited all local citizens to take part with the Scouts in the nation-wide Round-up as the local council and its participants in this event. Weathered indicated plans are underway for a special Round-up program to be held here by the Santa Fe Trails District Dec. 5. Other Round-up programs will be held throughout the council during December, he said.

Boy Slightly Hurt In Truck-Car Crash

One teen age boy suffered lacerations and bruises Friday night when the car he was riding in was in a collision with a parked truck, city police reported Saturday morning.

Chief of Police Louie Allen said that both vehicles had been removed before police were notified of the accident. Allen added, the department was notified of the wreck in a round about way.

No official report was filed with police and no report made out by them because of the lack of information. No charges have been filed.

According to police the accident occurred on W. Foster St.

Pampa Club Women To Buy New Piano

The Council of Club Women of Pampa, representing 20 of such local groups, is making a drive for contributions to buy a new piano. Mrs. Helen Laycock said yesterday.

Club members and other interested persons, she said, are invited to a silver tea at the Club Room on Nov. 2, from 3 to 5 p.m. Contributions will be accepted at that time.

The project has been under discussion for some time, she stated.

Today Marks Opening of Girl Scout Week

Today is "Girl Scout Sunday," and it marks the opening of Girl Scout Week, Oct. 26-Nov. 1, and a full week of activity for Girl Scouts and for civic organizations sponsoring the annual fund drive. Girl Scouts will attend Pampa churches in groups today.

Nine teams of 18 workers from each of the Kiwanis, Rotary, Lions and Jaycees will meet in the Palm Room of City Hall Tuesday morning at 8 o'clock for a "kick-off breakfast" at which instructions and supplies for use in the drive will be given.

The theme of Girl Scout Week is "Citizenship in Action Around the World," and various activities throughout the week will emphasize this theme as the units and Scouts go to church in groups today. Monday has been designated Homemaking Day; Tuesday Health and Safety Day; Wednesday, International Friendship Day; Thursday Arts and Crafts Day; Friday, Citizenship Day; Saturday, Citizenship Day.

Heading the local drive will be Wayne Wallace, general chairman; Jimmy McCune, business district chairman; Roy Bourland, special gifts chairman; and Wade Duncan farm and ranch chairman.

Letters were distributed to Pampa residences by Girl Scouts yesterday, announcing the drive and requesting that every Pampa home make a contribution. The Girl Scouts will come back

GIRL SCOUTS break camp at Camp Sullivan, near Lefors. Around 22 girls participated in activities there this year as more stress was placed on arts and crafts and other out-of-door activities. Camping facilities there are now adequate to care for 24 girls to do troop camping.

Ship Docks With Pampa War Dead

The U. S. Army Transport Joseph P. Connolly is scheduled to dock today in New York bringing home war dead from Iceland, Newfoundland and from the Henri Chappelle Cemetery in Belgium. Bodies of one Pampa and several other servicemen from this area will be aboard according to a report of reports released by the Associated Press.

Among the war dead being returned, in accordance with wishes of next-of-kin, are:

Paul W. Toler, Pampa, next-of-kin, Mrs. Dovie Lou Toler.

Malvin T. Boyd, Amarillo, next-of-kin, Lucy R. Boyd.

Clifford J. Fowler, Hemphill, next-of-kin, Mrs. Willie Mae Fowler.

Marvin R. Lowrie, Wellington, next-of-kin, Z. T. Lowrie.

J. C. McMahan, McLean, next-of-kin, Roscoe N. McMahan.

Glenn S. Nelson, Amarillo, next-of-kin, Hunter B. Nelson.

Eugene M. Stump, Amarillo, next-of-kin, Andrew J. Stump.

Wheeler Bond Issue Carries 42 to 10

With only 52 voters of Wheeler's approximately 600 qualified voters balloting, the \$27,000 bond issue election held yesterday carried by a count of 42 to 10.

County Clerk Harry Wofford told The News that very little interest was shown in the election as there was no concentrated effort made to defeat the bond issue by any group of persons.

The election was called as a last resort to secure funds for repairing the Wheeler Grade School long in need of extensive repairs. Reports on the building's condition stated that floors are worn so thin they are dangerous to walk on and daylight can be seen through cracks in the wall. The heating plant also is completely out.

State Jaycee Officials and Borger Delegation Are Guests of Local Club

Four state officials and a delegation from Borger were guests at the Jaycee luncheon Friday in the Palm Room of City Hall, as Frank Butler, Texas Jaycees president, outlined recent activities of Jaycees in the state and announced a program the state department had set up for work in the near future.

Guests were introduced by Joe Fischer and state officials present included Andy Anderson, state safety chairman; Charlie Smith, vice president of region one; and U. A. Hyde, state executive vice president.

Butler said Texas Jaycees had joined in promotion of three new programs. Assistance has been pledged to the Army, Navy and Marine Corps for aid in the recruiting drive. Butler stated the organization was in favor of a full and well equipped military force, and had gone on record as favoring universal military training.

The Jaycees will help sponsor a police training program in the state in cooperation with the FBI, and by bringing to the attention of the public the need for better police facilities—more men and better equipment the group hopes to foster a better appreciation of police protection.

The organization has also offered its services in a drive to bring home the Battleship Texas to a permanent berth near Houston, and the Jaycees are asking the support of schools and civic organizations in reaching the \$275,000 goal necessary to bring the battleship home from an Eastern port.

After national Jaycee officials returned from a survey of foreign conditions, the urgency of foreign need was emphasized, and the group has gone on record as favoring the Marshall Plan. Butler stated.

Among other projects upon which work is under way, poll tax campaigns in an effort to get every eligible voter qualified; a contest among high schools emphasizing the meaning of democracy, grand prizes for which are university scholarships; and assistance in sponsoring the Freedom Train appearance in Dallas in January and in nine other Texas cities.

Butler said it was time for Jaycees to take a leading role in political issues, to see that they were clarified and that basic needs for the country were met.

See JAYCEES, Page 8

Ambulance Answers Sick Call Here

Some attention was attracted early Saturday evening when the Dunkel-Carmichael ambulance was called to S. Ripley St. to transport an ill woman to the hospital.

The call was not the result of any auto accident.

Canadian Group Asks Construction Of River Bridge

CANADIAN.—(Special)—Delegates from U. S. Highway 66 and 83 Associations, accompanied by county commissioners of Hemphill County were conferring with the State Highway Commission Tuesday in Austin over their request for the replacement of the narrow Canadian River Bridge near Canadian.

The businessmen and ranchers making up the highway association delegations are contending the Canadian River Bridge is far too narrow to safely serve the transcontinental highway. They have prepared factual data to prove their point of the bridge being the "weakest link" in both of the highways. Included in the prepared information to the commission is a sketch showing that this bridge is used by more trucks and combines traveling between the Texas wheat belt and the rolling wheatbelts to the north. During the past wheat season three overwidth trucks have had to traffic on the bridge for over three hours.

The delegation's request for replacing the bridge has been backed by letters from the Pampa, said Perryton Chambers of Commerce.

The plea was presented by Vincent Lockhart, publisher of the Canadian Record. In the group with Lockhart were: Frank Cole, Hemphill County commissioner; Harry Wilbur, Jr., John Caylor, Malout Abraham, Texas vice president of the U. S. Highway 60 Association; Earl Cavins, Noble Trueblood, Darrel Winters, Tom Abraham, Naceb Abraham, and Tom Riley.

'Friendly Thoughts'
By L. M. CLEGG

Why should we not, like the mariner, stop to rest our bearings? Otherwise we cannot plan our course with calmness, decision and wisdom. A few minutes each day devoted to a calm review profits us while useless reveries waste our time and weaken our resolves.

It is natural that we should appreciate the kind words said in our behalf by those we have served. We shall continue to merit the good-will of the public.

Listen to K. Virgil Mott, "Your Gospel Singer," every Sunday at 2:15 p. m. over KPDM-1340 on your dial.

THE NEW LEFORS METHODIST CHURCH, completed this week. First services are being held there today.

FINISHING TOUCHES are being given to the new Methodist Church, but the workmen take time out for a pose. Left to right: W. R. Combs, Rev. Newton Daniel (holding Donald Ellis, grandson of Mr. Combs), Bill Hesse, Clay Rickman; second row: Marion H. Brown, left, and Sam Dabiel.

**Lefors Methodists
Hold 1st Services
In New Building**

A dream of 15 years is being realized today in Lefors as members of the Methodist Church arrive for the first services in their new church.

The first to use the church officially was a Lefors couple carried there Saturday morning at 9:30 by the pastor, Rev. Newton Daniel. Juanita Upham, daughter of Mr. and Mrs. L. W. Upham, and Edward Vincent, son of Mr. and Mrs. C. E. Vincent, may have been the first, but they will not be any

more proud than other members of the congregation as they meet and enter the church in a body Sunday morning.

First services will be the church school at 9:55, with preaching at 11 o'clock and at 7:30 in the evening.

The church basement had been built 15 years ago, but funds for building the church proper never seemed to be available. As the attendance grew, the need became more pressing, and a couple of years ago the building fund was started.

Rev. Newton Daniel is in his sixth year as pastor of the church and during that time the membership has grown from 106 active members of five years ago to the present 358 members. The basement meeting place had grown too small, and June 15 the new building was started.

As Rev. Daniel said, "Once we had taken the roof off the basement, we had to go all out with our building effort."

A preacher friend of Rev. Daniel, Rev. H. H. Hunt of the Chillicothe Methodist Church, drew up the plans and designs. From then on it is a story of constant work and contribution of materials, money and time by the membership, sometimes against tall odds. Often Rev. Daniel would have to say to his congregation on Sunday, "Folks, if you want to continue the building work next week we'll have to have more to work with." And the members always responded, and many who were not members gave a hand also.

Today, as the church opens for first services, a monument to the devotion of the people of Lefors to their church, the building is without debt.

The church is finished in white stucco, with stained, artglass windows. The interior is finished in white plaster, with steel-fabricated stained oak beams crossing the ceiling. The cost is conservatively estimated at \$15,000—not including labor and material donated, and the basement, which will be used in the future for Sunday School

ited with carrying out the construction of the steel-fabricated oak beams, and Bill Watson, R. F. Hankins, H. L. McCarley, Clay Rickman, Marvin Cooper and Mrs. Madge Page were among those who gave their efforts in a large measure.

The Board of Stewards, whose constant work helped insure the success of the program, is composed of W. R. Combs, Arlie Carpenter, Mrs. Ben Garber, Mrs. Mamie Sykes, Ray Jordan, Ted Gustin, W. T. Cole, Hank Breunig, Mrs. Bernard Johnson, R. B. Johnston, L. E. Penick and Leroy Spence.

During the summer months when laboring help was slack, high school and college boys in the community pitched in, and among these were Joe Ray Combs, Delbert Patterson, Sam Daniel, Duane Hawkins, Jerry Berryman, Norman Barber, Bob Phillips, John D. Jonberg, Gerald Hillman, James McCart, Hugh and Wesley Daniel, Bill Clemmons, Ferrel Tibbetts, David Cooper and Joe Page.

The people of this area can well point with pride to the selfless work of the Lefors Community.

**O. K., but Who Can
Eat Fried Steel?**

INDIANAPOLIS (AP) — A used car dealer yesterday ran a three-column ad (in the Indianapolis Star) to show that his car prices are cheaper—by the pound—than the average dinner meat. The ad offered a '46 Ford club coupe at 66 cents a pound, as a "better buy than a porterhouse steak."

**Do 'Plate-Sores'
Bother You?**

If your "GUMS" itch, burn, or cause you discomfort, druggists will return money if the first bottle of "LETOS" fails to satisfy.

**FRESH BLOOD
A MUST FOR
FREE ENERGY**

Do you feel like you are tired to a drag everytime you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. This is done by the SSS Tonic formula which contains special and potent activating ingredients. SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloot and give off that sour food taste. Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—your flesh fill-out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

**Here's Post-war Power for
Pre-war Buicks**

**A brand-new
1947 Fireball engine puts
today's Sparkling Zip into
your 1937-1942 Buick**

cars are so hard to get? Here's the answer:

While shortages of bodies and other parts slow up completed cars, Buick engine production has forged ahead. So engines are available now—ready to go into your car and step it up with today's up-to-the-minute power performance.

And it's as simple as this: We take out the old engine—put this new one in its place—and your car's young again, rarin' to go, with a new lease on life and

headed for thousands and thousands of miles of smooth, spirited service.

It doesn't take long—far less time than a thorough overhaul—and often at less cost. Convenient payments can be arranged, if you like.

It's the next best thing to getting a new Buick—and a good investment because it makes your car worth so much more.

Certainly well worth while looking into, isn't it? Come in and let's talk it over.

If you've been itching to get the thrill of a power-packed 1947 Buick engine under your treadle toe, here's the quick and happy solution.

It's a factory-fresh Fireball engine right off the 1947 production line. It's exactly the same mighty package of power that goes into the flashing new Buicks. You can get it now to repower any Buick built in the last ten years.

How can we do it—when new

Ginned Cotton Higher This Year

(A.) — The Census Bureau reported yesterday that 6,767,435 bales of cotton from this year's crop were ginned prior to Oct. 13. This compared with 4,315,822 bales ginned from last year's crop to the same date last year and 3,837,716 bales from the 1942 crop to the same date. The year's change in ginning this year and last respectively, include Louisiana 414,273 and 291,960; Mississippi 1,078,536 and 651,487; New Mexico 56,343 and 60,093; Oklahoma 151,640 and 82,806; Texas 1,915,463 and 982,249.

BOY SCOUT HEADQUARTERS at Lions Club Park are being hurriedly completed there recently. More furnishings to be added will make the Scout hut a favorite get-together site for the Lions-sponsored troops and Scouts of other troops as well. Many other improvements for the park are being planned by the Lions.

Boy Scout Hut Completed at Lions Club Park—Project Begun in 1942

Back about 1942 the Pampa Lions Club began a project—the Lions Club Park at Reid and Campbell—which they knew would run into a long-term task, but the dividends in recreation for Pampa's youth to be realized in the future offered a challenge that was readily taken up by the membership.

With the completion of the Boy Scout hut there this summer, Chinese elms planted around the two block park, ball diamonds and wading pools under way and many more projects for the park in the planning stage, the park is beginning to take form.

Entertainments sponsored by the Lions Club have largely furnished working funds for the park development. The Lions' minstrel show last year helped, and the presentation of Zogi the anglican here Oct. 27-28 is being sponsored as a benefit of the park fund.

The land for the park was purchased in 1942 during Dr. Roy Webb's term as club president. Park development was halted during the war years, but last year the park site was worked over and a new start was made. Early this spring trees were set out, but because of the drought,

many will have to be replanted. The park land has been deeded to the city, with the understanding that it be kept as a park, and each year the Lions Club intends to work toward development of the facilities, for as much as the club treasury will afford.

Starting under the leadership of Dr. Webb, the park board has developed its work with D. L. Parker as next president of the club and park board chairman, Jimmy McCune, and at present, C. E. Kennedy.

Future plans include augmented facilities for the present Scout hut, which is used by the Lions-sponsored troop and other Scouts as well; an additional building for Girl Scouts, swimming pool and wading pools, horizontal bars and other playground equipment, and a 60 by 90 foot gym and community hall.

Texas Traffic Deaths Increase 2 Percent Over Last Year

AUSTIN—(AP)— Texas traffic accident and death rates continued to edge upward last month with 4,039 recorded accidents resulting in 169 deaths and 2,242 injuries, the Texas Department of Public Safety reported Saturday.

The department estimated the new figures to bring the economic loss from this year's accidents to \$27,000,000. There have been 21,000 accidents in Texas this year and another 26,750 non-Texas accidents.

Deaths are up two percent over last year, the report showed.

Benediction to Close Conference

SAN ANTONIO—(AP)— Solemn benediction of the Blessed Sacrament closed the first regional Inter-American Congress of Confraternity of Christian Doctrine here Saturday.

Nearly 3,000 delegates representing 25 Catholic dioceses and 17 states in the U. S. and 13 dioceses in six foreign countries attended the three-day conference.

MOTORCYCLES BUILT FOR RUSSIAN AMPUTES
 MOSCOW—(AP)— War veterans crippled by the loss of legs are having special motorcycles built for them at a Kiev factory.

According to the Ukrainian Pravda, a Kiev newspaper, a veteran who has even lost both legs and one arm can operate one of the vehicles.

They have three wheels and are equipped with an arm chair in place of a saddle. Total control can be effected through one steering bar.

Last Period Uprising Gives Bulldogs Win Over Locals

Army and Illini Toppled From Ranks of Nation's Undeatable

By HAROLD CLAASSEN
NEW YORK—(AP)—Army and Illinois, which played to a dramatic tie the only two weeks ago, were toppled yesterday while defending Notre Dame, Calif., Baylor, W. Virginia, Wake Forest and Penn all lost some of the lustre they had gathered in college football circles this fall.

Army's streak of 32 games without a defeat was ended abruptly by a driving band of Columbia Lions, who completed 20 of 30 passes, while marching to a 21 to 20 triumph. That was the first defeat suffered by the Cadets since the Navy game of 1943. Gene Rossides was the Columbia pitcher and Jack Mackmill will be remembered as the Cadet who failed to kick the extra point that would have given Army its third tie in the unbeaten string.

It was Purdue, the team that gave Notre Dame such a workout on Oct. 11, that bounced Illinois, 14 to 7. The Illini, Big Nine defending champions, hadn't lost since having through 1946 season when Indiana did the trick. To the Purdue line goes the credit for fashioning the upset which leaves Michigan as the lone unbeaten, united outfit in the Midwest Conference.

The Wolverines, however, along with Notre Dame and Pennsylvania lost caste by having to worry for victories over opponents they were expected to handle with ease. Michigan had to worry all the way to a 13-10 victory over Penn State. Notre Dame needed its last period touchdown to make its score over Iowa 21 to 14. That also was the score of the Penn-Notre game at Philadelphia when "Long" Mink, a one-time misophobe, was the main cog.

California, Baylor, West Virginia and Wake Forest all were split from the ranks of the unbeaten, an honor retained by Texas, by virtue of its 12 to 10 triumph over Rice.

For the second straight week the Rice Owls were held scoreless and also for the second straight Saturday Texas surprised by making its important advances via the ground.

California was dinged by Southern California, 32 to 14, in a struggle that likely determined the West Coast team in the Jan. 1 Rose Bowl. It was the first loss for California since Lynn Waldor became coach.

Baylor, also operating under a new coach, was split by Texas A. & M., 23 to 9, while West Virginia grabbed an early lead 21 to 14, in a battle between two previously unbeaten outfits.

A furious last period rally gave Duke a 13 to 6 edge over Wake Forest.

Northwestern continued its impressive showing by edging past Indiana, 7 to 6, with the Hoosiers scoring on Bob Young's 59-yard pass and the Chicago Wildcats intercepting one of the player's passes for their touchdown. Wisconsin won its second straight by downing Marquette, 25 to 12. Missouri got 12 points in a rainy first quarter, then played just hard enough to roll over Iowa State, 26 to 7, for its second Big Six win. Nebraska (and Kansas state especially) tough 14 to 7, and Oklahoma was subdued by Texas Christian, 29 to 7.

Harvesters Lead 19 to 0 Up Until Final Stages of Game

Leading 19 to 0 with less than seven minutes to play, the Pampa Harvesters were overcome by the Plainview Bulldogs in the final stages of the game. The Harvesters led 19 to 0 until the final stages of the game.

On the second play, after the Harvesters received the hosts' kickoff, Hoyer fumbled on the Pampa 35 with Bill Taylor, center, recovering for the Bulldogs. Two plays later another pass from Hoyer to Hoston placed the ball on the Pampa 11, and after Myers had carried the ball to the Pampa 1, Hoyer crashed through the Harvesters line for the second Bulldog score.

With less than three minutes to play, the Bulldogs kicked off to the Harvesters. Their first attempt was blocked by Hoston, who was called back to the line. Their next kick was a deliberate on-side kickoff which they recovered. This kick is a short kick which was kicked by the Bulldogs with the purpose of covering the ball after the kick.

The first Christian touchdown came after a 79-yard drive powered by Stout and Lindy Perry. In ten plays, which included 43 yards of the Harvesters' trick formations, the Frogs scored with Stout slicing five yards in the final play. Wayne Pitcock made the extra point good, his first of two.

Oklahoma's sole touchdown in the second period, carried by Stout in ten plays with Charley Sarraat doing most of the work. He carried over from the one-yard line and J. L. Martin kicked the extra point.

The Christian's final touchdown which was made possible with his interception was handed to the Harvesters by the one-yard line.

In the second half, Oklahoma was helpless against the Frogs' stout defense and the Christians didn't try to do any more. Instead, they played a careful game handling the soggy ball very cautiously.

Wellington Trims McLean Tigers 38-0
The Wellington Skyrockets outplayed the McLean Tigers to the tune of 38 to 0 in a District 3-A grid game here Friday night. The Rockets scored three times in the second quarter, twice in the third, and once in the fourth.

Lefors Trims Memphis In District 3-A Clash
LEFORS (Special)—The Lefors Pirates, by scoring 12 points in the second quarter, went on to down the Memphis Cyclones 19 to 2 here Friday night.

Raiders Overwhelm Denver 36 to 7
DENVER—(AP)—Fred Brown's right arm and his legs of Charles Reynolds and Zed Henderson turned a first half football game into a second half runaway Saturday as Texas Tech downed Denver, 36-7.

Horned Frogs Upset Favored Sooners 20-7

NORMAN—(AP)—Texas Christian's Horned Frogs swelled themselves into a defensive dragon with an offensive bite, battered the University of Oklahoma 20-7 here Saturday on a rain-soaked gridiron.

The Frogs took advantage of breaks for their three touchdowns in the first half to Oklahoma's one, then the two teams went scoreless the second half.

The climax came in the early moments of the fourth quarter. Backed down to their own 12 yard line, the Ponies' halfback, Gilbert Johnson, stepped back almost to his goal line, and sailed a pass toward the sidelines to Halfback Paul Page.

Page took it on about his own end and took the side stripe, USA's Benny Reizes, who just a moment before had seen his field goal try blocked, managed to tell the flying Page on the Bruin two yard line.

Twice Bill Moxley hit the sturdied Bruin line, which once he had repelled a scoring thrust for four downs inside the three, and failed to get anywhere.

Then little Doak Walker—who had failed in those four previous whacks into the line—bounced off his right tackle for the winning touchdown.

Far from beaten, the Uclans, loser to SMU in three intersectional games, set up a passing-running march that swept them down to the SMU six yard line with less than three minutes to go.

But hard luck rode with the Bruins. Skip Rowland fumbled and SMU's Page recovered. It was the identical point where little Al Holsch, the Bruins' chief offensive threat, fumbled away another scoring chance in the second quarter.

Wellington Trims McLean Tigers 38-0

LEFORS (Special)—The Lefors Pirates, by scoring 12 points in the second quarter, went on to down the Memphis Cyclones 19 to 2 here Friday night.

Longhorns Run Thru Stubborn Rice, 12 to 0

AUSTIN—(AP)—The University of Texas Longhorns pieced together an uneasy 12-0 triumph over a valiant Rice eleven here Saturday before a record Southwest Conference game crowd of 48,400.

As usual, was Bobby Layne's good right arm that set the Texas scoring machine in motion, but hard rushing by the Owls forced the Longhorns to stick to the ground for most of their gains.

Spectacular defense work by Longhorn left end Mack Bumgardner helped Texas immeasurably and Bumgardner took Layne's pass to lunge across for Texas' first marker.

The took the ballst heave directly across center on the Rice 4-yard line, wriggled out of the grasping hand of Owls Don Anderson and Harold Stockbridge and dived across the double stripe on a play for 18 yards.

The Longhorns were picking up steam during the second half, however, and really got rolling in the final period with Right Halfback Jim Canady and Fullback Tom Landry piling through the line for short, steady gains. The payoff came on a three-yard drive by Canady over his right tackle to score standing up.

As a result of Saturday's victory, the Longhorns remain undefeated, the latter win top money of \$2,476. No other driver has better than 750 points but there will be 14 more in the big race because of the \$10,000 in prize money.

Qualifying trials start at 10 a. m. (CST) and will continue until 2 p. m. with 21 cars entered. The main event will be at 3 p. m.

Mississippi and Arkansas played a football game in 1914 that still is claimed as a victory by both teams—Mississippi by 13-7 and Arkansas at 1-0.

SMU's Ponies Stun Coast With 7 to 0 Victory Over Uclans

LOS ANGELES—(AP)—Electricity, 64,197 grid fans with a spectacular 86-yard pass play that set the stage for the winning touchdown. Southern Methodist University's Mustangs defeated hard charging UCLA Saturday, 7 to 0, and remained on the nation's select list of untied and unbeaten eleven.

The climax came in the early moments of the fourth quarter. Backed down to their own 12 yard line, the Ponies' halfback, Gilbert Johnson, stepped back almost to his goal line, and sailed a pass toward the sidelines to Halfback Paul Page.

Page took it on about his own end and took the side stripe, USA's Benny Reizes, who just a moment before had seen his field goal try blocked, managed to tell the flying Page on the Bruin two yard line.

Twice Bill Moxley hit the sturdied Bruin line, which once he had repelled a scoring thrust for four downs inside the three, and failed to get anywhere.

Then little Doak Walker—who had failed in those four previous whacks into the line—bounced off his right tackle for the winning touchdown.

Far from beaten, the Uclans, loser to SMU in three intersectional games, set up a passing-running march that swept them down to the SMU six yard line with less than three minutes to go.

Aggies Bounce Back to Hand Bears Convincing 24-0 Loss

COLLEGE STATION—(AP)—Texas A. & M. bounced back victoriously from three straight defeats Saturday to check Baylor out of the nation's unbeaten ranks, with a convincing 24-0 decision that kept the Aggies in the Southwest Conference championship race.

The passing of Buryl Baty, the running of Ed Dusek and the magnificent punting of Stan Hollmig were too much for a hard-fighting but fumbling Baylor team.

The game, which saw the Aggies vastly superior all the way, ended in confusion as thousands of happy A. & M. fans flooded the field thinking the contest was over as time ran out with Baylor on the Cadet seven-yard stripe. But pass interference was called on the last play and the gridiron had to be cleared to give Baylor another chance, this time from the two.

Cal Crews took the ball in a try at right end but was thrown for a yard loss to end the game.

Baylor fumbled four times and lost the ball on each occasion. Twice A. & M. cashed in on the bobbles for touchdowns. However, it was a fumble by A. & M. that gave Baylor its only chance to score, the Bears getting the ball on the Aggie 34 and sweeping down to the seven, making 14 of the yards on a pass interference penalty. It was here that the crowd came on the field after three passes had failed, thinking it was all over.

Mississippi and Arkansas played a football game in 1914 that still is claimed as a victory by both teams—Mississippi by 13-7 and Arkansas at 1-0.

100-Mile Grind To Decide U. S. Auto Champion

ARLINGTON, Texas—(AP)—Big-time automobile racing comes to the Southwest today as 16 drivers fight for gold and glory and Ted Horn and Bill Holland settle the national championship over the 100-mile grind at picturesque Arlington Downs.

Sponsored by the American Automobile Association, it will be the ninth and final race of the year with Horn, the Paterson, N. J., star of the Indianapolis Speedway, needing no better than fifth place to win the championship even though Holland, the Bridgeport, Conn., driver came in first.

These are the only ones left in the running—Horn with 1680 points and Holland with 1570, accumulated in the eight races held over the country this year. First counts 200 points here while fifth is 100. Horn could finish sixth and still gain a tie with Holland should the latter win top money of \$2,476.

No other driver has better than 750 points but there will be 14 more in the big race because of the \$10,000 in prize money.

Qualifying trials start at 10 a. m. (CST) and will continue until 2 p. m. with 21 cars entered. The main event will be at 3 p. m.

Mississippi and Arkansas played a football game in 1914 that still is claimed as a victory by both teams—Mississippi by 13-7 and Arkansas at 1-0.

**Michigan Barely Trips
Over Gophers 13-6**

ANN ARBOR, Mich. (AP)—The Michigan Gophers barely managed to trip the Rose Bowl-bound Michigan Barely Trips Saturday, 13 to 6, keeping alive Wolverine hopes for a Big Nine championship and a berth in the Rose Bowl.

Minnesota's great line that waded the sand in the hitherto high-scoring Michigan game, and for a half minutes a stunned crowd of 85,000 that jam-packed Michigan's big stadium saw Minnesota lead the nation's No. 1 team on the strength of a methodical attack from the middle.

When Bob Chappuis, Michigan's halfback, threw a fast low pass from the Minnesota 40 to Jimmie Elliott, who caught it on his fingertips on the Minnesota 15 and went on to score before the half ended. Jimmie Elliott's 101st extra point of his Michigan career put Michigan ahead 13-0.

Gene Derrigotte added the second touchdown in the last period on a 21-yard run off his left tackle.

Ray Choate, passer for the Mississippi freshman football team, threw footballs with his right hand, but golfs left-handed. He holds several links titles.

**USC's Trojans Romp
Over Calif. 39-14**

BERKELEY, Calif. (AP)—Crashing, whirling giants from Southern California charged a long and important lap toward the Rose Bowl yesterday by battering California's hitherto unbeaten Bears, 39 to 14, before a capacity crowd estimated at 80,000 fans.

The big Trojans, passing and punning relentlessly, and snatching at every opportunity, scored two touchdowns in the first period, one each in the second and third quarters and crossed the goal line of a demoralized California eleven twice in the last period.

California counted touchdowns in the first and second quarters, but except for these scoring flurries, was outplayed by a team the huge crowd cheered at the end as possible Coast Conference champions and Western representatives in the Rose Bowl on New Year's Day.

**West Texas Downs
N. Mexico Aggies 34-7**

LAS CRUCES, N. M. (AP)—West Texas State College made four passes to set up a 34-7 victory over New Mexico A and M here Friday night.

The four passes netted 122 yards and one was good for a touchdown.

Bill Cross ripped off 68 yards for one West Texas touchdown, then romped 25 yards for another. That cracked a 7-7 tie-dock and sent the Canyon eleven off on its rout.

Jerry Nuzum passed to Frank Bettencourt for A and M touchdown.

Junior Melton kicked four of five extra points for the Texans.

**Brennan Leads Irish
To 21-0 Win Over Iowa**

SOUTH BEND, Ind. (AP)—Out of a lineup including such worthy gladiators as Czarowski, Swistowicz, Kosikowski and others, rose Irishman Terry Brennan yesterday to punch a pair of touchdowns which gave the unconquered fighting Irish of Notre Dame a 21-0 triumph over Iowa.

Notre Dame's fourth straight football success, which delighted a sellout throng of 56,000, was registered chiefly along the ground with pitching Johnny Lujack taking the back seat. The Irish broke loose the 21-year-old Brennan and Emil "Red" Silko on scabback scampers which aided greatly in piling up a total of 223 yards by rushing while outmanned Iowa was tearing off 120.

**Lefors and Panhandle
Bowlers Continue Play**

Bowlers from Panhandle and Lefors met in Lefors last week, in continuance of their matched bowling contest. The total scores were Panhandle 3,188; Lefors 2,866.

The contestants were Wade Johnson, R.M. Chastain, Jim Henry, A. J. Sears, John Franklin, and Loyd Roe, from Panhandle; and Ray Chastain, Marion Brown, George Clemmons, Boyd Smith, John Oldham, and Mel Oldham of Lefors.

**Deafened People May
Now Hear Clearly**

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music, and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Belton, Dept. 6 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Belton today. Adv.

**New Scoreboard
Erected at McLean**

McLEAN (Special)—The McLean Tigers and their fans are happy that a new scoreboard is being erected at Tiger Field here.

The board, to be 12 feet in height and sufficient size to be clearly visible from all parts of the stadium, is being built by J. M. Payne, who is doing the work free. Material was donated by the Cicero Smith Lumber Co.

**Dinner Party Winds
Up Queen's Celebration**

Mrs. Ken Bennett, elected Pampa's Queen for a Day at a program at Junior High Tuesday evening, sponsored by the Odd Fellows, completed her 24-hour reign and whirl of festivity with a dinner at Old Tascosa Thursday evening.

Accompanied by her husband, and Mr. and Mrs. Ken Palmer, she was flown to Amarillo by Roy Webb, accompanied by Mrs. Webb, and the group was met by a delegation from Pampa and Amarillo, which included, from Pampa, Mr. and Mrs. Roy Kretzmeier, Mr. and Mrs. Ted Mastin, Mr. and Mrs. Barney Brummett, Mr. and Mrs. W. A. Noland, Mr. and Mrs. John Hall, Mr. and Mrs. Chester Nicholson.

From Amarillo, Mr. and Mrs. O. O. Smith, Mrs. Maxie Pampin and Miss Jeanetta Smith.

The guests were welcomed by the manager of Old Tascosa, where they had dinner and danced to the music of Dick Morton.

**Applications for
Pampa Guard Unit
Commander Asked**

Applications for commander of Pampa's unit of the Texas National

Guard, to be known as Company G, 142nd Infantry, were being asked for Saturday by the Military Affairs Committee of the local Chamber of Commerce.

Pampa veterans of World War II, who held commission grades, are eligible for the post. Applications are to be mailed to John V. Osborne or Tom Egly in care

of the Chamber of Commerce. The committee is interested in making a recommendation as soon as possible for the job.

Once this is done and a sufficient number of officers and enlisted men recruited the unit can be activated.

Iron is the fourth most common element on the earth.

**Clubs to Receive
Margaret Truman**

Invitations were being sent through the mails over the weekend from the Panhandle Concert Bureau, Amarillo, to various persons in the Panhandle to attend

a post concert reception for Miss Margaret Truman on November 7. The reception will be held in the Federated Club Room of the Municipal Auditorium, Amarillo. The concert by the President's daughter will start at 8:30 p. m. November 7 in the Amarillo Municipal Auditorium.

QUARTET PARADE—Pictured above is a group of Lubbock barber-shoppers enjoying a little close harmony. This group will be one of the many top-flight quartets that will appear in Pampa, Nov. 22, during the Parade of Quartets to be held at the Junior High School Auditorium. The "parade" is being sponsored by the Top o' Texas Chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America.

Air Reserve Is Slated for Pampa

The War Department has announced that any ex-enlisted man or ex-officer of the Air Force is eligible to belong to the Air Force Reserve.

In connection with this announcement, reservists of the Pampa area have announced that a squadron of air reserves is now in the process of being formed in this area. This squadron will be a part of the air defense command.

As quickly as the required 50 members are obtained for this squadron, the War Department stated that all flying will be done at local airports, with Army airplanes, that will be flown to Pampa for training purposes.

It has been assured, by government officials, that after the next regular session of Congress convenes all ex-Air Force men will be paid for their monthly participation at the rate of four days regular pay, based on their rank in the reserve.

Local reserve officers stated that the anticipated squadron to be formed in Pampa has a place for every former member of the AAF, whether or not rated enlisted man or officer. The squadron will be staffed completely by area reservists.

No reservist will be allowed to fly Army equipment or to go to annual encampment unless they take an active part in a unit, such as is being formed here.

This is an excellent opportunity for ex-AAF men to keep their reserve ratings active and to obtain promotions, officials stated.

Members of the Regular Army will meet with Pampa reservists Thursday night at 7:30, in the Cabot Safety Office to help form this squadron.

ACCIDENTS

Continued From Page 1

said the truck was near a total loss. Around 11:45 Friday night R. E. Robertson, 30, of Berger, ran into the rear end of a Bond & Son truck with a 1938 Plymouth coach about 3 miles east of Skellytown. The truck was parked beside the pavement, Robertson said, when he had to pull to the right to avoid colliding with an oncoming car. He hit the trailer, and although no injuries resulted to Robertson or his companion, Earl Ellis, the Plymouth was heavily damaged.

U. S. Senator Wallace H. White, Jr., had appealed.

Fleming announced that free shipments of blankets, clothing and medical supplies already were enroute to Maine from Boston WAA warehouses, and said the works agency could lend such heavy equipment as trucks and bulldozers needed for fighting the fire.

PLANE CRASH

(Continued From Page 1)

tors picked up scattered mail. Largest piece of the plane still intact was a tail section eight by 15 feet.

Reporters who had covered major crashes in mountainous Utah said they never saw wreckage scattered so widely or so many bodies unidentifiable. Two of the victims were infants and a score or more were women, one an expectant mother.

Stone tools were used by primitive man as early as 125,000 B.C.

AID PROGRAM

(Continued From Page 1)

old their own while the Socialist and National Republican Movement parties took a heavy beating due to the spectacular rise of the political leadership of Gen. Charles de Gaulle.

Neither in Italy nor in France have the Communist efforts been decisively settled. The best information reaching American sources state the Communists will make an all out drive for political control in key countries of Western Europe this winter.

State Department officials appear convinced and evidently have convinced President Truman, however, that a show of timid or hesitant U. S. policies would give the Communists the opening they want.

Referendum Planks Will Be Discussed At Chamber Meeting

Planks to be voted on during the West Texas Chamber of Commerce referendum vote on November 11 in Abilene will be discussed during the monthly meeting Monday of the local chamber's board of directors.

Reno Stinson and Ray Bourland, representing the local chamber on the WTCC panel will give a detailed explanation of the planks. The discussion will precede a recommendation to the local directors of the WTCC on how to vote on the planks at the election.

H. E. Nix of the Fort Worth office of WTCC is also slated to attend the local chamber's monthly meeting.

CONTROVERSY

(Continued From Page 1)

public lands.

Krug explained that although the Clark line was confirmed officially by Congress in 1891, the Cimarron Base line was more generally accepted as the proper boundary and land acquisition was based upon that line.

As a result, Krug said, some of the public land was found to be included within fields or fences of adjoining Texas and Oklahoma landowners.

The two conflicting lines established under federal government authority brought about confusion and the problem was aggravated further by uncertainty as to the Clark boundary line because herds of buffalo had destroyed the mounds and pits marking it.

The Cimarron line, established later by the federal surveyors, was marked with more permanent monuments.

An acre-inch of top soil weighs, on the average, 150 tons.

satisfied. He added the biggest hindrance against the rise of communism was in making the community a more desirable place than it could be under communism.

The Jaycees delegation had visited Amarillo and Berger earlier this week.

A quartet of Kirk Duncan, Charles Roberts, Red Wedgeworth and Dr. L. J. Zachry was drafted from the floor to render an interpretation of "I've Been Working on the Railroad," which must have been a terrific success someone said later it sounded like work.

Jack Nimmo, president, appointed nine teams of two men each to meet for a "kickoff breakfast" at the Palm Room Tuesday to receive instructions and assignments for work in the drive to raise funds for the Girl Scouts.

Shamrock Girl Dies Following Auto Fire

SHAMROCK (Special)—Fire of undetermined origin Friday morning fatally burned Bonnie Lee Braxton, 12, of Shamrock and destroyed her father's automobile.

The fire broke out in the car shortly before 11 a.m. while it was parked in a cotton field. Her father, G. I. Braxton, standing nearby, attempted to remove the child from the burning car. He pushed the burning child to Shamrock General Hospital where she died at 4 p.m. The girl was alone in the car when the fire broke out.

The Braxton car was a total wreck with only the motor and wheels remaining.

Surviving besides her parents are one brother, Lloyd Braxton at home, and one sister, Mrs. Leonard Powledge of Plainview. Funeral arrangements at the Jay Funeral Home were incomplete.

WARMONGER

winds, with no rain in sight. A helpful development was the President's proclamation in Washington.

Mr. Truman acted on the recommendation of Major General Philip Fleming, Federal Works administrator, to whom Maine's Gov. Horace A. Hildreth and

Digs Water Well; Discovers Oil

TEAGUE (AP)—Ed Allen, Negro farmer near Teague, hired a contractor to dig a water well on his property.

The contractor dug to 20 feet. A hissing noise was heard and fumes broke through the well wall almost overcoming the man before he could get out.

Allen "lowered a chicken into the well. It died.

Oil men looked at specimens from the well. Definitely indicative of gas or oil or both, they said.

There are several gas wells

License Violation Brings \$20.50 Fine

Charles G. Johnson of Amarillo was assessed a total fine and costs of \$20.50 in the Justice of the Peace Court at Panhandle Thursday on a charge of violating a driver's license restriction.

Johnson was driving without glasses when his license restriction required them. Patrolmen also filed speeding charges, trial for which will be held Oct. 30 at Panhandle.

Pampa highway patrolmen who filed the charges and were witnesses, pointed out violation of a driver's license restriction was grounds for cancellation of license.

Food, liquor and tobacco constitute about one-third of U.S. consumer spending.

LOST 42 POUNDS WITHOUT DIETING

The following remarkable story shows conclusively that Barcentrate DOES take off fat.

It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcentrate, the original grapefruit juice recipe takes off fat quickly, safely and you can eat plenty.

Here Is Proof

"When I started taking Barcentrate, I weighed 212 pounds and wore size 46 dresses. Now I wear size 18 and weigh 165 pounds. I started taking Barcentrate in March and by June I had lost 47 pounds. I would have lost more weight had I left off fattening foods, but I was anemic at that time and afraid to diet. People who knew me before I started taking Barcentrate are amazed at the weight I have lost. My flesh is firm; I have never become flabby or wrinkled and I am 40 years old. Before taking Barcentrate I couldn't do my house work without becoming exhausted; had dizzy spells and my head and back hurt me constantly. I was so short winded, I was miserable. But now all those things have gone and it is really a pleasure to do the chores I once dreaded.

"Three years ago I nearly died with Typhus fever and it left me anemic and I could never get my blood count up again or get back my energy. After taking Barcentrate my blood count started up and is now normal. So you see why I praise Barcentrate so highly and recommend it. Any praise I can give Barcentrate is small compared to the relief and happiness it has brought me."—Mrs. Eula Whitehead, 509 Harmon, Corpus Christi, Texas.

At All Druggists

The above is one of hundreds of amazing endorsements we have received.

If you are overweight and want to take off ugly fat, just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonfuls twice a day. If the very first bottle doesn't show you the simple, safe, easy way to take off weight, return the empty bottle for your money back.

FIFTEEN YELLOW PILLS

● A recent development in medical research is said definitely to cure malaria, long a scourge in certain sections of the country. Three small pills a day for five days and symptoms disappear. It is also claimed that four pills a week during the malarial season will serve to prevent the malady. All of the fruits of medical research are available to you through your family physician. He should be your sanctuary in case of illness, your protection against the wiles and artifices of the unprincipled peddler of nostrums.

ADVERTISEMENT FOR BIDS WATER FACILITIES WHEELER, TEXAS

Sealed proposals will be received by the City of Wheeler, Texas, at the office of the City Secretary, until 7:00 p. m. Central Standard Time of November 17, 1947, for drilling and developing a water well, constructing a pump house, laying of a transmission line and accessory construction, at which time and place the proposals will be publicly opened and read aloud. Any bid received after closing time will be returned unopened. Copies of the plans, specifications, and other proposed contract documents are on file in the office of the City Secretary at Wheeler, Texas, and are open for public inspection.

Plans and specifications may be obtained from George W. Thompson, Consulting Engineer, 512 W. Kingsmill Ave., Pampa, Texas, upon a deposit of \$10.00, as a guarantee of the safe return of the plans and specifications. The full amount of this deposit will be returned to each bidder and \$5.00 will be returned to each non-bidder upon the return of the plans and specifications in good condition. No refund on plans and specifications returned later than ten days after the award of contract will be obligatory.

A bidder's check, certified or acceptable bidder's bond payable to the City of Wheeler, Texas, in an amount not less than five percent (5%) of the largest possible total for the bid submitted, must accompany each bid. No bid may be withdrawn, after the scheduled closing time for receipt of bids, for at least thirty (30) days.

The City of Wheeler, Texas, reserves the right to reject any or all bids and to waive formalities.

TWINS HAVE FUN—Ruth and Helen Hoffman, talented and adventurous identical twins, early in life worked out a set of personal goals. In their book, "We Lead a Double Life," they tell how they went about attaining them. From their struggles with housekeeping and assorted jobs around St. Paul, the girls' story—illustrated by themselves—proceeds to describe study at the University of Minnesota and the Ecole des Beaux Arts de Fontainebleau in France, painting trips through Greece and Italy, money-making sojourns in New York's greeting-card and valentine business, and sundry experiences in Montparnasse. Very interesting, and very interesting too are the frolicsome twin daughters of Janet and Greeley Warner. A favorite indoor sport is watching their antics, as when they were most indignant the other night when Janet covered their feet with sleepers for the first time.

PAMPA PANORAMA—Look alike: Good looking Sandy Williams and her small daughter, Mary Ellen—Overheard a man say the other night he wished the JC's would have another carnival. "Why, so it would rain?" asked his wife. Sounded rehearsed to me—Leticia Harrah is in California visiting a sister—Raymond, Jr., has pledged Phi Psi at Texas U.—Laura and Clyde Pather went nightclubbing and footballing in Oklahoma City and Norman last weekend with the youngsters Nancy and Billy Davis and Frank and Mary Ann Kelley. If they recover in time they plan to repeat the outing this weekend, but with an older crowd. Less strenuous, or is it?—Friends of Pearl Mitchell are still talking of the change in personality a new beige hat with an upstanding feather has given her. She had never thought she could wear an off-the-face hat before—very becoming—Betty and Ralph Dumber have just returned from a week's trip to Dallas where they attended the Texas-Oil game—So have Mary and Tom Lindsey, who were given the bridal suite in a Dallas hotel, after a mix-up in reservations, and Mary is still raving over their hotel bill—While living in Elk City, Christine Zahn was considered the most beautiful young matron in Western Oklahoma—she's a beauty now with that lovely white hair—Speaking of lovely coiffures—Lottie Ochiltree and her mother, Mrs. Cherry, look like twins pictured in the ad. "Can you tell which one has the Toni home permanent?"—Not a shining hair out of place—Mabel Davis was lunching at the Schneider the other noon in a beige gabardine, suit with the new pleated skirt—she really has the silhouette for it—Blonde Marge Walker is a picture driving a new blue Chrysler—Did you try to match her eyes, Floyd? Another is Martha Maguire who drives a jeep station wagon like a veteran—People are talking about Dr. Douglas Nelson's rare facility of making you feel he is talking to you and alone in a church full of people—Mark Heath is always going hunting—whether for game or for Flyout on the golf course.

The more industrious householders are raking up their leaves, but most of us are waiting until we get enough of an accumulation to make it worthwhile. (Of course, there's always the school, a strictly masculine one, which holds it's good for the lawn just to leave 'em where they are.)

Cleverest quip of the week: Kewpie Doucette's English bride, Margaret, was heard to remark at a meeting of the ESA's, who are planning a ladies' minstrel in December, "Won't I make a good Negro mammy—with an English accent?" Margaret says she admires the warmth and enthusiasm of the American girls. Says the English are much too reserved to show their true emotions. A visitor to Pampa from England last month was simply amazed at the steak dinners we could put away. Said his stomach had shrunk so from the English short rations he didn't dare eat as much as he wanted.

Wouldn't you know the busiest of people find the time to do good? Witness: Teed Hicks and Lucy Sanders teaching Sunday School Classes—and the young ones say they are good, too. What's a good word for Jan Sanders—sweet dish?

The first week of the food-saving campaign caught most folks unprepared. On Tuesday, for example, many of us had meat already in the house, and the same with eggs when poultryrises Thursday came around. There was nothing for it but to pull down the shades and pitch them, after warning the kids not to say anything to the neighbors. The more frivolous element is worried about what the benefit is of eating our Tuesday meat on Thursday and our Thursday poultry on Tuesday. This is easily explained, but not by us housewives.

Alec and Lottie Schneider had a dinner bridge the other night, and Mrs. Buckler won a prize, as why shouldn't she—dressed in a new outfit as she was—hat, frock, coat and all the accessories. Isn't it wonderful how Mrs. Buckler has handed down her graciousness as a hostess to all three of her daughters?

Nell and Bill Kelley attended the American Royal horse shows in Kansas City last week. Bill didn't seem very happy about going, and Nell said she hoped to saturate herself with horse shows this trip, so she wouldn't have to drag Bill again very soon.

Someone should write a book about Mrs. T. D. Hobart's pioneer experiences (she could do it very well herself)—or of Henry Schaefer's life—his drives for land in the Indian Territory, or of John Snider (the barbecue king) who was a policeman in Amarillo many years ago, and who has traveled all over the U. S. giving feeds for senators, etc.

Mildred Boyd, ex-Pampian now living in Dumas, is teaching an art class one night a week in Berger on color harmony and design. Florence Jackson and Charles Thomas plan to attend. Wouldn't that Florence needed it, but Charles might. Florence is away this weekend—"interior decorating" a ranch house for a friend.

Former Pampans Ruth Ann and Art Holland were in town last week. Ruth Ann, who is young enough to joke of old age, says there is some compensation in getting older—the college boys don't shove her around at football games as they used to. Ruth Ann and her mother, Teed Hicks and Daisy Bellamy were seen having dinner last Thursday night together. Were the barbecue ribs good? Ruth Ann and Art had fun last summer helping a friend in the East write a book about a friend's grandfather. Art was very helpful in supplying the male viewpoint, which he said the girls lacked. Ruth Ann wanted to borrow Randy Antonson to help her pack her car last Friday morning, as Art had to return to Oklahoma City before her on business. Said he was just about the size of man she needed for the job. Hefty handsome Randy was pressed into service the other night to carry three litty litty bags to the railroad station. Was he flattered?

Ruth Shellhorn (affectionately known as Shelly to her friends) was happy last week. Leon Henderson came to town. Leon is "engineering" for Nell McCullough (another ex-Pampian) in Albuquerque.

Always speaking of ex-Pampans doesn't mean that all our good citizens have left—it means those who have left are drawn back from time to time—be it the new Phillips well that has the Bob Campbells back to town, or as Naomi Hanna writes from Santa Ana: "I will never forget the wonderful people of Pampa." Seems it's the feeling of freedom and hospitality of Pampa they miss and come back for.

Sounds like I'm a member of the Chamber of Commerce, but I'm
Peg O' Pampa

Teacher Tells AAUW About Year Abroad

The Pampa Chapter of the American Association of University Women met in the City Club Rooms Tuesday evening for a social studies program.

Following a delicious covered dish dinner, Miss Claris Glick gave an interesting account of her experiences in Europe during the past year. Miss Glick was a teacher in the American zone of Occupation in Germany. In addition to her stay in that country she visited many other countries of Europe.

Those attending the meeting were Mesdames J. D. Fobburg, L. B. Perriek, John I. Bradley, Sam Irwin, J. Ernest Hood, M. K. Griffith, J. C. Pattillo, J. B. White, Quentin Williams, Lou Roberts, Perry Gant, R. H. Sanford, Raymond Salmon, Esper Elover, George Friant, Charles W. Lynch, Jr., Loyd Davies, Lee Harrah, and Kathryn Steele.

Misses Babs Eaton, Jamie Eaton, Eka Huton, Patricia Nichols, Pearl Spough, Genevieve Adams, Lillian Mullinax, Inez Chubb, Ruby Frust, Margaret Jones, Neve Mayo, Beth Eastley, Ruth Huff, Helen Huff, Josephine Thomas, Opal Mills, Barbara Hogan, Alma Wilson, Ida Belle Bryant and Mary Gordon.

ESA Is Planning Turn About Minstrel

The regular meeting of the Epistol Sigma Alpha Sorority was held in the home of Mrs. Edwin Givens at 1108 Charles with Mrs. Tom Lindsey, president, presiding.

Mrs. Herman Foster, treasurer, gave a report on the finances of the club.

Mrs. Bert Arney, representative to the Council of Clubs, announced the Silver Tea to be held in the City Club Rooms on November 2 for members of the council and their guests.

Announcements were made by Mrs. Lillian Kelley from Ben Guill, director of the Turn About Minstrel set for December 3.

It was announced that the casting is well under way.

It was voted to help make contributions toward the purchase of the new piano for the City Club Rooms.

Plans were discussed for an informal dance set for November 21.

Mrs. John Nutting and Miss Ursula Jones served refreshments of cake and coffee to members.

Present were Mesdames Heron Foster, Parks Brumley, John Nutting, Albert Doucette, O. J. Payne, William J. Ragerdale, Bert Arney, Tom Lindsey, Edwin Givens, Jean Haw, Lillian Kelley, Margaret Dial, Misses Ursula Jones and VaTue Dyson.

WORLD MILK

The United States produced more than 55,000,000 quarts of milk in 1945, as compared with 8,000,000,000 in the United Kingdom, 8,000,000,000 in Canada, and 4,500,000,000 in Austria.

Mr. and Mrs. J. C. Roy Jones

Anna Lou McCoy and J. C. Roy Jones Exchange Vows in Church Ceremony

Miss Anna Lou McCoy, daughter of Mr. and Mrs. J. O. McCoy of Pampa, became the bride of Mr. J. C. Roy Jones in an impressive twilight ceremony in the chapel of the First Presbyterian Church, Oct. 17, at seven o'clock in the evening.

The vows were taken before an altar encircled with palms and baskets of white giant chrysanthemums and accented by soft candlelight.

Miss Lane Engaged To Wesley Geiger

Mrs. Corrine Lane, 629 N. Yeager, announces the engagement and approaching marriage of her daughter, Lourita (Rita) Lane to Wesley Geiger. The wedding date has been set for November 23.

Audrey McIntyre Is Wed to James Norrid

SHAMROCK—(Special)—Miss Audrey McIntyre, daughter of Mrs. Thelma McIntyre of this city, became the bride of Mr. and Mrs. James Norrid of Amarillo, son of Mr. and Mrs. S. Norrid of Kellon, on Friday evening, Oct. 17, at the Assembly of God Church.

The impressive double ring service was read by the pastor, Rev. A. J. Williams.

Vows were exchanged at the church altar which was beautifully decorated with a background of fern and tall white altar baskets of white mums.

Candles were lighted by Donnie Prater and James Conner.

Mrs. Duward Price sang "Always," by Berlin, accompanied by Mrs. Marie Lane of Wellington.

Mrs. Lane sang "I Love You Truly," playing her own accompaniment.

Mrs. D. L. Vinyard was matron-of-honor. She wore a street-length dress of pink crepe and corsage of pink carnations.

Miss Mary Bell Norrid, sister of the bridegroom, and Mrs. S. B. McIntyre, sister-in-law of the bride, were bridesmaids. They wore identical dresses of light blue crepe and corsages of pink carnations.

R. C. Craig served the bridegroom as best man, and the groomsmen were Messrs. Duward Price, Vernon D. Hardin and Nolan Price.

The bride entered on the arm of her brother, S. B. McIntyre, who gave her in marriage. She was attired in a tailored suit of teal blue, accented with brown accessories. She wore an off-the-face hat and carried a white Bible topped with white carnations and showered with white satin ribbon.

Immediately following the ceremony a reception was held at the home of the bride's mother.

The wedding cake, cut by the bride and bridegroom, was served by Mrs. Duward Price. Mrs. Thelma McIntyre presided at the punch bowl and was assisted with the serving by Miss Joyce Wall and Miss Joy Craig of Kellon.

About forty guests registered at the reception.

Mrs. Norrid attended the Shamrock High School and for the past few months has been employed by the Southwestern Bell Telephone Company in Amarillo.

The bridegroom is a graduate of the Kellon High School where he was valedictorian of his class. He attended Wayland College at Plainview before entering military service. He served three years with two years of overseas service.

After a wedding trip to Beaumont the couple will be at home in Amarillo, 1300 South Pierce Street. Mr. Norrid is associated with his brother in the Norrid Glass Company of Amarillo.

Pampa News
SOCIETY AND CLUBS

Pampa News, Sunday, October 26, 1947 PAGE 9

Henderson-Bell Wedding Is Held In Shamrock Methodist Church

SHAMROCK—(Special)—Miss Jean Henderson, daughter of Mr. and Mrs. J. W. Henderson, became the bride of Mr. Glynn Bell, son of Mr. and Mrs. Gid Bell, Sunday, October 19, at 3 o'clock.

Nuptial vows were exchanged at the First Methodist Church with Rev. Hubert Bratcher, pastor, officiating in the double-ring service.

The church altar was decorated with a network of greenery against a white background. Tall white baskets of white chrysanthemums and cathedral tapers in seven-branched candelabra completed the setting. The aisles were marked with lighted tapers. Candles were lighted by Mr. Harris Zeigler and Mr. Ernest Henderson.

Mrs. Lyle Holmes sang "Because" by d'Hardelot and "Always" by Berlin, accompanied by Mrs. Cabot Brannon of Clinton, Okla. "The Bridal Chorus" from the opera "Lohengrin" by Wagner, was used for the processional and "Wedding March" from "Mid-Summer Night's Dream," by Mendelssohn, for the recessional.

During the ceremony Mrs. Brannon played "I Love You Truly."

Mrs. Milton Gierhart attended her sister as matron-of-honor. She wore a gown of white satin and marquisette made along fitted lines. Narrow satin-edged ruffles finished the neckline and skirt pleum. She carried an arm-bouquet of orchid-shaded asters tied with orchid streamers.

The bridesmaids were Miss Doris Bell of Lubbock, Miss Peggy Williams and Miss Fern Thomas, both of Oklahoma City. They wore identical gowns of white marquisette designed with white covered buttons down the bodice fronts and grosgrain ribbon around the skirts. Each bridesmaid carried a bouquet of pink rosebuds centered with a gardenia and tied with pink streamers.

Mr. Gid Burrell of Amarillo, served the bridegroom as best man. Ushers were Messrs. Jack Montgomery, Harris Zeigler, and Ernest Henderson.

The bride, given in marriage by her father, wore a gown of traditional white slipper satin. (See SHAMROCK, Page 11)

Mr. and Mrs. Sidney W. Landers

Muriel Kitchens Marries Sid Landers In Ceremony at First Baptist Church

Miss Muriel Kitchens, daughter of Mr. and Mrs. Auburn B. Kitchens of 1109 Garland, was married to Mr. Sidney W. Landers on Sunday, Oct. 19. The wedding took place in the First Baptist Church with Rev. E. Douglas Carver performing the single-ring ceremony.

Miss Eloise Lane, at the organ, played the prelude, "Claire de Lune"—Debussey and accompanied Miss Inez French, who sang "Because" and R. Virgil Mott, who sang "I Love You Truly."

During the ceremony Miss Lane played "Always" by Berlin. The wedding marches by Wagner and Mendelssohn were used.

Both Miss Lane and Miss French wore corsages of bronze chrysanthemums.

The church was decorated with baskets of gold and white chrysanthemums and candelabra with white tapers.

Miss Dora Kitchens, cousin of the bride, was candle-lighter. She wore a corsage of white mums.

Mrs. Bea Clark was matron-of-honor. She wore a gray suit and a corsage of Tallisun roses.

The best man was Tom J. Landers brother of the bridegroom. The ushers were Paul Keim, W. W. Kercheville, and Glen H. Day.

The bride was given in marriage by her father.

She wore a beige gabardine suit with brown accessories and a brown feather hat. Her corsage was a purple orchid.

The bride's mother wore a black crepe dress with black accessories and a gardenia corsage.

The bridegroom's mother wore a black crepe dress suit with black accessories and a gardenia corsage.

A reception was held immediately following the ceremony in the home of Mrs. Truman Cooper, 1337 N. Starkweather. Mrs. Cooper was assisted by Mrs. Tom Kitchens.

The serving table was covered with a white Madeira cloth and the center piece was a bowl of white and pink baby chrysanthemums on a round mirror flanked on either side with lighted pink candles in crystal holders.

Mrs. J. C. Volmert poured punch and Mrs. Woody Pond of Miami served the three-tiered wedding cake which was topped by a miniature bride and groom.

Mrs. Tommie Stone was in charge of the bride's book in the church.

Mrs. Ernest was graduated from McLean High School, attended two years at Texas Tech in Lubbock and was graduated from Oklahoma University, Norman, receiving her degree in Fine Arts. She was a member of Alpha Chi Omega Sorority. She has studied voice under Samuel Margolis of New York, and Mrs. Lo Rean Hodapp, Princeton, N. J.

Mr. Ernest attended Mission House College and Seminary in Plymouth, and Princeton Theological Seminary. He served four years in the Navy as a chaplain and attended chaplain school at Williamsburg, Pa. He received his degree of Master of Theology from Princeton Seminary in May.

The bride and groom are spending their honeymoon in New Mexico and Colorado. They will make their home here where he is pastor of the Presbyterian Church.

Refreshments were served by the hostess.

Miss Doris Anne Davis

The engagement and approaching marriage of Doris Anne Davis, daughter of Mrs. Mel B. Davis and the late Mr. Davis, to Harold Lloyd Rinehart, son of Mr. and Mrs. Lloyd Rinehart, 1317 N. Starkweather, was revealed at a tea Sunday afternoon at the home of her mother, 1117 Christine.

The serving table, covered with a lace cloth, was centered with an arrangement of white mums forming a double ring with white satin ribbons bearing in gold lettering the names of the bride-elect and her fiancé.

The wedding is to take place November 28.

Mrs. NeCase Honored With Birthday Party

Mrs. Ada L. NeCase, 461 N. Warren, was the honoree of a surprise house social in her home last Sunday-afternoon on the occasion of her seventy-third birthday.

The house was beautifully decorated with dahlias, red roses, and carnations. Floral contributions were made by Miss Beiva June Bull, Lefors, Mrs. Gordon Melton, M. View, Calif.; Mrs. Frank Jerrigan; Mrs. G. C. Stark; Mrs. George Murphy, Mrs. Tom Dixon; Mrs. John Browning; Mrs. J. B. Hilburn; and Mr. and Mrs. Tom Clayton, all of Pampa.

Mrs. NeCase received many beautiful gifts.

Guests present were: Messrs. and Mmes. Zeke Simpson, Lee Harris, J. B. Hilburn, H. P. Browning, Heavy Ingram, and Dale Butler.

Mmes. Ida Barton, Vida Murphy May Morrison, Thomas Bruce, Tral Baptist Sarah Taylor Young Women's Auxiliary it should have been stated that Mrs. J. F. Webb is local Young People's secretary of the Central Baptist Church.

Sub Debs Plan Picnic With Esquire Club

The Sub Deb Club met Tuesday evening with Nelda Davis, 601 N. Somerville, with Margery Dixon presiding. Plans were discussed for the Sub Deb-Esquire picnic to be held Sunday at 4:30; starting from the Red Brick.

Plans were made to send Christmas boxes to children in an orphan's home and it was decided that the gifts are to be brought to the next two meetings.

The committees for the Entertainment Dance were appointed. The next club meeting will be held Tuesday at 7:30 at June Myatt's home.

The Social Calendar

- SUNDAY
- 4:30 Sub Debs and Esquires meet at Red Brick for picnic.

- WEDNESDAY
- 7:30 Junior Old Fellows at Hall.
- THURSDAY
- 7:30 Rebekahs will meet at 1000 Hall.

Mrs. Frankie Downs Entertains OES

PANHANDLE—(Special) Mrs. Frankie Downs was hostess when the Panhandle Chapter of the Eastern Star met last week in regular session.

The Chapter voted to send their Worthy Matron, Mrs. Elsie Weatherly, to Grand Chapter at San Antonio October 26, and to help in buying gifts for the Worthy Grand Matron and other line officers.

The program announced previously for November 3 will be postponed to a later date because of Grand Chapter.

THESE SHIRTS ARE BRUTES, WEAR LIKE IRON. I MUST REMEMBER WHERE I BOUGHT 'EM.

AND WHERE I SENT THEM.

WHY SO?

THE COLOR STICKS AND THE YOUTH LASTS BECAUSE OF THE WAY THE AMERICAN STEAM LAUNDRY LAUNDERS THEM.

WHAT IS YOUR DANCE I. Q.?

1. Recitals provide an incentive for good work, but far more than that they are the best possible training in public poise, quick thinking, and initiative.
2. In dancing we find combines all the other Arts: the rhythm of music, grace and form of sculpture, color and composition of painting, dramatic appeal of the Drama. Thus dancing is rightly called "Queen of the Arts."
3. There is no law that in any way prevents any one, however incompetent or unethical from setting themselves up as a dancing teacher, taking your money and possibly injuring your child's chances for life. Membership in the National Organizations is your only safeguard against this sort of quack teacher.
4. To become a member of these organizations, a teacher must furnish proof of good moral character, business reliability, and pass a rigid test as to qualifications as a teacher. Membership in such organizations CANNOT BE BOUGHT.
5. Professional schools require, on an average, 300 hours of intensive training before they grant a Teacher's Certificate of Dancing. This corresponds, roughly, to four years of work in a local school at the usual two hours per week, nine months a year.
6. The purpose of the National Summer Conventions is to provide ALREADY QUALIFIED teachers with the newest methods and ideas in teaching as demonstrated by the finest teachers the country provides. These Conventions may be attended ONLY by QUALIFIED TEACHERS, OR their SPONSORED ASSISTANTS. These Conventions are NOT a TRAINING SCHOOL for BEGINNERS.

Mrs. Ringham and Mr. Trower Are Married In Simple Ceremony

Mrs. Amye Etta Ringham of Pampa and Mr. C. O. Trower of Panhandle were married Saturday, October 18, at 9:30. The wedding took place in the home of the bride with the Rev. James Todd, pastor of the First Christian Church of Panhandle, performing the single-ring ceremony. The bride wore a powder blue gabardine suit with black accessories. Her corsage was of Talisman roses.

Mrs. Joe Wilkinson, as matron-of-honor, wore an orchid street-length dress with black accessories and a corsage of white carnations. Joe Wilkinson served the bride-groom as best man.

Following the ceremony a reception was held. Mrs. L. H. Rowe of Panhandle cut the cake and Mrs. Minnie Barnes of Pampa poured coffee.

After a short wedding trip the couple will be at home in Panhandle where Mr. Trower owns and operates the Texas Grill Cafe.

In addition to those already mentioned the following guests were present at the wedding and reception: Mr. and Mrs. L. H. Rowe, and Mr. and Mrs. Jim Henry of Panhandle, Mr. and Mrs. Vernon E. Moore, Mr. and Mrs. Sheel Waggoner, Mrs. Minnie Barnes and Mrs. Lucille Heathington of Pampa and Mr. and Mrs. Joe Tremble of Borger.

foods, 600 jars, including 15 different kinds of vegetables, nine of pickles, seven of fruit, and numerous others of relishes, soups, and preserves. One new food she had canned recently was shredded coconut.

The group visited the home of Mrs. F. B. Warriner to see her lovely new bedroom suite, curtains, and crocheted bedspread. Other exhibits in the Warriner home included a large living-dining room which had been made by the removal of a wall, a rearranged kitchen and newly-chintz-covered rocker.

Mrs. D. A. Caldwell, 1304 Terrace, displayed her inviting back yard, with its comfortable rock-terraced sitting place and her plants and grasses in both front and back yards.

Singing and piano selections preceded the serving of refreshments which carried out the club colors of green and white in lime sherbet punch, white cake iced in white and green, white and green mints. These were served from a table centered with white carnations and green fern.

Members of the guest club present were Mesdames E. I. Mullins, Luther Stevens, Herschel McNabb, J. F. Norris, Maurice Upham, Jack Nickols, Ray A. Boyd, Jr. and Earl E. Atkinson.

Members of the host club not already mentioned were Mesdames J. C. Steward D. A. Rife, T. G. Groves, Allen Say, Frank Bally, A. Swafford, and S. E. Waters.

cousin, acted as candlelighters.

The guest register was presided over by Mrs. Louie Hooper of Pampa.

Miss Charlotte Wheeler of Limon, Colo., and college roommate of the bride was soloist. She chose "Because" and "Always" as her solo selections.

Ushers for the wedding were Mr. Bob Rose and Mr. Louie Hooper.

Mrs. Jones is a graduate of Pampa High School and also of Colorado Woman's College at Denver. She was a journalism major at CWC, business manager of the school paper, and was also president of Porter Hall, women's residence.

Mr. Jones is the son of Mrs. Myrtle Jones, of Tusconmbia, Ala. He is a veteran of World War II and holder of the purple heart. He served three and a half years in the infantry, two and a half of which were in the European Theatre.

Out of town guests for the wedding were Mr. and Mrs. J. B. Weems of Groom, Mr. Ray Jones and Mr. Cecil Ray Jones of Plainview.

A reception for the wedding party was held in the home of the bride's parents immediately following the wedding.

After a short wedding trip Mr. and Mrs. Jones will be at home at 1329 Garland in Pampa.

LANDERS
(Continued from page nine)

which approximately 75 guests registered.

Out-of-town guests were Mr. and Mrs. Tom J. Landers, parents of the bridegroom, Lamesa, Mr. Tom Landers, Jr., Carlsbad, New Mexico; Mr. and Mrs. R. L. Ballard, sister of the bride and her husband and family of Eads, Colo.; Mr. and Mrs. Clarence Hart and Judy and Tolene Brown of Dumas; Mr. and Mrs. Woody Pond, Tom Coffee, Donna Lee Kitchens, Mr. and Mrs. Lee Kitchens, and Mr. and Mrs. T. C. Addington of Miami.

The bride and groom left immediately for a wedding trip to San Antonio. On their return they will be at home at 1117 East Francis.

The bride is a graduate of Mary Hardin-Baylor College. She is a member of Pi Gamma Mu, Sigma Alpha Sigma Historical Phila Literary Society, the Business and Professional Women's Club (of which she is past president) and of the National Secretaries Association.

The groom is a graduate of Estelline High School and attended Texas Tech College. He served 5 years in the U. S. Army and in the Reserve, holds the rank of major. He saw service in both the European and Pacific Theaters. He is manager of the Cornelius Motor Company and co-owner of Landers-Cornelius Machine Company of Dumas.

DISCOVERY WAS BOON

Many diabetics died of starvation within a few months after contracting the disease, while diabetic children and diabetic coma cases almost always died, prior to the discovery of insulin by Dr. Banting and his associates in 1922.

Mrs. Hrcnciar, Sr., Entertains HD Club

SHAMROCK (Special)—The Pampa Home Demonstration Club met Monday in the home of Mrs. John Hrcnciar, Sr.

Miss Louise Risian presided and Mrs. W. A. Allen gave a report on the state meeting held at Galveston recently. An annual report of work accomplished this year was given by each member. Games of bingo were played during the social hour and refreshments were served.

Those present were Meses. W. L. Morrisop, Emma Hastings, J. W. Stauffer, W. L. Walker, W. A. Allen, Paul Macina, Osie Parrish, W. B. Bertram, Grace Hanner, Misses Mae Ruth Stauffer and Louise Risian.

The next meeting will be held at the home of Mrs. Grace Hanner and the program will be on picture and flower arrangement.

Only one member of the 39-man Texas varsity football squad is from out of the state.

35th Anniversary GIRL SCOUTS

BETTER CITIZENS... BUILD A BETTER WORLD

Leaders Needed To Enlarge Girl Scout Activities

Girl Scouts in Pampa have enlarged their organization year by year since organization here in 1936, when a lone troop started activities, to the 361 membership here in 1947. Scout officials say there are around 200 girls on the waiting list, and that membership here could be brought quickly to over 500 if more leaders were added.

During the first year of activity the Kiwanis Club gave the girls the use of the house on E. Kingsmill for their troop meetings. Construction of the building at Camp Sullivan, near Lefors, was begun in 1942.

The Pampa Girl Scout Council was organized and chartered in July, 1939, and Mrs. F. M. Culbertson was installed as first president. The Council was incorporated in 1940, and Miss Sallie Cahill, Pampa's first professional Girl Scout worker, was employed that year. She remained until 1942, and after that the city was without an executive director for 14 months. Miss Marie Stedje, the present executive director, was employed in March of 1944.

By December of 1941 there were 10 troops in Pampa, and activities were beginning in full force. Camp Sullivan had been deeded to the Girl Scouts in July, and a number of camp and leadership courses were inaugurated. Dedication of the campsite was held in September, along with a barbecue on the camp grounds. Six attended the National Convention in Dallas in October of 1941.

In January, 1942, construction of the unit building was started at Camp Sullivan, and Day Camps were held, with training courses given in first aid, camping, out-of-doors and leadership.

Day camping at Harvester Park and at the Girl Scout house was started in 1943, and a day camp director was employed by the council to conduct the two weeks of camp. The Pampa Girl Scout Association, Inc., was formed with the assistance of Ida Mae McClure, national staff member. Mrs. Bruce Pratt was elected president that year.

December of 1944 showed an increase of 21 percent of 1943 in membership. Scouting activities were amplified. An increase was made in the annual Juliette Low Contribution to the world association. Under the chairmanship of Mrs. Lynn Boyd a kitchen unit was built at Camp Sullivan, and a day camp at the Scout house was held for the Brownies in June, and records show 150 campers had taken part in activities at Camp Sullivan during the year. In January of that year Mrs. W. S. Dixon was elected president, and Miss Marie Stedje was named executive director in March.

More growth was apparent in 1945 as 181 campers reported at Camp Sullivan, and more training courses and a more varied program was instituted. The Scout house on E. Kingsmill was deeded to the Scouts in October. Mrs. K. E. Thornton was elected president of the association and she served in that capacity for two years.

International friendship was stressed in Girl Scout troops in 1946, and local troops sent many gifts overseas to Scouts and other needy groups. An additional sleeping unit was built at Camp Sullivan, offering facilities to 24 girls to do troop camping, and 24 Scouts camped there during the year. The campsite was also used for area training courses for camp leaders. Brownie and Tenderfoot camps were held at the Scout house, and 18 Scouts attended an area camp at Ceta Glen.

Boxes of clothing, gifts, seed and food, known as "Treasures

Good Citizen

Girl Scouting helps girls become good citizens—at home, in their communities, and country and in the world. It is the basic aim of the movement, now in its thirty-fifth year.

courses given in first aid, camping, out-of-doors and leadership. Mrs. Mel Davis was elected president that month. The Girl Scouts also began defense work and service.

Day camping at Harvester Park and at the Girl Scout house was started in 1943, and a day camp director was employed by the council to conduct the two weeks of camp. The Pampa Girl Scout Association, Inc., was formed with the assistance of Ida Mae McClure, national staff member. Mrs. Bruce Pratt was elected president that year.

fashioned along fitted lines with a neckline of seed pearls and long fitted sleeves, pointed at the wrist. The bodice was closed with tiny covered buttons down the back. Her skirt swept into an aisle-wide train. She wore a fingertip veil of seed pearls, which she borrowed from the matron-of-honor. For something old, she wore ear rings belonging to her mother. The bride wore a single strand of pearls and carried a white Eastern Star Bible topped with two white orchids and white satin streamers.

Immediately following the ceremony a reception was held at the home of Mr. and Mrs. Jack Montgomery. A centerpiece of

white gladioli flanked with white tapers stood on the bride's table with the three-tiered wedding cake.

Members of the wedding party were in the receiving line. The cake, cut by the couple was served by Miss Doris Bell. Miss Joan Bell presided at the punch bowl and Miss Barbara Sue Bell registered the guests.

For traveling the bride wore a suit of grey trimmed with silver and gold beads with matching accessories. Her corsage was of orchids.

Following a trip to Colorado the couple will be at home near Shamrock.

Syracuse's cross-country coach, Bob Grieve, was a former Western Conference sprint champion.

Jim Piacco, Syracuse guard, was selected for the Pearl Harbor All-Star football team for two years.

HOW MANY SLEEPING PILLS CAN YOU TAKE SAFELY?

Have you ever stayed up all night three nights in a row?

I've just had that experience, and it looks like it's going to be a long drawn out affair... I only hope it don't kill me... It's all over an un-wearied wonder that Mrs. Bob Gordon gave to my daughter... No powder I feel like I'm a hundred-years old this morning...

A man was just in my office, and he has a good row crop tractor that he wants to sell cheap... He's been making the harvest with it... He's good his combine and has the tractor left... It has the two-ft. attachments with it... He will sell it cheap, now rather than hold it over till spring...

I have three good rent houses on a corner lot that are bringing in 120.00 per month... I will sell the property for as little as 2000 down, the balance in monthly payments... These houses are in good shape, and have been well taken care of...

Here's something that will finance for a big loan and it's nice... It's a two-bedroom home on the Hill... Has a large living room, dining room, kitchen, and bath... nice garage, and good fenced in back yard... The location is ideal for someone wanting to get close to the schools...

I've just had listed with one of the best built bricks in town... It's three-bedrooms, and it's located in the west part of town... Can make good terms on this fine home and it's priced very reasonable... Just step to the telephone and let me know the location and I will be glad to appraise it for you... I can tell you within a few dollars what I can sell it for...

The Girl Scouts are fixing to open their drive to raise some money, and I've promised to help them out the best I can... I've made out a list, and I'm figuring on seeing all I can... If I don't see you I will try and call you over the phone... If you would like to donate some money for this good cause, and nobody comes around to see you, just call me up, and I'll get around to see about this... We can't let the Girl Scouts down... They've already got over 400 members, and there are over 200 more girls wanting in, so let everybody give a little on this drive...

A lady called me up and wanted me to come out and appraise her home... I said she had been trying to sell it for about a month... She didn't understand why I hadn't been out sooner as every-body knew it was sale... I know it was for sale alright, but I've been so busy selling what I have listed that I just never did get around... I'm not much on seeing people for their listings... I always figured if they wanted me to sell anything for them, they would get in touch with me... Any time anybody calls me wanting me to look at their property I don't lose much time in getting it appraised... I can't complain about business... It's been mighty good... So far I can't figure on selling my property, and would like to give me a listing, just step to the telephone and let me know the location and I will be glad to appraise it for you... I can tell you within a few dollars what I can sell it for...
