PROBE INTO HOLLYWOOD REDS BEGINS—Before a battery of movie cameramen and still photographers and with much the drama of a Hollywood production, Jack L. Warner, left at witness table, vice president of Warner Brothers, takes the witness stand in Washington as the House UnAmerican Activities Committee opened its hearings into communism in Hollywood. Seated beside Warner is Paul V. McNutt, counsel for the producers.

Chile Is Aligned With Brazil in Diplomatic Break

SANTIAGO, Chile—(AP)—Chile, blaming Communists for a recent coal strike, was aligned with Brazil today in a diplomatic break with the Soviet Union.

The Chilean government said last night it had severed diplomatic and consular relations with Russia and Czechoslovakia as well because of "instigations of international Communists" held to have "disturbed the public quiet of Chile."

The Brazilian foreign minister announced earlier in Rio de Janeiro that Brazil had cut diplomatic ties with the Soviet government because of what it called "outrageous and even calumnious" Russian press criticism of Brazil's President Eurico Gaspar Dutra and his army.

Chile's step will leave the Soviet-oriented section of Europe without a single representative in Santiago, Yugoslavia broke relations with Chile Oct. 11 in protest at Chile's expulsion of two Yugoslav diplomats. Now that countries in the Eastern European bloc have had representation here.

Brazil, with some 42,000,000 inhabitants and an area bigger than the continental United States, has a Communist Party claiming 200,000 members—largest in the Western hemisphere—although it was outlawed last May. Chile, with about 5,000,000 population and a size roughly equating Texas plus West Virginia, has a Communist Party claiming 70,000.

Both countries have maintained diplomatic relations with Russia since 1945. Chile's Communists dominate units of coal, copper and nitrate mines.

Brazil's Congress yesterday voted concurrence in the government's break with Russia. The Senate acted unanimously, the chamber of deputies by a 100-to-six vote, with Communist deputies voicing opposition.

Old Couple Seek Return of Money

DALLAS—(AP)—With voices quavering and tears in their eyes, a 75-year-old Dallas couple appealed today for the return of \$1,700 lost in a downtown store.

Mr. and Mrs. David L. Day were bringing the money—their lifetime savings—to a Dallas bank. They told police they were unaware that all banks were closed at the time. Unable to deposit their money, they walked into a five-and-ten-cent store and somewhere inside dropped their savings.

"We're old helpless folks now," Day pleaded. "That money represented all we had. It can help to have to keep us alive."

They told officers they lost the money on Monday, when banks were closed in observance of Columbus Day.

Fire Department Puts Out Fog

NEW YORK—(AP)—The Fire Department was called to put out a dense fog in the Bronx today.

A woman apartment house dealer, awakened by a neighbor's coughing, saw the fog rolling past her window in smoke-like clouds. She screamed "Fire!" An alarm was turned in and it was almost dark before the neighborhood got back to sleep.

Woman Falls Through Store's Glass Window

Spectators gathered quickly in front of the Montgomery Ward Store this morning after a figure fell through the plate glass show window.

Excited passersby asked excitedly, "Is she hurt?"

As volunteer first aid experts rallied to the victims aid, to spectators' shouts, if necessary it dawned that their skill would not be needed.

The beautiful, blond crash victim took the whole thing calmly, however.

Mannequins usually do.

Civil Service Law Election Is Set For December 4

The City Commission yesterday afternoon unanimously passed Ordinance 285, on its first reading, calling for the election for policemen and firemen's civil service on Thursday, December 4 and named Clyde E. Jones as election manager.

At the same time the commission placed a bulwark against the forcing of an election at any future date over the minimum pay for firemen and policemen by including it in the same election.

The minimum pay law, if passed will prevent any future City Commission from lowering policemen and firemen's salaries below \$150 per month. At present firemen are paid \$176 a month and policemen \$200 a month.

The ordinance will have to be read and passed three times before it becomes effective. However, Mayor C. H. Hoff is present at next week's City Commission meeting, and all other commissioners present, the ordinance can be reread and passed as an emergency thereby suspending the rule requiring it to be read on three separate days. This could have been done yesterday had the mayor been present. Mayor Hoff earlier this week left for his vacation and Commissioner Crawford Atkinson is in his place.

Since there are no elective offices to be decided on in the December election, all voting will be done in the City Commission Room instead of the four polling places throughout the city's four wards.

City Health Inspector Roy Salmon yesterday received the approval of the City Commission of serving city health inspectors in conjunction with his duties as city health inspector.

It will increase the cooperation between county and city health departments on sanitation conditions in the city.

The commission also approved the adding in of an additional \$50,000 water and sewer bond to new current payments on the sewer extension project.

House of Commons Puts New Curbs on House of Lords

By DEWITT MACKENZIE AP Foreign Affairs Analyst

England's first Socialist House of Commons, finding itself threatened with obstruction at the hands of the House of Lords in carrying out the nationalization program, has decided to put a further curb on the legislative power of the Conservative upper body of Parliament.

That curb will reduce the status of a debating society to a very distinguished organization, to be sure, but virtually impotent insofar as interference with Commons is concerned.

Per close to 600 years the House of Lords functioned as a hereditary institution which all the power and glory of empire and crown. The lords exercised great authority until one day in 1909 they rejected the national budget which had been passed by the House of Commons. Liberal Prime Minister Herbert Asquith rose up in wrath and led a terrific fight against the power of the lords.

It was one of the greatest political battles of English history. The upshot of it was that in 1911 Asquith secured passage of a bill in Commons to deprive the House of Lords of its veto power. Then he jammed this down the throats of the lords by threatening to have the King create enough Liberal peers to outvote the Conservatives in the Upper House.

The lords accepted the bill because there was nothing less for them to do, since the monarch would have to create the Liberal peers if the prime minister requested. Later the lords were further crippled by an act under which the Commons can override any action in Lords by voting it down in three successive sessions of Parliament.

However, three sessions of Parliament cover two years, which the Socialists feel is too great a delay in the case of emergency legislation. The real aim of the economic crisis the Socialists want to nationalize the coal and steel industries. This was one of the items on the Socialist platform when they were elected to power a little over two years ago. Enemies of the economic crisis the Socialists want to nationalize the coal and steel industries.

Testimony Ends in Ross Murder Trial

LA GRANGE—(AP)—Testimony in the murder trial of Dr. Lloyd I. Ross ended shortly after 10 a. m. today after one rebuttal witness for the defense testified the 43-year-old San Antonio surgeon was "abnormal" the day following the May 25 roadside slaying.

Only person to escape the roadside tragedy was Ann York, 13-year-old daughter of the broker. She was wounded in the hip, but managed to escape.

The state contended that the doctor laid in wait on a country ranch road for the York family and shot four of them to death.

He was sane at that time," he testified.

Entire French Cabinet Resigns

Group to Decide On Poultryless Thursday's Fate

WASHINGTON—(AP)—The Citizens Food Committee decides today whether to call off poultryless Thursday.

Chairman Charles Luckman assembled his seven-member executive committee for an afternoon meeting to weigh a "final offer" from the poultry and feed industries to save grain for Europe in other ways.

Luckman himself was reported leaning toward the plan but committee officials said the decision would be left up to the executive body.

The proposal pledges specific savings of 16,800,000 bushels of grain from November through January by cutting out poultry flocks and reducing the number of chicks hatched. It forecasts another 16,000,000 bushel saving through an industry-wide feed conservation drive.

The plan has been presented to President Truman's Cabinet Food Committee for "appraisal and analysis," but poultry and feed industry spokesmen left town today saying they had "received no assurances whatsoever."

Senators and representatives wondered whether it meant the President had decided to call a special session of Congress, presumably around Dec. 1.

However, two White House advisers said Mr. Truman's chief purpose in calling the meeting was to explore further the possibility of reaching a definite agreement on whether the lawmakers should be summoned into extraordinary session.

The legislators invited to the executive mansion are the chairman of the committees which must give assent before Congress can act on the President's \$560,000,000 program of winter aid for Western Europe.

Retail Merchants Association Slates Meeting Tomorrow

The annual meeting of the Retail Merchants Association will be held at 2:30 tomorrow afternoon in the Chamber of Commerce office, it was announced today.

The announcement said all members are urged to be present for a short business meeting, during which the election of three directors will be held.

Mrs. Ken Bennett Wins Title of 'Queen for a Day' at Local Show

Mrs. Ken Bennett was deluged with gifts and honors as she was named "Queen for a Day" at the Odd Fellows program at the Junior High School Auditorium last night.

In addition to the many gifts she received she will be guest of honor at the Terrace Grill tonight, and tomorrow evening she and her husband-escort will be flown to Amarillo by Roy Webb, where they will be dinner guests at Old Tassara.

Mrs. Bennett was awarded, among other gifts, a cedar chest, a 98-piece set of dishes, luggage, wearing apparel, electric iron, flowers, a six-way floor lamp, cigarette lighter, gas heater, pressure cooker, chenille bedspread, blanket, permanent, shampoo and manure.

Queen contestants, aside from the Queen and runner-up were Mrs. Ed Isaacs, Mrs. Loretta Gushaw, Mrs. Elsie Ligon and Mrs. Marion Parks. Ken Palmer, assisted by Dick McDuff, emceed the program which was similar to Jack Bailey's Queen for a Day presentation.

The Odd Fellows' quartet, led by Nat Lunsford, offered lively musical interludes and other contestants were chosen from the audience to participate in gift awards, before and after the Queen contest.

Mrs. Ellen Kretzmeier, program chairman, expressed the thanks of the Odd Fellows and the Rebekahs for the way merchants and the general public had responded to the event, which was a promotion of the Odd Fellows' building fund.

The Odd Fellows plan to erect a building across from Junior High School.

Show Association Names Directors

Thirty-three men were elected to the Top of Texas Rodeo, Horse Show and Fair Association, Inc. Board of Directors at meeting of the association, last night in the Palm Room of the City Hall.

From this group, the directors will elect officers for the coming year at the first meeting of the new directors, Monday night.

The men were selected for one, two, and three-year terms of office. The biggest 11 will serve three years; the next 11, two years; and the next 11, one year.

Elected for three year terms were Willis Price, Irvin Cole, Homer Taylor, O. W. Hampton, W. B. Weathered, Siler Hopkins, Floyd Imel, J. C. McWilliams, Dr. R. M. Brown, Rev. Douglas Carver, and Quentin Williams.

Two years—Ralph Juillard, John Pitts, Chester Thompson, Rex Barrett, R. M. Samples, Crawford Atkinson, Wade Thomason, P. B. Wright, Guy Andis, Harvey Nestel, and Paul Crouch.

One year—John Simms, J. D. Murfee, R. O. Christopher, Dr. M. C. Overton, Paul Garmicheal, Frank Lard, Jack Sullivan, Fred Thompson, Arthur Rankin, Harper Short, and Jimmie Massa.

City Manager Steve Matthews congratulated the association on the progress it has made in the past three years; complimented the County Commissioners Court for its cooperation in the development of Recreation Park; went on to assure the association that the City Commission would partake in the development of the park and that it would uphold its past interest towards the development of the rodeo.

Wade Thomason, president of the association, presided over the meeting.

Premier Himself Does Not Resign Government Post

PARIS—(AP)—The members of France's cabinet handed their resignations today to Socialist Premier Paul Ramadier, but the premier himself did not resign.

In the midst of what the premier called France's grave economic situation, his office announced that Ramadier himself was firmly intent upon going ahead with the formation of a new government. It was not certain, however, that Ramadier would be successful.

The announcement came with startling suddenness, just three days after Gen. Charles de Gaulle's smashing success in France's municipal elections. Some observers said the cabinet's unanimous decision to step down would facilitate the return to power of the liberation leader through his new party, the Rally of the French People.

The cabinet reached its decision only a few hours after Ramadier had summoned the National Assembly back into an emergency session set for next Tuesday. Ramadier was expected to explain the reasons for the resignation at a news conference later in the day.

The assembly was not due to end its summer vacation until Nov. 13. A communique issued after a cabinet meeting this morning said that because of the "complexity and gravity of the problems it is necessary to inform the parliament."

Ramadier and Minister of National Economy Andre Philip, the communist spokesman, said that because of the general consideration of labor demands for a 57 percent minimum monthly wage hike and "all other problems caused by the country's economic and social situation."

They then asked the cabinet, the report added, to approve calling parliament back to face this situation.

The Legislature also will face a new political situation, caused by recent creation of a nine-national communist Information Bureau in Belgrade and by Gen. Charles de Gaulle's success in last Sunday's municipal elections.

Most observers predicted freely that Ramadier, a Socialist, would be forced at least to modify his coalition cabinet to meet the new political setup in France.

De Gaulle's associates, meanwhile, said he had postponed a statement, scheduled for today, on last Sunday's municipal election until after next Sunday's small-town runoff voting.

Man Seriously Burned In Explosion at Home

R. A. Farley of 600 W. Foster is in serious conditions at the Pampa Hospital after receiving third degree burns in an explosion Friday at 7 p. m. as he was at work saving floors in the Siler Hopkins home in the Hopkins Community near Lefors. Relatives said he had not regained consciousness last night.

Gasoline which is used in the sanding process was thought to have ignited from a gas stove flame, causing the flash explosion.

Farley, a brother who was working with him, was uninjured.

Men Change Pleas, Pay Fines in Court

Two men who pleaded not guilty to charges of intoxication Monday changed their pleas to guilty of disturbance of the peace this morning and were assessed fines of \$10 each by Judge Clifford Braly in Corporation Court. They had been under \$25 bond. Another man charged with intoxication early Sunday morning, who also pleaded not guilty, had his trial postponed for one week. He is free on his own recognizance.

Judge Braly at the same time assessed two men \$30 each on charges of intoxication, imposed a \$20 fine on another man, and \$10 on a third man for disturbing the peace.

One charge of blocking an alley with a truck was excused.

Taylor Due to Tell 'Song of Russia' Story

WASHINGTON—(AP)—Chairman Thomas (R-NJ) said today that the House Committee on UnAmerican Activities has "a very complete record of at least 79" Hollywood personalities who have engaged in subversive activities.

Thomas made this statement as the committee started the third day of hearings in its investigation of communism in the motion picture industry.

He did not name any names but said "documented evidence" will be offered during the hearings on these 79.

Drawn by the prospective appearance of Actor Robert Taylor as a witness, spectators pressed to get into the big hearing room in the House office building. Women were in the majority.

All 391 seats reserved for the public were filled long before the sessions resumed. Capitol police lined late-comers up in the corridors where they waited for a chance to get in.

Thomas told reporters he expected Taylor to take the stand about 1 p. m. (CST).

Taylor is expected to expand on his testimony, given a subcommittee in Hollywood last spring, that he reluctantly played in the movie, "Song of Russia." Other witnesses have called this wartime production Russian propaganda.

As the first witness for the third day, Thomas called James A. McGuinness, 53-year-old Irish-born executive of the Metro-Goldwyn Mayer Studios.

McGuinness told the committee he has "general editorial supervision" over many of the scripts made into movies by M-G-M.

He related that five script writers had protested against release of the movie "Tennessee Johnson" because "we had apparently done the Communists a disservice" by representing the "true life" of Thaddeus Van Johnson.

The movie was based on President Andrew Johnson's life. Stevens, a prominent political figure of the time, figured in the unsuccessful impeachment proceedings against Johnson.

The testimony of Actor Adolphe Menjou yesterday highlighted a session enlivened by the forcible threatened expulsion of anti-communists from the hearing.

Heard after Menjou were Writter-Critic John C. Moffitt, who described a group of writers and studio workers as Communists or "party liners" and Author-Playwright Rupert Hughes, who said movie producers themselves have been "unjustifiably lax" in supporting with big salaries men "they know to be Communists."

Moffitt declared that Chalmers "Slick" Goddlin, former test pilot for the Air Forces' supersonic experimental plane the XS-1 was tricked into disclosing its secrets in an article which a Hollywood agent sent to Communist headquarters in New York.

He said the deal was engineered by John Weber, head of the literary department of the William Morris Theatrical Agency, and others "with strong leftist leanings." Moffitt said the FBI is investigating.

Case Nears Jury In Murder Trial

ODESSA—(AP)—The trial of John L. Nail neared the jury stage today as defense and the state rested their cases late yesterday.

The Houston man is charged with murder in connection with the death of Glen T. Thornton.

Nail testified yesterday that he "went absolutely crazy" when he saw his former wife with her new husband, Thornton, here on the night of July 4, 1947, and that he shot Thornton as the couple lay in bed in their apartment.

The defendant was on the witness stand almost three hours. He testified that there had been several efforts for a reconciliation with his wife before they were divorced last April.

Nail said he came to Odessa on July 4 on an impulse. He said the .22 calibre pistol with which Thornton was shot was in his car because he had used it for target shooting with a friend.

Sen. Taft Will Pass Up Wisconsin Presidential Preference Primary

WASHINGTON—(AP)—Senator Taft (R-Ohio) was reported today to have decided to pass up the Wisconsin presidential preference primary.

This is the first major battle of the GOP pre-nomination campaign likely to be fought there among Gov. Thomas E. Dewey of New York, Harold E. Stassen, Gen. Douglas MacArthur, and possibly Gen. Dwight D. Eisenhower.

With Wisconsin's law permitting any candidate's name to be entered in the preference primary, with or without his consent, politicians generally agree that MacArthur's friends will battle for a share of the state's 37 delegates to the Philadelphia National Convention.

The April 6 date for the primary may find MacArthur back in this country from his tour of duty in Japan.

Any homecoming celebration at that time are likely to freshen Wisconsin voters' recollections of the general's long war record and his current administration of occupation forces in the former enemy country.

A&M Mothers Request Ambulance for Campus

PORT WORTH—(AP)—The Fort Worth A and M Mothers Club yesterday planned to send a second request to college President Gibb Gilchrist asking that an ambulance be obtained for emergency use on

the campus. The group met here yesterday with the Dallas Mothers Club of Texas A and M and voted to repeat a previous request. The resolution was passed after Mrs. W. E. Jarvis recounted the traffic death October 10 of Robert H. Gasway, A and M student from Longview and read an editorial from the college paper. Mrs. Jarvis said the injured Gas-

way youth was taken to the college hospital in a sedan flagged down by her son, Don E. Jarvis, and three other students, and upon arrival at the hospital, "the hospital didn't even send down a stretcher for him and the four boys had to carry their dying friend to use emergency table," she declared. A previous request for an ambulance was made to President Gil-

christ last January. Mrs. Jarvis reported, and brought forth a reply from the college hospital that the college had a contract with a Bryan ambulance company, and with a "veteran student who has converted his truck into an ambulance." Since this time yesterday, you've traveled 1,500,700 miles, moving along with the earth on its trip around the sun.

Male Guest Breaks Up Wedding Reception

NEW ORLEANS—(AP)—A male guest broke up a wedding reception and launched a mass slugging when he leaped between the bride and her maids to intercept the bride's bouquet.

The situation was just as confusing as it appears, police said. Officers who arrested six persons for disturbing the peace, told this story:

The bride, in line with established tradition, tossed the bouquet toward her maids. The male guest, however, managed to catch the flowers. Other guests pointed out that he should give them back to the bride and let her try again. He said no and persistently refused to surrender the posies.

After some argument the flower catcher decided on a wide end run, apparently intending to dash through a door of the public hall which had been rented for the reception. Other male guests formed a hasty defense and brought him down after a 5-yard gain.

At this point another group of competitive-minded men decided to provide the bouquet-carrier with some interference and the fight began. Police who were called in to officiate were unable to find the bouquet-carrier after players of the two teams had been unscrambled.

WAKE UP YOUR LIVER BILE

About Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go. The liver should pour out about 2 pints of bile into your bowels every day. If this is not flowing freely, your food may not get. It may just decay in the bowels. Then it bloats up your stomach. You get constipated. You feel sour, sunk and the world is upside down. It takes those mild, gentle Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel up and up. Get a package today. Take as directed. Active in making bile flow freely. Ask Carter's Little Liver Pills.

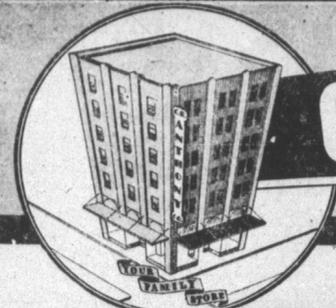

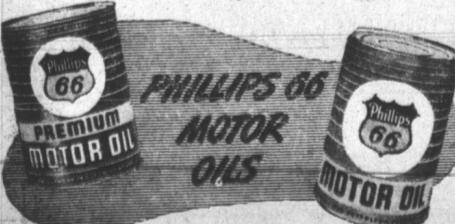

You can't beat Mother Nature!

Nature's Finest!
The Alaskan "Brownie" has been known to weigh up to 1500 pounds. Largest of the grizzly bear family (*Ursus horribilis*) it is mainly carnivorous... the strongest and fiercest of all American mammals.

The Crude Is The Answer To Phillips 66 Fine Motor Oils

Nature outdid herself when she produced the great Alaskan Brown Bear, and she was doing a mighty fine job when she made the crudes that go into Phillips 66 Motor Oils!
Ask any oil man what that means in terms of protection for your engine. Yes, a fine crude... plus Phillips expert refining and practical experience... all these factors together turn out a smooth, tough, sturdy lubricant that's able to do a real lubricating job in your motor.
Phillips 66 Premium Oil is a brand new Phillips product. Detergent type and corrosion-resistant, Phillips 66 Premium Oil cleans, as it protects your engine.
And remember, too... Phillips 66 Motor Oil has given motorists years of satisfactory lubrication!
Look for the orange-and-black Phillips 66 shield!

National Leaguers Head List Of '47 Major League All-Stars

Sports Round-Up

BY HUGH FULLERTON, JR.
NEW YORK—(AP)—For the benefit of football fans who still are excited over Frank Leahy's offer to send his Notre Dame team against Michigan any time, one guy who usually knows the score at South Bend gives the explanation. It was merely Leahy's reaction to outside criticism of his players. He figures he can put them on the gridiron if he wants, but when someone else starts Leahy becomes a strong defender of his own men. Leahy also, our informant adds, he knew the players would read his remarks. . . . Joe Romano, former Chicago Blackhawk, has a dozen lettermen working out for his U. of Minnesota hockey team. . . . City College of New York, which expects to have one of the top basketball teams this season, will play only two of its 21 games on the home court—and only two out of town.

In two high school games played the same night only eight miles apart, Wisconsin Rapids and Neboost, Wis., High Schools both made perfect passing records. Wisconsin Rapids completed six straight, four for touchdowns, and Neboost made four, two of which scored. . . . But they weren't playing each other. . . . In Tonawanda, N. Y., high schooler Pete Higgins booted 90 straight conversions in practice. . . . Caring the game with Lackawanna last Friday and Pete didn't get a chance as the game ended with a 0-0 score. . . . Larry MacPhail, who insists he isn't interested in race horses unless someone wants to give him a couple, also insists he doesn't intend to do any work before 1948 that isn't connected with his farm at Bel Air, Md. . . . Joe Patrick, who played hockey for Harvard and the N. Y. Rangers, is refereeing in the American Hockey League. . . . Wonder if he can call penalties with a Harvard yardstick? . . . Report from St. Mary's (Md.) College says that Star End Henry "Murph" Epstein can't play in the big game against Mankato Teachers because he can't find a baby-sitter to take his place during the game.

Week's Schoolboy Schedule Glitters With Top Clashes

By The Associated Press
The schedule fairly glitters with important games this week in Texas schoolboy football with half of the dozen undefeated teams in danger of taking a tumble. . . . All except 13 of the 48 games in the state are conference affairs, bringing district showdowns in almost every area. . . . Longview, the state's last unscathed team, plays Kilgore; Austin clashes with Brackenridge (San Antonio) and Corpus Christi meets Kerrville in meaningful District 15 games; Goose Creek tackles Fort Arthur in the year's big battle of District 14; Poly engages a strong rival in the Fort Worth district race, favored team for the valley district crown. . . . Defending state champion Odessa, the team everybody picks to succeed itself, plays San Angelo, and Wichita Falls, rated No. 2 in Texas, entertains Highland Park (Dallas). Neither of these undefeated teams is expected to come close to losing. Austin (El Paso), another of the teams with perfect records, takes on weak Rowell, N. M. Corsicana and Marshall rest this week. . . . Forest (Dallas), which along with Goose Creek and Poly is undefeated, has been tied, engages Slaters (Dallas) with little danger of losing.

The selections: Outfield—Ted Williams, Red Sox; Joe DiMaggio, Yankees; Ralph Kiner, Pirates. First base—Johnny Mize, Giants. Second base—Joe Gordon, Indians. Third base—Bob Elliott, Braves. Shortstop—Lou Boudreau, Indians. Catcher—Walker Cooper, Giants. Pitchers—Blackwell, Reds (right-hander) and Warren Spahn (left-hander), Braves.

Locals Work Vigorously For Tilt With Bulldogs

Although on paper, by virtue of leading the Sweetwater Mustangs 27 to 6 trouncing and Plainview's loss to the same team by the score of 33 to 12, the Harvesters show to be 42 points better than the Bulldogs. Friday night's tussle should not be an easy one for the local grid men. Both teams have been working extensively for their opening conference clash. . . . The fact that the Harvesters will journey to Plainview for the game Friday night, and the fact that Coach Dub Harris has been known to accomplish the utmost from his Bulldogs, should make it more than a match for the Harvesters. . . . However, Friday night, will be the first time that the Harvesters will suit-out with a team that has not been hindered largely by injuries. Reports state that Charlie Lafoon, idle during most of the Wichita Falls game, will be back in the Harvesters' backfield. Lafoon obtained an injured knee in a practice scrimmage before the Coyote game. The return of Lafoon to the lineup, will add a much needed offensive power to the team. . . . The Bulldogs were selected to give the District IAA defending champs, the Amarillo Golden Sundries, their most trouble in this year's conference race.

Arlington Auto Races to Be a Two-Man Battle

ARLINGTON—(AP)—Here at huge Arlington Downs, where the sport of kings once thrived, Ted Horn of Paterson, N. J., and Bill Holland of Bridgeport, Conn., stars of the roaring Indianapolis speedway, will settle the National Automobile Racing championship Sunday. . . . It's a two-man battle with Horn holding the inside track although 21 of the nation's top racing drivers will compete. Sponsored by the American Automobile Association, this will be the ninth and final race of the year with the winner to get 200 points toward the National championship. There also will be \$10,000 in cash prizes with \$2,750 first money. . . . Horn, third this year in the Indianapolis classic, has amassed a total of 1,000 points in eight races to lead the way as he seeks to repeat as National champion. Holland, second at Indianapolis, has 1,570 thus even if Holland won the event here, Horn could still take the title by finishing as high as fifth, which counts 30 points. . . . No other racer has more than 700 points. . . . Other entries in the race include Elton Green, of San Angelo, Texas.

Kicks Take Hoopie Back to Carlisle, Where He Ran as Charley Old Crow

By MAL AMOS B. HOOPLE
EX-TIMEKEEPER ILLINOIS CENTRAL
Egad! A few of my millions of gentle readers are kicking about some of my forecasts because of infinitesimal errors. This brings to mind an important subject. . . . What has become of all the great dropkickers of yesteryear? How many of my detractors know what are the longest dropkicks on record? That is a distance, by the way, I used to consider not worth the effort. . . . Well, a young man named Payne dropped a goal 62 yards for dear old Dakota Wesleyan in 1915. He beat the old record of 62 yards set by Wisconsin's Pat O'Dea against Northwestern in the o'xy year of 1898, when I was running and kicking for Carlisle, under the name of Charley Old Crow. . . . Another 62-yard dropkick was booted by George Gipp of Notre Dame against Western Reserve in 1916. . . . My own dropkick of 51 yards is not in the record books, because when it was made we were playing an outlaw team from Taylorville, Ill. The reason the Taylorville team was outlawed was because Taylorville had five men and a trained gorilla in the backfield, the gorilla playing fullback. . . . Before you start to kick, therefore, look around and see what others have been doing in that department. . . . And herewith I give you the scores of Oct. 25.

Lions Club to Sponsor Thursday Night's Gorilla-Bullpup Clash

The Pampa High School Gorillas will be seeking their second win of the season tomorrow night when the highly touted Plainview Bullpups are their opponents at Harvester Park. . . . Game time is slated as 7:30, and is to be sponsored by the local Lions Club. It will be the local's last game of the season. . . . The Gorillas have won one game and lost 2, thus far this season. They lost the first game of the season to this very same Bullpup team 19-7 in Plainview, but have undergone many changes and improvements since that time. The Borger Bullpups were the next Gorilla opponents and proved to be no match for the hard hitting Gorillas as they fell 33-0 in Harvester Park. In their last game, the Gorillas were defeated by a much more experienced Perryton Ranger team 19-7 in Perryton. . . . These last two weeks have been open and the locals have been undergoing some really rough workouts. Coach Bond has especially emphasized blocking and tackling, and he promises to show the fans a good ball game tomorrow night. . . . The Gorilla line averages 172 pounds. The Gorilla backfield has an average of 138 and depends mostly on their speed and passing attack for most of their gains. Jerry Gills and Max Robbins handle most of the passing duties with Jim Bill Windsor and Gail Smith usually on the receiving end.

Injuries to Hamper Tech's Clash With The Denver Pioneers

LUDBROCK—Injuries may handicap Texas Tech's Red Raiders this weekend as they take on the Denver Pioneers in Denver in an effort to bring the season's record back to a 50-0 basis. The team will fly to Denver Friday, its first aerial jaunt of the season. . . . Several players were injured in the game Saturday against the Baylor Bears and there is doubt that recovery will be complete this weekend. Center Tuffy Nabors, one of the nation's great defensive linemen, suffered a shoulder separation and George Zoller, starting right tackle, received a twisted knee. In addition, Billy Joe Russell, reserve tackle, received a twisted knee; Ralph Geddie, starting right end, a sprained ankle; and Costin Ruffin, halfback, torn shoulder ligaments. Also on the injured list are Quarterback Ernest Hawkins, twisted knee; Fullback J. W. Thompson, sprained ankle; Fullback Bill White, sprained ankle; End Frank Ottmers, sprained ankle; and End Bill Kelley, broken arm. All except Kelley are expected to play against Denver, but Kelley will be out for another two weeks. . . . Practice this week has concentrated on blocking and pass receiving, departments in which coaches feel there is need for improvement. Considerable progress has been made. . . . Denver has been playing fine ball, scouts report, and is expected to be in top form for the Tech game, particularly since it is the Pioneer Homecoming encounter. . . . Tech has lost this year to the Texas Longhorns, rated as a leading team of the nation, and to Texas A&M and Baylor, all Southwest conference teams. It has defeated West Texas State and Tulsa, the former 21-13 and the latter 14-7. . . . Passing, Berry has completed 11 of 27 passes for 156 yards, two of them for touchdowns and none intercepted. And he intercepted one enemy pass (against Texas A. & M.) and returned it 60 yards for a touchdown. . . . Lindy has scored two touchdowns

Lindy Berry Sparks TCU Offense and Defensive Play

FORT WORTH—You can mark down Lindy Berry, sophomore tailback from Wichita Falls for Texas Christian, as the No. 1 man of Coach Dutch Meyer's 1947 Horned Frogs—both on offense and defense. . . . Berry has carried the ball 58 times in the Frogs' five games, for a total of 152 yards, an average of 2.6 yards a try. He has returned 19 punts for 286 yards, an average of 15 yards on each return. He has run back three kick-offs for 50 yards, averaging 16.7 yards on each one. . . . Passing, Berry has completed 11 of 27 passes for 156 yards, two of them for touchdowns and none intercepted. And he intercepted one enemy pass (against Texas A. & M.) and returned it 60 yards for a touchdown. . . . Lindy has scored two touchdowns

Wolverines Nearing Record Set by Irish

NEW YORK—(AP)—Michigan's yard-consuming Wolverines must have their sights set on Army's all-time national total offense record of 462.7 yards per game coupled back in 1945. . . . Figures released by the National Collegiate Athletic Bureau today showed the wallowing Wolverines are rolling along at a 464.5 yard per game clip in football from both rushing and passing, to lead the nation for the second straight week. . . . Best rushing offense team of the week is Penn State, replacing Boston College, last week's leader which slipped to eighth. The Nitanny Lions have averaged 322 yards per game on the ground. . . . Notre Dame, fourth-ranking forward passing team, boasts the best pass completion average, 59 percent, with Georgia Tech, No. 7, averaging 58 percent bullseyes. Portland University has thrown the most passes—125—but also has had the most interceptions, 18. . . . North Carolina leads with 46.3 in punting averages, down from 46.9 of the week before, and Virginia is second at 43.6. . . . Mozart conceived the musical score for his "Magic Flute" composition during his sleep.

Shirley Davidson Crowned White Deer Football Queen

WHITE DEER, (Special)—Miss Shirley Davidson, a Senior was crowned by Captain Johnnie Harvey as Football Queen of White Deer High School here Friday night preceding the White Deer-Canadian game. . . . Her attendants were Misses Junie Shipley and Evelyn Kalka, whose escorts were Doyle Meadows and G. B. Crawford. . . . The royal party entered the stadium riding in a tan convertible. After circling the field, they dismounted and were escorted to a blue and white throne where the queen was crowned and presented an arm bouquet of yellow chrysanthemums. . . . The football boys then carried the float bearing the queen and her attendants to the sidelines, where they remained throughout the game. Just before the boys went on the field, they knelt before the queen to receive her good wishes. . . . Mozart conceived the musical score for his "Magic Flute" composition during his sleep.

Tucker Reported Still In Serious Condition

WACO—(AP)—H. H. "Jinx" Tucker, veteran sports editor of the Waco News-Tribune and Times-Herald, was reported last night to be in a "satisfactory" though still serious condition, after suffering a coronary occlusion Monday night. . . . Tucker, dean of Southwestern sports writers, will recover unless something unforeseen occurs, physicians said. They added that he would have to remain in bed for several weeks and restrict his working schedule after he gets up. . . . Tucker has been writing two daily sports columns, a Sunday column, an extra daily column of football chatter, daily stories on Waco High School and Baylor University football teams, covering at least two football games a week, putting in a five day week as a linotype operator and conducting several radio broadcasts each week. . . . He has been sports editor and linotype operator on the Waco papers for the last 27 years. . . . Dyer says his cards will be one to beat in the National League pennant race next year. . . . "With a break or two we'll be the team to beat," he said here yesterday. . . . Dyer said he had received reports from St. Louis that George Heuser's operation was very successful. He said he expected Mungler to be among the best pitchers in the league.

Reapers to Meet Poodles Thursday On Pampa Field

Pampa's Junior High School Reapers will complete their four-game Junior High School conference play tomorrow afternoon when they meet the Borger Poodles, at Harvester Park. Kickoff will be at 2:15. . . . Coached by Dewaine Lyon and Pernal Scoggins, the Reapers will be out for their second win of the season. They have won one game; lost one; and tied one. . . . With over 40 boys in uniform, these future Harvesters should provide local fans with one of the best junior games of the year and, also, a chance to see what the Green and Gold eleven will have in future years. . . . **LONG RUNS**
MIAMI—(AP)—The record of 101 yds. distance belongs to Georgia and TCU in their 40-26 tussle in 1942. Touchdown plays covered 61, 60, 53, 43, 23, 20 and the two of 15 yards.

College Head Advocates Plan Of Peace Through Agriculture

Dr. J. W. (Bill) Marshall, president of Wayland College, Plainview, has a dream that someday the world will be compatible through the common bond of working the soil.

He brought his message to Pampa last week when he appeared before the Kiwanis Club. And he came mighty close to the saying of none other than Booker T. Washington when that colored educator said:

"No race can prosper till it learns that there is as much in tilling a field as in writing a poem."

Diplomacy through agriculture is the philosophy of hard-working Dr. Marshall, who gave up a promising job in Richmond, Virginia, to become head of the Plains' Baptist institution at Plainview.

Since most of the nations, he reasons, are agricultural, it would be good policy for our government to see that students from all lands are educated in this country. And, contends Dr. Marshall, there is no more representative place for those students to get their learning than in the High Plains.

He advocates a non-denominational program of peace, through agriculture. With his dynamic approach to his subject, Dr. Marshall sets out to make his listeners "feel" what he is saying, as well as hear him.

Taking a leaf, he says, from the book of the ignominious Hitler, we in this country should prosecute this program of peace by agriculture through the youth of the world. This is a job for the college, as well as for the missionaries, he asserts.

Why not, he asks, bring to this country members of the Orient, train them in the ways of our

country? "An Oriental trained here," he says, "and sent back to his own land can do more than any Caucasian can in those lands." This, he declares, is his program; and he is bending every energy to carry it out.

Musician Sues On Eye Injury
HOUSTON—(P)—A former concertmaster of one of London's three great sympathy orchestras testified in Federal Court here this week that he had been forced to give up his profession of playing chamber music because of an eye injury suffered when his bed collapsed in a Huntsville hotel room, February 14 last year.

Reporter and Police Detective in Rush
OMAHA—(P)—Bill Billotte, Omaha World-Herald reporter, and a police detective met on an emergency call during the noon hour. "Didn't get to eat half my lunch," griped Billotte. "What are you beefing about?" countered the detective. He removed his hat and displayed half a haircut.

Market Briefs

WALL STREET STOCKS
NEW YORK, Oct. 21—(AP)—While exceptions were plentiful, many stock market leaders sought lower levels today after nine successive sessions without an average decline.

Dealings, fast in the morning as sizable blocks of low and medium-priced issues changed hands, tapered when trends faltered amid bidding arrived in the final hour and extreme setbacks running to 2 or more points were reduced in the majority of cases and a number of favorites closed with fair improvement. The million mark was crossed for the seventh straight 1-hour day although the pace slowed toward the last. Turnover was around 1,400,000 shares against 1,770,000 the day before.

Moderate resistance was displayed by Mission Corp., Pacific, Western Oil, Standard Oil (N.J.), American Woolen, Pepsi-Cola, International Telephone (on talk of a merger with Raytheon Mfr.), American Can and Inland Steel.

In arrears were International Harvester, Caterpillar Tractor, Douglas Aircraft, U. S. Rubber, Chrysler, Bethlehem Steel, Union Pacific, Gulf Oil, Butler Bros. (on omitted dividends), J. R. Thompson (on an earnings dip and double completion of dividends), American Smelting and J. C. Penney.

Bonds steadied but commodities wobbled after a forenoon bulge.

CHICAGO GRAIN
CHICAGO, Oct. 21—(AP)—Wheat futures touched a new 20-year peak again today before prices reacted somewhat under profit-taking sales and a lull in commercial demand. Cash wheat also reached a new high for the last 27 years.

December wheat hit a top of \$3.10 1/2 and May and September deliveries reached new seasonal highs. In the cash market, No. 2 red wheat sold at \$3.16 1/2, the highest price since 1929.

Early buying was attributed to government demand, reports of flour

sales, and continued lack of rainfall into the winter wheat belt.

Corn and oats started higher in sympathy, but later most prices backed off.

Wheat closed 1 1/2 cents higher to 2 1/2 cents lower than the previous finish, December \$3.08 1/2-3/4, with only the distant September delivery showing a loss. Corn was unchanged to 1/2 lower, December \$2.31 1/2-3/4, and oats were 1/2 up to 3/4 off, December \$1.21 1/2-3/4.

The Press—Here And in Russia

The enormous difference between the Russian and the American idea of government is perfectly illustrated by the recent illustrations of our press by high Soviet officials and their demand that restrictive measures be taken to stop "unfair" criticism of Russia.

The Soviet spokesmen seem to be all in favor of a "free press"—so long as its comment agrees with their curious ideas of right and wrong. In Russia, the press is "free" to print government-approved editorials and official handouts from the Politburo, the Foreign Office and the Kremlin. If the slightest deviation from the "party line" is found in a Russian newspaper, the usual practice is to send the editor in charge on a long voyage from which there is no returning.

The Russians may be perfectly sincere when they say they cannot understand American newspapers. This is one of the very few nations left on the face of the earth where any editor so long as he stays within the laws covering libel and other crimes, can say what he pleases. The Russians seem to think that the growing criticism of Soviet actions in our press is the result of orders from the government. Nothing, however, American knows, could be further from the truth. It is to the contrary, the simple consequence of the fact that the majority of editors believe that the principle underlying U. S. foreign policy is correct and inevitable.

The free press is the basis of all other freedoms. Destruction of the right to criticize, to speak one's mind must be followed by the destruction of free government, free enterprise, freedom of religion. The Soviet press is used as a weapon to turn the Russian people into mental robots—and to make every man and woman slavishly think alike and repeat the same phrases. The Russians don't realize it, but their recent violent denunciations of the American press are a fine tribute to it—and to the system of government which makes its existence possible.

Gracie Reports

By GRACIE ALLEN
As I write this, feeling in California is at fever heat against France. Yesterday a piece of French pastry was huffed at the Brown Derby and a foreign-looking man was forced to change his order from French fried potatoes to American hashed browns.

It seems it all started when some California dress manufacturer put on a fashion show in Paris and the French designers came up with an improvement on the tactics that Gromyko uses at United Nations meetings. Instead of walking out, they simply refused to walk in.

Their excuse was that they were afraid of being "influenced" by American styles. Well, I've got to close now. War is war, and I'm headed for a department store with a squadron of other fighting Californians. We're going to rip all the stays out of a French corset.

US AND UN IN SLOW MOTION

WASHINGTON — (NEA) — Any one inclined to give up on the United Nations General Assembly because it didn't do anything in the first month of its present session, should compare the speed record with that of the last session of Congress.

Convening the first week of last January, it took the Congress nearly four months to agree on anything. Then, by dint of mighty effort, it brought forth a law to change the name of Hoover Dam.

Talk about frustration. The mighty U. S. Senate is the greatest deliberative body in the world—the most deliberate, that is it took two months and five days to confirm David E. Lilienthal and the four other members of the U. S. Atomic Energy Commission.

In the second week of the session, President Truman sent Congress his first economic report. Congress never did anything at all about that in the whole seven months it was in session. Just that that over as you ponder your grocery bills and the other bad news from the UN headquarters.

In its one great burst of speed, the Congress did manage to pass the Greek-Turk aid bill in a little over two months. Still people complain because the UN hasn't been able to polish off the centuries-old Balkan problem in 30 days.

MOST BILLS PASSED IN JUNE AND JULY
It was June before Congress could agree on its labor bill, its tax-cut bill, the extension of rent controls, and ratification of the peace treaties with Axis satellite countries. It was July—after the current fiscal year

NATIONAL WHIRLIGIG
news behind the news

By RAY TUCKER
SACRAMENTO—Gov. Thomas Z. Dewey of New York will soon have a strong competitor in the racket-busting realm that made him the G. O. P.'s 1944 presidential nominee and still keeps him in a soft political spotlight.

It will be no synthetic or politically timed rivalry with New York's Governor for fame or headlines. It will ensue because there is evidence that big-time criminals and gangsters have "shifted" operations from New York and Chicago to the more lush pastures of California, as the recent Hollywood murder of "Boss" Siegal suggests. That said and unsolved affair spliced every front page in the country.

Governor Warren was mildly amused when Senator Sheridan E. Downey, who never runs away from publicity, declared at Washington that California was becoming a criminal's paradise. The State's Attorney General, Fred M. Hunter, indignantly denied Mr. Downey. But Governor Warren quickly admitted it to be the truth.

ANTICIPATED—He was amused because he has been so worried over the problem that he has been working on it for many months. He anticipated such a trend at the end of the war, especially in view of the state's increased population, housing conditions, opportunities and incentives for petty and major crime. Although the population has jumped 2,700,000—estimates vary—it is forecast that it will increase 10,000,000 by next June.

California is growing, and we want it to grow, Governor Warren told the writer. "But we want it to grow in the right way." In preparation for these problems, and long before the Siegal killing or Senator Downey's headline rush, Governor Warren persuaded the Legislature to authorize him to appoint five "crime brigades." They will not be "blue ribbon grand juries" or dash-in-the-man investigations. Here are the basic questions which they will study:

PROBLEMS—(1) Criminal procedure and law in the light of new social and economic conditions (2) Juvenile justice and delinquency (3) and woman slavery (4) institutional care (4) economic and social causes of crime (6) racketeering and gangsterism.

Although deeply interested in the more fundamental factors behind postwar criminality, Governor Warren has given special attention to the commission that will attack invading big-shot operators who are California's new and old population, as well as its high pay-rolls, such as Capone, Dutch Schultz, Legs Diamond and the Moran gang "regarded New York and Chicago as provinces to be plundered. He does not mean to let them get a foothold, not to mention a toothhold.

The anti-racketeering agency will have its own staff of undercover men and investigators. William H. Wood and its theatrical background as scenery, the headlines may out-Neon the movies themselves in drama and excitement. Although this is no publicity stunt, but rather the effort of a conscientious State Executive and family man (he has six children), the political possibilities are limitless, especially if the expert should hit the front pages before the Republican convention at Philadelphia next June.

CROOKS—In other ways, Governor Warren has moved to meet professional crooks. He got the Legislature to authorize thirty new Superior Court Judges. He boosted the state budget so that the state could handle almost a fifty percent increase in offenders. For these reasons, he is tolerantly amused by the Senator's blast. Indeed, he welcomes it if it will tend to serve

warrant on the gangsters that the State's political chameleon, "California Here I Come" can be sung in reverse. Richard McGee, the genial and philosophical head of corrections, however, believes that sensational newspaper stories of "California crime" do the state wrong. He contends that some writers apply the current number of offenses to the state's 1940 population, without taking any account of the wartime and postwar increase. He does not dispute the trend, but he believes that it is not so bad as distorted statistics indicate.

BEWAIL—Incidentally, the state has a genuine gripe against some eastern newspaper's treatment of events involving its daily life and vital interests. They bewail that a model of civic behavior in the Rockies, whereas Hollywood scandals, divorces and murders always make the front page.

"Hollywood," they remind the visitor, "is not California."

OVER-EMPHASIS—Along the vast waterfront—Los Angeles, San Francisco, Portland, Seattle—they resent what they call eastern newspapers' "over-emphasis" of labor difficulties. They maintain that few strikes out here have been so martial to the nation's economy as John L. Lewis's coal walkouts in Pennsylvania and West Virginia. In their opinion, Harry Bridges is a model of civic behavior, in comparison with the president of the United Mine Workers.

Senator Taft, they point out, was plectered by the C. I. O. wherever he went. But the headlines made it appear that Seattle was the only place where he was harassed. Sometimes, they wonder—and say aloud—if this "over-emphasis" on Hollywood and labor's cutting-up is not a deliberate conspiracy to give the West Coast a black name, to picture it as wild and woolly country, and thereby frighten industry from emigrating to what, in their own modest manner, they call "God's country."

FRIGHTENED—But the government's entry has frightened rich capitalists out of this field. Private investment cannot compete in any long-range development. So Uncle Sam must now produce the juice needed here now and in the future. Having assumed the responsibility to the point of "usurping" this domain, they insist that Washington carry the load—or quit.

In their opinion, the federal government is doing neither. Dr. Rymer is digging even deeper into distribution. But neither he nor the Administration have had the foresight to provide sufficient military basic power. For want of it, the Great Northwest suffers at a time when its economic future was never more bright.

There is another and happier reason, too, as everybody here admits. Few dared to dream that this "land empire" would some day make Caesar's look like a buck ally!

Down in Waco, when they can't get Mohammed to the mountain, if hammed. A blaze was discovered in a cotton-filled boxcar. Firemen said they could not reach it because of

earth since the days of Moses and the Exodus. It would be nothing more than a miracle if any of the issues now confronting the UN could be wrapped up in a neat package and handed to an expectant world before Christmas.

It's going to take time. Time and infinite patience. The American people conditioned to the delays of Congress. They are used to Senator Pepper at one extreme and Senator Taft at the other, disagreeing on everything. They are not used to the harangues and studied insults of half-civilized mountaineer and peasant revolutionists just emerging from long exploitation in the slum of decadent Europe. It may take some time to become accustomed to congressional wrangling at the international level.

But to give up the UN now—to say that it is falling down on the job and will have to be abandoned—is sheer folly. To surrender is to admit that the only alternative to barbarian manners is a resort to still more barbarian war. Ask any veteran who spent five years isianc-hopping in the Pacific or pushing the Nazis around from Casablanca to Berlin if he is ready for another war. Not even the Communist leaders of the nine European countries who have just drawn up the new Communist manifesto against the Marshall Plan want that.

So let them rant and let them rave, interminably, as in Congress. In the immortal words of Gen. Walter B. Smith, the U. S. ambassador to Moscow, "The time to start worryin' is when they stop talkin'!"

Truman's Advice for Economy a Mockery

It certainly is a mockery and a delusion to have the President of the United States, who has been one of the most wasteful Presidents who ever lived, advising the private citizens to be careful and not waste wealth. Here we have a man who is spending four times as much on our government as was ever spent in peace time telling the people who are supporting the government not to waste.

Truman and the administration have hundreds of thousands of men on the public pay rolls who are producing no wealth and preventing private citizens from producing wealth and consuming millions of dollars worth of food and shelter. If Truman would get these people off the private citizens' backs and get them out into producing, then he might have some right to advise private citizens not to waste.

But of course when the government comes to believe that they have the right to take from one to give to another by way of taxation it is only a question of time until they insist that they have the right to tell each man how much he can wear, what kind of clothes he can wear, what kind of a house he can live in, what kind of amusement he can have, and what kind of education and recreation he can have. Then it is only a question of time until they tell him what he can work at, how long he must work and what he can read and what he can say.

The greatest crime that Truman could do to promote an increase in production so that we could defend ourselves against any aggressor would be to have the government set an example of economy. As it is, it is a mockery and a delusion to have the greatest waster the world has ever seen in peace time advising how people should save.

Only Interested in Making Money

When someone wants to discredit an individual who believes in the competitive system under law and/or impersonal rules he likes to say that that person is only interested in making money or making profits.

It is all the difference in the world whether a man is only interested in making money or whether he is interested in making money by serving other people under rule or law. "Only," in this particular case, changes the entire meaning of motives. The man who is only interested in making money should grow. He should make profits. The only way he can grow is to make profits and buy better tools and give better service. The man who is only interested in making money, either in the form of pay rolls or in profit.

So the next time you hear a man trying to smear someone else by saying he is only interested in making profits or making money, the greatest crime that Truman could do to promote an increase in production so that we could defend ourselves against any aggressor would be to have the government set an example of economy. As it is, it is a mockery and a delusion to have the greatest waster the world has ever seen in peace time advising how people should save.

J. I. Logan of Paris received a check in 1926, but the show was rained out. Forty-one years later—this year, to be exact—the same circus returned. Logan presented his pass, and officials of the show were told. In fact, they gave him two new passes, and told him to keep his 41-year-old souvenir.

It rained again, but this time the show went on. Mrs. Alvin Spoerl of Fort Worth received an air mail letter—more than nine years after it was mailed. It was postmarked Gary, Ind., Jan. 11, 1938.

It was sent by a former school chum whose last name Mrs. Spoerl doesn't even remember now. Cause of the delay is not known, but the envelope was clean and in good condition. Army engineers back in 1944 were working on a Trinity River project. They were using a lot of miss correspondence, including a letter authorizing officials to hire a certain Mr. Kent for \$45 a month. It added a note of caution: "If, however, he shows a tendency to cost more than \$1.25 per day of provisions he must be promptly pressed, as otherwise he will over-run his limit of subsistence."

WAR COST AUSTRALIA
CAMBRIA—A World War II cost Australia a total of approximately \$8,819,000,000. Prime Minister and Treasurer Joseph B. Chifley reported to Parliament in his budget for 1947-48.

Among the costs were \$2,744,000,000 for pay to servicemen; \$2,000,000,000 for "aircraft and warlike stores and equipment"; and \$940,000,000 for reciprocal lend-lease to United States forces.

Recent Bride Is Honored With Shower of Gifts

SHAMROCK—(Special)—Mrs. Milton Gierhart, who was Miss Mildred Henderson before her recent marriage, was honored at a miscellaneous shower held at the home of Mrs. M. A. Pillers Tuesday evening.

Co-hostesses with Mrs. Pillers were Meses. Don Rivers, E. H. Byars, John O'Gorman, Billie Cantrell, Clois Jolly, Winifred Buckingham, Haskell Sammons, and Howard Westerby.

Decorations featured yellow and white chrysanthemums in the entertaining rooms. The refreshment table was laid with a lace cloth and centered with an arrangement of white chrysanthemums on a reflector. The crystal punch bowl was at one end of the table and a miniature bride and bridegroom completed the setting.

In the receiving line were Mrs. M. A. Pillers, the honor guest, and her mother, Mrs. J. W. Henderson, and Mrs. M. E. Gierhart, mother of the bridegroom.

Mrs. J. B. Henderson, sister-in-law of the bride, presided at the guest register and Mrs. George Robinson poured.

The co-hostesses assisted with the serving and in the gift room where many lovely gifts were on display.

About 100 guests called during the evening.

Regional Meeting of Delta Kappa Gamma Will Be Held Here Saturday

Beta Delta, the Pampa Chapter of Delta Kappa Gamma, women teachers' organization, will be hostess to a regional meeting of this organization Saturday, Oct. 25, in the local high school.

The program is being arranged by Mrs. Julia Dean Evans of Pi Chapter, Amarillo, who is regional director as well as state music chairman.

Assisting Mrs. Evans with the arrangements, is Mrs. L. K. Stout, president of the local chapter, is as-

A coffee and registration at 9 o'clock will introduce the meeting. From 9:30 to 9:45 Mrs. Evans will conduct a sing-song in the general assembly room. Roll call of the different chapters will follow.

"Let Us Meet Our Responsibilities" will be the theme of the program beginning at 11 o'clock. Miss Louise Orr of Pi will preside. Miss Orr will give the important facts and procedures relative to Delta Kappa Gamma.

Miss Carmen Ulin, also of Pi, will give the highlights of the regional convention held in New York. Two talks, "How Can We Interest Superior Teachers?" and "Are We Worth Our Salt?" are scheduled for this program.

Initiation will begin at 11:45. Mrs. Stout will be toastmistress at the 12:15 luncheon. Mrs. Gervin Taylor will pronounce the invocation. "Let Us Preserve the Spirit of Delta Kappa Gamma" will be the address given by Mrs. E. L. Hunter. Both Mrs. Taylor and Mrs. Hunter are of Pi. Special music has been arranged by the Beta Delta Chapter. The roll will be awarded the chapter with the largest number present coming from the greatest distance.

Chapters attending will be Gamma Kappa at Childress; Mrs. Rowden Jefferies, president; Pi of Amarillo; Miss Louise Orr, president; Gamma 21 of Dumas; Mrs. Walter Travis, president; Gamma Theta of Borger; Miss Nedra Shimo, president; and Beta Delta, the hostess group.

BROKE TRADITION
Every Christmas, from 1813 to 1931, the King of England used to present "four and twenty woodcocks baked in a pie." The custom was broken by King George VI and continued by all viceroys and governors general of Ireland. In 1932, Donald Buckley, governor general of the Irish Free State, failed to send the traditional pastry.

Cloves have been known and used since before the day of the early Egyptians.

Auxiliary Takes Firm Stand for Defense

Efforts to strengthen the United Nations will be one of the major activities of the American Legion Auxiliary during the coming year.

Mrs. J. M. Turner, National Defense chairman, stated Thursday evening at a meeting of the American Legion Auxiliary.

"The auxiliary will continue and intensify its support of universal military training legislation as a primary means of giving the United States greater power for world peace," she said. She urged the enrollment of a large membership for 1948 to give the auxiliary added influence in this endeavor.

"The United Nations cannot be an effective source for world peace unless it has behind it the support of powerful, peace-loving nations," said Mrs. Turner. "The major part of this support must come from the United States and unless our country maintains its military strength the United Nations cannot be strong."

"Adoption of universal training by the United States would reassure other peace-loving countries that we intend to do our full part and would exchange the authority of the United Nations. By other means we maintain the trained military manpower essential for the protection of peace."

"The American Legion and Auxiliary have urged the training of all young Americans in the close of the first World War," she continued. "If universal training had been adopted the aggressor nations might not have plunged the world into a second war. Now we have a large majority of the American people with us in favoring universal training. All women of veterans' families should be enrolled in the auxiliary as we go forward with the Legion to secure the safeguard of military training for the United States and for the peace of the world."

Shamrock P-TA Has Educational Program

SHAMROCK—(Special)—An interesting and educational program of the P-TA was conducted at the regular session of the organization held at Clark Auditorium Tuesday, Oct. 14.

Mrs. Lewis Goodrich conducted a school program and Mrs. J. C. Alexander of Amarillo, District Eight president of the Congress of Parent-Teachers, was a guest and took part in the program.

The program was presided over by Mrs. H. W. Williams, Kellerville, discussed the Parent-Teacher meetings, business, and programs. She stressed the importance of not taking up all the time with business that should be handled in committees.

Mrs. W. Y. Burden discussed P-TA projects and activities, and P-TA program was discussed by Mrs. Malou Abraham, District Nine president. Mrs. Abraham was chairman of the program committee at Canadian last year and the growth of her association is due partly to the programs they used.

Mrs. Lester Benne of Wellington discussed study groups and Mrs. E. C. Hoffman talked on the subject of P-TA public relations—how use and value in the home and school. October is magazine month and magazines of the state and national congress were stressed.

Mrs. J. C. Alexander closed the program with a discussion of the Parent-Teacher movement—its significance and influence in the community.

Punch and cookies were served to about 100 members and guests. Cut-of-town guests not on the program were: Mesdames Don Haslam, Kellerville; Jack Hurst, L. V. Moore, J. C. Ward and Morris Reed, all of Wellington; Lee George and C. E. Wilhelm, both of Allison; and J. B. Henderson and Jack Jolly, both of Twitty.

Teachers of rooms having 10 or more pupils were given prizes by Lee, Shorts, Roberts, Hood, Potts, Bird and Misses Ruth and Geneva Zeigler.

Northern Naturals

SEKELLYTOWN, (Special)—Mrs. Walter Smith entertained the Northern Naturals on Wednesday afternoon in her home.

Mrs. Virgil Norton, president, conducted the short business session. One new member, Mrs. Albert Weirick, was taken into the club and an old member, Mrs. Wayne Johnson, who has been away, came back into the active membership.

Mrs. A. D. Parsons and Mrs. Kirk Kuykendall were guests. Light refreshments were served.

It was announced that the next regular meeting will be held Oct. 29 in the home of Mrs. B. C. Wilker.

Altar Society Will Redecorate Church

SHAMROCK—(Special)—St. Patrick's Altar Society was entertained in the country home of Mrs. W. A. Allen Tuesday afternoon.

During the meeting plans were made to redecorate the inside of St. Patrick's Church and do other repair work on the building.

Refreshments were served to the following ladies: Meses. Laura Thurston of Boston, Mass.; H. L. McLaughlin, Louis Devaney, Jr., A. Nichols, Jr., W. L. Walker, Bob George, Bill Cain, Bryon Brown, J. P. Harrington, Lewis Kalka, Gerald O'Gorman, Bob Reed, W. A. Allen, and Misses Cecelia and Florence O'Gorman.

CELEBRATE GOLDEN WEDDING—Mr. and Mrs. J. W. West, parents of Lawrence West, 504 N. Warren, celebrated their golden wedding anniversary on September 29 at their home in Fairview, Okla. Mr. and West and daughter, Betty Joe, and Mrs. Woodrow Wilson, 629 N. Russell, granddaughter of the J. W. Wests, attended the festivities.

P-TA Presidents Are Luncheon Guests

SHAMROCK—(Special)—Mrs. Lewis Goodrich, who is district vice president of the Parent-Teacher Association of the Eighth District, entertained with a 1:00 o'clock luncheon Tuesday honoring the P-TA presidents who were here for the meeting at North Ward school.

The Goodrich home on East Second was attractively decorated for the occasion with dahlias. The delectable meal was served on small tables which were centered with blue vases filled with marigolds to carry out the P-TA colors.

Presidents who attended included: Mrs. J. C. Alexander of Amarillo; Mrs. L. V. Moore, high school, and Mrs. Lester Benne, ward school, of Wellington; Mrs. Hood Williams, Kellerville; Mrs. Malou Abraham, Canadian; Mrs. C. E. Wilhelm, Allison; Mrs. J. B. Henderson, Twitty; Mrs. W. Y. Burden, Shamrock.

Others attending included Meses. E. K. Neel and son, Kingston, of Menard; Jack Hurst and J. C. Ward, both of Wellington; Logan Owens of Canadian; Don Haslam of Kellerville; Lee George of Allison; Jack Jolly of Twitty.

Mrs. Raymond Zeigler, I. C. Mundy, Chester Dodahl, and Clifford Hofmann.

Panhandle News

PANHANDLE—(Special)—Miss Peggy Pemberton, daughter of Mr. and Mrs. A. M. Pemberton, who is attending school at North Texas State College at Denton, was recently initiated into the College Players, a dramatic organization.

Mary Nell Callahan, daughter of Mr. and Mrs. J. P. Callahan, who is attending school at North Texas State College at Denton, was recently pledged to Kappa Sigma, sorority's social club at Texas Tech.

Mrs. Letha Gramer, postmaster, who has been ill with pneumonia for several weeks, is able to be back at the office.

Mrs. Olive Ruth Whitley has gone to Frederickburg, where she is employed in an abstract office. Her small son, Larry, who is caring for his grandparents, Mr. and Mrs. C. O. Hinchshaw, had the misfortune to run his arm into the wringer of a washing machine this week, but fortunately no bones were broken.

Mrs. Janice Boughton has returned from a visit in Wichita, Kans., and St. Louis, Mo.

G. E. Gardner and H. A. Harrison have been allowed salaries of \$200 per month by the Commissioners' Court.

Mrs. J. B. Howe has returned from Rosebud, N. M., where she was flown by Miss Ann Nogle, instructor at the Panhandle airport, on Thursday morning. She was accompanied home by her grandson, Lynn Howe, son of Mr. and Mrs. Elbert Howe, who will visit here for several days.

Joe B. Curtis, son of Mr. and Mrs. L. C. Curtis, is leaving Oct. 20 for Cracker, Venezuela, where he will work for the next two years as an oil well cementer.

Mrs. and Mrs. Ralph Randel and Margaret are visiting relatives of Mrs. Randel in Dallas. They also attended the State Fair.

YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY—

Here's Good News!

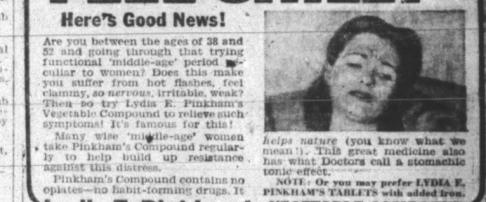

Are you between the ages of 38 and 52 and going through that trying functional "middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel clumsy, so nervous, irritable, weak? Then so try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for this!

Many wise "middle-age" women take Pinkham's Compound regularly to help build up resistance against this distress.

Pinkham's Compound contains no opiates—no habit-forming drugs.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE
IN A MINNESOTA DUCK BLIND
 (A)—The "quack-quacks" are flying by, higher than the cost of living.
 Here I am below, muck-soaked to my knees, standing on a wooden board in a swamp, and waiting for a crazy duck to come down here and get himself shot.
 So far none of them have been that crazy. They are up so high they must be equipped with pressure cabins.
 "You should have been here yesterday," said the man on the other end of the board. "Boy, oh boy, you could knock them over with baseball bats."
 This is what I get for making the mistake last night of admitting I had never been duck hunting. Somebody routed me out of bed at 4:30 a. m., and here I am shivering in the primeval ooze—the ooze the biology books say my ancestors sprang from. Well, I wish they'd

spring about two miles farther toward town.
 We are lurking—did you ever try lurking for two hours in a bent position?—in swamp grass, trying as much as possible to look like a grain of wild rice. We are on the edge of a big lake. In the center of the lake all the ducks between Canada and Louisiana are holding a convention.
 "Quack! quack! quack! quack!" Now they've got me talking that way.
 From here you couldn't hit them with a conical battery.
 "You should've been here yesterday," says the huncher on the aft end of our board. "oh boy, oh boy. We could've caught them in a butterfly net—they were so low."
 The rising sun begins to thaw us downward from our cramped knees.
 We still stand, half bent on our board, hoping at least one duck above us will drop dead of heart failure and give us a shot on the way down.
 "Boy, oh boy," says the anchor pal on the board, "you should've been here yesterday. You could've clubbed them to death with a masher."
 Bet you tomorrow they'll be so low you could sprinkle salt on their tail. Boy, oh boy! But I won't be here. I'm tired of looking like a grain of wild rice. I feel a grain of common sense coming on.
 I'm going home to where the ducks sail by on plates, stuffed and steaming, and you can knock them over with a knife and fork!

CARNIVAL BY DICK TURNER

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.
CREOMULSION
 for Coughs, Chest Colds, Bronchitis

SLICED DIFFERENTLY
 In 14th century Italy, one's life often depended on the way he cut garlic. Members of the bitterly rival parties of Guelphs and Ghibellines went so far to avoid similarities that they even sliced vegetables differently.

It Just Doesn't Pay—Even With A Bow and Arrow

LOS ANGELES—(A)—Archery experts Jim Stevenson and H. A. Mathisen, who were hastily called out in the middle of the night last week to kill a black bear that had been raiding bee hives on a Van Nuys ranch, have a date at the city attorney's office Friday. Capt. Earl Macklin of the State Division of Fish and Game, said they were cited to appear because state law requires a permit to kill a bear, even with bows and arrows.

GOVERNMENTAL SALT
 Salt is a government monopoly in Italy. A peasant can be prosecuted if he takes home a pall of sea water and removes the salt.

An ALL-ELECTRIC Kitchen In My 20 Year Old Home?

Sure Lady Here's how you can do it!

Install Adequate Wiring now.
 When your present home was built, perhaps the builder never thought you'd want to cook, refrigerate, and heat your water electrically. So he installed just enough wiring to supply service to a few electric lights and possibly an outlet or two.
 To find out how to have an all-electric kitchen just call a wiring specialist from your Public Service Company, or an electrical contractor. They will be glad to tell you more about the wiring you will need.

Adequate Wiring MEANS:

1. ENOUGH CIRCUITS for serving efficiently and safely all the appliances you have.
2. LARGE ENOUGH WIRE for serving your present and future needs.
3. ENOUGH OUTLETS AND SWITCHES for convenient living.

We have nothing to sell but good electric service.
