'Big Push' For Welfare Funds Starts Tuesday

Breakfast Will Launch General City Canvass

After a weekend respite, the Community Fund began picking up steam again Monday morning as special gifts workers sought to complete their contacts in advance of the general canvass, which starts Tuesday morning.

Meanwhile, worker contacts were being made to get another big turnout for the general kick-off breakfast at 7:30 a. m. Tuesday at the Settles, said General Chairman Ira Thurman. V. A. Merrick, Harold P. Sieck, and John A. Coffee are in charge of this phase of the campaign.

Booths were to go up Tuesday, too, in both the banks and will be operated for the balance of the week to facilitate contributions. Persons who have not been contacted or who are missed in the canvass are urged to make their contributions to the Community Fund—which embraces the Boy Scouts, Girl Scouts, Salvation Army, YMCA, USO and China Relief—at the booths.

A few reports came in during the weekend. Hemphill-Wellis employees were reported in 100 percent on the day's pay basis.

Another boost came on the \$300 subscription of Big Spring Locker Co. and Texas Coca Cola was in with \$100. Among \$75 donors were Nat Shick, Cunningham & Phillips No. 1, Cunningham & Phillips No. 2, Joseph T. Hayden, Iva Hunsyett, Jones Motor.

Tuesday also will be the starting date for other phases of Community Fund drive, with the canvass due to get underway in the schools, residential areas, rural sections. Walter Reed heads the school division; T. A. Thigpen, Lee Porter and Dewey Martin the rural section; and the Lions and American Business clubs the residential.

Thurman reminded residents that "this is a Six-in-one campaign. Remember in your gifts—whether in lump sum or in pledges—that you are giving once for six agencies."

Egypt Speaks For Security Of Mid-East

NEW YORK, Oct. 28. (AP)—Egypt, long a contender against British forces within her boundaries, called on the United Nations today to guarantee the countries of the strategic Middle East against domination by the great powers.

In a speech before the U. N. assembly as the fourth day of general debate opened, Mohamed Hussein Keykal Pasha also called for condemnation of "the maintenance of military forces on the territory of any country without the specific consent of the government involved."

Egypt has been involved in an old dispute with Britain over the presence of British soldiers in that land, but some diplomatic officials hoped that with a tentative agreement on the Anglo-Egyptian Sudan which was announced last night at Cairo a solution of the Anglo-Egyptian row might be close at hand. However, they conceded this was highly "uncertain" by Prime Minister Attlee's denial to commons today that Britain had pledged a withdrawal from the Sudan.

Before today's session opened, chief American Delegate Warren R. Austin told the United States delegation that he intended to make a policy speech to the general assembly before the debate closes Wednesday.

He is expected to declare officially the United States opposition—along with that of Russia—to any change in the UN charter veto provisions at this time but to couple with that the hope that use of the veto by the great powers in the security council would be restricted.

Heykal Pasha the Egyptian Senate president, urged that a world police force might be created and disarmament begun soon and that an international refugee organization might be set up. He did not specifically mention the Palestine issue.

On the question of military forces on foreign soil, Heykal Pasha said "I request the assembly to condemn the maintenance of military forces on the territory of any country without the specific consent of the government involved."

The Middle East, he said, is an area of vast resources and vital communications and the United Nations must see that its countries are not interfered with by the big powers. Sometimes, he said, treaties are signed by small countries under pressure. In this connection he mentioned the Soviet-Iranian agreement for development of Iranian oil signed last May.

The American decision to have Austin speak reverses an earlier delegation conclusion that no speech would be necessary in addition to that made at the opening session by President Truman. Since that time the veto issue has assumed major proportions.

Whether Austin would touch on any issues other than the veto to disclose American policy on Franco Spain, for instance, was not officially stated, but informants said it was highly unlikely.

Ambassador V. K. Wellington Koo, speaking for China, lined up with Britain, the United States and Russia in opposing any change in the veto provisions of the charter at this time but declared that the veto should be invoked sparingly.

It would be well, he said, to adopt a "rule of moderation" to guide the Big Five in the use of the power by which any one of them can completely block action by the security council.

Mansfield Is Winner Again At The Garden

NEW YORK, Oct. 28. (AP)—The Rodeo has moved out of Madison Square Garden after a month-long stand that ended last night with award of \$154,040 in prizes to the bronc-busting contestants.

Only one champion of 1945 was able to repeat—Toots Mansfield of Big Spring and Rankin, Texas, who has made a habit of winning the calf-roping championship at the Garden each fall.

Mansfield's first was worth \$2,600, not counting the substantial "Day Money" he picked up en route to the title. The "Champ" and each of the other departmental winners also received new saddles as gifts.

Jerry Ambler of Portland, Ore., who finished second in the saddle bronc event last season, won first money this time in a close finish with two others. He just edged out Jackie Cooper of Newhall, Calif., and Stub Bartleman of Portland.

Bud Linderman of Red Lodge, Montana, probable winner of the 1946 Year-Round Championship Cowboy award, had to settle for second cash in the bareback bronc riding event won by Bud Speelman of Fort Worth, Texas.

German Terrorist Bombings Renewed

FRANKFURT, Oct. 28. (AP)—The American military government announced today that terrorists, striking for the second time in eight days, exploded a bomb on a windshield of the de-Nazification board office at Esplanade last night.

By noon today 10 persons had been taken into custody for questioning, including one person who was said to have been seen running away from the building a few minutes after the explosion.

Georgia Unit Rule Denied A Court Review

WASHINGTON, Oct. 28. (AP)—The Supreme Court today refused to disturb a lower court decision upholding Georgia's county unit voting system.

Under the system, Eugene Talmadge recently won the Democratic nomination for governor, although he trailed James V. Carmichael in popular voting.

A special three-judge US District court in Atlanta decided the system violates no constitutional guarantees of equal rights.

Three Georgia voters appealed to the supreme court to review the case and reverse the decision.

The high tribunal announced its decision in a brief order refusing to review the case. The court also stated that Justices Black and Murphy favored hearing the case.

12 Killed In India Rioting

CALCUTTA, Oct. 28. (AP)—At least 12 persons were killed in hand-to-hand fighting, stabbings and acid throwing during continued Hindu-Muslim clashes here today. Twenty-two others suffered knife wounds.

Government authorities said 57 home-made bombs were discovered in a raid in north Calcutta. Buses and taxicabs remained idle as workers refused to resume their duties until assured of adequate protection.

Today's casualties, together with 11 killings yesterday, brought the death toll to more than 60 since the latest outbreak of communal disorders began Tuesday. Thirty cases of arson were reported.

NEWSPRINT SUPPLY IS CRITICAL

Because continuing strikes prevent the unloading of a ship at Corpus Christi, The Herald's newsprint inventory is reaching a critical point. It is necessary to reduce today's edition to four pages and eliminate all advertising except a few small contract ads. Future condensed issues may also be necessary on some days of the week.

The Herald hopes to give its readers an adequate report of each day's news, and at the same time accommodate its advertisers the best it can under the circumstances.

Settlement of the maritime disputes has not relieved the situation, since a warehousemen's union is on strike in Texas ports and unloading operations at Corpus Christi are halted. The SS Lido is anchored at Corpus, with considerable newsprint tonnage destined for Big Spring. Until that shipment can reach The Herald, every possible newsprint conservation must be maintained. The Herald asks the indulgence of its readers and advertisers, and is grateful for their cooperation and understanding.

Jewish Entry Into Palestine Is Reiterated

Truman Renews Proposal For Immigration

WASHINGTON, Oct. 28. (AP)—President Truman sent a message to King Ibn Saud of Saudi Arabia reiterating his belief that steps should be taken to insure the immediate substantial immigration of refugee Jews into Palestine.

He told the Arab leader that he could not agree with the latter's statement that there was inconsistency in the American position.

Replying to a letter received from Ibn Saud October 15, the president wrote: "With regard to the possibility envisaged by your majesty that force and violence may be used by Jews in aggressive schemes against the neighboring Arab countries, I can assure you that this government stands opposed to aggression of any kind or to the employment of terrorism for political purposes. I may add, moreover, that I am convinced that responsible Jewish leaders do not contemplate a policy of aggression against the Arab countries adjacent to Palestine."

The president said he still adhered to the belief, "widely shared by the people of this country," that nothing would contribute more effectively to the alleviation of the plight of homeless Jews "than the authorization of the immediate entry of at least 100,000 of them to Palestine."

In a letter released by the White House he reminded the Arab leader that no decision has been made on this proposal which he submitted originally to Prime Minister Attlee of Great Britain more than a year ago.

In the interim, he said, "it is only natural" that this government should favor "at this time the entry into Palestine of considerable numbers of displaced Jews in Europe."

The president reiterated a previous view that a concerted effort should be made "to open the gates of other lands, including the United States, to those unfortunate persons."

He added that he is prepared to ask congress for special legislation "admitting to this country additional numbers of these persons, over and above the immigration quotas fixed by our laws."

At the same time, the United States is working with other governments toward settlement of other refugees in different countries outside Europe, the president wrote.

"I cannot agree with your majesty that my statement of October 4 is in any way inconsistent with the position taken in the statement issued on my behalf on August 16," the president wrote. "In the latter statement the hope was expressed that as a result of the proposed conversations between the British government and the Jewish and Arab representatives a fair solution of the problem of Palestine could be found and immediate steps could be taken to alleviate the situation of the displaced Jews in Europe."

BABY BORN IN IRON LUNG IS DOING NICELY

SAN ANTONIO, Oct. 28. (AP)—San Antonio's iron lung baby born at 8:45 a. m. today in the county hospital where the mother, a polo victim, has been in an iron lung for over a month.

The baby was named Sherilyn Kay Crutcher and she and Mrs. Roland Crutcher are reported "doing nicely." Mrs. Crutcher was temporarily taken from the lung during the birth of the baby, but was placed back in the lung today. Hospital attendants and doctors expressed "great relief" that the birth was normal.

For several weeks—the baby had been expected around Nov. 1—every possible precaution to safeguard the life of the mother and child had been taken. The Army provided a portable lung and a mask type respirator for Mrs. Crutcher.

Auditor Scheduled To Hold Parleys On Compensation Taxes

Employers in the Big Spring area who are subject to unemployment compensation taxes will be afforded opportunity for conferences with a Texas Unemployment Compensation Commission auditor Wednesday the TUCC has announced.

On that date, C. F. Peyton, auditor from the Abilene district office will be at the local TUCC offices, 112, West Second street, from 2 p. m. to 5 p. m. Conferences may be arranged for employers who already pay unemployment compensation taxes and for those who may become subject to the Texas law at a later date.

Ring Recovered

YOKOSUKA, Japan, Oct. 28. (AP)—An Annapolis ring torn from the finger of Capt. Winfield Scott Cunningham when the Japanese captured Wake Island, which he commanded, was returned to him during Navy Day ceremonies at the Yokosuka Naval base. The ring was recovered from the wife of Toshio Saito. Saito still is sought as a war crimes suspect.

Showdown Is Near On Lewis Threat

SLAIN BRIDE—Nancy Pelker Beach, 28, (above), with her husband, New York artist Charles Edward Beach, 28, who reported that she had been wounded when three masked bandits attacked the honeymooning couple, Oct. 23, in their desolate Balsas River camp 111 miles southwest of Mexico City. This is an exclusive picture obtained by the New York Daily News. (AP Wirephoto).

Hunt Widens For Slayer Of US Bride

MEXICO CITY, Oct. 28. (AP)—Killers of pretty Nan Pelker Beach, 19, of Tulsa, Okla., were the object of a widening manhunt today through the wild Balsas River country more than 100 miles south of here.

Detectives from Mexico City were reported on their way to join 200 federal troops and an airplane already searching the thinly populated area.

Charles Edward Beach, 28, New York artist, was slated for another interview with authorities today in regard to his wife's death on a honeymoon camping trip.

He told the federal prosecutor's office in a formal declaration Saturday that three masked men armed with shotguns blasted a hole in his wife's shoulder as the two lay sleeping beside the river Wednesday night. She later died.

The troops were under orders to search the village of Tetela, near the campsite, for money and a 22-calibre rifle and other equipment which Beach said were stolen and to find two Indians to whom he said the couple had talked.

Beach's wife died in Guerrero State and he brought her body to Mexico City in a private plane without permission from state officials. In an effort to clear up the resultant legal tangle, the state has been asked to let the federal district handle the case.

Government Is Faced With A Big Decision

Must 'Give In' Or Let Miners Walk Out

WASHINGTON, Oct. 28. (AP)—The pre-election coal crisis headed into the showdown stage today between John L. Lewis and the Truman administration.

While Lewis himself appeared to be on something of a spot with his implied threat of a walkout by his 400,000 soft coal miners Friday, the immediate pressure was on the White House.

The big decision that has to be made there is whether (1) to give in again—as the interior did when Secretary of the Interior J. A. Krug signed a contract with Lewis last spring to end that 59-day strike—or (2) to let the miners quit work four days before the elections and take whatever political consequences there might be.

Krug, who declined last week to break off his western inspection tour to meet Lewis here on the Friday deadline, still holds the top presidential assignment to solve the dispute.

Helping out are Reconversion Director John R. Steelman and George Washington of the solicitor general's office, who is poring over the Krug-Lewis agreement of last May to determine whether the United Mine Workers' chief is right in saying that his contract with the government was not reopened November 1.

Krug contends it was to be in force for the entire period of government operation of the mines. But Lewis insists that a termination clause in his last contract with the operators, which he voided last March 31, had been carried over into the government pact.

Lewis, accusing the federal coal mines administration of breaching the Krug-Lewis contract, through "misinterpretations," wants to begin negotiating Friday for a new agreement—calling for higher wages or possibly a shorter work week without loss in pay.

Further, the UMW boss says if Krug fails to "honor" his demand for the November 1 meeting, the current contract will be void as of that date instead of November 20, when Lewis originally indicated he planned to end the government agreement.

Truman Will Vote At Missouri Home

WASHINGTON, Oct. 28. (AP)—President Truman will leave by train at 3:30 p. m. (EST) Thursday for Independence, Mo., where he will vote in the congressional elections on the following Tuesday.

The White House announced today that Mr. Truman has no plans on strikes nearly four weeks in advance of the election.

Presidential Press Secretary Charles G. Ross said no speaking plans have been made for the Missouri trip, asserting the president is going home primarily to cast his vote. He will be accompanied by Mrs. Truman.

Texas Ports Are Still Idle Despite New Agreements

By The Associated Press

Texas ports were still inactive today although agreements have been reached in New York between ship operators and two of the nationwide seamen's unions.

William G. Kellogg, strike chairman of the Houston local of the Maritime Engineers Beneficial Association, CIO, said last night his group today would seek a restraining order in federal court to prevent the union's national officer from putting the new agreement into effect.

Other locals throughout the country were reportedly joining the Texas group in revolt against the agreement.

Kellogg said he had received assurances of support from MEBA locals in Philadelphia, Seattle, Savannah, Jacksonville and Norfolk and that he expects support from San Francisco and San Pedro, Calif.

The strike chairman declared that the omission of west coast locals from the MEBA agreement is in violation of the union's constitution, which he said calls for uniform national agreements.

"We started this national strike all together, but the national leaders are now trying to end the strike prematurely by settling for the East and Gulf coast locals, but leaving the West coast out of the cold," Kellogg said.

He said other locals rallying to the Houston group's support are sending sealed letters authorizing "proxy" protests to be introduced in federal court when the application for a restraining order is filed.

Kellogg said he did not know what action would be taken should the restraining order move fail. He said the union would have further statements to make after a ratification of the vote is received.

A ratification vote was taken last night in Houston by members of the Masters, Mates and Pilots association, (AFL) second group to gain a new contract, but leaders said the ballot was secret and results would be announced at national headquarters.

A third strike could keep the Houston port tied up, however, regardless of the outcome of the two nationwide disputes. Two units of the International Longshoremen's association, seeking a wage boost to \$1.20 an hour, have been on strikes nearly four weeks.

ILA locals at other Texas ports and at Lake Charles, La., are also idle.

Soviet Party Is Winner In Bulgaria Vote

SOFIA, Bulgaria, Oct. 28. (AP)—The Communist-dominated Fatherland Front was reported by the government today to have won 256 assembly seats to 83 for the united opposition parties in returns from 98 districts in the Sunday elections.

The assembly will have 465 members and thus the Fatherland Front already was assured a working majority.

The announcement said most of the candidates elected were of the workers' party (Communist).

In Sofia, complete returns gave the Fatherland Front parties 277-323 votes to 95,535 for the United opposition, election officials said.

Of the parties in the Fatherland Front, the Communists (Workers) were said to have polled 141,842 votes.

The election marked the first outright opposition challenge of the Fatherland Front's two-year rule.

(Sofia radio, in a broadcast recorded by CBS in New York, said early returns "show a crushing victory of the Fatherland Front over the opposition," with the Worker's (Communist) Party "easily leading over all the rest.")

Thieves Still Busy In London

LONDON, Oct. 28. (AP)—Gem and fur thieves striking again in London, looted two homes of some \$20,000 in valuables over the weekend.

Adelaide Hall, American-born singer, was robbed of an ermine coat and cape, a slyer fox fur and \$12,000 worth of jewelry by burglars who jimmied open her front door while she and her husband dined with a neighbor last night.

David Low, British customs official, lost \$3,000 in jewels to thieves who apparently climbed through his kitchen window Saturday night while he and his wife were out to dinner.

Meanwhile officials of the Royal Palace of St. James disclosed today that \$3,200 worth of diamonds reported stolen Saturday "have been found intact in the palace."

A palace spokesman said, "it is not clear that the jewels had never left the apartment of Lady Leigh," American-born wife of Sir Piers Leigh, master of the King's household.

The jewels—a ring, a bracelet and brooch, all set with diamonds—were put away so carefully, so that they could not be found for two days," the spokesman said.

The London Evening Standard laid the wave of robberies to "a powerful and determined gang formed x x on the lines of a self-contained army unit."

—Give To Community Fund—

Citizens Haul Own Garbage

NEW ORLEANS, Oct. 28. (AP)—Volunteer citizens, donning old clothes and cotton gloves, mounted garbage trucks under police protection here today and collected a five-day accumulation of rubbish in a strike of 300 garbage collectors.

Participating were Tulane University students, business men, civic club members and others.

Mayor DeLesseps S. Morrison and Property Commissioner Theo O. Hotard, who fired the striking collectors Saturday, donned fatigue uniforms and supervised the job.

One garbage truck, driven by a volunteer, struck and slightly damaged a policeman's automobile, and the crowd of strikers cheered.

Meanwhile, the New Orleans joint Board of Textile Workers' Union of America, CIO, condemned the volunteer program and suggested a meeting of CIO locals today to protest the action.

Morrison and Hotard emphasized that the move to collect the five-day accumulation of refuse by volunteers was "purely a civic proposition" pending recruitment of employees by the Department of Civil Service.

FRONT PLATES—Next year, Texas automobiles will be sporting front license plates again, after a wartime metal scarcity eliminated them for several years. Here a Texas miss views the tag which will be selling in pairs next spring. (AP Photo).

LOOKING 'EM OVER

Despite Big Spring's reversal at the hands of the North Side Steers last weekend, Coaches Johnny Dibrell, Herschel Stockton and Conn Isaacs are looking on the bright side of things, and with reason.

The Big Springers' running game looked better than it has at any time this season. If it functions as well from here on but, then the Longhorns stand a good chance of finishing the campaign without another loss.

Visiting scouts in the press box could hardly believe their eyes. The great North Side line which had limited a good Amon Carter-Riverside club to six yards in net gains the previous week was torn to shreds by Big Spring's offensive. The North Siders' forward wall had dominated the show in all previous outings. Against the Bovine backs, they almost lost control of the situation.

Of all the Big Spring backs, Gerald Harris enjoyed the greatest success in rushing plays. He ambled for 102 yards all told, a net of 93 paces in 16 tries, pushing his total pickup for the campaign to 334 steps in 64 jaunts. His average was increased from an even five yards to 5.2.

Other Steer bask and their rushing records of last Friday and the season:

HORACE RANKIN—45 yards in seven sprints. Total for the year: 191 in 51, an average of 3.7.

BOBO HARDY—40 yds. in 11 tries. Total for the campaign: 165 in 51 attempts. Average: 3.2.

JACKIE BARRON—Two yards in one try. Total for the season: 27 in 8 runs. Average: 3.3.

GEORGE WORRELL—18 yards in 3 dashes. Total for the year: 83 in 18 takes. Average: 4.6.

GORDON MADISON—No gain in one try. (Against Brownfield.)

In overall gains, Rankin is the leader. He's completed 33 of 31 passes for a pickup of 201 yards. That, combined with his rushing gains, runs his total to 391 yards.

Barron, who has enjoyed even more success as a pitcher, is a bit off that mark because he doesn't carry the melon much. His 21 completions in 49 passing tries proved good for an aggregate pickup of 284 yards and ran his grand total to 311 paces — just 23 yards back of Harris, who does no passing.

No less than six players have been on the receiving end of the aerials tossed by Rankin and Barron. Both Bobo Hardy and Ensor Puckett have racked up gains of better than a hundred yards during the course of the season.

Harris has ten completions, good for 137 yards to his credit. Puckett has snaggged six and loped 126 paces.

Mary Wright has gathered in eight passes and gone 95 yards downfield. In aggregate, might have been better had he not missed a game.

Harris wasn't the target for all of the overheads in the North Side game. His record stands at three catches and 39 yards gain. Worrell has snagged two good for 22 steps while B. B. Lees was the receiver once in the last battle and never three yards downfield.

The home town still holds a slight edge over the composite foe in total gains to date, thanks to liberal use of the forward pass.

In the six games, the Longhorns have maneuvered for a total of 836 yards on the ground and 572 yards through the air for a grand total of 1408 paces. The enemy, on the other hand, has picked up 1023 yards in rushing plays and 282 in overhead gains for an aggregate of 1305 paces.

Harris, the only man to do any scoring in last week's outing, ran his point total to 22 for the year. Hardy is just off that pace with 18 points. Rankin has a touchdown and an extra point. Bobby Hollis boasts six points while Barron has booted two points after touchdowns.

The Longhorns have compiled a total of 52 points for the campaign, the opposition the identical amount.

Rankin experienced some tough luck in his punting last week and his average for the campaign took a decided drop. He's now booted 28 times for a total of 948 yards. His average skidded "from 35 to 32.5 yards.

Barron has kicked away twice for 73 paces and an average of 36.5 yards while Houser has handled the ball once and picked up 45 yards.

In down renewals, the Longhorns are still trailing the opposition but made a strong bid to catch up against North Side when they made just twice as many first downs as did the Cow-Towners.

In their six games, the Longhorns have picked up 56 renewals as compared to the foe's 63.

Well Known Man Felt Like Swollen Balloon; Full Of Stomach Gas

Recently, a well known man stated that he used to feel like a swollen balloon after every meal. He would bloat full of gas and spit up acridulous liquids for hours after eating. Was terribly constipated. This man is one of the hundreds in this vicinity who now praise INNER-AID. He states he was amazed at the results when he took this medicine. Now he eats what he wants without gas or bloating, and bowels are regular for the first time in years. He feels like a new man.

INNER-AID contains 12 Great Herbs that cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID Sold by all drug stores in Big Spring.

Grid Spotlight On Dixie Debate At Athens, Ga.

Cadets, Ramblers Face Easy Tests This Weekend

NEW YORK, Oct. 28. (AP)—Army and Notre Dame, still immune to the "upset epidemic," led the parade today as the college football campaign headed into its final month. With UCLA, Pennsylvania, Georgia and Harvard they remained the only undefeated, untied major eleven.

Army made it 24 straight with a 19-0 win over a stubborn Duke team; Notre Dame cracked its Iowa jinx by blasting the Hawkeyes 41-6; powerful Penn rolled over Navy 32-19; UCLA's Bruins moved a step nearer to the Rose Bowl with a 33-7 romp over Santa Clara; Georgia pulverized Furman 70-7 and Harvard squeezed by Holy Cross 13-0.

Unless they are bitten by the upset bug next week, Army and Notre Dame will present spottiest states when they meet at the Yankee stadium Nov. 9. Each enjoys a comparative breather next Saturday, the West Pointers tuning up with twice-beaten West Virginia and the Ramblers engaging the below-standard Navy Midshipmen, who have dropped four in a row since their opening game triumph. Army has won six games and Notre Dame four.

The pigskin spotlight next week will center on the south where the Georgia Bulldogs take on Alabama. The Crimson Tide, Rose Bowl champions, bounding back from an unexpected defeat by Tennessee with a 21-7 win over Kentucky last Saturday, will provide the sternest test yet encountered by Georgia, which has knocked off five foes in a row.

Southeastern fans also will be treated to fine games in Durham, N.C., where fast-rising Georgia Tech tangles with the Duke team which gave Army some anxious moments and in Knoxville, Tenn., where the once-beaten Tennessee Vols attempt to hang the first defeat on North Carolina.

The Big Nine dominates the midwestern section. Illinois, aiming at the conference championship after a dismal start, takes on Iowa. Michigan attempts to retum with a win over Minnesota. Ohio State, finally looking like the powerful team it had been cracked up to be, meets Northwestern, with only a tie to mar its record, and Wisconsin plays Purdue. Indiana clashes with Pitts-burgh in an inter-sectional game.

The far west presents three important games, headed by the UCLA-S. Mary's tussle Friday night. On Saturday, Southern California meets Oregon and Stanford tackles Oregon State.

ENSOR PUCKETT
... Pass Snagger

Our Town has been penalized 19 times for 145 yards. The adversary has been set back 175 steps in 24 cases.

The Big Springers' average on kickoffs is almost identical with that of the foe's. In an even dozen times, the Longhorns have advanced the pigskin 512 yards downfield for an average of 42.7 yards while the opposition has realized 725 yards in 17 tries for an average of 42.6 steps.

Big Spring backs did little to correct their faulty ball handling last week, when they juggled the oval six times. In all, they've dropped the ball 20 times and lost possession on 14 occasions. The enemy has bobbed 18 times, recovered half of them.

Grid Spotlight On Dixie Debate At Athens, Ga.

Cadets, Ramblers Face Easy Tests This Weekend

Jackie Barron Lone Casualty

Jackie Barron, pint-sized quarterback, is the hard-luck fellow in the Big Spring high school football camp.

The mite emerged from the Brownfield game two weekends ago with an aching arch. Some goliath, it seems, put a No. 14 squarely in the middle of his foot. Jackson thought the member was broken for a while. He spent his evenings last week bathing his dogs in hot salt-water.

Last week against North Side, The Baron ran into someone's flailing fist and rebounded with a broken nose. His schnozzle underwent a refurbishing job over the weekend. If Jack keeps away from ladders and black cats between now and Nov. 8, he'll probably be ready for San Angelo's Bobcats.

The rest of the local troops seem to be ship-shape.

Highland Park Again Demanding Recognition As Prep Standout

By The Associated Press
The Texas schoolboy football campaign rattles into November with only eight undefeated, untied teams but with favorites pronounced in all of the sixteen districts.

This week really starts the championship grind with all districts having conference games.

The downfall of Wichita Falls and Galveston featured last week's play and shoved Highland Park (Dallas), loser of two games by one-point margins, into the top tier of state rankings.

Highland Park, which fell to Sherman and Marshall, walloped highly-rated Wichita Falls 20-0. Meanwhile, Graham was pushing its way into the favored spot in District 2 by crushing Electra 55-0, a team Wichita Falls beat by four touchdowns.

Galveston was eased aside 7-6 by Orange which took over the leadership in District 14. Galveston outplayed Orange but couldn't outscore them.

As the field swings into the November stretch the district favorites look like this:

- 1. Borger. 2. Graham. 3. Odessa. 4. Yesleta. 5. Sherman. 6. Highland Park. 7. North Side. 8. Sunset (Dallas). 9. Breckenridge. 10. Waco. 11. Marshall. 12. Eufkin. 13. Lamar. 14. Orange. 15. Austin. 16. Brownville.

The rest of the local troops seem to be ship-shape.

A Weak, Run-Down Feeling Is Often A Warning

That The Red Blood Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing, why not check-up on your blood strength? Look at the palms of your hands. Your fingernails, your lips, the lobes of your ears—are they pale and off color?

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that 888 Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the 888 Tonic formula which contains special and potent activating ingredients.

Also, 888 Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on 888 Tonic now. A vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow to your skin—firm flesh all out hollow places. Millions of bottles sold. Get a bottle from your drug store. 888 Tonic helps Build Sturdy Health.

THE TIMID SOUL

"MR. MILQUETOAST HAS BEEN GIVEN A BOTTLE OF WOODSY, OUTDOORSY, HORSY, HE-MAN PERFUMS"

"SWEENEY LOLLS ABOUT CALIENTE, WAITING FOR BUZ. SUDDENLY..."
