BURYING THE CABLE - Workmen for the Lewis Excavating Co. of Dumas shown here burying the cable which will help bring the dial telephone service on an inter-city basis to Pampa, Borger and Skellytown. So far, seven miles of cable have been buried 40 inches deep. (News Photo)

Contract Let For Skellytown Dial Building

A contract has been awarded for the construction of a dial telephone building at Skellytown. George Newberry, manager for Southwestern Bell Telephone Company, announced today.

The contract was awarded to West-Text Construction Co. of Borger.

Construction of the building will get underway in the near future and should be completed by early spring.

The building will be a one-story, frame structure with a concrete foundation and asbestos shingle siding. It is to be located on block No. 4.

Dial equipment will arrive for installation when construction work is completed.

When the dial system is placed in operation early this summer, at the same time the Borger dial system goes into service - Skellytown phone users will be able to dial Pampa or Borger long distance charges. Pampa and Borger phone customers will benefit in turn, by being able to call Skellytown residents, free of long distance charges.

Midwest Bears Brunt

Season's Worst Cold Wave Hits

By UNITED PRESS - The worst cold wave of the season dropped temperatures as low as 26 degrees below zero in the Midwest. The icy grip stretched the icy grip towards the Atlantic Coast.

The mass of Arctic air pushed the temperature below zero as far south as northern Missouri and central Illinois. The mercury tumbled five to 29 degrees from the Dakotas eastward to Indiana and Ohio.

It was by far the coldest weather of the season for practically all of the Midwest and cold wave warnings were issued for West Virginia, Ohio and Kentucky.

The weather bureau said the bitter cold would move across the Midwest and Great Lakes Thursday and then turn eastward to hit the Northern Appalachians and New England Thursday night.

Financier Is Found Slain

NEW YORK, Jan. 27 -UP- Serge Rubinstein, Russian-born international financier, convicted draft dodger and under threat of deportation for 18 years, was found murdered in his swank Fifth Avenue town house Thursday.

Police said Rubinstein, who five months ago was the target of an alleged \$200,000 extortion plot, apparently had been slain by burglars. His mouth had been taped closed, apparently to prevent an outcry.

He was bound and police said the apartment was wildly disarranged as if in a search for money and valuables.

The Russian-born financier has been in trouble with U.S. authorities since 1943, five years after he entered the United States from Canada on a Portuguese passport.

The 46-year-old Rubinstein was first charged with immigration fraud, was convicted of draft evasion in falsifying dependency claims, was indicted while in Lewisburg federal prison and later acquitted of a \$3 million stock fraud.

He was ordered deported in 1952 but appeals are still pending.

Rubinstein's father was a St. Petersburg banker and adviser to the Czar when the Bolsheviks took over Russia. The family fled across the ice to Finland, with securities sewed into the clothing of the 10-year-old Serge. His succeeding financial career has been no less spectacular.

Rubinstein was educated in England, was an honor student in economics at Cambridge University and entered the banking business in Paris with his brother Andre. In 1935 he was expelled from France by Premier Pierre Laval on the ground his speculations were endangering the franc.

One of the pilfered vehicles is owned by Hayden Jones, 1072 Prairie Dr.

Three Cars Looted Here

Three cars were looted Wednesday night, two at the Rocket Club, 1304 S. Barnes, and one at Myrtle's Bar, 1210 S. Barnes, with a loss of a sweater, car jack, blanket and shotgun.

Police were holding a suspect this morning in city jail for further questioning in connection with the robbery. The unidentified suspect was picked up after officers investigated a disturbance call at the Arcade Apartments, 228 W. Craven. The stolen goods were found in the apartment.

Jet Fighters Reinforce 7th Fleet Off Formosa

Tachens Invasion Seems Imminent

TAIPEI, Formosa, Jan. 27 - UP - A full wing of U. S. Air Force Sabrejets arrived here Thursday to reinforce the powerful U. S. Seventh Fleet in the evacuation of the Tachen Island, where a Communist invasion appeared imminent.

Nationalist forces said the Chinese Communists had an invasion fleet of 1,000 junks carrying 120,000 men within 20 miles of the island outposts 200 miles north of Formosa. At the same time Peiping Radio proclaimed anew its defiance of the United States.

The U. S. Air Force announced in Tokyo it also was moving up "offensive units" jet bombers to forward bases to cope with any emergency as the 10th Fighter Bomber wing of 75 MIG-killing Sabres flew to Formosan airfields from Okinawa and the Philippines.

The F-86s ran up a 13 to 1 victory over the MIGs in Korea. Military observers here saw the movement of American Air Force strength as a firm warning to Red China that the United States was dead set on carrying out a successful evacuation of Tachen when the final orders come from Washington.

These observers said the United States was bringing such powerful military forces to bear in the Formosa area that Red China might be "persuaded" to stand aside and allow the peaceful evacuation of the 30,000 Nationalists in the Tachens.

Whether the Reds would do that was a major question. Communist broadcasts said they would not be "intimidated" and Nationalist sources said the Reds had massed 120,000 men in the Tachen area, 150,000 opposite Quemoy Island, 300 miles to the south, and 50,000 at Matsu, midway between.

Li Gen Roger Ramey, commander of the U. S. Fifth Air Force in Japan, arrived here to supervise the deployment of America's first jet fighters to Formosa, a move described by top American military leaders as one "to provide U. S. Air Force power at any place needed."

Gen. John E. Hill, the U. S. Far Eastern commander and head of the United Nations forces in Korea, prepared to fly from Hong Kong to Tokyo Friday after a visit to Thailand. He would not comment on the critical Formosan situation but said it is important that there be no break in the Allied defense line from Japan to the Philippines.

Sen. Hubert H. Humphrey (D-Minn.), with Long and Sen. Herbert H. Lehman (D-N.Y.) as co-sponsors, introduced amendment Wednesday night to specifically exclude possible military action of the mainland or Nationalist-held islands close offshore.

Humphrey said he feels strongly the amendments should be adopted but plans to support the resolution even if they are not. Long said he has not firmly decided whether he will oppose it.

A similar amendment has been introduced by Sen. William Langer (R-N.D.).

But even announced opponent of the resolution, such as Sen. Ralph E. Flanders (R-Vt.), conceded it will pass by "an overwhelming vote" on the final show-down.

The Foreign Relations and Armed Services Committees approved the resolution 26 to 10 Wednesday with Langer and Wayne L. Morse (Ind-Ore.) casting the only dissenting votes.

Flying Tiger Chief Says Showdown In China Due

Editor's Note: The author of the following exclusive interview is a United Press vice president who has reported Asian affairs for the past 10 years. The subject of his interview, Maj. Gen. Claire Chennault of "Flying Tigers" fame, speaks frankly in his timely comment on the crisis with Red China.

By EARNEST HOBERECHT - Taipei, Formosa, Jan. 27 - UP - Maj. Gen. Claire Chennault (ret.) said Thursday the "time has come for a showdown with the Chinese Communists."

Chennault said in an exclusive interview that it will be easier for the United States and her Asian allies to defeat the Red Chinese now than one year hence.

"They (the Red Chinese) are not our friends and are not fit for membership in the United Nations," Chennault said. "They have demonstrated this."

"We had better have a showdown now," the former commander of the Flying Tigers added. "I don't like war but sometimes it's better to fight things out. The Red Chinese are the only aggressors in Asia. They are doing all the shooting and all the moving forward."

Chennault defended Nationalist Chinese retaliatory attacks against the Reds.

"The Chinese Nationalists are only trying to return the fire to protect themselves," he said.

Chennault said he did not believe American ground troops would be needed in a showdown with the Red Chinese.

"We can use troops of friendly Asian nations who are plenty willing to fight if we supply them and provide air and sea assistance," Chennault said. "We can run the Chinese Reds out of China if we will use our Asian allies who want to fight."

Great Fighting Force - Chennault said the Chinese Nationalists and South Koreans have a greater combined, first-class fighting force than the Red Chinese on the mainland.

"Red China's big population is not the deciding factor," Chennault said.

"The real factor is what the Communists can equip and supply. Her tanks, guns, planes and other main war items must come from Russia. This is a big logistic problem. Then, when the supplies get to China, she still has only one railroad to move them from north to south."

Chennault said the Chinese Nationalists and South Koreans have a greater combined, first-class fighting force than the Red Chinese on the mainland.

Critics Hope To Tone Down Ike Resolution

WASHINGTON, Jan. 27 - UP - Senate critics of a resolution giving the President unlimited authority to defend Formosa Thursday said they hoped U. S. forces to attack the Red China mainland.

But indications were still strong that the resolution will be approved as originally submitted by the President when it comes up for a final vote, perhaps Friday. It already has cleared the House.

Some senators were concerned over reports that Secretary of State John Foster Dulles and military spokesmen feel the resolution clearly permits possible action of the Chinese mainland and nearby Nationalist-held islands if necessary to defend Formosa.

Such reports leaked from closed-door meetings of the Foreign Relations and Armed Services Committees after testimony by the military chiefs and Dulles.

Sen. Russell B. Long (D-La.) criticizing administration attempt to ram the resolution through to quickly, told newsmen "they would be considerable concern to the public if it knew what I heard" was said in those secret hearings. Long is not on either committee and did not attend the hearings.

Sen. Hubert H. Humphrey (D-Minn.), with Long and Sen. Herbert H. Lehman (D-N.Y.) as co-sponsors, introduced amendment Wednesday night to specifically exclude possible military action of the mainland or Nationalist-held islands close offshore.

Kidnaped Child Is Safe; Woman Held

DENVER, Jan. 27 - UP - Mrs. Diana Pappas, 24, whose life has been a long, sordid string of minor crimes, will be returned to Amarillo, Tex., soon for trial on charges of kidnaping a 10-month-old boy her way of getting even with the police.

FBI agents found her in a skid row bar Wednesday with little Randy Gene Caskey, dressed in a snow suit.

On Monday, Mrs. Winona Caskey had left Randy with the attractive brunette while she went to work at an Amarillo bakery. They were gone when she came home.

The baby was taken to Denver General Hospital Wednesday, where doctors said he was in fine health. Mrs. Caskey was enroute from Amarillo to claim him.

Agreement Made - Mrs. Caskey told authorities in Amarillo that she had allowed Mrs. Pappas and a man she thought to be her husband, Tommy Cartwright, to move into her home. They were to stay without paying rent, in exchange for watching after Randy during Mrs. Caskey's working hours.

After her arrest in Denver, Mrs. Pappas told the FBI that Cartwright was a man she had taken up with after separating from her husband early last year, and that Cartwright had nothing to do with the kidnaping.

The FBI said Cartwright was located in a Borger, Tex., bar, too drunk to be questioned.

Mrs. Pappas said she had been arrested "more than 100 times" on morals charges, for vagrancy, drunkenness, and shoplifting. Denver police records substantiated her story. She was arrested last

The three-day Top o' Texas Fat Stock Show was concluded Wednesday afternoon with the 11th annual sale of 39 bulls and 14 heifers in the Hereford Breeders Show. Tommie Potts' grand champion bull was purchased by Frank M. Carter for \$975. The reserve champion, entered by Alex. Born and James Pollett, was bought for \$590 by Mr. and Mrs. C. E. Vincent.

150 Attend Auction - Col. Walter Britten of College Station auctioned off the cattle at a sale attended by more than 150 persons. Ralph Hale of Perryton was high bidder on the grand champion heifer entered by J. P. Callihan of Conway. The animal sold for \$490. The reserve champion, shown by Wayne Maddox of Miami, was purchased by John A. Baggerman and sons of Groom for \$365.

Earlier Wednesday, youngsters battling their start in the breeding business were given an opportunity to exhibit stock in the Junior Heifer Show. Raymond Earl Hall of Lakeview won grand-champion honors with Miss Dukette 37. The animal was bred by Jake Hess of McLean. Making off with reserve honors was Shari Gentry of Memphis with an entry named Miss Dukette 49. There were some

dozen animals in the junior heifer contest.

Considered Top Show - The show, which opened Monday morning, and was preceded by a county show Saturday, was considered by Dr. J. C. Miller, judge of the Top o' Texas Junior Livestock Show and head of the animal husbandry department at Texas A&M College, to be one of the top shows in the nation, except for the majors.

Miller, who has attended and judged shows all over the nation, said that he was amazed at the quality of the livestock exhibited and the interest shown. He summed up saying, "I'm glad I came. I didn't realize it was going to be this good."

Gray County took its fair share of honors in the six-county show. In Monday's swine competition, Paul Miller of the Pampa FFA picked up grand-champion honors with his 200-pound Poland China entry called "No Name." Placing him was James Veale of the Gray County 4-H who exhibited the reserve champion, a 211-pound Chester White, "Topper."

'Old Warrior' Warns World

LOS ANGELES, Jan. 27 - UP - Gen. Douglas MacArthur called on world leaders Wednesday night to help abolish war or face the possibility that the Earth may someday be destroyed in a giant nuclear blast.

"The next great advance in the evolution of civilization cannot take place until war is abolished," MacArthur said in a speech commemorating his 75th birthday. He received a standing ovation from a crowd of 1,000 before he spoke.

Leaders Are Laggards - "The leaders are the laggards," MacArthur said. "The disease of power seems to confuse and befuddle them."

He said the ordinary people of the world, whether slave or free, agree that war should be abolished.

"And this perhaps is the only thing in the world they do agree upon," he said.

MacArthur also charged that the Formosa crisis demonstrates "the inherent weakness" of collective security and warned that the ultimate fate of the Far East and the rest of the world will not be settled by war.

Must Break Out - He said the United States must "break out of the strait jacket of the past" and proclaim its readiness to abolish war along with the other world powers.

With dead seriousness, MacArthur warned that unless the massive force of the abolition of war, a preparedness race may throw the world into a suicidal nuclear war by "spontaneous combustion."

MacArthur stormed mightily against war throughout his entire speech.

## United Fund Names Five New Directors

The Pampa community United Fund board of directors Wednesday night elected five new directors, but postponed the naming of new officers until Tuesday.

New directors are George Cree Jr., C. P. Buckler, Mrs. Lee Carter, Clifford Whitney and Clinton Evans. Their names were presented by a nominating committee composed of Frank South, Hugh Burdette and A. A. Schumaker.

They succeed Smith, Schumaker, Ivy Duncan, John Erick and Mrs. Rex Rise.

The election was held at the annual fund meeting attended by six persons. Those on hand, excepting directors, were Mrs. J. B. Veale Jr., wife of the outgoing president; Evans, Mrs. Carter and Buckler, new directors and Mrs. Emmett Gee, the fund's past associate.

## Expert Ends Sheppard Case Investigation

CLEVELAND, O., Jan. 27 (UP)—Dr. Paul Kirk noted on Tuesday that a criminologist wound up his investigation of the Marilyn Sheppard murder case Wednesday and left by plane for San Francisco.

The crime expert, a bio-chemist at the University of California, was hired by the Sheppard family at \$100-a-day plus expenses to investigate the last July 4 homicide murder of the 31-year-old victim.

Dr. Samuel Sheppard, her osteopath husband, is now in the Cuyahoga county jail pending appeal of his conviction for second degree murder in his wife's slaying. He was convicted last Dec. 21, and sentenced to a life term in the Ohio penitentiary.

Dr. Kirk said he had completed the "collecting and surveying" part of his examination. He said the next step was to analyze in his Berkeley, Calif., laboratory what he had found.

The criminologist said he might have found "some bits of evidence at the murder home in suburban Bay Village. But not too much," he added.

## Pampan On Graduation List

Graduates from Texas Tech at mid-term this year include one Pampan and two from the Top of Texas area.

Miss Patsy Jean Williams, daughter of Mr. and Mrs. Cecil Williams, 408 Harvester, will receive a Bachelor of Science degree in education majoring in general science.

Everett Jacob Tarbox, Jr., son of Mr. and Mrs. E. J. Tarbox of local relations, will receive a Bachelor of Arts degree, majoring in speech.

Miss Jerry Neil Reeves, daughter of Mr. and Mrs. W. C. Reeves of Wellington, will receive a Bachelor of Arts degree, majoring in Elementary Education.

## Oxygen Helps Early Babies, Doctor Says

SAN ANTONIO, Jan. 27 (UP)—A national Medical Assembly of obstetricians and gynecologists here believed the nation's hospitals have swung the pendulum too far in adopting an unwritten law that premature babies should never be given oxygen for fear of hurting the infants.

"It's far better," said Dr. Stewart Clifford, chief of pediatric service Boston Lying-In and Boston Children's Hospitals, "to run the three or four per cent risk of blindness than let babies die from acute lung conditions for lack of additional oxygen."

Clifford was in San Antonio for the 19th convention of the Inter-

## Medal Given News Photog

WASHINGTON, Jan. 27 (UP)—Frank Noel, Associated Press photographer who was captured by the Communists during the Korean War, was awarded the bronze star medal Wednesday by Secretary of the Navy Charles S. Thomas.

Noel was cited for exposing himself to "intense enemy fire" shortly before his capture to remove wounded Marines and to procure needed ammunition.

He also was cited for "maintaining a high state of morale" among prisoners and for helping the prisoners to withstand "pressures exerted by the enemy to turn them against their countries."

Noel was released by the Communists in August, 1953.

## Ike Honors GOP Women

WASHINGTON, Jan. 27 (UP)—President Eisenhower, who has been holding stag dinners at the White House, honored Republican women Wednesday by attending a for-ladies-only breakfast.

The breakfast fare was not quite as sumptuous as at the dinners—scrambled eggs, bacon, toasted cornbread, and coffee—but the ladies were delighted.

Mr. Eisenhower urged them to "get down to brass tacks" at the precinct level to build up support for his administration program.

Miss Bertha Adkins, assistant to the GOP national committee chairman, told reporters she has "no doubts" that Mr. Eisenhower will run for re-election in 1956. She said that was her own opinion and she had no information one way or the other from Mr. Eisenhower or Mrs. Eisenhower.

The breakfast was the first in a series of six breakfast meetings of GOP women to be held extending into the spring.

The President and his appointment secretary, Thomas E. Stephens, were the only men present at the breakfast.

Clare Boothe Luce, U. S. ambassador to Italy, and Oveta Culp Hobby, secretary of health, education, and welfare were invited to the breakfast, but were unable to attend.

## Two Jima Hero's Body To Lie In State In Arizona Capitol

PHOENIX, Ariz., Jan. 27 (UP)—The body of Ira Hayes, one of six Marines in the historic Mt. Suribachi flag-raising on Iwo Jima, will lie in state in the rotunda of the Arizona capitol building Friday.

The family of the 32-year-old Indian war hero—his parents, Mr. and Mrs. Joe Hayes and two brothers of nearby Bapchule—agreed to accept Gov. Ernest McFarland's invitation to honor the former Marine.

Meanwhile, it was announced that Hayes would be buried in Arlington National Cemetery in Washington, D. C., where a huge memorial

to the famed World War II flag-raising now stands.

Hayes was found dead Monday on the Pima Indian reservation of exposure and alcoholism. He had leaned heavily on drink in trying to adjust to the white man's world since his discharge from the Marine Corps.

Arizona funeral services will be conducted Thursday by a fellow-tribesman of the Pima Indian, the Rev. Esau Joseph, in Cook Memorial Presbyterian church in Sacaton, a reservation village about 35 miles south of here.

Hayes' death left alive only two of the six Marines who took part in the flag raising that was immortalized in the famous photograph taken by Joe Rosenthal, now a San Francisco newspaperman.

## Top Criminal Is Arrested

SAN DIEGO, Calif., Jan. 27 (UP)—Peter E. Kenzik, 47, one of the FBI's ten most wanted men, Wednesday was arrested by San Diego police.

The FBI said Kenzik was wanted in Chicago for illegal flight to avoid prosecution for the knife murder of his estranged wife, Clara Erickson Miller, on March 13, 1952. He had been on the most wanted list since Dec. 7, 1953.

Kenzik was picked up on a San Diego street by Police Lt. W. B. Boldum and Patrolman J. L. Adams. He was taken to city jail and booked for being drunk.

## Illinois Red Is Convicted

CHICAGO, Jan. 27 (UP)—A federal jury Wednesday found Claude Lightfoot, executive secretary of the Communist party in Illinois, guilty of a violation of the Smith Act.

The 45-year-old Negro was the first Communist party leader tried under an untested section of the Smith Act which makes membership in an organization which teaches or advocates the violent overthrow of the government illegal, providing the person is aware of the organization's aims.

MOVIES - TV - RADIO  
by Erskine Johnson

**HOLLYWOOD (NEA)** — Hollywood on TV: Romance finally came to Jack Webb on "Dragnet" and now it's in Richard Boone's future on "Medic."

Not a girl friend, though. A Mrs. Medic.

The Feb. 14 show — an eye-brow-lifter about enemy H-bombs falling on the U. S. will establish

## ● JACOBY ● ON BRIDGE

**The Bid Is Normal In This Type Hand**

By OSWALD JACOBY  
Written for NEA Service

Nobody can blame South for bidding game in today's hand. South had 16 points in high cards, all in good honor combinations, and fine distribution. Moreover, his partner had indicated some interest in a game contract by raising the diamonds.

South's only question, in fact, was whether to bid the game in diamonds or no-trump. The singleton spade steered South away from no-trump. This was a wise decision, as it turned out, since South would have been able to take only eight tricks at a no-trump contract.

South was more fortunate at his game contract in diamonds. West

opened the king of clubs and South pounced on it at once with his ace. He immediately cashed both of the top hearts, discarding one of dummy's low clubs, and then led his singleton spade.

It was now too late for the enemy to beat declarer. West hopped up with the queen of spades and returned a trump, but South proceeded to ruff three hearts in the dummy and three spades in his own hand. By this time he had taken ten tricks, and he still had the ace of trumps.

West could have defeated the contract by opening a trump in hand instead of the king of clubs. South would win the opening trump lead in either hand, he would cash the top hearts in order to discard a club from dummy, and then he would lead a spade to West to lead a second trump.

This defense would limit South to ten tricks. He would have only two trumps left in his hand with which to ruff dummy's spades. Hence two of dummy's four spades would lose tricks; and there would be a club loser in addition.

If you prefer to think of the South hand instead of the dummy, you can say that dummy would have only three trumps with which to ruff three low hearts and one low club. South would therefore lose one spade, one club, and one additional trick because of dummy's trump shortage.

Perhaps a really fine defender would see the need for a trump opening lead from the West hand. The bidding indicates that dummy likes diamonds far better than hearts, so there is a clue to the nature of the hand. It's a very close point, and I'd rather just indicate it than come out with a flat statement.

the fact that TV's Medic is married. Mrs. Medic isn't shown in the film and hasn't even been cast. But she will appear from time to time in forthcoming episodes.

"And," grins Boone, "it's about time. I've been in movies four years and this is the 19th Medic show and I've never had a normal scene with a woman."

As a before-TV movie villain, Boone menaced the dolls. Lately he's been cutting 'em up. With a flood of letters from doctors approving his skill impersonating a medic. Says Boone about that: "You just can't cheat. The scripts are so good they make an honest man out of you."

**SUGGESTED TITLE** for a TV show spoofing "Person to Person" by interviewing oft-married movie stars: "Parson to Parson."

Zsa Zsa Gabor's up for a telefilm series titled "Just Plain Folks." Just plain diamond settings, I guess.

Red Skelton, the "I don't care" kid of TV last season, now cares. His brighter shows are the proof. ...Liberace's idea of taking it easy in bed — painting neckties and lampshades. ...That buildup Lucy and Desi are giving their trip to Hollywood must be leading up to something. My guess — a full length feature with a Hollywood background to be released by MGM.

Night-club star Eddie Garr's comeback as a telefilm actor is worthy of "This Is Your Life." He's still smiling after a broken back and two heart attacks. ... Jimmy Durante's boarded the TV film bandwagon.

MARLON BRANDO and Studio One are having hush-hush huddles about a starring role for him. Ruth Roman after her first live dramatic show.

"The pace is frantic and you don't get any sleep for a week. But I'm such a crazy mixed up kid I loved it."

If old movies on TV don't help dad work up a froth of nostalgia, the television plans of the Duncan Sisters will. Rosetta and Vivian are in the midst of blueprints to bring their famous musical hit, "Topsy and Eva," to home screens as a weekly series.

Two moppets will be signed to play the roles the sisters originated in 1923. They're still going strong as headliners, currently playing a movietown night spot.

Cameraman Loyd Ahern was lighting a "Public Defender" courtroom scene in which Virginia Gregg was playing the judge. Said Ahern:

"When you move just a little to your left, your home!"

JIMMY STEWART'S big TV debut is set for March — a live, full hour western drama. ...Elsa Lancaster's considering "Miss Emily," a series about running a boarding house for young actresses. She could give 'em some great advice, too.

French premiere Mendes-France will narrate Bernard Girard's "Climax" version of his true adventure story, "Escape," recently featured in a national mag. He's tape recording the wordage in Paris.

Producer Ed Beloin is directing Mitzi Green on playing a comedy Valkyrie in "So This Is Hollywood": "This is a wag's version of Wagner."

TV is raiding film designer ranks, too. Mary Ann Nyeberg, who costumed "Carmen Jones," has signed to do the big "Shower of Stars" spectaculars for CBS.

Jeff Donnell (Mrs. Aldo Ray) is blushing. She plays Alice Gobel on the George Gobel show and TV viewers rush up and gush: "And how is your husband, Mrs. Gobel!"

"Choctaw Scrip" is scrip issued to Choctaw Indians in Mississippi in lieu of lands to which they were entitled under the treaty of Sept. 17, 1830.

FOOD STORES. Inc

WELCOME TO PAMPA -- Rev. Woodrow Adcock, left, welcomes Dr. Ganjo Kosaka, center, president of Aoyama Gakuin University, Tokyo, Japan, to Pampa as Bishop William C. Martin, Dallas, looks on. Occasion was the Methodist District Missionary Institute.

### Missionary Institute In Session

The First Methodist Church, Pampa, was host today to the District Missionary Institute. On hand were Dr. Ganjo Kosaka, president of Aoyama Gakuin University, Tokyo, Japan; Rev. Thoburn T. Brumbaugh, associate secretary of the Board of Missions and Church Extension of the Methodist Church for Japan, Korea and the Philippines; Bishop William C. Martin and Dr. J. Edmund Kirby, district superintendent. Dr. Kosaka, one of Japan's leading Christian educators, has been associated with Aoyama Gakuin as a professor and administrator for 30 years. He is now on a brief visit to the United States. Rev. Brumbaugh has made three visits to Japan and other Far Eastern countries since the end of hostilities in the Pacific. He has interviewed religious, social, political leaders in Japan, Korea, Okinawa and the Philippines, including Gen. Douglas MacArthur, Emperor Hirohito and Syngman Rhee.

### Mainly About People

The OES Gavel Club will meet for dinner at 6:30 p.m. today in the home of Mrs. Lucy Line, 321 E. Kingsmill, with Mrs. Mary Hatcher and Rosalie Patchin as co-hostesses. 3 Shuffle pool games. Excellent opportunity for spare time business for person electrically inclined. Small investment to the Methodists. E. Francis at 5 p.m. weekdays. Emmett Allen and his Sunset Ramblers will play for a dance in Odd Fellows Hall in Skellytown at 8:30 p.m. Friday. Mr. and Mrs. John Campbell and children, Mary Jay and Bill, east of city, are in Philadelphia, Pa., where Mr. Campbell is taking some special work in insurance field. They are living at the Walnut Park Plaza Hotel and expect to visit New York and Washington. Tropical fish, huge shipment, 25c up. The Aquarium 2314 Alcock. Miss Lucille Saunders of Murfee's Inc. is in Dallas at a summer market this week. Mrs. Bryant Caraway and Mrs. Ida Adams, both of Murfee's, returned Wednesday from a Chicago market. Mrs. M. E. Powers and Mrs. Gladys Jaynes, both of Gilbert's store, have returned from Dallas where they attended a summer market. Jim Arndt wants to rent 2 or 3 bedroom house. North side by Feb. 1. Ph. 4-6384. Mrs. Sam B. Cook, Red Cross home service chairman, is handling office duties in City Hall in the absence of Mrs. Libby Shotwell, executive secretary, who is attending a leaders conference in Dallas. Oxygen-equipped ambulances. Ph. 4-3311, Duenkel-Carmichael. Judge Bruce Parker's court-house office was being painted this day night after Cletus P. Ernster, Cuero businessman and one of six witnesses appearing before the committee in its afternoon and night session Wednesday, invoked his constitutional privilege and refused to answer questions. Ernster, who faces a criminal complaint in connection with alleged irregularities in the multi-million dollar land-loan program, handed out statements to reporters setting out his actions immediately following the session. However, Hardeman pointed out that the group had conducted the closed-door hearings at the request of authorities so as not to jeopardize any possible prosecution that might arrive from other investigations. He added that the other witnesses had answered all questions "freely." Ernster was charged last November with "uttering a forged instrument" and was bound over to the Travis county grand jury. He said in a statement that "under ordinary circumstances, I would feel it an honor and a duty to answer you (the committee's) questions; but for me, a young man, these are no ordinary circumstances by any means." He said the charges had caused him many sleepless nights and much discomfort to his wife and children. Ernster added that he had acted upon the advice of his attorney, Everett Loyce. He was smiling when he left the hearing last night. Ernster was the first of seven witnesses called to appear. But, T. J. McLarty, Cuero, was in Denver, Colo., and was unable to appear before the group. The other six witnesses were identified as John W. Flanagan, Joe Byrd and Hal Stallings, all of Crystal City; C. L. Carey, Yoakum, and F. D. Glass, Jr., Austin.

### Damage Minor In Two-Car Mishap

A two-car accident Wednesday afternoon at the intersection of N. Hobart and Alcock resulted in minor damage to both cars. No one was injured. A vehicle driven by Lilye Potter Noblitt, 514 N. Wells, was in collision with a car driven by Lola Ridge Richardson, 1616 Wiliston. Damage to both cars was estimated at \$80, according to police records.

### Fourth Witness Refuses To Testify In Vel Land Probe

AUSTIN, Jan. 27-UP-The closed-door portion of a senate investigation into the \$100 million veterans land program was completed Thursday following refusal of a fourth witness in 10 days to testify. Sen. Dorsey B. Hardeman, chairman of the five-man senate committee that has been probing the land frauds, said the group didn't "anticipate any further executive sessions, unless they become necessary." His statement was made Wednesday night after Cletus P. Ernster, Cuero businessman and one of six witnesses appearing before the committee in its afternoon and night session Wednesday, invoked his constitutional privilege and refused to answer questions. Ernster, who faces a criminal complaint in connection with alleged irregularities in the multi-million dollar land-loan program, handed out statements to reporters setting out his actions immediately following the session. However, Hardeman pointed out that the group had conducted the closed-door hearings at the request of authorities so as not to jeopardize any possible prosecution that might arrive from other investigations. He added that the other witnesses had answered all questions "freely." Ernster was charged last November with "uttering a forged instrument" and was bound over to the Travis county grand jury. He said in a statement that "under ordinary circumstances, I would feel it an honor and a duty to answer you (the committee's) questions; but for me, a young man, these are no ordinary circumstances by any means." He said the charges had caused him many sleepless nights and much discomfort to his wife and children. Ernster added that he had acted upon the advice of his attorney, Everett Loyce. He was smiling when he left the hearing last night. Ernster was the first of seven witnesses called to appear. But, T. J. McLarty, Cuero, was in Denver, Colo., and was unable to appear before the group. The other six witnesses were identified as John W. Flanagan, Joe Byrd and Hal Stallings, all of Crystal City; C. L. Carey, Yoakum, and F. D. Glass, Jr., Austin.

### Two Ships Lost In Arctic

HULL, England, Jan. 27-UP-Two British fishing trawlers, trapped by a dread Arctic "black frost" were given up for lost Thursday with 40 crewmen. The Hull owners of the trawlers Lorella and Roderigo said they believe the two vessels capsized by heavy freezing mists in the Arctic cold off Iceland. The owners said there appeared to be no hope for survival of the 40 crewmen in those icy waters. It was too cold even to abandon ship. Three two-engine SA-16 Albatross seaplanes of the 53rd U.S. Air Force rescue squadron at Keflavik, Iceland, flew radar searches through zero visibility Wednesday and Thursday in vain rescue missions off the frozen North Cape of Iceland. It was in that area that the last, desperate radio reports were received from the two vessels late Wednesday. "Black frost," the messages said, "We are overturning. We are overturning." The owners said that black frost is an enveloping, freezing cloud of mist and fog that wraps a heavy cocoon of ice around everything it contacts.

### Adult Group Session Ends

Pampa's adult education "get acquainted" discussion-demonstration series in the Lovett Memorial Library winds up tonight with programs "Great Books and World Affairs." A film will be shown on the "Bill of Rights." The discussion of the "Declaration of Independence" to follow the film will be led by Cliff Braly and John M. Bradley. "Sing Your America," Wednesday night's program, was led by Mrs. Lonnie Richardson, 1820 Hamilton. A former teacher in Pampa, Mrs. Richardson was a pupil of Dr. Raymond Elliott, chairman of the music department at Texas Tech, who was unable to come to Pampa to conduct Wednesday's session of the four nightly programs. Out-towners at the "Sing Your America" program were Miss Lillie Hosteller, of the Amarillo Library staff; Mrs. Rubye Cochran, of Amarillo's adult education program and Mrs. Joe Battle, of Panhandle, the Hutchinson and Carson County librarian.

### Dog Tag Rush Order Arrives

The city tax office today received a "rush order" of 700 dog tags, but in the first hour or so not a single Pampan had purchased one. City Tax Collector Aubrey Jones said the order had been sent in once it was determined the Pampa City Commission was going to pass an amendment to the original dog-licensing ordinance, permitting dog-owners to buy licenses between Jan. 1 and May 1. The commission approved the amendment Tuesday as an emergency measure. The old rule of a dog having to be vaccinated within 30 days of the purchase of a license has been knocked out in the new amendment. Jones pointed out. Now the vaccination merely has to be "current," he said. For a dog to be licensed properly, both vaccination and license must be "current." The new dog tags look different from the old ones, too. They are in the shape of a dog's head and contain the words, "Pampa" and "1955." They will not be good until May 1. South Bird Island, Texas, is the only white pelican nesting colony on the Gulf Coast of the United States.

### Can Company Makes Purchase

SAN FRANCISCO, Jan. 27-UP-The National Can Corp. of Chicago Wednesday became the third largest can manufacturer in the United States with the final purchase of Pacific Can Company for \$14 million. National now ranks behind American Can and Continental.

### Lefors School Work Progresses

The new Lefors public school building will be finished late in April or early in May. That will be a delay of 20 to 45 days from the original competition date of March 16, according to E. R. Cantrell, architect, who reported today that brick work on the building was underway. The new building will contain a cafeteria, band and choral rooms, woodshop and mechanical drawing rooms and a gymnasium. Part of a \$300,000 bond issue, voted by Lefors residents, is being used to finance the project.

### Livestock Market

The following is a report from the Fort Worth Livestock market, giving prices paid in the early business conducted today.

FORT WORTH, Jan. 27-UP-USDA-Livestock: Cattle 700. Mostly steady. Some cows strong early; good slaughter steers 20-23; choice steers scarce; two loads choice heifers 824 lbs. 23.50; utility and commercial yearling steers and heifers 12-18; beef cows 10-12; bulk canners and cutters 7-10; bulls 10-14; stockers and feeders scarce. Calves 200. Steady. Good and choice killers 16-19; utility and commercial 10-15, culls 10 down; stockers scarce. Hogs 300. Butchers steady; sows 25 lower; choice one and two 190-235 lbs. barrows and gilts 17.75 and 18; choice 160-180 lbs. and 240-350 lbs. 16-17.50; sows 13-15.25; stags 10-12. Sheep 700. Slaughter lambs and feeders steady to weak. Good and choice woolled slaughter lambs 19.50-20; choice clipped lambs scarce; utility and good short slaughter lambs 17-18.50; few feeder lambs 17-19.

### Mrs. Clara McKay Dies Today

Mrs. Clara Lou McKay, 84, died at 5:33 a.m. today in Highland General Hospital following a lengthy illness. Services will be at 10 a.m. Friday in the Duenkel-Carmichael Chapel, Rev. J. E. Neely, pastor of the First Assembly of God Church officiating. He will be assisted by Rev. O. E. Eldridge, pastor of the Bethel Embassy of God Church. At 4 a.m. the fire went out and shortly afterwards F. W. Schaper, who owns a dairy farm nearby, saw eight shadowy figures—bare as bare—trotting single-file up and down the beach. He supplied the youths with gunnysacks and called police. The youths—Robert Daring, 19; Maurice Hollyfield, 21; Walter Krause, 23; Ben Franklin, 19; Bill Edwards, 21; Ronald Johnson, 22; Edward Caster, 24 and D. R. Medling, 21—were thawed out with coffee and doughnuts at county jail. They said the hazing started in Houston Wednesday night when brothers of the Cavalier fraternity smeared their heads with axle grease, cornflakes and tomato juice and dressed them in skirts, then drove them here. Fraternity Secretary Jim Westmoeland, 25, said there wasn't anything unusual about the hazing. "Everybody goes through the same thing," he said. "This was just a mock initiation. They'll be initiated sometime in the future."

### Dixie Dugan

### Initiation Impromptu Nude Party

GALVESTON, Tex., Jan. 27-UP-A mock college fraternity initiation turned into an impromptu nudist rally on Galveston Beach in 44 degree weather early Thursday.

The victims—eight University of Houston fraternity pledges—"rallied" around a small fire built with a single—and only match—left them by their prospective "brothers," who stripped them of all clothing and departed for Houston. The "brothers" didn't return.

At 4 a.m. the fire went out and shortly afterwards F. W. Schaper, who owns a dairy farm nearby, saw eight shadowy figures—bare as bare—trotting single-file up and down the beach. He supplied the youths with gunnysacks and called police.

The youths—Robert Daring, 19; Maurice Hollyfield, 21; Walter Krause, 23; Ben Franklin, 19; Bill Edwards, 21; Ronald Johnson, 22; Edward Caster, 24 and D. R. Medling, 21—were thawed out with coffee and doughnuts at county jail.

They said the hazing started in Houston Wednesday night when brothers of the Cavalier fraternity smeared their heads with axle grease, cornflakes and tomato juice and dressed them in skirts, then drove them here. Fraternity Secretary Jim Westmoeland, 25, said there wasn't anything unusual about the hazing. "Everybody goes through the same thing," he said. "This was just a mock initiation. They'll be initiated sometime in the future."

### Park, Garage Tax Offered For State

By O. B. LLOYD JR.

AUSTIN, Jan. 27-UP-Taxes on parking and storage garages and increased levies on beer were proposed Thursday by lawmakers to help pull Texas out of the financial red.

The tax plans, introduced Wednesday in the House of Representatives, were the third and fourth schemes for raising revenues.

Rep. Jerry Sadler of Percilla, a former railroad commissioner now in his first legislative term, said his beer tax would raise some \$14 million a year.

He said the present state tax of \$2 per barrel of beer amounts to only .085 cents a bottle. His measure would increase it \$3.30 a barrel.

Rep. Jack Bryan of Buffalo, who offered the parking and storage garage tax, said he was tired of seeing the Legislature "hit the same old bunch all the time."

His levy would be 3 per cent of gross receipts, but he could not estimate how much revenue it would produce.

Tax measures introduced earlier in the three-week-old 54th session propose a tax on natural gas pipelines and an increase of two cents a gallon in the gasoline tax.

The gasoline tax increase was in line with recommendations by Gov. Allan Shivers in his message to the lawmakers, but not in sight yet was his proposal of increasing the cigarette tax from four to five cents a package.

### Hitchhiker Confesses To Murder

KANSAS CITY, Jan. 27-UP-George Emmett Moore, who was arrested Tuesday in a bloody car near Kanopolis, Kan., has admitted he murdered a 68-year-old Arizona man who gave him a ride, the FBI announced Thursday.

William G. Simon, special agent in charge of the FBI office, said the Arizona man, Henry Clay Heath, had been missing from his home in Chandler, Ariz., since last Sunday. He was a retired Coast Guard officer.

Moore, whose 18th birthday is today, was arrested by sheriff's officers from Ellsworth, Kan., as he slept in the car on the basis of a report by a man who had ridden with Moore and who became frightened when he noticed blood stains on the car.

Simon said Moore admitted that after Heath picked him up, he pulled out a .22 automatic pistol, which he said he obtained in a burglary in Blythe, Calif. The youth was quoted as saying that Heath grabbed the pistol and Moore shot him "two or three times."

Simon said Moore told the FBI he disposed of the body in "a location presently unknown." Moore went to grade school in Kanopolis, and at one time lived in Kansas City. He once was sentenced to the Missouri State School for Boys at Booneville, Mo., and twice was placed in the McCune Home for Boys at Independence, Mo., Simon said.

Moore was arrested by sheriff's officers from Ellsworth, Kan., as he slept in the car on the basis of a report by a man who had ridden with Moore and who became frightened when he noticed blood stains on the car. Simon said Moore admitted that after Heath picked him up, he pulled out a .22 automatic pistol, which he said he obtained in a burglary in Blythe, Calif. The youth was quoted as saying that Heath grabbed the pistol and Moore shot him "two or three times."

## Eisenhower's Handling Of Formosa Situation Is Argued

By RAYMOND LAHR

WASHINGTON, Jan. 27—UP—President Eisenhower's handling of the Formosa situation revived an old argument Tuesday about how far the chief executive must go in sharing responsibility over the conduct of foreign and military affairs.

Most Republicans in Congress applauded Mr. Eisenhower for seeking formal Congressional support for whatever action he deems necessary for the defense of Formosa. But many Democrats

insisted that Mr. Eisenhower already had whatever power he needs if the defense of Formosa is vital to the defense of the United States.

The constitution makes the President commander-in-chief of the Armed Forces and makes him responsible for the conduct of foreign affairs, although Senate approval is needed to ratify treaties. Congress has power to declare war and supply the Armed Forces, to legislate the regulations governing them, and to declare

The other side was shown in a 1,000-word statement issued by Sen. Thomas C. Hennings (D-Mo.), who said in part:

"I believe that the President under the constitution already has this authority, although others may contend that he does not. In any case, I am certain that if he does not have such authority, the Congress cannot constitutionally give it to him except in a declaration of war, which in this case the President has clearly not requested..."

### Houston U. Joins AAC

HOUSTON, Jan. 27—UP—Gen. A. D. Bruce, president of the University of Houston, said Tuesday the school has been accepted as member of the Association of American Colleges.

The 40-year old organization dedicated to promotion of higher education in colleges of liberal arts and sciences is comprised of more than 700 colleges and universities in the nation.

Rice Institute and Texas Southern University are the organization's other Houston members.

University of Houston was admitted to the Southern Association of Colleges and Secondary Schools last Dec. 2.

### Stallion Poses Problem In Chicago

CHICAGO, Jan. 27—UP—Chicago officials conferred Tuesday about what to do with a 500-pound bay stallion colt, gift of the mayor of Houston to the mayor of Chicago.

The animal arrived here at 3 a.m. It was accepted by George Dement, commissioner of public works, on behalf of Mayor Martin H. Kennelly.

Kennelly had sent Mayor Roy Hofheinz of Houston a Chicago ham. Hofheinz returned the compliment with the colt.

### Former Matinee Idol Returns To Screen After Seven Years

By ALINE MOSSBY

HOLLYWOOD, Jan. 27—UP—Hollywood faces a severe shortage of future movie stars, ex-matinee idol Conrad Nagel declared Wednesday, and he thinks it's because today's young players "take themselves too seriously."

Nagel, still suave but now a white-haired New York TV actor, has returned to the movies for the first time in seven years.

This time the stars of the Universal-International picture, "All That Heaven Allows," are Jane Wyman and Rock Hudson, and during their time before the camera Nagel sat down to reflect on what makes a movie star.

**TEN YEARS AGO TODAY**  
Neva Faye Gower was honored on her 13th birthday with a party.

## Chinese Reds May Underestimate U.S.

By CHARLES M. MCCANN

The Chinese Reds are in a position to make a disastrous mistake if they are sensible, they will take the United States at its word that it will not tolerate an invasion of Formosa.

If they are not, they will be repeating the mistake they made when they went into the Korean War.

Premier-Foreign Minister Chou En-Lai, who seems to be masterminding the Formosa situation for the Peiping government, has climbed pretty far out on a limb. But he still has time to stop.

**Chou Tough Talker**  
Chou has been talking tough ever since the Chinese Communists started bombarding the Nationalist-held islands off the China mainland last September.

Chou says the Reds are determined to take Formosa. He says also that they will accept no ceasefire which would stop the present island fighting between the Reds and the Nationalists.

But Chou must have sense enough to know, since the Korean War, that Red China can not take Formosa against the United States Seventh Fleet and whatever else the United States might need to throw in.

President Eisenhower has left Chou and his fellow-Red leaders a clean-cut choice, peace or war.

**Reds Still Can Decide**  
Faced with the President's action, the Reds can still change their minds.

The difficulty is that dictators are prone to make big mistakes, and Chou, Mao Tse-Tung and the other Peiping Reds are dictators.

Adolf Hitler blundered into starting World War II. He had grabbed off Austria and Czechoslovakia and was going strong.

But he didn't believe Great Britain and France when they said they would defend Poland if he attacked it.

Hitler took Poland without difficulty. But he started World War II, in which Germany finally was smashed and he and his fellow Nazi leaders met shameful death by suicide or hanging.

**First Started in 1950**  
Chou started talking tough in 1950 when the United Nations forces crossed the 38th parallel into North Korea. He talked tougher and tougher until Red China did get in.

Chou and his fellow leaders made several mistakes then. First, the Korean War was a United Nations war and not just a United States war; the free world was behind it. Secondly he woefully underestimated the enormous power of the United States, which did most of the fighting.

Undoubtedly Chou thought the United States would be pushed off the Korean peninsula. It cost the Red Chinese well over one million casualties to realize it could not be.

Chou now has the choice of making another mistake like that, or of accepting the facts of life.

## Insurance Laws To Be Bolstered

AUSTIN, Jan. 27—UP—A Senate subcommittee was given the task Wednesday of studying sweeping legislation designed to strengthen Texas insurance laws.

The insurance committee Tuesday voted 7 to 5 to send the bill to a subcommittee of five for at least two weeks of study. Sen. Stacey Bracwell, Houston, author of the bill, had asked immediate committee approval.

In addition to tightening the procedure by which insurance companies obtain their original charter, the legislation would: Require that companies writing life, health and accident insurance have on hand \$375,000 of which \$250,000 would be in capital stock and \$125,000 in surplus.

But present regulations permitting insurance companies to include real estate in their original capital, and stipulate a company could not invest more than 25 per cent of its assets in home office property.

John P. Swift, Southwestern Life Insurance Company, Dallas, said present requirements are inadequate for protection of the public, and told the committee the proposed legislation would not impair operation of existing companies.

However, Stanley Hornsby, speaking for the Legal Reserve Officials Association, said the bill would adversely affect some companies now operating and said the measure would work an economic hardship on the industry.

# THE MARQUEE

BY DICK KLEINER

TV STAGE RADIO RECORDS PEOPLE

Dina Shore and her TV show last came East, while the beautiful gal with the silken voice did her Waldorf-Astoria appearance in New York. And the whole group traveled eastward on the train, in a much-publicized stunt. The idea was, said the railroad, that they'd stick a piano in a room on the train so the Shore show could rehearse en route.

But the room turned out to be so

Adele Jergens Jack Sterling

small only the pianist could get it. For three days Miss Shore & Co. fumed across country, completely un-rehearsed.

They'll go back by plane.

A FEW FAST FACTS The Met great bass, Cesare Siepi, spotted scallops on a restaurant menu and ordered it, thinking it was scallops. . . the alumnae of Radio City Music Hall's Rockettes are going to form an association — among the 1000 ex-high tickers are such stars as Vera-Allen, Joan Vohs, Adele Jergens, Lucille Bremer . . . a mounted policeman and a passer-by near Radio City demonstrating which

## IT'S THE LAW IN TEXAS

(This column, based on Federal law, is written to inform — not to advise. No persons should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Taxpayers who receive income from stock dividends will benefit from changes made by the 1954 revenue act. This act provides for the partial exclusion of dividends from gross income. The first \$50 of dividends received by the taxpayer will be excluded from his gross income. If the spouse of the taxpayer also receives dividends, the first \$50 of those dividends will likewise be excluded. Thus it is possible to exclude a total of \$100 dividends from gross income.

If the stock is held as community property it is considered that one-half of the dividend goes to the husband and one-half to the wife. Amounts received from co-operators, life insurance companies, mutual savings banks, and buying and loan associations are often called dividends. However, for the purpose of this exclusion, they are not considered to be dividends and may not be excluded.

Another provision concerning dividends is a credit against tax. The income tax liability is computed in the normal manner. However, from it may be subtracted a credit equal to 4 per cent of the dividends received after July 31, 1954. This credit cannot be computed on dividends received before Aug. 1, 1954, or on dividends excluded from gross income. The credit cannot exceed 2 per cent of the 1954 taxable income.

Under the former law, 3 per cent of the proceeds from annuities was included in gross income, and the remainder was excluded until such time as the nontaxable portion equalled the cost of the annuity.

Under the new law, at the time the first payment under the annuity is received, the taxpayer determines from a table the number of years of his life expectancy. This he divides into the cost of the annuity, and each year thereafter, he excludes from gross income that portion of the annuity payment which represents cost. If the annuity is to be paid for a certain number of years instead of for life, that number of years is used instead of life expectancy to determine the portion which shall be excluded.

In the past, a person who had the foresight to build up a retirement income from private sources was penalized in that he had income on which he must pay a tax, whereas the person who received only social security benefits did not have taxable income. The 1954 revenue act attempted to remove this inequity, and it has provided a credit against the income tax of persons receiving retirement income. This computation is too complicated to set forth here, but the effect is to provide a possible saving of \$360 a year to certain persons having retirement income.

In certain cases, proceeds from insurance policies constituted taxable income where there had been a transfer of ownership. The new law eliminates this under a few selected instances of transfer of ownership.

Heretofore, the interest element of an installment payment of insurance proceeds was untaxed. Now, interest in installment payments will be taxable, but if the proceeds are payable to the taxpayer's spouse, the first \$1,000 of such interest to her is excluded annually.

one was quicker on the draw — the passer-by was movie villain Jack Palance . . . Edgar Bergen's lovely wife, Frances, is scheduled to make her New York night-club debut Feb. 25. But she wants to postpone it — "I'm not ready for that yet," she says. Nevertheless, she'll open as scheduled — people who've seen her say she's terrific.

You've heard of schizophrenics — people with split personalities. Now meet a double-schizophrenic — a guy whose personality is split into three bite-sized pieces.

He's CBS' Jack Sterling, who's on radio and TV so much he makes Arthur Godfrey look like a retired mattress tester. Sterling is actually on mike and/or on camera 16½ hours a week, which will have to be recognized as the new world's record for catch-as-catch-can broadcasting.

These 16½ hours are made up of three programs, and therein hangs a schizophrenic. Come along down this warped trail:

Personality A — Every morning, from 5:30 to 7:45, Sterling does a show over CBS' local New York radio outlet, Yawn. This is his relaxed personality — he tells little stories, cuts a few vocal capers, plays some records, generally wakes up his faithful listeners in a calm sort of way.

"I took over this show from a guy named Arthur Godfrey," Sterling says. "Whatever became of him?"

You see — a thoroughly relaxed personality.

Personality B — Five times a week, Sterling is announcer and MC of a 15-minute psychological quiz on CBS-Radio "Make Up Your Mind." It is part of the duties of Sterling's B personality to deliver commercials in a forceful, determined fashion.

"Do you realize," Jack says, "that for every television listener in the morning, there are 10 radio listeners? This is in New York, where there is the highest concentration of TV sets. Accept no substitutes, ask for radio."

That's a forceful determined personality, all right.

Personality C — Once a week, Jack Sterling becomes a circus ring-master on CBS-TV's "Big Top" show. This is not a new role — once upon a career he actually was a circus ringmaster. Such a job requires a flamboyant personality, one that won't be dwarfed by such tid-bits as elephants.

And Sterling can be flamboyant when the occasion demands.

Schizophrenia, where is thy sting?

This is an old story, but it's never seen print before. It happened when Red Skelton was making a baseball movie, and much of the footage was shot at Ebbets Field, with the Brooklyn Dodgers playing themselves. (They might even win such a game.)

The late Hugh Casey, then the Brooks' ace relief pitcher, was watching as Skelton tried to portray a pitcher. He throws like a woman, and couldn't seem to get the ball to the plate. Time and time again it came to the catcher on three bounces.

"What's wrong with that guy?" Casey asked. "Ain't he had no boyhood?"

State investigators arrested Buck W. Morgan, 50, and charged him with felony theft by false pretext. A spokesman for the Texas Real Estate Commission said Morgan acted as agent for a homeowner and took a \$1,200 down payment for a house from a Port Arthur refinery worker, who then moved into the house.

However, the spokesman said, Morgan didn't tell the house owner, who doesn't live in it, and, he charged, Morgan kept the money for himself.

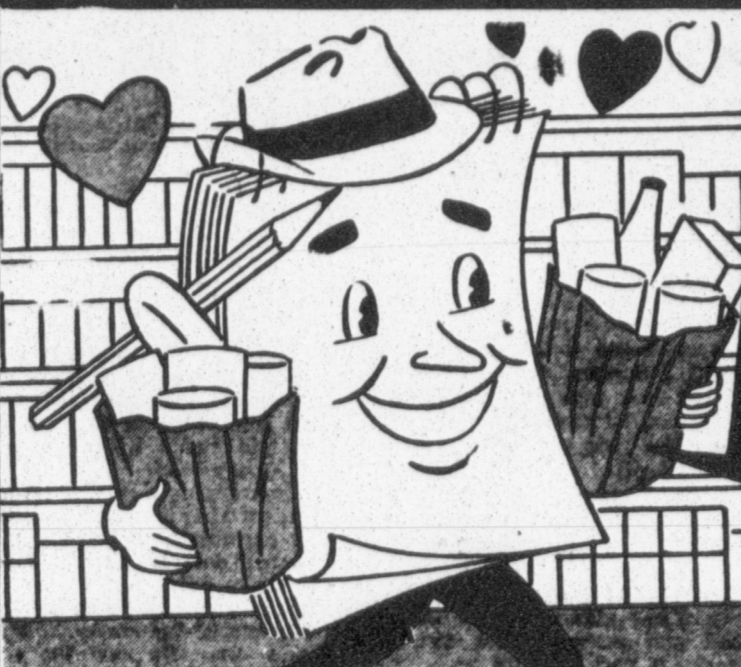

State investigators said Morgan arrived here about a year ago and immediately joined the Chamber of Commerce, gave a small piece of property to the Lions club, and joined in Boy Scout work.

Justice of the Peace Tom Burch set bond at \$5,000.

No Leasing — UP — Carl Sandburg, now 77, scoffs at talk of his retirement. The celebrated poet, author and biographer says he plans for more years of work and travel. For relaxation he herds goats at his picturesque mountain farm here.

In A Draft — HARTFORD, Conn. — UP — Brig. Gen. George R. Stanley, commander of Connecticut's Air National Guard, visited a draft board after receiving a notice to register for selective service. Stanley was told that the notice was correct except that the word "Junior" was omitted. It was intended for his son.

**MAKES GRAVY** — Mrs. Chester Huff, 716 N. Nelson, is shown making gravy she serves with her stuffed pork chops. They are a tasty, "different" method of preparing the "old favorite." She says they make a fine family meal and are good for company, too. (News photo)

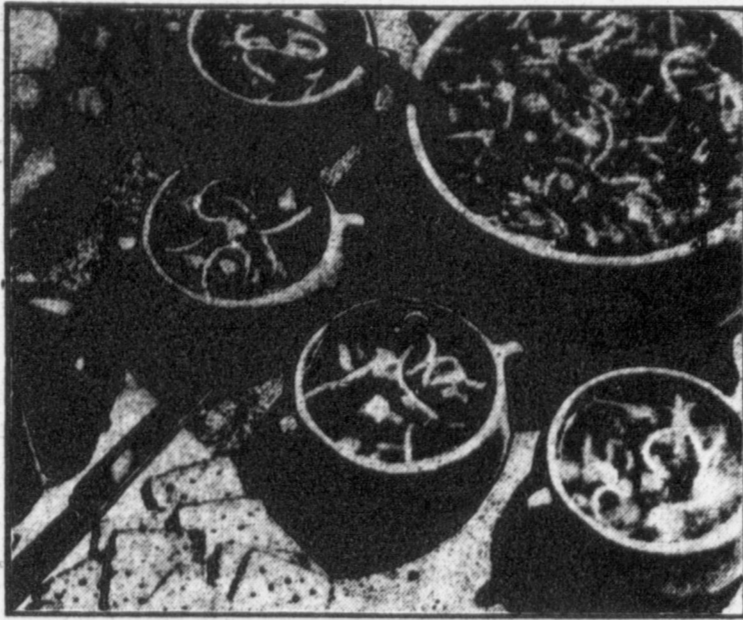

**Biscuits Are Sign Of Excellent Cook**

If good biscuits are truly the sign of a good cook, then this recipe for Pocket Biscuits can well be the making of your reputation as a cook supreme. For here is a biscuit recipe that's quick and easy to do with results that are quite remarkable. Made with cereal, these are filled with marmalade before baking.

**1/2 cup All-Bran (ready-to-eat gran)**  
**1/2 cup milk**  
**1 cup sifted flour**  
**2 teaspoons baking powder**  
**1/2 teaspoon salt**  
**1-3 cup shortening**  
**1-3 cup orange marmalade**

Combine All-Bran and milk; let stand until most moisture is taken up. Sift together flour, baking powder and salt. Cut in shortening until mixture resembles coarse corn meal. Add All-Bran mixture and stir until combined. Turn out on lightly floured board and knead gently a few times. Roll dough out to 1/4 inch in thickness. Cut into ovals 2 inches long and 1 inch wide. Cut a slit in one end of oval. Put a teaspoonful of marmalade in middle of each oval; bring uncut end of dough through slit. Place on greased baking sheet. Bake in very hot oven (450 degrees F.) about 10 minutes. Yield: about 1 1/2 dozen biscuits.

**Mix Two Soups for "Soup Mates"**

Matchmaking is a game most everyone enjoys. Sometimes it's a game of hearts. And sometimes it's a kitchen game, because many cooks enjoy match-making with soups, mixing one with another for special new "Soup Mates."

You probably are an "old hand" at whipping up special soups from the standard kinds in cans. Which "soup mates" are your very own favorites? When you fix them, just think how many other "soup surprises" you can dream up. The possibilities are countless — almost. With the 24 regular soups in the canned line, you can match up many a new twosome to tantalize appetites.

By mixing soups, you can quickly make an exact one to suit your liking, anytime.

**Full-of-Chicken Soup**  
**1 can (1 1/2 cups) condensed cream of chicken soup**  
**1/2 cup water**  
**1 can (1 1/2 cups) condensed chicken with rice soup**  
 Stir chicken soup until smooth; blend in water and chicken with rice soup. Heat but do not boil. 4 servings.

**Country Kitchen Soup**  
**1 can (1 1/2 cups) condensed beef noodle soup**  
**1 can (1 1/2 cups) condensed vegetable soup**  
**1 1/2 cup cans water**  
 Blend soups and water; heat. 4 servings.

**SOUP SCOOPS**  
**Brown Gravy Enriches Stew:** Bubbling with flavor is beef stew made with a can of beef gravy, cooked meat and vegetables. It's ready in just half an hour of simmering. Cook the seasonings first (1 large onion, chopped, and 1 clove garlic, minced); brown them in 2 tablespoons butter or margarine. Pour in 1 can beef gravy (1 1/2 cups); add 1 cup cubed cooked beef, 2 large carrots (thickly sliced) and 2 medium potatoes (cubed). Sprinkle in salt and pepper as desired. Cover and cook about 30 minutes. The family will clamor for repeats on this.

**Anise Cookies Are Tempting Delicacy**

Anise cookies with colored sugar balls made a tempting party delicacy. The finely ground anise seed give them a distinctive licorice-like flavor.

**1 cup butter**  
**1 cup granulated sugar**  
**1 cup firmly packed brown sugar**  
**1 egg**  
**3 tablespoons molasses**  
**1-3 cup evaporated milk**  
**1/2 cup whole anise seed, finely ground (about 2 ounces)**  
**2-3 cups sifted flour**  
**1/4 teaspoon soda**  
**6 ounces multi-colored decorations**

(375 degrees F.) until very lightly browned, about 15 to 20 minutes. Makes about 110 cookies.

**This Is My Dish**

**Stuffed Pork Chops Make Delicious Meal**

By JANE KADINGO  
Pampa News Women's Editor

Mrs. Chester Huff, 716 N. Nelson, says she likes to cook for breakfast and dinner, but not for the noon meal. Mrs. Huff was well-prepared for cooking before she was married, however, as she studied home economics in school. She pointed out that she has been cooking about eight years in all.

Taking care of her children takes up most of her time, but Mrs. Huff and her husband belong to the First Baptist Church. They have three daughters, 4 years, 3 years and 6 months old. Mrs. Huff is originally from Dallas, but says her husband has lived in Pampa "most of his life." He is manager of the Dr. Pepper Bottling Company here.

One of the Huff family's favorite dishes is stuffed pork chops. Mrs. Huff says it makes a good company meal, too. She serves them with baked apples filled with honey, granulated sugar or brown sugar; banana and apple-cheese salad; creamed potatoes; broccoli and one other vegetable.

**STUFFED PORK CHOPS**  
 Trim 8 rib pork chops 3/4 inch or more thick. Cut the bone from the meat. Trim off the excess fat and cut a large gash or pocket into the side of each chop.

Prepare a dressing of:  
**1 cup bread crumbs**  
**1/2 cup chopped celery**  
**1/4 cup chopped onions**  
**3 Tbsp. chopped parsley**  
 milk to moisten the dressing  
**1/2 tsp. salt**  
**1/2 tsp. paprika**

Fill the pockets with the dressing. Then sew them up with a coarse needle and thread. Sear the chops in a hot skillet and place them in a pan with a little milk or cream. Cover the pan and bake the chops in a moderate oven, 350

degrees, until they are done, 3-4 to 1 hour. Thicken the drippings with flour and make gravy.

**Chili Con Carne With Corn Soya**

Chili con Carne, is a traditional Mexican dish made with beef, beans, chili powder and other seasonings and served in warm bowls. This recipe is an adaptation, retaining all standard ingredients and adding to them a crunchy corn soya shreds topping.

**1 pound ground beef**  
**1-3 cup chopped onions**  
**2 tablespoons shortening**  
**2 1/2 cups cooked or canned tomatoes**  
**2 1/2 cups cooked or canned kidney beans**  
**1 1/2 teaspoons salt**  
**1 1/2 teaspoons chili powder**  
**2 teaspoons melted butter or margarine**  
**1 1/2 cups Corn Soya (corn soya shreds)**

Saute beef and onions in heated shortening, stirring to separate meat into small particles. Stir in tomatoes, kidney beans and seasonings. Cover and simmer about 20 minutes or until meat is tender. Serve in warmed bowls.

Combine Corn Soya and melted butter. Heat in oven until lightly browned. Serve over chili. Yields 6 servings.

The strapless bodice is at last vanishing from the American scene. In its place, sleeves, straps, halters and fichus.

Suit jackets are longer for spring and are cut for snug fit from shoulder to thigh.

**Adapt Family Meals To Dieter's Needs**

If you or someone in the family is on a reducing diet, you can adapt the family's meals to suit the dieter's needs. Weight can be lost safely and comfortably. The best reducing diet is adequate in all respects, except that it is low in energy value. On such a diet, excess fat will help supply energy requirements for work and play.

The dieter needs more lean meat than other members of the family. An average-size woman should have at least seven ounces of meat for dinner and the average-size man should have nine ounces. Meat is important in a reducing diet for nutrients which help to maintain body functions. Meat is a satisfying food, too — the dieter will not feel famished nor crave high calorie foods when she has eaten meat. She can eat less of other foods than the other members of the family do and ignore the "extra." Here is a dinner menu idea:

- Consomme
  - Roast Beef
  - Asparagus Tips
  - Beet-Onion Salad
  - Bread
  - Butter or Margarine
  - Sliced Peaches
  - Milk
  - Coffee
- From this menu, the dieter will have an adequate meal. For the family, the asparagus may be buttered, dressing may be served and butter or margarine can be unlimited. Cookies may be served with the peaches. Whole milk and sugar and cream for coffee may also be served to non-dieters while the dieter drinks skim milk and black coffee.
- Appetizers From Leftovers  
 Roll chunks of leftover meat loaf in melted butter or margarine, then in crushed corn flakes. Broil until lightly browned. Serve hot on wooden picks as appetizers.

**Different Salmon Loaf For Fridays**

Want a different salmon loaf for a substantial Friday lunch? Here is one that we have enjoyed many times. It is very easy to put together, using quick-cooking rice cereal as the thickener... and it is delicious cold the next day.

**SALMON-CHEESE LOAVES**  
**1-pound can salmon**  
**1 cup grated process American cheese, 4 ounces**  
**1 tablespoon grated onion**  
**1/2 cup Cream of Rice, quick-cooking rice cereal**  
**2 tablespoons rich milk**  
**1/2 teaspoon pepper**  
**2 tablespoons tomato catsup**  
**1 tablespoon butter, melted**  
**4 large stuffed olives, sliced**

Drain and flake salmon, discarding broth, bones and skin. Mix together well the salmon, cheese, onion, Cream of Rice, milk, eggs and pepper. Mix catsup and melted butter and spread over the bottoms of four eight-ounce casseroles. Arrange sliced olives in design over catsup mixture. Spoon salmon mixture into casseroles. Bake in moderate oven, 350 degrees F., until done, 30 to 35 minutes. When done turn out on serving plates. Serve hot or cold. Yield: 4 servings.

Breakfast, luncheon or dinner, Quick Coffee Cake is sure to be a favorite.

You'll have no trouble with breakfast "skimpers" when you serve this Quick Coffee Cake. It is so tender and delicately delicious that finicky appetites will perk up for a second helping.

Because it's not too rich, this quick coffee cake makes a luscious accompaniment for luncheons and dinners too. Serve it with tender, juicy baked ham gone glamorous with golden pineapple chunks for garnish. Add garden fresh, cooked vegetables with plenty of melted butter or margarine. The coffee cake is so easy because it doesn't even require special shaping. Just pour the batter into a greased 8-inch square pan and pop it into the oven while the ham is baking.

Serving specialty breads with your meals is a simple way to add variety and taste appeal to menus.

If you don't have time to bake a coffee cake yourself, your bake shop is sure to have one that will please your family. Check to see that your baker uses enriched flour, just as you do. Enrichment means extra nutrition for your family at no extra cost to you.

**QUICK COFFEE CAKE**  
**1 1/2 cups sifted enriched flour**  
**1/2 teaspoon baking powder**  
**1/2 teaspoon salt**  
**1/2 cup sugar**  
**1 egg, beaten**  
**1/2 cup milk**  
**3 tablespoons melted shortening**

Sift together flour, baking powder, salt and sugar. Combine egg, milk and shortening. Add to flour mixture, stirring until smooth.

Pour into greased 8-inch square pan. Bake in moderately hot oven (400°F.) 25 minutes. Makes 1 coffee cake.

The new fashion proportion for spring is the long torso, slim waistline, higher bosom and low-placed skirt fullness.

Chief difference between the new silhouette and the flat silhouette of the Twenties is that the new clothes are cut and boned to fit.

Coupon expires February 28, 1955.

# Jane Talk

By JANE KADINGO  
Pampa News Women's Editor

**IS THERE A WOMAN** who doesn't like to "swap" recipes? I do, and I'm not even a very good cook. Here are a few recipes I've picked up here and there that are a little different. Thought I'd pass them on to you. Most of them would make a good addition to any party menu.

**EVILS ALWAYS INTRIGUE** spiced juices go well. The ingredients: There are so many different ones for the syrup are 1 cup granulated sugar, 1 cup water, 1 Tbsp. corn syrup, 1 Tbsp. whole cloves, and 2 pieces of 1" long stick cinnamon.

Combine water and sugar, stirring until dissolved. Add syrup, cloves and cinnamon. Simmer 15 minutes. Strain and cool. If you want to make this ahead of time it keeps in a jar with a well-fitting screw-top lid.

For the juices, add water to one can frozen orange juice and one can lemonade according to directions on the cans.

Combine 2 cups lemonade, 2 cups orange juice, 1 can pineapple juice, spice syrup. Chill and serve. For a frosted appearance you can add a dip of pineapple sherbet. Makes 14 one-half cup servings.

**Mrs. H. Scrimshire Feted With Shower**  
Mrs. John E. White and Miss June Montgomery were hostesses recently to a pink and blue shower in honor of Mrs. Harold Scrimshire, in the White home, 1344 Christie.

Games were played, after which the honoree opened her gifts. The gifts were presented in a wagon, decorated in pink and blue, by Misses Diana Kay and Patty Sue White.

The serving table was covered with a white network cloth over pink. The centerpiece was a large replica of a stork and an arrangement of blue flowers in a baby-buggy vase.

Refreshments of pink punch, blue and pink angel food cake and nuts were served. Mrs. Bob Johnson presided at the punch bowl.

Attending the shower were Mrs. Mmes. A. M. Claxton, N. A. Eriden, H. W. Obewetter, H. L. Boone, M. F. Waggoner, R. E. Montgomery, Homer Kitchens, R. C. Cornelius, H. G. Kilpatrick, all of Pampa; and Mrs. T. C. Addington of Miami.

Sending gifts were Mrs. Eva Kitchens, C. M. Jeffries, R. Brad-ley, Johnny Cox, A. H. McPeak, Joy Simms, A. W. Kitchens, Robert Addington and G. F. Addington, all of Pampa; Mrs. K. E. Kitchens of Borger; and Mrs. W. D. Allen and W. R. Forman, both of Miami.

**GRACE FRIEND**  
Dear Grace  
I have received letters from a few students in Japan who would like to correspond with boys and girls their own age in this country. I would appreciate it if you would print their names in your column.

c/o Nagasaki, No. 21 5-c Home Moncho-Dori, Nakano-Ku Tokyo, Japan

Sadao Shiratori (16)  
Kanematu Mitutomo-Mura Yame-Gun Fukuoka-Ken Japan

Yoshinori Maekawa (24)  
4673 No. Tsuda, Tsuda-Machi Kitakawa-Chi-Gun Osaka Honshu, Japan

Masaomi Kochi (7)  
37 Toricho Imabarishi Ehime Japan

Hilomu Shimizu (18)  
17 West Akaaka-Cho Hoi-Gun Aichi-Ken Japan

Thank you very much for your interest.  
Mrs. V. A.

I am happy to use the names and addresses and I hope that the students will receive many letters from American youngsters.

Since you didn't state whether they are boys or girls I consulted a Japanese friend and she tells me they are all boys.

**ON REMOVING HAIR**  
Dear Grace Friend  
May I take this opportunity to tell the girl Gloria not to shave her legs because I know of a better method. If she will get an EZ Hair Remover Glove I am sure she will find it is the answer to her needs.

All she will have to do then is rub it on her legs and it rubs off the hair. This need to be done but once a week. EZ Gloves may be purchased at any dime store where cosmetics are sold and they cost just 10 cents each.

I'm sure this girl will find it the quickest, easiest and safest method.  
Please publish this so the girl will be able to read it.  
L. W.

**RUTH MILLET**  
A fabulously successful career woman says there are a lot of compensations for being 45 or older that she thinks a lot of women overlook.

As an example of what she means she lists the following:  
Being able to ask a man or a couple of men in the office to flirt or try to break up a home. The woman of 45 or older who has had the good sense to give up kittenish ways and to leave flirting to her younger sisters can enjoy men's company without causing raised eyebrows.

The woman of 45 can keep a secret. Learning to keep a secret takes a lot of practice, but by 45 a woman has practiced so much it is no trouble at all. So friends know they can tell her whatever they like in confidence without being afraid she won't be able to resist passing on a juicy tidbit.

The woman of 45 has quit thinking of other women — particularly younger women — as rivals. She knows that younger women are more eye-appealing and she accepts that. But she knows that she has more experience in dealing with people — particularly her own husband — and the younger, more self-centered women won't be able to match her experience for years and years.

The woman of 45 can give the simple excuse, "I just don't want to," when plans leave her cold. She doesn't have to pretend to like football or whatever if she really doesn't, because she isn't afraid of being left out of things.

The woman of 45 or older doesn't have to keep up the pretense of being so popular she never spends an evening alone. She can say without shame that she spent the weekend getting a good rest, instead of having to pretend that she is always on the go.

The woman of 45 or older can wear what she likes simply because it is becoming to her and never mind what "they are wearing." Her poise doesn't come from the outer layer of covering, but comes from her own sense of worth as a person.

MOD COUNTRY COFFEE

Mrs. Jack Foster and Mrs. Bud Johnson held a "country" coffee for the benefit of the March of Dimes as the last in a series by members of the Parent Education Club. The event was held in the Foster home, 1228 Williston, with 20 women attending. The table was covered with blue check cloth, centered with chicken figurines and eggs resting on straw. Refreshments were stuffed olives wrapped in bacon, bear claw rolls, twists, caramel rolls, and coffee. The coffee netted \$20. Shown at the event are, left to right, Mrs. Johnson, Mrs. Ray Evans, wife of the treasurer of the Gray County polio chapter, and Mrs. Foster.

## JayCee-ettes Plan To Entertain Ladies At Bi-Regional Meet

Mrs. J. C. Hopkins was hostess to the meeting Tuesday evening of the JayCee-ettes. Mrs. Horton Russell, president, led the business session.

Plans were completed for entertaining the wives attending the JayCee bi-regional meeting, to be held in Pampa Feb. 5 and 6. The women also discussed plans for a party, slated for March 5.

By GAYNOR MADDOX

Mrs. George Miller of Mansfield, Ohio, told us she bakes every day. "Have to," she said, "I married a man from the South."

Another daily baker we talked with at the Pillsbury 6th Grand National Bake-Off in New York, was Mrs. J. C. Bivin of Cleveland, Okla. She has four sons, a husband, a mother and grandfather to feed every day. "So I bake every day. Most economical way to feed eight big eaters."

She added she likes to use garlic with her meats. "We really enjoy food that tastes interesting. Always looking for new and different recipes."

Mrs. Floyd Buesinger of Elmhurst, Ill., told us she never uses garlic or spices or fancy recipes, but does bake every day. "My husband and I were both raised on a farm and we still like plain family food best. Our five-year-old boy won't eat anything else," she added, not realizing, we thought, that the term "family food" means different things to different families.

For example, this meat-loaf recipe from a California family is different yet it fits into the "family food" category. It uses garlic, mace and pumpernickle or rye bread and has a covering of mashed potatoes. It is baked, therefore maybe all three of the baring housewives we talked to in New York will be interested.

**Meat Loaf With Potato Topping**  
(Serves 6-8)  
Two pounds ground beef, 3 teaspoons salt, pepper, 1/4 clove garlic, minced, 1/4 teaspoon mace, 1 carrot, grated, 5 slices pumpernickle or rye bread, 1/2 cup evaporated milk, 1/2 cup tomato juice, 1 egg, 3 cups mashed potatoes.

Combine ground meat, seasonings, and grated carrot. Soak bread slices in evaporated milk and tomato juice combined until well softened. Add with egg to meat mixture, mixing well with spoon or hands until thoroughly blended.

**White Deer Circle Has Mission Study**  
WHITE DEER — (Special) — The Business Women's Circle of the First Baptist Church met recently in the home of Mrs. L. V. Ratliff Jr. Mrs. Ratliff was in charge of the program, "The country of Brazil."

Those attending were Mrs. Mmes. Florette Burns, Wayne Brown, Joe Seitz, Clifton Kelly, Sterling Bearden, Jack St. Clair, W. Bates, J. Hy Smith and Ratliff; and Misses Marie Carreker, Geraldine Rampp, Ruth Smith, Stella Kiser, Annette Burns and Patsy Smith.

**Council Of Church Women To Give Tea**  
The Pampa Council of Church Women will hold a tea at 2:30 p.m. Friday in the educational building of the First Presbyterian Church to honor non-member church women, who are invited to attend.

The program will be presented by Rev. Richard Crews, pastor of the First Christian Church. Dr. Emily Hicks will give the devotional.

A nursery will be provided for the children.

# Pampa Records 2 More Wins In Regional GG

By BUCK FRANCIS  
Pampa News Sports Editor

AMARILLO, Jan. 27 — Pampa recorded two more victories in the Regional Golden Gloves Tournament here Wednesday night with heavyweight Tommy Richardson and flyweight Raul (Rabbit) Ramirez triumphing for the defending champion Pampa team.

The two wins brought to four the number of victories by Pampa fighters during the first two nights of the tournament.

Five boys representing the Pampa District will appear Friday night on the semi-final card, and a sixth, Gary Wilhelm, has already qualified for the finals Saturday night.

Wilhelm, fighting in the 118-pound division, advanced to the finals via bye. Wilhelm will meet Wayne Tedder of Borger in the finals Saturday night.

In last night's bouts, Ramirez recorded a second round knockout over Jim Vineyard, McLean while Richardson defeated Tom Coburn of the Amarillo Boxing Club.

Ramirez opened up quickly in the first round to drive Vineyard

back to the ropes with a flurry of lefts and rights to the McLean youth. Vineyard, however, withstood the barrage and came back to make a game fight of it rest of the round.

Vineyard rushed Ramirez at the start of the second round and in some good blows but Ramirez staved off the charging McLean athlete and came back with an attack of his own.

Ramirez let loose with another flurry of lefts and rights that finally sent Vineyard to the canvas. Vineyard was counted out, Ramirez winning by a knockout in 1:09 minutes of the second round.

Ramirez will meet Gary Watt, formerly of Pampa and now of Borger, in Friday's semi-finals.

Watt advanced to the semis here Wednesday with a well-earned decision over Johnnie Heredia of Amarillo.

Richardson Wins Easily

Richardson won in command all the way in pounding out a decision over Tom Coburn of Amarillo.

Richardson, who failed to make the lightweight bracket in the weigh-in Tuesday, had things his

own way from the start of his initial start in the heavyweight circles last night.

The Harvester footballer landed several hard rights to Coburn's head in the first round to take a big lead. Coburn shook off the blows each time and came back for more.

Richardson continued his attack in the second round with Coburn hardly landing a blow. Coburn spent the entire second round on defense.

Coburn finally wilted in the third round as Richardson seemingly got stronger as the bout progressed. Richardson knocked Coburn down for the automatic eight count during the middle of the third round but Coburn got up and finished the fight. Coburn's left eye was swollen almost shut as the fight ended, Richardson winning by a unanimous decision.

Richardson will meet Billy McBroome of Canyon in Friday's semi-finals.

Dickerson Loses

Pampa had three losers here Wednesday, none of whom fought in the Pampa District Tournament. Bantamweight Bennie Dickerson, who won Tuesday night, lost via TKO in the second round to Richard Barrera of Amarillo.

Royce Young of Memphis and Bennie Brown of Quitaque, both fighting under Pampa District colors, were the other two Pampa losers.

In a fight that kept the crowd in an uproar was the Charlie Vineyard of McLean and David Culwell of Amarillo bout in the 160-pound division.

Vineyard opened with a rush and dazed Caldwell with a barrage of blows in the opening seconds. Culwell finally hit the canvas about midway of the round. The Amarilloan got up and connected with a hard right to Vineyard's face that floored the McLean lad. Both were almost out on their feet as the initial round ended.

Vineyard recuperated the most between rounds, apparently, as he opened up on Culwell hurriedly, knocking Culwell down twice, the last for keeps. Vineyard was credited with a knockout in 1:42 minutes of the second round.

No fights are scheduled here Thursday.

Following are last night's results:

HIGH SCHOOL DIVISION

105 pounds — Richard Barrera, Amarillo, TKO Bennie Dickerson, Pampa, 54 seconds, second round.

105 pounds — LeRoy Hernandez, Amarillo, dec. Calvin Irvin, Borger.

112 pounds — Raul Ramirez, Pampa, KO Jim Vineyard, McLean, 1:09, second round.

112 pounds — Gary Watt, Borger, dec. Johnny Heredia, Amarillo.

112 pounds — Carl Williams, Borger, dec. Glen Crawford, Dumas.

112 pounds — Gene Fajardo, Amarillo, dec. Mickey Brock, Plainview.

126 pounds — Tony Lopez, Amarillo, TKO Royce Young, Memphis (Pampa District), 1:05, third round.

126 pounds — Clark Darden, Borger, TKO T. B. Baca, Canyon (Plainview District), 1:20 third round.

126 pounds — Wilford Taylor, Canyon, dec. Paul Arrendondo, Amarillo.

126 pounds — Deward Gibson, Amarillo, TKO Larry Ledbetter, McLean, second round (Ledbetter failed to answer bell).

147 pounds — Don Britain, Canyon (Plainview District), TKO Bennie Brown, Quitaque (Pampa District), 1:02, first round.

147 pounds — Larry Fisk, Borger, KO Percy Bridges, Amarillo, 33 seconds, third round.

147 pounds — Gary Braden, Borger, KO E. M. Pyle, Lockney, 50 seconds, first round.

147 pounds — Richard Dumas, Amarillo, TKO Jimmie Reed, Canyon, 1:53, first round.

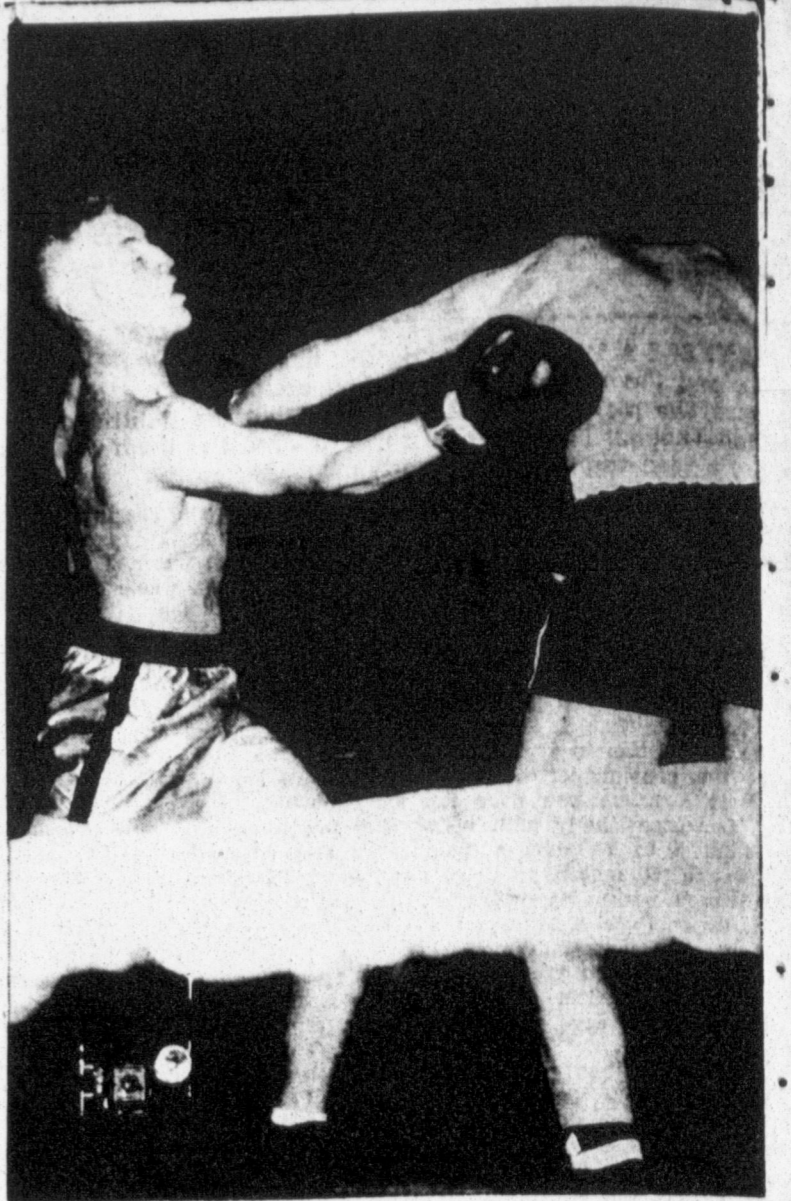

155 pounds — Jerry Halford, Plainview, TKO Jimmie Scott, Lockney, 1:35, third round.

155 pounds — Jerry Argovitz, Borger, dec. Robert Simms, Amarillo.

160 pounds — Barney Ward, Borger, TKO Bill Harrison, Canyon (Plainview District), 1:43, first round.

160 pounds — Charlie Vineyard, McLean, KO David Culwell, Amarillo, 1:42, second round.

Heavyweight — Tommy Richardson, Pampa, dec. Tom Coburn, Amarillo.

**BODY BLOW** — Tommy Richardson of Pampa lands one to the body of Tom Coburn of Amarillo in a heavyweight match last night in the Regional Golden Gloves Tournament at Amarillo. Richardson pounced out an easy decision, recording one clean knockdown in the process. (News Photo)

## Gone For PHS-Borger Game

All tickets to the Harvester-Borger game tomorrow night at Borger have been sold, according to officials of the two competing schools.

School business manager Roy McMillen of Pampa schools reported that all of the allotted tickets to Pampa were sold out Monday. Pampa was allotted 110 adult and 104 student tickets.

The Borger gym seats about 1,500 fans.

McMillen also said tickets to the last three Harvester games will be placed on sale Saturday.

The District 1-AAAA (Northern Half) lead will be at stake in tomorrow's game. A win for Borger would pull the Bulldogs into a tie with the Harvesters for the lead.

Borger owns a 1-1 record in loop play to 2-0 for the Harvesters. A win for the Harvesters would make the Pampans heavy favorites to clinch the division title.

Lubbock and Amarillo, the other two clubs of the Northern 1-4A, will clash Friday night at Lubbock. Amarillo has a 1-1 record as compared to Lubbock's 0-2.

Amarillo could move into a three-way tie for the lead should she defeat Lubbock and Borger down the Harvesters.

Lubbock needs a win over Amarillo Friday to retain its chances of winning the 1-4A Northern Division title.

## Denver Bitter Over Losing Grid Coach

DENVER, Jan. 27—UP—Denver University reflected bitterly Thursday that smart young coaches, whatever glory they bring, may not be worth the trouble they leave behind.

Bob Blackman worked a minor miracle at Denver in two short years, as Bowen Wyatt did at the University of Wyoming, another Skyline Conference school which fell on hard football times after the war.

And Blackman proved as fickle as Wyatt, though not so scuriously since Blackman had a year-to-year arrangement. Wyatt broke a 10-year contract to move to Arkansas, won a Southwest Conference championship with his first team there, and promptly skipped to Tennessee where he was headed all the time, it seems.

Blackman came out of California with a brilliant record of accomplishment at Pasadena Junior College.

## Edges Past OCU, 55-52

By UNITED PRESS

The Arkansas Razorbacks edged Oklahoma City University 55 to 52 Wednesday night in the first basketball contest involving a Southwestern Conference team this week.

The conference squads were taking it easy on the courts this week, while players crammed for school finals.

The big loop game comes Friday night, when Baylor and Southern Methodist tangle to decide who will tie Texas Christian for the No. 1 spot in conference standings.

Both SMU and Baylor have 3-1 win-loss loop records, TCU has 4-1.

Wednesday night's game at Fayetteville, Ark., was a see-saw affair with both teams looking ragged. It was OCU's third consecutive loss and gives the Chiefs a 4-11 season win-loss record. Arkansas' season showing is 8-7.

OCU was led by Lyndon Lee, a six-foot-five-inch sophomore who bucketed 16 points to lead all scorers. Norman Smith led Arkansas with 11 points.

SMU and Baylor enter Friday night's game leading the conference in scoring. SMU has averaged 79 points per game and Baylor 81. Both squads have chalked up their three victories against the same common opponents, A&M and Texas.

## BOWLING SCORES

League — Industrial.

Date — Wednesday night.

Site — Pampa Bowl.

Results — Northern Natural Gas 4, Cabot Tin Shop 0; Cabot Shops 3, Northern Natural Pipeline 1; Hughes Insurance 3, Tom Rose Ford 1; Cluberson Chevrolet 3, McClure Nash 1.

High team game — Hughes, 855.

High team series — Hughes, 2,464.

High individual game — Art Ward, Tom Rose, 230.

High individual series — Warren, Tom Rose, 618.

## Marquette Risks Streak

By UNITED PRESS

The nation's longest basketball winning streak, which has been safely stowed in moth balls for two weeks while the players took mid-year examinations, will be exposed to danger again Thursday night when Marquette visits Loyola of the South.

Since losing its opening game of the season, Marquette has stormed through 13 straight games and zoomed from obscurity to the No. 13 national ranking.

That means a "double-13 Whammy" situation may be working against the Warriors in the clash at New Orleans, but Coach Jack Nagle shrugs off this challenge to what may be Marquette's first national tournament team in history.

Bucks Jinx Twice

"We've already bucked that jinx twice and won," said Nagle. "We played our No. 13 game at Louisville and won. Then we came back and played for our No. 13 victory against Loyola of Chicago and won."

Michigan State, playing at home, beat Marquette in the season opener, 91-72. Since then the Warriors have included among their victims, Michigan, Bradley, Valparaiso, Louisville twice, and Loyola of Chicago twice in running up the string unequalled among major colleges.

Cincinnati, hoping to gain a spot in the national rankings, put another notch in its impressive record Wednesday night by crushing Ball State, 113-65. It was the Bearcats' 14th win in 17 starts and their fifth straight.

The Oklahoma Aggies, former kings of the Missouri Valley Conference, were dealt another setback Wednesday night by Houston, 60-58.

In addition to Marquette-Loyola of the South, other leading games on Thursday night's small schedule are Colorado A&M-Denver in the Skyline Conference and Loyola (Md.)-American University.

**Press Box Views**  
By BUCK FRANCIS  
Pampa News Sports Editor

**PAMPA BASKETBALL FANS** will long remember the 72-game winning streak of the Hustlin' Harvesters.

And, as far as that goes, fans throughout the State will remember the gigantic streak for years to come.

Well, we certainly don't want to pass off the streak lightly. A fellow could write a book on the winning streak. But since space is limited, we'd like to hit the high spots of the streak that was finally halted at 72 in Portland, N. M., Jan. 15.

Since the Harvesters waded through two grueling seasons in District 1-AAAA during the streak, no one can deny the fact that the Harvesters played a rugged schedule through the 72-game string.

The streak included 30 wins in District 1-4A action plus eight games over 4A opponents in bi-district and state tournament play.

Breaking it down by classes, the Harvesters won 38 games over 4A foes; 10 over 3A; 10 over 2A; one over Class A; two of Class B; and 11 over out-of-state teams.

The Harvesters defeated 29 different teams during the streak. Lubbock and Odessa of 1-AAAA were the big losers, each suffering five losses to the McNeelymen.

Seven teams were defeated four times during the streak. They were Abilene, San Angelo, Midland, Amarillo, Borger, Plainview and Snyder.

Defeated three times during the streak were Clovis, N. M., Tulsa and Chickasha, Okla.

Bowing twice were Bowie of El Paso, El Paso High School, Austin High School, Portales, N. M., Ada, Okla., Wichita Falls, Crozier Tech of Dallas, Sudan and Birdville.

The Harvesters scored 4,765 points in compiling the winning string, an average of 66.2 per game. The 72 opponents accumulated 3,352 points for a 46.5 average.

Against Class 4A opposition, the Harvesters averaged 62.2 points a game to 46.3 per game for the opponents.

Only eight times during the streak were the Harvesters held below 50 points. And in those eight times the Harvesters scored in the 40's.

The Harvesters scored in the 50's thirteen times; 60's twenty-two times; 70's eighteen times; 80's eight times; and 90's four times.

The closest the Harvesters came to 100 points in a single game during the streak was the 98-67 win over Snyder in the 1952-53 season.

Phillips had the honor of scoring the most points on the Harvesters during the streak — 69. The Harvesters won that game, 89-69, in the 1952-53 season.

Only four other teams scored as much as 60 points on the Green and Golders during the string. Nineteen teams scored in the 50's; 32 in the 40's; 15 in the 30's; and one under 20.

The Harvesters held Chickasha, Okla., to 17 points in the finals of the Top 0-Texas Invitational Tournament in 1953-54 season which the Harvesters won by 41-17.

The Harvesters were pushed into an overtime period twice during the streak. Borger and Crozier Tech of Dallas, the latter in the state finals last season, were the teams tying the Harvesters at the end of regulation play.

Possibly the closest the Harvesters came to losing during the streak, though, was the 43-42 win over Amarillo last year. The Harvesters were behind, 42-41, with 16 seconds to go when E. Jay McIvain dropped a field goal for the Pampans to win the game, 45-42.

The Harvester Fieldhouse trophy case is now bulging at the 72—Pampa 97, Chickasha 54

## DiMaggio, Lyons, Hartnett, Vance Named To Hall Of Fame

NEW YORK, Jan. 27—UP—They will be enshrined forever among baseball's greatest all-time heroes in the Hall of Fame—but the four new men selected for that honor found the happy news "hard to believe."

In the tempo of modern times, all four — Joe DiMaggio, Ted Lyons, Dazzy Vance, and Gabby Hartnett—were wheeled along the road in automobiles when word of their election to the Hall was flashed across the nation Wednesday.

A truck driver shouted it to DiMaggio as he entered New York on a trip from Boston; a police car flagged down Vance on a Florida highway and told him the photographers were waiting; Hartnett turned in to a news broadcast on his car radio.

Lyons, seeking to get back into baseball as a coach, was driving to Philadelphia and New York in his job-hunt.

Driver Hollers

"The truck driver hollered something about 'congratulations and I thought he said something about 'Hall of Fame,'" said the jubilant DiMaggio, former New York Yankee outfielder who missed out on baseball's highest honor in last year's election. "I didn't know what to believe, so I turned on my car radio and, sure enough, it was true."

"I still can't believe it," said Vance, the 63-year-old former speed-ball pitcher for the Brooklyn Dodgers. "Maybe I'm not awake yet. I was driving along when the police car told me to pull over." recounted Vance at his home in Homosassa, Fla. "I thought I was going to get a ticket, and no more than 25 years ago,

but the officer said I should hurry home because a lot of photographers were waiting there for me."

"By golly," said Hartnett, for 19 years the catching star of the Chicago Cubs. "It took me a while to believe it. I turned the car around and came on back to my bowling alley."

Writers Do Voting

Voting for the Hall of Fame, which is located in Cooperstown, N.Y., is confined to 10-year members of the Baseball Writers Association of America. A total of 251 ballots were cast this year, each writer being allowed to vote for 10 names. Mention on 75 per cent of the ballots—in this case, 189—was necessary for election.

DiMaggio breezed in just as easily as he used to go back for long fly balls, with 223 votes. Lyons, a 260-game winner for the Chicago White Sox, was picked on 217 ballots. Vance on 205, and Hartnett just got under the wire with 195.

Just missing out—and thereby becoming prime candidates for possible election next year—were one-time slugger Hank Greenberg of the Detroit Tigers with 157 votes and Joe Cronin, former star shortstop of Washington and the Boston Red Sox, with 135.

Selection of the four raised the membership of the Hall to 77, and there may be additional selections when a special senior committee meets this weekend to consider players out of the game at least 25 years. Wednesday's election was restricted to players who finished their careers at least five years ago.

## Andros Turns Down Hog Offer

LUBBOCK, Jan. 27—UP—Dee Andros, assistant football coach at Texas Tech, said Thursday he had received a "tempting offer" from the University of Arkansas but had decided to turn it down.

Andros, a former University of Oklahoma football teammate with Jack Mitchell, recently selected as Arkansas' new coach, returned to Lubbock Wednesday night from Fayetteville, Ark., where he talked with Razorback officials.

Marines Assign Mathias

CAMP PENDLETON, Calif., Jan. 27—UP—Bob Mathias, 1952 Olympic Games decathlon champion, has been assigned here by the Marine Corps to train troops for overseas duty. The 24-year-old Mathias, a second lieutenant, came here from Quantico, Va., where he took basic training.

## Giardello Wins, But Unimpressive

NORFOLK, Va., Jan. 27—UP—Joe Giardello must fight Al Andrews again on Feb. 9 to get a shot at the middleweight crown because his ring-scrapping Wednesday night was less impressive than his recent outside brawling.

Executive - Secretary Truman Gibson of the International Boxing club ordered the re-match Thursday because top contender Giardello of Philadelphia had extreme difficulty in winning a unanimous 10-round decision over unranked Andrews of Superior, Wis., Wednesday night.

Joey and Al will meet in a return 10-round bout at the Baltimore Coliseum on Feb. 9. "And if Giardello is more impressive than he was here in Norfolk Wednesday night, he can still get a title shot at Bobo Olson in late March," Gibson said. Matchmaker Billy Brown agreed.

Fighting for the first time since Sept. 24, the once-classy Giardello appeared slow-footed and inaccurate in the nationally televised bout before a turn-away crowd of 3,800 in the Municipal Auditorium.

Giardello, scaling 162 pounds to Andrews' 159, won on a "ten-point-must" basis as follows: Referee Paddy Mills, 97-82; Judge Johnny Burton, 96-85, and Judge Charley Ford, 97-83.

Giardello had gone into the ring favored at 3-1 despite the following handicaps since his last bout: An operation to remove torn cartilage from his left knee, two arrests for altercations and two temporary suspensions because of the arrests. The fight was staged to benefit the "March of Dimes" polio fund.

# PICTURE NEWS

AROUND THE WORLD

**IN THE HOLY LAND**—This oil rig, near Zichron Yaacov, is one of the many probing the depths of Israel for black gold. The signs have been pointing to the presence of oil in that country for over a century. At present, there are six different companies drilling at such Biblical sites as Mount Carmel and Sodom, near the dome of salt known as "Lot's Wife."

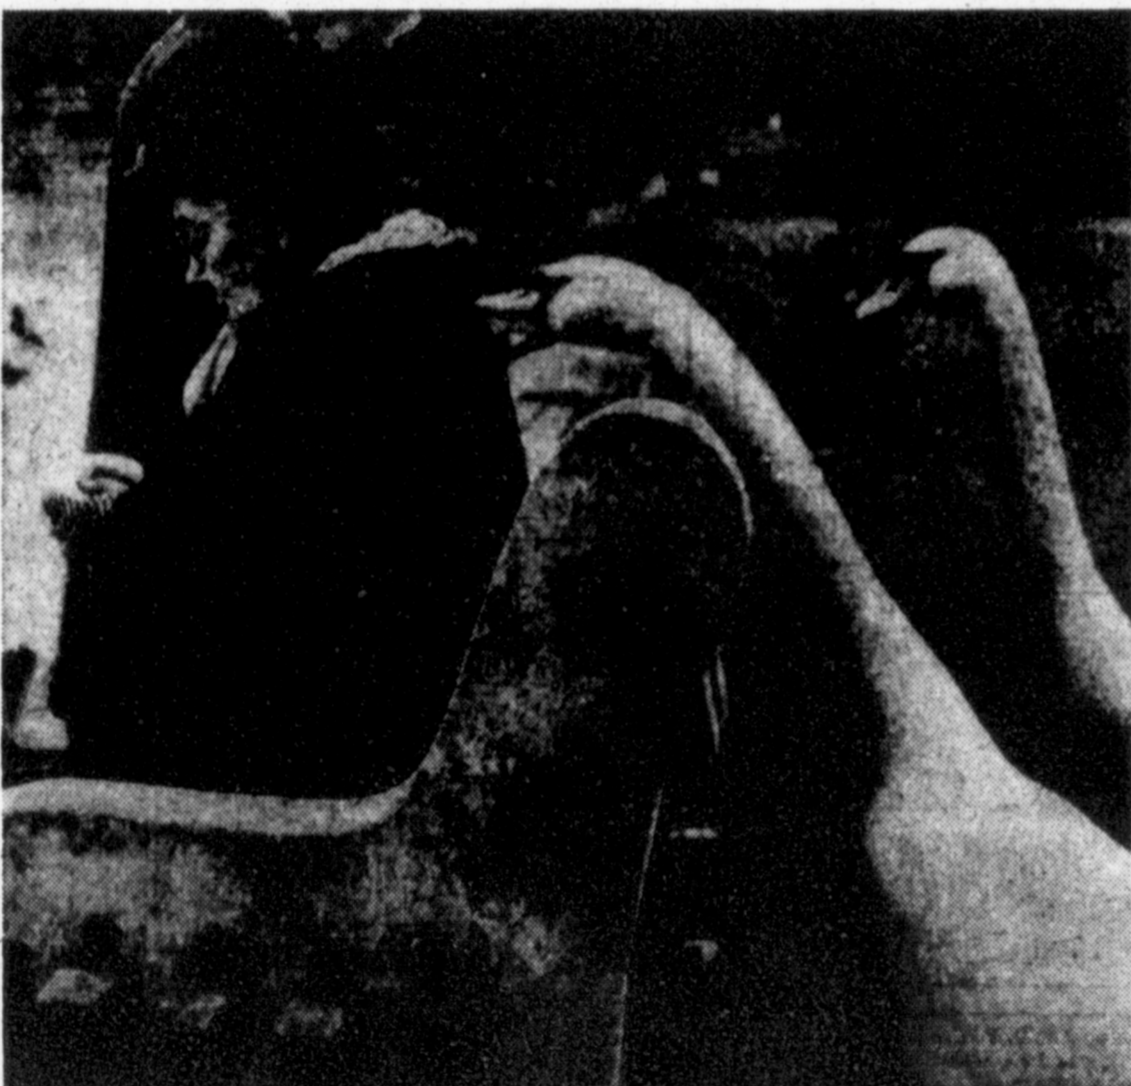

**A DAY OF THEIR OWN**—During the annual firemen's celebration in Tokyo, Japan, colorful flags and decorations were carried through the streets. Large crowds were on hand to watch the firefighters perform stunts and demonstrations of their skill. The group held the festivities in the Imperial Palace Plaza, where there was plenty of room for the exercises.

**HOME MADE DAMAGE**—Fireman Richard Turk is holding pieces of the home-made bomb which exploded in a waiting room of New York's Pennsylvania Station during the rush hour. Authorities said the bomb had been placed in a small baggage locker but that no one had been injured. A passer-by turned in a fire alarm following the explosion, but the blast caused no panic among the thousands of commuters.

**HER PERSONAL AUDIENCE**—When Cole Porter's new musical comedy, "Silk Stockings," was trying out in Boston, Mass., prior to its opening on Broadway, Frau Frieda Wulfstiegl, right, flew over from Germany to congratulate her actress daughter, Hildegard Neff. Miss Neff is noted in the U.S. mostly for her movie work and is making her American stage debut in the show which is based on "Ninotchka," a film which starred Greta Garbo.

**UNUSUAL INTEREST**—It would seem that two swans, which wander freely about a park in Westfield, N. J., are taking that as a lady sits knitting on a bench. One of the large birds appears to be telling the knitter that she's made a mistake somewhere, or dropped a stitch.

**IT'S A HELP**—Pert, packable and practical, this little white wisp of a hat is a good addition to any travel wardrobe. Made of hand-crocheted felt strips, shaped by a wire frame, the hat can be worn with any tailored costume. That's a red feather trim.

**SOMETHING TO CELEBRATE**—Twenty years as bandleaders caused a party for Tommy, right, and Jimmy Dorsey at the Statler Hotel in New York. Aided and abetted by "Mom" Dorsey and Tommy's wife, Janie, the boys blew out the candles on the cake that was baked in honor of their anniversary.

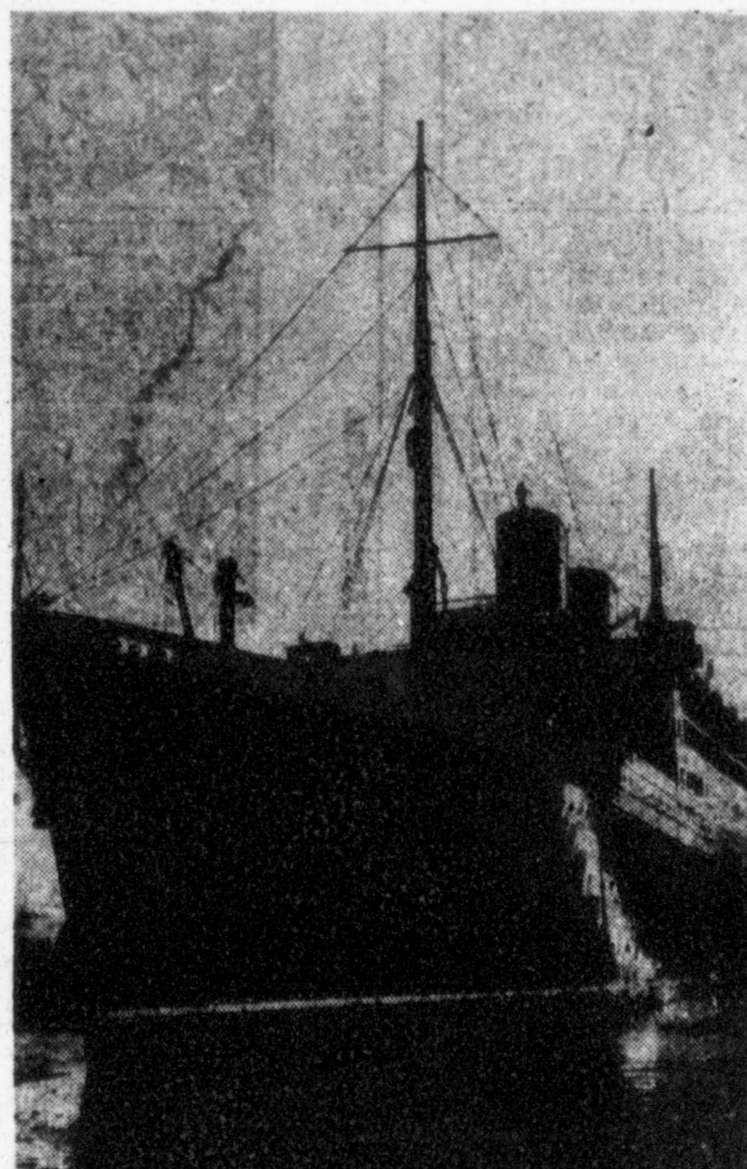

**THE PEEPER**—Charlene Cunningham is just 11 months old, so she's having a bit of trouble looking over the top of her parents' luggage at a New York airport. The tot was on her way back to Brazil, where dad works, after a visit to California.

**IT'S A PREVIEW**—Henry a la Pensee displayed some of his spring, 1955, designs in Paris in two attractive cottons. At left, he uses gray silk scarves, fastened with rings at each shoulder, on a yellow-striped dress with buttoned self-belt. At right, a loosely-cut jacket with three-quarter sleeves tops a sheath skirt in a suit of cotton tweed.

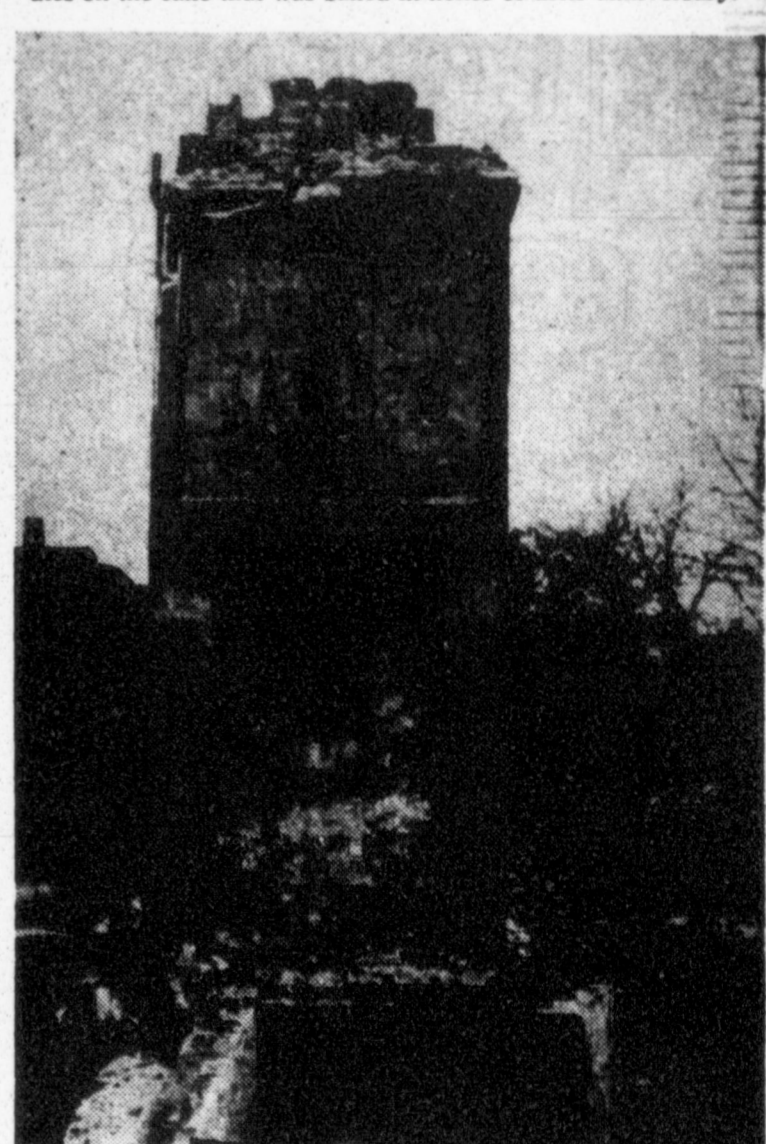

**TESTING!**—Margaret Mahoney, of Washington, D.C., arrived in New York on the liner Independence and is showing some watches that were towed behind the ship for 3240 nautical miles. A watch company had a 50-inch-long "floating laboratory" containing three watches hauled that distance to test them.

**ALL DONE OVER**—A sort of face lift, really, for new paint gleams on the side of the liner Berlin, formerly the Swedish vessel Gripsholm, as it reached New York on its first trip. The German Lloyd lines will operate the 19,100-ton passenger ship on the North America route.

**REBEL DESCENT**—Marine Captain Jefferson A. Davis is a descendant of the man who was President of the Confederate States during the Civil War. His great-great-granduncle, Jefferson Davis, was the first of a long line of military men. Capt. Davis, attached to the Marine Corp Station at Kaneohe Bay, Hawaii, has four brothers in service.

**THE LAST TO GO**—When a former showplace was being torn down in Elizabeth, N. J., a delicate mural atop a dining room fireplace was the last remnant of elegance. Built in 1870, the mansion was sold to an auto dealer firm by the last of a succession of owners in 1951. Vandals took over and reduced its one-time elegance to an eyesore and the firm was ordered to board the mansion up, repair it or tear it down.

WORLD CALENDAR

Sue Feit, of Philadelphia, Pa., shows a new world calendar which is being considered by the UN. The calendar would divide the year into four quarters of 91 days each. An extra day called World's Day would be added at the end of December, and during leap year, an additional day called Leapyear Day would be added at the end of June. The extra days, lettered "W," would be world holidays. In her left hand, Sue holds a month of a 1582 calendar and a month of a 1752 calendar.

**CONGRATULATIONS**  
A son was born to Mr. and Mrs. Benny Henry, 108 S. Wynne at 6:45 a.m. Wednesday in Highland General Hospital. Weight: 8 lbs. 5 1/2 oz.

### Royal Sport Irks League

LONDON, Jan. 27 — UP — Britain's League against Cruel Sports Wednesday protested because Prince Charles, heir to the British throne, and his sister Princess Anne were allowed to mount horses during a week-end fox hunt. "It will cause much pain and dismay to many loyal subjects to learn that the queen and her advisors consider association with a fox hunt a suitable treat for the royal children," the league said. During the week-end hunt, both Prince Charles and Princess Anne mounted horses briefly at the West Norfolk hunt, near the Sandringham royal estate. Prince Charles even tried to blow a hunting horn, but no sound came out. Princess Anne rode a few yards.

### Is It From Outer Space?

YUKON, Okla., Jan. 27 — UP — Farmer John Darrow thought he had a meteorite on his hands Wednesday, but he wasn't sure. Darrow said he found a heavy object on his farm about 18 inches high and 12 inches thick at its widest point. He said it was so heavy two men were unable to lift it into a truck. He tried to saw it, he said, and he wore out two hacksaw blades, cutting to a depth of one-quarter inch. Meteorologists at nearby Oklahoma City University and the University of Oklahoma at Norman expressed interest in the object but declined to give an opinion until they had examined it. Darrow said he found the object in a gravel pit but refused to give the pit's location. He said he plans to auction it off to the highest bidder Sunday.

**New Zealanders Welcome McKay**  
AUCKLAND, New Zealand, Jan. 27 — UP — A church service will be televised in New Zealand for the first time this weekend when David O. McKay, president of the Latter-Day Saints, preaches in the chapel of a new \$240,000 church here. Eight television screens in marquees around the chapel will bring the service to an expected 3,000 persons who will be unable to get accommodations in the chapel. New Zealand has no television broadcasting service.

# What's new with Chevrolet... everything!

Here are just a few of the features that make the 1955 Chevrolet an utterly new kind of car. It is a low-cost car, with low-cost gasoline economy and maintenance. But in everything else it rivals the finest—in styling, handling ease, riding comfort, acceleration, the full luxurious range of power assists and drive options. Call us—today—for the most eye-opening drive you'll ever take.

<b>8</b> New 162-h.p. "Turbo-Fire V8" engine has ultra-short stroke, 8 to 1 compression ratio.	 Sweep-Sight windshield gives safer wide-angle view.	 Tubeless tires are standard on all models, offer more protection against blowouts.	<b>6</b> New "Blue-Flame 123" engine has six-cylinder economy, better cooling and lubrication.	 Powerglide automatic transmission now offers smoother shifts, has more durability.
 Glass area is up to 18 per cent greater so all passengers get a broader panorama.	 New "Touch-Down" Overdrive transmission reduces engine speed 22 per cent.	 Bodies are wider inside, with more room for hips, hats and shoulders, both front and rear.	 Glide-Ride front suspension with spherical joints gives softer flexing over bumps.	 New interior fabrics in two-tone combinations harmonize with exterior colors.
<b>12 VOLTS</b> 12-volt electrical system gives easier winter starting, higher voltage for all speeds.	<b>HOTCHKISS DRIVE</b> HOTCHKISS DRIVE lets rear springs absorb acceleration and braking thrusts and lowers the center of gravity.	 New linkage-type Power Steering (extra-cost option) is applied directly to steering linkage for more positive action.	<b>35 COLORS and COMBINATIONS</b> 35 colors and combinations. A rainbow-full of 14 solid colors and 21 two-tone combinations.	 New interior fabrics in two-tone combinations harmonize with exterior colors.
 High-level ventilation intake at base of windshield picks up cleaner air above road fumes.	 Low-level luggage compartment has sill almost flush with the floor for easy loading.	<b>6</b> New "Blue-Flame 136" engine teams with Powerglide automatic transmission.	 Front tread is broader for greater stability on the road.	 "Outrigger" rear springs are set wider apart to resist body-roll, permits lower frame.
 Air Conditioning unit (optional at extra cost) fits under hood of V8 models, steals no space from trunk.	 Curved glass rear-quarter windows on station wagons give maximum visibility—and add a striking new style note.	 Lower center of gravity provides greater stability on curves, better road-holding.	 Over-all height is cut as much as 6 inches without any sacrifice of headroom for passengers.	<b>ALL 4</b> All 4 fenders are visible to the driver for use as guides in parking, traffic driving.
 Anti-Dive braking control checks tendency of front end to nose-down during fast stops, keeps car "heads up."	 Larger fan pulls more air but turns nearly one-third slower for reduced engine noise level.	 Rear window corners are squared to give broader, safer view.	 Red tell-tale lights flash warning when oil pressure or generator charge drops too low.	 Central glove compartment is handier for the driver.
 Swing-type brake and clutch pedals permit draft-free sealing of passenger compartment.	<b>motoramic Chevrolet</b> more than a new car, A NEW CONCEPT OF LOW-COST MOTORING		* This is the only way we can show the silence of the new Body by Fisher... how rubber mountings insulate closed bodies from the frame to blot out the rumble of road noise and dampen "drumming."
