

Jane Talk

By JANE KADINGO

Pampa News Women's Editor

HALLOWEEN IS A WONDERFUL TIME for children, and we adults get our vicarious pleasure from the excitement of the youngsters. A group that will have an especially good time is the Pampa Girl Scouts as they will be making the "trick-or-treat" rounds to benefit others. They won't be asking for the usual candy, cookies and apples. They will want items that they can send to Girlstown, near Whiteface.

TELLING YOU about it so you can do your part to help the girls. The Scouts will be in uniform or will wear their Scout pins for identification. The things they will be asking for will include facial tissue, toothpaste, soap, needles, pins, thread, dress zippers, shoe strings, shoe polish, wash cloths, dish clothes, snap flakes, tablets, crayons, anklets of any size, hand lotion and hair ribbon. The Girl Scouts do this every year, so you may already know about it. I think it's especially proper that they should as there are about 10 Pampa girls in Girlstown. It's really helping to take care of "our own" as well as others.

ARE YOU WEARY of climbing stairs once or twice a week with a mountain load of laundry? Or perhaps just plain unhappy with the present location of your washer? Well, why not do something about it! Other homemakers have voiced the same complaint — and happily, found an ideal solution. In more and more of today's home modernizing projects, the kitchen is sharing space with the laundry. It is a tempting arrangement to consider, I believe, for anyone who is planning any kitchen remodeling. The size of your room probably will be the determining factor, of course. But with the many really workable layouts being created for kitchens now, and the streamlining of our appliances, the area wouldn't need to be overly large. For instance, in case you are planning to have an all-steel kitchen, you'll find the experts have a variety of practical kitchen-laundry plans to suggest. This is because of the greatly increased num-

Parent-Teacher Association Members Attend Amarillo Citizenship Workshop

Several members of the Pampa Parent-Teacher Association unit attended a citizenship workshop in the James Bowie Junior High School, Amarillo, Friday. Participants attending were Mr. and Mrs. Elmer Darnell, Mr. and Mrs. James Lewis, Mrs. Tony Smith, Mrs. H. B. Ormson and Mrs. R. A. Mack. Principal speaker was Dr. John McFarland, superintendent of the Vernon schools. His topic was "Our American Heritage." "Our greatness is traced back to our forefathers who established our constitution," he stated. "They

B&PW Club Holds Halloween Party

A Halloween party was held recently by members of the Business and Professional Women's Club in the City Club Room. The serving table, decorated with a Halloween theme, was centered with a replica of a witch holding a "pot of treats" and surrounded by pumpkins and candles. Refreshments of homemade cookies and coffee were served. Entertainment was a program of "magic" tricks by D. C. Ash. Games were played also. Hostess for the event was Mrs. D. C. Ash, who was assisted by Mrs. Laura Bell Cornelius Ann Chapman, Hazel Jay, Gladys Jaynes, G. E. Tinnin, W. A. York and Lonnie Killian. About 40 persons attended.

PTA City Council Announces Meet

The Parent-Teacher Association City Council will meet at 9 a.m. Tuesday in the office of Dr. Ruth Lows, Junior High School. Mrs. James Lewis, president, has announced. The agenda includes a report on the citizenship workshop held Friday in Amarillo and plans for the sending of delegates to the state convention, slated for Nov. 18-19, in Fort Worth.

Asthma Formula Used Most By Doctors Now Available Without Prescription

Stops Attacks in Minutes... Relief Lasts for Hours! New York, N. Y. (Special) — Medical scientists have developed a new, tiny tablet that stops asthma attacks... and gives hours of freedom from recurring attacks of painful asthma spasms. Antispasmodic medical tests proved this remarkable compound brings immediate relief in minutes, lasts hours. This formula is prescribed more than any other by doctors. Now, asthma sufferers can obtain this formula without a prescription. Buy today.

THE METHOD — Mrs. Lena Dowdy is shown applying cleansing cream to the face of Mrs. Betty Wilson during a demonstration of the correct use of makeup for the Ladies Golf Association Friday. She showed both the morning and night treatments as well as what to use and how to apply daytime makeup. (News photo)

THE RESULT — Mrs. Lena Dowdy, right, inspects the result of her demonstration of the correct use and application of makeup for the Ladies Golf Association. Mrs. Betty Wilson, left, was the model. The treatments she demonstrated can be used by persons with either dry or oily skin. (News photo)

Mrs. Lena Dowdy Gives Demonstration On Correct Use Of Makeup To LGA

A demonstration of the correct use of makeup was presented by Mrs. Lena Dowdy, beautician for Wilson Drug, to the Ladies Golf Association Friday in the Pampa Country Club. Mrs. Betty Wilson was the model. Mrs. Dowdy began with "the basic night treatment," which begins with the application of cleansing cream. She advised the women to start at the neck and work up, with a firm upward motion, and a gentle rounding motion around the eyes. She explained that the cleansing cream should always be applied twice to make sure of getting all the makeup, dirt and grime out of the pores of the skin. Next step is the use of a "freshener" which Mrs. Dowdy pointed out actually cleans deeper than the cleanser. Third step was a lubricating night cream, which she said could be used under makeup, also. Following the freshener was an eye cream, which is "fingerprinted" around the eyes. Mrs. Dowdy stated that if a woman starts using an eye cream when she first begins to get wrinkles at the eyes, it will keep them from getting worse. She also recommended a "mealy" deep pore cleanser for use at night. She stated that the face should be washed with soap and water twice a day. She explained that the same night treatment she had just demonstrated can be used by persons with either oily or dry skins. Second part of the program was the morning treatment, which begins with the same cleansing method as used for the night treatment. "Using cleansing cream without a skin freshener is like washing your face with soap and not washing it off with water," she explained. As a saving technique, she told the women to dip the cotton in water, press it out, and then apply the freshener. Next step was a foundation lubricating cream, and then a "skin firming," which "makes the face tingle and starts the blood circulating." Hormone lotion was used next, followed by a protective foundation cream, which Mrs. Dowdy recommended as good protection for windy days. The colored "glamour base" makeup was then applied, followed by eye shadow which Mrs. Dowdy said should be toned down to look as natural people won't know it is there. Rouge should be applied by starting right under the eye, coming down even with the nose on the cheek, and working back to the hairline, Mrs. Dowdy explained. It has to be blended carefully and well, she added, or toned down to look natural. Powder should always be pressed on, she pointed out, not rubbed on. She recommended using cotton as it is more sanitary than a powder puff. The final steps included the use of eyebrow pencil, which should be used just to "fill in" and should be toned down after "making the mark," and the application of lipstick with a brush. Mrs. H. H. Hicks, president led the business session. She announced a book review will be given at the next meeting. The final session of the year, Nov. 11, will feature a flower show at Parker's Blossom shop from 10 a.m. until noon, to be followed by the usual luncheon at the Country Club. Deadline for luncheon reservations for the next meeting is noon Thursday and they should be made at the Country Club. Baked Jonathan apples become a festive dessert when served with a topping of nutflavored cream. Fold rolled graham cracker crumbs and crushed peanut brittle into whipped cream and spoon over the baked apples after they are chilled.

Loretta M. Salsman And Herbert Atkins Marry In Mobeetie

MOBEETIE — (Special) — Miss Loretta Mae Salsman and William Herbert Atkins were united in marriage Oct. 23, in the Methodist parsonage, with Rev. A. W. Cooper officiating for the single-ring ceremony. The bride is the daughter of Mrs. Etta Salsman of Perkins, Okla., and the bridegroom is the son of Mr. and Mrs. Herk Atkins of Mobeetie. The bride was attired in an off-white suit and wore a corsage of red flowers. Attending the rite were Mr. and Mrs. Bob Hillton, brother-in-law and sister of the bride; Mr. and Mrs. Herk Atkins; and Mrs. Albert W. Cooper. Following the ceremony, the couple attended services in the First Methodist Church. The couple is at home at 826 Florida, Amarillo, where the bridegroom is employed as a butcher by Furr-Food Store. Both the bride and bridegroom were graduated from Mobeetie High School this year.

WHERE ROOM PERMITS, an extra steel counter cabinet with sliding shelves may be placed on one side of the washer, too. Many women can use this handy base unit, I know. It yields extra space for heavier cleaning supplies such as bottled bleaches and outsized boxes of detergents. And it also provides a convenient, smooth surface on which to work. You can remove those stains from your youngsters' overalls there as well as fold and sort linens just as they come from the dryer. What a time saver this is! There are many other arrangements a steel kitchen planner could suggest to you, depending on your kitchen's size and shape. But I wanted to give you an idea of how easily a kitchen-laundry can be installed in most remodeling projects. And by treating the double-purpose room to one decorative scheme you can achieve a harmonious livable kitchen-laundry that will serve you well for many, many years.

Color and fabric add interest to lingerie this fall. Plaids, polka dots and rosebuds enliven girdles and bras for college. Color and pattern can be the backbone of the underwear wardrobe, or it can be basic white with gay touches. Mrs. Herbert Atkins

El Progreso Club Is Presented Speech On Mental Health Or Unachieved Man

El Progreso met recently with Mrs. P. C. Ledrick, 421 E. Kingsmill, Mrs. Carlton Nance, president, led the business session. Mrs. S. A. Blundell presented the program, "Unshackling the Mind." The texts she used were "Mind Alive" by Overstreet, "When Minds Go Wrong" by Crimes, and "Principles of Abnormal Psychology" by Maslow and Mittleman. Mrs. Blundell asked: "Who is unachieved man?" She stated that an unachieved man is a man who has been unable to cope with life's problems effectively. She then presented people's responsibilities to unachieved man which are to be informed, realize they can be helped, take stock of our own areas of influence and support the research for the prevention and treatment of unachieved man. Mrs. Blundell continued her talk by giving the steps by which an erstwhile disturbed individual gradually emerges from mental and emotional stress into soundness and health. First, he learns to take the hurts of life and to recuperate from them; secondly, he learns to accept himself; next, he turns outward and has a warm place in his heart for the weaknesses of others; and finally, he has a growth toward belonging. The group discussed the characteristics of a mind free and alive. Some of the things brought out in the discussion were emotional control and poise the importance of home life and inheritance, and the continuance of growth. Those attending were Meses. W. R. Ewing, Harold Wright, Roy Johnson, S. A. Blundell, George Walstead, Dick Crews, Knox Kinard, Carlton Nance, Grudny Morrison, J. F. Curtis, Mrs. John Reeves was a guest.

FREE Children's PHOTO Contest. Franklin's extends an invitation to all mothers to enter their children in a big children's photo contest being held at their store, 109 N. Cuyler. UNICEF SPOOK PATCH identifies trick or treaters

'Spooks' To Prowl For UN Fund

Tonight the UNICEF spooks and goblins will be out ridding doorbells in every nook and cranny of town. He will be easy to identify for he will be wearing an orange tag with the UNICEF symbol and will bear an ice-cream carton similar to the one used by the children in the United Nations Children's Fund...

WCSO of the church; and nationally by the U.S. committee for UNICEF of the UN.

At present the fund is helping more than 28,000,000 children and their mothers each year in some 90 underdeveloped countries of the world. Its work is supported solely through voluntary contributions from governments and individuals.

Get Holiday to Vote WASHINGTON, Oct. 29 - UP - The White House announced Saturday that all federal employees living in communities where elections are scheduled this fall will be excused from work to vote.

Congressional Quarterly Elects WASHINGTON, Oct. 29 - UP - Congressional Quarterly Saturday announced the election of Thomas N. Schroth, former managing editor of the now-defunct Brooklyn Eagle, as its executive editor and vice president.

New England Rains Slowing

By UNITED PRESS - Rains tapered off over sullen New England Monday, ending the threat of more disastrous floods. Downpours Sunday night and early Monday sent small streams overflowing their banks in upstate New York. Rivers and streams rose rapidly in Connecticut, hardest hit by the recent New England floods.

But forecasters said Monday that the rains had let up and the danger of serious flooding was over. Elsewhere in the nation, wintry weather stretched across the northern Midwest and a new Pacific cold front threatened to rout mild weather in the Southwest.

Chicago had its first snow of the season and there was five inches of snow on the ground at Granburg, Wis. Snow plows were broken out for the first time this fall to clear four inches of snow off the streets of Superior, Wis.

In contrast, Los Angeles had summery 87-degree weather Sunday but stifling smog conditions were expected for Monday.

Mainly About People

Raymond Nice, 1129 S. Christy, was called to Van Nuys, Calif., yesterday by the death of his brother, L. L. Nice.

Walter Stein's Spanish class of the Adult Education program will meet tonight at 7:30 in Lovett Memorial Library.

Ronald Waters of the Pampa Daily News returned last night from a week-end trip to Taos and Red River, N.M.

Out-of-town visitors at the First Baptist Church Sunday were: Mr. and Mrs. W. W. Simmons from Gainesville, Don Fuller from North Texas State College in Denton, James T. Matheny from Indian Head, Maryland; Mrs. W. J. Edwards of Miami; Brent L. Beal of McAllen, Mrs. R. H. Culbertson from Springfield, Ore.; Mr. and Mrs. S. M. Matthews from Plainview, and Gene Anderson of Princeton, Ore.

Dr. E. Douglas Carver is leaving today to conduct a week's revival at the First Baptist Church in Big Lake.

Mrs. W. A. Tetter from Woodward, Okla., was a visitor at the

First Methodist Church Sunday. Tammia Abouhakkah urges all group members of his French class to be present at 7:15 tonight in Lovett Memorial Library in order that he may order texts for the class. If any members of the class cannot attend, they are urged to call the library so they may obtain a book. The new text will be "Modern French Course" by Dondo, book I.

Canadian Express Derailed VANCOUVER, B. C. - UP - The Canadian National Railways' crack Vancouver to Montreal Continental Express was derailed Sunday night when the two-unit diesel engine struck a rock. The engine and five cars which left the tracks remained upright. No one was seriously injured.

JayCees Set Bosses Night Tomorrow

Ralph Kribbs, past president of the Lubbock Junior Chamber of Commerce, will be the featured speaker for the "Bosses Night" banquet to be held at Poole's Drive Inn tomorrow night at 7:30.

Kribbs is a member of the board of directors, an outstanding speaker who has done JayCee work over the country. He will speak on the organization of the Junior Chamber of Commerce. Members of the JayCees will bring guests and prospective members to the affair. All bosses are cordially invited to attend. Dick Stowers will present a film, "The JayCee Story", as another highlight of the program. The banquet will take the place of the regular meeting tomorrow noon.

New Cool Front Due Over Texas

A new Pacific cool front aimed at Texas Monday before the state got thoroughly warmed up from the last one and a Polar front building up far to the north may bring more severe weather this week.

The Pacific front was due in the Panhandle and South Plains Monday night and forecasters said overnight low temperatures in those areas would range between 30 and 40 degrees.

Texas weather was fair and crisp Monday. Overnight minimums were cool. Dalhart had a near-freezing 34-degree low. Wink had a low of 36 and Salt Flat and Lufkin reported 37 degrees. The high minimum was 69 degrees at Corpus Christi, Sunday afternoon's top temperatures ranged upward only to 82 degrees at Brownsville. The mercury never climbed above 84 at Lubbock.

No rain has been reported by Texas weather stations, and none is expected. The new Pacific front is a dry one.

The Arctic front building up in Canada may follow on the heels of the Pacific front, weather forecasters said Monday, and could bring more severe winter to Texas this week. Some other low minimum readings in Texas over night.

Lubbock 41, Amarillo 43, Mineral Wells 44, Waco 46, Wichita Falls and Beaumont 48, Dallas 49, Houston and Austin 50, Abilene and Fort Worth 51, El Paso San Angelo and Del Rio 53, San Antonio 57, Galveston 63 and Brownsville and Laredo 65.

The Athenians, Spartans and Corinthians played a ball-kicking game 2,500 years ago, probably the forerunner of modern football; and the Greeks had a name for it—"episkuros."

Three Mishaps Reported Here

Three collisions occurred over the week end resulting in heavy vehicle damage. No injuries were reported.

The first accident took place at the intersection of Wilkes and Huff Rd. at 5:12 p.m. Saturday. Calvin Hazy, 400 Elm, driving a '53 Plymouth belonging to P. G. McElroy, was in collision with Mary Katherine Klyce, 13. of Lefors, in a '47 Dodge belonging to J. B. Price. Damages were estimated at \$175 for the Plymouth and \$35 for the Dodge.

The second collision occurred on the 200 block of Magnolia and 100 feet south of Francis at 10:40 a.m. Sunday. Cecil Kephart Townsend, 1202 E. Francis, driving a '50 Packard, was in collision with Merle Evelyn Kennemer, 1201 E. Foster, in a '53 Pontiac. Townsend met with estimated damages of \$10. Kennemer encountered damages of about \$150.

The third mishap took place on S. Cuyler, 100 feet north of Albert, at 3:30 p.m. Sunday. Virginia Symonds Jeffrey, 323 Baer, driving a '54 Ford, was in collision with Goldie Marie Trussell of 633 Naida, in a '39 Oldsmobile belonging to Ray Bowden. Damage was estimated at \$175 for the Ford, while the Oldsmobile met with no damage.

Reds Free Four More Americans

HONG KONG-UP - The Chinese Communists released four more Americans Monday, including a Catholic priest, the white Russian wife of an American sailor and a 35-year-old Fulbright student who said Communist "rehabilitation" had improved her.

Those released were: Father Armond Proulx of Lawrence, Mass., a Jesuit priest in China since the 1930s.

Mrs. Nadezhda M. Romanoff, wife of an American sailor, and her daughter, Irene. They have been living in Harbin, Manchuria, where the Reds refused repeated requests for an exit visa. Mrs. Romanoff is a naturalized American citizen.

Miss Hagriet Mills, a Fulbright scholar of New York City.

Father Proulx said he had spent 43 months in jail in Shanghai where he was questioned at least 30 times. But he was not tried until last Wednesday when Red China announced his release.

Mrs. Romanoff said she was forced to leave behind property worth \$40,000 and that she had arrived in Hong Kong penniless.

Carmichael Rites Held

Funeral services for Chasteen Carmichael, resident of Miami for the past 27 years, were held at the Miami Methodist Church at 2:30 p.m. Sunday. Rev. J. V. Patterson, pastor, officiated.

Masonic services were held at the graveside in Miami Cemetery. Mr. Carmichael died at 10:30 a.m. Friday at the office of an Amarillo physician.

Born May 2, 1886, at San Saba, he was a member of Miami Masonic Lodge 805 and a member of Miami Methodist Church.

Survivors are his wife, Jeannette of Miami; two daughters, Mrs. C. H. Reed of Amarillo, Mrs. Bruce Maddox of Miami; one son, Jack of Eldorado, Ark. one brother, Joe of Whitney and eight grandchildren.

The broiler and burners of a gas range clean easily if immersed in a pan of hot water to which you have added 2 tablespoons of sal soda concentrated. Boil for a few minutes.

Creamed cheese softened with tomato juice and spiced with chili powder makes a delicious canape. Spread on small squares of bread.

TAPE BREAKS JET BOTTLENECK — A revolutionary new machine has now broken a tremendous bottleneck in jet engine production. It uses an electronic "brain" to turn a blueprint into a complex finished product. The product is an intricate cam, the heart of a jet engine's fuel control system. The machine accomplishes in two to four hours a technical operation that previously required about 400 man-hours or five to 10 weeks. It was developed by Bendix Aviation Corp. engineers and recently unveiled at the Terre Haute, Ind., plant. Coded information, taken from the blueprint is punched on a plastic tape and the electronic "brain" then "reads" the data, and sends instructions to the tool that does the actual cutting of the cam. Above, a Bendix technician looks at the punched tape on the "cam machine."

Eisenhower Gives Benson Plan Okay

By WARREN DUFFEE
DENVER, Oct. 29—UP—President Eisenhower Saturday in an unusual move from his sickbed endorsed the farm policies of Secretary of Agriculture Ezra T. Benson and firmly committed the administration to continuance of flexible rather than rigid price supports.

The President and members of his Denver White House staff underscored the fact that the chief executive expects Benson to remain in the Cabinet and Mr. Eisenhower has 100 per cent confidence in his agriculture secretary.

Benson conferred with the President and Mr. Eisenhower's brother at Fitzsimons Army hospital for more than 30 minutes Saturday afternoon against an admitted background of largely Democratic criticism of administration farm policies. Also in the background was the statement by the Department of Agriculture Friday night that farm prices had dropped 2 per cent in the month ended Oct. 15.

Approves New Program

In addition to issuing a statement approving Benson's policies and promising that the administration would not move backward in the field of agriculture, Mr. Eisenhower approved a six-point stepped-up farm program to cope with the sagging agricultural front. Much of the program will require legislation to be recommended by the President in a special message to Congress next year.

The President's brother, Dr. Milton S. Eisenhower, president of the Pennsylvania State University and a former Agriculture Department official, sat in on the conference, but White House Press Secretary James Hagerly said his participation was only that of a listener.

Mr. Eisenhower in his statement described his meeting with Benson, who has been under heavy Democratic fire and some criticism from farm state senators, as "most satisfying."

"No problem" the President said, "on the domestic front is more demanding of our understanding and best ideas."

'Caught in Pressures'

"Still caught under the grinding pressures of the price-depressing surpluses, farmers today are not getting a return for their work in

line with that enjoyed by other segments of our population.

"The secretary and I reviewed what has been done in the past three years. That has been sound. But farm policy is never a completed task. It must be dynamic, adapting to changing conditions."

The President then noted that he and Benson agreed "that we should not go back to old policies that have failed to meet the problem in the past."

"To move 'forward' Benson submitted to the President and the latter approved a six-point program which will be implemented later with additional measures now under study and research.

It includes:

1. A stepped-up program of surplus disposal and expansion of exports.
2. A vigorous purchase program to remove market gluts wherever they occur and assist farmers in adjusting to market demands."
3. An enlarged program of soil conservation and incentive payments to divert cropland into grass, trees and forage.

(A reporter asked, "do you mean you'll pay farmers to take land out of production?" Benson added, "yes.")

4. Expand our rural development program for low income farm families.
5. A stepped-up program for research emphasizing lower cost of production, new uses for farm products, new crops and expansion of markets.
6. "Actively pushing forward the Great Plains program in co-operation with the 10 states involved."

Benson said this would involve greater use of land and more balanced farm production and conversion of some farmland to grass in the general area between the Rocky Mountains and the cornbelt.

Purchase Program

2. A vigorous purchase program to remove market gluts wherever they occur and assist farmers in adjusting to market demands."

3. An enlarged program of soil conservation and incentive payments to divert cropland into grass, trees and forage.

(A reporter asked, "do you mean you'll pay farmers to take land out of production?" Benson added, "yes.")

4. Expand our rural development program for low income farm families.

5. A stepped-up program for research emphasizing lower cost of production, new uses for farm products, new crops and expansion of markets.

6. "Actively pushing forward the Great Plains program in co-operation with the 10 states involved."

Benson said this would involve greater use of land and more balanced farm production and conversion of some farmland to grass in the general area between the Rocky Mountains and the cornbelt.

More Snakes

MEDORA, N. D.—UP—James Barnhardt picked up a rattlesnake and put it in a glass cage for display in his bar as a "curiosity." When he opened up the next morning, he found eight little "curiosities" had arrived.

"BRAINS ARE CHEAP"—Dr. Bergen Evans, who devises those tough questions for "The \$64,000 Question" TV show, says "brains are about the cheapest thing in the world." Evans, who holds bachelor of arts, master of arts and doctor of philosophy degrees, and teaches literature at Chicago's Northwestern University, says the world pays more for the colorful persons who ask and answer the questions than the experts who choose them. He says he gets about \$100 a week picking questions for the show.

NLRB Orders Bargaining

WASHINGTON—UP—The National Labor Relations Board Friday ordered the Kennedy Compress Co., of Kennedy, Tex., to "cease and desist" from refusing to bargain collectively with International Chemical Workers Union, AFL.

The union had charged that the company refused to bargain with it as the exclusive representative of the employees, although it represented a majority of the workers. It accused the company of engaging in unfair labor practices.

The company denied the accusation.
