Saar Is Sealed Off For Big Referendum

Harriman Calls For Support Of Prices

DES MOINES, Iowa, Oct. 22.—UP—Gov. Averell Harriman of New York Saturday night joined Alai E. Stevenson in calling for 90 per cent price supports to prop up falling farm income.

Harriman, often mentioned as a rival of Stevenson for the 1956 presidential nomination, addressed the Iowa state Democratic dinner before party leaders of 13 Midwest states who have been conferring here on farm problems.

Winding up the two-day conference, Harriman lashed Republicans for adhering "to one single policy — flexible price supports — and said "that has failed."

"Elect Democrats," he said. "It has not cut surpluses — but one thing this low-price policy has done — and that's to cut the farmer's income."

Noting that he had read of demands for Secretary of Agriculture Ezra T. Benson to resign, Harriman said it would do no good to get another Republican and that

"there is only one way the farmers can protect themselves. That's by electing a Democratic administration."

Asserting that the farmers have lost over \$3 billion in income since 1952, the New York governor recommended a farm program to restore this lost income:

Food vs. Communism

1. Re-establish 90 per cent price supports.
2. Use food to fight communism. He said "the Republicans like to boast they know how to fight communism — yet they fail to use our food resources effectively."
3. Extend the soil conservation program to take acreage temporarily out of production.
4. Start a food-stamp plan to enable those out of work and on relief to buy more and better food.
5. Make the school lunch program more effective.
6. Use production payments to support hog prices and certain perishables.

Man! What A Chance!

OKLAHOMA CITY — UP— Motorists gleefully double parked and sneaked through red lights in Oklahoma City Friday. The police department ran out of traffic tickets.

Dulles Is In Rome On Way To Geneva

ROME, Oct. 22 — UP— Secretary of State John Foster Dulles stopped here Saturday on his way to the Big Four foreign ministers conference in Geneva to seek assurance that Italy will not swing toward "neutrality" between West and East.

Dulles arrived by special plane from Washington for a 19-hour visit which gave promise of co-ordinating United States and Italian policy.

Italian informants said in advance that Dulles would get every assurance that Italy would stand fast to its alliance with North Atlantic Treaty Organization and would not be lured by any advances from the Kremlin.

Dulles' first engagement was to call on President Giovanni Gronchi, left wing Christian Democrat premier, who said Italy has caused fear that Italy might tend toward a "neutralist" policy.

The secretary of state dined this evening with Premier Antonio Segni and Foreign Minister Gaetano Martino.

Martino visited Washington last March. But it was Dulles' first meeting with Segni.

Dulles will confer Sunday with Premier Segni, Foreign Minister Martino and Vice Premier Giuseppe Saragat.

He will leave afterward to attend a NATO-meeting in Paris before he goes to Geneva to attend the Big Four foreign ministers meeting opening Thursday.

People Will Vote On Their So-Called 'European' Status

By JOSEPH W. GRIGG
 SAARBRUECKEN, Saar, Oct. 22 — UP— The Saar's frontiers were sealed Saturday and its entire police force mobilized in preparation for Sunday's national referendum on its future.

About 670,000 of the rich little coal basin's 970,000 people will vote Sunday whether to accept a so-called Saar statute under which it would be given "European" status pending the signature of a final peace treaty.

Pro-French leaders, who favor the statute, and pro-German leaders who oppose it, both confidently claimed victory.

Neutral observers predicted that the final returns, early Monday, probably would show a slight majority against the statute — and thus embroil France and West Germany in a new dispute.

Red Cross

(Editors Note: This is another in a series of articles about the various organizations included in the Pampa United Fund. The Pampa United Fund general drive begins tomorrow.)

For the third time in its history Pampa Chapter of the American Red Cross will cooperate with the United Fund in a concentrated Fund Drive. Red Cross is happy to belong to the United Fund Drive for they believe that "Give Once For All" with the United Fund Drive is the way to save time, money, and manpower. Red Cross feels that they have gained in many ways by being one of the seven agencies that are cooperating in this Fall Campaign for funds.

We have read and heard about the human deeds and we have seen the results of Red Cross work in Home Service and disaster. However, how many really know what Red Cross is? Is it a symbol painted on an ambulance and hospital? Is it a nurse or gray lady, First Aid Course or a swimming lesson? Red Cross is all of these and more. It is your own impulse to help others, this impulse magnified millions of times by those who share it. It has become symbolized as the Red Cross. It is People Helping People. Helping people, not only in Pampa, but in all the United States and in most of the countries of the world.

Twelve percent of the money sent to Area Headquarters is used for administrative purposes. Forty percent is used for disaster, forty percent for servicemen and their families. A report of expenditures is made to each Chapter on a yearly basis. Each Chapter is required to keep a set of books and to remit monthly to Area Headquarters their balance, and a yearly audit is required by each Chapter.

To the man in the service, Red Cross is the contact with his home. The Executive Secretary works with the family and sends the message to the Field Director of the Red Cross who is stationed on every military installation in this country and abroad.

Pampa Chapter of American Red Cross has served 667 servicemen and their families this past year. Since January, 1955, the chapter has verified the need for (See RED CROSS, Page 3)

Doctor Says Ike Will Head For Gettysburg In November

By WARREN DUFFEE
 DENVER, Oct. 22 — UP— Dr. Paul Dudley White, the famous Boston Heart specialist, said Saturday President Eisenhower should be able to leave the hospital and fly to his Gettysburg, Pa., home between Nov. 5 and 12.

Dr. White told a news conference that it may be two or three months before the President's physician can tell how completely he recovered from the heart attack he suffered Sept. 24.

The specialist said that in all probability the flight to Gettysburg for convalescence will be broken by a day or two in Washington.

Dr. White also confirmed that the President's heart healing was a little behind schedule during the first part of his recovery, but has now caught up. He said he considers it certain that the President will convalesce at his Gettysburg farm.

Can Meet Cabinet Soon

However, during that period, he said the President should be able to attend meetings with the cabinet and other officials from time to time in either Washington or Gettysburg.

The gray, detached heart expert gave a detailed, up-to-date report on the President's progress at a packed press conference in the temporary White House headquarters at Lowry Air Force Base. He was flanked by other members of the President's medical staff. Dr. White said Mr. Eisenhower "has done and is doing well" but that we will have to "wait another two or three months before we know how complete his recovery will be."

Dr. White flew to Denver Saturday to examine Mr. Eisenhower for the third time since his heart attack and to consult with Maj. Gen. Howard McC. Snyder, Dr. White House physician, and other members of the medical staff at Fitzsimons Army hospital.

May Walk Sunday

He said the President's recovery at the end of the fourth week "is almost exactly on schedule." Mr. Eisenhower should be able to stand up and possibly take a few steps for the first time Sunday, Dr. White said.

He also said the question of whether Mr. Eisenhower will be physically able to run again next year is "still unanswerable." He said that is a question for the President himself to answer.

Dr. White stuck by his estimate of two weeks ago that the President probably will not be able to return to normal duty in the White House before the first of 1956.

Dr. White, one of the world's top authorities on heart disease, said "it will be that toward the end of the seventh week, the President may decide he wants to return to Gettysburg," but no exact date has been set.

Stairs Next Goal

He mentioned the Nov. 5-12 period as a target date and said "we are aiming at that more or less."

At the end of the sixth week of recovery—two weeks from now—the President "should be able to walk much more freely," Dr. White said.

Mr. Eisenhower has said he wants to be able to walk to the airplane when he leaves the hospital.

Before the flight east, The President will be allowed to try a little stair climbing, Dr. White said. But during the coming week, his steps will be confined to one level.

United Fund Drive To Start

Volunteer United Fund workers Monday morning will kick-off the Business and Industrial canvass for Pampa's third United Fund campaign.

The advance drive gets underway with a breakfast at 7 a.m. Monday in Pampa High School Cafeteria. Approximately 125 people, including scores of volunteers, are expected to be on hand for the affair.

Key-note speaker is Rev. Ronald Hubbard, who was chairman of the committee that organized a United Fund Drive in Snyder, Ed Myatt, president of the Chamber of Commerce, will preside. Invocation will be given by Rev. Richard Crews. Chairman of the Industrial Division is Ray Evans and Dr. Julian Key is in charge of the Business and Professional Division.

Paul West, drive chairman, urged all volunteers to be present. A worker for the past two years with the United Fund campaign, West declared, "We certainly need the financial support and help of all to make a drive a success."

Total budget for the seven participating agencies is \$47,173 with a break down as follows:

Boy Scouts—\$10,675; Red Cross—\$10,175; Girl Scouts—\$7,875; Heart Fund—\$2,000; Salvation Army—\$9,860; Milk Fund—\$2,000; and U.S.O.—\$3,500.

Paul Heisenherz, chairman of the training coordinator committee, will present a training procedure program for workers. Demonstrating proper methods of solicitation will be Jeff Bearden, Jack Ash, and R. R. McCarter—members of the Pampa Association of Life Underwriters Inc.

Representatives of all participating agencies will be seated at the head table as well as those in charge of the organization of the campaign.

On Oct. 31, the general drive will get underway with another breakfast to be held at 7 a.m. in the high school cafeteria.

Mrs. Julian Key, in charge of the breakfast arrangements, is being assisted by the Parent Education Club in preparing decorations.

Margaret Joins Queen; May Decide On Romance

By GENE PATTERSON
 LONDON, Oct. 22 — UP— Princess Margaret joined the queen at Windsor Castle Saturday for a week end visit that may decide the outcome of her romance with Group Capt. Peter Townsend.

The visit gave Margaret her first opportunity to discuss the handsome airman privately with her sister since the romance blossomed anew 10 days ago. Since returning from vacation in Scotland last Tuesday the queen has kept her distance from the whole affair.

Townsend paid a hurried last call on the princess at Clarence House before she departed for Windsor. Court observers believed that the big moment had come when Margaret must decide between love and duty.

Decision Perhaps Tuesday

Margaret's decision to meet privately with Queen Elizabeth came amid mounting pressure to force an early announcement, possibly on Tuesday, on the status of her romance with the divorced commoner.

A veteran Conservative member of Parliament, Martin Lindsay, may have blown the lid off the shimmering controversy Friday night with a speech openly hostile to the Church of England's "inhuman" inflexibility on divorce.

The London Evening News warned that the lack of official news on the romance was damaging the prestige of the royal family, the state and the church.

School Board OKs New School Site

The Pampa School Board approved, and entered into, a contract with William T. Fraser as presented for a new school site from 18th to 21st St. facing Duncan in the School Business Office last Friday at 5 p.m.

Knox Kinard, superintendent of schools, read the purchase contract which provides for curb and gutter work to be laid by the purchaser. A gas and light company release was also included. The laying over of 6-inches of dirt is now in process on the 1,256 acre site to assure proper ramp.

A map of the site, included in the contract, indicated elevations and contour grades. Extent of the property, as described, is as follows: one and one-half blocks from Duncan east on 18th St. to an alley, to Beech on 19th St., 291.4 feet north to the corner of Alameda Park, back to Duncan down the south side of the park, and 1,239.7 feet facing Duncan.

In other action of the board, consideration was given to the purchase of surplus property at the old landing field. Paul Fayne, vocational agriculture teacher, proposed cultivating the land as a farm project for his agriculture program. No definite decision was reached.

Joe Shelton appeared before the board to ask for a salary raise for five special bus drivers, making an extra run of about 3 1/2 hours a day. Shelton said, "There's more dad-blame angles to running a school transportation system than there is to running the U.S. Army." His request met with a \$75 raise.

Ex-Pampan Is Found Dead In New Mexico

ALAMOGORDO, N. M. — UP — The owner of a coin machine concern found shot to death near here late Friday, may have been the victim of a hitchhiker, police said Saturday.

An autopsy was ordered to determine how many times the body of M. M. Rutherford, about 50, of Alamogordo, was hit by the bullets, believed to be from a .45 caliber automatic pistol.

State policeman A. J. Smith in charge of the investigation, said he believed Rutherford may have been slain by a hitchhiker. The victim's hillford, believed to have contained about \$25, was missing.

Rutherford's body was discovered late Friday afternoon about 200 yards off a highway eight miles east of Cloudercroft, N. M.

Rutherford, operator of an Alamogordo novelty company, had left earlier in the day on an automobile trip to Hobbs, N. M.

An acquaintance said he had seen Rutherford at about noon at a tavern at Cloudercroft.

A motorist who saw a blood-stained car parked on the highway not far from where Rutherford's body was found reported it to police. Officers searching the area later found the body.

Smith said he believed the slayer had driven the car to the spot where the body was dumped out and then had returned it to the highway, parked the automobile and left.

Rutherford was married and had two daughters. He had moved here about a year and a half ago from Amarillo. He had formerly lived at Pampa, Tex.

Argentine Plot Is Crushed

BUENOS AIRES, Oct. 22 — UP — Police in the city of Corrientes discovered and crushed a "terrorist plot" this week and arrested a number of supporters of ousted ex-President Juan D. Peron, it was reported Saturday.

Corrientes, a provincial capital and port on the Parana River, is 180 miles north of here and less than 30 miles from the border of Paraguay, where Peron is living in exile.

Unconfirmed reports said incendiary bombs and a quantity of high explosives were seized by police in raids on the homes of the plotters. Those arrested included leaders of the General Federation of Labor (CGT), former government officials and members of the Peronist party.

The CGT is the only major Peronist organization that has not been disbanded or drastically reorganized by the revolutionary government that replaced Peron last month.

The Socialist party urged provisional President Eduardo Lonardi Friday to order a "thorough purge" of the labor federation, saying it was the "most important political weapon of (Peron's) dictatorship."

The socialists warned that the CGT will continue to be a dangerous "source of counter-revolution" as long as its present leaders are "recognized, encouraged and supported" by the government.

Chase Ends In Capture Of Two

WEATHERFORD, Tex. — UP — Palo Pinto county officers questioned two burglary suspects here Saturday after their capture when Deputy Sheriff Howard Hodges shot out a tire on their car during a wild 24-block chase through the middle of Weatherford.

Hodges spotted the car coming from the west after a radio call from Palo Pinto authorities. He stopped it, but as he walked up the car sped away.

He gave chase, around the square and out to the north. On the way he fired only one shot, which blew out the car's tire, and then devoted his efforts to the chase.

County Buys New Truck

The Gray County Commissioners accepted the low bid of Andrews Equipment Co. of McLean on a two-ton truck for precinct four in County Court Saturday morning.

The GMC truck met all specifications and was selected over four bidders.

Judge Parker was authorized by the commissioners to leave the county next Tuesday to attend a conference with the Texas Highway Commission in Austin concerning the Hobart Street underpass.

He will leave by plane from Amarillo Tuesday morning and return Tuesday night.

Knox Parr, District Agent, was authorized to find a replacement for Jerry Mobly, assistant county agent. Mobly is being promoted to Dallam County Agent, effective Nov. 1.

If it comes from a Hardware Store, we have it Lewis Hardware.

Sports are good for people. There's nothing like a cold concrete stadium for building up your resistance.

 A cake for an Illinois wedding was in the shape of a ship. Guests probably enjoyed sinking it.

The average American, according to a writer, stands up for himself. Guess we need more buses.

It takes nerve to wear some of the modern evening dresses, not to mention the right backbone.

Nothing makes the months seem shorter and the years seem longer than paying for something on the installment plan.

Scientists claim that our remote ancestors had no chins. The best thing we can do with ours is keep 'em up!

JOHN BRADLEY
... promoted

Bradley Gets Cabot Co. Promotion

Hugh Burdette, Vice President and General Manager for Cabot in the Southwest, announced the promotion of John M. Bradley. Bradley has been promoted to the position of Administrative Assistant to W. L. Loving, who is Vice President and Manager of the Carbon Black Department.

Bradley came to Cabot from Standard Oil of Louisiana, where he worked as an engineer in their large plant at Baton Rouge. He started as a Process Design Engineer at Cabot's Boston Laboratory in 1949. After staying there some three years, he was transferred to Cabot's Southwestern Division, where he worked as a special engineer for a short period in the Research and Development Department, then went into the Carbon Black Production Department at the Canal Plant near Franklin, Louisiana. For the past two years he has been a Senior Chemical Engineer in the Research and Development Department here in Panama.

With his wife, their three-year-old daughter, Juliet, and year-and-a-half-old son, Ralph, he resides at 1229 Christine.

Ike's Doctor In Denver

DR. PAUL DUFFLEY White, the Boston heart specialist, arrived here Saturday to re-examine President Eisenhower and map a program to get the chief executive back on his feet within the next two weeks.

The President suffered his heart attack four weeks ago Saturday. According to medical bulletins, his recovery continues "without complications." But he has not walked yet.

Saturday's first medical bulletin said the President had a good night's sleep of almost nine hours and that he awoke "feeling refreshed and in his usual jovial mood."

It said his condition continued to progress without complications.

White arrived here aboard the Columbine III, the presidential plane, with Sherman Adams, the assistant to the President; Col. Thomas W. Mattingly, the heart specialist from Walter Reed hospital in Washington; and Maj. John E. Eisenhower, the President's son.

White walked down the ramp of the plane bearing a small cardboard carton which he said contained coffee for the chief executive. He explained that "someone" asked him to take the coffee to the President.

White was in Denver Oct. 9 for a consultation and he said the President should be able to leave Fitzsimons Army hospital about the second week in November.

It might have been possible to fly him out earlier, but he insists on walking to the plane. So, it is necessary for him to start walking in the next two weeks to get out on schedule.

Unidentified Driver Hits 2 Cars Here

An unidentified driver collided with two parked cars sometime after midnight causing vehicle damage estimated at \$300, according to a Police report made at 12:16 this morning.

A '50 Buick parked in front of the Adams Hotel was knocked over the side walk into a two-inch pipe. The automobile, belonging to Floyd Arthur, received estimated damage of \$200. A parked '52 Nash, belonging to J. M. Abbridge of Panama, also received damage estimated at \$50 when the door was damaged.

A traffic collision occurred on the east side of M. Williams about 11:30 p.m. Wednesday. John L. ... driving a ... was in collision with the front of a ...

RAY V. GIBBENS ... principal speaker

Moose Lodge Sets Class Enrollment

The Pampa Moose Lodge, 1355, will hold a district class enrollment Sunday Oct. 30, at the Pampa Lodge. Enrollment will be at 2 p.m.

Past Supreme Governor, Ray V. Gibbens will be the principal speaker for the occasion and the class will be in his honor.

Regional Director Hamilton T. Murphy of Amarillo will be in charge of the class enrollment. Candidates will be here from Borger, Amarillo, Clarendon and Pampa. Approximately 60 candidates are expected.

Dinner for members, new candidates and families will be served following the enrollment about 5:30 p.m.

Ray Gibbens of Anderson, Ind., Past Supreme Governor of the Moose, an international fraternity of humanitarian purpose with more than 800,000 members in the United States, Canada and Great Britain, has been a member of the Loyol Order of Moose for nearly 45 years.

Gibbens was born November 10, 1888, (the same year the Moose was organized) in Normanda, Tip-ton County, Ind., and attended high school at Tipton. He attended Depauw University, Greencastle Ind., playing varsity football and baseball. After college, he played baseball in the Three-I league and studied at Harrison Law School.

His activity in the Loyol Order of Moose, which is nonpolitical and non-sectarian, began with membership in 1911 in Lodge No. 1 at Anderson, Anderson Lodge, reorganized in 1928, is now No. 130. Mr. Gibbens was first secretary of the reorganized lodge, then governor. He served two years as President of the Indiana Moose Association, during which time 35,000 men joined the Moose in Indiana which now has 66,000 members. Mr. Gibbens retired as State Moose Association President in June, 1947. He is holder of the Pilgrim Degree of Merit, the highest honorary degree.

He was Deputy Supreme Governor for Indiana in 1946 and Deputy Supreme Governor at Large in 1947. Other fraternal affiliations include the Eagles, Red Men, Masons and Scottish Rite. His hobbies are attending Moose meetings, fishing and working on his farm.

Pampans who left Saturday for Eastern Star Grand Chapter of N. Nelson, have returned from Texas, to begin Monday in San Antonio, were Mrs. Ima Dumas, Pampa worthy matron; Mrs. Mary Hatcher, member of jurisprudence committee of the grand chapter; and Mrs. Artie Reber.

Mrs. Holt's Delicious Home-made Pastries Ph. 4-4215 after 3 p.m.

Hopkins' Parent-Teacher Association will sponsor a "food, fun and frolic night," beginning at 8:30 p.m. Friday in the Community Hall. Refreshments of chili, hot dogs, hamburgers, pie, cake, coffee and cold drinks will be sold.

Special: One 8x10 B. W. Portrait \$2.00, limited. Portraits in oil, Beautiful frames. Use our Xmas Lay-away plan, Koen Studio, 1708 N. Hobart Ph. 4-3554.

Mrs. Hazel Swicegood and Clarence Wiles, both of Bristol, Okla., visited recently with Mr. and Mrs. R. D. Nice, 1111 S. Christy.

Pampa Women's Bowling Association will meet at Pooles' Drive Inn 4:00 p.m. Sunday Oct. 23.

Halloween Family Night will be observed at the First Methodist Church Wednesday, Oct. 26, at 7 p.m.

For sale 11 ft. Frigidair with freezer compartment, Magic Chef gas range, both like new. Chrome dinette set, Lovely Breakfront in Mahogany by Drexel, Tea cart, lovely lamp tables and coffee table, Living room desk and desk chair, 1814 Charles Ph. 4-2394.

Green Thurmond is a twirler in the 116 v. place Oklahoma A&M marching band which plays for athletic contests, parades, and other events. She is a freshman in the School of Art and Sciences.

Wanted: Experienced Beautician Charles St. Beauty Shop, 1325 Charles Ph. 4-2831.

Charles Broyles is a member of the Flying Aggies, one of the nation's leading flying clubs, made up of Oklahoma A&M students. He is a freshman student.

Regional Director Hamilton T. Murphy of Amarillo will be in charge of the class enrollment. Candidates will be here from Borger, Amarillo, Clarendon and Pampa. Approximately 60 candidates are expected.

Dinner for members, new candidates and families will be served following the enrollment about 5:30 p.m.

Ray Gibbens of Anderson, Ind., Past Supreme Governor of the Moose, an international fraternity of humanitarian purpose with more than 800,000 members in the United States, Canada and Great Britain, has been a member of the Loyol Order of Moose for nearly 45 years.

Gibbens was born November 10, 1888, (the same year the Moose was organized) in Normanda, Tip-ton County, Ind., and attended high school at Tipton. He attended Depauw University, Greencastle Ind., playing varsity football and baseball. After college, he played baseball in the Three-I league and studied at Harrison Law School.

His activity in the Loyol Order of Moose, which is nonpolitical and non-sectarian, began with membership in 1911 in Lodge No. 1 at Anderson, Anderson Lodge, reorganized in 1928, is now No. 130. Mr. Gibbens was first secretary of the reorganized lodge, then governor. He served two years as President of the Indiana Moose Association, during which time 35,000 men joined the Moose in Indiana which now has 66,000 members. Mr. Gibbens retired as State Moose Association President in June, 1947. He is holder of the Pilgrim Degree of Merit, the highest honorary degree.

He was Deputy Supreme Governor for Indiana in 1946 and Deputy Supreme Governor at Large in 1947. Other fraternal affiliations include the Eagles, Red Men, Masons and Scottish Rite. His hobbies are attending Moose meetings, fishing and working on his farm.

Red Cross

(Continued From Page One)

leaves or extensions for seventy different servicemen. Red Cross average telephone and telegraph bill is over \$50 a month. All are sent without expense to the serviceman. Our Chapter has spent \$1,595 for servicemen's loans and grants since January, 1955, to date, with repayment of half that amount. A serviceman or veteran is always asked if he would like financial assistance as a loan or a grant, and if his home conditions justify the grant no repayment is made to the Chapter. Money is loaned to the serviceman on the basis of need.

Disaster is one of the Red Cross' major responsibilities. When a tornado wipes out a town as it did in Udall, Kansas, this past spring—Red Cross is there. Shelters are opened, food and clothing are distributed, and nursing care is given the injured. After the emergency period, a long period of rehabilitation sets in. Houses are rebuilt, businesses without other resources are re-established, and each person helped is given their aid as an outright grant of the American people. No charge is ever made for disaster expenditures. Approximately three-fourths of the Red Cross Disaster Dollar is spent in re-habilitation.

This past summer was the largest in Water Safety that Red Cross has ever known. All cities are recognizing the fact that every boy and girl should know how to swim and to swim well. Statistics show that most drownings take place within a few feet or a few yards from safety. Teaching boys and girls to swim and how to practice safety measures while swimming is a great responsibility for Red Cross. No charge is ever made for this type of program if Red Cross sponsors it in a city.

Red Cross supplies the instructors, Water Safety Aides and Text Books. Red Cross is looking forward to another year of Water Safety with many more boys and girls learning to swim. As you support the United Fund, you will be supporting a great Water Safety Program for another year.

Home Nursing and First Aid Service is a vital part of Civil Defense. Pampa Chapter has authorized instructors to teach classes as a community benefit this coming year. Your contribution to the United Fund will help continue this important work.

Pampa is indeed fortunate in having fifty Gray Ladies to work in our hospitals and to visit in the homes of the chronically ill. These women volunteer their services and buy their own uniforms. They bring joy, comfort, and a bright spot in a cheerless day for the shut-in. Staff Aid Workers assist in the office routine. They answer the telephone and refer calls to the Executive Secretary. They are, indeed, a valuable part of the Red Cross Work.

Pampa Chapter is responsible for nine wheel-chairs and three hospital beds that are loaned free of charge to the community where there is a need. Truly Pampa Red Cross is practicing the motto of "People Helping People." Answer the call, join the United Fund and serve your Red Cross.

Board members of the Pampa Chapter of Red Cross are: Homer Craig, chapter chairman; James Hart, assistant chapter chairman; Mrs. Jack Foster, secretary; Mrs. J. M. Turner, executive secretary; and Jim Patterson, field representative.

Other chairmen are: Mrs. H. O. Darby, service group chairman; Warren Hasse, radio; Johnny Campbell, fund chairman; Dr. Charles Brauchle, disaster chairman; Mrs. Sam B. Cook, home serviceman; Mrs. Gene Faltner, water safety chairman; Joe Giddens, first aid chairman; Harlan Yoder, junior Red Cross chairman; Joel Combs, Lefors chairman; and Miss Edith Kral, home nursing chairman.

Guatemalan Chief Due Here — GUATEMALA CITY, Guatemala —UP— President Carlos Castillo Armas has been granted a leave of absence for an official two-week visit to the United States. He is scheduled to arrive in Washington Oct. 31.

Several Florida Sites Likely For Ike's Recuperation Spot

By MERRIMAN SMITH DENVER—UP— Backstairs at the temporary White House:

Not one, but several places in Florida are being discussed by intimates of President Eisenhower as likely locales for his post-hospital convalescence.

Unless bad weather prohibits, he'll probably visit his farm at Gettysburg, Pa., for a brief period after he leaves the hospital, but the people who figure prominently in his planning are still talking about the desirability of a warm weather spot for him before he returns to Washington for any extended stay.

May Convalesce on Golf A man who should know predicts firmly that golf to a subdued degree will be part of the President's convalescent program. This man says there is no reason why the President, after he regains his strength and is able to walk around, should not be able to practice on a putting green for brief periods.

A regulation game, however, may be some months distant.

The President knows several men who had heart attacks similar to his and they were able to resume playing golf by riding electric caddy cars from shot to shot.

More Power Than Cabinet Currently more powerful than any Cabinet member can spend with the President in his Fitzsimons army hospital room is decided on medical, not governmental authority.

Dr. Howard Mcc. Snyder, the President's personal physician, or Lt. Lorraine P. Knox, one of the President's day nurses could decide during a business conference that the President was tiring and

suggest politely that the Cabinet officer depart.

Hasn't Heard Yet The President is unaware of recent speeches and statements made by some Republican politicians expressing hope and to a lesser degree, confidence that he will be able to run for re-election. His doctors have ruled out the introduction into his hospital routine the discussion of any subject which might provoke anger.

His Food Helps Her Figure Mrs. Eisenhower is taking advantage of her husband's daily diet of 1,600 calories. She eats many of her meals in the chief executive's hospital room and usually eats the same things he is served. She eats even a lighter breakfast than he does, to help her slim down a bit.

Attack Fatal To Grammer Tom Peterson Grammer, 66, died suddenly from a heart attack at 6:45 p.m. Saturday at his home eight and one-half miles northwest of Mobeetie.

Grammer moved from Pampa to Mobeetie in 1928. He was a veteran of World War I, a member of the American Legion, and a member of the Church of Christ.

He is survived by his wife, Ettie; one daughter, Mrs. Mildred Treadwell; one sister, Mrs. M. E. McCreary of Oklahoma City; two brothers, Royce of California, and Hubert of Oklahoma City; and one grandchild.

Funeral arrangements are pending at Duenkel-Carmichael Funeral Home.

Single Prince Coming to U.S. MONTE CARLO, Monaco—UP— Prince Rainier III of Monaco will leave Nov. 24 for a three-month visit in the United States, official sources said Saturday. The prince is a bachelor.

Nationalists Re-name Center TAIPEI—UP—The Formosa liaison center will be renamed "The United States Taiwan Defense Command," effective Nov. 1, it was announced Saturday.

Survivors include his wife, Faye; his mother, Mrs. G. T. Allen, a son, George, and two sisters, Mrs. W. J. Hancock and Mrs. J. J. Baggett, all of Fort Worth.

Allen was well Friday and worked at his Fort Worth office. Late in the day he went to Marietta for a weekend at his ranch. Funeral services will be announced by the Shannon Funeral Home.

Allen was found dead by a Negro employe who had gone to awaken him. He had a newspaper in his hands and apparently had died suddenly from a heart attack.

Allen had taken a part for years in the Fort Worth Livestock Exposition and was an official of the organization.

Fort Worth Civic Leader Dies

MARIETTA, Okla.—UP— Ernest Allen, 60, prominent Fort Worth civic leader, was found dead in bed Saturday at a ranch he bought near here about a year ago. He apparently died of a heart attack.

Allen had been a Fort Worth Chevrolet dealer since 1922. He owned a 440-acre ranch near Fort Worth where he often entertained prominent persons who visited the city.

Allen was found dead by a Negro employe who had gone to awaken him. He had a newspaper in his hands and apparently had died suddenly from a heart attack.

Allen had taken a part for years in the Fort Worth Livestock Exposition and was an official of the organization.

Farm Page

TAKING OVER—New president of the National Future Farmers of America is Don Dunham, left. The 19-year-old from Lakeview, Ore., is shown receiving the gavel and a handshake from retiring President William D. Gunther, Jr., of Live Oak, Fla. Dunham was elected at the group's 28th convention in Kansas City, Mo.

Agriculture Scientist Asks Research Policy Changes

By GAYLORD P. GODWIN

WASHINGTON, Oct. 22—UP—A top agricultural scientist has called for a change in research policy from "how to grow plants" to "how plants grow."

Dr. James G. Horstfall, director of the Connecticut agricultural experiment station, suggested the change in the current issue of the *Chemurgic Digest*, the official magazine for the Council for Agricultural and Chemurgic Research.

Henry T. McKnight, president of the council, expressed Horstfall's suggestion this way:

"Initially, research was aimed to bring more farm products to the most rapidly expanding nation in the world's history. Our watchword in farm research was 'more.' We needed more food to feed more people every day and feed them at the lowest possible cost.

Research Now More Complex

"Nowadays agricultural research has become more complex as the problems of agriculture become more varied. Utilization and marketing research, though they have contributed much in the past, must contribute even more in the future if we are to eliminate the imbalance between farm production and its consumption."

"Agriculture boomed," Horstfall said, discussing the policy of "how to grow plants."

"The soil yielded phenomenally larger crops. The pests were controlled, and pretty soon a farmer of standing would think of introducing a new practice unless the experiment station approved. One of the amazing things to an industry trying to sell agriculture for the first time is the query: 'What does the experiment station say? I won't use it unless they approve.'"

Tide Has Turned

But now, Horstfall said, the tide has turned. He said "the soil again shows signs of geriatrics, and this time we have no Liebig (who promulgated the need for artificial fertilizers) and Lawes (who patented superphosphate) to save us. The highly genetic wheat is rusting again and (there is) no new Mendel on the horizon."

By clinging to the old policy, Horstfall said, "we are not putting enough funds in the scientific bank to keep ahead of the withdrawals for practice."

In following a policy of "how plants grow," Horstfall indicated, an agricultural scientist would be divorced from a "dearly held concept" that a research man should devote part time to extension, an integral part of the principle of "how to grow crops."

Other farm front developments: Timber — The Agriculture Department's survey of timber resources indicates the nation's timber requirements are expected to be so high by the end of the century that timber growth will need to be from 70 to 120 per cent greater than it is now.

Cotton — Agriculture Secretary Ezra T. Benson has ordered cotton acreage for 1956 cut 4 per cent to 17,391,304 acres, in an effort to chop down the mounting surplus of the abundant fiber. The acreage allowance is the lowest permitted by law. The marketing quota of 10 million bales for 1956 is meaningful because farmers undoubtedly will grow more than that on the reduced acreage, what with the use of fertilizer and other growing techniques.

Senate Farm Leaders To Probe U.S. Farm Income Dip

By BERNARD BRENNER

WASHINGTON, Oct. 22—UP—Senate farm leaders will start out Sunday on the first lap of a nationwide tour to sample "grass roots" opinion on the politically explosive issue of slumping farm income.

The Senate Agriculture committee, faced with the job of writing a new farm price support bill when Congress returns in January,

has scheduled 18 formal public hearings on its trip, beginning with a session Monday at St. Paul.

Democrats already have seized on farm income as a powerful issue for 1956 campaigns. Republican leaders, admitting "some unrest" in the farm belt, insist there will be no repetition of 1948, when farm votes were a key factor in ex-President Harry S. Truman's surprise victory.

Many Other Visits

Following the St. Paul meeting, the committee will hear local farm spokesmen testify at hearings in Worthington, Minn., Oct. 25; Des Moines, Iowa, Oct. 26; Brookings, S.D., Oct. 27; Minot, N.D., Oct. 28; Pendleton, Ore., Oct. 31; Fresno, Calif., Nov. 2; Albuquerque, N.M., Nov. 4; Fort Worth, Nov. 5; Hutchinson, Kan., Nov. 7; Stillwater, Okla., Nov. 8; Alexandria, La., Nov. 9-10; Macon, Ga., Nov. 12; Columbia, S.C., Nov. 14; Raleigh, N.C., Nov. 15; Montpelier, Vt., Nov. 18; Utica, N.Y., Nov. 19, and Chicago, Nov. 21.

Committee Chairman Allen J. Ellender (D-La.) said he would tell farmers at every stop that the government's current surplus stockpiles of farm products must be cut sharply to stabilize farm income.

Ellender indicated he favors dropping some of the legal restrictions which now hamper the Agriculture Department's efforts to dispose of surpluses piled up under price support programs.

To Push New Laws

Spokesmen for both parties have promised to push new farm legislation when Congress returns. The administration's program will be "nothing dramatic," Agriculture Secretary Ezra T. Benson said recently. It will be a plan—possibly an expanded soil conservation subsidy—to boost farm income without disturbing his basic flexible price plan for major crops, Benson indicated.

Senate Democratic Leader Lyndon B. Johnson of Texas charted his party's path last month in a statement denouncing Benson's program.

Congress must "undo the mistake" the GOP-controlled 83rd Congress made by approving Benson's flexible support plan in 1954 and "enact legislation that will give agriculture a fair break," Johnson asserted.

Oklahoma City Livestock

OKLAHOMA CITY—UP—USDA

Weekly livestock: Cattle and calves: Local receipts of cattle and calves for four days around 1,000 head less than last week and almost 3,000 head under a year ago. Current receipts included 56 loads of beef steers and 14 loads of heifers; cows only 12 per cent; 67-70 per cent stockers and feeders; compared with last week's close beef steers 25 to 30; canners and cutters active and steady to strong; bulls mostly steady spots 25-50 higher; slaughter calves unchanged, stockers and feeders uneven, closed dull and some yearlings 50c-15c lower; week's prices: Few good and choice steers and yearlings 20.50-21; bulk good shortfeds 18.50-19.50; commercial and low good kinds 16.25-17.50; good and choice fed heifers 15-18.50; utility and commercial beef cows 10-12.50; canners and cutters 7.50-9.75; utility and commercial bulls mostly 12-13.25; few head upward to 13.75; good and choice slaughter calves 16-18; medium and good stocker yearlings 14-15; good and choice steer calves 19-21; heifer calves 17 down; medium and good feeder heifers 13-16; stocker bulls 12-14; medium and good feeder steers 300-900 lbs. 18.50-18.50.

JERRY MOBLY
... new county agent

Jerry Mobly Transferred To Dallam Co.

Jerry Mobly, assistant county agent for the past two years, has recently received an appointment as Dallam County agent effective Nov. 1.

Word of the promotion was received last week from the Texas A&M extension service. County Agent Ralph Thomas says, "Jerry has sure done an outstanding job here. He built up a very strong 4-H Club here in Gray County, and created a lot of interest in 4-H work."

His 4-H Soil Judging Team has won district for the last two years, winning all the area contests. The team has also won honors in the National Contest at Oklahoma City for the past two years.

Jerry came to Pampa from Wellington on July 1, 1953, where he served as agriculture instructor for the Veterans Administration training program. Mr. and Mrs. through Nov. 5.

San Antonio Livestock

SAN ANTONIO—UP—USDA—Weekly livestock:

Cattle compared week ago: Supplies increased approximately 18 per cent, included about 30 per cent cows, limited showing of steers and heifers; balance mainly stockers and a few feeder steers; demand for most classes broad enough to permit satisfactory daily clearances, but best action centering on stockers and feeders, and canner and cutter cows; high commercial and good slaughter steers and heifers 600 lbs up steady to unevenly 50 lower; lighter weights and major utility and commercial grassers mostly 50 lower, instances 1.00 lower on utility; high utility and commercial cows 50-1.00 lower; canner to low utility cows near steady; bulls averaged about 25 lower; stockers and feeders mostly steady to instances 50 lower, stocker cows strong to 50 higher.

Calves: Supply expanded by about 1,800 head; including approx-

imately 30 per cent slaughter calves; Slaughter demand uneven, with little call for utility and commercial lightweights; stockers got dependable action, slaughter calves grading high commercial and good 460 lbs up weak to mostly 50 lower, lightweights all grades and utility to commercial 450 lbs down 50-1.00 extremes 1.50 lower; stockers steady to 50 lower.

Hogs: Barrows and gilts and sows mostly 1.00-1.50 lower at new low since October 1944, late bulk mixed lots mostly U.S. number 2 and 3 180-250 lbs barrows and gilts 14, late bulk sows quoted 10-12.

Sheep: Supplies increased about 1,300, comprised mainly aged shorn wethers and ewes; slaughter lambs relatively scarce; all represented classes in dependable demand fully steady, small showing good to prime woolled lambs 18-20, utility downward to 16.50, good and choice shorn lambs number one and number two pelts 17-18.50, good shorn wethers short number 3 pelts 11, woolled stocker and feeder lambs 55-75 lbs 13-15, similar shorn lambs 12-14.

Goats: Slaughter goats and kids about unevenly divided in reduced supply; adult offerings sold dependably generally steady, kids uneven, averaging steady. Mature shorn angora stocker goats largely 5-6.50 per cwt.

Texas Poultry

AUSTIN—UP—Prices on Texas poultry markets sagged as much as three cents on the weekly close, the Texas State Department of Agriculture reported Saturday.

South Texas closed at 22 cents, down two to three cents, as compared with 24-25 cents last year; East Texas 20-22, mostly 21, one to two cents off as compared with 24-25 last year; Waco 21, down two to three cents, 25 last year, and Corsicana fob plant 23 1/2 - 2 cents off one-half cent, as compared with 25 cents last year.

The South Texas market closed about steady with a nervous undertone. Supplies were about equal to the only fair demand, although some processors reported difficulty in getting desired weights. Trading was light at the close.

East Texas closed weak with an unsettled undertone. Supplies were fully adequate in light weights, with an excessive supply of heavy weights. Closing demand was poor and trading light to moderate.

The Waco-Corsicana market weakened at the close. Supplies were fully adequate to plentiful for the fair demand. Moderate trading prevailed at the close.

The Northwest Arkansas market closed weak at 19-2 cents, with only light movement of over three pound weights. This size was in excess of demand.

NEW SUPERVISOR — James Massey of McLean, newest supervisor of Gray County Soil Conservation District, is shown above with sprinkler irrigation pipe used for his crop of vetch and rye, which are soil improvement crops as well as a good crop for grazing.

James Massey, McLean, Has Sprinkler Irrigation System

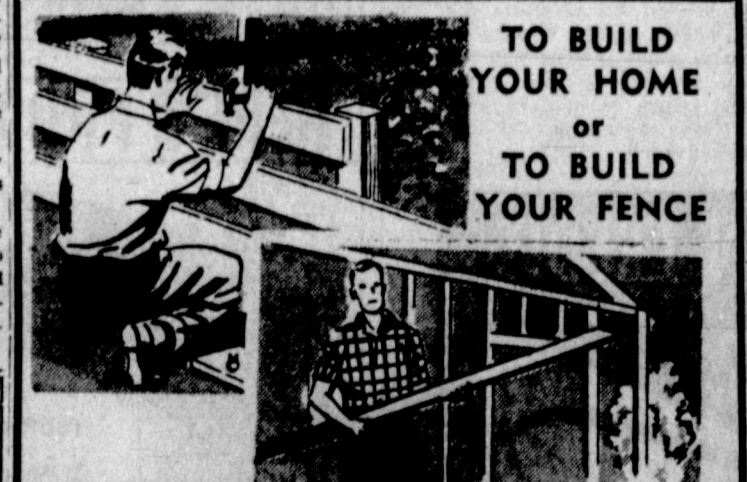

(Editors Note: This is the first in a series of five articles concerning supervisors of Gray County Soil Conservation District.)

By RONALD WATERS

James Massey of McLean is the newest supervisor of Gray County Soil Conservation District and has been a cooperater for the past eight years. He farms grass and raises cattle on a 205 acre ranch one mile east of McLean, irrigating it with a sprinkler irrigation system.

By raising grass on sandy soil, Massey prevents wind erosion, builds up the soil, and supplies feed for his cattle. He averages about 20 bales of hay per acre and usually has about 25 head of cattle on hand.

Massey was recently elected as one of the five district supervisors and is a firm believer in soil conservation practices. One of the best possible solutions to the problem of water conservation is the sprinkler irrigation system, he believes, after one and one-half years of trial. Using a turbine water pump and aluminum pipe, he is

A MOTHER'S VIGIL—This Christmas tree, lit since 1950, is nurturing the hope of Mrs. Luella Miller that her son is alive—even though the Army has sent her a coffin bearing a body they say is her son. The Decatur, Ill., mother believes she saw her son, Pvt. Clifford Sapp, in a photograph of prisoners held by North Korea, so she will keep the tree in readiness even after she buries the body in the coffin.

Origin Of Chess Is Lost, But Game 5,000 Years Old

By RONALD WATERS
Pampa News Staff Writer

The origin of chess is lost in obscurity. Over 5,000 years ago the game was invented in the East, later introduced in the West, and has now become the most universal of all games — played from Siberia to Zanzibar.

Although it was once known as "checkers," the two indoor sports have no similarity whatsoever, except that they are both played on the same board.

The invention of chess has been attributed to the Hindus, Greeks, Chinese, Arabians, the Irish, and many others. The best authorities claim an origin in India, possibly descended from a Seventh Century game, known in Persia as "Shatranj" and in India as "Chaturanga."

THE KING AND QUEEN

The value of a King or a Queen in chess is infinite since the game is lost when "checkmate" occurs. Actually the King is not "killed" or captured in chess, but is forced into such a position that he can not move without being taken. Although he is now the most helpless man, his moves being limited to one square at a time, he formerly leaped two or three squares.

The Queen, in contrast, has risen in power from the weakest to the strongest man (all pieces are killed) men, even the "horses" in a long and slow process. In the old system her power was limited to one square and one color only, so Queens operated on diagonals of different colors. She has often been thought of as the General of an army, because she was conferred with tremendous powers in the 15th Century, and was once known by that name.

While all the other men on the chess board have changed their original moves, the Knight has stubbornly persisted in his deadly and often dangerous "L" shape moves, often resulting in a fatal fork. The Knight is a highly respectable piece because he works well with the Queen or Bishops, and is very difficult to "corral."

HISTORY OF PAMPA CHESS CLUB

The History of chess is somewhat easier to trace in Pampa. Organizing for the first time the original Pampa Chess Club got underway some 25 years ago. C. P. Buckler of White Deer Land Co. and Russ Allen, then purchasing and office manager for Cabot, originated this first group which included: Joe Gordon, Neal W. Gaut, and Reno Stinson.

Allen, who set the tournament rules for a Swiss-system tournament played in 1933, is now executive vice-president of Cabot in Boston.

The club functioned for the next six or eight years, increasing its membership to about 25 in April of '33. The group then divided into four smaller groups for the tournament which lasted about one year. C. P. Buckler and Dr. Whittenberg were finalists.

Members participating in the tournament were: J. P. Wehrung (deceased), Bud Coons, R. F. (Bob) Gordon, Joe Gordon, Art Swanson of Cabot, Jimmy Manetti (in the grocery business), Bob Koener (druggist, now in Corpus Christi), Harry Kelley of KPND, the late H. O. Simmons (civil engineer), M. D. Oden (brother of Francis Oden), Frank Stallings, C. N. Barrett, the late Dr. H. L. Wilder, Tom Mullinax, the late J. A. Jackson, Jack Dehnart (a school teacher), Neal W. Gaut (brother of Perry Gaut), C. N. Barrett, Dr. Callison, and W. F. Cretney, original owner of Cretney Drug Store.

Joe Gordon recalls that eight or ten simultaneous games were played.

Reserve Act Is Explained

The Reserve Forces Act of 1955 has recently gone into effect and the following information for the benefit of young men of military age and their parents in regard to what the National Guard has to offer in reference to military service.

Each qualified young man upon reaching the age of 18½ years will be required to serve his country in some type military service, he has an option of the following types service:

1. Enlist in the regular service for three, four or five years, serving the remainder of six years in National Guard or reserve.
2. Be inducted for two years, serving remainder of six years in National Guard or reserve.
3. Enlist in National Guard and volunteer for two years active duty from the National Guard in rank and pay status earned thru National Guard service and serving remainder of six years in National Guard or reserve.
4. If the young man has not reached the age of 18½ years he has an option of the following:

1. He may enlist in the National Guard and volunteer for six months active duty and complete the remainder of eight years service in the National Guard or reserve.
2. Men under the age of 18½ may enlist in the National Guard and be deferred from induction or any active duty by satisfactory participation at required paid drills (one each week) and summer field training of two weeks. Upon reaching 28 years of age these men will have fulfilled their military and selective service obligation. This option offers military training at home, an opportunity to complete all desired schooling and the establishment of permanent employment without interference. Any veterans interested in taking part in the program of helping to train new men under the reserve act are encouraged to enlist in the National Guard with the opportunity of being enlisted in last highest grade held in prior service. For further information of the reserve act or in regard to enlisting in the National Guard call 4-0641 or visit the National Guard Army, east of city on US Highway 80.

Red Newsmen Tour Cleveland

CLEVELAND Ohio.—Seven Russian newsmen, who said they felt right at home here, Saturday visited the Cleveland art museum and attended several receptions and a concert.

The visitors said that New York, their previous stop, was different from any city in the world, but that Cleveland reminded them of Leningrad.

They said they are as free as American newsmen to write about what they please at home.

"The fact that we are here, free to report objectively to our readers in Russia what we observe in America, proves we are free workers," said Boris Kampov-Polevov, governing board secretary of the Union of Soviet writers.

The group arrived here Friday.

WED. ONLY — "So, Car Night" with "The Jury" with Biff Elliott and Preston Foster.

THURS.-SAT. — 2 features... "The Plunderers" with Red Cameron, and "Tobar and the Great" with Charles Drake and Karin Booth.

Motorists Change Buying Habits

By REY W. BRUNE
DETROIT, Oct. 22.—UP — The change in buying habits of American motorists has been almost as big a surprise this year as the record number of cars being sold.

At one time the biggest selling models were the lowest-priced, stripped-down cars.

But throughout the 1955 model year, motorists were ignoring the cheapest buys. They were snapping up the more-expensive lines even though they bought cars in the low-priced field.

In addition, the public was tacking on to the price the luxury items like power steering, power brakes and automatic transmissions and were buying the top power packages.

Demand the Best

At times during the year, the demand for the best has caught the automobile industry stocked with not enough of the higher-priced models and higher-priced accessories.

This trend in buying perhaps has been overlooked by many persons in their questioning whether the automobile boom was a solid one or was being built too much by selling pressures and easy credit.

The automobile industry itself is adjusting its aim toward this upswing in luxury-buying. The industry has found the public isn't satisfied merely with a new car anymore, but also wants the special types of cars—such as station wagons, hard-top convertibles.

Fontaine, for example, which devoted a third of its production this year to hard-top styles, is scheduling them for two-thirds of its production run. Station wagons similarly are being boosted by the auto makers.

Want Something Extra

The cheapest lines of cars, stripped-down without all the fancy chrome, just aren't attracting buyers.

For example, two-door sedans and business coupes which at one time attracted 53 per cent of all car buyers, aren't even being sold to a third car buyers now and business coupes are becoming all but extinct, according to a survey by the reliable Ward's Automotive Reports.

This change in buying habits is one of the biggest surprises of the automobile boom, indicating the public not only is eager for new cars but also for something pretty fancy.

Pampa Holds Top Milk Rating

Pampa milk producers, distributors and processors continue to hold top ratings in the U. S. Public Health Service standards, according to A. N. Thorne, Pampa Health Department and Dairy and Milk Inspector.

The continued Grade A rating is based on inspections and analysis of plants and producers during the past six months. Companies cited in the semi-annual report include: Sunshine Dairy Foods of Pampa, Plains Creamery of Amarillo, Kelly Creamery of Elk City, Okla., and Goldsmith Dairy of Amarillo and Borger for the past two months.

All producers and distributors with Grade A rating have met government health standards, Thorne said.

Heart Cases May Return To Work

NEW ORLEANS—UP—At least two-thirds of those who suffer heart attacks similar to that of President Eisenhower can return to their jobs "with little or no modification of activity."

The victims need not fear that he will be a "captive" of heart disease. Dr. E. Cowles Andrus of Baltimore, Md., president of the American Heart Association, said.

Andrus was among some 2,500 specialists and physicians here to attend the annual scientific and business sessions of the association. The presentation of scientific papers began Saturday and will continue through Monday.

"Between 65 and 70 per cent of the persons who have suffered attacks similar to the President's return to their original occupations," Andrus said in an interview.

He emphasized, however, that a carefully-guided program, varying according to the individual and to the severity of his attack, is necessary before a patient can resume normal activity.

The patient must follow a number of "common sense" rules such as "reduce tension, reduce obesity, avoid excessive drinking and smoking and obtain the proper amount of rest."

Andrus said that the person most likely to have a heart attack lives under the tension of a "spinning wheel."

"The person who gets a coronary is the kind of person who hurries whether he has to hurry or not," he said.

BUMPER CROP—Lee Chaudoin of Oakhurst, Calif., displays the unusual head of this stag deer she shot in the High Sierras near Fresno. The ordinary stag sheds its antlers each year, growing a new set in the same place the following year. But this one never dropped its first set, so each succeeding growth sprouted from it in the form of bumps. Some 100 bumps are on the original antlers.

CIVIL CASES DISMISSED
Essie Mae Walters vs Cities Service Gas Co.

Daily combing of your dog's hair will remove the undercoat of hair as it is shed and bring out the luster of the dog's hair.

Citizenship Class Has New Site

The Pampa Lions Club citizenship class which has been meeting at Sam Houston School will meet in the future at the home of Homer Craig, 326 N. Faulkner. Light refreshments will be served to the group Sunday. The time of the meeting remains the same, Sunday at 2 p.m.

Cameron Marsh, Pampa High School history teacher will speak to the class on the subject, "The Making of the Constitution." Marsh taught this same class last year and it was one of the highlights of the course.

John Evans, Baker school principal, taught the class last Sunday and assigned a written lesson to be handed in at the next class. A similar written assignment will be given to the class Sunday.

New class members will be welcome at any time. Classes are sponsored by the local Lions Club and are offered free of charge.

Fort Worth Grain Prices

FORT WORTH—UP—USDA weekly grain:

Reversing the general trend at Southwest cash grain markets this week, milo edged forward 3 to 5 cents per 100 pounds, the United States Department of Agriculture reported Saturday.

Other net changes from Friday through Friday recorded by the Agricultural Marketing Service included losses of 7c a bushel on white corn, 4c on yellow corn and 2c on wheat. Oats and barley held steady with a week ago. These changes are based on wholesale carlots, Texas common freight rate basis.

Milo harvesting moved into full swing in the Texas Panhandle this week. Prices advanced Thursday reflecting the heavy movement into government loan and few current market offerings. Quotations closed Friday at \$2 to \$2.05, the highest since mid-September.

Although offerings of oats and barley were ample for demand, prices held steady. However, not much trading was reported. No. 2 white oats from the North were quoted Friday at \$2 to \$2.05, a bushel and No. 2 barley at \$1.25 to \$1.30.

The sharp drop in prices for Texas corn reflects the increased offerings from new crop harvesting in the commercial cornbelt. No. 2 white corn closed at \$1.49 to \$1.54, the lowest since early September. No. 2 yellow corn brought \$1.44 to \$1.49 a bushel, the lowest so far this season.

With no mill or export demand for wheat, No. 1 hard offerings declined and sold at \$2.28 1/2 to \$2.29, the lowest since late August.

At Oklahoma elevators, wheat was 1 to 2c lower than a week ago and ranged from \$1.91 at Guyton and Hooker to \$2.02 at Hobart and Lawton.

Milo prices were mixed, a dime higher to a dime lower. They closed Friday at \$1.80 at Ada, \$1.70 at Enid and Oklahoma City, \$1.40 at Hobart and \$1.35 at Frederick.

Arkansas Falls To Tough Mississippi

By RUSSELL DALEY
OXFORD, Miss., Oct. 22—UP—Quarterback Eagle Day did everything but defend the goal line Saturday and his muscular line did that three times to give Mississippi a 17 to 7 revenge victory over Arkansas.

Nesbitt when he seemed certain to go the route. Nesbitt, a second string fullback who runs more like a halfback, was the big gun of the Arkansas attack. He was the one man Mississippi found hard to stop.

Mississippi started on its 30 and quickly went the distance again with Day contributing a 50-yard pass play to halfback Billy Kinard. Day passed six yards to end Bob Drewry Jr. for the score.

Arkansas, from the Southwest Conference, handed the Rebels their only regular season loss of 1934 masquerading as a Southeastern Conference team because Mississippi had a short schedule in its own league.

The Arkansas team that took the field in the second half had no resemblance to the apparently badly beaten team that dragged off an intermission. Mississippi had scored two quick touchdowns in the first period and Arkansas appeared in for a drubbing.

In the third period Day threw just one pass too many, Arkansas quarterback George Walker intercepted it on the 40 and ran to the Mississippi 27. From there Walker tossed a pass to end Jerry Souter for the touchdown.

Day passed, ran, and punted the Rebels to their victory before a crowd of 30,000. He completed seven of 11 passes, one for a touchdown, and another for a 50-yard gain.

Cash in On Pass Interception But the Razorback cashed in on pass interception for a third period score and later moved deep into Rebel territory three times. Once Arkansas had a first down on the Mississippi three and couldn't make it. Again, the Porkers wallowed down with a first down on the 12.

Mississippi's final three points came late in the fourth period when Cothren kicked a field goal from the 12-yard line.

Earlier this week Coach Johnny Vaught listed Day as his second defensive quarterback but he was a first-team "go boy" Saturday. The Eagle consistently ripped off needed short gains and played a bang up defensive game, one time stopping Arkansas fullback Gerald

West on fourth down. An estimated 28,000 spectators saw the Cougar's revenge for a Texas Tech 61-14 lambasting at Lubbock last year.

Mississippi scoring — Touchdowns, Cothren (11, run), Drewry (pass, run from Day), Field goal — Cothren (12 yards out), Conversions — Cothren 2. Arkansas scoring — Touchdowns, Souter (27, pass, run from Walker), Conversion—Walker.

GET OFF MY BACK

Jesse Ring has been dropped here after he made seven yards and racked up Pampa's last first down of the night. The Eagles who made the tackle was John Barfoot, who is shown behind (71), Jimmy Carpenter, who came in to assist him. Shown at left is unidentified Harvester and to the right is Eagle Jim Busby in front of Gene Emerson. In the background is Gary Dearen (13). The action was part of the Abilene-Pampa clash Friday night, Abilene won 40-12. (Photo by Ken Anderson)

Powerful Eagles Roar Over Harvesters 40-12

By TOMMIE ELLIS
Pampa News Sports Editor
The High Flying Abilene Eagles got off to a roaring start in Pampa Friday night at Harvester Park when they turned in four touchdowns in the first quarter of the game with only 10 scrimmage plays. Three of the four counters came in only four plays. The Green and Gold Harvesters had 13 plays that netted 26 yards. The Harvesters never gave up as they came back in the second half and more than held their own as they racked up 12 points while they held the Eagles to one touchdown.

The Black and Gold Eagles started the game and showed the power that has kept them rated as the top team in the state for five weeks when quarterback David Bourland got loose for 26 yards on the first play of the game. The second try resulted in a touchdown when left halfback Glynn Gregory came around end on a status of liberty play and scampered 29 yards for the first touchdown. Gregory converted.

Pampa bogged down for the second time of the night and had to kick. The ball was put in play on the Abilene 22 and Butch Adams took a pass from Bourland that was good for the 75 yards needed for the second counter. The only man between Adams and the goal line was Dickie Mauldin who fell to the ground in the attempt to break up the pass. Glynn Gregory again counted for the point after seconds later, on the fourth play for Chuck Moser's Eagles, Glynn

Gregory, left halfback, tore loose from the Abilene 40 and, with blocks thrown by Sam Caudle and James Welch scampered to paydirt again. Gregory's attempt to convert failed. The score with approximately 5 minutes to go found the Eagles out front 20-0.

After Pampa ran two plays good for only two yards Gregory intercepted a pass from Dickie Mauldin and ran it back to the Pampa 49.

Gregory, left halfback, tore loose from the Abilene 40 and, with blocks thrown by Sam Caudle and James Welch scampered to paydirt again. Gregory's attempt to convert failed. The score with approximately 5 minutes to go found the Eagles out front 20-0.

The Eagles managed to rack up a first down which found the pigskin on the 37 in Pampa territory. Henry Colwell took the handoff from quarterback BBourland and scooted for nine yards. David Bourland kept the next pass from center and the last touchdown of the yards for the fourth Abilene counter and the last touchdown of the first period, with 1 minute 15 seconds left in the opening chapter.

Buddy Sharp got in on the first play of the game when he loosed a pass intended for Dickie Mauldin which was incomplete. The Harvesters kicked the ball three times and Abilene kicked-off four times in the initial quarter. The Eagles picked up a total of 243 yards in the quarter while the Harvesters managed to gain only 26.

The Eagle's machine didn't function as well in the second quarter of the game when it took the same number of plays to score one touchdown as it did to score four in the first. The Eagles punted the ball out to the middle strip when they bogged down and Pampa took over. Dickie Mauldin went for three yards and Gary Dearen tossed a pass that was intercepted by Sam Caudle. He returned it to the Pampa 41 and the Eagles went from there to the goal line in four plays with Henry Colwell doing the honors from the six. Gregory again converted to end the scoring and gave the Eagles a 34-0 lead with 6 minutes 10 seconds left in the first half.

The Eagles took the kickoff to start the second half on a fair catch by Welch who was on the Abilene 20. In two plays the Eagles scored again. Henry Colwell picked up five yards around the Harvester end and then James Welch found daylight after a pass attempt was useless and galloped 75 yards behind the blocking of Gregory and Colwell. Two attempts at the extra point failed and ended the Eagle scoring with 23:15 minutes left to play.

Houston Defeats Texas Tech 7-0

By JOHN COLTON
HOUSTON, Oct. 22—UP—Houston's Cougars turned a fumble into a touchdown and then staved off two sustained drives of 96 and 54 yards to defeat Texas Tech 7-0 Saturday night.

Jimmy Dickey, Houston's 22-year-old senior quarterback from Garena Park raced 41 yards and passed to halfback Kenzie Stegall for the lone score. But the play of the game came on a 40-yard sprint that knocked Dickey out, hilariously, late in the second period.

Dickey was carried from the field unconscious after he pitched out to halfback Tommy Hall who, trapped, tossed it back to Dickey from behind line of scrimmage and Dickey raced around right end. Tech end Don Waygood caught him from behind at the Tech 18, upended him completely, and Dickey was out of the ball game.

No Bones Broken
Team doctors later announced he was "jarred badly" but no bones were broken. He returned to the bench late in the third period to sit out the game.

Houston, racking up its fourth season win and a third victory in the five-game Tech series, scored early in the first period when Tech fullback Don Schmidt fumbled a snapback from center Dwayne

West on fourth down. An estimated 28,000 spectators saw the Cougar's revenge for a Texas Tech 61-14 lambasting at Lubbock last year.

Unfamiliar Ground
The Raiders' vaunted fast and mobile backs found Cougar territory unfamiliar ground until late in the second period, but Lonnie Graham, Don Williams and Ronnie Herr managed to rack up individual gains of 50 yards in 15 carries, 39 in eight tries, and 47 in six carries. Fullback Curley Johnson was Houston's leading ball carrier with 92 yards in 17 carries, an average of 5.4 per carry.

Tech got rolling in its first sustained drive late in the third period, carrying the ball 96 yards only to lose the ball on fourth down two yards from the Cougar pay window.

Tech's second 54-yard march ended with 30 seconds left in the game after four pass attempts failed.

Houston outcharged the Tech line for 247 yards rushing and gained 13 yards passing. Texas Tech rushed for 207 yards and gained 71 yards in four passes completed out of 13 attempts.

Score by periods:
Houston 7 0 0 0-7
Texas Tech 0 0 0 0-0
Houston scoring — Touchdowns, Stegal (4, pass from Dickey), Conversion, Stegal.

Army Downs Columbia
WEST POINT, N. Y., Oct. 22—UP—Pete Lash galloped 72 yards for one touchdown and Dick Murland powered for a pair Saturday as Army bounced back from two defeats to flatten Columbia's tattered Lions, 45-0, before 22,500 roiling spectators at sunshine-flooded Michie Stadium.

The rushing Cadets, as expected, dominated a "no-contest game" as they completely overwhelmed the three-time losers and never permitted the lackadaisical Lions to mount a real offensive threat.

Army started its landslide victory when, after being stopped on the Columbia 21 in the first quarter, Columbia's Jim Mooney got off a limping, 10-yard punt. Army took over on the Columbia 31 and in three plays, Cadet Mike Zeigler swept and from the 10 to score.

PANHANDLE HUNTERS—The two pictures above were taken at the scene of the Antelope hunt during the past week. On the left is a group of hunters that bagged the largest animal of the hunt. Shown left to right are Fred A. Rogers, Dallas, who felled the animal. Guy Kerbow and Mr. and Mrs. Don Morrison all of Pampa. At the right is John Gikas who bagged the second largest buck from 250 yards away with one shot. He used a Roberts 257 rifle. The Hunt was the first controlled Antelope hunt held in the Pampa Area.

Panhandle Outdoor Life

S. V. WHITEHORN

It's no simple task to bag a buck antelope as they zip across the prairie at speeds up to sixty miles per hour especially when they are bunched together with a herd of does. However this is just exactly what over ninety five per cent of the hunters did on the hunt that has just been completed.

Counting the cattle, other hunters and objects that the hunter had to allow for in order to get a shot 'in the clear' they all should be placed in the sharp-shooter class. After all most of the bucks were traveling at a fast clip, the target usually averaged about 100 pounds at usually over two hundred yards and was bolting thru clumps of soap weed and sage.

Never has there been a happier group of sportsmen as the group making the last hunt. Fellows from all over the country, Ft. Worth, Dallas, deep East Texas etc.

There were a few gentle bucks the first few minutes of the hunt but after then the game was spirited. There were some exceptionally long shots made that brought down game.

Carl Tennis of San Antonio who was hunting with J. M. Montgomery of the same city brought down a fine specimen at eight hundred yards using a two-seventy-cal. rifle on the E. C. 'Ted' Houg-

ton ranch. This kill was witnessed by Frank Hamer Jr., Game Warden, from his airplane.

There were some interesting sidelights revealed, especially in the type of guns used. It seemed as tho the two-seventy was the most popular gun used with the 30-06 following closely behind. The old standby for a half a century the 30-30 has just about faded out of the picture when it comes to hunting antelope.

Another interesting fact revealed—Many of the sportsmen and sportswomen were hunting the prong-horn for the first time, there was not one that did not express the desire to repeat the procedure.

As all like the ranchers as well as all the hunters will be awaiting the hunt in 1956.

Game Commissioner Appointed
The governing body of the Texas Game Dept. is made up of nine members, appointed by the Governor. It is probably quite a task for the Governor to select the type of men that are needed to carry out the affairs of this important department.

The Governor could not have searched the state over and found a man more capable and interested in this position as Mr. Howard

Carney, Atlanta, Texas whom he recently appointed. Mr. Carney has been instrumental in turning the eastern part of Texas into a deer paradise.

Not many years ago a wild deer was unheard of in that region but thru the new commissioner's efforts together with outdoor sportsmen clubs this country now furnishes many hunters with exceptionally large bucks in the fall hunting season.

Mr. Carney is a former state senator and former Secretary of State.

Last summer we had the pleasure to visit Mr. Carney at Atlanta and it didn't take but an instant to tell that the new Commissioner was one of the most interested persons ever in the conservation and propagation of wildlife.

Mr. Carney, on the Commission, will result in Texas having the most outstanding Game Dept. in the U.S.

Panhandle Deer and Turkey Season
There has been some confusion about the dates of the big game hunting in this part of the State. The deer and turkey season opens Nov. 19 and closes Nov. 28, both days inclusive. This gives ten days of hunting with two week ends in the period.

If you are interested in hunting and haven't a place to hunt then contact some of the ranchers in Hemphill county, Canadian. There are many ranchers in that area that sell hunting rights. If you are not acquainted with any shooting preserve operators then contact P. D. Moseley, State Game Warden for that area for the information. It will be wise to get your name down early as one of the ones to hunt the first or second day of the hunt.

Texas Aggies Edge Baylor Bears 19-7

By ED FITZ
COLLEGE STATION, Tex., Oct. 22—Joltin' Jack Pardee jared Baylor's touted line apart at the seams Saturday as Texas A&M's audacious Aggies carved out a 19-7 victory that boomed them to the top of the Southwest Conference before 35,000 fans.

Behind a supercharged line that outcharted the Baylor forwards at will and smothered its heralded attack to 34 net yards, Pardee and 10 other Aggie backs roamed for 285 yards and touchdowns in the first three periods.

Pardee, a six-man football graduate from tiny Christoval, Tex., scored on line plunges of one and two yards in the second and third periods after quarterback Donald Grant had shot the Aggies out in front in the opening period with a one-yard scoring sneak.

But, while his scoring plunges were short, the 202-pound Pardee made up for it elsewhere as he personally moved for 20 of his team's 63-yard second quarter drive and 48 of 66 that the Aggies covered on the third-quarter score. In all, he gained 81 yards in 18 plays as Texas A&M's sophomore-led crew swept to its fifth consecutive victory since bowing to UCLA in the season opener.

After the Aggies had capitalized on a recovered Baylor fumble only 17 yards from the goal in the opening minutes, Baylor bounced back to drive 69 yards, mostly on passes for a tying score on Reuben Saage's half-foot dive.

But, that was Baylor's last major threat of the afternoon as the great Aggie line boxed in its runner attack and the secondary contained the Baylor passing game that only last week had knocked Washington from the undefeated ranks.

Baylor Calls on Traylor
Baylor even called upon its untested sophomore sensation, Doyle Traylor, in desperation in the last quarter but although he looked as if he might salvage a touchdown with his passing, the Aggies intercepted one and were knocking at the touchdown gate when the final gun sounded.

It was another brilliant team victory for Coach Pau (Bear) Bryant's young upstarts who were not supposed to do more than harry

the opposition in this second season of rebuilding at Texas A&M. The sophomore-junior outfit seemed just as poised and precise as it did a week ago when it knocked over Texas Christian Stars at

a dime a dozen on this youthful squad and it would be an injustice to try and single out any standouts aside from Pardee. Baylor whipped up 134 yards in passing against the Aggies, but

four interceptions offset that threat in the clutch. Score by periods: Baylor 7 0 0 0-7 Texas A&M 7 6 6 0-19 Texas A&M scoring — Touch-

downs, Grant (1 foot, plunge); Pardee 2 (1, plunge, 2, plunge), Conversion—Taylor. Baylor scoring — Touchdown, Saage (1 foot, plunge), Conversion—Oliver.

SMU Drops Kansas
By BILL DICKINSON
LAWRENCE, Kan., Oct. 22—UP—Halfback Don McIlhenny, a hard charging, shifty senior, scored four times to lead Southern Methodist to a 33 to 14 victory over Kansas here Saturday.

The 189-pound Nashville, Tenn., halfback turned three KU fumbles—two of them within the three-yard line—into tackles. But SMU had to come from behind late in the third quarter to pull its lopsided victory.

McIlhenny scored twice from the one-yard line, and once each from the three and 15-yard lines.

Punter Provides Scores
Kansas star punter, Ted Rohde gave SMU its first two touchdowns when he fumbled two center passes, one on the one-yard line in the second quarter and the other on the three in the third period. McIlhenny dived over both times.

The Jayhawks took a temporary lead in the third period, 14-13, on the strength of two iron-nerved, fourth-down TD passes by quarterback Wally Strauch to end Jim Letcavits. The first came in the second quarter for eight yards and the second one was an 11-yard toss in the third frame.

But SMU reclaimed the lead late in the same period. Fullback Hal O'Brien raced over the right side to give his mates a 19-14 lead. McIlhenny then got his third and fourth TDs of the day, scoring in the final period.

SMU Surge Starts
The Jayhawks managed to hold the scoring down until the SMU surge started in the third stanza. The powerful Mustang defense held Kansas to a record setting—30 yards in rushing yardage. SMU, meanwhile, piled up 236 yards on the ground.

Score by periods:
Kansas 0 7 7 0-14 Southern Methodist 0 7 12 14-33 Kansas scoring — Touchdowns, Letcavits (8, pass from Strauch), Conversion—John Handley, 2.

Southern Methodist scoring— Touchdowns, McIlhenny (1, plunge, 15, run, 4, plunge), O'Brien (1, plunge), Conversion—Tom Beal, Ray Masters, 2.

Some 31,000 homecoming fans saw Pitt players recover four of the bobbles, throw up a steely screen for two touchdowns by air and gauge the course of the game as early as the second period.

At that point Pitt quarterback Cory Salvaterra faked a handoff, hookeyed all the Dukes and took his time to loft a 37-yard touchdown pass to end Joe Walton.

Forced Into Near Rout
With Paluck and his beefy cohorts rushing Duke quarterback Sonny Jurgensen unmercifully, the

Panthers forced the game into a near rout in the second half, scoring one in the third and twice in the final period.

Pitt subs engineered the last score as the final humiliation to the proud Blue Devils, who let their frayed tempers loose with fists in the closing minutes. After the final Pitt score, Duke tackle Bill Konicek, a 232-pounder from Cicero, Ill., went into a first-swinging rage and had to be dragged from the field by his teammates.

Score by periods:
Duke 0 7 0 0-7 Pitt 0 6 7 13-26 Duke scoring — Blaney (75, pass from Jurgensen), Conversion — Nelson.

Pitt scoring — Touchdowns, Walton 2 (37, pass from Salvaterra, 15, pass from Lewis), Cimarroni (2, Plunge), Coak (2, plunge), Conversion — Bagnsney 2.

Thomas Leads Carriers
Alternate halfback Glenda Thomas led Sooner ball carriers with 56 yards in six carries. Oklahoma rushed 320 yards to 78 for Colorado, which was defeated in five starts before Saturday.

In a wild final stanza the Sooner alternates roared for three scores over exhausted Colorado. Fullback Dennit Morris skipped 23 yards for one tally and Thomas set up another with a 22-yard reverse before plunging over.

Sturm, third-string quarterback, tossed a touchdown pass to end Duane Goff from the Colorado 35 for the finale.

Colorado's last scoring thrust was a fourth-period pass-run from quarterback Dick Hyson to end Frank Clarke which covered 54 yards.

Score by periods:
Oklahoma 0 21 14 21-53 Colorado 0 14 0 7-21 Oklahoma scoring — Touchdowns, Sturm 3 (1, plunge, 1, plunge, 2, plunge); McDonald 2 (23, run); Thomas (1, plunge); Goff (35, pass-run from Sturm); Conversions — Pricer 5, Dodd 3, Sturm.

Colorado scoring — Touchdowns, Hyson (2, plunge); Wilson (18, plunge); Clarke (34, pass-run from Hyson); Conversions, Jenkins 3.

Wisconsin Upset By Ohio State
MADISON, Wis., Oct. 22—UP—Ohio State, displaying ground power that would not be stopped, rolled over favored Wisconsin Saturday, 26-16, to remain unbeaten in Big Ten competition and share the conference lead with Michigan.

Wisconsin's passing kept the Badgers in the game until the third period, but it wasn't enough to stem the tide of the flying Ohio State Buckeyes.

Frank Ellwood's sneaks, Jim Roseboro's crashing runs, and Howard (Hopalong) Cassidy's clutch dashes ran the Wisconsin team into the ground before the fourth period started.

Wisconsin had the initiative in the first period, rolling twice on long drives that were broken up by a pass interception by Cassidy and a fumble recovery by Galen Cisco.

Then the Badgers moved 80 yards on a series of runs and short passes to score on the first play of the second period. Pat Levenshagen got the touchdown from the five.

Score by periods:
Wisconsin 0 14 0 2-16 Ohio State 0 12 0 14-26 Wisconsin scoring — Touchdowns Levenshagen (5, run), Thomas (2, run), Thomas (2, run), Conversions — Shwako, Peters, Safety — Ellwood (Downed ball in own end zone).

Ohio State scoring — Touchdowns, Cassidy (13, run), Ellwood (1, sneak) (2, run), (1, run), Conversions — Kries, Cannavino.

Pittsburg Humiliates Mighty Duke 26-7

By RICHARD W. HATCH
DURHAM, N. C., Oct. 22—UP—A thundering Pittsburg line, led by 220-pound end John Paluck, forced Duke into seven fumbles Saturday and paved the way to a humiliating 26-7 rout of the team that had been rated seventh in the nation.

Some 31,000 homecoming fans saw Pitt players recover four of the bobbles, throw up a steely screen for two touchdowns by air and gauge the course of the game as early as the second period.

At that point Pitt quarterback Cory Salvaterra faked a handoff, hookeyed all the Dukes and took his time to loft a 37-yard touchdown pass to end Joe Walton.

Forced Into Near Rout

Underdogs, TCU Marquette Win

By UNITED PRESS
Who said the home team enjoys an advantage in college football games?
Marquette invaded Boston Friday night as a two touchdown underdog against Boston College and knocked the Eagles from the perfect record ranks by gaining a 13-13 tie.

A&M, which is riding high after its upset over TCU, while Texas entertained Rice.
Mississippi State played Alabama, Florida faced Kentucky, and Tulane met Georgia in the South-

eastern Conference.
Utah and Wyoming squared off in an important Skyline Conference battle.
Three unbeaten eastern teams were picked to survive another

weekend. Bowl-minded West Virginia was out to trounce Penn State. Holy Cross played host to Boston University, and Yale went after its fifth straight victory of the season against Colgate.

Unheralded Needville Ties Deer Park In Class A Upset

By UNITED PRESS
Unheralded Needville, which had won only two of six starts, threw the biggest haymaker in Texas schoolboy football circles Friday night when it battled defending state Class A champion Deer Park 20 to 20 tie to end the champ's 21-game victory string.

That set the pace for the denials of the dwindling list of unbeaten teams in the state as four other perfect record elevens suffered their first blemishes with ties while two more—Kermit and Livingston—were defeated for the first time.

Commerce in Class AA and Ozona, Iowa Park and George West in Class A were the ones hit by deadlocks—Commerce 20 to 20 by Gilmer, Ozona 6 to 6 by Sonora, Iowa Park 26 to 26 by Paducah and George West 13 to 13 by Mathis.

Only 8,000 persons watched the Skyline Conference Alphonse and Gaston duel. Denver had been made a three-touchdown favorite by conservatives. Denver, defending Skyline champion, emerged with a two-two conference record and Brigham Young still seeks its first victory after three Skyline games.

In addition, Dumas, Taylor and Mercedes among the unbeaten but tied teams were knocked out. Perryton tied again, Taylor 21 to 19 by Cameron and Mercedes 26 to 13 by Westaco. Perryton, twice tied but unbeaten, suffered its third tie at the hands of Dalhart 0 to 0.

Meanwhile, the state's biggest school powers rolled on Thursday with great effort and only Thursday night's tie of Bryan by Austin McCallum scarred the unbeaten list in AAAA and AAA.

Sixth-ranked Michigan State was minus halfback Clarence Peaks for its Big Ten clash with Illinois at home, while seventh-ranked Duke entertained Pittsburgh eighth-ranked Auburn hosted Furman and ninth-ranked Southern California was at California in a Pacific Coast Conference game.

Notre Dame, which dropped to 10th place in the ratings following its defeat by Michigan State, was at Purdue. The Irish were a one-touchdown favorite.

Alice stayed among the unbeaten-until by losing out Harlingen, 13 to 6, while Beaumont South Park's once-tied Greenies beat Comroe 26 to 6, Crane took care of Kermit in Class AA, 27 to 13, while Jasper knocked out Livingston, 7 to 0.

Packers Out To Ruin Cleveland's Homecoming

By UNITED PRESS
The Green Bay Packers hope to ruin the 10th anniversary celebration of professional football's most

successful team Sunday when they invade Cleveland to play the champion Browns in the National Football League's top game.

Canyon Sinks Irish 26-7

SHAMROCK—(Special)—The Canyon Eagles scored twice in the first quarter once in the third and again in the fourth to defeat the game-Shamrock Irish 26-7 at Denver Field here Friday night.

The city of Cleveland, honoring a team that has won a league or division title each year since it was organized, has designated Sunday as "Browns Anniversary Day" to mark the club's 10th campaign.

Eugene Boston, Eagle right end recovered an Irish fumble on the Shamrock 19 to give the Eagles their first scoring opportunity. Harlie Adams then moved inside right tackle to the 10 and over the next play sweeping right end, Garland Ruthart's extra point try was blocked by a host of Irishmen.

But the odd makers' point spreads have held up only four times in 24 previous NFL games this season. And the Packers, tied with the Los Angeles Rams and Baltimore Colts for the Western Division lead, hope they finally have developed the kind of talent that made them a league power in 1956-57.

Late in the initial period the Eagles scored again after a sustained drive from the Shamrock 34 with Ruthart's scouting around left end from the one to add the Eagle second touchdown. Charles Neblett kicked the point after while Author Pruet held.

Cleveland is tied with the Pittsburgh Steelers for the Eastern Division lead so the inter-division clash will be important to both races. The Browns and Packers have 3-1 records.

The second quarter found the Irish on the offensive when James Cannon, 150 pound quarterback got loose for the home town scrappers for 76 yards and the only Shamrock TD. The play started with a quick-opener through the center, Dalon Perkins, Irish halfback, converted.

In Sunday's games, the Colts (3-1) are six-point choices to defeat the Washington Redskins (2-2) at Baltimore; the Rams (3-1) are seven-point favorites to defeat the Detroit Lions (0-4) at Los Angeles; and the Giants (1-3) are three-point picks against the Steelers (3-1) at New York.

Santee's mates will include five former collegiate captains, Bill Taylor of USC; Bill Rock, Villanova; Jack Gits, Notre Dame; Dick Hogarty, Dartmouth and Don Ziehl, Alabama.

The world's largest planting, about 35 feet high and 200 feet long, is Raoul Dufy's "The Electricity Fairy."

CHINA MIRA AND MILLIE STAFFORD ... main event Wednesday night

Ladies Featured On Mat Program

Starting Wednesday night at 8:00 p.m., October 26th, the Pampa Shrine Club has changed their wrestling date to every Wednesday night instead of Monday night.

According to Howard Threatt, president of the local club the change was made in order to bring larger and better matches to the wrestling fans of this area. They have already signed two outstanding girl wrestlers for this date.

Millie Stafford, five feet three inches 126 pound, 25 years of age, a beauty both in the ring and out of the ring, versus China Mira a Cuban girl 5' 11" tall, Florida, Mira stands 5'8" tall, weighs 140 pounds, has jet black hair, beautiful dark complexion with dark brown eyes. She is one of the sensations in wrestling business.

This bout will be two out of three falls one hour time limit. There will be another main event added and also a curtain raiser. Tickets can be purchased at the Modern Pharmacy with all proceeds going to Pampa Shrine Club's Cripples Children's Fund.

Also on that night the club has matched Rip Rogers against Dory Funk for the main event at the Top O' Texas Sportsman's Club. This is in addition to the special attraction already arranged between Millie Stafford and China Mira, that will be a 2 out of 3 falls one hour time limit. There will also be a third bout added for 2 falls, 45 minute time limit.

You fans who like wrestling are going to see some of the best matches in the nation Wednesday night. Dory Funk of the Flying Mare

P.E. AT P.H.S.

Intramural flag-tag teams One and Three battled to a 14-14 draw Tuesday night to record the 1st tie game of the season. After a scoreless 1st period, Team One scored on the 1st play of the 2nd quarter. Faced with a 2nd down 18 to go situation on his own 43, Buddy Lamberson scooted over right tackle and down the sideline for the initial TD. Lamberson lammed around right end for the point after. Team Three's biggest threat of the 1st half came when Alfred Kelley intercepted Lynn Garner's pass on Three's 21 yd. line and returned to Two's 22. Three retreated 5 yds. on a penalty and then ended the 1st half, trailing 7-0, with an incomplete pass in the end zone.

Team Three's Capt. Earl Smith making sucker-ash out of the defense with his faking, but it was not good enough as Capt. Don Wooley and Gene Parr led their Team Two mates to a 26-20 victory. Team Three received the 1st KO and spent the entire 1st quarter on a drive that carried to the 4 yd. line on the pay end of the field where the team Two line stopped the attack to take over on downs. A penalty pushed Two back to the one. Parr pranced to the 44. David James snared Wooley's pass with one hand and was down on the 28. Wooley and Parr punched to the goal with Parr producing the TD. James falled on a run for the extra point. Smith dashed the defense with his daring dashes to tie the score and Alfred Kelley made it 7-6 for Three as the half ended. Wooley weaved his way 76 yds. to score on the KO opening the 2nd half. Parr was stopped up the middle on the point-after try and Two led 12-7.

Three received the kick-off opening the 2nd half and moved 74 yds. on three plays to get back in the game in a hurry. Earl Smith's tight-wire balancing act down the left sideline ate up half of the distance. Charles Lerner led around right end for 20 more, and Kelley tapped left tackle for the score. Smith outran the defense for the bonus point to make a new game at 7-7.

Team Three marched again in the 3rd stanza with Smith and Lerner alternating at lugging the ball behind block-busting blocks from Charlie Martin, Wade Brown, and Kenneth Keith. Smith surged over from the six and then flipped to Lerner for 1 to hand Three a 14-7 lead with only minutes remaining.

Lamberson came to the rescue of Team One on the 2nd play following the kick-off when he squirted over right guard, faded to the sideline, picked up downfield floes from Vernon Goodwin, K. Hogaker, and Robert Narron and stepped off 63 yds. to the goal line. His end sweep was good to produce the tie score, 14-14. Thursday night's game was a thriller from the 1st whistle with

Team Three's blocking failed following the next KO and a 15 yd. penalty put them in a hole, but Smith was undaunted and scored after carrying the ball on every down of a series that covered 64 yds. to the goal line. He added the point on a run that gave his team a 14-12 advantage. Wooley duplicated Smith's feat after the KO and regained the lead for Team Two, 19-14. Two stopped the next Three attack on their own 28 and took only 4 plays to score with Parr adding the final punch. James juggled a Wooley pass over the stripe to run the score to 26-14.

Air Force May Not Use Draft

By JOHN W. FINNEY
WASHINGTON, Oct. 22—UP—The Air Force, with re-enlistments rising and enlistment quotas over-subscribed, is increasingly confident that it can avoid the draft.

This optimism, in marked contrast to the ill-concealed gloom of less than a year ago, was expressed this way Saturday by Brig. Gen. Richard H. Carmichael: "We anticipate no trouble whatsoever in maintaining a voluntary Air Force with a minimum tour of duty of four years."

Carmichael, a 42-year-old former Strategic Air Division commander, was called back to the Pentagon in the spring of 1954 when slumping re-enlistment rates were causing alarm. A square-set Texan who graduated from West Point in 1936, Carmichael, was made deputy director of personnel procurement and training—the military designation for a small, 10-officer task force which drew the assignment of boosting re-enlistments.

Thus far the task force's efforts have paid off, in terms of money as well as men. Re-enlistments, which hit an all-time low of 22 per cent in September, 1954, were up to an overall rate of 49 per cent last August. For the Air Force this increase means potential savings of hundreds of millions of dollars in replacement training costs, not to mention greater combat readiness with a bigger core of trained personnel. The increase also lessens the chances that the air force will have to resort to the draft.

With re-enlistments and enlistments on the upswing, Carmichael said confidently that "as far ahead as I can see we will have no trouble getting enough men."

"We are capable, unless something unforeseen comes up, of maintaining strength through voluntary means," he said.

restore normal flow to the legs in patients suffering from hardening of the arteries. The heart itself can be bypassed during surgery through the use of a simple mechanical pump which provides a reduced flow of oxygen-rich blood to the patient from a donor or from a reservoir of blood. Cigarette smoking, which has been accused of causing lung cancer, apparently has no direct bearing on heart disease, although excessive smoking may be harmful. Neither does medical science have proof that being overweight causes heart disease. However, it is known that overweight persons have more heart trouble than those of normal weight.

Heart Disease Slowly Gives Ground To Medical Science

NEW ORLEANS, Oct. 22—UP—Heart disease, which according to the law of averages will be responsible for the death of you or your neighbor, is slowly giving ground to medical science.

The basic causes of heart disease are yet unknown, although specialists and investigators can say what happens when it occurs. Researchers have even succeeded in producing it in animals.

One of the most encouraging points brought out at the scientific sessions of the American Heart Association currently underway here is that most persons who suffer heart attacks can return to their former occupations.

Dr. E. Cowles, president of the association, described in a heart attack similar to that suffered by President Eisenhower the chances are two-out-of-three that, with the aid of a carefully guided program, the victim can return to his old job and do as well or even better than before.

Caused by Blood Clot
A heart attack occurs when a blood clot cuts off the flow of blood in an artery of the heart. Dr. Thomas N. P. Johns and Byrton J. Olson described a parallel, but not necessarily comparable, situation wherein a main coronary artery of a rat was tied with surgical silk.

The purpose of the experiment

was to determine the effect of exercise on animals subjected to this type of artificial heart attack. Using about 400 animals, they found that the mortality rate was significantly higher among rats which exercised during the first six hours following the attack. After that period, the rats with damaged hearts showed no appreciable difference from normal rats in exercise potential.

The problem of blood clots, which lodge in the thickened walls of arteries of blood vessels, was discussed by Dr. Mario Stefanini of Boston, Mass. He told of the advancements made in dissolving the clots with the use of a purified form of an enzyme called "streptokinase-streptodornase."

Difficult to Use
He said that the substance had been difficult to use due to resulting high fever or other reactions. However, using a new method which greatly reduced the reactions, Stefanini said he had obtained favorable results in treating 74 patients who suffered from clots in blood vessels of the leg, abdomen and eye.

The removal of a defective artery and its replacement by a substitute from a blood vessel bank was described by Dr. Edward Keefer and his colleagues. Good results were obtained in the majority of cases by grafts used to

Peg O' Pampa

HAVE YOU EVER BEEN in the quandary narrated in the following poem? If so you may have my heartfelt sympathy, for Peg is a stinker about remembering names and faces.

ENCOUNTER IN THE (MENTAL) DARK
Here comes a face, and, oh, perdition!
It's beaming with trustful
Recognition.

The face says plainly that I have met it,
And couldn't possibly
Forget it!

It's brimming with answers, full as a basket,
To tricky questions that I can't
Ask it.

Has it a family? A garden? A cat??
It's probably single, and lives
In a flat.

I could turn a corner if there were one handy
Or laryngitis would be
Just dandy.

Unknown face this may happen to you
(Slip me a clue face!)
"How do you do."
—Virginia Brasier

To be good is noble, but to show others how to be good is nobler:
still and no trouble. (Mark Twain)

MY GOOD PEOPLE . . . do you realize that there are only 59 little "ole" measley shopping days until Christmas? . . . And, even now, the stores are displaying gifts galore . . . some folk that we know about, such as the Frank Stallings, the Frank Shotwells, the John McFalls, the E. V. Wards, the Oscar Theisens, the H. H. Stulla, the R. E. Andersons, the Jim Chases, the Albert Johnsons, the Acton Nashes and the John Woods . . . have already purchased their Christmas odds . . . early birds that they are . . . Why before we know it, Old Santa will be breathing down your neck and mine . . . and us with nothing done in the way of Christmas preparation . . . So, better get your Christmas list made and start deciding what to get for whom . . . for time's a-wastin' . . . Peg firmly resolves early as January . . . but alas! . . . and likewise alack! . . . for the good intentions . . . Peg's are always used as another paving block on the popular road leading to a certain famous warm place . . . In spite of always ending up in a grand Christmas rush and shopping wildly hither and yon at the last minute . . . Peg loves Christmas! So . . . don't worry about getting the Christmas spirit . . . it will get YOU!

AT CHRISTMAS - TIME . . . remember the words of Richard Armour, who so truthfully stated: "Folding money's gay and gainful; unfolding money's what's so painful."

THE PAMPA CHURCHES . . . as well as everyone else . . . are knee-deep in fall activities . . . the First Assembly of God Church concluded its revival recently and 'twas the most successful one the church has had according to Rev. R. E. Neeley . . . the Trinity Baptist Church concluded its meeting a week later . . . and on that same day, the Central Baptist and First Christian churches' meeting started . . . the Harrah Methodist Church . . . just to be different . . . began its revival in the middle of this week . . . Wednesday . . . Incidentally, the First Christian Church is building up interest for "C" day . . . Monday, Nov. 21 . . . the "C" standing for consecration . . . on that date, beginning in the early morn, at different hours, the various church school classes will meet in the church . . . and after a short worship program, will consecrate their time, talents and money to the service of the church . . . the day will end with a gathering in the evening to learn the results of consecration day . . . and for light refreshments.

Conscience is what makes you worry about what it couldn't stop you from doing. (F. P. Jones)

PAMPANS ON THE GO: (to swipe a phrase of News Commentator Alex Dryer) . . . Leona and John Woods spent last week end in Rosanoke, Texas, visiting John's mother . . . the W. R. Hardens week ended in Oklahoma City . . . the L. E. Wests visited their daughter and family in Alva, Oklahoma . . . Mrs. J. A. Grundy, who is employed there . . . Mrs. Mary Lindsey visited son, Bill, at TCU . . . the Acton Nashes returned last week end from vacationing in South Texas . . . and the Eddie Moores have returned from a visit in Arkansas . . . Mrs. A. B. Whitten left yesterday morning to spend a week with her sister, Judy, in Dallas . . . and Mrs. Guy LeMond . . . or Freda . . . is still in raptures over their recent vacation in Reno, Nev . . . Freda states that entertainment at the swank hotels is simply fabulous . . . not only did they hear and dance to Guy Lombardo's orchestra, but they were also entertained by Vic Damone, Howard Keel, Ertha Kitt, Marlene Dietrich, the Mills Brothers . . . and the stage show, "Gypsy and Dolls" . . . that's what Peg calls "living it up" . . . It's spending it, too, according to Freda.

Few things give a woman a longer face than a double chin. (F. P. Jones)

POTPOURRI: Peg admires Elma Vanderberg's radiant smile . . . Mrs. Carlton Nance's poise . . . Mrs. Ken Reeves' shining tresses . . . Mrs. J. B. Wilson's petite daintiness . . . Mrs. Otis Nace's versatility . . . Mrs. Diana Wood's graciousness . . . Aubrey Steele's dry wit . . . Betty Lou Hogsett's lovely voice . . . Dr. Douglas Carver's faculty of saying the right thing at the right time . . . Red Wedgeworth's effervescent vitality . . . Rev. Carroll Ray's well-groomed appearance . . . and J. Aaron Meek's friendliness.

What the nations of the world need is a good loud-speaker for the still small voice. (Herbert V. Procknow)

PARTY LINE: Mmes. T. J. Wright, H. J. Picket, J. F. Meers, and Oscar Shearer are making great plans to attend state-wide Christian Women's retreat to be held in Athens, Texas, next month . . . Evelyn Wyatt longing to be outside in the perfect autumn weather instead of working the golden hours away in a stuffy office . . . Dr. Weldon Adair is really something in his Bavarian costume . . . it's quite becoming to the guy . . . Mrs. DeLea Vickers taking advantage of bargains in a local store to purchase gifts for the Fowler's Home in Dallas . . . that industrious lady has already completely outfitted six dolls for the same place . . . Ray Evans states that if he had his "druthers" during these Indian Summer days, he'd "druther" sleep . . . Attractive Mrs. Art Crow a perfect complement to autumn in a dark brown tweed skirt and a blouse in a lighter shade of brown . . . W. E. Abernathy says he supposes he lives in Pampa, after moving from the Humble Camp, but he's rather dubious for the Abernathy home is located in the new addition beyond the high school . . . Well! that is a "fur piece" out . . . Charles Shelton, the meanie that he is, had his wife in a dither Monday letting her think he'd forgotten her birthday . . . Mrs. Lillian Snow suffering from a misery in her arm . . . Loree Burt, a thing of beauty in a charming red suit . . . Sharron Osborne with a bandaged finger . . . she practically amputated it with a sharp knife last week.

WITH THE FOLLOWING Persian quotation Peg is saying "30" until next week: "God will not ask thy race, nor will He ask thy birth; alone will He demand of thee, what hast thou done on earth?"
Your Peg

Miss Betty J. Edgington Becomes Bride Of Jack White In Double-Ring Service

Miss Betty Jean Edgington of Cheyenne, Okla., became the bride of Jack W. White of Pampa at 2 p.m. Oct. 1, in the Magnolia Baptist Church of Crawford, Okla. Rev. A. L. Martin officiated for the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Ray W. Edgington of Cheyenne, Okla., and the bridegroom is the son of Mr. and Mrs. Willis White, 1008 Twelfth, Pampa. Given in marriage by her father, the bride wore a gown of French imported chantilly lace and nylon tulle over white satin. The fitted bodice of lace over satin was styled with a scoop neckline accented with seed pearls and sequins. The long lace sleeves came to metal points over her hands. The bouffant skirt of nylon tulle over satin was fashioned with a scalloped pannier of lace.

Her fingertip veil of white illusion fell from a crown encrusted with seed pearls. She carried a white Bible topped with a white orchid and stephanotis.

Mrs. Glenn W. Anderson, aunt of the bride, was matron of honor. She wore a gown of neptune green taffeta. The long torso bodice was styled with a shirred midriff, and the bouffant skirt was ballerina length. Her shoes were of green satin. Her headpiece of matching green taffeta, with a short veil, was accented with seed pearls, and she carried a cascade of yellow and bronze daisies.

Candelighters were Misses Martha Helen Anderson and Melinda Mason, both cousins of the bride. They were attired in gowns of gold taffeta. The fitted bodices, embroidered with seed pearls, were fashioned with sweetheart necklines and puffed sleeves. Their skirts were bouffant, and their headbands were of matching taffeta and tulle, trimmed with velvet flowers. They wore wristlets of bronze daisies and white gloves.

Deborah Mason, cousin of the bride, and Becky Bednorz, niece of the bridegroom, were flower girls. They wore white taffeta dresses with large Bertha collars, accented with tiny black velvet bows and streamers, puffed sleeves, long torso bodices and gathered skirts. They wore headbands of white carnations and white gloves, and carried baskets of bronze daisies.

Standlee White, brother of the bridegroom, served as best man. Ushers were Fred D. Mason of Albuquerque, N.M., and Pat Bednorz of Pampa. Joe Lane Poite of Dumas, cousin of the bride, was ring bearer.

For her daughter's wedding, Mrs. Edgington wore a dress of silver blue carved lace trimmed with sequins, with white accessories. Her corsage was of red rosebuds. Mrs. White, mother of the bridegroom wore a dress of rose lace with white accessories. Her corsage was of pink rosebuds.

The couple was married before an archway trimmed with huckleberry and flanked by tall baskets of bronze mums. The altar was flanked by greenery and seven-branched candelabra.

Mrs. George Lowley was pianist, and Miss Loydell Martin sang "Wonderful One," "Bless This House," and "I Love You Truly."

Following the ceremony, a reception was held in the home of the bride's parents. The serving table was covered with a lace cloth and appointments were of silver and crystal. Decorations included arrangements of bronze mums.

Mrs. Cecil Deist Feted At Shower

Mrs. Cecil Deist was honored with a pink and blue shower recently in the home of Mrs. R. E. Goodwin, 621 E. Browning. Co-hostesses with Mrs. Goodwin were Mmes. Jim King, A. A. McElrath, J. T. Mobley and Ray Frazier.

Games were played, with prizes going to Mrs. C. L. Cochran and Mrs. Glenn Chambers. The serving table was covered with a white cloth and centered with a replica of stork and an arrangement of fall flowers. Refreshments of coffee, cake and minis were served.

Those attending or sending gifts were Mmes. Glenn Chambers, C. L. Cochran, Archie Hawkins, Mickey St. Aubyn, E. D. Scott, Mary Joyce Noland, Clara Achord, F. P. Hayes, Rose Marie Warmanski, Corie McBride, T. C. McGlohon, J. P. Chilcoat, J. T. Mobley, A. A. McElrath, Jim King and Ray Frazier.

Merten HD Group Has Business Meet

Mrs. D. F. Flynn, Sinclair Merten Lease, was hostess to the recent meeting of the Merten Home Demonstration Club.

During the business session, led by Mrs. Jack Prather, president, members were invited to attend the achievement day tea of the Worthwhile Club. All committee members were asked to attend the council meet at 2 p.m. Monday in the office of Miss Helen Dunlap, county HD agent.

Refreshments were served during the social period.

Members present were Mmes. Bob Brandon, V. S. Day, Archie Maness, Jack Howard, L. F. Watt and Jack Prather.

Next meeting will be Nov. 1, in the home of Mrs. Jack Prather, Merten Lease.

Mrs. Jack W. White

Crystal. Decorations included arrangements of bronze mums.

Guests were registered by Mrs. Pat Bednorz of Pampa, sister of the bridegroom. Assisting with the serving were Mrs. Mae Dickason and Mrs. Fred D. Mason, aunts of the bride, and Mmes. J. B. Eakins and Dean Krober.

For the wedding trip to New Orleans, La., the bride wore a blue mauve faille ensemble with black accessories. Her corsage was a white orchid.

The couple is now at home at 309 N. West, Pampa.

The bride attended Crawford schools and was graduated from Central High School, Oklahoma City, Okla. She received her B.S. degree in geology from the University of Oklahoma and took post-graduate work at Southwestern State College, Weatherford, Okla., and at West Texas State College, Canyon, at Oklahoma University. She was secretary to the Pick and Hammer Club and was a member of Alpha Gamma Delta sorority. She was employed for three years by the Pampa Celanese plant. The bridegroom was graduated from Pampa High School and received his B.S. degree in industrial engineering from Texas Technological College, Lubbock. He served three years with the Air Force. He is now an engineer for the Pampa Celanese plant.

Mobeetie WSCS Has Study Meet

MOBEETIE — (Special) — Women's Society of Christian Service met in the Methodist church for the third lesson on the current study, "Indian Americans." Mrs. Clyde Kelley and Mrs. Ernest Gordon were on the program and Mrs. H. E. Matthews sang two Indian love songs. Others present were Mmes. C. W. Stribling, A. A. Burch, Herk Atkins and A. W. Cooper.

BETROTHED

Mr. and Mrs. A. J. Mitchell, 1529 Williston, announce the engagement and approaching marriage of their daughter, Marietta, to Jimmy Baird, son of Mr. and Mrs. J. W. Baird, 924 N. Sumner. The ceremony will take place Dec. 2, in the chapel of the First Methodist Church. (Photo by Koen's Studio)

THE PAMPA DAILY NEWS

SUNDAY, OCTOBER 23, 1938

ENGAGEMENT TOLD

Mr. and Mrs. D. W. Sasser, west of city, announce the engagement and approaching marriage of their daughter, Norita Lynn, to Edward Merrill Culbertson Jr., son of Mr. and Mrs. E. M. Culbertson, 828 E. Malone. The wedding is scheduled for Dec. 23, in the First Baptist Church. (Photo by Koen's Studio)

Twentieth Century Allegro Hears Talk On Language By Mrs. Clifford Braly

Members of Twentieth Century W. J. Craig, James Evans, James Allegro met recently in the home of Mrs. Frank Culbertson with Mmes. Don Cain and John Frisby as hostesses.

Following the playing of the record, "A Word in Your Ear," Mrs. Clifford Braly, moderator, led the group in an informal discussion of "Language," the first in the series of the Adult Education course, "The Ways of Mankind."

Mrs. Braly stated: "The principle aim of this series of discussion programs is to help the participant get a real understanding of the major issues in human behavior. Since language sets the world view of its speakers, we must learn to appreciate the differences that different languages imply if we are to understand the peoples of the world."

County HD Council Slates Meet Monday

The Gray County Home Demonstration Council will meet at 2 p.m. Monday in the office of Miss Helen Dunlap, county HD agent, instead of Oct. 31, as previously scheduled.

All committee chairmen are invited to the meeting and committee reports will be made. Exhibit chairmen are to mail their reports to Mrs. Charles Warmanski, route 2, White Deer. Citizenship chairmen and education chairmen are to send their reports to Mrs. O. G. Steering, Mrs. John Frisby, Smith, Box 593, Pampa.

Baptist WMS Has Meet In Clarendon

The Women's Missionary Society of Hobart Street Baptist Church met recently in the home of Mrs. W. F. Vanderburg of Clarendon, with Mrs. Claude Brock giving the opening prayer.

The business session was led by Mrs. M. K. Keyser, president. Rev. W. F. Vanderburg taught the Bible study on the 23rd Psalm. The meeting was close with prayer by Mrs. Vanderburg.

Guests were Mrs. W. Gore and W. H. Vanderburg, both of Clarendon. Members present were Mmes. Ed Gentry, W. O. Coll, H. H. Keyser, P. F. Raleigh, H. C. Wilkie, O. C. Gist, Gertrude Morrison, C. O. Ammons, Harold Beckham, M. K. Keyser, Charles Tingle, K. A. Riley, J. J. Alexander, Ralph Eaves, Claude Brock, W. D. Paie, Preston Wallace, Gene Qualls, J. L. Schaub, Roy Shafer, Ed Foran, Agness Gilphani, Carl Barnes, and Rev. and Mrs. Vanderburg.

Miami Guild Has Study Of Indians

MIAMI — (Special) — Members of the Wesleyan Service Guild met with Mrs. J. V. Patterson for the third and fourth chapters of the study, "Within Two Worlds," on Indian Americans.

During the business session, the group planned to help the youth of the church with their chili and pie supper to be held Oct. 29th. Mrs. W. R. Holland, leader, gave "Economic Rehabilitation: Off the Reservation, and On the Reservation."

Refreshments were served. Members present were Mmes. R. J. Bean, James Seitz, R. W. Beck, Orval Christopher, W. R. Holland, Troy Hopkins, Frank Gracey, W. H. Carr, A. S. Jackson, Joe Cunningham and J. V. Patterson.

BETROTHAL TOLD

Mr. and Mrs. Paul Hawthorne, 501 E. Foster, announce the engagement and approaching marriage of their daughter, Ina Jo, to Richard Cole, son of Mrs. John Celestain of Oswego, N. Y. The wedding is planned for November in the First Christian Church. (Photo by Clarence's Studio)

TALKS ON LOUISIANA — Mrs. Dudley Steele is shown explaining an old-time Southern lady's costume, modeled by Miss Elsa Plants, during her talk on Louisiana, its Bayou Country and New Orleans, to the Ladies Golf Association Friday.

Mrs. Dudley Steele Talks On Louisiana At Meeting Of Ladies Golf Association

Mrs. Dudley Steele presented a program on Louisiana and New Orleans for the Ladies Golf Association Friday in the Pampa Country Club. She took the women on a mythical tour of points in the Louisiana "Bayou Country," ending with New Orleans.

"Everyone likes to dress and everybody likes coffee," Mrs. Steele explained at the beginning of her speech.

First stop on the "tour" was Baton Rouge, the capital city. She told of the statue to Huey Long, stating that when you see the good he did for the people, you tend to forget the bad.

"I believe we should give every man credit for his good deeds," she explained.

She went on to tell of the marble brought from all over the world in the various rooms of the capitol building, and of the combined Spanish-French architecture of the old capitol building.

The tour next went into the Arcadian Country, steeped in its tradition of Evangeline and Gabriel. She told of the wild berries in bloom around Lafayette at this time of year and the moss that hangs on the trees.

"I loved it," she exclaimed. "I don't ever want to see one of those big old trees without moss."

She told the women of Lafayette's Christmas parade with everyone dressing up, decorating and taking part; and of its camellia pageant, with the coliseum decorated with every kind of camellia.

She explained that the Arcadian people there are full-blooded Arcadian French.

Next stop was St. Martinville, which Mrs. Steele called the "little Paris of Louisiana." She advised the women to read the story of Evangeline before going there, since she pointed out that Longfellow's poem does not tell the true story. She told of the church there with Evangeline's grave in the back, of "catfish alley," and

Girl Scouts To Ask Items For Girlstown For Tricks-Treats

Pampa Girl Scouts will be ringing doorbells for "tricks or treats" Halloween, but it won't be for their own benefit. The girls will be seeking items to send to Girlstown at Whiteface. It is an annual event.

Each girl will be in uniform or will wear her Brownie or Girl Scout pin. The leader of each troop is responsible for her troop's collection.

Items the girls will be seeking to send to Girlstown will be Kleenex, toothpaste, soap, needles, pins, thread, dress zippers, shoe strings, shoe polish, wash cloths, dish cloths, soap flakes, tablet crayons, anklets of any size, hand lotion and hair ribbons.

Mrs. Fern Dawson, as officer secretary, explained that the sewing materials are needed for the girls in Girlstown who begin to learn to make their own clothes at the age of 12.

The Girl Scout Little House will be open from 6 to 10 p.m. Halloween, with older Scouts on hand to rack, sort and box the items.

Mrs. Dawson reported that Pampans will benefit by the collection as there are 10 Pampa girls in Girlstown at the present time. Anyone wishing to contribute, and who is not contacted Halloween, may do so by calling the GS office, where arrangements for picking up the items will be made.

TO BE MARRIED
Mr. and Mrs. W. E. Jackson of Miami announce the engagement and approaching marriage of their daughter, Patsy Jean, to Don R. Pickle, son of Mr. and Mrs. H. R. Pickle of Lubbock. The wedding will take place November 23 in the Lubbock View Christian Church.

Mrs. H. H. Hahn Gives Book Review At Meeting Of Presbyterian Women

"Gospel of the Redman, an Indian Bible" by Ernest Thompson Seton was reviewed by Mrs. H. H. Hahn at the recent meeting of the Presbyterian Women's Association in the educational building.

"The writing (of the book) is like the Bible in its eloquence and simplicity," Mrs. Hahn explained, adding that it contained a "basic, universal and fundamental religion."

The soul of the Redman is reflected in his spirituality, she reported, explaining that the whiteman is noted for his materialism. The culture of the Redman is essentially spiritual, she added, with the basic idea of "how much service have I rendered to my people."

"The idea of one great 'oversoul' was widespread among the Indians," she explained, "although not universal."

He was a personal god, an all pervading spirit, she pointed out, and worship was "all encompassing." There was a great "breadth of view and complete tolerance" in the Indian religion, she reported.

The Redman's creed was that there was one Great Spirit, Creator and Ruler, and "from him all great things come." His favor was won by prayer, service and a kindly life. He was known a duty in some tribes more important than food. She pointed out prayer, and with knowledge came that grace was said at each meal.

The "first duty" was the achievement of high manhood in by Moses, she told the women. It included the belief that the land way and service-way," she reported. And an Indian's consumption of berries than needed; that the sick,

helpless and old people are entitled to the protection of the tribe; and that everyone is expected to marry after becoming of age.

"The tender regard of the Indian for children is well-known," she pointed out.

She explained that the many so-called massacres by the Indians were really Indian victories, Indians protecting their homes and lands. She stated that there are records of about 1,000 massacres by white men, all in disregard of treaties and promises.

"They (the Indians) never broke a treaty; we never kept one," Mrs. Hahn reported as a saying of Buffalo Bill.

The author was born in Durham, England, and attended the Royal Academy, Mrs. Hahn stated in her introduction. He took up zoological studies in Manitoba and became a government naturalist. He also went to Paris where he studied art, using wolves as his particular subject. In 1902, he founded the Woodcraft Indians, which Mrs. Hahn said she believed were a kind of Indian Boy Scouts.

She reported that he mentioned many times the "woodcraft way," a philosophy of life he developed. "His life was devoted largely to animal study," she explained.

The devotional was presented by Mrs. Frank Smith, and the business session was led by Mrs. Traylor Price, president. New officers chosen were Mrs. John B. McCrery, president; Mrs. Traylor Price, second vice-president; Mrs. Dick Walker, treasurer; Mrs. J. O. Miller, secretary of spiritual

Circles Of The First Methodist Church Meet For Studies On Indian Americans

All circles of the Women's Society of Christian Service, First Methodist Church met Wednesday to continue their study of the American Indian. Topics of discussion were the relationship of the government and the Indian, and the various phases of the life of the Navajo Indian.

CIRCLE ONE
Circle One had its meeting with Mrs. Irvin Cole. The meeting was opened with a prayer by Mrs. E. S. Williams. Mrs. G. F. Branson presided at the business session. Reports were given by the different chairmen.

Mrs. Ralph Thomas, study leader, was assisted by Mrs. C. F. Richardson. Mrs. Lee Harrah brought the devotional. Coffee and doughnuts were served to Mrs. W. L. Boosa, E. L. Campbell, Thurman Cline, Cloyde Ford, H. H. Keahy, J. G. Lyons, H. W. Odom, Glenn Radcliff, Chester Thompson, A. B. Whitten, Branson, Harrah, Thomas Williams, Richardson, and Cole. Next meeting will be on Nov. 2, in the home of Mrs. Chester Thompson.

CIRCLE TWO
Circle two met with Mrs. Charles Brauchle, with Mrs. S. A. Blundell as co-hostess. The meeting was opened with prayer by Mrs. Thelma Bray. The business meeting was led by Mrs. J. E. Thompson, chairman. The devotional was given by Mrs. Aubrey Steele.

The study was led by Mrs. L. L. Milliren, study leader, assisted by Mrs. J. W. Lemons, Lee

Moore, Ken Meaders, and W. W. Bryant. Others attending were Mrs. J. L. Chase Jr., Bob Curry, Don Cain, L. L. Garren, Knox Kinard, John Winters, Joe Donaldson, Roy Johnson, and one visitor, Dorothy S. Dale, from Fairbanks, Alaska.

Next meeting will be at the home of Mrs. W. W. Bryant, 1145 N. Starkweather, with Mrs. L. L. Milliren as co-hostess.

CIRCLE THREE
Circle three met in the home of Mrs. G. H. Newberry. A short business meeting was conducted by the chairman, Mrs. Clarence Lutes, who announced the day of prayer will be Oct. 24, in the church chapel from 9 a.m. until 2 p.m. Each person is to bring a Bible and a sack lunch.

Mrs. H. H. Boynton gave the devotional on brotherhood. The study leader is Mrs. Melvin Stephens. Taking part on the program were Mrs. W. Purviance, Doyle Osborne, A. K. Smart, and Lutes. Mrs. Carleton Nance closed the meeting with a prayer.

Those attending were Mrs. Paul Bowers, LaDon Bradford, Paul Brown, Sam Cook, Jack Graham, C. F. Kito, T. C. Lively Sr., E. A. McLennan, Luther Pierson, W. C. Puryear, E. V. Ward, Boynton, Osborne, Stephens, Smart, Lutes, and the hostess, Mrs. Newberry. Mrs. Carleton Nance was a visitor. Next meeting is Nov. 2, in the home of Mrs. Paul Bowers.

CIRCLE FOUR
Mrs. Claude Byrd was hostess to

Circle 4. The chairman, Mrs. R. W. Lane, opened the meeting with prayer and presided at the business period. Mrs. H. R. Thompson, leader, was assisted by Mrs. Fred Cary, Tom Cook, Claud Byrd, W. R. Campbell, and H. F. Barnhart. Present were Mrs. Mmes. A. B. Carruth, T. M. McBrayer, George Nelson, Lane, Cary, Barnhart, Campbell, and Cook. Mrs. C. N. Andrews was a guest. Next meeting will be with Mrs. Barnhart at 509 N. Front.

CIRCLE FIVE AND SIX
Circles five and six met in the church parlor with Mrs. S. C. Evans and Mrs. W. S. Edey as hostesses. Mrs. Loyse Caldwell opened the meeting with prayer and gave the devotional. The study was presented in the form of a round-table discussion. Participating were Mrs. W. A. Hardy, Jo Shelton, Ben Ward, Charles Woolsey, C. E. Shellhouse, and Loyse Caldwell. Next meeting will be Nov. 2, in the church parlor.

THESPIANS GIVE PLAYS

The Pampa High School Thespian group presented two plays and one skit in the school auditorium Thursday. Shown in a scene from the play, "Overtones," are, left to right, Nancy Coley, a leading character; Carol Henry, who portrayed Miss Coley's "inner self"; and Myrna Montgomery, the second leading character. The play was written by Alice Gertzenberg, a forerunner of Eugene O'Neill. (News photo)

HIGH SCHOOL PRODUCTION

Shown in the high school Thespian play, "Overtones," are Rose Smith, left, as Miss Prism, a governess; and Lynn Followell, as Lady Bracknell. Others in the play about two persons whose inner selves reveal their true feelings about each other were Lucy Jo Neely, Nancy Coley, Myrna Montgomery and Carol Henry. Also presented was Oscar Wilde's "The Importance of Being Ernest," and a skit by Roger McWaters and Lu Koch, about two guests in an insane asylum who mistake each other for inmates. (News photo)

OSCAR WILDE PLAY

Shown in the high school Thespian production, "The Importance of Being Ernest," by Oscar Wilde, presented Thursday, are left to right, Nicki Lewter as Cecily Cardew; and Dixie Rhoades as Gwendolyn Fairfax. Others in the cast were Roger McWaters, Dale Largent, Dugan Smith, Ed Ethridge and Dan Teed. Both play and skit were directed by Miss Helen Schafer. (News photo)

Missionary To China Will Be Speaker For Presbyterian Meet In White Deer

A delegation of Pampa women from the First Presbyterian Church are planning to attend the fall district Presbyterian meeting from 9:30 a.m. Tuesday in the First Presbyterian Church of White Deer. Seven churches are included in the district. Theme for the training session will be "Praise To God."

Featured speaker, to be heard at 11 a.m., will be Mrs. Elleroy M. Smith, Presbyterian missionary, formerly in China. Her topic will be "Praise God Through Witnessing."

Ningpo, an important shipping and commercial center on the coast of China, was home for Mrs. Smith from 1916 till she finally left China in 1950. This city is the oldest Presbyterian mission station in all China, the work there having been started by pioneer missionaries in 1844. Much mission history has been made in hundred years since that date, and Mrs. Smith has had a part in the development of the last few turbulent years.

The war with Japan interrupted Mrs. Smith's evangelistic, kindergarten, and primary school work. After several months in an internment camp in Shanghai she and her husband were repatriated in December 1943, but by April of 1946 they were back in Ningpo, beginning on the task of rehabilitation and restoration of their work. The rapid advance of the Communist armies, their occupation of Ningpo in 1949, and the subsequent bombings of the city by nationalist planes have raised many problems for Mrs. Smith, problems which she has met in the same spirit that made her say of the internment camp, "It wasn't too bad!"

Her story of feeding children in a welfare center their one good meal a day; of attending a communion service in the evening when the city lights were off because of bombings and the elders had to flash their electric torches on the trays of bread and wine as they passed them; of a Christmas

Girl Scouts Reveal The Organization Lottie Moon Circle Of Second-Grade Girls Into Troops Has Study Meeting

Organization of new troops and training courses for new and old leaders have occupied much of the time of the Girl Scouts since school opened. Mrs. Marian Osborne, council assistant and training chairman, has announced the organizing of 12 new second-grade Brownie troops in Pampa, one in White Deer, and the addition of 32 girls to Brownie troops in other areas. This makes a total of 230 girls added to Girl Scouting already this year.

A survey of the Pampa schools of girls interested in Scouting, not already in a troop, was completed recently, which will mean the organization of still more troops. Mrs. Osborne stated. Organization chairman is Mrs. John Gentry.

New troops organized include Troop 11, which meets in Holy Souls Parish Hall, with a membership of 20 girls, with Mrs. Paul Stewart as leader, assisted by Mrs. W. A. Merrell, and Mrs. Albert Doucette; Troop 2 of Baker School, with 19 girls, with Mrs. Shinnie Miller as leader, assisted by Mrs. E. T. Burke and Mrs. A. D. Seaman; Troop 5 of Horace Mann School, has 15 girls, with Mrs. K. J. Wofford as leader, assisted by Mrs. G. S. Garrison and Mrs. William Adeock; and Troop 3 of Horace Mann School is under the leadership of Mrs. Jack Seals, assisted by Miss Eleanore Black, Mrs. Merle V. Allen and Mrs. J. R. Stewart, with 15 girls.

Lamar School also has two troops including Troop 23, with 15 girls, under the leadership of Mrs. R. L. Gordy, assisted by Mrs. L. L. Stoddard and Mrs. Joe Gibson; and Troop 27, with 16 girls, under the leadership of Mrs. K. E. Rosco, assisted by Mrs. R. R. Holmes, T. O. Trout and Paul Dalton.

Sam Houston School has three new troops: Troop 15, with 12 girls, under the leadership of Mrs. J. A. Hoover, assisted by Mrs. Bob Childers; Troop 27, with Mrs. H. H. Hahn as leader, assisted by Mrs. Ronald Hubbard, with 12 girls; and Troop 30, under the leadership of Mrs. James Harvey, assisted by Mrs. E. F. Cleveland and Jack Glover, with 14 girls.

Another school with three new troops is Woodrow Wilson. They are Troop 28, with 15 girls, under

Violinist Rubintoff, To Appear In Pampa, Relaxes On Farm During Off-Season

The world-famous violinist, Dave Rubintoff, will be sponsored in a Pampa concert at 8:15 p.m. Dec. 5, in the Junior High School auditorium, by the Pampa Altus Club. Proceeds will go into the club's scholarship fund, and tickets are now being sold by club members.

In addition to the evening performance, Rubintoff will present a special student matinee at 4 p.m., which adults are also permitted to attend.

Rubintoff's off-the-stage activities include being a farmer. On his two and a half acre estate in Encino, Calif., Rubintoff finds relaxation from the pace of annual concert tours which take him from coast to coast nine months of each year.

The stage presents a Rubintoff with an easy, informal manner with his audience, but still a Rubintoff in full dress and starched collar. At home, he dresses in Western-cut clothes and dons his fancy cut boots given to him by various clubs in the West. He is an early riser — this is a carry-over from his rigid schedule on the road. He does have to play "second fiddle" to his gardener, but nevertheless, he personally waters his flowers each morning and plans all the landscaping with an artistic eye for color. As a reward for a good violin lesson, his young son Rubin, gets a ride with his daddy on the red tractor used in keeping the orange grove clear of weeds. It's a treat, though, as to who enjoys the tractor most.

Evening finds Rubintoff in his new farmhouse kitchen. His greatest pride is serving broiled hamburgers "a la Rubintoff" to his friends. He gave himself the title of Hamburger King. His hobby of

"Give Me A Moment Please." Loud speakers are connected to trees in the grounds and seem to fascinate even the squirrels and blue birds.

Rubintoff prefers a simple way of living with his friends and family, but with it all — not a day passes that he doesn't find time to practice four or five hours on his beloved violin made by Antonio Stradivarius in 1731.

FAMILY REUNION — Shown at the recent family reunion honoring Mrs. Eva Myers on her 80th birthday are, seated from left to right, Alison Myers of Meadow, Mrs. Cleo Ruff of Pampa; Mrs. Eva Myers of Mobeetie; Mrs. J. V. London of Groom; and Earl Myers of Bakersfield, Calif. Standing, from the left, are Elan Myers, also of Bakersfield; Lynn Myers of Borger; Clifford Myers of Hart; Raymond Myers of Camden, N. J.; Duane Myers of 29 Palms, Calif.; and Opal Myers of Muleshoe.

Girl Scout Activities

Brownie Troop 68 met in Sam Houston School. The girls sang songs, played games and made patterns for crepe paper baskets. They went home via the magic tunnel. Mrs. Chris Walsh is leader.

Brownie Troop 15 held an outdoor meeting at the home of Mrs. J. A. Hoover, leader. The girls learned the fundamentals of outdoor fire building and cooked "some-mores." They formed patrols for the fire-building session, named the chipmunk, bear and squirrel patrols. Sandra Holt was hostess.

The Daisy patrol of Intermediate Troop 17 taught action songs to the Brownies. Assistant leader for the Brownie troop is Mrs. Bob Childress.

Mariner Troop 22, under the leadership of Mrs. Maria Osborne, went camping over the week end at Camp Mei Davis, near Lefors. They helped with the improvements in progress at the camp by laying the drainage tile for a sink and covering open ditches. Saturday evening they held a campfire program and Sunday they held church service. Other activities included singing, square dancing, hiking and practicing cooking on charcoal.

Intermediate Troop 29 travelled to Miami by car and went hiking along a riverbed. The girls are currently working on their dabbler badge. Mrs. Bob Gordon and Mrs. Richard Crews are leaders.

circle. Fifteen girls were present. Mrs. Bob Andis and Mrs. Travis Lively Jr. were leaders for the meeting, in the absence of the regular leader.

Brownie Troop 77, with Mrs. B. J. Lambright as leader and Mrs. J. T. Ray as co-leader, elected officers at its recent meeting. They were Patricia Lambright, president; Donna Conner, vice-president; Mattie Autil, secretary; treasurer; Twilio Preuss, reporter; and Diana Ray, refreshment chairman.

The girls make a bank by putting putty on the outside of a jar and covering the jar with shells. They learned new songs and games, and made plans for their one-year party.

Brownie Troop 3, with Mrs. Jack Seala as leader met in Horace Mann School. The girls hiked to the park for their meeting during which they made Brownie purses. Refreshments were served by Mrs. Ralph Riggs and Mrs. Warren Copenhaver. Calendars were distributed to each girl to sell. The girls hiked back to the school where the meeting was adjourned.

The Brownie leaders met this week for a training session on handicrafts in the GS Little House, with 34 women present. Crafts demonstrated included sawdust modeling, crayola etchings, crocheted picture frames, tray favors

Mrs. Eva Myers Feted At Reunion On 80th Birthday

Mrs. Eva Myers of Mobeetie was honored with a family reunion in observance of her 80th birthday recently in the home of Mrs. Cleo Ruff of Pampa. It was the first reunion of all 10 children in over 27 years.

Children present were Allison Myers of Meadow; Mrs. Cleo Ruff of Pampa; Mrs. J. V. London of Groom; Earl Myers and Elan Myers, both of Bakersfield, Calif.; Lynn Myers of Borger; Clifford Myers of Hart; Raymond Myers of Camden, N. J.; Duane Myers of 29 Palms, Calif.; and Opal Myers of Muleshoe.

Others present were Mrs. Vertie Townsend of Konlwa, Okla., a sister; Roy Townsend and family of Leveland, a nephew; a niece and family, Mr. and Mrs. Claude Allen of Lubbock; 20 grandchildren and four great-grandchildren. Fourteen other grandchildren and one daughter-in-law were unable to attend.

and place mats and ceramics from plaster of Paris. The intermediate leaders and senior leaders also held an arts and crafts workshop this week.

Intermediate Troop 42 met in the park for a picnic lunch, with Mrs. L. L. Milliren and Mrs. Earl Champion as leaders. Patrol 3 cooked the hot dogs while Patrols 1, 2 and 4 played games. The girls cooked "some-mores" and visited the Coca Cola plant. Calendars were distributed to the girls to sell. Sixteen were present.

First Baptist Women's Missionary Union Circles Meet For Studies Of Missions

Members of circles of the Women's Missionary Union of the First Baptist Church met in homes and in the church during the week.

JUNE PETTY
Mrs. Jennie Keeney was hostess to the June Petty Circle, with Mrs. M. K. Gurley giving the opening prayer. The mission lesson, "A Passport to the World," was taught by Mrs. Floyd Pennington. The closing prayer was given by Mrs. A. McClendon. Mrs. Chester Johnson was welcomed as a new member. Others present were Mrs. Hulle Beard, R. W. Tucker, Pennington, McClendon, Gurley and Keeney.

RUBY WHEAT

Closing prayer was given by Mrs. A. French. Attending were Mrs. M. F. H. Bowers, R. V. Lane, French, Tucker, Moss, Tarrant and Davis.

ETHEL HARDY
Mrs. Ralph McKinney was hostess to the Ethel Hardy Circle with Mrs. Bob Andis giving the opening prayer. The mission study was taught by Mrs. Jeff Bearden, and the short business session was led by Mrs. Tom Rose. Members present were Mrs. Mmes. Ivan Noblitt, Bob Spert, Rose, Andis, McKinney and Bearden.

LILLIE ROGERS
Mrs. D. R. Morris gave the opening prayer and led the business session for the Lillie Rogers Circle which met in the home of Mrs. Foster. Mrs. E. L. Anderson taught the mission study, and Mrs. Minor Langford closed the meeting with prayer. Mrs. Ray Hill was a visitor. Thirteen members were present.

FERN BITNER
The Fern Bitner Circle met with Mrs. D. W. Slaton, with Mrs. H. M. Stokes leading the opening prayer. Mrs. Floyd Barrett taught the mission study. Mrs. A. A. McElrath led the business session, during which Mrs. Willie Rheuda-sil was appointed prayer chairman. Members present were Mrs. M. P. G. Turner, C. C. Matheny, Mabel Winters, Barrett, McElrath, Slaton, Stokes and Rheuda-sil.

DARLENE ELLIOT
Mrs. A. A. Day gave the opening prayer for the Darlene Elliot Circle meeting in the home of Mrs. C. L. McKinney, with Mrs. J. G. Ramsey teaching the Bible study on prayer. Each member participated in the program. The meeting was closed with prayer by Mrs. J. H. Richey. Mrs. R. L. Edmondson was a guest. Members attending were Mrs. Mmes. Reuben Hilton, E. L. Glenn, Louis Tarpley, L. H. Green, McKinney, Day, Ramsey and Richey.

LETHA SAUNDERS
Mrs. R. E. Arey was hostess to

the Letha Saunders Circle, with Mrs. G. E. Groninger presiding. Mrs. D. A. Caldwell gave the opening prayer, and Mrs. J. C. Volmert gave a talk on the churches she visited in Europe during the summer, comparing their services with those of our churches. Attending were Mrs. Mmes. Hugh Ellis, James Hopkins, W. R. Morrison, L. L. Stovall, George Vineyard, Maude Schukey, W. A. Watson, Lee Moore, Bob Alford, W. S. Morris, Groninger, Arey, Caldwell and Volmert.

DORYCE COGGINS
The Doryce Coggins Circle met with Mrs. James Goodwin, with Mrs. Pernal Scoggins leading the Bible study. Mrs. Carlos Grissom closed the meeting with prayer. Mrs. Edwin Adcock was welcomed as a new member. Others present were Mrs. Mmes. Bill Fritz, Wayne Denny, Henry Gruben, Grissom, Goodwin and Scoggins.

EDITH DYAL
Mrs. Herman Whalley, co-chairman, presided during the meeting of the Edith Dyal Circle in the church. Opening prayer was given by Mrs. C. E. Powell, and Mrs. Al Prigmore taught the mission study. The meeting was closed with prayer by Mrs. Robert Hogan. Members attending were Mrs. Mmes. A. C. Troop, D. H. Hillard, Rupert Orr, L. A. Baxter, Hershel Sanders, Whalley, Powell, Prigmore and Hogan.

JOY RUSSELL
Mrs. Jint Dean was hostess to the Joy Russell Circle, with Mrs. S. E. Waters giving the opening prayer. Mrs. Glen Stewart led the business session. Chairmen appointed were Mrs. Douglas Flynn, youth representative; Mrs. E. N. Pierce, royal service; Mrs. Leon Fain, social; Mrs. Raymond Field, missions; Mrs. S. E. Waters, Bible; Mrs. John Ramsey, community and benevolence; Mrs. James Harvey, telephone; Mrs. Jim Dean, publicity; Mrs. Floyd Walker, prayer; Mrs. Stewart taught the mission study. Ten

MARY ALEXANDER
The Mary Alexander Circle met

with Mrs. T. C. McGlohon, with Mrs. Shirley Nickols leading the opening prayer. Mrs. W. R. Bell led the business session, and Mrs. McGlohon presented the devotional. The mission study was taught by Mrs. Hazel Shearer, who also led the closing prayer. Attending were Mrs. Mmes. Sidney White, Henry Stephens, Nickols, McGlohon, Bell and Shearer.

ROBERTA COX
The Roberta Cox Circle met with Mrs. Floyd Barrett. Mrs. William Poley led the business session, and the opening prayer was given by Mrs. Paul Turner. The Bible study was taught by Mrs. Don Egerton. Chairmen appointed were Mrs. W. T. Wilborn, co-chairman; Mrs. Egerton, Bible; Mrs. Percy O'Quinn, secretary-treasurer; Mrs. Floyd Barrett, missions study; Mrs. Paul Turner, program; Mrs. Paul Barrett, stewardship; Mrs. Melvin Bailey and Mrs. Paul Barrett, fellowship; Mrs. Mike Porter, community and benevolence. The meeting was closed with prayer by Mrs. Porter. Seven members attended.

GERALDINE HOWTON
Mrs. Parker Mangham was hostess to the Geraldine Howton Circle, with Mrs. J. L. Burba giving the opening prayer. The business session was led by Mrs. L. H. Nor-mand, and Mrs. A. D. Ackerman led the mission study. The closing prayer was given by Mrs. R. W. Rial. Members attending were Mrs. Mmes. T. H. Tarrant, Fred Carver, O. D. Burba, Dewey Johnson, W. B. Vandover, Lee Garrison, Joe Mullins, G. L. Wilson, Norman, Ackerman, Rial, Burba and Mangham.

KEZZIE MAE SEAWRIGHT
The Kezzie Mae Seawright Circle met with Mrs. H. A. Marlar, with Mrs. Howard Price giving the opening prayer. The mission study was taught by Mrs. Bob Powell. Plans were made for aiding the Negro nursery in acquiring equipment. Members present were Mrs. Mmes. Leroy Harris, Harry Jennings, Paul Miller, Truett Thompson, Marlar, Price and Powell.

St. Paul Circles Hold Study Meet

Circles one and two of the Women's Society of Christian Service, St. Paul Methodist Church, met recently in Fellowship Hall. Mrs. Ira Carlton led the opening prayer.

The business session was led by Mrs. H. B. Ormson, president. Moving pictures and slides were shown by Mrs. James Hill of the American Indian Exposition, held annually at Anadarko, Okla. Slides were shown by Mrs. Edwin L. Hall of the Indian ruins at Mesa Verde, Colo. The movies and slides were shown in conjunction with the study on the American Indians, "Within Two Worlds," by David Corey.

Refreshments of coffee and doughnuts were served by the hostesses, Mrs. H. B. Ormson and Mrs. B. B. Pettit. Next meeting will be at 9:30 a.m. Wednesday in Fellowship Hall.

Attending were Mrs. Mmes. A. N. Rogers, Walden Haynes, B. B. Patul, Joe Autry, John Walto, Jim Hopkins, W. O. Malajowsky, Sam Steadman, H. H. Graham, Edwin Hall, James Hill, Ira Carlton, H. B. Ormson; and Miss Frances Lenning.

Leaders and committee mothers for the Skellytown Girl Scouts met recently, with Mrs. Paul Hinton, chairman, in charge. Plans were made for the Scouts' "trick or treat" on Halloween for items to send to Girlstown. Each troop was assigned a part of the community to call on for gifts.

Plans were completed for the Scout banquet for the girls and their parents, held Tuesday in the school cafeteria. Next meeting will be Nov. 8. Attending were Mrs. Mmes. Paul Hinton, Richard Payne, R. C. Heaton, Hunt Van Buren, Fred Wall, Calvin Duncan, R. E. McAllister, Gerald Huckins, Walton Barnett, Cecil Shipley and Roy McKissick.

Brownie Troop 59 met in the home of Mrs. H. E. Saum, leader. Mrs. Elmer Francis is co-leader. Officers elected were Paula Sealy, president; Merylene Giger, vice-president; Susan Foster, secretary. By-laws were drawn up, and refreshments of candy bars were served.

Intermediate Troop 54 met at Sam Houston School. The polka-dot petticoat patrol laid a trail that was followed by the Smiling patrol. The trail ended at the St. Matthew's Episcopal Church where the meeting closed with a sign-off.

MR. AND MRS. CLENT STEWART

Miss Pat Parr And Clemt Stewart Are United In Marriage In Home Service

Miss Pat Parr and Clemt Stewart were united in marriage at 7:30 p.m. Oct. 14, in the home of A. D. Robinson. Rev. Charles Rhyhan officiated for the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. E. J. Stewart, northwest of city, and the bridegroom is the son of Mr. and Mrs. M. M. Stewart, 803 S. Barnes.

Given in marriage by her brother, Gene Parr, the bride wore a street-length dress of mauve rose embroidered satin. Her mauve rose hat was trimmed with rhinestones. She wore black suede shoes. Her only jewelry were rhinestone earrings and she carried a white Bible topped with a bouquet of white carnations tied with white satin streamers.

Mrs. Rex Fenton was matron of honor. She wore a street-length dress of tan faille, with brown accessories. Her corsage was of bronze feathered mums. Miss Karen Wolford, candelighter, wore a pink satin dress.

Ocle Stewart, brother of the bridegroom, served as best man. The couple was married before a fireplace decorated with a mantel-arrangement of fall flowers and flanked by palms and candelabra with white tapers. In front of the fireplace was a floor basket of fall flowers.

Traditional wedding music and

marches were played by Miss Kay Wilson, pianist.

The mother of the bride wore a light blue dress with black accessories, and the bridegroom's mother was attired in a gun-metal gray dress with black accessories. Both wore corsages of pink carnations.

Following the ceremony, a reception was held. The serving table was covered with a lace cloth over yellow, centered with an arrangement of daisies, cattails and pine cones in a crystal bowl. Flanking the centerpiece were white and tan tapers in crystal holders. The white two-tiered wedding cake was decorated with yellow roses and was topped with a miniature bride and bridegroom beneath a heart-shaped arch of white net.

Refreshments of cake, punch, mints and nuts were served. Miss Mary Windsor served the cake, and Miss Ruby Shelton presided at the crystal punch bowl. Guests were registered by Mrs. Sunny Muncie.

The bridal couple is now at home at 413 W. Browning. Both the bride and bridegroom were graduated from Pampa High School. The bridegroom is employed by the George Thompson Surveying Company.

A heavy coating of wax around door jams most frequently used by youngsters will help keep them clean.

Mrs. Wilma Watkins Feted With Shower

Mrs. Wilma Watkins was honored with a pink and blue shower recently in the home of Mrs. A. H. Hibbs. Co-hostesses with Mrs. Hibbs, were Mmes. George Murphy and Earl Ammons.

The honoree was presented a corsage fashioned from baby socks. Entertainment consisted of playing games. Refreshments of pink and blue booty-cakes and punch were served.

Those present were Mmes. Bosie Griffin, George Murphy, Earl Ammons, Gerald Faulkner, Wesley Bruce, G. N. Frost, Walter Hyatt, Gene Robbins, Talmage Oilphant, B. B. Altman, E. W. Watkins, Shirley Winters, A. R. Yates Hazel McDaniel, Frances White, J. E. Overall and Joyce Johnson. Seventeen others sent gifts.

Bill Waters Slated To Speak Monday To Women Voters

District Attorney Bill Waters will be featured speaker for the League of Women Voters' luncheon at noon Monday in the dining room of Johnson's Cafe. His topic will be

"Birth of the Texas Constitution." The business session will be under the direction of Mrs. A. D. Hills, president. In addition to members, anyone interested is invited to attend. Reservations are not necessary, and those attending need not attend. Read The News Classified Ads

Firemen's Auxiliary Makes Party Plans For Halloween Eve

The Firemen's Auxiliary met recently in the home of Mrs. Charles Elliot, 314 Doyle.

The business session was led by Mrs. Elmer Darnell, president. Plans were made for a Halloween party for all firemen and their wives in the fire station Oct. 31.

Next meeting will be at 7:30 p.m. Nov. 3, in the home of Mrs. Elmer Darnell, 636 Campbell.

Attending were Mmes. Arthur Clark, Will Powers, Elmer Fuller, Paul Jones, Elmer Darnell and Ernest Winborne.

Southwesterners Plan Dinner-Dance

The Southwesterners met recently in the home of Mrs. Gene Dougherty, 540 Perry, with Mrs. Evert Revard, president, in charge of the business session.

Plans were made for a formal dinner-dance, to be held at a later date. It was announced the rummage sale the group held recently was a success. Refreshments were served during the social period.

Next meeting will be Nov. 2, in the home of Mrs. Norman Flaherty. Attending the meeting were Mmes. Evert Revard, Omer Bybee, Kenneth Hamon, Buck

Moore, Robert Elliott, Floyd Laster and Gene Dougherty.

Mrs. Adcock Feted At Farewell Party

Mrs. Fred Adcock was presented a farewell coffee recently by the Halliburton Ladies Club in the home of Mrs. Dewey Bullard. Co-hostesses were Mmes. Boyd Stewart Winchell Gee and Austin Wilson.

The honoree was presented several gifts. Refreshments of sandwiches, mints, coffee and hot chocolate were served.

Those present were Mmes. Otis McClelland, Bob Burrows, James Kays, John Triplett, Floyd Bettis, Charles Cauthorn, Roel Morrison, Don Carpenter, Byri Skinner, Joe Otto, Vernon Alexander, Dick Willis, Gerdes Schmidt, Robert Ramsey, all of Pampa; and Mrs. O. L. Bell of Amarillo.

Mr. and Mrs. Adcock, Jennifer and Freddie, are moving to Texas. Adcock is an engineer with Halliburton Oil Well Cementing Company.

Legion's Auxiliary Plans For Benefit

MOBEETIE — (Special) — The American Legion Auxiliary will sponsor its annual dinner at 7 p.m. Nov. 3, to secure gifts for the disabled veterans for Christmas. Mr. and Mrs. Don Powell of Shamrock will show films made while Powell served overseas and on different trips they made while there. Everyone is invited to attend, to bring a gift some veteran may send to his mother, father, wife or child and a covered dish for the dinner.

Units from all over Texas collect gifts to be sent to veterans hospitals for the disabled, from which they choose gifts for their families. Volunteer workers set up a gift shop in each hospital, gift wrap and mail the packages.

Talk On Photography Given To WD Women

WHITE DEER — (Special) — Mrs. Dan Estes presented a discussion of photography as the program for a recent meeting of the Wendell Blanco Study Club. Mrs. Florette Burns was hostess.

Mrs. Horace Williams, president, led the business meeting, during which plans for the club's annual Christmas project were discussed. Members attending were Mmes. Horace Ledbetter, C. C. Kelly, Velma Marx Jo Hysmith, Dan Estes, David Grayson, Huelyn Laycock, Maxie Chester, Romnie Gooch, Joe Murphy, Bud Evans, Alvin Williams, Horace Williams, Florette Burns, and Misses Geraldine Rampy and Claudia Everly.

White Deer Luncheon Bridge Group Meets

WHITE DEER — (Special) — Mrs. M. A. Gann was hostess to a recent meeting of the Luncheon Bridge Club in her home here. A fall theme, using colored leaves and fall fruit, were used in decorations. A luncheon plate was served. Present were Mmes. Vic Bates, T. C. Jackson, Bob Moore, L. A. Puckett, Wayne Jordan, Bill Abbott, Horace Williams, Alvin Williams, Everett Butler, Richard Barnes, W. T. Townsend, and Otis Holladay.

High and second-high prizes were awarded Mrs. Bob Moore and Mrs. T. C. Jackson. Traveling prize went to Mrs. Bill Abbott. Next meeting will be Monday in M. A. Gann's home.

"With four children, you want to heat water the SAFE WAY ... of course, it's Electric!"

says Mrs. Roy N. Byrd, Jr.
1209 20th STREET,
CANYON, TEXAS

"When Roy and I picked a water heater for our new Canyon home, the safety of our four children was the first consideration. We had two electric water heaters at our farm, so we knew that we could be safely sure with an electric water heater in our new city home."

"I was really surprised when one new 40 gallon electric water heater proved to be enough in our new home—especially after having two. But, we've never run out."

"My clothes washer works every day — at least once — and yet the water heater keeps up with it and the dishwasher, too, which I use at least two times every day."

"Then, at the sink, I'm always using hot water for cooking, to prepare food for the freezer, or to wash out things for the children. There's always enough."

"Four children can produce a lot of dirty hands — and keep the baths busy. We have a shower and a tub so that we can clean them up in shifts—and that takes lots of hot water."

"My electric water heater gives me plenty of hot water, an extra counter space, and a feeling of complete safety about my children. It goes perfectly with the other work-saving electric appliances in my home."

The Pampa Daily News

One of Texas' Five Most Consistent Newspapers

We believe that one truth is always consistent with another truth. We endeavor to be consistent with truths expressed in such great moral guides as the Golden Rule, the Ten Commandments and the Declaration of Independence.

Should we, at any time, be inconsistent with these truths, we would appreciate anyone pointing out to us how we are inconsistent with these moral guides.

Published daily except Saturday by The Pampa Daily News, Atchison at Somerville, Pampa, Texas. Phone 4-2255. Entered as second class matter under the act of March 3, 1879.

SUBSCRIPTION RATES

By CARRIER in Pampa, 20c per week. Paid in advance (at office) \$2.00 per 2 months, \$7.50 per 6 months, \$15.00 per year. By mail \$7.50 per year in retail trading zone, \$12.00 per year outside retail trading zone. Price for single copy, 5 cents. No mail orders accepted in localities served by carrier.

Mergers Are Nothing

Thomas L. Stokes, syndicated columnist in a number of conventional dailies, has uttered several bleats about the danger to the American economy springing from what he cites as a "trend" towards mergers.

Actually, the facts do not bear out Mr. Stokes' assertions. There were, for instance 387 mergers in 1954. That is just 4 per cent more than the annual average for the past 36 years, scarcely enough of an increase to start pulses palpating.

However, the thread of fear in this approach to America's present economic picture seems to come from a pool of very real conviction that a diffusion of economic power is a prerequisite to maintaining a truly competitive free market.

But, hark, isn't this the siren song of the socialist? Their panacea for all the economic ills known to man is found in the arithmetical process known as division.

The truth is that wealth, like wind or fire, is neither good nor bad, inherently, when wealth is harnessed for good purposes it performs yeoman service.

Since wealth does not descend from heaven but is produced by the expenditure of human brains and brawn, it follows that those who put forth the energy, mental or physical, to produce wealth should be the natural owners of that wealth once it has been produced.

There is only one place where wealth can be systematically accumulated to the detriment of all. That is in the hands of government.

Mergers cannot and will not harm the free market. Government controls can and do. Concentration of economic power in the hands of industrialists can and frequently does provide more and better products and cheaper prices.

Government controls can and do. Concentration of economic power in the hands of industrialists can and frequently does provide more and better products and cheaper prices.

BETTER JOBS

By R. C. HOILES

Passive Resistance Versus Non-Resistance

Since Governor Bracken Lee of Utah has declared that he will not pay that part of his taxes that he regards as going to support foreign nations because he regards it as unconstitutional, I want to quote what a friend of mine, Charles T. Spradling, has written as to the difference between non-resistance and passive resistance.

Mr. Spradling is 85 years old and has written many books and lectured all over the United States. He is a fighter for liberty. It would seem from Mr. Spradling's interpretation that Bracken Lee is exercising passive resistance rather than non-resistance.

The doctrine of non-resistance, or no-resistance, is Oriental in origin. The Oriental teacher believes that evil is so supreme that any attempt to resist it is a waste of energy, and only leads to greater evils; therefore, one should crush all yearnings and wants, and submit to destiny, practice resignation, renunciation, meekness and submission, bow to Fate-resist no evil. Evil is so omnipotent that resistance is madness. Existence is so ruled by evil that the only salvation lies in escaping from life back into the peaceful realm of death, "the Blessed Nirvana."

According to the Oriental teaching, there is no triumph of life; there is only a triumph of death, Nirvana. All impulse that could lead to progress, stimulate human advancement, and the march of mind in the conquest of matter must be stamped out. Progress is impossible and undesirable. Life is not worth living; evil is triumphant; one must submit while one is here, and hope to get out of it as soon as possible.

The result of this doctrine of non-resistance to evil has caused the death of hundreds of millions of Orientals. The plague is evil, but they must not resist evil, and they did not. Their doctrine was that the plague cannot be there unless the powers that rule the universe desire it. And any sanitation is an attempt to thwart the will of these powers.

The doctrine of non-resistance—that is, no-resistance—is Pagan in origin and paralyzing in effect. It is a doctrine of resignation; of renunciation, of helplessness, of submission, and despair—the doctrine of eternal stagnation. It is the mental reflection of the stagnant life of Asia, and, in turn, it acts as a preservative of the stagnation which gave it birth.

The first great teacher of non-resistance known to historians was Gautama, the Buddha, who lived in the sixth century B. C. He preached the doctrine of self-abnegation, the suppression of desires and natural impulses. His was a peace-loving and peace-giving philosophy of non-resistance to evil.

Another one of his famous sayings on non-resistance was: "If a man foolishly does me wrong, I will return to him the protection of my ungrudging love; the more evil comes from him, the more good shall go from me; the fragrance of goodness always comes to me, and the harmful air of evil goes to him."

The second clear-cut advocate of non-resistance—that is, to offer no resistance to evil of any kind—was the founder of the religion of Taoism, Lao-Tse, who lived in the fifth century B. C. He was a contemporary of Confucius. His religion or ethical teaching was "Return good for evil," and his golden rule was "Recompense evil with good."

Lao-Tse's biographer said of him that: "It is because he is thus free from striving that therefore no one can strive with him. He did not believe in interference with anything. He advocated 'non-assertion.' He assured his followers that 'through non-action everything can be accomplished.' He even advised the rulers not to interfere with the natural development of the people, but practice non-acting, non-meditation, non-interference. But, as he retreated into solitude, it is evident the rulers did not follow his advice. He was displeased with the world."

The scientific attitude is the very opposite of this Oriental doctrine. A scientist believes in resisting evil in all its forms. He believes in sanitation, and the stamping out of plagues, epidemics and famine. The scientist is opposed to any and all of the slavish submission to evils exhibited in the teaching and lives of the Orientals. True civilization lies in the opposite direction.

"War is an evil and should be resisted. How? By non-warlike measures. Aggression is an evil and should be resisted. How? By non-aggressive means. There is such a thing as a peaceful power which is more potent than violent force. Such is Passive Resistance."

It is related that Jesus said, "Resist not evil." That statement was always difficult for me to understand. From Mr. Spradling's statements it seems that Jesus

Treasury Sec. Humphrey Not Bothered By Stock Dip

By KAY TUCKER

WASHINGTON — Treasury Secretary George M. Humphrey sees no cause for serious or immediate concern in the current stock market decline or in the record-breaking private debt based on consumer credit purchases. He so reported to President Eisenhower on his recent Denver visit, adding that his attitude is one of "watchful

Wall Street's reaction has been less severe than might have been expected in the opinion of Treasury and Federal Reserve experts. It represents many fundamental differences between the "Coolidge boom" and what GOP-ers call "Eisenhower prosperity."

In 1929, millions of inept individuals gambled in stocks on a 5 and 10 per cent margin, mortgaging homes and borrowing from bankers as crazy as themselves. When prices fell below their margin commitment, they were wiped out and ruined.

Today, and it helps to account for Wall Street's relative steadiness, millions are buying common stocks as an investment, to build up a nest egg for themselves or their children. They must put up \$70 for every \$100 purchase of securities. Content with a 4.5 per cent return, they do not phone their broker to sell because of a scare headline.

Insurance companies, college endowments, trust funds and other investors are doing likewise. In fact, mutual investment firms bought more stock than they were asked to redeem immediately after the bad news from Denver. Washington studies show that there was only a slight shift in these investors' portfolios.

In official opinion, the heavy selling and trading was confined to big speculators eager to grab a

Greater Power By Labor Merger Is Questionable

By Thurman Sensing

The merger between the A.F.L. and the C.I.O. will bring together under one direction most of the 15 million organized workers in this country. It is expected by the unions concerned that this will give them immensely greater power — economically and politically.

There is considerable question about the advantage of a monopoly in any field. That monopolies have evils inherent in them, we all know. That is why industrial labor monopolies are illegal. That is why labor monopolies should also be illegal. They should both come equally under the anti-trust laws.

But is assuming a good deal sometimes to take it for granted that monopolies even give those participating in them great advantages that they otherwise would not have. Competition is the spice of business; take the spice out and you are quite likely to leave only a tasteless mass. Monopolies tend to stagnation and death by dry rot.

Unfortunately no remarkably effective new treatment has been developed for the rather common condition known as sinusitis. Nevertheless, correspondents continue to ask for discussion of this subject which Mrs. T's letter is a good example.

"My sister," she says, "suffers from extreme sinus headaches. She is 31 years old and is trying to hold on to her teaching job. Due to the damp weather here, she seems to get worse every year and I should like any information you can give me on somewhere else in the United States where a person with a sinus condition can breathe normally. This condition must be hereditary because my sister's 10-year-old son is showing the same signs."

BEFORE GOING ON to a general discussion of sinusitis, I should be said that so far as we know sinusitis is not a hereditary disease and the fact that Mrs. T's sister's son is also suffering from sinusitis should probably merely be considered as an unfortunate coincidence.

Treatments of many kinds are, and have been, used for sinusitis. Since the symptoms are often partly the result of the pressure of accumulated pus and mucus within the mucous membrane-lined pockets of the sinuses, temporary relief is sometimes obtained by washing them out, after with fluids containing drugs which shrink the membranes.

SOMETIMES germ-killing drugs such as the sulfas or the antibiotics are helpful. Operations are frequently employed, most of them aimed at enlarging the opening from the sinuses into the nose so that the mucus and pus can drain out more easily.

In spite of all these measures, many victims of sinusitis continue to suffer. Many, like Mrs. T., have written asking whether they could expect relief by changing the climate.

MIDGET SUB JOINS THE NAVY—The U.S. Navy's first midget submarine, the X-1, steams across Long Island Sound toward the submarine base at New London, Conn. The tiny five-man sub—50 feet long and seven feet in diameter—was built by Fairchild Engine and Airplane Corp. in a hangar at Farmingdale, L.I. It was designed to test harbor defense installations in American coastal ports. Standing top-side on the 25-ton craft is William Rand, engineer of the company that built the ship. The tiny craft is powered by diesel engines and batteries.

Railroad Commission Report

Four of the twenty intentions to drill filed in the Pampa office of the Texas Railroad Commission last week were for depths of over 5,000 feet. Two gasers were reported completed.

Here are the statistics:

INTENTIONS TO DRILL

Carson County

Magnolia Petroleum Co. — Fee 214 No. 117, 330 from S. 1850 from E. lines of Sec. 108, Blk. 4, IGN Sur., 1 mi. NE from Skellytown, PD 3250, (Box 50, Dallas, Texas) Shamrock Oil & Gas Corp. Sarah "A" No. 1, 990' from W. 2310' from N. lines of Sec. 1, Blk. 2, TTRR Sur., 5 mi. W from White Deer, PD 3300' (Box 631, Amarillo) Shamrock Oil & Gas Corp. — Wigham No. 10, 1650' from S. 990' from E. lines of Sec. 1, Blk. 2, TTRR Sur., 5 mi. W from White Deer, PD 3300'

Gray County
Glenn Supply Co. — L. H. Webb No. 4, 2310' from N. 1650' from W. lines of Sec. 61, Blk. 25, HGN Sur., 3 mi. NE from Denworth, PD 2600' (Box 1104, Tulsa, Okla.) The Mills Oil Co. — Davis No. 7, 1700' from E. 2310' from N. lines of Sec. 86, Blk. 3, IGN Sur., 5 mi. S from Pampa, PD 3250' (Box 558, Pampa)

Hutchinson County
R. H. Oil Co. — Irvin Cole No. 1, 2310' from N. 1650' from W. lines of Sec. 105, Blk. 3, IGN Sur., 3 mi. S from Pampa, PD 3300' (1225 Hamilton St., Pampa)

Carson County
Wright No. 16, 330 from N. 2300' from W. lines of Sec. 13, Blk. 2, IGN Sur., 4 mi. NW from Lefors, PD 3000' (Box 1069, Borger, Texas)

Hutchinson County
D. & F. Oil Co. — J. C. Short No. 2, 330 from N. 1650' from W. lines of Sec. 2, Blk. 1, IGN Sur., 2 mi. N from Lefors PD 3000' (Box 319, Pampa)

Hutchinson County
H & H Drilling Co. — J. D. Wray No. 1, 330 from N & E lines of Sec. 142, Blk. B-2, HGN Sur., 12 mi. S from Pampa, PD 3010' (205 W. Harvester St., Pampa)

Hutchinson County
C. P. & Ervin Purusley & Jim Cornutt — Lella No. 1, 400 from S. E. lines of Sec. 19, Blk. 30, HGN Sur., 7 mi. W from McLean, PD 2800' (Box 900, Pampa)

Hutchinson County
Wilcox Oil Co. — Worley No. 55, 2310 from N & E lines of Sec. 62, Blk. 3, IGN Sur., 8 mi. SE from Pampa, PD 3300' (Box 422, Pampa)

Hutchinson County
Sharples Oil Corp. — R. C. Lowe No. 1-B, 1980 from N & W lines of Sec. 138, Blk. 45, HCN Sur., 5 mi. SE from Gruver, PD 7500' (1700 Broadway, Denver 2, Colorado) WILDCAT

Hutchinson County
(Wildcat) R. H. Fulton — Bena Jones, 144 No. 1, 1980' from N & E lines of Sec. 144, Blk. 45, HCN Sur., 5 mi. S from Gruver, PD 7600' (Box 1526, Lubbock)

Hutchinson County
Carter & Carter — J. M. Sanford No. 2, 2278' from N. 330' from E. lines of Sec. 23, Blk. 7, Blk. 46, HCN Sur., 4 mi. NW from Borger, PD 3000' (1030 Milam Bldg., San Antonio)

Hutchinson County
Skelly Oil Co. — Herring "A" No. 36, 4030' from S. 8061' from W. lines of lease, E. Almaguete Sur., 7.5 mi. W from Stinnett, PD 3200' (Box 1822, Pampa)

Hutchinson County
Ada Oil Co. — H. C. Bret "B" No. 3, 330 from W. 1405' from N. lines of lease in Sec. 23, Blk. M-23, TC RR Sur., 2 mi. W from Stinnett, PD 3200' (220 Oil Gas Bldg., Wichita Falls, Texas)

Hutchinson County
A. E. Herrmann Corp. — Ellis Cockrell No. 9, 1650' from S. 330' from E. lines of Sec. 3, Blk. Y, M-C Sur., 4 1/2 mi. E from Borger, PD 3000' (204 Amarillo Bldg., Amarillo, Texas)

Hutchinson County
The Texas Co. — Julius Pahlgo-da No. 1, 1980' from N & E lines of Sec. 641, Blk. 43, HCN Sur., 5 mi. SE from Perryton, PD 8250' (Box 1730, Fort Worth, Texas) Barlow Field.

Hutchinson County
The Texas Co. — William Pahlgo-da No. 1, 1980' from S & W lines of Sec. 1007, Blk. 43, HCN Sur., 5 1/2 mi. SE from Perryton, PD 8250'

Hutchinson County
J. M. Huber Corp. — Parks "D" No. 1, Sec. 1, Blk. R-2, DP Sur., completed 10-2-55, potential 55, G-O ratio 85, G-O ratio 140, gravity 40, top of pay 2967, 8 1/2" casing 520, 5 1/2" string 3200'

U.S. Canada Rigs Up 34

DALLAS — A total of 2579 rigs were active in oilfields of the United States and Canada for the week of October 17, 1955, according to a report to American Association of Oilwell Drilling Contractors by Hughes Tool Company. This compares with 2945 reported a week ago, 3008 a month ago, and with 2581 in the comparable week of 1954. A comparison by principal areas for the past two weeks shows:

Oklahoma, 340, up 22; Kansas, 193, up 10; Rocky Mountains, 282, down 17; Canada, 211, up 19; Ark-La-Tex, 176, up 5; West Texas & New Mexico, 572 up 13; Gulf Coast, 584, down 26; North Texas, 348, up 9.

Texas, Louisiana In Lease Feud

WASHINGTON, OCT. 22—UP—Texas and Louisiana are engaged in a private feud over out-continental shelf oil and gas leases which the Interior Department intends to ignore in forthcoming federal lease offers.

Up to now the disputes have related to areas claimed by the federal government and either Texas or Louisiana. Each state claimed seaward boundaries out to 10.5 miles or more, while the federal government claimed the state boundaries extended only three miles offshore.

Texas Completes 316 Oil Wells

AUSTIN, Oct. 22—UP—A total of 316 oil wells were completed in Texas last week, the Texas Railroad Commission reported Saturday.

The latest tally by the commission brought the total for this year to 12,150 well ahead of the 9,761 oil wells completed during the same period last year.

There were 18 gas well completions, hiking the total to 909, slightly under the comparable 1954 figure of 974.

Of 80 wildcat wells reported, only one was producing oil. The remaining 79 were dry holes.

Dulles Arrives In Italy

ROME—UP—Secretary of State John Foster Dulles flew here Saturday for a 20-hour visit Italy hoped would again bring this country more firmly alongside the West at such history-making events as the Geneva Big Four meetings.

Before leaving Washington Friday Dulles indicated the United States was willing to go half way and perhaps a little more in seeking agreements with Russia to ease East-West tensions at the foreign ministers conference starting in Geneva Thursday.

The fact he was stopping here for "consultations in advance" boosted the prestige of the Italian government, which has expressed hope for a stronger voice in Western policy making. It also raised American prestige and countered a strong Communist propaganda offensive in Italy.

3135, 8 1/2" casing 423, 5 1/2" string 3135.

Magnolia Petroleum Co., Fee Land 227 No. 108, Sec. 13, Blk. 3, I&GN Sur., completed 10-1-55, potential 59, G-O ratio 630, gravity 40, top of pay 2848, total depth 3064, 8 1/2" casing 449, 5 1/2" string 3064.

Magnolia Petroleum Co.—G. H. Saunders "B" No. 12, Sec. 3, Blk. 1, BS&F Sur., completed 10-2-55, potential 103, G-O ratio 755, gravity 40, top of pay 2768, total depth 2990, 8 1/2" casing 452, 5 1/2" string 2990.
