

HE'LL LEAD FIGHT ON POLIO—Meet five-year-old Tommy Woodward, who has been named Foster Boy for the 1956 March of Dimes. He's shown here as he looks today and as he looked in 1952. At left, he offers some of the peanuts which will be sold to raise funds in the campaign against polio, Jan. 3 to 31. At right, the Baltimore, Md., youngster is shown when he was two years old. Tommy was stricken with polio when he was 14 months old. Although he'll have to use crutches and wear his braces and body corset for years to come, he smiles readily. That's why his freckled face will appear on millions of posters and collection boxes during the drive.

### R. C. A. F. Plane Crashes In France

MONTMEDY, France, Dec. 3.—UP—A Royal Canadian Air Force transport plane crashed in a mist-shrouded forest near the Belgian border Saturday killing six persons. The twin-engine Bristol aircraft carrying 17 persons plowed into a wooded hill as it approached for a ground-controlled landing at Marville Canadian Air Base. RCAF European headquarters at Metz said one other person was injured seriously, seven were hurt slightly and three were merely shaken up. The plane carried a four-man crew. One of the injured was a woman, authorities said, but they refused to disclose any further details pending notification of kin. Some of the 13 passengers, all RCAF personnel, were en route to England on leave.

The transport was on a routine flight from the Canadian base at Grosvenor, 80 miles away in eastern France, to Langer Field in England. Its home base, it was to stop briefly at Marville. French police said the weather was poor and the visibility low at the time of the crash. Canadian authorities said it was misty but "within flying limits." The plane lost contact with the Marville control tower as it prepared to land. French authorities said, and plunged into the bleak Montmedy Forest two miles south of the field. The scene is in the rugged Ardennes Mountains, about 150 miles northeast of Paris. There are few communities in the area. The crash occurred at 11:20 a.m. (4 a.m. est). Both French and Canadian rescue teams rushed to the scene where the injured survivors were given treatment.

### Navy Wives Prexy Is Under Fire

By PAUL SOUTHWICK  
WASHINGTON, Dec. 3.—UP—The case of a woman who was paid \$25 a day by the Navy to "organize" Navy wives came under scrutiny of House investigators Saturday. She is Mrs. Mary P. Paolozzi, national president of the Navy Wives of America. She was listed among hundreds of other consultants the Navy has carried on its payroll since 1953. The Navy told the House government operations committee Mrs. Paolozzi was hired for "full time employment as a consultant to visit naval installations on the east coast and promote the growth of Navy wives clubs currently functioning and to stimulate the organization of clubs in those areas where none exist at present."

### Burglary Reported

A break-in was reported to city police over the week end. One Thompson, of 732 N. Banks, left his house at 5 p.m. Friday and when he returned, at about 10:15 p.m., he noticed that someone had cut the screen to a window, prised up the window and tore down the blinds. Noticing nothing missing, however, Thompson assumed that the responsible party did not gain entrance. After a closer check, Thompson found that a Coleman camping stove and a tool chest were missing from his garage. After reporting the loss to police, Thompson was shown a .22 caliber rifle that had been found several months ago and identified it as one he had lost. When police revealed the spot the rifle was reported to have been found, Thompson drove to an old, abandoned barn in the 1100 block of Gwendolen street and found his stove. Police later found the tool box near a culvert in the 1100 block of Gwendolen.

### Religious Continent

It is true that the great living religions of the world all had their beginnings in Asia, although Christianity, which originated there, developed in the western world.

### WOC's Investigated

The committee pressed a new investigation of the administration's use of dollar-a-year men (WOCs) and special consultants. Mrs. Paolozzi was hired as a \$10-a-day WAE (when actually employed) in 1954 and later was raised to \$25 a day. She collected \$870 in pay, plus \$262 in expenses. The committee, headed by Rep. William L. Dawson (D-Ill.) has asked federal agencies for a list of all WAE's and WOC's employed since January 1953. It also has asked for a list of all industry advisory committees and an explanation of their functions, together with special public relations and management consultants. Writer Gets \$50 Daily The Navy listed a "free lance" writer at \$50 a day as a "public relations adviser to the assistant secretary of Navy for air." He collected \$2,650 in 1954, plus \$1,100 in expenses. The investigators want to know why he was hired when the Navy already has a full time public relations staff. The Air Force has used 2,481 WAE's, the investigators said, and

the Department of Health, Education and Welfare has used 3,454 WOC's and WAE's since Jan. 1, 1953. Figures for other agencies have not yet been compiled, the said.

## BEST BUY ---

**CAR LIFE MAGAZINE SAYS:**

"... from the standpoint of cost and service STATE FARM is by far your best buy in auto insurance."

"The mystery of the "best buy" in an auto insurance, the tangled web that most motorists know little or nothing about, has been solved by the editorial research board of Car Life Magazine in an exclusive article appearing in the November issue. After two months of study and evaluation of 39 auto insurance companies by the national magazine's research team, the State Farm Mutual Automobile Insurance Company of Bloomington, Illinois, was awarded the Car Life Magazine Seal of Merit Award for "the nation's best buy in auto insurance."

"When you are ready to buy your policy," Car Life found, "you need not shop for one that offers everything and a little extra. Today, all policies have standard provisions and most companies use the standard policy. But what you do need to consider is this: The kind and amount of protection your particular needs require. The cost of the policy and the reputation and stability of the company insuring you."

"However, these are by no means the only or most important factors to be taken into account in buying auto insurance," the magazine article continues. "What is important is what happens when you present your insurance company with a claim."

"Is the agent or representative easily reached? Is he cooperative? Does he represent you as well as the company? Will the company try to talk you out of your claim, or reduce it? Will you have to wait a long period for settlement? Will the company force you to go to court? In short, will your insurance policy do what it claims to do?"

Taking all these factors into consideration, the magazine editors found that State Farm Mutual Automobile Insurance Company compared better with the rigid code of specifications than any of the 39 auto insurance companies studied.

State Farm is represented in Pampa by Harry Gordon Insurance Agency.

# Patsy Jean Jackson And Don R. Pickle United In Marriage In Lubbock Church

MIAMI — (Special) — In a candlelight ceremony at 6:30 p.m. Nov. 22, Miss Patsy Jean Jackson and Don Randall Pickle were united in marriage in the Lubbock View Christian Church. Rev. E. E. Bridwell of the First Christian Church, Miami, officiated for the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. W. E. Jackson of Miami, and the bridegroom is the son of Mr. and Mrs. H. R. Pickle of Lubbock.

Given in marriage by her father, the bride wore a gown of chantilly lace and tulle over satin. The moulded lace bodice was fashioned with a tulle yoke of unpressed pleats and had short scalloped lace sleeves. The bouffant ballerina-length skirt with lace panels was styled with draped panniers of tulle caught by tiny nosegays.

Her finger-tip veil of French illusion fell from a tiara of seed pearls and rhinestone. She carried a crescent bouquet of white Fuji mums centered with a white orchid.

Miss Deanie Robinson of Lubbock was maid of honor, and Mrs. Bob R. Reynolds of Lubbock and Mrs. J. C. Holmes Jr., of Shreveport, La., sisters of the bridegroom, were bridesmaids. All wore identical gowns of bronze taffeta and tulle, styled like that of the bride. Their headresses were of bronze tulle. They carried crescent bouquets covered with light bronze quets of bronze Fuji mums.

Flower girl was Cheri Ann Jackson, of Miami, niece of the bride. She wore a dress of bronze taffeta and tulle and a headress, both identical to those of the bridesmaids.

Bob R. Reynolds of Lubbock served as best man. Ushers were Robert Caldwell and Doyle, both of Lubbock. Lewis Rix Jr. and Tommy Pickle, both cousins of the bridegroom were candlelighters, and David Pickle, another cousin of the bridegroom, was ringbearer.

The church was decorated with bouquets of bronze and gold mums, greenery and candelabra. Mrs. Ruth Fossell, organist, played traditional wedding music, and Miss Dorothy Cocanougher sang "I'll Walk Beside You," "O Promise Me" and "The Wedding Prayer."

For her daughter's wedding, Mrs. Jackson wore a plum-colored crepe dress with dusty-rose accessories. The bridegroom's mother was attired in gray crepe dress with white accessories. Both wore orchid corsages.

Following the ceremony, a recep-

tion was held in Fellowship Hall. Decorations included arrangements of bronze and gold mums. The serving table was centered with an arrangement of white and gold mums, and appointments were crystal. The three-tiered wedding cake was topped with wedding bells.

Background music was provided by Miss Jacqueline Jackson of Miami, niece of the bride. Assisting with the serving were Miss Bonnie Jackson, niece of the bride, Misses Ann Hopper and Helen Chapman, and Misses A. L. Watson and W. I. Dorman, all of Lubbock.

For the wedding trip to Sante Fe, N.M., the bride wore a brown cashmere wool suit with beige and brown accessories. Her corsage was the orchid from her bridal bouquet.

The couple will be at home at 1611 Tenth Street, Lubbock. The bride was graduated from Vandalia High School, Vandalia, Mo., and is now employed by the Ealston Purina Company in Lubbock. The bridegroom was graduated from Lubbock High School and is now attending Texas Technological College, Lubbock, majoring in business administration.

## Jane Talk

By JANE KADINGO  
 Pampa News Women's Editor

**THE VARIETY OF HOME FURNISHINGS** now available is practically endless, assuring a wide selection of merchandise which fits individual needs, individual tastes and individual pocketbooks, according to the fashion analysts of Retailing Daily. Today's trends in home furnishings are being readjusted to provide more satisfactory solutions to the pleasant as well as to the practical. "Elegance" and "warmth" are the catch words of the season.

**GENERAL TRENDS** continue in the direction of style consolidation. Traditional and contemporary design influences are merged and fused bringing in the best elements of the past and the present. This relative stability of design puts greater emphasis on choices of materials and color, which in turn contribute to the feeling for decorativeness and elegance. If the form is the same, the materials supply the freshness. Woods are warmer and more mellow; metals — silver, brass, copper — speak up for elegance; cane is increasingly represented for its lightness and luxury; tiles, mosaics, parquetry, inlays all underscore the decorative mood.

Worldwide influences are still being reflected in home furnishings. Italian Directoire is prominent; Scandinavian continues, as does Beidermeier; Queen Anne and Spanish are making a stronger bid for attention; and there are hints that new design influences will come from the Near East, from Persia, from Indo-China.

**THERE IS NEWS**, too, in shape. Sculptured forms continue to be significant in both case goods and upholstered pieces, as a means of expressing softness and warmth, and of giving all-round silhouette interest so that profile and head-on views are equally appealing. There is a continuing feeling for lightness and an airy look completely compatible with today's smaller rooms: Small cases are mounted on high legs, dual steep pieces are off the floor on legs to eliminate the bulky look, chairs also go in for the long-legged look, reclining chairs take on a lighter appearance and a greater style awareness. Wedge shapes are bowing in as a means of facilitating furniture arrangements, and pedestal bases make further fashion news.

Any look at trends in home furnishings must take into account important technical and constructional advances which have been made. One of these is the use of upholstered pieces where upholstery is applied to molded fiber-glass frames, and upholstery can be removed for reupholstered job just as in any other piece of furniture.

Senior Troop 34 met recently in the Girl Scout Little House. Mrs. H. D. Wright is leader. The girls discussed Christmas presents for their mothers. For the rest of the meeting, they continued waxing and cleaning the Little House. About 10 girls were present.

# Basketball Season In Full Swing; Harvesters Home Tuesday

## SMU Mustangs To Meet Wisconsin, Minnesota

By ED FITE  
United Press Sports Writer

Defending champion Southern Methodist, Baylor and Texas Christian carry the Southwest Conference basketball banner into the Midwest, Pacific Northwest and Deep South, respectively, this week.

Coach Don Hayes' SMU Mustangs, easy victors in two starts against small college opposition, turn into one of the nation's better outfits on Friday night against Minnesota. They'll also play Wisconsin next week before returning home.

Baylor, upset by low rated Howard Payne in its only start, nevertheless still rates as a potentially strong outfit and may fare well in a Wednesday night foray against Oregon State at Corvallis and Friday and Saturday night at Seattle against Washington. The Bears stop off in Norman Monday night to meet Oklahoma.

TCU, with its fabulous Dick O'Neal operating at better than 22-points per game pace, competes in the Birmingham, Ala., Classic Friday and Saturday and will play highly-regarded Alabama on opening night. The Frogs on Saturday night will play either Houston or Valparaiso, Ind., who meet in the other opener.

There'll also be some top-flight competition back on the home front with Oklahoma A&M meeting both Arkansas on Thursday at Stillwater and Texas at Austin on Saturday; Tulane invading Houston against Rice and Louisiana State meeting Texas A&M at College Station in Saturday night games.

In other games during the week, TCU plays Oklahoma City at Oklahoma City, A&M meets Memphis State at Memphis. Rice meets Lamar Tech at Houston and Texas engages the Phillips Oilers at Bartlesville, Okla., on Monday. SMU hosts Texas Wesleyan at Dallas on Tuesday.

Last week, SMU cut down North Texas 82 to 67 and Austin College 83 to 56. Rice bested St. Mary's 83 to 53 and Abilene Christian 82 to 43. Texas beat West Texas 83 to 73 and Oklahoma A&M 89 to 59. TCU whipped Austin College 91 to 79 but tripped over Texas Tech 76 to 64. Baylor was edged by Howard Payne 51 to 49. Arkansas lost to Iowa 53 to 45 and Southeastern Oklahoma 85 to 64 and Texas A&M

## The Odds On Bowl Games Set Jan. 2

Here are the early odds for the major bowl games, all of which will be played Jan. 2 except the Gator Bowl, scheduled for Dec. 31.

Rose Bowl at Pasadena, Calif.—Michigan State seven points over UCLA.

Sugar Bowl at New Orleans—Georgia Tech seven over Pittsburgh.

Cotton Bowl at Dallas—Texas Christian 6 1-2 over Mississippi.

Orange Bowl at Miami—Oklahoma 7 1-2 over Maryland.

Gator Bowl at Jacksonville, Fla.—Auburn 6 1-2 over Vanderbilt.

## Harvesters Open Home Season Tuesday Night

The Pampa Harvesters will open their home season in Harvester Field House Tuesday Night. The Shocker game will get underway at 6:30 with the first game on the card and the Green and Golders will host The Tulia Hornets at 8.

The Harvesters, who defeated Tulia in Tulia in their opening game of the season, should have a rough time with the Hornets as they will be coming back to avenge their defeat.

The Harvesters will be looking for their first home victory of the season and their fourth of the '55 schedule.

over Radio Station KPDD Saturday night.

The game time for the Harvester home games is set at 8 with Shocker games played in connection with the non-conference games to start at 6:30.

Season tickets are still on sale at the school business office which will include both the Harvester and Shocker games. A total of 19 games for only \$19. The Harvesters will be playing 11 of the games while the Shockers will participate in eight home games before the conference schedule begins.

## Three-Day-Old Season Loaded With Surprises

By UNITED PRESS

The college basketball season, only three days old but already loaded with such surprises as double defeats for UCLA, Fordham and Washington and a five-foot, eight-inch "runt" as the top star, whirls Monday into its first full week with a number of important test games on tap.

At least three such tests come Tuesday night when a big, important schedule includes appearances by highly touted Duquesne, Kansas, and Ohio State.

Duquesne, last year's National Invitation Tournament champion which lost All-American Dick Rickerts but still has All-American Sibungo Green, makes its season debut as a solid favorite at home against Carnegie Tech.

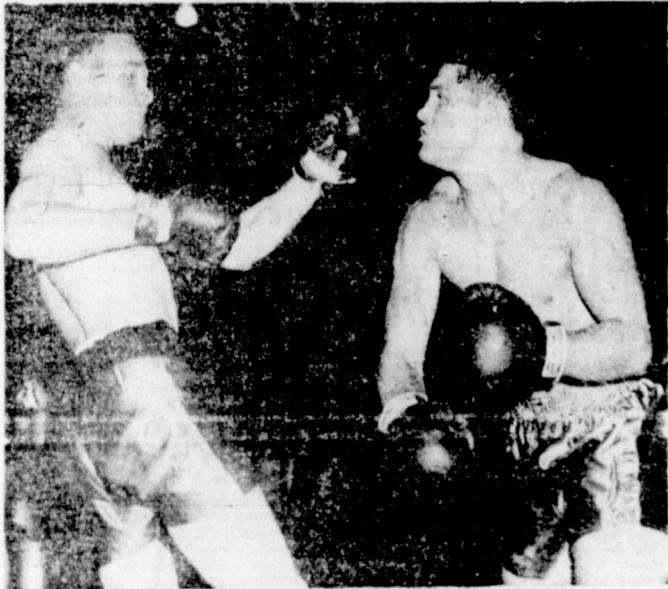

Kansas, ranked No. 20 nationally and pre-season choice for the Big Seven title, will be tested by a Northwestern team that was upset on Saturday by Michigan State 72-67. Ohio State, possessed of a leading All-American candidate in high-scoring Robin Freeman, will be sounded out by a Vanderbilt team that seemed sturdy in a 79-69 win over Texas A&M.

UCLA journeyed to Provo, Utah, and bowed twice to Brigham Young, 75-58 Friday and 67-65 Saturday. These games produced a surprise star in five-foot Terry Tebbs of Brigham Young, smallest starting player in the Skyline Conference.

Fordham's touted sopho looked greener than grass as they took an 89-71 hiding from St. Joseph's (Pa.) on Thursday, and on Saturday were nipped 72-79 by Niagara. Washington disappointed in losing to Stanford on successive nights, 72-55 and 73-68, despite a height advantage of four inches per man.

Some Other Upsets  
And the first three days produced other upsets of "big name" teams—Wisconsin (67-63 by Butler Thursday), Notre Dame (77-71 by Detroit Thursday), Baylor (51-49 by Howard Payne Thursday), Wyoming (68-59 by Montana State Friday), Oregon State (51-46 by Oregon Friday) and 53-53 by Colorado Saturday; La Salle (69-58 by Muhlenberg Saturday), and Syracuse (81-73 by Canisius Saturday).

Remarkably, the wave of upsets did not touch the nation's "top 10," except for UCLA. The other nine made their debuts successfully with San Francisco (No. 1), North Carolina State (No. 4) and Dayton (No. 6) each scoring two victories.

FIGHT DELUXE

Johnny Vineyard, left, and Bobby Wilhelm, two men who boxed for Pampa three years ago were back at it Saturday night at the Community Barn Recreation Park. Vineyard, presently a student at West Texas State, is a former McLean boy and Wilhelm is presently a student at the University of Wisconsin on a boxing scholarship. Wilhelm won the match with a TKO just before Vineyard had a cut above the eye. The bouts were sponsored by the Pampa Optimist Club. (News photo)

## Robinson Vs. Olson Friday in Title Match

TODAY'S SPORT PARADE

By OSCAR FRALEY

NEW YORK—UP—The major question which confronted Ray (Sugar) Robinson Monday as he hoped to blast the time-proved adage that "they never come back" was the degree of his physical fitness.

Robinson climbs through the ropes at Chicago Stadium on Friday night in an attempt to regain the middleweight championship of the world. Carl (Bobo) Olson, the king of the class, is a 3-1-2 favorite to beat off Robinson's bid.

Dr. Vincent Nardiello, the New York Boxing Commission doctor and Robinson's personal physician, sees it as being strictly up to Robinson's physical condition.

"It comes down to one thing," Nardiello explained. "The difference between being in great shape as a man, and in being in great shape as a fighter."

Nardiello doesn't permit his close association with Robinson to affect his analytical observations.

"Ray is in the greatest shape possible for him," the doctor said. "Nobody can expect him to be as good as he was when he was in his prime and before he retired, however. Anyone would have to show the effects of a 31-month lay-off such as he had. Understand, his reflexes aren't bad. But the question has to be: How is his timing?"

The betting gentry figure that Robinson has lost enough of that old dynamite so that he won't be able to land a haymaker on "Arms and elbows" Olson early enough in the fight. Thus, they feel, Olson will be able to come on in the late stages to win at 15 rounds.

Yet, while Robinson is 35 and Olson is only 27 by comparison, there are those who are suspects of Bobo. Since he was clobbered by Archie Moore, and he took a severe beating, Bobo has had two fights. He won them, but he wasn't too impressive.

Then there remains the fact that Robo has been tasting the extracurricular rewards of being admired by his fans. The prizefight path is not conducive to remaining at the top.

Yet many such as Walker, great fighters like Joe Louis, Benny Leonard and back down the boxing ages to Jim Jeffries and others of his day, tried to come back and weren't able to overcome that difference between "ordinary physical fitness" and "boxing physical fitness."

Whether Robinson has been able to make the transition puzzles even a medical expert such as Nardiello. Sugar Ray's overall record is the most impressive, 126 wins in 143 bouts, with 88 knockouts to his credit. Olson has won 65 of 72, 30 by knockouts.

So when they step into the ring Friday night, they will square off in a fight which has many facets.

Baseball Survey Completed  
CHICAGO—UP—Ford Frick, commissioner of baseball, announced Monday the nationwide survey of fans on what they think should be done to stimulate interest in the game has been completed and results of it will be announced Monday night. The survey was taken by an agency outside of baseball which polled fans on their feelings about ball park comforts, slow games, television, radio and various other items.

Kit Fox, the Comanche Indian from Oklahoma, has been signed to meet Leo "The Lion" Newman in a one fall 20 minute bout in support of a double main event which already has been signed for Wednesday night.

Newman and Fox have had a private feud going for the past six weeks with Newman coming out on the worst end.

## Browns Guard Title Against Rams Or Bears

The fabulous Cleveland Browns, one of the most successful teams in the history of professional sports, will defend their National Football League championship Dec. 26 against the Los Angeles Rams or Chicago Bears.

Cleveland, getting a vital assist from the New York Giants, won the league's Eastern Division title for a record sixth straight time Sunday by whipping the Pittsburgh Steelers 39-7. New York erased Cleveland's only remaining challenger when it defeated the Washington Redskins 27-20.

While the Browns qualified for a league championship for the 10th time in as many tries, the tight Western Division race narrowed down to the Rams and Bears. Los Angeles held its half-game lead by downing the Baltimore Colts 20-14. The Bears remained close behind by rallying to edge the Detroit Lions 21-20.

Los Angeles knocked Baltimore out of contention and the Green Bay Packers also bowed out although they whipped the San Francisco Forty-Niners 28-7.

The Philadelphia Eagles, who will help decide the Western champion by visiting the Bears as the regular season ends next Sunday, downed the Chicago Cardinals in Sunday's other game 27-3.

Los Angeles winds up its regular campaign by entertaining the Packers. The Bears-Eagles game will be over before the West Coast game begins so Coach Sid Gillman's Rams will know what they have to do when they take the field. Cleveland will end its regular campaign in a home game with the Cardinals while the Rams and Bears decide who will play host in the championship game.

## Angry Senators Steer Clear Of Sen. Malone

By HAL WOOD

SAN FRANCISCO—UP—In case anyone in the U.S. Senate is considering picking a fight with Sen. George (Molly) Malone (R-Nev.), they should be appraised of the fact that Malone once was matched to fight the world's heavyweight champion, Jack Dempsey.

Of course, a lot of words have been spoken on the senate floor since that time more than 40 years ago—but it still is one of Malone's fondest memories of what might have been.

"I was a student at University of Nevada in 1913 when Dempsey, then an unknown, came to Reno looking for fights," Malone, now the dignified senior senator from Nevada, recalls. "I had looked all the amateurs in the area, so was matched to meet Dempsey, who at that time weighed 165 to my 154 pounds."

"But the university authorities told me that I would be ineligible to play baseball and football if I fought Dempsey. So the match was cancelled."

"I was five years older than Dempsey; more experienced and had better boxing skill—although he had that murderous punch. I think I might have licked him."

"Anyway, I wish we had fought. It would have been a nice memory to have—win or lose."

Dempsey went on from there, of course, to win the world's heavyweight championship.

Malone continued his schooling, was with the AEF in World War I, came back and won the Pacific Coast AAU middleweight championship in San Francisco in 1920—at the ripe old age of 30.

What brought the Dempsey match to mind was a dinner party given here the other night by Marsden S. Bloise, executive vice president of the Bank of America, in honor of the senator.

It is Malone's belief that all young men should learn to box, because it teaches self reliance. "When you get knocked down in a boxing ring," he says, "you have to get up and fight again. There isn't anyone else in there to help you. You are on your own. People may boo you when you

are down, but if you come back and win they'll cheer.

"The same philosophy holds true in your life, in business and in politics."

## Special Hearings Set For Santee In AAU Checkup

LOUISVILLE, Ky.—UP—The Amateur Athletic Union will conduct a special hearing on charges against America's top miller, Wes Santee, as part of a crackdown on promoters who pay amateur athletes excessive expense money.

The AAU closed its 68th annual convention here Sunday by agreeing to re-open the Santee case in the face of criticism of professionalism in American athletics. AAU officials said the hearing will have a tremendous effect on the course of all amateur sports in the United States.

James A. Rhodes, past-president and executive board member of the AAU, said, "The day has come when we cannot besmirch a young athlete without a fair and just hearing. It takes two parties to commit a bribery. The sponsor who makes the illegal payment is just as guilty as the boy who takes it—and the AAU is lax in letting it happen."

Santee, former University of Missouri runner now in the Marine Corps, was suspended last summer by the Missouri Valley AAU registration committee for accepting too much expense money from sponsors of track meets at Washington, Philadelphia and in California.

Santee admitted taking about \$500 and listed it in his expense reports, but was reinstated by the Missouri Valley AAU board of governors.

After four days of heated discussions on the matter, the national AAU executive committee Sunday recommended a complete investigation and a re-hearing of the Santee case.

It also recommended that incoming AAU President Carl Hansen, Oakland, Calif., name special committee to conduct the probe and revise rules to permit a crack down on guilty promoters.

## Preparations Made; Banquet Time Near

PAUL BRYANT, director of athletics and head football coach at Texas A&M will be the guest speaker at the annual Harvester football banquet which will be held in the cafeteria of the high school Dec. 18.

The highlight of Bryant's illustrious career was defeating the powerful University of Oklahoma Sooners—national champions of 1950—in the 531 Sugar Bowl Game, ending the nation's longest winning streak.

His defensive strategy is termed the best. He also had Kentucky bowl teams at the Orange and Cotton Classics plus the Great Lake's bowl in 1947.

Bryant is the 19th coach at Aggieland and will begin his third year with the '56 season.

Bryant's first year at Aggieland didn't give the teams a boost but he took until the second year to

build his football machine. Texas was the only school that could keep his charges from becoming the Southwest Conference Champions and that's what the Longhorns did.

The Aggies were left in second place after their defeat at the hands of their toughest rival.

Several types of entertainment will be on hand in addition to the guest speaker.

The final plans for the banquet were made recently when the Quarterback club held its last meeting.

Tickets are still on sale at Modern Pharmacy, Malone Pharmacy and Richard's Drug. Tickets may also be obtained here at the News or from several members of the Pampa Quarterback Club.

The tickets are \$2.50 per plate and are going fast. Only 200 were put on sale to the public.

# Get Seiberling Sealed-Aire Tires On Dean Monday Deal

Remember the name. Seiberling has the outstanding new development in puncture-sealing tubelless tires: the Seiberling Bulkhead Construction. Find Seiberling at Dean Monday Service Station, 301 W. Foster, 4-4501.

The Seiberling puncture-sealing tubelless sealed-air tire provides the ultimate in puncture-sealing protection and safety; lifetime protection and lifetime balance.

**Lifetime Sealing Balance**

Bulkhead construction, developed by Seiberling and an exclusive Seiberling feature, makes the sealed-air the only tubelless tire with lifetime puncture protection and balance.

Small compartments, or bulkheads, built into the crown of the tire cover the full tread area and contain a puncture-sealant. These bulkheads prevent the flowing and shifting of the sealant...eliminate out-of-balance conditions, and give maximum puncture-sealing protection for the life of the tire.

**Dean Monday Deal**

At Monday's you get this protection, plus the famous Dean Monday deal. Dean gives you the best deal in town. Come in, talk over a trade. Dean's deal will amaze you!

Plus the deal you get these Seiberling features: perfected puncture-sealing, lifetime balance, exclusive air conditioning, extra nylon strength, extra life, greater stopping ability, the all-inclusive road hazard guarantee...no time limit.

**Seiberling Tests**

Consider these tests made on Seiberling's sealed-air tubelless tire:

- The Rifle Test:** Dan Carroll, famous rifle marksman and Remington Arms Co. expert, fired shot after shot into the tire at close range: No loss of air.
- Knife Test:** "Tex" Allen, famous knife thrower and movie stunt man, failed to flatten the sealed-air with his slashing knives. Even when gashed and slashed the sealed-air closed and healed the wounds.
- Underwater Gun:** Ricou Browning, famous movie underwater stunt man, who appeared in "20,000 Leagues Under the Sea," repeatedly pierced the sealed-air tire with a harpoon of an underwater gun capable of killing a man-eating shark. No loss of air!
- Bow and Arrow:** Roscoe Reams, big game hunter, repeatedly punctured the sealed-air tire. Arrows capable of killing wild boars failed to permanently injure

**ULTIMATE IN PUNCTURE SEALING TIRES — Dean Monday, owner of Dean Monday Service Station, displays the new Seiberling Sealed - Aire Tire which provides the ultimate in puncture - sealing protection and safety, lifetime protection and lifetime balance. Drive in Dean Monday Service Station, 301 W. Foster, 4-6501.**

**Other Features**

In addition to the bulkhead construction that provides puncture sealing effectiveness and the permanent balance the sealed-air tire has:

- Heat Vents:** this exclusive Seiberling feature provides an escape route for internally generated heat, "air conditioning" the tire. Seiberling heat vented tires are the coolest running tires made.
- Nylon Cord:** There are more cords-per-inch in the Seiberling sealed-air than in any other puncture-sealing tubelless tire. This means a stronger, safer tire...greater protection from blowouts.
- Nylon Breaker Strip:** An extra layer of nylon cord fabric under the tread cushions the tire against shocks and bruises.

**Other Seiberling Tires**

Dean Monday features this tire and new, top quality Seiberling tires. In addition to the famous Dean Monday Deal, with these

### Giles Trial Set Monday

CRYSTAL CITY, Tex., Dec. 3—UP—Former Land Commissioner Bascom Giles, twice convicted on charges in connection with the Veterans Land Program, goes on trial Monday for the third time.

Giles will face trial on one of three indictments alleging he agreed to accept bribes of \$15,000, \$8,000 and \$36,000 in connection with veterans land transactions.

Attorney General John Ben Shepherd filed a civil suit in district court at Crystal City Friday seeking recovery of \$59,000.

Giles has been free on bond during appeal of his two convictions. He was convicted at Austin on a charge of aiding in theft of state funds, and sentenced to three years in prison.

Later, he pleaded guilty at San Antonio to a charge of consenting to accept a bribe, and received a six-year sentence.

The state alleges in the three Zavala county indictments that Giles agreed to accept the bribes totaling \$59,000 from J. Paul Little, Crystal City attorney who also is under indictment.

Francis Richter, district attorney of Zavala county, will be aided in prosecution by Jim W. McCormick, special executive assistant attorney general.

**Navy Captain Appointed**

GETTYSBURG, Pa., Dec. 3—UP—President Eisenhower Saturday appointed Capt. Rawson Bennett II as chief of naval research. Bennett will have the rank, pay and allowances of rear admiral. He succeeds Rear Adm. Frederick R. Furth, who is retiring.

**Gives Hospital Horseshoe**

DENVER—UP—President Eisenhower has presented a Horseshoe to Fitzsimons Army Hospital since it brought him luck during his seven weeks there. Maj. Gen. Martin E. Griffin, Fitzsimons commander, said Sunday the horseshoe would be placed over the bed which the President occupied while recovering from his Sept. 24 heart attack. The shoe hung on the door of the President's suite throughout his stay at Fitzsimons.

## Hidden Mike Mystery Starts East-West Tiff

LONDON, Dec. 3—UP—The mystery of who hid the microphones under the Czechoslovak embassy floor flared Saturday into a spirited East-West sideline skirmish.

The British foreign office said it was a Czech Communist official. The Czechs denied it. And the British parliament will tackle the deafening mystery in a debate next Wednesday.

The story of the microphones—up to 1,100 have been mentioned—drew a new public blast from the red-faced Czechs who appeared to have been spying on themselves.

**Prompt Reply Given**

It also brought a prompt answer from the foreign office which apparently helped the Czechs in a bit of slapstick international espionage.

The mystery goes back to last March when the Czechs moved their embassy to a new building in London. At that time, the Czechs charged a group of "moving men" who were not the ones they hired, took away the listening devices from the old embassy.

The movers left without a word of explanation. The moving firm hired by the Czechs said they weren't their employees. The big question was—who were the mystery movers?

**No Guess Ventured**

The Czechs have not even ventured a guess and a British foreign office spokesman Saturday emphatically stated:

"I can say that the foreign office has no knowledge of the removal men referred to in the (Czech) statement."

But the British did tell Czechs who put the microphones in the embassy in the first place.

It was, the British said, an unnamed Czech embassy official. They said he had the mikes installed before he left London in 1948, using part of some 1,100 microphones he bought at a British War surplus sale.
