POWERFUL GERMAN COUNTERBLOWS HIT YANKS

Record Vote Polled In Early Balloting

Heavy Population Centers Swamped

Fast and furious voting the county over piled up a record total of ballots by early afternoon today and pointed toward an all-time high of 50,000,000.

As never before, the men and women who had the final say-so on the arguments over a fourth term for President Roosevelt or a first for Gov. Thomas E. Dewey, hurried to the polls to register their decision.

Between 40 and 45 per cent of registered voters got their ballots in before noon in New York City's Bronx and Manhattan districts. And it was much the same in other big cities and rural districts as well, with few exceptions.

Despite the emotions stirred by the first wartime election since 1864, voting was orderly on the whole.

New York City voting officials reported 25 per cent of the vote in by 9:30 a. m., and at most polling places 50 to 60 were standing in line.

In Pennsylvania, whose 35 electoral votes many expect may be decisive in a close election, all indications were that the total vote would equal or surpass 1940 despite the absence in the armed services of thousands of younger men and women.

Reports from other population centers across the country, such as Kansas City, Omaha, Des Moines, Oklahoma City, St. Louis, Detroit and Louisville, were similar.

Brisk voting was reported from Chicago, and in Ohio the rural turnout was described as the heaviest in history.

War plant workers, coming off the early morning "grave yard" shift, helped pile up a heavy early vote in Los Angeles. In one precinct there, 12 1/2 per cent of the registered vote was cast in the first 20 minutes.

Even the heavily democratic deep south, where voting in presidential elections often is light, reported an unusually heavy turnout at Miami, Atlanta, Birmingham and elsewhere.

Baltimore and Norfolk, big war centers, also had heavy votes.

Republican Dewey and Democrat Roosevelt, in eleventh-hour messages to the country, agreed that no matter who wins the presidency, it is supremely important to a democracy at war to pile up a huge vote.

Said Dewey in his election eve broadcast from Albany: "If everyone will vote, there can be no danger to our country. Of that I am sure—because I firmly believe in the eternal rightness of the people."

Said Roosevelt in his talk from Hyde Park: "Our boys are counting on us to show the rest of the world that our kind of government is the best in the world—and the kind we propose to keep! And so when our people turn out at the polls tomorrow—and I sincerely hope that it will be fifty million strong—the world will respect our democracy."

The bulk of the new congress that takes office next January likewise is being chosen today, and some of the best known figures in public life—and some lesser known who may serve in higher places in years to come—are offering themselves to the voters.

Treaties for peace, which require a two-thirds senate majority for ratification, may be affected by today's choices, made before either Germany or Japan has quit.

Some American units, caught in a Japanese trap along ridges commanding the trail, suffered heavy casualties yesterday. The Japanese encircled them and turned captured U. S. machine guns on the Yanks.

A slashing carrier raid Sunday (Manila time) on Manila Bay ran the total number of Japanese warships sunk or damaged since the Philippines invasion to approximately 70.

They sank a heavy cruiser, probably a light cruiser, three destroyers and several cargo ships. Fifty-eight Japanese planes were shot down over Clark Field. Most of the others were caught on the ground at five raided Luzon island air fields.

U. S. losses were not reported. Tokyo radio said 300 planes participated in this attack and 100 returned Monday. Results of the Monday raid have not been announced.

Budapest Battle Stiffens Superforts Over Tokyo Say Japs

By LEONARD MILLIMAN Associated Press War Editor Superforts reported over Tokyo again today increased Japanese fears of a mass bombing raid on their capital, overshadowing a U. S. carrier plan raid on Manila that sank or damaged six Nipponese warships and wiped out 191 aircraft.

Tokyo radio reported that the big B29s have begun bombing the southern approaches to Japan and Nipponese planes in a counterattack on the Superforts' supposed Marianas Island bases destroyed 20 U. S. aircraft on Saipan and Tinian.

Raiding American carriers and land-based planes over the Philippines smashed enemy air bases on Luzon, Cebu and Negros Islands, relieving Gen. Douglas MacArthur's invasion forces on Leyte Island of the almost continuous night-time harassing raids.

Tokyo radio reporting two Superforts over the capital and the industrial section of eastern Honshu, the main island of Japan, said no bombs were dropped. It was the third reported reconnaissance flight over the area by B29s.

The 24th division pushed down the hazardous northern trail to within 16 miles of Ormoc, remaining Japanese strongpoint on Leyte island, as American forces slowly closed a mammoth trap.

Both Parties Are Confident Of Win

By The Associated Press Vice President Wallace—President Roosevelt will carry two-thirds of the states, attain a hundred more electoral votes than the 266 he needs and a margin of at least 3,000,000 in the popular vote.

Gov. John W. Bricker of Ohio—"My considered judgment is that Thomas E. Dewey will be elected president."

Democratic Chairman Hannegan—"Dewey" will carry fewer states than Wendell Wilkie four years ago. Wilkie won 10 states with an electoral vote of 82.

Republican Chairman Brownell—"Everything confirms my Sunday statement that we can not concede a single state, outside the solid south, because of the trend to the Dewey-Bricker ticket."

Lay and clerical delegates from the First and Wesley Methodist churches will leave Wednesday morning for opening of the annual Northwest Texas conference at Sweetwater later in the evening.

With them they will take some of the best reports in years, both in addition and finances.

Residents Asked To Contribute To Paper Drive

Citizens of Big Spring are asked to leave their scrap paper on the curb in front of their homes to be picked up by school children and taken to their schools. This arrangement was announced by Lt. David Tiger and Sgt. E. K. Henderson of the salvage office at the Big Spring Bombardier school Monday.

Plans have been completed for a paper gathering contest in the grammar schools in which two pupils from each grade of each school bringing in the largest amount of paper will be conducted through the Big Spring Bombardier school.

A similar arrangement was made at Coahoma with the exception that the entire consolidated school system will be included and the winners will be the one room or class which collects the largest amount of paper.

An honor roll will be published each Sunday in the Herald listing the winners for the week.

Superintendent George Boswell said this week that due to the acute shortage of paper, the Coahoma school system has been unable to obtain textbooks which were ordered some months ago.

Publishers told him that the order could not be filled before April.

Lt. Tiger expressed the hope that the contests will help in some measure to bring the waste paper around the Big Spring area for salvage, as it is vitally needed in the war effort.

Million Texans To Vote Today

By The Associated Press A million Texans, men and women, faced democracy in the voting booths today.

They surged to the polls, motivated by one of the bitterest campaigns in the state's history and by the necessity of choosing a president. The choice, with the grim backdrop of a world at war, was more deadly serious than ever before.

The issue of the presidency overshadowed all else as the test of the three strongest parties was placed at last with the people.

The test was whether Roosevelt shall have a fourth term. Behind him was the might of the democratic party in Texas, a power beaten only once, that time in 1928 when Texas swung their weight for Herbert Hoover against Al Smith.

Turning out in campaign-heated strength today were anti-fourth term forces—the republicans, intent on victory for Dewey and Bricker, and the Texas regulars, feverish to oust Roosevelt at any cost.

Despite predictions, the republicans and regulars had failed to get together and the regulars, disident element of the democratic party, pinned their hopes on a belief that neither Roosevelt nor Dewey will obtain the required electoral votes. Texas has 23 of the 531 electoral votes of which 266 constitutes a majority.

Voters were confronted with a newspaper-sized ballot. Republicans oppose democrats for 10 of 11 state offices. The exception is the post of commissioner of agriculture. B. J. Peasley of Tyler is running against incumbent Coker R. Stevenson for governor. There is a republican ticket for 12 of 21 congressional posts and a scattering of republican candidates for state legislative seats.

The regulars have no nominees for state offices. The closing moments of the campaign were punctuated with predictions of victory from all sides.

Roosevelt Casts Vote

HYDE PARK, N. Y., Nov. 7 (AP) President Roosevelt—"occupation, tree grower"—cast ballot No. 251 in Hyde Park's old town hall shortly after noon today.

The president drove to the town hall from his nearby estate with Mrs. Roosevelt who followed him in to the voting booth. Their daughter, Mrs. Anna Boettiger and her five-year-old son, Johnny, were along for the ride.

San Martino Is Taken By Polish Troops In Italy

ROME, Nov. 7 (AP)—Polish troops of the Eighth army have captured San Martino and Marignano in the mountains south-west of Forli, Allied headquarters announced today.

Several important hill features were seized.

Elsewhere on the Italian front the main activity of both sides was patrolling.

The Mediterranean Allied air force hit communications and close support targets in the battle area.

Enemy Thrusts Are Thrown Back

LONDON, Nov. 7 (AP)—A fierce, swaying battle raged today in the center of Vossenack, strategic town barring the American path to the Cologne plain, with doughboys holding the lower end of the mile-and-a-half long village 13 miles southeast of Aachen.

Germans and Americans were fighting hand-to-hand in a church in the heart of Vossenack, and bombers and artillery were beating at Nazis in houses in the northern section, a front dispatch declared.

A supreme headquarters dispatch earlier said First army troops had won back the last half of the town, lost to a German counterattack Monday, but front dispatches said fighting of unexcelled bitterness continued there and near the flanking towns of Hurtgen and Schmidt.

"The Germans have strengthened the already formidable forces they had," in Vossenack, said an Associated Press correspondent just outside the town, "and now the struggle is as savage as was the struggle for Aachen, and one of much greater scope."

In the entire area the Americans are striving to fight clear of the Hurtgen forest and onto the Cologne plain.

In southwestern Holland the last enemy units south of the Maas (Meuse) river were being mopped up. There still were small groups of enemy troops around the southern approaches to the Moerdijk bridges, which the Germans have demolished, and nine miles to the west at Willemstad, the site of an escape ferry.

Virtually all of Walcheren island in the Schelde estuary now is in Allied hands. Middelburg in the center of the island and Veere on the north coast have been captured, the Allied communique reported.

Enemy units still were hiding out elsewhere in the flooded interior but Allied mine sweepers and dredges already have begun clearing the 50-mile Schelde estuary approach to Antwerp.

In southeastern Holland, where British and American troops have been retaking slowly the positions they lost to a sudden and powerful German counter-thrust west of the border city of Venlo, the action had subsided, temporarily at least, into desultory artillery duelling.

On the western front between Aachen and the Swiss border, American and French troops continued to press their attacks forward to new gains. The village of Herbeville 11 miles east of Luneville was taken. Several towns and villages fell to the Allied troops of the Sixth army group in the Baccarat sector immediately to the south.

Enemy resistance was more stubborn in the Vosges mountains west of Geradmer, but there also advances were made. The communique reported that "in the maritime Alps we have made gains at several points, and now hold high ground along the Italian frontier."

All of these ground operations had close air support.

Crude Production Week Declines

TULSA, Okla., Nov. 7 (AP)—United States crude oil production declined 18,450 barrels daily in the week ended Nov. 4 to 4,719,350 barrels daily, the Oil and Gas Journal said today.

Texas output dropped 550 barrels daily to 1,232,800; East Texas, 1,900 to 369,400; California, 7,900 to 875,350; eastern fields, 150 to 67,950; Kansas, 26,700 to 260,200; and Michigan, 1,650 to 46,250.

Production in Oklahoma increased 12,650 barrels daily to 360,000; Louisiana, 900 to 363,950; Illinois, 2,500 to 203,400; and the Rocky Mountain area, 450 to 129,600.

Earl Of Strathmore Dies At Glamis Castle

LONDON, Nov. 7 (AP)—The Earl of Strathmore, 89, father of Queen Elizabeth of Great Britain, died today at Glamis castle, his home at Forfarshire, Scotland.

Lord Strathmore had been ill for about a month, but his condition took a serious turn over the weekend and became critical last night.

Hammonds Principal Speaker At Meeting

Walter Hammonds from Tye, Texas, will be the principal speaker at the State Farm Bureau meeting to be held here November 10. Hammonds is to bring with him other outstanding Farm Bureau leaders from the entire nation.

Dward Lewter, county agent, stated that a dinner for the group was being planned, but as yet no place or definite time has been decided upon.

The meeting will begin at 10 o'clock Friday in the district court room, and will last through the day.

CHECK UP JUST IN TIME SAN ANTONIO, Nov. 7 (AP)—Bexar county officials hastily appointed a new presiding officer in one polling place today.

This was after they discovered the original appointee had been deceased for several years.

Howard County Heads For Another Record Vote In Today's Election

Howard county appeared heading for another heavy general election vote Tuesday as voters passed on presidential and other candidates and three state constitutional amendments.

At noon well over 1,000 votes had been polled in five Big Spring boxes. Balloting will have to continue heavy throughout the day to reach the 4,876 record established in 1940.

Because of the size of the ticket and the fact that some are being split, tabulation of the ballots likely will be slowed considerably. However, at noon most boxes were staying remarkably close to the rate of voting.

Heaviest voting is anticipated from 5 p. m. to time for poll closing at 7 p. m.

Unofficial reports indicated the preponderance of local votes were

for the straight democratic ticket, which conformed to the reported unofficial trend over the state.

Large numbers of votes in at least one box were in danger of being classed as "mutilated" and ineligible for counting because of failure to mark ballots properly. Election officials urged that care be exercised in marking ballots — to make sure that all electors and candidates and amendments not wanted are scratched. In voting straight tickets this may be accomplished by vertical lines from TOP to BOTTOM of columns. In voting split tickets, electors or candidates not desired should be scratched.

Absentee totals rose to 384 Tuesday with arrival of three more overseas servicemen's votes. County Clerk Lee Porter said others might be on afternoon airmail.

Hitler To Make Talk Tomorrow In Berlin

LONDON, Nov. 7 (AP)—The official German News Agency DNB, which usually closes down nightly at 9 p. m., eastern war time, told its European subscribers it would remain open all night. Apparently DNB planned comment on the United States election.

(A Berlin dispatch to Stockholm quoted Nazi party leaders as saying Hitler would make an important speech tomorrow, on the eve of the unsuccessful Munich beer hall putsch of 1923, the OWI reported.)

Women Wield Powerful Club In Nation's Vote

By Charlotte Phelan Associated Press Staff

Women will wield a ponderous ballot at Texas polls today.

In one of their most active political years women have stumped as well as men. Their speeches and predictions have been just as good—and so have their campaign promises.

A women led the far-reaching rebellion at the state democratic convention at Austin last May. Another sits as co-chairman of the state democratic executive committee. Thousands of others today were charged with their share of an estimated sixty per cent of the nation's voting responsibility.

What prompted women to assume heavier roles in turbulent Texas politics? What made them lead in instances where formerly they had followed? How will their new impetus and the issues they championed stand the acid test of the election box today?

Mrs. Alfred Taylor, Austin, who led the pro-Roosevelt bolt of the state democratic convention—"The war has sharpened women's responsibility as citizens, and a greater number will express that responsibility by voting. x x x Here in Texas President Roosevelt will carry from 75 to 80 per cent of the votes. x x x Texas' political struggle this year was very valuable because it aroused in voters a greater interest in campaign issues. Many for the first time became alert and active participants in their political parties."

Mrs. Cecil Smith of Sherman, 78-year-old Texas regular elector—"I don't believe women should have been given the vote in the first place. I didn't think it would do any good then, and I know it doesn't now. x x x Hysterical women will reelect President Roosevelt because they think he is indispensable at the peace table. x x x I don't believe anything should compete with women's natural function as mother and wife. Politics certainly does."

Unofficial Report Shows Fund Increase

An unofficial report showed Tuesday that \$500 more has been collected for the Community War Chest drive, bringing the total to approximately \$24,500. The drive officially closes November 10, leaving only three days to meet the quota of \$28,800.

Two additional firms have contributed 100 per cent to the drive. The firms are Albert M. Fisher department store and The Big Spring Daily Herald, including the route boys.

Drive officials at Knott reported that a rally was held Saturday, and the drive will be pushed through Friday.

Letter To Editor—Hart Avers Fans Fancy His Letters

Dear Editor:

I noticed in yesterday's Herald where we have a Herald reader No. 2. As I paid my respects to the first one I feel that I should offer my congratulations to this second one. I wonder if they are twins. I am handicapped in writing this letter by not knowing just who or what I am directing my remarks at. Well, I suppose he or she is a disciple of O'Daniel. My name is the same as it was when I crossed the Arkansas river about

half a century ago and I think Arkansas is still a good state to be from. I have been in and around Big Spring for about 25 years so I do not consider myself a new-comer. Seems to me I remember a man from Kansas who came to Texas and got to be governor and then US senator.

No. 2 says he would like my letters if they were not so silly. I think he should overlook that fact for how can he expect me to write otherwise when I do not know who to go to for wisdom? Surely, you do not expect me to go to all Herald readers in order to find No. 2, whose chief claim for fame is that he voted for O'Daniel five times and is voting for Dewey in the present campaign.

One man told me my writup of the O'Daniel speech suited him better than anything he had read in a long time and another said he cut out and saved every article I write. I guess it is because they are so silly.

When I was a small boy in Arkansas I would take my dog and find rabbits in hollow trees or logs and then twist them out. Sometimes I twisted out surprises. I think again I have caught the wrong kind of rabbit.

Well today is election day and I hope that No. 1 and No. 2 Herald readers will go to the polls and vote for whoever they please. Whoever wins, let us feel if we did our duty and if our candidate lost, we still have just as good president as the other man. Let's lay aside all bitterness and each one do our part so as to get this war over as soon as possible and live in peace ever after.

Respectfully,
W. H. HART

Dewey Ballot Placed

NEW YORK, Nov. 7 (AP)—Governor Thomas E. Dewey cast ballot number 257 in an East 48th street polling place shortly after noon today and thus closed his campaign for the presidency.

The governor, accompanied by attractive Mrs. Dewey, arrived in New York City from Albany shortly after noon and went immediately to the polling place where a crowd applauded their arrival.

Entering an automobile tourist bureau, which was a temporary polling place, the governor and Mrs. Dewey proceeded to take their place in line to await their turn for a ballot, but several persons who were standing there insisted that they vote immediately.

STATE OFFICES CLOSE

AUSTIN, Nov. 7 (AP)—All state offices were closed today because of election day. Gov. Coke R. Stevenson was in Junction to cast his vote. Many other department heads had returned to their legal residences here today.

Mrs. Dewey Spends Day With Husband

ALBANY, N. Y., Nov. 7 (AP)—Mrs. Thomas E. Dewey, a little tense looking, planned to spend the fourth election day she's gone through with her husband, by his side.

In their campaign headquarters at the Roosevelt hotel, New York, she will help to keep the election score sheets straight.

She has seen him win as district attorney, lose the New York governor's race, then win it. And now that he is running for the highest office in the land she is facing the day with a single comment—a seasoned trooper's expression—she's "confident."

Publicly, through the campaign, she has played the role of the silent and smiling wife. But behind the scenes, Dewey aides say, she was the last to blue-pencil her husband's speeches, and in several instances made last minute changes which were considered "valuable" by his managers.

Mrs. Dewey planned to see her two sons, Thomas, Jr., 11, and John, 8, through an early breakfast today at the governor's mansion and then enjoin with her husband for New York City, where they will vote at a polling place at 108 E. 48th street around 12:20 p. m.

Then she planned to accompany him to their hotel suite to await the returns with a few close campaign aides.

FIREMEN HAVE TWO CALLS

Big Spring firemen answered two calls Monday afternoon. The first came in at 2:45 p. m. and was a house at 1206 West 3rd street belonging to Homer L. Bibby. There was damage to one room and the blaze was started by a shorted electric wire hanging over a nail. The other call at 4:20 was a trash fire in the Lincoln addition. The fire, which was begun by children, caused no damage.

GIBSON STICKS TO OFFICE

AUSTIN, Nov. 7 (AP)—Campaign Manager Merritt H. Gibson of the Texas regulars and his assistants stuck close to the telephones at party headquarters here today.

Mrs. Roosevelt To Have Early Dinner

HYDE PARK, N. Y., Nov. 7 (AP)—Mrs. Eleanor Roosevelt planned an early dinner for her family and later a scrambled egg snack as the traditional election night fare at the Roosevelt Hyde Park mansion.

She said the household would spend the evening listening to election returns and that she would "stay up as late as the president."

Her daughter, Mrs. John Boettiger, and five-year-old grandson, "Johnny," were the only other members of the family present. The four Roosevelt sons in the armed forces are out of the country.

Mrs. Roosevelt once remarked that scrambled eggs is a favorite dish of the president's and that election day at their home is "arranged the way he wants it."

Village neighbors were expected to drop in during the evening, as they have in past years, to mingle with political associates and Washington friends in the spacious old family residence.

State Champions Roaring Toward Second Pennant

Out of the running for the district title but not out of the fight the Big Spring Steers play host Friday night to the most potent football machine on state high school gridirons as the No. 1 team of Texas schoolboy football, the San Angelo Bobcats, rolls into the local stadium for a continuation of their conquest for a second consecutive district flag and the state trophy.

The Bobcats have smothered everything in District 3 this season by big scores, and with the exception of an early-season upset at the hands of Lubbock by the narrow margin of 7-6 the felines have rolled over all other opposition.

Such teams as Amarillo and Denison from other districts have felt the fury of the Bobcat onslaught while Midland discovered it 49-6. Odessa played a futile night of ball before falling 47-0, and Lamesa wasted a trip to San Angelo to loss 83-0. The Steers will be the fourth conference foe of the champions before they meet Sweetwater and Abilene in the coming two weeks.

In summing up the Steer chances Coach John Dibrell made one of his very few statements of the year for the public when he said "you can quote me as saying we are going to try and upset them. I saw Angelo play their last two games and they have a great ball team. However we are not giving anything away here, and I promise a good ball game from the Steers."

The locals are slated to be somewhat hampered by the partial handicap of Hugh Cochran, who broke his hand in early season play and had to place it in a cast, and also the loss of Ed McLaren will be felt. The former player's injury will knock the scoring chances of the locals but local players and coaches are confident that the Bobcat offense can be stifled somewhat, and that they can be scored against.

It has been asked by officials at the high school that every person desiring a ticket buy them during the early part of the week. A sell-out crowd is expected to see the two teams in action, and to avoid confusion and delay later in the week, as well as to assure the individuals of a seat, this request was made.

Sliding Down The Sports Chute

with BILL

Blondy Cross has come out with something new, I believe, in the annals of football ratings. . . and has turned up with a choice that only the unbeatable Blondy could give. The pickings he made were not surprising, considering their selector, but I must admit that for a moment or so I was really flabbergasted that even Blondy could show that much bluff.

In choosing his top ten teams in the week's roundup of opinion for Harold Ratliff, Mr. Cross chose the San Angelo Bobcats as the No. 1 team. That was not surprising as I did the same. But down at the foot of the list, in the No. 10 spot, guess who Blondy listed . . . the San Angelo Bobcat SECOND TEAM!

That one really got me, but as confessions are supposedly good for the soul he may be correct on that score. The Bobcats certainly have the power on their first two teams, but I wonder if Blondy ever considered what would happen to the second string if the starting lineup did not go in first to pound the Bobcat foes into quick submission?

While discussing the ten best teams in the state here are my listings for that select group.

1. San Angelo.
2. Waco.
3. Highland Park.
4. Austin.
5. Amarillo.
6. Lubkin.
7. Sunset (Dallas).
8. Paschal (Fort Worth).
9. Abilene.
10. Kerrville.

And there you have it. I hope that my selections have not disrupted the one-track mind of Blondy, but feel that perhaps it is just wishful thinking on his part to say that the second-string Cats could end up in the quarter-finals of the state playoffs, as that is just about what it would amount to. Oh no . . . not even San Angelo could do that.

While on the subject of San Angelo it might be the proper procedure to mention the fact that the self-same team will rumble into Steer stadium Friday night to present what will probably be one of the classiest exhibitions seen on those grounds this year. The Cats are rolling right along toward their second district championship in two seasons, and even their cocky attitude will not let them underrate a Steer team that has not-so-good a record this year. They will probably turn on the fireworks with all the power they have this week, and especially so during the opening quarter.

The game should be worth visiting, and tickets had better be grabbed now because they will probably go like hot cakes, if not faster what with San Angelo followers as well as local rooters out to see the Steers try and stop an offense that has run rampant over everything in the district this year.

If West ward and College Heights can come through with wins this afternoon in the junior football league local fans will get a chance to see the youngsters in action some night very soon in a play-off match. The two teams are undefeated to date, but in the game two weeks ago when they clashed it ended in a scoreless battle with statistics just about

Yearlings Invade Midland Thursday

Closing their year's competition the Big Spring Yearlings this week invade Midland for a last fling at football in 1944 to play the Pups of that city and try to overcome a stubborn eleven that held them to a 7-7 deadlock earlier this season.

The Yearlings showed marked improvement in last week's game with the return of Horace Rankin to their ranks, and the diminutive but powerful tailback added the touch needed to run and pass the locals to their victory. His position on the team tonight moves the locals into the favored slot, as his performance is due to add the needed scoring spark to a here-to-fore potent but "lacking-something offensive that has dropped one game and wo two this season.

Aiding in carrying the local colors to Midland will be Pete Fuglaar and Wesley Rogers at the guard positions and Marvin Wright at the tackle slot. These three lads have contributed a lot to the winning ways of the Yearlings this year with outstanding defensive play, and with Fuglaar doing some nifty running in more than one game when given a chance to lug the ball by a fast-thinking quarterback who has shown a goodly amount of brainwork in "mixing 'em up" to give foes a handful of headaches in figuring "where the next one was coming from."

In the backfield to lend plenty of aid to Rankin and to offer a constant threat in down-in-the-line plunging and fast shifty running will be Ervis Campbell, Paul Shaffer, Gordon Madison, and George Worrell. These four boys were the original starters before Rankin's return with Worrell and Shaffer now alternating while Rankin does the heavy work.

Ramblers Named As Best (On Texas Grid

By The Associated Press
Randolph Field's mighty Ramblers, unbeaten, untied and unruffled and with 296 points in six games—an average of more than 49 per game—runs into an outfit of tough proportions this week when the Filers meet Maxwell Field of Alabama at San Antonio.

Included in the Maxwell roster are Johnny Clements, who won fame with his passing game at Southern Methodist; Darrell Lester, all-America center at Texas Christian in the thirties; Billy Hughes, who played at Texas, and others well known in this section.

The Maxwell record does not indicate it will stop the great Randolph outfit but the Maulers should furnish a little competition for the Ramblers for a change.

Amarillo Air Field, which had been making big plans and had a good record, including a narrow loss to the mighty Naval Zoomers of Norman, Okla., met its Waterloo Sunday at the hands of the Second Air Force, which also had lost by a touchdown to the Second Air Force. The Glen Dobbs powered Second Air Force outfit smashed Amarillo 46-6. Amarillo is due to rest this week and probably needs it.

It would really afford some nice entertainment for local boosters, and if you think those kids don't give out with some nice performances just drop around to Steer stadium between 4 and 6 p. m. today and see for yourself. See you . . .

Finals Slated Today In Junior Football Circle

Into the final round of play go Big Spring's junior football aggregations today with once-beaten Central playing unbeaten West ward in what will probably prove the classic of the day in the finale of the afternoon and possibly of the year. The change in time was made to get the field in condition for the Angelo-Steer game Friday night.

Opening the day's play College Heights takes on South ward in what will be an easy win for the undefeated team wearing white shirts, over the little eleven from the southside who haven't scored a point this season.

In the second game East ward will clash with the North team in another game that will probably be full of thrills and classy football, although the game has no bearing on the championship.

East ward has dropped three games this season. The second one was lost because of an overweight player after the husky green-shirted team had nosed out the Central ward eleven 7-6. This knocked East ward from a possible chance at the title as West ward downed them 13-0 last week, and College Heights opened the season with a 24-0 win.

The North ward won their first one last week, running up a 40-0 margin over the Southside eleven. Central, receiving one game on a forfeit by the East team, played College Heights off its feet last week but a lucky pass bounced out a halfback's shoulder into the waiting arms of one of the hilltop's receivers and cost them a 6-0 game. They stand a chance to down the West team and knock them from a play-off chance at the title, but the Central eleven has no chance to take the pennant. This game is billed as the day's best.

US Tables Won't Feel Food Shortage

By CHARLES C. HASLET
(Substituting for Jack Stinnett, who is ill.)
WASHINGTON — The United States will be called upon to furnish food to Europe for a year or two after the war, but Agriculture Department experts say it is unlikely this will slice any appreciable amount from each American's portion.

Those who have been investigating say that to maintain even as little as a 2,000-calorie diet for the needy urban population of continental Europe and to continue sending food to Russia and the British Isles will take a minimum of 21,000,000 tons of U. S. farm products.

The 21,000,000-ton estimate may be modified if military supplies become available for European civilian relief. This figure, the food officials say, is still far short of the food and feed shipped into Europe in an average prewar year, but requirements are expected to expand rapidly.

The most immediate and pressing need, the analysts believe, will be in western Russia, Eastern Poland, parts of Western Poland, Yugoslavia, Albania and Greece, and in urban areas of several other continental nations.

Eventually, they say, imports must be stepped up if minimum requirements are to be met in Belgium, Norway, Austria, the Netherlands, Finland and France.

Information at the department indicates that the wartime diet of the average European civilian has dropped 15 to 20 per cent under the prewar average of 2,500 calories a day. The present American consumption is estimated at 3,000 a day for adults.

However, millions of Europeans have been living on from one-half to two-thirds of their prewar calories because Germany has taken large amounts of food.

The bulk of the exports to Europe in the early prewar years, the officials say, will have to come from the countries which have the supplies—such as the United States, Canada, Cuba, Brazil, Argentina, French North and West Africa, South Africa, Australia and New Zealand.

At present the United States is furnishing about one-third of the meat going into world trade, and it is believed any increases in European meat imports probably would have to come from South America.

Life's Darkest Moment

Ernie Pyle: Striking Contrast Pictured Of Actions Of Wounded Doughboys

(Editor's Note: This is the 49th of the Ernie Pyle war dispatches that are being reprinted during Ernie's vacation.)

ON THE WESTERN FRONT. August, 1944—The soldier had a white bandage around the calf of his left leg. He had loosely laced his legging back over the bandage. He said the wound "didn't amount to a damn" and he wished they hadn't sent him back from the lines. He said he had gone through Africa and Sicily without getting wounded and now he'd got nicked. He was disgusted.

He had found some long, crooked, raggedy French cigars, and he kept lighting these funny-looking things and putting them about three inches into his mouth. He wasn't nervous in the least. Capt. Lucien Straw, the battalion surgeon, started to put him in a jeep to go back to the aid station, but the soldier said: "Now wait. I know where there's two more men wounded pretty bad. One of them is a lieutenant who just got back from the hospital this morning from his other wound."

The doctor and I sat a while on the stailway inside the farmhouse, for shells had started hitting just outside again. But in a little bit the doctor got up and said he was going to see how the stretcher party was getting along. I said I'd like to go with him. He said o.k. There was a lull in the shelling as we crossed the field, but the trouble with lulls is that you never know when they will suddenly come to an end.

How The Japs Took Manila

By RUSSELL BRINES
(AP correspondent formerly in the Orient who was captured by the Japanese in Manila. Because of current developments, his story is of special interest.)
AP Newfeatures
Smoke from demolition fires hung like a shroud over bomb-scarred Manila, apprehensively awaiting the Japanese army.

Nearly 6,000 Occidental civilians and 60,000 Filipinos were trapped at the mercy of Gen. Masaharu Homma's conquering hordes. Americans stood in clusters on street corners, peering anxiously toward the blank horizon. Offices and stores were locked. Small bands of Filipino looters, swept by hysteria, smashed windows and grabbed everything they could reach.

Finally, in the late afternoon of Jan. 2, 1942, the Japanese vanguard of high officers roared through the city in a five-car parade of stolen vehicles. They raced to the Manila hotel to establish headquarters.

"Oh God," said a woman, "let's hope they're decent." No more came for a couple of hours. We were still fearful. The horrible story of Nanking had been repeated endlessly. There was nothing to prevent a duplication of its murder and rapine.

The city had lain inert for a week before a virtually unopposed Japanese army, rolling from the south. American and Filipino forces were withdrawing for their gallant last stand on Bataan. Manila was an "open city," twice bombed after its defenses were removed.

Seeking the reassurance of numbers, American civilians doubled up with friends. They slept in bathtubs and on the floor, and ate carefully-rationed canned goods. More than 300 men, women and children lived in the Bay View hotel. We had limited ourselves voluntarily to two meals daily, to preserve supplies. Guests worked in the kitchen, because most of the Filipino help had fled to the country.

After nightfall on occupation day, some of the Japanese troops arrived. Preceded by scouts on wheezing motorcycles, they came in confiscated buses, singing, shouting, triumphant. With them were Japanese civilians, released from internment camps, who

waved paper Rising Sun flags. Japanese Flag Frown
One group of officers moved into the U. S. high commissioner's building, across the street from the Bay View. Suddenly, the floodlights were turned on. A squad of soldiers woodenly marched to the flagpole and ran up the Rising Sun. Our flag had been hauled down the day before and burned to prevent its capture.

That moment brought unequalled despair to all who saw it. It climaxed a week's sad drama, when American defeat in Manila was signalled by a series of explosive demolition fires, starting with the awful destruction of the Cavite navy base at midnight Christmas eve.

Fuel dumps, supplies, military bases were destroyed this way. The next morning, numerous Japanese flags hung over the deserted city. Bayonet-carrying sentries stood on nearly every corner.

The first Japanese to visit the Bay View was a polite lieutenant. Through Japanese-speaking guests, he said we were to be confined within the building. A guard of shabby privates was posted at the front door.

We remained there two days, restlessly waiting. A score of Japanese, most of them courteous, came to the hotel for keys to automobiles parked nearby. Soldiers combed the city to confiscate every Occidental-owned vehicle. Inexperienced peasant-drivers promptly smashed most of them.

The conquerors at once started the ruthless exploitation that they extended to all the islands and their residents.

Summers Faces Stiffest Test In Texas Election Against Turner

By The Associated Press

Twelve of the democratic nominees for congress in Texas were matched on the general-election ballot today (Tuesday) against republicans, but the one most vigorously opposed has been Rep. Hutton W. Summers, chairman of the house judiciary committee.

An active campaign was waged against Summers in the fifth district by a fellow-townsmen, Charles D. Turner of Dallas, republican, described by many supporters in speeches for him as believing in Jeffersonian principles of democracy.

Turner in campaign speeches said frequently that Summers had been an anti-new dealer at home, but had voted with new dealers when he was in Washington. Summers made no stump campaign, but in introducing Senator Tom Connally for a democratic rally in Dallas said "a fellow gets tired of being lied about x x x The republicans are trying to run a decent democrat out of his congressional district."

Democrats, all incumbents without opposition, and thus returned, were Speaker Sam Rayburn of Bonham (4th district), and Reps. Wright Patman of Texarkana (13th), George Mahon of Colorado City (19th), Paul Kuykendall of San Antonio (20th), Milton West of Brownsville (15th), Luther Johnson of Corsicana (10th) and Fritz Lanham of Fort Worth (12th).

The clearest months in the Philippines are April and May.

Glaze Dies After Lengthy Illness

Major John Lyle of Corpus Christi, in district 14, who defeated Rep. Richard Kleberg of the King ranch family in the first democratic primary, also has no opposition in the general election.

Other neophytes among the democrats as nominees for national office in this state where, with few exceptions, the democratic label has meant election, are Judge J. M. Combs of Beaumont and Tom Pickett of Palestine. Combs succeeded easily in the primaries to the place left by Rep. Martin Dies when Dies did not reoffer for election, and Pickett beat the veteran Nat Patton.

Admiral Charles Mason Visits Mexico City

MEXICO CITY, Nov. 7 (AP)—Three suites in one of Mexico City's best hotels had been reserved today by the defense ministry for Admiral P. Mason, commander of the U.S. Naval Base at Corpus Christi, and eight officers who, it was said, will accompany him.

Owing to the lateness of the hour, details of Admiral Mason's visit were not obtainable.

Glaze Dies After Lengthy Illness

John Thomas Glaze, 57, died Sunday at 11.10 a. m. in his home on the Lamesa highway after an illness that began in July.

Mr. Glaze was born June 26, 1887, in Georgia, and he married Mrs. Lovie Swindie in 1906. He lived in Tarzan before moving to Big Spring three and a half years ago when he established a general merchandise store in the Hiway community.

Survivors include the widow; three daughters, Mrs. Victoria Taylor, of Lamesa, Mrs. Sybil Handolph of Houston, and Miss Noble Glaze of Big Spring; three sons,

Speculation Is Begun On Bowls

By TED MEIER
NEW YORK, Nov. 7 (AP)—College football took a back seat today to the presidential election, but within the next few weeks the air probably will be filled with guesses on what teams will play in the various bowl games on New Year's Day.

This is the way things shape up now according to information from unofficial sources:

Rose Bowl (Pasadena, Calif.)—The Nov. 25 game between Southern California and University of California at Los Angeles (UCLA) is expected to decide the Pacific Coast representative. The winner will invite an eastern team with Tennessee reported as the likely choice. Last year USC trimmed Washington, 29 to 0, before 68,000.

Sugar Bowl (New Orleans)—Tulane, Georgia Tech, Mississippi State and Tennessee being considered as southern representative. Committee would like a Western conference eleven as opponent. Last year Georgia Tech nipped Tulsa, 20 to 18, in thriller before 69,000.

Orange Bowl (Miami, Fla.)—Tennessee, Alabama, Miss. State or Georgia Tech most likely choices to meet either Wake Forest, Duke, Holy Cross, Tulsa or perhaps second ranking team in Southwest conference. Last year Louisiana State beat the Texas Aggies, 19 to 14, before 27,000.

Cotton Bowl (Dallas)—Oklahoma, Miss. State, Wake Forest and Georgia Tech most prominently mentioned as opponents for champions of Southwest conference. Rice now tops conference, but Texas, Texas Christian and Arkansas still are in race. Last year Texas and Randolph Field tied, 7-7, before 15,000.

Sun Bowl (El Paso) — Sports writers are booming the Second Air Force, of Colorado Springs, Colo., and mighty Randolph Field as opponents. Last year Southwestern, of Texas, beat New Mexico, 7 to 0.

The East-West game will be played as usual at San Francisco, but nothing as yet has been heard from the Oil Bowl at Houston; Vulcan Bowl at Birmingham, Ala.; and the Flower Bowl at Jacksonville, Fla.

Then, too, there probably will be, as last year, an Arab Bowl game at Oran; a Potato Bowl at Belfast; a Lily Bowl in Bermuda; and a Tea Bowl in London.

Post Five Wins Over Classy 'K' Team, 65 To 46

The Bombardiers of AAFFS remained unbeaten today after turning on the steam at the Post gymnasium Monday night to defeat the Aircrew Trainees of Section K by a 65-46 score in a wild scoring game.

The Trainees, composed of 18-year old "eager beavers" just out of high school displayed tremendous speed had they had a little more weight they might have scored a surprise on the power-laden Bombardiers.

They produced a brilliant forward in Pvt. Joe Cipeic, six-foot ex-schoolboy flash from Pittsburgh, who led the scoring for both teams with nine baskets and six free throws for a total of 24 points.

At halftime the Bombardiers held only a 26-17 lead. Then the wild scoring started with the ball racing dizzily from one court to another.

S-Sgt. Mel Vice continued his terrific play for the Bombardiers, leading his team in scoring with ten field goals and one free throw for a total of 21 points. He is deadly at retrieving balls off the backboard and dumping in the scores.

Pfc. Rex Alexander, ex-star at Murray State in Kentucky, scored 14 points, while Capt. Floyd Burdette, star and playing coach of the Bombardiers, tallied 12 points during the first half that he played. He made substitutions freely to experiment with different combinations.

The box score:

Woffington, f	1	0	2
Burdette, f	6	0	12
Alexander, e	7	0	14
Dunham, g	1	0	2
Vice, g	10	1	21
Doty, g	0	0	0
Cardoni, f	0	0	0
Fairchild, f	4	0	8
Frazier, g	1	0	2
Totals	31	1	65

Ags Lead SWC In Total Gains; Rice Is Second

By The Associated Press
The Southwest conference's top offensive team plays the most important—statistical—standpoint—when Texas A. and M. meets Southern Methodist at Dallas Saturday.

The Aggies, tied with SMU for last place in the standings, have hauled up 2,118 yards rushing and passing. Southern Methodist has made 1,119.

Ranking second in offense is Rice with 1,573 yards—1,120 of it on the ground. The Owls play Arkansas Saturday at Fayetteville. Arkansas is fourth in offense with 1,386 yards.

Texas Christian, third in offense with 1,538 yards, plays Texas Tech of the Border conference.

Texas, fifth in offense with 1,316 yards, meets Oklahoma A. and M. at Austin.

Here are the conference offensive statistics:

Team	Games	Rush'g	Pass'g	Total
A. & M.	7	1377	741	2118
Rice	7	1120	453	1573
TCU	6	854	684	1538
Ark.	7	821	565	1386
Texas	6	480	836	1316
SMU	6	643	478	1121

Brother Fights Brother And Every Man For Himself In Texas Election

By The Associated Press
It's every man for himself, brother against brother, and may the most votes win the battle royal of Texas' own private fight in today's national election.

Clubwomen have booed and hissed. The Bronx cheer—with southern accent—developed at Houston. Political tensions generally are as tight as in the good old days when General Sam Houston bared and beat his breast, without benefit of radio.

There are stories of otherwise good husbands having intimidated their wives by hanging onto the family poll tax receipt.

At Marshall the brother against brother angle, but peaceful, is exemplified by Horace Blalock, an elector for the anti-Roosevelt Texas regulars, and Myron Blalock, national democratic committeeman for Texas.

Horace, a businessman, is directing the campaign for the regulars in the Marshall section. Myron, a lawyer, directs from Dallas the state drive for election of Roosevelt and Truman.

Politics don't enter into the family relationships, says Horace; adds that he and Myron are congenial and friendly on all relationships except the election.

Horace entered the state democratic fight with a statement that he would devote his "time and energy until Nov. 7 in carrying this fight to the people for the Texas regulars."

The oldest of seven Blalock brothers whose father, W. M. Blalock, died while a member of the legislature in 1906, Horace was a postmaster under Woodrow Wilson, afterwards followed a business career; entered state politics this year for the first time in 20 years.

Myron, following a career in the law and politics, was elected a state representative from this district while he was a student at the University of Texas, and took office after his 21st birthday. He later rose to leadership in democratic party circles; now heads a Marshall and Houston law firm of which two other brothers, Jack and Richard, are members.

Horace, president of a hardware company in Marshall and Kilgore, has been a leading figure in the

COL. MYRON G. BLALOCK campaign of the regulars in East Texas. Myron has been working full time in the Roosevelt camp.

Their Voting Will Be In The Dark Also

SPOKANE, Wash., Nov. 7 (AP)—County Auditor Joe Stewart decided that voters wouldn't need all the traditional election paraphernalia.

But two precinct inspectors who will supervise voting at a store and residence complained. They said it would be dark early election night, that a thorough search of supplies revealed no candles.

JOB EXPANDS

YONKERS, N. Y., Nov. 7 (AP)—Walter Omerod, classified as a "crib tender" at a Tarrytown aircraft plant, will have the same classification at home. His wife gave birth to triplets, two girls and a boy.

The earliest equivalent of modern newspapers was the series of public announcements called Acta Diurna, issued during the Roman Empire.

Americans Can Always Find Humor Even When Surrounded By Death

By HAL BOYLE
WITH AMERICAN TROOPS IN GERMANY, Oct. 29 (Delayed) (AP) It was dark and the two soldiers were sleepy.

Pfc. Otto Kaiser of Brooklyn, N. Y., and Pvt. Thomas A. Gill of Turtle Creek, Pa., dug a deep foxhole and covered the floor with straw. They fell asleep.

They awoke a few hours later in four inches of water. Drowsily they baled it out and lay down to sleep again. They awoke once more to find water again in their foxhole, but they were too tired to get up. By dawn they were practically floating around. They found they had dug their foxhole on the site of an abandoned mine.

resourceful troopers dug a channel to let the water escape, hollered out a basin in which to wash themselves, built themselves a stove and advertised throughout the division: "The only foxhole with hot and cold running water."

German machine-gun bullets whistling past his bulldozer did not bother T/S Francis Goetz of Green Bay, Wis.

"They won't hit you unless they've got your name on 'em," he called lightly to another soldier.

Whang! A Nazi bullet spanked against the steel crossbar, three inches above his head. Goetz dived into a foxhole a second later, abandoning his battle philosophy. "No name—just initials," he muttered.

Fifty-Yard Line Seat With Tax Excluded

WITH THE 24TH DIVISION, Leyte, Philippines—Pvt. William Nykaza of Chicago was high in a palm tree stringing telephone wire when the Japanese counter-attacked.

He stayed aloft while the Japs took the position — also stayed there while the Americans took it back.

Said Nykaza: "I had a 50-yard line seat."
