Concerning Goods Embargo

Chiang Kai-Shek Warns US, British

(EDITORS: Following is an exclusive interview with Generalissimo Chiang Kai-Shek obtained by United Press Correspondent Robert Brown. In it, Chiang warns that any move by President Eisenhower and Prime Minister Macmillan at their Bermuda conference to relax the strategic goods embargo against Red China "will be helping to defeat themselves.")

By ROBERT BROWN
United Press Staff Correspondent
TAIPEI (UP)—Generalissimo Chiang Kai-Shek warned the United States and Britain today they "will be helping to defeat themselves" if they relax the strategic goods embargo against Communist China.

The Nationalist Chinese president told United Press in an exclusive interview that any ease-up on the embargo "would be helping the Chinese Communists pull their chestnuts out of the fire."

Chiang termed Communist peace rumors "groundless" and denied Red Chinese Premier Chou En-Lai's charge that the United States has turned Formosa into a dependency.

"Their (the Communist) idea is to arouse anti-American feelings among Chinese on the mainland," Chiang said.

Desperate For Help

He said Communist China "is in desperate need of help. They are just now beginning to feel the effects of the embargo that began during the Korean War."

Chiang hoped that President Eisenhower and British Prime Minister Harold Macmillan, meeting at Bermuda, would realize "that any relaxation now would undo all that we have accomplished in six years of the embargo."

Britain's desire to relax the ban and promote trade with Red China is one of the points which Macmillan reportedly wants to discuss with Eisenhower.

But Chiang said if the Western powers do this "it will help the Communists to survive. They will be playing into the Communists' hands and will be helping to defeat themselves."

Dressed in a plain unadorned military uniform and wearing a traditional Chinese black cap, Chiang repeatedly wiped his left hand over his face.

Asked how he was feeling, the 60-year-old Generalissimo replied "tell the world I'm feeling fine."

Chiang warned that one of the main aims of the Chinese Communists is to "tap American scientific knowledge."

"They are trying their best to promote cultural exchanges by first inviting American reporters to visit China. But this is merely a preliminary to pave the way for technical and scientific exchange," Chiang said.

If America resists such attempts, he said, "the Communists will never be in a position to challenge Western scientific and technical supremacy."

Beck Records Still Sought By Solons

By HERBERT FOSTER and JOHN A. GOLDSMITH
United Press Staff Correspondent

WASHINGTON (UP)—Teamsters President Dave Beck passed up a chance to tell the Senate Rackets committee whether he will hand over his personal financial records on Tuesday.

Committee Chairman John L. McClellan (D-Ark.) said he received a new telegram from Beck, but "the reservations are still there" on whether Beck would surrender his records or invoke the Fifth Amendment and refuse to give them up.

"Only he (Beck) can say what he means," McClellan told newsmen. "It is not clear whether he intends to make his records available for committee inspection, or merely means to have them physically present."

No Point In Subpoena

McClellan said there would be "no point in a subpoena if he brings the records."

Under the law, a subpoena could require Beck to bring his records to the hearing room. He has already promised to do this next Tuesday. But he could not be compelled to hand them over to the committee if he wished to invoke the Fifth Amendment and swear they contained information which might tend to incriminate him.

The committee recalled this morning Western Teamster boss Frank W. Brewster for more questioning on the charge that he was linked with an alleged racketeers-teamster plot to control vice and gambling in Portland, Ore. Brewster denied it last week.

May Use Subpoena

The committee also sought Brewster's personal financial records.

Asked what the committee would do if Beck refused to hand over the records, McClellan said: "We've got lots of (subpoena) blanks."

Officers Probe Kidnap Charge

The police department is investigating the report of E. C. Davis, 1125 Neel Rd., that he was kidnapped in Amarillo Tuesday night.

According to Davis' report to the officers, he was visiting in Amarillo Tuesday night and a man pulled a gun on him and made him (Davis) accompany him to Pampa in a '52 Dodge.

Apparently the kidnapper did not know that Davis lived in Pampa and Davis was let out next to the service station he operates on Brown's officers reported.

Davis was let out of the car about 10:30 p.m. and did not report the incident to the police until approximately 11:30 p.m. Tuesday, the officers stated.

Vandals Hit Rink Owner's Automobile

(See Picture, Page 3)

Vandals caused approximately \$150 in damage last night when a box of starch containing a firecracker was thrown into a station wagon owned by Bill Watson, operator of the Pampa Roller Rink.

Watson told The News this morning that his wife had parked the station wagon at the roller rink at approximately 9 p.m. and that he went to the station wagon at 9:10 p.m. to get a package and found the vandalism.

The interior of the station wagon was covered with starch and late this morning the smell of the exploding firecracker was still strong.

The windshield was cracked by the firecracker and Watson reported that it would cost about \$111 to replace it. He added that it will probably cost from \$140 to \$180 to repair all of the damage and clean the starch out of the car.

Watson concluded, "We will give a year's free skating to the person that gives us information that will enable us to find out the identity of the person or persons responsible for the vandalism."

Pampa Records 2-Day Rain Total Of 1.34 Inches

By FRED M. PARKER
Pampa News Staff Writer
Including information distributed by United Press

The rains during the past two days created a new problem in the Top O' Texas area, MUD.

After years of drought and dust the mud and hazardous driving were a welcome relief to the residents of the area and no one could be found complaining about the weather.

An additional .74 of an inch of rain was recorded by The News' rain gauge since yesterday morning. Added to the .60 of an inch recorded yesterday this brings the total amount of moisture received during the past two days to 1.34 inches.

This brings the total amount of moisture recorded by The News rain gauge since the first of the year to 4.67 inches. On several occasions traces of moisture have been received and these amounts were not recorded and would probably bring the total close to 4.75 inches.

No accidents were reported in the area that were attributed to the weather and officers reported that most motorists were using extreme caution on the highways.

Most of the dirt roads in the area were passable, but in some places chains had to be placed on the wheels of the vehicles.

Dirt streets in Pampa caused difficulty last night and a city truck was available to pull out vehicles that were stuck within the city limits. The driver reported that several motorists were given assistance.

A total of 1.07 inches was reported at Panhandle and Laketon reported that 1.20 inches had been recorded there. Shamrock reported 1.50 inches of rain, as did Kellon. Reports from other towns in the Top O' Texas were not available this morning.

Throughout the state, rain, hail and tornadoes were reported and farmers and ranchers were wondering whether seven years of drought were ending.

Wednesday's rain, snow and hail—as heavy as it was in some sections—was not enough in itself to break the drought. But it has been raining fairly regularly since the first of the year, and in some sections the rainfall is normal, or nearly so.

Possibly a cycle of more normal weather is approaching. The rainiest spring months of the year are yet to come.

Snow And Tornadoes
Even before spring officially arrived in the state at 3:17 p.m. Wednesday, a storm center pushed into West and Central Texas and tornado funnels began skipping across open country and fields.

One to three inches of snow blanketed the upper Panhandle Wednesday night. Half as big as baseballs pelted the Austin area and piled up several inches deep. Nearly three inches of rain fell in Central Texas.

Blinding rain covered roads and highways and one man was washed off Manchaca Road south of Austin, but he was rescued unharmed.

At least four traffic deaths were blamed on the weather. Two men were burned to death in flaming wreckage after two big trucks collided on rain-slick U.S. 90 early today near Amelia, Tex. A teen-age boy died in a wreck near Wichita Falls and another was killed near Waxahachie.

A tornado touched down in Lee county Wednesday night. A house trailer was overturned at Giddings by fierce winds, trees were uprooted and several barns were damaged.

The main storm area cut through Central Texas from the New Mexico border to east of (See RAIN, Page 3)

Talks Begin In Cairo That May Halt Crisis

MAKING STAND—Thad Hutcheson, Republican candidate for the United States Senate, is shown above during his address here yesterday in his campaign headquarters, 112 S. Cuyler. Hutcheson, in the upper left photo, listened to a question relative to his association with the Eisenhower administration. In the remaining pictures, he was explaining that he was not, nor would he ever be a "yes man" for the administration. He said that he would consider it his right and duty to be "independent and Texan in thought, action and vote." (News Photo)

As UN Official Talks With Nasser, New Crisis Strikes

By WALTER LOGAN
United Press Staff Correspondent
U. N. Secretary General Dag Hammarskjold today began five days of crucial talks in Cairo that may determine the fate of the Suez Canal and the question of war or peace in the Middle East.

Even as he conferred with President Gamal Abdel Nasser and other Egyptian officials a new crisis struck. Syria was reported in political turmoil with the army purging pro-Soviet strongman Col. Abdel Hamid Serraj, one of the nation's three dictators.

Western diplomatic sources in Cairo were pessimistic over Hammarskjold's chances of success and said the canal situation was right back where it was last October when Britain, France and Israel invaded Egypt.

Israel officials predicted failure of the mission and said Hammarskjold could not get Nasser to renounce Egypt's state of belligerence with Israel. And unless he does there can be more more compromise with Israel's security, the sources said.

Hammarskjold, an exponent of super-secret diplomacy, arrived in Cairo early this morning and was met by three U.N. officials—Lt. Gen. Raymond A. Wheeler, the canal salvage chief; Maj. Gen. E. L. M. Burns, head of the U.N. Emergency Force, and Dr. Ralph Bunche, assistant secretary general.

He tested his diplomatic ability twice before and won—a trip to Red China two years ago for the release of American fliers and a trip to the Mideast last spring for a brief respite from the threat of an immediate war between Israel and its Arab neighbors.

This time diplomats said the cards were stacked against Hammarskjold—that there is not even a basis for negotiation of handling of the Suez Canal.

Israelis sources in Jerusalem said Hammarskjold had failed to understand Israel's security needs and predicted he would have no success in getting Egypt to renounce its state of belligerence—under which Egypt bars Israeli ships from the Suez Canal.

Need For Arms
Premier David Ben-Gurion meanwhile disclosed that he withdrew his troops from Egyptian territory because he feared U.N. sanctions would cut off Israel's arms supplies.

In a letter to Israel's border secretary (See TALKS, Page 3)

They broke off the meal early in the evening and adjourned to their own camps to map strategy for today's talks.

Mapping Strategy
Today's session was the first formal meeting across the polished conference table in the club lounge where Mr. Eisenhower met in 1953 on a similar mission with Britain's Winston Churchill and France's Joseph Laniel.

Most of the items that will come up in the three-day conference were touched upon Wednesday night by Mr. Eisenhower, Macmillan, Lullies and Lloyd at a private dinner.

They broke off the meal early in the evening and adjourned to their own camps to map strategy for today's talks.

Proposal's Approval Is Expected

By O. B. LLOYD JR.
United Press Staff Correspondent

AUSTIN (UP)—A proposal to bar members of the National Association for the Advancement of Colored People from public employment in Texas is expected to come up for final approval today in the House.

The House gave preliminary approval to the bill by Rep. Reagan Huffman of Marshall Wednesday. The measure would require all employees of the state, school districts, cities and counties to submit a sworn statement on whether they belong to the NAACP. Members would be barred from employment, and persons refusing to submit a statement would be fired.

Rep. Bob Mullin of Alice expressed belief passage of the measure might bring federal action against the South in the form of civil rights legislation.

Hutcheson said that he felt that the people of Texas are ready for new names and new faces in Texas political leadership. He remarked that he had been "tremendously pleased" with the independence of the Texas voters which he said he had encountered all over the state and the enthusiasm they had shown for his campaign.

"They make me feel," he said, "that no one is against us but the politicians, and no one for us but the people. They want to prove up an effective two-party system for Texas and they see that they can do so by electing me senator in this race."

In reference to his chances in this campaign, Hutcheson said that he felt his campaign has been running well out in front and he charged that four of the other five "major" candidates had "re-aligned" in strength so as to be almost equal with each other. "In competing for second place," he added.

In answer to the statement made by Martin Dies yesterday when he stopped in Pampa to the effect that he (Dies) felt that "experience" was the big issue in this campaign and that having had more than 18 years with Congress he was therefore the only eligible candidate, Hutcheson replied:

"I feel that Dies' experience probably taught him to be absent when the final vote was called upon in the House on the President's Middle East resolution. . . and if that's what experience (See HUTCHESON, Page 3)

Hutcheson Outlines Views In Talk Here

By BOB PEREZ
Pampa News Staff Writer

Fast-rising Senatorial Candidate Thad Hutcheson made his second visit to Pampa in recent months last night and criticized those who would presume that "I would support all Eisenhower Administration measures."

Hutcheson directed his attack against Martin Dies, who, he said, had said recently that he presumed that he (Hutcheson) would automatically endorse all Eisenhower Administration measures.

"If he had read the papers in the last few weeks I am sure he knows otherwise. I have consistently pointed out that I am against the principles of federal aid to education and that I feel foreign aid should be reduced as well as the budget and there are a number of points in this civil rights program with which I cannot agree.

"As Senator, I would consider it my right and my duty to be independent and Texan in thought, action and vote."

Hutcheson said that he felt that the people of Texas are ready for new names and new faces in Texas political leadership. Ike, Harold Settle Down For Talks

By MERRIMAN SMITH
United Press Staff Writer

TUCKER'S TOWN, Bermuda (UP)—President Eisenhower and Prime Minister Harold Macmillan settled down at the lavish Mid-Ocean Club today to discuss Anglo-American interests in a broad field ranging from the Middle East crisis to aid to Communist Poland.

Their top aides in foreign affairs, Secretary of State John Foster Dulles and British Foreign Secretary Selwyn Lloyd, were expected to meet before their chiefs to organize the agenda for the opening "business" meeting.

According to the best available information from both British and American sources, President Eisenhower planned to do most of the listening in the first stage of the conference and let the British take the initiative.

Mapping Strategy
Today's session was the first formal meeting across the polished conference table in the club lounge where Mr. Eisenhower met in 1953 on a similar mission with Britain's Winston Churchill and France's Joseph Laniel.

Most of the items that will come up in the three-day conference were touched upon Wednesday night by Mr. Eisenhower, Macmillan, Lullies and Lloyd at a private dinner.

DR. RALPH LAPP
... atoms for peace

Club Will Hear Talk By Dr. Lapp

Members of the Top O' Texas Knife and Fork Club will hear a modern discussion of the potentials of the atom for peace from Dr. Ralph E. Lapp, director of the Nuclear Science Service in Washington, at a meeting to be held Monday evening in the High School Cafeteria starting at 7:30.

Dr. Lapp's interest in the atom began when he was a student at the University of Chicago. A Phi Beta Kappa, he earned his doctorate in cosmic ray physics under Dr. Arthur H. Compton. Since then, he has worked professionally with other world-famous nuclear scientists such as Dr. A. J. Dempster, discoverer of U-234, Dr. Vannevar Bush and Dr. Robert J. Oppenheimer.

Author of several popular studies on atomic energy as well as a standard textbook, "Nuclear Radiation Physics," Dr. Lapp writes for such nationally known magazines as the Saturday Evening Post and Colliers.

Deadline for procuring ticket for the affair will be 1 p.m. Saturday, according to Joe Gordon, president of the Knife and Fork Club. Tickets will be available at Thompson's Hardware Store.

EMERGENCY EQUIPMENT—Patrolman Dan Lewis, left, and Sgt. D. L. Day, right, of the police department are shown discussing first aid equipment placed in two of the patrol cars with Captain Paul Skidmore, center, of the fire department. The three have recently completed requirements as first aid instructors and are placing equipment supplied by the Red Cross in the vehicles they use. Skidmore will have his available at the fire department and the two officers will have their equipment available in police cars bearing first aid plates. (News Photo)

Retailers Split On Proposal To Extend \$1 Minimum, 40-Hr Week

By CLYDE H. FARNSWORTH
NEW YORK, March 18 (UP)—Retailers are split on the administration's proposal to extend the \$1 minimum wage and 40-hour work week to 2.5 million workers—chiefly in their industry.

Some, including an influential trade group, the National Retail Dry Goods Association, charge it would have a "ruinous" effect on small stores in small communities and touch off still higher prices. They assert also that a federal minimum wage is a pre-emption of states' rights.

Others, including the head of a large eastern food chain, hail it as vital to growth and development. They hold that retailers must accept the same broad standards established in other industries.

Would Reach More Workers
The administration proposal and a number of bills offered by con-

gressmen that also would extend coverage are being studied by house and senate labor subcommittees.

The administration's plan is to bring 2.5 million workers under the law—the fair labor standards act—by changing its application to include workers of any company that has 100 employees and imports at least \$1 million in goods annually across state lines. Actually the change would affect only about 400,000 workers since the other already receive the law's minimum requirements, according to Labor Secretary James P. Mitchell.

George Plant, NRDGA manager of store management and personnel groups, says the imposition of a federal minimum of \$1 an hour "in itself would have a ruinous effect" particularly on "smaller stores in smaller communities." In addition, he says "red tape,

record keeping and unrealistic and impractical administrative rulings are involved in coverage" that would mean still higher costs for the small retailer.

Plant, whose organization represents 8,100 department and specialty goods stores with volume last year of \$15 billion, says the effect also would be inflationary because higher wages would not be backed up by comparable increases in productivity.

He says that the increase in the federal minimum from 75 cents to \$1 an hour a year ago "has had a definite inflationary effect on our economy."

Ranged on the other side of the fence are such officials as Lansing P. Shield, president of Grand Union Co., who says "we retail food operators, for sound business reasons, must accept the same broad standards established in other industries."

MASKED BENEFITS—Human medical advances are being shared by pets. Small animals now have a better chance to recover from surgery or accident because of a newly developed resuscitator-anesthetizer perfected by the National Cylinder Gas Co. Veterinarian can perform one-man operations with automatic control over anesthesia and respiration.

Said paving to be a penetration type asphalt wearing surface on a 6" (6) inch flexible base, together with necessary incidentals and rolls or statements showing the proposed amounts to be assessed, abutting property and the owners thereof have been filed with the City, such rolls or statements showing other matters and things and have been approved, and the City Commission of said City has fixed a time and place for hearing to the owners of property abutting upon said portions of streets and/or alleys, and to all others affected, at which hearing the amounts to be assessed against the respective parties of abutting property and the owners thereof for improvements in the units upon which the particular parcels of property abut, the amounts of benefits to the respective parcels of property be means of the improvements in the unit upon which the particular parcels of property abut, the regularity of the proceedings with reference to such improvements, the appointment of the cost of such an improvement, and other matters and things will be determined, and after such period assessment will be ordinance be made and levied, and such hearing will be had and held by and before the City Commission, of the City of Pampa, Texas, in the regular Commission meeting room, in the City Hall in the City of Pampa, Texas, on the 9th day of April, 1957 at 10:00 o'clock A.M. The roll of statements showing the proposed amounts of such assessments are on file in the office of the City Secretary and copies thereof are in the office of the City Engineer of the City of Pampa and open to inspection of any interested

HUTCHESON

(Continued From Page 1)

teaches you, we could use a little less experience."

Hutcheson continued his attack on Dies by saying that people had often asked him what the difference was between himself and another conservative candidate. Dies.

"The first," Hutcheson said, "is that I hear him referred to as the 'Adlai Stevenson conservative'."

Hutcheson went on to quote some figures in the hot senatorial race and said that he had been pleased to learn yesterday afternoon that the Houston Chronicle poll of approximately two thousand people in Harris County showed him well in front of all other candidates and "gaining with each report."

"While there were a large number of undecided voters reported, approximately 40 per cent of those who committed themselves voted to support my candidacy, followed by Yarborough with about 26 per cent and Bracewell and Dies with 17 per cent each."

"Some of my opponents have said that this race will be won or lost in Harris County and this is most encouraging news from the most heavily populated county in the state."

Hutcheson said that, for conservatives, the real challenge in this race would be to take an effective and affirmative step to strengthen the basic conservatives of one of the major political parties. "With my election there will be reorganization of the Senate to restore committee power and prestige of conservative Republican senators like Knowland, Bridges, Brocker and Saltonstall."

"We can," Hutcheson said emphatically, "make a dramatic contribution to stop the pressure of those who would 'liberalize' the Republican Party to make it just like the national Democratic Party. I do not think that so called 'modern' Republicanism has any meaning or effect and it does not alter my conservative or states rights views one bit."

Hutcheson ended his talk with a mention of the economy and he said "I think economy in government has suddenly caught the public interest and it certainly is a healthy thing. We ever goes to the Senate would be bound to work for a reduction of the budget and work toward an eventual tax cut."

Rotarians See Film On Cancer

Pampa Rotarians yesterday viewed a film on lung cancer which had as its theme that every man over 45 years of age should be X-rayed twice a year in order to detect lung cancer in its formative stages.

It was announced that club member J. D. Glenney was being transferred to Snyder.

C. P. Buckler gave special recognition to visiting Rotarian George H. Cash of Ellsmere Port, England. Cash, a former resident of Pampa, is director general for the Cabot operations in England.

Visitors and guests for the day were Charles Riley, Stu Youngblood, Buz Barton, Louis Pinkiston, Jim Howell, Cleo Wilson and Al Leach.

parties at any time, and of all said matters and things and all such owners of property as well as any other in anywise affected or interested, will take due notice.

By order of the City Commission of the City of Pampa, this 19th day of March, 1957.

(Signed) Lynn Boyd Mayor

One-Act Play Contest Results

WHITE DEER — Stinnett High School's production of "Minor Miracle" was chosen as the first-place play in the District 14-B One Act Play Contest held in White Deer Tuesday night.

The second-place play was cuttings from "As You Like It," produced by White Deer High School. The third-place play "The Trip To Bountiful" was produced by Panhandle.

Chosen for the boys All-Star Cast were Floyd Bender, Panhandle; Fred Hedgecock, Stinnett; and Jack Reynolds, White Deer. The girls All-Star Cast was composed of Misses Elenora Stephens, White Deer; Jerry Lou Walldi, Panhandle; and Wilma Dunivin, White Deer.

Best Actor award went to Jack Reynolds, White Deer, and the Best Actress Award was given to Wilma-Dunivin, White Deer.

Judges for the play were Mr. and Mrs. W. A. Moore of the West Texas State College speech department and Jerry McDonough of the Amarillo College speech department.

Jesse Noel Rites Are Held

Funeral services for Jesse Noel, who died Monday, were held Wednesday in San Antonio.

Mr. Noel, father of Walter Noel and Mrs. Irvin Cole both of Pampa, is to be buried in Fairview Cemetery with graveside committal services scheduled for 2 p.m. today with Rev. C. H. Lowe, pastor of the Seventh-Day Adventist Church, officiating.

RAIN

(Continued From Page 1)
Austin. Thunderstorms also hit as far north as Dallas.

Austin had 2.54 inches of rain, Waco 1.94, Galveston 2.18, Port Arthur 1.47, San Antonio 1.27, Fort Worth 1.06 and Dallas 1.04.

Up to 1.75 inches of rain fell across the Panhandle south to the Big Bend country Wednesday night. Dalhart had two inches of snow on the ground early today.

Snow also fell at Vega, Channing, Dumas and Texhoma, Okla.

Memphis, in the Texas Panhandle, had 1.75 inches of rain. Hereford 1.44, Vega 1.02 and Amarillo .87. Rainfall in the Panhandle for the year was already nearly an inch above normal.

A Continental Trailways bus collided with a truck on a wet road near Henrietta, 16 miles south of Wichita Falls. A. T. Worley, 62, the bus driver of Wichita Falls, was slightly injured but the truck driver and four passengers on the bus were uninjured.

Winds up to 60 miles an hour and hail the size of golf balls hit Washington county. Heavy hail also hit the northwest section of San Antonio.

The Blanco River bridge on the Lockhart highway south of Austin was washed out. Water was lapping at the bridge over Onion Creek on U.S. 81 south of Austin.

Water ran one-foot deep across Highway 183 near Austin. In Austin itself, roofs and windows on the north and west sides were hard hit by hail and high winds.

Water stood five to six inches deep in several buildings near Seventy and Congress in downtown Austin. Two inches of rain fell at Taylor and Temple had 1.70.

BUDDY'S SUPER MARKETS

Simple Enough For Family Meals And Fancy For Guests

For a Lenten appetizer which is simple enough to fix for any family meal, and yet "impeccant" enough for the most distinguished guests, try Oysters Rockefeller. They're delicious, and they're baked in foil shells, too.

- OYSTERS ROCKEFELLER**
1 pint fresh or frozen oysters, thawed
1 package frozen chopped spinach
1-3 cup chopped onion
1/4 teaspoon celery salt
1/4 teaspoon salt
Dash tobacco sauce
3 tablespoons butter
1/4 cup dry bread crumbs
1. Drain oysters; dry between paper towels.
2. Shape small oyster shells from double - thick square of Aluminum foil.
3. Place one oyster in each shell.
4. Cook spinach as directed on package; drain.
5. Combine spinach, onion, celery salt, salt, tobacco sauce, butter; cook 5 minutes over medium heat.
6. Spread spinach mixture over oysters; sprinkle with bread crumbs.
7. Place filled shells on baking sheet or oven-proof platter.
8. Bake 10 minutes at 450 degree F.
9. Yield, 10-15 oysters.

Chicken Fricassee With Dumplings

For a cheery dinner at this stage of winter serve the family Chicken Fricassee with Dumplings. It's an old-fashioned dish but an ever-modern favorite with hungry appetites. Stewing chicken is more moist and flavorful today than in bygone days and takes much less time to prepare.

Here are directions for making 8 to 8 servings:

Simmer one 4 1/2 to 5 lb. (ready-to-cook weight), cut-up stewing chicken with 3 teaspoons salt, 1 medium onion, a tip of bay leaf, and 4 cups of water until fork tender - about 2 1/2 hours.

Remove chicken from broth. Strain broth. Spoon fat from surface of broth and save for other cooking needs. Measure broth and if necessary add enough water to make 3 cups. Heat to a simmer.

To prepare gravy, blend 1-3 cup of the chicken fat, 1/2 cup of flour and 1 cup of milk until free of lumps. Pour slowly into simmering broth, stirring constantly until thickened throughout. Cover and simmer about 5 minutes.

Place chicken in gravy and heat thoroughly. Season to taste.

Make the dumplings from your own favorite recipe or one found in any good cook book, or simply use biscuit mix, following package directions. Garnish the dumplings with parsley.

Q. What is the name of this cut of meat?
A. Pork Sirloin Roast

Q. Where does it come from and how is it identified?
A. It is the ham end of the loin which contains the hip bone. The outer surface is covered with fat and there is some fat covering the tenderloin.

Q. How is it prepared?
A. By roasting - a dry heat method of meat cookery. The roast is placed fat side up on a rack in an open roasting pan and placed in a 350° F. oven. Allow 45 to 50 minutes per pound for cooking or if using a roast meat thermometer, allow the internal temperature to reach 185° F., the recommended internal temperature for pork to reach the well done stage.

HORSERADISH MOLD
1 tablespoon gelatin
1/4 cup cold water
1/2 cup cold water
1/4 cup boiling water
1 cup sour cream
1/4 cup prepared horseradish
Soften gelatin in cold water. Dissolve in boiling water. Whip sour cream and add horseradish. Add gelatin and pour into shamrock mold. Chill. Unmold and serve with corned beef. 12 servings.

Chiffon Pie Uses New Cereal Crust

COFFEE CHIFFON PIE
(Cereal Crumb Crust)
CRUST:
1 cup Kellogg's Cereal Crumbs
1-3 cup soft butter or margarine
2 tablespoons sugar
(Omit sugar if presweetened cereal crumbs are used)
Mix until thoroughly blended. Press mixture firmly into bottom and against sides of 8-inch pie pan. Chill until firm.

FILLING:
1 tablespoon unflavored gelatin
1 1/2 cups cold coffee brew
1/2 cup sugar
1 tablespoon lemon juice
1/4 teaspoon vanilla flavoring
2 egg whites
Soften gelatin in 1/4 cup of cold coffee brew. Heat remaining coffee brew; add softened gelatin and 1/4 cup of the sugar, stirring until dissolved. Stir in lemon juice and vanilla. Chill until mixture begins to set. Whip gelatin mixture until light and fluffy and double in volume. Beat egg whites until stiff but not dry. Beat remaining sugar gradually into egg whites; continue beating until mixture stands in stiff peaks. Fold into the gelatin mixture. Spread in Cereal Crumb Crust; chill until set. Serve with whipped cream.

Fresh Apples Make Spicy Contribution Towards Brightening Meatless Menus

During the Lenten season you'll want to take full advantage of the spicy, fresh apples still plentiful because this versatile fruit, served in salads, for appetizers and in desserts, makes a real contribution towards brightening meatless menus. Choice quality apples, including popular varieties like the rosy red, all-purpose Washington Wine-apples, are in good supply and these may be successfully used in any of your fresh or cooked dishes.

For a quick and satisfying luncheon snack, or when the teenagers gather to watch television at your house, here's a delicious tasting fresh red apple and tuna mix that's heaped in hamburger rolls for service. Or, for a novel and different appetizer, offer a try of fresh apples, cut into thick slices, with today's shrimp dip. For the dip you can use fresh, frozen or canned shrimp.

FRESH APPLE AND TUNA BUNS
1 7-oz. can tuna, drained and flaked
1/2 cup celery, finely chopped

2 tsps. lemon juice
Dash of ground cloves
1-3 cup mayonnaise
6 hamburger rolls
3 tsps. butter or margarine
2-3 Winesap apples
Cut 2 apples into small diced pieces and mix with tuna, celery, lemon juice, cloves and mayonnaise. Chill well. Scoop out centers of rolls and spread with softened butter or mayonnaise. When ready to serve, fill with tuna-apple mixture. Cut remaining apple wedges or thick slices and garnish each roll. Makes 4-6 servings.

SPANISH TOUCH FOR DESSERTS
For a good party dessert, try heating some canned sliced peaches; just before you take them off the fire, add a quarter cup of Spanish sherry, either the nutty amontillado or the sweet oloroso type. Sprinkle with almonds or shredded coconut.

Food Page

Variety Of Meats Alter Menu Plans

The days are gone forever when variety meats were only occasionally served to the family. Variety meats have graduated into a class of demanded items in the meat retailer's display case.

Especially prominent in this field of variety meats is liver, known because it's a rich source of iron, the blood builder.

It is well to remember that beef, pork, veal and lamb liver are all exceptional sources of essential food nutrients. Pork liver is especially rich in iron and the B vitamins.

Liver is so important to adults as well as youngsters because it helps to retard listlessness, a feeling that often accompanies anemia.

With the number of ways liver can be prepared, it's a boon to the homemakers who wish to give the spring meals in their homes a changeover.

Liver is especially adaptable to roasting, broiling, pan-frying and deep-fat frying. French-fried liver strips will spark any appetizer tray.

Children will readily go for ground liver dishes. When preparing such a recipe, be sure to cook the liver slowly on both sides in 2 to 3 tablespoons lard or drippings for about 5 minutes. You'll find this makes grinding much easier.

Whatever cooking method is used, beef and veal liver should be cooked just long enough to lose the pink color at the center of the slice. Overcooking tends to make the liver dry and less tender. Pork liver is always cooked to the well-done stage.

A whole liver is covered with a

very thin membrane, so each slice cut from the liver has a strip of this membrane around the edge. This is easily removed by inserting a sharp knife at one point just under the membrane and pulling it from the meat.

This braised liver and onion dish actually is one of the easiest to prepare. After the liver has browned and the drippings are removed, one 10 1/2-ounce can of condensed onion soup is poured over the liver. This acts as the braising liquid. The meat is covered and simmered for 30 to 40 minutes.

It's a family meal that rates par excellence.

- BRAISED LIVER AND ONIONS**
1 pound sliced beef liver
1/4 cup enriched flour
1 teaspoon salt
1/2 teaspoon pepper
3 tablespoons lard or drippings
1 can (10 1/2 ounces) condensed onion soup
1 medium onion, sliced
Trim membrane from liver. Dredge in seasoned flour. Brown slowly in lard or drippings. Pour off drippings. Add onion soup and onion slices. Cover and simmer until tender, about 30 to 40 minutes. 4 to 5 servings.

- SHERRIED WALNUTS**
ESPAGNOL
Something delicious to nibble on when drinking coffee after dinner are shelled walnuts that have been soaked for at least an hour in Spanish sherry, either a nutty fino or a sweet oloroso. These nuts are also wonderful on ice cream, or when blended into whipped cream toppings.

- CAROTS JEREZ**
A delicious vegetable to serve with pork, ham or other spicy meats is made by placing cooked carrots in a frying pan in which a tablespoon of butter has been melted, browning them lightly, then adding two tablespoons of Spanish sherry, either a nutty fino or sweet oloroso. Let the carrots cook in the sherry for another minute before serving.

One For A Penny, Two For A Penny Hot Cross Buns Good Throughout Lent

Hot cross buns are traditionally reserved for Good Friday, but tradition has been stretched a somewhat so that in many places they're appropriate throughout Lent. At any rate they're a specialty well worth preparing at least once during the season.

This recipe for buns calls for hot mashed potatoes to be used in the dough. Instant mashed potatoes are very satisfactory for this purpose both from a time and correct quantity standpoint. Another convenient ingredient to use is evaporated milk. It needn't be scalded for use in yeast breads since it is sterile just as it pours from the can.

- HOT CROSS BUNS**
1-3 cup sugar
1/4 teaspoon nutmeg
1/4 teaspoon cinnamon
1 teaspoon salt
1-3 cup shortening
1 1/4 cups hot mashed potato
1 cup evaporated milk
2 eggs, well beaten
1 package dry granular yeast
1/2 cup warm water
1 cup currants
2 to 5 1/2 cups sifted flour
2 tablespoons sugar icing
Mix sugar, spices and salt in a large mixing bowl. Add shortening

and cream mixture. Then add hot mashed potato and blend thoroughly. Gradually stir in milk, then eggs. Sprinkle yeast on warm water and stir until yeast is dissolved. Stir into egg mixture. Add currants which have been picked over to remove any stems. Then add flour, about 2 cups at a time, stirring after each addition to mix thoroughly. When dough is stiff and begins to leave side of bowl, turn out onto floured board or pastry cloth. Knead until dough is smooth and elastic, (dough will feel sticky but does not stick to hands), flouring board or cloth as needed to keep dough from sticking during kneading. Place dough in greased bowl and turn dough over to grease entire surface of dough. Cover and let rise until double in bulk, about 1 hour. Pinch off pieces of dough about the size of a walnut and roll between palms of hands to form balls. Place balls on greased baking sheet and press to flattened round shape about 1/2 inch thick, leaving about an inch of space between each. Cover and let rise again until double in bulk, about 1 hour. With a sharp knife, cut from edge to edge to make a cross on top of each bun. (Knife does not stick if dipped in flour before cutting). Then brush top surface lightly with butter which has been melted and cooled slightly. Bake in moderate oven (375 degrees F.) until lightly browned, about 10 to 15 minutes. Remove to cooling racks and frost with Confectioners Sugar Icing. Makes about 42 buns.

NOTE: Hot mashed potato can be prepared quickly by using instant mashed potato. Heat 1/4 cup

water to boiling. Remove from heat, add a few grains salt and 1/4 cup evaporated milk. Add 1/4 cup instant potato and beat with a fork until smooth.

NOTE: One cake compressed yeast may be used in place of granular yeast. Use lukewarm water for dissolving compressed yeast.

CONFECTIONERS SUGAR ICING
1 1/4 cups sifted confectioners sugar
Evaporated milk
Add a tablespoon of milk to confectioners sugar stirring to blend, then add a few drops of milk at a time until icing is of proper consistency. While buns are still warm, drizzle icing with a teaspoon in a cross on each bun.

Easy Carpet Cleaning Discovery Hailed

What is said to be the easiest and "cleanest" rug cleaner, known as Blue Lustre, is available after years of research. Blue Lustre leaves no foreign residue to cause rapid resoiling. The pile is left open and fluffy as the colors spring out like magic. So easy to apply with a long handle brush (like playing shuffboard) and is safe for all types of carpets.

Use Blue Lustre to clean the entire carpet or remove spots and traffic lanes. It's economical as 1/2 gallon of concentrate cleans three 9 x 12 rugs.

Dated-Up Joan Collins Says She Also Works On Movies

By ALINE MOSBY
United Press Hollywood Writer
HOLLYWOOD (UP)—New star Joan Collins is one of the most dated girls in town, but this busy state of affairs worries the English beauty because "people get the impression I'm always having a ball."

From the gossip columns it sounds like the colorful Joan DOES. Joan, Natalie Wood and Rita Moreno are the "campus queens" in this college of Hollywood, or, rather, the Lana Turner, Ava Gardner and Rita Hayworth of the younger generation.

"When I'm not working I date every night," said Joan. "To sit home is the kiss of death! I plan to take up through life. Well, for five years, anyway, and then I'll sit down at one table."

Joan was sitting in her 20th Century Fox dressing room wearing light tuxedo pants and a huge sweater and sitting in her favorite pose—perched on one leg with the other knee pulled up to her chin.

"I really work like crazy," the actress said. "I have three unreleased pictures ('Island in the Sun,' 'The Wayward Bus' and 'Seawife')."

"But whenever one dates the spotlight is on one," she continued in her clipped English accent. "People think all I do is date. I work, too."

Since Joan became one of England's most exciting exports more than two years ago, she has dated actors Bob Wagner, and Michael Kenne; wealthy Arthur Lowe Jr., hotel heir Nicky Hilton, conductor Buddy Bregman and both of Charles Chaplin's sons, Sydney and Charlie Jr. Once she established a new Hollywood record by dating 14 different bachelors in 14 nights.

"I like a man with a sense of humor and most young men take themselves too seriously. I like men in show business. And a man

SPECS APPEAL—One gal with glasses who's likely to draw passes is comely Marilyn Meyer, "National College Queen of 1957," pictured at Miami Beach, Fla. She is a law student at Baylor University, in her home town of Waco, Tex.

PERENNIAL—Vienna-born Hedy Lamarr, shown as Joan of Arc in Warner Brothers' "The Story of Mankind," is making scattered appearances lately to prove that she's still one of Hollywood's most beautiful performers. While happily married to a Texas oil baron, semiretired Hedy admits a good role can bring her before the cameras again.

Ultra-Modern Ocean Barge Commissioned

HOUSTON, March 21 (UP)—An ultra-modern \$750,000 ocean-going barge, the first designed specifically for laying pipe under the Gulf of Mexico, was commissioned with pomp and circumstance Wednesday.

The commissioning ceremony, with some 200 representatives of the Texas Gulf coast's multi-billion dollar offshore oil and gas industry looking on, was held at a Greens Bayou shipyard.

Named the "Magic," the barge is owned and built by the Marine Gathering Co., a subsidiary of Commonwealth Oil Co. It is capable of laying from 2,000 to 5,000 feet of pipe a day offshore.

Commonwealth President G. Burton Liese said the "Magic" gets new standards of seaworthiness and safety and is literally a sea-going assembly line.

The submarine pipe-laying vessel has a giant ramp extending downward from the 27-foot high superstructure at the bow down the 260-foot length of the "Magic" to deck level at the stern. Pipe is fed down the ramp into the waters as the barge moves forward.

The "Magic" can function 24 hours a day, has a crew of 46 men, and will be captained by W. C. Hanson. Plans for the barge's first actual operation in the gulf were not announced.

Those attending the ceremony included Gardiner Symonds, president of Tennessee Gas Transmission Co., one of the principal buyers of gas that Marine Gathering Co. collects offshore.

Are Car Owners Due Refunds From Insurance?

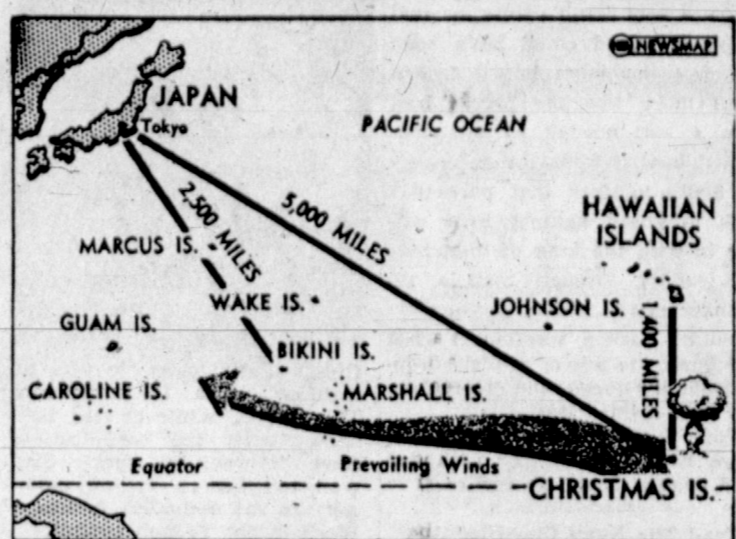

WASHINGTON, (UP)—Senator A. S. Mike Monroney (D-Okla.) said Wednesday he hopes to learn whether "thousands of American car owners are due refunds" from insurance companies for overcharges.

Monroney, chairman of a Senate Auto Marketing subcommittee, released figures Tuesday showing that four national insurance companies had overcharged and then refunded more than \$4 million to car buyers between 1950 and 1956.

His subcommittee this morning called a new series of witnesses to testify on auto finance agency practices.

Better Business Bureau and state insurance officials already have testified that some auto dealers, insurance firms and finance companies have cheated unwary customers of millions of dollars. In some cases, they said buyers have been gouged as high as 600 per cent on their new cars.

The first automobile seen in Detroit was driven through its streets in 1896 by Charles D. King.

JAPAN FIGHTS H-BOMB TESTS—A strong protest against British H-bomb tests in the Pacific has been made by 181 prominent Japanese physicists. The hydrogen bomb tests are to be held off Christmas Island from now through July. Despite the fact that Christmas Island is about twice as far from Japan as Bikini, the U.S. testing area, the Japanese declare danger of fallout on navigation routes and fishing grounds is great. The Japanese protest said nuclear testing would be "nothing but the worst sort of crime against all human beings."

Luana Patten Now Grown Movie Beauty

By ALINE MOSBY
United Press Hollywood Writer
HOLLYWOOD, (UP)—Shades of gray hairs, but Luana Patten, the little girl of "Song Of The South," has followed Natalie Wood into the ranks of the grown-up film beauties.

Like Natalie, Luana as a child star who dropped out of sight for a few years during the all-knees-and-elbows stage. She had starred in Walt Disney's "Song Of The South" with Bobby Driscoll (who recently applied for a marriage license), "Fun And Fancy Free," "So Dear To My Heart" and other movies.

This season Luana made her

48th Year
THE PAMPA DAILY NEWS
THURSDAY, MARCH 21, 1957 5

comeback in a Universal-International teen-age musical, "Rock, Pretty Baby," and Disney brought her back to his studio for "Johnny Tremain."

Luana, 18, has big blue eyes, and a tiny waist and wears her long, blonde hair in a pony tail. She looks like a young Kathryn Grayson or Wanda Hendrix. And she is one ex-movie moppet who does not regret having worked during the years when other children were going to school and helping mother with the dishes.

"I did a few television shows and then decided to get some education during the awkward age," she said.

"Yes, you miss a lot when you're a child actress. It's a strain on a child to work. You don't lead a normal life. You don't play with the kids in the backyard after school and so forth."

"But I feel it's all been made up to me. I've been more places

and seen more things right now than if you work in pictures during high-school years. Then you don't get to go to dances and football games."

After graduation from Long Beach high school, Luana moved from her home in that city to live in Hollywood near the movie studios. Shirley Temple and Elizabeth Taylor were wed at 18, but Luana shortly moved back home to live with her parents.

"You miss less as a kid star than if you work in pictures during high-school years. Then you don't get to go to dances and football games."

Doctors Fight To Save Men's Lives

By DAWSON OPPENHEIMER
United Press Staff Correspondent
JACKSONVILLE, Fla. (UP)—

Doctors in five hospitals battled today to save the lives of workmen who were injured critically when a construction hoist fell five stories, killing five of the riders.

The big hoist, operating in an open frame outside the new Duval County Courthouse, hit the bottom with an explosive sound when a cable broke at the end of the work shift Tuesday.

Waring R. Barbee, who ran to the scene from his motor company across the street, said the men "couldn't talk, they couldn't scream — most of them just lay there stunned or out."

Sounded Like Explosion
Barbee said he heard a noise "that sounded like an acetylene tank exploding" and when he arrived, "all I could see were mangled men piled on top of each other like cordwood."

Four men were killed in the hoist and another died at a hospital. All the 14 injured were in serious condition at hospitals, where 10 underwent surgery during the night. Doctors said two others were so deeply shocked that they could not safely be given needed surgery.

The men had boarded the platform at the fifth floor. Others waiting on the fourth floor watched helplessly as the cable frayed, and then snapped, dropping the men more than 100 feet.

Lawrence Knight, 62, suffering from fractures of both legs and internal injuries, said, "It all happened so quick — no warning — that nobody jumped. They didn't give me time. We were falling, then we hit."

Hoist Called "Foolproof"
The death toll rose to five when David Atmore, a Negro, died at a hospital several hours after the accident. These killed on the spot were Dewey Woods, 45; George Leach, 31; Glen Idol, 25; and Jack Thompson, 24.

Among the horrified witnesses on the fourth floor was Ernest E. Thompson, who said that when he saw the cable begin to give way and then snap, "I shut my eyes and shut my ears — I knew what was going to happen."

George D. Auchter Jr., president of the George D. Auchter Co., general contractor, said that although more men boarded the hoist than usual it was "not overloaded."

A company spokesman said the hoist had been in operation for a year during latter stages of the construction and its safety devices, believed to be "foolproof," had been checked frequently.

During the historic Boston Tea Party of 1773, the tea dumped in the harbor was valued at nearly \$90,000.

On Bridge

By OSWALD JACOBY
Written for NEA Service

Since this seems to be the week for getting South into trouble let's finish with a lallapalooza.

Take a look at all four hands. If you can see how South managed to go down at three no-trump you are an expert.

Now for the sad story. We didn't think much of his heart suit because South had bid it and the four clubs to the jack looked most unattractive. Accordingly he decided to try to hit his partner's suit and opened the six of spades.

While South was taking time out to study the dummy East went

through some rapid mental gymnastics and decided that his partner had opened the top of a heart suit. He also noted that declarer could not know this and therefore

East played the ten of spades.

Now it was South's time for real study. The lead could have been top of a doubleton but it looked much more like the fourth best from a suit headed by ace-jack. In that case it would be necessary for South to duck that particular trick to guard against East getting in with the king of diamonds and leading through South's remaining spade honor.

South ducked whereupon East laid down the ace of spades, dropping South's queen, and cleared the suit with a third lead.

When South lost the diamond finesse East was waiting with two good spades to set the contract.

Motorized Delivery Of Mail

DECATUR, Ga. (UP)—Postmen are making their rounds on three-wheeled "mailsters" today in this first city in the nation to get a "100 per cent motorized mail delivery."

With a fleet of 18 of the partly enclosed motor scooters the postmen are making all residential rounds on wheels in this bustling Atlanta suburb for the first time. The Post Office considers this as 100 per cent mechanization although much of the business district will continue to be covered on foot.

The compactly built "mailster" has an electric starter, protection from the weather, directional signals, and windshield wipers.

It carries 500 pounds of mail, thus saving countless minutes spent by foot-borne mailmen in returning for additional pickups at the post office and storage boxes.

"A carrier serving a typical route of 450 stops can now cover approximately 30 per cent more in his 'mailster,'" Cary Wilmer, assistant regional post office director, said.

"These little cars will stop a lot of dog bites and sore feet," Postman J. L. Reeves added.

The Post Office Department has 1,500 "mailsters" on order from a Lincoln, Neb., firm for use in the Southeast, the Southwest and California.

A few of the motorized mail carriers will be assigned to northern states for testing in snow and cold weather.

ROUND-UP ON CYPRUS—While the Arab-Israeli dispute claims world headlines, the heat is still on in another hot corner of the Middle East. That's the island of Cyprus, where British troops are still trying to subdue pro-Greek terrorists. Above, soldiers of the Duke of Wellington regiment guard three Cypriot terrorists who surrendered after a 10-hour battle in which their leader was killed. The guerrillas were hiding out in a man-made cave near the Makheras Monastery in Nicosia. The monastery monks were arrested for sheltering the terrorists.

Calypso Report On Women's Fashions

By GAY PAULEY
United Press Staff Correspondent
NEW YORK (UP) — Down in de land of de wild calypso,

Where de men and gals all awing de hips so,
They're inspiring clothes with de colors so hot—

And when you go to yonkee store, dey say: "We got."

This, in makeshift calypso-ese, is what is happening in women's fashions. U.S. designers, going along with the calypso craze, are turning out everything from sports clothes to jewelry in the styles and hot colors of the Caribbean.

If the trend continues, as it promises to, by summer you'll need a program to tell us from the natives.

The Colors Blaze

One of the first calypso fashions to come to market was a girl's shirt worn as Harry Belafonte wears a shirt — casually open at the throat, and knotted at the waistline. No buttons.

The shirt is one style in a com-

plete line of calypso clothes from the sportswear firm, Reid and Reid. It teams skinny trousers in white china cloth with hot orange or Caribbean blue blouses, printed with names of Jaican resorts and hotels. Or, full skirts in the prints are worn with the all-white shirts.

Some of the hottest colors, and unusual combinations, come from a cotton knit-wear firm, Alleen. It features a scoop neck shirt, called "Calypso", in multi-color vertical stripes. Some of the combinations: royal blue, emerald, lime and pale blue; coral, lemon yellow, pink and orange; purple, fuchsia, lilac and red.

Full Skirt Popular
"Slim - jim" trousers, dubbed "Trinidadians", come in solid shades: picking up one shade of the shirts. The firm also features Jamaica shorts (longer than briefs, shorter than bermudas, in the same solid tones.

The full skirt, done with ruffled tiers, is another calypso fashion included in several lines. Designer Hannah Troy shows a bold yellow cotton dress, with camisole top, and a ruffled tiered skirt.

Eliredo - visioni does a sleeved cape with ruffle back.

The tropical mood includes purses, some of them done in that-type straw decorated with bouquets of tropical flowers; in belts, some of which are decorated with miniature calypso dancers; and in jewelry, where bright pink and turquoise are leading colors.

EARL CLEMENT
...map of month

Pampan Honored By His Company

Earl Clement, State Reserve Life representative in Pampa, has been named Man Of The Month in the company's March magazine. He earned the distinction by leading the entire company in production of new business during February.

Clement, who lives at 1825 Duncan, has been a State Reserve Life agent since 1951.

District 10-B One Act Plays Start

(Special to The News)

WHEELER — The Interscholastic League One-Act Play Contest for District 10-B will be held in Wheeler Grade School Auditorium today, at 7 p.m.

Miami will present "The Neighbors," Mobeetle, a cutting from "Time Out For Ginger," Kelton, "Circumstances Alter Cases," and Wheeler, "Tim A Fool."

Directors for the plays are Mrs. Morgan, Miami; Mrs. Buster Walker, Kelton; L. R. Reeves, Mobeetle; and Carroll Killingsworth, Wheeler.

Mrs. Helen Schafer, speech instructor in Pampa High School, will judge the contest.

The public is cordially invited to attend the contest. There will be a small admission charge.

Air Force Is 'Filling Up'

The Air Force is rapidly filling to capacity and a waiting list has become the practice for the first time since the Korean conflict, according to Sgt. Neal of the Pampa Recruiting station.

Young men graduating from High School in June should visit the nearest Air Force Recruiting Station and make application if they desire to enlist this summer. This application does not constitute an obligation, but merely establishes a "first come, first serve" basis of selection.

Applications are being accepted now for enlistment in April and May by Sgts. Neal or Weldon at Post Office Building, Room 12, Pampa, Phone MO 4-8622.

Entertainment will also be sparked by top names in the world of entertainment.

Members of the housing committee have announced that reservations have already begun to pour in, several requests are being filled daily, and an attendance mark of over 500 persons is almost assured.

LANDING ON RADAR "STILTS"—This sketch illustrates operation of radar landing "stilts" for the huge planes of the future, as predicted by Lee Ohlinger, atomic scientist of Northrop Aircraft, Inc. He described the revolutionary concept at a meeting of the Society of Aeronautical Engineers in Chicago. The "stilts" will enable planes to land safely at other than fixed bases, without direction from the ground. The three electronic pulses seen in sketch would automatically measure the distance of the plane above ground and through an "electronic brain" computer consider the plane's speed, adjust controls to maintain proper landing attitude and set the craft down on the landing strip automatically in any weather.

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

PROPERTY RENDERING DEADLINES NEAR

April 1 will be the deadline for most Texans to render their property to certain taxing agencies. State laws require all real and personal property to be rendered for taxes on or before prescribed dates. Those who fail to comply can blame only themselves for the money loss they may consequently suffer.

Some Texas cities set their own deadlines. These are the cities of more than 5,000 population which have incorporated under the "Home Rule" provisions of our statutes. All other cities are governed by the general laws of Texas.

In towns operating under the general laws property must be rendered for taxes between January 1 and April 1 each year. A number of home rule cities set up the same requirements in their ordinances, while others prescribe different periods.

For state and county tax purposes, property must be rendered to the County Tax Assessor by April 30, and homestead exemptions must be claimed by the same time.

In some localities a third taxing unit is involved — the independent school district. In other places school taxes are collected by the city or county. In addition, some localities have water, irrigation, or levee districts which assess and collect taxes. Make inquiry as to where these various taxes are assessed, and as to applicable deadlines for rendition.

What property must be rendered for taxes? If Texas laws were strictly enforced, we would be required to render to all taxing units nearly every piece of real and personal property which we own, down to the very clothing on our backs. An exception is the constitutional exemption of \$250 worth of household furniture. However, no taxing unit carries their requirements this far, and it will be necessary to inquire of each tax assessor when rendering your property whether specific types of property are ordinarily rendered in that locality. Some cities and counties collect ad valorem taxes on automobiles, television sets and other personal items, while others ignore practically all personal property. Business and professional men are generally required to render all merchandise, furnishings, fixtures, business automobiles and equipment.

If property is not rendered by the tax payer, it may then be placed upon the unrendered tax roll, and the taxing agency places such valuation thereon as it considers fair. One advantage of rendering your property is that you can set your own valuation. Then, if the county or city decides a higher valuation is in order, you will be given an opportunity to appear before the appraiser and show a higher figure should not be used in computing your taxes.

Thereafter, an appeal to the courts is possible in some instances. Generally speaking, however, the courts are unable to strike out a valuation unless the agency or board has acted arbitrarily and placed on the property a valuation higher than that placed on comparable property owned by others. If you do not render, the valuation set by the taxing agency is final.

Remember these facts: You may need to render your property at three or more different tax offices. Ask each tax assessor if in doubt concerning the deadline or the rendering of specific personal items.

(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Lamesa To Host Rotary Conference

April 7, 8 and 9 the Lamesa Rotary Club will be host to an expected 500 Rotarians from all over West Texas at the annual Spring Conference of the Organization.

Plans for entertaining, housing and feeding the larger than usual number of members who are expected to attend, are well underway by the local club. Hundreds of rooms are being made available by hotels, motels and private citizens for the influx of visitors.

Restaurants are expected to put on their best "bib and tucker" for the three-day affair, and the city as a whole is preparing to open its heart to welcome Rotarians.

The planned "Friendship House," set for Sunday afternoon and evening, will be held at the newly completed Lamar Forrest Community Center, in beautiful Forest Park.

The \$40,000 structure, erected with funds obtained by voluntary subscriptions from Rotarians and civic-minded Lamesans, was turned over to the City of Lamesa upon completion, for use by all the residents of the city.

Several entertaining and interesting sessions have also been arranged for Rotaryans, wives of members.

Several top speakers in International Rotary will be on hand for the general sessions of the organization.

ROYAL LOYALTY—Renouncing her title, former Russian Princess Tatiana Orousoff has become an American citizen. At the conclusion of the ceremony in Boston she kissed the flag to show her happiness. Daughter of a ballerina and an officer of the Imperial Guard, she fled Russia after the 1917 revolution. She is the widow of Prince Nicholas whom she married in Paris.

Wheeler Teachers Re-Appointed

WHEELER — All administrators and teachers of the Wheeler Schools were re-elected at a recent meeting of the Board of Education. There will be two vacancies in the system however, as Coach J. D. Atwell and Miss Jeanne King, English Instructor,

had previously submitted their resignations. Atwell has accepted the head coaching position at Farwell and Miss King is retiring from the teaching profession after 50 years of service. Contracts of Superintendent A. E. Brown, High School Principal B. Barham and Grade School Principal Carroll Killingsworth were extended for two years.

FAMILY SHOE WEEK

MARCH 21st through 30th

A Good Word For Teenagers

DALLAS, March 21 (UP)—Those who think teenagers have their heads filled only with thoughts of hot-rods, dates, ice-cream sodas and rock 'n roll records need to look closer at the inner fiber.

Anyway, that's the conclusion reached Wednesday by aircraft engineers who offered to help teenagers along the road to becoming technicians and scientists.

Cogizant of the nationwide shortage of top-flight engineers, Temco Aircraft Corporation officials wondered if they could do anything about it, even in a small way.

Many Classes Not Offered
They found that many high schools offered no course in physics in this nucleus and jet age. Others due either to a teacher shortage or apparent lack of interest by students, offered no science training.

Temco officials decided to help them becoming tomorrow's "men of science" by offering trophies to the best mathematics and physics students in each of the Dallas schools.

Then they invited interested high school students to visit the plant, at night. Temco, one of the nation's largest aircraft subcontractors, offered a look at the T-1, the company's new primary jet trainer for the Navy, plus career talks with leading engineers.

Expected Only Book-Worms
Some officials, frankly, expected only a few "real book-worms" to accept the offer. For many teenagers, it would mean giving up a date, perhaps missing a basketball game or dance.

The doubtful ones were dead wrong. The first night, 35 students attended. Then things began to snowball as word reached other students that engineers were trying sincerely to answer career questions. Instead of dozens of students, the final three nights attracted groups up to 100.

Questions by teenagers showed inquisitive minds. They included such queries as "what is a servo-mechanism? After you get to be a working engineer, how do you get into design engineering?"

Liz Expecting

HOLLYWOOD (UP)—Film star Elizabeth Taylor has announced that she and husband Mike Todd will become parents in November.

The couple was married Feb. 2 near Acapulco, Mex. Miss Taylor is the mother of two small boys by her second husband, English actor Michael Wilding.

Her first husband was hotel scion Nicky Hilton, whom she married in 1950.

VATICAN CITY: Pope Plus XII Jr. an audience given to Vice President Richard M. Nixon:

"... It is comforting to note the reliance placed by your illustrious President and generous people... on the simple, informal unfeigned expression of good will as a key instrument for the settlement of international disputes."

The first circus came to the United States in 1792.

does it take any different type of training? I'm interested in atomic power — how can I get into the field?"

Had Minds Of Men
Engineers said questions asked generally indicated the teen-agers had the minds of men rather than "devil-may-care" youths.

Nevin Palley, vice president for engineering at Temco and one of the nation's leading missiles experts, said "the engineer shortage begins in high school. Unless students develop an early interest in the basic sciences, they will not be able to keep up with the technology of tomorrow — when they should be shaping the future of this nation."

Palley said "if you want to build a space ship, the place to start is in high school physics class — years ahead of the time you want it to take off from earth."

Judging from the aircraft plant's career night results, today's high school students are willing and able to do the job — providing somebody will take a little time to help them plot the course.

For that wonderful 21 year old feeling!

If you need vitamins—This big booster potency of vitamins and minerals costs only 6¢ a day!*

Work can seem almost play when you are full of bounce and pep! So don't let vitamin or iron deficiency fatigue drag you down—leave you tired, nervous, lacking in healthful appetite, a prey to minor ills.

* If your trouble is not functional, but the result of prolonged vitamin and mineral deficiencies—take Bezel Special Formula Vitamins. One capsule—every day—brings you abundant B12, all essential B vitamins—plus 5 times your daily iron requirement. So, build rich, red blood with Bezel—for that wonderful 21 year old feeling!

Children need bounce and pep, too. So remember, there is a member of the Bezel Vitamin Family—at the right potency and price—for every member of your family!

The Pampa Daily News

One of Texas' Five Most Consistent Newspapers... We believe that one truth is always consistent with another truth.

Should we at any time, be inconsistent with these 'truths, we would appreciate to anyone pointing out to us how we are inconsistent with these moral guides.

Published daily except Saturday by The Pampa Daily News, Atchison at Somerville, Pampa, Texas. Phone 4-2625. Entered as second class matter under the act of March 3, 1879.

SUBSCRIPTION RATES

By CARRIER in Pampa, 30c per week. Paid in advance (at office) \$3.90 per 3 months, \$7.80 per 6 months, \$15.60 per year. By mail \$7.80 per year in retail trading zone, \$12.00 per year outside retail trading zone. Price for single copy 6 cents. No mail orders accepted in localities served by carrier.

Council Didn't Act

If the United Nations Security Council had wanted to take action to expel Soviet Russia for its ruthless aggression in Hungary it could have done so... We have the word of no less an authority than U. S. Sen. William F. Knowland, an UN delegate.

Knowland pointed out that the above action "automatically deprives the Soviet Union of the right to vote in the Security Council on any proposal for disciplinary action with regard to the Soviet's action in Hungary." But the Russians "laughed in the face of the United Nations, vetoed action by the Security Council, kept its troops in Hungary, continued to deport Hungarians to Siberia, and remained a member of the United Nations 'in good standing'."

The Doctor Says

Some new thoughts to chew on keep coming up in the medical field and today's first question brings up one of these... Q-I have read somewhere that the blood group to which a person belongs has something to do with their likelihood of getting certain diseases.

BETTER JOBS

By R. C. HOILES Comparing Our Debts And Other Expenses With Other Nations

When we talk about the United States appropriating \$3 billion a year or so for foreign relief or defense, it might be well to compare how much the U. S. Government owes and how much it is spending with other nations.

United States is supposed to owe \$280 billion, but if all the guarantees that should be in a financial statement were included, as every banker would require before he would make a loan, the United States is obligated to nearer a trillion dollars.

Table listing countries and their debts in billions of dollars: United States (\$280.800), Australia (2.930), Belgium-Luxembourg (6.378), Brazil (1.037), Burma (140), Canada (14,346), Chile (74), Colombia (281), Denmark (1,306), France (16,229), Germany (5,024), Greece (295), India (6,408), Israel (506), Italy (7,233), Japan (2,601), Mexico (300), Netherlands (5,423), Norway (1,726), Pakistan (681), Philippines (432), Portugal (486), Sweden (2,803), Thailand (333), Turkey (1,138), United Kingdom (74,200), Venezuela (10), Total (not including the United States) (\$152,580)

It will be noted from the above that the United States' admitted debt, let alone what it is guaranteed, is, in round numbers, \$130 billion more than the combined debt of these 26 other countries.

Then the Economic Council Letter reports that the United Nations Statistical Yearbook sets forth as the spending of 33 countries. Again the United States figures are not correct because it does not include its spending for social security or roads or diverse other things outside of the budget.

Table listing countries and their spending in millions of dollars: United States (\$71,800), Argentina (432), Australia (1,988), Belgium (1,493), Brazil (3,084), Burma (219), Canada (4,491), Chile (143), Colombia (508), Denmark (709), Egypt (397), France (9,773), Germany (6,439), Greece (340), India (1,926), Israel (156), Italy (1,733), Japan (649), Mexico (719), Netherlands (1,654), Norway (613), Pakistan (555), Philippines (420), Portugal (250), South Africa (914), Spain (747), Sweden (3,198), Switzerland (437), Thailand (22), Turkey (233), United Kingdom (14,833), Venezuela (796), Total (not including the United States) (\$59,892)

The Doctor Says

skin which appears to be the result of, or at least made worse by, emotional disturbances. One would expect that this type of skin disorder would be unfavorably affected by the general health present in a rundown or emotionally exhausted condition.

Fair Enough

Junius Wood, As Devoted To The Big Red One As Any

By WESTBROOK PEGLER

Members and ex-soldiers of the First Division, the Big Red One, now coming to the end of a glorious career at Fort Leavenworth, may thank me for letting them know that a great war correspondent who went everywhere with the Division in the First War and fought to liberate the First Division Monument from degrading oblivion has been ailing for some time.

I was reminded to do this when a friend brought around a record of "Happy Heinie," the marching song of the 18th Infantry, which starts with a thunderous boom of the opening bars of "Watch On The Rhine" and proceeds through a medley of the old-Hungary five airs which used to be belched with horrible discord for throw-money by wandering German musicians in the streets of Chicago and New York.

In the First Division's infancy in the summer of 1917, Marshall Petain's eyebrows went up so far and fast they nearly bounced his cap off as he and General Pershing took salute at the Division's first review, and the band of the 18th foot cranked into the beginning of the enemy's anthem, "The Rhine" and proceeds through a medley of the old-Hungary five airs which used to be belched with horrible discord for throw-money by wandering German musicians in the streets of Chicago and New York.

CHIP IF WE'D STOP TELLING ON EACH OTHER... WE WOULDN'T GET INTO SO MUCH TROUBLE!

Junius was a city-side reporter on the Daily News in Chicago. His career as a wandering war correspondent began when he was sent to the Mexican border in 1916 to join Pershing's column in the mysterious force of the "Pursuit" of Pancho Villa. Gloyd Gibbons, Webb Miller and others who became famous were in the bunch and the hatred which sprang up

American Taxpayer May Become The Loser Again

By RAY TUCKER

WASHINGTON — The American taxpayer may become the loser again as a result of the bitterly partisan handling of his dollars on Capitol Hill. It threatens all moves for any sizable cut in the budget, taxes expenditures and the national mortgage. It is a spectacular demonstration of Congressional cynicism, and ineptitude on the part of the White House.

Almost every leader and member of Congress believes that the Administration's figure of \$71.8 billion, which means actual spending of \$33 billion, is far too high. Many may be retired to private life unless they slash it. But they prefer to seek advantage for their Party rather than for the general public. Nobody is blameless in the light of the indisputable record. When Ike submitted his budget, which is his responsibility, Treasury Secretary Humphrey expressed the opinion that it was too large, and that Congress should reduce it by from \$2 to \$3 billion.

Rightly or wrongly, Democratic leaders regarded this strategy as a deliberate attempt to embarrass their Party on a pocketbook and emotional question. If they approve Ike's figures, they shared the blame and couldn't make an issue of "Republican extravagance." If they operated too surgically, they could be accused of callousness toward the nation's needs, the national defense and the worldwide Anti-Communist Alliance. Inevitably, they responded in

Hankering

A Brand New 1957 Dusty Beige One-Hump Camel

By HENRY McLEMORE

TRIPOLI — I bought a camel today. A 1957 model, dusty beige in color, and guaranteed desert-worthy. He's a one-hump job and runs on either high octane (oats) or regular (thorny fig branches). He cost 45 Libyan pounds, or about \$126.00 American. When John Wayne called from Leptis Magna, where he's making "The Legend of the Lost," I asked me to buy him a camel to present to a zoo back home. I answered "Okay," an answer I am always giving to preposterous requests.

Three hours of questions and answers — through an interpreter — and Hadi Curgi, drawing on his fifty years of experience with the desert Model T's, had told me enough about camels to fill a book. The best place to buy them is at the Tripoli market on Via Dante (open Fridays only), and at Akara, an oasis about thirty kilometers from Tripoli. Camels live to be about thirty, and work right up to the time of their death, but they are at their best between the ages of five and ten.

Like the horse, a camel's teeth show his age, and Hadi Curgi said he could look in a camel's mouth and tell not only the year and the day he was born, but the hour as well. The first things to look for when buying a camel are strong, straight legs. Particular attention should be paid to where the front legs join the body. There should be no sign of rubbing. A strong camel bears his burden easily, doesn't bend in, so to speak. A first-class camel can carry a load of about 300 kilos, and an exceptionally good one can move along with as much as 600 kilos. But to hear this big a burden the camel must be fed oats, and not his usual diet of thorny fig branches.

The working camel — not to be confused with the camels used by desert troops, which are much faster and much more expensive — is a steady mover when on the road. Hadi Curgi and his camels usually cover the 70-odd miles between Tripoli and Leptis Magna in two days, without pushing. On the desert, the camel with his intricate three-stomach arrangement, can do without water or food for fifteen days without suffering. Camels are fairly smart and very tractable when handled by a man who treats them kindly, and they have long memories and store up grudges against an unkind master. When they have had all the mistreatment they can stand, they sink their teeth into the han-

The Nation's Press

LAST SEPTEMBER, President Eisenhower appointed a seven-civilian commission to study our country's mutual security, or giveaway, program. The committee, headed by steelman Benjamin F. Fairless, handed its report yesterday. The findings and recommendations contain precious little cheer for U.S. taxpayers. The United States, the commission says gloomily, "must abandon the false hope that collective security costs are temporary." The Fairless group, true, urges more loans and fewer outright gifts to our overseas clients. And it recommends more consideration for nations which join collective security systems such as NATO, SEATO and the Baghdad Pact; less for "neutrals" like India. On the positive side, the group did manage in its 50-day, 18-nation tour to ferret out how much foreign aid actually is costing us as of today. The Fairless estimate is a whopping \$7,900,000,000 per year, including military, economic and technical aid, plus the overseas expenses of our Army and Navy units and of State Department hands and other wandering bureaucrats. The President's businessmen advisers do hope wistfully that this killing tax burden may be cut down someday, somehow. But for a more candid slant on taxes we refer you to a crack by House Speaker Sam Rayburn (D-Tex.). Said this influential politician: "The government is big and is going to stay big. Taxes are high and are going to stay high. You can talk all you want about cutting the budget by \$5 billion. But that isn't going to be done." In short, our high spenders intend to continue their dollar-losing fiscal, and outraged taxpayers will kindly shut their traps. Who do they think they are, anyway?

Mark Miles, Superintendent of Parks, Amarillo

Club Hears Speaker Discuss Conservation

The Pampa Garden Club met in the City Club Room Monday morning with Mrs. V. E. Wagner in charge of the business meeting. Plans were discussed for the Iris Flower Show to be presented in May. Details for the show will be discussed at the April meeting. It was announced that the next Garden Club workshop will be held in the home of Mrs. A. F. Johnston, 2000 Christine, on April 1 at 9 a.m. It was also announced that on April 8, members will go to Bruce's Nursery for an all-day outing and picnic. They are to meet at Mrs. Loyce Caldwell's at 9 a.m. New club officers will be installed at the April 15 general meeting of the club. Red Bud Trees, being offered for sale by Garden Club members in a beautifying Pampa project, are still available, and may be purchased from any member for \$1.50 per tree. A Garden Club convention will be held in Lubbock, Mar. 26 and 27. Mrs. W. R. Campbell introduced the guest speaker, Mark Miles, su-

perintendent of parks, Amarillo, who spoke on the subject, "Community Conservation." Several points covered by Mr. Miles in his talk were: beautifying of a city as a whole with various projects; preserving the natural developments; a good design for all sections of town and ways to encourage citizens to keep their homes and yards. Mr. Miles told how it helped create good impressions of a city to keep the downtown section neat and attractive. "Since our cities are growing so much, there should be ample space for parks set aside," he concluded. Biography Heard At Rebekahs Meet The Rebekah Lodge met Thursday night in the IOOF Hall with Mrs. Bertha Chambers in the chair. A short business meeting was held. Mrs. Pearl Castka read a biography of Silar Caylerflex, founder of Rebekah degree work. A covered-dish supper was served to approximately 27 members.

Hobart Street Baptist Church Unions Have Mission Studies For Members

The Hobart Street Baptist Church Women's Mission Unions met recently for mission study in the home of members. BETTY TENNISON Mrs. M. D. Crowell, 405 N. Nelson, was hostess to the Betty Tennison circle meeting, opening with the SMU song. Mrs. C. J. Brock led in the initial prayer. The business meeting was conducted by Mrs. M. D. Crowell. Mrs. D. Barefoot led in the mission study book. Mrs. Mage Keyser offered prayer for the sick. Seven members and two visitors were present. BETTY HART The Betty Hart Circle met in the home of Mrs. F. E. Matheny, 806 E. Brunow, for a pancake breakfast. Mrs. W. D. Pate led the business meeting. Mrs. A. V. Hale taught the mission study. The meeting was closed with prayer by Mrs. Harold Beckham. Seven members were present.

DORIS SMITH The Doris Smith Circle met in the home of Mrs. Ed Foran, 601 E. Harvester, Mrs. Roger Hedrick led in opening prayer. Mrs. Ed Foran conducted the business meeting. Mrs. Hedrick taught the mission book study. Mrs. J. N. Tackett offered the closing prayer. Five members and two visitors were present. JUNE PETTY Mrs. H. C. Wilkie, 1325 W. Ripley, was hostess to the meeting of the June Petty Circle. Mrs. Warren Jackson who led in the opening prayer, conducted the business meeting. The mission book study was taught by Mrs. B. E. Wright. The meeting was closed with circle prayer. Six members and three visitors were present. VIVIAN HICKERSON The Vivian Hickerson Circle met in the home of Mrs. D. Crawford. The meeting was opened with prayer led by Mrs. Ruby Shoemaker. Mrs. Carl Barnes led the business meeting and conducted the mission study. Mrs. E. Quarles led in closing prayer. Five members were present.

Mrs. Dauer Has Bell HDC Meeting

The Bell Home Demonstration Club met with Mrs. Roland Dauer, southwest of the city, on Friday. The program on Sanitation Trash Burners was given by Mrs. D. W. Swain, who stated that trash burners made of cinder-blocks are excellent burners and can also be used for a barbecue pit. "The burner, which should face the south, can easily be moved to any spot you wish to place it," Mrs. Swain said. Cherry pie ala mode was served to the guests during the social hour. Members present were Mmes. Ernest McKnight, Carl Smith, H. H. Keahy, Tommie Anderwald, D. W. Swain and the hostess, Mrs. Dauer. The next meeting for this group will be a combined meeting with the Goodwill HD Club on April 5 at one o'clock in the home of Mrs. Ernest McKnight, southwest of the city.

Mrs. Barker Has BW Circle Meet

The Oleta Snell Business Women's Circle, Central Baptist Church, met with Mrs. Paul Baker, 612 Doucette on Monday evening. Mrs. R. E. Bradford opened the meeting with a short business session. The group voted to bring money for a needy family. Miss Nellie Ralston led in a round-table discussion of the mission study book with Mmes. R. L. Ratliff, G. C. Stark, Louis Allen, Edgar Flynt participating on the topic "So Mighty Grew The Word of God And Prevailed." Closing prayer was given by Mrs. R. E. Bradford. Coffee and cake was served to fourteen members. The next meeting for the group will be with Mrs. R. L. Ratliff, 1222 Alcock, April 1 at 7:30 p.m.

MISS ALMA WILSON

Amarillo To Host KKI Convention

Miss Alma Wilson, state president of Kappa Kappa Iota, announces that the eighth annual state convention will be held in the YWCA building in Amarillo on March 23. The two conclaves in Amarillo will be official hostesses. Mrs. Glen Duggan, Tulsa, will be guest speaker. Mrs. Myra Ann Wallace, Lubbock, national president, will be present to install the incoming officers. Conclaves from Houston, Dallas, Fort Worth, Lubbock, Amarillo, Pampa, Midland, Brownsville, Slaton, Muleshoe and Olton will attend. Monthly Social In Anderwald Home The Bell Home Demonstration Club held its monthly "42" party Saturday night in the home of Mr. and Mrs. Tommie Anderwald with Mr. and Mrs. Ronald Dauer as co-hosts. High score went to Mrs. Carl Smith with Mrs. Troy Maness taking low score. Guests and members present were Messrs. and Mmes. Carl Smith, L. C. O'Neal, Ernest McKnight, Troy Maness and two children, H. H. Keahy, Roland Dauer, Tommie Anderwald; Mrs. D. W. Swain; Messrs. John Gray, Joe Wheeley and son.

Girl Scout Activities

The Horace Mann Neighborhood Association met in the home of Mrs. James Hall with eight members present. The Sam Houston Association met in the home of Mrs. J. R. Bonner with fourteen members present and ten of the troops represented. The Juliette Low Fund was discussed and a report on the fund was given by Miss Martha Holt. A parade of the entire Girl Scout organization was discussed but due to lack of time, it was not possible to make preparations for this year, but plans were made to have it during Girl Scout Week next year. Each leader is being asked to save gunny sacks and tin cans for Day Camp, which will begin for Brownies June 10-15; and for intermediates June 17-22. The training course to be held in Norman, Okla., Mar. 28-29, was also discussed.

Horace Mann Neighborhood will meet again April 8 in the home of Mrs. Tony Smith, 332 N. Faulkner. Sam Houston Neighborhood will have their next meeting April 9 in the home of Mrs. R. E. Dobbin, 1909 Mary Ellen. APRICOTS ANDALUZ Stewed fruits of all sorts make good desserts; they can be served hot or cold, by themselves or with ice cream, sour cream or sherried whipped cream. For this last, you whip in two tablespoons of Spanish sherry, either a fino or amontillado type, as the cream begins to stiffen. Apricots take on a special taste, when a quarter cup of fino or amontillado is added just before they are removed from the stove. Grated ginger or lemon peel adds still more variation to the taste. Start Sitting Pretty With An Electric Clothes Dryer

Start now to sit pretty with your own automatic electric clothes dryer. Gone will be the trudges to the clothesline, the freshly laundered clothes newly soiled by outside dust and dirt, the smears of rain or snow. Inside, your clothes will dry just as clean as they were when you removed them from the washer... no dirt, no dust, no wind, no rain, no snow. In fact, you make your own perfect drying weather when you own an electric clothes dryer. You'll save other time, too, because many things dried in the dryer need no ironing.

NOW!

instant coffee that smells like coffee!

New Instant Hills Bros Coffee with the original Taste-Lok* that assures freshness

You get a wonderful whiff of real coffee flavor - the satisfying taste of real coffee flavor - in every cup. In new Instant Hills Bros. Coffee we've captured the elusive flavor "esters" - the flavor tones that are usually lost in processing. And we keep this flavor for you. The new aluminum inner-seal keeps taste in, keeps air out... Hills Bros. original TASTE-LOK*. Why not reward yourself soon with the full pleasure of this instant coffee that smells and tastes like coffee? It's at food stores in 2-ounce and 6-ounce jars.

Cardinals Stronger This Season

(EDITORS NOTE: This is the fourth in a series on the 1957 prospects of the major league clubs.)

By LEO H. PETERSEN
United Press Sports Editor

ST. PETERSBURG, Fla. (UP)—Manager Fred Hutchinson figures his St. Louis Cardinals are "from 10 to 12 games" stronger this season than they were in 1956, when they finished fourth, 17 games behind the pennant-winning Dodgers.

But the lack of a hard-hitting centerfielder, only so-so catching and uncertain pitching may keep them from overhauling any of the three top rated clubs—the Dodgers, Braves and Redlegs.

"Our pitching should be better," Hutchinson says optimistically, "and Del Ennis is going to be a big help in the power department. I figure my club is the most improved in the league. The big question is, has it improved enough?"

If he has to go with what he has now, Hutchinson probably will two-piston center with the fine-fielding but light-hitting Bobby Del Greco and Chuck Harmon, who failed to stick as an infielder with the Redlegs.

Counting On Ennis
The other two are fixtures—Ennis in left and Wally Moon, one of the favorites to win the National League batting title, in

Says Fred Hutchinson

right Hutchinson is counting on Ennis, secured from the Phillies, for 100 RBIs and figures his big bat should give the Cardinals as strong an array of four hitters as there are in the league.

In that four would be Stan Musial, Ennis, Moon and Ken Boyer, the power-hitting third baseman. Musial will play first base with Don Basingame at second and either Al Dark or Dick Schofield,

Redlegs Massacre Don Larsen, Yanks

By FRED DOWN
United Press Sports Writer
Don Larsen has made his long-awaited spring debut as a model of deportment for the New York Yankees and the unanimous verdict is that he never looked worse.

The Cincinnati Redlegs made the World Series perfect game hero look like nothing more than a perfect batting practice pitcher as they routed the Yankees, 20-6, Wednesday with a barrage of 25 hits. Larsen, pitching for the first time since his Oct. 8 epic against the Brooklyn Dodgers, retired the first two batters he faced but then was socked for five runs and six hits before retiring after three innings.

43 Total Bases
The Redlegs went on from that point to batter rookies Al Ciccotte and Jack Urban with an attack good for 43 total bases and hand the Yankees what is believed to be their worst Grapefruit League loss since 1925. George Crowe, Jerry Lynch and Smokey Burgess collected a homer and a triple each and Don Hoak also weighed

Cunningham, both of whom failed to make the grade in other trials, will be kept as a reserve for Musial.

Hal Smith will be the No. 1 catcher but if something happens to him the Cardinals will be up against it, for Hobe Landrith cannot throw in major league style and rookie Gene Green, a 300 hitter at Rochester, does not appear to be ready.

May Be Key
Three pitchers obtained in off-season deals may be the key to the St. Louis staff. They are Sam Jones, 9-14 with the Cubs last year; Jim Davis, another ex-Cub with a 5-7 record and knuckleballer Hoyt Wilhelm, the ex-Giant with a 4-9 mark.

Vinegar Bend Mizell, who won 14 while losing the same number in his first season after coming out of service, is regarded as the ace of the staff. Herm Wehmeier, who won 12 for the Cardinals after being obtained from the Phillies, and Landy McDaniel, a seven-game winner in 1956 are other starters.

Murry Dickson, who will be 41 before the season ends, will be used in spot starting roles and also for relief. Two holdovers, Larry Jackson (2-2) and Willard Schmit (6-8) also will be back.

Four rookies are battling for the 10th pitching berth. They are Lloyd Merritt, Billy Muffett, Tom Cheney and Bob Smith.

Youth Basketball Program Tonight

The Kiwanis Club basketball program will be held tonight at 6:30 p.m. in four gyms with another session slated for Saturday morning at 9:30.

The program, under the supervision of the Pampa Harvester coaches and players, is open to all youngsters in the fourth through seventh grades. Gyms to be used include two at Pampa High School, Lamar and Baker schools.

Lyon named Dickie Barrett, Earl Cooper, Walter Heil, Kenneth Keith, Bill Kirbie, Frank Snow, Alton Thygerson, Dickie Watkins and Bill Brashears to represent Pampa at Odessa.

Barrett, who has won runner-up honors in the Canyon Reef Relays and ABC Relays, in the 150-yard low hurdles, will enter the high and low hurdles, 880-yard relay and broad jump. Cooper, winner of two third-places, in the same

IN TWO WEEK-END MEETS — Members of the Pampa Harvester track team are entered in the West Texas Relays at Odessa and the Panhandle Relays Friday and Saturday. Shown above are, front row left to right: Bill Brashears, Walter Heil, Andy Epps, Don Bigham, Bill Grider, Bill Morse and Earl Cooper; center row, left to right: Alton Thygerson, Dickie Watkins, Gene Bratcher, Gary Matlock, Bill Kirbie, Denny Carmen, Roy Morris and Joe Cook, manager; back row, left to right: Coach Dwaine Lyon, George Olds, Dickie Barrett, Kenneth Keith, Clyde Smith, Brent Perry, Frank Snow, Paul Brown, Lyon West and Larry Hendricks.

Track Squads In Panhandle, Odessa

Rain forced cancellation of the Pampa Harvester's final track workout yesterday as the team prepared to enter two big track and field meets this week end.

Coach Dwaine Lyon's Harvesters were scheduled to participate in a quadrangular meet at Borger yesterday afternoon against Stinson, Phillips and Borger but the meet was called off.

Nine Harvesters left for Odessa this afternoon to attend the big West Texas Relays. The remainder of the squad, to be directed by Coach Norman Phillips, will compete in the annual Panhandle Relays at Panhandle Friday and Saturday.

Lyon named Dickie Barrett, Earl Cooper, Walter Heil, Kenneth Keith, Bill Kirbie, Frank Snow, Alton Thygerson, Dickie Watkins and Bill Brashears to represent Pampa at Odessa.

Barrett, who has won runner-up honors in the Canyon Reef Relays and ABC Relays, in the 150-yard low hurdles, will enter the high and low hurdles, 880-yard relay and broad jump. Cooper, winner of two third-places, in the same

meets in discus competition, will participate in the discus, shot put and mile relay.

Keith will enter the 440-yard and mile relays, the low hurdles and the broad jump. Kirbie is competing in the shot put and discus. Snow will run an 880-yard leg of the spring medley relay and will run in the mile relay. Heil will run the mile. Thygerson will take part

are scheduled for Saturday at 9 a.m. Pampa entries in the Panhandle meet include Don Bigham, Gene Bratcher, Paul Brown, Denny Carmen, Andy Epps, Bill Grider, Larry Hendricks, Jess Ingie, Gary Matlock, Bill Morse, Roy Morris, George Olds, Brent Perry, Clyde Smith, Freddie Watkins and Louis West.

Watkins has entered the 440-yard, 880-yard and mile relays, and Brashears will also enter the 440-yard, 880-yard and spring medley relays.

The Panhandle Relays preliminary trials will get underway Friday at 1 p.m. and the semifinals

Santa Fe Skiing Conditions Good

SANTA FE, N.M. — Skiing is reported as fabulous for the week end with the downfall of 15 to 20 inches of new snow in the Santa Fe Ski Basin in the past few days.

A. G. (Buzz) Bainbridge of the Basin reports that snow is still falling on a three to four feet base in the basin. He also reports that the roads will be open and that a party is scheduled for Saturday night at Bishop's Lodge.

IN ODESSA MEET—Four members of the Pampa Harvester golf team are entered in the West Texas Relays golf tournament in Odessa Friday and Saturday. They are, left to right, Les Howard, Burt Watkins, Bill McLeod and Melvin Chisum.

Semifinals Of NCAA Tourney Slated Friday

KANSAS CITY, Mo. (UP)—All four teams in Friday night's semifinals of the NCAA tournament drilled today at the scene of action, with the coaches of favored North Carolina and Kansas issuing advice to their rivals.

North Carolina (30-0) is favored over Michigan State (16-8) in the battle for the eastern title at 8:30 p.m. EST; Kansas (23-2) is picked over defending Champ San Francisco (21-6) for the western crown at 10:30 p.m. EST.

But Coaches Frank McGuire of North Carolina and Dick Harp of Kansas were busily sending out rays of hope for their foes.

"I think they might have a better chance of beating us if they would relax," said McGuire. "Their coaches are so tense when they face us that their players are not at their best."

Harp, on the other hand, feels that San Francisco, "A great, defensive team with a great coach in Phil Woolpert, has all the ingredients needed to beat us."

What's needed to beat Kansas, of course, is some way of stopping All-American Wilt (The Stilt) Chamberlain, the seven-foot sophomore who averages almost 30 points per game, grabs rebounds, and bats away opponents' shots. Coach Woolpert says he's decided from watching movies of Chamberlain that he's just "unstoppable."

Harvester Golfers In Odessa Tourney

A quartet of Pampa High School golfers, accompanied by Coach Weldon Trice, left this morning for Odessa to compete in the golf tournament in connection with the West Texas Relays.

Representing Pampa will be Les Howard, Burt Watkins, Melvin Chisum and Bill McLeod. The team will be entering their third golf tournament of the season. The Harvesters placed 11th in a 44-team field at the Southwestern Recreation Meet in Fort Worth last week. Previously they had

Prof Shires And Ouimet In Main Go

The Pampa Shrine Club has lined up an outstanding mat card for Monday night at the Top of Texas Sportsman Club with a six-man tag team match as the top attraction.

One team is composed of Professor Roy Shires, his manager-valet Frenchie Ouimet (formerly known as Bobby Wallace) and Tito Infante. They will oppose Dizzy Davis, Frankie Hill Murdock and Sky Low Low.

The match is scheduled for two of three falls with a one-hour time limit. It will be the first six-man tag bout seen here in several months.

Two 20-minute, one-fall bouts will lead off the card which starts at 8:15 p.m. Ouimet, usually be decked in tux, black homburg and cane, will oppose Murdock in the first contest of the night. The second match has midget matmen Infante and Low Low going against each other.

Tickets are on sale at Modern Pharmacy. Admission is \$1.50 for ringside seats, \$1.25 for reserved bleacher seats, 90 cents for general admission and 50 cents for children.

Bradley, St. Bonaventure Get NIT Nods

NEW YORK (UP) — Record-busting Bradley and "hungry" St. Bonaventure will be the unhappy favorites tonight when the semi-final round of the National Invitation Basketball Tournament matches four teams who were supposed to be back home reading about it in the newspapers.

St. Bonaventure is favored by three points over speedy Memphis State in the opening game of the twin bill and second-seeded Bradley is a 3½-point pick over Temple.

But seven of the eight games played so far have resulted in upsets, and the dazed odds-makers aren't sure of anything. In tonight's first game, they're worried about injuries to two Bonnie stars and in the second they're scared stiff on Temple ace Guy Rodgers.

The Bonnies rely on speed and ball-handling for their "upset magic" and will be badly hurt if Brendan McCann and Don Newhook aren't up to par. Ace spark-plug McCann is ailing with a virus; Newhook stretched a ligament in a bad fall during Monday's quarterfinals.

Bradley is the pick in the second game on the strength of its fanatical quarter-final victory over Xavier of Ohio, in which it came from 21 points behind to set Madison Square Garden scoring records of 116 points for a game, 72 points for a half; and 42 free throws. The Braves played an all-court press for the last 29 minutes to turn the game upside down.

Bradley was concerned about stopping Rodgers, the Temple whiz who so far has been the tourney's outstanding player. On the other hand, Coach Harry Litwack of Temple pointed out that a ball-handling ace like Rodgers could break up an all-court press.

WILL BLEAK ARCTIC BECOME AERIAL CROSSROADS? — The recent inauguration of regular passenger service by Scandinavian Airlines System between Copenhagen and Tokyo, directly over the North Pole, suggests that the skies over the great Arctic wastes may become the crossroads of intercontinental air travel. SAS pioneered the trans-Arctic commercial routes in 1954, when it started Los Angeles-Copenhagen flights via Thule, Greenland. In addition to these, Pan American Airways and Trans World Airlines have applications in for trans-Arctic routes between Los Angeles and London. Military planes are, of course, flying back and forth around the North Pole all the time.

Texas Traffic Death Toll Is Announced

Col Homer Garrison Sr., director of the Texas Department of Public Safety, announced the official figures today for the 1956 highway traffic death count. Garrison said that with the official closing of the 1956 books on traffic deaths that 2,611 persons had been killed during the year and the economic loss in the state amounted to \$229,685,450. He said his figures, compiled by N. K. Woerner, chief of the department's Statistical Division, show that 111,501 persons were injured during the year of 1956 and that there were a total of 228,832 motor vehicle accidents. The state police director said the 1956 death count represented an all time high with 64 more deaths than were placed on the books during the record breaking year of 1955 with 2,547 fatalities. "Actually," he said, "there was a three per cent increase in traffic deaths in Texas last year in comparison with 1955 and our death rate per 100,000,000 miles of travel raised only slightly to 6.5 as compared with 6.4 deaths per 100,000,000 miles of travel in 1955." Garrison said several factors must be considered in the fatality figure. "We have more automobiles than ever before in our state and we are driving more miles than ever before. But that is no reason to expect an increased number of deaths in traffic accidents." "With more driving we have become lax in our attitudes toward breaking traffic laws, and we have become selfish in our driving habits. The traffic officer can do only so much in removing dangerous drivers from the road; we need the full cooperation of the motoring public in making 1957 a safer year on our streets and highways." The final count of traffic fatalities is withheld until March 15 each year because of late deaths that occur as the result of traffic accidents during the calendar year.

A "Happy" Highway
WEST PALM BEACH, Fla. (UP) — Florida's new Sunshine State Parkway was christened for a second time Monday with moonshine whisky. The occasion was the first capture of a bootlegger on the newly opened toll road.

48th Year
State highway patrolmen arrested dumped in parkway ditches, except for a quantity saved for evidence. Dewey Lee Young after a chase and confiscated his bootleg load of 573 gallons. The whisky was Read The News Classified Ads

Pampa Area Students In Wayland Play

PLAINVIEW—Two Pampa area students are handling key roles in "The Rainmaker," by N. Richard Nash, to be presented by the Wayland International Players in Wayland Baptist College's auditorium, today and tomorrow.

NO BIOG (YET) — There's been a lot of talk about a possible biography of Clark Gable, but "The King" isn't writing—or even talking much—about his 25-year on- and off-stage career. "And I suspect I never will," he says. Maybe some publisher will yet trade him a couple of uranium mines for the story—and get a bargain.

David Cartwright, Pampa, and Rex Newkirk, Wheeler, are major figures in a romance which develops at the time of a paralyzing drought in the West. The plot develops as a potential "old maid's" father and two brothers become concerned about her winding up "husbandless." After several schemes fail a combined lover-rainmaker comes on the scene to further complicate matters. Cartwright as Sheriff Thomas is back for the third time on the Wayland stage as an actor. He has appeared in such productions as "The Night of January 16th" and "For A1 Eternity," and has been stage manager for "When Shakespeare's Ladies Meet," student director for "Amahl," and director of the "Daughter of Destiny." He is also a member of the International Choir.

Newkirk is a newcomer to the Wayland stage. He plays the role of the father, H. C. Curry. Newkirk, a Methodist minister, is a transfer student from LeTourneau Tech. During the month of March theatres throughout the world are presenting plays that will give audiences insight into a way of life among many peoples. The "International Theater Institute," created several years ago by UNESCO, has labeled March as International Theatre Month. The group is dedicated to the belief that art is the universal bridge across which all nations can hope to reach one another.

Home Buyers Are Still Aiming High

The drive of the American people toward home ownership, a continuing force in the economy, is being matched by efforts of the nation's Realtors to assist them. E. L. Campbell, president of the Pampa Real Estate Board, declared today. "Despite recent difficulties in obtaining an adequate flow of mortgage money on the more favorable terms of two years ago," Campbell said, "the latest polls of consumer buying intentions show that home purchase stands as one of the top goals of our people. Moreover, 40 per cent expect increases in their income during 1957, facilitating the attainment of this and other objectives. Through our National Association of Real Estate Boards, we Realtors are advocating steps to help them overcome barriers to home ownership." Campbell explained that according to the latest (1957) findings of the survey of consumer finances by the Federal Reserve Board, 8.4 per cent of the consumers intend to buy homes this year. Twenty-four per cent of the "spending units" said they intend

to spend money to improve and maintain homes they already own, and 28.8 per cent reported plans to buy major household appliances. The survey found that also 75 per cent of the American people now have liquid assets, such as checking accounts and government securities, as against 73 per cent who made a similar report last year. Most of the gain was accounted for among persons with savings of less than \$500. "This willingness to work and save toward the realization of desired objectives," the local Realtors' executive said, "is being met half way by NAREB. We are supporting legislation currently pending before Congress to bring house down payments required under Federal Housing Administration mortgage insurance down to new low levels, and to encourage a greater supply of loan money for the mortgage itself. If successful, these measures will make it possible for additional thousands of families to buy homes." In recent Congressional testimony on general housing legisla-

Speaks A Language All Its Own!

Take a good look at this gentleman as he strides out into the early morning to his waiting car. In all probability you feel—as we do—that you know a goodly number of things about him. First of all, we would be willing to venture that he is a man who holds to high standards of achievement. We would guess that he is held in high personal esteem by his friends and associates. And we would also suppose that he is a practical man who is keenly aware of the basic value and worth of the things around him. The reason for all this is not far to seek. For the motor car that awaits him at the curbside bears the beautiful crest of Cadillac. And here, beyond all conjecture, is the most eloquent spokesman in the entire realm of possessions. In fact, the Cadillac car has, over the years, been so closely associated with the leading citizenry of our land that the two have become all but inseparable in the public mind. And just as these motorists have placed their trust in Cadillac, so Cadillac has given them everything they could hope for in an automobile. Cadillac has given them unduplicated beauty and luxury... unsurpassed performance and comfort... and extraordinary quality and value. Have you driven a 1957 Cadillac? If not, we urge you to come in and let the car tell you its own thrilling story on the highway. We think you will agree that this year, more than ever, Cadillac speaks a language all its own!

Mickey Finn

OKAY! I'VE GOT 'EM ALL!

HOW ABOUT THESE FUR COATS, REX? THEY'RE WORTH PLENTY, TOO!

ALL SET!

THEN LET'S GO!

THEY'RE COMING OUT, MICKEY! READY!

READY!

Freckles

I THINK IT WOULD BE FUN IF—

THAT'S NANCY WITH BILL—IMAGINE!!

LIM—LIKE I WAS SAYING—

THERE'S ANOTHER COMBINATION I COULD NEVER FIGURE OUT!

AND HERE COMES EVELYN! SHE AND HARLEY JUST BROKE UP!

Susie Q. Smith

WHAT'S FUNNY, SUSIE?!

Oh! Oh! Oh! SEE THAT GOOF WITH THE ROSE IN HIS LAPEL?

WE HAD A BLIND DATE TO MEET A GIRL ON THIS CORNER WEARING A ROSE IN HER LAPEL.

A Fitting Promise
CHICAGO (UP) Designer Emilio Pucci soon will market a product designed for an obvious market—a pantie girdle for the "women of all sizes and shapes" who wear slacks, shorts and bathing suits.

Loaded!—Two Ways
PENSACOLA, Fla. (UP)—Pensacola police arrested a man on a public drunk charge in a bar last Tuesday and were amazed when they searched him and found he had \$11,200 in cash in his pocket. V. Allen Williams, a fish-market operator, had no trouble posting bond on the charge, police said.

The Trap Is Baited
PETOSKEY, Mich. (UP)—A supermarket here is enticing shoppers with a 1,184 pound wheel of cheese. Customers are allowed to pack off and eat as much of the cheese as they like.

In Day Of Racial Tension, Hollywood Has Happy Case

By ALINE MOSBY
 United Press Hollywood Writer
HOLLYWOOD (UP) — In this day of racial tensions, Hollywood can boast of one happy case history involving a beautiful Indian girl from Peru.

For the past six years, the girl's foster mother has been film star Joan Fontaine, and the actress calls her inter-racial family "the greatest lesson in my life."

Joan discovered little Marita, then 3-1-2, living in a mud hut in a remote village atop the Andes in Peru while the star was touring the country.

"I saw Marita sitting on the wall of this home — she was the caretaker's daughter," the actress said at MGM on the set of "Until They Sail."

"It was fate — we were destined for each other. I thought, 'she's mine.' It was a spur of the moment impulse. She had lots of brothers and sisters so her parents wanted me to take her because they said you can give her more advantages and we feel this girl is worthy of opportunities."

After arrangements were made with the parents and American consul, Joan brought Marita home and became her legal guardian.

"It was difficult at first," the actress admitted. "Everyone was so beastly. They accused me of doing it for publicity. They said, 'you've adopted a colored girl.'"

"But one by one they became as enthralled with her as I was. Soon she was playing with other little girls and within six months the situation was adjusted. She wore braces on her legs for months because they were pained from carrying her younger brother on her back."

DOUBLES—Nope—that isn't Israeli Premier Ben-Gurion looking at his own portrait on the magazine cover. It's Territorial Senator William ("Doc") Hill of Hawaii. He's noted for his sharp wit and barbed tongue as well as for his resemblance to Ben-Gurion.

The part Inca, part Spanish Marita never had seen ice cream or airplanes before, let alone a beautiful actress such as Joan Fontaine. The child, now 11, goes to a private Catholic school with Joan's own child, Deborah, 8. The actress says the girls are happy together.

In her professional life Joan is involved in a racial situation on the screen. In "Island in the Sun" she portrays a woman who has "a strong attraction" for Negro Harry Belafonte. The actress admits she has been bombarded with letters about the role.

"I've had letters of condemnation, quoting the Bible, asking me to think of future generations and so forth," she said. "All I can say is, this is pre-judging a movie before they've even seen it. How do you know what it's about?"

TAXES BY THE MINUTE—The average worker, who makes \$12 a day, pays out \$3.65 in taxes, according to Rep. Noah M. Mason (R-Ill) in his breakdown of the eight-hour earning day. The tax bite is the largest single item of daily expense and requires more than a fourth of the working day to meet. Mason cited the figures in calling for a slash in the administration's

IN THE BAG—This is no baggy fish story like a shaggy dog story, but a new fact of modern living. Live goldfish, in plastic bags, as shown above, are on sale in Cleveland, Ohio, drug stores. An oxygen-producing process enables the fish to live in the sealed containers until transferred to bowls.
