WEATHER

TOP OF TEXAS—Considerable cloudiness, with widely scattered thundershowers and little change in temperatures through tomorrow. Low tonight, 69, high tomorrow, 90.

KIT KATS CLEAN UP

The Kit Kats, a high school social club, put their new pledges to work this morning on an "Anti-Litterbug Campaign". Each morning until the Top O' Texas Rodeo begins, 10 pledges will pick up papers littering Pampa's streets to help spruce up their city for the big event. Every six months the group undertakes a project for the betterment of Pampa. Cleaning up around their giant "anti-litterbug" box are, left to right Misses Jane Hoover, Linda Fain, Sandra Dodd and Gay Vanderburg.

Conflict In Texas And US Laws Faces Dallas Schools

DALLAS (UP)—The Dallas Independent School District today found itself whipsawed between a state law and the federal court ruling that it must integrate its public schools.

The law provides for an election within 60 days after at least 20 per cent of the school district's eligible voters sign a petition calling for an election on whether to integrate.

The law says any district integrating its public schools without the taxpayers' approval will forfeit both its accreditation and its state funds.

"We are, at present, considerably confused," Dr. Edwin L. Rippey said at a Dallas Board of Education meeting Wednesday night. Dr. Rippey is president of the board.

The U.S. Fifth Circuit Court of Appeals at New Orleans Tuesday ordered Dallas to integrate its schools at "the earliest possible date."

Superintendent of Schools W.T. White said the Dallas school system is due \$2 per student for the coming year, which would total 12 million dollars. He said the district is also to receive \$1,200,000 in special state funds.

Never Denied

He said he did not know if the law meant a system would lose the general allowance or only special funds.

"I hope in due time we will do the right thing the right way," Dr. Rippey said.

Rippey said the Dallas school board has "never denied its obligation to fulfill the decree" of the Supreme Court in regard to integration.

"The problem is one of time," he said. "We should have the right to interpret when we are read" to desegregate.

Fancher Named March Of Dimes Chairman

Kay Fancher of the Panhandle Insurance Agency in Pampa, accepted the position of Gray County chairman for the 1958 March of Dimes Campaign yesterday.

Court Coverage Talked

LONDON (UP)—Elisha Hanson, general counsel of the American Newspaper Publishers Assn., called upon the American Bar Assn. today to help newsmen give "proper" coverage to court trials.

Hanson addressed a joint session of British and American lawyers on "publicly attended upon trials" at the opening of the business sessions of the bar association convention here.

The convention—first full-sized one ever held in Europe by Americans—was launched by impressive ceremonies at Westminster Hall Wednesday. When they were over the American lawyers and their wives flocked to the bright lights and sights of Piccadilly.

Some were hosted by their British colleagues at formal dinners while hundreds of others hit the theaters, reviews, nightclubs and pubs all over downtown London.

The business sessions opened this morning with Hanson's report that the association make "proper use of all media of mass communication."

He said that newspapers, television, radio and newsmen kept the public informed about the administration of justice.

"If the conflict arises between those two of our most cherished policies of democratic government—the right of the people to have information about matters of vital importance and the right of the accused to have a fair trial," he said, "then it is the duty of the court before which the conflict arises to make a proper accommodation between them so as to preserve the essentials of both."

Air Force Releases Wheeler From Sentence On Haircut

By FRED G. BRAITSON
United Press Staff Correspondent

TOKYO (UP)—The Air Force freed Donald Wheeler from prison today and the defiant young airman said he would risk another prison sentence rather than give in to orders to get a white side-wall haircut.

Col. Charles W. Johnson, commander of the 6000th Support Wing at the Fuchu airbase, ordered Wheeler released because of "errors" and "irregularities" in his all-officer court-martial.

Wheeler was convicted Monday of disobeying orders and was sentenced to four months imprisonment at hard labor, fined \$200 and ordered in rank. The jail doors opened for him today and he was rushed to Tokyo to complete the formalities of freedom.

"I am very happy to get all with very happy to get through with it," he told newsmen in Tokyo. Then he said he didn't believe he would ever get a haircut order again.

"I would refuse to get a white side-wall haircut if I was ordered again to get one," he said.

Errors in Trial

He said he would challenge the order because he believes now as he believed then that it is an "illegal" order.

Johnson called in newspapermen at Fuchu and read the following statement, which restored Wheeler's freedom:

"I have reviewed the court-martial case of Airman Donald Wheeler and have found certain cumulative errors and procedural irregularities in the trial. For these reasons, I have this date disapproved the findings and sentence of the court.

"Normally under such circumstances, I would have recommended that the court be set aside and a new court-martial be convened. However, in the interest of expediency, I have decided to release the airman from his sentence and to allow him to return to his home in the United States."

Paving Bids To Be Heard August 12

Bids for the paving of almost three miles of road immediately northwest of Pampa will be opened by the Gray County Commissioners on Aug. 12.

The announcement came from Judge Bruce Parker's office yesterday afternoon.

Paving will be in a "T" shape, including a two-mile stretch north on Price from Alcock to the airport road and a one-mile stretch starting in the center of this road and running east to the city limits on Kentucky.

This east-west road, an extension of Kentucky, will be the northern border of the property where the Pampa Community Hotel is to be erected.

Property owners along this section have agreed to pay curb and gutter costs. Owners include the Community Hotel, T. B. Solomon, and the Pampa Youth Center.

Gray County is paying curb and gutter costs for the youth center.

This east-west road is to be 80 feet in width, Parker said. Bidders interested should apply before 10 a.m. Aug. 12 to Judge Parker.

Details for bidding can be found in the legal columns of today's News or in the Aug. 1 paper.

British Jets Attack Rebel Ground Force

Lie Test Favored By Sheppard Jurors

By PATRICK CARRICO
United Press Staff Correspondent

CLEVELAND (UP)—Three of twelve jurors whose judgment brought conviction and a life prison sentence to Dr. Sam Sheppard indicated today a lie detector test might provide workable answers to potential new developments in the sensational murder case.

Of the seven men and five women who sat through the grueling nine-week trial at Cuyahoga County's lakeside courthouse in 1954, seven refused to discuss the current or past developments of the case. Two others since have left Cleveland.

The ten jurors were asked:—Do you believe Sam Sheppard should be given a lie detector test?

—Do you believe, on the basis of recent developments, that the Sheppard case should be reopened?

"I don't know the legal value of a lie detector test," explained juror No. 5, Mrs. Beatrice P. Orenstein, 39.

"I feel that if new evidence comes up, I'll be glad for his (Sheppard's) sake. I don't mean to imply that I think there is any new evidence. I have no doubt we did our jobs fairly. If something

Four Wrecks Reported To Pampa Police

Four wrecks were reported in Pampa by the police department this morning.

One which happened at 12:30 a. m. Tuesday, a hit-and-run accident, was cleared up. A 1954 Buick driven by E. C. Carney, 701 W. Foster hit a 1956 Ford coup parked on N. Sumner, 140 feet west of Rham.

The Ford suffered \$125 damages while only \$25 in damage was done to the Buick.

A 1949 Chevrolet truck driven by Richard T. Jones, 1044 S. Dwight collided with a 1950 Ford truck driven by W. O. Fangle, 833 E. Craven at 4:10 p.m. yesterday. The collision took place at the Stark-weather and Foster intersection. Approximately \$125 damage was sustained by the Ford, but no damage was reported on the Chevrolet.

Another accident at 2:25 p.m. Wednesday was reported in the alley on the 300 block of N. Foster.

A 1949 Ford truck driven by Jesse L. Farrar, 329 Canadian, ran into a 1952 Dodge panel truck which was parked. The panel truck received \$150 damage.

The fourth accident occurred at 10:25, yesterday morning. A 1953 Studebaker driven by William Dickson Newman of White Deer received \$40 in damage when it was in collision with a 1955 Plymouth sedan driven by Mary Inmon of 816 W. Kingsmill. Miss Inmon's car sustained \$50 in damages.

Place of the accident was on W. Kingsmill, 70 feet east of N. West.

In Persian Gulf For Second Day To Aid Sultan Of Oman

By JOE MORRIS
United Press Staff Correspondent

SHARJA, Trucial Oman (UP)—Royal Air Force jets struck with rockets and cannonfire today at the deserted rebel fortress at Nizwa, nerve center of the tribal rebellion in this Persian Gulf sultanate.

Other RAF planes from Bahrain and Aden blasted rebel concentrations in the mountainous hinterland in the second day of air strikes against rebel forces seeking to overthrow the pro-British sultan of Muscat and Oman.

The planes were called in at request of the sultan.

The pilots reported no fire from the ground in their initial 12 sorties against the Nizwa fort in which they fired some 48 12-inch rockets and 7,200 rounds of cannon fire.

Sir Bernard Burrows, British political resident in the Persian Gulf, flew today from his headquarters here to the capital city of Muscat to confer with Sultan Said Bin Taimur on his reported request for British soldiers to put down the rebellion.

The Sultan has an army of about 2,000 men led by 10 British officers—former members of the British army who are on leave and call themselves Soldiers of Fortune. The rebel forces are smaller but so well dug in it would take a major force to dislodge them.

The rebels are led by the Imam, Ghaled Bin Ali, and his strongman brother Talib. They have declared a "jihad" or religious war against the pro-British Sultan and have captured strategic mountainous ground around the provincial capital of Nizwa which was once the capital of Oman.

The RAF announced a major strike today against the rebel center of Nizwa where leaflets were dropped Tuesday giving the insurgents 48 hours warning. The ultimatum expires today.

Wednesday's single strike consisted of 12 rocket attacks by Venom jets on Fort Izki, 20 miles east of Nizwa, a massive structure with walls five feet thick. Reconnaissance planes reported the roof gutted and signs of severe damage to the ramparts.

Rain Plays Favors In Pampa Today

Some residents of Pampa were awakened this morning by a cloud burst while other parts of town only had a sprinkle.

The rain came from a series of clouds that have been passing over the Top of Texas for several days. A heavy downpour of short duration also fell about 5 p.m. yesterday.

The rain gauge on top of The News building recorded a total of .17 of an inch of rain during the shower this morning and the one yesterday afternoon.

The eastern section of town received a mild flood this morning as a cloudburst fell in that area. Yards and streets on the east side of town were flooded while on the west side of town the streets were dry.

The rain was stopping east of Cuyler and Mary Ellen before the light sprinkle started on the west side of town.

The rain in Pampa was part of the heavy showers which spotted the state during the night and early morning.

The Vernon area was one of the hardest hit by Wednesday's thunderstorm activity, an estimated five inches being recorded near Thalia in Ford county just south-west of Vernon, and Vernon itself. (See RAIN, Page 2)

School Bill On Verge Of Oust

WASHINGTON (UP)—House supporters of the federal school construction bill all but tossed in the towel today.

A few Republicans sought to tell President Eisenhower to get him that only a strong last-minute plea by him could save the \$1,500,000,000 compromise measure.

But White House Press Secretary James C. Hagerly said he knew of no plans by Eisenhower to issue such a special appeal before the vote on the bill, expected by tonight.

Hagerly repeated his previous statements that "the President wants a school bill. He disagrees on some of the details of the pending bill but it is acceptable to him."

Other developments.

RIGHTS: Senate Democratic Leader Lyndon B. Johnson foresaw a "good chance" that the civil rights fight in the Senate would be over within two weeks. He said chances are that the Senate would pass a civil rights bill by then—with a jury trial amendment. Southerners indicated they would not filibuster against a bill with a jury trial amendment in Part IV—the voting rights section.

COMMUNISTS: Rep. H. Allen Smith (R-Calif.) introduced a bill calling for fines and jail sentences for persons who "knowingly and willfully" are members of the Communist Party with knowledge of its purposes. Members would be fined up to \$10,000 and subject to up to 10 years imprisonment.

Youth Hit By Car Not Injured Seriously

A 4-year-old boy, hit by a car yesterday at the Cabot camp east of Pampa, was termed as not seriously injured by Worley Hospital doctors this morning.

He will be kept there under observation for another day physicians said.

The boy, Lynn Strickland, was struck by a 1954 Oldsmobile driven by W. L. Hinton of McLean yesterday about 3 p.m. Hinton was driving south on the road just west of the Cabot camp when the youngster darted out into the road from behind a trailer.

Hinton slid into a ditch attempting to stop, but the boy, running in the direction of the slide, was knocked down.

License Expired: Legion Club Told To Stop Selling Beer

The American Legion Club, 113 S. Russell, was advised yesterday by an inspector of the Texas Liquor Control Board to cease the sale of beer.

The order resulted when it was learned that the club's permit to sell beer expired at midnight Tuesday. If the club sells any beer it will be in violation of the law.

The Liquor Control Board inspector told The News this morning that the club would have to make an original application for a new beer permit. The only way that the new permit can be obtained is a corporation, he stated, was for the officers of the local American Legion Post to sign the request.

Lester Jones, commander of the Kirley Crossman American Legion Post, stated yesterday that he would not sign the request for the beer permit. (See LEGION, Page 2)

Petit Jurors Named For District Court

Petit Jurors for the 31st District Court were named yesterday for the session to start the week of July 29, 1957.

The district Grand Jury is to be called in session at 10 a.m. tomorrow according to Bill Walters, district attorney.

Those included on the petit jury panel are: Burl Lewter, Mrs. Stanley Brandt, Arthur Aftersgut, J. D. Williams, Clyde Medkief, Jess Graham, R. M. Klinger, Jeff D. Lard, Mrs. Ray Beesley, Clarence Ward, Mrs. Leona Hancock, Roy Kay, and Floyd Watson, all of Pampa.

H. M. Luna, Mrs. Charles Gibson, Joe N. Poe, Rex Rose, J. P. La Cosse, Jim Tripplehorn, Mrs. Wayne Fanon, G. E. Nichols, Luke McClelland, Mrs. Colleen Mertil, R. C. Brown, R. W. Rial, Hugh Peoples, Mrs. John Schofield, and Thomas J. Word also of Pampa.

J. L. Bain, Paul Keim, J. G. Doggett, W. E. Jarvis, Travis Lively, Jr., Leslie H. Hart, E. C. Luther, Frank D. Smith, Mrs. Earl J. New, H. H. Worsham, Gene Fatheree, Charlie O. Burton, all of Pampa, and Harold E. Bunch, McLean; Marvin Rippey, Lefors; Mrs. B. J. Shaw, Alarred; Mrs. S. J. Michno, Lefors; and Bob Poole, Pampa.

Asiatic Flu Hits 50 Navy Men

CORPUS CHRISTI, Tex. (UP)—Asiatic influenza has stricken 50 men at Corpus Christi Naval Air Station, but none of the cases reported required hospitalization.

Dr. W. R. Metzger, city-county health director, said sailors from the air station got the germ in San Diego, Calif. when they came in contact with sailors just returned from Japan.

A specimen of the germ was sent to Brooke Army Hospital in San Antonio where it was identified as the Asiatic influenza bearer. Dr. Metzger said all cases reported have been "light."

New Claim To Cancer Cause In Cigarettes

By BETTY PRYOR
United Press Staff Correspondent

WASHINGTON (UP)—A Cleveland research firm claimed today it has discovered a cancer-producing agent in cigarettes—and a way to eliminate it.

At the same time, Prof. Harry S. N. Greene, head of the pathology department at Yale Medical School, pooh-poohed various medical reports indicating a relationship between smoking and lung cancer. He said such findings are based on statistical studies and that "statistics do not in themselves prove anything."

(See CLAIM, Page 2)

Bulk Of Disputed Rights Section Killed By Senate

By DAYTON MOORE
United Press Staff Correspondent

WASHINGTON (UP)—Senate Democratic Leader Lyndon B. Johnson said today there is a "good chance" the Senate within two weeks will approve a civil rights bill with a jury trial amendment.

It would be essentially a voting rights bill.

The Senate headed into the jury trial issue after stripping the bill of a heavily-disputed provision that would have given the attorney general broad injunctive powers to enforce constitutional rights generally.

Dixie foes of the bill scored a crucial victory when the Senate Wednesday voted 52-38 to kill the bulk of the disputed section—Part III of the administration's four-point rights bill.

Foes of the bill claimed President Eisenhower had repudiated Part III at his news conference last week. Supporters pointed out the President had said previously he wanted the bill passed without crippling amendments.

Eisenhower had no immediate comment. Both he and his press secretary, James C. Hagerly, were out playing golf when the Senate acted.

Eighteen Republicans joined 34 Democrats in voting for the bipartisan amendment to strike the section. Twenty-five Republicans and 18 Democrats voted against the amendment, offered by Sens. George D. Aiken (R-Vt.) and Clinton P. Anderson (D-N.M.).

This left the bill, which has been approved by the House, with three main provisions. They would (1) create a bipartisan commission on civil rights, (2) provide for a new assistant attorney general for civil rights (3) authorize the attorney general to seek injunctions or other civil court action to halt violations or threatened violations of Negro voting rights.

Under the voting rights provision U.S. district judges could jail-without jury trial—persons held in contempt for disregarding injunctions.

Southern opponents have centered their fire against the bill on Part III and the lack of a jury trial guarantee in the voting rights section.

Johnson predicted the southerners also will win on the jury trial issue.

"In my opinion, a substantial majority of the Senate is going to insist on the right of trial by jury," he told newsmen.

Senate Republican Leader William F. Knowland differed. He said he believes "we have a very good opportunity of retaining Part IV (The voting rights section) as it came to us from the House."

A vote on a jury trial amendment is not expected before next Monday or Tuesday.

Southerners indicated if such an amendment were adopted they would permit the bill to come to a vote without a filibuster. But they made clear they would vote against it regardless.

If it comes from a Hardware Store, we have it. Lewis Hdw. (Adv.)

10th Atomic Test Touched Off In Nevada Today

ATOP ANGELS' PEAK, Nev. (UP)—The Atomic Energy Commission touched off the 10th nuclear explosion of its 1957 summer test series today from a captive balloon anchored 500 feet above the Nevada proving grounds.

The blast was so bright it made the morning sun appear dim by comparison. Its fireball lasted for approximately 10 seconds and the familiar mushroom pattern followed the blast.

The explosion was seen by reporters at this unofficial vantage point some 8,900 feet above sea level. The test was closed to news media.

"Owens," today's test name designation, was a design of the University of California radiation laboratory at Livermore, Calif. It had a yield estimated by the AEC at "below nominal," possibly equal to more than 10,000 tons of TNT.

LEGION

(Continued From Page One)

beer permit because he felt that "the club has been operated as a detriment rather than a benefit to the principles of the American Legion."

The only other course that the trustees of the club can take, according to the Liquor Control Board inspector, is for this group of men to apply for the beer permit as a private business, owned and operated by the trustees.

Jones stated yesterday, in an interview with a News reporter, that the title to the building used by the American Legion and Veterans of Foreign Wars in Pampa is not in the name of the two groups, but in the name of a group of trustees who control the club's operations. "Post members do not receive income from the club or control its operation," Jones stated.

CLAIM

self establish a cause and effect relationship."

For example, Greene, said, by using statistics alone it might be possible to conclude that since bald-headed men frequently occupy the front row in burlesque houses, "the continued close observation of chorus girls in tights caused loss of hair from the top of the head."

However, Dr. S. Z. Cardon, a chemist for the Rand Development Corp. of Cleveland, said his firm found that a "known cancer-producing agent" called "3,4-benzopyrene" occurred in condensed tars of smoke from cigarettes as well as cigarette paper and cigars. Cardon and Greene made their statements in testimony prepared for the House Government Operations Subcommittee investigating cigarette filters.

Cardon told the congressmen that 3,4-benzopyrene was found more in smoke from the paper than the tobacco in cigarettes.

He said cigarettes can be treated with ammonium sulfamate to "reduce by a large factor or eliminate entirely" the benzopyrene.

AIR FORCE

(Continued From Page One)

stances a new trial would be ordered. However, I have talked with Airman Wheeler and I am convinced that he has undergone a considerable change of attitude.

"In view of this I do not consider that further trial would serve the cause of justice, the interest of the Air Force or the individual. I have therefore ordered Airman Wheeler released from confinement and returned to duty."

Shaved Jackass

"If Wheeler changed his attitude about orders he did not change his attitude about the "ridiculous" haircut that "makes a man look like a shaved jackass."

Murray Sprung, New York civilian attorney for the Colorado airman, complained only Wednesday that the four-officer board could see nothing except that an enlisted man had dared talk back to an officer.

"I do not think there is the same degree of justice for the enlisted man as there is for the officer," Sprung said.

Wheeler said after his sentencing that his superior officer was out to "get" him. The officer had testified that Wheeler was trying to "goof off" so he would have his request for a transfer approved.

N. M. Slayer Suspect Questioned

CARLSBAD, N. M. (UP)—A suspect in three New Mexico killings, who admitted slaying two women and then denied it, undergoes further questioning today.

Police believe the suspect, Jack Cooper Smith, 48, may be mentally unbalanced.

Smith admitted and then denied Wednesday he killed two young divorcees from Hobbs, N. M., whose bodies were found sprawled on an isolated roadside.

Police did not link Smith with the slaying of a truck driver the same night, 25 miles from the spot where the women were found dead, but the trucker was believed killed by the same murderer.

Meantime, at El Segundo, Calif., sheriff's crime laboratory technician George Lacy said the bullets used in the New Mexico killings were not fired from the same gun that killed El Segundo policeman Milton G. Curtis, 25, and Richard A. Phillips, 29.

Police thought the five killings may have been the work of a madman on a cross-country killing spree.

Gambling, Oil Operations Probed Today

AUSTIN (UP)—A "stickman" at a craps table who rose to general manager and a junior partner of Maceo and Co. told of gambling and oil operations carried on by the Galveston firm Wednesday at the tax evasion trial of A. P. Adams.

Adams, once a senior partner in Maceo operations, is accused of evading \$87,000 in federal income tax during 1948-1950.

Henry Peretto, general manager of Sam Maceo Oil Operations, Inc., and Frank Fertitta, a junior partner who bought into Maceo and Co. in 1950 with the purchase of five per cent of Adams' interest for \$80,000 testified.

No More Bingo

Fertitta, who operated the gambling concession in the swank Balinese Room at Galveston once, told of gambling there and other such forms of amusement as dice, card games, roulette and bingo. When asked if bingo was still being played in Galveston, Fertitta said "Not now."

Housing Needs Explained To Rotary Club

Pampa Rotarians at their weekly meeting yesterday heard Frank Culberson explain the need of more housing for incoming Franks Mfg. employees.

Speaking on behalf of the committee organized to obtain houses for Franks, Culberson explained that 114 Franks employees from Tulsa have expressed a desire to move to Pampa and since this figure is higher than the original estimate, there is a pressing need for more dwellings than originally anticipated.

There are presently 85 houses dedicated to this project and the minimum need has jumped from an original 50 to around 100 and, Culberson explained, it is to the advantage of all concerned that the business people of the community rise to the challenge of this goal.

Explaining what the addition of one industrial worker to the community means, Culberson pointed out that there is automatically the need for one service worker with a total population increase of from 7 to 10 people.

Club visitors and guests for the day were Reno Stinson, Oren Gath-

Texan Solos In Stolen Plane

UKIAH, Calif. (UP)—A 17-year-old sailor admitted today he was "scared" when he looked out the window of his stolen plane and found he was making his first solo flight over the Pacific Ocean.

But the sailor, Charles Highsmith, made it back to land and eventually brought his plane safely down at the Ukiah airport. He clipped a couple of trees in landing.

A reception committee, including the sheriff, was on hand to greet him. He was taken to county jail.

Time for Solo Flight

Highsmith, whose home is Fort Worth, Tex., went AWOL from the carrier Bennington stationed in San Francisco last Sunday. He hitchhiked to Medford, Ore., and then decided he'd better be getting back.

Highsmith had learned to fly while a member of the Civil Air Patrol but had never soloed before. He figured Tuesday night

Services Set For Joseph Neil

Funeral services for Joseph S. Neil who died at 7:30 a.m. Saturday in the Veteran's Hospital in Oakland, Calif., will be held at 11 a.m. Friday in the Duenkel-Carmichael Funeral Home chapel. The Rev. Thurman Upshaw, pastor of the Central Baptist Church in Pampa, will officiate.

Palbearers will be E. B. Daley, O. R. Cree, Tom R. O'Rourke, Art Heflin, J. F. Robinson and Bob Ewing. Burial will be in Memory Gardens.

Neil was born Jan. 23, 1876, in Bradford, Pa., and moved to Pampa in 1934. He worked as a driller and was last employed with Wheatley and Rose. He was a member of the Masonic Lodge in Pampa and the American Legion and VFW in Duncan, Okla. In January of this year, Neil moved to Burkley, Calif.

Besides his wife, Mrs. Eula Mae Neil of Burkley, Neil is survived

FOR "WOMEN" ONLY

CHICAGO (UP)—New scientific evidence appeared today to indicate it's not a man's world after all. A rabbit offered to an experimental laboratory was turned down because Wesley Memorial Hospital uses female bunnies exclusively.

AUSTIN (UP)—Legislation enacted by the 55th Legislature increasing the load limit on certain oil field trucks to 58,000 pounds has been nullified due to a conflict with the Federal Highway Act.

The federal act bars allocation of highway funds to any state permitting vehicles with weight over 18,000 pounds on one axle to use interstate highways.

by two sons, Joe of Norman, Okla., and Kelvin of Burkley, Calif.; one sister, Mrs. W. E. Wright of Mill Valley, Calif.; one brother, John of Bradford, Pa.; and four grandchildren.

Civil Rights Bill Contains Limitations On Reporting

By LYLE C. WILSON
United Press Staff Correspondent
WASHINGTON (UP) — It may come as a surprise to the newspaper editors of the United States, but here are the facts:

They or their reporters could be fined or imprisoned for an all-out reporting job on the Civil Rights Commission to be established by the administration bill now pending in the Senate.

It is a fact that the proposed legislation has some built-in secrecy provisions to be invoked by

Chairman Emanuel Celler's House Judiciary Committee.

Give Explanation

The explanation given the United Press was that these and other procedural provisions were written into the bill after it reached the House to make the whole thing "less unpalatable to the South."

The Eisenhower administration cannot be charged with responsibility for this secrecy gimmick which would permit any or all evidence or testimony in a commission hearing to be withheld from the public. This bureaucratic rosebush was planted in the bill by

the manner in which they are transacting the public's business.

Paragraph 6 of the bill's Title I, which sets up the commission, provides that:

"If the commission determines that evidence or testimony at any hearing may tend to defame, degrade, or incriminate any person, it shall receive such evidence or testimony in executive session."

Executive session means secret session from which reporters and all other representatives of the public are excluded. Paragraph 6 is the enforcer, as follows:

Need Commission Consent

"No evidence or testimony taken in executive session may be released or used in public sessions without the consent of the commission. Whoever releases or uses in public without the consent of the commission evidence or testi-

mony taken in executive session shall be fined not more than \$1,000, or imprisoned for not more than one year."

The commission, thus set up with authority to conduct its business in secrecy, will have trouble enough without settling itself in the middle of the controversy now roaring in the United States about bureaucratic abuses of the secrecy privilege.

Whatever the commission may say or do, one side or the other in the civil rights controversy is likely to complain. The temptation of the commission to conceal what it may of its controversial hearings will be almost impossible to resist.

The secrecy provision probably will prove to be a time bomb set in the commission's innards.

Area Boys Honored By Future Farmers

GALVESTON (UP)—Sixteen members of Texas' Future Farmers of America have been selected by state vocational agricultural leaders to receive Santa Fe Railway educational awards; it was announced today.

Top honors went to Kenton Harvey of Azle, Tex., retiring president of the State FFA for 1956-57. He won a scholarship.

Other award winners: Allan C. Pape, Caldwell; Ben Cockrell, Pasadena; Creath Davis, Comanche; Kyle Hooper, Plano; Jack York, Tatum; Layton Black, Lometa.

Bill Chrisner, Belton; Billy Penn, Lufkin; Lester Winfree,

Orange; John Garmon, Groom; Dale Burnett, Ropesville; W. R. Collier, Idalou; Lewis O. D. Crill, superintendent of Powers, White Deer. Charles Ray Smith, Meadow; Leon Burks Jr., San Angelo, and Worth, presented the FFA Association with a \$2,375 check.

Fannie Farmer, Determined Red-Head, Has Full Measure Of Cooking Success

By AILEEN SNOODY
NEA Staff Correspondent
BOSTON (NEA) — Whether another person is a good cook or a bad cook may be a question of the eater's memory. Mom's apple pie rarely finds an equal.

But since 1898 young brides and matrons have been putting the same measure of ingredients in a recipe — supposedly with the same end results.

As the 19th century faded, a young Bostonian set her kitchen in order for the U.S. cooking world to follow. This was Fannie Merritt Farmer, a determined red-head who didn't let two paralytic attacks keep her down for long.

She knew intimately the value of making every motion count because of her handicap. This she passed on to housewives through simplified recipes and household tips.

Today's sweet-toothed generation knows her name, although the spelling is different, mainly from a candy company that uses some of her recipes. But in her heyday as head of Miss Farmer's School of Cookery in Boston, she changed cooking from a guessing game with foreign recipes to another science.

As gourmets say, "cooking is chemistry." Miss Farmer understood this and set up recipes using level measures. This simple-sounding move had more repercussions in the kitchen than a pan of beans boiling dry.

Before this step everything went into the pot as a "pinch" of this or a "scant cupful" of that. Miss Farmer tossed out old-fashioned "heaping teaspoon" or "juice of one lemon" instructions to use exact quantities of all ingredients.

Daughter of a printer, Fannie backed into her profession of teaching and writing of culinary arts. Paralyzed at 17, she spent 10 years virtually bedridden. She was determined, when active again, to be self-sufficient.

She was a helper in a nearby household before discovering the Boston Cooking School which aimed at instructing future teachers. Graduated in 1889, she became director of the school in 1891 and started her own school in 1902.

And "primly and elegantly dressed, red-haired Miss Farmer would limp briskly about the instruction platform directing her remarks to some 200 pupils." Her talks usually were reprinted and she even lectured at Harvard Medical School. From 1905 until her death in 1915 she also conducted a magazine cooking department.

Fannie Farmer paid to have her

Fanny Farmer, shown with one of her pupils, showed the cooking world that uniform recipes meant better cooking.

first book of collected, tested recipes published, Little, Brown & Co. warily printed 3,000 copies of the "Boston Cooking School Cook Book." Soon it outsold such turn of the century best sellers as "Quo Vadis" and "Little Women."

Fannie Merritt Farmer is now an "honored alumna" of Medford High School, although she never got around to finishing the school. And sales of revised editions of the cookbook near the three million mark.

Quite a coup for a woman who in her own household was not considered equal as a cook to her sister May or the housekeeper, Maggie Murphy.

A delicious apple pudding with a new flavor twist is made with graham crackers, and is both quick and easy to prepare. Combine 1 cup graham cracker crumbs, 4 Washington Winesap apples, pared and sliced, 1/2 cup chopped walnuts, 1/2 cup brown sugar, the juice of 1 lemon and 3/4 cup water. Turn into well-greased casserole and bake, uncovered, in moderately hot oven (375 degrees F.) for 25 mins.

Brown chipped beef lightly in lard or drippings. Add flour and mix well. Add cold milk, stirring constantly until thickened. Add 4 chopped eggs. Cook until heated through. Serve on toast or English muffins. Yield: 6 servings.

Chopped beef is a ready-to-serve meat that will fit into that type of meal. Chipped beef can save the homemaker time and energy in the kitchen.

It's conveniently packaged, easily stored and takes just minutes to prepare for either breakfast, lunch or dinner.

Chopped hard cooked eggs in this recipe add variety and a pleasing flavor.

CREAMED CHIPPED BEEF
1 jar (4-ounces) chipped beef
2 tablespoons lard
1/4 cup enriched flour
2 cups milk
3 hard-cooked eggs, chopped

CREAM OF RICE
2 cups water
1/2 teaspoon salt
1/2 teaspoon rubbed oregano
1/2 cup Cream of Rice, quick-cooking rice cereal
1 egg
2 tablespoons butter
1/4 cup finely diced onion
1/4 cup finely diced green pepper
1 can tomato sauce, 8 ounces
1/2 teaspoon Kitchen Bouquet
1 can salmon, 8 ounces
1 cup grated process American cheese, 4 ounces

Bring water, salt and oregano to boil in saucepan. Sprinkle in Cream of Rice so boiling does not stop. Cook until thickened, stirring constantly. Lower heat and let cook 5 minutes, stirring occasionally. Beat egg and stir in a spoonful of the cooked Cream of Rice. Then stir into the rest of the hot rice mixture. Place in a well-oiled shallow baking pan, about 10 x 6 inches, pushing into the corners and lining the sides. Meanwhile melt butter in saucepan over moderate heat. Add onion and let cook about 2 minutes, stirring frequently. Remove from heat and add green pepper, tomato sauce and Kitchen Bouquet. Stir in salmon, which has been drained and flaked, discarding skin, broth and bones. Pour fish mixture over rice, in center of dish. Sprinkle with grated cheese. Bake in moderate oven, 350 degrees F., until cheese is melted and lightly browned, about 25 minutes. Yield: 4 to 6 servings.

Chiffon Is "Tops" In Pies

SMART HOSTESSES will find this Black Cherry Chiffon Pie "tops" in existing "no-cook" "no-fail" summer desserts. The new Strawberry Chiffon Pie Filling mix and drained dark sweet cherries combine two luscious flavors and colors—result a deep pink pie made in minutes and chilled until time to serve. Lemon Chiffon Pie Filling mix, the other flavor, makes news too in hot day "special" desserts:

BLACK CHERRY CHIFFON PIE
1 package strawberry chiffon pie filling mix
1/2 cup boiling water
1/2 cup cherry juice
1/2 cup sugar
1/2 teaspoon almond extract
1 cup (17-ounce can) chopped drained dark sweet cherries

Place mix in a large deep mixing bowl. Add boiling water and mix thoroughly. Add cherry juice and beat vigorously with rotary beater or at highest speed of electric mixer until mixture is very foamy—takes about 1 minute. Add sugar and beat until filling stands in peaks—takes 1 to 3 minutes. Fold in almond extract and cherries. Pour into pie shell. Chill until set—about 2 hours. Serve plain or with whipped cream.

Food Page

To Start a Hot Day Right—
Eat a Cool Refreshing Breakfast

A cool, refreshing breakfast can do so much to lift the spirits of your family at the start of another hot, summer day. Serve them fresh fruit atop crisp shredded wheat with chilled milk and just see if they do not feel better and work better, especially in the late morning hours.

Is it really worth while to take ten minutes of your time each day to ensure that your family has an adequate morning meal? Research at a leading Midwestern university on the importance of breakfast has demonstrated that the physical and mental well-being of the subjects improved if they ate an adequate morning meal. In just ten minutes you can prepare a basic breakfast of fruit, cereal, milk, bread and butter. This is a basic breakfast pattern recommended by leading doctors and dietitians to provide an adequate morning meal.

In hot weather, it is especially important to think up ways to make the morning meal as cool and attractive as possible. The many fresh fruits, varieties of ready-to-eat breakfast cereals and breadstuffs available on today's market make variety easy. Have you given any thought to your table setting? Are you using cool-looking place mats, such as straw, bamboo, or pastel plastic? Do you always serve breakfast in the kitchen or dining room? What about serving breakfast on the porch or patio? Sometimes setting breakfast on a tray adds interest and variety. Then each one in the family can carry his tray to the coolest spot possible.

A little extra care and planning to make the morning meal as cool, attractive, and refreshing as possible will pay large dividends if it encourages the family to start the day right—by eating breakfast. A cereal and milk breakfast is a light, modern, nutritious breakfast that can be served with a minimum of effort yet provides the family with an adequate morning meal.

Catchup Biscuits Top This Beef Pie In A Modern Streamlined Casserole

Today Casseroles have a definite spot in menus. They fit so well into our modern food habits. Here's a different ground beef dish. The beef is combined with lima beans, tomatoes, and special seasonings then topped with tender catchup biscuits. One pound of ground beef is sufficient for six generous servings. Brown the meat in two tablespoons of lard or drippings. Then to the meat add two tablespoons of grated onion, 1 teaspoon salt, 1 teaspoon pepper, 1/2 cup of canned tomatoes and one No. 303 can of drained lima beans.

Next comes the biscuit topping for the meat pie. Sift together two cups of sifted enriched flour, one tablespoon of baking powder and 1 teaspoon salt. With a pastry blender or two knives, cut in 4-6 tablespoons of lard. When crumbs are fine, add only enough milk to make a soft dough (from 1-3 to 1/2 cup). Then roll out the dough, the same as a jelly roll, to 1/4 inch thickness. Spread with 1/4 cup of catchup.

Roll up the dough and cut into 1-inch slices and arrange over the top of the casserole.

MEAT PIE WITH CATCHUP BISCUITS
1 lb. ground beef
2 T. lard or drippings
2 T. grated onion
1 t. salt
1/4 t. pepper
1/2 cup canned tomatoes
1 No. 303 can lima beans, drained

2 cups sifted enriched flour
1/2 t. salt
4 to 6 T. lard
1-3 to 1/2 cup milk
1/4 cup catchup

Brown meat in lard or drippings. Add onion, seasonings, tomatoes and lima beans. Pour into a casserole.

Sift together flour, baking powder and salt. Cut in lard until mixture has a fine even crumb. Add enough milk to make a soft dough. Turn onto a slightly floured surface and knead gently for one half minute. Roll 1/4 inch thick and spread with catchup. Roll like a

Ground Meats Star In Summer Menus

Ground meats play a leading role in summertime menu planning. Can you imagine a picnic without a hamburger? However, at times, hamburgers and other individual picnic specialties just don't seem to fit into the plans for certain occasions.

In the case where you'll be entertaining holiday or weekend guests this summer, time spent in the kitchen preparing and planning meals will undoubtedly be at a premium.

Served in the shape of a loaf, this meat entree takes little time to prepare and once in the oven, it requires no watching. Just a hint of marjoram and grated onion gives this loaf a flavor hard to beat. Broiled pineapple slices, potato chips, fruit gelatin salad, hot rolls and dessert are perfect escorts for lamb loaf whether the meal is served or planned as a buffet.

LAMB LOAF
1 1/2 pounds ground lamb
1/2 cup milk
3 slices toast, crumbled
1 1/2 teaspoons salt
1/4 teaspoon pepper
1/4 teaspoon marjoram
2 tablespoons grated onion
2 eggs, beaten
1 cup frozen peas

Pour milk over crumbled toast and soak 5 minutes. Combine all ingredients and mix thoroughly. Pack into a 5 x 9-inch loaf pan and bake in a moderate oven (350 degrees F.) for 1 hour. Yield: 8 to 8 servings.

Jelly roll and cut into 1-inch slices. Place cut side down on hot meat over (425 F.) for 25 to 30 minutes or until biscuits are done. Six servings.

FAITH OR FIGHT?—This cake-cutting scene is misleading. Just before Kathryn Ann Kelly and George P. McCarthy cut the cake at their Cleveland, Ohio, wedding reception, they pledged their faith in each other by placing their ring hands over the wedding flowers. But what's that at left? A closer look reveals a fighting fist on Kathryn's other hand. Perhaps it was just a reflex action. Only George will know.

Three-Martini Lunch Bothers US Business

By DOC QUIGG
 United Press Staff Correspondent
 NEW YORK (UP)—Harried hanks of hot-weather harangue: "You know what's the trouble with American business. It's the three-martini lunch, that's what's the trouble," said the man at the bar to the bartender.
 He suspended his martini glass in midair and continued: "I will venture the opinion that a great many business decisions in this country are made by brains that are to some degree under the influence of alcohol. And that goes for governmental decisions, too, and I mean government at all levels—local, state, and national."
 "Um-hm," said the bartender. "Have another before lunch?"
 This, by decree of one segment of the cosmetics industry which has its eye on men's scalps, is "National Save-Your-Hair Month." The man at the next desk, an irresponsible sort, suggests that a slogan-of-the-month could be "Hair Today and Gone Tomorrow."
 If you ever doubted that America is the world's most organized place, a look at a directory should convince you. In the Manhattan telephone book's long list of associations are such as:
 Association of Adjustable Shoulder Strap Manufacturers, Association of Average Adjustors, Association of Interpersonal Dynamics, Association of Lacedanemionians, Association of Piped Buttonhole Mfrs., Association for Research and Enlightenment, Association for Protection of the Adirondacks, and Association of Uptown Converters.

Proofs Are Required In SS Claims

Many persons who are filing claims for social security benefits are overlooking the requirement that certain proofs must be submitted before their claims can be certified for payment, according to John R. Sanderson, manager of the Amarillo Social Security Office.
 Sanderson said that failure to present the necessary proofs at the time the claim is filed causes the claimant to have to make one or more additional trips to the social security office.
 As a result of these extra trips, people have to wait longer to be interviewed, the processing of claims is slowed up and claimants have to wait longer before they receive their first monthly check.
 Sanderson explained that in most cases the claimant must submit proof of his date of birth. He said that the best proof is a birth certificate issued shortly after the date of birth but if one is not available, other proofs, such as a baptismal certificate or a family Bible or an old life insurance policy are generally acceptable.
 Most delayed birth certificates are not acceptable here.

Mystery 'Stars' Try To Solve Real Cases

By ALINE MOSBY
 United Press Hollywood Writer
 HOLLYWOOD (UP)—For the first time in TV history production of a filmed real-life mystery series is held up while the "stars" rush around the country to attempt to solve a real-life murder.
 Members of the famous Court of Last Resort are trying to untangle the Ohio Sheppard murder case, and at the same time get a TV series of their astonishing adventures before the cameras in time for an Oct. 4 debut on NBC.
 Between trips to Ohio and Florida all seven members of the court were reunited here the other day for their appearance in the TV films.
 Seven Robin Hoods
 The court consists of seven Robin Hoods with microscopes or brief cases—experts in detective work and criminology who help persons claiming they have been wrongly convicted of crimes.
 But while the court's true adventures have made headlines for nine years, NBC apparently feels fiction is safer than truth.
 "Real-life cases can't be used because of clearance difficulties," explained Harry Steeger, head of Argosy Publishing Co. "But the writers have access to our files and the stories are founded on our actual experiences, without names and places."
 Need Better Probes
 Steeger, mystery writer Elic Stanley Gardner, polygraph expert Alex Gregory, private detective Raymond Schilder and other court members appear in each episode's opening shot and discuss their current activities at the end of the films. But actors portray the members in the stories.
 "We had many opportunities to sell the court on TV but not until this deal did anyone understand the spirit of the court," Gardner said.
 His publisher, Steeger, added, "We believe in the necessity for better investigations of crimes. Most communities do not have the necessary equipment or manpower. We want to help people wrongfully convicted—but we

RR Express Operating Fully Again

The Railway Express Agency is again operating fully throughout the nation and all embargoes on rail and air express shipments have been lifted, it was announced here by Bob Roberts, local agent.
 The strike of nearly 2,000 vehicle employees at seven major cities and certain adjacent points, which began April 22, has been settled and employees are back at work at those points.
 Involved were Chicago, Cincinnati, Cleveland, Newark, Philadelphia, St. Louis and San Francisco and certain points adjacent to some of those cities. As a result of the strike, shipments to and from 900 communities had been embargoed.
 Shippers and receivers here once again are linked directly by the one-carrier-express service with all of the some 23,000 communities served in the nation.
 It was pointed out by the Agency official that new international surface and air services link this area with all principal points elsewhere in the free world.
 A case only when asked by the accused person or a minister or the family.

One look, one ride, and you'll find more to be proud of in a Chevrolet. No other low-priced car quite comes up to it for fine finishing touches—and sweet, smooth and saasy performance.
 This one wants you to get choosey! The fussier you are, the more Chevy can show what it's got inside, outside and in performance.
 Take the solid way a Chevy is built. It's the only car in its field with Body by Fisher—sturdily put together, with a look of substance other cars in its price class haven't quite captured. Everywhere you look, fine finishing touches confirm the craftsmanship that goes into a Chevrolet.
 Chevrolet's response and performance are pretty special, too. There's a well-what-are-we-waiting-for spirit in the engine, especially when you show a Chevrolet a mountain. And you'll do a lot of looking to find comparable smoothness, steadiness and nimbleness on the road. If you do find them, you'll be in the high-altitude prices—for sure. See a Chevrolet at your dealer's now.

Val Peterson Toots Whistle When There's No Red Bear

TO THE PEOPLE OF THE 18TH DISTRICT

The story of The Little Boy Who Cried, "Wolf" (1957 Version) You have all heard the story of the little boy who was left to watch the sheep and was told to call out if a wolf appeared. He called out several times when there was no wolf, to the dismay of the men who came to help. When a wolf finally appeared his cries for help went unheeded, and as the story goes, the wolf ate all the sheep, and some people say the little boy.

We have a modern day version of this which would go something like this. Once upon a time there was a little boy named Val Peterson, who had a friend called the "President. The President had many things to do, including among these was the responsibility of developing a warning system to protect the American people against a Russian bear. He thought the best way to do this would be to keep a sharp lookout, and whenever the bear attacked, he could warn the people so that they could scurry into safe places and protect themselves from the bear.

So, he bought a large whistle and told him that it was his duty to pull the string which would blow the whistle and warn the people that the Russian bear was coming. Little boy Peterson was so fascinated with his job and so anxious to pull the string and blow the whistle that he devised a plan to blow the whistle even though there wasn't any Russian bear coming so that the people would scurry to places of safety. By this means he reasoned that a test could be run on whether or not there were enough places of safety for the people to scurry to and whether or not there were enough roads for the people to do the scurrying on. He advertised this plan widely, and on the appointed day pulled the string, and lo and behold the whistle blew.

However, much to his dismay, the people didn't scurry. For some reason the people didn't understand that they were supposed to run and hide because the little boy had blown the whistle. However, the little boy was so enchanted by the sound of the whistle that he continued to pull the string each day, and it wasn't long before the people had become so accustomed to hearing the whistle it did not even cause comment.

In fact, the recent "Operation Alert," a mock air raid on the City of Washington and other major cities of the nation, designed to produce casualties of 54 million people, was executed. This operation even included the little boy's friend, Mr. President. He was provided with two helicopters which

By OSWALD JACOBY
Written for NEA Service

As a result of my first series of articles on the Jacoby transfer bid there have been so many requests for further information that I am going to devote this week to it also.

The JTB is used in responding to the opening no-trump while it appears complicated it really is very simple provided, of course, that both partners understand it.

In the JTB the response of two clubs is the normal Stayman response and asks for a major suit if the no-trump bidder holds one. The two-diamond, heart and spade responses and the three club response are all transfer bids and guarantee at least five cards in the next higher suit. Thus two diamonds shows at least five hearts, two hearts at least five spades, two spades at least five clubs and three clubs at least five diamonds. The no-trump bidder must bid the transfer suit irrespective of his own distributions, whereupon the responder makes his appropriate rebid.

Today's hand shows the transfer bid at work. North wanted to play four spades and his two heart bid was the JTB. South rebid to two spades as demanded whereupon North raised to game.

The deuce of hearts was opened. South won with his ten and played the ace and king of spades. He played the hearts next and discarded one of dummy's diamonds on his fourth heart. Eventually he lost one diamond, one club and one spade.

It will be noted that if North plays the hand he may go down, but with South declarer there is no lead that does not ensure his contract.

A war break out. For these and many other reasons, I do not believe that we are on the verge of war with Russia and I do not think we should continue to spend tremendous sums on programs that could be considerably better, much more efficiently handled, and at a much cheaper price. If we continue to maintain our defenses as we have in the past and do not relax our vigilance, our country will be here for a long, long time.

LITTLE LINSEED'S TANTRUMS HAD MAMA ALMOST BERSERK

BUT HOW DOES SHE SOUND OFF ABOUT THE DEAR BABY TO HER GAL PALS? GIVE A LISTEN

More Munching May Make Massive Men

MACKINAC ISLAND, Mich. (UP) — If people keep eating the way they do, the average North American man may weigh 370 pounds within the next thousand years.

This glimpse at the year 2987 was given by Don R. Grimes, president of the Independent Grocers Alliance, in a speech prepared for delivery at the annual meeting of the National Macaroni Manufacturers Assn.

"If the people on the North American continent continue to increase their intake of food and show an increase in weight as they have consistently done since 1870, within the next thousand years the average woman will weigh 346 pounds and her spouse will weigh 370 pounds," Grimes said.

Grimes said the height of the average male now is 5-foot-10 and predicted the figure will jump to 6 feet in 60 years.

average increased from 24 1/2 to 25 1/2 inches since 1870.

"But I'm not going to tell you what the projection on this waistline is for a thousand years from now," he said.

NACOGDOCHES, Tex. (UP) — William Suthlin, 23, was in jail today because of a stubborn determination to get to Shreveport, La., by taxicab.

In Lufkin, Tex., he ordered Cabbie Jimmy Wideman at gunpoint to take him to Shreveport, then robbed him of \$25 as they approached Nacogdoches. As he pulled up to a redlight near the courthouse, the cabbie jumped out of the car.

Suthlin was arrested and charged with armed robbery minutes after he hailed another cabdriver, Curtis Gilbert, and told Gilbert, too, to take him to Shreveport.

THE FEMINE TOUCH—Mrs. Beulah Leonard lures two of her wandering bulls home with a bucket of grain after the Indianapolis (Ind.) police emergency squad met their match. The squad received a complaint that "three cows" were molesting neighbor's flowers and arrived on the scene with lariats, but required Mrs. Leonard's expert help when they discovered two of the "cows" were bulls.

"The verdict vindicates our conviction that many persons in east Tennessee place observance of law and order, and compliance with the Supreme Court's anti-segregation ruling, above whatever racial prejudice they may have."

CANNELTON, Ind.—Perry County, Ind. Treasurer Earl C. Kleiser, 54, after he confessed embezzling \$250,000:

"It has been an anchor around my neck. I feel better now that the break has come."

TV, Movies Give Belafonte Trouble

By ALINE MOSBY
United Press Staff Correspondent
HOLLYWOOD (UP) — Harry Belafonte's record, nightclub and stage success has made him one of the nation's most popular entertainers, but, he said today, he can't get a TV sponsor and the movies are afraid of him.

Belafonte's current concert here at the outdoor Greek Theater is a record-breaker — the entire three-week run nearly sold out before he even opened. He easily could make a rich living on records or clubs alone.

But the singer's desire to star in four one-hour TV shows this season is stymied "because there's no sponsor." Although movie studios are scrambling for his services he has difficulty finding scripts that satisfy his "artistic integrity."

Frustrated and Stubborn
"I've found censorship and I've found fear the predominant factors both in television and motion pictures whenever it comes to subject matter involving Negroes," said Belafonte.

Belafonte talked broodingly about his beliefs and problems. At the same time he signed autographs for a mob of tourists who surrounded him in the Brown Derby restaurant.

"When I come to TV and motion pictures I come as an entity," he said in his poetic manner. "I have been thoroughly embraced by the concert stage, records and nightclubs."

"Thus I can't help but be frustrated and stubborn. I can't buy the skeleton in the closet. The guys in the gray flannel suits are busy talking about pulse reaction of TV viewers — they don't even know their own pulse."

"I can understand how a person could wind up very bitter. If I were a white artist I could make many motion pictures and TV spectaculars."

Knocks Own Films
Two films already have been made on inter-racial romance, "Band of Angels" and Belafonte's "Island in the Sun", but he thinks movie studios "never give stories of Negro life a chance to bloom — everybody is afraid someone might be hurt." He thinks his romance with Joan Fontaine in "Island" should have been further developed in the film.

"Compromises were made for a small group that makes a big noise in an empty tin can but it sounds like a tremendous armada," he said. "If Fox Studio had not deleted what they did the reaction to the picture would have been the same. They might as well have shown an honest relationship on the screen instead of just suggesting things."

KNOXVILLE, Tenn. — A weeping middle-aged woman to segregationist John Kasper after his conviction for violating a federal court integration order:

"No matter what, John, we still think you're a fine boy."

McNAMES THE NAME
WITH THE U.S. 24th DIVISION IN KOREA (UP) — Any foreign power with aggressive intentions better not start with Pvt. James McNames, of Derby, Colo. McNames has six brothers and six sisters, all stationed with the Army in Europe. His father recently retired from the army and only his mother has seen no military service.

NEW YORK — Samuel K. McConnell, Jr., of Wynewood, Pa. has been named Executive Director of United Cerebral Palsy, Inc., a national voluntary health organization with 340 affiliates in 48 states. It was announced by Roger S. Firestone, President. The appointment is effective September 1.

Mr. McConnell has been a member of the House of Representatives from Pennsylvania since 1944 and is resigning to accept the UCP post.

638 S. Cuyler Phone MO 5-5451
DOUBLE STAMPS WEDNESDAY With \$2.50 or More Purchase

Here comes the autumn bride in traditional lace and traditional white but with 1957 fabric and styling. Lace is used in form of appliques (left) on skirt, bodice and shoulders of this formal gown. Waistline is marked by banding and bow, with hand repeated on the very full skirt. Lace appliques are used in panel form on the skirt of this youthful but formal bridal gown (center). Appliques also appear on bodice and entire top of the dress is lace. Very formal gown (right) has inverted V banding to shape and mold bodice. Lace is used at top and shoulders of gown and repeated in panels on the skirt. Fabric for all three of these gowns is estron acetate in satin weave.

Introducing Baby To 'Big' Water

Part of your pleasure at the beach, lake, or swimming pool is showing Baby how much fun it is to kick and bounce in lots of water.

Chances are he thoroughly enjoys his tub bath, and he may have had fun, too, splashing in a shallow pool. Still, he's likely to be dubious, or even alarmed, the first time he is taken into a large expanse of water.

So, to be sure that he will like the experience and want to go in again, take it easy the first time you carry him out to "dunking" depth. Advise an article in the August issue of Better Homes & Gardens magazine. Make it a happy experience for him.

Holding your child securely, move slowly into the water. At first, wet just his feet, letting him get accustomed to the water much as he goes into his bath. When he decides he likes it, ease him gradually, still holding him securely.

Next, hold him chest-down in the water with your hands so he can splash and paddle, the article suggests. If he gets a mouthful of water, lift him to your knee, lean him forward, and pat his back until he stops sputtering.

So Baby won't get chilled don't leave him in the water too long at a time. On shore, apply sun lotion after he has been towled dry. If the air is cool, cover him with a towel or jacket.

Children as young as seven to nine months of age can safely be taken swimming.

Just getting one costume together in which you feel comfortable and attractive will give you enough confidence so that you will find that shopping for clothes is fun instead of a dreaded chore.

Here Comes The Formal Autumn Bride, Radiant In Traditional White Satin

By GAILE DUGAS
NEA Women's Editor

NEW YORK (NEA) — Autumn is a favorite season with brides-to-be, following close on the traditional month of June in popularity.

September weather is usually clear, golden and brilliant, often far more dependable than the alternate radiance and sulky fits of June. So it's possible to plan and actually have a beautiful wedding in the fall months with no need to duck fitful summer showers.

Though many June brides favor the very pale pastels, the autumn bride likes the formality and tradition of white. To inject color into the wedding, she can reserve the lovely colors of autumn for her bridesmaids' dresses. Their flowers, too, will carry out the fall theme.

In keeping with the formality of white, the fall bride is likely to choose a wedding gown with graceful, tapering, long sleeves. The

dress itself will be less frothy than that chosen by the June bride. It will rely on lovely simplicity of line. Lace will be used in bandings, appliques and panels rather than in ruffles.

Where the June bride favors the fragile and misty fabrics, the autumn bride will shine in rich and lustrous satin.

A jelled apple dessert said that's sure to please starts with 1/2 cup cinnamon-flavored hard candies crushed and combined with 1 pkg. cherry-flavored gelatin. Pour over 1 cup boiling water and stir until gelatin is dissolved. Stir in 1 cup cold water and chill until syrupy. Make a Waldorf mixture of chopped Washington Delicious or Winesap apples, chopped celery and nuts, to measure approximately 1 1/2 cups. Add to slightly thickened gelatin mixture. Turn into large ring mold or individual molds and chill in refrigerator until firm.

Miss Mary Hogan, Bride-Elect Is Honored With Bridal Shower

(Special to The News)

LEFORS — Miss Mary Hogan, bride-elect of Mayo McKnight, was honored with a bridal shower recently in the civic center.

Hostesses for the event were Misses J. N. Smith, Jess Graves, Carl Barber, E. J. Pafford, Floyd Hines, John Archer, R. H. Barron, A. E. Dunnam, R. C. McPherson, and M. L. Rippey.

Miss Janis Dunnam presided at the guest register. A corsage of white carnations

was presented to the honoree. Corsages were also presented to Mrs. T. M. Bradley, sister of the honoree and Mrs. L. A. McKnight, mother of the groom-to-be.

Entertainment was furnished throughout the evening by Mrs. Joe Watson at the piano.

Blue and white, chosen colors of the honoree, was carried out in the receiving room. The serving table was covered with a white lace cloth over blue centered with a floral arrangement. Table appointments were silver and crystal.

The cake was served by Miss Neva Rippey with Miss Omega Crutcher presiding at the punch service.

Guests were Misses Ray Chastain, Wesley Daniel, A. T. Cobb, Joe Watson, C. R. Casey, E. L. Trumm, L. R. Spence, Bud Cumberledge, Bill Mullins, Earl Atkinson, R. L. Watson, Lloyd McKnight, D. T. Pfeil, Barbara Ring and LaWanda L. B. Coleman and Misses Neva Rippey, Paula Cumberledge, Francine Qualline, Marilyn Pafford, Janis Dunnam, and Omega Crutcher. Approximately eighty persons sent gifts.

Thrifty Sewing Will Do Double Duty

Gay little summer toppers that are fun to sew, and economical, too. Halters require less than a yard of fabric; the blouse slightly more.

No. 8497 with PATT-O-RAMA included is in sizes 12, 14, 16, 18, 20. Size, 14, 34 bust, & yard of 45-inch for each halter; blouse, 1 1/2 yards. For this pattern send 35 cents in coins, your name, address, size desired, and the PATTERN NUMBER.

BER to Sue Burnett (The Pampa Daily News) 272 W. Quincy Street, Chicago 6, Ill. Don't miss the latest issue of our fascinating pattern magazine Basic FASHION. The Spring & Summer '57 issue is filled with smart, new designs for all sizes; gift pattern printed inside the book. 25 cents.

Women's Activities

Doris Wilson, Editor

Las Cresas Club Concludes Rushing Prospective Members With Parties

The Las Cresas Club feted its rushees with a "pillow-pounding party" in the home of Miss Carol Miller, 736 Sloan, recently.

Invitations were miniature yellow pillows trimmed with lace and ribbon.

A midnight supper of hot dogs and iced drinks were served to approximately 30 rushees and members.

During the evening, the guests listened to records, danced, or held group discussions.

A sunrise breakfast of sweet rolls and orange juice was served before the guests departed.

Special guests—for the evening were Mr. and Mrs. Willard Miller.

Miss Bonnie Glaxner, 701 N. Gray, was hostess to the final rush party for Las Cresas Club. The theme of the party was "Around the World in 80 Days." The last stop was Paris.

As the guests were registered by Miss Mary Gerik, they were ushered into a miniature sidewalk cafe. Each small table was covered with a bright cloth and centered with a miniature umbrella and a mint dish.

The head table was centered with a floral arrangement of pink daisies. Attired as French waitresses,

Miss Priscilla Turnbo, Bonnie Glaxner, and Pat Gabriel, served refreshments of sandwiches and cupcakes. Grape juice, symbolizing the national drink of the country, was served from wine bottles.

Invocation was given by Miss Joyce Nelms, chaplain.

The welcoming speech was given by the president, Miss Carol Miller, which was followed by a question and answer period at which time, the rushees asked questions about pledging and the various activities of the club.

Musical entertainment for the evening was provided by the "Moonlighters", a quartette from Carver High School.

Following the entertainment, a

BW Circle Has Business Meet

(Special to The News) PERRYTON — The Business Women's Circle of the Baptist Women's Missionary Union held its regular meeting in the church parlor recently. Hostesses were Mrs. A. L. Schnell and W. G. Revert.

Mrs. J. R. Gunter opened the meeting with prayer. Mrs. Leo Shuler read the minutes of the previous meeting. Mrs. J. S. Slaughter conducted the business meeting.

Mrs. I. R. Buchanan taught the Bible lesson on "Christ's Prayer of Intercession," taken from John 17. The meeting closed with a prayer by Mrs. L. M. Harris.

Those present were Misses I. R. Buchanan, Paul Bowen, T. R. Shirley, Val McLanahan, I. H. Sharpe, Roy Robinson, P. B. Spradling, J. R. Gunter, D. W. Hart, L. M. Harris, Leo Shuler, J. S. Slaughter, D. R. Gaither, Miss Riggs, and the hostesses.

Phils Drop Braves, 3-1; Cardinals Blank Dodgers

Yanks Dumped By Chisox As Pierce Hurls 14th Win

FRED DOWN
United Press Sports Writer
Jack Sanford, who made it the hard way in contrast to so many of the National League's highly-publicized pitching prodigies, seems sure today to top 'em all by becoming the first rookie to win 20 games for the Philadelphia Phillies in 46 years.

The Phillies haven't had a rookie win 20 games since Grover Cleveland Alexander did it in 1911 but the 27-year-old speedballer from Wellesley, Mass., raised his record to 13-3 Wednesday night with a 3-1 victory over the Milwaukee Braves.

The St. Louis Cardinals moved to within a game and a half of the first-place Braves when Larry Jackson shut out the Brooklyn Dodgers, 3-0, and the Cincinnati Redlegs were only two games from the top after Joe Nuxhall downed the Pittsburgh Pirates, 2-0. The Chicago Cubs shaded the New York Giants, 2-1, in the other National League game.

No. 14 For Pierce
Billy Pierce scored his 14th victory as the Chicago White Sox kept the American League race "alive" with a 7-2 win over the New York Yankees while the third-place Boston Red Sox kept moving at a brisk pace with a 6-0 decision over the Kansas City Athletics. The Detroit Tigers beat the Baltimore Orioles, 5-1, and the Washington Senators scored a 5-4 victory after losing to the Cleveland Indians, 4-3, in other AL activity.

Sanford, who took 10 years to reach the majors, struck out eight Braves to raise his league-leading total to 124. He also delivered the game-winning blow when he doubled home Willie Jones in the seventh inning. He yielded the Braves' run in the bottom of the

frame when Wes Covington homered.
Jackson turned in his 11th win for the Cardinals with a nifty three-hitter, striking out eight. Del Enis doubled home the Cardinals' first run and Al Dark scored the other runs after his two triples. Sal Maglie was the loser.

Nuxhall pitched an eight-hitter for the Redlegs who scored both their runs against Bob Friend in the third inning on singles by Johnny Temple, Gus Bell and Frank Robinson plus an error by outfielder Bob Clemente. The loss was Friend's 13th against eleven wins.

Don Elston's seven-hitter enabled the Cubs to beat the Giants for the second straight game and handed Johnny Antonelli his 10th setback. Jim Bolger's fifth-inning sacrifice fly brought in the decisive run.

Yank Hurlers Pounded
Pierce remained the majors' biggest winner with a seven-hitter as the White Sox cut the Yankees' first-place lead to 4 1/2 games with the help of four straight hits by Luis Aparicio. The White Sox kayoed Yankee ace Whitey Ford in 2-1-3 innings and went on to pound out 13 hits.

Tom Brewer won his 12th game of the year when the Red Sox scored six runs in the fourth inning. Sam White delivered a two-run single in the big inning and four other players knocked in one run each for the Red Sox.

Paul Foytack beat the Orioles for the fifth time this year as the Tigers pounded out 13 hits including three by Charley Maxwell and two each by Al Kaline, Frank House and Frank Bolling. Ex-Brooklyn fireballer Billy Loes suffered his fifth defeat for Baltimore.

Low Berberet's two-run ninth-inning homer gave Washington's Chuck Stobbs his third win of the year over Cleveland after the Indians combined three singles and two sacrifice flies to score two ninth-inning runs and win the opener. Berberet's hit dealt 13-game winner Early Wynn his 11th defeat.

CHICAGO (UP)—Lu Carnell Neuman and John Rosenberg, a pair of rookies, have signed for the 1957 National Football League season with the Chicago Cardinals.

Ballinger Slips In SW Race

By UNITED PRESS
Hobbs and Carlsbad continued their onslaught against first place in the Southwestern League Wednesday night as pacesetter Ballinger fell to its fifth straight loss.

Friday's Games

Chicago at New York (night)
Cleveland at Baltimore (night)
Detroit at Washington (night)
Kansas City at Boston (night)
New York at Washington (night)
Chicago at Balt. (2 twinnings)
Detroit at New York (night)
Cleveland at Boston (night)

Thursday's Probable Pitchers

New York at Chicago—McCormick (9-0), or Barclay (4-7) vs. Drabowsky (6-8).
Philadelphia at Milwaukee—Robertis (6-13) vs. Spahn (10-7).
Pittsburgh at Cincinnati (night)—Kline (2-13) vs. Jeffcoat (8-7).
Brooklyn at St. Louis (night)—Newcombe (9-7) vs. V. McDaniel (4-2) or L. McDaniel (8-6).

Friday's Games

Philadelphia at Chicago
Brooklyn at Cincinnati (night)
New York at Milwaukee (night)
Pittsburgh at St. Louis (night)

Carlsbad handed the Westerners

a 4-1 defeat and Hobbs stopped Midland 4-3. It moved Hobbs to four and a half games out in second place and Carlsbad to six and a half in third.

Ballinger attempts to regain some lost ground tonight at Midland. The Indians, faring poorly themselves, have lost four in a row and are buried 17 and a half games into the cellar. Hobbs is at Carlsbad.

Roy Patterson hooped out a two-run inside-the-park homer to lift the Potashers over Ballinger. They added an insurance run in the ninth. Dick Bogan threw a six-hitter at Ballinger, fanning eight and walking six.

Tulsa's Frey Twirls Stars Past Eagles By 5-3 Edge

By F. DICKSON HARDWICK
United Press Sports Writer
DALLAS (UP) — The Texas League All-Stars lived up to advance notices Wednesday night dumping league-leading Dallas 5-3 behind the stellar work of Jim Frey of Tulsa and a group of Houston Buffs.

Leftfielder Al Baro of Houston started things off in a fine way for the Stars, belting Murray Wall's second pitch of the game over the left field wall. They picked up another in the first when Frey and Chuck Oertel of San Antonio singled and Houston's Pidge Browne sacrificed Frey home.

Frey, in addition to his first-inning single, had a double and triple. Buff righthander Billy Muffett was the winner, blanking the Eagles on one hit, a double by Willie McCovey, through the first three innings.

Wall was the loser, giving up three runs in the first three frames.

The All-Stars chalked up another run in the third as Browne again sacrificed Frey home, and added single runs in the fifth and the seventh, both driven home by Oertel.

The 8,772 fans on hand saw Frey make a diving catch to rob Willy Moore of a third double. The Dallas outfielder poled two

doubles for the evening. Willie McCovey pounded home two Dallas runs in the fifth with a single. He scored the first one for the Eagles by leading off with a single and coming home on Moore's double.

Six Hurlers
The Eagles trotted six men to the mound. Dallas scored all three runs off Mike Clark of Austin, who followed Muffett to the hill. The All-Stars used four pitchers.

Star Manager Harry Walker of Houston inserted himself as a

Hurley Attempts To Promote Boxing Atrocity By Force

By OSCAR FRALEY
United Press Sports Writer
NEW YORK (UP) — Jack Hurley went to the blackjack today in an attempt to sell the boxing atrocity between heavyweight champion Floyd Patterson and Pete (The Lamb) Rademacher at Seattle on Aug. 22.

Hurley, in a broadside aimed at a hostile press, billed himself as the "friendly promoter" of this fistic fiasco between the pro-hardened Patterson and the Olympic champion who is being led to the slaughter.

By intoning he made it plain that those who criticize his fistic fiasco have left him in a very unfriendly frame of mind and he just might close off the press section. Personally, I find this in the category of good news because I have covered my share of disasters.

Hurley's Word Punctures
But, getting back to Hurley's letter, it was a masterpiece of ill-advised pique. Throwing more punches than Rademacher possibly can against Patterson, he penned:
"Thousands upon thousands of Pete Rademacher's friends and relations have demanded the right to purchase every available seat for the match. And this is important to you, because these people, Rademacher's friends and relations, have asked me to abolish the press section rather than deny any of their group the privilege of seeing their hero perhaps crowned the new heavyweight champion of the world."
Give the man credit. He said "perhaps."
"However," Hurley added, "if you feel that your paper positively must be represented, then be prepared to give an account of your stewardship in the advance publicity.

Pampa News Downs Celanese

In a Teen-Age League make up game played yesterday at high school field the Pampa News downed Celanese, 7-4.

Mac Taylor started on the mound for the News with Clovis Shipp catching. Taylor was relieved by Duane Glover, who is credited with the win.

Harry Price was charged with the mound loss for Celanese with Ronnie Eckroat behind the plate.

Dodger--LA Decision To Be August 5

NEW YORK (UP) — Brooklyn Dodger fans, and would-be Los Angeles Dodger fans, both were advised by a New York city official today to "wait until August 5th" for the next word on whether the team is leaving Brooklyn.

On or about that date, the official said, the report of the committee investigating whether a new Dodger stadium can be built in Brooklyn will be submitted to the city's ruling body, the Board of Estimate.

Despite persistent whispers that the report will turn thumbs down on the stadium, the Dodgers have promised Mayor Robert F. Wagner to make no decision until the report has been completed.

The Supermarket; Where Will It End?

By DOC QUIGG
 United Press Staff Correspondent
 NEW YORK (UP) — Consider today the supermarket. Where will it all end? Will we eventually be able to have our palm read, get a Turkish bath, or buy a helicopter in one of the things? Probably so, if they continue expanding at the present rate.

Right now, there are supermarkets with nursery playrooms, snack shops, shopper lounges with upholstered seats, tropical fish tanks and bird houses to amuse the kids, and singing weather forecasts.

The supermarket allegedly began in 1920 in an abandoned garage in New York City. One of the early ones was called Helpy-Selfy.

Across the country, the things have sprouted so many departments that they seem like an inflated edition of the old-fashioned country general store. The only thing that's lacking is a pot-bellied stove for philosophers to sit around.

Banks in Stores
 There are supermarkets with

booths at which you can pay your utility bills, buy automobile plates and hunting and fishing licenses, and even make deposits and withdrawals from the local bank. This last is on the word of Paul Sayres, a food broker, who makes frequent trips to marketing areas across the country.

A supermarket turned up in New Jersey with an underground conveyer. Milady parks her car, goes inside and shops, gets a receipt with a number on it, walks unburdened back to the car, drives to a central station and gets her groceries.

Despite devices like this—which eliminate the shopping cart—Sayres says a big problem now is traffic jams in the aisles. Some of this is due to bewildered wandering by customers.

Gordon Lippincott and Walter Margulies, industrial designers who do a lot of work with supermarkets, say one remedy is to make each department an entity—for instance, make the meat department an entity—for instance, make the meat depart-

IT'S THE LAW in Texas
 A public service feature of the State Bar of Texas

The death of an intestate person (one who has made no will) may give rise to many problems regarding distribution of his separate estate. In the preceding column we investigated the manner of dividing the community estate upon the death of a husband or wife. Now we shall see that, where separate property is involved, a completely different set of rules applies in determining heirship and apportioning the estate among the rightful claimants.

It may be well to recall that the separate estate of a husband or wife includes property owned by either before marriage, and that which is acquired after marriage by gift or inheritance. Any other property acquired after marriage is presumed by law to be community property until the contrary is clearly proved.

Now, here is a general idea as to how your separate property will be divided if you do not make a will with contrary provisions prior to your death.

If your husband or wife survives and if, in addition, there are surviving children or descendants of previously deceased children, the children and their descendants immediately obtain a full (fee) title in two-thirds of the real estate involved. The surviving spouse receives a life interest in the remaining one-third of the real property, which passes on to the children and their descendants upon the death of the spouse.

The rule for distributing personal property—cash, stocks, bonds, furniture, or any other items not constituting real estate—is different. Here the surviving spouse gets full ownership of one-third, and the children and their descendants inherit the balance.

Now suppose your husband or wife survives, but there are no surviving children or their descendants. In this case the surviving spouse inherits all of the personal property involved.

With regard to real estate, the survivor obtains full title to one-half, and the other half is divided between your mother and father, if both survive you. If only one of them survives, he or she receives only half of this portion, and the other half (or one-fourth of the entire real estate) will be divided among your brothers and sisters (and their descendants) who survive. If there are no surviving brothers and sisters and their descendants, then the one surviving parent inherits the full one-half.

Where no parent survives, but there are brothers and sisters and descendants, the full one-half is divided among these survivors.

And, if there are no parents or brothers and sisters (and their descendants) surviving, then the surviving husband or wife inherits all of the real estate.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

TOMORROW'S CARRIER—Aircraft carriers of tomorrow, instead of steaming over the ocean waves, may rise from below the surface to launch an attack on an enemy shore, says artist-author Frank Tinsley in *Mechanix Illustrated Magazine*. Advocates of the carrier submarine are not at all surprised by the report that Japan is building a 30,000-ton submarine tanker. Tinsley pictures the undersea carrier (above) as having a flat deck fitted with missile launchers and serving as a landing field for ducted-fan troop carriers which can rise and land vertically. One is shown in foreground.

Premier Of Tunisia Becoming 'Strong Man'

Foreign News Commentary
 By CHARLES M. MCCANN
 United Press Staff Correspondent
 Premier Habib Bourguiba is getting ready to set himself up as the "strong man" of Tunisia in Northwest Africa.

It looks as if he intends to throw Bey Sidi Mohammed Al-Amin off the throne Thursday and proclaim a republic.

Apparently the only way Mohammed can avoid being ousted forcibly is to beat Bourguiba to it by abdicating.

Bourguiba became the head man in Tunisia after his country, long a French protectorate, attained its independence on March 20, 1955.

Ever since he became premier, he has been building up his personal authority.

Bey Virtually Prisoner
 For a long time the 75-year-old Bey, nominally Tunisia's ruler, has been virtually a prisoner in his palace near Tunis, fiddling with his self-made clocks and his do-it-yourself cabinet-making tools.

Bourguiba decided last week that the time had come to make his supreme leadership official.

He announced in his weekly radio broadcast that the government was going to "take mea-

sures" against members of the royal family who had used their positions to enrich themselves.

This was followed by a direct attack on the Bey in semi-official newspapers and other organs of propaganda.

Bourguiba called a meeting of the national assembly, the Parliament, for Thursday.

Dispatches say the assembly probably will vote to abolish the monarchy.

New Republic Seen
 The formal proclamation of a republic is expected to follow, with Bourguiba as president with strong executive powers.

Neither Morocco, the westernmost of the three units of French North Africa, nor Egypt welcomes this prospect.

Morocco, now independent like Tunisia, is a monarchy. Sultan Sidi Mohammed Ben-Youssef is afraid that his own people might get ideas if Tunisia became a republic.

President Gamal Abdel Nasser of Egypt is a strong man himself. He would like to be the big man in all of North Africa and the Arab world in general. He does not want any rivals for the strong man role.
