## Senate Okays Bill

# Demos Drive For Rights Agreement

By BETTY PRYOR  
United Press Staff Correspondent  
WASHINGTON (UP)—Democratic leaders drove today for early Senate-House agreement on a civil rights compromise close to the measure overwhelmingly approved by the Senate Wednesday night.

There was growing belief they would succeed, as major civil rights groups and supporters made it plain they would rather have a modest first step—as they labeled the Senate bill—than nothing at all.

There was much jockeying and maneuvering ahead, however, with Republicans and Southern Democrats holding the key to the outcome—as they have in the past.

Estes Kefauver and Albert Gore; and Sen. George A. Smathers of Florida. Smathers, who originally fought the bill with the Southern bloc, said it had been made "sensible and moderate" and there was a great need to move this problem outside the political arena.

The Senate, by a resounding majority of 72-18, turned a historic corner at 8:15 p.m. e.d.t. by passing its first civil rights measure in 82 years.

Estes Kefauver and Albert Gore; and Sen. George A. Smathers of Florida. Smathers, who originally fought the bill with the Southern bloc, said it had been made "sensible and moderate" and there was a great need to move this problem outside the political arena.

## Bond Election On Lake Is Petitioned

Callis Bill A. Sham  
All of the no votes were cast by hard-core members of the Dixie bloc fighting the measure, plus liberal Democratic Sen. Wayne Morse (Ore.) who called the bill a sham bearing "little more than the title."

## Bond Election On Lake Is Petitioned

Petitions are being circulated in Pampa, Letors and McLean requesting the Gray County commissioners court to hold a bond election on the Lake McClellan dam issue.

# Important Red Spy Arrested; Fellow Russian May Testify

By JOHN CAVANAUGH  
United Press Staff Correspondent  
NEW YORK (UP)—A fellow Russian espionage agent who defected to the West shaped up today as the key witness against Soviet intelligence Col. Rudolf Ivanovich Abel, indicted Wednesday as the most important Red spy ever seized in the United States.

Abel was arrested in New York June 21 on a charge of illegal entry and placed in an alien detention camp at McAllen, Tex. Subsequent inspection of his hotel room there convinced agents Abel was a Russian spy. In the room, the agents found a short-wave radio set, a hollowed-out pencil and several cryptic notes.

## Two Fire Calls Reported Here

Firemen answered an alarm at 10:30 a.m. yesterday to 400 S. Starkweather. A cook stove in apartment 12 occupied by R. L. McCallip caught fire. Little damage was done.

## Two Fire Calls Reported Here

A small fire occurred at Zales Jewelry at 107 N. Cuyler yesterday at 4:27 p.m. according to fire officials. A pot of cleaning fluid burst into flame, but no damage was done.

# City Awards Contract On Water Pipe And Fittings

The contract for supplying water pipe and fittings to the city was awarded yesterday afternoon to the Viking Supply Corporation of Dallas on a bid of \$17,920 and W. S. Dickery Clay Manufacturing Co. of Texarkana was awarded the contract on clay pipe and fittings for sewer lines on a bid of \$3,438.06.

The city will not be able to accept payments on the current paving program after this Saturday, John Koonitz, acting city manager, stated today.

## City Awards Contract On Water Pipe And Fittings

The materials are expected to arrive in Pampa in about two weeks and will be used for the construction of water and sewer lines in new additions and for the

## City Awards Contract On Water Pipe And Fittings

replacement of lines that must be moved due to other construction projects.

# Rodeo Off To Rousing Start

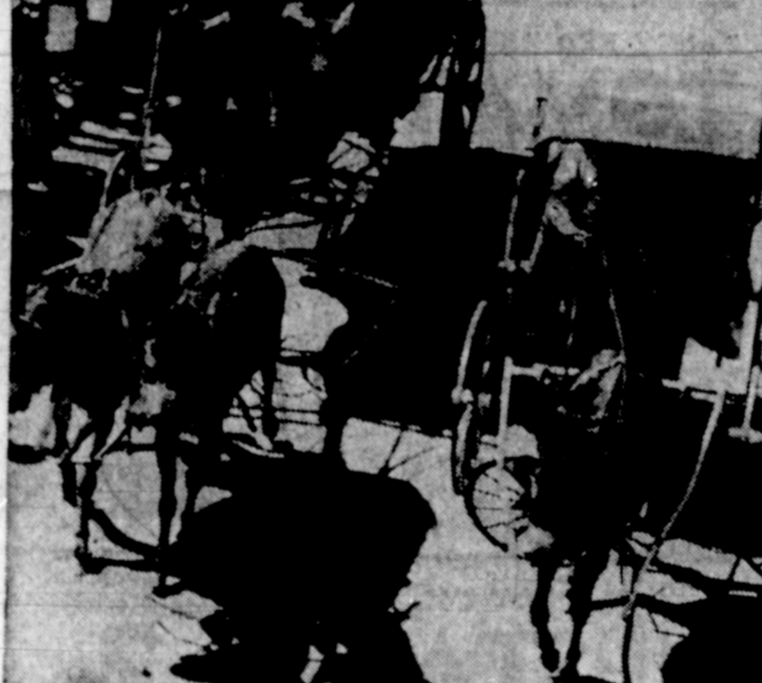

## 5,000 Attend First Night's Performance

By BILL NEAL  
Pampa News Staff Writer  
Top cowboys from this area matched brains and brawn against producer Goat Mayo's rugged rodeo string in the opening performance of the Top o' Texas rodeo last night before some 5,000 western fans.

ROUGH RIDE — Bull No. 46 meant business in the Bull Riding contest at last night's first performance of the Top o' Texas Rodeo as it went into high gear in front of the chute. Billy "Red" Rogers of Crane is shown going off the side of the bull as the animal tried every trick in the book, and then some, in getting the cowpoke off its back. (News Photo)

## Thousands In Pampa For Rodeo Parade

PARADE SCENE — Two of the "vehicles" from Fort Jordon, N.M., which were in yesterday's rodeo parade are shown as they started under the Cuyler Street underpass. The burros pulling the hearse, left, were in a hurry, despite efforts of "the friendly undertaker," and attempted to pass the buggy on the right. The crowd that watched the parade was estimated at 10,000 people. (News Photo)

By GWEN T. STARK  
Pampa News Staff Writer  
The 13th Annual Top o' Texas Rodeo got into full swing yesterday afternoon with the biggest and most colorful rodeo parade ever to troop through downtown Pampa.

Bright sunshine and clear skies welcomed spectators and nine Panhandle riding clubs, including the newly organized Top o' Texas Girls Riding Club, who participated.

# Dio Sprung From Jail To Talk For Senate's Probe Of Hoffa

By HERBERT FOSTER  
United Press Staff Correspondent  
WASHINGTON (UP)—Hoodlum John (Johnny Dio) Dioguardi, described as a friend of Teamster Union Vice President James R. Hoffa and kingpin of New York's labor racket, was called from jail cell by Senate investigators today to answer a string of sen-

ational charges. The Senate Rackets Committee harbored small hope that Dio, described as an alumnus of the old Murder Inc. mob, would prove any more talkative than several of his underlings who have given only their names and addresses before setting up a steady chant of Fifth Amendment refusals to testify.

Counsel Robert F. Kennedy said the committee wanted to know Dio's role in establishment of seven "paper locals" of the giant Teamsters Union, which the committee charges was done to help Hoffa rig an election and win control of all Teamsters in New York.

## Paving Program Payment Deadline Is Set Saturday

The city will not be able to accept payments on the current paving program after this Saturday, John Koonitz, acting city manager, stated today.

The first of next week how many blocks are to be paved. Curbs, gutters and base will be installed on the blocks and if the weather remains favorable, the asphalt surface will be installed.

Brier and Hodas were listed as officials of Local 649 of the AFL-United Auto Workers in New York before turning up as officers of Teamster Local 362. The UAW-AFL local was dominated by Dio, also known as Dioguardi.

In making the announcement, Koonitz said, "This deadline does not apply to those property owners who have made arrangements with the city to pay at a later date but only applies to those who own property where plans call for paving this year and the property owner has not made arrangements to pay for the paving."

He reported that the deadline was set so that the contractor would know what blocks were to be paved. The season for paving streets is nearly over, Koonitz reported, and the contractor must know by

Kennedy indicated this was typical of the switch whereby Dio, as New York director of the UAW-AFL, shifted his henchmen into the Teamsters to staff the "paper locals" set up in November, 1955.

## Girl Kills Her Father At Mother's Wish

BURKBURNETT, Tex. (UP)—Eight-year-old Sharon Sue Payne told authorities today her mother handed her a shotgun and "suggested" she kill her father.

Sharon Sue said her mother told her she wanted Payne dead so she, Sharon and 7-year-old David, another child, could have a "better life."

Sharon told Bailey today she saw her mother pour the acid on herself.

Sharon said she held the muzzle about an inch from her father's head and pulled the trigger.

Charges of leaving the scene of an accident were filed against Glen Eugene Holden, 736 E. Campbell, yesterday afternoon by the police department in connection with a collision in which he was involved last Thursday.

## Charges Are Filed After Accident

A 1950 Studebaker, driven by Holden, was involved in a collision with a 1957 DeSoto, driven by Ethel Alice Gilliam, 1401 E. Francis, at 9 p.m. Aug. 1, the officers reported.

## Lineman Burned West Of Pampa

Omer Bybee, 1901 Coffee, lineman for the Southwestern Public Service Company, received severe burns on his left hand yesterday when he touched a high voltage wire.

The accident occurred about 2 p.m. yesterday afternoon, west of Pampa toward Skellytown.

Bybee touched the line, but fortunately was knocked loose. His right hand and arm also received burns. He also received facial lacerations.

## BULLETIN

DALLAS (UP)—District Attorney Henry Wade said today that he expects BenJack Cage, the high-flying ex-president of the ICT Insurance Co. of Dallas, to answer two indictments charging him with misusing \$600,000.

If it comes from a Hardware Store, we have it. Lewis Hdwe. (Adv.)

**TOURISTS OF THE DAY**—Mr. and Mrs. Melvin Gish, Evansville, Ind., were the first tourists to be welcomed by Pampa's tourist of the day program, sponsored by the Chamber of Commerce. Businesses cooperated to entertain and welcome the couple who was traveling to Long Beach, Calif. Another couple was to be stopped today. (News Photo)

**Former Pampan's Rites Held**

Funeral services for Jack T. Ashley, 51, of Chehalis, Wash., were held Aug. 1 in the Strickland Funeral Home Chapel in Chehalis. He was a former Pampan. Mr. Ashley resided in Pampa with his parents, the late Mr. and Mrs. J. T. Ashley. He moved to Chehalis in 1930 and had farmed there since that time. Two sisters, Mrs. Harry Dean, 940 S. Hobart, and Mrs. William Leonard, 736 N. Nelson, residents of Pampa attended the funeral.

Besides Mrs. Dean and Mrs. Leonard, Mr. Ashley is survived by his wife, Minnie, two sons and two daughters, all of the home; and another sister, Mrs. Minnie Berg of Vancouver, Wash.

Burial was in Chehalis.

**British Roll On In Oman**

By JOE MORRIS  
United Press Staff Correspondent  
BAHREIN, Persian Gulf (UP)—British-led forces advanced virtually unopposed today into rebel territory in the sun-seared hills of Oman.

The mud-hut villages of Karaha and Rada surrendered without delay to British troops and barefoot tribesmen advancing by camel, jeep and armored car across the desert wastes toward the rebel "capital" at Nizwa.

A communique from advance headquarters at Iz described resistance as "slight"—presumably meaning scattered, ineffective rifle fire.

British jet fighters carrying double loads of rockets took off at dawn from Sharja to police the air over the battlefield. At noon, the only target they had found worthy of attack was an abandoned army camp along the line of the advance.

The first point at which any notable resistance was expected was Firz, a partially fortified town three miles from Nizwa.

Loyal leaders expected to overwhelm Firz today, then rest their troops overnight before advancing on Nizwa early Friday.

A high official in Muscat, capital of the British-supported sultan who is the principal target of the rebels, predicted that the revolt will be crushed by the end of this week.

**Obituaries**

By UNITED PRESS  
CHARLESTON, S.C.—The Rev. Dr. James H. Taylor, 85, pastor emeritus of the Central Presbyterian Church in Washington and pastor for President Woodrow Wilson, died Tuesday.

ROCKVILLE CENTRE, N.Y.—Frank L. Egner, 65, vice president of the McGraw-Hill Book Co., and an authority on direct-mail advertising and selling, died Tuesday after a long illness.

KINGS POINT, N.Y.—Hoyt Miller, 74, a research chemist and a former vice president and director of the New York Times, died Tuesday of a heart ailment.

NEW YORK—George W. Gage, 69, a leading portrait painter and former magazine cover illustrator, died Wednesday.

**McAuliffe Plays For Rotarians**

Pampa Rotarians yesterday were entertained by Leon McAuliffe and his western band as their program for the day. McAuliffe is presently in Pampa in conjunction with the Top of Texas Rodeo. Special visitors were officials of the rodeo association in the persons of Bob Andis and John Pitts.

**Injuries Fatal To Mrs. Gill**

Mrs. Ocie Ellen Gill, 78, of Miami, victim of an automobile accident near Panhandle on June 27, died at 8 p.m. yesterday in the Highland General Hospital.

Mrs. Gill died as a result of the injuries received from the accident on Highway 60. Her sister, Mrs. Alice Neeley of Oklaoma, who was also in the accident, died here on July 9.

She was the widow of the late Alfred Gill, rancher and stockman of Miami, and had resided in and near Miami for 57 years. She was born Jan. 2, 1879, in East Texas, and was a member of the First Baptist Church in Miami.

Survivors include five sons, W. E. Gill of Phoenix, Ariz.; Alton, Chester and Loss, all of Miami; and Conway of Salem, Ill.; two daughters, Miss Edna Gill of Los Angeles, Calif.; and Miss Oeta Gill of Miami; one brother, W. H. Conway of Las Animas, Colo.; 15 grandchildren and 7 great-grandchildren.

**Storm Siren Test Is Set Tomorrow**

Pampa's new storm siren, mounted on the top of the Hughes Building, will be tested at 5:30 p.m. tomorrow.

The arrangements for testing the siren have been made by Sheriff Rufe Jordan, who is coordinator of Civil Defense for Gray County, and the test will last for about two minutes.

Sheriff Jordan reported that the switch to the siren will be tied down for the two minute period to allow officials to check various parts of Pampa to determine the distance the sound can be heard.

The test is subject to cancellation, the sheriff reported, if there are any clouds in the area or any danger of a storm. "We do not want to scare the residents of Pampa with the test," Sheriff Jordan stated, "and the test will be rescheduled at a later date if the weather is not satisfactory."

The manufacturer of the large siren reported that the sound should carry for at least five miles in all directions and the test will be made to determine if all parts of Pampa will be covered by the sound. Officers in radio equipped cars will be spotted throughout the town to make reports on the effectiveness of the siren.

Pampa residents are requested to call The Pampa News following the test and report if the siren could be heard at their residence.

**THOUSANDS**

(Continued From Page One)

buggies, rattled down the streets, and representatives from the Amarillo Chamber of Commerce passed out "suckers" to the children.

To the delight of the children, clowns riding donkeys, small wagons drawn by Shetland ponies, a miniature Santa Fe train, and many colorful cowboys and cowgirls were in the parade. An estimated 400 horses and 18 donkeys were in the procession. The parade lasted 49 minutes.

A giant "cat" which wagged its tail, made by the Kit Kat Klub, copped first place in the best civic club or organization category.

The Jaycees' Ox-cart placed second. In the most attractive commercial division, Southwestern Public Service won first with its decorated float, and Frank Jennings Furniture Company of Borer won second with a six-hitch team of Shetland ponies pulling a wagon. Wheeler was named tops in the best riding club category, with Shamrock placing second.

A group of out-of-town judges from Perryton judged the entries. A beautiful gold trophy was given to the first place winners and a hand-engraved plaque to second place winners. Chairman of the parade was Holly Gray.

**Celanese Net Earnings For '57 Decrease**

Celanese Corporation of America and Domestic subsidiaries have reported net income of \$5,613,890 after charges and taxes for the six months ended June 30, 1957. These first half earnings, equivalent to 56 cents a share of common stock, compare with last year's first half earnings of \$6,185,602 equivalent to 65 cents a common share.

Net sales for the first half of 1957 amounted to \$95,304,991 compared with \$94,421,267 net sales for the comparable 1956 period.

For the three months ended June 30, 1957, the company's net income was \$2,701,070 equal to 26 cents a common share after preferred stock provision. In the second quarter of 1956, net income amounted to \$2,723,836 also equivalent to 26 cents a common share.

Net sales for the second quarter of 1957 amounted \$48,452,060 compared with last year's second quarter sales of \$45,943,380.

In making the report, President

Harold Blanche said that profits were affected during the six-month period by high costs incurred in bringing into production the company's new low pressure Polyethylene Plastics Plant near Houston, as well as certain chemical product facilities. Another factor, he said, was the cost of introducing these new products to the market.

Blanche reported the company's chemicals and plastics business continued on an upward trend with sales volume in each reaching an all time high. He said that sales of textile yarns and fibers had been "soft" but added better business is anticipated in the second half of the year. He noted that market acceptance of arnel, the company's triacetate fiber, etc., is continuing favorably, especially for use in wash and wear fabrics.

LAS VEGAS, Nev. — Lawrence Scott, on why he and other members of a Committee on Non-Violent Action Against Nuclear Weapons will walk into a nuclear test area today to protest testing of nuclear devices:

# Government Says We're Better Off Though Dollar Value Down

By EDWARD COWAN  
 United Press Staff Correspondent  
 WASHINGTON (UP)—The value of the dollar has been falling but most Americans are better off than ever before, government data indicates.  
 Sounds impossible? Let's see how it works out.  
 When economists say the value of the dollar drops, they mean that a dollar buys fewer things than it used to. The dollar itself is the same, but prices have risen.  
 The consumer dollar today is estimated to have a purchasing power about five-sixths of what it was worth 10 years ago.  
 Put another way, with the 1947-49 average of consumer goods prices equal to 100, the Bureau of Labor Statistics' latest price index stood at 120.2—an all-time high.  
 Yet despite this record of inflation—a record that runs back into the 19th Century—Americans on the average are able to buy more goods and services than ever before.  
 "Real" Income Increase  
 Commerce Department figures show that national average per capita "real" income in 1956 was nearly 50 per cent greater than in

1929. That is, the average American could buy 50 per cent more goods and services last year than in the heyday of the golden Twenties.  
 This despite the increase in taxes since then. And despite the fact that the purchasing power of the dollar (taking 1947-49 as a base of 100 cents) fell from \$1.36 in 1929 to 86 cents now.  
 The explanation of course is that average income rose faster than prices and taxes.  
 Economists noted that these figures are for national per capita averages. Different segments of the population have fared differently, to say nothing of differences in individual fortunes. As a class, manufacturing production workers have had the greatest gain.  
 Rising prices probably have had their worst effect on older folk—people who live on pensions and other kinds of fixed incomes which have not increased as much as prices.  
 Would Look Smaller  
 Today's dollar would look even smaller if its value were estimated from 1913 prices instead of the base of 1947-49 now used, in that case, the 1957 buck would be

worth about 36 cents. Using this same base, last month's consumer price index number would be 284 instead of 120.2.  
 The government likes to avoid such long-run comparisons and such astronomical figures. It prefers to use relatively recent base periods, a spokesman said, because economic comparisons lose their significance over long periods.  
 In addition, it is occasionally necessary to revise the relative weighting of the components of an index. The economists feel it is good procedure to update the base at the same time. Hence, from time to time, the base period is changed. The latest switch in the consumer price base was in 1953. At that time, the 1925-39 price average was dropped in favor of 1947-49.  
 The change was made by the Bureau of Labor Statistics on the recommendation of the Budget Bureau's Office of Statistical Standards.

## Red Cross Vacancies Reported

The Red Cross has announced vacancies for field directors to assist in military installations at home and abroad.  
 To qualify, a person must be college trained, preferably in social sciences or a related field; experienced in welfare; tolerant, patient and understanding; able to adjust to change; able to accept military regulations; a U.S. citizen; physically fit; and available for overseas duty. Veterans are given preference.  
 The first assignment, usually for one year, is in the United States. Some stay in the states, but most have a two year overseas tour of duty.  
 No location preference can be given, since assignment is to fill vacancies as they occur in any part of the world. Salary begins at \$350 a month, and there are per-

## Cool Front Gives Texas Crops Lift

Plains and North Texas gave a much-needed boost to cotton, feed crops and pastures, the U.S. Department of Agriculture said today.  
 In its weekly crop and weather bulletin, the USDA said "considerable sorghum acreage" was at the critical boot or head stage. The added moisture should "make the crop" in localities receiving heavier amounts of rain.  
 Moisture was sufficient to bring up volunteer wheat over most of the High Plains.  
 Hot weather popped open cotton bolls in South Central Texas, and the first bales were reported ginned along the upper coast and as far north as Guadalupe and Washington counties.  
 Feed crop prospects were "greatly improved" in the Panhandle by the weekend rains.  
 Rice is generally late, but the yield outlook was reported as "quite promising."  
 Weiborns and case bearers were blamed for reducing pecan production in "several important areas."  
 Cross timbers and North Texas

## Calf Crop Drops Eight Per Cent

AUSTIN (UP)—Texas' 1957 calf crop was estimated today at 3,779,000 head—down 8 per cent from the 1956 crop of 4,113,000 head, by the U.S. Department of Agriculture.  
 The USDA said the reduced calf crop was the result of a 5 per cent smaller number of cows and heifers two years old and over on Jan. 1 of this year, combined with a lower calving percentage.  
 In the lower valley, cotton ginning passed the two-thirds mark. Dryland cotton in intermediate and late districts made "fair to good development." However, much of this acreage was beginning to suffer from a lack of moisture. In the irrigated areas of the northwest, early cotton was fruiting and the "overall outlook" was reported favorable.  
 "Prospects remain very promising in the Trans-Pecos," the USDA said. However, leafworm infestations were widespread and were "particularly troublesome in the low rolling plains."  
 Cattle and sheep were in generally good condition. Goat shearing gained momentum over the Plateau.

# Newsman Reiterates Fierce Battle On Anniversary Of Guadalcanal

(EDITOR'S NOTE: Robert C. Miller covered the invasion of Guadalcanal for United Press in August, 1942. He visited the island again recently.)

By ROBERT C. MILLER  
United Press Staff Correspondent  
GUADALCANAL, British Solomon Islands (UP)

## Perryton Has Building Boom

(Special to The News)

PERRYTON — Building permits which were issued in Perryton during the first six months of 1957 showed a marked increase over the first six months of 1956. The six-month total for 1957 was \$469,870, which was an increase of \$174,320 over the 1956 figure of \$295,550.

June was the high month of this year with a total of \$192,800 in permits issued. One builder, Macias Construction Company, was responsible for the major portion of this amount, with permits totaling \$137,800 for construction of 12 residences.

The second highest month was March with \$19,000 in permits issued. The Macias Construction Company accounted for almost all of the March figure, with only a \$1,000 permit being issued to another construction company. Macias received permits for 15 residences during the month.

During the six-month period figures show that construction was started on 38 new residences, six addition or improvements made to existing homes, one home rebuilt following a fire, three garages, a workshop, an apartment house, and a warehouse built, and improvements made to a warehouse and office.

mon Islands (UP) — Fifteen years ago Tuesday the battle for Guadalcanal began with a thunder of naval gunfire, the scream of dive-bombers and the pounding hearts of 15,000 Marines going into their first—and for many their last—battle.

As there was the agony of the dying and the moans of the wounded and the groves of tall, slender cocalms and tore holes into men and metal with soulless indifference. Flies with their shrouds of greasy smoke rose higher and higher into the sticky tropical air as the bombs and shells "softened" the beachhead.

Inland, hundreds of men, yellow of skin and small in size, fled the hell that suddenly came out of the sky, leaving half eaten food and their dead staring at the rising sun with a look of amazed horror still on their faces.

But 15 years and the world's appetite for scrap metal have erased most of the props and settings.

Always Has Been  
Dawn breaks with the same vividly stained skies, the same cloud pockets pad the valleys and the damp smell of the jungle is just as it has always been in these tropical wonderlands.

But now there is only the whine of a sawmill at Tenaru Beach to trespass on the early morning silence. Fifteen years ago the place was a boiler factory. Noisy landing craft and amphibious tractors spewed men and supplies in the churned sands. Bulldozers flanked down the beach with roaring diesels, forming roads and clearing bush.

Offshore lies Savo Island, volcanic, grim and surrounded by waters now charted as "Iron Bottom Sound." It was in these waters that the terrible night actions were fought with their ghostly flares, crashes of gunfire, probing searchlights and burning ships.

Transports Still There  
As you fly down the "slot" from Rabaul, safe and comfortable in the weekly Qantas flight, the plane passes Cape Esperance. Japan's toehold before retreat, and further along lie the blind and lifeless hulks of Vice Admiral Raizo Tanaka's four beached transports. They lie where he ordered them deliberately grounded so their thousands of troops could be landed in support of the besieged and starving garrison.

On Guadalcanal today there is the unruffled life of the tropics where Englishmen play at cricket and mission children sing hymns. The talk is over iced drinks and concerns the price of copra while women scold their children and complain of the "servant problem."

Soon the last of the rusting hulls will dissolve under the cutting torch or crumbled flakes of rust, the old tower at Henderson Field will come down and the fox-holes fill as the jungle reclaims its own.

Takes Up Duties  
COPENHAGEN, Denmark (UP)—New U.S. Ambassador to Denmark—Val Peterson took up his duties Tuesday. Peterson, who has Danish ancestors and who had been in Denmark seven times before, arrived by air Monday with his wife.

Complete Drive-In  
ROME (UP)—Workmen Tuesday put finishing touches to the first American-style drive-in theater in Italy. The theater, located on Rome's Christopher Columbus Street, will be open for business next week, its owners said.

TRUCK DUMP—Dump trucks are a common transportation aid, but they've turned things around in Michigan City, Ind., where this "truck dumper" has been installed. For ease of unloading, huge trailer trucks are driven onto the steel platform, which is then raised like the span of a drawbridge, spilling the cargoes of grain into a conveyor in a pit below the device. The innovation is part of the new Cargill Incorporated grain elevator from which grain is shipped to Chicago.

# Yes, Raccoon Coat Is Back!

By GAY PAULEY  
United Press Staff Correspondent  
NEW YORK (UP)—The newest fashion for coeds is as old as the flapper, the Stutz Bearcat and the Charleston.

Yes, the raccoon coat is back. In some cases, it is available second hand and in "magnificent disrepair," as advertised by one New York specialty shop. But after those worn 30 years ago or after those worn 30 years ago else shortened to car coat length.

Revival of the long-haired fur in coats and accessories is just part of fashion's return to the Roaring 20's for ideas especially for the campus and young career girl group.

The "so's your old man" era also is reflected in new cloche hats, shorter skirts, fringed and beaded dresses, and lowered waistlines.

Three-Length Types  
The vintage raccoons, which the specialty shop bought from a pri-

vate collection, retailed for \$25 each. The new ones will cost \$150 and up. One New York shop featured three lengths of raccoon—the shortest, actually a jacket length; another, 32 inches or car coat style; the third, to mid-Calf.

Most of the new old-timers have rolled collars. Others have adjustable hoods and bright plaid linings.

Raccoon also abounds in accessories and trim. One college shop used the fur for huge, pouch bags and hats, and as cuffs for wool knit gloves. One red leather car coat has a raccoon collar. Another store even included raccoon scarves, or lounge slippers, in its collection of be-furred accessories.

Trims Suits With Raccoon  
Designer Jeanne Campell of Sportswirl trimmed two-piece tweed suits with raccoon collars, fur for collars of its two-piece black, olive green, gold and beige knits.

Here are other trends in coed fashions for fall:

Red in all shades is a leading color in everything from shirts to suits. Other color leaders are Goldworm Sportswear used the

Jackets mainly are short and semi-fitted, some of them piped and suggestive of the loose jacket made famous by Chanel of Paris. Skirts are in a variety of cuts—slim, gored, pleated and wrap-around.

DETROIT (UP)—Canine delinquency had authorities worried for a while Sunday.

A pack of 15 dogs, part of an act at the Detroit police field day in Briggs Stadium, broke out of their cages, terrorized a 60-pound bear and bit two policemen. They drew 10 days in the dog pound and were ordered to take a rabies test.

## Variety Of Choices For Draft Age Young Men

By LOUIS CASSELS  
United Press Staff Correspondent  
WASHINGTON (UP)—About 9 o'clock each weekday morning, a messenger pedals a bicycle cart through the corridors of the Pentagon Building to deliver a bulging sack of mail to Room 2D776.

The sack contains, on a typical day, more than 1,500 letters and postcards from all parts of the nation. Each bears a simple but sufficient address: "It's Your Choice, Washington 25, D. C."

The writers receive by return mail a free 20-page pamphlet which is rapidly becoming a popular "how to" book. Compiled by the Defense Department, and handsomely printed in color, it lists 33 different ways to beat the draft by enlisting in the regular or reserve forces or the National Guard.

The title—"It's Your Choice"—sums up the new sales pitch which the armed services are using, with considerable success, to woo volunteers.

The pamphlet points out that "every physically and mentally qualified man between the ages of 18½ and 26 faces an obligation to perform at least six years of military service, which may be fulfilled by various combinations of active and reserve duty."

The big decision which confronts thousands of youths each year is whether to "volunteer and get it over with" or wait to be drafted.

Smarter To Volunteer  
The services are telling young men that it's a lot smarter to volunteer.

If you wait to be drafted, they point out, you will have no choice of service, assignment or type of training. Virtually all draftees go into the Army to be trained as foot

soldiers. They serve two years on active duty, followed by two years in the ready reserve and two years in the standby reserve.

The ready reserve is just what the men implies. It consists of trained (or partially trained) men who can be called into active duty by the President at any time. Members are generally required to attend weekly drill sessions and a two-week encampment each summer. The standby reserve can be called up only if Congress declares a national emergency; its members are not required to attend drills or other training activities.

The youth who wants to keep his period of active duty as short as possible, and is willing to pay for this privilege by serving a prolonged hitch in the ready reserve, will find a wide variety of tempting enlistment opportunities.

He can, for example, sign up in the Air National Guard for only 11 weeks of active duty, followed by five years and 41 weeks in the ready reserve.

Program Deadline Soon  
The Army National Guard offers a similar deal, open only to those in the 17 to 18½ age bracket. But if you're interested, hurry to the recruiting office. The deadline for enlistments in the Army program is Sept. 30.

The most popular "courses" are those which call for six months of active duty training, followed by periods of ready reserve participation ranging from 2½ to 7½ years (depending on the service and the age of the enlistee.) This kind of "short hitch" is currently available in all of the services except the Navy. But the Air Force has very small quotas for six-month enlistees and is "highly selective"

of recruits. If you're not in a big rush to get your active duty behind you, you may want to sign up in the enlisted reserve, an option offered by all services except the Air Force.

This calls for two years of active duty—same as the draft—but you get the right to choose your service, a particular branch within that service, and with some limitations, the type of technical training you will receive.

An even wider range of choice is open to the youth who will sign up for a regular enlistment (minimum period: Three years in the Army, Marines or Coast Guard; four years in the Air Force or Navy). Some of the longer and more complex technical training courses are ruled out for two-year enlistees, but the "full hitch" volunteer can pick any kind of training he is mentally qualified to absorb.

Chances Are Slim  
And what of the able-bodied, unattached young man who resists all these blandishments? What are his chances of "sneaking through" to age 26 without being drafted?

Very slim, according to Selective Service officials.

Draft calls during the past year have ranged from as low as 8,000 a month to as high as 17,000, with the average about 14,000.

About 35 per cent of the supposed 1A's are rejected by the Army when they go up for their pre-induction physical examinations. Others escape the draft by becoming fathers, who have a blanket deferment under present regulations. Thousands each month sign up voluntarily, thus reducing the pool available for filling draft calls.

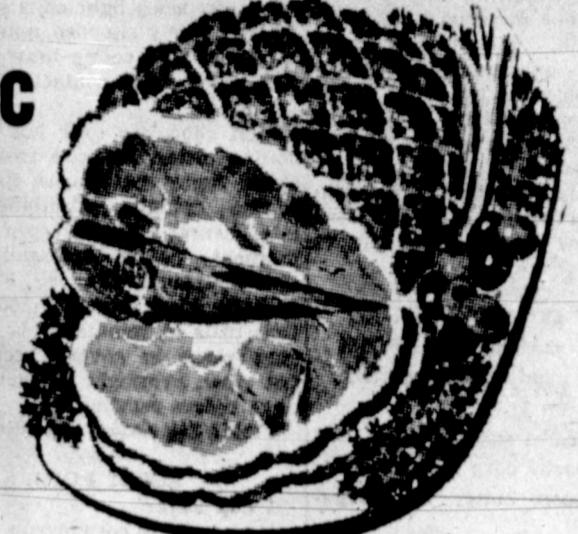

At present, most draft boards are calling men out of the 22-year-old age group.

Once a man has received an induction notice from his draft board it is too late to choose one of the voluntary enlistment programs. This point is heavily stressed in the Pentagon's recruiting literature.

# Homemade Candies Easy Doin's With Low-Caloried Cereal Confections

When Grandfather was a boy he trudged to the General Store with precious pennies in hand, to buy candy. Selection was easy, as the choice consisted mainly of rock candies, lozenges, colored sugar candy, or lollipops. (Incidentally, the lollipop would undoubtedly look strange to us today as it was a little wad of sugar candy stuck to the end of a slate pencil.)

Today selection of candy is much more complicated. We go to the candy store and find candies of all flavors, shapes, and descriptions — we open our recipe books and find dozens of possibilities for homemade candies. When it's a homemade candy we're seeking, we usually end up choosing a recipe that is fairly simple — the preparation requiring only a small portion of our precious time. Candies made with presweetened ready-to-eat cereals are an excellent choice for two very particular reasons — they are easier than 1, 2, 3, because they require the combination of just a few ingredients, and crunchy cereal confections are lower in calories! Candy and how — and what fun to make!

**CANDY COATED PUFFED WHEAT CARAMEL DROPS**  
1 1/2 cups candy coated puffed wheat  
1/2 cup brown sugar  
3 tablespoons corn syrup  
1 tablespoon butter or margarine

Measure candy coated puffed wheat into buttered mixing bowl. Combine sugar and syrup; cook over moderate heat, stirring constantly, until sugar is dissolved and mixture bubbles, about 5 minutes. Remove from heat; add butter, stirring until blended. Pour hot syrup over cereal, stirring until cereal is well coated. Drop by teaspoonfuls onto waxed paper or buttered baking sheet and allow to cool.

Yield: About 2 dozen drops, 1 1/2 inches in diameter.

**PROSTED MARSHMALLOW BALLS**  
2 cups sugar coated corn flakes  
18 marshmallows  
1/2 cup shredded coconut or 1/4 cup chopped nutmeats  
Crush sugar coated corn flakes slightly. Melt marshmallows over very low heat, stirring occasionally until smooth. Stir in crushed cereal. With buttered hands, shape teaspoonfuls of marshmallow mixture into balls about 3/4 inch in diameter. Roll quickly in coconut or nutmeats. Let stand until hardened. Yield: 30 balls, about 1 inch in diameter.

**FROSTIES**  
1/2 CUP (6 oz.) semi-sweet chocolate pieces  
5 cups sugar coated corn flakes  
3 tablespoons light corn syrup  
1 cup finely chopped nutmeats  
1-3 cup cold coffee brew  
3 1/2 cups sifted confectioners' sugar

Melt chocolate over hot but not boiling water. Remove from heat. Crush sugar coated corn flakes into fine crumbs. Combine chocolate, cereal crumbs, corn syrup, nutmeats, coffee brew and 3 cups of the sugar; knead well. Form into balls about 1 inch in diameter. Roll balls in remaining 1/2 cup sugar; place in covered container. Let ripen overnight or for several days before serving.  
Yield: 3 1/2 dozen "Frosties."

**POLLY-POPS**  
1 cup sugar  
1/2 cup light corn syrup  
1 cup light cream or top milk  
4 cups sugar coated puffed corn  
1 cup salted peanuts

Combine sugar, corn syrup and cream in saucepan. Cook over low heat to 240 degrees F. (soft ball in cold water). Mix candy coated puffed corn and peanuts in buttered large bowl. Pour on syrup, mix puffed corn and peanuts in buttered muffin pans to about 3/4 inch in thickness. When cool, remove from pans and insert a wooden skewer side wise in each one to resemble a lollipop.  
Yield: 2 1/2 dozen Polly-Pops, 2 1/2

inches in diameter.

**CRUNCHIES**  
1 cup (6 oz.) semi-sweet chocolate pieces  
2 cups sugar coated corn flakes  
Melt chocolate over hot but not boiling water; remove from heat. Stir in sugar coated corn flakes. Drop by teaspoonfuls onto waxed paper or buttered baking sheet. Yield: About 2 dozen Crunchies, 1 1/2 inches in diameter.  
Variation: Add 1/2 cup peanuts with the sugar coated corn flakes.

## Country Sausage Perfect Escort At Polenta Breakfast

What's for breakfast! Well, for a change, here's a super meal... a menu that'll go a long way toward satisfying early-morning hunger pangs. Headlining the menu is Polenta and country-style sausage.

Polenta is actually a mush or pudding made from various granulated cereals... in this case cornmeal takes the spotlight. After cooking and chilling, the polenta is sliced and browned in sausage drippings. Syrup adds to this flavorful breakfast dish.

Country-style sausage, for those who may not be familiar with it, comes in one long continuous link. It is larger in diameter than the regular pork sausage links but is prepared in the same manner, according to Reba Stagg, home economist and meat expert. The sausage is cut into serving pieces, placed in a frying-pan with 2 to 3 tablespoons of water. The pan is covered and the sausage is allowed to cook 10 to 12 minutes. At the end of this time, the cover is removed and the sausage is allowed to cook until it becomes a golden brown.

**FRIED CORN MEAL MUSH**  
3 cups currants  
3 cups boiling water  
1/2 teaspoon salt

# Food Page

## Individual Meat Loaves

No matter how hot the days get or how high the temperature soars, meals still have to be cooked and families still have to be fed. How about presenting your family tonight with a platter of tender, juicy Individual Meat Loaves smothered with a luscious pimiento-mushroom sauce?

This delicious combination of flavors gives off a mouth-watering aroma that will tease even the laziest appetites. Small wonder though when you know how these Individual Meat Loaves are prepared. Tiny flakes of rolled oats added to the ground beef do a magical job of locking in all the delightful meat juices. Mushroom soup, green pepper and a pinch of marjoram all play their parts in making this a taste sensation. A bonus of flavor is added when the meat loaves are topped with a sauce of mushroom soup and chopped pimiento.

**Individual Meat Loaves**  
Makes 8 servings

**Meat Loaves**  
1/2 cup (1/2 can) undiluted mushroom soup  
1-1/2 pounds ground beef  
3/4 cup rolled oats (quick or old fashioned, uncooked)

**Sauce**  
1/2 cup (1/2 can) undiluted mushroom soup  
1/4 cup milk

2 eggs, slightly beaten  
1/2 cup chopped green pepper (optional)  
1/4 teaspoon onion salt  
1/4 teaspoon salt  
1 tablespoon chopped pimiento

Heat oven to moderate (350° F.). For the meat loaves, blend together all meat loaf ingredients and combine well. Firmly shape into 8 individual meat loaves. Place in shallow baking pan. Bake in preheated oven 25 to 30 minutes. For the sauce, combine mushroom soup, milk and pimiento; heat. Serve hot over meat loaves.

1/2 cup corn meal  
Flour  
Add currants to boiling water. Cook 5 minutes. Add salt and corn meal, stirring constantly. Cook until thickened. Pour mush into a clean No. 2 or No. 308 tin can (or 5x9-inch loaf pan). Chill. Remove

## Toastwiches For Patio Fun Fest

It won't be long now when outdoor meals will be coming to a stop. Yet there is still time to plan a family-type patio fun fest before school bells ring again.

Menu! Keep it simple, comments Reba Stagg, meat expert, who emphasizes that ground beef lends itself to fast, easy-on-the-chef meals.

Barbecued Beef Toastwiche is such a dish. Spotlight ground beef. Prepared in such a way, Beef Toastwiches are a natural for an easy patio picnic entree.

How easy is it to serve? It'll take just minutes to prepare. Make sure, however, that you have plenty because there will undoubtedly be calls for seconds and maybe thirds.

**BARBECUED BEEF TOASTWICHES**

1 pound ground beef  
1/2 cup chopped onion  
3 tablespoons lard or drippings  
1 tablespoon flour  
1/2 cup hot water

2 tablespoons prepared mustard  
1/2 cup chili sauce  
6 buns, split and toasted

Brown ground beef and onion in hot lard or drippings in frying-pan. Pour off drippings. Stir in flour. Add hot water; cook until thickened, stirring constantly. Add mustard and chili sauce, and simmer 15 minutes. Serve over toasted buns. Yield: 6 servings.

## Calling All Outdoor Chefs! Must You Huff And Puff For A 'Maybe' Fire

Calling all outdoor chefs! That charcoal that you huff and puff against when trying to fan up a flame will ignite itself, under certain conditions.

Hard to believe? No doubt. But the insurance people have statistics to prove that the outdoor-cooking type charcoal is highly susceptible to breaking out in flames when stored. Yes, it's the same charcoal you wage a heated battle against when guests are waiting for steaks or hamburgers.

The accident prevention department at Employers Mutuals of Wausau has issued a special summer and fall bulletin warning that a bag of charcoal in the basement may be a booby trap.

"Charcoal," says the statement, "is a wonderful fuel for broiling steaks and hamburgers, as everyone knows. It is efficient and flavorful."

"When used for this purpose, it is absolutely harmless. The only danger comes in storing it. Charcoal is usually made from hard wood by the retort method and is particularly likely to light up of its own accord."

"There are four common causes for spontaneous ignition of stored charcoal:

1. Lack of cooling and airing before shipment.
2. Charcoal becoming damp.
3. Friction in grinding or pulverizing it.
4. Carbonizing at too low a temperature."

Enjoy your outdoor cooking. But be sure the man of the house who knows his onions, beans, barbecue sauce and steaks, also knows that he shouldn't store bags of charcoal in a damp basement. Far from diminishing the chances of fire, dampness contributes to spontaneous ignition.

In one case, a 20-pound bag of briquettes taken into a damp but well-ventilated basement caught fire within a short time. It was found the bag had previously been stored in a basement four weeks before purchase.

Even after pails of water were poured on the sack, the center briquettes were red hot.

So, watch the fire hazard in the stuff that is so pesky hard to light when you want hot coals real fast!

Don't let dust and lint give your dark clothes a shoddy appearance. If a brush won't remove the lint, try cellulose tape wound around a flat stick or around the palm of your hand. It's very effective.

**NUMBER ONE IN CROSS-COUNTRY ECONOMY TEST -CHEVROLET!**

Drive the car that recorded up to 17% greater fuel savings in a conclusive transcontinental economy test of the three leading low-priced cars—sanctioned and certified by NATA.\* The run was all the way from Los Angeles to New York.

Here's the car that gets not only frisky performance out of a gallon of gas but money-saving mileage as well. It's all in the NATA record book—how Chevrolet rolled in with the lowest total operating cost after 2,873 miles of thorough testing!

It just goes to prove that Chevy offers more of the important things that make for happier driving. Remarkable pep and handling ease; that kind of road-holding ability usually associated with sports cars; and, to round it off nicely, outstanding economy. Drive one soon at your Chevrolet dealer's. \*National Automobile Testing Association

Back to the campus in clothes with slim lines, in the overblouse, in plaids both small and large. This girl (left) packs a two-piece plaid cotton knit for the first days of college. Overblouse is worn with sheath skirt; both wash easily and dry quickly. Plaid gets bold in this skirt (center) by Century. It's a wrap-around in brilliant blue. Another cotton knit by Smartee (right) pairs blouse top with sheath skirt. Top has big white collar and narrow white cuffs. We show these separates in gray-and-white. The fashions shown here are fine starters for the college girl on a budget.

### Back-To-School Time Is Time To Check Up On Your Child's Vision

As the nation observes back-to-school-time for more than 3.5 million youngsters, the National Society for the Prevention of Blindness reports that vision defects which affect at least one out of four of these children may be responsible for needless educational setbacks.

According to Dr. Franklin M. Foote, the organization's executive director, "85 per cent of what a child learns comes through his eyes. Inability to see clearly can seriously affect educational progress, and cause social and psychological maladjustments that last throughout life."

And vision defects, Dr. Foote suggests, "may often help answer the question: 'Why can't Johnny read?'" children with poor vision, he explains, often confuse similarly shaped letters like o and a, e and c, n and m. Also, he adds, they may have difficulty in doing close eye work, and their attention may wander easily.

As a beginning, Dr. Foote urges parents to write for the free booklet on eye health his organization has published in connection with the nation-wide observance of "Sight - Saving Month." Single copies may be secured without charge by writing to Prevention of Blindness, 1790 Broadway, New York 19, N. Y.

Afterwards, he suggests, "a thorough professional eye checkup once a year will help speed early diagnosis and treatment of your child's vision defect, before it causes educational or psychological damage."

On the psychological side, the nonprofit organization declares that neglected vision defects can result in introversion, temper tantrums, truancy and juvenile delinquency. "Not being able to participate in the activities of his schoolmates, the child with defective vision often feels different and unwanted," Dr. Foote says. "He may try to compensate for these inferiority feelings by the kind of anti-social, aggressive behavior that leads to juvenile delinquency."

About nine million school-age children, he says, need some form of eye care. An estimated 17,000 youngsters are blind.

### Hostesses Give Dessert-Bridge

(Special To The News)

PERRYTON — Mmes. W. L. Herridon, A. S. Brillhart, O. A. Schuster, and L. E. Conner were hostesses for a dessert-bridge recently in the home of Mrs. Conner.

Arrangements of seasonal flowers were used in the entertaining rooms. Vases of daisies centered the Bridge tables.

Included in the house-party were Misses Janice Schuster, Sue Akers, Judy Conner, Marjorie Swink and Sara Mize.

Mrs. R. M. Lemon of Booker held high score for the afternoon. Mrs. L. T. Tucker held second high and Mrs. Clifton Bell had third high. Approximately 86 guests were present.

HOW TO USE LAMB RIBLETS  
Stock up on fall menu suggestions. Lamb riblets are delicious barbecued and served atop of rice or they may also be used for lamb stew. The riblets are cut from the lamb breast. Approximately one-half pound is needed per serving.

### For Girls In College: The Slim Look Is The Neat Look On College Campuses

By GAIL DUGAS  
NEA Women's Editor

NEW YORK (NEA) — The neat look, based on separates, is the look that college girls prefer for '57. It's as different as can be from the old blue jean and shirt set-up that used to be acceptable. The neat look is also a slim look, expressed this year by the sheath, by slim skirts and separates made for each other. And these slim skirts carry over from anytime into evening or date wear. The very bouffant petticoat is going the way of blue jeans.

The idea in choosing sweaters and skirts is to achieve neatness and harmony. (The dyed-to-match sets are relegated to dressy wear.) For this reason, college girls also favor the separates that are made for each other. For the early days of autumn, many will pick the slim cotton knits in muted plaids, pebble knits and solid colors. Students like them because they're budget-priced, keep their shape and wash easily.

Gray flannel is still the top favorite with college girls. Then comes beige. Some students like the idea of red but as an accent color only.

Tweed rates next to flannel as the fabric most preferred by college girls. They like the muted tweeds in both color and pattern. And they like to repeat one color of the tweed in a sweater to be worn with it.

as wrong every time he dares to disagree with their ideas. They are the women who keep telling themselves what "good wives" they have always been — even though their husbands wouldn't endorse that smug self-evaluation.

When a marriage goes sour rarely is it true that all the fault lies with one partner.

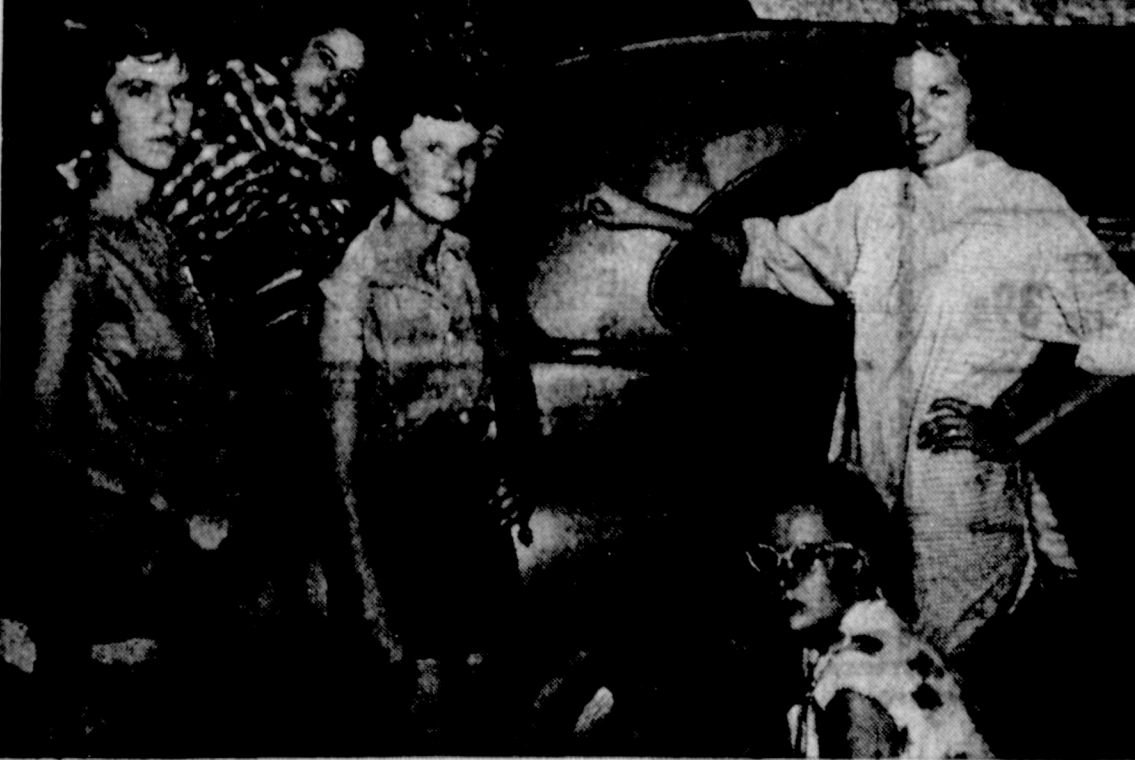

Any wife who isn't lazy or unimaginative or downright smug would admit to herself that some of the fault for her unhappy marriage must be hers.

And she would get busy trying to improve herself, instead of hopelessly wishing she could change her husband.

Some wives just don't have enough imagination to see that a quarrelsome or indifferent husband is an unhappy man who probably needs his wife's understanding, admiration and devotion as much as she needs that kind of support from him.

So she nags him for not giving her what she expected from marriage. Instead of trying doubly hard to fulfill his expectations of what marriage would be like.

Some wives are just too smug to admit even to themselves that they could be wrong about anything. They mark a husband down

"TOOTHBRUSHED CAR!"  
In order to meet certain pledge requirements, prospective Los Crecas Club members are often asked to comply with an "order" of a club member; such as, ironing a blouse or baking cookies, sew or something really simple like washing a car with a tooth-brush. Shown here "wondering where the yellow (aust) went" as they "toothbrushed" a car, left to right, Misses Gloria Daniels, Sarah White, Marlyn Shelton, a member overseeing the job, Marilyn Whitener, and Nancy Bailey. (News Photo)

**Make Friends Manners**

You don't have to give an immediate answer to the person who give you a verbal invitation. You can always say, "Let me check the calendar," or "Let me check with my husband to see if he has made any other plans."

But if you do put it off, be sure to give a definite answer as soon as possible.

When you converse standing up, don't slouch or lean on the nearest object. Stand up straight to look poised and graceful.

Here's the only rub... when you relax at the

### Strike Cripples Harbor

BUENOS AIRES (UP) — The crippled Tuesday by a wildcat strike. Longshoremen, who had staged slowdown strikes for several days in support of demands for higher pay, walked out when their attitude was declared illegal by the government. Servicemen were called in to man wharveside cranes and work in the holds of ships.

## Sidewalk Superintendent's Club Rockefeller Formed Re-Activated

(EDITORS NOTE: The chief of the U. P. Senate staff is substituting for Lyle C. Wilson during his vacation.)

By RAYMOND LAHR  
United Press Staff Correspondent  
WASHINGTON (UP)—Congress, which is used to making all-or-nothing choices on civil rights legislation, must decide this year whether to choose compromise instead.

Some of the advocates of strong legislation are beginning to say it would be better to pass no bill than to take what they can get from the Senate this year.

Until now civil rights bills have never been handled in a climate of compromise. Heretofore, almost all members of Congress took it for granted Southern Democrats could and would kill any measure by filibuster in the Senate.

Debate, For Record  
The debates were mostly for the record. Supporters of the legislation showed little more interest in compromise than did the Southerners.

At one time the battle was over bills to abolish state poll taxes by federal law. Compromisers raised constitutional questions and asked why the goal should not be

sought through constitutional amendment. All-out backers of the bill objected and settled for nothing. The poll tax survives in five Southern states.

Later the issue was drawn over bills to create a National Fair Employment Practices Commission (FEPC) to discourage discrimination against Negro job holders and applicants. Compromise proposals to set up a mediation agency to deal with the problem never were taken seriously by either side. No bill was ever passed.

Took Compromise Soundings  
The compromisers sometimes asked why it was better to settle for nothing than to decide in advance that a watered-down bill was not even worth a trial.

ATTENTION TRAFFIC COPS  
CHICAGO (UP) — An economy-minded policeman helped a motorist see the light Monday. Instead of fining the motorist \$10 for driving without a left headlight, policeman James Massa escorted him to a service station and told him to buy a new headlight for three dollars.

BLACKPOOL, England (UP) — The plane in which former British Prime Minister Neville Chamberlain brought back "peace with honour" from Munich in 1938 is up for sale for \$8,600.

The Lancashire Aircraft Corp., owners of the 23-year-old De Havilland biplane, has decided to sell the craft used until recently to take vacationers on pleasure trips around Blackpool Tower. Chamberlain used the plane to fly to Munich in 1938 for talks with Hitler, in a last-hour attempt to preserve European peace.

### Jeffries Defeats Hoffman

In Little League farm team action Jeffries upset Hoffman by the wide margin of 21-6, in a game played Monday night.

Hoffman had been leading the league until this final game of the season when Jeffries scored the impressive victory.

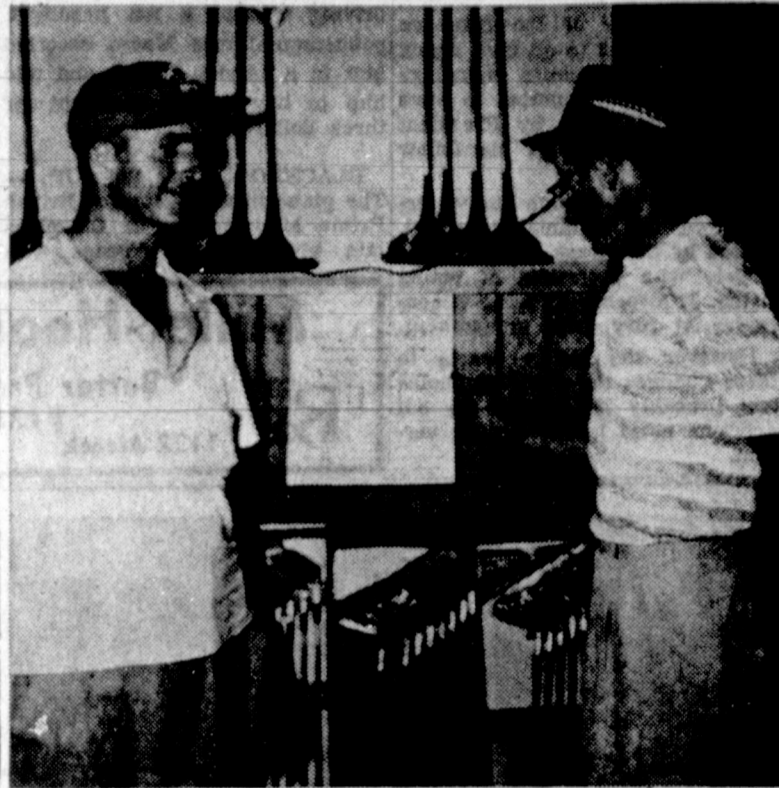

Eddy Barnes hurled the winner for Jeffries with Billy Dickey behind the plate. Stone was charged with the loss for Hoffman with Baton as battery mate.

Sparkling the winning hitting attack was Rexroat, Eastman and Beckham.

The game ended the season for both teams, with Hoffman's loss throwing them into second place behind Tom Rose.

CHICAGO (UP) — Jim Hughes, right-handed relief pitcher formerly with the Brooklyn Dodgers and Chicago Cubs, was acquired today by the Chicago White Sox from Los Angeles in the Pacific Coast League. Hughes had a 2.86 earned run average in 6 innings at Los Angeles.

## Top O' Texas Golf Tournament Scheduled For Aug 29-Sept. 2

The 21st Annual Top O' Texas Golf Tourney will be held August 29 through September 2 at the Pampa Country Club, with \$2000 in prizes to be given away.

Entries close at 12:30 p.m. on the 29th, with qualifying rounds scheduled for Friday, August 30. The championship flight will be 72 holes medal play with all other flights going match-play two rounds and the semi-final and finals in medal play. Entry fee for the tourney is \$12.50.

Arrangements and plans have been made by Hart Warren, host pro, and tournament directors, D. E. Holt and H. M. Luna to host approximately 180 entries. For information or reservations, persons should contact Warren.

Scheduled for the tourney will be a buffet on August 30 at 8 p.m. and on Saturday, August 31, a special entertainment hour from 8:30 to 9:30 with a dance following.

Don Kaplan, champion for the past two years is expected to re-

### DeVicenzo Leads Into Golf's \$100,000 World Tourney

By IRA LURVEY  
United Press Sports Writer  
CHICAGO (UP)—It was Argentine Roberto de Vicenzo against the World today in the opening round of golf's 72-hole version of Utopia, Tam O'Shanter's \$101,200 World Open.

De Vicenzo, who's been trying to break Tam's bank since 1951 but normally doesn't even know his way around the course until after the preliminary All American, sat through an earthquake in Mexico City this year and then came up to cop the All American with a 15-under-par 273.

Thus De Vicenzo, who traditionally gets hotter as he goes along, started out boiling.

"Winning the All American was fine," he said, "but the World—ah, that, she is the tournament."

**Big Money Difference**  
The most pronounced difference between the two tourneys, played on the same course with most of the same competitors and spaced only three days apart, is \$46,500. Winner's share in the All American is \$3,500. In the World, the champ gets a whopping \$50,000.

In last week's contest C. F. McGinnis and David Marler were top putters with Lloyd Jones and De-Lea Vicars runners-up.

Only one man ever has won both the All American and the World in the same year in the tourney's modern history. Lloyd Mangrum, then home pro at Tam O'Shanter, turned the trick in 1948, but the World was only 36 holes then.

The following year, the World was extended to 72 holes. Since, the best score carded for the route has been 273, turned in by Ben Hogan in 1951 and by Ted Krohl last year.

**Would Be Most Happy**  
De Vicenzo, therefore, would be most happy to repeat his All American card in the World.

Some 100 others, most of the pros, also are gunning for golf's largest single pot. Gene Littler, who wound up second in the All American with a 277, and Sam Snead, who carded a 278, appear to be most in line to crack the money.

Snead, who was runner-up to Mangrum in 1948, won the crown in 1946, but then the net was but \$10,000.

Among the women pros who will fight for a \$6,000 first prize are All America winner Patty Berg and runner-up Jackie Pung. Miss Berg was runner-up from 1948 through 1952 and then won the women's crown in 1953, 1954 and 1955. Marlene Bauer Hagge won last year.

### Probable Pitchers

Washington at New York—Kemerer (5-7) vs Dittmar (8-1).

ROME (UP) — The Italian National Olympic Committee, which is organizing the 1960 Olympic Games, has started to plan the press facilities for the huge spectacle — a mere three years in advance.

### North Favored In Dallas All-Star Basketball Tilt

By ED FITE  
United Press Sports Writer  
DALLAS (UP)—The North, with long-distance sharpshooters and a stellar center, is the slim favorite going into tonight's annual All-Star basketball game of the Texas High School Coaches Association.

The South started opening work outs with the favorites' nod, but hundreds of coaches watching practice put the odds on the North after sharper workouts and hotter shooting.

The 12th annual game was expected to draw a near-capacity crowd of 7,500 into Southern Methodist's air-conditioned dome. It would surpass last year's record crowd of 5,936 at Lubbock and set another record for the world's largest coaching school.

Bob McLeod, a 200-pounder from Merkel, seemed set to go for the North at center. He appeared to have a definite edge over either Steve Smith of Marlin, the South's probable starter at the post, or lowering-6-11-12 Wayne Clark of Harlandale. Both McLeod and Smith stand 6-5.

**Other Starters**  
Besides McLeod, North Coach Clifton McNeely of Pampa planned to start Billy Simmons of Pecos and John Hoggard of Waxahachie at the forwards, with Donnie Lassiter of Longview and Jerry Pope of Pampa at guards. Lassiter will be floor leader.

South Coach Cotton Robinson appeared ready with Pat Stanley of Buna and Milton Bond of McGregor at the forwards flanking Smith, and Robert Brown of Clear Creek and James Sharp of Port Arthur at guards, with Brown doing the quarterbacking.

The North holds the basketball edge, with seven victories in 12 starts, including a doubleheader one year.

In the football camps, the South received bad news with the announcement the North will have at least the limited services of Abilene halfback Glynn Gregory in Friday night's game.

**Leg Better**  
Gregory pulled a leg muscle during initial workouts Monday and ran on it the first time Wednesday. North Coach Chuck Moser of Abilene said he thought Gregory would start on defense and see some spot offensive action.

Halfback Mike McClellan of Stamford, tackle Clarence Young of Amarillo Palo Duro and quarterback Larry Dawson of Stinnett were named tri-captains by the North squad.

The South crew of Coach Bill Stages of Corpus Christi Ray Chase guard Charles Weiss of Austin; end Max Christian of Ray and center Bill Laughlin of Baytown.

NEW YORK (UP)—Willie Mays of the New York Giants and National League batting champion Hank Aaron of the Milwaukee Braves will head a team of Negro All-Stars which will leave Oct. 12 for a series of games in Panama, Nicaragua and possibly Colombia and Venezuela.

# Braves Rip Redlegs, 12-2; Stretch Lead To 1 1/2 Games

## Chisox Cut Yankee Lead With 7-0 Win Over KC

By MILTON RICHMAN  
United Press Sports Writer

It took a long time, but string-bean Gene Conley finally has gotten around to helping the Milwaukee Braves toward some of that World Series lettuce.

Conley has suddenly blossomed forth with seven victories in his last eight decisions to give the Braves what they've been looking for all along—a fourth dependable starter.

Conley's fine seven-hit effort against Cincinnati Wednesday night gave the Braves a 12-2 victory that stretched their National League lead to 1 1/2 games. The triumph was Milwaukee's 10th in the last 12 games and Conley, who won only two games up until the All-Star break, has won 4 of those 10.

Wes Covington drove in four of the Braves' runs with a pair of homers while Red Schoendienst knocked in three more with a bases-loaded triple in the seventh inning.

The Chicago Cubs, on their longest winning streak of the season, made it five in a row when they defeated the St. Louis Cardinals, 9-1, and the Giants beat the Dodgers, 8-5, at Jersey City, N.J., in the only other scheduled National League contests.

**White Sox Cut Lead**

The Chicago White Sox, who still entertain some hopes of catching the Yankees in the American League race, cut the distance between them to six games with a 7-0 decision over Kansas City. Washington nipped the Yanks, 3-2. Detroit defeated Cleveland, 4-1, and the Red Sox topped the Orioles, 5-2, in 11 innings.

Home runs by Walt Moryn, Bob Speake and Dale Long paced the Cubs to their triumph over the Cards. Rookie Dick Drott picked up his 10th victory although he needed a neat bit of relief pitching by Dick Littlefield in the eighth. Drott departed after St. Louis filled the bases with one out in the eighth. Littlefield came on and induced pinch-hitter Walker Cooper to bounce into a double play. Herm Wehmeier was the loser.

Don Newcombe of the Dodgers had a 5-3 lead going into the ninth inning when he roared into a three-run homer by pinch-hitter Hank Sauer. Clem Labine took over and the Giants added two more runs when Ray Jablonski singled with the bases full. Marv Griesom pitched one-hit ball for three innings in relief of Johnny Antonelli to gain the victory.

**Hurler Fifth Shutout**

Jim Wilson of the White Sox hurled his fifth shutout and 12th victory in holding the Athletics to two hits. The White Sox routed Mickey McDermott with a six-run burst in the third inning. Earl Torgerson and Jim Rivera each delivering two-run singles.

Tom Sturdivant of the Yankees had a two-hit shutout and a 1-0 lead against Washington in the ninth inning but Eddie Yost tagged him for a two-run homer. Sturdivant gave up two more singles before Bob Grim took over.

A sacrifice and Art Schult's sacrifice fly then brought in what proved to be the deciding run. Mickey Mantle blasted his 30th homer off Tru Clevenger in the

bottom of the ninth and Hank Bauer homered in the first inning. Bud Byerly, second of three Senator pitchers, was the winner.

**IN BI-DISTRICT PLAYOFF**—The Pampa News Teen-Age League team will play Haskell tomorrow for the Optimist bi-district championship. Pictured left to right are front row: Johnny Ayres, Dickey James, Buddy Rawls, Kippy Williams and Duane Glover. Back row: Jerry Blanton, Henry Bensek, assistant manager, Clovis Shipp, Larry Ingram, Tom Glover, manager, Phillip Gist and Paul Brown Jr. Not pictured are Butch Dunham and Gary Heiskell.

## Pampa News Plays In Bi-District

The Pampa Daily News Teen-Age League team will play Haskell tomorrow in the high school park at 3 p.m. in a one game elimination for the bi-district championship.

The winners of the game will move to the state finals to be played in San Angelo, the date to be set later.

In winning the district championship the News stacked 12 victories against three losses.

Pitching in the bi-district tilt tomorrow will be Gary Heiskell, who was picked up recently on the team, along with Kippy Williams. Rules allow teams to roster two men from other teams in the district for the finals.

Heiskell and Williams were both on the Pampa Rebel team, which forged into the bi-district playoffs in the Legion loop.

The team is managed by Tom Glover, assisted by Henry Bensek.

## Coaches Predict High School Winners

DALLAS (UP)—Lockney and Giddings got tentative nods as football finalists in Class AA from coaches representing all of the division's 29 districts Wednesday.

Defending champion Stamford lost 23 of its 27 lettermen, leaving not one outstanding AA threat in sight.

Lockney, Wellington, Ballinger, Electra, Terrell and Gilmer were chosen as strongest in the northern half of the state, with Giddings, Marlin and Lockhart getting the nod in the south.

Lockney, 16-1 last year, welcomes 16 lettermen back, including nine regulars and six all-district players with great speed.

Giddings has 14 lettermen back, Wellington has 12 lettermen, seven of whom are starters; Ballinger gets back 10 lettermen, with seven regulars and boasts a 190-pound average.

Electra has 18 big and fast lettermen, and 11 squadmen; Terrell lost 16 seniors but is still strong; Gilmer has three-team

depth with 17 lettermen but looks slow with a 185-pound average.

Marlin has 16 lettermen, with eight regulars, and Lockhart has a 10 lettermen returning.

Here's how the coaches picked the favorites, district by district:

1—Muleshoe or Canyon. 2—Lockney. 3—Wellington. 4—Seymour or Haskell. 5—Crane or McCamey. 7—Ballinger. 8—Hamilton. 9—Electra. 10—Azle. 11—Seagrave. 12—Terrell. 13—Pittsburg. 14—Hooks. 15—Gilmer. 17—Marlin. 18—Jasper. 19—Brady. Fredericksburg or Lampasas.

## Giles Proclaims Baseball As Symbol Of 20th Century US

By WARREN GILES  
President, National League  
Written for the United Press  
CINCINNATI (UP)—I am glad to take advantage of Oscar Fraley's invitation to contribute a few words as Oscar says, "the great American public about the great American pastime."

Speaking at a baseball banquet in 1888, Mark Twain is quoted as saying, "Baseball is the very symbol, the outward and visible expression of the drive, and push, and rush and struggle of the raging, tearing, booming Nineteenth Century." It is the same symbol in the Twentieth Century.

I have been asked many times what I thought were the most important factors contributing to the great popularity of baseball, its deep rooted hold on "youngsters" and "oldsters" alike. Of course there are many factors, but in my opinion, some are more important.

First baseball is traditionally an American game. It is a game played under the same fundamental rules for more than half a century (unlike some of the other popular sports). Professionally it

has been maintained as a popular priced spectator sport and a very important factor is the public confidence the game enjoys because of its unquestioned integrity.

**Provides Common Ground**

In addition to offering great entertainment, baseball provides a common ground for common thought and common expression where people from all walks of life, all races, colors and creeds can interact with each other on an equal basis. Baseball offers an great emotional outlet, a release of energy, which if not released could be stored up and be released through some avenue not so healthy.

The autograph seekers, fan clubs, fan letter-writers, grandstand managers, umpire critics, are all a big part of the game. It is a great social leveler.

That these advantages are recognized and considered a great civic asset is evidenced by the efforts of public spirited citizens and public officials to secure a major league club for communities not now privileged to enjoy one, and public spirited citizens and public officials making fran-

tic efforts to retain those clubs which there is a possibility of losing.

In the past five years five cities without major league baseball have either built or voted bond issues to provide funds to build modern stadia, with the sole objective of inducing or encouraging major league teams to locate in their cities. I feel certain some of them will be rewarded for their progressive thinking and effort. Major league baseball should be offered to all sections of the country.

I predict that within five years major league clubs will be located in at least three cities not now enjoying that advantage. If some of the moves which are now being considered materialize, the re-aligning of some of our higher classification minor leagues will be necessary. If that re-aligning is carefully and objectively planned and completed with the future interest of the entire baseball structure in mind, a new league could be formed, and could conceivably become the basic structure of a third major league within a few years.

### IT'S THE LAW in Texas

**Planning Your Will**  
In planning your will, your lawyer will want to know your true wishes; and then, to help you realize them, he will want to know a few vital facts.

Are you married? Any children or grandchildren? Previously married? Widowed? Your age and those of your beneficiaries? Legal residence? Health?

Why these questions.

You'll have to work out your plan in view of the laws governing death taxes, property laws, and, if you are married, separate and community property.

Age? If you wish to set up trusts in the will, your age and those of your beneficiaries may help you to decide whether, for example, to use capital of the trust fund as well as its income for the bene-

ficiaries.

Do you plan to move to another state? If so, consult its laws. Many people who come to Texas from other states should see that their wills conform to and take advantage of our laws.

Some people live half the year in Texas and half elsewhere. If you do, take steps to nail down your claim to reside in one state or another, to avoid needless litigation and possible claims to taxes in both states.

Your health? If possible, have your will drafted while you are in good health and clear minded.

Contests, though relatively rare in Texas, still do take place. In some cases, for example where non-relatives inherit, it may be a good idea to give reasons for these bequests in your will and to tell why you may have left some relative out (for instance, where a child has been taken care of by gifts or in other ways).

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

**DOMESTIC TEAM-UP**—Shirley Jones, star of "Oklahoma!" and "Carousel" and Singer Jack Cassidy, her husband of a year, are making a bid for Hollywood stardom as a Mr.-and-Mrs. team. Here she displays the "new" Shirley—she's lost her corned look and her long tresses and in her new movie, "April Love," she'll join the whistle-bait set.

## Shirley Jones Changes Her Looks; Is Doing More Parts

By ALINE MOSBY  
United Press Hollywood Writer  
HOLLYWOOD (UP) — Shirley Jones, the voluptuous singing star of "Oklahoma," is back in the movies—but in name only.

The rest of Shirley is a shock to movie fans who remember her in the musical classic. The apple-cheeked miss has slimmed down to a sleek, more grown-up actress with a short chic hair-do and whistle-ble figure.

"I just decided I should lose weight," explained Shirley, who was wearing the shortest shorts in history today to keep cool on her movie set.

"I looked a little too heavy in 'Carousel' and 'Oklahoma.' I thought it would give me more scope if I were thinner."

Old Figure "Limiting"  
Shirley has been busy on TV but has not been assigned a role by her studio, 20th Century Fox, since her second movie, "Carousel." She confessed having a renouir-type figure is "limiting" when it comes to roles.

Her first movie was to shed 10 pounds by cutting out desserts and starches. Next she trimmed her long blonde curls to an Italian hair-do, lightened her eyebrows and added make-up.

Her wardrobe changed to include clinging sheath dresses.

She also got married a year ago to singer Jack Cassidy, and she thinks "naturally, that matured me."

The first result of the new Shirley Jones came when producer

Milo Frank spotted her singing in a TV Cole Porter spectacular last season and gave her a "Playhouse 90" script to read.

"I almost passed out when I read it," the fresh-faced Shirley said.

Plays An Alcoholic  
"I told him I couldn't be happier to play the role of an alcoholic in 'The Big Slide.' I never dreamed anyone would consider that part for me. There was a wonderful reaction from my performance. It opened many other doors."

Now Shirley is back in films, co-starring with Pat Boone in "April Love." They've tackled on a false pony tail hairpiece and made her a farm girl—but at least she gets to wear tight blue jeans and do a strip tease in a shower bath during one musical number. It's her first film job in modern dress.

"Most fans and even some friends don't recognize me these days when they see me on the street," she said. "I'd love to get the part now of a sexy other woman or villainess."

SLAY CRIPPLED FRENCHMAN  
ALGIERS (UP)—Algerian Nationalists seized a crippled Frenchman as he walked through the Casbah Sunday, robbed him, sprayed him with gasoline and set him afire, police said Tuesday night. They also reported rebels near Mostaganem, in west Algeria, machinegunned a civilian car, killed or wounded the four occupants and set the car afire, roasting the wounded alive.

Whatever you do, enjoy it more with PEARL...

... the beer that's

# FIRST in Sales IN TEXAS

### THE RECORD SPEAKS FOR ITSELF!

The Texas beer facts show that PEARL Beer is preferred over all other brands. Official records of the Texas Liquor Control Board show that PEARL CONTINUES TO LEAD IN SALES of beer to Texas consumers for the first six months of 1957... and by a wide margin!

Already this year, Texans have enjoyed over half a million barrels of PEARL Beer (more than 164 million bottles and cans) and its popularity increases daily.

The PEARL Brewing Company, a Texas institution established in 1886, is humbly proud of its enviable reputation, and grateful for the enormous public acceptance of its product. PEARL is a dedicated firm, taking sincere pride in brewing consistently the finest product possible, to complement your pleasures in life.

it's  
lighter!

BREWED WITH PURE CRYSTAL CLEAR ARTESIAN WATER

## Pretty Soon You'll Be Able To Smell Your Newspaper, Too

By DOC QUIGG  
United Press Staff Correspondent  
NEW YORK (UP)—The glad-some word waits eastward from California that before long you'll be able to smell your newspaper as well as see and feel it. Fragrant reading may soon brighten our lives. That phrase "a nose for news" may come suddenly alive.

The report from the Printing Industries Assn., Inc., in Los Angeles alleges that new discoveries in the use of fragrance in printing will make it possible to put more than 120 aromas on paper.

The report mentions such delicate fragrances as fried chicken and pizza as possible appetite stimulants in your family newspaper. Among other nose-prickers available (and fit) to print are country smoke, fresh-cut grass, blackstrap molasses, butterscotch, pickles, apple pie, coffee, tea, and chocolate.

Unlimited Possibilities  
A spokesman said that soon any newspaper, trade publication, or consumer magazine could have its own identifiable odor—and he obligingly suggested pine or wood-

smoke for men's magazines, perfume for fashion publications, and new-mown hay for farm journals.

Well, now, wait a minute. Let's be careful. Who wants to open a paper at the breakfast table and suddenly be struck full in the nostrils by the combined whiffery of toothpaste, paint, corned beef and cabbage, and possibly the odor of stale cigar smoke from a column devoted to politics and a sweaty smell from the sports section?

That's what could happen if the family newspaper showed a bit of imagination in living up to the smell of its advertisements and news.

We could be in danger of becoming sort of a captive audience when we take up the paper. You can always avert your eyes from any news column or advertisement

if you want to. But you can hardly avert your nose from an odor. The solution might be to have the smells sectionalized and localized.

Thus, the travel section could be redolent of the sea, of soft flowers of the tropics, of leather valises. The food pages could reek groceries, the perfume ads their own sharp stinks, and the cigarette ads an order so mild and filtered you couldn't smell anything at all.

TV Can't Touch  
This whole thing is something that television just can't match, although in all candor it must be conceded that some areas of TV have had a scent all their own for some time.
