More Strike Trouble

Bomb Blasts E. Texas Firm

DAINGERFIELD, Tex. (UP)—A bomb blast early today wrecked an oil company loading platform in this strike-torn town and in a neighboring county bukhshot was fired into a non-striker's home.

State police immediately tied both incidents to the strike at the Lone Star Steel plant south of Daingerfield. Texas Ranger Sgt. Arthur Hill said he had "no doubt" of the connection.

Two men were arrested following the shooting incident at Simpsonville. One of them was a striking worker at the Lone Star plant. The bomb blast—Hill said—was thrown from a moving car about 2:45 a. m.—inflicted heavy damage at the Irvin Oil Co. on Daingerfield's main street. Owner W. O. Irvin Jr. sells gasoline to Lone Star Steel.

"This was sabotage, no doubt about it," Hill said. "Whoever did it used a mighty big charge of explosives."

The two men arrested in Upshur county were captured before the bomb blast in a wild 80-mph car chase following the shooting incident at the non-striker's home at Simpsonville. The worker, Robert Blundell, said the bukhshot blast narrowly missed his invalid mother-in-law, Mrs. Nettie Fennell. The family was eating dinner.

The men arrested were identified as J. W. Duffy, 45, of Simpsonville, a striking worker at the plant, and Robert Ross Blunt, 55, of Bettie. They were jailed overnight for investigation.

Deputies Everett Fannin and Bud Gorman caught the men after the auto chase during which, Fannin said, a 12-gauge shotgun apparently was thrown from the speeding car.

The gun was found lying in a roadside ditch after the arrest. Only Monday, State Sen. George Parkhouse of Dallas said in Austin that the violence in East Texas was a "slap in the face" of the Legislature.

He said it violates the state's right-to-work law and urged "responsible" union leaders to do something about it.

Late last Saturday night, two large explosions in the Daingerfield area left an estimated 12,000 East Texans in 13 communities without heat.

Investigators said the blasts were believed to be connected with the walkout at Lone Star Steel Sept. 21. Both union and management said the strike was unauthorized.

A week ago, a truck hauling pipe from the steel plant to a yard was dynamited. No one was injured. The homes of two non-striking workers have been bombed recently, but no one was hurt.

The Waters woman has not been found. The San Antonio Children's Service Bureau placed the boy in a home. He told officers he did not want to go with the woman.

Police Try To Find Boy's Home

SAN ANTONIO (UP)—The FBI today attempted to learn where an 8-year-old Navajo Indian boy came from and who brutally beat him.

Leonard Blaylock, FBI agent-in-charge, said he is concerned with whether little Ben Lee was kidnapped. The youth speaks only broken English and still has not recovered from a beating that broke his left arm and left bruises on his face and body.

Blaylock said the Indian boy says he is from "Farmington," presumably Farmington, N. M.

From piecing together shreds of information, the FBI has learned a woman apparently adopted him with consent of his father and grandfather.

Ben Lee was left with Mrs. W. L. Barnett, a professional baby-sitter, by Mrs. Dorothy Waters, who police said is a known prostitute involved in narcotics cases in the past.

The Walters woman has not been found. The San Antonio Children's Service Bureau placed the boy in a home. He told officers he did not want to go with the woman.

Man Steals Plane, Dives To Death

HOQUAM, Wash. (UP)—An unemployed Air Force veteran stole a light plane Monday and apparently plunged 11,000 feet to his death in the Pacific ocean after buzzing buildings in downtown Seattle.

"Well, this is it. Am almost down to the water. So long," radioed a man who identified himself as J. A. Greenwald, 24, a Civil Aeronautics Administration trainee at Seattle who resigned in September.

Military radar stations near here fixed his position at 100 miles offshore at the time of the message.

Greenwald admitted in another message that he had stolen the blue and white Stinson from Boeing Field at Seattle.

Then began a series of wild buzzings that had scores of calls pouring into the CAA offices in Seattle. Bob Taylor, operator of a cleaning shop in the Hungertford hotel obtained the number of the plane.

"He buzzed the hotel and cleared a flag pole on the roof by about 20 feet. I thought he was going to hit it," said Taylor.

Greenwald also buzzed the 42-story L. C. Smith Tower building in downtown Seattle, flew below the top of a large apartment building and skimmed over the top of the Seattle Post-Intelligencer building.

"Tell Marilyn I never did love her," one radio message said. "I've been depressed and I'm going into the water now."

The King county (Seattle) sheriff's office said Greenwald referred to Marilyn Anderson, 21, Seattle. A deputy reported Greenwald had some affection for Miss Anderson but that her parents claimed she spurned him. Greenwald was divorced and his wife and two children are living in Alaska.

Space Race Probe Looms

Reds To Decide Zhukov's Future

By WHITMAN BASSOW
United Press Staff Correspondent
MOSCOW (UP)—The Central Committee of the Soviet Communist Party was reported meeting again today to decide the future of Marshal Georgi Zhukov.

Zhukov was relieved Saturday of his post as minister of the armed forces, and the Soviet Army newspaper today revived the case of a "conceited, complacent" military man who had received "strict party punishment."

However, there was no confirmation of reports that the 133-man Central Committee was considering removing Zhukov from the 15-man party presidium or high command to which he was elected only last June.

Reports abroad that Soviet tanks were carrying out daylight practice for the massive Nov. 7 anniversary, celebrations of the Bolshevik revolution were completely discounted here. These practice sessions have been held sporadically at night to avoid snarling traffic but no tanks were seen here today.

No Specific Mention
Reliable reports said the Central Committee met Monday to consider the Zhukov case and then was called into session today. (Reports last summer said it was the central committee which confirmed Nikita Khrushchev's efforts to oust Vyacheslav M. Molotov, Lazar Kaganovich and Dmitri Shapovalov in a Kremlin power struggle.)

There was no specific mention of Zhukov today in the Moscow newspapers but Red Star, organ of the Soviet Army, pointedly told the story of a Communist in the armed forces who "successfully mastered his duties," but neglected his shortcomings and let praise "turn his head."

The Communist, identified in the story only as Valkokog, made "serious blunders" and "received strict party punishment," the newspaper said.

Presumably the members of the Soviet armed forces who read the paper could decide for themselves whether any of the criticisms apply to Zhukov who was once their chief.

Man Fined On Assault Charge

Johnny P. Jester, Pampa, pleaded guilty to a charge of aggravated assault yesterday in Gray County Court. Jester was charged with beating his 9-year-old son and 8-year-old daughter on several occasions.

Jester was fined \$25 in County Court when he admitted beating the children and leaving them uncared for.

According to County Judge Bruce Parker, the children have been placed in homes and will continue to go to school, with their father paying support until he has proven to the court he is "fit to take the responsibility of the children."

Officials have not heard from the children's mother in California.

Man Wanted Here Held In Iowa

A man wanted in Pampa for passing 10 forged instruments here on Oct. 3, 1957, has been apprehended by authorities in Marshalltown, Iowa.

Sheriff Rufe Jordan stated today that the sheriff's office in Marshalltown notified him this morning that Gerald Allen Thompson had been arrested by that department.

Thompson has been charged in Gray County with passing ten forged instruments, in the amount of \$78.27 each, to ten different local merchants on Oct. 3.

"We do not know yet how many other forged instruments he gave in Pampa and Gray County but are continuing our check," Jordan said.

The sheriff also reported that Thompson is wanted in at least five other states on similar charges. These states are: Oregon, Utah, New Mexico, Nebraska and Kansas.

It is believed that Gray County will be given priority in obtaining Thompson for prosecution if it, Sheriff Jordan said.

Extradition proceedings will begin tomorrow, the sheriff concluded.

City To Help On CRMWA Report

By FRED M. PARKER
Pampa News Staff Writer

The Canadian River Municipal Water Authority was the main item of business discussed this morning by the City Commission.

Fred Thompson, a director of CRMWA from Pampa and a member of the authority's finance committee, presented a progress report to the commission. He indicated that the authority needed funds to pay the necessary cost of updating the planned report on construction of the dam and water distribution system.

HE GAVE a request by CRMWA to the city for a contribution of 50 cents for each water meter in the city limits. Following a discussion

Rogers Aims For Fall Of '58

President Eisenhower concerning the project and received the following reply, dated Oct. 8:

"I appreciate your Oct. 2nd letter about the construction of the Canadian River dam in Texas. Your comments and the Canadian River Municipal Water Authority's resolution which you enclosed will have every attention and I will keep in mind the situation you have outlined regarding this project when the 1959 budget estimates come before me for approval."

Funds Sought For Canadian River Dam

By JOEL R. COMBS
Pampa News Managing Editor (Last of a series)

Congressman Walter Rogers said recently he "hopes to be able to ask for funds for the Canadian River dam by next fall."

ROGERS REMARKED that the Canadian River Municipal Water Authority was just now getting in a position in which it could seek federal financing for the long-talked-of dam.

CRMWA recently passed a resolution in which it made clear the fact that federal financing would be sought.

"Now," Rogers said, "the payoff is when we get to the point where the next budget will be made up. The association had never before said it wanted federal financing."

THE NEXT STEP for CRMWA is a re-evaluation of the project, a study to determine how much water will be distributed to the member cities, how far the water can be conveyed, etc. This information, when compiled, will be made available to the Bureau of Reclamation, Rogers said.

CRMWA recently voted to finance such a study.

"This is a needed but costly project and, if the study is completed and everything cleared up in time, I want to be able to request construction funds by next fall," Rogers said.

"I think this project was settled in a democratic way. It can't be financed privately without tremendous cost," he remarked.

Preliminary Work On Hearing Completed

By WILLIAM E. HOWARD
United Press Staff Correspondent
WASHINGTON (UP)—A full-scale Congressional inquiry may start early next month on the U. S. position in the battle with Russia for missile superiority, Assistant Senate Democratic Leader Mike Mansfield said today.

Mansfield said preliminary work has been completed for hearings to be held either by the Senate Preparedness Subcommittee or the full Senate Armed Services Committee.

President Eisenhower today presumably is pursuing his own assessment of the nation's missile and scientific effort to meet the Russian challenge he conferred with Dr. Isadore I. Rabi, chairman of his Scientific Advisory Committee, Defense Mobilization Gordon Gray and Special Assistant Robert Cutler, who is in charge of National Security Council affairs.

Later, he met with Atomic Energy Commission Chairman Lewis L. Strauss. Their conference was expected to explore the exchange of atomic information with Britain and other allies and possibly the development of a super scientific alliance proposed by the President and British Prime Minister Harold Macmillan for the free world.

With Gray and Rabi the President had as possible prime topics a scientific speedup recommended by top scientists and the reallocation of strategic materials, necessitated by the new emphasis on missiles which require special metals and fuels.

A sudden cancellation was ordered Monday by Defense Secretary Neil H. McElroy in a previous order by his predecessor, Charles E. Wilson, which would have slashed military research and development funds by 170 million dollars.

Mansfield said he was glad to see the administration "carrying out the intent of Congress" by restoring the research funds.

The Montana Democrat also said he hoped President Eisenhower's administration would prepare legislation to bring about more cooperation between scientists of Euratom nations and particularly those of the North Atlantic Treaty Organization with U. S. scientists.

There were these other developments: At Jefferson City, Mo., Sen. Stuart Symington declared the Eisenhower administration has "done nothing" since Sputnik was launched Oct. 4.

There were more reassuring reports on U. S. missile development. The latest: encouraging progress on a rocket to intercept and destroy enemy ballistic missiles.

At Philadelphia, NATO Secretary-General Paul-Henri Spaak said the U. S. should share its technical secrets with friendly nations. He said the West can't afford to disperse its scientific effort any longer.

Permission to begin construction work on the sidewalk and curb and gutter on Barnes was given and action will be taken later on the special water rate for the park being developed by the Optimists.

Flu Deaths Near 430

By UNITED PRESS
Deaths from flu and its complications approached the 430 mark today, and an Illinois health official investigated the possibility some flu fatalities may have been caused by viral encephalitis.

A United Press survey since the first outbreak of Asian flu in the United States last summer showed 421 deaths caused by flu and its various complications.

New York State had the highest fatality rate with 126 deaths. Pennsylvania followed with 78 deaths, Michigan 57, California 51, Illinois and Louisiana 21 each, Ohio 14, Wisconsin 12, Utah 11, Colorado 10, Hawaii 9, Connecticut 7, Kentucky and Indiana 6 each, Washington 4, New Jersey and Tennessee 3 each, and 1 each in Arizona, Maine, Missouri, Minnesota, Oklahoma, Oregon, and the District of Columbia.

Dr. Norman J. Rose, assistant deputy director of the Division of Preventive Medicine in the Illinois Department of Public Health, said one of the fatal complications might be influenza viral encephalitis.

Rose said laboratory tests are being conducted in "three or four cases to determine if death was caused by viral encephalitis.

Encephalitis is a form of sleeping sickness characterized by an inflammation of the brain lining.

Most of the deaths blamed on the current flu outbreak have been caused by pneumonia, a frequent complication of influenza. However, U. S. Public Health authorities said there was evidence some of the fatalities were caused by the Asian flu virus itself.

The breakdown in today's report showed that a total of \$21,083.25 had been received in cash and the remaining \$2,453.75 has been in pledges.

Wheelchair Pix Contest Announced

The Paraplegia News announces the First Annual "Wheelchair Photographic Contest." The competition, which is limited to people who are confined to wheelchairs with disabilities of a permanent nature, will start Nov. 1.

There are thousands of amateur photographers among the wheelchair-bound throughout the country. Because of their physical limitations they are unable to compete in the hundreds of conventional contests each year.

First prize is a beautiful cabinet kitchen, a combination sink, stove and refrigerator. Second prize is a 24 inch television console with a 4-speaker, hi-fi audio system. Third prize is a 35mm camera and an automatic projector. In all there are 53 prizes in the black and white category. First prize in the Photo Oils category is a vertical enlarger.

Official entry blanks may be obtained by writing to Paraplegia News, Stroudsburg, Pa. Contest closes Feb. 28, 1958.

Ike's Coattails To Get Tested Soon

By LYLE C. WILSON
United Press Staff Correspondent

WASHINGTON (UP) — The riding qualities of President Eisenhower's coattails, now in question by some Republican politicians, soon will be substantially tested.

The test will come in New Jersey's Nov. 5 election of a governor. The administration is all-out to obtain the job for Republican Malcolm S. Forbes who opposed Democratic Gov. Robert B. Meyner.

Chairman Richard M. Simpson (R-Pa.) of the Republican National Congressional Campaign Committee is telling GOP candidates to beware of the presidential coattails. There are other Republican politicians who simply cite the record in support of their doubts about their riding qualities.

Pleased at Opportunity

Forbes is not one of these. He was campaigning New Jersey last week in company of Vice President Richard M. Nixon, apparently pleased and grateful for the opportunity to run as an Ike-man.

The administration effort for Forbes in New Jersey is without precedent in that state.

Nixon frankly told New Jersey voters that Forbes' election would boost Republican morale nationwide. The implication was, of course, that the party needs a morale boost which, apparently, it does.

The need became acute after Wisconsin's August election of Democrat William E. Proxmire to complete the U. S. Senate term of the late Republican Joseph R. McCarthy.

Proxmire beat Ike Man Walter J. Kohler Jr., who proudly ran as a 100 per cent Eisenhower Republican. Wisconsin had not previously elected a Democratic senator since the Roosevelt landslide of 1932. Kohler's defeat was another bit of evidence supporting the belief of many practical politicians that the President's personal popularity is no great asset to Republican state and national candidates, and that

the administration is incapable of attracting voters in sufficient numbers.

"By recommendation of the honorary degrees committee, endorsed by the faculty and the board of trustees, the honorary doctorate of Civil Law will be conferred upon Gov. Daniel during the exercises."

Honorary Degree For Gov. Daniel

ABILENE — Governor Price Daniel, outstanding Texas Baptist layman, will address a special convocation at Hardin-Simmons University Friday, Nov. 22, and will be honored by the university, President Evan Allard Reiff has announced.

H-SU will confer the honorary Doctor of Civil Law degree on Gov. Daniel in recognition of his distinguished service as a practicing attorney, Texas attorney general, U.S. Senator and Texas governor.

The address and ceremony will be held at 10 a.m. during the regular student chapel period. The date is the annual meeting of the distinguished alumni of the university.

Boat Firm Holds Up Delivery Of Todd's Gift

PHILADELPHIA (UP) — A Philadelphia man who "won" a cabin cruiser at Mike Todd's recent party in Madison Square Garden wondered today whether he would get it or not.

William J. Smith, a rug salesman, said he went to the party on "a ticket nobody wanted" and had "the louiest time of my life." He said he won a 40-foot cabin cruiser offered as the third prize.

But Roy Hughes, general sales manager of the LoneStar Boat Co. in Grand Prairie, Tex., said they "won't" deliver the boat until Todd sends us a check for it," according to Smith.

Hughes explained that the boat had been donated to Todd for the publicity he promised at the party celebrating the first anniversary of his picture "Around the World in 80 days."

"Todd said our company would get a TV plug but it didn't," said Hughes. "Now the whole deal's off."

"He didn't deliver anything for us and we won't deliver for him until we get payment in full."

AFL-CIO To Launch PR Drive

WASHINGTON (UP)—The AFL-CIO will launch a \$1,200,000 public relations campaign next year to restore organized labor's reputation, a spokesman announced.

A key objective of the campaign would be to head off threatened anti-labor legislation in Congress and in state legislatures.

The AFL-CIO Executive Council, in authorizing the \$100,000-a-month campaign, left details to a nine man committee headed by William C. Birthright, president of the barber's union.

Disclosures by the Senate Rackets Committee of corruption in some unions have damaged labor's general standing with the public and Congress, labor leaders fear.

New Auto Models Are Not Always Kept Under Wraps

By LLOYD NORTARD
United Press Staff Correspondent

DETROIT (UP) — The auto industry tries hard to keep its new models under wraps until they are introduced in dealerships throughout the nation, but there are usually a few slips each year such as the appearance this week of a 1958 Ford on a used car lot at Muskogee, Okla.

The new Fords aren't scheduled to go on public display until Nov. 7.

An industry spokesman pointed out it is mandatory that new models reach the dealers well in advance of introduction so the dealers have a good supply of cars to show to the public.

"Occasionally, a dealer will take it upon himself to sell a new car to a used car lot for a premium price," the spokesman said. "There isn't much the companies can do about it since, under law, each dealer is an individual businessman and can conduct his business as he sees fit."

The spokesman said dealer franchises contain "gentleman" agreements, but it was doubtful any court would recognize the agreements if a company tried to take away the franchise of a dealer for selling a new car to a used car dealer prior to introduction.

A new Edsel appeared on a used car lot in Cleveland several weeks before that car made its public debut last month and the company traced the sale to a New York dealer.

The company contacted the dealer who agreed to send telegrams to all other Edsel dealers apologizing for selling the car before introduction day.

"Some used car dealers thrive on 'bootlegging' practices," the spokesman said. "They know new cars attract crowds and try to buy them for display purposes both before and after introduction."

Early Publishing

Another problem which besets the auto industry in the pre-introduction weeks is the publishing of stories and photographs before release dates.

For example, one magazine reached subscribers this week and contained photographs of several 1958 cars which have not yet been introduced.

"There are usually one or two cases each year when a magazine will hit the streets with photographs of the new cars before they are introduced in dealerships," the spokesman said. "It happened once last year, and chances are it will happen next year, too."

DO NOT DISTURB—It's obvious that this gentleman peacefully slumbering on a narrow ledge of a bank on the Boulevard des Italiens in Paris, France, doesn't want to be disturbed during his noontime nap. The unidentified snoozer, caught by the cameraman's telephoto lens, picked a spot six stories above the street where nobody could bother him.

Egypt Observes Anniversary Of Israeli Invasion Today

By WALTER LOGAN
United Press Staff Correspondent
Egypt observed the first anniversary of the Israeli invasion today by accusing the United States of plotting against Syria.
Cairo newspapers hailed the day as "Hero's Day" and reported that President Gamal Abdel Nasser would speak on the occasion.
The English language Egyptian Gazette recalled that the United States was one of the first nations to speak out against the Israeli-British-French invasion and said it was repeating its mistakes.
"Exactly one year after the Suez aggression it seems as if a similar venture is being prepared. Again there is the threat of a third world war," it said.
Other newspapers failed to recall U.S. intervention on Egypt's side and Al Shaab said "America is preparing to take some specific action in the Middle East." It warned that the Arab states would

act together. The government newspaper Al Gomhouriya also attacked the United States.
Contrast in Beliefs
The Egyptian press comment was in contrast to belief in the United Nations that blunt statements by the American, British and Turkish delegates had taken the crisis edge off the assembly debate on Syria.
However Soviet Foreign Minister Andrei Gromyko was speaking this morning and his speech should show for sure.
Syria gave indications Monday night it thought the crisis far from over. It warned seven NATO powers that Turkey might seize the opportunity of forthcoming NATO maneuvers in southern Turkey to "commit aggressive action against Syria."
Syria sent identical notes to the United States, Italy, Greece, West Germany, Belgium, Holland and Denmark calling their attention to "the fact that Turkey might seize the opportunity" of the NATO maneuvers to "commit aggressive action against Syria."
Warns Turkey May Act
It said Turkey might act in belief the presence of NATO forces in the Turkish coastal areas near Syria "is to protect Turkish forces during their possible aggressive operations." The maneuvers run Oct. 31-Nov. 2.
In Cairo the Middle East News Agency reported one Turkish plane and two unidentified aircraft flew over north Syria on Monday and

Barbara Maul, daughter of Mr. and Mrs. G. A. Maul, and Barbara King, daughter of Mr. and Mrs. R. W. King, Pampa, began teaching recently under the block system at McPherson College, McPherson, Kans. Miss Maul and Miss King are senior elementary education majors. Both girls graduated from Pampa Senior High School.
Imogene Pannel, Pampa, has been elected secretary of the Riding Bulldogs, a college rodeo club, at Southwestern State College, Weatherford, Okla.
Frank Weatherby of Shamrock has been pledged by Kitawasa social club at Southwestern State College, Weatherford, Okla.
Bill R. McLeod, freshman engineering student, is attending Houston University this fall. His Pampa address is 620 N. Nelson.
Mrs. Libby Shotwell and Mrs. C. E. Jefferies were in Amarillo today attending a meeting at the VA Hospital for the Council of Red Cross Chapters. The meeting was called to make plans for the VA Hospital, and Amarillo Air Force Base Hospital Christmas programs.

CITY TO

(Continued From Page One)
struction. The project was delayed 26 days but it was felt that 12 of the day were unavoidable due to weather or other factors.
Other Action
The commissioners approved the payment of \$19,315 to the Mack Fire Apparatus Co. for the new pumper recently delivered to the fire department. The pumper has met with the state specifications and has been placed in use by the city.
The commissioners were informed that the city saved approximately \$300 by having Ernest Winborn, fire chief, drive the pumper from the factory to Pampa.
THE POLICE department and the fire departments received praise today when Joe Tooley, local businessman, told the commission that the two groups were doing a wonderful job and that both groups should be commended.
Action expected today but not completed at press time included the setting of a bid date for the purchase of lights and panel for the Hobart street underpass; the placing of \$70,000 from the interest and sinking funds on a six-months time deposit; and a report from the traffic commission.
A guest at the meeting today was Gene Gatlin, city manager at Orange.

Bond Set On Pampa Man

Charges of driving while intoxicated, second offense, were filed in District Court this morning against Walter Scott Moffitt of Pampa.
Moffitt was arrested by city officers at 11:15 p.m. yesterday in the 700 block of W. Brown after being observed by the officers.
A bond of \$1,500 was set for Moffitt this morning in the Justice of the Peace Court of L. R. Henry.
The charge will be given to the Grand Jury for action at its next session, according to Bill Waters, district attorney.

Mrs. Jones Rites Held Today

(Special To The News)
McLEAN - Mrs. S. R. Jones died in her home at McLean yesterday at 7:20 a.m.
Mrs. Jones was born May 17, 1885 in Illinois and married S. R. Jones May 8, 1904, before moving to McLean in 1907.
Mrs. Jones was a member of the Nazarene Church.
Survivors include her husband, S. R., one daughter, Mrs. Travis Stokes, McLean; one son, Leslie of Amarillo; three grandchildren; and two brothers, Kiah Hodges of Clinton and Sam Hodges of Port Smith, Va.
Funeral services were to be held at 3 p.m. today in the Presbyterian Church of McLean with Rev. Gerald Hill, pastor, officiating.
Pallbearers were Homer Wilson, Jake Hess, Bill Stubbs, Reul Smith, Don Alexander, Dick Dickerson, John Dwyer, and Boyd Reeves.
Burial was to be in the Hillcrest Cemetery under the direction of Richerson-Lamb Funeral directors.

Theft Of Wheel Reported Here

J. F. Taylor, Pampa Trailer Courts, reported to the police yesterday that a wheel with a 700 x 16 Mobile tire had been stolen from him on Oct. 26. The place and time of theft was unknown by the police station this morning.
It pays to read the Classified.

Red Cross Convention Is Slated

The State Convention of the American Red Cross will be held Nov. 8-9 in the Galvez Hotel in Galveston, according to Mrs. Libby Shotwell, executive secretary of the Pampa Chapter.
The first annual convention held in Dallas last year had an attendance of 500.
All executives, chapter chairmen, standing chairmen of committees and Jr. Red Cross chairmen have been urged to attend.
General Lucious Clay, National Fund chairman for 1958, will be the special speaker for the noon luncheon held on Nov. 8.
The afternoon group sessions on Nov. 8 will take in several categories of special Red Cross work including First Aid, Home Nursing, Water Safety, Public Relations, Disaster etc.
A buffet dinner will conclude the activities on Nov. 8 with entertainment provided by the Galveston Chapter with Kathryn Green, two-time star as emcee of the program.
November 9 will find the delegates spectators of a giant aquatic show presented by star water performers from the Houston area in the Galvez Pool.
The delegates from the Top of Texas area will leave Amarillo by chartered bus at 10 a.m. on Nov. 7. Mrs. Libby Shotwell, and Gerald Nolly, president of the Pampa High Jr. Red Cross, will be delegates from Pampa.
The convention is open to anyone who would be interested in going and Mrs. Shotwell advises such persons to contact her at the Red Cross office.

K-F Club Slates Meet Thursday

The honorable Camille Chauteaux, four-time Premier of the Republic of France, heads a quartet of famous men who will appear before members of the Knife and Fork Club at its meeting here Thursday in the High School Cafeteria at 7:30 p.m.
Appearing as "The Miniature Security Council," Chauteaux and his companions - the honorable Ben C. Limb, Korean Ambassador and former foreign minister; the distinguished Colin Jackson of London, England, young brilliant television-radio commentator; and John Metcalfe, Washington syndicate writer whose daily articles are carried in more than a hundred American papers, will discuss the happenings of the day, and the developments politically as they effect their own country.
Deadline for purchasing tickets to the dinner is Wednesday at 1 p.m. They are now on sale at Thompson Hardware.

Mollet's Plan Of Government Denied

By ARTHUR L. HIGBEE
United Press Staff Correspondent
PARIS (UP)—The National Assembly early today rejected Socialist Guy Mollet's attempt to form a new government. President Rene Coty promptly tapped young financial wizard Felix Gaillard, Radical Party leader, to make the next try.
The assembly turned down Mollet by a 290-277 vote, thus prolonging the four-week political crisis conceded to be the worst since World War II. The Conservatives lined up with the Communists and extreme Right Wing Poujadists to defeat him.
At 4:40 a.m. Coty summoned Gaillard to the palace. He is 37 and finance minister in the government of caretaker Premier Maurice Bourges-Maumoury.
A half hour later Gaillard emerged and announced he would decide later in the day whether he would make the effort to become France's 24th postwar premier.
Standing on the chilly steps of Elysee Palace before sunrise, Gaillard told reporters his task was a formidable one, indicating he did not hold too much hope of success.

Scout Training Course To Be Held Tonight

The second session of the Explorer Scouts training course will be held tonight at 7:30 in the Educational Building of the First Christian Church, Starkweather and Kingsmill Streets.
The second session will include "The Explorer Advisor" and the "Explorer's Three Months Planning Program."
The course is under the direction of John Ayres and R. L. Hendricks.
All explorer advisors and assistants, committee men and junior leaders, and any other interested persons are invited to attend.
Refreshments will be served.

Gikas Talks To Optimists On Bond Issue

The Optimists Club had John Gikas as its speaker last night in the regular weekly meeting held at Poole's Steak House.
Gikas presented the details of the Lake McClellan bond issue and urged that all members vote in the forthcoming election.
Using pictures taken over the past few years, Gikas explained the problem of the lake spillway and the work and funds necessary for rebuilding and restoring it. He pointed out that many Pampans felt the lake was a worthwhile attraction for the area, not only for users, but for all who wanted to see adequate facilities for prospective industry and population of Gray County.
Also at the meeting, the club members discussed their projects now in progress, including the construction of the boys club, the Christmas tree sales, and the boxing program.
Completion date for the boys club, being built at the intersection of Barnes and Craven, has been set for Dec. 1, and members were lined up last night to contribute their time in order to meet the established date.
It was also announced that tickets for the Optimist club boxing matches would go on sale soon for the ten match season.

This girl is making use of a new stretch gauze bandage as a beauty aid. She finds that it's handy because it stays put when it's wrapped, is both self-clinging and self-fitting. Here, she uses it as a home style chin strap (left), wrapping it over the head, under the chin and securing it with a bit of tape. It will not rub but will provide protection against sagging muscles. After she has pin-curl her hair at night, she wraps the gauze around her head (center), making a hair net that won't come off during the night. Morning finds our girl (right) looking well-groomed, fresh and rested.

Pretty Miss Uses Beauty Tools Well, Finds New Gauze Works For Facials

dew tell!
by Doris E. Wilson
Pampa News Women's Editor

By ALICIA HART
NEA Beauty Editor
It's difficult to do anything well if you don't have the proper tools for the job.
Few of us would attempt to clean our homes without the aid of detergents, wax, polish and a good vacuum cleaner. Yet it's surprising how many of us try to maintain our good looks without much thought for the tools that could make the task a simple one.
In some homes you might find a stock of cosmetics that have been put a drug store to shame. The best hair lotions may be represented on the bathroom shelf, but you'd be hard put to find one of those light, plastic shoulder capes that make hair dressing a faster, neater job.
We have so many things at our fingertips today that can make our beauty routine easier to accomplish. Uncomplicated now to handle as a Home permanents are almost as uncomplicated now to handle as a shampoo and setting. Many women have discovered the usefulness of cotton in numerous beauty chores. We've learned how helpful paper towels and cotton-tipped sticks can be in the weekly manicure.

One of the best methods of keeping your hair free from grime between washings is a good brushing with a hairbrush wrapped in a nylon stocking. And who doesn't own a stocking that can no longer be worn?
New and inexpensive ways to facilitate good grooming are constantly being reported. And it's the smart gal who has the imagination to find out what they are.
For instance, there's a new stretch gauze on the market, designed primarily for medical purposes, but which has many uses in the field of beauty. It's not elastic, yet it has a stretching quality. Because of its light weight and great absorbency, this gauze is ideal for use as a headband when coloring the hair. It makes a good pin curl net, too.
This same product is excellent for use as a home-style chin strap for sagging facial muscles, and each strap can be used more than one time. When creams and lotions soil it, it can be thrown away without a worry about the expense involved.
Aside from taking advantage of the enormous strides made by the cosmetic industry which enable us

to look our loveliest at all times, we'd be wise to watch closely for the actual beauty chores simpler for us.
Each device that makes the job a faster and neater process is an asset we can't afford to ignore.
GRACE FRIEND
Dear Grace Friend
Re, P. W. in your column. She cannot get a birth certificate from the Census Bureau, but if she will write to
U. S. Department of Commerce, Bureau of the Census, Washington 25, D. C.
she can get a copy of the census record which I understand is often accepted in lieu of a birth certificate and might help her to get an affidavit of birth through some court procedure here.
She should give their present names of course. She should give the names of their parents in full; the state, county, postoffice, if known; the name given at birth of the individuals and sex; date of birth-day, month, year; and also the names of any older brothers and sisters.
Ask for a check of the census taken nearest this birth year. Send money order for \$4. for each name to be checked. And I would say that there should be a separate request or letter for each one. That is, each one should be written on a separate sheet of paper to facilitate the checking.
Following this procedure, I have just received copy of the census recording of my own birth. I am now seeking information as to how to go about getting an affidavit of birth. Some time ago I read an item which stated that the judge of some of our local courts has that authority. Any information you can give me on this procedure will be much appreciated by me.
E. K.
Dear E. K.
The safest way is to consult a lawyer as in almost all state the court must approve the affidavit.
BOY'S CLOTHES
Dear Mrs. Friend
My 13 year old son is going to attend dance classes this year. They are in the late afternoon. We have been wondering if it is necessary for him to wear a suit or whether it is proper for him to wear slacks and a sports jacket?
We would have to buy him a suit and as he grows out of things so fast we would rather not invest in one at this time.
Mrs. L.
Dear Mrs. L.
I am sure that the slacks and jacket would be correct.
To make sure consult the people in charge of the classes. Sometimes dances are more formal or more casual and what he wears would vary accordingly. I believe that parents usually are notified on such occasions.

HALLOWEEN FARE can be something special when you make it buffet-baked glazed ham, spiced apricots and popcorn balls.

COOK'S NOOK

Glazed Ham, Popcorn Balls Make Fine Halloween Treat
By GAYNOR MADDOX
NEA Food and Markets Editor
Halloween spooks and witches and trick-or-treaters all develop good appetites. Therefore, for your party, better plan a hearty buffet supper.
Fall leaves, ears of dried corn and a few black cut-outs make perfect buffet decorations. A baked ham with spicy glaze, quickly prepared scalloped potatoes, spiced apricots and large popcorn balls will keep the apple-duckers happy and make the spooks actually hilarious.
HAM WITH QUICK MOLASSES GLAZE
One smoked or ready-to-eat half ham 6-8 pounds, whole cloves, 1/4 cup unsulphured molasses, 1/4 cup prepared mustard.
Place ham, fat side up, in a shallow baking pan. Bake ham in a slow oven, (325 degrees F.). For smoked ham, bake 25 minutes per pound, or until meat thermometer registers 160 degrees F. For ready-to-eat ham, bake 14 minutes per pound, or until meat thermometer registers 130 degrees F.
Forty-five minutes before ham is done, take from oven and remove rind if necessary. Score fat

Pilgrims Dinner Is Planned By Society

A Pilgrims Dinner party with turkey and the trimmings has been planned by a group of women from the Holy Souls Catholic Altar Society. It will be served in the Parish Hall on Nov. 3, at 6 p.m. The public has been invited although there are a limited number of reservations.
Mrs. S. E. Kretzmer and Mrs. A. Gerik are the general chairmen in charge of arrangements for the dinner and the program.
The theme of the dinner will be carried out in the table decorations with cornucopias filled with flowers and fruit, turkey cut-ups and candlelight. Those wishing an enjoyable evening are invited to attend.
Reservations are \$2.00 each and can be made by calling MO-4873 or MO-47824.

'God's Wealth And Ours' Subject For Central Baptist Women's Missionary

The WMU Ladies of the Central Baptist church met in the homes for mission study and prayer for the revival.
OPAL MILLER
Mrs. W. G. Gooding was hostess to the Miller circle with Mrs. Vernon Mann reading the prayer calendar and Mrs. J. P. Adams offering the opening prayer.
Mrs. Wayne Cobb gave a portion of the mission book, "God's Wealth and Ours." There were nine ladies present. Mrs. Cobb closed the meeting with prayer.
REBEKAH LAMBERT
The Lambert circle met in the home of Mrs. Clifford Hill with Mrs. C. G. Miller offering the opening prayer.
Mrs. Jack Cullison taught a portion of the mission book "God's Wealth and Ours."
Mrs. Paul Howard conducted a short business meeting. Mrs. Claude Jenkins offered the closing prayer. Seven ladies attended.
TOMI JAY
The Tomi Jay circle met in the home of Mrs. Harry Crawford for the monthly mission book taught by Mrs. Jim Newman.
Mrs. T. F. Snow read the prayer calendar and offered the opening prayer.
Six members were present with Mrs. Newman offering the closing prayer.
SARAH BETH SHORT
The Short Circle met with Mrs. Gene McClendon for the regular mission study.
Mrs. Leon Brown opened the meeting with prayer after refreshments had been served.
Mrs. L. G. McDaniels conducted a short business meeting. Mrs. H. E. Beatty was elected treasurer for the circle to take the place of Mrs. Leon Brown.
The prayer calendar was read by Mrs. Gene McClendon and prayer was offered for the missionaries by Mrs. Gerald Beatty.
Mrs. J. F. Webb gave a portion of the mission book, "God's Wealth and Ours."
There were nine members present with Mrs. McDaniels closing with prayer.
KEZZIE MAE SEARIGHT
Mrs. Jim Conner was host to the Searight circle with the opening prayer being given Mrs. E. B. Davis.
"God's Wealth and Ours" was given by Mrs. W. L. Ferguson. Mrs. O. B. Hartson was a visitor. Six members were present.
Mrs. Harold Dougherty offered the closing prayer.
RICHARD LUNSFORD
Mrs. Everett Sheriff was hostess to the Lunsford circle with Mrs. T. O. Upshaw offering the opening prayer. Mrs. Mark Wenton read the prayer calendar and a portion of the mission book was taught by Mrs. Charley Thomas. There were three visitors, Mrs. Thomas, Mrs. Upshaw, and Mr. Earl Payne.
Six members and the three visitors were present with Mrs. R. E. Warren Jr. closing the meeting with prayer.

FUN FOR EVERYONE—The tackiest, the silliest, and the cutest costumes were chosen at the Rebekahs costume party given recently in the IOOF Hall. Mrs. Ruth Lawley was chosen as the tackiest; Mrs. Ola Isabel, center, was tagged the silliest; Mrs. Ethel Willson, was chosen as the cutest. (News Photo)

Rebekahs Entertain At Costume Party Following Regular Business Session

Pampa Rebekah Lodge number 355 met in regular session on Thursday night with Mrs. Bernice Ladd, noble grand, presiding.
Members reported ill in Worley Hospital were Joe Stenbridge and Francis O'Harrar, Beulah Ross's daughter. In Highland General Hospital were Hazel Sutton's husband and Hazel Lockhart's son and nephew, Charles and Bonnie. Billie Willson's sister was reported to be in a Michigan Hospital for surgery. Virginia Bookout is ill at home. Roy Kretzmer's cousin passed away.
It was announced the Junior Oddfellows are planning a rummage sale. The date and place for the sale will be announced at a later date. The Junior group have announced that a chili supper will be held on Nov. 23 in the IOOF Hall, 210 W. Brown. Tickets may be purchased from any member or their advisor officer, Linnie Johnson.
It was also announced that a school of instruction will be held in the Boyer Rebekah Lodge No. 288 on Nov. 9 at 10 a.m. Mrs. Myrtle Russell, secretary of the Rebekah Assembly, will conduct the school and members are urged to attend.
Panhandle Circle will meet in Dumas on Oct. 29. Local members who wish to attend are to meet in the IOOF Hall at 5 p.m. on that date and go as a group.
The special event of the evening was a tacky party. Members wore the items of clothing they had purchased at previous meetings. Mrs. Ellen Kretzmer, chairman of the October project committee, was in charge. A style show was held and tackiest; Mrs. Ola Isabel for the silliest; and Mrs. Ethel Willson for being the cutest.
Mrs. Ruth Lawley won for the tackiest, the cutest, and silliest. Judges were Mmes. Billie Willson and Loyd Smoktony.
Various games were played by the group under the direction of the entertainment committee. Mmes. Eula Thornhill, Gladys Mayo, Lucille Kessinger, Mary Cales, Bernice Ladd, Ruth Lawley, Hazel Lockhart, and Grace NeCase. Those winning prizes were Mmes. Nelda Monday, Pearl Caska, Hattie Holt, and Ola Isabel. Babe Mastin.

There's no lugging of dishes if you have a mobile dishwasher. Built-in hose and drain connection attaches to sink faucet. The washer does dishes automatically.

Let Dishwasher 'Do' 850,000 Dishes, While You Enjoy Own Party, Guests

By KAY SHERWOOD
NEA Staff Writer
After a few autumn dinner parties, the estimate that the average housewife spends 804 hours a year washing dishes by hand seems inadequate.
The hostess who has worked her way through a counter full of china, glasses, silver, pots and pans after the guests have departed will agree.
Bending over the dishpan late at night is not the time to recall the calculation that in 25 years of marriage the average homemaker will wash 850,000 dishes. This spares some of us to linger longer over automatic dishwasher displays, to drop hints and bop up on what to expect should such a mechanical helper enter our kitchens.
A recent survey shows that a housewife washing dishes by hand spends the equivalent of 63 eight-hour days a year at the job.
A mechanical dishwasher can do the same job in the equivalent of 27 eight-hour days.
One drawback of earlier model dishwashers has been the preliminary scraping and rinsing necessary before dishes could be loaded into the baskets.
New models boast improved action to eliminate most of this.
According to manufacturers, only hardened or large pieces of waste food need to be shaken off the dishes. Water hurled at high velocity removes the remaining particles and flushes them away.
Improvements in detergents for dishwashers and in cabinet design also make new models safe for most fine china, glassware and silver.
Aside from the somewhat frivolous argument that a hostess can enjoy her own dinner party if she has a dishwasher, reports I've seen build a strong case for automatic dishwashing as a cleanliness measure.
In one series of tests the average bacteria count on handwashed utensils was 390 compared to virtually none on automatically washed utensils.
Fitting a dishwasher into a kitchen is not always easy. When space is limited or if you don't want to go to the expense of building in a washer, consider purchase of a mobile model. Those, too, have improved.
They are smaller and more compact than earlier models without sacrifice of interior space. They have built-in heater units to keep water temperature hot. Hoses connections to kitchen faucets are adjustable to most modern faucets. After the dishes are washed, the hose connection is stored within the cabinet.

Final Session On Group Study Topic

The Woman's Society of Christian Service, St. Paul Methodist Church, met in the Fellowship Hall on Wednesday morning for a final session of group study on "Christ, the Church and Race." A film strip was shown of the migration of an Indian-American family from the reservation to the city.
Reports on home missions were given by Mmes. Bill Sargent, Audrey Cary, R. A. Newton and W. J. Fletcher.
A report of the United Church Women and its work with the Colored Day Nursery was given.
Mrs. Charles Norton, study leader, concluded the program by appointing a Committee for Action on this group study.
A devotional skit, using small dolls for puppets, was given by Mrs. Norton and Mrs. Joe Autry.
Mrs. John Conway sang a solo, "Were You There When They Crucified My Lord?"
During the business meeting, plans were made for a combination Bazaar, Fried Pie Sale and Chili Supper to be held on Dec. 5.
Refreshments were served by Mmes. M. G. Helton, Kit and Joe Autry.
Members attending, in addition to those already mentioned, were Mmes. W. O. Kiser, Bill Matejovsky, Jack Miller, Sam Steadman, J. L. Walton, Orin Hulsey, and W. T. Gilbert.
"Week of Prayer and Self Denial" will be observed with a program on Wednesday morning at 9:45 in the Fellowship Hall.

Don't Miss Herb Shriner, Julius LaRosa in Furr's Show of Stars coming to Amarillo Nov. 9 & 10 at the Tri-State Fair Coliseum

The Indiana Hoosier comedian, Herb Shriner, has won a spot in the hearts of all America, with his Will Rogers style of wit. His last TV show was "Two for the Money," while he has starred on many a stage throughout the years. His start came in "Inside U. S. A." His anecdotes, quips, and general observations of the passing scenes are wonderful!

One of the top ten TV stars is Julius LaRosa for today he has four shows weekly—a far cry from the time he was with Arthur Godfrey and his trope. Fired, by Godfrey, LaRosa became a "big name" when the public responded to the firing with fervor. His top songs are "Anywhere I Wander," "Eh, Curpuri" and "Lipstick and Candy and Rubbersole Shoes."

See The De Castro Sisters, The Hilltoppers, and many other famous stars in person at Furr's gigantic Show of Stars.

DON'T BE LEFT OUT. GET YOUR TICKETS TODAY. HERE'S HOW TO DO IT.

Aggies Jump To Second In Weekly Football Ratings

Oklahoma Retains Top Spot By Slim Five-Stroke Margin

By TIM MORIARTY
United Press Sports Writer
NEW YORK (UP)—Oklahoma remained on top in the United Press college football ratings by a slim five-point margin today but faced a new challenger in Texas A & M.

Oklahoma had to come from behind to edge Colorado, 14-13, for its 48th straight victory last Saturday and this "squeaker" almost cost the Sooners the lead. However, they still managed to pick up 17 first place votes and a total of 301 points.

Ratings

NEW YORK (UP)—The United Press college football ratings with first-place votes and won-lost records in parentheses:

Team	Points
1. Oklahoma (17) (5-0)	301
2. Texas A&M (8) (5-0)	296
3. Iowa (1) (5-0)	254
4. Auburn (4) (5-0)	227
5. Michigan St. (3) (4-1)	173
7. Duke (1) (5-0-1)	130
8. Army (4-1)	88
9. Ohio State (4-1)	49
10. North Carolina (4-0-3)	42
11. Navy (4-0-3)	35
12. Tennessee (3)	31
13. Mississippi (3)	28
14. Tennessee, 18; 15 (tie), Mississippi, Texas and Colorado, 11; 16 (tie), Texas Western (Ark.), 10; 17 (tie), Dartmouth and Temple (Ark.), 9; 18 (tie), Dartmouth and Temple (Ark.), 8; 19 (tie), Dartmouth and Temple (Ark.), 7; 20 (tie), Dartmouth and Temple (Ark.), 6; 21 (tie), Dartmouth and Temple (Ark.), 5; 22 (tie), Dartmouth and Temple (Ark.), 4; 23 (tie), Dartmouth and Temple (Ark.), 3; 24 (tie), Dartmouth and Temple (Ark.), 2; 25 (tie), Dartmouth and Temple (Ark.), 1.	

Optimists Set Boxing Bout

The Optimist Club boxing team, which began working out last week, will hold its first match Oct. 31 in Hereford.

NEW YORK (UP)—Fred Hutchinson and Al Lopez, nice guys who finished second, were chosen today as the United Press major league managers of the year for 1957.

Lopez, Hutchinson Named UP '57 Managers Of The Year

NEW YORK (UP)—Fred Hutchinson and Al Lopez, nice guys who finished second, were chosen today as the United Press major league managers of the year for 1957.

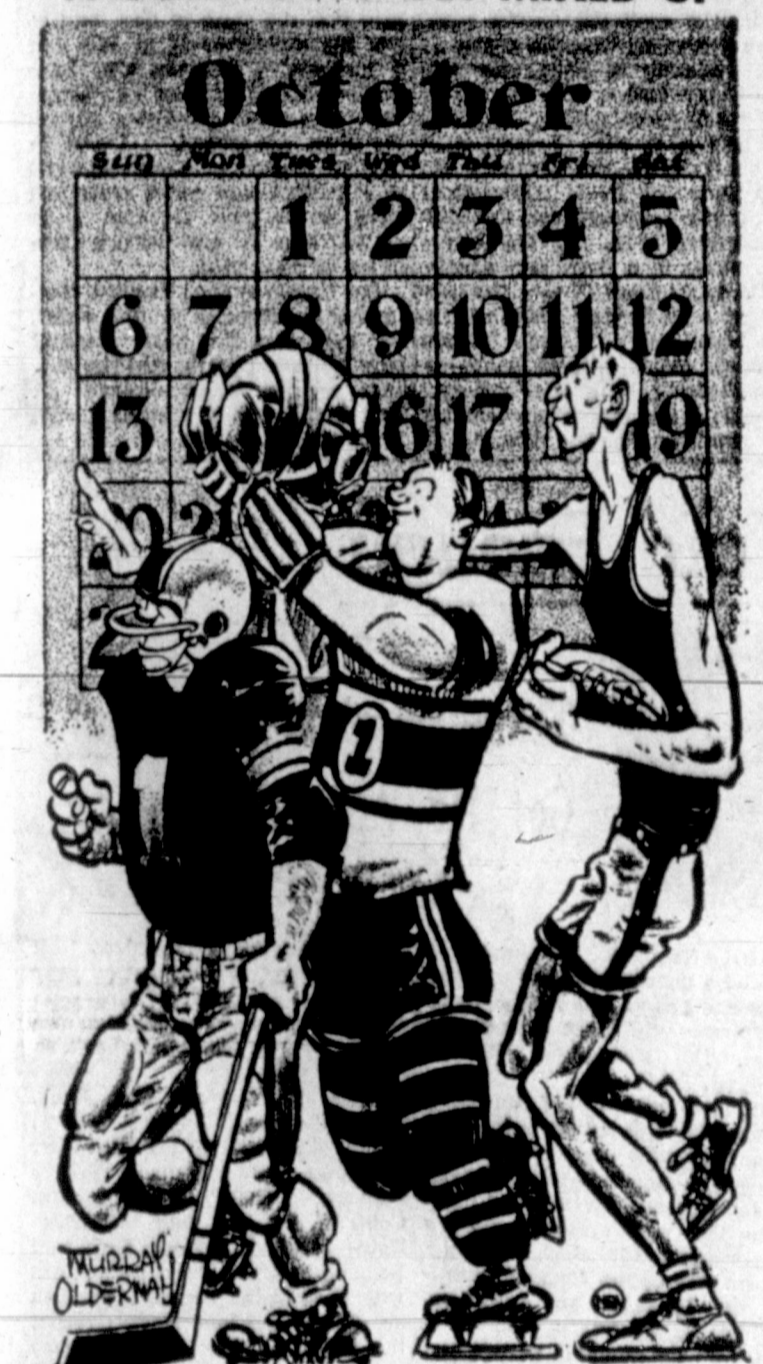

Hutchinson, in his second season with the Cardinals, led the Redbirds' surprising bid for the National League flag. Picked no better than fourth by most pre-season analysts and tabbed for the second-division by many, the Cardinals threatened the Braves all the way and were only 2½ games behind the front-runners on Sept. 15.

Fred Hutchinson

Harvesters Begin Preparation For Clash With Monterey Plainsmen

After relaxing over an open date last Friday, the Pampa Harvesters began hard preparation yesterday for their district encounter Friday night with the Monterey Plainsmen in Harvesters Park.

Colorado's Loss Blamed On Partisan Oklahoma Crowd

DENVER (UP)—Coach Dallas Ward charged Monday that a partisan crowd cost Colorado a touchdown against Oklahoma Saturday by deliberately drowning out the Colorado quarterback's signals.

Mitchell Not Interested In KU Coaching

LAWRENCE, Kan. (UP)—Arkansas Coach Jack Mitchell and the Kansas University board of regents today played down published reports Mitchell may replace present Jayhawk Coach Chuck Mather.

Wajda Boots In Five

BOSTON (UP)—Hank Wajda, one of the top winning jockeys on the New England circuit this year, booted home five winners, four of them in a row, Monday at Suffolk Downs.

Injuries Weaken Southwest Squads

By UNITED PRESS
Southwest Conference football fans will see plenty of new faces in Saturday's games as injuries threaten to keep several starters sidelined and others are ticketed for second string duty.

Cut And Shoot

HOUSTON (UP)—Roy Harris, the Cut and Shoot, Tex., fighting schoolteacher, meets an eager Willie Besmanoff tonight in a 10-round brawl that has title overtones.

Burdette Gets Happiest Homecoming

SARASOTA, Fla. (UP)—Milwaukee pitcher Lew Burdette, still exhilarated over his World Series performance, played heretofore all over again Monday night for "home-town" folks who saved their celebration for his return.

BOWLING RESULTS

CITY BOWLING LEAGUE
Your Laundry won 3, Cabot 1. Elks Club won 2, Tex Evans won 2.

Wrestling Results

Tokyo Joe and Iron Mike DeBlase were both disqualified in the main event in last night's Sportsman Club wrestling. Both wrestlers were battling outside the ring when the referee ruled that the match was over.

Sandies Hold As Top Texas Team

By UNITED PRESS
Highland Park and Wichita Falls vaulted over Temple into sixth and seventh place, and Texarkana climbed into a tie for 10th today in the only alterations of the United Press top 10 C I A S AAAA schoolboy football ratings.

Temple held onto ninth and San Antonio Jefferson stayed in 10th although Texarkana jumped up from 12th to share the bottom rung.

Austin got 105 points, Dallas Tech 81, Highland Park 74, Wichita Falls 81, Temple 43, Baytown 31 and Jefferson and Texarkana 18 each.

None of the top 10 teams meet each other this week.

Fearless Fraley Demolished While Learning Art Of Judo

By OSCAR FRALEY
United Press Sports Writer
TOKYO (UP)—Fearless Fraley is a second cousin to a busted grain sack today because a 10-year-old as cute as a button and as gentle as a rattlesnake gave a lesson in "the way of gentleness."

The Kodokan is a huge concrete building which is a sort of sterilized Stillman's Gym where some 800 men, women and children learn the "gentle" art of tripping, elbowing, kicking, choking and smothering windpipes with the flat, knife-like edge of the right hand.

In the dojo, or exercise hall, at almost any hour you can see up to 80 pairs of combatants going at it on the straw matting under which there are springs which wouldn't budge if you ran a Mack truck over them.

This long, the coveted red belt which attests that you could handle King Kong with your little pinky.

Chamber of Horrors
If you'll pass the arnica and fluff up the pillow on which I'll be sitting for a few days I'll tell you all about the chamber of horrors where a diabolical English teacher named Jigoro Kano started this judo dodge some 70 years ago.

The degree of dexterity one attains in this Oriental form of mayhem is attested by the color of the belt one earns the right to wear.

Frankly, I'd have murdered the little bum. We didn't though, because I couldn't straighten up when they got me on my feet again.

The Panma Daily News

One of Texas' Five Most Consistent Newspapers... We believe that one truth is always consistent with another truth.

Answer To Sputnik

We have recently enjoyed reading a book which is new to us. It is called "Science and the Planned State" from the pen of John R. Baker, a British subject.

The book, not a large one, and easily read, sheds the Kremlin's minor moon. There is at the moment a general tendency in this some most timely light on the current lunacy respecting country to conclude that all Russians are super-scientists;

He begins his refutation by showing that there is a profound difference between a scientist and a technician. The scientist is the man with the idea. He works to discover truth, not because the truth when discovered will necessarily be useful, but rather because the true scientist is motivated to find truth for its own sake.

Having thus divided the general lexicon of the lay person into a pair of segments, he demonstrates with a most learned and documented dissertation the fact that science does not bloom or flourish under technological controls. It is utterly foolish to presume that the scientist can have his work planned for him by an autocracy.

What have the Russians discovered scientifically respecting an artificial moon? Our answer is nothing. The original idea of rocket flight was born in the mind of the great English scientist, Sir Isaac Newton, who stated the basic law: "For every action, there is an equal and opposite reaction."

Technically, the Russians may have put up the first moon. But the science on which it rides was worked out, in all cases, by scientists from other countries, free to a large measure from the totalitarian controls of the Kremlin mobsters.

And as for Sputnik, itself, scientifically it is more a curiosity than a working model. First of all, it failed to achieve the height the Russians hoped for. Secondly, it failed to provide any details as it hurtled about the earth. Third, it failed to establish an orbit and has continued to toss itself about this old globe like a piece of yarn in a completely haphazard and undisciplined manner.

BETTER JOBS

By R. C. Hollis

The Wisdom Of Confucius II. I want to quote some more gems from the book, "The Wisdom of Confucius," as translated by Lin Yutang.

"Now, true filial piety consists in successfully carrying out the unfinished work of our forefathers and transmitting their achievements to posterity." - Confucius

"Love of knowledge is akin to wisdom. Strenuous attention to conduct is akin to compassion. Sensitiveness to shame is akin to courage." - Confucius

"Only the highest and the lowest characters don't change." - Confucius

"The superior man understands what is right; the inferior man understands what will sell." - Confucius

"The superior man is always candid and at ease (with himself or others); the inferior man is always worried about something." - Confucius

"When you find a person worthy to talk to and fail to talk to him, you have lost your man. When you find a man unworthy to talk to and you talk to him, you have lost (i.e., wasted) your words.

"A man who goes over what he has already learned and gains some new understanding from it is worthy to be a teacher." - Confucius

Russia Rocked The Boat

National Whirligig

WASHINGTON - In the United States entering a period of anti-inflationary readjustment that was planned by the Administration to stabilize the dollar and lower prices.

Next to concern over the Russian Sputnik and intercontinental missiles, these questions disturb the Administration's top experts, as well as the executives of business, industry and finance. President Eisenhower has shown his anxiety by calling in such authorities as Bernard M. Baruch, Arthur F. Burns, former White House economic adviser, and the new National Economic Council organized by Treasury Secretary Robert B. Anderson.

Meanwhile, several signs of a depressing nature have appeared. Corporate profits and dividends have fallen, despite increased sales, because of high production costs and taxes. Inventories have been slashed because of a drop in orders.

DEFENSE CUTBACKS - Defense cutbacks will soon throw 500,000 civilians and soldiers out of work. Plant expansion has been curtailed. Unemployment has been developed in many sections. Housing construction has been curtailed heavily. Only offsetting expenditures are for schools, highways, public works, etc.

EDITORIAL CONCERN - Federal Reserve spokesmen, who inaugurated the "tight money" program, and if it does not rectify his own conduct, how can he rectify others? - Confucius

"Reading without thinking gives rise to a disorderly mind, and thinking without reading makes one flighty (or unbalanced)." - Confucius

Hankering

FLORENCE - Things about Italy you won't find in history books or guidebooks: Siena's chief claim to fame is its great Square and the medieval pageant held there each year.

More food notes: Florence is the Bologna for lasagne, and Rome for pizza. - And it's the quality of the Parmesan cheese that makes or breaks spaghetti - it's much more important than the sauce.

Don't use spaghetti for the dish I just mentioned, but use tagliolini, which is a long, thin noodle. Still more food: If you like garlic, put a bit in your spinach when you cook it.

Midland, Tex. - There is a sign on a door in Midland's thicket of new office buildings, the headquarters of the great oil and gas boom.

Fair Enough

MIDLAND, Tex. - There is a sign on a door in Midland's thicket of new office buildings, the headquarters of the great oil and gas boom.

Mr. Stripling is one of your quiet Texans. He still refers to Richard Nixon, the vice president, as Mr. Nixon, although they worked many a hard day and far into the night when the vice president was a congressman and Bob was chief investigator of the House Committee on Un-American Activities.

When it was over, Tom Beck, the publisher of Collier's, offered to buy his story, but told him that, of course, Collier's would reserve the right to "edit" his information. Collier's had run with the White House cabal all the way. Stripling told Beck to go to hell, and walked out with \$3.85 in his pockets.

THE NATION'S PRESS HOOPER REPORTS WOULD HELP (N. Y. Daily News) President Eisenhower told his news conference that he can't see how government spending for fiscal 1958 (begins next July 1) can be held to \$70 billion.

Spending by all governments - Federal, state and local - in the U.S. is hitting a rate of more than \$214,000 a minute and the trend is up, according to Tax Foundation, Inc.

THE NATION'S PRESS HOOPER REPORTS WOULD HELP (N. Y. Daily News) President Eisenhower told his news conference that he can't see how government spending for fiscal 1958 (begins next July 1) can be held to \$70 billion.

MOPSY, CHIP, A GOOD LICKING - Comic strips featuring Mopsy, Chip, and a character being licked.

Screen Actress, Answer to Previous Puzzle, DOWN - A crossword puzzle with clues and a list of screen actresses.

Vertical text on the right edge, including 'LIKE I', 'WH City', 'SPLI', 'for Clean', 'are taken', 'the dead', 'Mainly A', 'taken as', 'Saturday', '1 Day -', '2 Days -', '3 Days -', '4 Days -', '5 Days -', '6 Days -', '7 Days -', 'Monthly', 'month if', 'The Pa', 'sonals', 'Beds', 'stors ad', 'Minimum', '3', 'Add', '119 S. PUFFING INTO HOBOKEN—Puffing on a cigar and wearing a coat draped over her shoulders, London sculptress Flore de Henriquez gazes fondly at her newly completed statue of Sir Walter Raleigh upon her arrival in Hoboken, N.J., aboard the Holland-America Line's Nieuw Amsterdam. She will present the bronze figure to the English Speaking Union, which will in turn present it to Britain's Queen Elizabeth II upon her arrival in Jamestown, Va., Oct. 17.

Red Propaganda May Slam Berlin

NEWS OUTLOOK

By CHARLES M. MCCANN
United Press Staff Correspondent

United Press correspondents around the world look ahead at the news that will make the headlines.

ON TO BERLIN

If Soviet Russia starts to take its propaganda heat off Turkey this week, as expected — watch Berlin.

Russia's vicious charges that Turkey was plotting to attack Syria were aimed partly at embarrassing Premier Adnan Menderes in his election campaign. The election was held Sunday.

Allied intelligence agencies predict that the anti-Turkish campaign will dwindle and that pressure will be increased against Berlin.

For 10 days, the Communists have been harassing highways and rail traffic along the lifelines that connect Berlin with West Germany across 110 miles of the Soviet Occupation Zone. Now the pressure is expected to intensify. The big question is whether the Reds will resort to blockade-type measures.

WARNING

President Eisenhower and British Prime Minister Harold Macmillan did a lot more talking — and deciding — about the Middle East last week than their joint communique indicates. They devoted just one paragraph to Turkey. That one paragraph pointed out that an attack on Turkey, as a member of the North Atlantic Treaty Organization, would be considered an attack on all 15 allies. It was a stern warning. Eisenhower and Macmillan decided that it would be more effective if they gave it without any frills.

BIG SHOW

Reports about preparations for the celebration of the 40th anniversary of the Bolshevik regime on Nov. 7 center on the likelihood that new nuclear weapons may be unveiled in the big parade.

Diplomatic advisers say there will be some headlineable news on Russian domestic affairs. Suggestions: possible relaxation of laws restricting individual freedom.

Concessions to farmers which would give them a bigger share of their crops. New moves to decentralize industry and loosen the hold of the Moscow bureaucracy on production.

TARGET

Word comes from Okinawa that

CHICAGO — The American Jewish Committee, in charging that anti-Semitic literature from northern racists has been used to aggravate the tense desegregation issue in the South:

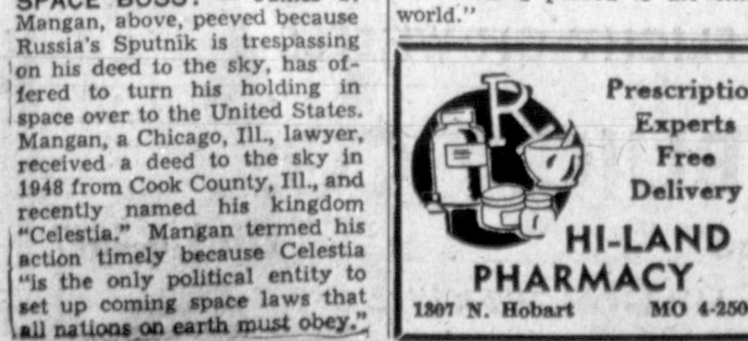

“The movement of these latter-day carpet baggers from the Northeast, the Midwest and the West Coast is sparked by the cynical search for lucrative markets in their bigotry.”

DOUGLAS, Ga. — Boris Gerasov, a Soviet official who telephoned from Moscow to answer students' questions as to whether Sputnik transmits information on the U.S. to Russia:

“There is no information that can be compiled by the satellite strictly for Russian use. The information is passed to the entire world.”

SPACESHIP? — James T. Mangano, above, peevish because Russia's Sputnik is trespassing on his deed to the sky, has offered to turn his holding in space over to the United States.

Mangano, a Chicago, Ill., lawyer, received a deed to the sky in 1948 from Cook County, Ill., and recently named his kingdom “Celestia.” Mangano termed his action timely because Celestia “is the only political entity to set up coming space laws that all nations on earth must obey.”

Jacoby ON BRIDGE

BY OSWALD JACOBY
Written for NEA Service

Ivan Erdos of Los Angeles, another of the new crop of top bridge players, had no idea who could make what with today's hand. He did know that his partner had passed and that East had opened a club.

He also found himself looking at seven good diamonds and four good hearts and decided that his best bet would be to bid some large number of diamonds and hope for the best. Since he was going to pre-empt, Ivan decided to make it as tough as possible on his opponents and bid five diamonds.

This bid succeeded about as well as a pre-empt could. West wanted

to show his spade suit but it did not seem strong enough to bid at the five level. Also West held four diamonds and had visions of hitting the five-diamond bid. Hence, West doubled and who could blame him?

East stood for the double. What else could he do?

There wasn't much to the play of the hand. Ivan trumped in at his first opportunity, drew trumps and went after the hearts. Since West had shown up with all the diamonds, Ivan played East for the hearts. He was careful to start proceedings by leading the jack from his own hand and going up with dummy's king. Then when he led the nine spot from dummy and East played low, Ivan was able to keep the lead in dummy for the next heart play and wound up making his five-diamond contract.

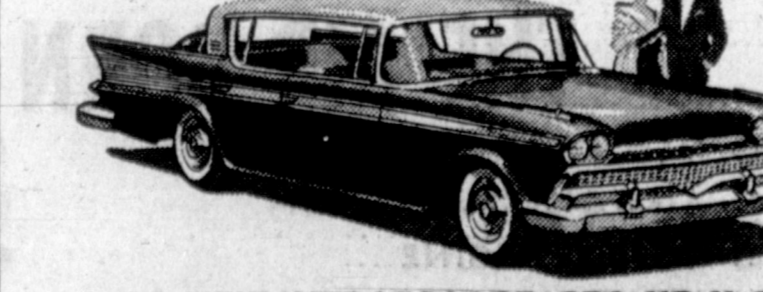

A really good result when East and West could have wrapped up six spades and probably would have got there if Ivan had been less unlucky to them.

COLUMBUS, Ohio (UP) — This advertisement recently appeared in "The Lantern," Ohio State University student newspaper: For sale: one raccoon coat. Reason: leaving for Florida.

Rambler Cross Country Station Wagon, above, is one of 11 all-new Rambler 6 and Rambler Rebel V-8 models for 1958.

EXPANDING POPULATION

What the populations of the 48 states will probably be like by 1970 is indicated on the Newsmap above. It illustrates projections made by the Bureau of the Census which are based on three factors: migration, birth rate and mortality rate. The western states are expected to lead the increase, with California eventually outstripping New York as the most populous state in the union. According to Census Bureau estimates, the total U.S. population in 1970 will be in the neighborhood of 220 million people. That only 15 million of this total will reside on farms is an important indicator of the changing make-up of our population and economy. The estimated population at present, as recently announced by the Bureau, stands at 171,790,000, an increase of over 20 million since the last official census in 1950.

Walter Rogers Reports: 'Congress Will Undoubtedly Look Into Pay Television'

FREE OR FEE

In a recent newsletter I reported some of the statistics and information concerning the communication media which has had considerable impact on the American scene. I refer to the television industry which has become so much a part of our daily lives.

One aspect of this giant industry which is receiving studied attention in all quarters is subscription television, or pay TV. Expressions are heard on all sides relative to the merits or demerits of initiating a nation-wide system whereby the television viewer can put a coin in a slot in his own living room to see a program of his choice. Those who favor the initiation of subscription television contend it will make possible better and more elaborate programs. This group also maintains that pay TV will be a small facet of the programming in the over-all industry, and will supplement the vast around-the-clock system of today.

On the other hand, those opposed to pay TV advance the theory that the greatness of the American communications system has been achieved by virtue of its availability to anyone who possessed a television or radio receiver, and that the entire cost of transmitting should continue to be borne by advertisers, net works and local stations.

The Federal Communications Commission has recently announced a program of limited trial subscription television in certain cities throughout the United States and is currently receiving applications with the assurance that no action will be taken on the applications until after the next session since the FCC was established and its laws perfected through the legislative process.

FEED GRAINS EXPORTS

It is interesting to note the disposition of some of our grain sorghum crops under the Agricultural Trade Development and Assistance Act which was enacted in 1954 and extended in the last session of Congress. You will recall this is the program where certain commodities are exported and sold in foreign countries in exchange for the local currency in that country rather than United States dollars. Since the beginning of the program through September 30, 1957, some 88,140,480 bushels of feed grains have been marketed in foreign countries. Of this amount 5,795,000 bushels were grain sorghums. These figures are estimates and there doubtless will be measurable disposition of grain sorghums in the balance of fiscal 1958. The aggregate value of feed grains marketed in foreign countries through September 30th was 113.2 million dollars.

TOLEDO, Ohio (UP)

A man, who identified himself as a "work-tired of working in the rain," called police Saturday to report a bomb in the garbage can of City Manager Russell W. Rink. An investigation failed to turn up anything except 17 garbage cans on the city manager's front lawn. Rink is in a dispute with trash collectors over forcing them to work when it rains.

Now Many Wear FALSE TEETH With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. FASTEETH dental plates turner and more comfortably. This pleasant powder has no gummy, goopy, sticky taste or feeling. Doesn't cause halitosis. It's alkaline (non-acid). Checks "plate odor" (dust-like breath). Get FASTEETH at any drug counter.
