GENERAL CHARLES DE GAULLE

General Set To Assume Duties

By JOSEPH W. GRIGG
United Press International

PARIS (UPI)—Gen. Charles de Gaulle won his bid for power Saturday. He was officially named premier-designate of France and will take office Sunday with assurance of an overwhelming vote from the National Assembly.

President Rene Coty capped the crisis by officially naming de Gaulle Saturday and then telling a crowd of newsmen, "Gentlemen, thank God the crisis is ended."

All but the Communists and some diehard Socialists were behind de Gaulle, who already was forming a cabinet and drawing up a program to strengthen the government, reform the constitution and settle the Algerian war.

The general went to the presidential Elysee Palace for a 30-minute meeting during which Coty named him premier-designate.

It was merely a formality, but it meant that de Gaulle knew he had enough votes to win assembly backing.

Both men emerged from the palace smiling and in cheerful spirits. De Gaulle said nothing.

Little UAW Hope Seen

By JIM KLOCKENKEMPER
UPI Automotive Editor

DETROIT (UPI)—Ford and Chrysler contracts with the United Auto Workers run out Sunday midnight and all three parties conceded Saturday there is almost no hope left for settlement.

UAW President Walter P. Reuther will enter negotiations at Ford at 1:30 p.m. c.d.t. Sunday. But Reuther was not expected to be able to stop Ford and Chrysler from joining General Motors in going to work without a contract Monday morning.

"Frankly, nothing is happening," said Ken Bannon, top union negotiator at Ford as bargaining ended after a morning session.

The UAW bargaining team at Ford held a caucus Saturday afternoon to prepare for Sunday's final hours of bargaining and for the no-contract period which they think will follow.

"It looks gloomy to us," Malcolm Denise, heading the Ford negotiators, said.

At Chrysler, negotiations ran into the afternoon. But Art Hughes, head of the UAW negotiators, said, "The company won't even give us the opportunity to bargain." Gerald Atkinson, guiding company bargaining, said he expected no progress.

Both companies and the union expect to go through the motions, however, and bargain until midnight Sunday.

Ford, with about 100,000 workers currently, and Chrysler, with 75,000 already have laid their plans to follow General Motors into a no-contract work period. General Motors, with 350,000 workers, started working without

Memorial Day Death Toll Tops 300 Mark

Officials Fear All-Time Record

By United Press International

Traffic deaths pushed to the 200 mark Saturday night and safety officials said this Memorial Day could be the worst on record for national highway fatalities.

At 8:30 p.m. c.d.t. United Press International counted at least 200 traffic fatalities since 6 p.m. local time Thursday. In addition, there were 62 drownings, 4 deaths in plane accidents and 37 deaths from miscellaneous mishaps for an overall total of 304.

Texas posted 17 traffic deaths to lead the nation in highway slaughter. New York and Pennsylvania had 16 each, California and Illinois 14 each, Ohio 12 and Alabama 9.

The National Safety Council made desperate appeals to holiday drivers to slow down and live.

"The toll has taken an alarming jump," the National Safety Council said. "Unless the current rate takes a turn for the better, we are headed for an all-time Memorial Day high."

"There is only one simple way to cure this—better driving."

The council had predicted 350 persons would die on the roads of the nation during the three-day weekend. The toll was running ahead of the previous all-time high of 372 deaths set for the three-day Memorial weekend of 1955.

Multiple death accidents rapidly swelled the toll. In Texas, two separate auto-truck collisions accounted for 11 deaths. Seven persons, including six members of one family, were killed when their station wagon collided with a truck on a bridge near Ranger, Tex. Earlier, four youths died when their auto smashed into the rear of a truck loaded with chickens at Nixon, Tex.

Six persons also died in an auto-station wagon smashup near Mount Vernon, N.Y. Police said five persons in the station wagon, en route to a funeral, were burned beyond recognition.

But death was not limited to the highways.

Near Lester Prairie, Minn., two men were killed when their light plane glided into a farmhouse in a heavy fog after clipping a clump of trees. Four persons, including two children, in the house escaped injury although the structure was badly damaged. One child was knocked out of bed by the impact. Bodies of both men were found in the house, authorities said.

Another pre-dawn truck-crash occurred when an automobile full of youths plowed into the rear of a truck loaded with chickens. The accident occurred on U. S. 87, 8 miles east of Nixon.

Killed were the driver, Manuel Sandoval, 19, and three passengers — Jesse Neal, 16, Bonafacio Infante, 24, and Mike Fanasca, 20. A fourth passenger, David Morino, 19, also of Nixon, was treated for minor injuries.

Hits Rear of Truck
The truck driver, Santo Torres, 46, of Smiley, told highway patrolmen that nearly all the chickens he was hauling to market at San Antonio were killed.

Two sisters died and five other persons were injured in an accident about 3.7 miles north of Cometa. Killed were Lana Jean Sowell, 10, and Susan Gail Sowell, 4, of Round Rock, Texas.

The girls' brother, six-year-old James, was critically injured and their parents, Mr. and Mrs. James L. Sowell, Russell Lee Sowell, 8, and Charles R. Crockett of Fort Hood, were injured less seriously.

A two-car accident in Montgomery county on State Highway 159 near Pinehurst resulted in death to a Dublin, Tex. man and a six-month-old girl. Gail Hallmark, 27 of Dublin, was traveling alone when his car collided with one driven by Jerry L. Brown, a student at Texas A&M, College Station. Brown's baby, Terry Gail, was killed instantly. Her mother, Mrs. Brown, was injured.

In College Drama

4 PHS THESPIANS HOPE TO CONTINUE

By WALLACE TRUESDELL
Pampa News Staff Writer

Four of Miss Helen Schaefer's Thespians, Pampa High School Class of '58 members plan majors in Drama at Texas colleges and universities this fall. Local Troupe 1010 made the announcement Saturday.

Ex-Thespians, Charlotte Riley, Donald Darling, Bobby T. Brown and Heidi Schneider hope to continue in college drama clubs the work they began three years ago in the High School theatre here.

Miss Riley is bound for Abilene and Hardin-Simmons University. Darling is undecided his choice of colleges. He will enroll in PHS Summer School Monday.

Brown will study at West Texas State College in Canyon. After getting summer drama experience at a Girl Scout Encampment in California, Miss Schneider will be off to the University of Texas in Austin.

Past productions these future Freshmen have performed in include "The Long Christmas Dinner," "The Grass Harp" by Truman Capote; Scenes from Maxwell Anderson's "The Bad Seed" and the dramatic sequence "God's Trombones" by James Weldon Johnson and Roy Ringwald.

Turning from acting, Brown and Miss Schneider directed two of the Sophomore plays this season. Brown took on John Steinbeck's "A Leader of the People" and when he lead became sick, took over the part himself. Miss Schneider's play was "More Perfect Union."

Miss Riley received the Best All Around Thespian award from the School before Commencement. She was outstanding in "God's Trombones" and had roles in the other major productions. Her college field will be Religious Drama.

Darling placed First this year in the District Poetry Reading Contest and Second in Regional. He was a soloist in "God's Trombones" and played Colin in "The Grass Harp." He has gained Makeup experience from a number of shows.

Brown, a three star (300 Hour) Thespian was acclaimed the Best Actor for his role of Leroy in "The Bad Seed." He played Dr. Ritz in "The Grass Harp," Mr. Thorkleson in "I Remember Mama" and Roderick Bayard II in "Long Christmas Dinner." Most recently he was "God's Trombones" soloist.

Miss Schneider was the winner of the Thespian Medal for her three year's work, including the roles of Verna in "The Grass Harp," Christine in "The Bad Seed" and soloist in "God's Trombones."

Liberal Democrats Repudiate Daniel, Want Him Barred

By O. B. LLOYD Jr.
United Press International

AUSTIN (UPI)—Cheering liberal-labor Democrats Saturday roundly repudiated Gov. Price Daniel as their political leader and were told he should be barred from the party's primary in July.

"He supported Eisenhower in

the Senate. In 1956, he reluctantly gave lip service to the Democratic Party." Mrs. R. D. (Frankie) Randolph chairman of the Democrats of Texas (DOT), told more than 1,000 perspiring, brow-mopping delegates to the organization's second annual state-wide convention.

Earlier, in the key-note address, Dickinson banker Walter Hall lambasted Daniel's actions as governor and laid down a four point DOT program embracing party registration and repeal of the poll tax.

While Daniel was derided and lambasted, DOT delegates cheered, lauded and applauded Sen. Ralph Yarborough in name and in person.

Yarborough, appearing as the last major speaker of the one-day meeting, entered the sweltering convention hall to cheers, applause and the blaring tune, "Yellow Rose of Texas." Bolstering his bid for election to a first full term, workers handed out Yarborough campaign literature from a table at the rear of the Austin Coliseum.

Daniel, seeking a second term, is opposed on the Democratic ticket by state Sen. Henry Gonzalez, a vocal legislative foe of race segregation; former Gov. and U. S. Sen. W. L. O'Daniel;

Orange insurance underwriter Don Booker; Joe Irwin, Dallas insurance real-estate executive.

Speaker after speaker lambasted Daniel, both for his administration as governor and more specifically for his leadership of the Democratic party in Texas.

Creekmore Path, secretary-treasurer of the DOT, drew laughter and applause when he referred to the governor as, "our most famous Democratic renegade now holding public office."

Takes Jibe at Blakley
Corcoran District Judge J. M. Sewell, a member of the state Democratic Executive Committee and a long-time liberal spokesman, jibed at what he said were campaign efforts to picture Dallas multimillionaire William A. Blakley as a homespun cowpoke in his race for the U. S. Senate.

Yarborough, facing Blakley in his bid for re-election, made no direct reference to his opponent.

He denounced what he called, "fear, smear and hate" campaigns.

Six Perish In Fiery Head-On Collision

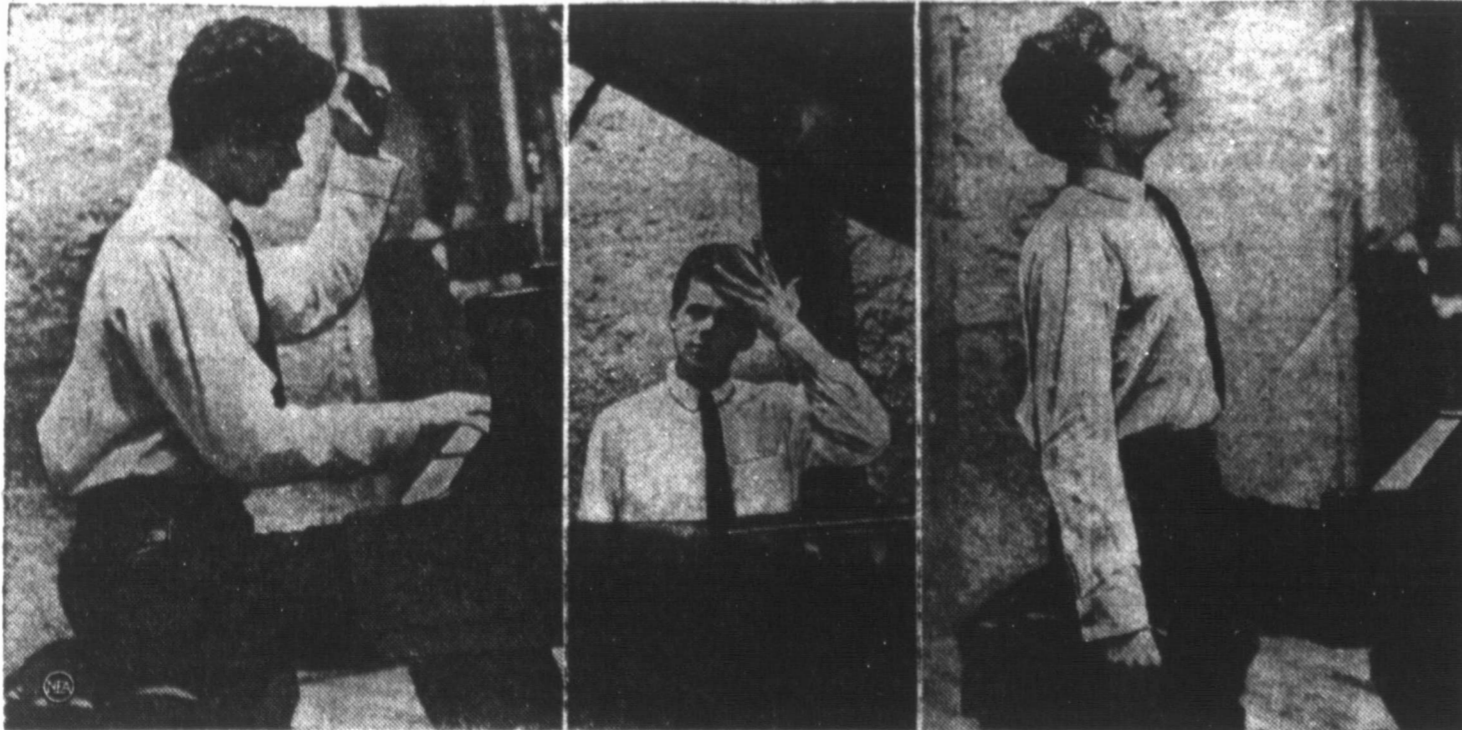

MOUNT VERNON, N.Y. (UPI)

—Six persons were burned to death Saturday when a driver who had been warned to stop speeding crashed his car head-on into a station wagon. Three persons were injured critically.

The five occupants of the station wagon, all burned beyond recognition, had been driving to a funeral at Westbury, Mass.

Three hitchhikers riding in the automobile driven by Lewellyn Byrd, 36, Greenwich, Conn., were injured critically. Byrd had been stopped by a policeman an hour before and warned for speeding.

The other dead were Vincent Muccia, 38, his father, Nicholas, 70, his wife, Katherine, 37, his daughter, Barbara, 12, and Antoinette de Biase, 12, all of Ridgefield, N.J. They were trapped when the station wagon burst into flames.

Cow Pony Relay Race Will Open 3-Day McLean Rodeo

A 20-mile cow pony relay race Thursday from Shamrock to McLean will mark the beginning of the 1958 McLean 66 Round-Up and Rodeo, which is scheduled to run June 5, 6, and 7. Performances for the rodeo will be held Thursday, Friday and Saturday nights, with a matinee performance Saturday afternoon.

The relay race, which will get underway from Shamrock at 11 a.m. will be run in four laps of five miles each, with fresh riders and horses for each lap. At present two teams are entered, with more expected to come in this week. One of the teams will be of the McLean 66 Rodeo Association and the other by Bill Stockstill and Tooter Henry of Pampa. A winner-take-all prize of \$150 will be given.

Bob Sherrod, chairman for this year's rodeo, stated that it should be one of the biggest shows held yet in McLean. Sherrod himself will rank as one of the outstanding contestants, having ranked as top All-Round Cowboy in last year's Pampa rodeo.

The rodeo itself will feature six events, including saddle bronc riding, bareback bronc riding, bull riding, calf roping, double mugging, and bulldogging. The purse for each event will be \$300.00, with \$15.00 entry fee.

In addition to the total purse of

\$1800, trophy buckles will be given to event winners, and a trophy saddle will be given to the All-Round Cowboy and the best roper, figured on two averages.

The rodeo will feature Pinky Williams as clown, and will have the stock of Tom Harlan at Kellerville. H. B. Taylor Jr. of Pampa will announce the performances.

For added activity, dances will be held Thursday, Friday and Saturday nights. Admission will be \$1.00 per person.

Tickets for the rodeo performances will be \$1.25 for adults and 50 cents for children. A parade will be held in McLean at 2:30 p.m. Thursday following the relay race.

PERRYTON FARM FATALITY SNUFFS OUT MAN'S LIFE

A farm fatality and a traffic accident occurred in the Pampa area during the Memorial Holiday period.

Clifford Neal McGarragh, a 35-year-old Perryton farmer, lost his life at 10:30 a.m. Saturday when a tractor he was driving to a dirt road from a tar pit, flipped into the air, and landed on top of him, pinning him beneath, and causing fatal injuries.

Investigating the incident was Sergeant E. G. Albers, of the

Pampa 5B sub-district. He reported the accident as happening 28 miles southwest of Perryton.

The auto accident occurred late Friday night, when David Crossman of Pampa rammed a 1958 Chevrolet onto a culvert about one-mile northeast of Pampa on Texas Highway 70.

Crossman emerged from the smash-up without injury but investigating Pampa patrolmen reported damages to his new car at approximately \$500.

The Socialists were split about 50-41 for de Gaulle, their old enemy. The rest were undecided despite his support by former Premier Guy Mollet, now Socialist Party leader, and former President Vincent Auriol, another old Socialist chieftain.

Mollet, according to sources, said that "in these circumstances I do not see how I can remain at the head of the party." This was interpreted as a threat to resign.

Events moved swiftly. De Gaulle arrived at a Paris hotel with his wife and baggage from his country home just before midnight. Scattered fighting erupted in Paris between Gaullists and anti-Gaullists. Police stepped in. Six persons were injured before the rioting ended in the early morning hours.

There was another clash today between left and right factions at Bordeaux. Two persons were injured.

But the die was cast for de Gaulle. President Rene Coty and Auriol as well as other leaders had warned the alternative to de Gaulle was outright civil war.

To pave the way, caretaker Premier Pinlimin resigned Saturday morning.

De Gaulle's program was stern: A "government of national safety" that would put strong powers in the hands of the executive and curb the splintered Assembly which has toppled 25 governments in 13 years.

Will Demand Reform

The 67-year-old World War II hero was expected to demand: —Constitutional reform to strengthen the executive branch. This would have to be approved by popular referendum. —Solution of the Algerian war by giving all Algerians equality. —No parliamentary interference for six months, possibly a year. —Continued French membership in NATO, though with emphasis on equality with the U.S. and Britain. —Restoration of civil liberties, including an end to press censorship which has been in effect since the crisis developed.

Both Ford Vice President John S. Bugas and GM Vice President Louis G. Seaton have charged Reuther with deliberately trying to stall negotiations until the companies are bringing out new models late this summer. The union has ruled out a strike now because the companies have a 50-day stockpile of unsold new cars.

Mac Stewart Jr., Galveston, newly elected president of the Young Democrats, pledged the support of his organization and called for a Democratic program aimed at providing the nation's youth with work "jobs for tomorrow."

Hall accused the state administration of neglect and inaction in the fields of education, water and soil conservation, public health, juvenile delinquency, highways, taxation and legislative redistricting.

He also promised, in a direct challenge to Daniel's leadership of the Democratic party in Texas, that the DOT will "carry the battle to the precinct, county and state conventions."

Hall outlined these immediate objectives: —A party registration law. —Elimination of the poll tax. —Code of Ethics. —A code of ethics for political party convention conduct.

He lambasted Daniel in these terms: "We hold that the Democratic party is not the personal political machine of any governor. It belongs to all the Democrats of the state and the practice of keeping off the state Democratic Executive Committee Democrats because they are not loyal to the governor is contrary to law and honorable political conduct."

"The unseating of duly elected (state convention) delegations because they are loyal to the Democratic party instead of Price Daniel reveals so shocking a lack of understanding of political decency that we wonder what may be attempted next," Hall added.

Delegates heard brief talks from various political candidates including District Judge Sarah Hughes of Dallas, opposing incumbent Judge Joe Greenhill in a Supreme Court race; J. Edwin Smith, Houston attorney and Supreme Court candidate running for the post being vacated by retiring Judge W. St. John Garwood and Glenn Kothmann, San Antonio, who is opposing incumbent John White for commissioner of Agriculture.

Catholics Pay Last Respects To Cardinal

By MARGUERITE DAVIS United Press International CHICAGO (UPI) — Roman Catholics of the Chicago Archdiocese filed by the bier of their beloved Samuel Cardinal Stritch in an endless line Saturday to pay their last respects.

Thousands jammed Holy Name Cathedral or milled around in the streets outside awaiting an opportunity to file past a simple bronze casket atop a catafalque and gaze for the last time on their prince of the church.

By late afternoon, authorities estimated about 70,000 persons had passed into the cathedral and filed past the cardinal's casket.

Some church groups paid homage in a body, while other faithful came as individuals. Many wept as they walked past the coffin, while others prayed, blessed themselves and clung to rosaries.

The cathedral, however, was morning for a solemn pontifical requiem mass attended by priests and nuns from throughout the nation. Celebrant of the mass was Archbishop William D. O'Brien.

Various religious orders throughout the nation sent nuns and priests as representatives at the mass, although the large majority of nuns in attendance were from the Chicago area.

Bishop Ezechiel, leader of the Greek Orthodox Church in Chicago and the Midwest, attended the service with a subordinate.

During the mass, the cardinal's casket was closed.

Magr. Patrick J. Hayes, pastor of Holy Name Cathedral, said the cardinal's body would be removed from the church at midnight c.d.t. Saturday and would be placed in the rectory until the conclusion of masses at 2 p.m. c.d.t. Sunday. The move was being made, Magr. Hayes said, because of the heavy mass schedule at the cathedral on Sundays.

ADD ONE—Should Alaska become the 49th state in the Union, this is the way Old Glory would probably look. Ernest Gruening, former governor of Alaska, points to the 49th star on this special flag at Alaskan Statehood Headquarters in Washington. Should a new star be added, it would be a big boon to the flag makers, as millions of the 48-star flags would have to be replaced.

Two Killed Friday

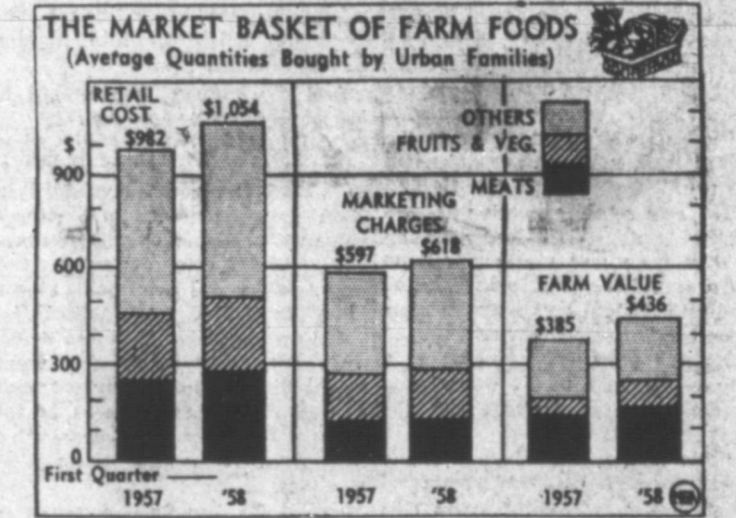

The other two traffic fatalities occurred Friday when a car hit a culvert on U. S. 180 three miles west of Snyder. Dead were James Overton, 19, of Plains, Tex., and Daniel G. Rose, 20, of Seward, Alaska.

Two Negroes met death Saturday as fire destroyed their home in Houston. The victims were Jannette Brown, 3, and Jacqueline Brown, 4, Friday, Harold Ellsworth Nelson, 47, of San Antonio, was drowned when he dived into Lake Dunlap from a boat to search for a troilite.

A LIGHTER BASKET—The cost to consumers of the "market basket" of farm foods rose to an annual rate of \$1,054 in January-March, 1958—72 dollars above the corresponding period a year ago, reports the U.S. Department of Agriculture. This exceeds the previous high recorded in 1952. Good news for farmers, however, is the fact that while marketing charges rose 21 dollars, amount received by farmers increased by 51 dollars.

Reuther said the old contracts fail to meet the "new and compelling problems" of the unemployed, retired and displaced workers.

As hopes for a settlement by Sunday night flickered out, the main questions became whether the plants can be operated without trouble if there is no contract, whether the companies or union will suffer the most during the arrangement, and how long the parties will keep it up.

At 4 p.m. Sunday, the union will hold a series of meetings for Ford local union leaders at Atlanta, St. Louis, Metuchen, N.J., Dearborn, Mich., Chicago and Cleveland to discuss plans for working without a contract. Reuther and Bannion will attend the Dearborn meeting with 450 others. Union leaders are already "in the field" ining General Motors' locals on working without a contract.

WILL PROSECUTE — Lebanon's Premier Sami El Solh says the government will prosecute leaders of the Lebanese uprising once law and order have been restored. Solh, speaking in Beirut, said there would be no compromise with opposition forces who have kept the country in a turmoil recently.

'Buy A Home—First' Campaign**

Local realtors are making plans to participate with thousands of others throughout the country in a "Buy a Home — First" campaign now being launched by the National Association of Real Estate Boards, E. J. Griffin Jr., president of the Pampa Real Estate Board, has announced.

The local board is one of 1,280 belonging to the National Association, the largest realty group in the nation.

The campaign is an intensive effort to tell the public of the value and importance of buying a home first, Griffin explained. Realtors across the nation will promote the slogan "Buy a Home — First" through special advertising in the various media, display posters, stickers for correspondence and windows, distribution of pamphlets, "open houses," and special programs.

"A home is the best buy on the market today," Griffin declared. "Real estate values generally more than any others, hold their own whether it is the day of the declining dollar of the era of hard money. The current home market is probably more favorable to the buyer than in any time in recent history."

The real estate executive observed that home ownership traditionally has been and will continue to be a sound long-range investment and an excellent hedge against sustained inflationary periods.

Making monthly payments on a home, he noted, is the easiest and surest form of savings for the average family.

"The long term nature of home ownership, generally upwards of 20 years, dictates that home purchase should not be deferred because of short term economic uncertainties," Griffin said.

"Young couples in particular, whose long range earning potential is bright or stable," he added, "should not be unduly influenced by uncertainties they know or feel are temporary."

The local board president said those who over emphasize the debt obligation of home ownership tend to overlook the fact that in the course of years, the home owner reduces the principal of the mortgage and gains considerable equity. The fluidity of the existing home market usually makes this equity available as cash within a very short time, he noted.

"Next to food, providing for a family's future happiness and security through proper shelter is a man's foremost responsibility. There is no better way of doing this than making a down payment on a home which suits the individual's needs and budget."

"Whether in the young or middle years, it is something which should be done first. Rent receipts are notoriously worthless, no matter how many you save," Griffin said. More than one couple, he continued, who bought a home first had found that by the time their children were ready for college, they had their home completely paid for and were ready to finance that all-important higher education. In retirement they were able to sit back with peace of mind in a payment-free place of their own, he said.

Griffin pointed out that home owner enjoys also some substantial advantages at income tax time. Mortgage interest payments and real estate taxes are deductible from federal and some state income tax returns, he stated.

Moreover, there are many intangible benefits realized from home ownership, the board president said, citing peace of mind, a sense of "belonging" to the community, responsibility, and independence. He asserted that these are some of the important ingredients which go into making better citizens.

And don't forget the benefit to the children, he reminded. "Allowed to live in the same community for a series of years, to attend the same schools, to form social contacts and friendships with children of other responsible citizens, they gave greater social and moral potential than have the children of itinerants."

Griffin suggested that the safest and surest way for local citizens to get the best home buy for their money is to see members of the Pampa Real Estate Board, who are entitled to call themselves Realtors.

"They are ethically obligated to protect both the interests of the buyer and seller, and are subject to severe penalties if they do not," he explained. "Because of their experience, integrity, and knowledge of the market, Realtors are in the best position to be of service to the prospective home buyer."

Names of brokers who are Realtors may be obtained by calling the local board office, or by looking for the term after their name in their advertising, Griffin said.

ICBM BASES—The first launching site for the Titan intercontinental ballistic missile (black symbol on Newsmap) will be at Lowry Range near Denver, Colo. The Air Force, in making the announcement, said the site for the 5,500-mile range weapons would be on land already owned by the government and now used for bombing practice. The Titan, details of which have never been released, is expected to undergo flight tests soon. The huge Atlas (sketched on Newsmap) will also be launched at Lowry Range. Other ICBM bases, for launching of the Atlas, are to be constructed at locations shown above.

Reds Favorable To Ike's Plans

By WILLIAM GALBRAITH
 United Press International
 WASHINGTON (UPI) — Russia Saturday gave what a Soviet official described as a "favorable" response to President Eisenhower's bid to scientific talks next month on banning nuclear tests. The State Department refused to disclose the contents of the three-page note except to say it was a reply by Soviet Premier Nikita Khrushchev to the President's letter of last Saturday. A Soviet embassy official, while calling the reply favorable, would not say specifically whether it accepted Eisenhower's proposals. The President suggested that scientists from both sides of the Iron Curtain begin talks at Geneva within three weeks on ways of policing any future agreement to stop nuclear weapons testing. The scientists' conclusions probably would have a heavy bearing on whether and how an East-West agreement would be reached. Russia has contended that techniques already in use guarantee discovery of any important attempts to cheat on such an agreement, without the necessity of stationing scientific observers teams on the soil of the atomic powers. The U.S. government has placed more emphasis on the necessity of on-the-spot inspection. A three-man team of eminent U.S. scientists now is standing by awaiting orders to go to Geneva. They are: Dr. James Brown Flak, executive vice president of Bell Telephone Laboratories and a member of the President's sci-

ence advisory committee; Dr. Ernest O. Lawrence, director of the University of California radiation laboratory and a Nobel Prize winner; and Dr. Robert F. Bacher, chairman of the division of physics, mathematics and astronomy at California Tech. Bacher also is a member of the science advisory committee. The President suggested that scientists of Britain, France and other Western countries be included in the Western side in the Geneva talks. He left the way open for Russia to include technical experts from such Communist countries as China, Czechoslovakia and Poland. State Department sources said Japanese and Canadian scientists also might be invited. The President's note said pointedly that delegates to the conference should be chosen on the basis of "special competence so as to assure that we get scientific, not political, conclusions."

Miami Pool To Open

MIAMI — The Miami Swimming Pool, which is expected to be opened today, will be managed by George Bobo again this summer. The pool is operated by Pulaski Post No. 106 of The American Legion, in cooperation with the Roberts County Red Cross Chapter. The Legion leases the pool from Harry Hardin. Bobo will give swimming lessons for beginners, intermediates, swimmers, junior and senior lifesaving. He will also serve as lifeguard.

Scout Camp Sets Opening For Today

The grand opening of Boy Scout Camp Kiowa is set for 2 p.m. today as the first Scout Troops from the Santa Fe District unload their gear on the Camp grounds. From now until the midst of July the 20 Troops have the prospect of a week at fun filled Camp Kiowa on the lake and in the woods. A weekend of work by the Adult Order put the Camp in order for the grand rush today. The 65 Scouters repainted all the buildings, and installed an assembly bell that once rang from a Santa Fe steam engine. Archery, riflery and camp fire fun will mark the weeks of Camp Kiowa. Boating, swimming and canoeing will provide added thrills.

Fire Snuffs Out Lives Of Two Kinard Slated

HOUSTON (UPI) — Two small Negro children were burned to death shortly before 11 a. m. Saturday and their mother and a man who pulled her from their home were critically burned. The dead were identified as Jacqueline Brown, 4, and Jannette Brown, 3. A Negro man who saw the house burning, identified as Harold Graves, broke his shoulder while knocking down the front door to get into the house. Graves, who also was critically

burned, pulled Mrs. Annette Brown, mother of the dead children, from the house. Both were taken to Jeff Davis hospital where attendants said their conditions were grave. The children's bodies were found huddled in an eight-by-ten foot shed only a few feet from the house. The shed also burned.

MRS. PASC INC.

Mrs. Pat Enloe soars off the Pampa Boat and Ski Club, Inc., jump at many, many miles an hour. Her "better half," David Enloe, is vice president of the new club. Far from being the only bride on Lake McClellan, Mrs. Enloe represents the soaring ski girls who share the thrills of water skiing with their ambitious husbands. (News Photo)

Participation In Water Sports Gains Momentum

By WALLACE TRUESDELL
Pampa News Staff Writer

From here to Lake McClellan the sport of the season is water skiing and the Pampa Boat and Ski Club, Inc., is unlike any other boat and ski club.

Couples in Pampa have found a new sport. As Vice President David Enloe puts it, "With what you don't spend sitting in movies over the week end you can get yourself a boat."

Enloe has a Lone Star that everyone thinks is a Malibu complete with an outboard motor. "Inboard motors," says Enloe, "have too much pull for the lakes around here. They don't pull you; they drag you. And they have the same amount of pull whether there's two or five in the boat."

Secretary-treasurer is Mrs. Pat Enloe. This gal is as hopped up about boats and ski jumps as any of the males in the Club. The truth is, she hits the water just as hard.

The Enloes live at 111 S. Nelson when they're not making the best of old Lake McClellan. But they're as likely to head for the lake at 5 p.m. on a work day as they are to make a week end of it.

Like the other members of Pampa's newest club, they drive the 27 miles to the Lake with a 14 foot boat bobbing behind them, this because there are no moorings on the shores of Lake McClellan.

The charter members took to the skis last summer. This year they have bigger plans. They began by building an adjustable ski jump with a range of four to seven feet. They're still taking it at four feet but the summer has hardly begun.

PBSC, Inc., came into being this February to fill a greater and deeper need in water skiing. For with the erection of the ski jump, the sport takes on complexity and danger. But the danger is not from the water, but in Enloe's words, "from some idiot in a boat." Members will see to it that the traffic pattern around the jump is

observed so that if a skier falls he will know which direction to swim and not be the target of two boats coming from each side.

Since some skiers, especially new ones, will be operating boats for the first time, they may not know all the ins and outs of boat mechanics but this is foreseen in the organization. The accumulated boat know-how is one of the blessings to new members of the club.

The club is really getting into the spirit, ordering red and white flags and hip patches for every skier and boat. Enloe will have to conform to a pennant-shaped conservative boat flag. What he really wants is a streamer nine feet long.

Ray Duncan is an avid water skier and Ralph Day is president of the Club. James "Spec" Winborne is an enthusiastic member. Now there are 37 of them.

"Want to water ski? Dues are \$5 a year. Enloe believes that anyone can become a real water skier and have the time of his life while he's doing it. That's the only

way you learn something, to try something new all the time," says Enloe. And he would just as soon try it as think about it. Members of the club have their own boats and skis.

Several hundred school people throughout the state will be on the campus of A. and M. College for meetings of the Texas School Administration Association, the Texas Association of County Superintendents, and the Texas Association for Instructional Supervisors.

The TEC said non-farm employment totalled 2,987,600 in April, down 2,900 from March.

However, the number of farm jobs jumped 60,000 and overall unemployment declined by 1,000 to a total of 199,400, the report said. Additional layoffs in hard goods industries and unfavorable weather for construction in April were cited as reasons for the drop in non-farm employment.

The TEC said the "paradox" of lower non-farm employment but declining unemployment was "not too unusual, especially with the state's banner crop prospects drawing workers out of the non-agricultural labor force."

Agriculture occupied an estimated 426,000 persons during April, including owners, family members and hired workers of all categories, an increase over April 1957 of 5,300.

"Also contributing to the unemployment decline was the migration northward of Texas farm workers who customarily go to spring and summer jobs in the sugar beet, fruit and vegetable fields of the Northwest and Midwest," the TEC report pointed out.

Prospects for an employment rise in May and June were offered, the TEC said, by a continued rise in construction contracts, and early summer jobs opening in recreational and tourist facilities.

Governor Accepts Girls School Chapel

GAINESVILLE, Tex. (UPI)—A new Mothers Chapel at the Gainesville State School for Girls, donated by Mr. and Mrs. Frank Wood of Wichita Falls, was formally accepted by Gov. Price Daniel Saturday.

The chapel was given in memory of Wood's mother, Mrs. Inez Martin Wood, and Mrs. Wood's mother, Mrs. Maye Snow Hughes. The chapel was built under supervision of the Methodist Foundation of the Wichita Falls district.

Daniel dedicated the chapel "as a working symbol of the principles to which this Christian state and nation subscribe. It will render a service to this school and inspiration to the young women who are here, which nothing else can equal."

Johnson Asks For Rebuilt Policies

HOUSTON, Tex. (UPI)—Senate Democratic Leader Lyndon B. Johnson called Saturday for a "great national rebuilding" in U.S. foreign and domestic policies. He warned that the present course will leave the nation "an island in an angry sea of world contempt."

The Texas Democrat made the statements at commencement ceremonies at the University of Houston. He told the graduates that "the assumption of American leadership among the community of nations in the West has been severely undermined."

"State and static policies, good though they were yesterday, may not be good today. Searching re-examination is in order and it must begin soon, for we have little time to linger and wait for better days to return," Johnson said.

He called it "an error of the most serious sort" to blame our national troubles on individuals. His comments, however, carried a strongly implied jab at administration policies at home and abroad.

"We must rebuild the American image before the world, and, with it, the world's respect for the principles for which America has stood," he said.

Johnson proposed a "frank and open search for new ideas, new decisions, new careers" by pooling the wisdom of the nation's finest minds. He advocated greater investment in colleges and universities, libraries and laboratories for full research.

He urged a broadening of cultural exchange programs to make the nation a "meeting ground for free men and free men's ideas" and to help restore the nation's "daring and self-confidence of

Stritch's Death Drops Cardinal College To 55

By DANIEL F. GILMORE
United Press International

VATICAN CITY (UPI)—The sacred College of Cardinals has been reduced to 55 members by the death of Samuel Cardinal Stritch, but informed observers said Saturday the vacancies may not be filled for another two years.

The sources said Pope Pius XII appeared in no hurry to convene a consistory to appoint new members of the college, which can have as many as 78.

Traditionally, there never is any guidance on consistories. The decision lies exclusively with the pontiff. The most informed Vatican sources could not venture to say when the Pope would hold one or whom he would name.

While consistories have been called by previous popes as frequently as every two years, the present pontiff has maintained what is known in the Vatican as the "rule of seven."

Seven years elapsed between his election as spiritual leader of the Roman Catholic Church in 1946. Another seven years passed before the 1953 consistory.

If this "rule of seven" is maintained, the sources said there would be no new princes of the church appointed before 1960.

The average age of the members of the college is 72. And many are ailing. The oldest member is Jose Cardinal Rodriguez, 92, archbishop of Santiago, Chile. The youngest is 52-year-old Giuseppe Cardinal Siri, archbishop of Genoa, Italy.

Some obvious vacancies have occurred as death thinned the ranks of the sacred college. Cardinal Stritch's death left three cardinals — Archbishop Francis Spellman of New York, 69, Archbishop Edward Mooney of Detroit, 76, and Archbishop James McIntyre of Los Angeles, 72.

With the increases in population, the ratio of cardinals to bishops is lower in the United States than in any other major Western nation. There has been considerable speculation that in any new consistory the Pope may name cardinals from Boston, Philadelphia and St. Louis.

Of the present cardinals, 18 are Italians and 37 are non-Italians.

Stritch's Death Drops Cardinal College To 55

By DANIEL F. GILMORE
United Press International

VATICAN CITY (UPI)—The sacred College of Cardinals has been reduced to 55 members by the death of Samuel Cardinal Stritch, but informed observers said Saturday the vacancies may not be filled for another two years.

The sources said Pope Pius XII appeared in no hurry to convene a consistory to appoint new members of the college, which can have as many as 78.

Traditionally, there never is any guidance on consistories. The decision lies exclusively with the pontiff. The most informed Vatican sources could not venture to say when the Pope would hold one or whom he would name.

While consistories have been called by previous popes as frequently as every two years, the present pontiff has maintained what is known in the Vatican as the "rule of seven."

Seven years elapsed between his election as spiritual leader of the Roman Catholic Church in 1946. Another seven years passed before the 1953 consistory.

If this "rule of seven" is maintained, the sources said there would be no new princes of the church appointed before 1960.

The average age of the members of the college is 72. And many are ailing. The oldest member is Jose Cardinal Rodriguez, 92, archbishop of Santiago, Chile. The youngest is 52-year-old Giuseppe Cardinal Siri, archbishop of Genoa, Italy.

Johnson Asks For Rebuilt Policies

HOUSTON, Tex. (UPI)—Senate Democratic Leader Lyndon B. Johnson called Saturday for a "great national rebuilding" in U.S. foreign and domestic policies. He warned that the present course will leave the nation "an island in an angry sea of world contempt."

The Texas Democrat made the statements at commencement ceremonies at the University of Houston. He told the graduates that "the assumption of American leadership among the community of nations in the West has been severely undermined."

"State and static policies, good though they were yesterday, may not be good today. Searching re-examination is in order and it must begin soon, for we have little time to linger and wait for better days to return," Johnson said.

He called it "an error of the most serious sort" to blame our national troubles on individuals. His comments, however, carried a strongly implied jab at administration policies at home and abroad.

"We must rebuild the American image before the world, and, with it, the world's respect for the principles for which America has stood," he said.

Johnson proposed a "frank and open search for new ideas, new decisions, new careers" by pooling the wisdom of the nation's finest minds. He advocated greater investment in colleges and universities, libraries and laboratories for full research.

He urged a broadening of cultural exchange programs to make the nation a "meeting ground for free men and free men's ideas" and to help restore the nation's "daring and self-confidence of

REV. BOB RICHARDSON
... latest thing in all-American boys

Rick Pezdirtz
purely paydirt

To be completely honest about it, we have a memory that's apt to fade by dawn's early light.

Some items stand out vividly, of course, such as the tender words from Bing Crosby as he lined up an important putt on the 18th green of the Field Club in Omaha.

And how could we ever grow, old, fat and lazy enough to let vertigo set in and erase fondled memories of those BT (before television) days when more than once we slump-shouldered through the kitchen door, with balled-fist lending support to the black mouse beneath a droopy left eye-lid.

when we were struck spell-bound by the daring exploits of Jack Armstrong, the all-American Boy, many a small fist was flung in anger 'cause some creep wanted to tune in 'ol bong, Bong, BONG, Captain Midnight!

But back during those rapturous radio moments supply has dwindled. Into the past along with "hubba-hubba" and the five-cent coffee have vanished, the Jack Armstrong's and other cheap imitations of this world.

After all, how'd you expect to find out how many Wheaties box tops to have mom send off with two-bits for one of them "special super-duper whistle rings with a glow-in-the-dark compass and now get this, two secret compartments where you can store all your secret papers, even hide your favorite, funny books away from dad?"

Today the secret ring supply has dwindled. Into the past along with "hubba-hubba" and the five-cent coffee have vanished, the Jack Armstrong's and other cheap imitations of this world. Wee be unto the teevee script writer today, who seeks sponsor without a space man and a goodly supply of Zap-guns.

Let us still very much on the scene is the "Breakfast of Champions."

Freckle-faced urchins are still scooping spoonfuls of toasty Wheaties from milk-filled bowls and just to show tomorrow's future they've not been forgotten General Mills has come up with a real-live-in-the-flesh all-American boy to replace Mr. Armstrong, who simply had to be trotted out to pasture when his first listener became a granpa.

Other than the 20 push-ups and 10 pull-ups, a boy of 16 or over should be able to do 50 sit-ups, leap 6-8 from a standing broad jump, throw a softball 160 feet, do a 600 yard run-and-walk in 2:15 minutes, peddle 20 miles on a bike, hike 10 miles and swim a mile.

How many of these can you better? We'll rephrase, how many can you equal?

Don't be too pooped to participate. You want maybe to be a lagard all your life. Straighten those shoulders boy, bristle up those muscles. For you too can be an all-American boy.... maybe even a Jack Armstrong yet!

Acceptance of the NBA's resignation was the main order of business at Saturday's session.

Langford Named To All-District '9'

Conway Put On Second

By RICK PEZDIRTZ

ALL-DISTRICT STICKERS—Pampa High baseball boss, left, gets a first-hand feel of the lumber Robert Langford, center, and Mike Conway, used to crash the gate of the all-District 3-AAAA baseball teams.

Amarillo High, dominating the all-District 3-AAA baseball balloting just as they hogged the spotlight in streaking to a snazzy 12-0 conference mark, coveted nine positions on the first and second all-star teams released today.

The slugging Sluggies landed five men on the first all-loop outfit and filled four spots on the second-squad.

Lubbock, for the first time since high school baseball was revived in 1945, was shutout so far as putting a man on the first team.

Receiving honorable mention for Pampa were pitchers, Kippy Williams, who lacked but two votes of making the second team and Conway. Also, Ray Stephenson at first-base; Merle Terrell at second, three votes shy of the second team; Langford at third base, two votes shy of the second team; and outfielders, DeWayne Glover, Bobby Stephens and Larry Cruise.

Amarillo's five first team selections included second-sacker Burt McLain, who lacked five votes of being a unanimous choice; Pitcher Ken Grenewald; Catcher Billy White, a repeater of the 1957 all-district team; Outfielder David Russell, a second team performer last year; and Third-baseman Bill Dean.

Palo Duro's versatile Paul Hyatt also repeated from last year's all-conference nine, landing at short-stop. He was the league's top hitter the past season with an even 500 mark. That followed on 'em (See LANGFORD, Page 11)

36 Football Games Are Slated Here

Frost won't be coming to the pumpkin for a considerable stretch yet. You may look for it in about mid-autumn.

Schedules for the four local grid outfits—the Pampa High Harvesters and Shockers, Pampa Junior High Reapers and a new comer to the scene, the Robert E. Lee Junior High Rebels—were released by head grid coach Babe Curfman Saturday.

Night Owl Newk Gets \$300 Fine

CHICAGO (UPI)—Los Angeles Vice President Buzzy Bavasi slapped a \$300 fine on burly right hander Don Newcombe Saturday for breaking the club's curfew.

Newcombe, who arrived at the ball park about an hour later, went through a furious workout. When he finished he was a picture of fatigue and perspiration.

Alston said he could not put his finger on Newcombe's trouble this year. He said "Don has started nine times and has not finished a game. He seems to go good for about three or four innings and then—boom! he gets in trouble and can't get anybody out."

As the schedules stand now, the Harvesters will play ten games, four at home and six on the road; the Shockers will play nine, five at home and four away; the Rebel eleven will play four at home and five on the road and the Reapers will play three at home and five away tilts.

However, a November 6 open date for the Reapers, is trying to be filled, with a strong possibility Canadian will plug the gap.

The overall picture has 16 games slated for Harvester Park and 20 matched dared on the road.

The four clubs 1958 grid schedules look like this:

Why Be A Slob? Work!!

This "Sports Fitness Tester," looks like a math beginner's slide-rule, except it deals in showing how many push-ups, pull-ups and sit-ups youths from age 8 to 17 should be able to do.

There are "should be" distances, etc., for both boy and girl alike on the "Fitness Tester" which Wheaties has put out in conjunction with the President's Council on Youth Fitness.

The 16-car tangle in the north-east turn of the first lap put a damper on Saturday night's victor banquet at which champion Jimmy Bryan was expected to be handed a purse of about \$110,000, plus accessory awards.

Meanwhile, Ed Ellisian, whose spin was blamed for the disastrous chain-reaction smash-up, was suspended by Duane Carter, director of competition for the United States Auto Club, "pending action of the USAC board of directors."

Pilot Of Car Which Ignited Crash Gets Axe '500 DRIVER SUSPENDED

Pat Clancy, Memphis, Tenn., had insisted that his driver, Al Keller, finished ahead of the 10th-place car of Bill Chesburg.

Both Moon and Cunningham hit the wall as the ball bounded off above them. They fell one on top of the other, and Cunningham got up to retrieve the ball which went for an inside the park home run.

Play was halted while Cards' trainer Bob Bauman assisted Moon from the field. He was taken to Jewish Hospital for X-rays.

that Keller drove to 11th place. Fenger disallowed one portion of Clancy's protest saying the front-row drivers should have been waived off the course.

Fenger also absolved Ellisian of any blame in connection with the fiery crash.

Drivers polled by United Press International agreed that no one pilot was to blame for the mishap, but they disagreed on whether it would be wiser to return to the old start, with all cars lined up on the home stretch for the pace lap rather than filing out of the pits single file before forming 11 rows of three abreast for the flying start.

JANER to TEXAS A&M
BRENNHAM, Tex. (UPI)—Calvin Janner, one of the state's prize schoolboy backs, signed a letter of intent with Texas A&M Saturday—just as he said several weeks ago he would. Janner was a 182-pound fullback at Brenham High and also played baseball. He joins teammate and Franklin Fisher at the College Station school.

Akins Shoots For Crown

By STAN MOCKLER
United Press International
ST. LOUIS (UPI) — A pair of fine little fighting men, Virgil Akins of St. Louis and Vince Martinez of Paterson, N.J., will meet for the welterweight championship of the world Friday night.

The winner of the scheduled 15-rounder will take over the 147-pound crown vacated by Carmen Basilio. The fighters will split the gate 30-30 and a \$30,000 television pot 50-50. They are guaranteed a minimum of \$30,000 each.

Akins and Martinez are the survivors of a six-man tournament launched last autumn by the World Championship Committee to choose a successor to Basilio.

Akins went into action before the eliminations started, knocking out Tony DeMarco in Boston last Oct. 29. He became the champion of Massachusetts after that 14th round kayo, but the championship committee of the National Boxing Assn. refused to accept the one-state judgment and Massachusetts withdrew from the NBA.

Delaney Is Winner In Two Events

VILLANOVA, Pa. (UPI) — Villanova with rapid Ron Delaney scoring a double in the half-mile and the mile for the second straight year, and high jumper Phil Reavis setting a meet record in the high jump, won five first places Saturday as it won its second ICAA track championship with a total of 33-5-4 points.

The Wildcats, successfully defending the title they won for the first time last year, scored in nine events to beat off an inspired challenge by Penn State which finished second with 27-3-3. Manhattan was third with 22, followed by Boston University, and Pitt with 14 each. Harvard and Penn each 13, and LaSalle, Michigan State and Cornell with 12 each.

Longhorns Nip Cougars, 3-2

AUSTIN (UPI) — The Texas Longhorns Friday night qualified to meet the University of Arizona in NCAA baseball District 6 playoffs with a 10-inning 3-2 victory over the Houston Cougars.

Texas' third baseman Max Alvis scored to tie the game at 2-2 in the last of the ninth and then drew a walk with the bases loaded in the 10th to clinch the win.

George Myers was credited with the victory and Ray Ford Hamill took the loss.

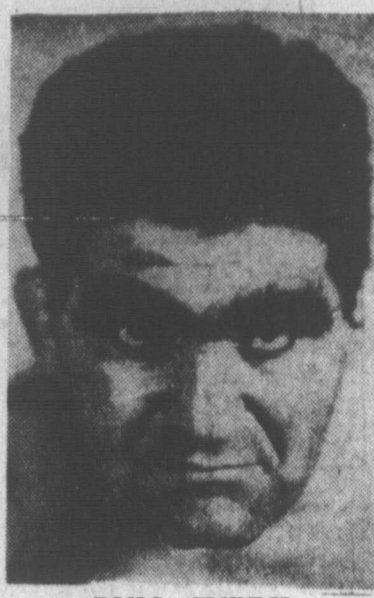

Score by innings:
Houston . . . 0 0 0 0 0-2 5 6
Texas . . . 0 0 1 0 0 1-3 4 2
Thompson, Hamill (10) and Wagner; Myers and Elam.

Spahn Notches 8th Victory

PITTSBURGH (UPI) — Milwaukee's "big three" hitters smashed home runs on three successive pitches in the first inning Saturday to ease the way for Warren Spahn's eighth victory with an 8-3 decision over the Pittsburgh Pirates.

Spahn, who scattered eight hits, became the first major league pitcher to win eight games this season.

With one away, Hank Aaron blasted his sixth, Ed Matthews his 12th and Wes Covington his seventh off loser Rom Kline. The homers all sailed into the right field stands.

BULL CURRY
... looks for repeat

Bull-Joe Go Again Here

Hopping-mad Tokyo Joe, still "all shook up" over last week's rugged bouncing around at the hands of Bull "Double Ugly" Curry, gets a chance to gain vengeance at the Top of Texas Sportsman Club Monday night in a second straight battle to the finish.

They'll be no-holds barred and a no-time limit or specified number of falls required to decide a winner. That is to say, the two heavyweights will slam it out till one drops from fatigue of "chickens" out of the ring.

Muscled Angelo Savoldi scraps with Don Evans in a best 2-of-3 falls semi-final match with a 45 minute time-limit.

Little Red Feather, who believes in "large charges coming in small packages," faces Irish Jackie in a best 2-of-3 45-minute opening match which gets under way promptly at 8:30 p.m.

Yank Rally Stops Bosox

By BOB SALMON
United Press International
BOSTON (UPI) — Veteran Enos (Country) Slaughter touched off a three-run New York rally in the ninth inning with a single and slammed a two-run homer in the tenth to give the Yankees a 5-4 victory over the Boston Red Sox Saturday.

It was the second home run of the season for Slaughter, the oldest player in the American League at 42, and his sixth hit in only 14 trips to the plate this season.

Fast-baller Ryne Duren struck out three while hurling the last two innings and picked up his second win against one defeat.

Boston right-hander Dave Sisler had to leave the game in the sixth inning after suffering a pulled muscle in his left leg. The be-spectacled Sisler had given up only the fourth inning single to Tony Kubek and had not allowed a Yankee as far as second base.

With Nixon, who took over, was charged with his sixth loss in seven decisions.

The Yanks snapped a four-game losing streak on the comeback win. New York starter Don Larsen allowed his first run of the season after 23 2-3 innings when Frank Malzone singled home Dick Gernert in the opening frame.

The Red Sox scored twice in the sixth on a fielder's choice and doubles by Sammy White and Jimmy Piersall. Kubek followed Slaughter's pinch single in the ninth with a double, Slaughter scored on Bill Skovron's ground-

out. Gil McDougald walked and Yogi Berra doubled to right field to tie the game.

Andy Carey led off the 10th with a two-bagger bore Slaughter's home run into the right field stands. Gernert slammed his seventh home as lead off batter in the Boston 10th.

Three Tied In Western Golf Meet

DETROIT (UPI) — Dow Finsterwald, Dave Ragan and Mike Souchak Saturday fired blazing under par golf to tie for the third-day lead in the \$25,000 Western Open Golf tournament at Red Run.

Tommy Jacobs, who led through the first two days, took a par 72 and dropped two strokes off the pace.

With Souchak and Ragan already in, Finsterwald came up to the final hole needing a birdie. He pitched to within a foot of the pin and then sank his putt for a 68 and a three-day total of 205.

Ragan's putting was the best feature of his 65 round—one off the course record. He had seven birdies, including a 30-footer on the 18th and he one-putted the final seven greens.

Souchak eagled the first hole, hitting the green in two shots and then the former Duke University football star sank a five-footer. The 31-year-old wound up with a 67 for his best round of the tourney.

Ken Venturi moved to within a stroke of the leaders with a 65. He went out in a course record 30 strokes but couldn't keep it up on the back nine and settled for a 35.

Masters champion Arnold Palmer blew up to a 211 after carding a 72 Saturday when his putting game was off.

Three were bunched behind Venturi at 207 — Bert Weaver, Doug Sanders, and Jacobs.

Dodgers Catch Fire, Clobber Cubs, 9-4

By GENE BLUDEAC
United Press International
CHICAGO (UPI) — The Los Angeles Dodgers exploded for 15 hits Saturday, including homers by Duke Snider, Don Zimmer and rookie Dick Gray, to beat the Chicago Cubs 9-4.

Snider hit his second home run of the season off starter Glen Hobbie in the third inning and then helped chase the Cubs' right-

Roberts Wins Over Redlegs

By JOHN CLANCY
United Press International
PHILADELPHIA (UPI) — The Philadelphia Phillies edged the Cincinnati Reds 5-4 Saturday as Robin Roberts sputtered to his fifth victory of the season.

Roberts, who has lost five, gave up 12 hits and was in trouble frequently in the final five innings.

He served back-to-back home runs to Jerry Lynch and Gus Bell in the fifth inning, the third of the year for each. They raised Roberts' home run total this year to 12.

The Phillies gave Roberts a 4 run pad in the first four innings. Stan Lopata doubled and scored on Harry Anderson's single in the second. Richie Ashburn singled, and Rip Repulski doubled him home in the third. Repulski then scored on Lopata's single.

A walk, a sacrifice fly and Ashburn's triple brought in the fourth run in the fourth. Chuck Estegian tripled in the seventh and scored on Repulski's sacrifice.

Cincinnati got one run in the sixth on Bob Thurman's single. Smokey Burgess' double, and George Crowe's single. They added another in the eighth on singles by Thurman and Burgess and two fly balls.

Joe Nuxhall lost his second game in three decisions when he was knocked out in the third.

Bucs Buy Catcher From Salt Lake

PITTSBURGH (UPI) — The Pittsburgh Pirates, seeking to bolster their catching corps, purchased Bill Hall from Salt Lake City of the Pacific Coast League Saturday.

Pittsburgh has been without the services of regular catcher Hank Foiles, who was injured last week chasing a foul ball.

The Pirates also optioned right-hand pitcher Benny Daniels to Columbus of the International League under a 24-hour recall basis.

News Uncorks Kist By 7-3

Pampa News broke open a tight Pony League game with three tallies in the last inning here Saturday afternoon to crush Kist Bottling Company, 7-3.

Duke Garren picked up the win with a five-hitter and Butch Crossland was tagged with the loss. He gave up five hits also. Crossland posted seven strikeouts and eight walks while Garren had six whiffs and passed only three batters.

Crossland tried his best to bring victory to the Kist club as he lashed out a homer and single to drive home a pair of runs while Woodward paced the Pampa News hit attack with 3 for 4.

The Newsmen played flawless ball at field, while Kist bootled the horseshoe four times.

Score by innings:
Pampa News 0 0 1 0 0 7 5 0

Bryan Pockets Big '500 Take Of \$105,564

By KURT FREUDENTHAL
United Press International
INDIANAPOLIS (UPI) — Speedway winner Jimmy Bryan Saturday night took home an all-time record \$105,564, his principal loot for coming home first in the 42nd annual 500-mile Memorial Day auto race.

The cigar-chewing Arizona cowboy received the lion's share of \$305,217 — also an all-time high — at the victory dinner.

The previous record was \$300,252 last year, of which winner Sam Hanks got \$103,844.

This year's total jackpot included \$198,667 from the Speedway, \$53,850 in accessory awards, \$30,000 in prize prizes and \$28,000 in entry fees.

Bryan's total included \$60,848 from the management and \$20,850 in lap prizes. He led 139 of the 200 laps.

His necessary prize total amounted to \$23,875.

Runnerup George Amick received a total of \$38,874. Third place winner Johnny Boyd got \$24,999. Tony Bettenhausen in fourth place, got a payoff of \$17,199 and Jim Rathmann received \$11,399 for coming in fifth.

Gibson Captures Surrey Net Title

SURBITON, England (UPI) — Althea Gibson, flashing the same kind of strokes that won for her at Wimbledon, captured the Surrey Lawn women's tennis title for the third time Saturday by crushing Miami Arnold of Redwood City, Calif., 6-1, 6-0.

Roger Becker of Britain won the men's title with a 4-6, 6-2, 6-2 victory over countryman Mike Davies.

The smooth-swinging Miss Gibson of New York required only 35 minutes to beat her outclassed opponent.

Jorgensen Faces Flores Tuesday

BEAUMONT, Tex. (UPI) — Paul Jorgensen, the world's No. 3 ranking featherweight, and undefeated Junior Flores meet here Tuesday night and fans are expected to nearly fill the 5,000-seat outdoor Fairgrounds Arena for the long-awaited bout.

Jorgensen, owning a 73-4-3 record, and Flores, who has won all 27 of his featherweight starts, both hail from nearby Port Arthur, but they have never met.

They are paired in the 10-round also with Jackie Hilar, Dallas, meeting Irish Johnny McKolin of Bastrop, La. in the eight-round semi-windup.

Cards Nudge Giants, 10-9

ST. LOUIS (UPI)—Ken Boyer smashed an inning-opening home run on the first pitch in the 12th inning to give the St. Louis Cardinals a 10-9 victory over the San Francisco Giants Saturday.

The homer, off Stu Miller, was Boyer's eighth of the year and it climaxed an uphill battle by the Cards to take a game in which they trailed by as much as seven runs.

Boyer's circuit clout was the fourth of the game as Ray Jablonski hit his fourth and Orlando Cepeda his 13th for the Giants and Hal Smith his first for the Cards. Smith's blow, like Cepeda's, accounted for three runs.

The Cards, who scored a single run in the first inning of the long battle, trailed 8-1 going into the fifth inning. The Giants came up with two in the second and two in the fourth off starter Lindy McDaniel, then belted Frank Barnes for four runs in the fourth inning.

But the Redbirds routed starter Ramon Monzon with a three-run burst in their fifth and knocked out Al Worthington with two more in the sixth.

Smith delivered his home run against Mike McCormick with two aboard in the seventh to give the Cards a 9-8 edge.

But Willie Mays singled home a run in the eighth to send it into extra innings.

Hyatt also made the second team, as a hurler.

He was named on the first team by team-mate Outfielder Ronnie Covington, a second team selection last spring.

Borger's hard-hitting outfielder, Bennie Hill, was the third player to repeat off last year's all-loop club.

On the second team Amarillo had Shortstop Ignacio Cruz, a second-teamer last season; Outfielders Doug Thornton and Willie Henderson and Pitcher Ronnie Sherrod.

Monterey placed Third-baseman Mike McElrath and Outfielder Fred Parson, Borger landed Second-sacker Rossie Simpson and Lubbock had First-baseman Darwin Hilliard named.

The selection board consisted of the head coach and a sports writer or radio announcer from each team. They weren't allowed to vote on their own players.

Members of the board included E. C. Leslie, Lubbock coach; Dale Grimes, Monterey coach; G. C. Irish Star Gets Kanaley Award

SOUTH BEND, Ind. (UPI) — John McCarthy, co-captain of the Notre Dame basketball team last season, Saturday was awarded the Byron V. Kanaley prize at the annual class day exercises.

The award is presented annually to the Notre Dame monogram athlete "adjudged to be the most exemplary as a student and as a leader of men."

McCarthy, Chicago, won three Irish monograms in basketball during his career at Notre Dame. He will be graduated Sunday with honors from the arts and letters college.

PAMPA PLAYER ON TITLE CLUB—The Southwestern State College Bulldogs, winners of their 8th successive Oklahoma collegiate conference championship this spring, begin making their bid for a national title in the 2nd annual NAIA Tournament at Alpine, Texas, Monday through Friday. Cecil Reynolds, second from right on the back row, is the player from Pampa. Reading from left-to-right on the back row are Walt Crouch, Ace Atkinson, Kenneth Felber, Ken Edwards, Reynolds, and Ronnie Hubbard. From left-to-right in the middle row are Coach Rankin Williams, Jim Ladwig, Don Blankenship, Dale Ray, Leonard Scaif, John Martin, Mickey Tims, Roger Pryor, and Tom Irey. Left-to-right on the front row are Captain Keith Wiginton, Phil Risinger, Dudley Savage, Jim Davis and Joe Buck.

Odds At 15-1 For Golfers

NEW YORK (UPI)—The odds were nearly 15-1 Saturday against every man in the record field of 2,118 golfers across the nation who'll attempt to qualify Monday for 144 berths in the U.S. Open championship at Tulsa, Okla., June 12-14.

Seventeen other players, including four-time champion Ben Hogan, defender Dick Mayer and the ever-hopeful Sam Snead, were exempt from Monday's sectional trials in 28 cities on their records in recent U.S. Open tournaments.

One other, Ted Makalena, qualified at Honolulu May 25.

Toughest field is at Detroit where 175 players will shoot for 29 places. Many of the pro golf tourists will try at Detroit, since that's the nearest point to the tournament stop for the Western Open this week.

In the list at Detroit are Gary Player of South Africa, Doug Ford, Arnold Palmer, Bill Caspar, Gene Littler, Dow Finsterwald, Art Wall, and Tommy Bolt.

The Braves pounded four Pirate pitchers for 18 hits with Kline going down to his fourth defeat against six victories. Forbes Field proved a home run haven for the world champions, who have hit seven round-trippers in three games.

The Pirates scored all their runs in the fourth inning on a walk to Bill Virdon, a single by Bob Skinner, Dick Groat's sacrifice fly and a two-run double by Roberto Clemente.

The Braves picked up single runs in the fourth and seventh innings and added two tallies in the sixth.

Morrow To UH

HOUSTON (UPI)—Sprinter Bobby Morrow of Abilene Christian College and Olympic hurdles champion Glenn Davis of Ohio State head a list of all-star athletes who will compete Saturday in the University of Houston's third annual "Meet of Champions."

Athletes from 22 of the nation's top colleges and universities, as well as a number of athletic clubs will compete for medals in 17 track and field events.

Included in the field along with Morrow and Davis are such stars as high jumper Don Stewart of Southern Methodist University, one of the top high jumpers in the nation, and Morrow's Abilene Christian teammate, sprinter Bill Woodhouse.

Morrow and Davis, however, are the two headline entries in the meet. Oliver Jackson, San Benito, Tex., the Olympic sprinter's coach, said Morrow will be ready to run his specialties—the 100 and 220-yard dashes—Saturday "for the first time this year."

Jackson said he gave Morrow a "good chance" of tying the world's 100-yard dash record in the meet here. The ACC star won three gold medals in dash events at the last Olympic games.

"We've stepped up his practice pace," Jackson said, "and he's looking better than at any time since before the nationals last year."

"For the first time this year," he said, "he's really ready to run."

Davis, holder of the world's record in the low hurdles race, will also compete in the 440-yard dash. He holds the best times of any of the other entries in those two events, and is given a good chance of tying or bettering existing records Saturday.

Teams entered include Abilene Christian and Ohio State, Houston, Oklahoma, Illinois, North Texas State, Kansas State, Southern Methodist, Florida State, South Carolina, Penn State, Arkansas, Texas Tech, McNeese College of Louisiana, Texas Christian, Georgia Tech, and Texas.

HOUSTON (UPI)—A second star off Dallas Woodrow Wilson's state tournament basketball team inked his letter of intent with Baylor Saturday as Rick Martin, a 6-2 outside shooter, signed with Coach Bill Henderson. Earle, 6-5 Guy Trigg off the Wildcats and signed with Baylor.

WHISKER SAVER — Beards and cigarettes just don't mix, as John P. Cantrell and his friends found out in painful fashion. The men are growing beards for the West Point, Mass., centennial celebration, and several handsome growths went up in flames. Cantrell decided to take no chances, so devised this ash guard.

Little Known Texas Industry Is Charcoal

LUFKIN, Tex. (UPI)— One little known industry in Texas is making charcoal and a Texas Forest Service expert thinks more people could go into it because of the interest in barbecuing.

But the expert, Montgomery R. Childs, doubts that anybody should try to make charcoal for a profit on a shoestring or part-time basis.

"The attractive combination of readily visible raw material, willing entrepreneurs and a visible market demand is restricted by some very practical economics," he says.

"Small-volume operators with a limited amount of capital; i.e., those persons entering the charcoaling picture on a part-time basis, are headed for trouble."

"Essentially, they are unable to obtain and hold the necessary markets."

The profit on charcoal, Childs has found, runs about a cent a pound for the man who makes it. Thus, a man has to produce 1,000 pounds a day to make \$10, and that is a pile of charcoal.

But there is plenty of material to make charcoal out of, especially in the Eastern half of the state. It can be made from forest thinnings, slabs, edgings, and trimmings. Even mesquite can be made into charcoal.

The basic principle in charcoal production is incomplete production. The air supply to the kiln in which charcoal is produced has to be restricted.

In the early days, it was produced in pit kilns, some of which are still in operation. But the most popular kilns used today are the Connecticut cinder-concrete kiln and the Black Rock Forest steel drum kiln.

The Connecticut Kiln can be built big enough to hold 75 cords of wood. The capacity of the Black Rock Forest kiln is usually one cord, and, being made of light sheet steel, it can be moved about in the woods.

WANTS "WATCHDOG" — A congressional watchdog subcommittee is needed to "ride herd" on the House Foreign Affairs Committee. So says its acting chairman, Thomas E. Morgan, above. Morgan says his committee will consider creation of the monitoring unit after the multibillion-dollar foreign aid bill clears Congress.

Peg O' Pampa

WE REMEMBER that this is the time of year...not too many years ago...that we used to hug ourselves with the knowledge that at last school was over and we had a whole string of carefree days ahead of us...on that last day as we walked away from school the whole world seemed acutely sweeter and brighter...a whole summer to go barefoot...to play dolls, dressing and undressing them with clothes which were kept in a priceless cigar-box and bathing them in a fruit-cake tin box...time to act in backyard plays, using the clothes-line and one of mother's old sheets for the stage curtain...admittance was never more than 10 pins per each spectacular performance...time to make scrapbooks of our favorite movie-idol...to make a tree-elevator by swinging a rope across a branch with a seat attached to one end of the rope and a very strong boy to the other end...time for a business venture with a lemonade stand and scooping up a few pennies from our thirsty playmates...and, of course, there was that long anticipated visit with our grandmother, who would spoil us with bread, butter, jelly and bread sandwiches in-between meals or after we had gone to bed...we got to wondering the other day if little girls still do play "Plack" (small girl-talk for "Let's Play Like")...and we were relieved to find that they still do...the other afternoon we saw Kenye Sue McGuire and Friend playing dolls on a quilt spread out on the front lawn...their dolls, doll's wardrobe trunk and bathinette were a bit more authentic and life-like than ours used to be...but the fun of "Plack" was there just the same...which reminds us, Kenye's sister, Karolyn Kay entertained a group of her friends the other morning with a "Come As You Are Party"...real early in the morning fourteen 13-year-old girls trooped into the McGuire home to wish Karolyn a happy birthday...yep, youth is a wonderful time and we agree with the experts, it isn't wasted on them...they enjoy it to the fullest!

ONE OF THE HIGHLIGHTS of the past week was the naming of Inez Carter as the Outstanding Woman Executive by the Altrusa Club...it was a shame that she was ill and couldn't have been there to enjoy the occasion...but Pebble Carter, her daughter-in-law, did a beautiful job of standing in for her...we imagine the ad-libs would have flown fast and furiously if Inez had been on hand to greet the prominent guests who appeared to pay honor to her...Margaret Payne, who did a wonderful job with an original script, would have had a rather difficult time keeping to that script if Inez had been there...the Lovett Memorial Library room was beautifully decorated with prairie wild flowers that Van Vanderburg and Marie Thornburg had risked life and limb to gather...and they were artistically arranged by that florist professional, Ann Kay...we know a perfectly good reason why Viola Jordan is asked to speak to clubs and to install officers...in addition to her talent and personality, she has one of the most pleasant speaking-voices we have ever heard...it has such a musical, southern quality to it...she did a bang-up job at the recent Council of Clubs officers' installation when Adrienne Foster, Hortense King, Flossie Anderson, Lena Pearl Hobbs, Mrs. Jeff Bearden, Mrs. Charles Jeffries assumed their next year's offices...and we thought Tharon Leonard, who is president of the VFW Auxiliary, added such a pretty note to the centerpiece with glitter-covered musical instruments to point up the orchestra installation theme used by Viola...we saw Gladys Harkins graduate a group of her youngsters from her Lollipop Pre-School the other evening in Sam Houston...we don't know the little fella's name, but as the group of real young youngsters gathered on the stage to receive their diplomas, one of them whispered, "Turn around and face the audience, Johnny!"

CHEMISE CHIT-CHAT...we hear that though men are still acting quite stuffy about the chemise, this style is soon to affect their own clothes...John Cobb, who is a men's sportswear designer and picked up three hand-carved eagles in the first annual Caswell Massey awards for best men's fashions, feels that the chemise won't get in all of its dirty work for a couple of years...but it is already responsible for lengthening men's sweaters and making them look quite sacky...and some of the new sports shirts have gone positively trapeze...so there, you men you...one of our favorite local fellas, though, has this quote to make, "I think that the chemise dresses make women look like what they have dieted not to look like"...

JUST A LITTLE BIT OF THIS AND THAT... Barbara and George Whitten welcomed a new baby this week...but they are going to have to find a new name...the pretty little girl's name they had already to go just won't fit their fine new second son...Avis Wilson is going fishing this week end...to Lake Legert...and promises to bring back the biggest fish ever...Randy Williams and his parents did some Memorial Day fishing, too...Helen Dunlap is visiting this week in Neal, Kansas...and Lillian Snow went away up East to New Rochelle, New York, to visit with her daughter...this time next week, Georgia Mack, Bessie Lewis, and Geneva Tidwell will be on their way to Austin to attend a PTA workshop sponsored by the state organization...for the whole week, arising at 5 a.m. in the morning and studying until the wee sma' hours of each night, they will be making like campus coeds at the University of Texas...Maynette Loftus, JoAnn Jones, Heidi Schneider, Bill Frazier, David Holt, and Jim Gardner...in addition to graduating from high school this week and doing a dozen other important things...were busy making preparations for the Graduation Breakfast held early Friday morning in the Episcopal Parish Hall...following the Graduation Dance given by the Kit Kat Klub in the Country Club...we met a charming newcomer the other afternoon, Dell Gunter, who has just recently moved here from Venezuela, South America...she and her husband, Jeff, will be brief residents, while he does some work for the Coltexo Plant in Lefors...Irene Smith is going in a dead-run these days...in between photograph appointments she is graduating a son from high school and making preparations for her daughter, Rochelle's wedding on June 28th...Clara Jeter is another mother we know who has been held-over-heels in tulle for the past few weeks sewing for her daughter, Barbara's wedding to Jerry Clark on the sixth...we hear that she created an exquisite Queen's Crown that Barbara will wear in her First Christian Church wedding...We've exhausted our little note-book full of news...and probably you, too, dear reader...so take it easy until next week.

Love n' Kisses
Peg.

Mrs. Hugh Dennis Barton

Wedding Vows Solemnized For Fitzgerald, Barton

Wedding vows were solemnized on May 25 at 2:30 p.m. for Miss Anna Lee Fitzgerald, daughter of Mr. and Mrs. C. C. Fitzgerald, 1108 Duncan, and Hugh Dennis Barton, son of Mr. and Mrs. J. C. Barton, Canadian.

Reverend Robert L. Oglesby performed the double-ring ceremony in the Booker Methodist Church amid a setting of greenery centered with a white cross made of white gladioli and Majestic Daisies flanked with two spiral candelabra and jade palms. For the wedding prayers, the couple knelt on a white satin prie-dieu. The bridal aisle was marked with white satin bows.

GIVEN BRIDE

Given in marriage by her father, the bride was gowned in white Chantilly lace in the Lover's Bow knot pattern fashioned with a jeweled Sabrina neckline and long, tapering sleeves which came to petal points over the hands. The full, tulle, lace-paneled skirt,

which fell into a sweeping train, was accented with sequins and pearls. Her finger-tip veil of French illusion was secured by a Queen's lace crown. She carried an arrangement of white roses and a stephanotis atop a Bridal Bible.

ATTENDANTS

Friends of the bride served as her attendants. Mrs. Virginia Davis, Higgins, was matron of honor. Bridesmaids were Misses Joyce Page, Ponca City, Okla., Barbara Ergin and Sarah McCuiston, both of Oklahoma City, Okla.; Jolene Frank, Perryton.

They were dressed identically in gowns of blue crystal Charm fashioned with Sabrina necklines, basque waists, bouffant puff sleeves and full skirts. They wore blue tulle picture hats and carried cascade bouquets of Majestic daisies. Best man for the bridegroom was Don Hendrickson, Ponca City. Seating the wedding guests were usher, Bill Fitzgerald, bride's brother,

Amarillo, Mex. Barton, Canadian; Jim Neiden, Booker, and Ray Peery. Bradley Schultz lighted the candles at the altar. Little Miss Lois Ann Schultz, dressed as the other feminine attendants, was flower girl. Ring bearer was Barton Blau.

Mrs. Lowell Bowdie, organist, played nuptial airs as the guests assembled and the traditional wedding marches. Miss Vernon Schult vocalized, sang, "Whether Thou Gost I Go," and "Because."

Mrs. Fitzgerald, mother of the bride, chose for her daughter's wedding a rose sheath of brocade faille with white accessories. Mrs. Barton, bridegroom's mother, wore a white Dacron dress with white accessories. They both wore camellia corsages.

Special wedding guests were Mrs. Joe Barton, Higgins, and Mrs. Haldee Merriam, Lipscomb, grandmothers of the bridegroom; and Mrs. E. E. Duncan, Oklahoma City, aunt of the bride.

RECEPTION

A reception for wedding guests was held in the Fellowship Hall of the Church following the exchange of vows. The focal point of the serving table was the four-tiered wedding cake, topped with white roses. Mrs. Duncan presided the punch service; Mrs. Alex Barton Jr. served cake. Bradley Schultz was guest registrar.

For a wedding trip to the Sacramento Mountains in New Mexico, the bride traveled in a navy silk shantung suit with white accessories and wore the white roses corsage from her bridal bouquet.

Mrs. Barton is a student at Oklahoma State University and plans to attend summer school there. Mr. Barton will be a senior geology student at OSU next fall and plans to work on the campus this summer. They will make their home at 1318 W. 4th, Stillwater, Okla.

A rehearsal dinner and several pre-nuptial courtesies were given prior to the wedding.

Mrs. J. E. Ward

Miss Marcia McConnell and J. E. Ward were united in marriage on May 10 at High Noon in El Reno, Okla. by Rev. T. H. Raper, pastor of the El Reno Wesley Methodist Church. Miss McConnell is the daughter of Mr. and Mrs. G. E. McConnell, 314 S. Gray. The bridegroom's parents are Mr. and Mrs. Ben Ward, 320 N. Banks. Mrs. Jack Baird, El Reno, bridegroom's aunt, Mr. and Mrs. Dan Green, Oklahoma City, aunt and uncle of the bridegroom, were the couple's attendants for the single-ring ceremony. (Photo, Koen Studio)

PLANS JULY NUPTIALS

Wanda L. Patterson

Mr. and Mrs. Y. E. Turnbo, west of the city, announce the engagement and approaching marriage of their daughter, Wanda to Robert R. Johnson, son of Mr. and Mrs. Oscar Johnson, 414 W. Browning. The wedding is planned for July 25. (Photo, Smith Studio)

Approaching Nuptials Of Miss Bailey Told

The betrothal of Miss Janette Bailey to Robert Allan Bell, son of Mr. and Mrs. Rex Bell of Norwalk has been announced by Mr. and Mrs. Clifford Bailey, 13382 Mary Lane, former Pampans, who are now living in Gardley Grove, Calif. The wedding date has been set for July 11. Miss Bailey is the granddaughter of Mr. and Mrs. Bill Bartz, 1115 S. Wells.

Miss Sammie Nell Fowler Exchanges Nuptial Vows With Olin B. Saulsbury

Miss Sammie Nell Fowler and Olin Baker Saulsbury were united in marriage on May 25 at eight o'clock by Rev. Clarence Fuqua, Lubbock, in the Seagraves First Methodist Church.

Double-ring vows were exchanged amid a setting of white gladioli and stock flanked by candelabra. Candles also lighted the church windows. The center aisle was marked with white satin bows. Miss Fowler is the daughter of Mr. and Mrs. Rayford Fowler, Seagraves. Mr. Saulsbury is the son of Mr. and Mrs. O. D. Saulsbury, former Pampans now living Wichita Falls.

The bride, given in marriage by her father, designed and made her own wedding gown of chiffon tulle. The scooped neckline, outlined with scalloped lace, and bodice was covered with imported French Chantilly lace. The lace terminated at a point below the waistline to form an apron-like peplum caught up in the back with a butterfly bow, accenting the chapel-length train. The lace was hand-beaded by Mrs. Wade Moore of West Point, Miss. Her fingertig

veil of French silk illusion was attached to a crown of seed pearls. She carried an arrangement of gardenias, carnations and stephanotis atop white prayer book tied with a shower of white satin streamers.

Feminine attendants for the bride were Miss Sarah-Lou Fowler, maid of honor; Miss Larry Cook, matron of honor; Misses Barbara Huntley, Julia Reed, and Peggy Malinak, bridesmaids. They were gowned in mint green cotton satins with Sabrina necklines. Matching chiffon cummerbunds crossed in the front to fall in a flowing back panel which extended to the hemlines of the skirts. White shoes and gloves complemented their dresses. They carried bouquets of long-stemmed American Beauty roses.

Don Saulsbury, father of the bridegroom, served as best man. Ushers were Don Fletcher, Larry Cook, R. B. Covington, Jim Frickard, Pampa; Jim Woolley, Pampa; Johnny Fowler and Don Grimes; Misses Marhelen Jones and Carole Clotman, dressed in white

males, lighted the altar candles. Miss Cathy Hamilton, Pampa, was flower girl; ring-bearer was Christie Hamilton, Pampa, cousins of the bridegroom.

Mrs. N. B. Fields, organist played the traditional wedding music and was accompanist for Lloyd Thompson as he sang, "Because," "I Love You Truly," and "The Lord's Prayer."

RECEPTION

The bride's parents were hosts to a reception given following the exchange of vows in the Seagraves Community Building. Green and white, the bride's chosen colors were used in the decorations. An organically applied cloth covered the serving table centered with a tiered cake topped with a bridal pair. Silver appointments completed the setting.

Members of the houseparty were Mrs. Pender Puney, L. M. Meador, Lois Bright, and E. E. Henson.

Reception assistants were Mrs. Ed Taylor, Susie Smith, Barbara McDougal, Nancy Carlock, Ella Covington, Joe Grimes, Claudia

Intermediate, Fly-Up Scout Campers Share Rich Experiences At Mel Davis

By MRS. JOHN HOLT JR.,
Intermediate Camp Director
The coming of Spring means a time to be explored and our Girl Scouts that the out-of-doors is ready to be making the most of it in many ways.

When we take our Girl Scouts out-of-doors, it is important that they have the opportunity to see they are not limited to the popular nature fresh and unspoiled; that should not be deprived of the chance to cut their own trails, build their own fires, and clear their own campsites.

The Top-o'-Texas Girl Scout Council wishes to stimulate enjoyment and appreciation of the out-of-doors through progressively adventurous experiences. To provide training in citizenship through the give-and-take of community living in which each girl has a part in the planning and carrying out of the camping program; to contribute to the physical, mental and spiritual well-being of each camper; and to help develop in her such qualities as resourcefulness, initiative, and self-reliance.

Day-camping is done on a site having staff and facilities provided by the Girl Scout council. Girls from different troops camp together during the daytime for a period of at least five consecutive days.

Intermediate Girl Scouts in the council area will camp June 16 through the 20. There has been a change in the number of six to five days. Fly-ups will spend Thursday night at camp; Intermediates will spend Wednesday and Thursday nights at camp.

Thursday night will be parent visitation and each girl in camp will be asked to wear a white blouse that night.

at the punch service. Mrs. E. R. Cloyd served cake.

Following a wedding trip to points in Kansas, the couple are at home on the Bob Campbell ranch at Mendota.

The Charles Wrights Hosts To Bridge Club

(Special to The News)
CANADIAN — Mr. and Mrs. Charles Wright were hosts to the Top Tally Bridge Club in the Rumpus Room of the Six-O Grill recently.

Those attending were guests Mr. and Mrs. Jim Waterfield and members Messrs. and Mrs. Bill Jackson, Roy Deaton, Lawrence Teague, Raymond Newell, and Bob Ward.

In the bridge games, Jim Waterfield tallied high score, Roy Deaton second high and Bill Jackson low.

Girl Scouts Board 'Fly-Up' Special

Brownie Troop 50 held its Fly-Up Ceremony on Thursday evening at seven o'clock in Girl Scout Little House, 716 E. Kingsmill.

Miss Patricia Ramsey and Suzy Benton were stewardesses for the Top-o'-Texas Airlines aboard the "Fly-Up Special."

Miss Ramsey registered guests as passengers aboard the plane. During the ceremony, Mrs. John Ramsey, co-leader, pinned fly-up wings on each scout as she emerged from the airplane. Scouts then formed a horse-shoe behind the table, which was covered with a green cloth and decorated with green and yellow candles. As each scout repeated a law, they lighted a candle.

Mrs. Ramsey and Mrs. Don Rupert, co-leader, presented each girl a pie and the promise was repeated as a group.

Scouts receiving wings and pins were Patricia Ramsey, Judy Bonner, Pamela Minnich, Mary Goodwin, Suzy Benton, Trudy Hegwer, Cynthia Osborn, Susan Rupert and Dianne Hudson; also, fly-ups, who were unable to attend, Cynthia Thomas and Cindy Hearn.

Special guests were Mrs. J. R. Bonner, H. C. Hudson, R. D. Schultz, James Goodwin and Jimmie, James Minnich and Larry, Aubrey Osborn, J. H. Benton, Nancy Rupert and Fual Ramsey.

Refreshments were served from a table centered with a mirror, which was encircled with white,

Miss Jeter Feted At Bride's Party

Miss Barbara Jo Jeter, bride-elect of Jerry Clark, whose wedding will be performed on June 6 in the First Christian Church, was honored with a pre-nuptial shower on Friday evening in the home of Miss Shirley Wilson, 2145 Chestnut, with Mrs. Earl H. Wallin Jr., A. V. Curry, and Charles Kamphaus as hostesses.

The honoree was presented with a white carnation corsage. The bride-elect's table was covered with a mint-green cloth centered with an epergne holding four mint-green tapers in an arrangement of Dogwood and Spirea. Bouquets of garden roses decorated the receiving rooms.

Individual cakes decorated with yellow roses centered with entwined hearts inscribed "Barbara and Jerry" were served with coffee by the hostesses.

Miss Wilson presided at the guest register.

Approximately thirty-seven guests attended or sent gifts during the calling hours of 7:30 to 9:30 p.m.

green and yellow kleenex carnations with a Brownie Doll standing in the center. Lime sherbet punch was served with cookies. Misses Goodwin and Hegwer presided at the refreshment table.

Impressive Rose-Covered Cross Rites Install Officers For Women's Society

Women's Society of Christian Service of the First Methodist Church closed its last monthly meeting of the current church year with a luncheon in the Fellowship Hall on Wednesday.

Following luncheon, Mrs. Bob McCoy conducted a business meeting, during which Life Membership pins were presented to Mrs. Don Nensiel, Eben Warner Jr. and John Sweet. Honorary Membership pins were presented to two outstanding young women in the church, Misses Linda Steele and Karla Cox. Mrs. McCoy was presented with a gift as a token of love and appreciation for the work she has done this year as president of WSCS.

In an inspiring ceremony, Mrs. Paul Bowers installed new WSCS officers. Each officer was given a small white cross with a tiny rose on it. As she accepted her office, she removed the red rose from her cross and placed it on the large white one. After each officer's part in the ceremony was completed, the cross was rose-covered.

Nature, Fun, Adventure Will Be Theme For Brownie Scout Day Camp In Lefors

The study of nature, fun and adventure in the out-of-doors will be stressed during the Brownie Scout Day Camp, June 23 through June 28, according to Mrs. N. G. Kadingo, camp director.

Crafts will include the making of terrariums, bug cages, and nametags from wooden spoons. Materials will be available for a study of the clouds and for making chalk drawings of clouds. The girls will cook one meal in the out-of-doors, planning their own menus. Other activities will include hiking, wading in the river, nature study and nature games. Girls are under adult supervision for all activities.

The Brownie Scouts will be divided into units of from 12 to 15 girls, with two or more adult leaders with each unit. So each girl may have a voice in the camp theme and camp activities, each unit will elect a delegate to represent it in the camp council.

A rest period will be held each morning, during which orange juice will be served. The girls will bring a sack lunch each day except the day of the cookout.

During the week, each unit will prepare entertainment for the parents for visitation night, which will be June 27. Parents may bring a picnic supper to eat with their daughter in her unit. Following the entertainment by each unit, an all-camp sing-song and campfire will be held.

The girls will leave by bus from the Little House, 720 E. Kingmill, each morning, except June 27, at 8:30 a.m., and will be back at the Little House by 3 p.m. June 27, visitation night, the girls will leave the Little House at 2:30 p.m., and return by 8:45 p.m.

Assisting Mrs. Kadingo with camp administration will be Mrs. J. W. Dugan, assistant to the director; Mrs. David Staggs, business manager; Mrs. James School, program chairman, Mrs. James

Council Of Club Officers Installed At Reception Honoring Club Presidents

Council of Clubs honored new council officers and presidents of participating clubs with a reception recently in the City Club Room.

Mrs. Rufe Jordan, installing officer, used an orchestra theme to illustrate the unity needed among officers and members. To symbolize her office of reporter, Mrs. Charles Jeffries Jr. was presented with a guided trumpet; Mrs. V. L. Hobb received a flute symbolic to her office of parliamentarian. The treasurer, Mrs. Jeff Bearden received a musical score to suggest her duties. Mrs. Grant Anderson, secretary, received a drum and with it the responsibility of keeping the council well-informed. The vice president's office to be served by Mrs. Dow King was presented with a guided piano as the symbol of her importance to the Council of Clubs. The baton for directing each of these instruments was given to Mrs. Jack P. Foster, president of the council, to keep harmony and unity.

To stress the importance of council-members, each were given a black musical note to illustrate their importance to the orchestra as a whole.

Mrs. Jess Clay, outgoing president of the council, headed the receiving line. Presidents honored by the reception were Mrs. Jack P. Foster, president of the Council of Clubs; V. L. Hobbs, Alturas; John Weber, AAUW; J. C. Coston, American Legion Auxiliary; Jim Brown, Beta Sigma Phi Sorority; Earl Eaton, Business and Professional Women's Club; Floyd Pennington, Civic Culture; Kenneth Walters, Delta Kappa Gamma; Elmer Fisher, El Progresso; Margaret Payne, Epsilon Sigma Alpha Sorority; Homer Bowers, Kappa Kappa Iota; Warren Fatheree, Parent Education Club; Lonnie Richardson, Treble Clef; Kirk

Duncan, Twentieth Century Club; N. Dudley Steele, Twentieth Century Culture Club; Dow King, Varietas; William Leonard, Veterans of Foreign Wars Auxiliary; Clifford Dunham, Opti-Mrs. Club; Miss Kay Waggoner, Sub Deb Club; Mrs. Barney Brummet, Credit Women's Club; Miss Sharon Summers, Las Cressas.

Mrs. Foster announced that Jay Flanagan will be calendar chairman and all clubs should verify meeting times with her as release any date that the club room will not be used.

Twentieth Century, Twentieth Century Culture, Varietas, VFW, and Treble Clef were hostesses to the approximately 100 guests who attended.

Missionary Topic For Church Group

Women's Missionary Society of the First Baptist Church met in the church parlor on Wednesday morning for a stewardship program.

Opening song was sung by the group, "Our Best."

Mrs. Bob Andis conducted the business meeting, after which Mrs. M. Gibson of Oklahoma City led in prayer.

Mrs. J. H. Tucker gave the devotional, "Stewardship of our Time."

Mrs. Bob Price and Mrs. Creel Grady presented a skit, "Test of the Tithe."

50 members attended.

HURT
Dear Hurt: He has no business hanging onto those proofs — and you have no business wearing an engagement ring that was given to you by another. Both of you ought to grow up and quit trying to make each other jealous. Bury the proofs — and the rings, and the hatchet.

UNDECIDED
Dear Undecided: There is a great possibility that your neighbor was mistaken about the amount of money she had in her wallet. It seems to me a person so dishonest as to steal from a neighbor's wallet would not have left \$6.00. Give her your regrets.

THIN BUT FAT
Dear Thin: This sudden change in your figure could be something that requires immediate medical attention. You should see your doctor without delay.

A Message from Your Neighborhood Pharmacy

THE PRACTICE OF PHARMACY IS A PROFESSION ALL NEW GRADUATES SHOULD SERIOUSLY CONSIDER.

There are many ways to earn a living, but few that are so interesting and helpful to the public welfare.

AFTER HIGH SCHOOL YOU MUST GO TO A COLLEGE OF PHARMACY FOR AT LEAST FOUR YEARS.

You will study Chemistry, Biology, Physiology, Physics, Mathematics, Anatomy, Latin, Public Health, Bacteriology, Clinical Microscopy and Pharmacology. You will learn all about the properties and dosages of herbs, chemicals and medicines. You will be taught how to compound prescriptions carefully, accurately and skillfully.

AFTER YOU GRADUATE YOU MUST TAKE A STATE EXAMINATION TO PROVE YOUR KNOWLEDGE.

Then you will become a Licensed Registered Pharmacist. If this preparatory training is necessary because, when you compound prescriptions and dispense medicines, people entrust their health and even their life to your professional care.

YOU WILL BE AN IMPORTANT MEMBER OF THE HEALTH TEAM.

Each night you will have the satisfying feeling of knowing that you are helping people live a healthier life.

WE LIKE PHARMACY AND WILL BE GLAD TO TELL YOU MORE ABOUT IT.

LITTLE LIZ

Why is it a man so often thinks that most people his own age are a lot older than he?

RUTH MILLETT
So many things go into making a house a home— Good books, good music, magazines and newspapers — all things that feed the mind and the spirit. Enough routine to give a form to living — and enough leeway to keep the routine from turning into a rut. Voices that are pleasant and, though sometimes raised in anger, never allowed to whine or nag. Laughter, to dull the edges of hurt and disappointment and frustration. A spirit of cooperation, that keeps the family a working unit with every member of the family a contributing member of the group. Little ceremonies that are repeated on special occasions. While having no meaning for anyone outside the family circle, they mean a great deal to every member of the family. Pride in the house itself and the yard, so that it shows loving care and attention. Mementos from the past and souvenirs of happy times that have been kept because they have a meaning. Companionship, not always the do-ings-together kind, but a sharing of experiences and thoughts and opinions. The feeling of belonging, being a member of a clan knowing that in time of need the family rallies around its own. Hospitality which opens a house to friends and keeps the family from becoming too self-engrossed and too self-sufficient. And love that weathers storms and offers tenderness and understanding — the love of husband and wife, of parents and children, of grandparents and their children and grandchildren.

Those present were guest Mrs. Speck Fry and members Mmes. Tom Hill, Jack Williams, Troy Newton, J. T. Burnett, John Wilkinson, Van Petree and Jim Hutcheson.

In the bridge games, high score for the evening was tallied by Mrs. Hutcheson, second high by Mrs. Wilkinson and Mrs. Newton won bingo.

Mrs. Wooten Feted At Lullaby Shower

(Special To The News)

LEFORS — Mmes. D. T. Pfeil, Delbert Priest, and Roy Jordan were hostesses for a baby shower in the Priest home honoring Mrs. R. J. Wooten recently.

The dining table was covered with a white crocheted cloth and centered with a white sheet cake featuring a baby picture framed in blue icing and fluting. The crystal punch bowl, holding pink punch, was presided over by Mrs. Jordan. Mrs. Pfeil presided at the cake service.

Favors were diaper-shaped nut-cups, fashioned from nursery paper and pinned with tiny gold

pins. White baby napkins, sterling and crystal completed the appointments.

A corsage made of pink and blue baby socks, shaped as rose buds with tiny flowers protruding out of each bud and arranged on white net, was presented to the honoree.

Guests were Mmes. Roy Timms, A. M. Dickerson, L. L. Gibson, Gerald McKay, Pampa, Garland Eggleston, Sam Smith, Joe Bronk-el, Kattie Wooten, Colene Murray, Jim Honnon; Misses Carol Brank-el, Georgia Wooten and Juanita Wooten.

Twenty-five guests were unable to attend, but sent gifts.

Walter Rogers Reports:

Star-Spangled Legislation Is Pending In Washington

Star Spangled Legislation
Recently I have received a considerable number of Letters, particularly from school children, having to do with our National Anthem. "The Star Spangled Banner." Confusion seems to exist in some quarters, and a few of the letters urged me to adopt the new "changed version" of the National Anthem, while others expressed their opinion that they wanted it to remain just as they have always known it.

Actually, four bills have been introduced in the House of Representatives having to do with the adoption of an "official version" of the Star Spangled Banner, none of which would change the words of the song and only one of which would slightly alter the music. All of these bills were introduced on the premise that there was no official version of the Anthem and, consequently, it was often played and sung with considerable variation. A search of the records reveals that Public Law 823 of the 71st Congress on March 3, 1931, designated the Star Spangled Banner as the National Anthem of the United States, but the law failed to specify the particular version of either the words or music which is to be official. Legislation was introduced in the 84th Congress and reintroduced in the current 85th Congress to establish a standard of both words and music for the National Anthem. I understand these bills were the first legislation in the national Congress to contain music, and each of them includes a full score of the song.

The composer of the music is unknown, and it allegedly came from an Old English folk tune. Francis Scott Key wrote the words during the battle of Fort Mifflin on September 14, 1814, the original

of which is preserved to this day by the Maryland Historical Society. However, nearly all printed sources of the poem are derived from a newspaper account which was set in type by a 14-year-old apprentice the day after the words were written. This newspaper account contained some major and minor changes from the original and has been the source for some of the confusion which has existed.

One of the bills would alter the music of the song in six measures by lowering it to a more singable register. The author of this bill states that most people find the song difficult to sing because of the high notes about "the rockets' red glare" and "land of the free." I must confess that any alteration of the music would not particularly effect my performance of it, since I usually have as much difficulty singing "Oh say can you see" as with "the rockets' red glare."

A Judiciary Subcommittee commenced hearings on the bills this week. These hearings were somewhat different from the usual congressional committee hearings, to say the least, in that there were musical performers present and tape recordings of the song were heard in version all the way from piano and voice to the full Army Band. One of the questioners wanted to know how a layman could tell an official anthem from a clandestine version, and "if he did know the difference and heard someone hit a sour note, should he remain standing or sit down?"

It is unknown at this time if any of the bills will be reported from committee or, if so, their fate thereafter in the House and Senate. It does seem to me that the numerous pressing issues which

confront the Congress today should not be sidetracked in favor of less important matters. In my opinion, however, if any of this legislation is adopted, it will not signal a change in the manner you and I have always heard, sung and performed our National Anthem.

"With the automatic timer and perfect heat control, I can always count on taking eighteen perfect cakes from my double ovens every time."

"I have baked over 4,000 pounds of cake in my electric range and not a single failure."

"Even after baking over 4000 pounds of cake, I still get a thrill when I take eighteen "just right" cakes from my **ELECTRIC** double oven!"

says Mrs. John Ward, 1907 W. 6th St. Plainview, Texas

"My double oven electric range turned my hobby into a business — thanks to the controlled heat in the ovens. The ovens are a big help in my baking business, but I use them for family meals, too. I can bake one dish at a low temperature while I'm baking bread at a higher temperature in the other oven. Incidentally, I used the first profits from my cakes to pay for my new electric range. Now they're put aside for a college educational fund for our children."

"For years I had the false impression that cooking electrically was a slower process, but my electric range proved to me just how wrong I was. One wonderful feature of cooking electrically is that it cooks clean. Pots and pans don't get that "burned-on" look and the range itself is so very easily cleaned. I like my electric range because it is fast, clean, thrifty and dependable. In fact, I like everything about it. The deep well has so many uses from baking potatoes to making pots of soup."

Have you had your free demonstration of the electric range of your choice? If not, see your Reddy Kilowatt dealer and get your certificate for two free bug lamps. Yellow-bug lamps, which fit ordinary sockets, eliminate most of the light that insects see, yet provide a soft, comfortable light for outdoor living.

Stocks End Week With Small Gains

By ELMER C. WALZER
UPI Financial Editor

NEW YORK (UPI)—Stocks closed the week just passed on small gains with the general average at a new high for the year and utilities at a 28-year top.

The week, cut short by the Memorial Day holiday, brought out a volume of 9,297,760 shares. That was a daily average of 2,324,440 shares, against 2,507,386 shares daily in the previous week.

The sales brought the volume for the month of May to 84,178,523 shares, most for the month since 1933 when it was nearly double. It was the best month of 1958.

Sales so far in 1958 amount to 241,227,988 shares, a rise of 18,972,098 shares or about 9 per cent compared with a year ago.

For the week, the industrial average closed at 462.70, up 1.87 points from the close the week before and within about a point of the 1958 high; rails 116.00 up 0.85, and within 0.05 of the year's top; utilities 78.19 up 0.97 and a new top since Oct. 4, 1950; and 65 stocks 160.55 up 0.61 and a new high for the year.

Under Last Year
For the month of May the industrials were up 6.84 points; rails up 4.13; utilities up 0.82 and 65 stocks up 2.90.

For the year the market showed gains all around—industrials up 27.01 points or 6 per cent; rails 19.94 points or 19.6 per cent; utilities 9.61 points or 14 per cent and 65 stocks 14.84 points or 10 per cent.

But the list was under the levels of a year ago except for the utilities which were up 4.16 points from May 31, 1957 or 6 per cent. Industrials were down 42.23 points or 8 per cent from a year ago; rails down 29.55 or 20 per cent and 65 stocks down 10.08 points or 9 per cent.

Utilities, considered defensive issues, have outstripped the other major groups throughout the year. The industrials and rails divided gaining and losing days out of the 105 sessions about evenly. With

highs and 18 new lows for the year.

Leaders Show Shift
Leadership jumped several degrees with the top issues in volume in the following order: U.S. Steel up 1 1/2 points on the week; Bethlehem Steel up 1/2; and General Motors up 1/2. The low priced motors—American Motors and Studebaker-Packard landed in fourth and eighth places respectively at minor declines. Royal Dutch was in fifth place with a small gain and Standard Oil (N.J.) sixth with a small loss.

Du Pont gained nearly 4 points on the week, Kerr County Land and Wilcox Oil, up nearly 4 each featured the oils. Zenith rose more than 3 in the televisions. Republic Aviation ran up 3 1/2 in the aircrafts after it introduced its new fighter bomber and began rehiring laid off workers.

There were several other strong spots throughout the list—Ford in the motors; American Home Products in the drugs; and Minnesota Mining and Chicago Yellow Cab in the specialties.

Copper shares gained for a time on firmer prices for copper metal.

URNS IN HIS LICENSE—Eber B. Kessler, of Garden City, N.Y., still likes to tinker with his auto even though he no longer has a license to drive. With an almost perfect driving record for 41 years, Kessler wrote to the New York Commissioner of Motor Vehicles, "Now that I have reached 85 years of age, I believe I should maintain this safe record by surrendering my operator's license."

These Times Try The Mettle Of Businessmen

By ROBERT G. SHORTAL
United Press International

NEW YORK (UPI)—These are times that try the mettle of businessmen.

Not only do they have a recession, declining profits and inventories to worry about at home, but now they are faced with political unrest in some lucrative market areas abroad.

American industry has a multi-billion stake in Western Europe, the Middle East, South America and Asia—areas in which political tensions and anti-American feelings are growing.

The situation in France is a case in point. A neutral or anti-Western government in France, experts say, could endanger the future of NATO, the European common market, the Euratom plan and other agreements designed to enhance the security and prosperity of Western Europe.

Businessmen Are Mute
Businessmen are mute on the subject but they are carefully watching developments in areas where they have investments or where they have substantial markets.

At home, President Eisenhower and leading economists generally agreed that the recession is at or near its bottom, but all caution against any expectation of a rapid recovery.

Standard & Poor's notes in its

weekly review that "since there is no apparent basis for general business revival any time soon... the saucer-out phase probably will be of some duration."

—A small rise in retail sales
—A recovery in steel production, which this week is expected to hit a 4 1/2-month high.
—A slight improvement in auto sales.
—An increase in housing starts.
—A high level of consumer and other construction expenditures.

—A high level of consumer spending, except for autos and other durable goods.
—However, the bank warns that a leveling off does not mean a recovery is in sight in the months immediately ahead. "We still face significant downward adjustments in business capital expenditures."

—Increases in personal income and farm income.

BRIDE CRIES

NEW YORK (UPI)—Patrick Byrne, 18, today looked forward to his marriage to Rosanne Demot, 17, under a slight grey cloud. Byrne, along with two friends, celebrated his bachelor party a bit too ostentatiously, resulting in jaw fractures and assorted bruises to Pvt. Edward Swick, 23. Byrne was released under bail when his bride cried before Magistrate Anthony Maglio. He will appear to answer charges once the honeymoon is over.

WASHINGTON—Mrs. Reginald Godfrey of Providence, R. I., a gold star mother on looking at the casket of the Unknown Soldier of World War II:

"I don't know who he is or where he came from. I just have the feeling that he could be mine."

HONORED—For the first time a woman, Mrs. Louise Lake, a polio victim, has been awarded the President's Trophy as "The Handicapped American of the Year." Mrs. Lake, a physical therapist at the Latter Day Saints Hospital, Salt Lake City, Utah, will accept the coveted honor from President Eisenhower in Washington on May 8. The award is made annually to the handicapped person who has made the greatest contribution to the rehabilitation of physically impaired persons.

THE SMARTEST ANIMAL is said to be the Chimpanzee. They learn to ride bikes—not with a spoon-wear clothes, etc. Some Chimps are trained to count up to six by handing over six bananas.

Pampan Gets Post In S. America

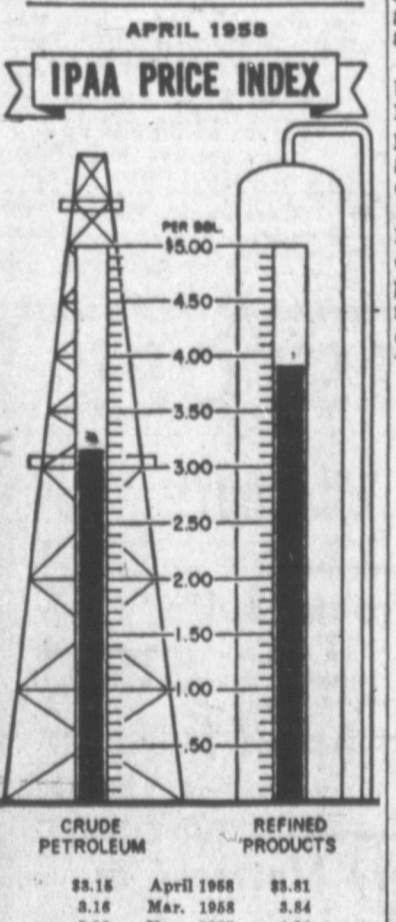

James P. Kendrick, formerly sales engineer for Mine Safety Appliances Company, Pittsburgh, in Lima, Peru, has been transferred to a similar position with the firm's subsidiary in Mexico City, Mex.

He has succeeded in the South American area of Peru, Chile and Bolivia by William C. Hutchinson, Jr.

Mine Safety Appliances Co. of Mexico, S. A. de C. V., was formed in 1957 to serve Mexico's extensive mining operations and rapidly-expanding industry. Headquarters are at Calle Azahares 47, (Colonia Santa Maria Insurgentes), Mexico City.

Kendrick joined MSA in 1954 after being associated with U. S. Gypsum Company. A native of Duncan, Okla., he received his B.A. degree from Southern Methodist University and is a member of the SMU Omega-Lettermen's Club and Alpha Tau Omega fraternity. His home is at 3521 St. John's Drive, Dallas, Tex.

Hutchinson began his career with the Pittsburgh firm in 1957. A native of Pampa, Tex., he received his B.S. and M.A. degrees from West Texas State College. He also attended Colorado State College of Education, Instituto Tecnológico de Monterrey and the American Institute of Foreign Trade. He is a member of several fraternal and business organizations, including the U. S. Junior Chamber of Commerce. Hutchinson's home is at 912 Jordan Street, Pampa.

Crude petroleum is weighted average well prices for 8 principal areas and closely approximates the average price of all crudes in the U. S.

Refined products is weighted average refinery price of gasoline, kerosene, light and heavy fuel oils for 9 principal areas calculated from low quotations as reported weekly by the National Petroleum News.

Note: This information reflects the trend in oil prices but not the actual sales realization for producers or refiners.

HALLIBURTON GUESTS

Several Pampa oilmen were recent guests at the headquarters facilities of Halliburton Oil Well Cementing Co. in Duncan, Okla. In the photo above, H. P. Richardson, right, explains experimental pumping tests being run in a mechanical research and development section at the Technical Center to five of the oilmen. They are, left to right, Everett Leland, production foreman for Cities Service Oil; W. Byron Hash, drilling supervisor for Gulf Oil; Ben D. Fallon, petroleum engineer for Pan American; Fletcher F. Kennedy, field superintendent for Pan American; and Richardson, all of Pampa.

Texas Retail Sales Rise During April

AUSTIN (UPI)—Retail sales in Texas during April rose 2 per cent from March but were off an equal amount from the same month last year, the University of Texas Bureau of Business Research reported Saturday.

The entire gain was attributed to an increase in sales of non-durable goods. Durable goods sales were unchanged from March.

In addition, the bureau noted that "when the increase in prices of consumer non-durables since 1957 is taken into account, it seems likely that the physical volume of goods sold in April was farther below April, 1957 than the sales data show."

The report pointed out crude oil production in April was 30 per cent below April, 1957, but said "there is good reason to expect that conditions will begin to improve in the second half of the year, perhaps as early as July."

An upturn is expected, the report added, because of sharply curtailed production in recent months which has reduced inventory.

Jacoby ON BRIDGE

By OSWALD JACOBY
Written for NEA Service

When the top players of the country get together for rubber bridge almost anything can and does happen. Every one is so anxious to fix his opponents that many bids are made that have no place in a proper bridge game. Sometimes they work and sometimes they don't.

Today's hand shows one that didn't.

North started the ball rolling with his irregular no-trump response. He didn't want his non-vulnerable opponents to get together on spades if they had that suit.

East stuck in a cream puff double and South promptly redoubled. West bid a conservative two spades, whereupon North and

Phillips Employees Get Safety Award

Employees of Phillips Petroleum Company's natural gasoline department were the first to receive a new safety award which has been inaugurated by the Natural Gasoline Association of America. The award is for companies whose employees work more than 500,000 man-hours, which comprises the group having the larger plants in the industry.

The NGAA inaugurated the new safety award to give recognition to member companies engaged in the manufacture of natural gasoline or natural gas liquids. It will be presented annually on the basis of the member companies' safety records and experience.
